NOSIN..... WITH POLLY

I was going to be nice anyway this birthday and speak a few sentences, without bringing in the fact that I was having a birthday (to day) Thursday, but Ross, has kinda put a damper on my birthday spirit, by presenting me with this little gem below. (He found it tucked on the wall at a friends home in Lubbock recently).

THE GOLDEN AGE

How do I know that my youth has been spent? 'Cause my get up and go has got up and went.

But in spite of all that, I am able to grin.

When I think of the pieces my get up and go has been.

Our age is golden, I've oft heard it said, But sometimes I wonder as go to bed.

My ear in a drawer, my teeth in a cup, My eyes on the table until wake up.

'Ere sleep dims my eyes, I say to myself, Is there anything else I should lay on the shelf?

And I'm happy to say, as I close the door, My friends are the same as I days of yore.

When I was young, my slippers were red, I could kick my heels right over my head.

When I grew older, my slipper were blue, But I could still dance the night through.

Now I am old, my slippers are black, I walk to the corner and puff my way back.

The reason I know that my youth is spent, My get up and go has got up and went.

But I really don't mind, when think with a grin, Of all places my get up has been.

Since I have retired from life's competition, I busy myself with complete repetition.

I get up each morning, dust off my wits, Pick up the paper and read the "obits."

If my name is missing, I know I'm not dead, So I eat a good breakfast and go back to bed.

I understand Tuffy Dent has figured out a pretty good racket o' keeping handy spending money in his pocket, and he does it in a painless way too. He has become emcee for the Trail Blazers, and each time he introduces Freddie Maxey as an "Eligible Bachelor at various appearances of the group, he charges Freddie a quart or, (he says he's going up to a half dollar each time he introduce him at a LADIES CLUB).

(I think that goes under advertising - wonder if I could cut in on that - I just may be missing an opportunity to sell Freddie an advertisement).

The Senior Class of Springlake High School will graduate Friday night. As they graduate old friends will be parted, never to be together as often as has been their custom in the past.

As they leave school each will go their separate way in a world filled with scientific achievements such as never before in history. Forward into a world in which even adults are paled when they think seriously of the situation the Nation has found herself in today. If our graduates pause a bit before they take that "One Step At A Time, But Always Forward" as their Class Motto says, it may be because they feel they must venture slowly out into this mad rushing world, a world each nation is spending a fortune to find the "know how" to produce the most destructive weapons, or t

(Continued on Page 3)

WINNER OF ROAD-E-O - Golden Ferguson, first place winner in the Teen-age Safe Driving contest held Saturday. Seated is Robert Taylor with a plaque and certificate for being Road-E-O contest held Saturday. Seated is Robert Taylor, second place winner and Bill Mann.

First Ball Game Of Season Scheduled For Tuesday P. M.

Earth Pony Team Opens Season

The Earth Pony baseball team, composed of boys 13 and 14 years of age, open the local baseball season with a practice game on the Earth diamond this Saturday, May 23, at 4 p.m. against Amherst. The regular Pony schedule will begin for Earth Monday, May 25, as they play Ware-Keeling of Littlefield at Littlefield beginning at 8 p.m. The local boys will play their first four district games away from home, then will come home for seven straight home games beginning June 9 at 8 p.m. All games will be played at 8 p.m.

Earth is in the Littlefield district of the National Pony Association for the second year. In a six team league, Earth finished third last year. This year two new teams have been added, making it an eight team league. Olton and Sudan are the new teams, with Whit-harrel, Amherst, Earth and three teams of Littlefield, Ware-Keeling, Dairy Queen, Roden Drug, all returning.

The Earth Pony team is sponsored by Citizens State Bank and Earth Motor. Bud Irvine is coach again, assisted by Chubby Dent. Suits will be issued to the boys Saturday morning at Bud Irvine's home. Then the practice game will start that afternoon at 4. The boys are to be at Earth field by 3:30 at the latest.

Because of National league rules each team can carry only 16 players to be registered with the League president. Since several more than that number have turned out, it will be necessary to cut some from the team. We regret having to do this, but we must comply with the rules. We can carry only 8-14 year olds and the rest 13 year olds.

Springlake Final Band Concert Held

The Springlake Music Department presented their annual end-of-school concert, Thursday night in the Springlake School auditorium.

The Fourth Grade Band, Cub Band, Wolverine Choir and Wolverine Band participated in the concert. The program was directed by Norman Hemphill, Band Instructor.

Following the concert, refreshments of cookies and Cokes were served to Band students and parents.

The Earth Community Baseball program gets underway Tuesday with the first game of the "Little Boys League" ball season beginning at 8 p.m. This league is composed of boys 8 through 12. There will be three teams in the league this year. They are: The Giants, coached by Marcus Messer and Macky McCarty, sponsored by Rutherford and Co. and Kimbell Gin; The Red Sox, coached by Dutch Been and Calvin Wood, sponsored by Earth Oil and Gas Co. and the Yankees, coached by Shorty Kelley and Dunk Williamson and sponsored by the Earth News-Sun and Brown and White Equipment Co.

Each team will play twice each week with games beginning at 8 p.m. The game will not be played on the same days each week, for in order to make room for Pony League games and American Legion games and also men and women softball games, the nights of games to be played will be changed from week to week. A complete schedule for the baseball season will be printed next week in this paper, and schedules will also be printed for distribution. It was decided all games should start at 8 p.m. rather than some beginning at 5 p.m., as in the past, because the men working in the program cannot get off from their work in the afternoon.

The "Little Boys League" games next week are as follows: Tuesday, May 26, Red Sox v Giants; Thursday, May 28, Yankees vs Red Sox; Saturday, May 30, Giants v Yankees

The first team named in the schedule will be home team. The season will consist of 16 game covering eight weeks with each team playing twice a week. In case of rain out the teams can make up the games at the arrangement of the coaches. Some of the make up games may have to be played early in the evening.

Let's all support our baseball program as we have in the past.

ATTENTION PARENTS All Youth Baseball suits were not turned in to coaches last year. Please turn these suits in immediately.

ATTENDS FUNERAL SERVICES FOR COUSIN Mr. and Mrs. Bud Elmore attended funeral services for his cousin, Cecil Winters, at Boswell, Okla., Monday.

Winters was accidentally killed on a tractor loading machine Saturday.

Thanks For Work On Cemetery

The Earth Cemetery Association wishes to say thanks to so many who helped on Work Day, Tuesday at the Earth Cemetery.

A goal turnout was reported and the cemetery is in fine shape.

A Memorial Day program will be held at the cemetery, Saturday, May 30.

Everyone is urged to attend.

NEW DRUM MAJOR - Stepping up as new Drum Major of the Wolverine Band is Ralph Wislan. Tracy Angeley, a senior student has served as Drum Major three years. The ceremony took place during the final Band Concert of the year, held Thursday night at the Springlake Schools Auditorium.

Bud Irvine To Address Springlake Seniors

Approximately 50 students will receive their diplomas at the Eighth Grade Promotion Exercise to be held at 8 p.m. tonight (Thursday) in the Springlake School auditorium.

Eighth Grade Students Get Diplomas Tonight

Mr. Bud Irvine will give the invocation. The Salutatory address will be given by Leslie Lewis and the Valedictory address by Dal Dent.

Mr. Ralph Ussery, Junior High principal will present the Citizenship Awards. Diplomas will be presented by W. L. Mann, Springlake School superintendent.

Class Will will be read by Ben Angeley and Class History by Deanne Adrian.

Mr. Orville Moore will give the benediction. The public is invited to attend.

Building Permit Issued To Earth Elevator For Plant

A Building Permit was issued to the Earth Elevator last week.

A 30 x 50 ft. feed Processing Plant will be constructed.

The building will be located near the elevator, 3 blocks north of the caution light on the Dimmitt Highway.

NOTICE

NOW IS THE TIME

Mrs. Wanda Shelby, Springlake School nurse, recommends that small-pox and diphtheria shots be given now to children who will enroll in school this fall.

A Pee Wee Baseball Team will be organized at 9 a.m. Saturday May 23 at the Baseball Park.

Ages of boys eligible are 6 - 7 - 8 year olds. Parents are urged to come with their boys. Carroll McDonald will help organize the team. A coach is needed for this age group.

A Cub Scout Pack meeting will be held at 8 p.m. Monday May 25 at the Community Building.

Parents and Scouts are urged to attend.

The Springlake Volunteer Fire Department will hold a meeting at 8 p.m. Tuesday, May 26 at Fire Hall.

Billy Taylor Wins Jaycee Annual Road-E-O Contest

Billy Taylor was named first place winner in the Annual Teen Age Road-E-O held Saturday of the 8 participants sponsored by the Earth Jaycees.

Billy was presented a plaque and certificate at the Jaycee weekly meeting Monday.

Other winners in Road-E-O were Robert Taylor, second and Tom Messer, third place winner.

Fourteen teen-agers took their written tests Friday.

Nineteen Jaycee members and five guests attended the meeting.

Enrollment For Swimming Classes To Be Held Friday

Early enrollment for swimming classes for all ages will be taken at Band Hall by Norman Hemphill, May 22.

Also anyone interested in private swimming, life saving or diving lessons this summer are asked to contact Norman Hemphill or phone 4561 and give your name, age and course you plan to take. A nominal fee will be charged and will be announced later.

Mrs. George Laing will meet all women interested in participating in a women's class, at the Community Building, 10 a.m. Friday, May 22. If unable to attend, you may contact Mrs. Laing by phoning 4209.

ATTENDING SOUTHERN BAPTIST CONVENTION

Rev. Cecil Meadows left Tuesday to attend the Southern Baptist Convention in Louisville, Kentucky.

Rev. Meadows will return home Saturday.

CHANGE OF ADDRESS

Mr. and Mrs. Norman Hemphill have moved to the Jake Scarborough house on 3rd and First Streets.

The Springlake High School seniors will be addressed by Mr. Bud Irvine, minister of the Earth Church of Christ which will close their high school careers. Commencement exercises are set for 8:30 p.m. Friday night in the Springlake School auditorium.

Forty seniors are candidates for diplomas, the Springlake Schools largest graduating class.

The Wolverine Band, directed by Norman Hemphill, will play the Professional and Recessional.

Jarvis Angeley will give the Invocation and Paul Wood the Benediction.

Verdena Curtis will give the Valedictory Address and the Salutatory Address will be given by Helen Gover.

The class will be presented by John Lawrence, High School principal. Supt. Bill Mann and Guy P. Kelley, Jr. will present diplomas.

Citizenship of the Springlake School district and friends are invited to attend.

Springlake Schools Close At 2:30 p.m. Friday, May 22

The Springlake Schools will turn out at 2:30 p.m. today (Thursday) and close the 1958-59 term at 2:30 p.m. Friday, May 22, according to Supt. Bill Mann.

Elementary School students will be issued report cards Friday.

Report cards will be mailed to Junior High and High School students.

Breakfast Begins Earth Lions Club Broom Sale

Tuesday, May 26 is the date set for the Annual Earth Lions Club Broom Sale with a kick-off breakfast at 6 a.m. at the Community Building.

Boy Scouts will assist in a door-to-door canvass in the residential section.

Corn brooms, door mats, mops, dust clothes light bulbs and other household cleaning items will be sold for homes, offices and businesses.

For those everyday needed items, purchase them from a Boy Scout or Lion Club member next Tuesday.

Springlake School Nurse Gives Report Of Donations

A report was given to the Earth News-Sun by Mrs. Wanda Shelby, Springlake School nurse, Tuesday concerning milk, lunches and work book fund for the underprivileged children.

Mrs. Shelby said the total amount spent for these 2 items totaled \$589.22. Citizens of the Springlake School district raised this fund when a "Cry For Milk" went out in October 1958. Mrs. Shelby expressed her gratitude for generous citizens who aided in this worthy cause.

Mrs. Shelby also commended the Earth and Springlake Lions Clubs for the purchase of 10 pairs of glasses for the underprivileged children. Each club donate \$76.75 which paid for the 10 pairs of glasses.

LEGAL NOTICE

NOTICE OF BOARD OF EQUALIZATION MEETING SPRINGLAKE INDEPENDENT SCHOOL DISTRICT

In obedience to an order of the Board of Equalization regularly convened and sitting, Notice is hereby given that said Board of Equalization at its regular meeting place in the Springlake School Business Office between the hours of 1 p.m. and 4 p.m., Friday, June 5, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said Springlake Independent School District, until such values have finally been determined for taxable purposes for the year of 1959, and any and all persons interested, or having business with said Board, are notified to be present.

DONE BY ORDER OF THE BOARD OF EQUALIZATION OF Springlake Independent School District, Lamb County, Texas, this 19th day of May, A. D., 1959.

WILMA TAYLOR
Secretary
Springlake Independent School District

(Published in the Earth News-Sun, Thursday, May 21, 1959)

AMONG THOSE WHO ARE ILL!

Mrs. Phil Raught received treatment 12 days at the Littlefield Hospital and Clinic. She has been dismissed and is improving.

Mrs. George W. Clark was dismissed Sunday from the Littlefield Hospital and Clinic after receiving treatment for a week. She is reported to be improving.

The condition of Mrs. R. C. Hooten continues to remain the same. Mrs. Hooten has been ill at her home for several months.

Susann Davis received treatment at the Littlefield Hospital and Clinic several days for pneumonia.

Mrs. Sam Meeks is seriously ill at an Amarillo Hospital. She was admitted to the hospital, Saturday night.

Party Line...

Mr. and Mrs. Teal Loftis of Kress spent the weekend at the home of Mr. and Mrs. L. S. Griffin.

Mr. and Mrs. Kenneth Leonhar and Mrs. Kenneth Powell spent Sunday in Amarillo with Kenneth Powell who has recently been stationed at Amarillo Air Force Base.

The Luckless Legion by Irwin Caplan

14,160 were killed and 937,900 injured in motor vehicle accidents on weekends in 1958.

reach other planets. My feeling is that even well adjusted graduates will find it hard to feel security in world such as we have today in which to live.

Surely, many times in their lives they will look backward to these school days and as they remember graduation day and their class song, "Moments To Remember" they will remember the carefree days spent at Springlake Schools.

Doubtless a smile will cross their faces time and time again as they recall moments of importance and

old buddy classmates of Springlake High School. However as years pass they will not look back so often, they will know the future is too important to look backward.

Graduating class, there is a Key to Life, that can bring happiness. The Key is said to be to adopt the right mental and spiritual attitude in life. Then you will be able to live with yourself peacefully and not waste years running from yourself, seeking out happiness.

Mrs. David Johnson visited with relatives in Amberst and Littlefield, Thursday.

Party Line...

Mrs. Frank Butter and Mrs. Virginia Flemming of San Diego, Calif. arrived Saturday and will be a house guest of their daughter and sister, Mr. and Mrs. Jarvis Angeley. They will return home following the Wood-Angeley wedding, June 1.

Mrs. Andy Davis spent the week-end with her sister, Mr. and Mrs. Pat Montgomery. She returned to Lubbock, Monday for additional treatment.

Registration At Hardin-Simmons Scheduled June 3

Registration for the first Hardin Simmons University summer school sessions is scheduled for June 3 in the Student Center building, George L. Graham, director of summer sessions, reports. Class will begin at 7 a.m. June 4.

The University will offer two 6 weeks terms and four 3 weeks sessions, Graham explained. Registration for the second 6-week term will be held July 15. Students will be able to register for other 3-week sessions June 24, July 15 or August 4.

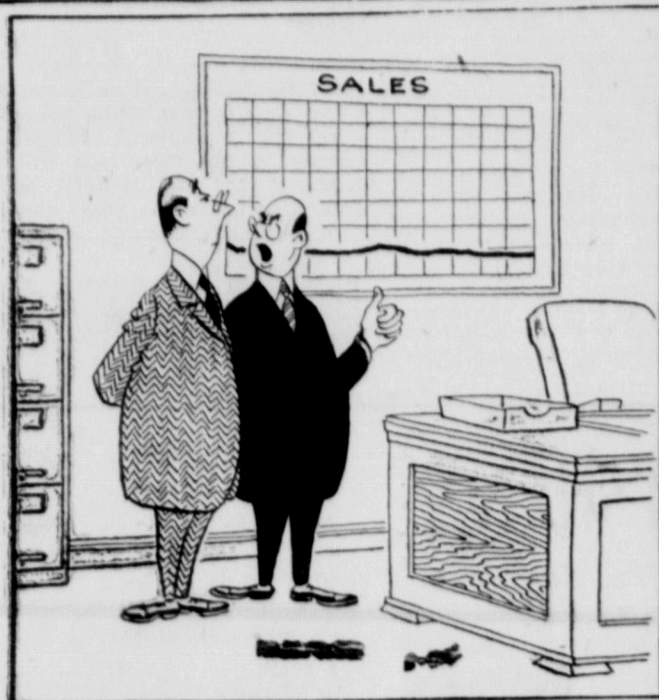

Courses will be offered this summer leading to graduate degrees in economics, education, English, history and music, the director reported. Under graduate course offerings will include art, Bible, biology, business administration, chemistry, economics, education, English, French, government, and history.

Also to be taught on the upper graduate level are subjects dealing with mathematics, music, physical education, psychology, religious education, sociology, Spanish and speech, it was announced.

In addition to 48 members of the University's regular faculty, six visiting lecturers will be on campus teaching classes, Graham said. Visiting lecturers are L. Wayne Campbell, director of education, Abilene State School, and Richard J. Giesse, director of educational and psychological services at Abilene State School, both of whom will teach special education.

Lloyd D. Huff, chairman of the

STRICTLY BUSINESS by McFeeters

"Well, we've leveled off our seasonal peaks and valleys — now they're all valleys!"

McMurray College English department, will teach English and Nena Ramsey Lewis, director of special education in Abilene public schools will conduct speech classes.

Other visiting lecturers include Floyd W. Parsons, Big Springs superintendent of schools, who will teach education and Edward Vann Tappan, South Junior High assistant principal, Abilene, mathematics.

Also scheduled for the summer are special features and activities at the University. A boys' activity school will be conducted by the physical education department from June 1 through 19. Enrollment will be for boys six through 12 years of age.

Another special feature will be a driver education program which will be conducted from July 15 until August 3. It will consist of specialized training for certification.

Girls ranging from six through 16 years of age will have a swimming school at their disposal June 22 through July 10 and the physical education department will offer methods in swimming and life saving July 15 through August 21.

More than five million individual driver license records are on file at the Texas DPS.

Giants, Yankees And Red Sox Teams Organize For Youth Baseball Program

The Youth Baseball Program organized three baseball teams at the Ball Park Saturday.

The Giants, Yankees and Red Sox teams were bought with points by the coaches.

Marcus Meser and Macky McCarty will coach the Giants. Their team is composed of Terry Parish, Doug Messer, Ken Dawson, Logan Armstrong, Mickey Dent, James Thomas, Sammy Meeks, Jessie Cole and Jose Triana and Flories. The Giants will be sponsored by Kimbell Gin Co. and Rutherford and Co.

The Yankee team includes Julio Cortez, Randy Kelley, John Achee, Phil Middleton, Raul Cortez, Floyd Bennett, Tommie Barlow, Richard Stockstill, Garcia, Wayne Stockard, Arthur Ray Haberer, Donald Huff and Harley Galloway. The Yankees will be coached by Shorry Kelley and Dunk Williamson and sponsored by the Earth News-Sun and Brown-White.

Dutch Been and Calvin Wood will be coaching the Red Sox team. Players are Ronnie Williams, Floyd Henderson, Freddie Kelley, David Haberer, Bobby Wayne Glasscock, Jerry Don Sanders, Bobby Coker, Lonnie Adrian, Jimmy Shirey, Manuel Garcia and Jacques.

The Red Sox are sponsored by Earth Oil and Gas Co. and Paul's Super Market.

Tax Man Sam Sez: Dads Can Claim Working Boys

Well, it's only a few more days now until this year's school session is over. Thousands of students will rush off to play but every year there are more boys and girls who work during the summer. It is worth noting that Dad doesn't have to knock them off his income tax exemptions. In spite of the law having been changed for five years a lot of dads still give the younger generation a bad time about not making over \$600. It doesn't matter any more, Dad, how much they make. You still get your exemption and the student also get their own. That's the way the law reads. If Jr. does not understand how it works he had better take the income tax course for high school and college students next year. The 75,000 young North Texans who studied this fine little course this year know how to take the extra exemption.

Tips on Touring

By Carol Lane
Women's Travel Author

How To Budget Your
You trim your travel budget to your taste — and pocketbook. But you may find it helpful to know what others spend. Here are the latest figures as reported by the AAA:

Two people driving 300 miles per day spend \$36.00 a day. This includes \$9.00 for car operation expenses, \$10.00 for meals, \$9.00 for lodging, \$1.50 for tips, \$2.00 for admissions, amusements and tolls along the way, and \$4.50 for incidentals, souvenirs and emergencies.

Driving costs are based on three cents a mile for gas and oil at the recommended daily maximum distance of 300 miles.

For meals, the breakdown is \$1.00 per person for breakfast, \$1.50, lunch, and \$2.50 for dinner.

For accommodations, a couple can figure on \$9.00 per night. This cost will vary depending on type and locality of the motel. Figure an extra \$1.00 each if you have youngsters with you.

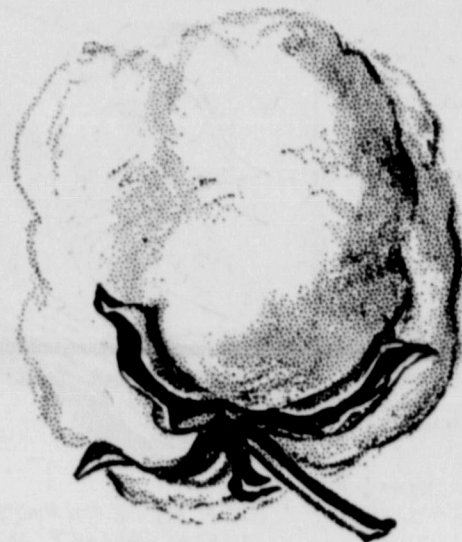

For admissions, amusements and tolls, budget \$1.00 a day for each member of the family. This includes visits to historic shrines, scenic attractions, etc., along the way.

Finally, take a 15 per cent "emergency fund" for roadside refreshments and incidentals.

The trouble with a chronic borrower is that he always keeps everything but his word.

OUTDOORS IN TEXAS

By Vern Sanford

No real fisherman ever has crossed a stream without thinking of what a float-trip down it might produce. Recently eight Austin men decided they'd try it down the Colorado River from Austin.

Six made it all right. The other two hit a rapid and swamped their boat. They lost several hundred dollars worth of valuable fishing equipment and ruined a camera.

Their capsizes were due to two things. In the first place, they had improper equipment. They used a 12-foot home-made plywood boat. In addition, the driver was not experienced in the use of an outboard motor, or familiar with river traffic.

They were pulled out of the river soaking wet. Finally they recovered the boat, a rod case, one reel and reel and a camera case. admitted they would like to try another river trip—but under different circumstances.

River trips are an interesting challenge. There are certain seasons of the year, however, when they are safer. Mainly, they should not be made when there is a heavy let-down in the river, for either irrigation or power use. The day they made this trip there was considerable water pouring out of Lake Austin. It was a hot day and LCRA was generating a lot of juice for air conditioners. The water was swift, entirely to swift for safety in the rough waters.

There is quite a drop in the Colorado, from Austin to the Gulf. This creates numerous rapids downstream. The river has a lot of fish. Individual fishermen from time to time have caught some fine bass while floating down the river. Catfishermen keep lines out most of the time and get some real beauties.

Also there are many rough fish. Frequently big gars are encountered. Mullet play around the cause of the gravel that is being

Numerous gravel pits have been dug along the river bank. Water

is kept turbid most of the time because of the gravel that is being washed by the operators. But despite all that, there still is good fishing.

Some good lessons can be had from the experience of these eight men. One pair had a 14-foot river boat. It was made of aluminum, with flotation chambers. It was wide, with square ends. They were using a little 3-hp outboard motor and they carried plenty of shear pins.

This is the ideal boat for such work. Their ice chest, containing food and drink, rode in the center of the boat. The two men balanced it from end to end. They carried life cushions, a couple of good paddles and some first aid equipment. They made it with little trouble.

Another of the boats was a deluxe 14-foot aluminum boat, with an 18-horsepower motor. It went downstream five miles, but the going got too rough for such a heavy boat and it turned back. It barely made the return to the launching spot because of the shallows.

The third boat also was a 14-foot aluminum, semi-V, but light weight, with a 10-hp motor. It also made the trip in good shape.

Then there was the home-made boat that failed to make it.

These men have a warning for others who might want to attempt a float trip down one of Texas' many streams.

First, they say, the boat must be light, maneuverable and strong. By all means it should be equipped with flotation chambers.

They agreed that a 3-hp motor, with an extra can of fuel and at least a half-dozen shear pins, is best. The motor should be in excellent condition. An extra prop is advisable.

For safety - sake the motor should be tied to the boat with a long rope in the boat.

Have at least two strong, wooden paddles. A long push pole also would be valuable.

Each man should have a good

Tips on Touring

By Carol Lane
Women's Travel Authority

It's Not The Humidity

Women drivers will have no trouble with the family car on those moist spring mornings - if they remember a few simple tips about starting.

First - what to do:
Turn on the ignition key, press the accelerator to the floor - once - and then use the starter.

As for what not to do - this is just as important.

Don't pump the accelerator while trying to start. It has the same effect as overchoking or flooding.

If you do forget and do pump the gas pedal - possibly flooding the engine - the solution is patience. Get out and walk around for 5 or 10 minutes. Then try it again, the right way.

If you do have trouble starting, don't be too quick to blame it on wet wires. Wet weather can make the wires damp, but it is rarely the cause of the no-start problem. Chances are it has merely helped identify other trouble.

Don't overlook the possibility that your car may need a thorough servicing. Wet weather will make starting harder if the car has a weak battery, coil or condenser - or if wiring is oily, corroded or exposed.

Modern cars are built to operate "above the weather." If yours seems sensitive, better have it checked.

life preserver, and it wouldn't be a bad idea for him to be wearing it at all times.

Take along plenty of food and drink, but leave the alcohol alone. Small cans of tomato juice, or milk add a great deal of strength to fishermen.

Be sure to take along plenty of plugs. But don't take any more tackle than you think you'll need. If you should lose a tackle box, the loss won't be so great if you leave what you don't need at home. Don't overdo the trip. Take it

easy. Fish all the waters well. Be careful of snakes. Moccasins like to cool on willow limb out over the water. And be careful in going under willow branches. Be sure that there are no wasp nests hanging down over the water.

Highway accidents will diminish when brainpower matches horsepower.

If you wish to be perfect, follow the advice that you give others.

Considering its age this is a mighty fast world.

Usually it's the silent partner who has the most to say.

Most of the things we wait for aren't worth the delay.

Most people pay too much for the things they get for nothing.

"COOKING ELECTRICALLY IS SO EASY, IT ENABLES ME TO PREPARE WHOLE-SOME MEALS AND STILL HAVE LEISURE TIME FOR MYSELF AND MY FAMILY!"

says **MRS. ROBERT L. CARR, OF LUBBOCK, TEXAS**

Mrs. Carr has found that there is guaranteed delight in electric cooking and you will, too, when you get your new electric range. Mrs. Carr particularly likes her double oven arrangement about which she says, "I have cooked electrically for several years, but I enjoy most the double oven in my electric range - it's a double convenience in the kitchen."

Child Cut Heel While On Visit

Little Wanda Kelloog, twin daughter of Mr. and Mrs. Ruby Kelloog suffered a cut on the heel which required five stitches, while the family were visiting relatives in Evant, Texas recently.

Wanda was at play with other children, playing on a trailer when the trailer came down on her heel.

She received treatment at a clinic in Evant and released.

Women applying for renewal of a Texas license should include their date of birth, all given names, maiden surnames, previous married names and surnames, as well as their current address.

The European Economy and Its Possible Effects On the American Securities Market

A recent survey taken in five European nations indicates, first, that there are many interesting possibilities for investment in securities in these areas. Second, there is still a great deal of capital available in Europe for investment in American stocks, notably from the United Kingdom and Switzerland. In West Germany there is also a great deal of capital available for investment, but due to the unfortunate experience German investors had during the last two World Wars when their holdings were confiscated, there is some reluctance to come into the American market.

Today in industrial circles there is more talk about the Common Market than about almost anything else. Created by France, Italy, West Germany, Holland, Belgium and Luxembourg the Common Market has the objectives of gradually removing trade barriers among the member countries; working up of common policies with respect to general procedures, drawing up rules to insure free and equal competition and taking steps to make full use of the resources of the different countries. This goal, if achieved, will undoubtedly help to strengthen the economy in West Germany and may provide serious competition to American products. Germany and Holland are believed to be the countries that would be the prime beneficiaries from the Common Market.

The international situation is not regarded as seriously as it is in this country. There is a strong belief that as long as America stands firm on its policy of the status quo of West Berlin Russia will offer no serious trouble. If West Berlin were traded off, however, it would undoubtedly undermine the confidence of the Western European nations and America's position in these areas could be harmed considerably. This course might ultimately lead to war.

From the investor's point of view some of the most interesting opportunities are offered in England. Statistically there are some

extremely attractive values, especially in the steel stocks, but there is the serious threat of a Labour Party victory in the elections scheduled for this fall. If the Labour Party were to get into power, they are pledged to nationalize the steel industry and at the same time more controls would probably be effected in other companies. The recent budget has made possible lower taxes and these are hoped to stimulate the economy and lower unemployment, two steps necessary to make possible a victory for the Conservative Party.

Northern Italy is another area where carefully selected investments may be made. It is hoped that industry will be expanded into southern Italy resulting in the economic growth of the whole Italian nation.

West Germany is very strong economically having recovered admirably from the destruction wrought during World War II bombings and there seem to be ample opportunities for growth ahead. However, stocks there are selling statistically almost as high as they are here in the United States. The only difference seems to be that West Germany has further to go in its upswing in business than has the United States as in many cases plant capacity is still insufficient to meet potential consumer needs.

Holland presents probably the most stable nation politically, economically and internationally. These people are industrious and resourceful. Dutch industry has thrived from know-how and good management while labor costs are low.

Some of the most interesting investments that have come to our attention are: British: United Steels; Dutch: A.K.H. and Philips Lamp; German: Badisch Anilin; Italian: Montecatini. FNS

ton visited in the home of Mr. and Mrs. Roy Byers, Sunday. Mr. and Mrs. Z. T. Byers and children of Bovina also visited with them.

Buster Watson spent Friday night with Jerry Don Sanders.

The Carol and Cherub choir presented their director, Mrs. Betty Parish with a lovely piece of luggage Monday afternoon.

Mrs. W. O. Watson Sr. received word Thursday that her brother Clarence Mandrell of Calif. had been killed in a car wreck. They were unable to attend the funeral services.

Dinner guests in the home of Mr. and Mrs. E. W. Bearden Sunday were Mr. and Mrs. Bud Mat

lock, Debbie and Sammie, Mike McClure and Alyn Jones.

Mr. and Mrs. Louis Richards and grand-daughter Susan Richards of Memphis, and Mrs. Maxine Wigner and daughter, Jan of Lockney visited Sunday with their daughter and sister, Rev. and Mrs. Cliff Jester.

Mrs. Frank McNamara was admitted to the Littlefield Clinic Friday morning for treatment. She returned home Sunday morning.

Mr. and Mrs. W. T. Clayton visited with Mr. and Mrs. Louis at Seagraves, Saturday.

Mrs. Doug Avery of Muleshoe spent Wednesday visiting with her mother, Mrs. Thelma McClanahan.

Mr. and Mrs. Clifford Hopping were in Lubbock Monday.

Cretia Washington spent Sunday with Donna Jester.

Linda Ussery, Gwen Smith, and Linda Packard spent Friday night with Donna and Debby Watson.

Mrs. Lucy Simms of Lubbock, wife of the late Frank Simms, attended the Community singing Thursday night. She has a stamp book store in Lubbock. Simms was also writer for stamps books.

Mr. and Mrs. F. W. Bearden, Phil and Ann ate supper in Littlefield Saturday night, and also visited in the home of her brother Mr. and Mrs. Eldridge Lattimer.

Mr. and Mrs. Ralph Rudd were in Clovis Sunday visiting with relatives.

Mesdames Leta Kelley, Betty Watson, and Floline Struve went to Plainview with the 6th grade class end of school party.

Mrs. Billy Wayne Clayton and Mrs. Bill Clayton were in Crosby on Thursday.

Panel Discussion
Given at Training Union

Leslie Watson, Mrs. Robert Hucksabee, Mrs. Bill Clayton, and Mrs. Arnold Washington gave a panel discussion on aims and fundamentals of Training Union for the Young People's Training Union Dept.

Mr. and Mrs. Edwin Bolinger, Brenda and Barbara of Hereford spent Friday with Mr. and Mrs. W. B. Hucks.

Mr. and Mrs. Victor Neinaast visited in the home of Mr. and Mrs. Bill Watson after church Sunday night.

Dinner guests in the home of Mr. and Mrs. Hershel Sanders Sunday were Mr. and Mrs. Cass Kirkpatrick and girls of Olton, Mr. and Mrs. Glen Patterson and children of Olton, Mr. and Mrs. Ashley Davis, Mr. and Mrs. Kenneth Hicks of Muleshoe, Frank McNamara and boys, Mr. and Mrs. Ralph Starnes and Mrs. Bobby McClure and son of California, and Mrs. Myrtle McNamara.

Mr. and Mrs. Jess Matlock visited in Muleshoe Hospital Sunday with Renae James.

Mr. and Mrs. Johnny Hucks, Ricky, Jimmy and Kevin spent Wednesday with Mr. and Mrs. W. B. Hucks.

Mr. and Mrs. Bill Watson and Mr. and Mrs. F. W. Bearden attended the piano recital at the school auditorium Tuesday night, Philip Bearden and Donna Watson played.

Little Cokie Hopping spent several days last week with his grandparents, Mr. and Mrs. Sid Hopping in Littlefield.

HELLO WORLD!

IT'S A GIRL

Mr. and Mrs. Jerry Devenport proudly announce the arrival of

tal and Clinic Monday, May 18. The Devenports have another daughter, Mauri Dee, two years old.

Maternal grandparents are Mr. and Mrs. O. B. Whitford of El Paso and paternal grandparents are Mr. and Mrs. Theron Devenport of San Angelo, Tex.

IT'S A GIRL

Mr. and Mrs. Wendell Clayton announce the arrival of Sharla Kim, Wednesday, May 13 at the South Plains Hospital in Amberst. She weighed 7 lbs and 13 1/2 inches. Sharla Kim has a sister, Lisa, two years old.

Grandparents are Mr. and Mrs. Luther Caraway and Mr. and Mrs. J. M. Clayton, both of Amberst.

News From Pleasant Valley Community

By Mrs. John West
P V Social Club Holds Meeting

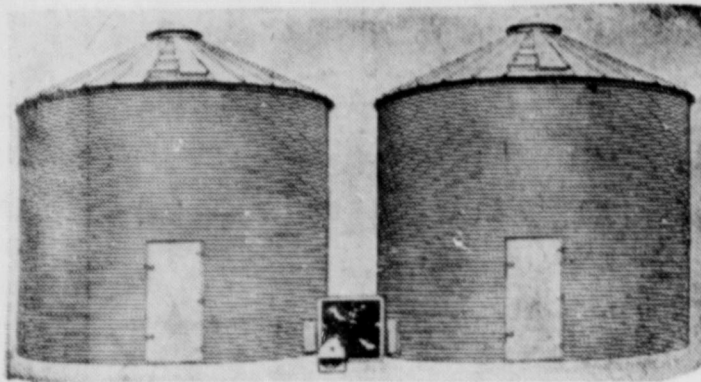

The Pleasant Valley Social Club met Wednesday afternoon, May 13, at the Community Center with Mrs. John St. Clair and Mrs. Dur-

wood Lackey as co-hostesses. Mrs. W. A. Hardin, President, presided over the business meeting. Committee reported on cost estimates for linoleum to cover the kitchen and bathrooms in the Community building. The club voted to contact other organizations in the community to ask for their cooperation in planning and financing the new floor covering, and to consult with the board of directors.

The possibility of the club conducting a study on atomic survival was discussed. Delicious refreshments including homemade ice cream were served by the hostesses to the ap-

Whether You Need 1,000 or 20,000 Bushel Capacity
Makes no Difference

THE MARTIN SYSTEM GROWS WITH YOU!

4 Steps To Profit

- 1. Harvest early — at 35% moisture content.**
Gain 10 to 15 more bushel per acre because your crop doesn't stay in the field to dry where it is at the mercy of the sun, wind and rain.
- 2. Dry with low-cost forced air.**
Drying with forced air is cheap because the air is free and it takes only pennies a day to run the fan.
- 3. Store in the same bin.**
Just turn off the drying switch and your crop is in storage. No expensive handling equipment or labor is necessary.
- 4. Sell or feed more and better crops.**
You sell No. 1 corn or grain and you are free to sell anytime of the year — on better markets. The Martin System qualifies for On-The-Farm Storage by ASC. So, you can either seal your crops or hold them for higher markets.

Jehovah's Witnesses Semi-Annual Assembly June 12-14

The Littlefield congregation of Jehovah's witnesses was informed at their Watchtower study last night that their coming semi-annual circuit assembly will be in Wichita Falls, June 12-14.

Loyd Lowrey, presiding minister of the Witnesses in Littlefield said, this information was received from the Watchtower Society of Brooklyn, N.Y., the directive agency of Jehovah's Witnesses in more than 170 lands today.

"This assembly," Lowrey stated, "will be a small scale pattern of our big international assembly held last year at Yankee Stadium and the Polo Grounds, where 123 nations of people assembled for eight days, overflowing both stadiums with a record multitude of more than 253,000 persons for the last day."

"The bulwark against communism," Lowrey said, "is to be a Teacher of the Good News" which is the theme of the three day assembly." He continued, "Jehovah's Witnesses worldwide emphasized this by their preaching activity."

approximately 18 members and one guest present.

Mr. and Mrs. E. K. Angeley, Mr. and Mrs. Russell Haberer, Mr. and Mrs. Jarvis Angeley and Mrs. Bonnie Haberer attended the funeral services of Roy Haberer at Dimmitt. Haberer was a brother in law of Mrs. Bonnie Haberer.

Mr. and Mrs. Winford Riddle and children of Muleshoe spent Sunday with the Durwood Lackeys.

Mrs. Frank Butter and Mrs. Mert Fleming of San Diego Calif. arrived Saturday to attend the graduation and wedding of Tracy Angeley. Mrs. Butter is Tracy's grandmother and Mrs. Fleming his aunt.

Mrs. Bonnie Haberer, Russell Haberer, and Ken Angeley visited the Owens family in Lubbock Sunday afternoon.

Mrs. John Haberer of Hecoford, Mrs. Howard Greathouse of Uclah Calif. and Mrs. Ernie Wilkinson of Salt Lake City were visitors in the home of Mrs. Bonnie Haberer. Mrs. Alan Turner and daughter visited the Doyle Turners last week.

Mr. and Mrs. E. K. Angeley attended funeral services for Lewis Owens in Lubbock Monday.

The community was greatly shocked and grieved by the sudden death of Seaborn Moore. Mr. Moore died of a heart attack Sunday morning.

SPRINGLAKE GIN

Area Birthday Calendars Project Sponsored By Band Booster Club

The Community Birthday calendar project began last week and is being sponsored by the Spring Band Boosters Club.

Everyone living in Earth-Springlake area may have their names printed on the date your birthday falls on these Community Birthday calendars. Everyone will know the birthday of everyone else in Earth - Springlake area, but I doesn't tell how YOUNG you are

The Wedding Anniversaries of all married couples will be listed on the date of their anniversary with a bell after the names.

If you have a son in military service, his name will also be listed on his birthday, with a flag after his name.

The meetings and social functions of the PTA, Lions Clubs, Firemen's meetings, special programs, such as Bazaars, Carnivals, Concerts, Athletic events, and many others will be listed on the dates they will be held. We will all know in advance what is going on in the community.

This impressive 21x11 inch Calendar will be handsomely printed in two colors. On the front of the Calendar will appear a pic-

Tips on Touring

By Carol Lane
Women's Travel Authority
Get Away For A Day

Thousands of women have found my "tourette" the perfect change-of-pace week end for themselves and their families. A tourette is a planned two- or three-day trip to some point of interest within 200 miles of home. Drive there by one route, spend the night at a motel or inn, return a different way.

Now, a reader on Long Island suggests a one-day outing for those who can't spare an entire week end. It's a fine idea, too.

Pick an interesting spot (historic site, natural wonder, scenic area) not more than 100 miles away. Map out a round-trip route you have not used before and allow time for a leisurely ride and stops along the way.

Start early and take a picnic lunch. You'll be amazed at the delicious and varied food that comes packaged for just such a jaunt. Take thermos jugs with hot coffee and cold lemonade. A frying pan (to warm food over a small fire), paper plates and cups, picnic spoons, a can opener — and you're all set.

After the picnic, be sure your fire is thoroughly extinguished, and put the refuse in a waxed paper bag for disposal when you get home.

If you want to splurge, have dinner at a restaurant on the way home. The money you've saved with your picnic will help pay for a steak or lobster.

Earth Co-op Gins, Inc.

Earth Jaycees To Host Regional Teen - Age Safe Driving Road - E - O

A large crowd is expected at the Springlake school campus Sunday, May 29 at 1 p.m. to witness the Regional Teenage Safe Driving Road-e-o.

The region consists of nine towns: Bovina, Dimmitt, Earth, Hale Center, Lockney, Littlefield, Muleshoe, Petersburg and Plainview. There will be three contestants from each town along with their sponsors and parents and other interested friends.

The public is invited to attend and the local Jaycees recommend as many as possible come out and see these boys and girls compete.

The course is laid out in such a manner as to check the contestant's ability to cut in and around barrels and stakes without hitting or knocking one down and backing out trying to do the same - going forward and backing through a line of rubber balls with four inches

of clearance, going around a sharp curve with only 12 inches clearance, stopping only inches away from a white line and of course the parallel parking and at all times using proper hand signals.

Out of these 27 contestants three will go to Stephenville to compete with other winners over the state and from there to Washington, D. C.

A \$4500 college scholarship will be awarded the winner.

This is a nationally sponsored contest to promote good, sound, safe driving practices among teenagers.

The Jaycees feel that if one teenage life can be saved through this or from this program it will certainly have been a success.

You are urged to go to the school campus, Sunday where you will see some serious teen agers driving to perfection.

First Methodist Church School Scheduled For May 23 - 31

The First Methodist Church School will begin Saturday, May 23-31 from 9 to 11 a.m.

The church school will be directed by Mrs. H. M. Secord. According to Mrs. Secord, Open House will be held at 6:15 p.m., Sunday, May 31, marking the end of the Annual Church School.

Classes will be held for children of all ages. Classes and teachers are Nursery - Mrs. Norman Sulser, and Mrs. David Cearley.

Kindergarten - Mrs. Robert Duke, Mrs. Eldon Parish, Mrs. E. R. McAlpine and Mrs. Thurman Lewis.

Primary - Mrs. Jack Angeley, Mrs. Irvin Ott, Mrs. Cecil Curtis and Mrs. Oran Parish.

Juniors - Mrs. Ray Axtell, Mrs. Beryl Hamilton and Mrs. James A. Littleton Jr.

Those things that come to the man who waits seldom turn out to be the things he's waiting for.

Combining business and pleasure often spoil the pleasure.

Inson, pastor of the Main Street Baptist Church in Muleshoe.

Surviving are her husband, John F. of Muleshoe; two sons, Elmer of Earth and Charlie of Vinita, Okla.; two daughters, Mrs. Frank Floyd of Floydada and Mrs. Chet Horsley of Muleshoe; one brother,

O. W. Stone of Stephansville; three half-sisters, five half-brothers, 17 grandchildren and nine great grandchildren.

Burial was in the Muleshoe Cemetery under the direction of Singleton Funeral Home.

Junior High Twirlers Named

Try-outs for Junior High Twirlers was held Tuesday after-

noon, with Roark Barnes, Sudan School Band Director as judge. Six girls were named out of thirteen participants. Those named were Joanie Murrell, Peggy Kelley, Pruda Kay Sanders, Karen Barton, Maureen Reid and Alice Galloway.

All twirlers are members of the Springlake Junior High Band.

It takes a raft of friends to keep some people afloat.

To most of us money is no object. It's a myth.

Behold the Ant...

• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

NEWSPAPER ADVERTISING is the Strongest Force in Business Today

Mother of Local Resident Dies in Muleshoe

Funeral services for Mrs. John P. Prather, 72, resident of Muleshoe were held at 3 p.m. Friday at the First Baptist Church of Muleshoe.

Mrs. Prather died at 5 p.m. Wednesday in her home, after a lengthy illness. She was a member of the Main Street Baptist Church in Muleshoe.

Mrs. Prather moved to Muleshoe 16 years ago from Snyder where they had lived 19 years.

Officiating was Rev. E. K. Shepherd, pastor of the First Baptist Church, Rev. M. E. Robinson, Baptist minister, and Rev. Paul Rab-

SENIOR DAY.

The committee consisting of Jerry Hatter, Judy Wood, Earl Kellar really planned a wonderful Senior Day for the Class of '59 Monday, May 11. The class left Springlake School about 9:30 and went straight to Lubbock. They bowled until time for lunch and then ate in the Mackenzie State Park. After lunch and a rest period the seniors went swimming until 4:30. After swimming we all enjoyed some of the first water melons of the season. It had been a long time since several of the Senior Girls had enjoyed a game of softball, but most of them did after the watermelon feast. Next came a wonderful meal at Underwood's and to the end of the day the group played miniature golf. All in all the seniors really had a wonderful day. To top the whole thing off when we went back to school Tuesday, our wonderful red caps and gowns had come in.

SPEECH PLAY:

The 1959 Speech Club at Spring-

lake is presenting their annual speech play and skit Wednesday morning. The play, "It's Cold In Them Thar Hills," is a hillbilly play with Tom Messer as Paw, Verdona Curtis as Maw, Sharon Hay as Soddy, Bud Cooper as Zeke the neighbor boy, Mike Burgess as William Vandemere the city slicker, Zelma Sloan, Mrs. Vandemere his mother, Preacher Obodie Henkhalter, Arthur Peterson, Mary Jane Shirey, as Prissy Lou, the book worm daughter, and the other children, Rosemary Thompson as Maddle, Margaret Meadows as Heckie Mae, Suzanne Davis as Surray, and Jimmy Rose as Lem. This should really be a good play and we hope for lots of success. The skit is with Earl Kellar as Lighten and Jess Starkey as Zep. These two will prove to be a little more lazy than talented in singing!!

ANNUAL JUNIOR - SENIOR BANQUET:

The Junior Class presented the Seniors with their annual banquet Saturday, May 9 at the Chick on Shack in Lubbock, Texas. The banquet was beautiful, the food was delicious, and the entertainment was good. The theme was "The May Pole." At the entrance to the room the Junior Class had someone make a beautiful six foot May Pole. At the base of the Pole, were bunches of flowers. The

CITIZENSHIP AWARDS — Four Springlake Junior High Students received gifts for citizenship awards. These gifts are of hand-tooled leather made by C. E. Fox, history teacher. Pictured from left to right: C. E. Fox, Karen Barton, Olivia Lopez, Peggy Upchurch and Diana Glasscock.

Citizenship Awards Presented To Four Junior High Students

Four outstanding students of the Springlake Junior High School were named and presented gifts for citizenship awards this week.

First place winner was Karen Barton, daughter of Mr. and Mrs. Weldon Barton. Karen received a leather belt.

Olivia Lopez was named second place winner, she received a leather shoulder bag. She is the daughter of Mr. and Mrs. Pedro Lopez.

Third place award was present-

ed to Peggy Upchurch, daughter of Mr. and Mrs. E. A. Upchurch. She received an all leather belt.

A leather belt was presented to Diana Glasscock, daughter of Mr. and Mrs. Basil Glasscock. Diana was fourth place winner.

Party Line...

Mr. and Mrs. Max Neal of Lubbock spent the weekend with their parents, Mr. and Mrs. Fred Usery and Mr. and Mrs. Roy Neal.

Mr. and Mrs. Ralph Martin of Amarillo visited his parents, Mr. and Mrs. T. C. Martin and other relatives Friday and Saturday.

tables were decorated with pastel colored candles with little strip of ribbon on them that made them look like miniature May Poles. The favors were little glass elves and program souvenirs. Loose carnations lay all over the tables and all in all it was just beautiful. Salad, green beans, baked potatoes, chicken fried steak and gravy with strawberry short cake for dessert was the meal. The entertainers and speaker was from Wayland College at Plainview and both were enjoyed by all.

Safflower Added To Research Foundation

Safflower has been added to the 1959 research program at the High Plains Station of Texas Research Foundation at Halfway, Dr. Johnny H. Davis, Associate Head stated today.

This new research program has been included at the request of farmer supporters of the Station who want information on Safflower varieties suitable to the area.

The five varieties for the test were secured from the U. S. De-

partment of Agriculture. They were planted on April 17 and had germinated by April 20. The varieties being tested include Nebraska 6 and 10, Pacific 1, Gila (Arizona) and an experimental strain number A-5731.

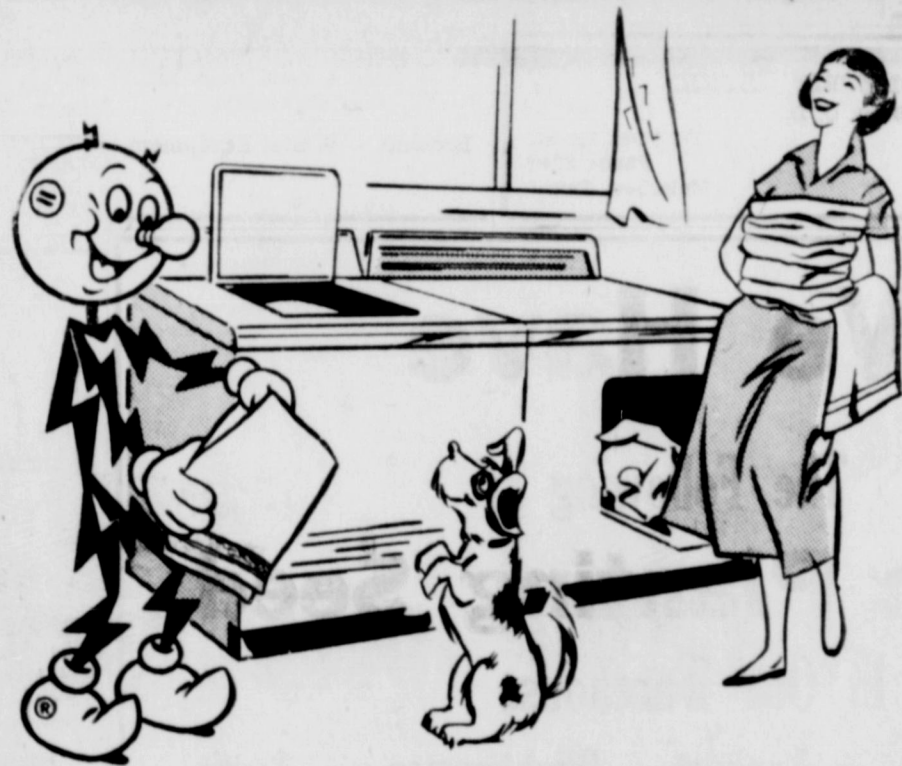

These varieties were planted in two row plots 22 feet long in four plots for each of the five varieties. In addition to this test, three acres each of Nebraska 6 Pacific 1, and Gila were planted for observation.

Party Line.....

Mrs. Iona Robnett and Hollis Hooten of Lubbock visited in the R. C. Hooten home last week.

Mr. and Mrs. Fred Usery visited with relatives in Morilton and Mt. Vernon, Arkansas last week.

More and more cotton farmers are using weather and temperature records to reduce planting risks . . . too, better weather forecasts are fast being developed . . . we know of one farming operation that makes maximum use of the forecast . . . first these farmers use the 30-day forecast to estimate amount of feed pastures will produce in early spring and make plans for land preparation, advancing or delaying cotton planting . . . also use forecast to decide about applying nitrogen or water and to estimate insect infestation as well as having a basis for hiring cotton pickers . . . figures show that the odds are 10 to 8 that the 30-day forecasts are helpful . . . five-day forecast is the most valuable, though . . . it is usually more accurate and allows enough time for making necessary adjustments in the farming program.

Clovis Highway — Muleshoe

Doctor's Aid
A certain type of gauze . . . made from cotton, of course, . . . can be left in surgical wounds without danger . . . the body absorbs the cotton within a short time . . . big use is in stopping blood flow

Differences Out
The government has announced differences for grade and staple for the support program . . . this year for the first time there are split grades for the "loan" . . . Middling one inch at average locations is 34.10 cents per pound for "A" cotton and 28.40 cents for "B" cotton.

Inventories Low
Cotton mill inventories of unsold cloth were the lowest in three years as February ended, a survey has just indicated . . . at the same time the backlog of orders rose to equal 12 weeks of production . . . up four weeks from February a year ago.

Crop Guess
Some of the folks in the USDA are guessing . . . that's what it is: a guess . . . that the 1959 crop will be about 14.5 million bales . . . that's a 25% increase . . . talk is that exports could double this year's . . . really sound good, but who knows???

Party Line...

Mr. and Mrs. Marvin Sanders spent the week-end in Pierre, South Dakota with Mr. and Mrs. Clyde Colson. They were accompanied by Mrs. Sanders' father, J. W. Strickland who remained for an extended visit.

Several attended the Baccalaureate Services in the First Baptist church in Dimmitt Sunday night. Ben Holcomb, Mike McRee, and Myles Sadler were three of the graduates.

Mr. and Mrs. John Adams Sr. of Olton visited in the Sunday Morning Services with Mr. and Mrs. Sonny Adams and Sonny Bill.

FARM FREEDOM

Eight out of ten farmers want greater freedom and less government in agriculture. Ezra Taft Benson, Secretary of Agriculture, told members of the Associated Retail Bakers of America at their annual meeting recently in Washington.

Benson quoted figures stemming from a poll made by a national farm magazine. They disclosed that 55 per cent of the farmers queried asked for "no supports, no controls, no floors, free market prices; get the government clear out." The remainder, for the most part, wanted a minimum of governmental restrictions and regulations. Farmers in the wheat states voted overwhelmingly for more freedom from controls.

Secretary Benson told the bakers that "your own industry with its enriched products has greatly improved the nation's nutritional standards. Bread is a bargain in nutrition. Sure, in terms of money, a loaf of bread costs more today than it did 25 years ago. But in terms of the labor required to earn the price of a loaf of bread, it costs a good deal less. What's more, the average loaf of bread today contributes to the diet over four times as much thiamine, three times as much riboflavin, and about twice as much calcium, iron and niacin as it did 25 years ago."

"That is why the low and moderate cost food plans suggested by the Department of Agriculture include enriched or whole grain bread at every meal."

Several attended the Baccalaureate Services with Mr. and Mrs. Sonny Adams and Sonny Bill. Eighty-seven attended Sunday School with 49 in Training Union Sunday.

Official Highway Travel Maps Now Available

The new 1959 Official Highway Travel Map will be available for distribution Monday by the Texas Highway Department. Copies of the "travel encyclopedia" of Texas, as it has been called, may be obtained by writing the Texas Highway Department, Austin 14, or at the highway district offices and travel information bureaus. County tax offices have map cards available for requesting copies of the map.

The new map is the answer to today's demand for more and more travel information. The steady growth of Texas from a state with a population of slightly over seven million just ten years ago to its present estimated population of more than nine million is reflected by the information appearing on the 1959 map.

shown than on last year's map making a total of 1,821. The increased mileage in U. S. state and farm-to-market roads is much in evidence. The map reflects some 1,600 miles of multilane divided including the completed sections highway now completed in Texas, of the National System of Interstate and Defense highways located, creeks, and streams. Roadside parks, long cherished as rest stops and picnic areas by Texans and tourists alike, now number 1,016 as compared to the 1,926 shown on the 1958 map.

The map now shows approximately 61 major lakes and reservoirs, and includes countless rivers, last year's map.

City route maps are provided of the states 12 largest cities—Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Ft. Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls.

Party Line...

Mrs. Hack Hooten and Mr. and Mrs. Johnny Whitaker and Danny

of Berger spent Sunday with Mrs. Hooten's parents, Mr. and Mrs. R. L. Roach at Springlake and visited Mr. and Mrs. R. C. Hooten, Monday.

County Traffic Accident Summary For April 1959

Sergeant D. S. Lawson of the Texas Highway Patrol released the Rural Traffic Accident Summary in Lamb County for April 1959.

The Highway Patrol in this area investigated a total of six accidents with the following breakdown: Property Damage, four; Personal Injury, two; and Fatal Accidents, none.

The report reflects a total Property Damage of \$3450 with two persons injured and none killed. This is same as last year's accidents compared to April 1958.

Sergeant D. S. Lawson advised that more men are needed by the Department of Public Safety to help prevent accidents and that vacancies exist in all the Department's uniformed services. He further stated that anyone interested in obtaining more information or in making application should contact some member of the Department of Public Safety immediately.
