Cleanup Week Set For Earth

Hire Four New Teachers For '57 - '58 Term

Mr. and Mrs. Truman Reid of Canyon and Mr. and Mrs. Paul Lynn of Waurika, Oklahoma have signed contracts for the coming year as faculty members of the Springlake School.

Mr. Reid who has several years of previous experience as Army instructor will teach High School math. He will replace Bencil Dobbs who has resigned. Mrs. Reed has had four years teaching experience in the Odessa school. She will teach in the elementary grades.

Mr. Lynn will teach one of the Junior High subjects and also coach in Junior High. He has had four years of previous experience in the Waurika school. Mrs. Lynn has been secured as commercial teacher.

TRAVIS JAQUESS NEW CUSTODIAN

Travis Jaquess, local carpenter, has been secured as custodian for the school. He will assume his duties Monday. Jaquess will replace Mr. Bohannon, who recently moved to Stayton.

BLEACHERS TO BE PAINTED

Work will begin soon on painting the bleachers. The paint was purchased from the Texas Army surplus and will be gold color. The paint was purchased just by paying the handling charges on the paint.

NEW TYPEWRITERS FOR TYPING DEPARTMENT

Eight new Royal typewriters have been purchased for the commercial department of the school. The addition of these new typewriters have put the commercial department in good shape according to Supt. Mann.

CAMPUS HOUSING IMPROVED

Supt. Mann reported this week that one of the buildings on the campus had been remodeled. The building formerly had four apartments with two rooms. This has proven very unsatisfactory for the campus. The building now has two apartments, each with four rooms.

THREE TEACHERS RESIGN

Mr. and Mrs. Jim Combs resigned Monday as faculty members of school. They have been hired to teach in the Littlefield school.

Rev. C. T. Jordan has resigned to accept a position as insurance salesman for the National Educators Life Insurance Co. for the Childress district. The Jordan family plan to move to Childress in August.

Newcomers

Mr. and Mrs. Cap Lanier recently moved into the Harvey Evans house in the north part of Earth.

July 14-19 has been designated as cleanup week in Earth. Residents are asked to cut the weeds and clean up in general, both around the houses and on vacant lots. The weeds are to be piled and burned later, when conditions permit.

All trash and disposable junk that will not burn is to be put in the alley. It will be removed to the dump ground by the city truck.

The city has dusted several times already this season, and will continue to do so at regular intervals to help control the mosquitoes.

Owners of weedy vacant lots may obtain shredder service at reasonable cost by applying at the City Hall.

If owners of vacant lots do not clean up their lots, the city will clean them and assess the owners for the cost of the work.

Last Rites Held For R. E. Peters

Funeral services were held for R. E. Peters, 44, Friday at 2 p.m. in the Dennis Funeral Chapel in Dimmitt, Dan Jones, Assembly of God Layman of Plainview, assisted by the Four Square Gospel minister of Kress, officiated. Burial was in the Olton Cemetery.

Peters died at 1:30 a.m., Tuesday, July 2, in the Dimmitt Hospital from a heart condition complicated by the flu.

He was born in Granbury, Texas and had resided in this area for the past 15 years, residing in the Flag community at the time of his death.

Survivors are his wife, Katherine, two sons, Robert Lee and Jimmy Dale, one daughter, Melba Kay, all of the home; several brothers and sisters.

Palbearers were Earl Snow, Johnny Alexander, Walt Gilmore, Ellis Simmons, Rob Simmons and Ross Brock.

NEW EMPLOYEE AT TEXACO STATION

Bill Miller is now employed full time for Waides Texaco Station. He was employed there about a year ago previous to moving to Fort Worth.

Miller is married and has two small daughters. They are presently residing with her mother, Mrs. Susie Gilmore.

Cardinals Still Lead Little League Race

The Earth Cardinals continued to lead the community's little league race by three full games with just seven games left to be played by each team. However, the cards lost ground losing their two games last week. The Red Sox and the Yankees are tied with a 5 and 6 won and lost record, while the Giants occupied the cellar position with 4 wins and 7 defeats.

Last Friday the Yanks downed the Cardinals 7 to 4 for their second win over the leaders this year. The Giants nipped the Yankees 13 to 12 in the first game Saturday night on a late game winning rally. In the second game the Red Sox edged the Cards 6 to 5, giving the leaders their second straight defeat.

JANICE PARRISH

Janice Parrish Visiting Here

Janice Parrish, 10 year old girl from the Texas Baptist Childrens Home in Round Rock, arrived Tuesday evening for a two weeks vacation. She is staying at the Wayne Rutherford home but will visit in the community.

The Young Peoples Sunday School department of the First Baptist Church have been supplying her school lunch tickets for the past three years. They are also sponsoring her visit here. Wayna Mae Rutherford, Yvonne O'Hair and Beth Bullis made the trip to Round Rock and brought Janice back.

Janice has been at the childrens home since she was six years of age. She attend the public school in Round Rock and is a fourth grade student. She also has a six year old sister, Joyce Ann, who lives at the home.

Elroy Wisian Attends Lions Convention

Elroy Wisian, official delegate sent by the Springlake Lions Club to the Lions International Convention held in San Francisco, California, June 25-29, reports a very impressive and enjoyable trip.

Wisian marched in the three hour parade along with 200 other Texans. Every country and state in Lionsism were represented in this parade. The Breckenridge High School Band from San Antonio and the Oak Hills High School Band of Dallas along with a float representing the Crippled Childrens Camp at Kerreville also participated.

At the first session of the convention, held Wednesday night at the Cow Palace, the Lions heard the mayor of San Francisco, George Christof, speak responsive speeches were made by Lions from Australia, India, France and Casa Blanco.

Thursday morning after attending the business session, Wisian enjoyed a two hour official bus tour to points of interest in San Francisco, he also went on a boat trip in San Francisco Bay.

The night show was in honor of Edward G. Barry of Little Rock, Arkansas and president of Lions International. The show entitled "Around the World in 80 Minutes" took them from Arkansas through Paris, Africa, Ireland and other countries. Chester Lauek (Lum of the Lum and Abner show) was master of ceremonies.

Secretary of State, John Foster Dulles' speech to the nation was made before the Lions convention Friday morning.

He was privileged to hear the San Francisco Symphony Orchestra, consisting of 100 members and conducted by Arthur Fiedler. Soloists were Patricia Morrison and John Raitt.

Mrs. David Johnson was admitted to the Amherst Hospital Monday. She underwent major surgery Wednesday.

Yandells Return From Lions Convention

Mr. and Mrs. Reed Yandell and sons recently returned from a two weeks vacation. They attended the Lions International Convention in San Francisco, California the last week in June.

Over 40,000 Lions attended, with Texas having the second largest delegation. California had the largest club, won a 21 inch. T.V. set delegation.

Yandell, president of the Earth set given away by the Lions of New Jersey, at the convention. He only registered one time and since the lucky person had to be present to win, nine names were called before his. The set will be sent to the Yandells. They were also the winner of a cultery set given by the Ohio Lions.

Some of the high points visited in California were: Disney Land, Knox Berry Farm, Crossed the Golden Gate Bridge and the longest bridge in the World, the Oakland Bay Bridge. They returned through Salt Lake City, Utah, where they visited the Mormon Temple, Wednesday, July 3, they came across the Rock Mountains in Colorado and played in the snow.

Mr. and Mrs. Yandell and sons want to thank the Earth Lions for sending them as their delegate to the Convention.

The 1958 Lions Convention will be held in July in Chicago.

Lamb County Ranks 47th In Farm Products In Nation

The South Plains of Texas ranks as one of the top agriculture areas and choice market centers of the nation, according to the annual survey of buying power of Sales Management magazine, nationally recognized retail marketing authority.

Lamb County along with Hale and Lubbock counties are among the 50 top counties in farm production.

Lamb County with products totaling \$37,347,000 ranked 47th in the nation. Lubbock with \$48,562,

000 was 29th and Hale with 50,826,000 was 25th.

Effective buying income of the area tops the half billion dollar total standing at \$673,357,000.

Effective buying income (the amount of money people retain after payment of taxes is the key indicator for the purchasing power and therefore of the potential demand for consumer goods and services).

The South Plains average per capita buying income is \$1,724 and the per family income \$6,376.

Earth's 13th Annual Amateur Rodeo will begin today (Thursday) with the downtown parade kicking off the activities at 2:30 p.m.

Many interesting floats and mounted riders are expected to participate in the parade, which is sponsored by the local Chamber of Commerce. Large welcome banners have been put up on the downtown streets to greet visitors to our city.

Immediately following the parade a free barbeque, consisting of barbeque, beans, potato salad and all the trimmings, will be served by the Earth Riding Club, assisted by local citizens. The barbeque will be held in the Parish Bld., two doors east of the Earth News-Sun office. Approximately 1500 people are expected.

The Earth Motor Company will serve as office headquarters for the Rodeo. Entrance fees are \$7.50 for each go-round in the roping events and \$5.00 for each riding event. Entries close at 12:00 noon on Thursday.

Each performance will begin nightly at 8:30 with plenty of fun and entertainment for every one.

The Lubbock Mounted Quadrille will perform again this year on Saturday night. A trick rider from Hereford will again demonstrate her skill in addition to the Rodeo clown.

Another concession stand has been added on the east side of the arena, thus making it more convenient for the patrons. Plenty of sandwiches, hot dogs, cold drinks and hot coffee will be available. Ladies of the Roping Club will be in charge of the concession stands.

Seven events are scheduled for this year, which promises to be one of the best ever held in Earth. Two go-rounds are scheduled in each of the following events: Calf roping, double mugging, bareback riding, saddle bronc riding, brama bull riding, ladies barrel race and wild horse race.

Business men in this area have donated three saddles and other valuable prizes.

When business is slow and the weather is hot, just take off and go to a cool spot. Tilt back your chair, relax in ease, forget every care and enjoy the cool breeze! And that is just what Mr. Chubby Dent is doing. Here's a fellow enjoying his newspaper in the shade of an umbrella right in the safety of his own business, without the discomfort of sitting on a wet lake bank or tramping through a stream fighting insects and heat and the bother of pulling big ole fish off a hook and line every few minutes. Yes, sir, Mr. Dent has done some cool thinking!

Flight To Summer Encampment Turns Out To Be A Flight Of Mercy For Texan

MEMPHIS, Tenn. — Flight of the 448th Fighter Bomber Wing (US AF Reserve) of Hensley Field, Texas, to its annual two-week summer encampment in Memphis,

Tenn., this year turned out to be a flight of mercy for Willie R. Harris, 37, of Fort Worth, Texas.

It began with a shooting accident young Harris suffered during a visit to Meabitt, Miss., on June 7. Leaving a relative's house armed with a .410 shotgun to shoot bats, he tripped over a lawnmower and shot himself in the stomach.

Wounded Harris underwent surgery at Methodist Hospital in Memphis. He required 11 pints of blood.

While reading a week-old newspaper that had been forwarded to him, Master Sgt. Paul Wright, Jr., of 3917 Martin St., Ft. Worth, saw a story about Harris' accident and

seal of blood. Wright, who, as a Reservist, works in the wing's motor vehicle squadron, earns his living as an assembler in the Arlington, Texas assembly plant of General Motors Corp.

Spurred to do something for a fellow Texan while he was in the area, Wright decided to donate a pint of blood to replace some of that required for young Harris. In talking over the situation with some of the men in his squadron, he soon had more volunteers for blood donations.

The project snowballed, and by the second day of the wing's tour, enough men of the Lone Star Wing had signed up to repay the blood bank the required two-for-one amount of the lifesaving fluid.

However, Wright asked only those men in the motor vehicle and supply squadrons to donate blood, limiting the roster of offi-

cers and airmen in the 448th Maintenance and Supply Group — of which the two squadrons are a part. Naturally other Lone Star

Wingers volunteered, but Wright requested it be kept a "family" matter.

(Pilots in the wing were barred from donating by a safety regulation.)

Wright is one of the more than 600 officers and airmen of the Lone Star Wing flown to the Memphis Air Reserve Flying Center last Sunday to begin the two-week tour of active duty training. Hensley Field, the home base of the wing, is located in Grand Prairie, between Dallas and Fort Worth.

The wing is training at the Memphis ARFC this year so pilots can be indoctrinated in the operation of the F-86H — famed "MIG Killer" of the Korean War recently released for use by Reservists.

About one third of the wing's personnel come from Fort Worth, a third from Dallas, and the remainder from towns in the surrounding area. Mission of the 448th is to defend that portion of the Southwest within a 300-mile radius of the base in event of a national emergency.

Directors of P. C. G. To Meet Soon

Directors of the Plains Cotton Growers, Inc. will meet July 16 at 10 a. m. in the Caprock Hotel, Lubbock, to hear a legislative report on cotton bills now before Congress and to consider possible changes in 1958 cotton allotments. Highlights Of Daily Entertainment And Special Events Announced For '57 State Fair

Highlights of the daily entertainment and special events program for the 1957 State Fair of Texas in Dallas have been announced for the benefit of folks who want to make plans now to attend the 72nd edition of America's annual exposition, October 5 through 20.

The Fair has come up with the usual hot attraction in the form of the currently popular Broadway musical hit, "My Fair Lady," to be presented daily in the Auditorium. Daily performances of the newest "Ice Capades" extravaganza and the Aut Swenson Thrillcade also are scheduled.

There will be free performances twice daily of the colorful Aztec-Mayan Spectacular which recreates the grandeur of ancient Mexico and features the daring "flying Indians."

Five big fireworks displays and special shows are scheduled in the Cotton Bowl October 7, 8, 9, 10 and 15. Four big-time college football games are scheduled for the fair: SMU-Missouri October 11, Texas-Oklahoma, October 12, Prairie View-Texas Southern October 14 and SMU-Rice, October 19.

Among the bigger special days will be Rural Youth Day October 5, Mexico Day October 7, Music

"New Tablet Relieves Painful Monthly Cramps — Brought Me Greater Relief Than Aspirin!"

"Couldn't sleep, was all on edge," adds Mrs. H. Y., Russell, Ky. "But new Pinkham's Tablets gave me soothing relief the very first day!"

For millions who suffer torture of cramps and nervous tension every month, an amazing new tablet has been developed that brings greater relief than aspirin!

Relief for 3 out of 4 tested! For 3 out of 4 women tested by doctors, pains and cramps were stopped or strikingly relieved. This new discovery offers more relief than aspirin because it contains not just 1 or 2 ingredients but a unique combination of medicines that act on the cause of distress.

Called "Lydia Pinkham's Tablets," they're at all drugstores without prescription. Try Pinkham's Tablets! See if you don't escape much irritability, discomfort—both before and during your period! (Also liquid Lydia Pinkham's Vegetable Compound.)

New State Education Committee at Work

LUBBOCK — A new state education study committee should help put the planning of public school expansion on a business-like basis, State Sen. Preston Smith declared at Texas Tech.

In an address to a Tech workshop on school administration, Smith said the 24-member committee, established by the 55th Legislature, will make a comprehensive study of public school needs related to curriculum, teacher supply, classroom facilities, and financing.

Results of the "grass roots" study, which will involve the citizenship of every county, will be reported to the 56th Legislature for possible action, Smith explained. He called the study one of the significant developments in Texas education since the Gilmer-Aikin reorganization program.

Smith cited the educational study committee as an example of what should be done to satisfy two of government's most pressing problems: the development of measurements of public service needs and the consequent determination of agencies to fulfill those needs.

general terms if enough facts are gathered on what has happened and is happening, Smith said.

Using flash cards, he pointed out six factors which the committee will encounter in its survey and planning: population growth, school facilities, public communications, changing society, economic

education, and more elastic programs to provide adequately for exceptionally bright and for mentally-retarded children.

William Henry Harrison held the shortest term of any U. S. president. He died one month after taking office.

Halfway Station Fertilizer Tsts Late But Planted Crops Up To Good Stand

Halfway, Texas: Even though planted later than desired almost all of the fertilizer tests planned for 1957 at the High Plains Station have been planted and the crops are up to a good stand.

Fertilizer tests on cotton include a rate and ratios study using nitrogen and phosphate at 40, 80 and 120 pounds of nitrogen and phosphate per acre. Each of these rates is applied alone and in all possible combinations. These combinations include 40 pounds of nitrogen in combination with 40, 80 and 120 pounds of phosphate, 80 pounds of nitrogen with 40, 80 and 120 pounds of phosphate, and 120 pounds of nitrogen with each phosphate rate. This test is used to show which rates of nitrogen and phosphate are most efficient in increasing cotton yield.

In another fertilizer test with cotton six different sources of phosphate fertilizer are being compared at three rates, 40, 80 and 120 pounds of phosphate per acre. The phosphate materials used are 20 percent super, and 45 percent super, ammonium phosphate, ammoniated super phosphate, raw phosphoric acid, and refined phosphoric acid. A uniform application was applied to each plot with the phosphate. All these materials of nitrogen at 60 pounds per acre are being sold to High Plains far-

mers and this experiment is being conducted to see if any of these materials is more effective in increasing crop yield and net return to the farmer.

A fertilizer experiment is also being carried out with cotton to compare preplant applications of nitrogen with the same amount applied as a side-dressing when the first squares begin to appear. Application rates are 40, 80, and 120 pounds of nitrogen per acre for both the pre-plant and side-dressing application. A uniform application of phosphate at the rate of 80 pounds per acre was made to all the plots in this experiment before planting.

Another fertilizer experiment is planned for cotton in which all this different methods of application now being used will be compared. These methods will include broadcast application and chisled in at different depths and spacings before plowing and after plowing in the fall. Different methods of applying fertilizer to bedded land before and after the pre-plant irrigation will also be included. This experiment will be started this fall.

ITS THE LAW in TEXAS

BUILDING A HOME

When you are ready to build, you will find that the law helps in many ways to make your home enjoyable and secure.

Have you decided on the type house you want and the amount you want to spend? If so, then let's go into details!

1. Your Lot: Junior's school or your church may be nearby, but find out —

(a) whether they are planning to run a highway through the area or nearby, or make any improvements for which you can be assessed.

(b) What "covenants" or restrictions run with the land? To protect residents, the plats of basic deeds of some neighborhoods call on you to build a certain size or type of house. Do you want to and can you afford to?

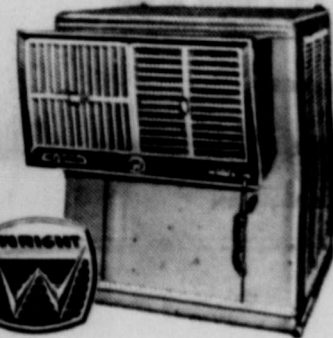

(c) Easements: Either you or your neighbors may need to run pipes, or string wires over the other's land or to share a driveway. Have the abstract carefully to disclose any easements.

2. Zoning Ordinances: For your protection the local government frequently zones some areas, for example, for single houses only, for multiple dwellings; for retail stores, for manufacturing, etc.

Unless the local governing body changes its zoning ordinance, no filling station, for instance, can go up next to you in a residential area. Neither could you turn your home into a store. In any case you should find out what your neighborhood zoning rules are.

3. Building Codes: Be certain that the plans and construction will meet the requirements of the local building code as to size, location and structure. Municipal ordinances usually impose strict standards for the building, the plumbing and the electrical wiring. In many cases only licensed building tradesmen are permitted to make the installations.

4. Financing: Financing contracts protect both you and the lender. Unless you pay cash, you will use credit to pay for your house, most likely a deed of trust or a land contract. Your installments often include principal, interest, insurance and taxes. Under a land contract the lender holds title to your house until you pay

Mr. Ross Middleton, Publisher
EARTH NEWS-SUN
Earth, Texas
Dear Mr. Middleton:

Our office was represented at the Texas Press Association Convention in San Antonio June 28-29, and from them I learned that your newspaper was presented with several awards, placing 4th in the Sweepstakes for your division, we wish to congratulate you upon gaining this recognition which we feel is so rightfully deserved.

Very truly yours,

you should use: (A) bright lights, so you can see other cars clearly; (B) parking light, so others can see you clearly; (C) dim lights to avoid blinding other drivers and still be able to see the road ahead.

6. "Riding the clutch" will result in (A) better control of car, because you can shift gears quicker; (B) excessive clutch wear; (C) a savings on gasoline, thus driving costs.

7. Night driving is more hazardous, because: (A) of poor visibility; (B) there are more drunk drivers on the road; (C) you get sleepier at night.

8. When planning to turn right, you should: (A) give a signal with your stop light; (B) drive in extreme right lane and give hand or turn-light signal; (C) slow down and toot horn.

9. When parking, parallel to curb, on a down-hill grade, it is safer to: (A) keep wheels parallel to curb, thus preventing tire wear; (B) turn wheel into curb and set hand brake; (C) put car in gear and hope nothing happens.

10. When you have a flat tire, while driving, you should: (A) put brakes on quickly so as to avoid ruining the tire; (B) depress clutch and coast to a stop; (C) take foot off gas and apply brakes cautiously.

Texas Leading Nation In Highway Construction Under Federal Program

Senator Lyndon B. Johnson said Sunday, June 30, that one year after passage by Congress of the Federal Aid Highway Act, Texas

is leading every other State in building highways under the program established by the law.

"Work is going on now or will soon be started on 267 miles of superhighways," Senator Johnson told a statewide radio audience. "Bids are now being asked for 273 miles more."

"Texas has 2,505 miles of interstate highway system. During the next three years we will get about \$270 million for this system. In addition, during this three-year period Texas will get about 122 million for our primary, secondary and urban road systems."

Senator Johnson paid tribute to the Texas Highway Department for

its farm-to-market road program, nearly 30,000 miles of farm roads included in the State system, he said, and plans call for about 2,000 miles of new construction annually.

The Senator said the Federal Highway Act, which was passed by the 84th Congress and signed by the President in June, 1956, is one of the most progressive legislative measures ever enacted.

"I have always been a strong believer in all the good roads we can build," Senator Johnson stated. "Texas is a big State and we need a roadbuilding program fitting our size. That is what we have."

Model Teacher Promoted For Outstanding Job

Plainview, Texas — From faculty ranks Dr. Cecil Cosper, Manchester, Ga., has been elevated to academic dean of Wayland Baptist College in recognition of his six years service and an outstanding job of building an excellent teacher education program, according to President A. Hope Owens.

At Wayland he has set up a model teacher training program and the number of students majoring and minoring in education has nearly doubled while over the nation fewer students are choosing teaching for their profession.

Dr. Cosper is a member of the executive committee of the Texas Council on Teacher Education and has frequently served as consultant for regional and state meetings. He has earned the Doctor of Education degree from Texas Technological College while serving as chairman of Wayland's division of education and directed teaching. His thesis was on research he did on student teacher program in Southern Baptist colleges.

Dr. Cosper earned the B. S. and M. Ed. degrees at Louisiana State University after graduation from Northeast Junior College, Monroe, La. Georgia is his native state and he was graduated from Bowdon High School, where he made all-state honors in baseball, basketball and football. His education was interrupted by three years of service with the United States Navy Medical Corps. He did graduate work in education at Columbia University in 1950-51.

His teaching has included Mary Persons High School, Forsyth, Ga., and Louisiana College. He served on the Louisiana Teacher Certification Committee and was elected State President of the Louisiana

Party Line...

M. and Mrs. Reed Vandell and sons visited the Travis Scott family in Stanton Friday. Saturday they visited Mrs. Vandell's sister Mr. and Mrs. Wayne Bradshaw in Seminole, and her parents, Mr. and Mrs. S. A. Mench in Seagraves. They were accompanied home by

Baptist "Training Union Convention."

In Plainview, Dr. Cosper is active in community life. He is chairman of the Circle K Committee for Kiwanis Club for which he has served as a director. For several years he has coached a Little League baseball team. At the First Baptist Church, he is a member of the Board of Deacons and superintendent of the Sunday School.

Mrs. Cosper, the former Wilma Baker and a native Georgian, is head of Wayland's department of home economics. She attended Bessie Tift College and was graduated from LSU. She holds the M. S. degree from Texas Technological College. They have one son, Kyle, 3.

Dennis Bradshaw, a nephew, for a weeks visit. Donna Scott also returned with them and is visiting friends here.

Mr. and Mrs. Glenn Taylor and

children, Donna, Gary and Dent of Lovington, New Mexico visit his brothers, C. O. George, C. and Marion Taylor over the weekend.

Time To Ask for Refund On Gasoline Tax

College Station — Farmers are aided by C. H. Bates, extension management specialist, that they may now apply for a refund of the 3-cent Federal tax on gasoline used for farming. The amount claimed must be based on the quantity of fuel used for farming purposes on individual farms and ranches during the period from July 1, 1956 to June 30, 1957.

Bates says that all claims must be submitted to the District Director, Internal Revenue Service, and claims for the past year must be received by September 30, 1957. Only one refund claim per farm operator will be permitted and each tax claimant is cautioned to make certain that his refund request includes all eligible fuel used. Each farm or ranch operator who applied for tax refunds in 1956

will be mailed Form 2240 for filing the .357 claim. An instruction sheet for preparing the application will also be provided, says Bates. For new fuel user or those who failed to file last year, copies of the filing form may be obtained from the office of the local county agent.

Too, Bates suggests that a copy of Publication 398, Farmers Gasoline Refund, prepared by the Internal Revenue Service, be obtained from the county agent's office or from the nearest District Internal Revenue Service Office.

The specialist advises agricultural producers who used an appreciable amount of gasoline last year in their farming or ranching operations to check into their eligibility for a refund. The legislation which makes possible the refund was passed by Congress in the spring of 1956 and farmers unfamiliar with the procedure should contact their local county agent or Internal Revenue Service for details.

Walter Donald visited his mother, Mr. L. K. Smith in Slegman, Mo. from Wednesday until Sunday of the past week. Mrs. Smith is seriously ill. She is 92 years old.

THE DODGERS sponsored by White Store and managed by Eldon Parish and Bob Armstrong have won four games out of the nine they have played, giving them a rating of third place. Front row left to right are Albert Thomas, Randy Kelley, Logan Armstrong, Cris McClure, Lonnie Adrian and Johnnie Triona. Second row Michael McClure, Floyd Bennett, Larry Glascock, Kenneth Dawson, Terry Parish, Chester Petties, Bobby Coker and manager Eldon Parish.

in food and use salt tablets or salt in drinking water; drink plenty of water during the day but avoid ice water and alcohol; eat nutritious food but don't overeat; drink fruit juices or eat fresh fruit for a plentiful supply of Vitamin C and get plenty of rest and bathe regularly.

The Council offers this simple rule if first aid treatment must be given to a person suffering from heat sickness. If the patient is cold, make him warm; if he is not, make him cool.

Mr. and Mrs. James Wages and children and Mr. and Mrs. Clarence Wages visited in Denver City, July 4th with Mr. and Mrs. Richard McCaskill and Mr. and Mrs. J. E. Herring.

Party Line...

Bob McCaskill accompanied his sister, Jean McCaskill of Los Angeles, California to visit his mother, Mrs. J. A. McCaskill of Mendonhall, Miss. They left Monday for an indefinite stay.

Mrs. Marvin Ellis, Charlene and Gary are vacationing this week. Gary accompanied by his uncle, Gilbert Northam of Ropes, Texas is fishing at Possum Kingdom Lake. Mrs. Ellis and Charlene are visiting a niece, Mr. and Mrs. Lerby Rigby and baby daughter in Waco.

Group Attends Baptist Assembly

Mrs. T. S. Alair, Junior G. A. Counselor, accompanied a group of 9 and 10 year old girls to the Plains Baptist Assembly, in Blanco Canyon 7 miles south of Floydada. The group leaving the church at 10:30 Monday were: Pruda Kay Sanders, Alice Joquess, Carolyn Kelley, Donna Scott, Joan Sanders and Tresa Burton.

Mrs. Paul Wood and Mrs. Travis Jacques took the group but were unable to attend the camp.

Rev. John Rankin of Amherst served as camp pastor, July 8-10. Rev. Ed Bowls of Floydada, camp pastor, July 10-12. Miss Camie Jay of San Anders Islands was missionary speaker for the entire week.

Mrs. Price Hamilton, accompanied the following 11-12 year old junior girls Wednesday morning. Loy Jean Hamilton, Carolyn Gregory, Virginia Burton and Evelyn Meadows.

Mrs. Delma McCarty, Mrs. Elton Schaeffer and Mrs. Cecil Meadows left at 4 a.m. Tuesday to help prepare and serve the daily meals. They returned Tuesday night.

The Intermediate boys and girls camp is scheduled for July 15th through 19th, with the girls attending the first part of the week and the boys the last. Rev. Wayland Boyd of Crosbyton and Dr. Lee Hemphill of Littlefield will serve as camp pastors. Miss Joxie Short of Hong Kong, China, will be the missionary speaker.

Rev. Cecil Meadows will accompany the junior boys July 22-24. Rev. Finlay Graham of Beirut, Lebanon is the missionary scheduled to speak for this group. Other meeting scheduled at the Plains Baptist Assembly are W.

Hot Weather Hints Given By Safety Council

College Station — The "good old summertime" is here and with it comes higher temperatures and bright sunlight. The Texas Farm and Ranch Safety Council warns that too much sunlight and overexposure to high temperatures can cause trouble unless precautions are taken. They point out that heat sickness will occur when the body's heat regulating system collapses during prolonged heat or overex-

posure to the sun. In sunstroke body temperature rises, the skin becomes hot and dry, the face reddens and a shooting headache develops. Heat exhaustion is an entirely different thing. Its symptoms are below normal body temperatures, cold clammy skin, pallor, dizziness and a dull headache.

The Council offers the following suggestions for preventing summertime troubles caused by heat. Avoid overexposure to direct sunlight and wear a hat while outdoors; avoid overexertion; wear light, porous and loose fitting clothing; increase the use of salt

M. U. August 1; Brotherhood, August 19-20; Music, August 21-23. Rev. Cecil Meadows, pastor of Earth Baptist Church, attended the 10th Anniversary Celebration held at the assembly Thursday, July 4th.

Nations Cotton Acreage Estimated To Be Smallest In Eighty Years

At the end of June, 1957 the Journal of Commerce announced that the cotton acreage estimated in cultivation is 13,585,000 acres, the smallest in eighty years. Due to growers inability to meet their planting schedules, owing to excessive rains this is 531,000 acres less than the mid May estimate, and 13.3 less than last years acreage of 16,833,000.

The crop is extremely late in the west. Boll weevils are more numerous in the southeast than last year.

With heavy fertilization growers are very optimistic on yields per acre prospects. The condition of the crop at the end of June was somewhat low, 77 per cent of normal versus 89 last year and 83 two years ago. The current tentative crop indication is 11,300,000 bales, comparing with 1956 production of 13,310,000.

ITS THE LAW in TEXAS

AGENCY LAW EXPLAINED

Suppose that you hire your neighbor's son, Jimmy, to cut your grass, and he runs your new mower into another neighbors hedge. The hedge is ruined. Are you responsible for the damage? Quite likely you are.

Or let us suppose that you find you need a loaf of bread for the evening meal. You ask a friend to take your car and run to the store for it. On the way, he runs down old Mr. Peabody, seriously injuring him. Can you be held responsible? It is possible that you can.

In both instances, an "agent" was acting for you. His acts while performing those duties are, in the eyes of the law, your acts. In legal terms, you are the "principal".

You may be liable despite the fact that you may have cautioned him to be extremely careful.

The average individual expects to answer for his own actions. He does usually consider that he may be responsible for the actions of other persons. That, however, is frequently the case.

Suppose you ask another person

HELLO WORLD!

A baby girl, weighing seven pounds five and one-half ounces, was born on June 26, to Mr. and Mrs. Bobbie S. Davis, at Tripler U. S. Army Hospital, Honolulu, Hawaii.

L. (Jr) Donald C. Davis, who is stationed at Pearl Harbor, is the son of Mr. and Mrs. L. R. Davis of 8400 Arvilla Avenue, N. E., Albuquerque, New Mexico.

Mrs. Davis is the daughter of Mr. and Mrs. Sam Cearley of Earth, Texas.

The baby, named Melanie Gaye, is the second child for the Davis who are residing at 318 6th St. NHA 1, Honolulu, Hawaii.

to do something for you. Or, his responsibility may be to negotiate an agreement for you with a third person.

If representations or warranties are made by your agent in performing the task which you assigned to him, you are responsible.

In a like manner, you are responsible for the contract made by him while he was acting for you.

You may be held responsible for the contract made by him while he was acting for you.

You may be held responsible for the acts of a person who customarily represents you even though he entered into a contract for you without your consent or approval.

For example, you may have a partner in a business, and you and he have agreed that certain contracts shall be made only upon the signature of both of you.

Unknown to you and without your consent, your partner signs such a contract with a third person involving partnership business. If the person with whom this contract is made has no knowledge of the terms of your partnership agreement, you are responsible for the contract which your partner has made.

You may have agreed between you that neither of you would buy, without the other's consent, any items of merchandise costing more than \$50. You did not give this information to salesmen who called on you. In your absence on a Thursday afternoon, your partner ordered merchandise for your store costing more than the \$50 limit.

When the merchandise is delivered, you can not refuse to accept it because you can be bound by the contract of your partner. This is true in many situations, and the salesman is not bound by your partnership agreement because you did not advise him of the \$50 limitation.

As the actions of your agent are considered to be your actions, you assume the responsibility of his doing them correctly.

Letter carriers' uniforms are a 50-50 blend of the Union Blue and Confederate Gray.
