Churchill, Stalin Reach 'Definite Decisions' On Future Plans For War

MOSCOW, Aug. 17 (AP)—Prime Minister Churchill of Britain has concluded a four-day trip to Moscow in which he and Joseph Stalin reached secret decisions in conjunction with United States generals and statesmen on stopping and defeating the Germans, it was disclosed officially today.

American pilots flew the Prime Minister and his Anglo-American party of twenty to Moscow in three big Consolidated Liberator (B-24) bombers. They arrived on the afternoon of Aug. 12 and departed yesterday morning.

Communiques issued here and in London this afternoon, following Churchill's departure from Soviet soil, said the conferences had resulted in a number of decisions on the conduct of the war and that the United States had been reaffirmed in an atmosphere of "cordiality and complete sincerity."

A source close to the British prime minister, when asked what the conferences were about, replied: "Any child in the street should know the answer to that."

The fact that the U. S., Britain and Russia were in agreement on the urgency of establishing a second front in Europe this year was announced this spring following Soviet Commissar Molotov's trips to both London and Washington.

Twenty persons—including six Americans—were in the Churchill party on this first journey by a British prime minister to the Soviet Union.

They included General Sir Archibald F. Wavell, the British commander-in-chief in India, and Major General Russell P. Maxwell, U. S. commander in the Middle East.

The communiques, after listing the participants in the conferences, thus summed up the results:

"A number of decisions were reached covering the field of the war against Hitlerite Germany and her associates in Europe. This just war of liberation both governments are determined to carry on with all their power

and energy until complete destruction of Hitlerism and any similar tyranny has been achieved.

"The discussions, which were carried on in an atmosphere of cordiality and complete sincerity, provided an opportunity of reaffirming the existence of close friendship and understanding between the Soviet Union, Great Britain and the United States of America in entire accordance with the Allied relationships existing between them."

The prime minister, flying with W. Averell Harriman, President Roosevelt's personal envoy, was met at the airport by Molotov and Russian military dignitaries.

On Wednesday evening, the day of his arrival, Churchill went to the Kremlin and saw Stalin immediately.

They talked for three hours and forty minutes. Again on Thursday night they had three long talks.

British generals attended the Stalin-Churchill conversations, while U. S. General Maxwell and U. S. Brig. General S. P. Spalding, charged with Russia lease-lend affairs in Washington, conferred with Marshal Klementi E. Voroshilov, commander of the red armies in reserve.

All three powers later held joint conferences.

Circumstances of the meetings were fairly secret, but newspapers got their first inkling of them when they saw three U. S. liberators soaring over Moscow, escorted by a number of Russian fighter planes.

Churchill's plane was piloted by two American members of the British ferry command—William Vanderkloot, 23, of Sarasota, Fla., and Jack Ruggles, 27, the copilot, San Francisco, Calif.

Among the British conferees were General Sir Alan Francis Brooke, chief of imperial general staff, who flew with Churchill to the United States in the spring, and Air Chief Marshal Sir Arthur William Tedder, commander-in-chief of the RAF in the Middle East.

Also, Sir Alexander Cadogan, permanent British undersecretary of state for foreign affairs and Churchill's physician, Sir Charles Wilson.

Loy Henderson, assistant chief of European affairs in the state department, was in the American group.

The visit was climaxed with a state dinner at the Kremlin on Friday night. Persons who attended it said both the British prime minister and Stalin were in the highest of spirits.

One source close to Churchill called the meeting "an epoch."

Weekend Rains Miss Some Of Dry Sections

Powell Lake Level Is Boosted By Three Feet

More moisture fell over the Big Spring area during the weekend, but the "dry sections" generally were still lacking in sufficient moisture to guarantee either crops or fall ranges.

From a downpour which touched the Foran section and apparently edged over into the Devil's Creek watershed, the Powell Creek lake (connected by diversion channel) took on three precious feet of water.

This raised the level to 10 feet, one foot above the section head. The increase was computed at \$5,800,000 gallons, nearly one month's supply at the rate the city has been pumping this lake. City wells to the south to town have been putting out a like amount. Total supply in Powell (and below five or six feet it would not be usable) is \$5,540,000 gallons.

The weather bureau at the airport caught .09 of an inch in showers falling since Saturday afternoon's .46 of an inch, or an overall figure of .55 of an inch.

Over the territory there were reports of spotted showers, but by and large, bulk of the rain came Saturday although the weekend was clouded in clouds. Early Monday an intense shower fell in a small territory between Big Spring and Fairview and left ditches running like creeks. Glasscock county was reported with more showers.

In and right around Big Spring moisture penetrated about four inches and this was about the best for the area, southeast, and in spots north for a few miles and as far north, except for heavily favored areas, as Luther.

Saturday evening and night Martin county was visited by a good rain which spread over the dry areas of the county—the Lenora and Tarzan communities, and gave added moisture to the sections in the county that had been visited by good rains previously.

The Courtney community received from an inch and a half to two inches, which will make the good cotton and feed crops in that section.

According to County Agent O. P. Griffin, rains over the week-end should boost the 1942 cotton yield for the county several thousand bales, although the entire benefits cannot be determined yet, because more harvests may come this week.

Several days ago Griffin estimated that the county would harvest 15,000 bales without additional moisture, but he said Monday morning that the estimate could probably be raised by some 10,000 bales as a result of the weekend rains. Some cotton in the county will now make a bale per acre, he said.

A rather large infestation of leaf worms will be more difficult to control since rain has fallen, but the farmers are expected to be able to control them if sufficient calcium arsenate is available. The supply of calcium arsenate is scarce, but a new carload of arsenate of lead is being shipped in, and although arsenate of lead has not been used much heretofore in this section it is better for spraying purposes than the calcium arsenate, Griffin said.

In spraying, two and a half pounds of arsenate of lead usually gives better results than three pounds of calcium arsenate mixed in a barrel of water. The arsenate of lead also stays on better after it has been applied.

Another member of the glider school staff arrived Saturday, Lieut. Mier-Biser, who is with the medical corps.

Class 19-B of the Pre-Glider school will be graduated this week after seven and a half weeks of training here. The group of students will go to New Mexico where they will receive advanced glider training.

With his clothes completely burned from his body, he climbed from the wrecked plane and succeeded in dragging two of his fellow passengers x x x to safety. He carried two others from the burning ship only to find they were dead.

"He then walked three quarters of a mile to the nearest highway and directed state police back to the scene of the wreck. He had previously signaled for help by firing three shots from his revolver.

An investigation of the accident, one of the worst in the history of United States military aviation, was launched, but the army released no details on the possible cause.

The huge plane sheared tree tops for a 100 yards as it plunged toward a flat spot atop 2,500-foot Garnet peak on the mountain, then burst into flames.

PROSECUTOR NAMED AUSTIN, Aug. 17 (AP)—Governor Coke R. Stevenson today announced appointment of E. James Kasan as district attorney in Laredo to succeed Phillip Kasan, a brother, who resigned effective Sept. 1 to join the armed forces.

Germans Turn Full Power On Drive For Stalingrad

Knife Attack—Training in use of, and defense against knives makes U. S. Marines dangerous opponents in such hand-to-hand fighting as may now be in progress in the Solomons. Here marine at right demonstrates the "Ji-Du" defense against knife attack. As any wrestler knows, there is pain in the grip he has on the man holding the knife. (AP photo from U. S. Marine Corps.)

Crude Purchase Nominations Up

AUSTIN, Aug. 17. (AP)—Crude oil purchasers increased their nominations for September buying 75,490 barrels daily to 1,547,653 at a statewide proration hearing before the railroad commission today.

A large share of the increase, 49,894 barrels, came from the Gulf Coast district and was based on claims more crude was needed for essential war products.

Conflicting with the claimed need of more production was the suggestion of J. A. Rauhut of Humble Oil and Refining company for purchaser proration in Southwest Texas.

He asserted his company was concerned with inequities resulting from allowances in excess of nominations and urged that permits be based on actual current demand.

Rauhut declared Humble would willingly pass on some of its excess allowable to purchasers having need for it.

The Pan-American Oil and Refining company sought to increase the Hastings field allowable from 31,000 barrels to 42,000, spokesmen for the company declared all production was allocated to essential war needs.

Raymond Buck asked in behalf of Barnard that the Placedo field permissible be increased 2,000 barrels to 2,200 and the McPaddin allowable be increased 1,024 barrels to 1,024 because of improved marketing conditions.

Commissioner Jerry Sadler, a lieutenant in the U. S. army, conducted the hearing with his commission colleagues. At a special hearing earlier this month Sadler announced that his military duties might prevent further attendance at proration meetings.

Axis Shipping Off Africa Bombarded

CAIRO, Aug. 17 (AP)—British light bombers, battering away at axis Marshal Erwin Rommel's vital supply lines, attacked enemy shipping off the North African coast again yesterday, and scored direct hits on lighters, a British communiqué announced today.

RAF bombers also attacked Rommel's lines of communication in the desert, successfully bombing motor convoys despite attempts of axis fighters to drive them off, the bulletin said.

Land activity was said to have been limited to night patrol clashes.

SHIP TORPEDOED WASHINGTON, Aug. 17 (AP)—The navy announced today that a medium-sized United States merchant vessel was torpedoed and sunk by an enemy submarine late in July.

'Black Market' Charge Is Discounted By The WPB

WASHINGTON, Aug. 17. (AP)—Investigation into the charges of Higgins Industries, Inc., New Orleans shipbuilder, of a "black market" in steel has developed no evidence of black market operations "as the term is commonly understood in this country and England," the compliance branch of the war production board reported today.

The branch, summarizing findings of a hastily-ordered investigation, said that Andrew J. Higgins, head of the firm, "presented no evidence that scarce material has been diverted from the war program, and all of the deliveries cited by Higgins were made pursuant to high-rated defense orders."

The inquiry did indicate, however, that some steel warehouses may have violated WPB quota regulations "in addition to the 22 penalized last spring in other cases," the branch declared.

In addition, some deliveries of steel to the Higgins Company appeared to have been made at prices higher than the office of price administration ceiling for warehouse sales, and other appeared to have been evasions of OPA regulations in order to obtain the premium price on less-than-carload deliveries, the WPB branch reported. These possible violations are now under investigation by OPA.

Maikop Fields Lost As Reds Withdraw

MOSCOW, Aug. 17 (AP)—The German offensive in the Don bend flared to full force today in a powerful new drive toward Stalingrad while in the Caucasus the Russians fell back from the ruins of the Maikop oil fields toward the Grozny area.

A Russian communiqué reported a terrific toll of new Naal manpower and material thrown into the assault southeast of Kletskaya and northeast of Kotelnikovski against the flanks of the fortified line guarding Stalingrad.

Battlefronts dispatched since the Germans rolled forward at tremendous cost in the Kletskaya salient, 75 miles northwest of Stalingrad, but were held firmly at the Kotelnikovski flank, 95 miles southwest of Stalingrad.

In the Caucasus, extending axis lines appeared checked on the Krasnodar flank where the Germans are thrusting toward the port of Novorossiisk, but they stretched ever farther to the southeast along the rail and oil pipe line toward Grozny and the Caspian.

The Russians reported fighting southeast of Mineralnye Vody, 140 miles from Grozny.

In acknowledging the loss of Maikop, they said that the valuable oil installations of that area which produced seven per cent of Russia's petroleum had been blasted to worthlessness.

"The German fascists, who expected to enrich themselves at the expense of Soviet oil, have miscalculated," the communiqué said. "They did not get Soviet oil and will not get it."

The Russians had plenty of time to destroy the oil installations at Maikop and an official announcement that oil supplies had been removed and "oil establishments themselves made completely unusable" was taken here to mean that a typically thorough job of destruction had been performed. (The Germans claimed the capture of Maikop Aug. 9.)

The great weight of numerical superiority, especially in mechanized equipment, was giving the German drive toward Grozny its impetus as the Red army continued to fall back to new lines southeast of Mineralnye Vody, 140 miles from Grozny. There was no indication of a stiffening of resistance although the midnight communiqué said the Soviet forces "retreated to new positions and continued fighting."

The Red army's most critical front seemed to be that in the Don bend northwest of Stalingrad, especially in the Kletskaya sector, where the Germans were applying extreme pressure night and day in an effort to reach the important industrial and strategic center of Stalingrad on the Volga.

The Russian position at Voronezh, on the Don some 300 miles southeast of Moscow, took a turn for the worse as large German forces launched an attack and broke into a village on the west bank of the river held by the Russians. Street fighting was reported in progress there.

On the south coast a lone German raider dropped a few bombs which caused some property damage and a few casualties.

Except for a few inconsequential German scattered blows, the channel air front was quiet in the hours before dawn today.

A moderate-sized RAF bomber force struck at western Germany many Saturday night and despite thick clouds, the air ministry said, some of the crews found their targets. The British listed five bombers as missing.

United States army fighters flew with a Canadian squadron in one long sweep over France during the weekend but the operation apparently was routine and a terse United States headquarters communiqué gave no details. Spitfires continued the aerial assault on occupied France yesterday with a tree-top run over a railroad with Belgian pilots participating. A freight train was damaged.

104 Texans Take Oath As Marines

HOUSTON, Aug. 17. (AP)—The marine corps was stronger today by 104 Texans, who took the oath yesterday at a brief ceremony.

Lieut. Col. John D. O'Leary of Atlanta, Ga., officiating in charge of marine recruits in the southern district, told the men that "there has never been any question about getting men in Texas. Anyone can be a good recruiting officer in this state."

Eleven Ships Are Launched

American shipyards sent eleven new ships into the water yesterday—eight in Maine in the greatest mass launching in the nation's history—but workmen were urged to even greater efforts by Admiral Emory E. Land.

"Every hour saved in a shipyard may mean a life—yes, even a dozen lives saved in the fighting forces of the United States," the chairman of the maritime commission asserted in Maine where six freighters and two destroyers slid down the ways at three busy yards.

And, far away in Texas three ships were launched—a minesweeper and a cargo ship at the Pennsylvania yards in Beaumont, and the destroyer Murray at the Consolidated Steel Corporation Ltd., Texas made at Orange.

Absentee Votes Due To Exceed 200

Absentee voting approached the deadline with the pace slowed up considerably after a heavy run on Saturday. Only 29 ballots have been added to the list since mid-afternoon Saturday, which brings the total to 172.

Final date for absentees is Tuesday, and the total will probably exceed 200, County Clerk Lee Porter said.

License Plates To Be Dwarf-Size

AUSTIN, Aug. 17. (AP)—Minito automobile license tags—one by four inches—will be used in Texas next year.

The highway department announced the tags will be bolted to 1943 standard license plates.

Despite their size, a restriction ordered by the war production board because of steel shortages, they will not be cheaper unless the legislature revises automobile registration fees.

Forty tons of steel will be used in their manufacture whereas 800 tons normally are consumed in making the standard license plates.

Moslem League Enters India Squabble

BOMBAY, India, Aug. 17. (AP)—The Moslem league working committee met in secret today to decide whether it should open a campaign to obtain recognition by the British government and the Hindus of its demand for partition of India into separate Hindu and Moslem states.

The committee also was to discuss its attitude toward the present unrest arising from the all-India congress party's civil disobedience campaign.

An appeal to the British to make peace with the all-India congress party—and warning against such a step—left the issue over Indian independence apparently as far as ever from a solution today.

Although nine persons were injured by police fire yesterday at Calcutta, India's biggest city, the country generally was peaceful after the week of "violence touched off by the congress' mass civil disobedience movement under Mohandas K. Gandhi and the swift arrest of the leader and his lieutenants.

The spokesman for reconciliation was Sir Tej Bahadur Sapru, one of India's most prominent lawyers, who urged at Allahabad that Britain send a parliamentary delegation to India to discuss a settlement.

On the other side was Mohammed Ali Jinnah who threatened that any peace-seeking with the Hindu-dominated congress would be regarded by 80,000,000 Moslems as a sacrifice of their interests.

RAF On A New Coastal Raid

LONDON, Aug. 17. (AP)—RAF fighters and bombers, flying at such altitudes they could not be seen through the haze, roared over the channel today, presumably to make another foray over the occupied coast.

On the south coast a lone German raider dropped a few bombs which caused some property damage and a few casualties.

Except for a few inconsequential German scattered blows, the channel air front was quiet in the hours before dawn today.

A moderate-sized RAF bomber force struck at western Germany many Saturday night and despite thick clouds, the air ministry said, some of the crews found their targets. The British listed five bombers as missing.

United States army fighters flew with a Canadian squadron in one long sweep over France during the weekend but the operation apparently was routine and a terse United States headquarters communiqué gave no details. Spitfires continued the aerial assault on occupied France yesterday with a tree-top run over a railroad with Belgian pilots participating. A freight train was damaged.

Marines May Be Extending Beachheads In Solomons

The battle of the Solomon Islands, now 11 days old, was as obscured as ever today, but it appeared likely that United States Marines were extending beachheads already officially captured.

The Australian correspondent of the London Star said today that despite the caution of official announcements "it seems clear the Allies have already won in land, sea and air operations in the Solomons the greatest victory yet achieved against the Japanese."

While this exclusively Navy operation continued, General MacArthur sent his bombers in almost ceaseless harassment of Japanese bases and supply lines in the southwest Pacific.

A town on the southeast coast of Timor, Dutch Islands in Japanese occupation, was bombed, and the Melbourne Herald, saying that Allied troops were still operating in the interior there, speculated that the Timor attacks were meant to assist the guerrilla forces.

The MacArthur communiqué also reported continued patrol skirmishing in New Guinea between small enemy forces and Allied outposts beyond the Owen Stanley range, a line of natural defense for the Allied base at Port Moresby.

There was evidence of quiet confidence in Australian circles, whose attitude was reflected by William Hughes, a member of the Pacific war council, in a speech at Sydney yesterday in which he acclaimed the Solomon Islands offensive as "a revelation of the strength of our ally, America."

"It has been shown," he said, "that man for man the Japanese are not equal to the United States marines."

The Japanese radio continued to broadcast sweeping claims of victory in the Solomons, which it failed to reconcile with the admission that "the battle is continuing between our forces and American marines who have succeeded in landing."

Without confirmation from any Allied source, Tokyo broadcast today that Japanese submarines operating in Australian waters had sunk 10 Allied vessels totaling about 80,000 tons between mid-July and mid-August.

Farley, who is backing Attorney General John J. Bennett, Jr., against U. S. Senator James M. Nease, endorsed by President Roosevelt, claims that more than a majority of the 1,014 delegates to the state convention, which opens in Brooklyn Wednesday, are pledged to Bennett.

Politicians see in the contest an apparent struggle between President Roosevelt to control his home state choice and possibly the delegation to the 1944 democratic national convention, and Farley's effort to hold control of the democratic state organization.

Immediate attention was focused on the convention-ree conference, called by Farley, because for the past 20 years the democratic nominee for governor has been largely determined at such conferences.

County Conducts Budget Hearing

County commissioners were slated to meet today for a hearing on the proposed 1943 budget for the county, which was filed with the county clerk's office about three weeks ago.

Proposed expenditures in the tentative budget have been decreased by \$21,000 from the 1942 figures, and if approved the county will spend \$180,406 for maintenance of the various departments during the coming year.

PROSECUTOR NAMED AUSTIN, Aug. 17. (AP)—Governor Coke R. Stevenson today announced appointment of E. James Kasan as district attorney in Laredo to succeed Phillip Kasan, a brother, who resigned effective Sept. 1 to join the armed forces.

# Dodgers Take A Setback White Cards Win A Pair

## Al Javery Of Braves Blanks The Champs

By GAYLE TALBOT  
Associated Press Sports Writer  
After what happened to their pitchers in last month's all-star game, the National league master minds should be giving themselves a good mental kicking every time they read Al Javery's name in a box score these days.

The Boston Braves' string bean currently is about the hottest pitcher in either league, fast living up to Manager Casey Stengel's solemn spring prediction that he would be recognized as one of the game's great hurlers before the season ended. On his present form, Al would have been a real ornament to the Nationals' all-star lineup.

When he blanked the Dodgers 2 to 0 in seven innings yesterday, setting the league leaders down with a single hit, Javery completed his 19th consecutive inning without having allowed a run. In his last four games, he has defeated Brooklyn twice and Cincinnati and New York once each. Five of his 10 victories this year have been shutouts, tall pitching for a seventh place outfit.

The Dodgers' setback, taken in conjunction with the St. Louis Cardinals' double victory over Cincinnati, 10-5 and 6-3, breathed a little life into the National league race. The Cards were back within eight games of the top today.

After absorbing a double looking the previous day, the Chicago Cubs came back behind some tight pitching by Bill Lee and Les Fleming to hand Pittsburgh the same dose, 5-1 and 4-1.

Mel Ott's Giants tightened their hold on third place in the National by trimming the Phils 6-5 and sweeping the four-game series.

The Boston Red Sox took a firmer grip on second place in the American league as they swept their second doubleheader with Washington in as many days, 6-4 and 10-3. They held a three-game lead over Cleveland today.

Home runs by Joe DiMaggio and Joe Gordon, each with a mate on base, paced the Yankees to an 11-2 victory over the Athletics in a six-inning affair at Shibe park. After the game Tommy Henrich, Yankee rightfielder, left the team temporarily and headed for Cleveland to take a physical examination for enlistment in the coast guard.

Detroit came from behind twice to win two decisions over the Chicago White Sox, 3-2 and 7-3, the first game going 11 innings before Hal Newhouser bested Lyons in a pitching duel.

Cleveland and the St. Louis Browns battled all afternoon to a stand-off, the Indians winning the first game 3-2 in 11 innings and the scrapping Browns taking the second 5-1.

Switzerland is systematically collecting and utilizing all essential waste products, the Department of Commerce reports.

**Not Worried**—Regardless of how difficult a tough 10-game schedule appears to be, Head Coach Dell Morgan of the Texas Tech Red Raiders is not worried, simply because he believes he has the material to not only wade through the schedule but to win the majority of his games.

## SPORTS ROUNDUP

By HUGH FULLENTON, JR.  
Wide World Sports Columnist

NEW YORK, Aug. 17.—This one comes by a roundabout route, but, if true, it sounds like good news for football fans. . . . The story is that the office of defense transportation has assured college representatives that they'll be able to get transportation for their teams this fall. . . . Looks as if Dixie Parsons might be the Tigers' only catcher the rest of the season.

Birdie Tebbetts already is on his way to the army and the word is that young Harvey Riebe, just bought from Beaumont, may be called any day. When Mrs. Martha Gudeyon, cook at the Carroll college dormitory that is serving as training quarters for the Chicago Cardinals, heard she would have 30 players to feed, she fixed up enough for 75 girls. . . . Halfway through the first meal the Cards sent an SOS for more food.

**Tattle Tale**  
Clyde Milan, the Washington coach, tells this Walter Johnson year that's new to this corner. . . . Seems that back in 1910 the big train pitched an exhibition against the Cubs and the first time up Johnny Evers slapped a single. . . . "So that's your great Walter Johnson," Johnny chortled to Milan. "We've got a dozen pitchers in the National league with more speed. . . . The next three times up Evers couldn't get a loud foul and after the third whiffing he encouraged Clyde again. . . . "Damn you, Milan," Johnny crabbed, "you told Johnson what I said."

**Today's Guest Star**  
Jimmy Murphy, Canton (Ill.) Daily Ledger: "A headline: 'Cubs have 45 men in armed forces.' . . . Now if they only had a few ball players in Chicago everything would be o.k."

**Service Dept.**  
Lieut. Dick Chapman, former amateur golf champ, is the winner of the recent "remotest control" golf tournament. He drew for the prize after a three-way tie with 64's. . . . Cadet Bill Lyda, former Oklahoma U. runner, already is wondering about a leave to compete in the Sugar Bowl meet next December. He's at the Georgia naval pre-flight school. . . . Dick Rendell, sports editor of the Camp Lee (Va.) Traveler, reports that when a pal asked Freddie Hutchinson if you have to be good to make the Norfolk naval training station nine, Freddie answered: "You have to win or else go to sea."

**Stewart Wins At Marshall**  
MARSHALL, Aug. 17. (AP)—Earl Stewart Jr. of Dallas, former national intercollegiate golf champion, won the fifth annual invitational tournament of the Marshall Golf and Country Club yesterday. Burnell Roach of Shreveport trounced Benton Sims, Marshall, 5 and 4 for the first-flight championship.

Direct investments by the United States in Latin America at the end of 1946 totalled \$2,771,000,000 according to the Department of Commerce.

# 52 Colleges Have Dropped Football; War Also Brings Big Coach Turnover

NEW YORK, Aug. 17. (AP)—Fifty-two colleges gave up football since the last season, an Associated Press survey disclosed, with Gonzaga of Spokane, Wash., making the announcement with such finality that Head Coach Fugy Hinton immediately announced his candidacy for sheriff.

But Coach Hinton wouldn't have needed to make the trans-

ition that obvious because the same survey revealed that at least 51 other colleges hired new gridiron professors during the year.

The war was the major factor in the changes and President G. S. Sanders of Southwestern, Okla., Tech, explained his school's dropping of the sport with:

"We can save \$5,000 and the war is more important. Our boys can chase the pigs, not the pigs, a nd kick hell out of the Japs, not out of a football."

Almost all the coaching switches were instigated by the war.

Seahawks, James Crowley of Fordham guiding the North Carolina candidates, Sam Barry of Southern California in charge at St. Mary's, and Ray Wolf of North Carolina at Georgia.

In addition, the army acquired such talent as Wallace Wade of Duke, Robert Neyland of Tennessee and L. M. (Biff) Jones of Nebraska.

Although at least 99 per cent of the schools abandoning the sport gave the war as the reason, some used the armed conflict as a way out rather than an outright reason for their action.

New York University, with the world's largest undergraduate body, decided to do without the gridiron drain on its purse early in the winter. Other "name" schools to drop football were Gonzaga, Centenary and the Ramblers of St. Mary's in Texas.

A majority of the schools putting the uniforms in mothballs for the duration were institutions away from densely populated areas and relying for profit on spectators who lived at a distance. Tire and gas rationing threatened to cut into the gate receipts while added equipment and transportation costs would have slashed into the profits.

The Beaumont Exporters repulsed the determined drive of the Fort Worth Cats toward first place in the Texas league by sweeping it three straight over the Cats. The Shippers won the opener 3-3 and the nightcap 3-1.

Clarence Gann bowed out of the league and into the armed forces after pitching the first game for Beaumont and racking up his fifteenth victory.

Second-place Shreveport, entertaining the luckless Dallas Rebels, swept a three-game series by taking yesterday's contest 5-1. At Houston the Tulsa Oilers clamped a 7-4 defeat on the Buffs. The Missions nudged out Oklahoma City 4-3 at San Antonio.

Shreveport was led to victory by Tommy Jordan, who subbed for Jo-Jo Vitter in left field. He collected a single and a homer in three times up.

Houston collapsed in the seventh inning and Tulsa went on to victory with the aid of five errors and four hits, taking three in a row from the Buffs.

**Dallas Team Wins In 24 Innings**  
MERCEDES, Aug. 17. (AP)—A 24-inning battle won the Texas amateur softball association championship for the Metzgers Maids of Dallas, who trimmed the Richeys grocery team of Houston in a game which did not end until 2:30 a. m. yesterday.

**Ruth To Give An Exhibition At Yankee Stadium**  
NEW YORK, Aug. 17. (AP)—Babe Ruth is coming back to Yankee stadium next Sunday.

The great slugger, who played his last game as a Yankee in 1934 and then wound up his career with the Boston Braves, has agreed to give a batting exhibition before the doubleheader scheduled between the Yankees and the Washington Senators for the benefit of army and navy relief funds.

**Canadian Pilot Awarded Medal**  
LONDON, Aug. 17. (AP)—Serg. Claude Weaver, 20-year-old Royal Canadian Air Force pilot from Oklahoma City, Okla., was awarded the distinguished flying cross today for shooting down five German fighters and assisting in the destruction of one bomber over Malta in a single week.

His citation said he "set a courageous and inspiring example."

## Zuppke Has Fun Coaching All-Stars

\*EVANSTON, Ill., Aug. 17. (AP)—Bob Zuppke is glad he left his prize porkers on his downstate farm and came back for a last fling in the beef business—the football field.

After spending a week barking orders and cracking jokes with customary gusto—and having a "helluva lot of fun"—with his 60-man squad of college all stars, the veteran former University of Illinois coach is confident his boys will give the Chicago Bears a rough party in soldier Field Aug. 28 in the ninth annual all star-pro game.

"Our biggest immediate task is to get the squad working smoothly in precise team units," said Zuppke. "That's where the Bears have a starting advantage. George Halas (Bears coach) already has a unit—one of the greatest in football."

## Hogan Adds A New Title

ROCHESTER, N. Y., Aug. 17. (AP)—Ben Hogan, the mighty little man of golf, further strengthened today his claim as the game's leading money winner by adding \$1,000 to his bankroll—payoff for yesterday's triumph in the \$5,000 Times-Union open.

The rich prize, gained by the Texas-born shotmaker's two-under par 275 for 73 holes, boosted his earnings to \$13,143—well ahead of the \$9,601 credited to second-place Byron Nelson, who did not compete here.

## Humble Company To Get Navy 'E'

HOUSTON, Aug. 17.—Humble Oil and Refining company and the employees of the company's Ordnance works will receive the army-navy production award "for high achievement in the production of war equipment" in a special ceremony to be held in the ball park at Baytown on Thursday, August 20.

This award is the second of its kind to be presented in Texas, and the first in the nation to be given to an oil company. Plans for the presentation ceremony have been completed, and the public is invited.

The army-navy production award is the highest honor bestowed upon industrial concerns engaged in the production of war equipment or supplies. Quality and quantity production in the light of available facilities are prime factors in selecting recipients for the award, according to the army-navy manual. The board which chooses the winners also considers: (1) Overcoming of production obstacles. (2) Avoidance of stoppages. (3) Maintenance of fair labor standards. (4) Training of additional labor forces. (5) Effective management. (6) Records on accidents, health, sanitation, and plant protection and, (7) Utilization of subcontracting facilities.

Humble has measured up to all of these qualifications and has exceeded all expectations in volume of production.

## Savold Favored In Fight Tonight

WASHINGTON, Aug. 17. (AP)—Lee Savold, the persistent heavyweight championship challenger from Des Moines, Ia., ruled a top-heavy favorite to outclass Tony Musto of Chicago in their scheduled 10-round bout tonight.

Savold's stock has soared locally since he disposed of Lou Nova, the ex-yogi man from California, here a few months ago.

## Rate Question Is Under Study

Resting with the Interstate Commerce Commission and the Railroad Commission of Texas, following a week's hearing in Austin, is the question of whether intrastate freight rates in Texas shall remain at present levels or be hiked. Arrayed on one side, for higher rates, were 67 Texas railroads. On the other side, opposing any increase, were the West Texas Chamber of Commerce and its affiliated Freight Rate Equality Federation, joined by several shipper groups.

The cooperative hearing was on the carriers' plea that rates within Texas be raised by 6 and 3 per cent to conform to an advance granted by the ICC last March on interstate movements. The Texas commission, in an order issued June 1, denied any increase on intrastate schedules. The carriers then appealed to the ICC to overrule the Texas action on the

## Club Has To Sign Up The Bat Boy

HUTCHINSON, Kas., Aug. 17. (AP)—Hutchinson has gone the limit in a search for enough talent to finish the Western Association baseball race—they signed the bat-boy.

The local club, its personnel ridled by war calls and player transfers, pressed 20-year-old Bob Fields, batboy since 1937, into duty as the regular catcher when the draft took their only remaining receiver.

The bespectacled fields, who has never had any experience in organized ball, had no errors—and no hits—in his first game.

**VISITING PARENTS**  
COLORADO CITY, Aug. 15 —Pfc. Milton F. Kidd, Fort Bragg, N. C., is on two-week furlough and is visiting his parents, Mr. and Mrs. J. T. Kidd of the Fairview community, near Colorado City.

ground that intrastate shippers and receivers are not bearing their proper portion of national transportation costs.

The WTCC and FREF entered the Austin hearing, opening Aug. 5, in behalf of the public—the uncounted thousands of producers, shippers and consumers of this state who pay the freight," they said in their presentation of witnesses and exhibits. These witnesses testified that the present Texas rate level is already excessively high and that whatever burden exists is on intrastate traffic within the state.

## Shippers Turn Back Cats In 3 Straight

By The Associated Press

The Beaumont Exporters repulsed the determined drive of the Fort Worth Cats toward first place in the Texas league by sweeping it three straight over the Cats. The Shippers won the opener 3-3 and the nightcap 3-1.

Clarence Gann bowed out of the league and into the armed forces after pitching the first game for Beaumont and racking up his fifteenth victory.

Second-place Shreveport, entertaining the luckless Dallas Rebels, swept a three-game series by taking yesterday's contest 5-1. At Houston the Tulsa Oilers clamped a 7-4 defeat on the Buffs. The Missions nudged out Oklahoma City 4-3 at San Antonio.

Shreveport was led to victory by Tommy Jordan, who subbed for Jo-Jo Vitter in left field. He collected a single and a homer in three times up.

Houston collapsed in the seventh inning and Tulsa went on to victory with the aid of five errors and four hits, taking three in a row from the Buffs.

**Dallas Team Wins In 24 Innings**  
MERCEDES, Aug. 17. (AP)—A 24-inning battle won the Texas amateur softball association championship for the Metzgers Maids of Dallas, who trimmed the Richeys grocery team of Houston in a game which did not end until 2:30 a. m. yesterday.

**Ruth To Give An Exhibition At Yankee Stadium**  
NEW YORK, Aug. 17. (AP)—Babe Ruth is coming back to Yankee stadium next Sunday.

The great slugger, who played his last game as a Yankee in 1934 and then wound up his career with the Boston Braves, has agreed to give a batting exhibition before the doubleheader scheduled between the Yankees and the Washington Senators for the benefit of army and navy relief funds.

**Canadian Pilot Awarded Medal**  
LONDON, Aug. 17. (AP)—Serg. Claude Weaver, 20-year-old Royal Canadian Air Force pilot from Oklahoma City, Okla., was awarded the distinguished flying cross today for shooting down five German fighters and assisting in the destruction of one bomber over Malta in a single week.

His citation said he "set a courageous and inspiring example."

## Two Classes Are Hosts At Party Saturday

Buffet supper was served from T-shaped tables when the Pre-Glider pilots entertained Saturday night with a formal dinner and dance at the Crawford hotel.

The afforementioned made of open faced sandwiches and the hostesses, Class 19-B and 20-B, spelled out with olives were features of the table decorations. An airplane propeller with its hub filled with peach gladioli and white asters was centerpiece for another table decorated with patriotic colors.

At one end of the room was a large Victory V made of moss. An American flag was between the V and spelled out in white asters were the words "glider pilots."

Special guests were officers and their wives including the commanding officer, Capt. and Mrs. W. E. Grasse, adjutant, Lieut. Arthur L. Patton, vanguard of the students, Lieut. and Mrs. C. L. Swagerly, flight officer, Lieut. John Bowers, and Lieut. Stanley Ryan.

Other guests who registered were Mr. and Mrs. J. W. Barrett, Lieut. and Mrs. M. Biser, Mr. and Mrs. W. W. Mitchell, Art Wisniewski, Earl R. Stuehls, Janice Slaughter, Martha Cochran, Marty Rowley, Charlotte Little, W. A. Dube, Billie Gilmore, Alfred O'Neal.

Mr. and Mrs. Clyde H. Garner, Jr., Tura Burnett, Louie Gilbert, Billie Bess Shive, Cappy Ricks, Harold T. Kennedy, Opal Smith, Myrtle Jones, W. E. Vallancourt, Claude V. Ferguson, Deortha Roden, Mary Reddy, Don E. Graves, David McDonald.

Juanell Dyer, Olan Lea, Basil S. Stafford, Arthur Lee Krance, Louise Edwards, David Haggard, Norma Lee Haines, James E. Howard, Lois Thompson, Dallas J. Clary, Gene Tingle, Pauline Sanders, Charles Tipton.

Mr. and Mrs. Hubert Moore, Norma Rogers, Lou Tornabene, G. Night, Dottie O'Daniel, Jack James Heekett, Joan Elizabeth Bearden, Michael Fitzgerald, Elizabeth McCrary, Mr. and Mrs. H. L. Kirkham, Billie Marie Boatler, John J. Concannon, Nell Rhea McCrary.

Sara Reddy, Frank J. Quattrini, S. Schnitzer, James M. Reed, Dale Puckett, Paula Long, Frances McEhannon of Brady, L. S. O'Reilly, Lubbock, A. Vogel, John E. Gabbert, Ruth Sonnenberg, Elizabeth Glass, Tony Andresen, Mr. and Mrs. Harry Diecker, T. A. Norman, J. Stiechan, Mrs. L. A. Eubanks, A. Kramer, Rae Marie Brooks and Giggard Tom Williams.

## Newlyweds Are Given Shower In Home Here

Mr. and Mrs. Jeff Chapman and Alice Ruth Sanders entertained for Mr. and Mrs. Wilford Anderson with a bridal shower the last of the week.

Mrs. Anderson, the former Eva Sue Simmons was married Wednesday night at the West Side parsonage by the Rev. Dee Carpenter. The bride is the daughter of Mr. and Mrs. Guy Simmons.

Wilford is the son of Mr. and Mrs. W. G. Anderson. The couple will be at home in California where Anderson is employed.

Games were played and refreshments served to Mr. and Mrs. Guy Simmons, Charles Betty, Jimmy and Jerry, Mr. and Mrs. W. G. Anderson, and Josephine, Mr. and Mrs. H. L. Derrick, Mr. and Mrs. Britton Hull.

Mr. and Mrs. Hubert Smith, the Rev. and Mrs. Dee Carpenter and Karen, Mrs. A. G. Preston and Margie, Mrs. W. G. Garver and Marilyn, Mrs. Herman Cockrell and Harold, Mrs. J. B. Timmons and Ruby, Mrs. J. A. Kilpatrick and Mavarine, Mrs. T. E. Sanders and Edna Earle, Mrs. Esther Shaffer and son.

Mrs. J. S. Garlington, Mrs. E. H. Adkison, Leory and Lawanda, Mrs. C. J. Sullivan, Mrs. J. W. Clark, Mrs. F. W. Bugg and George, Mrs. Ruby Murphey, Mrs. L. E. Bender, Betty Beck, Joyce Bugg, Mayme Robertson, Mary Lou Redwine, Noel Hull.

Nat Arnold, Lillian Crews, Janetta Byers, Marie Smith, Frances Shanks, Louise and Wynona Reeves, Carmen Brooks, Doris Lou Roadie, Bill Hollingsworth, Thomas Anderson, Miller Russell, Chester Shrader, S. B. Killough and Carol Wayne Chapman.

Sending gifts were Mrs. W. B. Buckner, Mr. and Mrs. Kip Edens, Mr. and Mrs. Bob Whitley, Bobby Bogard, Mrs. C. C. Reeves, Mr. and Mrs. L. B. Wortham, Mr. and Mrs. J. T. McGee.

Mr. and Mrs. Edd McGee, John Anderson, Vada Bell Davidson, Mr. and Mrs. P. Y. Tate, Mr. and Mrs. Mae Tate, Mrs. J. T. Underwood, Ernie Underwood, Mr. and Mrs. Perry Burleson and family, Mrs. P. W. Gobbie, Mrs. R. W. Brown, Mr. and Mrs. R. S. Anderson.

Mrs. M. R. Hull, Mrs. Miller Russell, Artmas Smith, Mrs. Van Bigge, Josephine Boggs, Mildred Boggs, Mr. and Mrs. W. C. Killough, Mrs. Lodie Smith.

## Personal Items From Coahoma

COAHOMA, Aug. 17.—Mrs. John Cortin of Westbrook recently visited Mr. and Mrs. C. A. Coffman.

Mr. and Mrs. Norman Reed are in Shuman, New Mexico, to see Mr. and Mrs. Roger Reed.

Mr. and Mrs. J. E. Wels of San Antonio and Mr. and Mrs. C. T. King of Denver City have returned home after visiting Mr. and Mrs. J. W. Brock. Mrs. Wels and Mrs. King are daughters of Mrs. Brock.

Larue Tate of Big Spring was a recent visitor in the home of Mrs. Thelma Neal.

Gertrude, Pauline and Jack Spikes of Cleburne have been here to see Mr. and Mrs. Burr Brown.

Miss June Adams of Knott is spending several days with her grandparents, Mr. and Mrs. Jno. C. Adams.

Mrs. Thelma Neal and Patsy Ann have returned from Monahan where they visited Mr. and Mrs. L. F. Anderson. Mrs. Anderson is Mrs. Neal's daughter.

Ruby Helen Lindley has been visiting in Ira with her uncle, J. E. Murphy and Mrs. Murphy.

Mrs. Tom Birkhead and Thomas Austin spent the weekend in Christoval.

Mrs. Ophelia Sullivan and Texas Bryant have been in Odessa recently.

Bonnie Neal is in Barnhart to see Mr. and Mrs. R. S. Neal.

Mr. and Mrs. Vance Davis and Norman accompanied by Mrs. Joe Miller left Sunday night for Dallas. Mrs. Miller will continue to her home in Houston.

B. R. Lay has returned from Sundown where he was transacting business. Mr. and Mrs. Ray Stroder have returned from Coke county where they spent several days visiting relatives.

Mrs. Ethel McKeehan, Revis, and Willie Jess of Big Spring spent the weekend with her mother, Mrs. Emma Nell.

Mr. and Mrs. J. H. Shelburn and Jo Dell and Mrs. Virginia Kidd spent the weekend in Loraine and Abilene. Mrs. Shelburn and Mrs. Kidd visited their mother, Mrs. W. L. Stewart, who is in the hospital in Abilene.

Mr. and Mrs. Ralph Davis and daughter, Patricia, moved here recently from Goldsmith.

W. L. Bell writes his mother, Mrs. Rachel Bell, that he has completed training at the naval base in San Diego and is now attending U. S. N. hospital corps school, where he is studying medicine.

## VISITS AND VISITORS

Mrs. E. E. Smith and Natalie are visiting in McCamey with Mrs. Carl Coleman.

Carroll Price of Lubbock, who has been visiting with Mr. and Mrs. J. B. Collins, will return home Tuesday.

Mr. and Mrs. Royce Bridwell had a weekend guests, Mr. and Mrs. Lloyd Collins and daughter of Winters. The Collins' accompanied the Bridwells home from a visit in Winters.

Mr. and Mrs. Alfred Collins and children have returned from Ruidoso, N. M., where they spent a week's vacation.

Lieut. and Mrs. Fred Barton of the Lubbock Flying School spent the weekend here. Lieut. Barton preached the service at the Church of Christ Sunday.

Mrs. Fred Lanoaster had as a guest until Sunday her mother, Mrs. S. W. Wyatt of Roysse City.

Mr. and Mrs. James McWhorter returned Sunday from Ruidoso, N. M., where they have been on their honeymoon and will leave Tuesday for Lubbock where they will make their home. Mrs. McWhorter is the former Barbara Collins.

Mrs. Mary Dilts returned home Sunday after a week's visit with her mother, Mrs. T. C. Barnes in Marlow, Okla.

Mrs. W. E. Wright and children will leave Wednesday for Dallas and Paola, Kan. where they will visit with relatives and friends. They will return sometime in September.

Mrs. J. D. Holt, Mrs. F. H. Pittman, and James Henry Holt returned home after visiting with friends and relatives in Cisco and Abilene.

## Farewell Party Is Given For Dr. Davis

Honoring Dick Davis, who is leaving Wednesday for the army, Billie Marie Boatler entertained in the backyard of her home with a chicken barbecue Sunday night.

Croquet and games were entertainment for the evening.

Those present were Mr. and Mrs. E. C. Boatler, Mr. and Mrs. R. W. Halbrook, Mr. and Mrs. Rube McNew, Mr. and Mrs. R. J. Kelley, Mr. and Mrs. Jim Hogg, Mr. and Mrs. Albert McNew and Doris Ann.

## Sunday School Class Has Sunrise Breakfast

My Shy Ny class of the North Nolan Baptist church entertained with a sunrise breakfast at the city park Monday morning.

Those present were Willie Jo Nations, Dorothy Helen Hendricks, Mary LaVerne Franklin, Roberta Warren and Mrs. Jimmy Holt.

## To Have Picnic

The Airport Widows club will entertain with a picnic at the city park Wednesday at 5 o'clock with Mrs. W. M. Harrison hostess.

# Society

The Big Spring Daily Herald  
Monday, August 17, 1942 Page Three

## Downtown Stroller

The latest crack about the weather or lack of it comes from FERN SMITH, who electrified us by asking if we'd heard about the 12 inch rain we had. Fressed for details FERN pointed out that a drop fell here, and 12 inches over another drop fell, and 12 inches away another drop. . . . Hmmm!

Got a post card the other day from Fort Worth with the enlightening words, "Hi," and no signature. That had us puzzled for a long time but we finally decided we knew the hand writing. Never could get her to admit it for sure but think it must have been from Mrs. ALDEN THOMAS, who only laughed when we pinned her down about it.

The Daily Oklahoman carried a picture of SARAH WOOTEN during her recent visit here with JERRY MARSHALL of Oklahoma City. Miss WOOTEN and Miss MARSHALL are classmates at Hockaday school, Dallas. Several parties were given for Miss WOOTEN before her return here.

Visiting in town on a vacation are Mr. and Mrs. R. L. PERKINS, Jr., of Ranger, who are with her parents, Mr. and Mrs. SAM GOLDMAN. They've got a strenuous program of eating, sleeping, and just doing what they please laid out before them, they say.

## Country Club Dance Draws Large Crowd

Over 100 couples attended the orchestra dance Saturday night at the country club. Jack Free and the band furnished music for the evening. Hours were from 9:30 o'clock to 1:30 o'clock.

Another dance is scheduled for next Saturday night at the clubhouse for members of the country club. Music will be from a nickelodeon.

Plans now call for another orchestra dance in September at the country club although date of the event has not yet been set.

## Girl Scouts Meet

Blue Bonnet Girl Scout troop met recently at the Presbyterian church to take an examination on nature. Fifteen members were present with Mrs. Virginia Wear, leader.

## EARTH SHOCKS

NEW YORK, Aug. 17. (AP)—Fordham university reported today that its seismograph had recorded two earthquake shocks yesterday, about 2100 miles from New York City in the direction of the Caribbean.

## Barbecue Held For Employees And Guests

Chicken barbecue and a watermelon feast were held at the Coca Cola Bottling company Sunday for employees and guests of the organization.

A moving picture, "The American Way of Life" was shown. Games and ping-pong were other entertainment.

There were approximately 80 persons present and guests included Mr. and Mrs. H. W. Smith and children, Mr. and Mrs. Hack Wright and children, Myrtle Jones, Sgt. W. E. Vallancourt, Deortha Roden, Sgt. Claude Ferguson of Midland.

## Red Cross Group To Meet In Clinic On Surgical Dressings

The Howard - Glasscock Red Cross chapter's program of making surgical dressings—an all out effort that calls for 18,000 dressings per month—gets under way Tuesday with an all-day instruction session for 25 captains.

Co-chairmen of the program are Mrs. E. T. Cardwell and Mrs. R. L. Beale, who urged all the captains to be on hand at 9 o'clock Tuesday morning for the clinic to be held on the second floor of the Petroleum building. These women in turn will direct activities of all volunteer workers, who are now being enlisted. Any woman who will assist in making dressings and who can devote as much as four hours a week to the program, is urged to notify either Mrs. Cardwell or Mrs. Beale. Mrs. Cardwell said it will take 200 women, working four hours each per week, to meet the quota of 18,000 which has been assigned to this chapter.

The Red Cross has been asked by the military command to supply 90 per cent of surgical dressings needed by the armed forces. Material for the dressings is expected here the latter part of the month, and 18,000 must be completed within a month after arrival of the material, Mrs. Cardwell said.

Captains who are to attend the training clinic Tuesday were reminded to wear wash dresses and head coverings, and to leave off nail polish.

Those who are to take the instruction are Mrs. D. M. Penna, Mrs. H. A. Stegner, Mrs. Rhine Phillips, Mrs. E. M. Conley, Mrs. R. R. McEwen, Mrs. Joyce Fisher, Mrs. Bernard Fisher, Mrs. E. W. Middleton, Mrs. L. W. Croft, Mrs. Nell Hilliard, Mrs. Jack Bishop, Mrs. Lloyd Wasson, Mrs. Dave Watt, Mrs. Sam Goldman, Mrs. Carl Blomshield, Mrs. Jimmy Tucker, Mrs. Lee O. Rogers, Mrs. Victor Martin, Mrs. Marvin House, Mrs. Horace Wooten, Mrs. Ben LeFever, Mrs. M. H. Bennett, Mrs. J. B. Mull, Mrs. Ray Lawrence, Mrs. Cecil Collings and Mrs. C. E. Locke.

## Illinois Guests Are Entertained Here

Mr. and Mrs. R. E. Blount entertained with a picnic supper at the city park Friday evening for house guests of Mr. and Mrs. Bruce Frazier.

Guests were Margaret Thomas of Fort Worth and George Browstaki of Taylorville, Ill.

Those present were Mr. and Mrs. Bruce Frazier, Cornelia Frazier, Bruce Frazier, Helen Blount, Peppy Blount, honorees, and the hosts.

Manufacturers' shipments will be approximately 120 billion dollars in value for 1942, according to the Department of Commerce.

**Throw your scrap into the fight!**

Half of every tank, gun and ship is made from scrap iron and steel

Put your scrap out—to be picked up August 24-29  
Watch for Junk Round-Up Announcement Ad—August 24

Unless the citizens of America respond at once, the war production program can bog down for lack of steel and other vital materials.

Even in peacetime, scrap provided about 50% of the raw material for steel.

It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed. In the steel mills this precious "scrap" is remelted with pig iron to produce the steel which goes into our machines of war.

Many steel furnaces are working from hand to mouth. Others are faced with shutting down. All need great mountains of reserve scrap to see them through the fall and winter months.

Steel production has gone up...up...UP! America is now producing as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; all the tanks, guns and ships our country is counting on cannot be produced.

We can be thankful that there is enough Scrap in this country to see us through—Scrap a once-wasteful nation is turning to in time of stress. It all depends on you to collect it and turn it in.

It is the greatest "Treasure Hunt" in history. Appoint yourself a committee of one to search your attic, your basement and your garage, your barnyard, your factory or your store.

Then give your pile to a charity or collection agency—or sell it to a junk dealer. The junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Throw YOUR scrap into the fight!

How to turn it in—Sell it to a junk dealer...Give it to a charity...Take it yourself to nearest collection point...or contact your Local Salvage Committee...If you live on a farm phone or write your County War Board or contact your farm implement dealer.

# Mitchell Is Leading In Navy Drive

Mitchell county is leading this area in meeting its enlistment quota for the U. S. Navy during August, it was announced from the navy recruiting sub-station here Monday.

While the district as a whole has 500 per cent of its August quota of 106 men enlisted, Mitchell county has enlisted 10 of its 11 quota, or 909 per cent. Three counties in the district, Martin, Borden and Glasscock, have not had men enlisted so far this month.

To be added to the list of recruits from this area are Charles Albert Price, Jr., Germania, and William Martin Creel, Lamesa, both for V-2 (aviation ground-work). Going in for construction work were James Harmon McWilliams and John Kingston of Big Spring, Luther Turney Cope, Odessa, Roy Nell Cavett, Wickett, Jerry Hardin, Monahans, and Robert Trumbull Packard, Wink.

By counties, the navy August campaign stacks up like this:

County	Aug. Post Total	Quota	Week Enlistment	Pct.
Mitchell	11	10	10	909
Galveston	7	1	5	714
Winkler	6	0	4	666
Ector	15	8	10	666
Ward	5	1	5	625
Andrews	2	0	1	500
Howard	15	4	5	444
Dawson	15	1	5	333
Midland	10	0	2	200
Boury	10	2	2	200
Borden	2	0	0	000
Glasscock	2	0	0	000
Martin	5	0	0	000

# Here 'n There

Mr. and Mrs. Ward Hall have returned from a vacation to Red River, N. M., and Alamoso, Colo. They visited at Gallup, N. M., where they attended the Indian ceremonials when 7000 Indians took part.

Winnie Prescott got two weeks vacation and took one week for a trip to Shreveport, La., and the other to undergo a tonsillectomy. However, she was back at work in the county judge's office Monday morning.

Fonstilla Johnson is spending a two week vacation in Washington, D. C., visiting with her sister.

Mrs. Ralph La Londe, formerly of Big Spring, writes from El Paso where she is now living that she misses Big Spring even after a year in El Paso. La Londe is

locomotive inspector for the T. & P. and last year Mrs. La Londe taught school there. Mr. and Mrs. La Londe's daughter, Yvette Cheris, has just celebrated her first birthday anniversary with a party, Mrs. La Londe wrote.

Men stationed out on the west coast would love to have letters from folks at home, says PFC John L. Stevens, now with the 328th Aviation Engineers, Co. A, Fort Wright, Washington. He sent along a clipping of a column appearing in the Spokane (Wash.) Spotlight and quoting Pvt. Jack Talant, Big Spring, Texas, soldier, to the effect that he "believes Spokane is one of the loveliest places he has ever seen and also proudly displays the most beautiful women, but says that Texas women are the ones he really loves!" Like Pfc. Stevens, Pvt. Talant put in a plug for letters from home and asked if there were any more Big Spring men up that way.

## Six From Mitchell Go Into The Army

Five Colorado City boys are to leave for Lubbock for enlistment in the U. S. army and another Mitchell county youth from Loretto is to go along with them, Sgt. Edwin R. Turner, recruiting officer, said here Monday at his post-office basement office.

In the party leaving as volunteers for the army were Grover W. Winchester, air corps specialist as sheet metal worker; John J. Smith, Jr., army unassigned; James E. Fritchett, army unassigned, all of Colorado City. James W. Compton, Loretto, enlisted for the armored force at Camp Perry, Ohio. This is a branch of the service, said Sgt. Turner, which is proving particularly appealing to men.

Two more leaving for enlistment were Joe C. Diltz, an employe of the State National bank here for the past three and a half years and a member of the Texas Defense Guard company; and Arvell D. Wright, Stanton, who enlisted as a specialist in the air corps as a tractor mechanic.

Harold "Lefty" Bethell is getting on all right with his work with the construction unit of the navy, now in training at Norfolk, Va., and again there were 17 members and two leaders present.

The City of Big Spring turned over \$96.35 to the Civilian Defense council Monday as proceeds from the sale of the last bunch of waste paper collected, together with a scant few hundred pounds of rubber.

Two Mexicans were in jail, one of them for undetermined charges following the applicant of tank tactics to a whitewash light standard Sunday evening. They had, said officers, been quaffing spirits.

## Livestock

FORT WORTH, Aug. 17. (AP) (USDA) — Cattle salable 5,000; calves salable 1,500; fairly active and steady to strong market in all classes and grades of cattle and calves; most common and medium slaughter steers and yearlings 9.00-12.00; good grade scarce at 12.50 upward; load choice heifers 14.00; beef cows 7.75-9.75; bulls 7.25-9.75, odd head 10.00; slaughter calves 8.50-12.50; good and choice stocker steer calves 12.00-13.25; common and medium calves and older steers 8.00-11.00.  
Hogs salable 1,000; top 14.85; packer top 14.75; good and choice 180-200 lb. 14.75-85; good and choice 150-175 lb. 14.00-85.  
Sheep salable 5,000; killing classes mostly steady, some sales of common ewes 25 cents higher; good and choice spring lambs 12.00-13.00, yearlings scarce; aged wethers up to 6.75 and common wethers down to 4.25; slaughter ewes mostly 4.25-75; few good ewes up to 5.50; shorn goats 3.75-4.00; feeders scarce.

## Need Growing For All Types Labor

Laborers, common as well as skilled, are needed urgently, O. R. Rodden, manager of the Big Spring district office for the United States Employment Service, said Monday.

He suggested that those who are able to work contact his office as soon as possible.

Office workers—stenographers, typists, machine operators—all are needed.

## Ditch Finished For Sewer Extension

Last ditch for city sewer line to the airport was dug Monday morning and only replacement of the broken in transit here stood in the way of completing the important extension.

When this material arrives (and it's already overdue), crews will quickly lay the joints to connect with lines on the air school. Water lines have been completed and the army's reservoir has been pumped full.

## Charges Filed In Colorado City Raid

Charges of possession of liquor for purpose of sale and injunction proceedings to close her place have been filed in Mitchell county against Mildred Andrews, it was said Monday by Melton Leslie, district supervisor for the Texas liquor control board.

Leslie said the complaints were filed after a raid Saturday on the Hayloft Inn at Colorado City netted a quantity of whiskey and gin.

## Cotton Loans To Be 85 Pct. Of Parity

COLLEGE STATION, Aug. 17. (AP)—Texas cotton farmers will receive loans at 85 percent of parity on this year's cotton crop.

Rates of 15-16 inch middling cotton, net weight, vary from 18.61 cents in the El Paso valley to 16.22 in East Texas and back to 16.77 in the Central Texas area, P. C. Colgin, state AAA commodity loan specialist, announced today.

Loan rates throughout the state will vary, he explained, because of location and freight rates.

Premiums and discounts for grade and staple in the 1942 program will be calculated in relation to the loan rate on 15-16 inch middling cotton.

## Over 600 Fish At Lake In Two Days

Fishing activities at Moss Creek lake dropped off sharply Sunday, second day that the lake was open to the public.

However, the weather seemed to have been the chief cause, for Frank Covert, lake superintendent, sold more than 250 permits, running the two-day total past 600.

Catches were skimpy Sunday, and with a drizzle falling most of the morning and showers interrupting the sport during the afternoon, fishermen in general failed to come back with growing tales such as those fishing early Saturday were able to spin.

PRETTY LITTLE LAMB—Gloria Hunter, 16, (above) of Elmira, N. Y., has entered her lamb in the beauty contest for lambs only, designed to pep up shearing production for the army and navy's lack in lamb flying suits.

## Questions The 'Double Tax'

WASHINGTON, Aug. 17. (AP) — Chairman Clark (D-Mo) of a senate finance subcommittee considering the withholding tax provision in the pending revenue bill said today he regarded with "grave apprehension" the "double taxation" feature of the house plan.

He said his subcommittee would resume executive hearings Wednesday with a view to recommending to the full committee, by next Monday if possible, the acceptance, rejection or revision of the proposal which has drawn criticism at open hearings by the full committee.

Under the house provision, five per cent of salaries and dividends would be withheld at the source beginning January 1, 1943, as an advance payment of taxes on 1943 income. On January 1, 1944, the rate would go to 10 per cent.

At the same time, the treasury would collect taxes on 1942 income starting with a base of a six per cent normal rate plus surtaxes.

"I regard with grave apprehension the house-approved plan which amounts to paying three years' taxes in two years," Senator Clark said.

Income payments to individuals in the State of New York during 1941 totaled \$13,854 million, greatly in excess of any other state, the Department of Commerce reports.

## Questionnaires To Go To Youths Who Have Turned 20

Questionnaires will be sent soon to more than 100 youths who have now attained their 20th birthday, it was indicated Monday at the selective service headquarters.

Although the go ahead signal was given from state headquarters last week, the board has been swamped with the responsibility of trying to fill a call for Wednesday and has not had the time or help to get out the forms.

Outside of a steady stream of men calling to inquire "about when I might be called," things were settling down to the busy, normal routine at the draft board offices. Monday Emerson E. Worley, negro reservist, was shipped to Fort Sill, Okla., by the post to begin his service.

## Auto Ration Rules Altered

To facilitate purchases of new cars needed by state and local government agencies for replacement of equipment worn beyond the point of efficiency and for additions to their fleets to perform the many new services that have developed as a part of the war effort, the Office of Price Administration today announced two changes in its automobile rationing regulations.

One of the revisions exempts from quota restrictions all federal, state or local government agency applications for cars, so that they no longer will have to compete with applications from individuals where the quota is not large enough to supply both.

Heretofore, such agencies have been able to get certificates outside of quota only for replacement purchases by meeting conditions considerably more stringent than those applying to individuals.

Effect of the new change is that government agencies now receive the same treatment as individual applicants, except that if they establish eligibility and need for a car either to replace one already in use or as additional equipment, they will be granted a certificate by a local War Price and Rationing board without consideration of the local quota.

The other change extends the valid life of certificates granted to state and local government agencies to 60 days from 30 days, to give the agencies time to clear the necessary arrangements for a purchase.

**Local Man's Mother Dies In Oklahoma**

Word was received here Monday of the death of Hubert Stipp's mother, Mrs. Charles D. Stipp, 106 E. Osage, McAllister, Okla., at 7:25 o'clock this morning. Funeral services were to be held Wednesday afternoon at McAllister.

Both Mr. and Mrs. Stipp were in McAllister at the time of his mother's death.

## Weather Forecast

U. S. Department of Commerce Weather Bureau

**MADE IN AMERICA**

This country is engaged in the business of winning a war. It is a serious business, affecting the lives and works and plans of all of us.

Day by day, wartime conditions raise new problems in the making and selling and using of goods. Day by day, advertising is called upon to help meet these emergency problems. And by its very nature, the newspaper is better equipped to serve advertisers and consumers today than any other medium.

The speed and flexibility of newspapers, more valuable today than ever before, enable an advertiser to meet the swiftly changing market conditions of this emergency, when and where these changes occur. In newspapers, an advertiser can deliver the right message in the right markets at the right time. In no other medium can an advertiser fit his message to current emergencies so quickly and effectively.

The coverage of newspapers, more complete today than ever before, includes all the people an advertiser wants to reach. Executives, retailers, consumers... everybody who should be kept posted on a company's wartime operations... can be reached through this single medium. (The latest official ABC reports show newspaper circulations at an all-time high.)

Reader interest in newspapers, more intensive today than ever before, assures an advertiser of even closer attention to well-executed newspaper ads than in the past. The Continuing Study of Newspaper Reading shows that war news in the headlines means more careful reading of the ads; that the more important the news, the more thoroughly people read the whole paper, including the ads. Today, more than ever before, people realize that the ads are news, too... timely news that gives them valuable advice, saves them time, energy and money.

The efficiency of newspapers, more important today than ever before, gives an advertiser a more economical, waste-free delivery of his message than any other medium can offer. Advertising economy is all-important these days, and can best be effected through the *marksmanship* of newspaper advertising.

These and other advantages, each one accentuated by wartime business conditions, make newspaper space the one medium which is completely geared to today's needs. That's why the makers and sellers and buyers of goods are finding newspaper advertising so serviceable and so valuable today.

# BIG SPRING BUSINESS and PROFESSIONAL ACTIVITIES

THESE FIRMS AND INDIVIDUALS OFFER HIGHEST TYPE SERVICE AND VALUES

## Furniture Exchange Maintains Delivery

Believe it or not, the Rix Furniture Exchange, E. 2nd and Nolan streets, still is maintaining a free delivery service despite tire shortage. But this is just one feature of the exceptional service that Rix Furniture customers receive. Managed by L. A. Pickle with Bobby Merrick, a new employe, assisting, the Furniture Exchange carries a complete stock of second hand merchandise. Credit terms to customers are extended too, by the up to date store. In addition to selling the second hand furniture, the exchange will buy either new or used furniture at satisfactory prices. If you break a leg off the table or have some minor mishap with your furniture, the exchange can and will repair it for you like new as another additional service for their customers. Credit customers, so owners advise, may make their payments either at the Rix Furniture company at 222 West Third St., or at the exchange on East Second and Nolan. And what you buy still comes to you delivered—free of charge.

## Works Magic In Grafting Tree Work A Specialty Of Vineyard's

Whoever heard of going out to the elm tree in the front yard and gathering a mess of nuts? Well, that's what happens when J. O. Vineyard, Sr., operator of Vineyard Nursery at 1705 Scurry, starts working his grafting magic on trees. Just recently he budded 40 trees to make what he calls a "pecan Chinese elm." On the Chinese elm which thrives so abundantly in this section, Vineyard grafted Burkett (paper shell pecan) buds with the result that the tree will become nut bearing as well as an ornamental and shade tree. These, he said, bear just like an ordinary pecan tree, except that once in so many years they may get helped by late spring frosts because of the Chinese elm's tendency to put out early. While Vineyard is familiar with any of the multiple yard and lawn problems, he likes to work with trees. Currently he has around 1,500 trees and shrubs in his nursery and will add another and different variety of stock in the autumn. Throughout the summer he has been bringing lawns out of the doldrums because lawn develop-

ment is a specialty of his, but now that the effects of a summer-long drouth are being felt, Vineyard suggests that they be "skipped." This, he says, is the wise course since the city water supply is low and the minimum amount of water ought to be used where it will do the most good. Trees and shrubs require years to develop, whereas pretty lawns can be brought out in a season. As to how to get the most good out of water and on how to deal with any problem concerning yards, trees, shrubs, etc., Vineyard can advise expertly. This business of making things grow is a life-long one with him.

## He Read The Sign, But A Little Late

SPOKANE, Wash., Aug. 17. (AP) The sign over a door in the medical department of the induction center was highly efficient until a recruit, blind in one eye, approached it from his sightless side. Clad in his birthday suit he peeped through the door into a room full of stenographers, and hurried right out again. Then he discovered the sign: "Do not enter this door if undressed." The average ocean depth below sea level is 12,450 feet.

## Special Features At Nabors Beauty Shop Appeal To Patrons

Popular because it has any number of features that offer appeal to its customers, the Nabors Beauty Shop at 1701 Gregg is drawing an ever increasing number of patrons. A real pioneer in its field in Big Spring, the Nabors shop, under management of Mrs. O. L. Nabors, has made a strict policy during 15 years of operation of constantly fashioning their steady development toward trends which gain approval and give real benefits to those who go there for the expert services available. Moving from a downtown location to the Gregg street address has proved to be a wise move, as most ladies find it quite convenient as well as time-saving to go to the beauty shop without the necessity of dressing for a trip downtown. Mrs. Nabors started the business and for a time was sole operator. But the business grew and she soon had to take in her sister as assistant. Growth has continued until now there are four operators on duty at the Nabors shop. Mrs. Nabors specializes in personality hair sets and in fixing her customer's hair like they want it done. Fixing hair that stays in pretty waves and yet can be arranged and combed after the customer leaves the shop is the idea that Mrs. Nabors has based her work on and the customers who keep coming back proved this is a sound basis of work.

Editorial -- Politics As Usual

There will be no decisive action by the Congress on wages, farm interests, and similar controversial matters, until after the November elections--if then. Too many seats in the Congress are at stake to be risked by enacting laws that would displease some of the strongly entrenched blocs that have votes. Here in Texas it is not influential, because the Democratic nomination is in effect election. In the West, however, it is another matter.

Washington Daybook-- Congressmen Giving Up Posts For Army Duty

By JACK STINNETT WASHINGTON--As a result of the president's order that all members of Congress on duty with the armed forces return to their posts in the legislative branch of government, three congressmen have announced that they will throw over their \$10,000-a-year jobs to write their names in blood, sweat and tears on the battlefronts.

Three others, still with the armed forces in parts unknown to Washington, have made no public declaration of intention despite the nearness of elections. Five others have bowed to the president's judgment that they will be more valuable to the war effort in their legislative positions and have returned to run for reelection. Since there has only been eight months of war for the U. S. and so far the supply of military manpower has far exceeded the demand, the 77th Congress has hung up a service record of which it may well be proud.

First of the congressmen to bolt the presidential order was Lieut.-Com. Robert T. Secrest, the 35-year-old Caldwell, Okla., ex-coal miner, and father of three children who announced recently that he wouldn't wait for the end of his term but would resign to continue his post with the navy. The two who have announced their intention to be candidates for reelection in order to stay with the armed forces are Infantry Maj. Albert L. Vreeland, East Orange, N. J., and Lieut. Frank C. Osmer, Jr., Haworth, N. J. Vreeland has been a reserve officer for more than 10 years in military intelligence, went into service on Dec. 9 as a captain and already has won a promotion. Osmer's record is even more unusual. Fulfilling a pledge he made in a speech on the floor of the house to enlist the minute the United States got into war, he went in as a private--the only member of Congress to start out as a buck private in this war, probably a record that holds for World War I, too.

Axis Numbers Are Very Unpopular

KANSAS CITY, Aug. 17. (AP) --The telephone company, besieged with complaints from subscribers demanding new telephone numbers, is going to do something about it as soon as one of its executives can think of a good word beginning with the letters AX.

WILDERNESS GIRL

By LETA ZOE ADAMS

Chapter Seven QUICK ACTION In the next few days Sandy often thought that if he could be forced to enumerate his comings and goings it would be an impossible task. The town on Onha was not large, yet he was certain he covered it from end to end and that he talked--or made the motions of conversation--with every second human being in it.

On the second day they found a Zapotec who claimed to know a servant in the household where Tyrza was staying. For a consideration that was unreasonable in view of the work to be done, this fellow agreed to find out when and how Tyrza meant to leave Onha.

As unobtrusively as possible Sandy and Gil then began to collect their provisions. Some of the equipment had been brought from Mexico City--three insect-proof pup tents and sleeping bags, tools for their archeological work, medical kit, firearms and other personal belongings. Now they purchased beans and rice, meal, salt. Since the country they were to traverse abounded in tropical fruits, and they hoped, also, in edible game, they expected to round out their diet as they went along.

McIntyre called at the hotel a couple of times during those busy days. He offered a few bits of advice, but admitted that he could not assist in finding natives to penetrate the Forbidden Land. He assumed, without Sandy's telling him, that the two expeditions were traveling together. Sandy did not put him right.

"I want you all to come to the house for dinner the evening before you leave," he told Sandy, at the last visit. "You should have one civilized meal." Sandy grinned. "Sending the convict to the gallows on a full stomach? Thanks, we'll be glad to accept that invitation."

But they were never to go to the ranch because that same evening, after dark, the Zapotec slipped into the patio and whispered a few words in Sandy's ear that made him jerk up as if pulled by wires. "Tonight!" he breathed to Gil across the narrow table. "She's gone tonight." Gil was untruffed. "All the better for us. Darkness hides a lot of mischief."

Sandy turned to the Zapotec. "How is she traveling? Canoe?" "Si, señor. There are two canoes." "Where does she start from?" The Indian described the spot. It was at the end of a street where a kind of ferry crossed to the opposite bank of the river. Sandy leaned across the table to Gil. "We should be not more than an hour behind her. We can throw our stuff together in a hurry."

He spoke to the Indian in Spanish. "You can find us two canoes and have them ready in one-two hours?" "Si, señor." Sandy cocked his head. "How about a couple of strong-armed men to man the canoes? Can you fix that, too?" "To go to the Forbidden Land. No, señor." Sandy looked at Gil. "There you are. What are we going to do? We can't shanghai a crew." "We need a little exercise," Gil said drawing his mouth down drooly. "We haven't had enough lately in Onha."

But I don't know. It's going to be hard." "You have about twenty minutes," Sandy stated. "Twenty minutes?" Sandy nodded. "I've arranged for an ox-cart to call for the stuff. We'll walk."

"But I can't possibly sort out all my things in twenty minutes," Helen remonstrated, her blue eyes growing larger, her voice quavering. "By chance we can lend a hand," Gil said. Sandy unstrapped the steamer rug and, with Gil's help, arranged Helen's clothing to make a roll. They placed her oilskin raincoat on the outside and laid the other garments on it. When they had finished Sandy said: "Now your toilet articles. They can go in the middle."

"What'll I do?" She stared helplessly at the men. "But I can't travel without much more than that! You don't know what a woman has to take--creams and lingerie and..."

"You can't be a mannequin in bush country, Helen," Gil added. He told Sandy afterward that he believed Helen was nearer, at that moment, to chucking the whole expedition than she'd been at any other time.

She stooped and jerked open one of the suitcases, lifting out a filmy thing that might have been either a nightgown or an evening dress. "I really need a number of these," she began, then broke off. "Oh, all right. I'll do my best. To be continued."

Man About Manhattan -- Judy Canova, Hillbilly Girl

By GEORGE TUCKER NEW YORK--This is the real story of Judy Canova, a poor little hillbilly girl who doesn't know her way around Hollywood and New York at all--and cows have wings!

The Lynn Fontanne of the Everglades had just completed a two-weeks engagement at the Strand on Broadway and was preparing to depart on a tour of the Army posts when I found her at the Warwick. So I said to this Jenny Lind of the Ozarks, I said, "Miss Canova, how did you first become identified with corn?"

Miss Canova replied: "When I was a little girl in Jacksonville, Florida, my sister and I used to pick names out of the telephone book, and we'd call them up and talk to them in a husky voice, passing ourselves off as nieces or relatives come for a visit and why hadn't we been met at the depot?"

He was wowed, too, by the lazy parade of extras--Arabs, soldiers, chorines--from the luncheon. When we went in there, his eyes shone. Gee, there was Ronald Reagan! And Jane Wyman and Jack Carson. Gee! That was Ingrid Bergman. The stars cleared out, all but Ronald Reagan. Dick inquired tactfully, "Do the stars mind meeting people?"

William Lynn At Lubbock School Aviation Student William H. Lynn of Big Spring, son of Mrs. Janis Lynn of 402 Galveston street, has reported at the Lubbock Army Flying School for the final lap of the training which is preparing him to be a flying sergeant.

Marines Omitted? TULSA, Okla., Aug. 17. (AP)--Soldiers and sailors may sit at highway intersections downtown, thumbing rides from the shade of canopied benches.

We had them crazy. We did this so much that our mother got after us for it, but from those kid pastimes came an idea to groom the corn in a big way, and we did. We did skits on Florida radio stations, always crooning the corn songs, pining for the Ozarks, which I have never seen, and singing the old hillbilly songs until, eventually, I became known as Sarah Bernhardt of the Canebrakes, and went on from there to the stage and pictures. I'm with Republic now and my newest picture, "Joan of Ozark" is to be released in a few weeks.

Miss Canova, somewhere along the dim dusty train to stardom, learned to yodel--a "must" in hillbilly lore. She knows mountain tunes that go back a hundred and fifty years or more, the oldest favorite being "Wait for the Wagon."

"There are thousands of hillbilly songs, but only one in a hundred is any good," Judy said. "The 'Martins and the Coys' was a honey, and 'Father, Dear Father Come Home With Me Now' is a classic. Most hillbilly songs have wonderful titles, but the songs themselves seldom live up to their advance billing. I think the most beautiful of all hillbilly songs was 'Tumble Weeds,' although some people may claim it to be more on the cowboy side, rather than the mountains."

Judy's real name is Juliette. Her father, Joseph Canova, is a descendant of Antonia Canova, sculptor of the Three Graces. She has a sister, Ann, who is a pianist, and a brother, Zeke, also of the corn who has toured with minstrels and knows his way through the passes and mountain gaps that lead to Broadway.

Will you give at least 10% of your pay in War Bonds?

## At 72, He's Oldest Of War Workers

PHILADELPHIA, Aug. 17. (AP) George Metzger, who's been on the same job 72 years, thinks he may be the oldest war worker in the nation.

Metzger, a blacksmith in a factory, helped make dies for the government during the Spanish-American war. He's doing it again now—at 85.

Gasoline is rationed in Sao Paulo, Brazil, at the rate of about eight gallons per month for private automobiles, says the Department of Commerce.

**Defense Work Told In Broadcasts**

A series of 13 weekly radio broadcasts entitled "Texans on the Alert" is being sponsored by the National Defense Committee for Texas and the Texas School of the Air, with Texas Ranger W. E. Naylor acting as master of ceremonies.

Programs for the series include dramatizations of work being done by civilian volunteers in the Air Raid Warning System, Texas Defense Guard, Health and Emergency Medical Service, Town Meetings for War, Conservation and Rationing, etc.

Mrs. Ethel Hamilton Beal has prepared the scripts, which are being carried over a statewide network each Sunday from 2:00 to 2:15 p. m.

**Polo Team Beats Lubbock, 9 to 2**

Big Spring's polo outfit chalked up another victory Sunday, running up a 9-2 triumph over a Lubbock quartet in a game played at Lamesa.

A Lamesa team was scheduled to have participated in a three-way round robin, but could not muster enough horses, so the Big Spring-Lubbock game was the only one of the day.

Local riders were M. H. Bennett, Lewis Rix, Rip Smith and Sol Cleveland.

**What You Buy With WAR BONDS**

With air superiority essential to the United Nations, the United States Army is using thousands of primary trainer planes for instruction of her air pilots. These small planes cost about \$15,000.

These planes are simple in construction... used to teach freshman pilots the essentials of flying and plane technique. Our factories are turning out thousands of these ships as our air force grows larger each month. Your purchase of War Bonds and Stamps will help pay for them. Invest at least ten percent of your income in War Bonds every payday and become a member of the national "Ten Percent Club." And remember, you'll get \$4 at maturity for every \$3 you invest now. U. S. Treasury Department

**Yank Airmen Ready To Go Into Action**

CAIRO, Aug. 17 (AP)—The star-in-a-circle of the United States Army Air Force is almost ready to put its own fighter show in North Africa's skies.

The dress rehearsal—days of intensive training of American pilots as flying comrades with desert-wise RAF squadrons—is over.

When the Americans go back into combat, they will fly the newest American pursuit planes, with their own insignia, in complete United States Air Force fighter squadrons.

U. S. A. F. bomber squadrons already are in action.

The fruits of air battle, sweet and bitter, were shared by the Americans and their British and South African counterparts, who pitched together for the final fighting-training partnership.

Two firsts at the enemy's expense were logged for Major Clarence E. Wheeler of San Jose, Calif., and Claude B. Bilby of Skidmore, Mo.

Wheeler fired the first shot at an axis plane and Bilby, who flew a fighter-bomber in a big show at dusk Friday against the aircrome at Fuka, dropped the first bomb.

First Lieutenant William W. O'Neill, Jr., of Seminole, Okla., was shot down into the sea. He swam ashore and is in a hospital recovering from exhaustion.

Brig. Gen. Aubrey C. Strickland, an Alabamian who formerly commanded Paine Field, near Everett, Wash., spoke enthusiastically of the Americans' final warm-up.

"We had the finest training you could imagine with the RAF," said Strickland, who commands the fighters under Maj. Gen. Lewis H. Brereton, commander of the U. S. A. F. in the Middle East.

**Big Spring Hospital Notes**

Billy Jo Crow, Stanton, has returned home after treatment for a slight skull fracture received when a horse kicked him in the head.

Mr. and Mrs. J. B. Wheat are the parents of a son born Sunday weighing 7 pounds, 14 ounces at birth.

Mrs. Velva Glass is receiving medical treatment.

Mrs. Ruel Barber, Vincent, is a surgical patient.

Mrs. Ellen Tamplin is a medical patient.

Mr. and Mrs. A. F. Cox are the parents of a son born Sunday weighing 6 pounds, 1-4 ounces.

Mrs. W. B. Loveless, Houston, is receiving medical care.

Janice Dunagan is a medical patient.

Dr. Rev. R. E. Bowden is a surgical patient.

Mrs. C. C. Coffey is undergoing surgery.

Ahreta Ray McDaniel, Lomax, underwent tonsillectomy today.

About 72,000 acres of deer forest lands in Scotland have been taken over by the British Ministry of Agriculture for sheep pasturage, says the Department of Commerce.

**Chief Says Navy Has Always Been Active In Developing Air Power**

NEW ORLEANS, Aug. 17 (AP)—Scoffing at the oft-repeated claim that admirals love battleships too much and airplanes too little, the new chairman of the navy's general board pictured the United States navy as the most air-minded in the world for several years back.

As a result, asserted Admiral Arthur J. Heppburn in an interview here, "our naval air force is the best in the world."

"We have always gotten as much aircraft as we could," said Admiral Heppburn, former commander of the United States fleet.

"Nobody has ever given a bigger proportion of his total appropriations to airplanes than we have. The third to remember is that we had only so many men. Until about a year ago, we had only about 100,000 men to man everything. We have been, and are,

**Blimp Drifts In, Two Navy Men Missing**

SAN FRANCISCO, Aug. 17 (AP)—Two naval officers, missing when their crewless and broken blimp floated in from the ocean and descended on a street in suburban Daly City, were hunted at sea off the Golden Gate today.

The blimp had been on a routine anti-submarine patrol flight.

Two life belts were missing from the craft when it landed, but all of the parachutes and the rubber life raft were found in the gondola where the two officer-crewmen rode.

The blimp, sagging in the middle, with big tears visible in its fabric and with its two motors idle, drifted in from the Pacific yesterday morning, five hours after it had taken off on a flight.

The craft wandered along at tree top height, left one of its depth charges on the Lakeside golf course when a bomb cart scraped the ground, and drew a crowd of hundreds who followed it by automobile and street car before it settled to earth in nearby Daly City.

Daly City firemen, who were burning brush in the hills, quit their fire and arrived in their fire engine just as the bag settled gently to earth. It struck one house and two autos, but caused little damage.

There was considerable damage to the fabric and gondola, but navy maintenance men said the ship could be put back into service.

One depth charge still in the bomb rack under the gondola offered no hazard, inasmuch as it would explode only under water at considerable depth, naval men said. The depth charge left on the golf course likewise did not endanger anyone.

**Nazi Patrol Boat Sunk By British**

LONDON, Aug. 17 (AP)—A light German patrol boat was sunk and three others were severely damaged in a spirited clash with British light coastal craft in the Straits of Dover last night, the admiralty announced today.

All the British craft engaged in the clash returned to their base but there were a few casualties aboard, the admiralty said.

The British set one German boat afire and saw it sink. The German commanding officer was killed and 15 German sailors were picked up by the British.

Coastal batteries engaged in the action, the admiralty said, explaining the mystery of gunfire heard in the channel and the cross-channel duels of German and British heavy artillery last night.

Caracas, Venezuelan capital, has cut its maternal mortality rate in half in three years.

**Manpower Control Program May Be Asked Of Congress**

WASHINGTON, Aug. 17 (AP)—Congress may be called upon to set up an authority with extensive control over the nation's manpower when it returns to work next month after its informal August vacation, informed sources said today.

Establishment of a commission to direct the flow of workers into essential war tasks was reported under consideration as an attempted solution of one of a half dozen pressing national problems on which legislative or executive action is planned.

In other quarters it was learned that the war manpower commission was planning to ask the war and navy departments and the maritime commission to place inspectors in plants suspected of "hoarding" labor.

Such plants, operating on a "cost-plus" basis which means their payrolls are charged off to the government, have been reported corraling workers and holding them in anticipation of future needs.

Other problems generally regarded as likely to be unsolved when congress gets down to work again included proposals for greater control over wages and prices, expansion of synthetic rubber production, possible nation-wide rationing of gasoline and fuel oils and reorientation of war production to bring about the manufacture of equipment such as cargo-carrying planes.

Congress will be primarily concerned in September with senate changes in the record-breaking tax bill which passed the house in July, but there have been indications it might be asked at the same time to consider the manpower proposal.

**Ship Losses Are Lowest In 16 Weeks**

By The Associated Press

Last week's announced ship losses were the lowest in 16 weeks. Only seven allied merchantmen fell prey to enemy submarines and none of these was in the U. S. east coast and Caribbean convoy lanes.

With only two sinkings in the Gulf of Mexico and five off South America, as the Associated Press count of announced wartime merchant victims in the western Atlantic rose to 426, indications were that the undersea raiders were shifting southward and away from the supply lines now guarded by naval vessels and aircraft.

Fifty-six seamen were killed and 134 others rescued in the sinkings announced last week which included two British craft, two Dutch, two Cuban and one Norwegian.

Since Pearl Harbor, 171 allied or neutral merchantmen have been announced sunk in eastern U. S. waters, 41 off Canada, 139 in the Caribbean, 43 in the Gulf of Mexico and 23 off South America.

**THE WAR TODAY: We Need To Be In Touch With Fronts**

By De Witt MacKenzie  
Wide World War Analysis

The progress of the battle in the Solomon Islands remains an untold story as this daring initial American offensive enters its eleventh day, though an unofficial report from General MacArthur's headquarters says our marines are believed to be extending bridgeheads in hard fighting—and that generally sounds like the leather-necks.

Washington is giving us what it can about this historic adventure, but it would be a great thing for our country if communications and other circumstances connected with this isolated action were such that we could have the red-hot as it unfolds. Some of it would be hard reading, for the Jap resistance has been fierce and I believe we must be prepared to hear of very considerable casualties.

Still, it would be a mighty builder of war morale in America if constant detailed dispatches from the front could move us in spirit right out among our boys on those torrid cannibal isles. Were the news good or bad, it would make us a part of the big show.

Our trouble is that we are so far removed from the actual theaters of war that we haven't yet got the "feel" of this world conflict upon which our very survival depends. Allied civilians who are close to the battle-fields, and in many instances become an actual part of the bloody turmoil, have the acrid smell of powder in their nostrils and constantly rub shoulders with death. Their worry isn't whether they are to be inconvenienced by lack of gasoline for their cars, but whether their flag and their own hearts will come through this upheaval safely.

It won't be long now before we shall have the actualities of the war brought home to us, too, for our forces will be increasingly engaged on many fronts. The arrival of that day will bring us sorrows, but it also will make our whole population a part of the fighting lines. That's the feeling which we need to have to get ahead with our job.

Meanwhile the fact that we have taken the offensive in the Solomons remains an event of vast importance—win, draw or lose. It's even of greater importance than the strategic value of these islands, for it is an exhibition of the spirit of initiative which is essential if we are to win battles.

**Political Announcements**

The Herald is authorized to announce the following candidates, subject to action of the second Democratic primary of August 22, 1942:

For County Superintendent of Public Instruction:  
ANNE MARTIN  
WALKER BAILEY

For County Commissioner, Precinct No. 1:  
J. E. (ED) BROWN  
WALTER W. LONG

For County Commissioner, Precinct No. 4:  
C. E. PRATHER  
AKIN SIMPSON

For Constable, Prec. 1:  
J. F. (JIM) GRENSHAW  
L. A. COFFEY

**TO THE VOTERS OF COMMISSIONER'S PRECINCT NO. FOUR OF HOWARD COUNTY, TEXAS:**

I want to thank those of my friends who voted for me in the primary election held Saturday, July 25. Your vote has placed me in the second or runoff primary.

I want to solicit the vote and influence of every voter in the precinct in the final primary election to be held on the 22nd day of August.

If I am elected your commissioner, I promise that every citizen of the precinct will receive the same consideration and courteous treatment from me as commissioner, and I promise that all of my official actions shall be for the best interest of the precinct and for the best interest of Howard County.

I will appreciate the vote and influence of every voter of Precinct No. 4.

Very truly yours,  
C. E. PRATHER  
(Pd. Pol. Adv.)

**Senate Race Goes Into The Last Stretch**

By The Associated Press

The U. S. senate runoff campaign went into its final stretch this week, with W. Lee O'Daniel and James V. Allred between them scheduling 63 addresses in the five days before the election next Saturday.

Allred's schedule today called for two radio addresses from O'Daniel's home town of Fort Worth—one at 1:15 p. m. and another at 9 p. m. Between the two radio talks Allred will make appearances at Weatherford and Mineral Wells.

O'Daniel took his campaign into South Texas, speaking to audiences at Hallettsville, Yoakum, Edna, El Campo and Wharton.

There was nothing to indicate that either will change his type of campaign in the final drive.

Thus far O'Daniel has proclaimed his admiration for President Roosevelt as a war leader, denied that he was an isolationist, denied what he said was Allred's desire to peg cotton at 25 cents, and asked that he be returned to the senate with a huge majority.

Allred, who started his campaign five days before O'Daniel, has displayed his willingness to be "yes-man" for President Roosevelt if that meant his support of the war program, urged that cotton be pegged at not less than 25 cents, accused O'Daniel of interfering with the war effort during his brief senatorial term, and expressed the intention of doing everything he could to help the farmer get favorable prices for his crops.

Only those automotive vehicles having essential uses are permitted to operate in Italy at present, the Department of Commerce says.

**TEST PETROLEUM JELLY THIS WAY**

Press some Mordole between thumb and finger. Spread slowly apart. Long fibres are proof of Mordole's high quality. Very economical for 5c, triple-size, 10c.
