The Earth News-Sun

A CONSOLIDATION OF THE EARTH NEWS AND EARTH SUN, OCTOBER 12, 1966

★★★★★★★
★ **NOSIN...** ★
★ With Polly ★
★★★★★★★

Bobby Dupler who apparently hasn't an enemy in the world lies in his hospital bed in Level-land hoping for a chance to return home again to spend a few more days with his family and friends of the area whom he loves so.

However, Bobby doesn't complain but feels that each day he awakens to see the sunrise, it's very precious whether spent in his small hospital room or elsewhere.

Like always, Bobby who lost no time in self pity when on the job at Earth Oil and Gas finds no comfort now in indulging in self pity, but rather accepts his illness with calmness and praise for God who supplies him with strength from above to be content and thankful with each day he lives.

(Those who have "Type O" blood may give blood for Bobby at the Levelland Hospital. Those wanting to donate to the fund may do so in any of the jars in business places in Earth.)

NOSIN

It's true: If you see an editor who pleases everybody, there will be a glass plate over his face, and he won't be standing up.

Jerry Barden Elected Prexy of Eighth Grade

Jerry Barden was elected president of the eighth grade class recently when the class membership gathered to elect officers for the year. Kent Parish was named vice president. Karen Armstrong was voted in as secretary-treasurer and Tony Barton was elected reporter of the class.

No Injuries, No Tickets In Accident Friday

No one was injured in a two car accident Friday at 5:26 p.m. within the East City limits of Earth on Highway 70 in Hite Park Addition.

The accident involved a '59 Chevrolet pickup, driven by Joyce Hanson of Muleshoe, and a '62 Chevrolet driven by La Cretia Washington of Springlake.

City Marshall, Alvin Pittman investigated the wreck. He told reporters no tickets were issued. He did not know the damages. It wasn't clear to him whether the pickup, driven by the Muleshoe girl was attempting to turn into Hite Park Addition or a private driveway. He did say he thought Miss Washington was going to pass and that both cars were going East.

Howard To Direct Singing At Springlake

Eddie Howard will be guest singer Sunday at the First Baptist Church in Springlake, in view of a call as music and youth director of that church. Howard and his wife are students at Wayland Baptist College in Plainview. His home is Tahoka.

Rev. Don Larkin, pastor of the Springlake Baptist Church urged that all members attend church Sunday to hear Howard and to vote whether or not to call him as part-time music and youth director.

"Politics: Most promising of all careers."

A FIELD OF SOYBEANS on the Joel Jones farm is pictured in ruin following a 10 minute battering by hailstones the size of golf balls, Saturday afternoon.

Hail, Rain, Winds Batter Area Crops

Hailstones the size of golf balls stripped soggy cotton fields in the area Saturday, while a fast-moving thunderstorm dumped nearly 2 inches of rain in the area.

Severe crop losses were feared in and around the Earth-Springlake area as well as Olton, Littlefield, Sudan, Midland, Heford, and Brownfield.

Winds of 50 miles an hour whipped the big hailstones through the fields in the area.

Several area farmers reported

a 25 to 100 per cent crop damage after hail slashed cotton fields.

Extremely cool weather followed the hail and rain storm. Lamar Aken, head of Lamb County Water and Soil Conservation, told reporters, "The number of acres damaged is hard to determine. Therefore, it is impossible to give a dollar estimate of the total loss."

He said the hail began just North of Springlake-Earth School and went in a Southeastwardly direction to the Rocky Ford Community, South

of the Sand Hills.

Aken said, "I believe the hail damage strip covered three miles wide and eight miles long."

Aken went on to say that what farmers really need now is lots of hot, dry, and sunny weather. Among those in the Earth-Springlake area whose crops were damaged were Jack Hadaway, R. J. Brock, Earl Miller, Joel Jones, Roney Smith, Dolan Fennell, Richard Green, E. A. Wheatley, V. O. Busby, and others whose names were not available at press time.

Fifteen Have Registered In PP-K Contest

Fifteen local lads have signed as contestants in the Punt, Pass, and Kick Contest to be held locally by Earth Auto Sales, Inc. in connection with Ford dealers all over the nation.

Deadline for registering in the local contest is October 7. Clarence Kelley and John Adrian invite others in the area to get into the contest before the deadline.

The local contest will be held on the Wolverine Football Field, with head coach Danny Smith in charge.

Springlake Lions To Sponsor Pancake Supper

The Springlake Lions Club will sponsor their annual pancake supper at the Springlake-Earth School Cafeteria, Friday September 23, beginning at 5:30 and continuing until 7:30 p. m.

Pancakes, bacon, syrup, coffee and tea will be served.

Admission will be \$1 for adults and 75 cents for children 12 and under.

Proceeds from the supper will be used for the general fund. Everyone is invited to attend!

Mr. and Mrs. Gene Chaney and Mr. and Mrs. George Washington attended the World Championship Drag Races in Amarillo Sunday, and enjoyed dinner in Underwood's Cafeteria.

City Property Owners Qualified Voters In Paving Election

Qualified electors in the \$35,000 Paving Bond Election slated for October 1, are those who have rendered the same for taxation.

All qualified voters are expected to go to the polls on October 1 and vote. Polls will open at 8 a. m. and close at 7 p. m. The election will be held in the community room in the city hall.

Anticipated cost to property owners on the new paving is expected to run between \$4.25 to \$5.25 per front foot. Property owners can pay for it in one payment, or they may pay a down payment and be given a period of five years to complete the payment.

City officials said they had been spending large sums of money on street maintenance in past years. The results have been similar to pouring water into a rat hole. The hole just won't stay full, neither will the streets stay in good shape. The City of Earth is growing, and the need for city paving to continue its growth is long overdue.

After Game Fellowship Set For Friday

Individuals from the Earth Church of Christ will sponsor the after-game fellowship Friday night in the school cafeteria.

Pie, pie, salads, home made pies, tea, and coffee will be served.

"The Hard Traveler", a group from Lubbock, have been secured to furnish entertainment for the group.

All high school students and college students who are home are invited to attend.

Absentee Voting Begins Today In City Paving Bond Election

Absentee voting in the \$35,000 paving election will begin at the City Hall Thursday (today) September 22 and will continue through Thursday, September 27. The date was decided Monday during a regular meeting of the city council.

Pete Smith, District Engineer for Pioneer Natural Gas, and Phil Raught, local representative of the Utility Company met with the group. Smith gave City Dads a brief idea of his model plumbing and ventilation ordinance for Natural Gas, useable by cities of

the High Plains Area if they wished to adopt it. City Dads retained a copy of the ordinance for further study before making any decision in the matter.

Those present were mayor E. C. Kelley, aldermen Dud Chesney, Richard Stockstill, Neil Pounds, Donald Runyon, and Eldon Parish. Also present were Andy Strobel, Boardman Howard Kenyon, City Marshal Alvin Pittman, Water Superintendent, Sammy McGuire, Ross Middleton, Phil Raught, and Pete Smith.

Earth-Springlake Lions To Sponsor World Peace Essay Contest

The youth of Springlake and Earth have been given a challenge to develop a plan for world peace by their local Lions Club, a challenge that could earn one of them a \$25,000 education and/or career assistance grant.

The Springlake and Earth Lions Clubs, together with Lions Clubs throughout the world, is sponsoring a world-wide essay contest for the world's youth on the most important world subject today, peace. The contest offers \$50,000 in total awards, including the \$25,000 first prize, eight semi-final world regional awards of \$1,000 each and travel expenses for the eight winners to Chicago, Illinois in July, 1967. At that time, the first prize winner will be chosen from the eight.

Also, more than 20,000 local, district and multiple district awards will be made. "We are hopeful one of our young people in the Earth-Springlake area will win this world-wide prestige award," presidents Robert Riley of the Springlake Lions Club and Fred Clayton, president of the Earth Lions Club said in announcing the contest locally.

The contest, open to young people who will be 14 but less than 22 years of age as of January 15, 1967, was announced by the president of Lions International, Edward M. Lindsey, of Lawrenceburg, Tennessee, during the Association's Annual International Convention in New York.

"The Peace Essay Contest is divided into eight world divisions for the \$1,000 prizes," presidents Riley and Clayton explained.

"Our Club's winner will advance to Lions District 272 competition in his (her) effort to qualify for the multiple district contest, the twosome said.

The Contest sponsored by

more than 20,000 Lions Clubs in more than 150 countries in the free world, will be the largest Peace Essay Contest in the world today.

"The purpose of the contest is to develop a formula for world peace because we feel peace is attainable," the presidents said.

"We want to alert our youth to the need for world peace and focus attention on that important goal," they said.

In announcing the contest internationally, President Lindsey said that Lions International, the world's largest service club organization is well qualified to sponsor such a contest.

He said the world-wide representation of Lions, the attention given to international relations and friendship between different nationalities and their participation in international humanitarian programs were their credentials for the patronage of the contest.

Contestants should submit their entry in essay form, not to exceed 5,000 words.

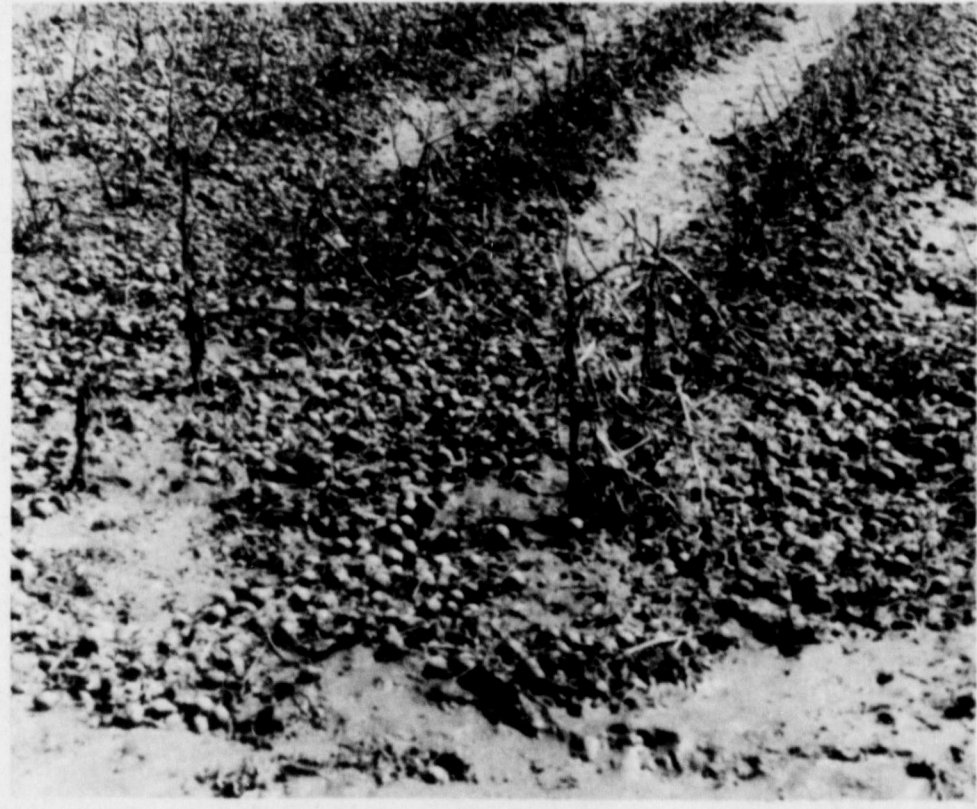

"Judging will fall into four categories; 75 percent of the essay's points will be devoted to content, ten percent to organization, ten percent to style and five percent to mechanics," Clayton said.

"Three judges will be appointed to evaluate the entries submitted to our club," Mr. Riley explained.

"If our winner can advance through the judging stages up to the world finals he will receive an expense paid trip to Chicago to attend the Lions International 50th Annual Convention for the final judging of his essay in addition to the \$1,000 cash award."

The two Lions Club bosses are in hopes the local young people will accept the challenge and

HAIL PLAYED HAVOC with some area crops in Earth-Springlake area Saturday afternoon, stripping cotton stalks of almost 100% of their bolls, leaving them lying in middles or washing away down the bar ditches. The above photo was taken on the Jack Hadaway farm, bordering the school road.

90 Attend Open House At Stephens and Sons

Approximately 90 persons attended the big open house at Stephens and Sons Equipment Company Saturday.

The company was celebrating the first anniversary of the "New Era In Farming," ushered in by the Minneapolis Moline G 1000 tractor.

Forty-four farmers registered

for the drawing which is to award five farmers a Minneapolis Moline Tractor of their choice to use for one year free. The names have been sent to the Minneapolis Moline Company, who will in turn choose the winners.

Refreshments of coffee and donuts were served.

Springlake Baptists Get Ready For SS Promotion Day

This week is Sunday School Preparation week at the First Baptist Church in Springlake.

Rev. Don Larkin, pastor of the church has been teaching a class nightly, Sunday through Wednesday from 7 to 9 p. m. using as his text a book, written by A. V. Washburn entitled,

"Sunday School at Work, 1966-67."

Sunday the church will observe Serve Sunday promotion day and youngsters will move up in classes, according to their age. Mrs. Ernest Baker is Sunday School Superintendent.

New Homemaking Cottage To Be Constructed on School Campus

A new 43' by 80' brick veneer homemaking cottage will be built on the school campus with construction beginning as the weather permits, Bill Mann school superintendent told news reporter Thursday.

Mann said members of the school board met in a called meeting Thursday morning and voted unanimously on building the cottage.

Blue prints for the cottage were drawn up from ideas submitted by the State Supervisor, local homemaking teachers, and school administration who had visited homemaking departments in other schools to compile advantageous ideas to go into the building of this local cottage.

The cottage, which will be located just southwest of the high school building will have a living room, sewing room, kitchen, office and rest room.

The cottage, which was estimated by Mann, to cost in the neighborhood of \$12,000, will be completed inside by the school personnel, with Travis Jaquess and neighborhood youth corps boys and others of the school employment assisting.

Leon Richardson, a carpenter from Littlefield has been hired by the local school board to

begin work on the hull, which will include frame work, bricking, roof, etc. This, Mann said would cost approximately six or seven thousand dollars. When the hull has been dried in, the school will provide the sheetrocking, plumbing, wiring, exterior decorating and cabinet work. No completion date has been set for the new building, as work will continue inside the building as school employees have time to devote to the new building.

Mann said school trustees felt they must vote to build the new cottage in order to maintain the two state approved full-time teachers now in the home making department. He said the first requirement in having two full time teachers is to have 80 enrollment, and secondly to send plans to the state for enlarging the home-making department facilities to accommodate that enrollment.

This year there are 88 students enrolled in home making, and for the first time has qualified Springlake-Earth for two full time teachers. With the removal of the home making department from the high school building, this will then empty three classrooms for use in other classes.

Middleton-Smith Winners In Local Football Contest

Who is the expert in a football contest, male or female? Neither, in the local contest sponsored weekly by the Wolverine Drive In, the contest is still 50/50.

This week's first place winner of a Sunday dinner for four is Phil Middleton, with Mrs. Danny Smith coming in second for a free Sunday dinner for two.

Several contestants entered the contest this week, indicating more interest in area games and increased interest in the local contest.

Middleton's score on the tiebreaker game was closer than any of the contestants as he guessed 6-32 in favor of Hale Center. Mrs. Smith's score was 6-26

also in favor of Hale Center.

Last week first place went to a woman with the man coming in for second place.

Enter the contest weekly and test your skill at picking the winners. Who knows you might be the winner of a free Sunday dinner at the Wolverine where friends meet to enjoy delicious food in a friendly atmosphere.

Mr. and Mrs. Kenneth Cowley of Earth and Mr. and Mrs. Russell Haber of the Pleasant Valley Community attended the Democratic Convention Monday and Tuesday in Austin. Both families were voting delegates from Lamb County.

TREE TRUNK IS RIPPED OUT of the huge Weeping Willow in the rear of the Eldon Parish home, following the heavy wind and rain that hit Earth Saturday afternoon. The limbs on each side of the tree are left standing but the center was snapped away.

Girl Scout Troop Divide Into Patrols Thursday

Girl Scout Troop 178 met Thursday in the Boy Scout Building and divided into two patrols. The two patrols were named "Model T's" and "Gypsy Patrol."

Leader for the "Model T Patrol" is Kim Stockstill, with Francee Faver as assistant. Deniece Temple was named patrol leader for the Gypsies with Gaye Ellis as assistant.

The troop also elected La Quintha Clark as troop scribe and Mary Ann Messer as treasurer.

Introductions and greetings were made in one of the four foreign languages, German, Japanese, French, or Spanish, currently being taught the group by their leaders.

Arta Simmons led the troop in several songs. She also led the law and promise. The group discussed plans for September and October meetings.

To assist the girls in receiving badges, Mrs. Lewis Faver and Mrs. Norman Ellis were chosen as "Badge Mothers." They will be responsible for assisting the girls in earning proficiency badges. This month, the girls will be working for a proficiency badge entitled, "Books." Mrs. Faver and Mrs. Ellis will accompany the troop to the school library where they will be taught how to use the library, to look up additional

information on school subjects, etc. They will also make a book marker. Each month, two mothers will be selected to assist the troop in earning various badges.

The group has scheduled a party for Halloween, to jointly celebrate the birthday of the founder of Girl Scouts, and to enjoy Halloween.

Refreshments of individual cup cakes iced in green and decorated with the gold scout symbol were served with green colored punch by Kim Stockstill.

Those present for the meeting were Kim Kelley, Terri Inglis, Nicola Conner, Debra Schell, Deniece Temple, Darlene Sulser, Gaye Ellis, Loretta Flores, Kim Stockstill, Debra Weil, Francee Faver, Marilyn Eagle, LaJuana Marshall, LaQuintha Clark, Marianne Messer, and one guest, Linda Cantrell, their leaders, Mrs. Richard Stockstill, and Mrs. Bert Weil.

The next meeting will be Thursday at 4 p.m. in the Scout Hut.

NOTICE

The Eastern Stars will meet at 7:30 p.m. on Monday at the Lodge Hall for a regular meeting. All members are urged to attend.

BAND FAVORITES were elected recently at Springlake-Earth High School. Kathy and Randy Clayton, daughter and son of Mr. and Mrs. Rex Clayton received the honors.

Buick, Oldsmobile Showing Thursday, September 29 at Brock Motor

The beautiful 1967 Buick and Oldsmobile will be unveiled at Brock Motor Company in Muleshoe, on Thursday, September 29.

Ernest Brock and personnel invite area folks to attend the new car showing celebration.

A new series, the GS 400, was introduced to give Buick a total of 37 different models in nine series. The various series are Special, Special Deluxe, Skylark, and GS 400, and the Sportwagon, and LeSabre, Wildcat, Electra 225, and Riviera.

Robert L. Kessler, Buick's general manager and vice president of General Motors, noted that product improvements were a major consideration in designing the new models.

Buick's regular-sized cars, the LeSabre, Wildcat and Electra 225, have new bodies and introduce an attractive new side appearance with a contoured line that sweeps from front fender to rear bumper.

Two-door and four-door hardtops have new rooflines, emphasizing a fastback appearance. New grilles, bumpers and tail-lights have been designed for each Buick series.

"Specials and Skylarks have been given a number of styling refinements in exterior ornamentation to create a more pleasing design", Kessler said. He noted that Buick's main efforts in 1967 in exterior design were diverted toward making each series more readily identifiable.

Product improvement items included as standard equipment on all 1967 Buicks, include the new four-way hazard warning flasher, dual master cylinder brake system with warning light, energy-absorbing steering wheel and column, passenger-guard door locks on all doors, front seat back locks on two-door models, lane change feature incorporated in directional signal control, padded instrument panel with smooth contoured knobs and levers, and inside day-night mirror with shatter resistant vinyl edged glass and break-away support.

Oldsmobiles for 1967 have completely restyled its 88's and 98's, consolidated and realigned its series and body styles, and engineered into every new Oldsmobile a long list of advancements for improved comfort, convenience, and safety.

"In the medium price class," Harold Metzel, vice president of General Motors said, "we are introducing the new Delmont 88. To be offered in a pillared sedan, a hardtop sedan, a hardtop coupe, and a convertible, the Delmont 88 may be ordered with either a 330 cubic inch or a 425 cubic inch engine, each with its own drive line and rear axle. When ordered with the bigger engine, the car is physically identified with a 425 insignia on the front quarter. Otherwise the cars are identical. The Delmont 88 replaces the Dynamic 88. The Jetstar 88 has been dropped."

PTA Meet Monday Night For "Back To School Night"

The Springlake-Earth PTA met Monday night at the school cafeteria for their "Back To School Night."

The purpose of the meeting was to allow Springlake-Earth School parents to meet the faculty and discuss with them any problem or ask any questions which they do not understand.

Mrs. Norman Sulser, president, presided over the meeting. Refreshments of cookies and coffee were served to the 50 members attending.

The next PTA meeting will be held on Monday, October 17. All members are urged to attend.

CARD OF THANKS

We want to take this means to thank everyone for the floral offerings, donations to the Children's Home, cards, and words of sympathy, in the loss of our father. May the Lord's richest blessings rest on each of you is our prayer.

Mr. and Mrs. Floyd Bills and the families of A. E. Ellison

Agricultural Workers Under Federal Minimum Wages

Lubbock, Friday, September 16--The Senate on September 13 passed a new minimum wage bill bringing agricultural workers under a federal minimum wage for the first time in history.

The bill passed the Senate by a vote of 87 to 17 under what proved to be the able floor management of Texas Senator Ralph Yarborough. It now goes to President Lyndon B. Johnson, who will doubtless sign it into law. Texas Senator John Tower voted against the measure.

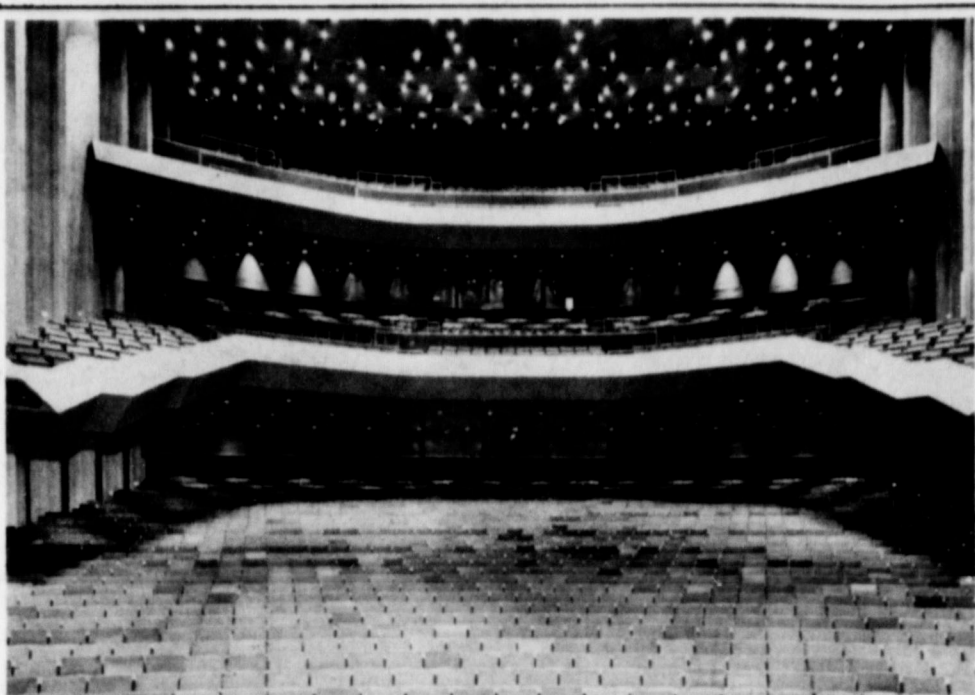

The minimum wage for those farm workers covered begins at \$1.00 an hour on February 1, 1967, goes to \$1.15 February 1, 1968 and to \$1.30 on the same date in 1969. It will remain at \$1.30 an hour until the law is again amended, but both House and Senate advocates of the measure have made it clear that the ultimate goal is to bring the agricultural minimum up to the industrial minimum.

Wages of industrial workers now covered by the minimum wage under the new law will be not less than \$1.40 as of February 1, 1967 and \$1.60 beginning February 1, 1968.

Newly covered non-agricultural employees are to begin at \$1.00 per hour on February 1, 1967 and go up 15 cents per hour per year to \$1.60 an hour in 1971.

Not all agricultural workers are covered in the legislation only those working for an employer who used more than 500 man-days of agricultural labor during any calendar quarter of the preceding calendar year. "Man-Day" means any day during which an employee performs any agricultural labor for not less than an hour.

The effect, of course, will be felt on virtually every farm which uses hired labor.

MAIN CONCERT HALL of the Jesse H. Jones Hall for the performing arts set to open in Houston on Sunday, October 2. The Hall is a gift from Houston Endowment Inc., a foundation established by the late Jesse H. and Mary Gibbs Jones. It will be the permanent home of the Houston Symphony and Houston Grand Opera Association.

Four classes of agricultural employee exemptions are spelled out:

1. Employees who are the parent, spouse, child or other member of the employer's immediate family;
2. Employees (a) employed as a hand harvest worker and paid on a piece rate basis is an operation which has customarily been paid on a piece rate basis in the area of employment, (b) commutes daily from his permanent residence to the farm and (c) has been employed in agriculture less than 13 weeks during the preceding calendar year;
3. Employees (other than em-

ployees in 2-a above) who (a) are sixteen years of age or younger and employed as a harvest worker on a piece rate basis, (b) are employed on the same farm as his parent or guardian, and (c) are paid at the same rate as employees over 16 years of age on the same farm; and

4. Employees who are principally engaged in a range production of livestock. It should be noted that in exemptions two and three, all of the provisions spelled out in a, b, and c must be met if the employee is to be exempt. Newly covered agri-business employees under the Bill will

follow the same wage schedule as newly covered non-agricultural workers, beginning at \$1 per hour February 1, 1967, and increasing annually in 15 cent increments up to \$1.60 an hour in 1971.

Cottonseed oil mills and cotton compresses and warehouses will be subject to the minimum wage and overtime provisions, but will be allowed one period of 14 weeks each season in which they will be exempt from overtime. The 14 week exemption, however, will hinge on the business falling in the "seasonal" category as defined in the law and determined by the Secretary of La-

bor. Gin employees will also be under the minimum wage but will not be subject to overtime. "Country" elevators, located in the area of production, will be subject to the minimum hourly wage and overtime if they have more than five employees. Those having five employees or less will be exempt from overtime.

Also specified in the new federal wage law is that no employee below the age of 16 years may be employed in agriculture in any occupation the Secretary of Labor declares to be particularly hazardous for a person of that age, except where the employee is employed by his parent or by a person standing in the place of the parent on a farm owned or operated by such parent.

Bobby Dupler was reported to be progressing very slowly late Tuesday. His condition is serious.

He has been a patient in the South Plains Hospital in Levelland for several days.

Andersons To Celebrate 50th Wedding Anniversary

Mr. and Mrs. Oscar Irvin Anderson will be honored on their 50th wedding anniversary Sunday, October 2, with a come and go reception from 2 to 4 p. m. in the home of their daughter and family, Mr. and Mrs. Zeph Robnett of Earth.

Their children, Mr. and Mrs. Ervin Anderson and Mr. and Mrs. Zeph Robnett will be hosts for the reception.

Grandchildren of the couple will also assist with the hospitalities.

Miss Gracie Mae Gilmore and Oscar Irvin Anderson were married September 30, 1916, at Paducah, Texas.

They farmed for several years in King and Cottle Counties, later moving to the Roaring Springs Community, where they farmed until moving to Earth in August of 1928. Anderson farmed in this area for a number of years. He also owned and operated a garage here with his son, Ervin, until his retirement.

Mr. and Mrs. Anderson are members of the Earth First Baptist Church.

He is a master Mason and a member of the Earth Masonic Lodge.

She is a member of the local chapter of Eastern Star and Rebekah Lodge.

Democratic Women Meet In Kelley Home

The League of Democratic Women met Thursday in the home of Mrs. M. E. Kelley in Earth.

Mrs. Susan Ray, of Hale Center, was guest speaker. She was the matron of honor in Linda Johnson's wedding, and told the group about her trip to Washington, D. C., about the wedding, and what the Johnsons are really like.

Members from Sudan, Olton, Littlefield, and Earth were represented at the meeting. Refreshments of rolled sandwiches, rolls, coffee, and punch were served from a table centered with a lovely floral arrangement.

The next meeting will be held on October 20 in the home of Mrs. Preston Sampler in Olton.

Local Group Works On Gift Fair Items

The LCC Associates met Thursday at the Community Building to work on their gift items for the gift fair to be held later this year in Lubbock. Sack lunches were enjoyed at lunch.

Attending the meeting were Mrs. Lewis Faver, Mrs. Norman Ellis, Mrs. Joe Houchin, Mrs. Fred Clayton, Mrs. Perry Martin, Mrs. Josie Rich, Mrs. Bill Freeman, Mrs. Claud Ellis, Mrs. Cullen Hay, Mrs. Edd Bell, and Mrs. Wayland Schellar.

The group voted to meet again today (Thursday) in the home of Mrs. Fred Clayton to continue their work on the gift items.

Hello World

Mr. and Mrs. Joe Camarillo of Earth announce the birth of a son at 2:15 a. m. on Tuesday, September 20 in the Dimmitt Hospital.

The lad has been named Joe James and weighed 8 pounds 11 1/2 ounces at birth.

Grandparents are Simon Camarillo of Hereford and Mrs. Petra Moreno also of Hereford. Mr. Camarillo is market manager of the local Piggly Wiggly Grocery Store.

Mr. and Mrs. Paul Gibson of San Jon, New Mexico, are the proud parents of a son, born at 1:57 a. m. on Wednesday, September 14 in the Dan Trigg Memorial Hospital in Tucuman, N. M.

Grandparents are Mr. and Mrs. Gus Parish of Earth and Mr. and Mrs. Roy Givson of San Jon.

The lad has two sisters, Debbie, 4, and Brenda, 3.

Mr. Gibson is engaged in ranching.

Mr. and Mrs. Doug Lewis are the parents of a baby boy born Sunday, September 19, at 5:15 a. m. in the Goodnight Hospital in Lubbock.

The infant has been named Sam Kenneth. He weighed 8 pounds, 3 ounces, and was 22 inches long.

The couple have one other child, Rosie, age 6.

Grandparents are Mr. and Mrs. Henry Lewis and Mr. and Mrs. Bob McCaskill. Great grand mother is Mrs. Bell Goldston. Lewis is occupied as a farmer.

4-H Group Studies Artificial Respiration

The Springlake-Earth 4-H Club met at the Junior High Building Monday night with John Blair, president, presiding over the meeting.

A nominating committee was appointed to select officers for the forthcoming election next month.

Mrs. Lady Clair Phillips, Buddy Logsdon, and Ronnie McNeer introduced the 4-H group from Olton, who gave demonstrations, using a dummy, on the proper way to administer artificial respiration.

Buddy Logsdon discussed the various projects for the coming year for the livestock show.

Refreshments of chocolate covered donuts were served to the 35 members present.

Mr. and Mrs. S. H. Chaney are vacationing this week at Falcon Lake.

FAVORITES OF THE JUNIOR CLASS were elected this week at a class meeting. Selected were Billie Kay Kelley, daughter of Mrs. Leta Kelley, and Bobby Cummings, son of Mr. and Mrs. Howard Cummings.

Rainbows Have Salad Supper

The Rainbow Girls met at the Lodge Hall Monday night for a salad supper and initiation meeting, with Mrs. Joan Quebe, grand visitor from Plainview.

The group presented Mrs. Quebe with a gift, during her official visit.

Various salads, cakes, pies, and tea were served to Susie Adrian Pansy Been, Kathie Brown, Camille Haberer, Sharla Haberer, Diane Hodge, Anita, Donita, Connie, and Norma Kelley, Becky Littleton, Brenda O'Hair, Beverly Prather, Susie Ruby, Mary Lou Tate, Mary Nell Walker, Sharon Clark, Karen Hinchliffe, Leah Galloway, and Mother Advisor, Mrs. Jerry Kelley.

Visitors present for the salad supper were Mr. and Mrs. Ben Quebe and Donna of Plainview, Mrs. Elsie Hawkins, Mrs. George Laing, Mrs. M. E. Kelley, Mrs. O. B. Whitford, Mrs. Ray Kelley, Mrs. Forrest Simmons, Mrs. Lena Hite, Mrs. Donald Kelley, Mrs. B. Campbell, Mrs. Melvin Bock, Mrs. Donald Ranyon, Mrs. Marvin Sanders, Mrs. Clifford Hopping, and Jerry Kelley.

The next meeting will be held on October 3 at 6:30 p. m. at which time new officers will be installed.

Sorority Has Dinner At Holiday Inn

Members of the Beta Sigma Phi and their husbands had dinner Saturday night at the Holiday Inn in Olton.

Among those attending were Mr. and Mrs. Robert Taylor, Mr. and Mrs. Richard Bills, Mr. and Mrs. Charles Hedrick, Mr. and Mrs. Don Randolph, Mr. and Mrs. Gary Cowley, Mr. and Mrs. Gene Tunnell, Mr. and Mrs. John Laing, Jr., and Mr. and Mrs. Jerle Taylor.

Girl's Bible Class Visits Muleshoe Nursing Home

The fifth and sixth grade girls' Bible Class of the Earth Church of Christ met Friday to take a candy and fruit basket to the Muleshoe Nursing Home.

While visiting the patients, the girls sang several songs and distributed the fruit and candy.

Girls who went on the trip were Laquinta Clark, Debbie Scheilar, Nicola Conner, Toni Sanders, Gaye Ellis, Fransee, Joy, Strela, and La Renda Faver, and Cindy and Kim Dent accompanied by Mrs. Tuffy Dent and Mrs. Lewis Faver.

TOPS Club To Have Party Today

The Happy Losers Tops Club met Thursday at the school cafeteria for a short business meeting with their leader, Mrs. W. B. Hucus.

A total of 22 3/4 pounds were lost during the week, with two pounds gained.

Two Tops pins were awarded.

The group voted to have a tacky party and salad supper Thursday (today) at 7:30 p. m. at the Earth Community Building.

Gwen Smith Completes Beauty School, Joins Local Beauty Staff

Gwen Smith is a recent graduate from Isabell's University of Beauty Culture and has joined the staff at the Earth Beauty Salon.

Miss Smith graduated on August 23 and took her cosmetology examination in Austin on September 7.

She is a 1965 graduate of Springlake-Earth School. Others on the staff at the Earth Beauty Salon are Mrs. Glen Vining and Mrs. Wilma Ernest.

Miss Smith and the two other members of the staff will be on duty five days a week, Tuesdays through Saturdays. They invite friends and customers to drop by the shop at any time.

GWEN SMITH

Study Club To Honor Women Teachers

The women teachers of Springlake-Earth School will be guests at the Town and Country Study Club salad supper Thursday at 7 p. m. at the

Community Building. Anita, Donita, and Connie Kelley will present several musical selections for the group's entertainment. "I Am Education--Six Full Hours" is a reading which will be presented by Mrs. B. Campbell.

Mrs. M. E. Kelley will lead the game, "Spelling Down." Hostesses for the occasion will be Mrs. Roy Neal, Mrs. L. K. Anderson, and Mrs. B. T. Hamilton.

LCC Associates Meet in Lubbock

The LCC Associates met in Lubbock Friday at the Katy Rogers Hall for a regular meeting.

Mrs. R. L. Akens of Brady reviewed Richard Armors book, "The Terrible Adolescent."

The group voted to finance the building of a new home economics building for Lubbock Christian College.

Presiding at the meeting was Mrs. W. T. Rogers of Lubbock.

Attending the meeting from Earth were Mrs. Lewis Faver, Mrs. Edd Bell, and Mrs. Perry Martin. Also present for the meeting were Mrs. Albert Taylor, Mrs. Carlis Bills, and Mrs. Harvey Evans, former residents of Earth, now of Lubbock.

Peace Corps Trainees Accomplish Mission and Make Friends

It is a toss of a coin as to who benefitted most from the short visit in the Earth area, by two delightful learned youth, Mr. and Mrs. Dwight Stecker, Peace Corps Trainees from Long Island, New York, currently training in Lubbock or those in the area who were fortunate enough to visit with this interesting young couple.

The two arrived in Earth Saturday about 4 p. m., hitchhiking from Plainview, after being handed a card assignment reading, "destination Earth, Texas, to learn all you can about people in small farming communities, how they live, what they think, and how they act."

In one hand they thrust the trainees a map and bus fare for a round trip to Earth, with no arrangements for lodging made. This assignment came at 11 a. m., as they returned to their classroom following the completion of a previous project.

The 63 Peace Corps trainees now under constant training in Lubbock since their arrival on August 30, were each given similar assignments to those given the Steckers, and were told they didn't have time to pack bags, as the buses were leaving within moments.

There was chaos as 63 people ran three blocks to the bus terminal. Mrs. Stecker rushed to grab up a few necessities from their room at the Pioneer Hotel, while her husband bought the tickets. They missed the first bus to Earth so they had to wait for the second bus going to Plainview. Some of the trainees left without a change of clothing, purchasing a tooth brush in the bus depot before departure time.

Upon arrival in Plainview, the friendly young couple found they could not get a bus to Earth, so realizing Peace Corps Trainees must find a way to accomplish their mission, they resorted to hitchhiking. Two rides later they were in Earth, and ready to begin their task of studying small town people and what goes on in these small community towns.

Mrs. Orville Cleavinger was sitting in her car on the street where the couple was let out of the car.

She assisted them in finding Chamber of Commerce Director, Neil Pounds, who took them around town, and home for dinner, while Mrs. Cleavinger returned home, over the

deep rutted roads after the fresh rain in her pickup to fetch the car and her husband and to return for the two rank strangers she had invited to spend the night.

As you can imagine the people involved began to wonder if this was for real, or were they having a joke played on them. The couple soon proved to be "for real", and a remarkable couple.

Their last 3 1/2 months training of which 2 1/2 months will be spent training at Texas Tech, before going to Puerto Rico on November 16 for a months training there before the final destination which is Costa Rica for a two year term, has doubtless already taught them complete self confidence and sharpened their wits to meet most any emergency.

In speaking of the training, the easy speaking twosome said, "Two weeks of fast living under peace corps training seemed like a year, as every moment was filled to capacity in work assignments or studying."

In speaking of one phase of their training Mrs. Stecker said, "I have been raising a garden and even hoeing it, and picking tomatoes, something I never did in my life, but it's been lots of fun."

The 63 trainees from various parts of the United States are in Lubbock taking Spanish, physical education, and classes in general construction, and homemaking, every phase of work involved in community development.

Their Peace Corps work in Costa Rica will be spent in training people in matters of nutrition, hygiene, construction, organizing themselves in order to carry out local projects, helping them to get the most use of available materials.

Dwight is 22. He went through Lehigh University in three years, then earned his masters last June, in order that he and Joan would finish at the same time. Joan is 23, and also received her degree last June. They were married last June. Joan's senior year classes in college were held in a hospital in Brooklyn, where she then worked during the summer as a physical therapist.

Joan's parents came to New York from Germany 37 years ago. Her father retired 3 years ago from a Confectioner Store.

Dwight's father is employed

THEY CAME, THEY SAW, THEY ACCOMPLISHED their mission. This friendly twosome, Mr. and Mrs. Dwight Stecker of Long Island, New York, who as Peace Corps Trainees in Lubbock, came to Earth Saturday to learn about small town people, their farming customs, and their way of life, and in completing their assignment made friends throughout the area, and doubtless found Earth-Springlake inhabited by warm, friendly people, unexcelled any place on Earth. However, we Okie-Texans will think proudly of New York if these two are typical examples of New Yorkers.

with a rubber products firm. Joan's sister is employed with the National Cotton Council, and she plugs our cotton everywhere she goes.

Dwight is interested in International affairs and is considering a career in International Banking.

They had many fascinating stories concerning their past lives and their Peace Corps work. They are very excited about going.

The Cleavingers returned them to Lubbock and the two girl trainees who spent the weekend as guests of Mr. and Mrs. Edd Orr of Springlake, late Sunday afternoon after a most interesting visit.

They were all fascinated at the friendliness of the people here.

Johnny Garrett
Enrolled at South Plains College

Johnny Garrett, son of Mr. and Mrs. John Garrett of Earth entered South Plains College in Levelland Monday, as a freshman student.

EARTH - SPRING LAKE

(Continued from page 1)

enter his club's section of the contest. Closing date for the club's contest is December 10, 1966.

Students wishing to enter the contest should contact one of the Springlake or Earth Lions to get full details of the contest.

The age limit for the contest includes all youth 14 but less than 22 years of age as of January 15, 1967.

Each applicant would be limited to one entry, with one winner's essay eligible to compete in the Lions District 272 contest. Winner of district contest will be entered in state or country contest. Each country or multiple district winner will be entered in one of the eight world divisions.

PARTY LINE

Guests Saturday in the home of Mr. and Mrs. M. E. Kelley were Mr. and Mrs. Herman Habbinga and Mr. and Mrs. Gigg Reiken of Lubbock.

Area Masonic Lodges To Be Honored

Three Masonic Lodges in this area will be honored during a workshop to be held at 8 p. m., Thursday, September 29, in the Masonic Hall in Sudan. Littlefield Lodge 1161, Mule-shoe Lodge 1237 and Olton Lodge 1251 will receive Honor Roll Awards, which are given by the Grand Lodge of Texas in recognition of outstanding attendance at the Spring series of Masonic Workshop programs.

The awards will be presented by L. B. Montgomery of Littlefield, who is chairman of the seven-county Masonic Workshop Area E-7. He will also conduct the meeting.

Montgomery said that Earth and Sudan Lodges are also especially invited to attend the Workshop.

Nearly 200 such meetings are held twice a year for officers and members of over 970 Masonic Lodges in Texas. The Masonic Fraternity is the state's largest fraternal group with nearly 250,000 members.

Texas veterans who have received GI loans for the purchase of homes are reminded again that they remain personally liable on their note and mortgage when they sell their homes if the new buyer merely continues the payments on the GI loan.

Jack Coker, manager of the Veterans Administration Regional Office advised veterans are personally released by the VA on the obligation.

"The VA has guaranteed and approved many home loans in the area under our jurisdiction," Coker said. "We have experienced cases where veterans have sold their properties and were led to believe they had no further responsibility for the mortgage debt."

He warned veterans who may be behind in their payments due on GI loans to be very careful before agreeing to offers by strangers to make up their back payment if the veteran will sign contracts.

Coker said if such a proposition is made, veterans should ask the holder of their mortgages or the Loan Guaranty Division of the VA Regional Office for advice on the validity of the offer.

He stressed that the veteran remains personally liable for the payment of his GI loan if it is not paid by someone else. Even though the buyer takes over the mortgage and agrees to make the payments, until the VA provides a written release from liability, the veteran is held responsible.

College Station--Housewives should be conscious of other considerations when buying beef than price and cost per serving, according to Frank A. Orts, Extension meat specialist, Texas A&M University.

These factors are very important when doing budget buying, but in order to be satisfied with a particular cut of beef, it must be juicy, flavorful, and tender.

Three factors which are present in a cut of beef and are indicative of eating quality are marbling, color, and texture.

Marbling is the intermingling of small flakes of fat within an individual muscle. The large seams of fat lying between muscle should never be classed as marbling. Marbling is an indication of juiciness, flavor, and to a small degree, tenderness.

Green Cards To Have New Code System In Classing Office

The Lubbock, Brownfield, and Lamesa cotton growing offices of the U. S. Department of Agriculture will use numerical codes to designate grade and staple this season, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the U. S. D. A.

These numerical codes will replace the traditional grade and staple designation and will appear on all class cards or "green cards" returned to South Plains farmers this season.

This numerical code system reduces the grade and staple designations to only four numbers and will be of substantial advantage to growers, gins, and to cotton merchandising industry.

Virtually all cotton merchandising is now handled to computer systems using these numerical codes. This new system will provide economies in cotton merchandising by eliminating the time formerly used in converting the traditional grades and staple designations.

Mr. Palmer also indicated that all micronaire readings on class cards will be stamped this season rather than written.

ations to these numerical codes.

The numerical description for grade and staple is made up as follows: The first digit represents grade, the second digit, color and the last two digits, the staple length. For example, with a classification of 4130 on a class card the "41" would appear in the grade box on the class card and the "30" would appear in the staple box. The "4" indicates that the grade is Strict Low Middling, or "SLM", the "1" indicates that the color is white, and the "30" indicates that the staple is 15/16 of an inch.

Code sheets and explanations have been mailed to all South Plains gins for distribution to their customers. All loan cards and price sheets at gins will include these numerical designations along with the traditional grade and staple designations.

Mr. Palmer also indicated that all micronaire readings on class cards will be stamped this season rather than written.

Pointers Given On Making Choice Selections Of Beef Cuts

College Station--Housewives should be conscious of other considerations when buying beef than price and cost per serving, according to Frank A. Orts, Extension meat specialist, Texas A&M University.

These factors are very important when doing budget buying, but in order to be satisfied with a particular cut of beef, it must be juicy, flavorful, and tender.

Three factors which are present in a cut of beef and are indicative of eating quality are marbling, color, and texture.

Marbling is the intermingling of small flakes of fat within an individual muscle. The large seams of fat lying between muscle should never be classed as marbling. Marbling is an indication of juiciness, flavor, and to a small degree, tenderness.

The color of the lean meat, which is an indication of youthfulness, relates to tenderness because usually the younger the animal, the more tender the meat. A light cherry red color is considered to be from young beef while the darker the red, the older the animal.

The texture of the meat is usually a good indication of tenderness, says Orts. Fibers, which can be seen on close examination of muscle bundles, are an indication of tender meat if they are small and fine.

If the cut of meat possesses marbling, a light color, and a fine texture to the lean, then, with proper preparation, it should be juicy, tender and flavorful.

The Old Timer

"Oratory is the art of making deep sounds from the chest seem like important messages from the brain."

WHILE SHE READS THE NEWS... YOU CAN BET...

She reads the Ads

According to the U. S. Bureau of Advertising, ADVERTISING ranks first with women, over all other newspaper content, for interest and readership! Women actually read ads in preference to anything else in the newspaper. (For that matter, ads rank third with men for readership!) And reading the newspaper is a favorite habit with American women.

So, if you have a product to sell—display it in an ad in your local newspaper. If it's for the home, write it to the housewife's point of view. For, more than anyone else, she'll read it. And, more than anyone else, she's the one who does the buying for the family!

Mrs. Housewife is your NUMBER 1 Prospective Customer... and she LIKES to read newspaper ads.

WHEN YOU HAVE A PRODUCT OR SERVICE TO SELL
ADVERTISE IN YOUR HOMETOWN NEWSPAPER

business that will be conducted at the meeting. Delegates from Springlake-Earth School will be Jimmy Alair and Eddie Jones. We hope this will be the best district in the state.

Plymouth, Dodge, Chrysler To Be Shown September 29 at Garland Motor

Garland Motor Company, located at 710-720 East 3rd Street in Littlefield is expecting a capacity crowd of the triple premier showing of the beautiful Chrysler Products, the new '67 models in Plymouth, Dodge, and Chrysler. The handsome threesome will be shown for the first time Thursday, September 29. Mr. Garland and his personnel invite everyone in the area to stop in and look the new automobiles over.

Imperial '67 has many features never before offered on an American automobile. For instance, a door stretcher, standard equipment on two-door models. This unique device moves the front passenger seat forward with a slight nudge on the seat back. Your rear seat companions exit gracefully, safely at curbside.

The four-door hardtops feature Imperial's sectional seat. It is a sofa for three which adjusts into twin armchairs or an armchair plus passenger recliner.

And it really is new. The engine, automatic transmission, suspension, body, and many other features are new or newly refined. This is one luxury car you've never seen before.

The new luxurious Plymouth with its elegant interior and its deep-throated zoom of the engine will make a hit with car buyers. The Super-Commoda 440-V-8 is expected to rate high with car buyers throughout the area.

Dodge revealed a double surprise package, completely restyled versions of its two "prestige" models, the 1967 Polara and Monaco.

"Longer, lower profiles, a semi-fastback roof for hardtop models and high-style front and rear-end treatments strengthen their roles as the luxury leaders of the Dodge line," Dodge general manager, Byron J. Nichols, said today.

In addition to the unexpected exterior styling changes, the new Polaras and Monacos boast strikingly new interiors,

too. The result is a combination of beauty, comfort and performance unmatched in the medium-priced field.

New "body sculpture" sheet metal on the '67s blend with crisp, angular front ends and a rakish rear-deck treatment for the "big car" look in a total of 15 models and six body styles.

The new Polaras and Monacos are half a foot longer overall than their 1966 counterparts, with 122-inch wheelbases this year for better ride and handling.

A new recessed grille and delta-shaped tail lights set flush into a tapered rear deck lend a tone of elegance and motion to both models.

Extra luxury with sporty-car flavor is offered again in two bucket-seat, floor console, and fancy trim versions, the Monaco 500 and the Polara 500. Bucket seats are also available in the Monaco 4-door hardtop and, for the first time, in Monaco station wagons.

The popular Polara 318, a special 4-door sedan powered by the 318 cubic inch engine, is back again as Dodge's largest wheelbase economy car.

Monacos and Polaras for 1967 feature an all-V-8 range of power plants; a 60-pound-lighter 318 cubic-inch engine rated at 230 horsepower; a redesigned 383-cubic-inch model that develops 270 horsepower with 2-bbl. carburetion and 325 horsepower with 4-bbl. carburetion; the large, 440-cubic inch, 350 horsepower engine introduced last year; and a new high-performance "440 Magnum 4-bbl., V-8 rated at 375 horsepower.

The popular '318' runs on regular gasoline and offers even better fuel economy than the 1966 engine because of its new light weight. With standard 2-bbl. carburetion, the redesigned '383' also uses regular gasoline.

Target for the popular Coronet is still the ever-growing

DOOR MISSING from the '62 Chevrolet driven by La Cretia Washington Friday on Highway 70, in Hite Park Addition, involving a Chevy Pickup driven by Joyce Hanson of Muleshoe. No one was injured.

family car market, but 1967 holds some surprises for performance and sport car enthusiasts who have claimed the Coronet as their own from the start.

Dodge set the 1967 automotive styling stage for compact cars when it introduced the all-new Dart model.

Sweeping innovations from bumper to tail lights on the Dart transform the image of "America's largest compact" from conservative to sporty for the new model year.

But the economy-car-turned-sport features the same generous 111-inch wheelbase, roomy interior, large cargo space and smooth handling characteristics that have made it a best-seller for the past three years.

It took Gutenberg five years to complete the first Bible printed from movable type.

County Teachers To Meet Monday in Amherst

The first meeting of the year for Lamb County teachers is a salad supper, slated for 7 p. m. Monday, September 26 in the Amherst School Cafeteria. Dr. Roy McClung, president of Wayland College in Plainview will be guest speaker for the evening.

The Springlake stage band will provide entertainment for the group. Also on the program will be a duet by Mrs. Marie Sloner and Mrs. Monara Cummings. The twosome will sing, "This is My Country", accompanied on the piano by Carolyn Reynolds.

Bill Anderson, president of the group will preside over the meeting.

FFA News

By Eddie Jones

The District Future Farmers of America will hold their annual District meeting on September 21 at the Springlake-Earth School.

The Littlefield District is composed of 17 schools. Lonnie Dear, local president, will vie for district office along with members of the other district schools. Two voting delegates from each school will vote on the officers and other

Sunnyside News...

By Tenny Bowden

Ivey Joan Carr was home from Lubbock last weekend to visit with her family. Bob Duke won a second place trophy and Sandra Duke won the third place trophy in the field products division of the Youth Fair in Dimmitt last Saturday. Bob, Sandra, and Larry all won first, second, and third place ribbons on all their entries in the garden products division. Mr. and Mrs. Edd Duke attended the Delta County reunion at Mackenzie Park in Lubbock last Sunday. They also visited a niece while in Lubbock. Mr. and Mrs. W. A. Curfman of Wichita Falls spent last weekend with Mr. and Mrs. R. V. Bills and Larry Dow. She is R. V.'s sister. They all attended the Delta County reunion in Lubbock last Sunday. Mr. and Mrs. David Sadler had supper in Hereford Monday night with her family to help Brenda celebrate her birthday. The Springlake-Earth FFA officers were installed in their meeting Monday night. Steve Jackson was installed as secretary, Jimmy Alair as treasurer, and Eddie Sam Jones as reporter. Joan Dawson was selected as their plow girl for the year.

Joan Dawson was a member of the committee that selected the Senior play, "Brides To Burn" to be given in October. Bob Duke was to play his first football game on the Dimmitt 7th grade team against Springlake Monday night, but the game was postponed because of the rain.

Mrs. Eddie Haydon attended a girl scout training session in Muleshoe Tuesday. She works with the Girl Scouts of Springlake-Earth.

The WMS met Tuesday afternoon for the season of prayer program for state missions. Mrs. M. D. Durham had charge of the program in the absence of the president, and the recent illness of the prayer chairman. The offering for the church is \$300.

Mrs. John Gilbreath attended a bridge party in Dimmitt Tuesday afternoon in the home of Mary Jo Brown.

Dr. Ray Stanley was called to the W. T. Autry farm Tuesday afternoon after the unexpected birth of a 7 pound daughter to Mrs. Hector Reyna whose husband is employed by Mr. Autry. It was the Reyna's 11th child. Mrs. W. T. Autry assisted with the delivery in the emergency and gave moral support until the doctor arrived.

Mr. and Mrs. Dwayne Louder and boys of Flagg visited Tuesday afternoon with Mr. and Mrs. W. E. Louder. The Hart Grain leg elevator north of Sunnyside received its first load of maize Tuesday. The load was brought in by Funk Gilbreath.

The Brotherhood met Tuesday night for their regular monthly meeting. Seven attended. Rev. Tom Reynolds of Plainview was guest speaker. Mr. and Mrs. Carl Shultz left Wednesday for their home in Abilene after a visit with their daughter, Mr. and Mrs. Howard Cummings and Bobby. Mrs. E. R. Sadler visited with them in the Cummings home Tuesday afternoon.

Mr. and Mrs. M. H. Fowlkes visited in Dimmitt Monday and Tuesday with friends, and left Thursday for Belen, N. M., to visit with relatives, for a few days.

Mrs. E. R. Sadler and Mrs. Calvin Lippard attended the Plains Memorial Hospital Auxiliary meeting in Dimmitt Wednesday morning.

Mr. and Mrs. R. E. Duke visited in Tucuman Wednesday through Friday with Mr. and Mrs. Gordon Bradley.

The WMS met Wednesday night for the General Missionary program with Mrs. Roy Pheasant in charge of the program.

Rain Wednesday night and Thursday measured around 1.50 inches. Prayer meeting Wednesday night was cut short due to a failure in electricity which lasted about two hours. Rain Saturday was around .50 generally heavier in the west. There was some small hail, but no damage reported. Doi Curtis reported back to WTSU the last part of the week

to enroll for his senior year. Classes will begin Monday. Charles Atwell and Ken Dawson left Sunday for the beginning of classes at Tech next week; Charles for his senior year and Ken for his Freshman year. Mr. and Mrs. R. V. Bills attended the funeral services for a friend in Portales Saturday. Robert Duke was in Amarillo Saturday to enter some DeKalb heads in the Tri-State Fair Sorghum Show in Amarillo and visited with relatives while he was there.

Twenty seven young people and intermediates met at the church Saturday night for a hamburger supper and a period of youth fellowship. Sponsors were Rev. and Mrs. M. D. Durham and Bill Morgan. Johnny Burnett of Dimmitt was a guest for the event.

Mr. and Mrs. Ezell Sadler attended the Caps reunion in Mackenzie Park in Lubbock Sunday.

Mr. and Mrs. Gary Cowley and Tammy and Mrs. Lloyd Blanton and Randy attended funeral services in Falls Sunday for a friend.

Eighty four attended Sunday School with 61 in Training Union Sunday.

A community meeting will be Monday night, September 26. New officers will be elected. Bring a watermelon.

LETTERS TO THE EDITOR

Earth News-Sun
Earth, Texas

Dear Mr. Middleton:

By the time you receive this letter Dee Miller and I may have already been in your county and met you personally. I hope this is so. We realize, of course, that we cannot see everyone quite as quickly as we might wish.

We are interested in meeting you as soon as we possibly can, and we hope to do so in the very near future. We have tentatively planned a very vigorous campaign which will include considerable newspaper publicity and advertising. We would appreciate very much being furnished with a copy of your rate schedule. We intend very shortly to furnish you with a photograph and a biographical sketch of Dee Miller for your use and whatever manner you deem best. We would, of course, greatly appreciate your every consideration toward running our items of news interest which will be distributed to all county newspapers on a regular basis. We will do our utmost to keep some of our over-eager supporters from flooding you with garbage, and we will do our utmost to try to restrict our publicity releases to items of genuine interest.

In the meantime, until we have an opportunity to set up this system, we would appreciate very much having a subscription to your fine paper in order that we might keep ourselves informed concerning events in your county. It is our earnest hope that Dee will be able to carry this subscription with him to Washington, following the election, but in the meantime you may send it to 602 Polk Street, Amarillo, Texas. If you would please advise us by return mail concerning the subscription rates we will fire you a check right away, for we are most anxious to start this subscription as soon as possible.

We are looking forward to meeting you personally, and we shall be awaiting your reply concerning the advertising and subscription rates.

Yours very truly,

Gene Huff
Campaign Manager

Mr. and Mrs. Truman Layman and Mr. and Mrs. Gayland Stephens are vacationing this week in Colorado.

Mrs. Gene Chaney and Mrs. S. H. Chaney were in Muleshoe Saturday on business.

Hale Center Roars Past Wolverines 31-6

Members of District 3-A really took beatings Friday night. Included in these were the Wolverines who were belted by Hale Center 31-6, Farwell who was downed by Dimmitt 16-12, and Bovina dropped a close one to Happy 20-16. Kress, however, broke the spell and managed to tie Falls 0-0, and Sudan remained the only District 3-A team with a perfect record 2-0, downing Amherst 9-0.

The Wolverines elected to receive the opening kickoff Friday night against the Owls and politely marched all the way down the field on some good calls by Doug Messer. Messer mixed his calls well with the entire backfield working good yardage down after down. The final 9 yards being made on a pitchout to Logan Armstrong who scampered around left end for the touchdown. The try for extra point was no good and the Wolverines took a 6-0 lead.

The remainder of the first quarter was a defensive battle with the Wolverines picking up 72 yards on the ground and 38 in the air while Hale Center was held to only 1 yard rushing and no yards through the air.

Then lightning struck in the second quarter with the Wolverines finding they were out hit, out played, out conditioned, but not out goosed.

The first touchdown came on an 8 yard run after a pitchout to halfback Mike Jones, with only 9 Wolverines on the field to play against eleven. The try for extra point was good on a conversion kick by Willie Compton, and the Owls were on the move.

Moments later the Owls recovered a fumble, and Marvin Wilson, the big Hale Center fullback, went up the middle for another touchdown. This time Mike Jones ran the ball over for 2 points and the Owls took a 15-6 lead.

At the start of the second half the Wolverines forced the Owls to punt, but moments later gave the ball back on a fumble by Messer.

Again a stubborn front wall of the Wolverines forced the

LOGAN ARMSTRONG ball carrier, returns kick off return back 50 yards before being dropped by an unidentified Hale Center player. Number 40 is Hale Center fullback Marvin Wilson and number 62 is Wolverine guard Danny Kelley.

Owls to punt once more and the fumble bug bit again with the Owls recovering the fumble on the 8-yard line. This time the Owls called on H. T. Smith who hit the right side for pay dirt. The try for an extra point was no good.

After the kickoff, the Wolverines were forced to punt, and a bad pass from center sailed over Logan Armstrong's head and wound up in the end zone for an Owl safety.

Late in the fourth quarter the Owls added another touchdown with H. T. Smith scampering around right end for 21 yards and a touchdown. The extra point was good on a pass from Chris Hicks to end Lindol Dyer.

This week the Wolverines will take on the Dimmitt Bobcats at Wolverine Stadium, 8 p. m.

weighs only 155 pounds. He was strong enough last year to finish fourth in the league in rushing, however, with 722 yards in 145 carries. Tom Gregory (185) backs him up at left half.

East Central finished fourth in the NAIA and dropped to eighth in total offense (386.1) and 12th in rushing (248.1) after leading the field in both categories in 1964. The '66 offense isn't expected to do that well. But the defense should improve its seventh place over-all position (148.8) yards per game and its sixth place spot in rushing defense (49.2).

1965 RESULTS--Lamar Tech 14-15; Southwestern, 20-10; Langston, 26-0; Northeastern, 24-21; Central State, 31-14; Panhandle, 55-7; Northwestern, 40-6; Tarleton, 28-0; Corpus Christi, 48-0; Southeastern, 51-0.

Visitors Friday in the home of Mr. and Mrs. M. B. Baldwin were their grandsons, Jimmy and Darin Baldwin of Springlake.

Mr. and Mrs. Red Murrell are visiting in California with his father.

Texas and Tech Clash Saturday in Jones Stadium

LUBBOCK--University of Texas and Texas Tech, the largest schools in the Southwest Conference, collide in the Red Raiders' opening home game at 7:30 p. m. Saturday.

More than 42,000 fans are expected to overflow Clifford B. and Audrey Jones Stadium. As the week began, tickets on the 5-yard line were being sold. Already a number of fans had bought admission to the slope overlooking the north end zone. Texas Tech students, numbering about 19,000 this semester, are expected to take over the entire south end zone.

Texas Tech began its season with a 23-7 victory over University of Kansas at Lawrence. Texas dropped a close 10-6 decision of the University of Southern California, the favorite to capture the West Coast championship.

Texas, ahead 14-1 in the series, returns 22 lettermen from the team that trounced Texas Tech 33-7 in Austin last year.

Booster Club Membership Drive Underway

The Springlake-Earth Booster Club met at the school Monday to view the film of the Hale Center and Springlake-Earth game.

M. H. "Dutch" Been reported that the membership drive is well underway. The goal has been set at 200 members. Only 75 of these members have been acquired. The group hopes to continue the drive and increase membership.

Approximately 25 members were present for the meeting. The group meets each Monday night.

Been-Gregory On East Central State Football Lineup

The defense looks good this year, with seven returning regulars. But can a championship team lose four-fifths of its offensive backfield and win all the marbles again?

That's the question that faces Elvan George and his East Central Tigers this year. George is his usual pessimistic self, the Tigers their usual optimistic selves and the rest of the Oklahoma Collegiate Conference scared.

George is worrying about his offense but as last year's starting quarterback, Mike Wood, puts it, "The Tigers don't even need the ball this year. Just give them a field goal and put in the defense and they'll beat everybody, 3-0."

However, coach George says, "The waters of graduation literally washed away the handsome EC offense castle. Quarterback Mike Wood was a four-year starter. Three of the other backs, Crain, Bell, and Ed Wood, were also experienced hands. They could have made perfect execution of a play blindfolded."

Center Keneipp never made a bad snap during his two years of hiking here.

Now new hands will do all the plays where poor execution means the other team gets the ball. And remember in the NAIA the defense can pick up a fumble and run with it.

David Daniels, the weight-lifting fiend of the Tigers, is at center. He's coming along and is probably one of the most improved players on the team.

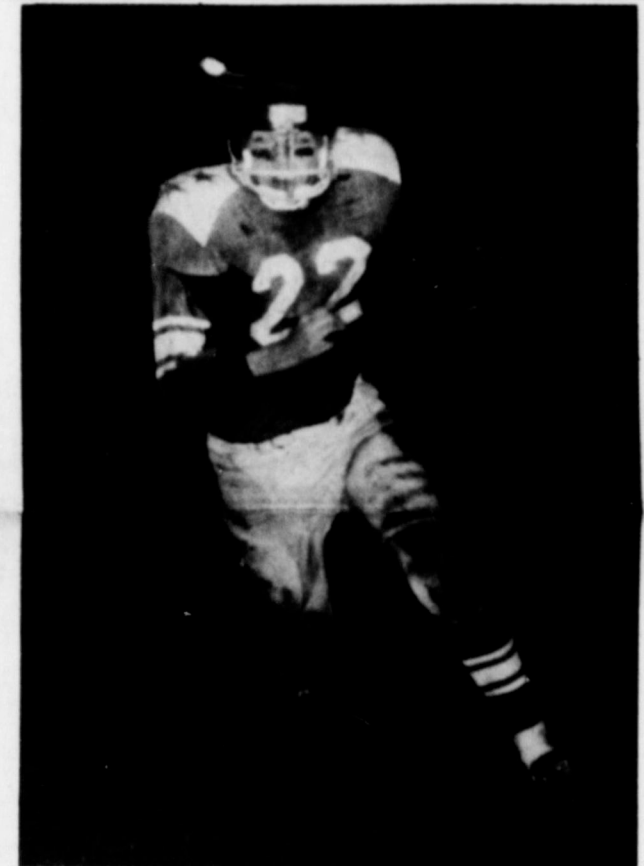

At quarterback it's anybody's guess. Reserves, Jerry Been, a junior, Jon Stephenson, a

sophomore, and Kenny Armstrong, a sophomore, return but each has a definite strong point and definite weakness. Been is the best runner, Armstrong the best passer, and

Stephenson the best signal caller.

And then there is Freshman Quarterback Floyd Lindsay, the highly touted frosh from Andrews. He has to learn a lot about the Tigers and in a very short time.

Fischer, one of three offensive regulars returning, is the glue that will hold the back field together. A three-year All-OCC first-teamer, he

TOUCHDOWN BOUND is Logan Armstrong, scoring late in the first quarter, putting the Wolverines out in the lead 6-0. The play carried 9 yards on a pitchout from Doug Messer.

WAYNE JOHNSON IS DROPPED on the 10 yard line by an unidentified Wolverine. Other players trailing the play are number 73, Tommy Barlow and number 52, Bobby Cummings.

SET & SEW

A FACTORY REPRESENTATIVE WILL BE AT OUR STORE

THURSDAY-FRIDAY SATURDAY SEPTEMBER 22-23-24

TO DEMONSTRATE ALL THE LATEST MODELS AND DESIGNS OF SEWING MACHINES MADE

BY WIZARD

WIZARD ZIG-ZAG SEWING MACHINE

- Built-in light directly over sewing area.
- Push button bobbin winder automatically stops when fully wound.
- Drop feed control at your finger tips for easy darning, monogramming, appliqueing, etc.
- Stunning two-tone design.
- Snap out race hook, jam-proof and fool-proof.
- In addition to perfect straight stitches, embroiders, monograms, makes buttonholes, sews on buttons, blind stitches, appliques, etc.
- Aircooled AC-DC motor.
- Complete accessory kit included.
- Detailed Instruction Book included.

Choose either a portable or console model. Complete line of consoles available in all styles and finishes to fit all Wizard sewing machines.

All Wizard sewing machines carry Western Auto's 25-Year Guarantee, are U.L. Approved, and Commended by Parents' Magazine.

Lazbuddie News...

by Mrs. C. A. Watson

Mr. and Mrs. Jack Smith and son, Jack Finley and Mrs. N. M. McCurdie of Lazbuddie accompanied by Mr. and Mrs. Jack Mackenzie and children Bryan, Shannon, and Calvin of Plainview went to Amarillo Sunday for a birthday celebration. The event was honoring Mrs. McCurdie's sister, Mrs. Archie Shiplet, Wellington. Twenty three relatives met in the North Amarillo Park for the occasion, spread picnic lunch and just enjoyed the day visiting. Mrs. McCurdie reported.

Visiting the Paul Templetons the past weekend were her parents, Mr. and Mrs. Henry King from El Paso.

Mr. and Mrs. Don Richards and Mr. and Mrs. Claud Blackburn went to Clovis Sunday to see the Richard's infant baby in the Memorial hospital. The five week old baby presently weighs 2 1/2 pounds. She weighed only 2 pounds 3 ounces at birth.

Weekend visitors in the Bert Gordon home were their children, Mr. and Mrs. Jimmy Laux, Los Alamos and Mr. and Mrs. Richard Gordon, Portales. Richard has enrolled the new term at ENMU in Portales.

Mrs. Gene Fox was admitted to the Priona Community Hospital Monday morning for observation and medical care.

Birthday greetings this week go to Jacqueline Morgan, Leatrice Gallman, Raymond Foscauna, Randell Barrett, Jim Don Jennings, Maria Ambriz, Connie Elliott, Danny Miller, Larry Wilkins, and Juanita Ependosa.

Margaret Seaton, daughter of Mr. and Mrs. R. B. Seaton was chosen by the Lazbuddie Young Homemakers Club at their closing meeting last spring in the homemaking room. Margaret has an overall average of 90 the past three school years and was granted her FHA State Degree also last Spring. Last week Margaret was competing for the Area I Little Sister title at the Homemaking Convention held in Tulla. Several members of the Young Homemakers Club accompanied Miss Seaton to Tulla.

The First Baptist Church held week of prayer each morning at 9 last week. The prayers were for special blessings for the upbuilding for the cause, and peace of the nation. The church also had special library dedications Sunday night at the Church.

Congratulations to the Lazbuddie Longhorns on winning their game over Whiteface Friday night. The Whiteface team was favored over the Lazbuddie boys but they failed to score in the game. Lazbuddie made 14 points.

Lazbuddie people called on Grand Jury Thursday of this week, to appear at Farwell are Freeman Davis, Andy Fuquay, J. D. Carpenter, and Earlene Bullock.

Mr. and Mrs. Gary Mack Brown have moved to Portales where he will enroll at ENMU this week. Mrs. Brown plans to work in Portales.

Lazbuddie farmers are receiving their ASCS checks this week and some say, "they didn't come a minute too soon." The farmers are hoping for lots of hot sunshine the next few weeks.

Mrs. M. C. Mick visited last week in Sherman, Texas, with her daughter, Oma Lee Neathery. Mrs. Mick's son, R. L. (Buddie) from Dallas planned to meet his Mother at Sherman for a visit. The daughter and son are former Lazbuddie school students.

The Malcolm Carthels barn was broken into recently. The thieves got several hundred dollars worth of merchandise including taking a car from the place.

A Latin American from Lazbuddie was fined \$50 and court cost plus 10 days in jail for stealing a battery in the area last week.

Congratulations to Loy Dale and Danny Clark, sons of Mr. and Mrs. Wayne Clark on their winning at the Curry County Fair, at Clovis last week.

Mr. and Mrs. C. A. Watson visited Saturday of last week with her nephew and family, Bernice Glowens family in Priona.

Visiting in the home of the Rhiney Steinbocks this week is her mother, Mrs. L. L. Bowley, from Engene, Oregon.

Attending the past Matrons Club at Hereford last week were Dorothy Hinison and Mrs. John Farley.

Charlie Watson and Joe Collins were in Seminole Monday visiting and attending to some business.

Annie Gargile left Tuesday for Corpus where she will represent the Lazbuddie H. D. Club at the annual convention. Mrs. Gargile plans to go to New Brussville from there and spend a week with her sister, Evelca Bishop.

Leon Watson and Charles Ramage came in during the weekend after enrolling at WTSU, Canyon, last week. The boys gave partial reports on the

MELVIN BOCK IS SHOWN in his 120 acre field of castor beans which he thinks will produce the largest crop he has ever grown.

THE NEW AND THE OLD. Pictured above is the new McNair castor bean which has been developed at the Halfway Station. The top stalk has 149 seed pods, and measures 31 inches in length. Pictured at bottom is the old standard variety of beans and has 24 pods.

Eleven County 4-H Members To Participate In State Fair

Eleven 4-H'ers from Lamb County will exhibit livestock at the State Fair of Texas October 17-22. 4-H'ers will exhibit total of 12 lambs and 4 steers in the Junior Division. The steers and lambs will be judged on Wednesday, October 19, beginning at 8:30 a. m., respectively.

In the steer division, Rodney and Tracey Bowling of Sudan 4-H Club and Danny and Stephanie Carter of Amherst 4-H Club will compete. Rodney and Tracey's parents are Mr. and Mrs. Marvin Bowling of Sudan and Danny and Stephanie's parents are Mr. and Mrs. Don Carter of Amherst.

Seven 4-H'ers have entries in the Lamb Divisions. They are: Marlana, Marlos, and Malita May of Olton, whose parents are Mr. and Mrs. Archie May; Bruce and Brad Bridges of Springlake Club, sons of Mr. and Mrs. John Bridges; and Rodney and Cory Logsdon, Littlefield 4-H Clubs sons of Mr. and Mrs. Buddy Logsdon.

The Young Homemakers met in the Homemaking room at the school Thursday afternoon for the electing of new officers. Mrs. J. Don Gall is the new president, vice president is Mrs. Darrell Mason, Mrs. Ronald Elliott is secretary and Mrs. Jerry Engelking, reporter. Present for the meeting besides the ones mentioned above were Marlene McDonald, Charlene Farley, Beverly Hall, Beta Frye, Sandy Peterson, Paula Tarter, and the advisor Eva Dean Ivy. The next meeting will be October 6 in the Homemaking room.

Mr. and Mrs. Chunky Ivy, Clovis attended the Lazbuddie-Whiteface game Friday evening. They visited his parents, Mr. and Mrs. Glen Ivy and his sister and family, the Junior Matthews during the weekend.

Mrs. T. D. Reed returned last week from Pecos where she visited her son and family the L. A. Reeds, Mrs. Reed was accompanied to Pecos by her brother, Jiles Jones, San Antonio. Jones had been in the area visiting before going to Pecos.

Margaret Durben, History and English teacher, has returned to her classes after being absent a few days due to breaking her ankle.

Due to the hard work of the FFA members in cooperation with the Lazbuddie PTA and school board members the Lazbuddie Tennis Court has been completed.

Mrs. Leon Smith accompanied Cynthia Harvey and Mrs. Smith's daughter Tonie to Texas Tech Sunday.

Logsdon. The Junior Livestock Auction in which girls and boys will sell their animals will be held as follows: Steers, 8 a. m., Friday, October 22, and Lambs, Saturday, October 23 at 9:30 a. m.

PARTY LINE

Mrs. Minnie Cowley of Willow, Oklahoma, is visiting her son and family, Mr. and Mrs. Kenneth Cowley this week.

Mrs. George Washington, Mrs. Bill Chaney, Mrs. Sawnie Branscum, and Mrs. Jimmy Baldwin were in Lubbock Friday on business.

Quick Frozen Fryng Chickens May Replace Refrigerated Birds

College Station--Texas housewives may soon be buying mostly quick frozen, cut-up, prepackaged frying chickens at their food stores rather than the present refrigerated whole or cut-up birds.

This prediction comes from Dr. Robert Branson, market research economist at Texas A&M University.

Dr. Branson's forecast culminates nearly a year of extensive market and product research by the University's Market Development Section of which he is chairman.

The A&M market researcher presented results of this research at a Pre-packaging symposium of the American Institute of Poultry Industries in Chicago earlier this week.

He says that a consumer panel of 900 families in Dallas and Fort Worth gave the quick-frozen fryers an excellent rating. The research just concluded among meat market managers in food supermarkets in Dallas and Fort Worth revealed that they also recognize the excellent quality of the quick-frozen product.

Dr. Branson says that freezing prevents growth or development of undesirable bacteria that reduce the quality of the fresh meat. The consumer thus receives both a more sanitary and a fresher food product than otherwise is possible by the usual refrigeration methods.

The Texas A&M researcher is recommending that home economists, food editors and the nation's poultry industry join in telling consumers about the positive advantages of the newly appearing quick-frozen fryers.

STARS OF THE WEEK

Back of the Week

BACK OF THE WEEK--Doug Messer, quarterback for the Wolverines was chosen as back of the week by his backfield coach for his work on defense as well as for his selection of plays on offense. Doug had the Owl team guessing throughout the first quarter, by mixing up the plays, he moved the Wolverines for a touchdown before giving up the ball.

Lineman of the Week

LINEMAN OF THE WEEK--This week the Lineman of the week honor goes to senior guard Danny Kelley. Danny received this honor from his line coach for the way he persuaded the ball carrier, playing from his line backer position of defense. Danny did a terrific job on stopping plays on both sides of the line.

18 Auto Accidents Listed In County During August

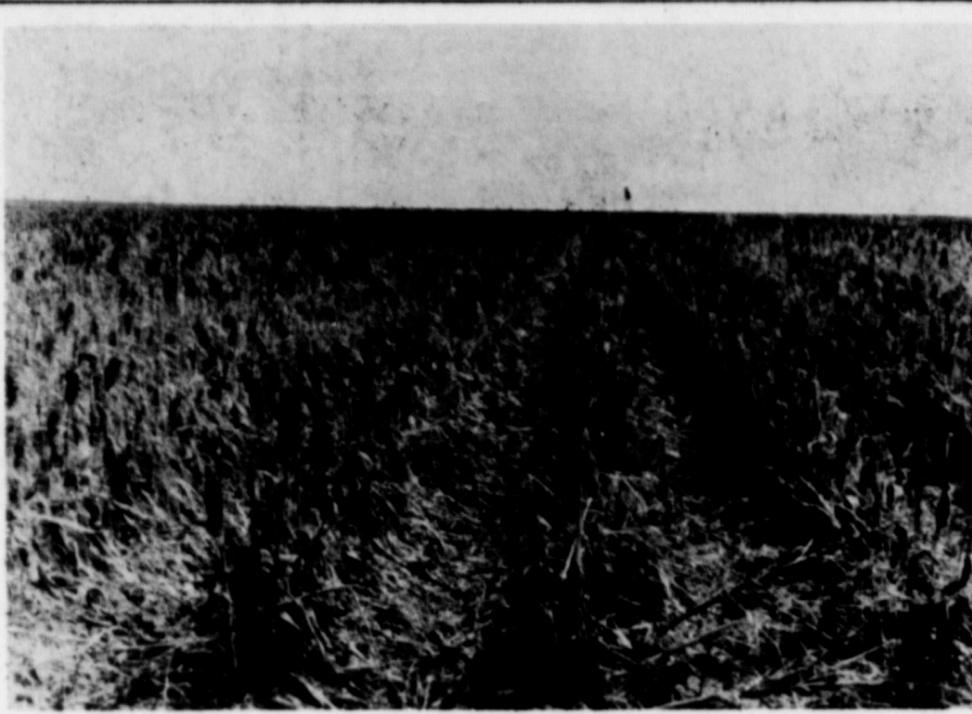

The Texas Highway Patrol investigated 18 accidents on rural highways in Lamb County during the month of August, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in 15 persons injured, and an estimated property damage of \$10,600.00.

The rural traffic accident summary for this county during the first eight months of 1966 shows a total of 70 accidents resulting in 2 persons killed, 41 persons injured, and an estimated property damage of \$42,110.00.

September first marked the beginning of the 1966 motor vehicle inspection period. As in previous years, the period will end on April 15, 1967. Motorists are urged to have their vehicles inspected in the routine visits to garages and thereby eliminate the necessity of having to wait in line at a later date for an inspection sticker.

The sergeant stated, "With the hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked for the winter months ahead."

ROWS AND ROWS OF BEAUTIFUL RIPE GRAIN was battered Sunday afternoon by large hail stones that took only 10 minutes to pass, leaving in its path scattered heads of grain and stalks lying on the ground. The above photo was taken on the L. T. Smith farm.

Help Your Child To Learn By Listening Closely

College Station--Do you listen to your child? Much of a child's learning comes about because someone is listening, reminds Mrs. Patsy Yates, Texas A&M University Extension family life education specialist.

Many adults think that if they are talking and a child is listening, learning is taking place. However, the opposite is often true, she adds.

A child's learning depends largely on how he perceives and feels about a situation. When parents are aware of these feelings, they can be helpful. This can come about by listening carefully to the child.

When there is reason to learn, a child learns. How, when and what a child learns, however,

depends to a great extent on his surroundings, which include people as well as things. Parents must know a child very well to know the best time for him to learn--and this, too, comes only from listening to the child.

Why a child talks of asks question is not always clear or easy to recognize, says Mrs. Yates. Sometimes they are simply wanting information and sometimes they are seeking attention. These are both valid reasons--each as important as the other--but parents must realize that each requires its own special kind of response.

When the child asks questions to gain attention, the response is important on an emotional level. The child is seeking to

feel like a more valued person. Questions that seem unimportant to adults may serve to reveal deep areas of concern to the child.

Children generally are much more sensitive to parents than parents are to children. When parents don't listen, children don't listen, either. Such closing of communication seriously reduces the amount of learning taking place.

"Learning to listen well takes time and effort, but when you listen to your child, you'll learn a lot about him, and he will learn a lot about growing up," Mr. Yates said.

Bi-County PTA Has Meeting In Muleshoe

Mrs. Ed Thompson of Olton, president of Lamb-Bailey Bi-County PTA Council, presided at the first meeting of the year, September 17. The meeting was held at De Shazo School, Muleshoe, with about 30 persons attending.

The meditation was given by Bill Mann, superintendent of Springlake-Earth Schools. Superintendent Dillon of Muleshoe gave a short talk.

Birth Rate Expected To Zoom Upward For Five Years

A dramatic reversal is due shortly in Lamb County's birth rate, which has been following the national pattern and been dropping for some time. It is expected to zoom upward from now on for a period of at least five years.

Why the change? Because of the large crop of postwar babies now grown up and reaching marriageable age.

Locally, the number of young women who will become 20, the most popular marrying age, during the next five years, will be about 28 percent greater than in the past five years.

These girls were part of the tidal wave of children who were born in the United States between 1946 and 1951, just after the war.

Data on their pending coming-of-age has been compiled by the Department of Health, Education and Welfare and by the Department of Commerce.

The figures show that Lamb County will participate fully in the upswing. The number of young women locally who are now in the 14 to 19 bracket and who will be 20 to 25 years old during the next five years is placed at 1,166.

The big questions are when will they choose to have their first children and what size families will they want.

For most young couples, the dollars and cents factor is the principal one involved, according to the Public Health Service. Job security, the cost of living and the cost of raising children are their major considerations.

The official figures show that the birth rate in the United States has been dropping ever since 1957.

The latest government reports list Lamb County with a rate of 28.0 births per 1,000 population.

This compares with a rate of 19.5 per 1,000 for the nation as a whole and 22.2 per 1,000 in the state of Texas.

Americans Young, 40% 19 Or Under

Washington, D. C.--You Don't realize how young the population of America has become until you consider that...

...Over three-fourths of today's population had no adult experience with the stock market crash of 1929, with the prohibition era which ended in 1933 and with the pre-old age insurance time which began in 1937.

...About 71% of the population has had no adult experience with mass unemployment (mid-1941 when 5.5 million or about 10% of the labor force was unemployed.)

...66% have had no adult experience with World War II.

...Over 50% of the present

LAMB COUNTY IS -- TOP FARMING AREA

If you want to farm, Lamb County is the place.

At least, this is the way the pocketbook figures add up.

To most local residents, the fact that this county stands far ahead of the state and national average in farm income is no news.

Data on the farm situation has been assembled by the Standard Rate and Date Service from information compiled by the Department of Agriculture and other governmental agencies.

Its breakdown covers nearly every county in the United States, including Lamb, where total farm income came to \$55,339,000 last year.

For most local farmers, it was a good year, well above the county's total for the previous year, \$52,683,000.

These figures are, of course, gross amounts, before taking operating costs and taxes into account.

The increase last year was attributed to several factors, including a rise in government payments.

With government payments still higher this year, the figures should go up once again.

But just how does the county stack up with the state and the nation?

On a per capita basis, the gross income here last year

population were born when Sputnik was launched October 4, 1957.

These observations, reported in the September issue of Finance Facts, a monthly newsletter on consumer financial behavior, published by the National Consumer Finance Association, dramatize the decline in America's median age.

About 40% of the current population is in the 0-19 age bracket compared to 34% in 1950.

was equivalent to \$8,784 for every man, woman, and child in the local farm population.

One might compare this with the \$3,656 per capita averaged on farms in other parts of the United States and with the \$4,596 in the State of Texas.

It is estimated here that approximately 84 percent of the farm income came through the sale of farm crops.

Over the nation last year, farmers' net income rose a full \$1 billion, reaching \$14 billion.

WHO ARE ILL

Edd Dawson was admitted to the Methodist Hospital for major surgery Tuesday.

Mrs. Claud Ellis is scheduled to undergo major surgery Thursday (today) in the Methodist Hospital in Lubbock.

She is expected to remain there from five to seven days.

For as he thinketh within himself, so is he.

---(Prov. 23:7)

In life we always find what we look for and if we look for something beautiful in any circumstances we shall find it. In a sense, our happiness is in our own hands, because it is not what happens to us but how we react that is important in our experience. We suffer only when we resist something in our life. This is the cause of pain, and so the secret is to embrace the Spirit of God in everything.

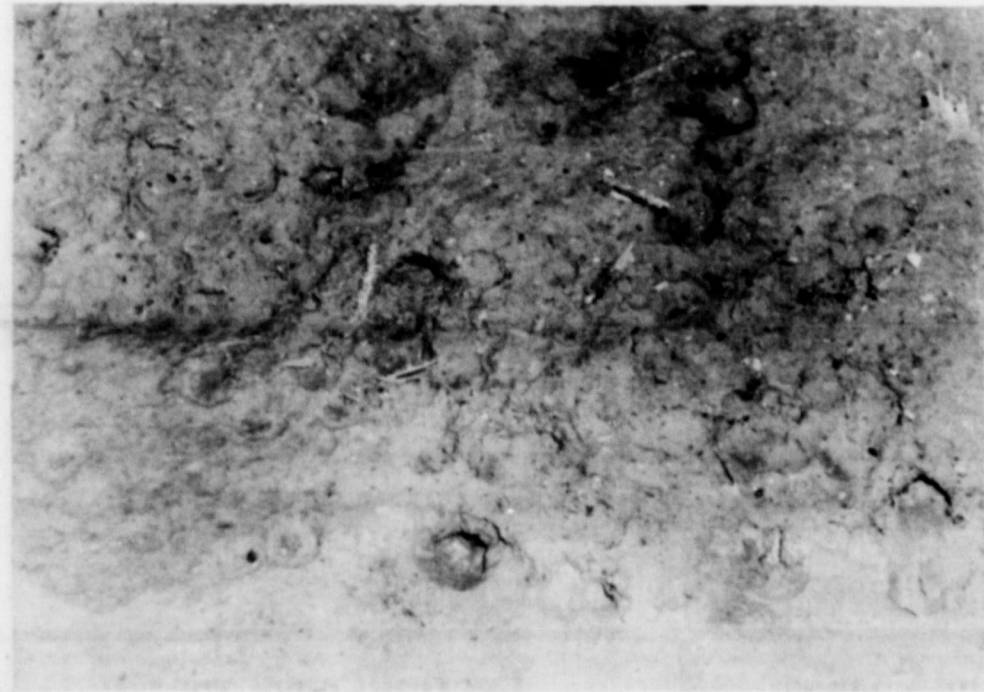

"His record of service tells you he's the one."

LEGAL NOTICES

THE STATE OF TEXAS
COUNTY OF LAMB
CITY OF EARTH

TO THE RESIDENT, QUALIFIED ELECTORS OF SAID CITY, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION;
TAKE NOTICE that an election will be held in said City at the time and place, and on the PROPOSITION, as provided in the ORDINANCE CALLING AN ELECTION, duly passed by the City Council of said City, which Ordinance is substantially as follows:

ORDINANCE CALLING AN ELECTION

THE STATE OF TEXAS
COUNTY OF LAMB
CITY OF EARTH

WHEREAS, the City Council of said City deems it advisable to issue the bonds of said City for the purposes hereinafter stated,

H
THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EARTH:

1. That an election shall be held in said City on the 1st day of October, 1966, at the City Hall. Said City shall constitute a single Election Precinct for said election, and the following election officers are hereby appointed to hold said election at the aforesaid Polling Place:

Phillip Raught, Presiding Judge, and Leroy Wilkinson, Alternate Presiding Judge.

The presiding Judge shall appoint not less than two nor more than four qualified election clerks to serve and assist in conducting said election; provided that if the Presiding Judge named above actually serves at said election as expected, then the Alternate Presiding Judge shall be one of such clerks.

By approving and signing this Ordinance the Mayor of said City officially confirms his appointment of the aforesaid election officers to serve at said election; and by passing this Ordinance the City Council of said City approves and concurs in the appointment of the aforesaid election officers.

2. That at said election the following PROPOSITION shall be submitted in accordance with law:

PROPOSITION

Shall the City Council of said City be authorized to issue the bonds of said City, in one or more series or issues, in the aggregate principal amount of \$35,000, with the bonds of each such series or issue, respectively, to mature serially in not to

SWPS Embarking on Expanded Industrial Development Program

Southwestern Public Service Company is embarking on an expanded industrial development program, it has been announced by W. L. Pearson, vice president and industrial manager for the electric company.

Larry S. Milner, who has been an industrial development consultant with the Texas Industrial Commission, will become manager of industrial development at Southwestern Public Service, Pearson said. Pearson also announced that an industrial development seminar for the company's managers will be held at the Southwest Service Center in Amarillo on September 22.

Milner, who is a native of Brownwood, has been with the Texas Industrial Commission since 1964. Prior to that time, he was chamber of commerce manager at Cisco and a staff member of the San Angelo Chamber of Commerce.

The new industrial development manager attended Howard Payne College and graduated from the University of Texas. In addition, he has taken a number of post-graduate courses in area and industrial development.

"As far as electric power is concerned, and its role in industrial development, each of the communities that we serve starts off equal with any other. Because of our interconnected generation and transmission system, we can meet the electrical needs of any industries that are likely to locate in this area at any point in the area. What we hope to do now, with the addition of Milner to our staff and with the seminar and other activities that we are planning, is to provide for each community some additional manpower, informed manpower, to help it in its industrial development program," Pearson said.

Among the speakers at the 22nd seminar will be Jack G. Springer, executive vice president of the West Texas Chamber of Commerce; James A. Covell, economic development consultant for the General Telephone Company of the Southwest; Harry W. Clark, executive director of the Texas Industrial Commission and Roger K. Owen, area development manager for Southwestern Public Service Company.

Milner will be the master of ceremonies for the program and also a speaker.

Attending the seminar from Earth will be Leroy Wilkinson, local manager.

Specialist Gives Feeding Hints On Urea

College Station--Urea is a non-protein nitrogen compound which through bacterial action in the rumen and in the presence of readily available carbohydrates is converted into protein usable by ruminants, according to U. D. Thompson, Extension animal husbandman, Texas A&M University.

Readily available carbohydrates are such feeds as molasses and the grains of corn, wheat, barley, and sorghums. Correct amounts of urea thoroughly mixed with molasses or the grains gives comparable feeding results to the vegetable protein supplements.

The following points should be considered when urea is fed

to cattle

1. Mixtures containing urea require thorough mechanical mixing.

2. Getting cattle adjusted to feeds containing urea is very important. Range cattle may be fed one-fourth of their daily supplement protein allowance for the first 3 days. Then gradually increase until they are receiving their full daily protein requirement within two weeks.

3. Urea may provide one-third of the total protein in a supplement.

4. Urea may make up one percent of the total ration.

5. Urea is most efficiently used when fed with a readily digestible carbohydrate. For

each pound of urea in a mixture add 7 to 8 pounds of ground grain or 9 to 10 pounds of molasses.

6. Urea probably serves no useful purpose when included in a ration that is already adequate in protein.

Thompson suggests a visit with the local county agent for more detailed information on feeding of urea.

NOTICE

An organizational meeting for Cub Scout Pack 614 is scheduled for 7:30 p. m., Tuesday, September 27 in the Junior High Library. All parents and lads 8 to 10 years of age interested in scouting is urged to attend.

ABSCISSA...

By DPW

The soup was on and I opened a box of crackers. Quite naturally, crumbs fell on the table and floor and scattered like so many BBs, some going here, some there, and so many others I know not where. And, unexplainably, it set me to thinking.

Life is like a cracker box. We are contained within our own confines until some unforeseen hand releases us and we suddenly find ourselves with unexpected emancipation. We no longer are protected by a waxed cover to ward off undesirable moisture and disease bearing bugs. We discover we have no chemical preservation to harbour us against external demons that tend to contaminate us. And, like the crackers once released, we find ourselves running pell mell with the throng, pushed and shoved helter and skelter until we seemingly give in and refuse to apply recalcitrant pressure ag-

ainst the horde of hoc genus omne.

A recent record "hit" was named the "In Crowd." News-paper supplements in some of our larger cities have come out with magazines of the same name. Advertisements in some areas are using this "gimmick" to call forth the multitudes to buy their wears and they all are simply saying if you're not "In", you are "out". And we cannot happily restrict this "in" mania to commercialism. Every organization is following suit.

To give some idea, I will quote verbatim from a notice recently taken from a bulletin board at a major university in the southwest. I quote: "Don't cudgel (means to beat with a cudgel) yourself this summer with that old cudgel 'doing nothing'. Get out and get IN with the crowd that is facing up to the times and...having a time. Believe me, I'm right, or my name isn't (you know who.) Unquote.

There are instances, of course, where the "in" mania is a necessity. We must have order rather than chaos and the inness achieves portions of the necessary order of society. But today, there is a great possibility that efforts to attain

membership in the "In Crowd" have killed two of our most important assets as human beings, initiative and individuality.

This is not to say the mania is total nor absolute. Fortunately we still have among us individualists, albeit somewhat misleading and in some circles dangerous for them. In keeping with history, they are ostracized and looked upon as detrimental to the society in which they live. But let us give thanks for follies such as Fulton's and Seward's. Let us praise rather than bury the individualists who have and maintain the courage necessary to go against the "inners" and remain true to the causes and ideas in which they believe.

We must weigh their actions, to be sure. We must have the intelligence to select the good from the bad. But all too often, we are too hasty to cast aside new ideas because they are seemingly against the "ins" and this is bad.

Bad, simply, because in the long chain of events, they turn out to be for the best and we find ourselves without benefit of their good services to mankind. We suddenly find, like the crackers, that we sometimes have let good portions of society go with the crumbs

when, with but little effort and benevolent tolerance we could have availed ourselves of their humanitarian services.

Rites Held For Father of Local Woman

Funeral rites for A. E. Ellison 82, Portales, N. M., father of Mrs. Floyd Bills of Earth, were held Saturday at 2 p. m. in the 4th Street Church of Christ in Portales.

Ellison, who had been in ill health for a long time, died Thursday in a nursing home at Pampa, Texas. Ellison was born in Georgia and moved with his parents to Earth County, Texas, when a small lad.

He moved to Lorenzo in 1932 where he lived until 1934 when he moved to Portales, N. M., where he continued to live until his health began to fail and he entered the nursing home in Pampa.

Survivors include four sons, and four daughters, Arlie Ellison, Bakersfield, California, Blackie Ellison, Missoula, Montana, Jim Ellison of Portales, N. M., Lt. Col. Robert Ellison, Ft. Bliss, Texas, Mrs. W. W. Russell, Mrs. Hugh A. Layne, and Mrs. T. C. Carter, all of Pampa, and Mrs. Floyd Bills of Earth.

He was preceded in death by his wife and one daughter, Mrs. Harold Jones. Interment was in the Portales Cemetery under the direction of Wheeler Montuary.

CARD OF THANKS

Our hearts are filled with love and kindness toward you our friends and neighbors for your countless deeds of kindness, and words of encouragement during the loss of our dear loved one.

For your prayers, flowers, food, cards, and to those who furnished the lovely music, the ministers and pall bearers, we say "Thank You" from the bottom of our hearts.

May God's blessings be with you always.
