

The SLEW Cheerleaders will leave for Cheerleading camp this coming week from July 10 thru 14th at McMurry in Abilene. Cheerleaders going are Cheryl Clayton, Sharron Jones, Steffi Parish, Kim Haydon, Loretta James and head cheerleader, Elaine Bills. These are the ladies who will be leading the spirit

around SLEW Country in 1978-79. They have a tremendous responsibility and they will need all the help we can give them as they leave for Abilene with great expectation about the approaching seasons in SLEW CREW Athletics. Football starts in August. Get set fans, the SLEW CREW is on the move.

## Enchilada Dinner

Susie Duran and her sponsors are still selling to make more money for the new building. Her sponsors will be selling Enchilada Plates, Saturday, July 1 from 11 a.m. to 1 p.m. in the hall of the church. The plate will consist of 2 enchiladas, rice, beans, salad, tostadas and a Jalapeno pepper. The plates will cost \$2.00. We need everybody's cooperation.

## Storm Damages Telephone Lines

Approximately 9 p.m., June 26, lightning in the Springlake area caused a power surge which damaged equipment, serving Earth, Springlake and Olt. O.D. Hearn, division manager, General Telephone stated, "Maintenance personnel were dispatched from Littlefield and all circuits were restored by 3 a.m. Springlake and Olt. The community of Earth had circuits restored at the same time with 12 more restored by mid-morning."

## Letter To The Editor

Dear Editor:  
The Associated Press story datelined Saturday, June 17, 1978, from Abilene, Texas, stating that boxes near Abilene Christian University voted 85 percent FOR unrestricted liquor sales in Abilene was completely in error. Our boxes were 85 percent AGAINST unrestricted sales and not 85 percent for, as AP reported. Inasmuch as the position of Abilene Christian's friends and supporters has always been against liquor sales, I would appreciate your personal attention to running this information in your church bulletin or as a letter to the Editor of your local newspaper.

## Shaklee Center Open

The Shaklee Center is now open for business. Located at 607 E. Highway 70, it is operated by Bettie Sulser, Lillian Holland and Sharon Jones. Business hours are from 11:00 until 5:00 Tuesday through Friday and by appointment. Just call 257-2062, 257-2129 or 257-3802.

## Notice

No one will be allowed to shoot fireworks except authorized persons during the July 4th celebration in the City Park.

In earlier times, pills were gilded to make them more palatable.

A good tip when organizing a beach volleyball game is not to place all your tall men in one row, as players rotate after the serve. Since you have three chances to get the ball over, always try and pass the ball to a net man so he can spike it over the net for a point.

## Chamber Sponsors Hire-A-Teen

Need a lawn mowed, a wall washed, leaves raked or snow shoveled? A new Hire-a-teen program announced by the Earth Chamber of Commerce is solving these problems for area residents. Here's how the program works. The Chamber office serves as a clearing house between teens who want to work for pay and those who have jobs they want to pay to have done. The Chamber accepts applications from kids 13-19 who want to work to earn money. From these applications the pool of labor is formed. The Chamber also accepts requests from people who have a job that needs to be done. Each day the requests are matched to the pool of available teens. The applicant is contacted by the Chamber and given the employer's name and phone number and the prospective employee contacts the employer, and from that point on it's up to the two of them to work it all out.

## RELAXATION ODDSITIES-HEJFF'L TIPS

A game that's gaining to shoot up in popularity is volleyball. A particularly American game it was invented by a Massachusetts YWCA instructor in 1895. It got its name because his players "volleyed" the ball over the net.

Popular in thousands of schools and colleges in the United States, we now see it played more and more on beaches between swims.

### Mr. Food & Fiber

"Mr. Food & Fiber," has come to the Agricultural Hall of Fame and National Center in Bonner Springs, Kansas for the summer from the Food & Fiber National Institute of Achievement in Lubbock.

The traveling exhibit features a "talking" mannikin giving Ag Hall visitors a brief overview of the impact of food and fiber technology on the American way of life. Some 40,000 persons are expected to see the exhibit by September 1, 1978.

"Mr. Food & Fiber" is one way in which the Lubbock-based Institute carries out its charge to communicate the impact of changes in food and fiber technology on the American way of life. Other Food & Fiber activities include a static exhibit at the Texas Tech University Museum and production of audio-visual educational programs for use in schools and television. The Institute began operations in 1976 as part of Lubbock's Bicentennial celebration.

MRS. WILTON McDONALD II

### Morgan-McDonald Exchange Vows

For Julianne Morgan and Wilton Edwin McDonald II wedding vows were solemnized Saturday evening, June 17 in Amarillo at 1520 Bonham, the home of Mr. and Mrs. Ewing Cates, grandparents of the bride.

The home was resplendent with floral arrangements in the brides chosen colors of pink, yellow and white daisies. The staircase, down which the bride made her descent to the altar, was festooned with garlands of greenery and white roses. The ceremony was held in the formal living room where spiraling candelabras framed the bridal couple.

Officiating the double ring ceremony was the Rev. Martin Thomas of Covenant Presbyterian Church, Amarillo.

Parents of the couple are Mr. and Mrs. Mel Schroeffer of Amarillo and Mr. and Mrs. Wilton E. McDonald of Littlefield, formerly of Earth.

The piano music presented by Mrs. Don McCarty was a medley of traditional, modern and old-fashioned songs of love.

The bride was given in marriage by her grandfather, Mr. Ewing Cates. She wore a formal length gown of quiana, fashioned with a scoop neckline edged with seed pearls, the bodice was over-laid with alecorn lace, the long sleeves were cuffed with the overlay of lace and edged with seed pearls. The bottom of the gown formed the train. Her chapel length veil was attached to a lace head piece and trimmed with pearls. The bridal bouquet of daisies and mums featured streamers of pearls. The string of pearls worn by the bride was inherited from her great aunt.

Mrs. Richard Fike of Fort Worth, sister of the bride, was matron of honor. Mr. David G. Riggs of Amarillo was best man. Mr. Randy Morgan of Amarillo, brother of the bride, was groomsman. Miss Tracy Storseth of Amarillo

### Andrew Davis Rites Held

Services for Andrew Jackson Davis, 98, of Springlake were held at 2:00 p.m. Saturday in the First Baptist Church, Springlake with Bro. Bill Roden of Moore, Oklahoma, officiating. He was assisted by Bro. Glenn Smith of Springlake. Burial was in the Springlake Cemetery under the direction of Parsons Funeral Home in Olton.

Mr. Davis died at 3:30 a.m. in South Plains Hospital, Amherst, after a short illness.

He was married to Elida Cooper on December 25, 1912 at Kemp, Oklahoma. She preceded him in death June 1, 1945. He was affiliated with the Church of Christ.

Survivors include 2 sons, Ashley of Muleshoe and Tut Davis of Antlers, Oklahoma; six grandchildren, Wayne Davis, whom he raised from age 4; sixteen great-grandchildren; one great-grandchild; one brother, Ross and one sister, Effie Bowen, both of Holdenville, Oklahoma. Pallbearers were Del, Kenneth, Claude and Danny Davis, Andy and Alan Reich, Kenneth Hicks and Virgil Reich.

Honorary pallbearers were B.V. Padon, V.T. Tanner, Jim Winder, Floyd Crawford, Ernest Goforth, Ernest Green, Rex Sherry and Harlon Watson.

Mr. Davis resided in Antlers, Oklahoma and Springlake.

Old Mexico, the couple will be at home in Amarillo.

The bride is a graduate of Tascosa High School, Amarillo and is now attending AC where she is studying to be a court reporter.

The groom is a graduate of Springlake-Earth High School. He attended West Texas State University and is presently employed by Santa Fe R.R.

Out of town guests included Mr. and Mrs. Richard Fike, Fort Worth, Mrs. Fred Palmer II, Tulsa, Oklahoma and Mr. and Mrs. F.L. Finkbine, Baltimore, Md., Mrs. Jeanette McDonald and family, Kevin, Denise and Karlene from Milwaukee, Wisc., Mr. John Dolan and Miss Mary Schramphire, also of Milwaukee, Mrs. E.T. Jennings, Mrs. John Tannahill and Miss Lori Ann Tannahill of Friona.

### THEN and NOW

THEN: Early Americans rarely imported their furniture. Ships were small, and furniture bulky; space had to be used for goods that Americans could not produce at home. In the new land, those who could afford it employed local craftsmen to make their furniture, and since most settlers were English, they wanted English designs. Each American cabinetmaker, relying on tools and models at hand, produced furniture with individuality. As a result, we can trace most American antiques to the section of the country in which they were made.

THE RICH GLOW of this modern version of the block-front chest

rivals that of the original.

NOW: Simplicity is the keynote of most American copies of antique furniture made from British designs, and this may account for its lasting appeal. Examples of an original block-front chest survive, but could cost as much as \$20,000. Less expensive adaptations are available today, such as the beautiful version in cherry shown here from American Drew. It costs about \$340. In fact, American Drew believes there is a growing demand for traditional furniture, and has produced some 30 pieces of 18th and 19th century American furniture for its "Heirloom Collection."

### State Highway & Public Transportation

The State Highway and Public Transportation Commission has approved a \$70.5 million program to improve safety and to protect the public's investment in 3,766 miles of state-maintained highway facilities.

The program is the 1979 State Highway Safety and Betterment and Farm to Market Road Improvement Program. It includes work in every part of the state.

In all, 566 projects are proposed in 193 of Texas' 254 counties. Work on the program is divided about equally between State and U.S. numbered highways and Farm to Market Roads.

The program includes such work as resurfacing, widening, base repair and strengthening and spot safety improvements.

### Building

#### Swine Plant

It might be "putting the cart before the hog," but building a swine plant could significantly increase swine production in the West Texas area according to John H. Westerhoff, president, Farmland Food, Inc., Kansas City.

Westerhoff is scheduled to address Texas Tech University's 26th annual Swine Short Course, June 29, (today) at the Farmer's Co-op Complex, 3800 Southeast Drive, Lubbock. Further information on the course can be obtained from Drs. Leland F. Tribble and Donald E. Orr Jr. at the Animal Science Department at Texas Tech.

Successful swine production involves feed grain availability, good management throughout the feeding period and an easy outlet for market-ready animals, according to Westerhoff.

Many farmers won't increase swine production, though, without that readily available market. Westerhoff said, which has been the problem in the West Texas area.

Although a plant was recently closed in Plainview, Tribble explained that it had a more specialized interest in selecting hogs. The plant was set up to manufacture pork sausage, for which it needed older sows.

A complete slaughtering facility would use more young pigs, although all types would be acceptable for slaughtering. This more

complete facility could help provide a more profitable outlet for area swine producers.

Just building a slaughtering facility will not insure it will be successful, though, Westerhoff said. It must be built with sound reasons backing it up, such as providing a marketing outlet for ongoing swine production in the area.

It could also serve to fill food marketing needs in the area.

The swine plant could also create a use for excess food grain produced in the area by allowing it to be converted into livestock, and then providing an outlet for the increased numbers, Westerhoff said.

Before building the plant, he said, there must also be adequate financing to construct the facility

and to provide working capital.

Swine plant operators also need to ensure the cooperation of area producers. "You must be assured of an adequate supply of hogs," Westerhoff said. "Your overhead expenses continue whether you are killing and processing or not."

The swine plant location must also provide sufficient labor, water, power, transportation and community goodwill, he said. With a new plant and sound management behind it, the swine industry in West Texas could significantly increase production, Westerhoff said.

Fluid milk and cream are the most consumed foods in the U.S.—291.2 pounds per capita

## From Your Agent John Farris

**MARCH NEWS REPORT**—Controlling Southwestern corn borers will pay big dividends according to Daniels, Texas Agricultural Experiment Station entomologist. After four years of research at the USDA Center at Bushland, the scientist figures the control involves both cultural and chemical control. He shows that plowing corn stubble a month before planting kills most of the larvae and pauses in the planting corn with other crops or growing corn on land cuts down on borer damage. Adequate control also greatly reduces borer injury. The best treatment that Texas farmers can use in 1978 is the application of either granular or liquid insecticide. Treatment should be made about two to three weeks before planting in late July.

Southwestern corn borers take a big bite out of corn. Over a three year period Daniels found that corn with lodged corn yielded 24 bushels per acre less than corn that was not infested. Corn that was infested and not lodged yielded 18 bushels per acre less than corn that was not infested with borers. These were 27 and 21 percent decreases in yield. "My research shows that a borer control program will pay big dividends," Daniels said.

Daniels has been determining the effect of crop rotation on borer development for several years. In 1977 he counted borer larvae, pupae, and adults in a corn field from March through July 15. The field was plowed on May 12 and the corn was not plowed. On both fields larvae started to pupate after May 12 and a few adults emerged on May 27. By May 31, 70 percent of the pupae had emerged into adults on the unplowed area. On tilled land only 30 percent of the pupae lived and changed to adults.

Daniels also observed borer infestations on two fields side by side. One field was fallow in 1976 and the other had produced corn. In both fields 80 percent of the plants were infested with southwestern corn borer. Forty-three percent of the stalks were girdled on the fallow field, while 49 percent were girdled where corn had been grown the year before. Difference in lodging between fields was greater. On fallow land only five percent of the plants lodged compared to 17 percent where corn had been grown the year before.

dushels per acre. Single applications on August 16 did not have much effect on borers or corn yield.

Spray applications of Furadan, Lorsban and Azodrin made at the same two dates gave control equal to granular applications. Two applications of Azodrin gave the best control and reduced borer infestation from 83 to 13 percent. Daniels points out that farmers will have three good insecticides for southwestern corn borer control as soon as the Environmental Protection Agency issues labels for Azodrin and Lorsban. For 1978, two applications of either liquid or granular formulations of Furadan are the most effective insecticidal treatments labeled in Texas. Outside of Texas only the granular formulation of Furadan is labeled. The first application should be made at silking in late July and another two to three weeks later.

In another study, Daniels found that the number of egg masses on corn plants is a poor method of timing insecticide application. On untreated areas in his insecticidal spray studies, the percent of plants infested with eggs varied from 6 to 22 during the period from July 22 to August 25. At the same time percentage of corn stalks with holes from borers increased from 14 to 52. Two sprays of Azodrin controlled borers enough so

# Independence Day

"... that all men are created equal... that they are endowed... with certain rights."

Life, liberty and the pursuit of happiness — that's what July Fourth is all about. The fireworks... the parades... the speeches... and the prayers. They're all to remind us that our nation is based upon individual freedoms, thankfully cultivated, cherished... and very carefully guarded. It's time once again to pledge ourselves to protect our God-given rights with our lives, our fortunes, and our sacred honor.

## Springlake-Olton News

By: Mrs. Tom Stansell

Vevo Busby has been a patient in Lubbock Methodist Hospital since Friday night.

Mrs. Ernest Baker was admitted Monday of last week to University Hospital in Lubbock where she remained at last report.

Mrs. Myrtle Clayton has been visiting frequently with her daughter, Mrs. Donald Kelley of Earth who is recuperating from surgery.

Mrs. Harlon Watson and Mrs. James Smith visited Thursday with Mr. and Mrs. Barney Scheller of Muleshoe.

Brenda Skinner of Dumas came Friday to stay two or three weeks with her grandparents, Mr. and Mrs. B.L. Skinner.

Mr. and Mrs. Bud Andrew of Olton had a Saturday evening dinner guests his daughter and family, Mr. and Mrs. Keith Boone, Mark, Melanie and Michelle.

Brandon, 2 1/2 year old son of Mr. and Mrs. Bill Chaney of Olton swallowed some pills Saturday at the home of his grandparents, Mr. and Mrs. W.B. Hucks. Brandon was rushed to Central Plains Hospital at Plainview where he was listed in critical condition for a period of 12 hours. It was believed he would be dismissed from the hospital Monday.

Mrs. Mae Boone was in Hereford with her brother-in-law and sister, Mr. and Mrs. Bill Struve from Sunday until Thursday.

Mr. and Mrs. Hollis Cain, Cathy, Connie and Suzanne had as house guests from Wednesday until Saturday Cain's cousin and her family, Mr. and Mrs. Jon Vice, Todd

and Lori of Birmingham, Ala. The local family and their guests attended the production of "Texas" Thursday evening in the theatre at Palo Duro Canyon.

Matt Clayton, five year old son of Mr. and Mrs. Donnie Clayton, was presented a plaque for his performance in the Pee Wee Division of Play Day activities held recently in Muleshoe.

Mrs. Jimmie McDaniels, Richard and Wesley visited Saturday with her parents, Mr. and Mrs. Kenneth Sawyer of Earth who had as houseguest their granddaughter, Leslie Gayle Sawyer of New Mexico.

Mr. and Mrs. Clifton Adams were Sunday afternoon callers of her mother, Mrs. J.C. Matlock. Mr. and Mrs. Adams live at Circle.

Mrs. G.E. Brown Jr. was in Hereford Monday with her sister, Mrs. Eldon Fortenberry.

Sunday dinner guests of Mr. and Mrs. Malcom Ogletree were their son and grandson, Danny Ogletree and Shawn of Lubbock, the host's mother, Mrs. J.C. Ogletree and the hostess' sister, Miss Theo Hackler of Olton.

Mr. and Mrs. J.T. Gibson and their daughter and family, Mr. and Mrs. Hollis Cain, Cathy, Connie and Suzanne, attended the Gibson family reunion Sunday at the Villa Inn in Amarillo.

Present were Mr. Gibson's sister, Miss Lottie Gibson and their brother-in-law and sister, Mr. and Mrs. Tom Long, all of Paducah. Brothers and sisters-in-law, Mr. and Mrs. Job Gibson of Canyon, Mr. and Mrs. Kenneth Gibson of Amarillo and Mr. and Mrs. J.J. Gibson, Jr. and

Mr. and Mrs. Merrick Gibson, all of Guthrie. A brother-in-law and sister, Mr. and Mrs. Lewis Jones of Lubbock.

One sister is deceased, Mrs. Neely Etter. Her three children and families were in attendance, Mr. and Mrs. Richard Etter, Neil and Jeff of Tyler, Mr. and Mrs. Jerry Hirst, John, Katy and Steve of Harlingen and Mr. and Mrs. Rob Etter of Pratt, Kansas.

The Packard family reunion was held Sunday in the home of Mr. and Mrs. Ralph Packard of Hereford.

Among those present were the host's mother, Mrs. Leona Packard of South Hills Manor Nursing Home in Dimmitt, her daughter, Mrs. Edna Cook of Phoenix, Arizona, a son and grandson, Leroy Packard and Mike of Vancouver, Washington and two more sons accompanied by their wives, Mr. and Mrs. Charles Packard of Hereford and Mr. and Mrs. James Packard. Mrs. Leona Packard's sister, Dorothy Troxell of Hereford.

Christie and Angela Carson of Tecumseh, Nebraska, spent Wednesday and Thursday nights with their grandmother, Mrs. Tom Stansell.

Mrs. James Packard and Mrs. Irvin Ott accompanied by Mrs. Sherry Baker of Lubbock, returned last week from Omaha, Neb. where they attended the Artex National Convention. As representatives of the "Gain Lizzie" unit the three ladies won first place on their unit costume which is a three piece pant suit, Model T cars are painted in various colors on the attire. The unit was named in honor of Mrs. Packard, whose name is Elizabeth. The Texans toured "Old Dodge" at Dodge City, Kansas and the fort at Learned, Kansas. At Trails Inn, Mo. they found the museum to be interesting. They saw the

beautiful campus at Oral Roberts University, Tulsa, Oklahoma. One of the buildings forms the "Praying Hands" symbol. The windows of the chapel appear clear by day and golden at night. Mrs. Packard, Mrs. Ott and their companion toured The Cowboy Hall of Fame in Oklahoma City.

Visiting recently with Mr. and Mrs. Larry Crawford and Doug of Midland were her parents and brother, Mr. and Mrs. E.L. Dawson and Clint.

# Dimmitt Locals

By: Maxine Short

Delayed due to illness.  
June 22

Graveside services for little Charles Sanchez, son of Mr. and Mrs. Primitivo Sanchez, were held Friday morning at the Hart Cemetery. Rev. Lanny Wheeler, pastor of the First United Methodist Church officiated. The baby was stillborn Wednesday in Tulsa.

Funeral services for Jess English, 85, a resident of Dimmitt for 50 years, was held Saturday at the Bedford Street Church of Christ with burial following in the Castro Memorial Gardens. Dale Wells, pastor of the church officiated. Mr. English passed away Thursday in Plainview after a lengthy illness. He was the son of R.L. and Flora English and was born November 30, 1893 in Montague County Texas. He came to Dimmitt in 1928 and farmed Southwest of town until 1949.

He moved into town that year and worked for the T.A. Singer Telephone Company and later for Nelson Drilling and Pump Company. He retired around 1971 and was a member of the Bedford Street Church of Christ here in Dimmitt.

Mr. English is survived by five sisters, Dorothy Bell of Plainview, Frankie Oakes of Putnam, Oklahoma, Texie Robnett, Ruth Thomas and Irma Lee Winton, all of Duncan, Oklahoma; two brothers, Ivan English of Waurika, Oklahoma and Jewell English of Seiling, Oklahoma. His nephews served as pallbearers.

A 17 year old Dimmitt youth remains in jail in lieu of a \$2,000 bond after being arrested and charged with forgery Wednesday. According to the Sheriff's office, the man allegedly forged his name and passed at least 12 checks amounting to more than \$100. More forged checks are being reported to the Sheriff's office daily, a spokesman added.

Sheriff Granville Martin said a book of 25 checks were found on the youth that belonged to another person when he was apprehended.

A construction truck unloaded its load of gravel the hard way, when it slipped off the unpaved section of U.S. 385 South of Dimmitt that is under construction. The truck overturned as the driver was trying to steer it back out of the deep bar ditch. The driver, Juan Ochoa Delgado of Lubbock escaped with an apparent back sprain, investigating officers said. After receiving emergency treatment and x-rays at Plains Memorial Hospital here, Delgado was released to his personal doctor in Lubbock. The truck, owned by the McMillan Co. was one of many delivering gravel to the highway construction project.

G.O.P. State Chairman Ray Barnhart announced that the State Republican Executive Committee held its regular meeting June 17 at the Ramada Inn in Amarillo.

The purpose of the meeting was to: 1. Canvass the returns of the June 3rd Republican (runoff) primary; 2. Receive a sub-committee report on the subject of a 1980 presidential primary; 3. Discussed plans for the Republican State Convention (Dallas, September 8-9); 4. Discussed plans for the fall election.

Mrs. Louise Berryman of Hereford and children,

Ramaekers, Michelle Schmucker, Dwight Acker.

Who's New  
Mr. and Mrs. Gary Gentry of Dimmitt are parents of a girl Tina Lee C, born June 11.

Mr. and Mrs. Felix Perez of Friona are parents of a boy born June 10.

Hospital News  
Patients in the hospital are Gertrude Acker, Nelson Chavers Jr., Pearl Gass, Floyce George, Amanda McNeill, Clara Roundtree, Modesta Sandoval, Jennie Staton and Davine Wall.

Patients dismissed are: Maria Reyes, Judy Hefley, Father Stanley, Anna Gotch, Alex Salvia, Annie Faye Byrnes, George Wall, Lupe Rodriguez, Bea Hawkins, Mary Flynt, Ola Bearden, W.E. Grant, Brad Holcomb, Ben Ray Holcomb, Nora Martinez, Jim Sanders, Tony Martinez, Lela Gentry and Socorro Perez.

The historic old Flagg Ranch Headquarters house, a landmark in Western Castro County since the 1880's and the home of one of the first ranching families in this area, is no more.

It has been burned to clear the way for a farming operation after years of debate about

possibility of its preservation, perhaps by moving it to Dimmitt, all finally dismissed as impractical.

Four highway accidents this week bring the total of mishaps to 15 investigated by DPS Troopers here the first 30 days of June. Two accidents last weekend resulted in injuries requiring hospitalization.

Head injuries were received by Lucy Garcia, 27, of Hereford when her 1976 Ford two-door ran off the road at the intersection of FM 2392 and FM 1055 South of Easter at around 5 a.m. Sunday.

Miss Garcia received emergency treatment at Plains Memorial Hospital here, then was transferred to an Amarillo hospital where her condition was listed as satisfactory Monday.

She was driving west on FM 2392 and apparently did not see the deadend in time to avoid going off the road in to a plowed field on the west side of the intersection of FM 1055. A man and his wife, passing by the spot about 6 a.m. discovered her car and brought her to the hospital.

Miss Garcia reportedly told nurses at Plains Memorial Hospital that the accident occurred about an hour before the passersby found her.

The other more serious accident occurred Saturday night just outside the west city limits of Hart, east of the intersection of Ave. A and State 194.

Involved were a 1974 white freight-liner tractor-trailer rig driven by Clarence Boyd, 59, of Dimmitt, and a 1977 Mercury Cougar sports Coupe driven by Luteria Isaguirre, 17, of Hart. Boyd was alone in the truck, there were two passengers with Isaguirre.

Isaguirre received emergency treatment at Plains Memorial Hospital and was transferred to St. Anthony's Hospital in Amarillo with a broken leg.

His passengers were brought to the Dimmitt hospital where Lupe Robledo, 19, of Hart remained for observation of a back injury and Nancy Perez, 17, of Hart was treated for minor cuts and abrasions then was released.

State Trooper Jackie Gunnels said both

vehicles were traveling west on Highway 194 with the car in front. The truck started around the car on the left side and at the same time Isaguirre started a left turn from the highway into the Hacker Addition, just west of Hart.

The right front of the truck struck the left side of the car.

Only minor injuries resulted from a collision at 3:40 p.m. Saturday on U.S. 385 north of Dimmitt, near La Posta Liquor store. A pickup truck driven by a Hereford woman, Virginia Brito, 25, stopped to make a left turn from the highway onto the unpaved county road next to the liquor store when an oncoming car struck the rear end of the pickup.

The car was driven by Fannie Mays of Dimmitt. Damage was heavy to the front of Miss Mays 1971 Ford car, there was light damage to the pickup.

William Butler of Floydada was uninjured Friday night when the

1974 Pontiac he was driving struck a black cow that was in his lane of traffic on State 194. The accident occurred nine miles southeast of Dimmitt at 10:35 p.m.

Funeral services for Alfred Lee Offield, 73, of Littlefield were held June 12 in the Duggan Avenue Church of Christ with Jack McCormick officiating, assisted by Larry Cash, minister of the Duggan Avenue Church of Christ.

Mr. Offield was the father of Mrs. A.L. (Topsy) Conner of Springlake formerly of

Dimmitt and grand

of Nacola Furr of Littlefield. Burial was held under direction of Hammons Funeral Home June 10 in the Littlefield Cemetery.

Mr. Offield had been married to Mrs. Offield for 45 years and was a farmer. He was a member of the Hamilton County Board of Supervisors, December 22, 1950. He was a member of the Church of Christ.

## NEWS Of Education

He Makes 17,000 Mistakes A Year

John H. Moore, Jr., national manager of Plymouth's Trouble Shooting Contest, is the automobile industry's only executive who orders parts deliberately manufactured not to work. In Trouble Shooting, a program that encourages high school students to become auto mechanics, various parts of the car are "bugged" to keep them from functioning properly, and the contestants try to find and fix the malfunction. Because installing six to ten identical malfunctions in as many as 50 cars before a contest takes a lot of time, Moore orders parts that look authentic but that just won't work. He substitutes the fake parts for the real ones. He is shown with some 17,000 "bugged" parts that were specially made for the national contest.

## Decorating Tips

By Linda Forrest, Designer  
Hardwood Institute

### YOUR FIRST PLACE TOGETHER

You're getting married and moving to your first home—what excitement and challenge lies ahead in furnishing and decorating it together. Together is the key word here—you're planning to spend your life together and so you should also plan your living environment as a joint effort so that your home expresses the best of each of you. You want a home that's happy and comfortable and that's usually the result of a combined effort of people who live in it.

How to start? First, determine each of your taste preferences in furnishings and decorating. This can be as easy as looking at decorating books, magazines, model rooms and furniture stores, together. Then talk about what you liked and disliked. Next, discuss preferences in lifestyles, interests and hobbies that will impact on your home environment. Not only do you want your home to express your tastes, but it must also accommodate your activities with ease. If one or both of you are book or record buffs, or if you are collectors, you'll want bookcases, a place for the audio equipment and collections, as well as comfortable seating and good lighting. If you like or need to work at home, you'll plan for a home office. And housework, do you hate it? Then you know your furnishings will have to be easy to care for.

Once you've determined taste and lifestyle, set your budget. It will help you to set buying priorities. You should plan to decorate your home in stages over a period of time, even if you have enough money to do it all at the outset. Most decorating disasters stem from the misplaced idea that it's best to get everything at once. Professional interior designers disagree. They recommend living in a new place and making careful, individual furniture purchases over a period of time. When it comes down to buying, you'll want to be sure that the pieces you select are of good lasting quality and are easy to care for, too. Furniture constructed of hardwood will literally last for generations and requires the most minimal maintenance—just regular dustings and semi-annual waxing will do the trick. The inherent natural beauty of the material adds an unmistakable element of elegance to any decor. And, hardwood furniture is available in every conceivable style from museum quality reproductions of historical pieces to the sleekest, most contemporary designs.

Any questions on hardwood? Write to Linda Forrest, Hardwood Institute, Suite 1920, 230 Park Ave., New York, N.Y. 10017.

Q. Why should I keep anti-freeze in my car all year round?—R.S.T., Orange

A. Because anti-freeze does more than just protect the engine block in cold weather. These days it's called coolant, which describes more accurately what it does. A mixture of coolant and water not only protects the car in cold weather, but cools more effectively than plain water. In addition, modern coolants have anti-corrosion additives to protect the water pump and the water passages from deterioration and mineral buildup.

Q. I'm on the road a lot. How long can I expect the brakes on my car to last before they need retining?—J.M., Temple

A. On the average, about 25,000 miles for the front brakes and about twice that for the rear brakes. But brake life depends mostly on how and where the car is driven. A car driven mostly on the highway, where the brakes are used infrequently, will not need a brake job nearly as often as a car driven in town, where the brakes are used many times for every few miles. Brakes should be checked about every ten thousand miles. The rear brakes should be checked each time the front brakes are retined.

Q. Does Texas law require the use of a front license plate on passenger cars?—C.V.O., Houston

A. The law requires that a valid license plate be displayed front and rear and that validation stickers or tabs be issued each year. Since the state issues only one sticker per vehicle, only the rear plate must carry a current validation sticker.

If you have a question on driving, send it to:  
Texas Office of Traffic Safety

Funeral services were held Monday for Floyd Hall of Olton, father of Melvin Hall of Dimmitt. Phillip Vick officiated at the services held at the Main Street Church of Christ. Burial followed in the Olton Cemetery under the direction of Parsons Funeral Home.

Born at Weatherford, Mr. Hall moved to Olton in 1961. He was a member of the Church of Christ. He is survived by his wife; four sons, Leo of Pampa, J.M. of Medford, Oregon, John Ross of Las Vegas, Nevada, and Melvin of Dimmitt; three daughters, Florence Baurer of Las Vegas, Nevada, Viola Lesater of San Antonio and Lorene Derese of Port Arthur, three sisters, Mrs. Ray Lefevre of Pampa, Mrs. Lois King of Fort Worth and Effie Fewell; two brothers, Vernon of Pampa and Luke; 23 grandchildren and 15 great-grandchildren.

Mrs. LaVaughn Brooks passed away early Wednesday in the Clovis Memorial Hospital after a long illness.

Services were held for the former Hart resident Thursday in Parkland Baptist Church in Clovis with Rev. Herbert Hester and Dr. H.E. Bergstrom, pastors of the church, officiating. Burial followed in the Lawn Haven Memorial Gardens under direction of Steed-Todd Funeral Home.

Born in Anson, Mrs. Brooks came to New Mexico 14 years ago from Hart. She married Jim Brooks December 20, 1939 at Lamesa. She was a member of the Parkland Baptist Church.

She is survived by her husband Jim; her parents, Mr. and Mrs. T.C. Glace of Lamesa; one daughter, Mrs. LaWanda Wilson of Hart; four sons, Wilburn, Stanley, Elgin and Oscar, all of Clovis; three sisters, Jonita Riddle, Mrs. Martha Franklin of Lamesa and Mrs. Carolyn Garrett of Lubbock; and five grandchildren, LaGlenda Wilson, Gwendolyn Wilson and Melinda Wilson, of Hart and Jeffrey and Jeniffer Brooks of Clovis.

## Save Water And Money

Properly maintained landscape plants can add significantly to the financial worth of your property, and so it's a good idea to learn the amount of water plants actually require.

Most plants can suffer as much, if not more, from excessive watering as from too little. Here is a useful guideline suggested by the "Green Survival" professionals in the American Association of Nurserymen. Most trees, shrubs and other plants growing in the yard are seriously thirsty every week to 10 days. If there is not about the equivalent of an inch of rainfall over that period of time, then all those plants should be given sufficient water to make sure it reaches down to soak the root system.

For very little water, you can have a lot of lovely green around your house.

### Sunnyside News

By: Teeny Bowden

The July 4th Homecoming and annual community-wide picnic activities will start at 5:00 p.m. Tuesday at the community building. Each family in the community is asked to bring sandwiches and potato chips for their families and one other person, so those coming from a distance will not have to bring food. Each family is asked also to bring a freezer of ice cream or three dozen home made cookies. Tea and coffee will be furnished from the community fund. Supper will be at 7:00 p.m. Between 5 and 7, there will be visiting and games, such as volleyball, horseshoes, washers and etc. Help get the word around. The Lion's Club will sponsor a fireworks display just after dark. Those wishing to play indoor table games can do so. Everybody come.

John Gilbreath brought in the first load of wheat to Farmers Grain here Tuesday. Wheat seems to be going to be good this year.

The first load of wheat was brought to Sunnyside Grain & Supply Tuesday by Doug Louder.

Tom McGill was admitted to Methodist Hospital in Lubbock last Sunday and underwent major surgery Monday.

Rev. and Mrs. Raymond Jones went to San Angelo Monday to bring his parents back for Dee Jones to have eye surgery. They spent Monday night with Mr. and Mrs. Eddie Jones, Ray, Darla Kay and Danna Jo, and Ray came home with them also. They spent Tuesday night with Wade Jones and watched he and his team play ball. They visited several other relatives before returning home Wednesday. Dee Jones had his check-up Friday in Lubbock, and was

scheduled for surgery Wednesday.

Mr. and Mrs. Charlie Hall Jones of Jones Spraying Service sponsored a family fish fry at the community building Friday night. A large crowd responded.

The Lion's Club started selling fireworks at the community building Saturday afternoon and will continue to make sales through July 4th.

### Our Men In Service

Cadet Robert D. Stovall, son of Mr. and Mrs. David C. Stovall, Jr., of Muleshoe, is receiving practical work in military leadership at the Army Reserve Officers' Training Corps advanced camp at Fort Riley, Kan.

The five-week ROTC advanced camp provides an opportunity for cadets to develop and demonstrate leadership capabilities in a field training environment.

Most cadets are fulfilling their advanced camp requirement during the summer between their junior and senior years in college. However, there will be a number of graduating seniors who will receive Army commissions at the completion of camp.

Stovall is a student at New Mexico State University, Las Cruces. The cadet is a 1975 graduate of Muleshoe High School.

### Party Lines

Visiting in the home of Mrs. Beula Coker from Tuesday through Thursday was her daughter and family from Lubbock, Mr. and Mrs. Paul Hill.

Mr. and Mrs. Jerry Schultz and Mr. and Mrs. Frank Butter dined at Furr's Cafeteria Sunday in Plainview.
