Mira Smith Wins Local Betty Crocker Homemakers Contest

You Are Invited

An important meeting to discuss ideas on how to promote more business in the Town of Earth has been set for 3 P.M. Friday, January 26th at the Wolverine Drive In.

Because she finished first in a written knowledge and attitude examination for senior girls December 5th, Mira Smith, daughter of Mr. and Mrs. Carl Smith, has been named 1968 Betty Crocker Homemaker of Tomorrow for Springlake-Earth School.

Mira's achievement has made her eligible for state and national scholarship awards and also has earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow program.

A state Homemaker of Tomorrow and runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

The Betty Crocker Homemaker of Tomorrow from this state, together with those from all other states and the District of Columbia, each accompanied by a school advisor, will join in an expense paid educational tour of Colonial Williamsburg, Va., and Washington, D.C., next spring.

The national winner--the 1968 All-American Homemaker of Tomorrow--will be announced at a dinner in Minneapolis, Minn., home of General Mills, Inc. She will be chosen from state Homemakers of Tomorrow on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third, and fourth ranking national winners will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000, respectively.

This is the 14th year of the Betty Crocker Search, initiated in 1954-55 by General Mills to emphasize the importance of homemaking as a career. Approximately six million senior girls have participated in the Search program since its inception, and 1,358 winners will have earned scholarships totaling \$1,481,500 at the conclusion of the current program.

Thank Goodness!

Thank goodness! Maybe the flu bug is beginning to let up in this area.

Monday of this week there were 113 students and three teachers absent from school because of the flu.

Tuesday there were 73 students and one teacher absent.

Wednesday morning there were only 40 students absent from classes.

If absentees drop off at the rate they have to-date, everything should be almost back to normal beginning next week.

Earth City Election Slated For April 1

The Earth City Election has been set for April 1st in the Community Building. Polls will open at 7 a. m., and remain open until 7 p. m.

The Election calls for a Mayor and two aldermen. The two aldermen whose terms will terminate with the election are Neil Pounds and Dub Chesney.

G. L. Runyon returned from the Methodist Hospital in Lubbock Friday.

Don't Wait, Get Your School Census Blanks Turned In

The local school census is scheduled to end Wednesday, January 31st. The school census is conducted this year during the month of January and must be completed before the first day of February.

The census should include all children who will become six years of age before September 1, 1968, and will not be 18 or older by that same date, even though they may be married.

If you as a parent or guardian have not received a census blank you may telephone the School Tax Office to get a census blank and fill it out. It is very important to have the children 6 to 18 counted in this

census, especially if they are new students.

Failure to have these children counted in this annual census costs both the school and taxpayers extra money.

Don't wait get your census blank filled out and turned in at the school today.

Local FFA Team Takes First Place In Tulia Competition

The Springlake-Earth FFA Livestock judging team entered the FFA competition at Tulia this past weekend and carried off top honors at the Tulia Invitational contest.

The local team took first place in the contest with 27 teams participating. The team scored a total of 1028 points. Happy School placed second with a score of 951 points.

With 81 individuals participating in the show two local boys placed. They were Craig Bar-

ton who placed fourth and David Templeton who cooped seventh place.

The teams were judging barrows, steers and lambs. All were meat type animals. Members of the local team participating were David Templeton, Craig Barton, David Foster, Johnny Eagle and Kent Coker.

E. G. Gaston is the local Vocational Agricultural instructor.

PRESENTS PROGRAM TO EARTH VOLUNTEER FIRE DEPARTMENT--Members of the Lubbock Fire Department, representing area Muscular Dystrophy Association presented a program on MD to the local fire department Monday night. Local Fire Department Sees Film On Muscular Dystrophy

Representatives of the Lubbock District of the Muscular Dystrophy Association of America met with members of the Earth volunteer Fire Department Monday night. The foursome presented a film entitled "The Miltose Cross." The cross is a symbol of fire departments in the U.S.A.

The film on muscular dystrophy was a salute to fire departments of America, showing some of the work they are doing in support of the fight against Muscular Dystrophy. All departments across the Nation have joined the campaign to help. The spokesman for the group told his audience that there was no known cure for Muscular Dystrophy.

The Lubbock district supports a MD clinic in Lubbock at the Methodist Hospital. The clinic is held every 60 days. There is no fee charged the patients for the clinic.

The chapter also purchases braces and wheel chairs for Muscular Dystrophy patients and gives help in other ways needed.

The chapter spent \$3,500 in 1967 in aid to these patients. The local fire department voted to help in the drive for funds this year. The local drive will be held Monday, February 26th.

Those presenting the film and program were Mr. and Mrs. Jack Hayes and Lt. and Mrs. Charlie Scott. Hayes and Scott are both members of the Lubbock Fire Department.

Hospital District Directors Election Slated For April 6

An Election will be held on April 6th to elect Directors for the Earth-Springlake Hospital District.

According to Neil Pound, a Directors meeting is slated (today) Thursday, 3 P. M., to designate a location for the election and to appoint election officials. It was not known at presstime how many directors were to be elected.

More than 7.2 million persons are expected to visit HemisFair '68 during its six-month run in San Antonio.

While on vacation last summer in Scottsdale, Arizona I sought to locate an old friend who took hunting trips with my brother when we were in our teens. I didn't locate him, but my telephone attempts produced very interesting conversations, and I soon realized Texas hospitality didn't have too much on those people, as each though he was not the person I was seeking, were all real friendly and definitely boosters, beyond the call of duty, of their town, Scottsdale.

They each gave us ideas of places to visit and things to see before leaving and wished us a pleasant vacation and a safe journey homeward.

This town of Scottsdale and its people gave us many moments of thought, as we realized they were 100% in unity pulling for their town. Even the motel rooms at the Valley Ho had a list of suggested things to see and places to go while in Scottsdale.

The Chamber of Commerce was helpful too, but more than that their "unity" showed. Showed plain and legible.

We were there on a duobill, which is a trade agreement between the motel and the News-Sun. The motel advertised in the News-Sun for payment of our plush vacation accommodations. The town of Scottsdale appreciates this lovely motel and its efforts to advertise themselves and Scottsdale, and in appreciation about half the people of the town pay swimming dues to use the pool through slow months. They realize any business advertising themselves is likewise promoting their town and that when people are staying at the motel they likewise purchase food, goodies, gasoline, etc.

In visiting, these people would always ask, "What kind of a town is Earth?"

How could I describe Earth... Could I say it was a place populated by people with a purpose?... A people united in tireless effort to grow, to expand, to build for its future generations????

A place where ideas take legs and become realities.... A place where people are bound by a common love for their fellow man... A place where everyone rejoices at the good fortune of one of its fold, and is saddened by any ill fortune that befalls one of its populace...

Could Earth be described as a place where 90% of its people gather when a town-wide meeting is called, whether it be for a clean-up campaign, a businessmen's meeting, or a city promotional planning meeting?

Could we say Earth is modern in her views to keep abreast with modern day ideas, or is it stagnated by people who desire to hold back her growth like in the

You Have Only Six More Days To Register To Vote

If you expect to vote this year in the several important elections coming up, you have only six more days in which to register.

In April the Earth-Springlake Hospital District will elect directors to replace temporary directors who were appointed when the district was formed.

Also Earth voters will elect a mayor and two councilmen. Springlake voters will elect a mayor and five councilmen.

The Springlake-Earth School District voters will elect two board members.

On the County level Dub McNeese of Littlefield and Don Hatley of Olton have filed for Lamb County Sheriff.

Herbert Dunn, incumbent for the county tax assessor-collector threw his hat in the ring in hopes of another term.

Other county offices on the ballot will be County Attorney, Curtis Wilkinson incumbent.

District post on the ballot is that of district attorney, an office now held by Jack Young.

The election will include governor, state representatives including Bill Clayton, position of Congressman held by Bob Price and a place on the Amarillo Court of Civil Appeals.

The office of governor for the State of Texas promises to be one of the hottest contested races of the year. The Democrats have eight candidates who have filed for that position. They are, Lt. Gov. Preston Smith, Gordon B. McLendon, Pat O'Daniel, Waggoner Carr, Secretary of State John L. Hill, Don Yarborough, Eugene Locke and Ed Clark.

Following is a rundown of some of the new election laws enacted in 1967 in the State of Texas: One of the new laws enacted in 1967 makes registration necessary, for the first time in Texas history, for persons over 60 years old who live in rural communities and towns under ten thousand population.

Heretofore, persons over 60 were required to register only if they lived in a city having more than ten thousand inhabitants. Many tax assessor-collectors have expressed a fear that lack of information concerning this new requirement will bring about disfranchisement of many elderly voters through their failure to register.

In order to vote in statewide elections, a person must meet the following qualifications on

the day of election: He must be 21 years old and must be a citizen of the United States; he must have resided in Texas for one year immediately preceding the election; and he must have registered for the voting year in which the election is held.

Also Earth voters will elect a mayor and two councilmen. Springlake voters will elect a mayor and five councilmen.

Slow Steady Rain Gives Boost To Area Farmers

Farmers in the Earth-Springlake area were all smiles Tuesday following a slow rain that started last Friday night and ended Monday night leaving up to 2.0 inches or more of moisture in the area.

The slow steady rain has brought the January total to approximately 3.0 inches.

January is known to be a very dry month on the High Plains. Various people we have talked

to who have lived in the area for several years, say they have never known as much moisture to accumulate in this area at this time of year.

Farmers in the area are exceptionally heartened. They can now beat the clods and prepare the land for planting, and there is a possibility farmers may be able to skip the pre-watering usually required.

Over 11 the South Plains claim more than a million dollars in benefit from the slow, steady rain of the past four or five days.

Elsewhere in the state the residents were not as fortunate as they were on the South Plains. An Area from central Texas and southwestward to the Gulf of Mexico are still faced with floods and much water damage.

In San Antonio, a cloudburst there, was estimated to have resulted in \$3 million in damages.

Wilkinson To Head Salvation Army Drive

The Salvation Army local committee members met Thursday, January 18th to review the past year's work and progress.

They also set the date for the annual fund drive and selected Leroy Wilkinson to serve as chairman of the drive.

The drive will begin Tuesday, February 6th with a kick-off breakfast at 6:30 A.M. at the Earth Community Room.

In 1967 the local committee sent one boy to the Salvation Army summer camp and also sent \$200, from the local fund, to aid in expenses incurred in South Texas Beulah disaster.

They also gave aid to several persons throughout the year. Committee members meeting were Phil Raught, L. K. Anderson, Doug Parish, Walter Driver, Ross Middleton, and Gilbert L. Muddell, Jr., Salvation Army Field Representative.

TOP LIVESTOCK JUDGING TEAM--Competing against 26 other teams the Springlake-Earth Livestock judging team placed first with 1028 points in the Tulia Invitational contests last weekend. Left to right Johnny Eagle, and Kent Coker. Seated left to right David Templeton, Craig Barton, and David Foster. The group judged barrows, steers and lambs. All were meat animals.

AFTER FIRST HALF OF DISTRICT PLAY

Wolverines, Steers Tied For District Wolverettes Undisputed Leaders

Despite a 21 point performance by Perry O'Hair, the Kress Kangaroos held on and threw the district in a two-way tie between Springlake-Earth and Farwell.

At the end of the first quarter, Kress had managed a two-point lead, 10 to eight. The half ended, and it was all tied up at 22 points each.

The third quarter saw Kress widen their lead, as it was 37 to 32 going into the fourth and final frame. At the end of the fourth, it was deadlocked at 45 all, and the overtime period proved to be Springlake-Earth's undoing. Scoring ten points and holding the Wolverines to six, Kress eked out the victory.

Aiding O'Hair in the scoring column for the Wolverines were Tim Mathews who hit for a total of 13 and O.C. Thomas, who wound up with eight for the night.

The local females fared better in the last two district games to remain in undisputed first place. Defeating Farwell last Friday, with ace starter Susan Britton riding the bench, The Wolverettes took an early lead, and were never in trouble from the opening whistle.

At the end of the first period, the Wolverettes held a 16 to 13 lead, and as they went to the dressing room for the halftime break, it was 22 to 19.

Holding a 35 to 30 third quarter lead, the Wolverettes put the finishing touches on the Steerettes in the fourth and final period, as they tallied for 16 points, holding Farwell to only nine.

Springlake-Earth's Wolverines and the Farwell Steers are deadlocked in first place at the end of the first round of District 3A basketball competition, each with only one loss marring their district record.

Last Friday in the Wolverine gymnasium, the Wolverines defeated their arch rival by a score of 59-50. Placed by O.C. Thomas' 16 points, four Wolverines scored in double figures as Randy Washington had a total of 14 points, with Perry Don O'Hair ripping the cords for 13

and Tim Ray Mathews contributing 12 points. The outcome wasn't decided until the final whistle as Farwell took the lead 14 to 11 at the end of the first quarter. They maintained their small lead at half time as they managed 28 points while the Wolverines were scoring 26. In the third stanza, the Wolverines pulled into their first lead, and at the end of this period, it was 43 for the host team and 42 for Farwell. The Wolverines didn't relinquish this important lead, and the fourth and final quarter was the decisive one, as the Wolverines won the important district game, 59 to 50. Tuesday night in Kress, the ball burst, as the Kress Kangaroos handed the Wolverines

Happy Enochs Girl Wins Three New Oldsmobiles

"I just can't believe it, I simply can't believe it was the shocked reaction of Linda Gilliam, 18 year old Enochs girl when she was notified recently, by Ernest Brock of Brock Motor Company in Muleshoe, that she was Grand prize winner in the National Automobile Contest. However, Saturday afternoon Linda, still almost speechless, was convinced as she was presented keys to three brand new '68 Oldsmobiles valued at \$15,000.00. Linda stary eyed said, "People usually win this kind of prize that have a lot of money," she paused and went on, "there's ten children in our family, we don't even have a car, we have a pickup, and this is heaven sent to us." Eighteen year old Linda received three 2-door hardtops, a cinnamon bronze toronado, she plans to sell to pay tax on

her winnings. She kept for herself, the ocean turquoise 2-door cutlass and gave her parents the willow gold Delmont. Linda, a senior in the Three-way Highschool lives with her parents and nine brothers on a farm near Enochs. She entered the contest in September at Brock Motor Company in Muleshoe during the showing of the new '68 models. However when she was notified on December 15th that she was Grand prize winner, she had already forgotten about entering the contest. Ernest Brock enjoyed making the presentation to the happy young lady, Saturday.

an impressive 99 to 31 score. It was no contest, as the Wolverettes jumped off to a 22 to five first period lead. Going into their half-time break, it was 53 for Springlake-Earth and only 16 for Kress.

The third and fourth quarters were merely replicas as the whistle ending the third period saw Springlake-Earth with a 75 to 24 lead, and the final again was 99 to 31.

Sophomore Vicky Gregory was top scorer as she hit for a whopping 45 points, as Marsha Dawson tallied 30 and Susan Britton contributed 24.

Second round of district competition begins next Tuesday as both boys and girls play host to the Bovina varsity teams. Game time, beginning with the girls, is scheduled for 7:00 P.M. with the boys immediately following.

FFA NEWS...

Members of the local FFA Chapter gathered at 7:00 P.M. Monday in the Agriculture Building for a regular meeting and to discuss current business. and lower prices to customers. Could it be said that Earth is a town afraid to grow, afraid there'll be a few undesirables come in.

A town seemingly unaware that their young people must migrate to other parts of the country, because there are no jobs available for them in Earth. A town where sound ideas for growth are stifled, vetoed and beaten down by such antiquated ideas that a railroad is a must before a town can expand or take on any healthy growth or try for industry.

Could Earth be described as a place where business people are jealous of each other and prefer that people shop out of town rather than in an adjoining store. Could it be said that when a town meeting is called, two-thirds of its populace stay at home for fear someone may present an idea they can't find a negative answer for, real fast like. They prefer to wait and read in the paper the ideas discussed and have time to garner negative answers before they gather over coffee to combat any promotional ideas.

Could it be said that people want the mosquitoes controlled, but gripe about paying for it and likewise refusing to chop down a weed, without the country health inspector declaring property a health hazard... then dare gripe at City Dads because it must be done, yet when Clean Up Day is proclaimed, do these people likewise sit in their homes while active civic minded people with pride in Earth clean up and haul trash from off their property???

Could Earth be described as a town where people sit down and say, "I like it like it is", never seeking betterment, advance, improvement or change in any way. Would these same people be content perhaps to see their children remain 5 years old all their entire lives, instead of helping them to grow into young men and women as years go by?

Could Earth be said to be a town of men who call themselves businessmen but refuse to promote or advertise Earth, or even their own business, declaring, "The people know we are here," or "If they want something they know where to find us", yet complain about business when neighboring cities are growing. Cities are inviting trade... Cities are advertising their wares in an effort to hold their customers in this competitive world... Cities are seeking new industry to come in... What about Earth?

How would you describe Earth? If business is bad are you doing your best to promote or would you rather sit back and gripe... As for me describing Earth has been a pleasurable task for 13 years, in a complimentary manner that several loyal readers have said could not have been topped... Sometimes I wonder

TO THE EARTH-SPRINGLAKE FIRE DEPARTMENTS AND THE CITIZENS OF EARTH-SPRINGLAKE

So many, many times we appreciate the help that people give us but we fail to express ourselves. The good deed that the Earth-Springlake Fire Departments and the people of the community did on putting out the Halsell fire was beyond the call of duty and I felt it should not be put aside without acknowledging those who gave of their time and help. The fire departments and the people of Earth-Springlake did a magnificent job and this is the first time I've ever witnessed such cooperation and dependability that was displayed by all of those that helped.

Many helping hands were extended and we were thankful for them. It was as though each person had a job to do and he performed it to a perfection.

I'm proud to be a citizen of Earth-Springlake where the people are always there when someone is in need. The most wonderful and thoughtful people live in Earth-Springlake and again I extend my sincere thanks to each and everyone who gave of their time to help put out the Halsell fire.

Women's Page Rainbow Girls Has Talent Program At Recent Meeting

The local Rainbow Girls met January 15th at 7:00 p. m. in the Lodge Hall for their regular meeting. The Lodge Hall was decorated throughout with the seven colors

of the Rainbow. The station pedestals were centered with birds of the seven colors of the Rainbow, standing in a strofoam base, encircled by musical notes.

The outgoing Worthy Advisor, Anita Kelley, honored the Advisory Board members, her sponsors, and the mother advisor. Following the regular meeting the girls presented a talent program honoring parents and Eastern Star Members.

Piano Selections were presented by Becky Littleton and Leah Galloway. A reading was presented by Karen Hinchliffe. Vocalist Camille Haberer and Susie Adrian, accompanied at the piano by Becky Littleton, rendered a couple of songs. The entire Rainbow group were used in play casts. They presented two school plays and one skit. The skit was entitled "The Lamp Went Out." Camille and Sharon Haberer played two numbers on their ukulele. The group joined in singing the last selection to end the program.

Refreshments of cakes, cookies, punch and coffee were served by Hostesses Mary Nell Walker and Karen Hinchliffe. The serving table was covered with a blue net cloth over white, and centered with a lovely arrangement of bed roses. At the base of the arrangements were the Rainbow Bible of the Worthy Advisor Anita Kelley and the Rainbow Bible of her mothers, Mrs. Donald Kelley. Mrs. Donald Kelley was worthy advisor for the local chapter twenty years ago.

The next meeting will be a public invitation on February 3rd at 7:30 p. m. in the Lodge Hall.

Local TOPS Club Members Lose 18 lbs.

Members of the Happy Looser Tops Club met Thursday in the Bank Annex Building in Earth at 7 p. m.

The meeting was called to order by Leader, Inez Inglis. Eighteen members were weighed in with a loss of 18 pounds.

Mrs. Elizabeth Paskard was named Queen for the week. Mrs. Jimmie Kelley and Mrs. Lois Rudd were Runner-ups.

Mrs. Inglis requested each member give their goal for the year, to add inspiration for themselves and the group. Group singing, with selections from the tops Song Book, was enjoyed.

A low calorie Salad Supper will honor the past six month ward winners, at the next meeting.

MR. AND MRS. J. L. HINSON

Mr. and Mrs. J. L. Hinson Honored On Anniversary

The children and grandchildren of Mr. and Mrs. J. L. Hinson will honor the couple with a reception Saturday, February 3rd from 2 to 5 P. M. in the Springlake Community. Friends of the couple are invited to attend.

Jack Hinson married Beatrice Vore on February 2nd, 1918 at the home of her parents, Mr. and Mrs. P. D. Vore of Springlake, Rev. Tabor from Friona officiated although he was an hour late in arriving. It was a typical panhandle day with the sand blowing a gale.

The Hinsons met in Canyon while going to school there and at the time of their marriage he was teaching school at Sunnyside and she at Springlake.

Mrs. Hinson came to Springlake with her parents and family in 1910. Mr. Hinson, born in Mt. Pleasant, Texas came to the Plains in 1914. Springlake has been the home of the couple ever since their marriage. The Hinsons have three children, Dr. Mary Haldren of Boise Idaho, Mrs. Betty Parish and Kenneth Hinson both of Springlake. They have 8 grandchildren and all will be present for the reception.

The couple requests no gifts please.

NOTICE TO PARENTS Of School Age Children

The school census is being taken during the month of January this year. All children who are six years old on or before September 1st, 1968 should be included in this census. The child should be counted even though he may not be in school.

This census should include all children who will not be 18 or older on or before September 1st, 1968. It is very important that all children six to 18 years be counted in this census. The child should be counted even though he may not be in school and even though he or she may be married.

If you, as a parent, have not received and filled out a school census blank on or before January 31 you are being overlooked and should do one of the following:

1. Phone the school office and ask for a census blank.
2. Call in person at the School Tax Office and get a census blank and fill it out.

Remember, if your child will be six years old next September 1, he should be counted in the census now, even though he is not in school now. If he is six but not 18 or older next September 1 he should be counted now. All children from six to 18 should be counted. The six year olds who start next September to school are the ones most overlooked in the census. Failure to count them costs the school and taxpayers extra money. Please help us not to overlook anyone.

Junior High Basketball Teams Make It Unanimous

Springlake-Earth's eighth grade girls remained undefeated for the season as they downed the Bovina Mustangettes by a one-sided score of 44 to eight, Bovina was never in the game, as Janet Britton kept the young Wolverettes far out of reach, ending the game with a whopping 32 points. Aiding in the scoring for Springlake-Earth was Suzy Temple who had six points, La Donna Sigman tallied for four points and Sherry Pitman hit for two to round out the total scoring of 44 points.

Next game for the eighth-grade girls will be this Thursday at 6:00 p. m. when they will play the Dimmitt eighth-grade in the opening session of the annual Springlake-Earth junior high tournament.

In a prelude to the eighth-grade girl's game, the Springlake-Earth seventh-grade boys downed the visiting Bovina Mustangs by 38 to 19. The top three scorers for the local boys were Larry Thomas,

Baptist Men To Conduct 3-Day Revival

Two prominent Baptist laymen will conduct a three day revival at the First Baptist Church in Earth beginning this Friday evening, January 27th, at 7:30 p. m.

Mr. C. J. Humphrey, an Amarillo attorney, will be the speaker. His co-worker and song leader will be Gibb Welch from Dumas. Both of these men are active in their respective churches as lay-leaders. They devote much of their spare time to Texas Baptist Men, the new organization of men that is an auxiliary to the Baptist General Convention of Texas.

The men of First Baptist Church invite everyone to attend the services scheduled for Friday and Saturday at 7:30 P. M. and the regular services on Sunday at 11:00 A. M. and 7:00 P. M.

Gary Kelley President Of Explorers

Gary Kelley was elected president of the local Explorer Scout Troop Monday night at a meeting in the Explorer Hut.

The meeting was called to order by David Jaquess, who resigned as president. After the election of Kelley as president, Randy Washington was elected to fill the office of vice-president.

The group appointed committees to look into the possibility of conducting a Road-E-O, and to make plans for a camping trip.

There were 16 Explorers present and the leader, Dean Foshee.

Mrs. J. J. Davis Injured Friday

Mrs. J. J. Davis was injured in a freak accident following school Friday afternoon.

The accident occurred as Mrs. Davis, a Junior High teacher, had just arrived home from school and was preparing to drive her car into the garage, as she was attempting to open the garage door, the car gears slipped setting the car in motion. She was knocked from her feet by the garage door and the car ran over her right side.

The car, after running over Mrs. Davis, jumped a curb and smashed into the house and demolished the rear entrance.

Mrs. Davis managed to get to the car and turn the ignition off. She proceeded to move toward the road for help, as Junior High Principal, Cecil Slover, and his family passing, saw her and stopped.

The couple called her husband, Mr. Davis at school and her daughter, Mrs. Russell Haberer, of Pleasant Valley, Mr. Slover accompanied Mr. Davis, in rushing her to the Amherst hospital where x-rays proved she had three broken ribs and her right lung was punctured.

According to a report Tuesday there was some bleeding and congestion in her lung. Her condition at press time was considered to be much improved.

State Wins First Air Control Case

The first case filed under the 1967 Clean Air Act was won by the State. So ruled the 51st District Court, for the Texas Air Control Board, in a suit against Harris County garbage dump operators.

With a finding of air pollution, the trial court ordered seven dump operators to convert to landfill operations, and told two to cease operations, put out all fires, and cover all wastes with dirt.
