AFFAIR WILL BE COLORFUL

Total Of 36 Floats Entered In Santa Parade Here Friday

Another unit has been added to the Welcome Santa parade to be held here tomorrow with the announcement that the Forsan school will enter a float in the procession.

The big parade, which officially opens the Christmas shopping season here, is scheduled to start moving at 5 p. m. It is to start forming about 4 p. m. at 2nd and Nolan streets, Thixton said.

The parade will be concluded with the motorcycle brigade, followed by police and sheriff's department units, and lead the procession. A Parade Marshal from the Sheriff's posse, bands from Lorraine, Coahoma, Big Spring Junior and senior high schools, and the floats and marching units from local schools and businesses will form the body of the parade.

FAITH IN U.S. COURT JUSTICE IS REWARDED

SAN FRANCISCO, Dec. 1. (AP)—A former Detroit man's dislike of blackmailers and faith in American court justice has paid off.

Wanted for a 1916 slaying in Detroit, Thomas Karakatsianis came here 33 years ago. He changed his name, married, raised a family, and started what proved to be a successful business.

Everything went well with him—until a stranger came and demanded \$1,500 to keep quiet about the 33-year-old killing.

Karakatsianis decided he would rather face trial than submit to a blackmailer.

Italian Strike Fails To Paralyze Nation

By PHILIP CLARKE AP STAFF ROME, Dec. 1.—Italy's Communists suffered a humiliating defeat today in their attempt to paralyze this nation in a 24-hour general strike.

Even the Communists laid little claim to success. A spokesman for the CGIL admitted that transportation was nearly normal in most cities.

County Cotton Farmers Getting \$150,000 Additional From CCC

When Howard county's record cotton crop is harvested this fall, farmers will have received approximately \$150,000 more because of the Commodity Credit Corporation's purchase of their cottonseed.

The CCC's price of \$46.50 per ton which has been paid here since early in the harvest season is estimated to be about \$15 better than seed would have brought on the open market. The sale of cottonseed to the CCC is expected to amount to about 10,000 tons when harvest is complete.

Gabe Hammock, administrative assistant for the Production and Marketing association, said seed was selling for \$32 per ton in South Texas when the CCC started its purchases. It would probably have dropped to \$30, hardly enough to pay the cost of ginning, he said.

SHAKEDOWN FEARED

Ward Release May Cost Lot Of Money

WASHINGTON, Dec. 1. (U. S. —) The United States may have to pay a fairly stiff sum to Chinese consulate employees before Consul General Angus Ward and his American staff can leave Communist-ruled Mukden.

Secretary of State Acheson announced yesterday that Ward is planning to work out a financial settlement on Saturday. Officials hope he will not run into long delays resulting from claims which in other cities raised suspicions of a shakedown of departing Americans.

HELD BY COMMUNISTS — William C. Smith (above), Long Beach, Calif., Navy chief electrician, has been held with another American for more than a year by Chinese Communists.

Negro Schools Seek Admission To Association

HOUSTON, Dec. 1. (U. S. —) The Southern Assn. of Colleges and Secondary Schools may decide today whether to admit Negro colleges and schools.

Admission was requested yesterday by Dr. A. D. Bellitt, president of Talladega, Ala., College. He told the association's 56th annual convention the Negro institutions want to take part in setting up standards.

It was the first time admission of Negro schools had been requested. Father Andrew C. Smith, vice president, said the association's constitution has no discriminatory clause.

The associations' accreditation committee evaluates Negro schools with the same standards used for white schools. Some 80 Negro colleges and 150 high schools meet these standards.

A few minutes after Bellitt's speech, the association's planning committee recommended that a study of Negro education in the south be made immediately.

Dr. John E. Ivey, Jr., Atlanta, Ga., told the convention only three southern states are providing good higher education facilities for Negroes.

Except for Arkansas, Kentucky and Oklahoma, he said, every state in the South has been derelict.

Dr. L. D. Haskey, dean of the college of education at the University of Texas, is chairman of the planning committee.

Some of Australia's conservatives were heartened today by the defeat of New Zealand's Labor Government after 14 years in office.

The question was: Would Australia's voters follow the lead of their island neighbors and end the labor government's program of government controls and socialism when they elect a new parliament Dec. 10.

In Britain, where the British Commonwealth's third and youngest labor government also faces a general election before next July, mixed reactions were reported.

The Conservative Daily Mail said the New Zealanders had been "weary of socialist regulations and restrictions" and added "what New Zealand does today, Great Britain may do tomorrow."

Wives Demand Release Of Mates Held By Reds

LONG-BEACH, Calif., Dec. 1. (U. S. —) The wives of two servicemen held by the Chinese Communists since October of 1948 plan to stage a "sitdown" in Washington until something is done about their release.

So declared one of the wives, Mrs. Ruby Smith, yesterday. She said she and the other wife, Mrs. Elmer C. Bender, who is in Chicago, are keeping in touch by telephone and letters.

"We are going to Washington together the first of the year," said Mrs. Smith. "I don't know who we will see, but we're going to sit there until they do something."

The husbands, Navy Chief Electrician William C. Smith of Long Beach, and Marine Master Sgt. Elmer C. Bender of Cincinnati, have been held by the Communists since the forced landing of their plane in Red territory.

Mrs. Bender told the Los Angeles Mirror by telephone that the only word she has received about her husband was from Maine buddies who said he was uninjured, and from Nationalist undercover agents who reported that both men were alive and well cared for.

Mrs. Bender said she has written President Truman, senators, congressmen, the Marines, State Department, missionaries and even the Communists and Mme. Sun Yat-Sen in Peiping.

Mrs. Bender has received many replies, she added. "All very nice, but they don't say anything."

Mrs. Smith has two young sons and Mrs. Bender a daughter, Kathy, four.

THINGS TOO GOOD POLITICALLY

Oklahoma Senator Is Worried About Demo Over-Confidence

WASHINGTON, Dec. 1. (U. S. —) Democratic chances in next year's congressional elections look "so good to some party members they are worrying about over-confidence."

That was the plain implication today in a sum-up of the political situation given a reporter by Sen. Kerr (D-Okla.). Kerr is a former governor and national convention keynote who keeps his eye on the national barometer.

"The people are so aware of the nation's progress both at home and abroad under Democratic leadership that I think they will give it their approval in the 1950 elections," Kerr said.

"At the same time, they are so unaware of any constructive effort by the opposition as to be even less impressed than usual with that opposition."

Kerr didn't put it into words but there was evidence that he believes along with some other Democrats that things look a little too good politically for their party.

Some of them frankly, if privately, are afraid the Democrats may fall into the over-confidence trap they say was sprung on Gov. Thomas E. Dewey of New York and the Republicans in the 1948 presidential election.

The feeling that the Democrats are riding something of a political crest now seems to be shared by some of the Republicans. These party members say privately they don't see any signs now of a GOP resurgence.

The result of the New York senatorial election apparently contributed heavily toward this attitude.

Republicans made a respectable showing in an election where the odds were against them, but the point is they didn't get the victory that would have given them a lift.

Ordinarily the opposition party can count on gaining seats in Congress in non-presidential years. The Republicans made such gains in 1946 that they surprised even themselves by taking over control of both houses.

GOP chieftains are scarcely hoping for any such result next year. Their task is especially tough in the Senate, where so many of the majority party candidates are from the South where Republicans haven't any hope of picking up seats.

Labor Regime Of New Zealand Suffers Defeat

SYDNEY, Australia, Dec. 1. (U. S. —) Some of Australia's conservatives were heartened today by the defeat of New Zealand's Labor Government after 14 years in office.

The question was: Would Australia's voters follow the lead of their island neighbors and end the labor government's program of government controls and socialism when they elect a new parliament Dec. 10.

In Britain, where the British Commonwealth's third and youngest labor government also faces a general election before next July, mixed reactions were reported.

The Conservative Daily Mail said the New Zealanders had been "weary of socialist regulations and restrictions" and added "what New Zealand does today, Great Britain may do tomorrow."

The Independent London Times and the liberal news Chronicle thought labor's defeat in New Zealand resulted chiefly from what the Times called the "long, slow swing" of the "pendulum of party politics."

Leaders of Australia's opposition were not so cautious. Liberal Chief Robert Gordon Menzies commented in Melbourne: "The socialists were brought to power in New Zealand, Australia and Great Britain in that order. This dramatic (New Zealand) result seems a happy omen that they will go out in the same order."

Cafe Owner Charged In Oil Worker's Death

TEXARKANA, Dec. 1. (U. S. —) Two local doctors will examine Carl Maddox, 47, who yesterday pleaded innocent by reason of insanity to charges of murder and manslaughter.

Maddox is charged with murder in the death of Collins Sheppard, Mira, La., oil field worker shot to death in Maddox's cafe. He is charged with manslaughter in the death of Neil Phillips, Bloomburg, Tex., who was clubbed fatally in the same cafe.

Customs Duty To Be Scrapped

PARIS, Dec. 1. (U. S. —) American tourists will soon be able to tote their souvenirs, perfumes and new dresses from one western European country to another without paying customs duty.

An agreement was reached yesterday between 18 Marshall Plan countries creating a single uniform list of goods overseas visitors can carry in duty free.

No date was set for putting the list into effect, but it was hoped most of the countries would start by Jan. 1.

The arrangement affects all overseas visitors, including Americans, but does not permit citizens from one Marshall Plan country to carry the listed goods to another.

On the duty free list are \$400 worth of souvenirs including about a pint of perfume; 400 cigarettes or a little more than a pound of cigars or tobacco; the travelers' own new clothing and other personal effects; two open bottles of wine or liquor and a bicycle.

The list will change touring conditions in a lot of countries. Holland has allowed no liquor to come in duty free. Denmark has allowed only 25 cigarettes per person. And many an American woman who has bought a new Paris gown has had to pay duty on it when she reached England.

"The Cat's Pajamas"

It's anybody's guess as to how—or why—we Americans come to use goofy expressions like that. But from Bayonne in New Jersey to the tall timber way out West, we make ourselves understood with such weird combinations of jumbled jargon. "The cat's pajamas" is one of our national nifties. It's a cute little phrase meaning fine, good : : : the best! Now, we've never before heard a savings plan referred to as the cat's pajamas : : : but that's just what the Payroll Savings Plan is—the cat's pajamas : : : and in spades! It's the simple, automatic plan that you arrange with your employer. Through it, you save—week in, week out, without further effort on your part—a little of what you earn. And then you go on living your life and dreaming of that nice neighborhood, Easy Street : : : secure in the knowledge that when the Bonds mature, you collect \$4 for every \$3 you wisely tucked away. Why don't you start quick-as-a-cat and sign up for Payroll Savings where you work—or, if you are in business or a professional man, the Bond-A-Month Plan at your bank. It'll put a purr in your future.

Deputy Sheriff Charged In Death

MAGNOLIA, Dec. 1. (AP)—Deputy Sheriff G. W. Dickerson is charged with murder in the death of a man he shot while trying to arrest.

Dickerson was trying yesterday to serve a warrant charging Tommie Applewhite, about 45, with assault to murder.

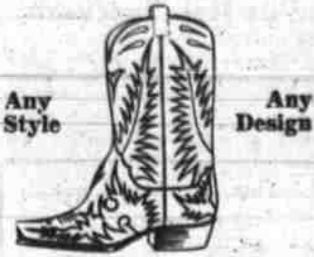

Chief Deputy Sheriff Ed J. Damuth of Montgomery County said Dickerson shot Applewhite one time just above the heart when the man resisted arrest.

Dickerson was released under bond. He was expected to waive examining trial, and his case might be considered by the Montgomery County Grand Jury, now in session.

Applewhite had just left a general merchandise store and had been threatening the owner, T. H. Von, with a shotgun, Damuth said.

MURDER 'HOAX' TURNS INTO GRIM REALITY AS WOMAN'S BODY FOUND

ST. JOSEPH, Mo., Dec. 1. (AP)—A strange story of murder, once discounted as a hoax, became a reality last night with the finding of a woman's battered body.

Sheriff George Gibbons said 45-year-old Tommy King, a transient, led officers to the body of his wife, Ingrid King, 38. The body, fully clothed and wrapped in a pink blanket, was found between a river road and a railroad track.

Coroner W. E. Maxwell said the woman was killed by four blows on the head and apparently had been slain two weeks ago.

Last Nov. 21 Leavenworth, Kan., police said they were told a murder had been committed. They said the tip came from King's relatives.

St. Joseph police were asked to join in the investigation. John W. Lard, St. Joseph chief of detectives, said the story finally was discounted as a hoax when a woman contacted him and said she

Aly, Rita To Move To Winter Chalet

LAUSANNE, Switzerland, Dec. 1. (AP)—Arrangements for Film Star Rita Hayworth and her husband, Prince Aly Khan, to move to their winter chalet around Christmas time led to the belief today she expected her baby before that time.

Aly and Rita have been in Lausanne for nearly a month and have made secret reservations at Montchoisi Maternity Clinic here. No word has leaked out as to when Rita expects to enter the clinic.

Rita lives in almost complete seclusion while she awaits the birth of her baby. When she does leave her hotel suite she is always accompanied by Prince Aly or his half-brother, Prince Sadruddin.

Outside the prince's family the couple receives few visitors. Rita made a rare exception when Actress Constance Bennett came to the hotel last week end. The only other outsiders to come to her suite are her French teacher and her hairdresser.

Russian Paper Flays Thomas

MOSCOW, Dec. 1. (AP)—The Soviet Weekly New Times says American Radio Commentator Lowell Thomas was sent to Tibet by the U. S. Government to try to tear that country away from China and turn it into an Anglo-American colony.

The publication, devoted to foreign affairs, said Thomas was given a "very important role" by the U. S. Government when he made his recent visit to the high Lama of Tibet.

(Thomas, still on crutches with a hip injury he suffered in a fall in Tibet's Himalaya Mountains, commented at his Pawling, N. Y., home that his trip had "nothing to do with any government."

(He said he and his son had gone to Tibet as "ordinary travelers" and had left the U. S. so quickly they had even forgotten to ask the President if he wanted to send gifts to Tibetan leaders, according to ancient custom.

"The Russians," Thomas said, "and perhaps the Chinese Reds, are trying to find excuses to invade Tibet. They may be using us as an excuse."

The New Times said despite U. S. and British plans Tibet would be "liberated with the remainder of Chinese territory by Chinese Liberation (Communist) forces."

Russia Expected To Make Reply To Yugoslav Accusations Today

NEW YORK, Dec. 1. (AP)—Russia is expected to react back today at Yugoslav's defiance before the United Nations of Moscow's campaign to do away with Premier Marshal Tito.

Yugoslavia opened the diplomatic battle with the Soviet Union in the 59-nation General Assembly yesterday, charging the Moscow-directed Cominform is using policies detrimental to peace.

Yugoslavia reaffirmed her own intention to maintain independence from Soviet control and told the Russians the Cominform's stepped-up campaign against Tito will fail.

The statement of Yugoslav Ambassador Sava Kosanovic placed the Soviet Union in the role of a defendant before the UN. Soviet Foreign Minister Andrei Y. Vishinsky then announced that he would speak today.

Diplomatic observers felt that merely as a matter of prestige he could not afford to ignore Kosanovic's charges. The Yugoslav spokesman leveled his blast against Cominform Communist International Information Bureau) policies at the assembly, in primary session, named a vote on rival Russian and American-British proposals for strengthening peace.

The American-British peace proposal calls for a reaffirmation of the pledges contained in the United Nations Charter. The Rival Soviet plan suggests a five-power non-aggression pact. It also de-

ounces the United States and Britain for what Vishinsky says are their attempts to foment a war against Russia.

The assembly expected to react, vote on the competing plans today. It was conceded on all sides that the American-British proposal would receive an overwhelming majority, just as it did in the political committee last week.

The total effect of the Yugoslav statement yesterday was to place in question the contentions of the Moscow bloc spokesmen that the Soviet Union from its birth has struggled to maintain world peace.

Referring to the Soviet peace proposal, Kosanovic said the Yugoslav delegation "called the attention of the UN to the discrepancies between the words and the deeds

in the Soviet attitude." He asked whether it was a coincidence that the Cominform adopted a "new resolution against Yugoslavia" at the very time the assembly was discussing the Soviet peace proposal.

The Cominform resolution to which Kosanovic referred called on Communists everywhere to help in the task of getting rid of Tito.

The Yugoslav premier was thrown out of the Cominform 17 months ago for following what Moscow regards as a distance of the orthodox Communist Party line.

Kosanovic declared no Cominform resolution could do away with the Tito government. He said Tito holds the solid support of the Yugoslav People's Front.

Doak Walker, Jim Williams Named To AP All-America

SMU Star Wins Honor 3rd Time

By FRANK ECK
AP News Features Sports Editor
NEW YORK, Dec. 1.—The nation's top four football juggernauts—Notre Dame, Oklahoma, California and Army—appropriately enough gained six places on the 25th Associated Press All-America team.

Notre Dame, the No. 1 team by the widest of margins, dominates the 1949 team with three men. They are the Irish co-captains, End Leon Hart and Tackle Jim Martin, and their rugged bull-necked fullback, Emil Sitko.

Oklahoma's representative is Wade Walker, a 203-pound tackle from Gastonia, N. C. California's Bears, the Rose Bowl hosts, have Rod Franz at guard for the second straight year and Army made the mythical array with its brilliant all-around athlete, Quarterback Arnold Galiffa.

Two repeaters in the backfield are the prize triple threat men from the southwest and south, Doak Walker of Southern Methodist and Charlie (Choo Choo) Justice of North Carolina, respectively. This is the third straight All-America for Walker and the second for Justice.

The other three places went to Clayton Tonnemaker, Minnesota's 245-pound center; Guard John (Bull) Schweder of Pennsylvania and End Jim (Froggy) Williams of Rice.

With Notre Dame gaining three places the team strength lies in the Midwest, the others from the section being Tonnemaker of Minnesota and Walker of Oklahoma. The east and southwest each placed two players on the first team with the south and west coast getting one spot apiece.

The other end, Jim (Froggy) Williams, the first place scorer in the southwest with 38 points on five TD's, 25 extra points and a field goal. In the conference race he was outscored only by Doak Walker.

"Williams is one of the finest boys I've ever had the privilege of coaching," said Rice backfield mentor Cecil Grigg. "He's a real leader."

The 21-year-old six-foot 185-pounder from Waco is a modest player to say the least. After kicking a field goal that beat Texas in the last 10 seconds, all Froggy talked about was the great line play of his teammates.

Getting back to the backs, a name famous in wartime football comes to mind with the mention of Fullback Emil (Red) Sitko. Seven years ago he was a freshman at Notre Dame. That's because three of his football years were with the Navy. He was one of the villains in Notre Dame's only defeat in 1942, the last time a Leahy-coached team was beaten. All Sitko did to help give the Great Lakes Navy team a 19-14 victory was act as a defensive bulwark. Several times he was the last player in the way of a Notre Dame ball carrier and the goal line. And each time he had to make the tackle he made it.

There's no telling how many points Doak Walker of Southern Methodist might have scored this season had he been able to play every game. He missed the Kentucky game but came back in time to kick the extra point that beat Texas, 7-6.

A specialist in kicking, passing or running, Walker is a triple threat in the true sense of the word. He led the southwest major schools in scoring this season.

The Doaker, a 168-pound Texan from Dallas, had one of his real good games against Missouri. The Mustangs won 28-27 with the help of three Walker touchdowns and four extra points. He gained 103 yards on the ground and 68 in the air that day.

"His play this year is more admirable than any other season," says his coach Matty Bell. "I haven't used him on defense, except when absolutely necessary. But he's one of the greatest defensive players in the country."

It will be many years if ever before SMU sees the equal of Walker. Bobby Wilson is the only other SMU back ever to make All-America.

That was in '35. Walker's career ends Saturday at Dallas. The opposition—Notre Dame.

A couple of veritable blockbusters, Jim Martin of Notre Dame and Wade Walker of Oklahoma, are the All-America tackles.

Martin, a 204-pounder from Cleveland, is one of the secrets—great all-around ability—of Notre Dame's success of the past few years. He looked like a clinch to be named All-America end before the season opened yet willingly went along with his coach when Leahy suggested he shift to a tackle spot. He has been the same brilliant player at tackle he was at end the last three campaigns.

Walker, a 203-pound six-footer, is one of the big reasons why Oklahoma's right halfbacks have been so successful these last four years. After serving in the Navy, Wade played varsity ball for the Sooners as a freshman and blocked from his right tackle position for Joe Bolding. In 1947 he was the blocker for George Brewer. For the last two years he was the man in front when George (Junior) Thomas bulldozed through opposing lines. This year, Thomas set a Big Seven scoring record, getting 105 points in the first nine games breaking the record of 98 set by Missouri's Bob Steuber in 1942.

Guards Rod Franz of California and John (Bull) Schweder of Pennsylvania both are rugged and would fit well into any team's forward wall.

Franz, a good looking 205-pounder who has had offers from Hollywood motion picture studios, is regarded as the best blocking lineman on the coast, where football is on the upswing this year. He has thrown a number of key blocks on runs which went for touchdowns.

Schweder, one of the reasons why Army found Penn so tough, was a 60-minute man in rough going. Three times he threw Arnold Galiffa attempting to pass. After the Navy game he was named lineman of the week. A 200-pounder, he comes from Bethlehem, Pa., home town of Chuck Bednarik, Penn's All-America center of the last two years.

Center Clayton Tonnemaker of Minnesota, at six-three, is one of the tallest men on the line. He ranks right next to Hart in that department and also in weight for he scales 245.

Jaycees Oppose Cisco Tonight

Cage Season Gets Underway

Howard County Junior college's promising basketball team plunges into its 1949-50 schedule here tonight, tangling with the Cisco JC Wranglers in an 8 o'clock engagement.

Coach Harold Davis maintains great hope for his Jayhawks. The height is there, for one thing. The experience is apparent, for another. And the personnel seems determined to make the most of what it has.

Davis was uncertain about his starting lineup this morning. He could open with a quintet averaging better than 8-foot-4 in height. However, the mentor is due to sacrifice some altitude for speed and experience.

Bill Fletcher and Delmer Turner, his high scoring acres of last season, are back, prepared to set new scoring marks. Playing their first season with the Big Springers are such hopefuls as Leon Blair, who rated All-District 3AA honors last year as a member of the Lamesa high school club; Melvin Norris, a tree-tall youth from Louisiana; Culin Grigsby, a standout for Big Spring high school last season; Eldon Prater of Forsan; and Louis Stallings, a stellar athlete for Stanton high school a couple of seasons ago.

B. B. Lees, who has shown more lustre than any one in camp to date, is almost certain to start tonight's contest. Frank Dunn is another hold-over who will see a lot of activity.

A B string game will open the evening's entertainment at 6:30 p. m.

Lined up for action in the reserve clash are Paul Deatherage, Ernest Potter, Charley Simmons, Moe Madison and perhaps Gil Barnett, although the latter is sure to see much work in the regular go.

Cisco brings a veteran team to town and should offer some rugged competition for the Hawks. Milton Eller and A. B. Sykes, well known here as Longhorn baseball league umpires, will officiate at tonight's contest.

Gulf Coast Set With 6 Clubs

DALLAS, Dec. 1.—The Gulf Coast League—Texas' newest professional baseball circuit—is all set with six clubs, Howard Green said here today.

Green was on the way to Baltimore for the national baseball convention.

He formed the league and was elected temporary president.

Lufkin, Jacksonville, Galveston and Port Arthur, Texas, and Lake Charles and Crowley, Louisiana, form the circuit.

Lufkin, Jacksonville and Crowley already have parks and the others have raised the money to build. Green said it was hoped to expand the league to eight clubs next year. Baytown and Orange, Tex., and Opelousas, La., are 1951 member prospects.

Billies Oppose Coahoma Quint

KNOTT, Dec. 1.—The Knott Hill Billies, victors over Ackerly Tuesday night, play the Coahoma Bulldogs in a practice basketball game here tonight.

The Billies surprised Ackerly winning 21-20, when Don Barnes sank two free pitches in the last five seconds of play. Barnes was the game's high scorer with 12 points, followed by J. Rhea of Ackerly, who collected 11.

Knott also won the girls' game, that one by a 30-14 count. Faye Williams was Knott's standout performer with 13 points. Jean Berigan came in for eight while Edith Jackson of Ackerly had six.

49ers Cancel Called Strike

SAN FRANCISCO, Dec. 1. (U)—The San Francisco 49ers pro football squad called off a threatened strike today.

A team spokesman said the 22 players decided their obligation to fans who want to see them play the New York Yankees here Sunday was more important than their demand for a \$500 bonus per player for the game. Sunday's affair is a semi-final playoff in the All America Conference.

Earlier Team Capt. Norman Standley, 245 pound fullback and onetime Stanford great, and Halfback Les Eshmoot, former Fordham flash, speaking as "elder spokesmen" said the men wouldn't show up for the game unless they were promised the bonus.

Tony Morabito, one of the club owners, said, nothing doing. He told the 49ers to turn out for practice this morning or the season would be over as far as they were concerned.

The squad of 22 went into a huddle last night. They came out of it at midnight with the announcement there would be no strike.

The 49ers won second place last Sunday in final All America Conference standings by beating the Yankees 35-14 in a bruising game. The Yanks wound up third and the two teams are scheduled to open the playoff here.

Cancellation of Sunday's game would have meant refunding an estimated \$75,000 in advance ticket sales and the 49ers owners would have had to meet the Yankees' guarantee of \$15,000.

Wagering Scored Gy TCU Mentor

DALLAS, Dec. 1. (U)—Texas Christian University's head football coach says he's going to make war on football bookies.

"I'm going to fight them up and down the nation and try to stop card playing on football games," Coach L. R. (Dutch) Meyer told the Temple Emanuel-Brotherhood last night.

He chided fans who criticize boys for making mistakes on the playing field. "I'm afraid we are losing sight of the boy and taking the game too seriously," he said.

"I hope before I die I can see one game when the entire crowd cheers a kid when he makes an excellent play, regardless of what side he's on."

Meyer said this year's Texas Christian team was "the greatest I have ever seen in courage and spirit." He said Texas might be the strongest team in the Southwest Conference next season.

Meyer said Southern Methodist has only "a remote chance" of beating Notre Dame Saturday.

"When you play Notre Dame you play not one but three teams," he said.

INDIANS SCALPED LUBBOCK, Dec. 1. (U)—Texas Tech overpowered McMurry College's Indians 74-46 last night in the basketball opener for the Red Raiders.

LOOKING 'EM OVER

With Tommy Hart

From what vocation does the best working-man golfer hail? Well, apparently, they come from all walks of life, if you consider the winners in the Big Spring Invitational tournament down through the years.

Charley Qualls, the Post linkman who copped the crown here in 1931 and '32, was a postmaster at that time. Now, he is in the insurance business in Amarillo.

Shirley Robbins, who captured the title in '33, is professional and manager at the Big Spring country club. His successor, J. J. Neal, of Hobbs, N. M., is in the oil business.

Eddie Morgan, the 1945-36 champion, is a flier, living in Hollywood.

The 1937 klippin, Dick Snider of Dublin, was and is a dentist. Doug Jones, who won the following year and again in 1946, drives a bus in and out of Abilene. Elton Dozier, winner in '39, now operates the local bowling alleys.

Bobby Davidson of Odessa, champ in 1940, is connected with the oil business in Ector county. E. C. Nix, who walked away with the bauble in 1941, is a Seminole rancher. Bill Roden, winner in 1942 and again in 1947-48, has a beer agency in Odessa.

L. A. Escalante, the best in the 1943 show, is at the present time a golf pro in Brownsville, Tex. No tournament was held in 1944. Raymond Marshall, who breezed to the throne room in '46, is a farmer in the vicinity of Lubbock.

Jack Williams, 1949 title-bearer, is still a college student at Oklahoma A & M, or was, at the latest report. He hails from Plainview.

EAST-WEST GAME ALMOST WORTH MONEY
If we had our choice of seeing all the year-end football attractions, we might be tempted to take the East-West contest at San Francisco, Calif., which takes place Dec. 31.

The game's promoters get the cream of the college seniors year in and year out, those that is, who are not playing in the other bowl contests. All proceeds from the outing, above expenses, go to a worthy cause, the Shrine club's crippled fund.

This year, such outstanding grid personalities as Doak Walker of SMU, Jim Powers of USC, Ken Carpenter of Oregon State, Tom Novak of Nebraska, Lynn Chandross of Michigan State, Art Murakowski of Northwestern, Wally Tenning of Michigan, Hillary Cholet of Cornell, Herb Carey of Dartmouth, Clayton Tonnemaker of Minnesota, Ed Bagnon of Michigan State and John Schweder of Penn are among those who will compete.

This reporter was privileged to witness the 1944 classic and shall never regret it.

RAY MORRISON HAD TO PASS UP OFFER
Ray Morrison, the colorful Austin college coach who brought razzle-dazzle football to the Southwest was all but lined up for the speaking engagement at the Lions' club football banquet here.

However, Ray had to beg off due to throat trouble and the job is still open. The banquet takes place in a few weeks but the exact date hasn't been set.

Burl Huffman the New Mexico mentor, will fill a similar engagement in Odessa. Dutch Meyer was originally lined up for the Odessa appearance but couldn't make it due to other commitments.

Y Casaba Meet Set

A meeting of all interested persons to organize an open basketball league for the city has been called for Friday by Lee Milling, YMCA director.

All groups who are interested in fielding teams for the loop are urged to have representatives on hand for the meeting at 7:30 p. m. at the Y, Milling said. Organizations which will probably enter teams in the loop are American Legion, Coca Cola, Grapette, Texas Electric Service company.

Games for the members will probably be held two nights each week after the league is formed, Milling stated.

Rice Owls Surge To Win, 74-65

HUNTSVILLE, Dec. 1. (U)—The Rice Owls whipped Sam Houston State, 74-65, to open the basketball season for both teams last night.

The Bears led 36-33 at the half, but Capt. Warren Switzer of Rice pulled his team out in front. He scored nine of his 14 points in the early minutes of the second half.

Army Starts Releasing Of Draftees Today

WASHINGTON, Dec. 1. (AP)—The Army starts releasing its draftees today. It announced yesterday that 20,000 men drafted or recruited under the 1948 Selective Service Act will be given a choice of four alternatives: 1. Take a release after 12 months' duty and enter the reserve. 2. Complete 21 months of active service before entering the reserve. 3. Stay in service for a total of 30 months, after which they need not enter the reserve. 4. Accept a discharge "for the convenience of the government," and then enlist for a full term in the regular Army.

The program affects 24,000 draftees and another 6,000 men who enlisted for 21 months under the 1948 act. First to be released will be those who were drafted or volunteered in November, 1948. Men called in December, 1948 and January 1949 will be released upon completion of 12 months service. Some 400 ROTC graduate officers called to active duty for 21 months under the act also will be released upon 12 months' active service.

Pravda Charges Red Leaders Covering Up

LONDON, Dec. 1. (AP)—Entirely too many Communist leaders are covering up for friends who make mistakes at work the Soviet newspaper Pravda said today. An editorial broadcast by Moscow radio told Communist leaders they must put the party, the Soviet state and the Soviet people above everything—even above friendly relations.

Bucher Awarded Mail Contract

Jerry B. Bucher was the successful bidder for the job of transporting mail from the post office to the T&P depot, local post office authorities have been informed. Bucher's appointment takes effect Dec. 5. He replaces J. B. Murphree, resigned.

One of Trio Jailed In Rape of Woman

Pedro Mungia, one of three men accused in the rape of a Latin-American woman here last month, has been arrested by county authorities and lodged in the county jail. The other two men allegedly connected with the assault on the woman are at liberty on bond.

GOLD STRIKE OUTLOOK BLEAK

FAIRBANKS, Alaska, Dec. 1. (AP)—Whatever became of the Fishwheel gold strike? Howling arctic winds and sub-zero temperatures by the answer to that question clutched closely to their frigid bosoms. Oldtimers Sam Gamble and Ed Farrell, who held hopes of a genuine "strike" up until last week, declare wryly that nothing can be determined until spring, but "prospects look pretty bleak."

RIBBON LAMBLINGS By Mildred Young

To all but some half-dozen members of the Big Spring Schools Junior band, the march in the Christmas parade will be a new experience. Marching practices have been in order this week for the group's first parade appearance on Friday. The majority of this 40-piece organization began their study of instrumental music during the summer band school this year. They come principally from the sixth, seventh and eighth grades. There are a few in lower and higher grades. Previous public performances this year have been a Steam football game with Snyder, and a junior high football game with Midland. The band will be in uniform of blue jeans and white shirts. Their drum major is Larry Evans, a member of the high school band.

Also appearing in the Santa Claus parade will be the senior band, a veteran parade unit, having participated in many local and out-of-town parades, especially during this fall's centennial celebration.

Women continue to pay so-called luxury taxes on what seem to be everyday necessities such as lipstick and baby oil, deodorants and talcum. Excise taxes remain on movie tickets and inexpensive fur coats. Clubwomen in a lot of cities are calling their Congressmen on the carpet by having them speak at programs scheduled from now until the January 3 opening of Congress. They're asking what can be done about excise taxes in the coming session of Congress. It does seem that there's an awful lot of money going into Uncle Sam's hands from those individually small, but collectively, heavy taxes.

Soldier Admits Shooting, Robbing Of Station Owner

TEMPLE, Dec. 1. (AP)—Sheriff E. G. (Buck) Ray said a 21-year-old soldier confessed early today he shot a Temple filling station owner and robbed him of \$300. W. W. Eldredge, 53, was shot three times late last night by an assailant who fired from concealment as he was closing his station. After an operation early today, hospital attendants said he had a chance to live. Ray said he and Texas Ranger Truman Horton arrested the soldier, stationed at Camp Hood near here, on a bus at Kilglen. He said the soldier made an oral confession and led the officers to a .38 caliber pistol which had been thrown into shrubbery in front of the Temple Municipal Building. Ray said he would file charges today.

Negro Draws Fine On Liquor Charge

J. W. Smith, a Negro apprehended by local investigators of the Texas Liquor Control board, was hauled into Dawson county court earlier this week and charged with transporting liquor in a dry area without a license. His fine was set at \$100 and costs. Smith said his home was in Lubbock.

Granary Wall Falls, Smothers Two Men

WILSON, Dec. 1. (AP)—A granary wall collapsed yesterday and tons of grain sliding into a pit smothered two workmen. They were Albert Clubb, Jr., 21, of Lubbock and Vernon Lee Wilkins, 32, of Wilson. The cave-in at the granary, owned by Clubb's father, was believed to have occurred about 10 in the morning, but it wasn't discovered until 1 o'clock in the afternoon. Rescue workers dug out the bodies. Wilson is 16 miles southeast of Lubbock.

Court Asked To Act Quickly On Tidelands Claim

WASHINGTON, Dec. 1. (AP)—The Supreme Court had a request from the Justice Department today for speedy action on the government's claim to the oil rich tidelands for Texas and Louisiana. The department asked for a decision in the Louisiana case using the facts and pleadings now before the high tribunal. The department also asked the court to turn down the state's demand for a jury trial. As an alternative the court was asked to hear argument on a motion for judgment of whether the government has paramount rights to the tidelands of full title. The Justice Department filed a separate petition asking the court to reject Texas' demand for appointment of a special master to gather evidence and make recommendations for a final decision. The high court, the department said, should bear argument as soon as possible on the motion by the government for immediate judgment against Texas. The Justice Department also asked the court to reject the request made by Texas for permission to take oral depositions bearing on the tidelands claim. Texas had asked that the depositions be taken from Capt. Thomas Fenlon of Hunt, Tex.; Robert Armingier, Capt. Richard Carey, Richard Carey, Jr., and Edgar Granger, all of Beaumont.

Pig Run Highlights Livestock Sale Here

A large run of pigs highlighted the Wednesday sale at the Big Spring Livestock Auction barn, upwards of 200 ewine being handled during the afternoon. Fat bulls inspired bids up to \$17.00. Fat cows sold for 14.50 to 16.00, butcher cows from 12.00 to 14.00, and canner cows from 9.00 to 11.00. Fat calves exchanged hands for from 18.00 to 21.00 and stocker steer calves from 22.00 to 24.00. Heifer calves sold for 21.00 to 22.00 cows beside calves for 15.00 to 16.50 and hogs for 16.00 to 18.00. An estimated 1,000 cattle were paraded before the buyers.

Automobile, Truck Sales Booming Here

Sale of new automobiles and trucks continues to boom at a record rate locally. During the month of November, a total of 161 new passenger and 54 commercial vehicles were registered at the county tax collector-assessor's office.

District Eight Representatives Begin Plans For Spring Convention

Incomplete and tentative plans were made for the District Eight, Texas Federation of Women's clubs convention to be held here in March when district officers and local representatives met in a business session at the Settles hotel Wednesday. Purpose of the session was to move arrangements for the convention to a local level so that detailed plans will be easier to complete. Though district officials are the convention executives, most of the convention supervising, of a necessity comes from the local ranks. Mrs. Don Seale has been named general convention chairman. Mrs. H. W. Smith is the co-chairman. Mrs. Jack Irons will be the convention secretary, Mrs. H. M. Jarrett, the local program chairman. Mildred Young will serve as local publicity chairman with Mrs. A. W. Whipkey as co-chairman. Previously appointed as conference officials were Mrs. Charles Watson, district publicity chairman and Mrs. Bob Eubank, district registration chairman. Luncheon was served in the Settles Hotel Coffee shop. Those present were Mrs. Joseph Best, eighth district president, Mrs. S. L. Gehr, district secretary and treasurer, and Mrs. J. F. Local Scout Troop To Resume Meetings

Boy Scout Troop No. 1, oldest in the state from point of continuous registration is to resume regular meetings next week. A. A. Cooper has been announced as the new scoutmaster for the troop, which has been without a leader and therefore not meeting for several weeks. The meeting time has been set for 7:30 p. m. Tuesday in the hut provided by the Rotary club, sponsors, at the College Heights school grounds. Cooper is manager of Sherwin-Williams company here. All members of the troop are being notified to be present at the Tuesday meeting.

Thief Has Hot Foot

ORLANDO, Fla. (AP)—One James found out he had better watch his step after this. Picked up by Police Lieut. Joe Bach on suspicion in the theft of a \$20 bill, James told a convincing story and was released. As he left headquarters, police noticed he had a slight list to starboard. Closer examination showed the sole of James' left shoe was a bit thicker than the right. The \$20 bill was folded under the sole. In jail, James said, "I'd have gotten away if I'd just squatted a little."

Sales In Retail Stores Okay As Profits Shaved By Costs

NEW YORK, Nov. 17 (AP)—Retailers are facing a pretty bright future in the next months ahead as far as their sales volume is concerned. The pinch comes in profits.

The amount of money being rung up on department store cash registers right now is only a shade below a year ago. And remember that last year was one of the best in grand totals that department stores ever had.

But this year their profits are being shaved down by high operating costs. On every score it costs more to stay in business now than a year ago.

The 7 department and specialty stores in the list reported sales only three per cent under a year ago, but their profits were off 35 per cent.

NOTICE TO DOG OWNERS...

In response to numerous complaints, The City of Big Spring has employed a Dog-Catcher, effective December 5th.

Dogs running at large will be impounded, and if not redeemed by the owner within 72 hours, will be destroyed by the City Veterinarian.

To redeem an impounded dog, the owner must have the dog vaccinated against rabies, and secure a City dog license.

The City dog ordinance prohibits dogs running at large, even though properly vaccinated and licensed, and such licensed dogs will be impounded if caught off the owner's premises and not accompanied by the owner.

Please cooperate by having your dog vaccinated and licensed, in order that we may clear up the dangerous conditions being caused by the large number of stray dogs roaming through the City.

'Democracy Beats Communism' Program Sponsored By Legion

A program to stress the merits of the democratic form of government, as contrasted to communist theories, will be presented on a city-wide basis by the local post of the American Legion.

The observance, called "Democracy Beats Communism" will occur on December 7, the anniversary of Pearl Harbor, and will be handled locally in conjunction with a state wide program sponsored by the state department of the Legion.

MAYOR'S PROCLAMATION

Whereas, the American Legion, Department of Texas, has designated one day to be set aside for all the citizens of the state to dedicate themselves to a close appraisal of the advantages we enjoy under our democratic form of government; and Whereas, the Department Commander of the American Legion has called upon all of the 758 American Legion posts and each of the more than 100,000 members of the American Legion to give their whole-hearted support of this movement; and Whereas, the governor of Texas has joined the Legion Department Commander in urging each of the more than seven million citizens of this state to give their cooperation; and Whereas, the date of this observance falls on December 7, the anniversary date of Pearl

Harbor, an occasion in history which should remind us at all times to be alert in the interests of democracy and freedom; and Whereas, the people's full support of the democratic form of government is an essential to making this system work; now Therefore I, George W. Dabney, Mayor of the City of Big Spring, Texas, do hereby proclaim Wednesday, December 7, 1949, as "Democracy Beats Communism" Day, and urge all our citizens, our churches, our schools and our civic organizations to join our American Legion Post to devote and dedicate this day to "Operation Democracy" and to put up a solid front against communism.

Given under my hand and seal this 1st day of December, 1949. (Signed) George W. Dabney Mayor

Special addresses, an essay contest for high school students and similar features are on the schedule locally. A special proclamation is being issued by Mayor G. W. Dabney urging city-wide observance of "Democracy Beats Communism" Day.

A special address on that theme will be given by Harold Steck, past commander of the Legion post before the Lions club on December 7. Public officials and leaders of other civic organizations will be special guests for the occasion.

At 8:30 p. m. on the evening of December 6, State Legion Commander Joe Spurlock will deliver a radio address over a state-wide hookup, and the talk will be heard locally over station KPSB.

Governor Allan Shivers has called upon all the citizens of Texas to dedicate the day to a "calm, patriotic analysis of the benefits of democracy."

The local Legion post, in order to interest the younger citizens in the advantages of their system of government, has announced an essay contest for high school students.

Essays may be submitted in 500 words or less on the subject, "Democracy Beats Communism," and contestants may get full information from school officials. The Legion will present a \$10 cash award and a gold medal for first prize; \$5 cash and a silver medal for second prize, and a bronze medal for third prize.

Commander Frank Hardesty of the Legion post is directing overall plans for the city observance, and Neel Barnaby is a 19th district representative in the program.

Red Underground In America Is Described In Hiss Trial Notes

By CHARLES MERCER AP STAFF

NEW YORK, Dec. 1. — Operations of a powerful Red underground that sought to bend prewar U. S. policy to the will of the Communist Party are described in notes introduced at the Alger Hiss perjury trial.

The heretofore secret notes, based on information supplied to the State Department by ex-Spy Courier Whitaker Chambers, sketch the interworkings of a Red bloc penetrating deep into New Deal Washington.

Asst. U. S. Atty. Thomas F. Murphy put the notes on record Tuesday to bolster the prosecution's claims about Communist intrigue that figure importantly in the perjury charge against Hiss.

Hiss, former high State Department official and adviser to the late President Roosevelt, is accused of lying when he told a federal grand jury he never gave government secrets to Chambers.

He is on trial for the second time, after a jury last summer was unable to agree on a verdict.

The State Department notes, studded with names of prewar federal jobholders, picture a bold and successful maneuver by the Communist party in 1934 to enlist secret converts in the government.

Reports written by Raymond

Murphy, State Department security officer, on two talks in 1945 and 1946 with Chambers, describe the underground's purpose as "far more important and cunning" than spying.

"The purpose," a memo said, "was for each member to advance as high as possible in the government to shape legislation favorable to the program of the Communist government."

One note said Hiss' job "was never to make converts — His job was to mess up policy."

Another note, jotted down by Asst. Sec. of State Adolf A. Berle, Jr., after a talk with Chambers in 1939, hinted that Russia was able to obtain plans on two U. S. super-battleships.

Cryptic, abbreviated and filled with question marks, the Berle notes in part read:

"Plans for two super-battleships — secured in 1937 — who gave — Karp — brother-in-law of Molotov — working with Scott Ferris, got this release — Now: Naval Architect working on it, why?? Field was original contact. He introduced Mr. Z to Gompertz (Heeda) — relationship was casual — shall excuse? — where is Hedda Gompertz?"

The "Z" referred to an individual whose name was omitted after Defense Counsel Claude B. Cross said he thought use of the name would affect the reputation of a dead man.

Molotov is Russia's deputy premier, and former foreign minister. A Hedda Gumpertz Massing is an ex-wife of Communist fugitive Gerhart Eisler who fled this country as a stowaway while under indictment for passport fraud and contempt of Congress.

No clues were given as to the identities of "Field" or "Scott Ferris."

Soviet Farm Plan Goals Exceeded

MOSCOW, Dec. 1. — The Soviet Ukraine reported today it had already exceeded the goals of the 1949 plan for increasing livestock.

The report printed in Moscow papers said there were 1,000,136 more cattle and 368,000 more pigs on Ukrainian farms than there were in 1940, before the start of the war. Total figures were not given.

Most gold taken in the Fairbanks, Alaska, area is mined by giant dredges larger than the average two-story house.

Eisenhower Hits 'Man in Washington'

NEW YORK, Dec. 1. — Gen. Dwight D. Eisenhower says that "a man in Washington who wants to play the almighty with our money" is not his idea of liberalism.

The "man in Washington" was not identified by Eisenhower, who has been busy again lately side-stepping presidential booms.

Mass Production Of Sandwiches Is An Easy Matter

Now that clubs and PTA meetings are under way, it's time to think about quantity feeding. The National Canners Association of Washington, D. C., has come up with a school-lunch recipe book using canned foods, which to our way of thinking would come in pretty handy for anyone who has the job of serving 25 or 30 people at a time.

The 25-page booklet has a page of pattern menus and dozens of recipes. Here, for example, is a recipe for Tuna Sandwiches from the booklet. And to make sandwich-making for a crowd easier, here also is an assembly-line technique for quantity sandwich making.

TUNA SANDWICHES
25-SERVINGS
Eggs, hard cooked, 12; Tuna, flaked, 2 13-oz. cans; Lemon juice, 2 tablespoons; Onion, finely chop-

ped, 1/2 cup; celery, finely chopped, 1 cup; Mayonnaise, or cooked salad dressing, 1 cup.
80-SERVINGS
Eggs, hard cooked, 24; Tuna, flaked, 4 13-oz. cans; lemon juice, 1/2 cup; onion, finely chopped, 1 cup; celery, finely chopped, 1 pint; Mayonnaise, or cooked salad dressing, 1 pint.

Assembly-Line Technique For Making Sandwiches

1. Prepare filling ahead of time and store covered in refrigerator.
2. Line up slices of bread, in pairs, on cleared work table.
3. Use softened butter or margarine and spread all slices of bread in one operation.
4. Use a No. 16 dipper (holds 1/4 cup) to place filling on bread. Place filling on alternate rows of bread in one operation.
5. Spread filling with a knife in one operation.
6. Arrange lettuce, if used, on each piece of bread spread with filling.
7. Top filling with second slice of bread.
8. Cut all sandwiches.

That Interesting Fellow — The Scallop

Scallops are in plentiful supply right now, and in towns along the Middle Atlantic Seaboard are among the cheapest seafoods available. These delicious little morsels are also frozen in consumer-size packages and shipped to all parts of the country so that everyone can enjoy them.

All of which reminds us that the scallop is an interesting little animal. Most of us have seen the pretty shells which make useful little dishes, ash trays and individual baking dishes. We know how delicious scallops are as a food, served with tartar sauce or lemon wedges. But how many of us have heard these interesting facts about scallops?
The National Fisheries Institute tells us that: There are two kinds of scallops—the small bay scallop and the large sea scallop. Sea scallops, which are in season all year round, are taken by dredging, sometimes at considerable depths; bay scallops, which are an "8-month" food, are harvested in shallow water by dredges, rakes, or dip-

net. Only the large muscle (called the "eye") that controls the shell movements is eaten. The rest of the scallop is often used for animal food or fertilizer.
The usual way of preparing scallops is frying in deep fat. They're good that way—and delicious, also, sautéed and broiled. Just remember that overcooking toughens them, so that cooking time for these methods should take no more than 5 minutes. You can bake them, too, by lengthening the cook-

ing time. In fact, for making succulent hors d'oeuvres, here's a new idea to come out of your oven for your next party.
Scallop-Bacon Hors D'Oeuvres
Use the small bay scallops. Cut bacon strips in half—a half for each scallop. Wrap the scallop in the bacon and fasten with a toothpick. Place on a pie tin and bake in a moderate oven. When bacon is crisp, scallops will be done—about 25 minutes. Drain on paper toweling and serve hot.

New Pale Dry Beer Is Placed On Market

HOUSTON, Dec. 1.—Following a month of intensive promotion with a teasing "Taste It—compare It" campaign, the Gulf Brewing company of Houston introduced a new beer to the Texas scene, calling it Grand Prize Pale Dry beer.

Prior to offering Grand Prize Pale Dry beer for sale, the brewery withdrew all old stock from the market and supplanted it with the new beer. To make the change-over complete the new product is being presented with a newly designed, distinctive label on bottles and in an outstanding silver can.

Mr. Lieberman, master brewer said in an interview, "Long research into the changing tastes of the beer-drinking public indicated that preference now runs strongly to a 'pale dry' beer. In other words, modern tastes now discard the heavy, bitter beer with sweet overtones in favor of one subtle flavor and with sparkling, racy dryness carbonated with such minute bubbles that it forms a creamy head even at low temperatures and keeps it longer."

He went on to say, "that this new beer has achieved its present peak of perfection as a result of more than a year's painstaking research and blending. The ingredients that go into Grand Prize Pale Dry have been checked not only by the brewery's own modern laboratory but also by several independent scientific stations. This new brew was not offered for sale

until it measured up to all the high standards that the name 'pale dry' implies.

Mr. Lieberman further stated that only the very top grades of barley malt, the finest seedless female hop blossoms, and the purest variety of brewers' rice are used. The most modern brewing equipment was installed and has served as a real inspiration to the staff.

Rabbit Thinks He's a Cat

LOS ANGELES (U)—All his life he's been doing cat things. So you really can't blame Pinky for thinking he's a cat.

Pinky is a little white rabbit—but he doesn't seem to know it. He grew up with Geraldine, an Angora cat which is obviously Pinky's idol. They are the pets of little Kathy and Ann Shelton.

Italy Plans for Big 1950 Tourist Crop

ROME, (U)—Italy is getting ready to harvest a lush crop of "average" tourists during the 1950 busy year. The Central Tourist Office, in a progress report on efforts to make Italy more attractive to tourists, disclosed that 20,000 establishments over the country now offer 385,000 beds for the visitors.

Since the postwar tourist crop is more on the quantity than quality side, the office seeks to provide modest accommodations rather than deluxe hotels.

Imperial Boosts Sugar Output By Adding Third Worker-Shift

An ample supply of sugar for Big Spring housewives is promised in an announcement that Imperial Sugar Company of Sugar Land, which supplies most of the sugar consumed in Texas, will soon add a third shift of workers and go on a round the clock production basis to meet increased demands.

Addition of the third shift will create approximately 150 new jobs at the refinery and increase production by one-third. It was announced by Garvin Cathey, of Abilene, Imperial broker for this area, after a sales conference and tour of the Sugar Land plant.

Employees are now in training for supervisory positions in anticipation of the new shift. Present production at Imperial, where a \$4,000,000 refinery expansion and improvement program is now half completed, is 1,500,000 pounds daily and will be increased to 2,000,000.

With the expanded production at Imperial, there will be plenty of

sugar to supply all needs during the period of peak consumption next year, they said. Cathey's firm, The W. W. Overton & Co., has represented Imperial Sugar in Big Spring and this area for many years.

"Imperial began its long-range expansion program more than two years ago in anticipation of increasingly heavy demands," Cathey stated. "This announcement of a third shift, which will add about a half-million pounds of sugar to the company's daily production, is welcome news to both consumers and retailers concerned by possible future shortages."

While the refinery operates at capacity, with three shifts, its long range modernization program, begun in 1947, will continue. Major improvements, including a water treatment plant, power plant laboratory, engineering plant, supervisory's office building, bag warehouse and new packing room, have been completed.

A PRETTY GIRL WITH PLENTY OF SUGAR—Marilyn Cheaney, attractive Imperial Sugar Company employe of Sugar Land, shows Garvin Cathey of Abilene, Imperial broker for this area, one of the company's new \$35,000 packaging machines. It is part of the \$4,000,000 improvement program being completed at the Imperial Sugar refinery, which will soon go on a 24-hour production basis to meet increased demands for sugar.

State Hospital Farm Improved By Manager

Guy N. Moore, manager of the Big Spring State Hospital farm completed seeding of 150 acres of Abruzzi rye and hairy vetch last week. Moore planted the rye and vetch on sandy fields on the State Hospital farm, just north of Big Spring, for winter cover crop to keep his soil from blowing. He inoculated the vetch seed to insure good growth and production of nitrogen. Moore also fertilized his rye and vetch plantings. He used both superphosphate and nitrogen fertilizers, applying the fertilizer at rates of 100 pounds, 150 pounds and 200 pounds per acre.

Moore will compare results from different applications of fertilizers to see what is best for his land. Superphosphate-fertilizers have been found to double and even triple yields of soil building legumes like hairy vetch, sweet clover or peas. This increases the value of the legumes in improving the soil for better production of crops following the soil building crops. Moore, who is a cooperator with the Martin-Howard Soil Conservation District, uses cover crops and soil building crops as part of his coordinated soil and water conservation program.

Management of crop residues of feed crops is a soil conservation measure used by C. T. Tyler, Blin White and W. L. Poe to keep their land from blowing. Tyler

Yule Trees Link European And U. S. Towns

NEW YORK—This year the traditional Christmas tree will be an international affair for many American and European towns. Led by the example of Larchmont, New York, and its adopted town of Abbeville, France, many communities active in overseas town affiliation programs plan to set up "International Friendship Trees" decorated with holiday greeting cards from their friends overseas.

The idea originated when Larchmont's citizens started wondering how they could best celebrate the first Christmas of their affiliation with their French sister town 3,000 miles away. The plan developed, called "The Larchmont Friendship Tree for Abbeville," is for a mutual exchange of holiday greeting cards between the citizens of the two towns. At a Christmas-tide ceremony, these cards will then be taped on the branches of community Christmas trees in both the American and French towns.

Announcement of the plan by Larchmont has prompted many other communities to adopt the "Friendship Tree". Wichita, Kansas, which has been actively affiliated with Orleans, France, for the last several years, is already working closely with its French friends on this program, and is expecting to draw some twenty other Kansas communities into the plan.

Larchmont's interest in an overseas affiliation began with the contribution of several truckloads of food to the Friendship Train. After this, a group of Larchmont citizens who had been active in the collection thought, "Why stop here?" Result was their "adoption" of Abbeville last December through the aid of Operation Democracy, a nonprofit organization which has been coordinating the several hundred town-to-town programs.

MANY EVENTS SLATED

Holiday Season Bringing Parties

It's really 25 days until Christmas, but already window displays are gaily decorated and counters are fairly bulging with things to be purchased by Old St. Nick before he makes his annual journey south.

Other things are happening, too. People in Big Spring are hustling and bustling, due partly perhaps to the spirit of things; but mainly because of the increased social activities. Comes the first of December and parties, church socials, dances and weddings, set a pretty steady tempo.

One of the best things that can happen around this time of year is the thought of the families and friends that are almost always reunited during the Yule season. Everyone seems to get a special glow when they reunite with friends and loved ones not seen for a long time.

Just to get into the swing of things, the American Legion club is going to sponsor a dance each Saturday evening during December. On December 3, 17 and 21.

Ralph Emerson and his orchestra from San Angelo will provide the music. Then, on December 10 Leonard King and his orchestra of Brownwood will set the musical pace for the dancers. Jack Free and his orchestra will appear at the clubhouse for the Christmas eve festivities.

Churches are planning extensive Christmas socials. These will be held in individual class and age groups; just so the younger fry can invite their boy friends, and the older groups can entertain their husbands. Covered dish suppers will be held, banquets will be decorative and gifts will be exchanged. Fun will be in abundance, but solemnity will be there, too, when grateful hearts thank their Creator for the birth of the Christ-child, man's only Redeemer.

Sororities will entertain school friends with dances, cocktail parties and just plain ole "get-togethers." The Alpha Chi chapter of the Epsilon Sigma Alpha will entertain with a dance at the Legion club, December 19. There will

be a tree, where gifts will be exchanged, and no one need think of the time. A banquet and Christmas dance has been scheduled by the Omicron chapter of the Beta Sigma Phi for Saturday, December 17, at the YFW hall. Another anniversary affair will include the annual Christmas party held by the Exemplar chapter of Beta Sigma Phi in the home of Mrs. Tom Harris, on Martha Street.

Local lodges will sponsor special social Christmas functions. These will be held throughout the month and in the various lodge halls. The Rebekah's will entertain the Odd Fellows with a party and tree and the Eastern Stars will fetter the Masons with a holiday function. The Order of the Rainbow

for Girls plan to have a Christmas party during the latter part of December.

The various study clubs throughout the city will have special celebrations. Members of the Sponsoring For will entertain their husbands with a dance and tree in the ballroom of the Hotel Crawford, Tuesday, December 13. Bridge clubs will have their holiday lunches, as will the Sewing Circles and the Home Demonstration clubs. The Parent-Teacher association will entertain classrooms and teachers before studies are discontinued for the year, 1949.

Throughout the social season, local clubs and citizens are planning to have a merry Christmas but in their gaiety, they have

Boy Bull Fighter

GRAND JUNCTION, Colo., (AP)—Claude Robinson, 19, chased a tennis ball and wound up wrestling a bull elk. The elk, long antlers tossing, charged the youth when he climbed into its enclosure at the Lincoln Park Zoo in quest of the stray ball.

Robinson grabbed the elk's horns near its head and hung on trying to dodge the sharp points. The elk battered him against the fence and had him pinned there, practically exhausted, when zoo attendants rescued him.

The youth was cut and bruised on the face and head. But after all, he explained, that ball cost 65 cents.

HINTS TO HOLIDAY MAILERS

Postoffice Staff Organizing For Its Biggest Season Yet

Along about this time of year, the local post office force begins girding for an avalanche of work that will keep them busy until the new year comes on.

Christmas means work, and lots of it, for everyone at the post office, from Postmaster Nat Shick to clerks and route carriers. Keeping up with incoming and outgoing mail proves a punishing assignment but the personnel of the local department rarely, if ever, falls behind.

Shick and his co-workers are making preparations to handle a record amount of business, something they have grown to expect in recent years. Each year, the job seems to grow bigger.

Once again, the local force must make concessions for the individual who waits until the final days before the holiday to get their packages or their cards or both

into the mails. Despite repeated appeals to shop early, there are always the tardy ones who hold off.

If you're planning on mailing cards to your friends, the post office personnel would prefer that you obtain cards not less than four inches in length and three inches wide. If the matter is bigger than that, the mailing charge on each one will be two cents; if smaller, a three-cent stamp will be required. The increase becomes necessary due to the fact that a hand stamp must be used on the smaller cards.

All persons mailing packages and cards should make certain that the items are addressed properly. Return addresses should be included.

Packages going a great distance should have an additional address on the inside, in event the goods take a beating and come apart. Fancy ribbons are not recommended for the outside of packages going out of town, for they rarely last. A good, strong cord will do.

Christmas seals are permitted on the outside of mailing matter during the month of December, but users should place them on some

side other than the one containing the address.

Persons mailing gifts shouldn't slip any kind of letters inside fourth class mail. Otherwise, senders will be requested to pay first class mailing charges.

Shick suggests that persons mailing Christmas items shouldn't include anything in their packages that will spoil. If anything perishable is sent, it must be marked "thushly."

Packages containing small articles of considerable value, such as jewelry, should always be registered.

If you send your cards first class, you are certain to have them returned to you, if they are not claimed. Unsealed, they go into the dead letter box or cost two cents everytime they are sent forward.

Persons planning to do a lot of mailing should purchase an ample number of stamps before the last moment. If packages or cards are dispatched to big cities, zone numbers should be used.

Enough personnel will be assigned to the parcel post window this season to keep up with all orders, Shick stated.

Eight trucks will be used to deliver parcel post packages within the city.

A sign will be erected in the lobby of the post office, directing the public exactly where to mail their cards. They should use no other receptacle.

Persons carrying packages to the post office for purposes of mailing will find three tables placed before the parcel post windows for their convenience. They can place them on the tables until they can be serviced. Last year, two tables were used.

Stamps will be available not only at the stamp window but the parcel post window, as well. The vending machine will also be in operation.

Mistletoe Steals Food From Trees

OAK RIDGE, Tenn. (AP)—Mistletoe steals the food of trees upon which it grows as a parasite. This was shown by Australian Agriculturalists who used radioactive atoms from Oak Ridge to find out how mistletoe kills eucalyptus trees. In Australia mistletoe does extensive timber damage by destroying trees. Zinc and cobalt, both of which could be traced by their radioactive rays, were injected into the trunks of eucalyptus trees on which mistletoe lived. In two months the mistletoe had all the zinc and all the cobalt, leaving none for the tree that nourished the Christmas growth.

In Nigeria, British West Africa yellow fever mosquitoes were tagged with radioactive strontium. The mosquitoes ate or drank stuff containing minute amounts of this strontium. Thereafter the mosquitoes could be traced by their ticking sounds on radioactive counters. These African yellow fever mosquitoes were thus found to live about one month and seldom to travel farther than three-quarters of a mile from the places where they were born.
