Earth is in dire need of a hous-ing project to ease the "No Rentsituation that has developed here recently. There were at least five families in the office this week seeking rental property. We need all these people as residents of Earth. If you have rental property please help these people out

I'm sure you all remember playing "Button, Button, Who Has The Button."Well I'm not sure who invented the game, but now 1 know who had the button. (It's Rutherford and Co.). I was in the store last week when 210 dozen cards of buttons came in with a new rack to display them, so now they have 210 dozen, plus all those they had previously in stock. (So don't look for the old button, Rutherford has new ones).

If you see the News personnel running around town together it may look like we are real fond of each other. However, this may not necessarily be so, we may have a completely different reas-

# NEW TRACTORS

COMING!

Yes, the rumors are true that John Deere will soon be announcing a new line of tractors. We'll be previewing them at "Deere Day in Dallas" August 30. What's more, we've been told that these new tractors represent an amazing leap forward in power farming-an advance so progressive that it sets an all-new high in tractor performance, ease of handling, and operator comfort. Watch for our announcement date when we return from Dallas. We are looking forward to showing you firsthand what these tractors are going to mean to you in greater production, lower labor costs, and more leisure time.

farm building completely paid for in only 28 months.

Here are the Facts About the Behlen Curvet

The Frameless All-Steel Curvet is the ideal building for any size grain farmer... because both grain and machinery can be stored underone roof (separated by a partition bulkhead). The Curvet costs approximately 30% less than most straight wall steel buildings. It is so rugged you can safely store grain 12' high against the sidewalls. This building (which is 40' wide) may be built in any length. It may be easily expanded at any time.

#### **Birth Certificate** Required For **School Children**

Attention parents: It's later than you think.

This comes from W. D. Carroll, state registrar, whose vital statistics staff at the Texas State De-partment of Health is responsible for handling the flood of requests for birth certificates for children entering school for the first time this September.

Carroll's problem is this: There is a tendency among parents to put of requestng copies of their youngsters' birth records until the last moment. When too many parents delay in this manner, the results are obvious: a work over-

Take On New Look

The condition does not result from any lack of effort on the part of Carroll's staff. "Our limited Vital Statistics Division staffed Vital Statistics Division despite long hours of night and week-end work- can process just so many requests before school begins," he explains.

"It's not a crime to help suf-ring humanity," he added.

#### L. H. Dent Will Fly To Dallas For New Tractor Show

L. H. (Chubby) Dent, Earth will have an opportunity late -this month to see firsthand just how many independent businessmen a major manufacturer needs to sell and service its products through out the United States and Canada.

Along with some 4500 other independent businessmen who have John Deere dealer franchises in will fly to Dallas, the last week in August for the biggest sales meeting of its type ever held.

Sixteen United States and Canadian airlines will cooperate in airlifting the 4500 dealers and 1500 other persons to Dallas within a 24-hour period. It will be the first time any manufacturer will utilize as many airplanes, reserve as many accomodations, and arrange for as many mels for a single group at one time.

The meeting has been called to show dealers the new line of John Deere Tractors and equipment. An nouncement was made this week that the new tractors will be put on the market in late September

Dent, who owns and operates the Dent Farm Supply will fly to Dallas August 29 for the one-day sales meeting that will be held the following day. To accomodate the huge crowd, the Dallas Memorial Auditorium, the Texas State Fairgrounds, and Cotton Bowl will be utilized for various parts of the meeting.

At the Fairgrounds, the largest display of any one power equip-ment manufacturer's products ever to be exhibited at one place will be staged. More than 230 tractors and 270 pieces of equipment will be used in the display.

The dealers will stage their own public showing of the new tractors and equipment after they return to their home communities.
