New Oil Wells Are Brought In

Development Slow But Sure

The low price of crude oil is the dark spot on the horizon at present. But even this has not retarded development, for there are wildcat wells being drilled in this territory and a number of these wells are to be started.

With four or five producing wells brought in the past week, further drilling on the oil territory south of Big Spring and a number of new wells are being drilled, including the pay in the proven and semi-proven territory, the outlook for an immense field is bright.

Work on the new church and plans for its completion will be arranged as soon as the East Third street property is disposed of. Anyone interested in buying this property may see Ben Carpenter at the State National bank.

Big Spring is a city of fine homes, fine schools, and fine churches. The new East Third Street Baptist Church is destined to be a good factor in Big Spring and will be important in the advancement of civic pride and righteousness in our city.

There will be a tennis tournament in this city on Labor Day. There have been several towns written to be present at this time to take part. This tournament will be staged on the high school campus on the Tennis Club's courts.

We have written to the following towns to be present: Colorado, Sweetwater, Abilene, Lubbock, Slaton, Dallas, Brownwood, Roscoe, Midland, and San Angelo. We hope that all of these towns will have representatives at this tournament.

We are planning on having at least three teams enter from this city. They are: Carroll Barnett and Milburn Barnett (doubles), Theo Ferguson and Howard Smith (doubles), Lib Coffee and Mr. Eilers (doubles). Mr. Eilers and Lib Coffee won the cup last year and will do their best to defend it this year.

The town folks are cordially invited to attend this tournament and see some real playing. Let's turn out folks!

Ten auto licenses were issued this week, making the total so far this year 2611. The following comprise this week's issue:

James F. Willson, a Nash coupe. M. I. Yell, a Ford touring car. Bart Wilkinson, a Chrysler sedan. Richard L. Akers, a Ford touring. W. O. Wood, a Ford touring.

E. W. Anderson, a Pontiac sedan. A. F. Pegues, a Pontiac sedan. J. S. Massk, a Ford roadster. Oil Well Supply Co., a Buick coupe.

A building permit was issued this week to B. A. Reagan for the construction of a frame residence on Gregg street. The estimated cost is \$3700.

Joe Ward Jr. of Dallas arrived last week for a visit in this city with his sister, Mrs. Clyde Fox.

L. Wheeler of the Coahoma community has been marketing some whopping big watermelons, some weighing as much as 50 pounds. This is remarkable considering the scant rainfall during the growing season.

Mr. and Mrs. M. Wents and son left today (Friday) for Uvalde where Mrs. Wents and son are to visit relatives.

A. J. Hilban returned Saturday night from a business trip to Seagraves and points in New Mexico.

Bro. J. D. Horen, minister of the Church of Christ, Big Spring, will begin revival services at the church at Knott, Texas, beginning Tuesday, Sept. 6 or thereabout. Brother Horen has been conducting services elsewhere and upon his return here will begin this revival meeting. Fine sermons and good singing will be features of the meeting and everyone is extended a cordial invitation to attend.

J. D. Williams recently sold his furniture store at Colorado to I. F. Day of Snyder.

Mrs. Joy Strippling has been on the sick list this week.

Rev. W. B. M. Southerland of Illinois who was scheduled to conduct a series of revival services in this city at the community chapel of the Church of God, at the corner of Tenth and Main streets became critically ill in Cisco, Texas, and was unable to come to Big Spring.

In the absence of the evangelist, the pastor Rev. G. B. Walters is doing the preaching and his sermons are indeed appreciated by the big crowds who are attending services each night. Some inspiring and soul stirring messages have been delivered. Mr. and Mrs. J. Fred Whittaker are in charge of the song services and they are meeting with much success.

Everyone is invited to attend this meeting which will continue thru Sunday night, and possibly longer.

Students Must Be Immunized

School Children Must Show Certificate of Immunization Before Enrolling in Schools

A certificate of immunization must be shown to the principal of each school by every school child before he will be allowed to enroll in that school, according to P. B. Bittle, superintendent. The members of the School Board, have passed a resolution whereby it is compulsory for each pupil to be immunized against typhoid fever, before entering school. This preventative measure has been taken since an epidemic of typhoid fever started in our city several weeks ago with over fourteen cases reported in the town and county. It is believed that the epidemic has been checked but every precaution must be taken to prevent a recurrence of this dreaded disease, which may cost us some of the lives of our citizens.

Parents are urged to have their children immunized at once so that they can attend school on the opening day and not lose any time. After getting their first "shot" the doctor will issue a certificate to the effect that the student is being immunized and he will be permitted to enroll. Parents who feel that they are financially unable to have their children immunized may report same to the city health officer, Dr. M. H. Bennett and he will investigate the case and will immunize the child free of charge. So do not feel that your child must be kept out of school because you haven't the money to have him immunized. Report your case to the city health officer and it will be done absolutely free of charge.

Some of the students have been spending the summer out of town and others will move from other towns to Big Spring to attend school this fall and all of these new pupils must be immunized. They will not be permitted to enter school until they can furnish a certificate of immunization and same rule applies to them as to resident children.

In order to prevent loss of time and absence from school have your children immunized now. It is absolutely necessary that the school board stand firm on this resolution since it is a sanitary measure, and of vital concern to public health and safety.

Everything Ready for Opening

Plans for the opening of school on September 12 are completed and indications point to a most promising year. The teachers will attend a two day institute in Midland Thursday and Friday, Sept. 8 and 9 and will arrive in Big Spring for the opening of school the following Monday.

Work on the South Ward school has been rushed and it will be ready for the opening day. Parents are asked to please send their children to the school in his respective district. The same lines will be observed this year as were used last year, and no pupil will be allowed to transfer to another district. Every child will attend the school in the district in which he lives and no exceptions will be made.

EVANGELIST UNABLE TO COME TO HOLD REVIVAL SERVICES

Rev. W. B. M. Southerland of Illinois who was scheduled to conduct a series of revival services in this city at the community chapel of the Church of God, at the corner of Tenth and Main streets became critically ill in Cisco, Texas, and was unable to come to Big Spring.

In the absence of the evangelist, the pastor Rev. G. B. Walters is doing the preaching and his sermons are indeed appreciated by the big crowds who are attending services each night. Some inspiring and soul stirring messages have been delivered. Mr. and Mrs. J. Fred Whittaker are in charge of the song services and they are meeting with much success.

Everyone is invited to attend this meeting which will continue thru Sunday night, and possibly longer.

A. J. Hilban returned Saturday night from a business trip to Seagraves and points in New Mexico.

Bro. J. D. Horen, minister of the Church of Christ, Big Spring, will begin revival services at the church at Knott, Texas, beginning Tuesday, Sept. 6 or thereabout. Brother Horen has been conducting services elsewhere and upon his return here will begin this revival meeting. Fine sermons and good singing will be features of the meeting and everyone is extended a cordial invitation to attend.

J. D. Williams recently sold his furniture store at Colorado to I. F. Day of Snyder.

Mrs. Joy Strippling has been on the sick list this week.

A. J. Hilban returned Saturday night from a business trip to Seagraves and points in New Mexico.

Highway Meeting Here September 14

Delegates From Many Points Along Highway No. 9 to Attend Convention to Be Held in Big Spring

Judge Mathison of San Angelo, has called a meeting of delegates from various towns along the Glacier to Gulf motorway or State Highway No. 9 to be held at the courthouse in Big Spring on Wednesday, September 14.

Judge Mathison is president of the No. 9 Highway Association which was organized at Tahoka recently to promote the paving of State Highway No. 9 from the Texas-New Mexico line to the Gulf of Mexico.

Many counties along the route have already voted bond issues for paving the road and other counties are planning to hold elections.

This is one of the most important highways in Texas and if all the counties will fall in line and pave their portion of the road it will be worth as much as another railroad to every county along the line.

Many delegates are expected to attend the September 14 meeting and Big Spring should tender the visitors a royal welcome.

INVESTIGATING PROSPECTS FOR REFINERY HERE

A representative of the Reece Allen Refinery interests of Wichita Falls was here this week to make an investigation looking to the establishment of a refinery in Big Spring.

They will make a proposition to the citizens on the refinery proposition in the near future.

BOY SCOUTS WILL GIVE DEMONSTRATION AT COAHOMA

The Boy Scouts of this city will go to Coahoma Friday evening to give a demonstration of scouting.

There will be a good program which will be carried on the form of a Scout meeting. There will be signaling, games and first aid demonstrations.

Bert Shive and Theo Ferguson will signal, Howard Smith and Walton Morrison will signal, and Howard Smith and Harmon Morrison will demonstrate First Aid. Theo Ferguson will have charge of the games and stunts. Winston Manuel will be in charge of the laws, and he will select 12 boys to talk on each law.

By having this meeting, we hope to give the boys of Coahoma a good start for their organization and give more pep to our organization also. We would appreciate it very much if the parents or some of the citizens would be present at this assembly. All of the Scouts are prepared to give a good account of themselves.

QUEEN THEATER BEING PAINTED AND IMPROVED

The R. and R. Queen theater is being remodelled this week and when work on same is completed the Queen will be as attractive as any theater in West Texas. A few improvements are being made on the interior of the building and it is being painted. Especially attractive is the finishing that is being given the front exterior of the theater.

COTTON BEGINNING TO ROLL IN

Up to Thursday morning seventy two bales of cotton had been received by Public Weigher J. W. Carpenter. Mr. Carpenter said the number should be doubled before the close of the week if it did not rain.

REVIVAL AT KNOTT

Bro. J. D. Horen, minister of the Church of Christ, Big Spring, will begin revival services at the church at Knott, Texas, beginning Tuesday, Sept. 6 or thereabout. Brother Horen has been conducting services elsewhere and upon his return here will begin this revival meeting. Fine sermons and good singing will be features of the meeting and everyone is extended a cordial invitation to attend.

J. D. Williams recently sold his furniture store at Colorado to I. F. Day of Snyder.

Mrs. Joy Strippling has been on the sick list this week.

Rev. W. B. M. Southerland of Illinois who was scheduled to conduct a series of revival services in this city at the community chapel of the Church of God, at the corner of Tenth and Main streets became critically ill in Cisco, Texas, and was unable to come to Big Spring.

In the absence of the evangelist, the pastor Rev. G. B. Walters is doing the preaching and his sermons are indeed appreciated by the big crowds who are attending services each night. Some inspiring and soul stirring messages have been delivered. Mr. and Mrs. J. Fred Whittaker are in charge of the song services and they are meeting with much success.

Everyone is invited to attend this meeting which will continue thru Sunday night, and possibly longer.

MEXICAN SHOT IN FIGHT LAST SATURDAY NIGHT

As the result of a fight in the Mexican settlement in the north-western section of Big Spring last Saturday a Mexican, aged about 25 years, is in a critical condition with a bullet in his chest, just above the heart; and Ramon Cruz, another Mexican youth is held in jail to await the action of the grand jury.

It is impossible to secure any reliable information relative to the difficulty which caused the shooting.

In addition to being hit in the chest, another bullet plowed a furrow in the scalp of the wounded Mexican.

Little hope is held for the recovery of the man who was shot.

BROTHER AND FATHER OF B. F. ROBBINS DIED

B. F. Robbins who was called to Angeles, Calif. last week by the death of his brother, received the sad news of the death of his father, before he returned from California. He returned immediately to Texas and was joined at San Antonio by Mrs. Robbins who was visiting at Corpus Christi and they went to Trinton, Texas, to attend the funeral of Mr. Robbins' father.

Friends in this city deeply sympathize with Mr. Robbins in the loss of his brother and father and extend heartfelt condolence.

"THE MAN'S STORE" ATTRACTS LARGE CROWD OPENING DAY

"The Man's Store" which had its formal opening last Friday and Saturday attracted a large crowd of Big Spring shoppers on these two days. This new establishment, located in the Ellis building on E. Second street is Big Spring's newest man's store and is up to date in every respect. Elmo Wasson is proprietor of "The Man's Store."

The interior of the store is very attractive, the newest thing in fixtures having been installed and the late merchandise arranged in a very attractive manner in the fine counter cases, cabinets and other furniture.

A high grade of men's wear is kept in stock and a showing of fashions decree in men's suits, shirts, ties, hose, underwear, etc. are kept for the approval of the well dressed men of Big Spring and surrounding territory.

If you were not given the opportunity of visiting the "Man's Store" on the opening days a cordial welcome awaits you at any time.

EAT BIG CAT FISH

Rev. and Mrs. G. B. Walters of the Church of God, were the recipients of a nice big cat fish this week presented by Mr. and Mrs. Neal of Coahoma. According to Brother Walters, the fish was sumptuous eating and was certainly appreciated.

BIG SPRING BAPTIST ASS'N. WILL CONVENE IN STANTON

All Baptists are invited to take notice of the annual meeting of the Big Spring Baptist Association that will convene with the First Baptist Church, Stanton, Texas, on October 5, 6 and 7.

Let all of our churches be sure to send letters and messengers to this meeting.

RETURNS FROM FORT WORTH

Rev. Frank H. Stedman, rector of St. Mary's Episcopal Church, returned Wednesday from Fort Worth where he spent the month of August. Reverend Stedman was in charge of St. Andrew's Episcopal Church, while their pastor was on a vacation. Mr. Stedman states that he liked Fort Worth and met many good genuine people.

ROUND THE WORLD FLIERS

Seldae and Brock who are trying for a round the world trip in the monoplane Pride of Detroit started last Saturday and expect to circle the globe in less than 28 days. Hopping off from Harbor Grace, Newfoundland, they landed in London early Sunday morning. On Wednesday morning they had reached Constantinople and by today they should be in India if all went well.

Mrs. Joy Strippling has been on the sick list this week.

Rev. W. B. M. Southerland of Illinois who was scheduled to conduct a series of revival services in this city at the community chapel of the Church of God, at the corner of Tenth and Main streets became critically ill in Cisco, Texas, and was unable to come to Big Spring.

In the absence of the evangelist, the pastor Rev. G. B. Walters is doing the preaching and his sermons are indeed appreciated by the big crowds who are attending services each night. Some inspiring and soul stirring messages have been delivered. Mr. and Mrs. J. Fred Whittaker are in charge of the song services and they are meeting with much success.

Everyone is invited to attend this meeting which will continue thru Sunday night, and possibly longer.

Luncheon Club Enjoys Session

A Heart to Heart Talk From Dr. J. C. Curran, New York, on Business and Other Talks

By fine "feed" members of the Luncheon Club this of the Methodist for this city.

The cemetery association in existence. The road committee stated they had nothing to submit at this time.

Mr. Allen, the cowboy singer of El Paso, gave an interesting account of the work of men in the border patrol, he being a former employe, and at present a deputy sheriff of El Paso. He told the methods employed in smuggling intoxicating liquor, narcotics and aliens across the Rio Grande and the dangers the men in the border patrol had to face. He delighted the members with two old time cowboy songs, playing an accompaniment on a guitar.

Dr. J. C. Curran of New York founder of the Curran School of Better Business made an especially interesting talk, and even though the customary time was extended twenty minutes not a single member regretted staying to hear the important message Dr. Curran had to deliver.

He spoke on the subject, "How to Make a Better Success of Your Business." He advised every man engaging in business to take God in as a partner. He next advised treating your customers in your store as courteously as you would if they were guests in your home. Making every transaction one you will never have to be ashamed of is necessary if you wish to succeed. Be a friend to your customers and you will never lack for friends. Being natural is the best way to win friends. He asked how many could point to some worthy accomplishment for the home town, and urged each one to pile up such accomplishments. He said if Big Spring was a good town it was entirely due to the good women.

He pointed out bad practices to be found in most every business house and urged their correction. He advised business men to get out and mix more, learn to remember people's names so they would be able to greet the folks when they entered your place of business.

Mr. Curran gave an exhibition of a memory test by addressing every member of the Luncheon Club by name, and yet he had heard their names but once.

He said every man, woman and child could improve themselves by being clean, mentally, morally and physically. Business men especially who failed to improve themselves were due to fall by the wayside. Dr. Curran did not attempt to hand out any soft soap but told plain facts, showing our shortcomings and what we should do to correct same. He is a big man, a most interest speaker, and his message was indeed appreciated.

The following were named to be in charge of the next meeting, J. F. Wolcott, A. M. Fisher and T. S. Currie.

SICK BABY TAKEN TO CLAUDROFT, N. M.

Mr. and Mrs. Alfred Moody and daughter, Elizabeth and her nurse left Tuesday night for Cludcroft, N. M. where they hope the cooler climate will prove beneficial to Elizabeth's health. The child, age three, has been quite ill the past week and it was thought that her condition showed slight improvement when she left Big Spring for Cludcroft Tuesday night.

A telegram from her parents Wednesday morning stated that she stood the trip well, and that the doctors stated that her condition had taken a favorable turn.

DODGE AGENCY IN WEST TEXAS SOLD TO JOHN M. HENDRIX

The Dodge agency in eighteen West Texas counties has been sold by H. B. Allen of Sweetwater to John M. Hendrix of Tyler, Texas, who is to take charge of the Colorado house and those at Sweetwater, Big Spring and Midland as soon as invoicing and details can be closed up.

Mr. Hendrix, Mr. Allen and John R. Carr of the Dodge factory were in Colorado Wednesday having the stock invoiced and preparing for the transfer.

All of the territory west of Colorado had been checked up to Wednesday and the Sweetwater agency was checked over Thursday. The change will become effective at once upon completion of the deal.

It was said here Wednesday that approximately \$75,000 was involved in the deal. The Allen agency covered a territory of eighteen counties in the vicinity of Colorado and west of this city. General offices of the Allen agency were at Sweetwater. Allen maintained sales rooms and service stations at Midland, Big Spring, Colorado and Sweetwater. Colorado Record.

DIVERSIFICATION NOT A CURE - ALL

When times are hard in agricultural communities, many an unthinking person shouts, "diversify." Diversification is prescribed as a cure-all for all the ills of agriculture. There are many farms where conditions suggest diversification. There are other farms where special crops can be produced advantageously. There is such a thing as intelligent diversification, and this kind should find a place on most farms. Some farms and some farmers are adapted to specialization, but even non these farms diversification should be considered in such a way as to permit of crop rotation in order to maintain the soil fertility and increase production of the special crop.

Farm and Ranch believes in specialization as well as in diversification. It believes that every farmer should learn to do at least one thing well. If he knows dairying and likes it, dairying should be his job. If he is a good cotton grower he should locate on a farm adapted to cotton and make that his chief crop. Farm and Ranch does suggest that even on the cotton farm other crops should be planted in sufficient quantity to produce the feed for the work animals and as large a variety of food for family use as conditions will permit. Farm and Ranch also suggests a good cow, some good chickens and a good brood sow. The cotton farmer should place himself in such a position that his special crop will not have to be sacrificed at harvest time. The farmer who depends entirely upon cotton or any other single crop for all of his income has never succeeded. He never will specialize if you will, but do not do so to the extent that the soil is robbed of its fertility or to the exclusion of everything else.

Farm and Ranch has always contended that if only such land were put into cotton as would produce a profit, the acreage question would be solved. Thousands of acres — even several million acres — are yearly planted to cotton when there is not one chance in 100 that the cost of production will be realized. Such lands should be planted to such crops as will tend to build up the soil.

Plant only such lands to cotton as will produce a profit in normal seasons and there will be no surplus production. Bear this in mind as you go over your farm and begin to plan your program for next season. Farm and Ranch.

NEGROES SELL COTTON PICKERS SEVERAL TIMES

Negroes victimizing farmers in search of cotton pickers are being rounded up by the police at Fort Worth.

The scheme of the alleged farm hands is to approach farmers, offering to get them cotton pickers at so much a head, or for a group price of from \$10 to \$15. He appears with a group of pickers, gets his money and later the pickers disappear. In this way the same group of pickers is "sold" several times a day. Fort Worth Star-Telegram.

Diamonds over 150 bargains to select from, at Wilke's Jewelry and Optical Shop — the diamond house of West Texas.

Mrs. S. P. Dally and children, James, Mildred and Annabel arrived last Friday morning for a visit with relatives and friends, in this city.

JUST OVER THE RIVER

In loving memory of our dear mother, Mrs. J. L. Robertson, who departed this life, May 22, 1927. Just over the river, she is beckoning me, One whose face we cannot see, A face so lovely, pure and bright, She's waiting for me through the darkest night.

Just over the river, her voice I hear, Through the lone sad hours to comfort and cheer, A voice so sweet in days of yore, Brought joy and comfort o'er and o'er.

Just o'er the river a beckoning hand, Kindly beckoning to a better land, That had so gentle that led me on, In the way of life toward the great beyond.

Just over the river, Oh! mother love, Sent like an angel from Heaven above, To bless our home for seventy-five years, Through sunshine and shadows joys and tears.

But, alas, our darling mother, Our God has called thee home, In answer to His summons, Thou hast left us all alone.

But the same sweet voice that called thee, One day will call us, too, And we are trying to live that when the summons comes, We'll be at rest with you.

Just over the river, in the sweet bye and bye, In the land of flowers that bloom on high We will meet with mother (Oh! blessed thought)

When the battles of life have all been fought, Just over the river, in that home above, She's waiting and looking for those she loved,

With a loving heart and outstretched hand, She's waiting for us in a better land We loved our darling mother, but Jesus loved her more,

And sweetly He has called her to yonder shining shore, The pearly gates were open, a gentle voice said, "Come,"

We said goodbye to mother, but it was after she had entered her heavenly home.

For e're we could reach her, after our messages received, God has called her home.

Mrs. Cull McDonald.

BAPTIST CHURCH ORGANIZED AT PANTHER DRAW

A very successful revival meeting was brought to a close at the Panther Draw school last Sunday night, the meeting having continued thru two weeks. Services were conducted by Rev. S. H. Horton, Baptist minister of Big Spring. Seventeen professed faith during this meeting and were baptised Sunday afternoon in a tank at Lucien Wells ranch house. Good sermons were delivered thruout the meeting and an unusually good attendance marked every service.

During this meeting a Baptist church organization was perfected.

FOSTER'S WEATHER PROGNOSTICATION

Washington, Aug. 25 — The storm wave that is expected to cross the continent during the week centering on Aug. 27 will be very severe, probably dangerous in some localities; during this storm wave, an extreme depression, an area of extremely low barometric pressure, is expected to form near Lower California, move eastward in Southern States to eastern great central valleys, thence northeastward to St. Lawrence Valley. The probable result of this condition of extremes of air pressure will be heavy precipitation in southern tier of States, North Pacific slope, spring wheat belt of United States and Canada, excepting just east of Rockies, and in great central valleys and western plains near Aug. 30; severe storms in southern and eastern great central valleys near Aug. 29 and along South Atlantic Coast near 31. General average temperatures are expected to move sharply to lower levels from Aug. 27 to Sept. 2 and to be much below normal from Aug. 29 to Sept. 6. Crops that are in condition to be damaged by killing frosts and are not nipped by Sept. 6 west of the Appalachian range or by Sept 9 east of that range will be expected to escape killing frosts until late in the month. September, 1927, will prove my

contention that extremes are far more important to agriculture than are averages of months or other long periods. Average temperatures of month will be from about a little above normal generally, but the crop weather that will be most influential will be very severe storms and cold wave centering on 3 dangerous storms centering on 25, followed by cold wave and period of above-normal temperatures centering on 18. Government officials claim that there has been nothing unusual in 1927 crop weather to date excepting heavy precipitation and floods in southern great central valleys. I believe that September, 1927, will prove to be a month of great extremes, the greatest of a season of unusual extremes. Moderate storms will center on 8, 12 and 19. Precipitation will average moderate or about normal for the continent and will come from the southwest. Most precipitation will fall during weeks centering on 4 and 24, during which periods too much moisture will be expected in principal spring wheat belt, in cotton belt east of longitude 100 and in eastern great central valleys and central and Northern Atlantic slope. Autumn officially starts on Sept.

News From Other WT Fields

Reagan County Oil News
 All indications point to greater interest and activity in drilling and leasing near Big Lake. The Shaffer and Powell-Williams fields south are attracting considerable attention just at this time with two or three wells to be started at an early date.
 The Shaffer well, twelve miles southeast of Big Lake, has been shut down for the past few days waiting on tools, but will start up again soon, it is reported. This well is now standing in oil and the bit stopped in oil bearing formation. It has excellent chances of making a small well.
 The Henshaw Oil Co. has a rig up and is moving in tools to start a well north of Shaffer, in section 14, block 48, University land. There is considerable leasing activity reported in the area around the Shaffer-Henshaw holdings with several of the major companies securing acreage.
 In the Powell-Williams field three wells are nearing the oil sand and all three logging with the producers.
 T. W. Suttlemeyer has let a contract to Grover C. Parish, C. A. Jones et al for a 3000 foot test in the Powell-Williams field, which will start by the first of September. This location is 1200 feet southwest of the Williams producer and has every surface indication of being in line and on the structure.
 Activity is again apparent around the Moody territory north of Big Lake four or five miles with the Moody Corporation buying acreage north, east and south of the old T. & P. well about two or three miles northeast of Big Lake. —Big Lake Wildcat.

Callahan County Oil News
 Swope and others No. 1, Gary in section 40, D. & D. A. survey, have top of sand 435 feet, with a nice showing of oil. It will be drilled in a few days.
 Empire No. 1, Jhonson, is now reported to be making 300 barrels daily and considerable water.
 Warren Hayes Oil Corp. have apparently opened a new shallow field just east of Putnam, on the Brandon land. They are starting another offset to the south on land owned by C. C. Andrews of Baird. —Baird Star.

Drilling on Two Wells
In Mitchell County Field
 Oil activities in Mitchell County field have been somewhat slack during the past week. No new wells have been brought in and no new locations have been definitely made. Something more is expected during the coming week, however, according to information given the Record.
 Drilling on two wells has been going forward. The Adams 2-6 of the California Company is drilling in gray lime at 2145 feet, and their Womack No. 8 is also in gray lime at a depth of 2970 feet. —Colorado Record.

like the rest of the oil fraternity, that this well will make good. —Pecos Enterprise.

Reagan County Oil News
 All indications point to greater interest and activity in drilling and leasing near Big Lake. The Shaffer and Powell-Williams fields south are attracting considerable attention just at this time with two or three wells to be started at an early date.
 The Shaffer well, twelve miles southeast of Big Lake, has been shut down for the past few days waiting on tools, but will start up again soon, it is reported. This well is now standing in oil and the bit stopped in oil bearing formation. It has excellent chances of making a small well.
 The Henshaw Oil Co. has a rig up and is moving in tools to start a well north of Shaffer, in section 14, block 48, University land. There is considerable leasing activity reported in the area around the Shaffer-Henshaw holdings with several of the major companies securing acreage.
 In the Powell-Williams field three wells are nearing the oil sand and all three logging with the producers.
 T. W. Suttlemeyer has let a contract to Grover C. Parish, C. A. Jones et al for a 3000 foot test in the Powell-Williams field, which will start by the first of September. This location is 1200 feet southwest of the Williams producer and has every surface indication of being in line and on the structure.
 Activity is again apparent around the Moody territory north of Big Lake four or five miles with the Moody Corporation buying acreage north, east and south of the old T. & P. well about two or three miles northeast of Big Lake. —Big Lake Wildcat.

Callahan County Oil News
 Swope and others No. 1, Gary in section 40, D. & D. A. survey, have top of sand 435 feet, with a nice showing of oil. It will be drilled in a few days.
 Empire No. 1, Jhonson, is now reported to be making 300 barrels daily and considerable water.
 Warren Hayes Oil Corp. have apparently opened a new shallow field just east of Putnam, on the Brandon land. They are starting another offset to the south on land owned by C. C. Andrews of Baird. —Baird Star.

Just north of town will be drilled another 500 feet, and work is now under way. The well was closed down in May at a depth of 3250 feet after a slight showing of oil was found.
 Further drilling was decided upon, in hopes of striking a pay vein within the next 500 feet. —Noian County News (Sweetwater).

Strike Oil at Ballinger
 San Angelo, Aug. 27.—The R. L. McMillan No. 1, five miles north of Ballinger, came in for a good showing today at 2545 feet, opening a new field in what for four years has been considered a "grave yard strip" in the oil industry. It is making half a barrel hourly by heads. A test shows the oil to be of 42 gravity. Semper Kimberlin of San Angelo, independent oil operator, purchased from McMillan a one-sixteenth royalty on a \$200 an acre base for \$20,000.

Gaines County
 Westheimer & Daube are assembling all the necessary materials and equipment at their test southeast of Seminole for the installation of standard tools. Workmen are on the ground for this change from rotary tools, the present depth around 4000 feet, having been reached with a rotary outfit. Eight inch casing was set several days ago, and the drilling crews will be here Saturday ready to begin their work. Drilling will be started some time next week. —Seminole Sentinel.

MEN WHO CLAIM LAND BELONGS TO GOD ARE FREED
 Pleas of guilty were entered in the county court last Monday, August 1, in the cases of the State of Texas vs. Rudolph and L. J. Bowling for failure and refusal to render their property for taxation, and they were fined \$20 and costs. These parties were arrested on July 30 by Sheriff Blaylock and brought from Gause to Cameron. They refused to make bail and sued out a writ of habeas corpus before District Judge John Watson, who remanded them to custody and still refusing they were placed in jail until the meeting of the county court on August 1.
 Following the pleas of guilty entered by the men they agreed to pay the county all taxes due on the property they own at Gause which they had asserted belonged to God and for the Almighty.
 This ends a long series of pressure to get the tax money from this property and indications are that the claim will no longer be made that the property belongs to God. —Cameron Herald.

SOME CITIES MAKE THEM PAY

Bryan owns its own public utilities and the big problem is how to spend the profits, which average more than \$40,000 a year. The people will be called on September 6 to vote on an amendment to the city charter to enable the city commission to spend part of the profits for schools and streets. At present the profits must be expended only at the plant. —Scurry County Times (Snyder).

If Big Spring could make public utilities pay in the same proportion our schools could certainly use the \$40,000 per year. It might pay to investigate how Bryan accomplishes this.
 If you own property in Big Spring you are "A Gump" if you refuse to assist in working for the best interests of the community.

A little less knocking, and a little more willingness to work with the other fellow when he is trying to help you and your town is the medicine we need just now.

Ed Gray has let the contract for a new home in the southeastern portion of Big Spring. This is to be a frame structure of five rooms and bath. C. A. Talbot has the contract to erect this home.

Mrs. L. C. Vann returned last Wednesday from Plainview where she visited her parents, Mr. and Mrs. E. A. Young, her sister Mrs. V. R. Rogers and brother W. A. Young and family.

WILL GO TO BIG SPRING

Miss Lillian Hancock will leave within a few days for Big Spring where she has a large class in voice. She has recently returned from New York City, having taken a course under one of the leading voice directors of that city. Possessing a natural voice of rare sweetness and under careful training, she is recognized as one of the outstanding singers of the state. For several years she has been director of choirs and a teacher of voice in a number of East Texas cities. The citizens of Big Spring are to be congratulated on the coming of Miss Hancock to their city. —Rusk County News.

NEW OIL WELLS ARE BROUGHT IN
(Continued from page 1, Sec. 1)

World Oil Co.'s McDowell No. 1 on the L. S. McDowell ranch, 20 miles south of Big Spring.
In wells drilled on this ranch in the past, oil sands were encountered around 2560, 3200 and 3780 feet. It is expected that this test will encounter the 3200 or 3780 foot sand.

Harrison Et Al No. 2 a Producer
The Harrison et al No. 2 being drilled on section 156 of the Dora Roberts ranch is pronounced a good producer. Some estimate production at 150 barrels per day.

The oil sand was encountered at 1720 feet and the drill was sent on down to 1735. Storage tanks are being moved to location.
This well is near the producing wells recently secured by the F. H. E. Company.

A New Test Northeast of Big Spring
A location has been made for a new test well northeast of Big Spring by Mayes, Nixon and others. The location is on the W. J. Flowers place on the northeast quarter of section 42, block 31, tap. 1N.

Oil Showing in Houston No. 1
A showing of oil has been encountered in the Landreth Petroleum Co.'s test well in Martin County near the 3200 foot mark. This test is on section 12, block 35, tap. 2S.

Oxshier No. 1 Has Showing
Reports from the Oxshier No. 1 which is being drilled by the Green Production Co. on the F. G. Oxshier ranch in Glasscock County state that an oil showing was found at 3110 feet. This is the second showing of oil encountered in the Oxshier well, the first one having been encountered at 1900 feet with a strong showing of gas.

Marland to Drill on Connally Ranch
Materials have been moved to the northeast quarter of section 15, block 33, tap. 1S on the Connally ranch, three miles south of Big Spring where the Marland Oil Co. will drill their Connally test well No. 1.

This well is located three miles northeast of the Texon-Marland J. B. Harding No. 1 which is producing 31 barrels by daylight pumping.

At the Gultar No. 2
The Marland Oil Company will start their second test well on the Gultar ranch, west of Big Spring in the near future. Location is in the center of the southwest quarter of section 14, block A, Bauer and Cockrell survey. They are now drilling a water well to secure a water supply for this test.

Marland Quinn No. 1
The Marland Oil Company is drilling below 2600 feet in their Quinn No. 1 on the Quinn ranch southwest of Big Spring.
A salt formation is now being encountered.

Vitek Hits Show
The Vitek No. 4, drilling on SE-1/4 of section 126, block 29, west and northwest Howard County, picked up a showing of oil and gas at 1335 feet. The final string of

casing will be set around 1500 feet, preparatory to drill to the 1800-foot level. The Vitek has also spudded in Nos. 5 and 6 on this same section. This is proven territory and a good producer is almost certain.

New Tests Planned
The Bradshaw corporation is rigging up for a test well on section 135, block 29, W. & N. W. survey.
Lee Flowers et al have made a location on the northeast quarter of section 42, block 31, tap. 1N. This location is 6 miles east of Big Spring.

Ryan Petroleum Co. Plans 2 Tests
L. S. Ryan of the Ryan Petroleum Co. was a business visitor in Big Spring the forepart of the week.
This company has a lease on 4320 acres of land in the C. D. Read ranch in the eastern part of Howard County on which they are to drill two test wells. An extension to Sept. 15 to start a test on this acreage has been granted.

Marland Haynes No. 1 Drilling
The Marland Oil Company is drilling below 400 feet in their Haynes No. 1. Location is on the southwest quarter of section 20, block 32, tap. 1N. This test is about four miles north of Big Spring.

Magnolia Deep Test
The Magnolia Petroleum Co. is rigging up for a deep test on section 135, block 29, W. & N. W. survey. This test is in the southern portion of Howard County on the W. R. Settles ranch.

California Co.'s Currie No. 1
The California Co. is drilling below 1700 feet in their W. B. Currie No. 1 on the W. B. Currie ranch in Glasscock County.

CARLSBAD CAVERN NOT CLOSED

Some are led to believe that the Carlsbad Cavern has been closed recently on account of the scare of infantile paralysis in parts of New Mexico.

Contrary to this fact the Cavern is open 365 days out of the year, according to a dispatch from the Carlsbad Chamber of Commerce. During the month of August over 7700 visitors are said to have visited the Cavern.

DIAMONDS — DIAMONDS

BISHOP AND COUNCIL TO MEET IN SWEETWATER, SEPTEMBER 8

The annual meeting of the Bishop and council of the District of North Texas, Episcopal Churches will be held at St. Stephens Episcopal Church in Sweetwater, Texas, on Sept. 8. There will be service and Holy Communion at 7:30 o'clock in the morning. Business sessions will be held throughout the day at the Hotel Wright. Services in the evening will be conducted by the Reverend Willis Gerhart of Abilene.

Everyone interested is invited to attend this meeting.

Personal Mention

Betty Louis, 3 year old daughter of Mr. and Mrs. O. L. Williams, stricken with infantile paralysis, is reported to be getting along nicely.

Mrs. E. R. Newell of Uvalde is a guest in our city visiting her daughter, Mrs. James Little.

Miss Rubye Lee Service of Plainview was the guest of Miss Frances Melton and Miss Loula Cardwell in this city this week.

Mr. and Mrs. L. L. Freeman and children returned Tuesday night from a three weeks visit in California and Arizona.

Three repair men kept busy every minute at Wilke Jewelry and Optical Shop. "There's a Reason" — A Better Job for Less Money. Give us a trial and you will be so well pleased you'll want to come back again. WILKE'S.

Rev. W. C. Hinds and family visited relatives and friends in Seymour a few days this week.

Geo. T. Wells, rig builder of Borger and Oklahoma, is being held here on a charge of forgery under \$750 bond. He was arrested at the request of officers in Oklahoma.

John Northington has been made a game warden for this district and desires the cooperation of all hunters in the observance of all the game laws.

Mr. and Mrs. C. J. Shultz and children, Ross, Kenneth and Covin, left Monday for an auto trip to El Paso where they will visit a daughter, Mrs. C. V. Walker.

Mr. and Mrs. Shine Philips and children returned Wednesday from a two weeks visit through points of interest in New Mexico and Old Mexico.

Mrs. Harvey Williamson and daughter, Minnie Bell, arrived Tuesday from Laredo for a visit in this city with relatives and friends. Mr. Williamson and Mr. and Mrs. John Seymour of San Antonio are expected to arrive Saturday for a visit in this city.

Mr. and Mrs. J. L. Milner returned Wednesday from a several weeks visit with relatives and friends in California.

Mr. and Mrs. Earl A. Read and Mr. and Mrs. T. E. Baker returned Tuesday night from a several weeks visit with relatives and friends in California.

Mr. and Mrs. J. W. Couch of San Antonio, enroute to Lubbock visited their niece, Mrs. M. L. Murgrove, here Sunday.

Joe Weisen and family of Ranger have been visiting his mother and other relatives here this week. Mr. Weisen recently had the misfortune to suffer quite a property loss when his auto top shop at Ranger was damaged by fire.

Mrs. Gooch Stockton of Big Spring and her daughters, Mesdames J. F. Northington and J. Q. Kirby of Kentucky, were in Colorado Tuesday. They visited Mrs. W. L. Doss, who took them to the Country club and other places they wanted to visit.—Colorado Record.

John Dillard and family returned last week from an auto trip to Angelo, Dallas, Dallas, and other points. One of the miles were covered on the Big Spring. Mr. Dillard reports spotted all thru the section he traveled.

Three repair men kept busy every minute at Wilke Jewelry and Optical Shop. "There's a Reason" — A Better Job for Less Money. Give us a trial and you will be so well pleased you'll want to come back again. WILKE'S.

Charles Bynum was able to be moved to his home Wednesday, from the hospital.

J. W. Higgs Jr., Mrs. J. W. Higgs Sr., and two daughters returned Wednesday from Idabel, Okla.

Bill Potter has resigned his position in the gents department of the J. & W. Fisher store. Mr. Wheeler, formerly with the A. P. McDonald Co., succeeds him in this position.

Mr. and Mrs. Claud Stewart of El Paso arrived last week for a visit in this city with relatives and friends. Mr. Stewart returned home Sunday but Mrs. Stewart remained in this city for a visit with Mrs. W. C. Barnett.

H. A. Bradley, manager of the Oil Well Supply Co., had a narrow escape from serious injury when his Buick coupe overturned on the Bankhead highway, west of Midland the first of the week. Bruises on hip and shoulder were the extent of his injuries. The blowing out of a tire caused the accident. Another man in the car with Mr. Bradley also escaped with slight bruises.

A. H. CRAWFORD CLAIMED BY DEATH THURSDAY

Friends throughout the city were shocked and saddened when the announcement spread through the city Thursday morning that A. H. (Gus) Crawford was dead. The shock to his family was great, also, since Mr. Crawford had never been ill. He had worked up to Wednesday night, and had planned to leave Thursday morning with his family on a vacation trip to Lubbock and points in New Mexico. He remarked at the evening meal that he had worked hard this summer but that he would not do so in the future as life was too short to deny oneself needed rest and recreation.

He retired at the usual time but when Mrs. Crawford awakened shortly after eleven she found Mr. Crawford was sitting out on the porch. He informed her that he had a severe pain in his chest. Unable to lessen the pain by rubbing, Mrs. Crawford summoned a physician who prepared some medicine and left. The medicine did not give Mr. Crawford relief, so he said he was going to be compelled to lie down. In just a few minutes, and before the doctor could reach his bedside, he breathed his last.

Mr. Crawford who was aged 53 had made his home in West Texas for a long number of years during which time he had served as section foreman for the Texas & Pacific Railway Company. They had no more loyal or hard working man on the entire system. He was honest and conscientious in his every transaction, and while he expected his men to give an honest days work he was kind and considerate to them. He was a true friend, a good citizen and many hearts are saddened by his untimely death. He was ready to meet his Master; and it can be said of him that he faithfully performed his allotted task on this earth.

Funeral services will be held at the Methodist Church at 5 o'clock (this Friday) afternoon and interment will be made in Masonic cemetery.

He is survived by his wife and three sons, James, 19; Preston, 17; and Robert, 15, and to those who sorrow for their loved one is tendered the heartfelt sympathy of our entire citizenship.

MRS. CHAS. POWELL DEAD

Many hearts were saddened at the death of Mrs. Susan M. Powell, 39, wife of Charles Powell, who passed away about 9:30 o'clock Wednesday evening. Her infant babe, Jim Powell, was also claimed by death and mother and babe will be buried together.

Funeral services will be held from the J. O. Tamsitt residence, 307 Johnson street at three o'clock this (Friday) afternoon and the remains will be laid to rest in the I. O. O. F. cemetery. Rev. W. C. Hinds, pastor of the First Methodist Church will be in charge of the services.

Mrs. Powell was well liked by many friends in Big Spring, and being a woman of kindly nature and sweet disposition, she won friends easily. Everyone who knew her, loved and admired her many fine traits of character, and her death is sincerely mourned. She was a good christian, living by the teachings of the Golden Rule, and was ready to meet her Master in that Home on High.

Surviving is her husband, and three sons, Thomas Birch, Charles Birch, Victor Birch, all of El Paso, and all of whom will be here for the funeral.

Heartfelt sympathy is extended to the bereaved ones in this sad hour.

Miss Jessie Mae Hurst of Bay City is a visitor in our city the guest of Mr. and Mrs. Chessnut.

Mr. and Mrs. B. N. Ralph and daughter, Juanita, returned Wednesday from a visit with relatives and friends in Greenville and Dallas.

Miss Lillian Hancock and Miss Gwendolyn Bittle arrived Thursday from Henderson, Texas. Miss Bittle has been visiting relatives and friends at points east the past two months. Miss Hancock is a sister of Mrs. P. B. Bittle and will teach voice in this city this winter. An announcement of the date of the opening of her studio will appear later.

Mr. and Mrs. W. A. Reynolds, Mrs. Lela Finch and Miss Annie Finch spent Sunday in Eden visiting relatives.

Mrs. G. E. McNew and daughter Miss Frances and Mrs. R. Homer McNew returned Saturday night from Fort Worth, where they had been the past several weeks with Miss Frances who was under medical attention. She underwent an operation for the removal of her appendix and is reported to be getting along nicely and regaining her strength quickly.

Mr. and Mrs. W. B. Potton and daughter, Willie Bell, after a visit in this city with relatives and friends left Saturday morning for their home in Santa Rita, N. M. Miss Helen Hayden accompanied them to Santa Rita for a two weeks visit.

Mrs. Jno. Chaney and children are visiting relatives in Glasscock County.

Stomach Gas Drives Man From Bed

"I had gas so bad I had to get up nights on account of the pressure on my heart. I used Adlerika and have been entirely relieved." — R. F. Krueger.

Even the FIRST spoonful of Adlerika relieves gas and often removes astonishing amount of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you. J. D. Biles, Druggist, and Cunningham & Phillips.

**WHAT'S DOING
IN
WEST TEXAS**
By
West Texas Chamber Commerce

Pampa — Pampa won the 1925 district convention of the Panhandle North Plains region of the West Texas Chamber of Commerce following a close contest at the Wellington meet August 25. The 1927 gathering was one of the most successful held this year, with more than 421 registered delegates.

Happy — Construction is underway on Happy's new high school building. The contract calls for completion by first of January.

Midland — A rodeo that is expected to draw the best riders from 3 states, and which offers the largest purse since pre-war days is scheduled to take place in Midland September 5, 6, and 7. West Texas, Oklahoma and New Mexico will send a large part of the attendants at the mammoth three day celebration. Relhy races, street dancing, cowboy reunion, and rodeo attractions are among the high points of the entertainment.

Iowa Park — Parties interested in dairying and in improving the present dairy industry of Iowa Park territory have formulated plans for a definite organization to promote these interests. Election of officers, appointment of committees, methods of purchasing additional dairy cows, and sale of dairy products are the first problems that will be considered.

Marfa — A baker shop is to be opened here by two young men from Ozona, the new enterprise to start work about September 1.

Hereford — Operation of Hereford's new \$3,800 pumping unit has begun, following installation of new equipment. The pump has a capacity of nearly 1200 gallons per minute.

Ranger — Ranger has invited officials of the West Texas Chamber of Commerce to take part in Ranger's Homecoming Oil Jubilee to be held here October 21-22, celebrating the tenth anniversary of the discovery of oil in Eastland County. Prominent oil men of the state and nation are expected to attend the celebration.

Brady — Brady is going ahead with preparations for her famous "Turkey Trot" fete. It is expected that the show will be one of the biggest and best yet held, as many visitors from far points will attend due to the fact that Cuero's annual turkey exhibition will not be held due to adverse crop conditions.

El Paso — Manager Homer D. Wade has issued invitations to Governors of two states and the governor of Chihuahua, Mexico, as well as other high officials of Texas and New Mexico, to attend an international highway conference in El Paso September 24, the occasion of Col. Lindbergh's visit to the border city. The prime purpose of the proposed meeting is to coordinate better the highways that lead from West Texas and the Republic of Old Mexico, and New Mexico.

Spur — The Educational Committee of the West Texas Chamber of Commerce headed by Clifford B. Jones of Spur, is broadcasting to territory of the regional organization announcement of a profitable type of agricultural training easily available to its member towns. Under the Federal Smith-Hughes law, local chambers of commerce or local schools can secure services of a Texas Agricultural and Mechanical College graduate to teach vocational agriculture and promote agricultural interests, with half or more of his expenses borne by the government. The amount of the salary paid by the government depends upon the amount of time the teacher devotes to agricultural work. The Smith-Hughes teachers often sponsor fairs, encourage distribution of good seed, terraces, help with insect control, conduct night schools with farmers and boys out of school, and do work of farm nature that is highly beneficial to any section.

Miss Carrie Scholz and mother returned last Thursday night from a three weeks visit with Mr. and Mrs. T. E. O'Keefe in Fort Worth.

John Schram returned last week from an extended visit with relatives in Pennsylvania. He also visited New York and points in Canada. John says it's a shame a good looking fellow like himself wasn't a millionaire so he would not have anything to do but travel in style—instead of on a T. & P. freight train.

BIG CELEBRATION IN MIDLAND BEGINNING LABOR DAY, SEPT. 5

Many visitors from Big Spring, Stanton, Odessa and other towns of West Texas are expected at Midland next Monday, Tuesday and Wednesday, Sept. 5, 6, and 7, when a big rodeo will be staged. To entertain visitors of all tastes other features besides roping, riding, bulldogging and other cowboy performances have been added.

Bathing beauty revues each evening at 6 o'clock at Pagoda Park, street dancing each night, horse racing each afternoon will be extra attractions. Union labor of Midland will stage a big parade Monday morning.

Cattlemen and their families from all sections of West Texas are expected to attend, as Midland is promising the biggest rodeo staged in this part of West Texas since the days before the war.

ELBERT HUBBARD SAYINGS

"We help ourselves only as we help others."

"There is no such a thing as success in a bad business."

"What a superb thing it would be if we were all big enough in mind to see no slights, accept no insults, cherish no jealousies, and admit into our heart no hatreds."

"I try to fix my thought on the good that is in every soul, and make my appeal to that. And the plan is a wise one, judged by results. It secures for you loyal helpers, worthy friends, gets the work done, aids digestion and tends to sleep o' nights. And I say to you that if you have never known the love, loyalty and integrity of a proscribed person, you have never known what love, loyalty and integrity are. I do not believe in governing by force, or threat, or any other form of coercion. I would not arouse in the heart of any of God's creatures a thought of fear, or discord, or hate or revenge. I will influence men, if I can, but only by aiding them."

CARD OF THANKS

We wish to take this method of expressing our sincere thanks and appreciation to our dear friends and neighbors for the many deeds of kindness rendered us during the illness and death of our dear wife and mother. We will ever remember your thoughtfulness in our sad hour. Especially do we wish to thank those who sent floral offerings. We pray God's richest blessings for you all.
W. J. Sneed and baby.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded. That you summon, by making publication of this Citation in some newspaper of the County of Howard if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Howard County, for four consecutive weeks previous to the return day hereof, Cecil Wheeler, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Howard at the Court House thereof, in Big Spring, Howard County, Texas, on the First Monday in September, 1927, 5th day, then and there to answer a Petition filed in said Court, on the 3rd day of August A. D. 1927, in a suit numbered on the Docket of said Court No. 1115, wherein W. E. Wheeler, is plaintiff and Cecil Wheeler, is defendant. The nature of the plaintiff's demand being as follows, to-wit: That Plaintiff is an actual bona fide inhabitant of the State of Texas, and has been for more than one year and an actual bona fide inhabitant of Howard County for more than six months next preceding the filing of this suit; that Plaintiff and defendant were married January 19th, 1911, and the marriage relation still exists; that at the time of the marriage the Defendant had three children, one girl and two boys; that Plaintiff loved them and educated them, and treated the defendant with love and kindness; but after the children were about grown Defendant became estranged and entered in upon a series of cruel treatment towards Plaintiff continuously nagged and falsely accused him of improper relations with other women and together with their oldest son forcibly ejected him from his own house and ordered him to leave, and about the 15th of January, 1927, Plaintiff abandoned Defendant with the intentions of never living with him again; that her course and series of continuous nagging false accusation and forcible ejection constituted such cruelty as to render their living together further as insupportable. Plaintiff prays for judgment of divorce.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this, the 3rd day of August, A. D. 1927. (Seal)
47-4t. J. I. PRICHARD, Clerk.
District Court, Howard Co., Texas.

STILL A BOOSTER FOR HOWARD COUNTY—AWAY FROM HOME

W. H. Cardwell, an old Llano County man, who for many years has been living in the Big Spring country, and where he has made quite a success in farming, has been here for several days visiting with relatives and friends. In speaking of the Big Spring country and that on further north, he stated that the present year had been a hard one on most of that section of the State.

Owing to the protracted drouth in the early spring, many fields were never planted to crops of any kind, then later on, when the rains did appear, these fields were planted, but at a late season and with the extreme heat and drouth of the summer, they have done little good.

Mr. Cardwell said that in some sections average crops would be made, while in other parts of the country, the yield would be exceedingly light. This bad condition exists more to the north of the Cap Rock country, and extends on into New Mexico.

However the present year is not discouraging Mr. Cardwell. He says he has been in that country long enough to see wonderful developments and well knows that a year with a crop failure is not going to retard conditions to any great extent.—The Llano News.

LETTER FROM A READER

The Editor Herald:

Your article concerning the faith of our old friend G. Y. Wilson in the merits of the climate and soil of Howard County was a worthy one. I was glad to read the article knowing G. Y.; if you meant to tell some of his virtues, in the sentiment of the Queen of Sheba, who looking on the glories of Solomon and his kingdom "The half has not been told."

G. Y. thinks he has the best neighbors in the world, glorious thought. I have heard him say in his opinion that for virtue, intelligence, and real manhood, Howard County had no superior in Texas, and he says it so emphatic, that I believe it myself now.

For twenty four years I have known him and for the first time I have got to hear him condemn his fellowman for anything; if they have faults he has learned to spread the veil of charity over them; if he can't say something good he says nothing; in every man he seems to be constantly looking for the good. I honor him as a citizen, his life is to be commended to all, and I pray each day to be more like him, should he outlive me, I want him to stand at my bier, if there has been anything good in my life that ought to be commended, he will find it.

J. D. Cunningham
 Big Spring, Texas.

John Currie returned Friday night from a weeks visit in Dallas, Fort Worth and Denton.

COTTON SEED CAN BE PUT TO MORE USES

Suppose somebody were to come out with a program for more cotton seed from fewer acres? It sounds ridiculous. Many, many farmers will content themselves with inferior lint in order to get a better gin turnout, as they say, meaning less seed and more lint. The seed is regarded as an unfortunate necessity in cotton growing. It used to be even more unfortunate. Gins used it for fuel, and in some States, the Charleston (S. C.) Post says, laws had to be enacted to keep farmers from dumping their unsalable seed into streams.

Nowadays many wonderful products are made from cotton seed. But these products meet competition which keeps down the price it is possible to pay the farmer for his seed. The Cotton Seed Crushers Association is preparing to foster a systematic research into possibilities of cotton seed. They will seek new uses for the hull, the meal and the oil. Doubtless they will find new uses for linters as well.

That sort of technical service is of the widest benefit to the South. It is entirely possible that it will result in growing cotton for the seed. At least it ought to bring about a price for seed which will make first-class cotton profitable both for its seed and for its lint.

There are hundreds of Southern students who are pursuing advanced studies in chemistry and allied sciences. Many of these undertake original investigations into the possibilities of natural products. If every Southern institution of higher learning encouraged its advanced and graduate students to turn to cotton for subjects of investigation and experiment, the gross advantage to the South would be enormous. The Cotton Seed Crushers Association is doing itself a service in its new undertaking, of course. But it

deserves praise for its intelligence. It merits cooperation from all in a position to supply it. It earns the good wishes of everybody who profits when the farms of the South are prosperous and thrifty.—Dallas News.

GRANT ORIENT RAILWAY RIGHT TO SEEK OIL

Austin, Aug. 26.—The Railroad Commission has approved an application of the Orient Railroad for permission to sink oil wells on its right of way in Upton County. The Orient has already drilled successfully in Reagan County along its right of way.

Mrs. W. B. White left the first of the week for Colorado to join her husband who is in charge of the Texas & Pacific switching crew from 9 a. m. to 5 p. m. Mr. White has been promoted to a position as conductor but decided to accept the opening at Colorado on account of the better working conditions and regular hours.

Folks are expecting a big automobile war in which Henry Ford and the General Motor Company are expected to lock horns. It is going to be one real scrap if it ever breaks out.

Miss Mildred King who has been attending Draughon's Business College at Abilene arrived last Friday night for a visit with her parents, Mr. and Mrs. W. R. King, other relatives and friends.

A NEW CAR
 whose Reliability, Power and Style Mark it All-American

Reliability? Look at the longer, heavier frame of the All-American Six—the big new engine, transmission and clutch—the longer wheelbase (117") and larger tires—all the result of pitiless testing on General Motors' great American proving ground!

Power? Get behind the wheel! Thrill to the pull of the biggest engine used in a six of Oakland's price. An engine whose might no hill can tax—whose smoothness and steadiness are the result of a 78½ lb. counter-balanced crankshaft with Harmonic Balancer, a new type of combustion chamber developed by General Motors' research staff, and Oakland's famous rubber-silencing principle.

Style? Instinctively your eyes will look for that famous emblem "Body by Fisher"—for here are

new heights of beauty and fashion—in the best American tradition.

Longer, lower, more rakish lines. Richer and more alluring Duco colors. Sweeping crown fenders—and luxury features by the score.

Oakland has set the nation talking by building the new All-American Six—and offering it at new low prices! See this history-making car today!

Personal Mention

Mrs. A. A. Alverson and daughter Miss Virginia arrived Wednesday evening for a visit in this city with Miss Fannie Stephens.

Read our special price list this week. The White House.

Mrs. C. F. Duvall and daughter, Miss Essie, returned Tuesday night from a several weeks visit in Oklahoma City and Fort Worth.

How about your eyes? People come to us for 100 miles around to have glasses fitted. "There's a Reason"—A Better Job for Less Money. Wilke, Optician.

Ed Hatch started work on his five room brick residence in the Cole and Strayhorn addition Thursday.

It is stated that forty-two men employed at the Texas & Pacific railway shops were laid off Wednesday.

Will sell two pounds dried peaches Saturday for 35c. The White House.

E. E. Scott who has been on the sick list is reported to be improving.

Frank Beck of Jerryman, enroute to Los Angeles, Calif., visited his aunt Mrs. J. A. Stephens, other relatives and friends in this city a few days this week.

Beautiful new creations in Vanities, Mesh Bags, and Leather Purses—just arrived at Wilke's. Always glad to show you whether you buy or not. WILKE'S.

Bring us your chickens and eggs. The White House.

Mrs. Richard Nowell and son, Lee and daughters, Ruth and Miss Nora Belle, and Miss Lora Anderson of Aspermont are visiting Mrs. Nowell's brothers, Messrs W. E. and R. E. Lee in the Lees community.

Lon Sheeler and family returned Thursday of last week from a visit with relatives in Menard. Mr. Sheeler said he had the usual vacationists' luck, and to prove it was exhibiting a black eye, a tired look and a poisoned arm, due to coming in contact with poison oak.

It is suggested that Will Rogers be secured as umpire when the Fats and Leans have their next big baseball game.

Miss Lillian Bell who has been the guest of her aunt Mrs. C. W. Cunningham the past two weeks, left last Friday morning for a few days visit with relatives and friends in Abilene. She returned to her home in El Paso Sunday night on the Sunshine special.

T. W. Angel was here the first of the week from his home in Martin County. He reports crop conditions in Martin very similar to conditions in this county—spotted. He estimates the crop of Martin County to be around 2000 bales this season.

H. L. Boltman was brought here from Ponca City, Okla., Monday to await trial on a charge of forgery. It is stated that he is also wanted at Sweetwater, San Angelo. McCamey on similar charges.

CHURCH OF CHRIST NOTES

Bible school 9:45 a. m.
Preaching 11 a. m. and 8 p. m.
Communion services 12 o'clock.
Ladies Bible study every Monday afternoon at 4 p. m.

Mid-week Bible study every Wednesday evening at 8 p. m.

The children's Bible study class every Friday morning will be discontinued for the time being on account of infantile paralysis in our town. We deemed it best not to meet during this time.

Brother J. D. Boren will begin a meeting at Knott about September 6—next Tuesday, or about that time. The public is cordially invited to attend these services. We are expecting a fine revival at the Knott Church.

ST. MARY'S CHURCH

Mr. Stedman has returned from Fort Worth where he has been in charge of St. Andrews Church during the month of August and will preach Sunday, Sept. 4 at 7:30 p. m. Church school as usual.

Professor and Mrs. Clarence Mast and four children were guests at the Episcopal rectory this week, visiting Rev. and Mrs. Frank H. Stedman. Professor and Mrs. Mast were college friends of Mrs. Stedman. At present Mr. Mast is a professor at the Texas Tech at Lubbock.

Mrs. M. R. Edens, Mrs. Ed Martin, Mr. and Mrs. Gilbert Edens and two children were called to Eldorado Sunday by the serious illness of Mrs. Joe Edens, wife of their son and brother, Joe Edens. Mrs. Edens passed away Tuesday morning. Funeral services were held in San Angelo Wednesday and the body was laid to rest in the Fairmount cemetery.

XXIII No. 50

INTERESTS OF WEEK

When society comes into when all things social are back with open arms by inside and matrons in at After a fall in social functioning the hot summer while many were out of in cooler climates, cooler weather comes a in all things social, means school time, and time. Mothers are busy things for the school boys and college boys and girls a flurry over their college and trying to entertain farwell parties before vacation days are over, they leave home for col- the social calendar for early already being filled with interesting dates.

The spotlight of society week were several weddings. Dan Cupid who last during June, the month is endeavoring to before the summer season

dy Graves and Miss Dany Huggins Manry wedding that came as a surprise to the many friends of the wedding parties was that of Graves and Miss Dannie on Sunday evening, Aug. 25. The ceremony was performed at the home of the bride's parents, Mrs. A. F. Pegues at 7:30 by Rev. D. H. Heard, pastor of First Baptist Church. Immediately following the ceremony, the couple left on the evening train for a visit with relatives in Fort Worth, and Stephenville.

bride is the beautiful daughter of Mr. and Mrs. A. F. Pegues, held in high admiration because of her many lovely mannered attributes of young woman. She was a popular member of the younger social set, and has been a favorite with young and old. While attending Big Spring High School, she was elected to several classes having served as secretary of the senior class during 1925. She attended the graduation at Austin.

The groom is the son of Mr. and Mrs. T. Graves of Stephenville. This season he has been in the service of the T. & P. Railway in the foreman's office at the P. & P. baseball team, "Lefty" is familiarly called by his friends. He is a graduate of John Tarleton College at Stephenville and was president of the Student's Union during his senior year. He attended the State University at Austin 1926-1927, after which he coached in Kirkland High School two years. Mr. Graves was principal and coach of the Big Spring High School the coming year and after a short vacation trip they will go to make their home.

Congratulations and best wishes attended the happy couple by many friends in this city. W. Lomax and Lillie Mae Hayden Wed wedding ceremony which in marriage Miss Lillie Mae and Everett W. Lomax performed by Rev. W. C. Hinds of the First Methodist church at 10 o'clock Saturday evening, Aug. 27, at the Methodist church.

ing from the Big Spring High School, where she was elected "Queen" her senior year, she attended college at C. I. A., Denton, Texas. The past two years she has been a teacher in the Howard County schools and because of her winning ways, she won a place in the hearts of every pupil and parent of her school.

The groom is the son of Mr. and Mrs. L. E. Lomax, prominent Howard County residents. He is an energetic and dependable young man and is held in high esteem by all who know him. He owns a farm adjoining his father's tract in the Lomax community and is actively engaged in the farming industry.

Heartiest felicitations are extended the happy couple for a happy and prosperous wedded life.

PATHFINDER CLASS OF FIRST CHRISTIAN TO HAVE SOCIAL

The Pathfinder class of the First Christian Church will entertain with an Extortion Social on Friday evening, Sept. 9, at 8:15 o'clock in the social department of the church. This entertainment will be given as a benefit to the parsonage fund, and all loyal members are urged to come, bring your nickels, dimes and pennies and help make the affair a success.

Guests are warned to watch your step since a Kangaroo court will be held and fines will be assessed for certain violations. Married men may be fined for not bringing their wives to the social, another may be fined for being a bachelor, someone may be fined for coming late, another early, and so on. A humorous program will also be held in connection with the Kangaroo court. A cordial invitation is extended everyone to attend this social.

DELIGHTFUL BRIDGE AFFAIR HONORING ALINE CROWLEY

Complimenting Miss Aline Crowley of Yoakum, who is a guest in our city visiting her sisters Mrs. Jake Bishop and Mrs. C. E. Shive, Mrs. Bishop and Mrs. Harry Lester most delightfully entertained at bridge on last Thursday evening at the attractive Lester home in Fairview Heights. The lovely rooms of the home provided a setting of rare charm in which the tables were arranged for the play. Guests found their places around the tables of dainty appointments by artistic tables and interest was high in the progressive games of bridge. Mrs. Lee Rogers was successful in making high score among the young ladies and she, was favored with a red score pad and pencil; Hayden Griffith made high score for the men and he received a deck of cards in metal case. Guest prize, which was a lovely lavender wall vase was presented Miss Crowley. A delectable two course luncheon was a pleasant aftermath to the play.

The guest to this complimentary hospitality included: Mr. and Mrs. Ralph Rix, Mr. and Mrs. Lee Rogers, Miss Franz Gordon and Elmer Richardson, Miss Elizabeth Barton of Abilene and Edwin Pritchard, Miss Nell Davis and Adolphus Gallemore, Miss Wanda True and Hayden Griffith, Miss Vallia True and Elmo Wasson, Miss Louise Shive and Pete Flannigan of Midland, Miss Lillian Shive and Charles Shehane, Aline Crowley and Tyree Hardy.

PICNIC AT NEW WELLS HONORING LILLIAN BELL

Miss Lillian Bell of El Paso who has been the guest of her aunt, Mrs. C. W. Cunningham in this city, and who returned to her home in El Paso Sunday night was the honor guest at a delightfully planned picnic at the new wells last Thursday evening when Mrs. Hob Everett and Miss Zou Hardy entertained in her honor. A tempting picnic supper, con-

sisting of assorted sandwiches, fruit salad, potato salad, potato chips, olives, pickles, iced tea, and iced watermelon was enjoyed.

Those enjoying this outing were: Mr. and Mrs. Grover Cunningham and son, Mr. and Mrs. Hob Everett and son, Mrs. C. W. Cunningham and Doris Cunningham, and Misses Helen and Lillie Mae Hayden, Eliza Jeanette Barnett, Zou Hardy, Jena Jordan, Mrs. Ken Barnett and Mr. Bell.

MISS EMILY BROUGHTON OF TYLER HONORED AT PICNIC

Miss Jeanette Pickle was hostess to a group of friends on Tuesday evening entertaining with a chicken barbecue in honor of her friend, Miss Emily Broughton of Tyler who is a guest in our city. A pretty picnic spot at the new wells south of the city was the scene of this delightfully planned outing and a delicious picnic supper was served, consisting of barbecued chicken, toast, potato chips, olives, fruit salad, and iced tea.

Those invited on this picnic were: Misses Agnes Currie, Mary and Margaret Happel, Lola Bell Stewart, Forrester of Roscoe, Louise and Dorothy Jordan, the honoree Emily Broughton of Tyler, and Curtis Driver, Wesley Barred, Sydney House, Joseph Hayden, Randall Pickle, Theo Ferguson and Foster L. Jones of Rule, Jack Hodges and Arthur Osborn.

EPWORTH LEAGUE HAS MUSICAL PROGRAM AND CARNIVAL

Last Thursday evening, August 25 the Senior Epworth League of the First Methodist Church held a musical and carnival which was well attended. Preceding the short but most pleasing program the Big Spring Municipal Band gave several appreciated numbers, after which the following program was rendered.

Piano Solo—Alice Dawes.
Whistling Solo—Mr. Bruner.
Reading—Dorothy Jordan.
Violin Solo—Josephine Winslow.
Immediately following the musical program we held a negro minstrel in the basement of the church. About twenty negroes took part in this, one of the most successful numbers of our affair. Then the banquet room was turned into a carnival which everyone enjoyed. We sold ice cream cones, soda pop, balloons, sandwiches, and everything that goes to make a carnival. We had a fortune teller, a photographer, a magician, a mysterious booth, and a grab box. Everyone was pleased with the evening.

The Leaguers certainly were delighted with the amount of money which was received. A special donation of \$25 was made by Mr. and Mrs. H. Clay Read in order that we might furnish our League room completely. We can never tell Mr. and Mrs. Read how very much we appreciate this money and their willingness to help us, gives us further inspiration to proceed with our work. May they be assured that we shall ever remember them as the best friends of the League. Besides the \$25 donation, we made \$50 from the sale of articles at the different booths.

After deducting all of our expenses we have sixty dollars in the treasury. We wish to thank everyone who helped to make this affair a success. Reported.

INFORMAL GATHERING HELD HONORING K. C. OFFICIALS

An informal get together, get-acquainted meeting was held in the basement of the Catholic Church, Sunday evening in honor of George T. Gleason, district deputy of the 16th district of Texas and his staff who paid an official visit to the local lodge in this city. After a few words of welcome, Mr. Gleason made a short talk in which he discussed the features of the order,

stressing especially the welfare work and insurance. He also commented on the election of the new Supreme Grand Knight of the organization, Martin H. Carmody and of the retirement of the past Supreme Knight, James A. Flaberty. Following Mr. Gleason's talk, Mr. Zappe, a member of his staff, talked on the cardinal principles of the Knights of Columbus, which are Unity, charity, fraternity and patriotism.

A social hour followed this program, at which time friendly conversation was the diversion. Dainty refreshments of ice cream and cake were served during the evening to about eighty guests. Each one reports this as a most enjoyable gathering.

Following is a comment from the news sheet of the Knights of Columbus in regard to the election of Martin H. Carmody as Supreme Grand Knight of the Knights of Columbus:

"Martin H. Carmody, newly elected Supreme Knight, is a member of Grand Rapids Council, No. 389, Grand Rapids, Michigan. He entered that Council in 1902 and three years later became Grand Knight. He was State Deputy from 1906 to 1909. From 1909 until his recent election to the office of Supreme Knight, he was Deputy Supreme Knight. He has been chairman of the finance committee which has charge of the investment of all the money for the insurance department. Five years ago, when a movement was begun to establish a junior organization, he was made chairman of the committee under whose direction was founded the post graduate department of boy guidance at the University of Notre Dame. His long and intimate contact with the major movements of the order are assurance of continued growth under his leadership.

BAPTIST WOMEN HOSTESSES TO OTHER CHURCH WOMEN

Music, praise and prayer were in the air at the meeting held at the First Baptist Church on Monday afternoon when the women of the First Baptist Church were hostesses to the other church women of the city at their regular fifth Monday meeting. A fitting celebration with a most impressive program marked the observance of this day. Beautiful cut flowers adorned the church, and provided a lovely setting for the afternoon program.

Mrs. K. S. Beckett chairman of the program committee, introduced Mrs. R. C. Hatch, newly elected president of the W. M. U. of the First Baptist Church, who extended the guests a cordial welcome. Mrs. J. I. McDowell of the Presbyterian Church conducted the devotional after which Mrs. K. S. Beckett gave a few explanatory remarks of the pageant that was to follow.

"Things Thou Lovest," a pageant enacted by members of each denomination very fittingly expressed a beautiful theme wherein the actors brought gifts, the things they loved most to the altar of their King, hoping that he might be pleased with their offerings, but the money, jewels, pleasure, music, art, beauty and knowledge offered the Master were not the things that mattered most. Not until the Mother came to the altar and offered her child, which was her own flesh and blood did the chimes ring out jubilantly. Mrs. J. Tom Mercer played soft music while the pageant was being enacted and the more vibrant music was played to bring the number to an impressive climax.

A practical application of the lesson taught in the pageant was given by Mrs. Fox Stripling. Mrs. V. H. Flewelling who possesses a sweet contralto voice, sang "Sunset Lullaby," at the conclusion of Mrs. Stripling's talk.

Mrs. B. Reagan announced that the women of the First Christian Church had invited the church women to be their guests at the next regular meeting.

The guests of the afternoon were invited into the basement of the church where beautiful cut flowers were placed at every vantage point to make a charming setting for the social hour which was to follow. An interesting Bible contest was a pleasing diversion of the afternoon. Dainty hand painted Bibles designed by Mrs. Grant, used in the contest, were given the guests as favors.

An attractive refreshment plate holding brick ice cream and home

made cake was served to about two hundred guests. Lovely cut flowers were plate favors. This was indeed one of the most enjoyable meetings since the organization of the church women.

JOYCE TERRY CELEBRATES WITH BIRTHDAY PARTY

Little Miss Joyce Terry was the honoree at a delightfully planned party on last Thursday, Aug. 25, this date being the anniversary of her fourth birthday. A number of little friends were invited to her home where they enjoyed a number of interesting games and spent the afternoon hours in a happy fashion. At refreshment time delicious ice cream and cake was served by Mrs. Terry assisted by Misses Hattie Mae Pickle and Ozell Orr, who also directed the children in play. Party favors were bags of candy and balloons.

Those enjoying Joyce's birthday party were Hugh Hamlett Jr., Judith Pickle, Jo Nell Page, Angilee Davis, Joyce Ann Fox, Joyce Croft, Kathleen Boatler, Billie Dunn, Grover Cunningham Jr., Charline Estes, Evelyn Jett, Bobbie Taylor, Lida Jane Nowell, Jean Hardy Flewelling, Betty Jean Adair, Rozelle Stephens, Leola Fay Vines, Rebecca Ray Weaver, Gwendolyn Weaver, Fay Runyan, Francis Satterwhite, Margaret Loudermilk, Maydell Hayley, June Millhollen, Janie Bess Dubberley and Sylvia Pond.

The honoree received many dainty and lovely gifts.

FURNISHINGS FOR NEW CRAWFORD HOTEL ARRIVING

The furnishings for the new Crawford Hotel are beginning to arrive in Big Spring. The furniture for eighty rooms is now stored at the Joe B. Neel warehouse. This furniture is all metal and the very finest the Simmons Hardware Co. manufactures. A bed, dresser, table, desk and chair comprise the furniture for each of the eighty rooms. Furniture for the other rooms, lobby, etc., carpets, rugs, draperies, electrical fixtures, etc., are expected to reach here soon.

THE RODEO SINGING COWBOY PERFORMS AT A. M. FISHER CO

Jules V. Allen, the rodeo singing cowboy, and formerly ranger and border peace officer of El Paso, was in Big Spring Wednesday in the interest of the famous Rodeo Outdoor clothes, manufactured by the Hicks Hayward Co., manufacturers, El Paso. Mr. Allen gave an appreciated program of old cowboy songs and some popular music in front of the Albert M. Fisher Co. at 2 o'clock Wednesday afternoon and a large gathering of men, women and children congregated to hear his pleasing program. The cowboy artist sang several of the well-known old songs of the western cowboys and trail drivers, and he himself is a real western show. A typical western man dressed in the cowboy outdoor clothes, and strumming a guitar while he sang the favorite songs both old and new.

MARRIAGE LICENSES

Following is a list of the marriage licenses issued from the office of the county clerk this week: W. C. Compton of Lamesa and Miss Ruby Lay of Andrews, Aug. 27; W. O. Leonard and Miss Mattie Hull, Aug. 27; C. Grady Graves and Dannie Pegues, Aug. 27; E. W. Lomax and Lillie Mae Hayden, Aug. 27; Ford Pierce and Miss Gussie Thomas, Aug. 30.

PLEASE SEND IN NAMES OF COLLEGE BOYS AND GIRLS

The Herald is anxious to secure the names of every boy and girl in Howard County who is planning to attend school or college out of town this fall. We are going to ask that each one either phone in the names, stating to what school he or she will go and when they plan to leave or else write this information and mail to the Herald office. If you have a friend who is not likely to see this notice, kindly tell him about this request as we do not want to miss a single name. Attend to this at once, before it slips your mind. We will appreciate your cooperation in this matter. The Editor.

Repps Guitar of Abilene was a business visitor in this city Tuesday.

BIG SPRING TO PLAY BASKETBALL IN WATER AT MIDLAND

The challenge from the Midland basketball team with the Big Spring team has been accepted by Big Spring and Big Spring will have a team on hand ready to win in the game to be played in water, Wednesday night, September 7th at 7 o'clock.

Midland is planning a big three day celebration September 5, 6 and 7 at which time a rodeo, ball games and a splendid program of entertainment will be rendered at the Pagoda swimming pool each evening. Swimming races, a bathing girls revue and games played in the water will be featured. Band music will be furnished by the Cowboy Band Inc., of Simmons University.

NEXT MONDAY IS A HOLIDAY

Monday, Sept. 5, is Labor Day, a national holiday and as is the custom the business houses of our city will be closed on that date.

Make note of this and purchase needed supplies Saturday.

ELKS LODGE TO DISBAND

At a meeting at Elks Hall on Tuesday night it was unanimously voted to disband Big Spring Lodge No. 1386 R. P. O. E. The hall has been closed pending the arrival of a district deputy who will wind up the affairs of the local lodge.

Members who wish to secure a transfer to an Elks Lodge in some other city should see S. D. Ford, secretary, at once.

BIG I. O. O. F. MEETING

Members of Big Spring I. O. O. F. are urged to be present next Monday night as plenty of work is assured. Make an extra effort to come and bring another member with you.

PRESBYTERIAN AUX. NOTES

On Monday, Sept. 5 at three o'clock the Ladies Auxiliary of the First Presbyterian Church will begin the study of an interesting book, "Expansion in the Synod of Texas," compiled by our own Presbyterian pastor. The class will be conducted by Mrs. J. I. McDowell. All of the ladies are urged to attend this meeting whether they have books or not.

WATER PRESSURE TESTED; TOPS CRAWFORD HOTEL

Four big streams of water shot over the top of the new seven story Crawford Hotel last Friday evening when officials of the City water works department tested the water pressure. The water had plenty of force and each stream was a full sized one.

Big Spring has fine pure water, and plenty of it. In a report from the bacteriological department of the State Board of Health received the first of this week by City Manager Montin, it shows that the Big Spring water is pure and shows no contamination whatever. Every well has been tested and a favorable report from each one has been given. The seven sets of wells were tested last week and specimens of the water from each one sent to be analyzed. Tests from the wells the reservoir and from down town faucets were sent to be tested and no contamination was found in any of the specimens.

The water works system of Big Spring has been undergoing improvement, with new mains being laid in the south part of town, where the water pressure has been low and also new fire plugs have been installed, a booster pump has been purchased and will be installed at the reservoir. This new pump is remodeling the situation in the south part of town where the residents have been receiving inadequate water supply, especially during the summer months. This pump was shipped from Harrison, New Jersey this week and will arrive and be installed next month. When the booster pump is put into operation the water pressure in the south part of town will be as great as that in the down town section.

The old General Oil Company was taken out of the hands of receivers recently. It is said there was \$300,000 in the treasury, and this sum should go to the stockholders.

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 8, 1897.

Big Spring, Friday, Sept. 2, 1927

NOTICE TO THE PUBLIC: Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

The man who trifles with home brew is surely brewing trouble.

Have you sent in a donation to the Cemetery Association? Don't make it necessary for a committee to call and plead with you.

It's just about twice as easy to manufacture a smile as it is a frown but most of us seem satisfied to operate the frown factory.

We surely are glad that summer is on its last legs. We would hate to face three more months of weather such as August has handed us.

The City has been doing some good work in cutting the weeds along the streets. This will encourage property owners to do a little cleaning up about their premises.

By the time the next government estimate of crop condition is made public the price of cotton should be around twenty-five cents per pound. Deterioration of the cotton is being reported from every section of the cotton belt.

Some folks have never learned two of the important words of the English language: "Please" and "Thank You." Others may have heard of them, but do not seem able to learn how and when to use them.

Paul Redfern who left Brunswick, Ga., last Thursday in a monoplane, Port of Brunswick, on a non-stop flight to South America seems to have attained the "port of missing men." Better airplanes seem to be the need of the hour.

While we are not especially keen for the extremely warm weather, we are in no hurry to see Jack Frost. In fact we can manage to get along right well if he doesn't put in an appearance until December.

Business is beginning to pick up at a steady gait and should be humming within the next two weeks. When the price of crude oil is back to normal things will be rolling high in West Texas.

As a measure of self protection, automobile owners should see that headlights and rear light on their car are "trimmed and burning" when they drive after night fall. One-eyed autos are responsible for many accidents. See that your car is not guilty.

We have encountered one or two volunteers who wish to help construct the huge sign—"Big Spring" in letters one hundred feet high, on the side of Big Spring mountain as an aid to aviators. If some one will serve as master mechanic of the job this stunt can be put over to advertise our city.

Farmers should not be in a hurry to sell their cotton seed this season, for the seed is going to be worth real coin before the year passes. If you have high grade cotton be sure to save plenty of planting seed for yourself, and some to sell next spring.

A Washington dispatch says the search which the navy is conducting between San Francisco and Honolulu for the two lost airplanes, is costing \$30,000 a day and it is expected will total more than \$150,000 a day before it is completed. —Tioga Herald.

Where do they get that loss? The ships would be idle if not engaged in this task.

It would be a very good idea for the city to employ a traffic officer, occasionally, to curb speeding on the streets in Big Spring. The way some fools drive their autos you would think there were no restrictions whatever on fast driving. These birds do not even slow up when going by school houses and churches when little ones are being turned loose to go to their homes. A hair-brained auto driver has no reason, so the only remedy is to double the fine every time he is arrested for speeding.

Of course we haven't any natural curiosity, such as the Carlsbad Cavern to attract thousands of tourists to our city, but it is possible to provide attractions which will bring the tourists in bunches. Men with an idea and the financial backing to put it over, can accomplish wonders.

Several of our citizens are now making it easier for people of limited means to own their own homes. This is well for our city as it encourages the home owning as well as thrift. When folks can purchase a home almost as easily as they can pay rent, they are going to buy a home.

A good way to increase auto accidents is to permit autos to park near street corners and alleys in the business section. Every day you may witness accidents as a result of this character of parking. A clear space should be maintained at street corners and alleyways so drivers may have an opportunity to avoid accidents.

The big oil companies evidently are of the opinion that the city of Big Spring is over, or near, an oil pool. The test wells now encircling our city may soon furnish some interesting information along this line. It would be too bad if we had to have oil wells drilled within the city limits.

While crude oil is very cheap it would be a good idea for the city and county to do a little experimenting in road building. Oil, sand and gravel are being used successfully in a number of places in road building, and good roads can be built at a low cost. Why not give it a trial?

If you have a little money to invest why not buy a little real estate in Big Spring. Residence lots in our city will never sell for less than they can be purchased for at present. They are quite likely to double in value. Then too, you can erect a residence and secure good returns on your investment.

Up and down the line they are now talking that Gulf to Plains and Panhandle railroad. Such a line of railway would certainly benefit a large territory. Corpus Christi, San Antonio and San Angelo have started the ball rolling, and Sterling City, Big Spring, Lamesa, O'Donnell, Tahoka, Slaton, Lubbock and Amarillo want in on the proposition.

There is not a doubt but this road can, and will be built. The men who have launched the project are big enough to put it over.

Remember it is not necessary to harvest your cotton in a hurry this fall. While a man is a fool who attempts to guess what cotton will do—it looks now as though cotton is due to advance in price thruout the season. An early frost will cause the price of cotton to climb mighty high. If you are lucky enough to have a cotton crop this year, take off your coat and wade in. Make the crop bring every dollar it will, and don't be in a hurry to pay all the profit for having the cotton picked.

A large force of men are employed building concrete foundations for buildings and equipment at the sub-station of the Texas Electric Service Co. about one mile east of Big Spring. It will be months before this station will be completed. A high line to transmit 132,000 volts of electricity from the company's big power plant at Cisco to the sub-station is now being built.

It might be a good idea for the Chamber of Commerce or some other organization to sponsor an experimental chicken ranch in order to encourage poultry raising in our county. An acre or so of land could be secured, an exact count kept of the cost of necessary buildings, cost of chickens, feed, etc., so those planning on engaging in the poultry business might have some idea of the amount of money needed to get a start in the poultry business.

CHECCO WINS FROM KARAVAS

The fans certainly had their money's worth at the wrestling match at Miller's skating rink last Friday night. The main bout in which Silvio Checco and Karavas fought it out to a finish was about as exciting a match as you seldom ever see, and the preliminaries were extra good. Checco was the winner in the main bout.

Checco took the first fall in 31 minutes and 30 seconds with a Japanese twist toe hold.

Karavas came back strong and took the second fall with an aeroplane swing in 10 minutes flat.

Checco took the third fall with a standing leg split in 6 minutes and 15 seconds.

The fans declared this to be one of the best matches Manager Faust has yet staged and they would like to see these two wrestlers matched for another test.

Another good match is on at Miller's skating rink tonight. Don't miss it if you like real sport.

I. T. Boyles of Stiles and his sister Mrs. Phoebe Hannon of Bell County spent Saturday and Sunday in this city the guests of Mr. and Mrs. T. H. Johnson. These visitors were life long friends of Mr. Johnson having been children together in Bell County. Forty four years have passed since Mrs. Hannon and Mr. Johnson had seen each other.

THE SOUTH IS PROGRESSING

The prediction that the South will yet lead the Nation in industrial progress, in education, in wealth, and culture bids fair to be realized within the lives of many who are now actively engaged in promoting the interests of this great section of our country. Universities and colleges are taking high rank among the educational institutions of the Nation. Millions upon millions of dollars are annually devoted to the development of public school systems. Agriculture and livestock raising are industries that are advancing along scientific lines, while industry in the South is leading all other sections of the country in rate of progress as measured by increasing values of production.

A concrete example of Southern industrial development is given by the Manufacturers Record in an analysis of income tax payments for the fiscal year ending July 1, 1927. According to this analysis, the South put \$51,928,000 more money into the treasury of the United States during the fiscal year 1926-27 than it did during the year 1925-26, while other sections of the country paid in \$22,000,000 less. North Carolina led the South by the payment of \$205,648,000 as compared with the combined total of \$181,346,000 for all of New England and a combined total of \$160,231,000 for the Pacific Coast States, Virginia, Florida, Georgia, and Texas each outpaid States which have always been noted for their wealth and great industrial concerns. Texas paid \$4,000,000 more than Wisconsin, \$16,500,000 more than Minnesota, and \$8,500,000 more than Indiana.

Many of our Northern friends are yet to be convinced that the people of the South are easy-going and indifferent to the commercial side of life, but their numbers are growing less. More National conventions than ever before are meeting in Southern States. Travel by air brings us closer together. Southern men are drafted to fill important positions with banks, railroads, and public utilities, and Southern educators are receiving recognition in all sections of the country. The South no longer occupies a position of minor importance. It is a large and important part of our common country.—Farm and Ranch.

BUILDING FOR THE FUTURE

The Pecos Builders Corporation has been organized by local business men of Pecos for the purpose of building, renting and selling new homes in Pecos. These men are interested in the development of their city and the urgent need of homes and rent houses caused them to organize the home building association. They plan to have fifteen moderate size homes erected at once. This is a proposition business men and capitalists of Big Spring should consider in an effort to take care of the needs of Big Spring for more homes and rent houses.

Remember we are to have an agricultural exhibit in Big Spring during September with prizes for best products of farm, garden and orchard. Save some of your finest products for this exhibit.

LAMESA JUDGE HEADS ASSOCIATION FOR NEW RAILWAY

Lamesa, Aug. 25.—A direct rail communication with San Antonio and Corpus Christi, Texas' roming seaport, is to be sought by an association recently organized, of which Judge Carl Rountree of Lamesa is president and A. B. Davis of Lubbock secretary-treasurer. It is proposed to build a line of railway from Lamesa to San Antonio, where connection and trackage rights would be negotiated to Texas' deepwater port. In a statement made here a few days ago it is understood that a charter will shortly be applied for and that capital in sufficient quantity has been insured to make practical the entire proposition.

All towns between San Antonio and Amarillo are vitally interested. Mason, Brady, Eden, San Angelo, Sterling City, Big Spring, Lamesa, O'Donnell, Tahoka, Slaton, Lubbock in the new project. It is understood here, including Fredericksburg, and Amarillo.

Judge Carl Rountree, president of the association, speaking of the matter before the Lamesa Luncheon Club Tuesday, said:

"We are called upon to aid in doing what we can to get this road through and cooperate with other towns along the route. This road would mean much to us and the South Plains. We are producing more than 500,000 bales of cotton and all is penalized by extra tax in freight rates. If the new road were built we would realize a saving of several million dollars. What I say about cotton may also be said about our other products.

"I am glad to announce to you that we have interested enough capital to build this line. The cities to our south are also joining us in the project."

Information has reached the Lamesa Chamber of Commerce that a number of railroad meetings are to be held at various points along the route to be taken by the proposed railroad to stimulate interest and bring about the granting of the charter so much desired.

At present it is pointed out there is a gap between Lamesa and Sterling City and then only a short distance to be bridged between San Angelo and San Antonio with steel, much of the grade having already been thrown up in time past.

The Santa Fe might be interested in closing up the gap between its Sterling City and Lamesa branches, thus providing a new through rate from the entire plains area to Houston and Galveston, and others believe that the Santa Fe desires a connection with San Antonio and the southern gulf coast, where an immense tonnage is expected to develop.

THE FILM SCORES SUCCESS

ever pleasing Richard Dix, whose athletic ability has become a theme circles, is again in his own particular brand of prowess at the R. & R. Theater where "Knockout" will be shown next Monday night, Sept. 5 and 6.

is a different role from any he has hitherto portrayed, Dix the young wage earner who is lame as an exponent of the "wicked circle." As Dundee, a pudgy in a steel mill, he has little time for recreation, but on a Saturday night when it is his habit to repair with his hands to a cabaret where Mary is an entertainer. Reilly discovers that he is the victim of a wicked punch when he is out Killer Agerra (Jack) champion fighter, for advances to Mary. Mary's former champion who she before Agerra in a fight that he learned afterward, upon hearing of escape, offers to train the ring. But Reilly is industrial to the packed, he changes his mind when he sees to a pulp by the vengeance at the latter's gymnasium.

At this time on, life for Reilly is a series of successful fights. Malone's tutelage, he rises until he is matched to meet for the championship. On hearing of Reilly's condition trembles for his fight. But before the fight, Reilly finds his career suddenly cut off. A shot is shot in a fight at a store near Reilly's training and Reilly is convicted on scant evidence of the life behind the prison bars. He proves a physical softener. Under Mary's urging he is sent to the rock pile for two years, he keeps up. On his release a case wins for him his long chance at Agerra still the

he manages to take the fighter matched to meet makes a deliciously humorous. The Reilly comeback is a spectacular one full of thrills. With the help of the Malones he succeeds in his innocence of the crime he was convicted, gives a series of dramatic scenes that have the audience sitting edge of their seats. Brian, who sprang into prominence as Wendy in the version of Sir James "Peter Pan," and who was much in evidence in the "Front," the Beery comedy classic, plays Dix and gives further proof that he is another Paramount star.

MINING SURE TO COME

is expressed in some quarters at the present development is not furnishing a satisfactory solution for potash and that will be resorted to in order to test out the potash position of the country. The United States government put down a test in Eddy County, N. M. A test is now being cored on the Bankhead high-plateau in Reagon County.

belief now is that the potash is about two counties wide. It begins in Reagan County and extends into New Mexico. The tools drilling equipment does not furnish a good test of potash deposits. Later tests show the thickness of the beds, percentage of potash that can be recovered and mining costs.

likely that it will be several years before any development of potash will be attempted. The big play is after the consensus of opinion seems that the potash development in Texas opens an industry of importance. There has been talk and little action about the West Texas, but the preparation that the development is as big as the talk some in Angelo Standard.

FARMING UNDER DIFFICULTIES

Farming in West Texas the past year came under the head of something that tried men's souls.

In the first place there has not been sufficient moisture to carry on farming operations under the so-called scientific dry farming method. The daddy of that system held that twelve inches of rain to be absolutely necessary for his system to be a success. The government record will prove we have not had the twelve inches of rain, yet it is predicted that a half crop is going to be produced in our county. A few favored sections receiving fine showers at opportune times are going to make extra fine crops.

It just goes to show that you can't afford to lose heart if you expect to win out in the West. It was June before the majority of our farmers could plant their crops. And then some of them planted the seed in the water furrow instead of the seed bed because there was no moisture in the soil and they feared a general rain would not come in time. They guessed correctly, and the light showers brought forth the seed in the water furrows and fairly good crops resulted. The successful farmer has to take advantage of every opportunity in order to beat the game. The lack of moisture was enough to discourage most anyone but you didn't find Howard County farmers losing their nerve and quitting. After the dry weather came the insects and worms to claim the crops that had been nursed through the drought; but again the farmers showed their fighting spirit by going after this crop of worms with poison. If they can control the next crop of worms there is a chance for harvesting approximately 14,000 bales of cotton in our county.

If the price of cotton continues to advance some of our farmers will be able to realize something for their time and work this year, and they surely deserve it. It will be around the last of September before cotton begins to roll in at a rapid rate on account of the late planting. Only a very few sections were able to have early planted cotton.

WE HAVE A HOME FOR YOU—Come and get it. ROCKWELL BROS. & CO. Phone 57.

MILES SEEKS NEW RAILROAD

Miles, Aug. 27.—Miles feels that it is entitled to be on the proposed Corpus Christi and San Angelo railroad. The Santa Fe branch line running from Sterling City to Paint Rock and passing through this city would fill in about eighty miles of the route from San Antonio to the plains and people here feel that this is the logical route the new road should take. When the branch was built from Miles to Paint Rock it was with the expectation that eventually the line would be extended to Fredericksburg or Kerrville. Citizens here are watching with interest further development and are making a bid on the line.

Mrs. C. W. Davis and daughters, Misses Nell, Anita and Charline left this week for a few days visit in Tulsa and Amarillo.

MODERN COLD STORAGE PLANT NOW OPERATING

The modern cold storage plant of the Winn Produce Co. was ready for business Monday and Big Spring has cause to be proud of this up to the minute institution.

The proprietors of the Winn Produce Co. expended around \$36,000 for building equipment, sparing no expense to make this one of the best cold storage plants in West Texas.

In addition to the immense space available for all kinds of produce they have five cold storage vaults with a capacity of ten carloads. Varying temperature can be maintained in the different vaults and a temperature as low as 30 degrees can be maintained if necessary. Around 48 degrees is used in most instances. The Frigidaire system of refrigeration is used, and fruits and vegetables can be preserved indefinitely. This modern plant will enable the Winn Produce Co. to keep a fresh stock of fruits and vegetables on hand at all time.

If you want to see a modern cold storage plant make it a point to visit the Winn Produce Co.'s place at the corner of First and Goliad streets, they are always ready to extend a warm welcome to visitors.

AT NATIONAL SCHOOL FOR SECRETARIES

Work as well as play is occupying the time of Chamber of Commerce Secretaries attending the National School for Commercial and Trade Executives at Northwestern University, according to C. T. Watson who is in Evanston attending the school.

Classes start at 8:30 in the morning and continue to four in the afternoon with a noon luncheon, where secretaries of the smaller and larger cities rub elbows and learn from each other the art of conducting luncheon programs.

"We are studying under university professors who have national reputation in their lines, and have for instructors the secretaries of such cities as New York, Cincinnati and Kansas City," Mr. Watson said. "Problems which might have taken many of us years to solve and which would have cost our cities the loss of our time in studying them out, and problems we might have possibly made mistakes in attempting to solve are being analyzed for us by these experts, and we should return home better qualified to serve our communities."

Secretary Watson writes that the National School has 300 persons in attendance this year. These not only spend most of the day in class rooms, but they will take examinations at the end of the courses. In fact, the National School is a kind of post-graduate work, such as any progressive, alert professional man is frequently taking, so he may be better qualified to serve his clients.

SISTER OF MRS. C. D. BAXLEY CLAIMED BY DEATH

Mrs. C. D. Baxley returned last week from Stephenville called there by the serious illness and death of her sister Mrs. Doyle Deaver. Her niece, Rene Deaver, age 6, accompanied Mrs. Baxley to this city and will make her home with Dr. and Mrs. Baxley.

Clay tablets from ancient Babylonia and Assyria show that banking transactions, not so different from those of the present time, were carried on four or five thousand years ago. Checks and notes were made of clay, which was then hardened. Modern banking originated in Italy...Dearborn Independent.

Personal Mention

Mrs. Hal Bettis of Somerville, Texas, has been here the past week or more for a visit with her sister, Mrs. J. L. McWhirter.

QUESTION BOX

ON HEALTH Subjects Edited By
STATE DEPARTMENT of
HEALTH
J. C. Anderson, M.D. State H O

THIS column will be given to discussion of matters pertaining to public health. Any questions regarding public health administration, prevention of diseases, child care, sanitation, etc., will be answered in succeeding issues of this paper. Questions in regard to cure of diseases will not be answered, as the scope of this Department includes only disease prevention. Address Question Box, State Department of Health, Austin.

ASK ME ANOTHER

1. Is my little daughter who was born in July, 1925, registered? (Mrs. R. C. R., 30 N. 20th St. Paris).
2. What are bacteria? (W. N., Greenville).
3. What diseases are hereditary? (D. I. H., Waelder).
4. Do all children of syphilitic parents have symptoms of syphilis? (D. I. H., Waelder).
5. What causes congenital blindness and deafness? Is there any cure for either of these conditions? (D. I. H., Waelder).
6. Do running streams quickly become pure? (Rural, Eustace).
7. What is Pasteurized milk?

ANSWERS

1. By referring to state records, we find that your little girl has not been registered. Blanks for registration have been mailed you, and when properly filled out and returned, we shall be glad to add your little girl's name as another registered baby. The physician attending you at her birth did not fulfill his duty, or the local registrar did not forward the papers to this department. Suppose you see who was negligent in this matter. The mothers in this state can soon put Texas in the registration area of the United States if they make it warm for the physicians, midwives and registrars who fail to register their children.

2. Bacteria are microscopic plants. Some take the form of rods while others appear as minute balls. Sometimes the rods grow together in long chains and the spheres attach themselves together to form either masses or chains that look like bead necklaces. The latter are among the most virulent of organisms and cause more trouble than any of the others. Because of their chain formation, they are called streptococci.

3. Formerly or many years ago, numbers of diseases were considered hereditary, but science has disproven this theory. Hereditary diseases have been the subject of much study, and is a mooted question. However, it seems the more the question is studied, the less credence is given to the transmission of diseases in this manner. Physical defects may be attributable to hereditary weaknesses, but the contraction of most diseases is by infection at or after birth. Mental diseases and nervous diseases are the diseases generally conceded at the present time to be hereditary.

4. Children of syphilitic parents may or may not have syphilis.

5. Congenital blindness is a very rare occurrence, but congenital deafness is somewhat common. Children who are blind generally become so within a short time after birth due to some eye infection. The state law requires the use of prophylactic drops in the eyes of new born babes to counteract any such infection, and if this law was faithfully followed in every instance, the sight of many children could be saved. Since the enactment of this law, blindness has materially decreased in this state. Many cases of deafness are caused by injury or disease, and are not congenital. As soon as deafness is detected in a child, he should be taken to a specialist to determine if any relief can be given.

6. No. A certain improvement occurs in the clearness and taste of water as it flows along, but typhoid germs may live in water for a considerable length of time. Under certain conditions the disappearance of pollution is more rapid under less favorable conditions.

7. To Pasteurize milk, it should be heated to 146 to 148 degrees, Fahrenheit, and kept at this temperature for 30 minutes. A higher temperature or longer time is not

necessary. Pasteurization kills any harmful bacteria that milk may contain.

STUNG BY "HOT AIR"

We encountered a fellow the other day who was "hot under the collar." He said he had been reading of the wonderful growth of a certain West Texas town was making and had traveled a thousand miles or more in order to reach this much boosted burg, so he could secure employment. He said it was quite another story when he landed as there was not employment to take care of local talent. He said he was satisfied there were hundreds of others who had been duped by this "hot air" and had made a "wild goose" chase to their sorrow.

He said he could not understand how a city or town hoped to profit by this misleading advertising. When folks arrive and find the facts are not as sent out they do not have a very friendly feeling for the town or the man who broadcasts the "pipe dreams."

J. W. Frazier arrived Monday from Hillsboro to look after property interests in this county. Mr. Frazier owns land near the Marland Oil Co.'s new test well Connally No. 1, four miles south of Big Spring.

WHY?—So

The price of good, fresh water in Snyder has never been as low as at the present time; the supply has never been better.

Then why should Snyder citizens pay Eighty Cents per hundred pounds for ice, whether delivered at your door or when you go to the ice station for it?

Local residents and merchants tell the Times-Signal that this condition has existed since 1919. When cities the size of Austin pay but 30 cents a hundred pounds; Fort Worth, 30 cents; with Abilene and San Angelo paying 40 cents, there is no earthly reason or excuse for paying the outlandish price that Snyder is paying. Any organization should be accorded a fair profit on their investment in stock, machinery, and other appliances, but when the price is nothing more nor less than a hold-up, then forbearance ceases to be a virtue.

The Times-Signal stands for Snyder and Scurry County first, last and all the time, and will continue to champion every just cause. When needed, the paper can kick like an old Georgia mule and won't stand hunched when the cause of the people is at the bottom of any proposition. —Scurry County Times-Signal (Snyder).

Big Spring folks have been asking the question for some time. If the plants at other points can afford to sell ice at 30 and 40 cents per hundred, they might be interested in placing a plant in a city where double that price is charged.

MANY TRAMPS ALONG HIWAYS

Motorists report that practically every national highway is now lined with tramps bumming rides. These tramps are of both sexes, and of every age. Some of them are hardboiled and seem to think you owe them a ride and they are dangerous characters among those you encounter along the highways. If auto owners would turn down cold every request for a ride, the number of auto tramps would become much smaller. Of course there are worthy people trying to make it across the country but it is almost impossible to tell the worthy from the undeserving. Too many auto owners have been killed or robbed by tramps they have befriended to encourage one to give rides to these strangers along our highways.

TWO-DOOR SEDAN BODY BY FISHER

J. C. B. Lansing, Michigan

WORTH MORE
COMPARE
AND SEE

You will never know what an amazing value Oldsmobile offers at its new low price, till you see and drive this car.

Only then can you know the qualities that lift this value far above even its now familiar new smartness.

Only then can you appreciate the richness, the comforts, the conveniences that make up the new luxury of its Fisher Bodies.

Only then can you compare the effects of the refreshing new Duco colors.

Only then can you realize the swift acceleration, flowing power and effortless control of its thrilling, smoother performance.

Then—and only then—can you know the plain truth that Oldsmobile today is worth far more than its new low prices. Come in—compare and see.

EXCURSION RATES TO FORT WORTH AND DALLAS LABOR DAY

A Labor day excursion to Fort Worth and Dallas is being featured by the T. & P. Railway with the round trip fare amounting to only \$7.75. The excursion will leave Big Spring for Fort Worth or Dallas Saturday night, Sept. 3, arriving in Fort Worth or Dallas Sunday morning, Sept. 4, and will leave Fort Worth or Dallas Monday night, Sept. 5. Besides being a sight seeing or pleasure trip excursionists will be treated to big league ball games in both cities. Wichita Falls will play Fort Worth there Labor day, and Shreveport will play Dallas in Dallas Labor day. Fans of the Texas League will be attracted to these cities on this day to see the big games.

The discovery that the fiber of the cocoon spun by the silkworm could be made into cloth is ascribed to Se-Ling She, a Chinese queen who lived about forty-seven centuries ago. —Dearborn Independent.

D. H. Cunningham and Mrs. J. A. Reese, father and sister of Mrs. D. W. Christian are visiting at the Christian ranch northeast of Big Spring this week.

We are in line to gain many new citizens during the coming fall and winter.

STATE TO SPEND HALF MILLION ON HIGHWAY MARKERS

Austin, Aug. 22.—Several thousand "markers" or signposts will be erected along Texas highways at a cost of around half a million dollars, according to plans announced by R. S. Sterling, Houston, chairman of the state highway commission.

The commission spent part of a day's session in studying designs and types which may be installed. The markers will give information as to distance to the various towns and routes which may be taken, it was announced.

Representatives of several companies have already announced to the commission their intentions to bid on the work. Final plans will be worked out later, Commissioner Sterling said.

The use of anesthetics was taught to other medical professions by dentistry. The use of nitrous oxide, laughing gas, in the extraction of teeth, was first attempted by Horace Wells in 1841.—Dearborn Independent.

In the last presidential election out of sixty million men and women privileged to vote, less than thirty million placed enough value upon the right of suffrage to drop their ballots in the box. Those who failed to vote outnumbered those who voted.—Dearborn Independent.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded, That you summon, by making publication of this Citation in some newspaper published in the County of Howard if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Howard County, for four consecutive weeks previous to the return day hereof, Ella West whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Howard at the Court House thereof, in Big Spring, Howard County, Texas, on the 5th day of September, the same being the first Monday in September A. D. 1927, then and there to answer a Petition filed in said Court, on the 9th day of August A. D. 1927, in a suit numbered on the Docket of said Court No. 1123, wherein E. H. West is plaintiff and Ella West is defendant. The nature of the plaintiff's demand being as follows, to-wit: Suit by plaintiff for divorce from defendant on the ground of Three years voluntarily abandonment by defendant from plaintiff.

Herein fail not, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Big Spring, Texas, this, the 10 day of August, A. D. 1927. (Seal)
J. I. PRICHARD, Clerk.
District Court, Howard Co., Texas.

WEST TEXAS' PROGRESS

A measure of the progress of West Texas is contained in the figures of the State comptroller showing that taxable values of 35 counties in this section have increased \$140,000,000 in the past four years. A great portion of the increase was due, of course, to oil production in a score of new pools opened up during the period. But the discovery of oil is not a merely temporary boost to prosperity. Production of the golden fluid brings in its train industrial development of varied nature. It brings in new citizens who become home owners and wage earners. It brings in new businesses to supply the wants of the increased population. Its stimulation affects all branches of activity.

West Texas' tremendous agricultural development also has contributed its large share to the increase of taxable values. Thousands of people have come into West Texas during the past four years to make their homes on the land. They have found a region favorably situated by reason of its adaptability to two major "money" crops, grain and cotton. They have found a soil capable of growing almost anything under the sun with a minimum amount of labor and with no expense for fertilization.

West Texas may in time exhaust its oil resources, although that day can not be viewed as any other than far distant when the vast area subject to exploitation has been barely scratched. But West Texas soil and climate will still be responsive to the efforts of the tiller when the world no longer has any need of petroleum.—Fort Worth Star-Telegram.

E. B. GILLEAN INVESTS IN SOME FINE SHEEP

E. B. Gillean last week made an investment in some fine ewes and bucks which have been placed on pasturage at his ranch south of Spring. He bought one hundred and forty head of ewes paying \$12 per head and also bought 12 bucks from a San Angelo rancher, paying \$50 per head. The sheep have already been delivered.

SWARM OF TRAMPS DUE THIS WINTER

Panhandlers are becoming quite numerous in our city thus early in the season, so we may expect an increasing number until, and thru the winter months. The Bankhead highway seems to be the route for thousands of tramps on their annual pilgrimage across the country. We should arrange a municipal rock pile and give these fellows a chance to eat, a meal.

A United Charities Association would keep our citizens from being "wasted" with these tramps. If we made every fellow do some work to earn his "eat" fewer of this class would stop in our city.

Thedford's BLACK-DRAUGHT
Purely Vegetable

Frequent Bilious Attacks

"I suffered with severe bilious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky.

"I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples.

"My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed.

"My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells.

"One day one of my neighbors, who has used Thedford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me.

"I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells."

INFANTILE PARALYSIS

Since the appearance of one or two cases of infantile paralysis in Big Spring our citizenship should take warning to keep their children at home and from public gatherings of any kind. By avoiding contact with those who have the disease, the spread of infantile paralysis may be checked.

Unfortunately infantile paralysis, so-called by the great majority of the public, is not a real disease, but an unfortunate and comparatively infrequent sign or accident which occurs in from 20 to 40 per cent of cases of acute poliomyelitis, which is the real disease.

Acute poliomyelitis is characterized by two distinct sets of symptoms. The first set frequently, probably more often, occurs alone than otherwise in 60 to 75 per cent of the total cases. It is this form of acute poliomyelitis which has been called "abortive." An unfortunate term because it tends to direct the attention of what is actually the commonest expression of the disease to the far less frequent though more spectacular paralytic accident. Both in interest of the community and the individual recognition of the first set of symptoms is the master problem of the physician. The second set of symptoms is characterized by an invasion of the central nervous system with paralysis and recovery or paralysis and death.

When the attack first appears, the child may complain of a slight diarrhea be either irritable and touchy or drowsy. It may resent being touched and shrug its shoulders if touched, or may complain of pain in the back, and cry out if moved around on the bed. Fever may be present, to a slight degree about 100 degrees or may run to 103 degrees. The eyes, instead of being bright and the face flushed as with usual attack of fever, have a glazed procelain quality and frequent puffiness around the orbits. These are the symptoms to be noticed in a child in the early stages of acute poliomyelitis. If recognized in this stage appropriate treatment may prevent the occurrence of paralysis. Furthermore, THIS IS THE IMPORTANT STAGE OF THE SPREAD OF INFECTION. Cases in this stage are more dangerous to the community, because if they are not properly cared for they spread the disease quickly as those who have already developed paralysis. Only 25 to 40 per cent of the cases ever develop paralysis and this per cent can be reduced if appropriate treatment is commenced before paralysis sets in. Those who do not develop paralysis usually recover from within 4 to 6 days.

SALEM NOTES

In absence of Bro. E. E. Mason and Rev. Ashford, Bro. Smith of Big Spring preached for us Sunday. We are grateful to Bro. Smith for this kindness.

Mr. and Mrs. Roy Thomas and family spent Sunday with Ben Miller.

Mr. and Mrs. Jim Robinson had as their Sunday guests Bro. Smith, Uncle Jack and Aunt Fannie Wilson Paul Bishop who is managing and directing the community play, "That's One On Bill," has announced that it will be staged sometime in September.

Clint Rogers and family were Sunday visitors with B. F. Miller and family.

Albert Eden and Mrs. Ruth Martin were called to the bedside of their brother's wife, who lives at Eldorado, Texas.

Mr. and Mrs. W. H. Robinson attended the Methodist Church in Big Spring Sunday and spent the evening with their nephew, Tolbert Robinson.

Mr. and Mrs. Horace Dearing delightfully entertained the young folks with a party Friday night honoring Miss Leona Hull.

Mr. and Mrs. Clarence Fryar spent Sunday with J. W. Fryar and family at Fairview.

Little J. W. Robinson of Coahoma spent Monday night with his grandfather, W. H. Robinson. Desmond Powell who fell off the South Ward school building last week and was slightly injured is able to be up.

Reporter.

See the wonderful new line of jewelry at Wilke's—advertisement.

Mrs. R. T. Middleton and Mrs. Mildred Jones returned last Friday from a visit with relatives and friends at Pecos. Miss Katherine Happel who had been visiting relatives there, accompanied them to this city.

FEATURE MATCH AT ANGELO

Matchmaker, Sam Faust of San Angelo writes us that he is to have a feature wrestling match in Angelo on Sept. 16 and would like to see a group of Big Spring fans down there to see the sport. Ed Strangler Lewis, the heavyweight champion of the world is to wrestle to defend his title also the \$10,000 diamond studded belt which the mat king sports emblem of his title. He is to wrestle anyone Faust names and the date has been set for September 16.

Faust writes: "I have the two leading contenders for the crown in Angelo Wednesday, and Lewis was defeated by Big Munn two years ago. Clinstock, the Indian, who wrestles Munn here Wednesday is the fastest of all giant heavies and is predicted as the next champion so we will have some big city stuff here and would like to see my Big Spring friends down for these two matches."

GUITAR GIN OVERHAULED AND READY FOR BUSINESS

Work of overhauling the machinery of the Guitar gin is completed and everything is in good working order at the opening of the busy cotton season. To date 10 bales of cotton have been handled by the Guitar gin and the income is increasing weekly. All necessary repairs on the plant and its equipment were made and completed before the busy season so that the cotton brought to the gin could be ginned in a short time and no time would be lost through making repairs or replacing broken parts.

WELL-BALANCED MEAT-LESS MENUS

(Editor's Note: Paste this article in your cook book. It's one of the series by six famous cooks running exclusively in this paper.)

It's really a good thing to leave meat out of our diet once in a while. Cheese and eggs are very good substitutes for meats, and can be used in many enticing ways.

A very attractive menu is given today by Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics. This entire meal can be cooked at the same time in the oven, too.

MARGARET ALLEN HALL

A Good Menu
Macaroni and cheese
Baked onions
Stuffed tomatoes
Strawberry shortcake
You may serve any beverage with this meal. Perhaps the family would relish iced tea, served with slices of lemon, or lemonade.

Macaroni and Cheese
1 1/2 cups macaroni
1 1/2 cups grated cheese
1 cup buttered crumbs
4 tablespoons butter
2 tablespoons flour
2 cups milk
1 teaspoon salt

Cook the macaroni in boiling, salted water, until tender. Drain and pour over it a dash of cold water. Make a white sauce of the last four ingredients and mix with the macaroni. Stir the grated cheese into the mixture. Turn into a baking dish, cover with buttered crumbs and bake in a moderate oven until nicely browned.

Stuffed Tomatoes
Stuffed tomatoes are a real addition to almost any menu.
4 large tomatoes
2 cups stale bread crumbs
2 tablespoons butter
2 teaspoons salt
2 tablespoons finely chopped onions
Cut off the blossom end of firm, ripe tomatoes and remove the inside portion. Prepare dressing by placing the butter and onion in a saucepan and cooking until nicely browned. Add salt and bread crumbs, moistened slightly with juices from the inside portion of tomatoes. Fill tomato shells with the dressing. Place in a buttered pan and bake in a moderate oven about one-half hour.

Strawberry Shortcake
This favorite American dessert, strawberry shortcake, is always a treat.
2 cups flour
4 teaspoons baking powder
4 tablespoons fat
2 tablespoons sugar
1/2 teaspoon salt
1/2 cup milk
Sift dry ingredients. Cut fat in with two knives, add milk slowly. Turn mixture into deep cake pan and bake in hot oven twenty-five minutes. When baked, remove from pan, split, spread with butter, and place sweetened, crushed berries between layers and on top of shortcake.

A huge super-burner which cooks as fast as gas is one of the most recent improvements found on one of the newest and most modern oil stoves.

Also mention
Another good mealtime meal has corn omelet for its main dish. These

Recipes are also like halves.
Do not fill the puff, however, until ready to serve them. Fill with whipped cream, slightly sweetened, or a thick custard.

Cream Puff Shells
1 cup hot water
1/2 cup butter
1 cup white flour
4 eggs
1/2 teaspoon salt

Heat the butter and water to boiling. Add the flour, mixing thoroughly, and cook for a few minutes, stirring constantly. Set aside to cool. When cool add the unbeaten eggs, one at a time, and mix each thoroughly before another is added. Drop from a tablespoon upon a buttered baking sheet and bake in a moderate oven twenty-five minutes, or until light when lifted from the pan.

Corn Omelet
4 eggs
1/2 cup drained stewed corn
4 tablespoons bread crumbs
4 tablespoons milk
1 teaspoon salt

Separate eggs, beat the yolks until thick. Add milk, drained corn, one-half of salt, bread crumbs. Add remainder of salt to whites of eggs and beat until stiff. Fold stiffly beaten egg whites into first mixture. Heat frying pan, grease well, pour mixture into pan and cook slowly over low flame until set. Insert spatula or knife around edges of omelet to determine when mixture is sufficiently set. Place omelet in oven for a few minutes to brown on top.

A Spinach Change
After you have cooked spinach as usual, boiled for 25 minutes in the least possible water, serve it with Bechamel sauce. Put three tablespoons butter in hot omelet pan; when melted add chopped spinach. Cook three minutes. Sprinkle with 2 tablespoons flour, stir thoroughly and add 1/2 cup milk. Cook five minutes.

A broiler which is very satisfactory on oil, gas, wood, or electric stoves is being marketed now. It is so constructed that the food cooks on both sides at the same time, with no need of turning. A drip pan collects the juices, so that delicious gravies can be made.

(Watch next week for the special cooking article by expert cooks.)

Personal Mention

E. J. Headlee of Denton was a business visitor in Big Spring Tuesday.

Melvin Pitman, T. B. Hoover and James Crawford left Wednesday for a fishing trip on the San Saba river.

Walter Barrett arrived Monday morning from Los Angeles, Calif. for a visit with his mother, Mrs. M. E. Barrett, other relatives and friends.

Don't Be Embarrassed By Skin Diseases

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germs, stops the itching at once, and restores most cases to a healthy condition. Eczema, Tetter or Cracked Hands, Poison Oak, Ringworm, Sore Blisters, Feet, Sunburns, Old Shin Sores—all of these have yielded to its wonderful healing power. 60c and \$1.00 a Jar. Soap 25c, at

CUNNINGHAM & PHILIPS

L. V. Thompson and family left the first of the week for DeKalb, Texas, for a ten days visit with Mr. Thompson's parents.

A. J. Crawford left Saturday night for Dallas to purchase electrical fixtures and other fixtures for the new Crawford Hotel.

Mrs. L. C. Dahme returned Sunday night from a visit with relatives and friends in Cuero and San Antonio.

Mr. and Mrs. K. S. Beckett plan to leave Tuesday for a visit to the Carlsbad Caverns, and other points of interest in New Mexico.

The fire alarm was sounded Monday at noon when some crating and excelsior in the Mellinger garage on South Scurry street became ignited. The blaze was extinguished before any damage resulted.

Jack Norvell, Bill Earley and J. R. Rollins returned the first part of the week from a two weeks visit in the Rio Grande Valley, and while they think that it is a great country, they were all glad to return to West Texas.

FIRE DEMONS' APPALLING HARVEST

Seventeen thousand innocent lives and five hundred and seventy million dollars worth of property is his annual toll. What have you done to protect yourself and your community against the awful fire demon. Protect your home; your business; your automobile with fire extinguishers. Don't wait, do it now with "Fry-Fyters." Ask your insurance agent. Ask your fire chief what these mean to you. Fry-Fyter—First Aid Fire Extinguishers, are approved and labeled by Fire Underwriters' Laboratories. Manufactured by world's largest manufacturers of First Aid Fire Extinguishers! Let me show you and tell you about them. 49-4f

You attention is called to the fine showing of the State National Bank as per statement in this issue of the Herald.

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drive out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by
