

**'NOSIN WITH POLLY**

(Continued from page 1)

10. Do you favor limiting sales of agri-products for export to transactions between governments, eliminating sales by private business?  
Yes-8%; No-90%; No Opinion-2%.

11. Do you support the long standing WTCC philosophy that our National Parks should be developed for the use and enjoyment of the majority of the public?  
Yes-93%; No-0%; No Opinion-7%.

12. Do you foresee a need for the development of additional package travel tours throughout West Texas?  
Yes-72%; No-18%; No Opinion-10%.

# Jimmy George Winner Of Weekly Contest

Jimmy George was winner in the football contest this week. Edna Sanders was second and Rodney Geissler third. Each one had nine games correct with the tie-breaker deciding the places. Others having nine games correct were Toni Sanders, Ruth Hackleman, Jimmy Randolph, Bobby Adams and Danny Randolph. Edna Sanders took over first place in the contest with Larry Price second, Jimmy Randolph, third and Rodney Geissler, fourth. Others still in the race are Tom Sanders, Bobby Angeley,

Vicki Freeman, Kenny O'Hair, Jerry Been, Randy Bills, Bill Lunsford, Loyd Hood and Jerry Barden. Also Glenn Branscum, Bullet Adams, Beverly Hill, W.G. Rountree, Mark Parish, Cliff Follis, William P. Holland, Jr., Carrie Dawn Been and Dickie Brown. And Dawn Branscum, Edwin Fulfer, Jeri Paige Been, Kevin Kelley, Wendy Branscum, Billy Hackleman, Shirley Adams and Teresa Adams. Also Charlie Hill, Mary Lou Rountree, Arlie Ellis, Allen Moore, Gayland Stephens, James Han-

# Wrecks Plague Earth The Past Week

The first accident of the week occurred Saturday on Highway 70 in East Earth at H. S. Sanders Lumber.

A Muleshoe Co-op Gln truck loaded with sunflower seeds, driven by Margarito Gutierrez, Jr., was enroute to Plainview headed East on Highway 70 on its way to the Oil Mill there, when the trailer became unhitched from the cab and plunged headlong into the curb and overturned spilling its contents.

City Marshal Alvin Pittman investigated the accident. He said the sideboards and endgate of the trailer was totaled, but the driver was uninjured. Another company truck was required to come over, reload the seed and take it on to Plainview. The wrecked vehicle was taken back to Muleshoe.

The second accident occurred Monday at 6 a. m. when a meat truck from Tri State Industries in Clovis was passing through Earth enroute to Plainview.

As the truck approached H. S. Sanders Lumber on East Highway 70, the bed of the truck, which had been welded in the center, collapsed, and according to City Marshal Alvin Pittman, heads and sides of dead animals poured out of the truck. Allen Connell, driver of the truck called his firm and they immediately sent another truck and help to reload the spilled animals.

At 6 a. m. Tuesday, a 1/2 ton pickup driven by Mrs. E. M. Malone and a pickup driven by a lady from Missouri, both headed East on Highway 70, collided just East of Earth Oil and Gas Station. No one was injured, according to City Mar-

shal Alvin Pittman. Pittman did not estimate the damages and had given no ticket at press time. He further stated, that the investigation was incomplete at this time.

## 4-H FOOD SHOW

(Continued from page 1)

tration will be done by an Olton assistant.

Among those entering the food show from the Springlake-Earth 4-H club are: Bart Belew, Sandy Clayton, Cliff James, Chucky Conner, Terry Conner, Cindy Clayton, Kevin Riley, Jody Riley and Belinda Hampton.

Also Dina Jo Hampton, Dawn Branscum, Darcy Randolph, Carmen Kelley, Lesa Templeton, Vonda Stephens, Stacy Tunnell, Stephanie Tunnell and Doniece Taylor.

Members of the Pleasant Valley Social Club met at 7 o'clock in the evening in celebration of the 27th anniversary of their club.

The group dined at the Corral Restaurant in Muleshoe, and enjoyed the fellowship.

A short business meeting was conducted and the Outstanding Club Member was recognized. The outstanding member was chosen by secret ballot. The ballot revealed a tie for the Outstanding Member. The two recognized were Mrs. Sena Stevens and Mrs. Lillie Wuerflein. The two were presented with beautiful scented candles made in the form of a large rose.

Members attending the event were Mrs. Bonnie Haberer, Mrs. Juanita Galyon, Mrs. Edith St. Clair, Mrs. Jean Allison, Mrs.

Sena Stevens and Mrs. Lillie Wuerflein. Three guests from Muleshoe attending were Mrs. Vera Engelking, Mrs. Katie Roubinek and Mrs. Sam McKinstry.

The next meeting will be the club's annual Christmas party. The date is set for December 5 at 7 o'clock in the evening at the Pleasant Valley Community Building. All club members and their husbands are expected to attend. There will be a covered dish dinner. The group will have music and a sing song of lovely Christmas Carols.

## Bicentennial Bits

On November 7, 1775, Governor Dunmore of Virginia proclaimed martial law and promised freedom to slaves and indentured servants who joined the Royalist cause.

On November 19, 1775, Dr. Benjamin Church, a longtime member of the Massachusetts Committee of Safety, was discovered passing information to the British.

More than 128 million motor vehicles are being driven over a trillion miles a year on U.S. highways, reports the Automotive Information Council.

### Engagement Told

Mr. and Mrs. Garland Stovall announce the engagement and approaching marriage of their daughter Yolanda Ballesteros, to Robert G. Crofford of Earth,

son of Mr. and Mrs. James R. Crofford of Amarillo. The couple have set their wedding date on November 23 in the home of Mr. and Mrs. Donnie Henderson.

### STOVALL BOYS HONORED ON BIRTHDAYS

On Thursday, November 6, Garland Jr., was honored in his home with a birthday dinner. On Friday, November 7, his brother Dusty was honored in his home with a birthday dinner.

Those attending both occasions were Mr. and Mrs. Donnie Henderson, Mr. and Mrs. Larry Stovall, Yolanda Ballesteros and son Ricky, Robert Crofford, Richard Ballesteros and parents Mr. and Mrs. Garland Stovall and sister Carla Marie.

## FTA Elect Officers For 1975-76 School Year

The members of the Spring-lake-Earth Future Teachers of America Club elected the officers for the 1975-76 school year Thursday, November 6. The officers elected were as follows: President, Sherri Winders; Vice-President, Cindy Dent; Secretary, Pam Ott; Treasurer, John Cleavinger; Parliamentarian, Kim Dent; Historian and Recorder, Kelly Jo Wheatley. Sherri Winders is also the FTA student council representative.

The FTA will be selling chocolate almond candy bars at 75¢ each. If you would like to buy some you can contact an FTA member or Jerry Beard, sponsor of FTA.

The speaker for the meeting was Bill Weldon. He spoke on the "Ten A's for Successful Teaching." He emphasized that no matter what field of teaching you go into you must have patience because in just a regular class there are a few slow learners and a few fast learners and you should take time out for both. He went on into the 10 A's which were:

1. Aim-you should set a goal and try to reach it. Go along at a pace that is comfortable for the whole class. Try to teach them all so that they will really understand.
2. Attitude-don't pick favorites. There will be some you don't get along with, but you shouldn't let it show.
3. Appearance-you should be neat and follow the same dress codes the students do. If you aren't dressed and groomed neatly, the students will think that if you can do it so can they. Also the student's parents like to see nice looking teachers teaching their children.
4. Availability-if a student doesn't understand part of his lesson, he may seek individual help. If so, he will need you to help.
5. Adaptation-if you are in a bad mood when you come into class, you shouldn't take it out on the students. They may be having problems of their own and they don't need someone else's.
6. Ability to accept criticism-

of course there will be some students who don't like you. Or who just like to poke fun at someone. It usually isn't meant to be anything but just "poking fun."

7. Attack-come in every day with something different. Don't just sit in class and lecture, give them something that they can get interested in.

8. Apply yourself-if you don't especially like a certain class, learn to like it. If you act like it's a drag your students will act the same.

9. Appraise-learn to accept criticism and think about it. Maybe they are right. Maybe you should change.

10. Accomplishment-don't expect too much from your students. Let them accomplish

## Local Rainbow Girls Meet With Muleshoe Assembly

Earth Rainbow Girls were guests of the Muleshoe Rainbow Assembly Monday night, November 10, at 6:30 p.m.

Prior to going to Muleshoe, the girls presented their Mother Advisor with a birthday gift in appreciation for all her help to them.

Approximately 60 people were present for the Muleshoe regular meeting.

Mrs. Lois McEachern of Plainview, Grand Visitor, was presented in the East and given Grand Honors.

what they themselves can. Don't let off, but don't bear down.

Refreshments were served by Kim Dent and Sherri Winders to all members and guests present.

Julie Harrison, Grand Representative to Texas, from Arizona, and Prisca Young, Grand Representative to Mississippi from Texas were presented in the East and given Grand Honors.

Past Grand officers presented were Fonda Goodwin, Junior Past member of the Grand Finance Committee and Mrs. Ann Kelley, as Past Grand Confidential Observer.

Others introduced were Past and Present Worthy Advisors and Mother Advisors.

Following the opening and introductions, the guests from Arizona were introduced. The Worthy Advisor of Muleshoe was given an Arizona Rainbow Pin. Also our Past Grand officer, Fonda Goodwin, was given a

memento from the Arizona Rainbow Girls.

Following the closing march a delicious meal was served.

The local girls enjoyed meeting Rainbow Girls from other assemblies and enjoyed the program that followed. The girls from Arizona sang their official Rainbow Song and Mule-

shoe Assembly presented several songs.

Those attending were Pam Eagle, Christy Barlow, Donna Smith, Kelly Wheatley, Fonda Goodwin, Stephanie Parish, Stephanie Tunnell, Teresa Lively, Sheila Jordan, Mrs. Cecelia Goodwin and Mrs. Ann Kelley.

## Blackburn - Bicknell Wed Saturday In Lubbock

In a beautiful wedding ceremony Saturday, Miss Bobbie Jan Blackburn of 5522 A. 13th Street in Lubbock, became the bride of Donald A. Bicknell, Jr., of 2320 53rd Street of Lubbock. Rev. Murie Rogers, pastor of First Baptist Church of Ropesville performed the ceremony.

Parents of the bride are Mr. and Mrs. Troy Blackburn of Earth. The grooms parents are Mr. and Mrs. Donald A. Bicknell, Sr., of 2320 53rd Street in Lubbock.

The impressive double ring ceremony was read at 12:00 o'clock (noon) November 8 in

the Ford Memorial Chapel, of First Baptist Church in Lubbock.

The chapel was decorated with a large bouquet of mixed flowers in shades of fall colors complimented by two smaller bouquets and two singular cathedral globed candles. Beautiful persimmon colored satin bows marked the pews reserved for the immediate family.

Beautiful wedding music including "One Love" also "One Hand, One Heart" was presented by organist Mrs. Marie Winders.

Presented in marriage by her father, for both parents, the bride was beautifully adorned in a classic gown of white sugar

MRS. DONALD A. BICKNELL, JR.  
(nee Bobbie Jan Blackburn)

can jersey. The peaked bodice featured a high Duchess neckline defined in pearl beaded

Venise lace which continued down the center front. Long tapered sleeves were cuffed in the same matching beaded Venise lace. Her full circular skirt fell in deep fluid folds and was complimented by a circular wateau train falling from an oval yoke at the back. Her veiling was caught to a classic Greek Diadem of pearl beaded lace, drifting beyond her train. Pearl drops were sprinkled through-out her veiling. The bride carried a cascade bouquet of white gardenias and stephanotis enterngled with baby's breath, enhanced with loops of pearls with greenery.

Carrying out the traditional something old, new, borrowed and blue, the bride wore an heirloom necklace belonging to her paternal grandmother, and a wedding ring belonging to her maternal grandmother. She also carried a handkerchief belonging to the grooms grandmother, something new was her wedding gown, also a new linen handkerchief given her by her great aunt, Mrs. Measles. She borrowed a six pence which she carried in her shoes, from her sister, Mrs. Janice Allen of Glen Rose, Texas and she wore the traditional blue garter.

Attendants included Mrs. Dena Houchin of Houston and Mrs.

Janice Allen, Glen Rose, sister of the bride. The attendants were gowned in lovely persimmon colored jersey which complimented the bridal theme. Classic Green silhouettes featured softly shirred long tapered sleeves. The hi-rise peaked waistlines complimented the softly shirred skirts which swept to fullness at the back. Each carried a cascade bouquet of persimmon spider mums and greenery.

Donald A. Bicknell, Sr., served as best man. Groomsman was Richard Vaughn.

Ushers were Ronnie Bicknell, Bubba Bicknell and Richard Pope.

The groom wore a beige tuxedo complimented with a stephanotis boutonniere. His attendants wore brown tuxedos with white shirts with brown trim. They wore tropicana rose boutonniere.

The groom's mother wore a light blue floor length dress of jersey with white accessories. Her corsage was a white orchid.

The bride's mother wore a

royal blue floor length dress of sweater knit with an A-line skirt trimmed in white. Her corsage was a white orchid.

Acting as grandmother for the bride was Mrs. Beulah Measles of Tulla. She is the bride's great aunt. She wore a street length dress and coat of pink, grey and white knit. Her corsage was a white glamelia.

Immediately following the ceremony a reception was held in the parlor of the Ford Memorial Chapel. Serving at the bride's table was Mrs. Jim Williams and Mrs. Bobby Ewing. The grooms table was attended by Mrs. Bill Davis and Miss Brenda Jones. The ladies wore lovely corsages of persimmon colored spider mums.

For a wedding trip to Alcapulco, Mexico, the bride left wearing a glamorous 3 piece beige knit pant suit. The jacket was accented with natural color suede and bits of green. A green scarf tied at the neckline enhanced the suit. She wore beige shoes and carried a matching

### Homemakers To Meet November 17

The Young Homemakers Club will meet at 4:30 p.m. November 17 in the Homemaking Cottage on the campus for an interesting program.

The program is entitled "Weddings in the White House." The Friona lady bringing the program is Mrs. Glen Reeve, Sr., who will narrate as she explains about the dolls on display, each one dressed identical to represent one of the brides married at the White House in Washington, D. C.

The program brings back memories. At the same time it renews a bit of the History of the U. S. A.

### Bykota S.S. Class Has Salad Supper

The Bykota Sunday School class of the First Baptist Church of Earth, held their regular monthly meeting Monday night at 7 p.m. in the home of Mr. and Mrs. Clarence Kelley. A delicious salad supper was served.

The invocation was given by Mrs. Bill Anderson.

Following dinner games were enjoyed by the group. Mrs. Marvin Sanders led the group in the game session.

Study and discussion of scriptures was given by Mrs. Howard Cummings.

Those attending were Mrs. Howard Cummings, Mrs. Bill Anderson, Mrs. L. H. Galloway, Mrs. Leon Foster, Mrs. Paul Wood, Mrs. David Burum, Mrs. Bennie Prather, Mrs. Lillian Hamilton, Mrs. Marvin Sanders, Mrs. S. E. Vaughn, Mrs. Buddy Adrian, Mrs. Bud Jones and the hostess Mrs. Clarence Kelley.

MAKING THE MOST OF YOURSELVES.. The two ladies are applying the correct make-up on two ladies in order to show their audience the youthful natural look. Mrs. Marvin Sanders and Mrs. Abe Griffin are the two volunteers. The Seminar Course was sponsored by Citizens State Bank in Earth.

Dear Friends:

Thank you for your loving kindness to our family since the tragic accident that took Benny's life.

Your many expressions of sympathy and support, through gifts of flowers, memorials, food and your time to be with us, will always be remembered and treasured.

Your prayers have given us new strength and courage and we ask that you will continue to remember us in the days ahead.

May God richly bless each one of you. With much love and appreciation.

# Wolverines Stun Kress Early For 17-0 Win

BY: BILL WELDON

If you were late arriving at the ballgame or went by the concession stand before going to your seat then you probably missed the quickest explosion of points by the Wolverines this year as they methodically defeated a courageous but badly outmanned Kress team 17-0 Friday night.

Even before most folks had unfolded their blankets or sipped the first drink of coffee the "Big Green" had stunned the Kangaroos with a touchdown and then added insult to injury by tacking on a safety only seconds later.

The Wolverine defense, as it has all year, simply gave the offense a gift TD only 18 seconds into the game when on the first play from scrimmage Larry Dear intercepted a Kress pass at the Kangaroo 25 and returned it to the 2 before being shoved out of bounds. Geisler drove over tackle on the next play and with 10:42 showing on the scoreboard Andrew Monreal added the extra point and it was 7-0.

Kress got themselves in bad field position when the kickoff was mishandled and the return only netted two yards to the Kangaroo 13. Durham was thrown for a loss of two on first down and on second a bad pitch went into the endzone where Durham fell on it for a safety only 49 seconds after the Wolverines had scored.

Dear once again gave the Wolverines good field position when he returned the punt after the safety 25 yards to his own 43. Geisler, running tough, picked up 17 yards in two carries and then Mark Barton, at quarterback, went for 11 on an option. After Geisler was stopped for only a yard gain in two tries, Jimmy Furr went for 12 yards to set up a list and goal at the 4. It took 3 running plays with Barton scoring the TD from the 2. Dear put on a juggling act but held on as the Wolverines went for 2 and with 8:50 left in the first quarter it was 17-0 and it looked like the rout was on.

After an exchange of punts Kress had its only serious threat of the first half as the Kangaroos were aided directly by consecutive penalties of a facemask and late hitting violations. But the drive stalled at the Wolverine 15 when Brent Be-

TOUCHDOWN WOLVERINES-Somewhere under this pileup is Rodney Geisler with the Wolverines first touchdown Friday night.

three Weathered for a 13 yard loss on first down. After a delay of game penalty and two incomplete passes Cliff Wood intercepted a Durham pass at his 20 and returned it 26 yards.

Neither team could move the ball consistently the rest of the half with the Wolverines stopping another drive with a penalty on a screen as the first half came to an end with the score 17-0.

The Wolverines looked as if they meant business the second half as they took the kickoff and marched down to the Kangaroo 28 only to lose the ball on a Barton fumble. But Kress could not move and was forced to punt where once again the Green had good field position. But penalties stymied another drive even though Furr caught the Kangaroos napping and went for 12 yards on a fake punt. But the drive stalled and Monreal's 46 yard field goal effort was no good.

Kress once again only had one good drive in the second half marching from their own 44 to the Wolverine 15 as Durham completed two passes of 22 and 16 yards to Byrd and Gasarez. But the big play defense rose to the occasion when Brad Bridges threw Durham for an 8 yard loss on 3rd down at the 17. A draw play on 4th was stopped by Randy Bills, Randy Latham, and Lape Rivas and the Wolverines took over.

The Wolverines had one more chance to score as they moved from their own 29, to the Kangaroo 12 on the strength of a facemask penalty and a 22 yard pass completion from Barton to Bridges. But the drive stalled when the Green was penalized for aiding the progress of a runner and then lost a fumble on a mishandled exchange.

The Wolverine defense was excellent holding the Kangaroos to only 6 first downs, a minus 21 yards rushing and only 57 yards passing for a total of 36 net yards on offense. Also the Wolverines came up with two interceptions, a fumble, and four quarterback sacks as the defense was tremendous.

## Check Roof Before Problems Occur

Plaster flaking? Wallpaper peeling? Shingles flapping? Don't wait for these drastic signs to appear before checking conditions of the roof. Mrs. Dorothy Powell, County Extension Agent, warns,

Although modern roofing materials have an "expected lifetime" of about 20 years, roofs can be damaged or wear out faster, and inspecting the roof annually can help avoid expensive repairs, she said.

First check the underlayment. This is the covering of asphalt-

saturated felt laid over the sheathing to protect it and the roof structure from moisture. Be sure there are no obvious holes beneath the shingles.

Another trouble spot may be in the flashing, those metal or tar-like strips located where roof planes intersect, such as where a dormer meets the main roof, along the eaves, or at vent stacks or chimneys. Flashing strips should be anchored securely to help keep the roof watertight.

Also, routine maintenance procedures should include making any immediate repairs, replace damaged shingles, for example, she noted.

Clean fallen leaves, twigs and other debris from gutters, downspouts and roof surfaces so water can drain freely. Trim nearby trees to prevent the branches from rubbing against the roof. Prune climbing rose and vines well below the eaves.

Although a homeowner can make simple repairs and maintenance, major jobs require a professional roofer. When hiring a roofer, get at least three estimates of the total cost for comparable materials and installation. Ask for references and check them. Beware of the roofing salesman who will restore the roof with a "special magical coating," because coatings can be used successfully in some small areas, but they often damage roof materials, Mrs. Powell said.

## SPEAKING OF SPORTS

BY: BILL WELDON

Though the year has been a disappointing one in respect to the Quest for a district championship and a high ranking, the Wolverines have an opportunity to end the season at 7-3 with a win over Farwell Friday night.

For eleven seniors it will be their final tilt in a green and gold outfit as they have given both leadership and effort all season long. To end with a win would insure them of the best record the Wolverines have had in the past few seasons. For the younger players the win would serve as a stepping stone to a good taste for next year.

Football has often been called a game of inches and all year it has seemed as if the Wolverines needed just a few. Probably mental mistakes in early season hurt them, and against Vega, a fine effort turned into a costly display of fumbles and penalties. And again against Hart the offense was unable to

control the ball or field position and kept the defense on the field too long.

Yet winning seven games has to have been a combined effort and in those wins the offense was able to either take advantage of good position given them by the defense or able to sustain long drives which held the ball for long periods.

The defense as a whole has to be applauded for its effort game after game as it kept the Wolverines in every contest and only played in our estimation two poor halves, one against Dimmitt and one against Vega. The offense had trouble all year adjusting to the veer attack, as mental mistakes on blocking assignments, a plague of fumbles and penalties hurt the team in key situations.

But the ground attack was an asset all year as it was able to move consistently and ate up huge chunks of yards quickly. Probably the absence of an established passing attack hurt the Wolverines as other teams have

keyed on the ground attack.

Against Farwell the Wolverines will be facing a squad which has come close to knocking off some good clubs (losing to Vega 14-12) and would like nothing better than to end the season with an upset of the "Mean Green." The Steers use a variation of the Denver City T and will also employ the Power I and Pro-Sets featuring the passing of Russ Jones, a 6'3" sophomore. For a ground attack the Steers rely on Mike Gottsch and Travis Bibbs, both juniors. The defense is led by Joe Haskeloft, a 205 lb. junior and will employ a basic 2-7.

Farwell has improved the last few weeks and will provide a final test for the Wolverine seniors, who will be playing for the matter of pride. The Wolverines will be ready, in a season of what might have been, to prove that they are once and for all a good football team.

WOLVERINE QUARTERBACK -with the ball, scored the Wolverines second touchdown Friday night against Kress.

## Sugar Prices May Dip With Increased Production

Remember the high sugar prices and widespread hoarding just a short year ago. Well, if the current outlook for sugar production in the United States and the rest of the world is accurate, sugar supplies will be plentiful during the coming year. So, consumers may see a slight softening in retail prices.

"U.S. production of both sugarcane and sugar beets should be up sharply this year compared to 1974," points out Dr. Russell McDonald, economist in marketing for the Texas Agricultural Extension Service. The U.S. Department of Agriculture has estimated sugarcane output will be up about 14 percent while production from sugar beets may be up 25 percent from levels a year ago.

Combined U.S. production of sugarcane and sugar beets should total in the neighborhood of 56 million tons while the world sugar crop may exceed 93 million tons, up four to six million tons from a year ago.

At the same time that production is expanding, per capita consumption of refined sugar in the U.S. is down, notes the Texas A&M University System economist. Each American may consume less than 90 pounds of refined sugar this year, the lowest amount since the sugar-short years of World War II.

"The decline in sugar use is mainly due to consumer resistance to high prices of sugar and sugar-containing products," believes McDonald. "Also, a new high-fructose corn syrup is becoming available in larger quantities and is competing with the sugar market."

The economist notes that the decreasing consumption of sugar is not unique to the U.S. alone. Demand is also expected to be down in Europe, Japan and Canada.

What effect will the larger sugar crop have on prices?

"Prices for raw sugar in the U.S. may drop as low as \$17 per hundred pounds this fall," says McDonald, "after rising above the \$23 level at mid-August."

"This means that consumers may see a little relief at the supermarket, but for those hoping for sugar at the bargain basement prices of several years ago, it's just not in the cards," contends the economist.

## Big Prizes

**GIVEN AWAY WEEKLY**

**First Prize - \$500**

**Second Prize - \$300**

**Third Prize - \$200**

### OFFICIAL ENTRY BLANK

NOVEMBER 22-23

NY GIANTS	GREEN BAY

BAYLOR	SMU
--- TIE BREAKER ---	
DALLAS ....	PHILADELPHIA .....
NAME.....	
ADDRESS.....	
CITY..... STATE.....	

### CONTEST RULES

The teams that are playing in this week's contest games are listed side by side in the official entry blank on this page.

Use the handy entry and mark out the teams you predict to lose. Print the scores you predict in the tie-breaker game in the spaces provided.

Each week's entry must be turned in or mailed to the Earth News-Sun office. Contestants are given a week to prepare and turn in their entries.

Entries must be in by 4:00 p.m. Friday or postmarked on that date. All late entries will be discarded.

In case of ties, a coin will be flipped to determine the

winner.

Each week the number of games correctly predicted will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted score will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

THIS CONTEST MADE POSSIBLE BY THE PARTICIPATING MERCHANTS LISTED ON THIS PAGE

**Wheat Symposium Set For November 20**

AMARILLO--Improved wheat production practices, cost alternatives and marketing are topics which wheat producers and agricultural and industry officials will consider in an annual Wheat Symposium at the Hilton Inn, 1-40 East, November 20.

The event gets under way with registration at 9:00 a. m. and opening remarks at 9:50 a. m., and adjourns at mid-afternoon. Sponsors cooperating in the symposium are the Texas Agricultural Extension Service, Texas A&M University, Panhandle Economic Program, South Plains Development Program and Rolling Plains Economic Program in cooperation with the Texas Wheat Producers Association.

The symposium precedes TWPA's annual meeting which convenes Friday, November 21. Sessions will be billed around on-farm decisions relative to production and costs and off-farm decisions which affect markets, prices and income.

Lead-off speaker for the symposium is Dr. Norman Britts, Extension agronomist from Vernon, who will discuss "Wheat Production Costs, What Our Records Show."

Alternatives for meeting production cost crises will be the general topic for six speakers. Dr. Frank Petr, Extension agronomist from Amarillo, will talk on agronomic management practices, and Jim Valentine, Lubbock-based Extension soil chemist, will speak on fertilizer and fertility management.

A film from the National Wheat Institute titled, "The Producer Has A Choice," will provide a close-up of marketing alternatives.

The afternoon session gets under way with Dr. Bill Clymer of Pest Management Consultants, Amarillo, discussing insect programs as alternatives for meeting production cost crises. He will be followed by Dr. Robert Berry, Extension plant pathologist from Lubbock, who will talk about disease prevention.

Dr. Allen Wiese, Texas Agricultural Experiment Station researcher from Bushland, is to review weed control practices. Dr. Kenneth Porter, TAEX professor-in-charge at Bushland also speaking under the theme of production cost alternatives will review wheat varieties and hybrids available to producers. Wheat pasture management is

the final topic of the agenda. Dr. John Shipley, TAES researcher from Bushland, is speaker.

Opening remarks of the symposium's two sessions will be provided by Extension Service District Agents Paul Gross of district 1 (Amarillo) and Billy C. Gunter of district 2 (Lubbock).

Winston Wilson, Wheat Producers Board members from Quanah and chairman of the Rolling Plains Economic Program, will preside over the morning session. Edd McLeroy, vice-president of First National

Bank of Dimmitt and vice-chairman of the Panhandle Economic Program will chair the afternoon session.

TWPA's annual meeting gets under way the next day with registration at 9:00 a. m. and opening talks at 10:00. The group will review farm programs and policies, legislative priorities affecting wheat growers, and hear reports from the National Association of Wheat Growers and Great Plains Wheat, Inc.

A business session at 2:00 p. m. will include committee reports and election of officers.

**Church Of Christ Youth Group Has Fun Night**

The Junior High and High School Classes at the local Church of Christ were entertained with a night of fun and worship.

The group attended church at the Sunset Church of Christ in Lubbock. Following church the group went to the Skate Ranch where they enjoyed a session of roller skating.

Before returning home the group dined at the Brittany.

Approximately 35 attended the event. Adults sponsoring the outing were Mr. and Mrs. Bill Weldon, Mr. and Mrs. Ronald Cleavinger, Mr. and Mrs. Eddie Haydon, Mr. and Mrs. Norman Clayton, Mr. and Mrs. Johnny K. Martin and Mrs. Lexie Branscum.

**Dinner Friday Night Honors Rev. David Hartman And Family**

Rev. and Mrs. David Hartman and children Andy and Denise were guests of honor Friday night at an evening luncheon in the home of Mr. and Mrs. Hensel Hulcy, Rev. Hartman, a former pastor of First Baptist Church in Earth, resigned his position here to pastor the Rhine Valley Baptist

Church in Waldorf, Germany. He remained in Germany as pastor there until Sunday week, when he resigned to return to the U. S. A.

The evening was delightful as Christian friends fellowshiped together, thankful that the Hartmans had been permitted

MATCHING POWDER BASE... to skin color, then adding eye make-up and lipstick to match clothing, and adding little tricks of the trade, turned out two glamorous ladies. They are Mrs. Johnny Collins and Mrs. James Winders.

a safe journey back to the U. S. A.

The delicious food consisted of baked ham, hot rolls, Mexican casserole, and various other meat dishes, vegetables, desserts, coffee and tea.

Those attending included the guests of honor, also Rev. and Mrs. David Burum and sons, Mr. and Mrs. Marvin Sanders, Mr. and Mrs. Pete O'Hair, Mr. and Mrs. Paul Wood, Mr. and Mrs. Ross Middleton, Mr. and Mrs. Guy Frances Kelley, Mr. and Mrs. Bill Anderson and the hosts Mr. and Mrs. Hensel Hulcy, Greg and Kareen. The Hartmans spent the night

with Mr. and Mrs. Hulcy before returning to his parents home in Lockney.

**Homeseewing May Beat Cost Of Ready-To-Wear**

Homeseewing may be one way to compensate for rising retail clothing costs, Marlene Odle, a clothing specialist, suggests. "But the homesewer should first consider whether the sew-

ing will be the more economical choice," she reminded. Miss Odle is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Spending time making a garment that would cost less to buy isn't wise, homeseewing really pays when quality fabric is used," she said.

"It's more logical to spend \$9 to \$12 per yard for fabric to make a fashionable well-constructed garment that might cost \$100 to buy ready-made than to spend \$2 to \$4 per yard for a garment that could be bought ready-made for \$10."

In terms of both time and money, this specialist said that it makes sense to buy a blazer, but sew coordinating skirts and slacks to go with it, for example.

**Party Line**

Mrs. Pat McCord was admitted to the Methodist Hospital in Lubbock Friday for tests. Her tests indicate she has a pinched nerve that is causing much pain.

## Baptist Reach Goal Of 200 In SS

A tremendous crowd attended but fortunately there were two more who came in a little late and were not counted. So the goal of 200 was reached. The food and fellowship hour was a fun time, and was enjoyed by all in attendance. The record had 198 in attendance.

## Teacher Of The Month

Wendell Horn has been selected "Teacher of the Month" for November by the Junior Honor Society. Horn teaches Industrial Arts here at Springlake-Earth Schools.

Horn has brown eyes and brown hair. He is five feet and nine inches tall and he weighs 150 pounds.

He attended school at Littlefield and college at South Plains for two years. From there he enrolled at West Texas for the remaining two years to obtain his B. S. Degree. Prior to coming to Springlake-Earth he was employed in construction and carpentering.

Mr. Horn's favorite color is blue while his hobbies are fishing, hunting and leather work. His favorite T. V. shows are "Baretta" and "Good Times."

WENDELL HORN

And he does enjoy a good steak when given a choice. His birthday is August 5 and his favorite sport is football.

not make these methods obsolete, but it does offer the radiologist and surgeon a method of mapping out the contents within the skull to make an early, definite and painless diagnosis.

Newspapers are as old as free government — and have flourished with it. Thomas Jefferson knew the value of a free press when he wrote, "Were it left to me to decide whether we should have a government without newspapers or newspapers without government, I should not hesitate a moment to prefer the latter."

## Jimmy Littleton At KEND Radio Station In Lubbock

DIAL 1590, . . .

Mr. and Mrs. Jimmy Littleton, formerly residing in Abilene moved recently to Lubbock. Littleton and another member of the radio staff at KEND in Abilene have taken over management of the radio station KEND in Lubbock.

KEND is the radio station said

to be the only 24 hour station to bring news and information to their listeners. The station is heard at 1590 on your dial.

The radio station was recently purchased by the owners of the radio station in Abilene. Littleton and a fellow staff member were transferred to Lubbock to take over the Lubbock station. Littleton is a graduate of

Springlake-Earth Schools and Texas Tech. He is the son of Mr. and Mrs. J. A. Littleton Jr., of Earth.

WHEN SEWING engineered or large scale designs, select pattern styles with few horizontal or vertical seams which can break up the design. The back shirt pattern is usually positioned over the largest or boldest design. Other pattern pieces, especially shirt fronts and sleeves, are also usually positioned to continue the design from the back.

## How Does Your Brain Look?

An EMI Brain Scanner, a new X-ray technique for producing pictures of the brain, is now in operation in Methodist Hospital, George M. Brewer, president, announced today.

"This new diagnostic device provides detailed information on brain tissue abnormalities in a new perspective. It is more comfortable and less costly for the patient, as hospitalization is avoided. It is safer than previous procedures used to diagnose conditions within the brain," Mr. Brewer states.

The EMI Scanner system, located in the Nuclear Medicine area of the hospital, uses small amounts of X-ray in conjunction with a computer to produce clear pictures, which are cross-section views from the top of the head, looking down.

Methodist Hospital staff physicians in neurology and neurosurgical services are scheduling patients to be evaluated for tumors, blood clots or strokes, brain hemorrhages, hydrocephalus, acute head injuries, epilepsy, multiple sclerosis and degenerative brain disease.

There is no pain during the

examination. The patient wears normal clothing and reclines on an adjustable couch with the head positioned in a water-filled, rubber head-cap. The examination does not cause headaches or nausea, and hospitalization is not required for a recovery period.

During the scan, a portion of the machine rotates around the patient's head, taking readings of X-ray transmission. These readings are converted to electronic form and fed into the computer. Within seconds, the results are shown on a viewing screen, similar to television. The pictures are recorded on permanent discs. Additionally, the X-ray results are reproduced as a numerical printout, giving another permanent record of conditions within the brain.

The EMI Scanner system includes a Diagnostic Display Console and a Viewing Unit, where the pictures are shown on monitoring screens and are recorded as Polaroid prints for examination by radiologists and physicians.

Prior to development of the EMI Scanner, normal and abnormal conditions within the brain could be displayed only by injecting substances which created contrasts between tissue structures. Radiological methods most commonly used include injections of radioisotopes or dyes into the arteries or the introduction of air into the ventricles of the brain. These procedures normally can be done only when the patient is in the hospital, and they involve various degrees of discomfort.

The new EMI Scanner does

## A LITTLE RAIN SHOULDN'T DROWN YOUR DEPTH SOUNDER.

It's one thing to make a Depth Sounder that works. It's something else to make one that's dependable. Take rain for instance. Moisture from rain can literally drown vital electronics components. And spray or condensation can have the same effect.

So for a Depth Sounder to be worth the money you paid for it, it has to be dependable ALL THE TIME. It has to be a HUMMINBIRD. Because this year our entire line is COMPLETELY WATERPROOF.

Waterproof Humminbirds are available in both 100' and 60' models and feature precise readings at super-high speeds, even in shallow water. And our large sunshield and special "super-brite" light assure easy reading. All this plus a Titanate transducer so powerful it will send signals through the hull of most boats. If you're looking for a dependable Depth Sounder with performance second to none, you're looking for a Humminbird.

West Texas' Only Humminbird Dealer. Featuring the new Super 60 Model with extra long cord.

## Census Bureau To Take Labor Force Survey Here

Local representative of the Bureau of the Census will conduct the Bureau's monthly survey of employment in this area during the week of November 17-21. Percy R. Millard, Director of the Bureau's Regional Office in Dallas, announced today.

The survey is conducted by the Bureau for the U. S. Department of Labor in a scientifically designed sample of households throughout the United States. Employment and unemployment statistics based on results of this survey are used to provide a continuing measure of

the economic health of the Nation.

For example, in September the survey indicated that of the 93.2 million men and women in the civilian labor force, 83.4 million were employed. The Nation's unemployment rate was 8.3 percent, about the same as in July and August when it was 8.4 percent but substantially below the recession peak of 8.9 percent reached in the second quarter of 1975.

Information supplied by individuals participating in the survey is kept strictly confidential by law and the results

are used only to compile statistical totals.

Interviewers who will visit households in this area include: Rosemary McNeese of Amherst.

### Party Line

Rick Mason, formerly of Cincinnati, Ohio, now employed with three newspapers in Texas, visited his relatives Mr. and Mrs. W. C. Maxey and Mr. and Mrs. Lexie Branscum and family.

KYLE KELLEY and JANA PITTMAN

### Students Of The Week

Jana Pittman and Kyle Kelley have been selected as "Students of the Week" of November 3 in Junior High.

Jana is the 11 year old daughter of Mr. and Mrs. Billy Pittman. She has brown hair and blue eyes. Her birthdate is December 10, 1963.

Her favorite food is pizza and she enjoys T. V., especially "Big Eddie." In her spare time she enjoys making candles. She likes the song "Ricky Don't Lose That Number", and her favorite subject is Science. Her favorite sports are football and volleyball.

In the future she plans to attend college and afterwards become a medical missionary in Africa.

Kyle is the 13 year old son of Mr. and Mrs. E. C. Kelley. His birthdate is February 26, 1962. He has brown hair and brown eyes. He likes to eat Mexican food.

His favorite song is "Rockford Files" and his favorite subject is Science. His hobbies are art

and music. His favorite sport is soccer and his favorite color is red.

In the future he plans to become an architect.

### Party Line

Darla Slover was dismissed from the M. D. Anderson Hospital in Houston and she and the family returned home Wednesday. The reports were all negative, with the exception of some small knots found on her neck. She will take treatment in Amarillo.

Jake Scarbrough was admitted to the Methodist Hospital Monday week. He is considered to be in serious condition.

## Llano Estacado Museum To Sponsor Conference

Plainview--The Llano Estacado Museum will sponsor its third annual conference on the Llano Estacado on Saturday, November 15. The conference will be held in Gates Hall Auditorium at Wayland Baptist College from 9 a. m. to 3 p. m.

The conference is open to the public. It will feature sessions on organizing and maintaining an archives, accessioning and cataloging artifacts, organizing and maintaining a costume collection, archeological programs for schools and historical societies, oral history projects

and techniques for schools and historical societies, methods of research in collecting, writing and publishing local history, and designing an exhibit plan.

Area teachers of Texas History and members of County Historical Societies are urged to attend.

The registration fee for the conference is \$5.00 and lunch will cost \$2.50. Registration forms and further information may be obtained from Dr. C. Gwin Morris, Box 20, Wayland Baptist College, Plainview, Texas 79072.

## Party Line

Rene Littleton is expected to be dismissed from the Methodist Hospital in Lubbock Friday. She received a broken hip while on a fishing trip a few weeks ago. Rene has recovered beautifully from the broken hip, but has had a stomach flare up. She has been so determined to recover and be allowed to come home and has worked hard on her therapy.

Mr. and Mrs. Roy Taylor returned from Oklahoma City last week-end where she had a check-up on her eyes. She had cataracts removed from her eyes about six weeks ago. She is reported to be doing fine.

# SUNNYSIDE NEWS

BY TEENY BOWDEN

Plans were made at the community meeting Monday night for the area-wide harvest festival to be held at the community building Saturday night November 15 from 6 to 8 p.m. There will be no charge for the Thanksgiving supper, but donations will be accepted to help pay for the community building. Local women are asked to bring a dessert and a salad or a vegetable and have it at the community building by 5:30. Plans were also made for a community wide garage sale to be held all day Saturday, November 22 with the proceeds from each item sold divided half for the owner and half for the community building fund. It was also decided to change the meeting date from first Monday night to third Monday night because of a conflict with youth church activities.

Lefevere spent much of last week in Lubbock with Mr. Zornes. He spent two days here with them.

C. W. Armstrong, a former resident of the community, passed away in Austin of a heart attack last Wednesday. He was buried in Austin where he and his family had lived for several years. He was 51, and had attended Sunnyside School and was baptized into the Sunnyside Baptist Church in 1939. His parents were Mr. and Mrs. Gobel Armstrong.

Delvin Walden brought in the first bale of cotton to Morrison Gin last Thursday, but several bales were ginned Monday and Tuesday of this week.

39 votes were cast in box 16 and 30 in box 10 Tuesday in the constitutional revision election. None of the propositions carried in either of the precincts. Mr. and Mrs. R. V. Bills and Mrs. R. E. Little held the election for box 16. Mrs. L. B. Bowden, Mrs. Embree Roy Sadler and Mrs. Alton Loudder held the election for box 10. Mr. and Mrs. Noble Armstrong held the election at Flagg.

Gale Sadler was elected president of the Dimmitt Farm Bureau for next year at their noon meeting Tuesday.

Mrs. Howard Cummings was elected chairman of the Texas Business Education Association, District 17 last Friday in Lubbock for the 1976-77 year in a business meeting in the El Torador Room of Furr's Cafeteria.

M. H. Fowlkes was dismissed from University Hospital in Lubbock Thursday morning. Mrs. Embree Roy Sadler came home Monday after spending several days with him. She visited with him again Monday and came back by Plainview to visit with Mrs. Pearl Sadler.

Mrs. Pearl Sadler of Dimmitt was dismissed from Central Plains General Hospital in Plainview Friday and was moved to South Hills Manor in Dimmitt until she can get on her feet again.

Mr. and Mrs. J. C. Holbrooks moved from their home two miles west to the former Eldon Lilley home on highway 385 Wednesday. Mr. and Mrs. Tiny Walling of Bovina and Johnny Wayne Holbrooks of White River Lake helped them with the moving. Their farm sale will be on November 20th.

Coby Gilbreath introduced the special speakers at the Dimmitt 4-H Annual awards banquet Saturday night. Mr. and Mrs. John Gilbreath, Matt and Hal, Mr. and Mrs. Jackie Clark and Jerri Kay and Mr. and Mrs. Winston Waggoner and children also attended. Quint Waggoner received a sheep award and Jerri Kay Clark won a horse award.

Mrs. Robert Duke attended the new Education Diagnostician Association of the Golden Spread in Canyon Thursday night. She spent the night in

Canyon with Sandra and attended the teacher's meeting in Amarillo Friday.

Cindy Sadler and other members of the Dimmitt speech department attended a drama workshop in Canyon Saturday.

Cindy and Susan Sadler and Daniel Montiel participated with the Dimmitt band in the marching contest in Lubbock Wednesday. They won a rating.

Lee and Lynn Brown, Gale and Sharon Jones, Kelly Haydon, Clint Dawson, Daneen Wilson, Belinda Hampton, Joe Fuller and Tommy Graham participated with the Springlake-Earth band in the contest in Lubbock Tuesday. They won a II rating. Mrs. Cliff Brown, Mrs. Ed Dawson, Mrs. A. J. Jones and Mrs. Hershel Wilson accompanied them. Daneen Wilson won a II rating in solo and a II rating in ensemble.

Mrs. Alton Loudder, Mrs. Gene Ross, Mrs. Tom McGill, Mrs. Ben Holcomb, John Gilbreath, Don Ott, J. Paul Waggoner, Phillip Jones, Eddie and Milburn Haydon were called for jury duty last Monday afternoon. Mrs. Loudder, Mrs. Holcomb and Phillip Jones served last Thursday on the petit jury.

Dr. and Mrs. Robert Lindsey

have visited recently with Mrs. Eules Waggoner and his family in Dimmitt. Mrs. Lindsey and Mrs. Waggoner visited in Midland last Wednesday through last Friday with Mr. and Mrs. Jesse Pharis and family. Delores Waggoner and Mrs. Lavanda Norman and children. They had an early Thanksgiving dinner together last Thursday night.

Rev. Raymond Jones went to Abilene Thursday afternoon and spent Thursday night and Friday with Mrs. Jones and Mr. and Mrs. Eddie Jones and their grandson. Ray, Jones came home with him Friday night.

Dawn Swinney of Levelland arrived Friday afternoon to spend the week-end with her aunt, Mr. and Mrs. Cliff Brown, Lee and Lynn.

Bob Duke was home from Tech for the week-end.

Lewis Britain of Plainview visited Friday afternoon with L. B. Bowden when Mrs. Ed Thompson who he had stopped by to visit on his way to Muleshoe was not at home.

Mr. and Mrs. Hershel Wilson and Daneen attended a benefit supper given for Ricky Head of Denver City in that city Saturday night. He furnished the sound system for the group who sang here recently, the Singing Disciples, and he and Daneen also sang.

Robert Duke took his parents, Mr. and Mrs. R. E. Duke to the dentist at Plainview Thursday.

Mr. and Mrs. Jimmy Waggoner were hosts for the Adult I Sunday School class fondue supper and party Saturday night. Gale Sadler is the teacher.

Mr. and Mrs. Gale Sadler, Cindy and Susan attended a dinner party honoring the high school play cast and crew and their parents in the home of Mr. and Mrs. James Bradford last Sunday night.

Mr. and Mrs. Gerald Graham, Tommy and Michael, Mr. and Mrs. Ray Joe Riley, Kevin and Jodie, Mr. and Mrs. Jerry Hampton, Dina Jo, Belinda, Tommy and Duke and Mr. and Mrs. Cliff Brown and Lynn attended the Lamb County 4-H Achievement banquet in Littlefield Saturday night. A two year pin was presented to Duke Hampton and Lynn Brown, a three year pin was presented to Tommy Hampton

ton, four year pins were presented to Kevin Riley, Dina Jo Hampton and Belinda Hampton, and six year pins were presented to Tommy Graham and Michael Graham. Special awards were presented to Kevin Riley, Food Show Award, Tommy Graham and Michael Graham achievement awards, Belinda Hampton, home environment award, Tommy Hampton and Dina Jo Hampton horse awards and Duke Hampton a Horticulture award. Adult Recognition went to Mr. and Mrs. Gerald Graham, alumni award

and Mrs. Ray Joe Riley Special leader recognition. Tommy Graham spent the day Saturday in Littlefield decorating for the banquet. He also introduced the special guests at the banquet.

Mrs. W. E. Conner and Grady of Medford, Oregon visited last Saturday with Mr. and Mrs. T. Paul Waggoner. They use to live at the location where the J. C. Holbrooks moved to this week.

**We  
abolished  
the draft.**  
Due to unbalanced design, most  
offset harrows plow deeper on one side,  
causing side draft and uneven disc wear.  
But not the Athens 126. Athens  
engineers designed the heavy 4" x 6" and  
4" x 5" steel tube frame on this unit off  
center to distribute loads evenly across  
the entire width of the harrow.  
And the heavy duty independently  
controlled dual wheels are staggered  
(right wheels to the front, left to the rear)  
for precision balance.  
As a result, the Athens 126 features  
precise gauge control for level plowing,  
ample trash clearance, level transport,  
easy one-man hitching, and excellent  
flotation - even in soft or boggy soil.  
Balanced design virtually eliminates  
all side draft. Consequently the  
Athens 126 pulls straight to do a perfect  
job every time.  
Available in 12'3" to 19' cutting  
widths. For tractors with 75 to 140  
drawbar horsepower.

The Earth News-Sun  
Dear Earth Sun Editors

So glad I got your card concerning my subscription.

I have enjoyed it now for several years as a gift from some one out there, but I don't expect it will happen any more, so I am enclosing a check for another year.

retirement and they moved to Dimmitt. The older children were among those who attended Sunnyside school the last year for the school 1941-42.

Mr. and Mrs. J. C. Holbrooks spent the week-end in Plains, Kansas with their daughter, Mr. and Mrs. Ronald Henderson and family.

Please notice how my last name is spelled.

Altho it has been 21 years since I moved from there, there is still alot of the people I know and love still living there, I first moved to Lamb County in the fall of 1925 when there were few people there.

I signed the petition to get the first Post Office there. My four children went to the last 1/2 school at the old school at old Springlake and then the school building at the present site was ready for the 1925-1926 school year.

Oh how I would love to see the old timers once more, but I am now 85 years old. While I am not sick any way, a long trip like that would be just to tiring for me. Polly I like your "Nosin" it's always interesting, but I do

**HIGH SCHOOL STUDENTS OF THE MONTH**--For November, are Miss Sherri Winters, daughter of Mr. and Mrs. Jay Winters and Royce Jordan, son of Mr. and Mrs. Earl Jordan. The students of the month are selected by the Springlake-Earth FTA.

wish more of the old timers would send more of their activities to the paper. Now I do hope you can read this and I hope I am in time for I would hate to miss a copy.

Respectfully  
Ollie Linville

P. S. My name and address is on my check except Space No. 25.

**WHEAT FLOUR** contains gluten to give a structural framework to breads. Other flours contain little or no gluten. If a gluten-free recipe is needed, follow ones using only corn, potato, rice, soy and tapioca flours.

**WHEN WASHING** garments with Velcro tape fasteners rather than zippers or buttons, close the tapes before washing to prevent the tiny woven nylon hooks from picking up lint during laundering.

**SEAMAN IRA T. SHOTWELL**  
Nov. --Navy Storekeeper Seaman Apprentice Ira T. Shotwell, son of Mr. and Mrs. I. Shotwell, Jr., Littlefield, recently helped host a visit by Secretary of the Navy J. William Middendorf while serving aboard the destroyer tender USS Piedmont, homeported at Naples, Italy.

During the visit, the secretary presented a special efficiency award to the engineering department, visited with the crew and toured the ship, which is a unit of the U. S. Sixth Fleet. A former student of South Plains College, Levelland, he joined the Navy in August, 1974.

increases.

Besides the cost of the collector, other necessary components for the heating system cost around \$1000. And considered on an annual basis for both heating and cooling, solar energy is competitive with energy obtained from propane and cheaper than heating and cooling with electricity, according to research studies.

**FTA STUDENTS OF THE MONTH**--For October were Miss Alayne Slover, daughter of Mr. and Mrs. Cecil Slover and Randy Bills, son of Mr. and Mrs. Richard Bills.

**Solar Heating, Cooling Soon Practical**

Reports indicate that a practical solar system for heating, cooling and hot water supply in homes will soon be available. Mrs. Pat Seaman, a housing and home furnishings specialist, says.

Three typical residential type buildings were built on the Colorado State University campus for this project, funded by a grant from the National Science Foundation to the Solar Energy Applications Laboratory. Mrs. Seaman is with the Texas Agricultural Extension Service, The Texas A&M University System.

The project's research shows a typical solar heating system can supply about 70 million BTU's during the heating season. Ducting, piping and venting of a conventional system can be used.

A three-ton solar cooling system, using the same solar collector and storage system as the heating, costs around \$2000. It should be capable of removing approximately 250,000 BTU's of heat from a building for seven hours a day at peak capacity.

Cost to consumers will include material and installation of the collectors, storage unit, air conditioner and the association of piping and controls that connect the parts of the solar system.

Currently the cost of a solar collector, normally installed on the south side of the roof, is \$6 to \$7 per square foot. But this is expected to decline to \$4 per square foot as the system is refined and manufacturing
