

Since the big ball game between Lions Club members of Springlake and Earth, they have sorta picked up a theme song, instead of "Old Rocking Chairs Got Me," they sing "Old Exercise Got Me, THEY WALK THAT WAY TOO. (Those that can walk.) Dutch Been had managed to forget his age until he played the other night. Not only does he remember it now, but so does Mrs. Been, who had to sit up that night and apply liniment to the somewhat fagged out, over exerted ball player. Next day he looked like he felt and waked that way too. (By the way, Elroy Wisian "Don't Get Around Much Anymore." In a hurry, that is.)

The always dependable and thoughtful Oletha Sanders, presented Anna and I a fancy thing to roll out biscuits and pie dough on last week.

Now if any of you would like some hot biscuits some morning, rolled out on this fancy gadget, just come by and we'll all go to Anna's house as she is one of the few gals who makes those REAL KIND of biscuits every morning.

Chubby Dent said the only time he and E. C. Hudson's team won a game so easy was after Darrell Barton hurt his toe practicing. (and the boys dedicated the game to Darrell, and they pitched in and played so hard they won easily.) Watch out boys, Chubby or E. C. may decide to accidentally break someone else's toe in order to win another game.)

Harold Britton says he will be glad when those ball games are over, that it looked like he was just gonna completely lose his garden.

Seems Harold was easily impressed in his early childhood, somewhere he had remembered reading "All work and no play makes Jack a dull boy."

Houston Stephens said he couldn't seem to get caught up, still, he just couldn't figure out what was wrong. He said what made it so bad was he couldn't possibly complain, that they were short handed, as they couldn't pay for those they had working.

He said he'd about come to the sad conclusion that he was like a friend salesman, who said he couldn't GIVE anything away without a demonstration.

Front row, from left to right they are James Garrett, Jo, Jesse, Back row: Jerry Gatewood, Jeanne Garrett, Wallace Gatewood, Johnny Garrett. The two new children are Jo and Jesse, who arrived last Friday from the overflowing Church of Christ Children's Home in Lubbock. The Garretts will keep these children indefinitely or until suitable homes can be found for them. They are calling the stay a vacation, so the children will not be upset if new homes are secured for them soon.

The two Gatewoods are the children of Mr. and Mrs. Nolan Gatewood of California. Mr. Gatewood is a cousin of Mrs. Garrett. The Garretts were instrumental in getting them a home with her cousin about 7 or 8 years ago. They kept the children for awhile until the cousin could come for them.

The Garrett children were adopted by the Garretts eleven years ago, when the three were just babies. The Garretts did not think their financial status would permit them to take three. But since the children were from one family, they could not find it in their hearts to separate them. Now they find themselves so fortunate at having the three and loving them, their love reaches out to other homeless children everywhere. Mrs. Garrett who lost her mother as a girl of ten, said she could not preach like her brother, Otis Gatewood, who is in Germany preaching and teaching, but she could cook for homeless children.

Designed with high necklines, framed with applique of lace, complimented the fitted lace bodices, with sheer yokes, outlined with lace appliques and long sleeves tapering to points over the hands. The fully shirred skirts of tulle enhanced by wide bands of lace were attached to bodices which terminated at deep points at center front. Fullnesses of tulle, net and taffeta extended to form a short, graceful train.

A pillbox hat of shirred tulle, embroidered with seed pearls held Mrs. Parish's silk illusion veil. Her bouquet was a cascade arrangement of white stephanotis and lace leaves.

## Let Us Reason Together

By W. E. IRVINE

"But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." Galatians 1:8. In this statement of the New Testament we discover there are several gospels. The word gospel means 'good news.' Many things can be 'good news' to different people. A particular political view can be 'good news' to some people, or the rise of business in a business venture will be 'good news' to some. In religion there may be several beliefs taught which may be 'good news' to some because they do not understand that these beliefs are wrong.

Paul has said there is just one gospel or faith which is acceptable to God. "There is one Lord, one faith, one baptism;" Eph. 4:5. And Paul said any who teach any other would be accursed. This gospel of Christ which Paul and the other apostles preached will bring salvation to those who obey it. Paul said, "I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth; to the Jew first and also to the Greek." Romans 1:16. What does it mean to believe the gospel? Jesus said in Mark 16:15,16: "And he said unto them, Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; he that believeth not shall be damned."

Some may say, "There is a lot of good in all religious beliefs." No doubt that is true, but remember, rat poison is made of 98 percent corn meal and only two percent poison. A lot of good in it, but the bad brings death. Just a little bad will bring death to us spiritually. We must keep the gospel pure, devoid of addition or subtraction. Remember, Paul said if we preach any other gospel, we will be accursed and those who listen and obey will be lost for obeying the wrong gospel.

## Business and Industrial Review

John's Texaco Station located on Main St. in Earth, is shown above. This firm sells the famous Texaco products and also has a large stock of tires, batteries and accessories.  
 Photo by Cline Studio — Muleshoe

### John's Texaco Service Station Offers High Quality Products

One of the leading service stations in Earth is John's Texaco Station operated by John A. Smith and located on Main Street. This station handles a full line of Texaco products and also a complete line of accessories. Accessories handled include Continental and Mustang batteries and Montgomery-Ward Tires.

Washing, and greasing (including Marfak lubrication,) tire repairs are done quickly and efficiently at this station.

They also operate a pick-up and delivery service so that all a customer has to do to get his car serviced is to pick up the phone and call 3961. The car will be called for, serviced and delivered.

A road service truck is also on hand and any motorist stalled on the highway without gas can call in and the gas will be delivered on the highway.

Mr. Smith came to Earth from Plainview where he was associated with the Consumer Fuel Association. He took over management of the Texaco station here in October 1955. Since that time he has become well acquainted in the community and has built up a good business.

Drive in today for a wash and grease job and then see how good your car looks and how quietly it runs. Fill up your tank with Texaco Sky Chief and your engine will show new power and speed.

Texaco products are sold from coast to coast and from the Canadian border to the Gulf of Mexico. You can travel all over the United States and find Texaco everywhere you go.

Vinegar in water used to boil or poach eggs will keep the eggs firm.
