# The Earth News - Sun

"A CONSOLIDATION OF THE EARTH NEWS and EARTH SUN, OCTOBER 12, 1956"

VOLUME 8

10 CENTS

EARTH, LAMB COUNTY, TEXAS, THURSDAY, OCTOBER 18, 1962

NUMBER 12

### THIS IS IT .... Earth News-Sun Goes Offset

marks the first in a new printing system for your local paper. This week the press run will be made on an offset press at Friona.

The advertisement makeup, page paste up, and news copy is set up in the local News-Sun office to insure complete control of your local newspaper. The press run is the only phase of the newspaper farm-

This is the trend of most modern newspapers today, to equip their home plant with the new type equipment ne-cessary to do paste up work and assemble the proof pages at home and have the presa run made at one of the two offset printing plants on the Piains located at Friona and Hereford.

New equipment was install Monday and production began immediately on the present is sue of the News-Sun, and has been running night and day to produce this week's paper on schedule.

The all-new Foto-Rite machine aids news personnel in obtaining better quality pic-tures with detailed contrast, this coupled with offset print-

quality photos for the paper The new Typositor, affords a vast variety of types availthat never before has been accessable to you local newspaper.

This latest type machine uses film of various types of lettering, these are photographed on paper and pasted on the pages, instead of using metal letters as has been our usual procedure.

Color will also be used, an example of such is used in the present issue, merchants wishing color for advertising may optain it by an addition al cost for the special ink and prosess used in colo. printing.

The IBM Typewriters will arrive in a short time their arrival will ekiminate the Intertype machine use in the production of your paper, its ma-por use then will be for commercial printing.

The waxing machine is forthcoming and will doubtless cut down the time involved in pasteup, as well as perhaps

aid in neater page proofs. This new equipment is our way of saying we serve the best area on Earth, and modernizing your Homelown News-

progress of this area is our way of saying "Thanks" for your through the years.

The present grogregs shown here in the past few years has been tremendous, the progressive trend at the present time is gaining momentum and is leaning toward a gradual concrete growth, which is a healthful growth for Earth area and shows trends of progress for many years to come

Southwestern Public Service Company, at the present time is well on the way of building a new unit to Plant-X, and over 25 new families employed at Plant-X are now residing in Earth, creating a growth per

Also pointing to progress in Earth is the new housing development in the new Hite Park Addition. This new addition now has four new brick homes with at least two others under construction.

This with numerous other patterns of progress has guided the News-Sun to modernize our plant, we hope you like

### Public Service Employees To Receive Awards

Southwestern Public Service Company will be among 57 Plains Division people to be honored at the 14th Annual Fervice Awards Dinner on Octohor 18.

The dinner will be held at the Hilton Hotel in Plainview, with A. R. Watson, president of the Company, making the awards.

Carroll CcDonald, local manager, will receive a 10 year with recognition of the first to be honored. Nina Webb will receive a 5 year

The 57 employees have a combined service of 658 years. with the top award this year, for 35 years, going to J M. Collins. Division manager from

### Ironworker Hurt On Job Thursday

James Muilis 46, was badly injured about noon Thursday while working on the construction of a new unit at Plant-X. Mullis, an ironworker, feli or was knocked from a floate being loaded with 12x12 timbers falling about five feet to the ground. He suffered stomach injuries, cuts and bruises about the head.

His condition did not allow him to be moved from the Amherst Hospital where he was taken following the accident, until Monday, when he was moved to the Greene Hospitai in Muleshoe.

The Earth Volunteer Fire De partment answerel a call for blood donation and eight pints of blood were donated Friday by the fireboys.

His condition Monday was reported to be unfavorable. the halftime at the Spring. A barbeque supper will be lake Kress Homecoming game served at 5:45 p.m. in the souri Valley Construction Co., Mullis, employed by the Misschool cafeteria followed by was employed in the construction of units built at Plant-X in

### A LESSON FROM HISTORY

Surprise!

Condi-

Russia has learned a lesson from capitalist history. The Soviet Union has decided that trademarks, although a foundation of free enterprise, must be made part of the Communist economy.

It seems that the government discovered its 'no-name firms" were turning out poor products, despite constant inspection. Entire industrial groups were producing shoddy material. Lack of identity resulted in lack of incentive, and was learly responsible for lack of quality.

So the government has given each state-owned firm a name, to distinguish one from another. And it has required many firms to identify their products with a trademark.

A Soviet economist, V. A. Nikiforov, explains the Russian switcheroo this way:

"The trademark makes it possible for the consumer to select the goods which he likes . . . This forces other firms to undertake measures to improve the quality of their own product in harmony with the demands of the consumer. Thus the trademark promotes the drive for raising the FOR SALE - Two bedroom home in 400 block 1st. St. quality of production."

Low Down payment and easy Darned if the statement doesn't have a good terms. Call Mrs. Minnie Pate 10-11-4tc old-fashioned capitalist flavor to it!

### **Wolverines Of** The Week

BACK OF THE WEEK - Cary Latham, was selected as Back of the week for a game well played Friday night. Latham gained a hundred and three yards rushing, passed for 65 yards, scored two touchdowns, kicked two extra point tries, punted three times for a 129 yards for an average of 40.1 per try. Not bad for any player to come up with this sort of average in high school football. Cary's closest rival in the backfield was Jerry Been who gained 82 yard; rushing. Boys all we can say is keep up the good work and see if we can't take district

gave his all. There mas no doubt in any fan's mind at Amherst that Dale stole the show as far as defense was concerned. It was by far the performance of the year by any Wolverine lineman. Dale had nine personal tackles and six assist tackles for his nights work. His nearest rival for lineman honors was Boyd Clayton who had three tackles and seven assists. A constant pressure put on the quarterback by Dent stopped several plays with large loss in yardage before the play could get started. Dale our hats are off to you for game well played. Keep up the good work and keep the school spirit high, and see if we can't take district.

### Wolverines Muzzle

by ELDON TROTTER

The improved but injured Wolverines took an early lead, and held on for dear life Friday night, to bring home a victory for Springlake, 28-14.

The Wolverines received the opening kickoff with Jerry Don Sanders returning the ball 18 yards. Latham carried for four yards, Jerdown and six to go, Jerry Don San- 12-yard line. ders gained 4 yards and Cory Latham was forced to kick and punted a beauty for 35 yards.

Amherst tried to move with Edwards making no gain, Cory Sherrill carried for 8 yards making it third and 2 yards needed for a first Been who returned the kick 4 yards. down. Gary Pigg gained only one yard. With only one yard needed ed with Jerry Sanders going for 3 for a first, the Bulldogs called on yards, and an offsides penalty Pigg again and gained the needed setting them back once more. yardage. Edwards carried for no Been was called on to move and gain, Pigg attempted again but no move he did with a 10-yard run. gain, Sherrill picked up one yard Latham on a keeper gained 4 yards

his foot to work on a 30-yard Springlake 6 - Amherst 0.
