

Permanent Voter Registration Opens

The first so-called permanent voter registration period opened in Lamb County and throughout Texas with the beginning of October, according to Herbert Dunn, County tax assessor-collector.

Application forms for voter registration were mailed last week with property tax notices, Dunn said. He stressed that these are merely application forms and not actual registrations. Recipients should fill out the applications and return them to Dunn's office to complete the registration.

Any voter who registers at this time will be registered for three years unless he moves to another county. In that case, the tax assessor in the county he moves from is required to mail the registration to the assessor in the county to which he moves. To avoid confusion at the polls, a voter moving from one county to another should check to see that this is done.

The new registration period will also be the first regular registration period open to pre-21 age voters, with the 18, 19 and 20-year-old

voters to be registered without any voting restrictions for the first time.

Previously, prior to passage of a United States constitutional amendment, Texas pre-21's had been registered for voting in federal elections only.

There will be no termination period point to voter registration this year, according to Dunn, with potential voters to be registered on any business day throughout the year at the county tax office.

However, there is a time limit as far as voting is concerned, with the voting registration certificate valid for voting after the expiration of 30 days following sign-up.

Thus, a person who wants to vote in an election must register at least 31 days prior to that election.

With the registration, the voter is now legally entitled to vote in any election for the following three-year period, unless the registration is invalidated for one of the reasons allowed under the law.

The county tax assessor is

College Is Not For Everybody?

By DAVID HARTMAN

No, it isn't.

It has been my observation over the years that most young people do not know what they want to do in life when they graduate from High School. Some do but the majority do not. Nothing is more frustrating than to be in college working as hard as you can toward you don't know what.

When we really get down to it who or what determines who should or should not go to college?

January 31, 1972, with supplemental lists then to be issued prior to each election.

Procedures are set up for keeping an updated master card on each voter, for transferring voter registration from one county to another, and for purging from the files those who have not voted, nor re-registered in three years.

directed to remove from the rolls any person who moves out of the county (in which case, the assessor is supposed to notify the assessor in the registrant's next home county), or who is convicted of a felony, or who is declared legally insane. Death is also a cause which makes it mandatory for the tax assessor to remove a name from the voter list.

Automatic renewal for a three-year period is made by voting in any primary or general election. Renewal is not made through voting in school, city, bond or similar elections.

The first list of registered voters will be prepared after

1. Parents?

Mom and Dad, have you ever stopped and asked your children if they really wanted to go to college? Have you really given them an honest-to-goodness choice in the matter? It is not all bad for parents to insist their children attend college. Some probably wouldn't have made it if Mom and Dad had not insisted they go and stay with it.

2. Ability?

This one word of advice -- if you, as a parent, realize your child does not have the ability to handle college work

please, please, please do not insist that he (or she) go just to keep up your image or the family tradition. If he can't possibly make it don't put him through the humiliation of academic failure. There are other areas in which he can succeed in life and you need to concentrate on those.

4. Determination?

I have seen people with a ability but no desire or determination flunk out of college. On the other hand I have seen those with less ability to do academic work but much desire and determination to get through college. They made it too. They were not at the top of their class but neither were they at the bottom.

5. Money?

This is a factor that may keep some out of college. However, usually a means can be found for a person to go to college if he really wants to.

6. Vocation?

This coupled with ability ought to be the determining factor more than anything else. I am convinced that most students in college are not going to do their best if they have not decided on a vocation in life. There is no incentive to try hard.

What's wrong with young people not going to college if they can find something they like to do and can make a living without it?

Let's face it -- in our age of specialization a liberal arts

education (whatever that is) does not seem to be as important as it once was.

Now before you take me out to the city limits and stone me let me ask you some questions:

1. When your refrigerator or deep-freeze breaks down who are you going to call to fix it?

The number of people who can do such work in Earth are very few. Last year three men from our town went to South Plains College in Levelland and took a course in refrigeration. Why? So Earth would have someone locally that could work on our refrigeration units.

2. How long do you have to wait for the repair man to get to your house to fix your dishwasher, washing machine, or clothes dryer? Our local man is so "snowed under" that he can't get around like he wants to.

3. When the heating or cooling system in your home poops out who are you going to call to patch the old one or install a new one?

4. When your favorite chair needs to be re-upholstered where in Earth are you going to get it done?

5. If you have had any of the above things done lately how much did you pay for it?

You paid someone enough to help provide a good living.

The vocation you choose and the ability you possess will largely determine whether college training is essential. In some vocations like school teaching it is a must.

The important thing is this -- you don't have to be a college person to be happy and successful in life. It may help. But there is no guarantee.

How can you tell if home-canned foods are safe to eat?

If the seal of the lid has been broken, and if the food foams or has an off-odor, destroy it. It's a good idea to bring home-canned vegetables to a rolling boil, then cover and boil for at least 10 minutes. Canned spinach, corn and home-canned meat or poultry should be boiled 20 minutes in a covered pan before tasting.

Bulls Honored On Anniversary

One hundred and sixty guests attended the afternoon Tea and Reception in the home of Mr. and Mrs. Crill Bulls Sunday, October 3, to honor the couple who were celebrating their Golden Wedding Anniversary. Crill Bulls, a retired farmer, married Minnie Ola Jones at Mangum, Oklahoma, on October 1, 1921.

The Bulls, who reside 1/2 mile north of Earth, have lived in the Earth area for sixteen years and are affiliated with the United Methodist Church of Earth.

One very nice highlight of the afternoon was when the couple's daughter, Mrs. Alvin Lee of Booker, sang a song in honor of her parents which she had composed herself.

The tunes from "Old Missouri" and "Beautiful Brown Eyes" were copied as Mrs. Lee sang the song for her parents which consisted of the following verses:

"Down in Oklahoma, in the year of '21, lived a handsome lad, and I believe they called him Crill.

"He met a fair maiden, and her name was Minnie Jones, and OHI how they sponned while he sang her this song.

"Beautiful, beautiful brown eyes,

"Beautiful, beautiful brown eyes,

"Beautiful, beautiful brown eyes,

"I must have you for my own.

"Soon the two were married

by the Justice of the Peace, and they settled down on a little country lease.

"They were so happy, every day was filled with joy;

"One day Crill said, 'Minn, I'd love to have a boy.' And so they both looked forward to that very special day, And would you believe that's when they got Leona Mae?

"Very soon came Willene, followed closely by Dorma Lee. And in a little while came La Moyne.

"So Crill made up his mind to take his girls out to the plains.

"Surely to Goodness," he said, "My luck will have to change."

"So again he said, 'Minnie, a boy our home should bless.' But they had another girl and they named her Beth. And so the two decided they had done all they could do, And to their surprise, they had a baby wrapped in blue, They called him Gary Alan and another Dennis Glenn, and they decided to make this the end."

MR. and MRS. CRILL BULLS

Guests registered at the Reception from such places as Mangum, Oklahoma, Pine City, Minnesota, Dimmitt, Amarillo, Gainesville, Rockwell, Wolforth, Lubbock, Paducah, Floydada, Amherst, Truscott, Muleshoe, Portales, New Mexico, Levelland, Hereford and Earth.

Hosts and hostesses for the event were the couple's children,

Mrs. Eldon Parish of Earth; Mrs. Alvin Lee of Booker; Mrs. Barney Glasscock of Delaware, Oklahoma; Mrs. Bud Matlock of Earth; Mrs. Scott Falkenberg of Floydada; Gary Bulls of Amarillo; and Glenn Bulls of Earth.

Celbs IN MULESHOE

In one room of the Bulls home a mantel held a beautiful candelabra featuring white bells trimmed in gold, gold rings and white tapers. Long satin ribbons attached to each side of the mantel led to two large hearts, one on each side. The left heart had the names "Crill" and "Minnie" inscribed on it in gold and the right heart had the wedding date of the couple inscribed in gold on it.

Bouquets of gold spoon mums were placed throughout the house along with two gold marm pot plants which were given as gifts to Mr. and Mrs. Bulls.

On a small table across from the serving table was a breathtaking arrangement of white roses trimmed with white net.

A large three tiered wedding cake adorned with white flowers sat on a table overlaid with a white net cloth trimmed in gold over a white taffeta cloth. Two large gold wedding bells made with sequins were featured on the front of the cloth.

Also on the table in front of the wedding cake was the number 50, also gold colored. Two gold candles, one on each side of the cake, helped to complete the table decorations along with the gold serving appointments.

Fourteen of the fifteen grandchildren of the couple were on hand to honor their grandparents along with their four great-grandchildren.

Study Club Tours Boys Ranch

Ten members of the Town and Country Study Club met at 9:30 a. m. Saturday, October 9, to leave for a tour of Boys Ranch.

Mrs. Wayne Rutherford stated that it was rainy and cold when the group left Earth, but that the sun was soon shining and it turned out to be a beautiful day. As they drove through the country, the ladies viewed huge fields of cabbage, milo and wheat. Suddenly they entered the land of mesquite bushes and reported that this was all to be viewed for miles around.

Mrs. Rutherford remembers wondering why people would build Boys Ranch in such forsaken country until the travelers from Earth came to a sign advising them to turn right to reach the ranch. At that time, there was beauty to behold everywhere and she thought to herself, "What a tremendous God to create such an ideal place to raise boys."

Upon arriving about 11:30 a. m. at the Headquarters and Boys Center, the club members were met by Herbert Schrader and two very nice young ranchers, Cecil Merry and Lane Altenbaumer, who were to be their guides for the day.

Following official registration of the ladies, they were escorted to the dining hall for a delicious lunch. After eating lunch, the party toured the kitchen where they saw boys happily washing dishes, a huge walk-in refrigerator, a storage room filled with canned fruits and vegetables and, in a separate room, ranchers dressed in white cutting meat. The group returned to their cars and their guides drove

them around the Ranch to view the school, dorms, packing plant, Future Farmers of America projects and many other sites.

There are thirty-nine buildings including a fire station, infirmary, Old Tascosa Courthouse, small boys gym and many others of the Ranch and roads are paved to all the buildings except one and all have well kept lawns, under the care of boys at the ranch. Over 250 boys lead a completely normal life in a home-like, family atmosphere with staff couples, and their children, living with the boys in their dormitories or "homes."

The boys go to their own 12-year accredited school, attend the non-sectarian chapel at the ranch, receive instructions in a 14 trade vocational program, participate in a complete athletic program, are responsible for certain chores, and have several facilities for hobbies and recreation. Except for a very few necessary communal activities, the ranchers live no differently than boys from average, well regulated American homes.

It was learned by the Study Club members that each boy has the chance to choose his own vocation and that birthdays are an important part of each boy's life at the ranch. On these special days, the honored boy is presented a birthday cake and birthday gifts.

Following a rest period, the Earthites were shown the farm and ranch facilities. While on this tour boys could be seen hoeing weeds, irrigating and caring for cattle.

On the return trip to ranch Headquarters, where they

toured the Boys Ranch Museum, the group stopped at Boot Hill Cemetery.

Next on the tour was a visit to Viegel Home where one of the guides, Cecil Merry, lives.

Here the ladies saw how four boys live in each room of the home. Each individual has his own locker and place to study. Many of the boys in the dorm were watching television, working or playing outside.

At the Willis Home, where Lane Altenbaumer, another guide, lives, boys were again seen watching television, resting and playing.

At the end of the heart warming tour, the ladies were given refreshments, souvenirs and good-byes at Headquarters and Boys Center.

Making the trip that will be remembered forever were Mrs. N. Ray Kelley, Mrs. B. F. Ortiz, Mrs. John Welch, Mrs. L. Z. Anglin, Mrs. M. E. Kelley, Mrs. B. Campbell, Mrs. Carra Morgan, Mrs. Sam Ceatley, Mrs. Marie Ross and Mrs. Wayne Rutherford.

lake-Earth High School and Miss Williams will receive her diploma from Olton High School in December.

Dear is presently serving with the United States Army. The couple has planned a December wedding.

Party Line

Mrs. Esther Bomar of Springlake had surgery in Methodist Hospital in Lubbock last Thursday morning. She is reported to be improving and is to be released soon.

TOPS Attend Area Rally Day

Eight members of the TOPS Happy Losers journeyed to Littlefield Saturday, October 9, for the Area Rally Day and won the award for the most

percentage of members present.

Registration began at 8:30 a. m. and the meeting got underway at 9:30 a. m. with Mrs. Nell Hobbs giving the Welcome and Roll Call and Rev. J. B. Cagle gave the invocation. The rest of the morning was filled with the Big Dress Parade in which several ladies who had each lost 50 pounds participated.

Local members in the Parade were Emily Clayton and Pauline Hucks. Several skits and songs were enjoyed by everyone present during the morning session.

It was a day of business, awards and fun.

Mrs. Pauline Hucks won the award in her weight division. A delicious meal was served at noon consisting of baked chicken, carrots, green beans, tossed salad, sliced tomatoes, Jello, angel food cake, tea and coffee.

"Wide Spread Area" was chosen as the name for the area by all the clubs attending. It was submitted by the Earth chapter. More skits, songs and awards were given after lunch. Each club gave their ideas and contests they use to encourage weight loss.

The next ARD will be at Muleshoe with the Jenny TOPS as hostesses.

TOPS dignitaries attending were Mrs. Mona Spencer, Area Captain of Plainview; Mrs. Nell Hobbs of Brownfield and Mrs. Helen Rogers of Lubbock, who is a former area captain and who organized the local chapter at Springlake in May of 1966.

Ronda Clayton Class Officer At HSU

Ronda Clayton, daughter of Mr. and Mrs. R. X. Clayton of Earth, has been elected secretary of the freshman class at Hardin-Simmons University in Abilene.

The Hardin-Simmons University freshman class elections were held Wednesday, October 6, for eight class officers and six cheerleaders. Several upperclass vacancies were also filled at this election.

Over 46 candidates presented their campaign speeches beginning at 6 p. m. Tuesday, October 5, in front of Moody Center on the H-SU campus. Also, 22 freshmen vying for the cheerleading positions demonstrated their ability at that time. Campaigning officially began at midnight on the third of October.

Miss Clayton was elected class secretary over two other candidates for the position, Linda Wylie of San Antonio and Jerri Jones of Tokio.

She is a 1971 graduate of Springlake-Earth High School where she was involved in many school activities such as girls' basketball, cheerleading and Future Homemakers of America.

XIT Club Attends Play

Five members of the Springlake XIT Study Club journeyed to Palo Duro State Park near Canyon Friday evening to see the light and sound production of "They Came From Spain" in the pioneer amphitheatre there.

The story introduces the Spanish explorer who came to the Potholes and who discovered Palo Duro Canyon in the year of 1541.

UMY Plans New Program

A new type of program system for the forthcoming year was taken into consideration when the senior high UMY of the United Methodist Church in Earth met Sunday evening in their classroom at the church.

Presently the youth group is meeting at 5 p. m. each Sunday at the Methodist Church. A "Youth Retreat" to be held Saturday and Sunday at the Methodist Church in Spade was

discussed and some of the members plan to attend the retreat.

To beautify their classroom in the church the youths finished making decorative posters at the meeting.

Present were Shelly Gaston, Dyke Gaston, Paige Gaston, Marian Dawson, Becky Littleton, Darlene Sulser, Carl Sulser, Greg Slower, Bobby Myers, Chris Brock, Hoyt Glascock, Vicki Wisian, David Wisian, Coleta Biles, Donna Dunnam, Tracy Lee and adult sponsors, Mr. and Mrs. Lynn Glascock.

Party Honors B. Campbell

B. Campbell was very surprised and pleased when he walked into his office at the Campbell Gin Company Friday, October 1, and thirty-five of his friends who were gathered there began singing "Happy Birthday."

Campbell, who was born at Farmersville, Texas, on October 1, 1890, celebrated his 81st birthday that day.

The friends who had chosen to honor Campbell with a surprise party presented the honoree with a large birthday cake decorated with white icing and featuring blue hearts on the outer edges. On the face of the cake "Happy Birthday" was written.

A desk covered with a white linen cloth and centered with an arrangement of gladiolas was used as a serving table.

Refreshments of cake, brownies, cookies, punch and coffee were served by hostesses, Mrs. Alfred Dutton, Mrs. G.

Kellar, Mrs. Larry Hausmann, Mrs. Guy Kelley and Mrs. O. C. Fry.

We would like to extend our heart-felt appreciation to our friends and neighbors for the food, flowers, prayers, visits, calls and many other acts of kindness which were shown to us during the recent loss of our mother and grandmother, Mrs. J. L. Brooks. May God bless each of you.

Troop 614 Boils Water In Cups

Fourteen members of Boy Scout Troop 614 learned that it is possible to boil water in a paper cup without burning the cup at their regular meeting Tuesday, October 12.

The boys were given large logs to be cut into smaller 12 inch logs by using tree saws and then they cut the smaller logs with axes and knives.

The scouts who were divided into two groups then built fires with the wood they had been cutting on and the first group to boil water in a paper cup without destroying the cup was announced winner of the competition.

Following this, the scouts played outdoor games. Scout master, Travis Jaquess, was on hand to aid the boys with their activities.

Increase Shown In Tax

The City of Earth's third quarterly dividend from the city sales tax arrived recently. The check, which was for \$3,829.02, was received at the City Hall according to Mrs. Betty McAlpine, city secretary.

The amount received was the city's portion of sales tax revenue collected in April, May and June of this year.

Sales tax revenue was up \$516.47 over the previous quarter dividend received the last week in June for the months of January, February

and March. That check was for \$3,312.55.

This particular tax has been in effect since the first of October of last year. The state is one quarter behind on returns.

Approved by voters in a June 1970 election, the tax added an additional one per cent to the state tax, at that time, of 3.25 per cent. The combined city and state taxes are now five per cent.

The city sales tax, collected at the point of sale, is for-

warded to the state comptroller with the city's portion being returned quarterly with the exception of two per cent of the total which is retained by the state for administrative costs.
