Annual Junior-Senior Banquet Held in Lubbock

The annual Junior-Senior banquet was held at the Chicken Shack in Lubbock Saturday night.

The theme, Rendezvous of The Stars, was used throughout in the decorations, program and favors. The colors were silver and pink.

Large stars decorated the walls and silver and pink stars and balloons showered down upon the audience from a large bag attached to the ceiling.

Mike Burgess, Jr. class president, was toastmaster and gave the Salute to the Stars, who were the members of the graduating class. Thurl Ray, a senior, gave the response.

The Teen Tones sang a group of Heavenly Melodies.

Jack Wattenbarger of Littlefield, brought the main address. His subject was Stairway To Stars.

At the close of the program the speaker, the Teen Tones and class sponsors, Mrs. John Lawrence and Billy Hahn, were presented gifts from the Junior Class.

The menu included Celestial Filet, Dreamboat Adrift, Peas creamed in Moonglow, Flying Comet, Satellites, Moon and Star Dust and Milkyway Parfait for Lucky Stars.

The invitation list numbered one hundred and thirty. Special guests included the seniors, Junior and senior class parents, members of the school board and faculty and their wives or husbands.

Rev. A. L. Patton Pastor of Assembly of God Church

Rev. A. L. Patton is now pastoring the Assembly of God Church in Earth.

Rev. and Mrs. Patton formerly of Anton, reside in the church parsonage. They have two children Larry, age 11 and Shirley, age 9.

Commencement Exercises for the 31 Springlake High School Seniors are scheduled for 8:30 p. m. Friday, May 23. Delbert Downing, manager of the Midland Chamber of Commerce, will present the main address.

Gene Spies is Valedictorian and Carol Hamilton is Salutatorian of the Senior class.

Rev. Eugene Matthews, of the First Methodist Church, delivered the Baccalaureate Sermon for the Seniors Sunday night in the High School auditorium.

EIGHTH GRADE GRADUATION EXERCISES TONIGHT, 8 P. M.

The Eighth Grade Graduation Exercises will be held in the school auditorium at 8 p. m. tonight (Thursday).

Jerry Jones is Valedictorian and Faye Spies is Salutatorian of the Eighth Grade.

Supt. W. L. Mann will present the class diplomas and Ralph Usery, Junior High School Principal, will present special awards and sterling silver medals to outstanding students.

Engineers Began Survey Of City Streets

Engineers were in Earth Wednesday working on a survey of the streets to obtain specifications, grade and etc., in regard to the paving project now underway. It was reported that possibly 25 blocks of streets within the City limits will be paved.

Interested persons who have not already signed paving agreements are urged to do so soon in order that actual construction may begin as early as possible. A small down payment is required, with a five year payment plan on the balance.

Further information may be obtained by contacting A. D. Taylor at the Chamber of Commerce office.

Local Boys Place High In Regional Road-e-o Meet

Three local boys placed high in the Regional Teen-Age Road-e-o meet at Plainview Sunday.

Out of a possible score of 565, Billy Taylor placed 5th, with 487 points; Robert Taylor, 6th, 477 points and Kenneth Powell, 7th, with 475 points. These boys were high scorers in the local contest conducted here on Saturday, May 10.

The Road-e-o is sponsored annually by Jaycee organizations over the Nation. The State contest will be June 6-7 in San Marcos.

Eleven Earth Jaycees were present at the regular noon meeting Monday.

Earth Pony Schedule Announced

Earth's Pony baseball team begins its regular season next Thursday 8 p. m. playing Whitharrel here on the home field. Pony ball is for boys 13 to 14 years of age, and the Earth team is composed of such boys from Springlake School district. The local team is being sponsored by Earth Citizens State Bank and Earth Motor Co. The team is being coached by Bud Irvine and Clarence Kelley.

This year Earth is playing in the National Pony League Organization, having entered this year under the Littlefield District franchise. In the district in addition to Earth will be Whitharrel, Amherst, Roden Drug of Littlefield, Ware - Keeling of Littlefield and Dairy Queen of Littlefield.

Fifteen games will be played in the regular season. Earth will have seven home games and eight on the road. All home games will be played at 8 p. m., as will the road games with the exception of Earth's one game in Whitharrel which will be played at 6 p. m.

Let us support our Pony boys this year by attending all the home games, and also making the trip to out of town games. The local team has looked good in practice and practice games. It is entirely possible for the team to win district and go on into the playoffs. The boys need your support. Remember to be at the open-Pony League game next Thursday night, 8 p. m.

NOTICE

EARTH CEMETERY WORK DAY, FRIDAY, MAY 30

Everyone interested in helping to clean the Earth Cemetery grounds are asked to be at the Cemetery around 8 a. m. Friday, May 30. Bring mowers, hoes and other needed articles.

An election of officers will be held at the business meeting. A Memorial Service is also planned.

BASEBALL CONCESSION WORKERS NEEDED

All mothers interested in helping with the concession stand during the summer baseball program are urged to contact Mrs. Matt Patterson, Phone 2931 or come by Patterson Bros. Grocery.

CHURCH WOMEN TO BAKE DOUGHNUTS

The women of the Assembly of God Church will bake doughnuts for sale each Friday. Doughnuts will be left at the parsonage.

SCHOOL TO DISMISS EARLY TODAY, FRIDAY

School will dismiss at 2 p. m. Thursday (today) and Friday. Buses will make their morning runs at the usual time.

CEMETERY WORK DAY, FRIDAY, MAY 30, 8 A. M.

At 8 a. m. on Friday, May 30, friends and relatives will gather at the Springlake Cemetery for a general clean-up. Spanish folks are invited to come and help in this work.

VBS Preparation Day Saturday At Springlake Church

Saturday, May 24, at 5:30 p. m. will be Vacation Bible School Preparation Day at the First Baptist Church of Springlake. Parents are urged to bring their children and register them for Bible School.

A parade and picnic will follow the registration. Everyone is invited to bring a picnic lunch to the City Park. The Bible School will start Monday, May 26 - 30, from 3 to 5 p. m.

Mrs. Pete Mitchell remains in serious condition at her home here.

Little League Play Begins Saturday, May 31

The Earth Community Baseball program boys 8 thru 12 will get underway Saturday at 9 a. m. when the boys of the above ages are asked to be at the local ball diamond to be auctioned to the four teams. Boys from 8 through 12 and either in the Springlake school district this year or those who will be this fall are eligible. The coaches of the four Little League teams will look over the boys at 9 a. m. Saturday and then "buy" their players with points, as has been the procedure the past two years.

Last year we had three Pee Wee teams for boys 8 and 9 years of age, but according to the applications which have been turned

in this year, it seems doubtful if there will be enough boys to have over four teams, combining the 8 and 9 year olds with the others. The coaches and sponsors will wait until Saturday to make a final decision, waiting to see how many boys report.

If there is no Pee Wee league this year, the 8 and 9 year olds will play with the regular Little League teams. The Little League rules have changed a bit, and now a coach is allowed to pull a player or players and put them back later on in the same game. This will enable a coach to play the smaller boys for a few innings without endangering his chances of winning the game. He can put

in these smaller boys, and then if it looks as if the opposing team is creeping up, he can put back in his larger boys. The coaches are going to do their best in seeing that every boy between 8 and 12 gets to play some baseball, if they want to.

The four Little League teams will be as follows: Cardinals, sponsored by Dent Farm Supply; Giants, sponsored by Rutherford and Co. and Kimbell Gin; Yankees, sponsored by Brown - White and Earth News-Sun; Red Sox, sponsored by Earth Oil Co.

Remember boys, if you are between 8 and 12 and of Springlake school district, and interested in

baseball, be at the Earth diamond Saturday, 9 a. m. For further information call Carroll McDonald or Ross Middleton.

1958 Schedule

- May 31 — Cardinals vs Yankees
- June 3 — Red Sox vs Cardinals
- June 5 — Yankees vs Giants
- June 7 — Cardinals vs Giants
- June 10 — Giants vs Red Sox
- June 12 — Yankees vs Cardinals
- June 14 — Cardinals vs Red Sox

- June 17 — Yankees vs Giants
- June 19 — Cardinals vs Red Sox
- June 21 — Giants vs Cardinals
- June 24 — Cardinals vs Yankees
- June 26 — Red Sox vs Yankees
- June 28 — Yankees vs Red Sox
- July 1 — Cardinals vs Yankees
- July 3 — Giants vs Yankees
- July 5 — Yankees vs Cardinals
- July 8 — Yankees vs Red Sox
- July 10 — Cardinals vs Yankees
- July 12 — Yankees vs Giants
- July 15 — Giants vs Yankees
- July 17 — Red Sox vs Cardinals
- July 19 — Cardinals vs Giants
- July 22 — Yankees vs Cardinals
- July 24 — Cardinals vs Red Sox
- July 26 — Red Sox vs Yankees
- July 29 — Red Sox vs Yankees
- July 31 — Yankees vs Cardinals

All Little League games will begin at 8 p. m. except where there appears an asterisk (*), and those will begin at 5:30 p. m. The team mentioned first in the schedule will be the home team. Each of the four teams will play 18 games, playing one another six times during the season. There will be no post season or all-star games. The Little League season will end July 31, unless makeup games need to be played.

Karl Lovelady Speaks To The Farmers

KARL LOVELADY

I believe in a broader "Farm-to-Market" road program, by trying to get an additional \$50,000,000 per year to the amount now spent, for more farm roads.

I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.

I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.

I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas).

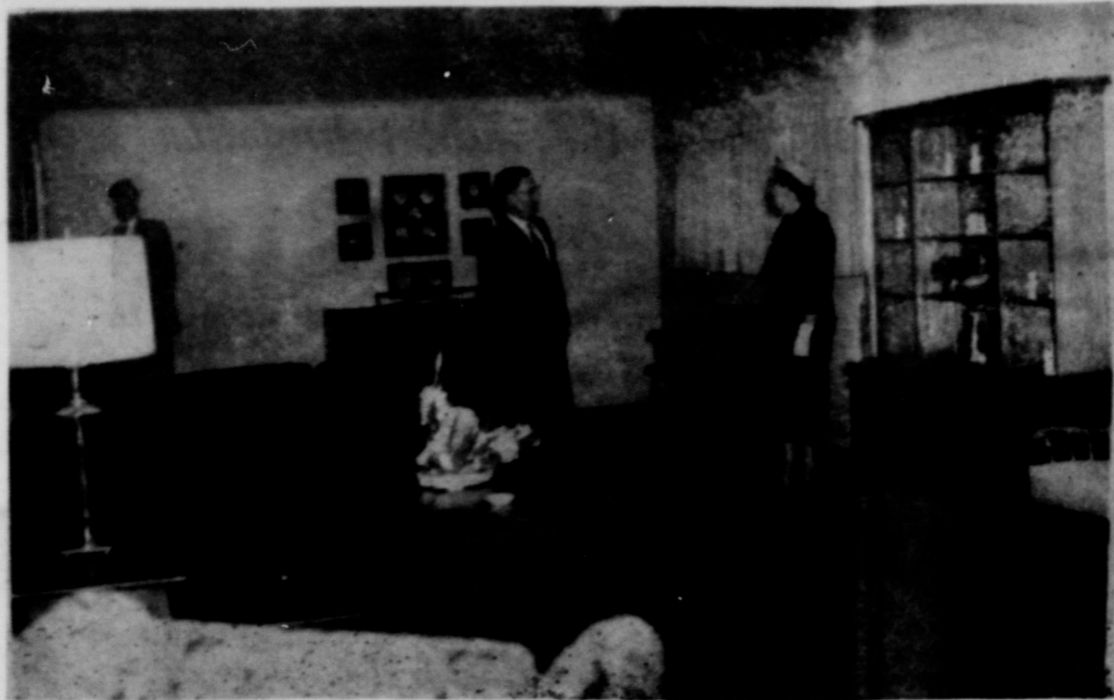

I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available at the time when this labor is most needed by the farmers.

I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation to unionize farm labor.

In my entire life both as a private citizen and a public official I have worked one hundred per cent with the farmer, and when elected your State Senator I will continue to be one hundred per cent behind the wishes of the farm people.

Sincerely yours,
KARL L. LOVELADY
Candidate for State Senator

**School Finance, Concluding Article
In Series On Needs Of Public Schools**

This is the concluding article in a series of four on results of the study of the public schools in Lamb county, which was completed recently by a committee of citizens representing each school district. The study was conducted throughout Texas, to assist the original state Hale-Aiken committee of 24 in a grass-roots study of the public school system in the state.

Previous articles were on school program, teacher supply and school construction.

FINANCE

8. What are the assessment practices in the various districts as to personal property?

Amherst 40 pct., Littlefield 40 pct., Olton 40 pct., Spade 20 pct., Springlake 20 pct., Sudan 25 pct.

15. What have districts in your county done about consolidation to reduce cost of buildings and of operation to provide better educational opportunities?

Spade and Olton consolidated Hart Camp; Sudan consolidated Circle Back; Littlefield consolidated Fieldton.

16. What are your present plans for further consolidation to achieve these purposes?

None planned.

17. How much has been the cost of new school buildings completed in school districts of your county

during the last five years? (include cost of construction, architect fees, land, new furniture and equipment.)

Amherst \$245,000; Spade \$45,000; Littlefield \$325,000, Springlake \$400,000, Olton \$250,000; Sudan \$500,000.

21. To what extent do you utilize services of the Texas Education agency in your building plans?

Architects got ok from agency on buildings.

22. Should the present tax rate limitations be increased? Removed?

Provisions of senate bill 116 adequate at present.

23. Is a county equalization feasible in this county?

No.

24. a. How equitable are present methods of establishing property tax valuations for school purposes? Fair.

26. With specific reference to the need for school construction as summarized in question 6, page 24 will the school districts in your county be able to provide the additional classrooms needed between now and 1963? If not, what do you suggest? 2 no; 4 yes.

Increasing property assessments for school purposes? Yes.

27. Does the present method of distributing the state available school fund hinder the equalization principle adopted in the Gilmer-Aiken laws? Yes.

28. Would distribution of the available school fund on an enrollment, average membership, or average daily attendance basis be more effective? ADA.

29. Should the present distribution of the state available fund on a resident scholastic basis be continued? If not, why? No. ADA would be more fair.

30. Should the available fund be distributed on the basis of each school district's ability to finance the foundation school program? Yes.

32. Would this fund distribution on the basis of current average daily attendance present problems to districts with relatively stable or declining school populations? No.

33. What should be the percentage ratio between local and state

*"My hips are perfect.
How about broadening my shoulders?"*

financial support of the foundation school program? 85 per cent to 15 per cent.

36. What is the effect of the \$100 deduction per professional unit in the school districts in your county? Reduced local fund assignment approximately 16 per cent.

37. Should there be a maximum limit on the growth of the permanent school fund? If so, what should be the maximum limit? No.

38. Should the permanent school fund be administered as an investment account—to earn all interest possible—or should earnings be secondary? Keep as is.

39. Would it be desirable to use the fund to purchase school bonds at below-the-market interest rates? Yes.

40. Should a fixed percentage of the annual permanent school fund principal increase be used? To increase the available fund? To finance a portion of the foundation fund? To provide direct grants for school construction? No.

41. Do you think the present method of administering the permanent school fund is satisfactory? If not, why? yes.

42. Should the state assume the total costs of vocational education, school lunch aid and financial assistance to federally affected areas? And if so, what kind of program should it finance in

each of these areas? Yes, on vocational education. Yes, on school lunch aid. No, on financial assistance to federally affected areas.

43. Should federal assistance be eliminated, be reduced, or expanded? In what areas should federal funds be used, if any?

Federal assistance should be eliminated except in federally affected areas.

45. Under what conditions are pupils denied transfers? None.

46. What were the common reasons for in-grade transfers? Trade area locations.

48. Are there districts that are unable to raise sufficient funds from local taxes to pay the tuition charges? No.

49. Is the present policy of keeping the Texas Education agency out of re-districting a sound and realistic policy that should be continued? Yes.

50. If the transfer situation is a problem in your county, what

Grady Davis In Chapel Choir Concert Tour

The Chapel Choir of the Golden Gate Baptist Theological Seminary of Berkeley, Calif., presented a concert at 8 p.m. Thursday, May 15, in the First Baptist Church at Big Springs. Grady Davis, son of Mr. and Mrs. J. J. Davis of Earth, is a member of the Choir.

The Choir is on its 1958 Spring Tour, which includes 25 concerts, in the states of California, Arizona, New Mexico, Texas, Louisiana, Mississippi, Indiana, Illinois, Tennessee and Arkansas.

Mr. and Mrs. Davis attended the concert at Big Springs. Grady, Oscar Harrell of Vega; Eveline Gledinghagen, of Washington, Mo.; and Ed Reed of Gibsland, La., all members of the Choir returned with them to spend the night.

Calling in the home early Friday morning were Harrell's parents, Mr. and Mrs. Ray Harrell, and his sisters, Mrs. Glen Boydston and Mrs. Jack Thurston and son, Bobby, all of Vega; also Mrs. Ray Kelley, Mrs. Marshall Kelley and Mrs. G. C. Green.

The Davis' daughter, Mrs. Russell Haberer, accompanied the four

members to Clovis, where they rejoined the Choir group around noon Friday. The Choir appeared at the Hoffmantown Baptist Church in Albuquerque Friday night.

Grady is a graduate of West Texas State College and taught science in Springlake Junior High School in 1956-57.

Hiway 51 To Be Part of International Parks Route From Mexico to Canada

Editor's Note: Starting in this issue is an article by Morley B. Drake, of Littlefield, former publisher of the Lamb County Leader, who was appointed recently as field manager of the International Parks Highway Association. International Parks Highway extends from the Big Bend National Park on the border of old Mexico to Regina, Canada. Highway 51, which passes through Littlefield and Springlake in Lamb county, is part of the International Parks Highway.

Folks . . . you have often heard it said that—
"Nothing succeeds like success!"
And . . . we hasten to add there is no success quite as sweet as that success in which we have had some part.
Often dreamers are the subject

of ridicule . . . but when their dreams grow into reality these men and women are lauded and applauded for their stamina . . . their foresight . . . for the achievements which have come about as a result of their vision.
Sometimes a common place event can set into motion the thoughts that nourish a dream that eventually becomes a reality.
The International Parks Highway which stretches from old Mexico to Canada . . . and beyond . . . is a thrilling outcome of a common place event . . . a dream . . . which struggled . . . then blossomed into a reality.
A model "A" stuck in the mud . . . a commonplace event gets credit for bringing about the International Parks Highway.
In the then very small Texas Panhandle-Plains town of Dim-

in the gospel of hard-surfaced in the telephone business. Back in those days it didn't rain much in the Panhandle-Plains, but when it did rain, the mud just took over. You were stuck! We can readily recall the days when we used chains on all four wheels and nothing will ever erase the memory of a cold, black rainy night spent in the sandhills between Littlefield and Springlake before the days of paving.

But back to Singer . . . his dream . . . perhaps we should say his vision . . . and what he did about it.
Singer fought mud to fix telephones . . . for years . . . until he came to the conclusion that West Texas needed some hard-surfaced roads. It became his dream! His goal in life. He spent thousands of dollars and countless hours and days promoting good roads.

This was in the 20's and 30's. For the most part he had to go it alone. He got a little help from the neighbors and some from folks like the county commissioners, but mostly it was a matter of writing letters, of attending meetings, of talking up the idea, of working with the road officials . . . and inch by inch . . . mile by mile . . . the hard surfacing began to spread. Singer worked . . . and worked . . . he never ceased to vision good roads for his beloved Panhandle and West Texas. We recall that Singer visited our office countless numbers of times when we owned the Lamb County Leader. Short of stature, stocky in build, he had a pleasant greeting for everybody . . . and he talked roads, roads, roads.

Singer started several organizations dedicated to getting roads improved in the West Texas country. The ran their course and folded.
In the course of events Singer decided that West Texas should be served by a federal highway. He learned that a Federal highway has to start somewhere and go somewhere. It definitely has to link junctions. It can't just meander across Texas north and south.
That is when his vision broadened and he came up with the idea of a road, north and south, through the Great Plains . . . direct . . . a main street for the mid-continent traveler and dweller.
The first international organization came into being just before the war, only to become a war casualty.
The second, and permanent organization, was formed right after the war. T. A. Singer was its first president. In this capacity he trav-

eled every foot of the 1679-mile route, at his own expense, preaching, highways, a direct north-south route and above all else, federal designation for this road.

He called it International because it connects three countries: Mexico, United States and Canada. He calls it parks because it starts in Big Bend national park on the Mexican border and links Oklahoma's Black Mesa, and Nebraska's Chadron state park and the fabulous Black Hills country including Wind cave, Custer state, Rush Memorial, Pactola and Spearfish canyon with Lead and Deadwood and continues across North Dakota to bring both units of the Theodore Roosevelt park into the link along with Canada's Royal Canadian police barracks at Regina, Saskatchewan.

Could you imagine a more glorious 1600 miles of America? Vacationland, par excellence; historic tradition seeping out around the edges; something for everyone; mountains, plains, water, fishing, hunting, camping, sightseeing; pure pleasure driving. (Fine accommodations, excellent food and the warmest welcome in the entire world.)
And that is only the beginning. There is the oil picture: International Parks Highway connects the tremendous Permian basin in Texas with the Denver-Julesburg basin in which centers around Sidney, Neb., and continues north to connect with the Williston basin in North Dakota.
The third act of this great international show is better yet: The agriculture of this area of the

SPRINGLAKE

Hiway 51 To Be Part of International Parks Route From Mexico to Canada

United States defies comparison with any other strip in the country.

Start from the Big Bend national park, come north through an immense cotton producing section; through miles of feed grains and through wheat fields that stretch as far as the eye can see.

Visit cattle country around Dalt, Texas and Boise City, Okla. See broomcorn growing in mile-long fields outside of Springfield, Colo. Then through the wheat fields of eastern Colorado. On up to Nebraska where you can see oil wells pumping in fields of wheat. Then the sand hills of Nebraska, the home of a million cattle. Vast stretches of native hay, miles on end.

Then South Dakota with its natural wonderland; wheat, grain, corn and cattle. North Dakota, too, with sugar beets, wheat and grain.

The international parks highway crosses six states. They are Texas, Oklahoma and Colorado where the road follows state highway 51. Then across Nebraska on state highway 19 and on through to the Canadian border across North and South Dakota on U.S. 85.

Each state has its own organization. This group is affiliated with the national group. The Texas organization has just elected new officers. They are:

Paul Williams of Levelland, county judge of Hockley county, who succeeds Judge Joseph Beyers of Crane. Tom Yarbo, of Marathon, a county commissioner, has been elected first vice president and Joe Albright of Andrews, also a county commissioner, has been selected as second vice-president.

Harley Rhoades of Burlington, Colo., a wheat farmer, is president of the international parks highway association; J. O. Satterwhite, manager of the Brownfield, Texas chamber of commerce, is vice president. T. W. Backlund of Burlington, Colo., an implement dealer, is treasurer; R. A. Singer of Dimmitt, Texas, a telephone system owner and a son of the late T. A. Singer, is secretary, and Clyde Cox retired realtor from Lamar, Colo., is honorary life secretary.

The association has an executive secretary who looks after public

ity, makes talks on the joys awaiting the area served by this beloved strip of road and who issues a monthly bulletin to keep members of this far-flung organization aware of what is being done. This man is J. Fred Thompson, who, like the others we have mentioned, is an unpaid, unsung exponent of better highways and more travel. Thompson is news editor of the Telegraph published in Sidney, Neb.

There are no big cities on the international parks highway. Odessa, Texas, with its 75,000 is the largest city on the route; with a far-north town of Williston, N. D. second in size with about 30,000 population.

In between there are more than 40 towns, many of them fair size small cities.

Many have asked us what has been accomplished through the activities of the state organizations and the national organization—the international parks highway association.

Well, from no hard surfaced roads on the route 20 years ago . . . and . . . we repeat . . . no hard surfaced roads 20 years ago . . . to an all-surfaced road today . . . accomplished step by step through countless hours of effort . . . a straight route from the Mexican border north into Canada . . . south from Canada to Mexico.

Our aims are simply stated: We will secure federal designation for the route for the entire distance north and south . . . preferable under the number 851 which brings 51 on the south . . . 85 on the north together, thus maintaining the identity of both.

The route already has federal designation in North and South Dakota as U.S. 85 . . . the big job of the moment is to obtain federal designation for the balance of the route . . . with all the benefits of federal designation . . . a real line on all maps showing that it is a federal highway . . . and the routing of traffic over the highway by tourist bureaus and other private and public organizations.

Travel goes where travel is invited . . . where all facilities are good . . . where the miles are the shortest . . . and people

are the friendliest.

A spontaneous welcome . . . north and south . . . goes out to folks who use the highway . . . a route transformed from cattle trails to smile miles . . . ribbons of utility and pleasure for those who choose to pass that way.

A brochure . . . 50,000 copies strong . . . will be immediately available all along the route . . . giving you the information you need . . . pictures that vividly tell the story of why you should choose the international route north and south through our great nation.

Signs will soon be erected that will tell the traveler that the international route is a good all-weather highway, hard-surfaced and ready for travel from Texas to North Dakota . . . and beyond.

Federal designation will come . . . but have you ever known any big, worthwhile project to be accomplished without concerted effort . . . team play . . . you are needed on the team . . . a few cannot carry the ball in advancing an immense project such as the international parks highway.

All big efforts . . . worthwhile projects like the international parks highway don't just happen . . . they cost money . . . countless hours of untiring work . . . but they pay off handsomely in dividends.

Your efforts . . . your financial support . . . are needed more today than at any other time in the interesting history of the international parks highway . . . if you are not a member we urge you to become a member at the earliest opportunity. The cost is small . . . as low as \$10.

In 1957, 10,000,000 tourists visited Texas and they left behind \$500,000,000. How much of that \$500,000,000 was left in your city and community . . . to pass from citizen to citizen . . . to advance the health of the general economy in the place you call home? How much of the tourist dollar will be left in your city in the future? That depends upon you! You are very much the master of your own success.

Thousands of tourists will pass through this city and territory this year . . . you can add yourself financially when you aid the work of an organization . . . the international parks highway association . . . which gives its effort exclusively to encouraging travelers to pass your way so that they may enjoy your city . . . your community . . . your hospitality . . . and leave behind them those dollars which makes the wheels go around for

you . . . for your neighbor . . . it's good business to scratch the back of the association that scratches for you.

We could go on and on . . . telling you about the accomplishments of the international parks highway association . . . what the future will bring if all us folks along the route pull together. We could tell you about what Texas and some of the states in old Mexico are doing to establish a Mexico Big Bend park slap dab

against our Big Bend park . . . international friendship . . . amigos united in a common cause . . . hands across the Rio Grande in a gesture of friendship and progress.

And we could tell you about the new highway that is planned from the Big Bend national park to Mexico City . . . we could go on and tell you about the wonders of travel in Canada . . . to the east . . . to the west of the international parks highway.

of a Canadian newspaper in which we are told that Canada is anticipating a tremendous boom in tourist travel from the United States, this year.

And we know that more and more Canadians will hit the trail southward . . . summer and winter . . . they like to visit the United States.

More Americans . . . more Canadians . . . will travel the

international parks highway . . . if you are active in the work of the international parks highway association.

The original Singer from Dimmitt has passed on. But the spirit that he created, the enthusiasm that he generated, the dream of a great international highway lives.

The flame burns brighter now than ever before.

T. W. Bewley, Matt Jesko and Juel Treider spent a few days last week at Lake Stamford fishing.

Mr. and Mrs. Albert Clark spent the weekend in Spearman with her parents, the Claude Jacksons.

H. W. Moore spent the weekend in Oklahoma visiting his grandmother.

Mr. and Mrs. Jarrett Pinckley and Sue attended a Pinckley reunion held in Kress Sunday at the home of his sister, Mr. and Mrs. Roy Patterson. Patterson is pastor of the Methodist Church there.

Mr. and Mrs. O. M. Jennings visited last week at Fort Wingate, with the Ed Carthel family.

Mr. and Mrs. Richard Jackson from Olney visited Sunday with his sister, Mr. and Mrs. J. D. Carpenter. The Jacksons also visited an aunt in the Clovis Hospital.

Mr. and Mrs. C. H. Wilson from Duncan, Okla. visited last Wednesday in the Ralph Cox home. They were accompanied by Mrs. J. P. Wilson from Friona.

Sharon Parham recently celebrated her birthday with a slumber party in her home. Other girls sharing the fun with Sharon were Brenda Mason, Sandy Brown, Pat Peterson, Mary Faye Rigney and Gayle Robinson.

Johnny Gammon and Jim Roy Daniels were to come in Saturday from the Okla. State University at Stillwater, where they have been students, for the summer va-

cation.

Jerry Lee and Kay Anne Smith decided to make a duet of the thing and have a double tonsillectomy Tuesday morning at the Hospital in Littlefield. They were expected to be home on Wednesday.

Sunday visitors in the T. O. Lesly home were his brother, Mr. and Mrs. F. E. Lesly from Happy and the J. C. Redwine family.

Lt. Howard Watson was in Lubbock Sunday for a pre-camp conference of the National Guard.

A layette shower was given last Wednesday afternoon in the home of Mrs. Alfred Steinbock honoring Mrs. Janice Cole and her new daughter, Terri Janice. The Steinbock home was decorated with fresh cut flowers with the centerpiece made of white iris. Refreshments of cake and punch, both tinted a pastel green, were served with pink napkins with the words Terri Janice in silver on them.

Sharon hostesses duties with Mrs. Steinbock were Mesdames Junior Matthews, Ed Steinbock, Jimmie Seaton, Judd Clark, Demp Foster and Calvin Clark. Around 25 ladies signed the register besides a number of gifts being sent by those unable to attend.

Classes were dismissed for the summer last Friday afternoon with children returning on Monday for report cards. Many of the grade school students celebrated their summer freedom by parties

and other activities. The 4th and 5th and 6th grades were treated to a skating party at the Clovis rink, Monday afternoon, with a weiner roast following in the park. Approximately 50 students and their mothers enjoyed this. This was a tired but happy group of youngsters and at the end of the day declared that school was officially ended until the fall season.

On Friday evening May 23 at 8 p.m. Mrs. John Agee will present her piano students in a recital at the Baptist Church in Lazbuddie. Mrs. E. H. Kennedy of Muleshoe will join her in this recital by presenting her Lazbuddie students at the same time. Mrs. Agee plans to continue her teaching during the summer months.

EIGHTH GRADES ATTEND PARTY IN YOUNG HOME

On Monday evening the eighth grade again had a get together at the J. B. Young home. They along with their families, teachers and friends feasted on hot dogs and all the trimmings. The men were able to enjoy some 42 while the young people were supervised in games by mothers.

EDITORIAL — Cotton Needs Help Quickly —

How much worse can it get?

Cotton growers have had their acreage slashed drastically in five straight years of control. Unless Congress does something this session, they face a further 20 per cent cut in 1959.

Agriculture Secretary Benson indicates he almost surely will be forced to cut allotments from their 17.6 million acres to about 14 million next year . . . if present farm law stands.

The result would be still more idle land, land planted to less profitable crops, and a further income cut for farmer, whose income is already too low.

What's more, a small 1959 crop would aggravate the shortage of better quality U. S. cotton which is already forcing mills to use lower grades and encouraging substitution of rayon for cotton.

Cotton farmers need an acreage INCREASE instead of a DECREASE. This means a lot to this area because when cotton is hard hit, we're all hard hit.

Congress is trying to make up its mind about the farm program. Time for corrective action for cotton is short. Cotton growers should express their concern. They should let their Senators and Representatives know their views . . . RIGHT AWAY.

Mrs. Jack Templar and children from Hartsborne, Okla. who have been visiting in the Wayne Clark home and with Mrs. O. G. York in Muleshoe are visiting other relatives in Lubbock and will return to their home in Okla. sometime this week.

Mr. and Mrs. Ben Foster spent the weekend in Olney and Newcastle visiting and on business.

Mrs. Alvin Lee and children of Booker, are visiting in the home of her parents, Mr. and Mrs. Crili Bulls and family this week and will attend the graduation of her sister, Miss Beth Bulls, from WTSC in Canyon this weekend.

Billy Graham Motion Picture At Baptist Church Wednesday, 7:30 P.M.

Evangelist Billy Graham's latest motion picture "The Heart is a Rebel" will be premiered as a forthcoming significant event in the religious life of our city. The new feature-length color production stars Ethel Waters, Georgia Lee and John Milford and is scheduled for its local premiere at First Baptist church, Earth, on May 28, at 7:30 p.m.

The story is based on a conflict in the life of a modern young couple when the husband, an advertising executive, can't find a place in his scheme of things for his wife's sudden acceptance of the Christian faith. In a completely "down-to-earth" setting the situation provides a dimension of reality seldom afforded a religious motion picture.

Ethel Waters adds luster to her long career in the role of the practical nurse who exerts a profound influence on the young couple through her day-by-day faith in God! A film highlight is Miss Waters' inspiring rendition of "His Eye is on the Sparrow" and the spiritual "Motherless Child."

Georgia Lee and John Milford give striking portrayals as the young married couple.

Georgia Lee's previous performances in "Oiltown, USA," "The Crescent and the Cross," "The Flame" as well as her recent entry into the sacred recording field, have endeared her to audiences around the world.

Jane Withers makes a rare guest appearance in the role of a salesgirl in a large toy store. One of the foremost child stars of yesterday, Miss Withers has taken time out of both a busy domestic life as well as an active one in her church and with the Hollywood Christian group, of which she is a director.

"The Heart is a Rebel" provides a "front row" perspective of the Graham team in the crusade setting of Madison Square garden, New York City. The dynamic preaching of the evangelist is augmented by the singing of George Beverly Shea and the music of a 1500-voice crusade choir under the direction of Cliff Barrows.

This latest World Wide pictures

production joins a long list of previous dramatic successes coming in the tradition of "Souls in Conflict," "Oiltown, USA" and "Mr. Texas." Its premiere is particularly timely because of the nationwide interest in the city-wide crusade Graham currently is conducting in San Francisco.
