

Nosin...

With Polly

Next week is National Newspaper week, October 13-19, and across our great nation subscribers as well as newspaper people themselves, take stock anew of the important role the newspapers of our land play in our American way of life...

Throughout the long hard years of building this nation superior to anything else in the world, newspapers have played an important role, exceeded by none in the field of communication. They have skillfully prodded folks forward into strides of progress, by taking a stand for any concrete evidence of progress and betterment in communities large or small all over this great land...

And, here at home, in your local newspaper office, I am doing my dead level best to remember I love this newspaper field, even though my subconscious mind keeps tormenting me with "you know good and well there's 16 pages to get out this afternoon, and Ross is still in Amarillo with that 8 point IBM machine trying to get it repaired, so all that blankety-blank type can be set..."

We all came to work happy this morning, and first thing the IBM broke down, and Ross left shortly thereafter, in a mad dash for Amarillo, breathing those familiar words, "This would happen on press day, without a hint of trouble until today, just when we go to meet those deadlines..."

Funny, too, here I was feeling sorry for us, and I received this frantic call from Friona asking when we would have our paper over so they could get it run off on the press, early, cause they were having trouble... I began slowly by saying, "Sit down, relax and let me tell you a sad tale," and the reply came all in one breath, "What's broken down over there, our IBM's broken down, our proofreader is sick, and the cameraman is gone, is your story any worse?" No, I replied, I feel much better now, thank you. Your story is worse than mine...

BOOSTER CLUB MEMBERS MEET MONDAY NIGHT

Several members of the Wolverine Booster Club met Monday at 8 p.m. in the field house for the regular weekly meeting. Coach Jodie Mahan showed the group a film of the ideal Springlake game, played at Wolverine Stadium Friday night, and also discussed the Amateur game that will be played here Friday night.

The first transcontinental air mail route between New York City and San Francisco was started in 1920.

EARTH SPRINGLAKE

Activities Complete For Homecoming Next Week

Homecoming activities for all ex-students and teachers of Springlake School have been completed and will be staged Friday, October 18. Registration will begin at 4:30 p.m. in the school auditorium and a program will be presented from 5 to 5:30 p.m.

Ardis Barton will be Master of Ceremonies for the program "School Bound" with ex-students from the classes of '33, '43, '53 and '63 presented in the skit. Several musical numbers will be presented by the Teen Tones, all exes of Springlake School.

Homecoming queens have been chosen and those representing their graduating class will be Mrs. Beedie (Simmons) Welch, class of 1933, Mrs. Winnie (Teel) Huff, class of '43, Mrs. Francis (Kellar) Watson, class of '53 and Miss Janice Cowley, representing the graduating class of 1963.

Following the program and introduction of the Queens, there will be a barbeque supper served in the school cafeteria. The menu will consist of barbeque beef, potato salad, beans, hot rolls, pie, tea or coffee.

Tickets for the supper may be purchased from any homecoming committee member with prices being \$1.25 for Jr. High through adult and 75¢ for all elementary children. Tickets may also be purchased at the door.

The Springlake Wolverines will play hosts to the Sudan Hornets for homecoming. Homecoming committee members whose term of office expires this year will be president, Dwane Jones, secretary, Linda Green, Treasurer, Ronald Cleavinger, Queen's chairman, Frances Watson, Membership, Barbara Lewis. These places of office will be on each ballot, presented to the ex-students. Another very important item on the ballot this year will be whether the ex-student wishes

BEEDIE WELCH 1933 Graduate

WINNIE HUFF 1943 Graduate

FRANCIS WATSON 1953 Graduate

JANICE COWLEY 1963 Graduate

to keep having homecoming queens each year. This will be placed on the ballots this year. The homecoming committee urges all ex-students to think and discuss about this and please vote.

Regular City Meeting Held Monday Night

Members of the City Commission met Monday at 8 p.m. at City Hall for their regular monthly meeting with Mayor Marcus Messer presiding.

The minutes of the previous meeting were read and approved.

The City dads voted to place a fence around the sewer plant, to prevent tumble weeds from blowing in. They also passed a speed zone ordinance recommended by the Texas Department of Public Safety, regulating speed on Highway 70 and Farm to Market 1055.

It was announced at the meeting that the Earth Volunteer Fire Department will install three additional fire sirens in designated places, east west and north in the city limits, to be controlled by one switch. These additional sirens will enable all city residents to better hear the siren in case of a fire or tornado warning.

All city meetings from November through April will convene at 7 p.m.

Present for the meeting were Messer, Councilmen Thurman Lewis, Richard Stockstill, E. C. Kelley and Eldon Parish, Ruby Anderson, City Secretary and John Fruedenrich, Water Supt.

Local Men To Attend Industrial Development Meet

Several local men have been invited to an Industrial Development Conference sponsored by General Telephone Company of the Southwest at Crosbyton (today) Thursday from 9 a.m. and ending with a luncheon at 12:15 p.m.

General Telephone is hosting this conference to acquaint community leaders with the possibilities of growth and development for the smaller communities in the Panhandle and South Plains regions.

The conference will be held in the Crosby County Pioneer Memorial Building. Featured on the program will be George Jordan of the West Texas C of C, Stan Shively of the Texas Bank and Trust Company of Dallas, Harry Clark of the Texas Industrial Commission and Orville Rowland, manager of the Chamber of Commerce at Olney, a West Texas community that has had much success in industrial development.

Homecoming Queens Have Been Selected

Homecoming queen candidates have been selected and will be chosen by secret ballot, following the barbeque supper in the school cafeteria highlighting the tenth annual homecoming events at Springlake School Friday, October 18.

Representing the honor classes are homecoming queen candidates, Mrs. Beedie (Simmons) Welch, from the class of '33; Mrs. Winnie (Teel) Huff; class of '43; Mrs. Francis (Kellar) Watson, class of '53 and Miss Janice Cowley, representing the graduating class of '63.

Francis (Kellar) Watson is the only living child of the G. Kellars and was born 7 miles north and one mile west of Earth on what is now the Kellar home, formerly her grandfather's homestead. Her only sister, Hazel Bell, died when she was 8 years old.

Francis started and finished school at Springlake where she participated in FHA, Pep Club, was senior head cheerleader, on the annual staff, was annual staff artist and played basketball.

Francis graduated in May, 1953 and married Harlon Watson, also a Springlake boy, in June of the same year. They have one son, Monty, 7 years old and in the second grade at Springlake Elementary School.

They reside north of Springlake on the Dimmitt Highway where Watson is engaged in farming.

She is presently enrolled at Draughton's Business College in Lubbock, where she is studying secretarial work.

She entered Springlake Schools in the first grade and completed all 12 years of her schooling there.

While in high school, she participated in FHA, Pep Club, Band, Stage Band, was voted the wittiest, happy-go-lucky and class favorite her senior year.

The Cowley's reside two miles east of Earth on Highway 70.

Winnie (Teel) Huff is one of eleven children born to Mr. and Mrs. J. H. Teel who resided northwest of Earth when Winnie went to Springlake school.

She was born in Kellar, Texas, and moved to Lamb County in 1925 and entered Springlake Schools in the second grade.

Winnie stated one of the most outstanding things she can remember about Springlake School is that the students moved into the new High School building the year she was a freshman.

Following her graduation in May, 1943, she moved to Los Angeles, California, with her parents, who now reside there, and worked at Hughes Aircraft Factory until she married Marvin Huff in 1945, following his discharge from the Navy.

The Huffs reside one mile south and one-half mile east of Springlake School, where

New Classrooms Complete, Moving Started Tuesday

Students in Junior High and Elementary School are in the process this week of moving into new classrooms on the school campus.

The 5th and 6th grade desks are moving into eight newly constructed classrooms built on the west wing of the elementary building, which makes elementary grades one through six in the same building. All rooms are equipped with new furniture.

The elementary library is also in the process of being set up this week, so that each child may have a better choice of books and less duplication of bound books. In the past each room had its own library.

The Junior High Building has been remodeled, with new roofing, bricks pointed up, sprayed with water repellant, new hall flooring, new front floors and back brick archway. The boys restroom has been remodeled with new plumbing fixtures and new plaster; new

drinking fountains have been installed in the halls and the inside has been completely repainted.

When the new lunchroom is completed the old lunchroom building will be used for an inside gym for the elementary pupils when bad weather prevents them from playing out.

Work to be done on the new campus in the near future includes, paved walks, and landscaping around the new lunch room, covered walkway from elementary to old lunchroom building.

COLORLED STUDENTS TO OCCUPY JUNIOR HIGH BLDG. The colored students grades one through six will occupy rooms in the Junior High building, but will have their own rooms and teachers and will not be integrated.

The students in grades 7 thru 12 are attending Olton Colored School, and are transported there and back each day by bus.

Springlake Baptist Revival Starts Sunday

Revival services at the Springlake First Baptist Church will be held for one week, beginning Sunday, October 13, and going through Sunday, October 20th.

The public is invited to hear Bro. Fred Cherry from Okla. City, Bro. Cherry is a lay Southern Baptist evangelist and has been engaged in full time evangelism for the past eleven years. Ted Rowan will direct the music.

Cherry is a graduate of Okla. Baptist University in engineering and is the father of eleven children. Cherry doesn't consider it odd that he left the engineering profession to enter the ministry for he says, "The Lord called me into it."

Working services will be held on Tuesday through Friday, beginning at 10 A.M. Evening services will be held each day at 7:30 P.M. with the exception of Friday night when the services will begin at 6 P.M. in

order that the congregation may attend the football game. Rev. A. R. Stewart is the pastor of the church and invites every one to attend the revival services and worship with them.

Kimbell Gin Equipped With New Cleaner

Kimbell Gin plant has been equipped with a new cotton cleaner, utilizing air and manufactured by the Kimbell-Bishard Company in Lubbock of which Dick Kimbell is co-owner.

The K-B Cotton Cleaner and Rock and Green Boll Catcher is unique in that the cleaning and separating is all done with air instead of cylinders and saws.

The company says 90% of the seed and 98% of the rocks and green bolls are removed from the cotton before it enters any of the regular ginning machinery.

PATENTED COLLECTOR Sand and dust is pulled thru a special patented collector, and does not pass through the fan. It is removed from the gin building, the company says, thus helping control air pollution inside and outside the gin.

The machine, which has been used by Kimbell Gin since 1961 was used in approximately 14 High Plains gins last season.

The company says the K-B Cleaner has an additional advantage in that the cotton is in a fluffed and expanded condition due to the tremendous air pressure in the cleaner and is therefore in an ideal condition for drying and extracting.

NEW FAN USED Key to the system is a revolutionary new fan that departs from the conventional fan design and produces more air with the same horsepower used by ordinary gin fans.

Peak mechanical efficiencies have been tested and recorded, above 80 percent, providing ample air at the suction to unload trailers at a faster rate, do the cleaning job well, and make the dust collectors perform so efficiently that no dust passes through the fan.

The first unit was built and installed at Kimbell Gin and 54 units are now in operation in the territory.

My grace is sufficient for thee.—(II Cor. 12:9)

All of us can be supremely inspired and the course of our lives made plain if we but resort to the grace that God makes readily available to us.

Expert Photographer Here October 22

It is an undisputed fact that the responsibilities of tomorrow's world our nation and community will rest upon the shoulders of the children of today. Since this is true, the publisher of this newspaper would like to give you a good look at these future "World Builders."

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures they must all be of uniform size and quality. Winston B. Lucas, an expert children's photographer with all the necessary equipment for this specialized work will be here Tuesday, October 22nd.

Pictures will be taken at the Earth Community Room from 2 p.m. to 6:30 p.m.

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those who want some additional prints may obtain a limited number by arrangement with the studio representative when they select the pose they want printed in the paper. It is entirely up to them.

This paper simply wants pictures of all the youngsters and the more the better. So the mothers and fathers of the communities in which this paper circulates should remember the date, Tuesday October 22 and bring their children to the photographer.

You will be mighty glad afterwards, if you did and very very sorry if you do not permit your children to participate in this event. The kiddies will have fun and both mother and dad and the youngsters too will be very proud to see their pictures in print later.

Appointments may be made by calling Betty Cody at 257-2681 in Earth.

EL PASO STATION... grand opening Saturday was a big success with several new faces seen touring this modern service station, and everyone registering for the free prizes that will be given away at a drawing Saturday night.

order. Joan chose for her theme Seek Ye the Kingdom. Colors turquoise and white, song, "In My Father's House are Many Mansions"; flower, mum; poem, "Slow Me Down, Lord"; scripture, "Seek Ye First the Kingdom of God", Matthew 6-33. Her mascot was Donna Green, and her sponsor is Mrs. Donald Kelley, Mrs. Oletha Sanders is her mother advisor.

The hall was beautifully decorated in the east in a bulletin board effect, outlined in white ruffles, with "Seek Ye First the Kingdom" inscribed in turquoise. Each line of officers' stations were decorated identically to that of the east. The color stations were decorated with white mums, tied with turquoise bows.

The welcome was given by Cheryl Foster and the invocation was by Mrs. Oletha Sanders. Mrs. Duane Harris read the scripture and Duane Harris sang "In My Father's House are Many Mansions" and presented the benediction "The Lord's Prayer" in song.

Mr. and Mrs. M. E. Kelley presented Mrs. Oletha Sanders and Joan Sanderson, as a gift to the Rainbow Girls, white satin altar cloths, edged in white chenille balls.

A reception was held in the dining room following the ser-

vice. The refreshment table was covered with a lovely white Belgian linen cut-work cloth, centered with an arrangement of turquoise and white mums.

The Rainbow Girls served miniature cake squares, iced in white, topped with a turquoise bow, frosted punch, mints and nuts from a milk glass service.

## FHA Group Tours State Fair in Dallas

Twenty six, FHA members and several mothers attended the State Fair in Dallas over the week-end.

The group left Friday night following the game between Idalou and Springlake and arrived in Dallas early Saturday morning. They traveled in a Springlake school bus, driven by Marvin Sanders and Pat McCord.

At the fair the group toured the 4-H Club Dress Review, Womens Building, World Exhibits, Electric Building which displayed many new modern appliances and the house of wax that was very realistic. The girls enjoyed the Womens Building and the House of Wax most of all.

While in Dallas the group stayed at the Town and Country Motel.

The group left early Sunday morning for home, stopping in Jackboro where each one went to the Church of their choice for services. They arrived in Earth at 8 o'clock Sunday night.

Adults accompanying the girls were FHA instructor, Mrs. Marie Slover, Mrs. Carl Cody, Mrs. Rex Clayton, Mrs. Floyd Crawford, Mrs. Carl Perkins, Mrs. W. B. Hucks, Mrs. Bob Ussery, Margaret Womble, Lane Lovett, Linda Hill, and Ann McMannigal.

Mrs. Carrie Simmons and Mildred Simmons, both of Littlefield visited Monday night in the Dennis Simmons home.

Mrs. J. M. Trulock spent the week-end in Olton visiting her son, Mr. and Mrs. Ed Trulock.

## FHA Salad Supper Friday At Cafeteria

Everyone is invited to the salad supper, sponsored by the Springlake FHA Chapter to be held Friday from 5:30 P. M. until 7:30 P. M. in the school cafeteria.

Admission price is \$1.00 for adults and 75 cents for children, with proceeds to be used by the chapter to sponsor a foreign exchange student again next year and to purchase the present exchange student, Ute

## Group Returns Tuesday From Georgia Trip

Mrs. W. J. Rylant and Mrs. Clarence Hazlett returned home early Tuesday morning

Unger a senior ring.

A delicious meal of chicken and ham tetrazini, all kinds of tasty salads, dessert, coffee, milk or tea will be served.

Bring the family and enjoy eating with the FHA members before attending the Springlake Amherst football game and at the same time, help the chapter raise funds for a very worthy cause.

from a week's trip to Atlanta Georgia, to return Mr. Hazlett's mother, Mrs. Clarence Hazlett Sr. to Earth for an extended visit in the Hazlett home.

While in Atlanta, they visited Mr. and Mrs. Ray Stewart and Sheila who reside on the Federal Prison grounds where Stewart is a Lt. of the prison guards. Mrs. Stewart is Mr. Hazlett's sister. They also visited Mrs. Rylant's brother, Mr. and Mrs. A. H. Patton in Atlanta whom Mrs. Rylant hadn't seen in ten years.

The group returned via Baytown and visited Mr. and Mrs. Crosby, the Vernon Merchants and the Herbert Merchants, sister and brothers of Mrs. Hazlett. Mrs. Rylant toured the battle-ship Texas in Baytown, Sunday, and visited the San Jacinto Monument.

## WOLVERINE DRIVE IN

EARTH, TEXAS

The biggest and liveliest news at your Ford Dealer's is **Total Performance '64** ...in a full line of hot and handsome hardtops

Four new '64 Super Torque Ford hardtops . . . solid, simple, simply sensational. Hundreds of pounds heavier, they're stronger, smoother, steadier than other cars in their class.

Count 'em! Eleven hot new hardtops in four different sizes—all radiantly restyled to suit Texans to a "T"! All total performers with new ride, ruggedness and response . . . honed and perfected in races, rallies, and economy runs. All beautifully built to stand up under our long-haul Texas driving!

They're so changed from the cars of the past, you just have to drive 'em to believe 'em! Take a test drive soon.

Two new '64 Fairlane hardtops—family cars with sports-car feel!

Three new '64 Falcon hardtops—plush ride ever built into a compact!

Two new '64 Thunderbird hardtops, including this glamorous Thunderbird Landau!

F.D.A.F.

**Dad! Sign up your boy in FORD'S PUNT, PASS & KICK COMPETITION**

Free for all boys 8 thru 11! For details bring your boy in to the Ford Dealer displaying the PP&K sign. Free gifts for registering! Plus great prizes to winners in each age group!

**BALKO FORD SALES**

**NEWLY INSTALLED RAINBOW OFFICERS...** This group of lovely young ladies were installed at open installation of the Earth Rainbow Assembly No. 156 when Joan Sanderson, standing behind her lovely little mascot, Donna Green, was installed as Worthy Advisor. Shown with the group at far right is their Mother Advisor, Mrs. Oetha Sanders.

## JUNIOR HIGH SOUNDS OFF

FROM A TEACHER'S FILES

Our unusual sentence this week, is from a fifth grade paper. It is "Our dishes are unbreak abull."

### MEETING HELD IN LUBBOCK

J. J. Davis, principal of the Springlake Elementary, and eighth grade math teacher, attended a program at Lubbock, September 12, 1963. The program was held in the Alderson Junior High Building from 9:00 a. m. to 3:00 p. m.

Supervisors, principals and superintendents attended the program. The subject of the program was the new mathematics program. New math books will be adopted for use next year, throughout the school program.

### PEP RALLIES IN SEASON

Springlake Jr. High had their first pep rally Tuesday the 24 at 3:15. The seventh and eighth grades attended and part of the sixth.

There were several yells led by the cheerleaders, La Cretia Washington and Brenda Clayton, from seventh and Linda Packard, Gay Upchurch and Susan Britton from the eighth.

Mr. Foshee had the 7th grade band at the pep rally, and they did a very fine job,

### NATIONAL JUNIOR HONOR SOCIETY

The National Junior Honor Society had its first meeting September 16, 1963.

The opening exercises for this year are "The Lord's Prayer", salute to the American flag, "God Bless America" and salute to the Texas flag.

Some of the things we are going to do this year are: a Teachers Breakfast; tea party, for "Teacher's Appreciation" Day; get food and clothing for a needy family at Christmas time and last, but not least, have a sandhill party.

Possible things we want to do are buy speech books and workbooks for those who can't afford them, buy haircuts for needy boys, get an Eagle and stand for our new flag, which we got last year, get a speaking system and portable stage for the lunchroom, and get a record player for the Springlake Junior High School.

The bulletin boards in Junior High will be changed every week. If those in charge don't get them changed by Monday, of each week, a quarter fine will be assessed. If they miss twice, they are put on probation.

Posters have been put up in Earth and Springlake, telling where the freshman and eighth grade games are, what time, and who they play. These posters will be changed every week.

October 15 will be the Attention Induction Service. Further details will be in the paper at a later date.

Since school lets out earlier, the meetings will adjourn about 4:45, every other Monday.

### MYSTERY STUDENT

This week's mystery student is of the female sex. She is a seventh grader, she has blonde hair, and green eyes. She has received the honor of class favorite. She has three brothers and no sisters. She plays 7th grade basketball. She is 4 ft. 11 in. tall. Who is she??

By Becky Parish

### GARY KELLEY RECEIVES FOOTBALL INJURY

Gary Kelley, son of Mr. and Mrs. Guy F. Kelley received an injury Tuesday, September 24 while in action against the Muleshoe Mules in a football game here. He has a broken wrist. We are proud of Gary, because (although he can't play football for 2 or 3 weeks), he isn't letting his broken wrist keep him from playing his cornet and marching in the band.

By Debra Parish

### THE GAME LOST TO THE MULES

Pow!! There went the kick-off by the Mules. David Jaquess covered the ball. The Wolverines made several first downs, but lacked one yard making a first down, so the Mules took over. No score was made, until the third quarter, Bobby Julian made the touch-down for Muleshoe. The extra points were no good.

On the kick-off, Randy Washington carried the ball to the 35 yard line for a five yard

## Pink and Blue Shower Honors Mrs. Jackie Schollar

Mrs. Jackie Schollar was honored with a pink and blue shower, Monday, from 4:30 until 6 p. m. in the home of Mrs. Johnny Pellham.

The hostesses presented Mrs. Schollar with a corsage made of baby socks and rattlers.

Mrs. Gayland Stephens served refreshments of fancy cookies, iced in pink, pink punch, nuts, and mints from a table covered with a lovely pink cut-work cloth, centered with a beautiful arrangement consisting of a small baby doll, asleep in a white ruffled bassinet, surrounded by tiny angels on a white fluffy cloud.

The room decorations consisted of several storks and small baby diapers filled with nuts.

Hostesses for the occasion were Miss Pellham, Truman Lowe, G. Kellar, G. Pellham, G. L. Adrian, Eldon Davis, Leon Foster, Alfred Dutton, Kenneth Sawyer and C. W. Mick.

Out of town guests were Mrs. McGee, mother of the honoree, from Allison, and Mrs. Schollar's sister, Mrs. Elmer Brown from Amarillo.

Among Those Who Are Ill

Jim and Stewart Laing, sons of the George Laings have been ill at their home with a virus infection, but are reported to be much improved.

## John Lawrences' Honored By Class Members

The Young Married Couples Sunday School class of the Earth First Baptist Church honored their former teachers, Mr. and Mrs. John Lawrence, with a party, Saturday at 7:30 p. m. in the Roney Smith home.

The Lawrences were presented with a beautifully decorated cake, iced in white with an open Bible at the top, and "The Lawrences" inscribed in green across the center of the cake.

Those attending were Mr. and Mrs. Bobby D. Green, Mr. and Mrs. Tommy Wheatley, Mr. and Mrs. Doug Shelby, Rev. M. B. Baldwin, George Laing, Mr. and Mrs. Roney Smith and the honorees.

Francis Implement Co., Your Ford Tractor Dealer Muleshoe, Texas Pd. Adv.

## NOTICE

The Aitral Club members are selling fresh sheilded pecan halves at \$1.75 per pound. Anyone wishing to purchase pecans may contact any member of the club.

There will be an all day Dresden painting party at the Springlake Community Building Tuesday, October 15.

Everyone is invited, and bring a sack lunch.

There will be a homecoming committee meeting, called by the president, Dwane Jones Sunday October 13, at 3:30 p. m. in the library of the Springlake High School. This will be the last committee meeting for the season. All members are asked to attend.

The children of Mr. and Mrs. John Davis will honor their parents with a tea on their Golden Wedding Anniversary, Sunday, October 13 from 2 until 5 p. m. in the home of Mr. and Mrs. Irvin Ott, Route 2, Earth.

Everyone is invited.

E. Kelley, installing officer, Cheryl Foster, installing marshal and Prada Sanders installing recorder.

### 7th GRADE GIRLS P. E.

The 7th grade girls have physical education third period, 01:00-12:15) under the direction of Mr. Watkins. The biggest percentage of us are taking basketball, but the ones who don't are doing the same thing. For about fifteen minutes, we do the four-corner drill in which four girls make a square. The girl with the ball passes it and changes position. Next, we dribble up and down the court, doing different things each time. About 10 til 12 we get in four groups and pass to each other. We are doing two handed chest throw and baseball pass. The rest of the period is occupied by shooting baskets. We are doing the right hand lay-up. Well, after all these things, we're starved and happily go to lunch.

### BOY OF THE WEEK

Our boy of the week is thirteen years old and has green eyes and sandy hair. He weighs 105 pounds and is 5 feet 2 1/2 inches tall. He plays quarter-back, has a dark sun-tanned skin, and beautiful smile. (If you are one of the fortunate ones who has seen it, you know what I mean). He is bright in his studies and as for hobbies, give him his cornet, his school books, and leave him alone. If you haven't already guessed his name, here it is... Gary Dan Kelley, boy of the week.

### Gary Haberer Celebrates Twelfth Birthday Friday

Gary Dan Haberer enjoyed his 12th birthday Friday, when four of his friends, David Foster, Kelley Earl and Perry Don O' Hair and Eddie Sam Jones accompanied him home from school to help him celebrate.

The boys enjoyed hamburgers and homemade ice cream and cake before attending the Springlake-Idalou football game. The birthday cake was iced in white, decorated in green with 12 candles on top.

Following the football game the boys all returned to the Haberer home and were overnight guests of Gary Don's.

## Scout News

Den 6 met last Wednesday afternoon at the Scout Hut with seven members present. Mrs. Jay Winters met with the group. The boys made puppets in conjunction with the theme of "Make Believe" for October. Danny O'Hair served refreshments.

Den 2 met last Tuesday afternoon at the Scout hut with all eight members present and the den mother, Mrs. Wilson Lewis. The boys put up Fire Prevention posters in local store windows in observance of National Fire Prevention Week, October 6-12. Weldon Eagle told a story to the den and also served refreshments. Shadow puppets were viewed to a recording. A shadow puppet theater was made by Tony Barton and Johnny McNamara. The remainder of the time was spent discussing fire prevention rules and emergency measures in case of fire.

Den 1 met Monday with 11 boys present, including 2 visitors, Wendell Walker and Jimmy Cantrell. Den mothers, Mrs. Norman Sulser and Mrs. Bob Bell, and the den chief, Bobby Glasscock made a visit to the Fire Station with the boys present. Donald Layman, fire chief, gave a guided tour of the firehouse and fire truck, giving information for the use of each item. The group reported a very interesting tour. Steve Hay served refreshments following the tour.

Den 3 met Thursday afternoon at the Scout hut with six boys present including two new members, Gail Lackey and Randy Stephens. Terrell Ott led the pledge to the flag. Donnie Galloway served refreshments. The boys discussed next weeks project and did exercises. Boys were given pinewood derby kits, those who brought the money to pay for them. The pinewood derby will be held on October 22 at the Junior high school gymnasium.

## Meeting Of Earth Catholic Youth Held

By Alice Acevedo, Reporter

October 7, 1963 the Earth Catholic Youth Club had their third weekly meeting at Josephine's cafe at 8:00 p. m. There were twenty present plus the officers, sponsor and a few members of the Muleshoe CYO.

There was a discussion between the two organizations about a softball game. It was decided that on October 20, at 2:30 p. m. the Earth CYO boys and girls mixed, will play against the Muleshoe boys and girls here at the base ball field, for seven innings.

Plans for a Halloween dance at Muleshoe were discussed but it was not definite.

The report from the motto committee brought up six mottos. The motto chosen by the club was "May God Lead us to Success". A club song was chosen during the meeting. It is called "He."

The Earth CYO attended the Muleshoe CYO meeting Wednesday, October 9, at Immaculate Conception Church for further discussion of the Halloween dance.

The report from the style show committee set a date for the show, November 12. Further plans cannot be made until after the dance. Father Clifton Corcoran led in prayer before and after the meeting.

### NOTICE

There will be a meeting of all boys and their parents (mother or father or both) who have signed cards stating that they want in Cub Scouts, on Friday afternoon immediately after school, in the junior high building.

The prayer of faith shall save him that is sick, and the Lord shall raise him up.— (James 5:15).

If we hold genuinely to the idea of healing we should and can pray effectively for Divine help for those who are in need of healing.

## Construction Of New Buildings Gets Underway

Construction is underway on a new building that will house Neal Bookkeeping and Tax Service office and the Rainbow of Beauty Shop, when it is completed.

The building, owned by Dutch Been, is being constructed by Albert Jones, contractor from Clovis, N.M., at a cost of \$18,000. The concrete tile building is being built adjacent to the new Piggy Wiggly building on the west and will face north.

Neal Bookkeeping and Tax Service will occupy a 25x50 foot space and will have four offices, two private. The office will be fully carpeted, have terrazzo tile entry, acoustical ceilings and refrigerated air conditioning and central heating. The building will have two rest rooms and a supply room in back of the offices. Each office space will have partial partitions.

The 24x44 foot space that will house the Rainbow Beauty Shop will feature T-bar drop ceilings, vinyl tile floor covering, central heating, with an all working area built in. Above average fluorescent lighting will be installed. The shop will feature a large picture window, with a lobby and a 5 foot long dressing table with an oval shaped lavatory.

There will be three built-in operator stations and a place for the fourth.

The building is expected to be completed within the next 45 days.

## Three Winners Named At Earth Gulf

Three winners have matched tickets for free gasoline at the Earth Gulf that was given away Saturday night by manager Wayne Jackson at the 10 p.m. drawing.

Francisco Sixtos was lucky ticket holder of 25 gallons of regular 50 gallon that has been given away each week at the station for the past two months. The 15 gallon ticket 125982 and the 10 gallon ticket 125783 were not matched at press time.

A special drawing for 70 gallons of gasoline, left over from regular Saturday night drawings was held with Francis

## Payment of '63 Began Taxes October 1st

October 1 was the opening date for payment of poll taxes county and state ad valorem taxes, school and city taxes. Collections at the city and school tax collector's offices are running normal for this time of year as October and November are the slowest collection months.

Poll tax payments are expected to run much slower for the first six weeks of the 1963 tax payment period, pending the November 9 statewide vote that could abolish the \$1.75 annual tax as a requirement for voting for persons under 60 years of age. After that they could almost stop altogether. The tax will remain in effect but will not be required for voting. Of the \$1.75 Texas schools receive \$1 for a total of about \$2 million annually.

Abolishment of the poll tax is expected to become a sharp state issue as the November 9 vote nears. Gov. John Connally is outspoken in support of its abolishment, urging that keeping it will create "chaos at the polls" in future elections, after federal legislation makes it possible to vote for federal candidates in Texas—U. S. Senators, Congressmen and the President.

An amendment to the U.S. constitution now in process of being ratified by the states lacks only approval of two more states, and this is expected early in 1963. Presumably, Texas residents can vote in U.S. races in 1964 with or without the 1963 poll tax receipt.

This would probably mean two separate ballots at the polls. But poll tax payment would still be required for elections on a state, county, city and school district level, if the tax is not abolished.

Kelley and H.S. Hickman each winning 25 gallons with one ticket 215056 yet to be matched.

The station will continue the Saturday night 10 p.m. drawing through the month of October for 50 gallons of free gas each week to the lucky ticket holders.

## County Farm Bureau's Annual Meeting Today In Littlefield

The Annual Lamb County Farm Bureau Convention will convene at 7 p. m., today, (Thursday) at the school cafeteria in Littlefield with a free barbeque supper for the family an outstanding guest speaker, adoption of resolutions and election of new directors highlighting the meeting.

Elmer McGill of Olton, president of the organization urges all Farm Bureau families to attend this annual meeting and to enjoy and take an active part in the voice of organized agriculture.

Guest speaker for the event will be Warren Newberry of Vernon, southern region field service director of the American Farm Bureau Federation. Also presenting brief talks at the meeting will be two students who attended the Farm Bureau Seminar on Citizenship this summer, Diane Phillips, of Littlefield and Billy Cox of Olton.

McGill will preside over the meeting and six new directors will be elected, followed by the Bureau's 12 directors electing officers. Kenneth Burgess of Sudan is now serving as vice-president and Ted Hutchins of Spade is Secretary-treasurer.

The free barbeque will be served by the school cafeteria staff and free movies are scheduled for the children in the school auditorium.

Herman Neuenschwander, chairman of the policy development committee, will present resolutions, to be acted upon. Questionnaires were mailed to all members and results used to draw up resolutions reflecting the thinking of the majority.

The policies of the county farm bureau are made at the annual convention. Resolutions which are adopted are forwarded to the Texas Farm Bureau convention for action.

Neuenschwander pointed out that each county FB member is entitled to one vote on the issues—provided that at least 51 percent of their income is from agriculture.

One of the resolutions which is due to be introduced for action is a 5-point plan for cotton:

- (1) Beginning in 1964, set the price support of cotton at 90 percent of the previous 3-year average market price; also set a floor. In the act of 1958 this was 65 percent of parity. (This keeps the Secretary from changing it after a set policy has been adopted.)
- (2) A support subsidy should be set high enough to export 5 to 8 million bales of cotton.
- (3) In order to protect the domestic mills, there should be an import Equalization Fee on cotton goods coming into this country. (This is made necessary because of the failure of The Tariff Commission to act in farmer's favor.)
- (4) That portion of the Cooley Bill pertaining to "Cotton Research" should be included.
- (5) The release and resale of upland cotton should not be changed as to what it is in the act of 1958.

Other resolutions which have been drawn up for action:

A resolution calling for farmers to measure their own allotted acreage, bonded by their signature, and allowing spot checks by the USDA. (Due to inexperienced and untrained personnel of ASC causing confusion and unnecessary expense in measuring.)

A resolution calling for per-

Francis Implement Co.,  
Your Ford Tractor Dealer  
Muleshoe, Texas  
Pd. Ad.

sonal exemptions on income taxes to be raised from \$600 to \$1200 or more.

A resolution calling for the REA to pay interest on borrowed money, at a rate no less than the U.S. Government, and also requiring them to pay taxes the same as other co-ops.

One expressing opposition to a disarmament treaty with Russia, or to disarmament and arms being put in the hands of the UN.

One favoring the return of the feed-train program to supply and demand.

## Wac's and Wolverine Boosters Enjoy Joint Meeting Monday

Fourteen members of the Women's Athletic Club and four guests were present for the club's regular weekly meeting Monday night, in the Springlake Home economics room, with Mrs. Gayle Jones, presiding.

Carolyn Stephens, project committee chairman, made a report on warm up jackets for the girls basketball team. Members of the club voted to purchase twelve jackets which will be of heavy duty green satin with gold inscriptions. Dean Foehre, girls basketball coach, reported that the team would have a scrimmage game Tuesday, October 15 at 4 p.m. and invited members of the club to attend.

Coach Jodie Mahan showed the group a film on the Springlake-Idalou game and discussed the Amherst game to be played here Friday night.

The freshman football boys will journey to Pritchard today (Thursday) for a game at 6 o'clock.

The group enjoyed coffee following the meeting.

"About the only way to get anything worthwhile on your TV set is to sell it."—W. R. Smith, Cochran (Ga.) Journal.

## Sidelights and Highlights

Commercial fishermen, who produced 64 per cent of the 1962 lyster crop in Galveston Bay, claimed they would be run out of business. Sportsmen said destruction of live oyster reefs, or reefs which can be revitalized, would destroy every natural attraction in the bays.

Both sides feel that the application fight is a life-or-death situation—either for the shell dredgers of for the oyster men and the vast sporting industry on the upper Gulf Coast.

Cattle Killer—Agriculture Commissioner John White warned Texas farmers against the "deadly danger" of letting

livestock graze in fields which have been defoliated by the use of certain cotton chemicals, warning came after a Breckenridge farmer lost more than half his herd of cattle from the effects of arsenic poison.

White urged farmers to seek full information on the effects of any chemical before applying it to their fields.

Oil Industry woes—The Texas oil industry is in a three-way bind, Governor Connally told

the Texas Independent Producers and Royalty Owners Association, Stabilization of foreign imports would strengthen the troubled industry, he said, but Texas oil also is losing markets to other states and to natural gas. TIFRO backed legislation to require pooling of small tract oil and gas leases for operational purposes, Connally went to Washington to ask Secretary of Interior Stewart Udall for more imports controls.

The price is medium... the luxury maximum... the car is Mercury

When you want more than the usual in a medium-price car, Mercury's the one to look at. You'll find rich interiors in the elegant new Park Lane. Extravagant spaciousness. Responsive power—a 390 cu. in. V-8 is standard. And a choice of two different-looking styles.

Mercury gives you more than the usual in all these ways: the most responsive engines in its field. More leg room, head room, entry room. More trunk space—12 suitcases big (17.1 cu. ft.). Choice of racy Marauder styling (left) or Breeze-way Design (top), the rear window opens for ventilation.

ell, 3rd, German Chocolate, first place winner was Allene Embry; 2, Joyce Hudson; 3rd Ramona Espinosa. Red Devil's food cake, first Peggie Carroll; 2nd Cathy Wilson; 3rd Elaine Embry.

In sections--cookies, Collene Harper had first place in oatmeal cookies. Sheila Vaughn 2 and Linda Monk 3rd. Ice Box cookies, Marianna Gammon, 1; Charlotte Davis 2; Linda Monk 3. Peanut Butter cookies; Gayla Seaton; Linda Monk 2 and Janette Slaton 2. Chocolate drop cookies; Charlotte Seaton, 1; Janette Slaton, 2 and Linda Monk 3. Brownies, Judy Brown, 1; Sheila Vaughn, and Janette Slaton 3rd.

## TSHSC Meet In Lubbock

A meeting of the Lamb County Historical Survey Committee was held Friday at 2:30 p. m. in Littlefield, with M. E. Kelley president, presiding. The group discussed the state convention which was held in Lubbock last Sunday, beginning at 2:30 p. m. at the West Texas Museum Auditorium on the Texas Tech campus.

Mr. and Mrs. M. E. Kelley and Billy Wayne Clayton attended the Lubbock meeting, along with ten other Lamb County committee members. The group heard Lt. Governor Preston Smith discuss the new historical legislation to members from 38 county historical survey committees.

Dr. W. C. Holden, Director of the West Texas Museum spoke on the "Responsibility of the Regional Museum and Research Center in the Preservation of History."

Cities and counties named for Prominent Texas Confederates was discussed by Mrs. Deoiece Parmelee, director of research for the TSHSC in Austin. Her topic was part of the Civil War Centennial program of the association.

Mr. Jenkins Garrett of Fort Worth, TSHSC member, brought the counties up to date on the work of the state committee and its achievements in the fields of civil war centennial activities, grave marking, marker work, publications and accomplishments of the county committees over the state.

M. E. Kelley gave a report on the Lamb County Historical Survey Committee at this meeting, and Billy Wayne made a short talk on the House of Representatives session.

## Lubbocks Third Track And Field Meet In February

The Lubbock Amateur Athletic Association has set the date for the 1964 Third Annual Indoor Track and Field Meet. It is to be held on Monday, February 3rd at the Lubbock Municipal Coliseum. This is a deviation from the usual Saturday schedule that teams have had in the past. Entries have been assured from New Mexico University, Abilene Christian College, University of Houston, and all Southwest Conference Schools.

There will, of course, be special events for women, high schools and junior college participants. This will either be an Invitational or N.C.A.A. Qualifying Meet. At the present time plans are also being made for exhibition of the nation's top performers and foreign stars.

Tired of punching a time clock? Then stop a Texas Highway Patrolman.

## Airman Schleich With Air Force Unit In Europe

Sembach AB, Germany-Airman Second Class Thomas P. Schleich of 1614 Longview, Wichita Falls, Tex. has arrived here for assignment with a unit of the United States Air Forces in Europe.

Airman Schleich, an air police man, is the son of Mr. and Mrs. Byron G. Schleich of 4940 Columbia Road, North Olmsted, Ohio. He previously was stationed at Sheppard Air Force Base in Wichita Falls.

The airman graduated from North Olmsted (Ohio) High School. His wife, Trixie, is the daughter of Mr. and Mrs. R. J. Steinboch of Rt. 1, Muleshoe.

THERE'S A FORD 6000 TO MATCH YOUR NEEDS...

**CHERRY BLOSSOMS IN OCTOBER!!!** Little Debbie Elmore holds proof of the blossoms found on her great grandfather's R.C. Hooten, trees last week. By looking at the trees, one could very well say Spring is here rather than Fall, has just begun. Mrs. B. F. Orteg, has reported her cherry trees are blossoming, also, Herb Wendborn's cherry trees are blooming.

## Castro County Gas Users Board Meets

The Board of Directors of Castro County Gas Users Assn. met at the Steak House in Dimmitt, Thursday morning, October 3, for a called meeting presided over by Shirley Garrison, the Director from Castro County to the Plains Irrigation Gas Users Association.

The following Castro County Board members were present: Ray Joe Riley, George Sides, Doyle Underwood, Wade Mills, County president; Ed Bennett, County secretary; Marcellus Kendrick, Earl King, W. T. Sanderson, Charles Martin, and Guy Walser.

Present also was David Burgess from Tulsa, immediate past president of the Plains Irrigation Gas Users Association and Jay Boston from Hereford, immediate past secretary-treasurer of Plains Irrigation Gas Users Association.

Mr. Boston and Mr. Burgess reviewed the activities of the organization and presented to the Board a letter recently received by the Plains Gas Users Association from Pioneer Natural Gas Company.

The Board concluded that a County-wide meeting should be called in Castro County of all of the natural gas users and a meeting was set for Tuesday night, October 22, at 7:30 p.m. in Dimmitt at the South Grade School Cafeteria.

Mr. Garrison urged the directors to make every effort to have a good representative

group of farmers present at the meeting due to the importance of the decision to be made.

## Grand Opening Of El Paso Is Big Success

Grand opening of the El Paso service station Saturday was a great success with a large crowd attending the all day affair and touring the modern new station.

The station topped record sales for the day with free lollipops for the children, free coffee mugs and key chains given to those attending.

Registration began Saturday for a beautiful electric buffet set and electric coffee pot to be given away this Saturday night, when a drawing will be held.

The beautiful new modernistic El Paso station is constructed of concrete tile, finished in the El Paso colors and opened officially for business July 24. The Wholesale and retail station, owned and operated by Sam Garner is called the Garner Oil Co. has a truck available for wholesale delivery of diesel and gasoline to serve the rural areas in Earth, Springlake and Muleshoe.

## New Spinner Plow On Display At Stephens & Sons

Stephens and Sons firm, dealers in Minneapolis-Moline has on display the new two-way spinner plow, that is easy to maneuver in tight spots and is compact and close coupled.

The plow is engineered for easy adjustment and operation simple maintenance and minimum servicing. It has hydraulic pivoting of right and left hand bottoms, turns all furrows in the same direction to cut non-plowing time, eliminate dead furrows, and to aid soil and water conservation.

The new TW900 Series three bottom plows are designed for tractors of 45 horsepower and up, which are equipped with category II 3 point hitch.

The heavy duty frame and carrier provide strength for most severe plowing conditions. The head assembly and spinning mechanism are designed for rigidity and strength.

Spring trip beams allow bottom to pivot back when solid object is struck. Backing up resets the bottom which makes it ideal for rocky fields.

## Local Residents Brother Dies In Plainview

Funeral services for H. N. Waggoner, 73, were held at 2 p.m. Friday in Wood-Dunning Colonial Chapel in Plainview.

Burial was in Plainview Memorial Park under the direction of Wood-Dunning Funeral Home.

A native of Hopkins County Waggoner moved to Plainview from the Sunnyside community.

Survivors include his wife, two daughters, Mrs. Ruth Rothwell, Dimmitt and Mrs. Sybil Nell Moberly, Hobbs, N. M.; three stepsons, Raymond and Richard Moon, both of Plainview, and Randall Moon, Amarillo; three brothers, C. T. of Plainview, Ernest and Otis both of Dimmitt, two sisters, Mrs. Gertrude Patterson, Earth and Mrs. Alma Aldridge, Rockport; eight grandchildren, and two great-grandchildren.

Waggoner was the uncle of Hershel and Everett Patterson both of Earth.

"If you think old soldiers just fade away, try getting into your old service uniform." —S. E. Mekeel, Ovid (N. Y.) Gazette and Independent.

"The way college costs are skyrocketing, education will soon be as expensive as insurance." —John L. Teets, Richwood (W. Va.) Nicholas Republican.

**A HAPPY FOURSOME**, Mrs. George Laing, her two young sons Jim and Stewart, are pictured with 8 year old Cris Espinoza, after receiving the glad word that her name had been drawn for a free hearing aid at a Fair booth in Lubbock during the recent fair... Mrs. Laing had signed up in hopes of being able to help Cris with his hearing handicap... It was quite difficult to decide which was the happiest over the hearing prospects Mrs. Laing or Cris. Doubtless though, Cris' happiness outweighed hers, as he was doomed to fail in school without the aid of a hearing device.

**Mrs. Laing Wins Hearing Aid**

Mrs. George Laing is in true life a good Samaritan, and shows unusual concern for children, and handicapped folks as a whole, all over the area. Her concern over an 8 year old Latin-American lad, Cris Espinoza, paid off last week, and Saturday, he will receive a much needed hearing aid, due to her deep concern.

Mrs. Laing does not erase from mind those unfortunate folks who are handicapped even when on a pleasure trip, as recently, while attending the Panhandle South Plains Fair, she registered at the Belton Hearing Service Booth in hopes that her name would be drawn

and she could get a hearing aid for Cris.

The boy, who has had hearing defects for approximately a year, resides with his grandparents, Mr. and Mrs. Serafin Vacques on the Laing farm, where Vacques is employed.

Mrs. Laing was happily surprised when she received a letter last week informing her that her name had been drawn making her eligible for the hearing aid for someone she knew. She contacted the Belton Hearing Service in Lubbock and made an appointment for Cris and the lad will go to Lubbock Saturday where preparations will be made for the hearing aid.

**Sandersons Lose Furniture In Truck Fire**

Bad luck comes in big packages sometimes the Bob Sanderson family received their share recently when they lost all their household possessions by fire.

The Sanderson's were in the process of moving from the Otton community to Lubbock, September 29 when the truck they were moving in caught fire and burned, completely destroying all their possessions even the truck, about one mile east of Shallowater.

The truck was driven by Bob Sanderson and his wife Carolyn and her mother, Mrs. J. D. Badley of Lubbock were following close behind when they noticed smoke billowing from

the truck bed. By the time they were able to stop Sanderson, the furnishings burst into flames and efforts to save any of the furniture or the truck were unsuccessful.

Estimated loss of their possessions which included household appliances, furniture, linens, bedding and clothing ran over three thousand dollars. Estimated loss of the truck was not available, but was expected to run into several thousand dollars.

The Sandersons were moving to Lubbock where Bob will work for his father in law, the J. D. Badley Lumber Co. He is the son of Mr. and Mrs. R.J. Sanderson.

# Idalou Edges Springlake 14-13

By Eldon Trotter

Just how close can you get to an upset? Friday night, high spirited Wolverines came close to pulling one of the biggest upsets of the year. It was indeed a close call, from beginning to end, and we still wonder what kept the mighty Idalou Wildcats from losing their winning streak. Myself along with many other fans are hoping to see the Wildcats

and Wolverines tangle once more this year. If the two clubs come through as winners in their districts, then we will get a chance to see these two great teams.

Friday night's game started out as a thriller and wound up the same way with the starting whistle, the Wolverines began moving with a ground attack, but lost the ball on downs and were forced to kick.

The Wildcats took over on their own 25 yard line and

fumbled the ball on the first play, with Thomas Gregory making the play. Jerry Been rolled out on a keeper play and carried the ball over for a touchdown with eight minutes and thirty nine seconds left in the first quarter. On the try for the extra point, Springlake drew a 5 yard penalty for off-sides, but Jerry Don Sanders came through with a nice kick for extra point and put Springlake ahead 7 to 0.

Both clubs battled back and

forth till late in the second quarter when Idalou was forced to punt, and while flying down field, the ball hit one of the Wolverines, and Idalou recovered the ball deep in Wolverine territory. On three downs the Wolverines held the ball on the one yard line, but on fourth down, the little 135 lb. quarterback, Raymond Ater finally reached the goal line for the first touchdown for the Wildcats. The try for an extra point failed,

and at halftime, the Wolverines had a 7-6 edge on the Wildcat squad.

To start the second half, both clubs came charging back ready to battle to the very

end. With both sides battling back and forth, the Wolverines finally got the offense moving and Jerry Been went over from the one yard line. On the try for extra point, Been hit Jerry Don Sanders with a pass, but had the play called back on a backfield in motion penalty, so Sanders again tried to kick the point, but the ball went to the right side of the goal post. The score looked good -- Springlake was out in front 13 to 6.

Both clubs stuck to the ground till late in the fourth

quarter, when Idalou in desperation, went to the airways and connected on a screen pass from Raymond Ater to Chris Weems that covered 45 yards, and put Idalou back in the ball game. The try for extra point was good on a pass from Ater to J. T. Benton, the right halfback of the Wildcats. This put the Wildcats in lead, 14 to 13 for the first time during the game.

The Wolverines once again started moving the ball on the ground, and through the air, with Jerry Been mixing the

plays up to keep the Wildcats guessing what was coming next. With less than a minute to go, Jerry Been threw a desperation pass, but had it intercepted, and on two keeper plays, Raymond Ater ran the clock out giving the Wildcats a hard-fought 14-13 victory.

Here's hoping that we will all have the opportunity to see these two teams once more this year in district play.... Wolverines, this will give you all something to really fight and hope for the rest of the season.

BEEN ON HIS WAY TO THE WOLVERINE FIRST TOUCHDOWN... The solid wall of Wolverines coming up in the background made sure Been was on his way as soon as he made his cut behind Eugene Culpepper No. 55 and Dale Layne No. 60. Such plays as this one are really something to see.

SECOND TOUCHDOWN FOR THE WOLVERINES... Over the top goes quarterback Jerry Been riding on the back of "Reddog" Patterson. The play came late in the third quarter that put Springlake out in front 13-6. The only players recognized are No. 50, Patterson, 21, Been, No. 10 in the background is Thomas Gregory and No. 10 in the white jersey Raymond Ater, the little quarterback of the Wildcats.

**THE PLAY THAT MADE THE DIFFERENCE...** This play stopped the Wolverines from probably scoring late in the fourth quarter. With only inches to a fourth down, the Wolverines had to give the ball up on the four yard line. No. 21 is quarterback Jerry Been checking the chain to see if the yardage was enough. It was such plays as this one that made the game a great thrill.

## West Texas vs. Arizona State There Saturday

West Texas State University journeys to one of its toughest games of the year next Saturday as the Buffaloes take on the Arizona State University Sun Devils in Tempe, Arizona. The Sun Devils hold an 11-5 edge in the series between the two schools, a series that has produced some of the wildest football action seen anywhere. Last year's game was no exception. The Buffs came from behind on a 99 yard pass interception and a two point conversion play to upset ASU 15-14. Arizona State will not have to look far for a motive to get up a ready for this year's contest. Arizona started the season slow in losing to Wichita, 33-13. The Sun Devils came right back to knock off a tough New Mexico State eleven, 14-13 a week ago. West Texas won its first two encounters over Arlington State (22-17) and University of the Pacific (32-8). One weapon the Buffs hope to have that they did not have last year in Tempe is "pistol Pete" Pedro. The flying fragment was injured and did not respond to treatment prior to the game. He was ordered not to play by the doctor in attendance. Pete is off and flying this season and is listed at the nation's leading rusher after the first two games of the year with a 159.5 per game average. The buff will need the little halfback this week if they hope to keep up with the speedy Sun Devils backs. Arizona State has seven members of this year's backfield who can do the century in less than 10 seconds. Add to that quarterback John Jacobs, the leading passer in the Western Athletic Conference in 1962

and you come up with an offense that can score almost at will. Fullback Tony Loric is leading the Sun Devils ground attack with 159 yards and a 9.3 average. Prospects are for a wide open scoring battle with the breaks deciding the game.

Mr. and Mrs. Gene Brownd and Dickie were in Clovis all day Friday.

## Party Line

Mrs. Jerry Tunnell and Children Amherst, spent Monday with her parents, Mr. and Mrs. Johnie Haberer.

Ross Middleton and Phil attended the Texas Tech, Aggie football game in Lubbock Saturday night.

Mr. and Mrs. Marcus Messer Doug and Marianne spent Saturday night in Lubbock with

their son the Tom Messers' and attended the Tech-Aggie football game, Saturday night.

Mrs. B.L. Skinner and Mrs. Kenneth Sawyer, accompanied Mrs. Sawyer's mother, Mrs. R.E. Smith to Hollis, Okla. last Wednesday and returned home Thursday.

Mrs. Roy Smith, Randy and Gary, spent the week-end with the Kenneth Sawyer Family.

Mr. and Mrs. Lewis Rogers and children, Amarillo visited Sunday with Mrs. Sara Clark.

## USDA Authorized To Help Develop Recreation

Under the Food and Agriculture Act of 1962, USDA is authorized to provide help to owners and operators of land in developing recreation resources for profit. Soil Conservation Service technical assistance in recreation include (1) information on various recreation enterprises, as well as suitability of soils for vegetation, road and trail construction, building sites and dams, (2) appraisals of physical suitability of sites for varying uses, (3) help in develop-

ing and managing range and pasture for livestock and big game, hiking and camping, water supplies, fish and wild life habitat; (4) appraisal of income producing potential of enterprises; and (5) helping obtain standard construction plans for various recreation facilities. Crowded public campgrounds picnic areas and parks show the growing demand for outdoor recreation. Farmers and ranchers have an opportunity to cash in on this urban need for some place to go for a vacation or just a picnic or day of fishing or getting out of doors. Many farmers are cashing in on this recreation need by developing ponds for fishing and swimming, camp grounds and picnic areas. For a nominal fee they are providing recreation which city people are glad to get and which means added income for the farmer. Farmers gave away this "new crop" for years, but some of them now find that it is a crop which can be developed and sold, without interfering with other farm operations. Janice Cowley, who is going to business school in Lubbock, visited her parents the Kenneth Cowley's over the week-end. Mr. and Mrs. T.V. Murrell returned home Friday from visiting with relatives in Bakersfield, California. Jean Sawyer, Janeyye Ray and Joan Gover, all students at West Texas University were home over the week-end.

# STARS OF THE WEEK

**BACKFIELD**

**LINEMAN**

This week, Jerry Been receives the backfield honor for his great showing on offense as well as defense. Jerry made both of the Wolverines' touchdowns; the first score came early in the game, on a beautiful 25 yard run, and the second touchdown came late in the third quarter on a one yard plunge over center. Jerry, we all think you called a good game, but a couple of bad breaks seemed to keep the ball club from pulling off one of the biggest upsets of the season. Keep up the good work, the breaks will fall your way if you play a good hard clean game of football. All the fans are with you, Wolverines, so let's get back on the winning track by taking Amherst this week, and go on to take district.

Lineman of the week honor goes to John (Reddog) Patterson... All we can say is the honor went where the honor was due, for John called the defensive plays time and time again, that sent the backs of Idalou reeling back in yardage lost. The many fans who watch game after game always comment on a player that can reddog, and get away with it. It truly is a beautiful play when worked right, and Patterson, we all readily admit you made it look easy against the Wildcats. Just keep up your hustle and great calls and lets get the Wolverines to moving and make district... We all want another crack at the Wildcats of Idalou this year.

PLASTIC SCALE MODEL of the new Western Ammonia Company Plant is shown above. The plant is presently under construction at Dimmitt under the direction of Foster-Wheeler Corporation. The scale model gives minute details of the plant, and is used at the plant construction site. The plant will be completed in March, next year.

## Work Begins On Dimmitt Fertilizer Plant

Construction began recently on a four million dollar ammonia extraction plant near Dimmitt and is to be completed around March 1, 1964 and will be known as Western Ammonia Company.

The Foster-Wheeler Corporation of New Jersey, largest chemical and petroleum builders in the world are constructing the plant.

The storage tanks are being erected by Chicago Bridge and Iron Corporation, Houston Division, and will be 101 feet in diameter and 87 feet high and will have a capacity of 12 thousand tons of anhydrous ammonia.

The ammonia will stay at a temperature of 32° below zero. At this degree, the ammonia can be stored at atmospheric pressure.

The location was selected in view of future farming in the area to provide the individual farmer improved farming conditions through fertilizing, as the farmer is anxious to improve his system of farming.

The company has employed Dr. William Bennett, who has been the extension Soil Scientist of Texas A&M for the past seven years as chief agronomist. Dr. Bennett will serve full time, working with farmers in the area in improving their farming operation.

In addition to making anhydrous ammonia, the company will sell dry fertilizer and liquid mixed fertilizer which will not be made at the plant when it first starts operation.

Refreshments will be served at all times to anyone who desires to come by and inspect this new plant after it is in operation.

Employees of the firm other than Dr. Bennett include E.J. McMillan, Vice president, and

Plant manager, Colorado Springs, Darrell Martin Sales Manager, Kansas City Kansas, Plant Supt. Craig P. Howes, Vicksburg, Mississippi Howards Clements, Maintenance Superintendent, Joplin, Missouri, Jessio Pharras, Controller, Big Spring and Carolyn Copeland, Secretary of Dimmitt.

**NEW SOLUTION** to old problem is found by Elsie MacGuire of Racine, Wis., as she polishes a pump and cleans her broken wrist cast at same time with Johnson's liquid shoe white. Built-in applicator makes the "one-handed" operation easy.

Fielding H. Yost, athletic coach of the University of Michigan was nicknamed, "Hurry-up".

William Muldoon was known as the father of American wrestling.

Francis Implement Co., Your Ford Tractor Dealer, Muleshoe, Texas

# COMMANDO SIX!

cuts, clears, shreds a 72-inch swath  
 -always ready to make hay, too.

Here's a warrior that's always on the attack. It shreds stalks, chops brush, mows pastures, levels undergrowth, reduces weeds to mulch. Built like a tank, the rugged Commando blitzes a clean 72-inch swath through some of the toughest terrain you can find. Then, raise the hinged side and it's ready to make hay (the haying features are standard—no optional kits are necessary). And yet, most surprising, the Commando is modestly priced. It costs no more—and in most cases less—than ordinary cutters.

A RARE SIGHT, NOW... but soon this will become a very familiar sight, if these work days & sunshine hold out, cotton harvest will get into swing within a couple of weeks.

## Pleasant Valley News..

by MERYL STEVENS

The Pleasant Valley 4-H club and the Springlake 4-H club jointly held their annual Achievement Night Program Monday night in the Pleasant Valley Community Building at 7:30 p. m. Background music was furnished by Kathryn West. James Pitts acted as

master of ceremonies and gave the welcome speech. John Pitts led the 4-H Pledge and Motto and Richard Fox then gave the 4-H prayer. Carolyn Allison played "America" on the piano and everyone sang. Ronnie Daniels played "Whispering Hope" on the piano. Jane Branscum then gave a reading on telephone conversations. A song and skit on witches, Halloween and trick or treating was given by Elaine Hanson, and LaHonda Layman, Lynn Pitts gave a talk on "How 4-H got its Name." Carolyn Allison then followed by playing several variations of London Bridge on the piano. Mrs. Lady Clare Phillips, Lamb County Home Demonstration Agent and Ronny McNutt, Assistant County Agent, told what the two clubs had accomplished throughout the past year. Kathryn West played "Alley Cat." Fred Jack and Sam Allison told of their experiences in raising beef cattle. Bobby Allison and Gaylon Parsch gave their demonstration which won a third place ribbon for them at the District Eliminations contest last May. Irene, Lynn and Elaine Hanson Anita O'Hair and Carolyn

Smith pantomimed three songs as the chipmunks. Ronny McNutt showed a film on safety around the home and farm. Ethel Allison gave the benediction and refreshments were then served. There were 25 4-Hers attending. There were also various displays on clothing, foods, gardening, livestock, crafts and homestead improvement.

Mr. and Mrs. Harold Allison and Jack went to Hagerman, N. M., Saturday morning to the funeral of Harry Cox.

Mr. and Mrs. S. D. Jackson, Jr. and family, Rogers, N. M., visited in his parents' home, Mr. and Mrs. S. L. Jackson.

Mr. and Mrs. John West spent the weekend in Spearman visiting with relatives.

Mr. and Mrs. S. K. Flatt, Dene and Collin, spent Sunday in Olton visiting with Mr. and Mrs. Loman Jones.

Mr. and Mrs. Wylie Grizzle, Ft. Sumner and Mrs. Grizzle's sister, Mrs. Gladys Patterson of Bakerville, California,

home Wednesday. Mr. and Mrs. Oscar Allison and Sam, and Mr. and Mrs. Gerald Allison, Bobby and Larry were also at the Harold Allison home.

# SUBMERSIBLE PUMPS

Left to right are Eulis Waggoner of Dimmitt and O. D. Scheller, owner and operator of O. D.'s Pump and Machine Shop of Earth. The water is 350 feet down and being pumped up by this 40 horse power motor.

Since the U.S. Submersible Pump operates entirely *in the well*, it has many advantages over the standard shaft-type deepwell turbine pump. The submersible pump can be lowered to any depth desired where it will furnish years of efficient, automatic, trouble-free service without adjustment during or after installation. Because there is no power-drive shaft, no shaft alignment is required nor are costly replacements of bearings and shaft ever necessary. Submersible pumps are especially adaptable to crooked wells and to situations where surface space is too limited to permit building a pump house. Being *in the well* U.S. Submersible Pumps are unaffected by floods or atmospheric conditions; positively cannot contaminate water and are safe from vandalism.

This submersible pump is being installed by Francis Kelley, left, and Waylon Scheller, right. This three stage pump will pump 600 gallons of water per minute from a depth of 350 feet.

### NEW PLUS-FEATURES are now available!

- ★ Vitriglass, porcelain-lined water passages to resist corrosion and sand damage
- ★ Long bronze bearings on each side of each impeller
- ★ Extra-heavy, all stainless steel shaft to prevent vibration and give long life
- ★ High operating efficiency to keep power costs at a minimum
- ★ Hand-finished bronze impellers; balanced for smooth operation
- ★ Heavy cast iron bows; performance-proved for years on shaft-type pumps

## Secretary Freeman Begins Report And Review Series

Secretary of Agriculture Orville L. Freeman began a series of 13 "Report and Review" meetings last month with farmers and other citizens in rural America and the meeting in Texas will be held Monday November 4 at the Municipal Auditorium in Lubbock at 2 p.m.

"I intend to get out and talk with dirt farmers throughout the country. I want to listen to what farmers are saying and thinking, and to find out what individual attitudes are toward the way programs are being administered, toward farm legislation, and toward the Department of Agriculture," Freeman said.

In Washington, the grass roots thinking from rural America is being drowned in a babble of voices, Farm organizations disagree as to what the farmer is saying as well as the kind of program--or absence of program--he wants. The Congress is sharply divided on legislation, and has been for years. Newspapers and magazines claim they know what the farmer is thinking and what is good for him, but you can get almost as many different opinions as there are magazines and newspapers.

"As a result, we are hearing more today from those who say they know what the farmer wants than we are from the farmer himself. Since I have been in public life, I have learned the best way to find the most practical program is to go to the people directly. Personally, I look forward to these meetings with great pleasure and expectation.

"And I hope that as I listen to farmers, other people also will listen to what the farmer on the land is thinking and saying. The farmers of this nation--who feed us better and cheaper in proportion to our income than in any Nation today or in history--have earned the sympathetic attention of the American people.

"We are moving through a period of profound and irreversible change in American history, not only in the city and factory, but in the towns and on the farms as well.

These changes flow from the same root cause--automation and mechanization, products of an age of science and technology--but the meaning and impact of these changes on the farmer are even less well understood than the changes on the farmer are even less well understood than the changes in the industrial segment of our society.

"Few Americans understand the dilemma of a farmer who wants to use all his land efficiently and to produce food to his maximum ability--and yet who knows that if he does, he will produce more than can be sold at a fair profit. Yet this dilemma is being distorted, for the farmer is far too often pictured not in relation to the economic crisis he faces, but rather as a man who wants to be subsidized and pampered. The farmer wants to resolve his dilemma--and he wants to do this even more strongly than do those who enjoy the benefits of our super-efficient

## Springlake News

By Betty Matlock

Mrs. Earl Kellar was admitted to the West Plains Hospital in Muleshoe, Saturday night with an attack of appendicitis. They didn't operate, however. Mrs. Ila Stinson, Elma Criswell, Myrtle Clayton, Johnnie Busby, Edna McClure and Myrtle McNamara enjoyed lunch at the Town and Country Cafeteria at Lubbock, Sunday. Afterwards they visited in a Lubbock hospital with L. L. LaDuke, who had surgery recently, and is recovering nicely. Mr. and Mrs. David Starkey of Dalhart visited Saturday afternoon with Mr. and Mrs. Don Clayton and family, and also ate supper with them. Mrs. Alpha Dee Whitford visited Monday with her daughter, Mrs. Earl Kellar, in Muleshoe hospital. Mr. and Mrs. Sam Layman of Lazbuddie visited Sunday night with Mrs. Myrtle Clayton and also services at the First Baptist Church.

visited Sunday with Ronnie Miller. She was also a visitor in the morning service at the First Baptist. Mrs. A. R. Stewart left Monday morning for Texarkana where she attended funeral services Tuesday for a relative. She was accompanied by Mrs. A. T. Stewart of Lubbock. He was the latter's brother. Lowell Walden was in Muleshoe, Thursday on business. His grandchildren, Debbie and Ricky Kennemer came home with him to spend a few days. A few of the football fans enjoying the Tech-A&M game at Lubbock Saturday night were Mr. and Mrs. Arnold Washington, Cretia and Randy; Mr. and Mrs. Denny Barnett; Mr. and Mrs. Jimmy Banks; Mr. and Mrs. Ed Dawson; Mr. and Mrs. Ronald Cleavinger; Mr. and Mrs. James Washington and Jamie; Rev. and Mrs. A. R. Stewart; Earl Parish, Oran Parish and Ted Rowan. I'm sure others who were unable to get names, Sammy and Danny Parish have been on the sick list. Bro. and Mrs. John T. Williams of Hugoton, Kansas, visited Tuesday night with Mrs. Myrtle Clayton, White Bro. Williams and Ernest Green attended the Associational Brotherhood meeting in Littlefield. Mrs. Green also visited with Mrs. Clayton and Mrs. Williams. Mr. and Mrs. Herbert Miller, Noble, Harvey and Ronnie and Miss Jan Galloway of Olton attended a birthday dinner honoring Harvey in the home of Mr. and Mrs. Kenneth Heard of Littlefield. Rev. and Mrs. A. R. Stewart and Wes went to Lubbock, Thursday on business. Mr. and Mrs. Bill Matlock and Hoby visited Monday with Mr. and Mrs. Doug Avery near Muleshoe. Mrs. Mac McGowan and Mrs. Herbert Miller shopped in Littlefield, Monday. Mr. and Mrs. Robert Bridge, Terry, Janis and Mark enjoyed supper in Plainview, Friday night. Mr. and Mrs. Jack Hinson left Friday to spend a few days at their cabin in Tres Ritos. Mrs. Frances Watson and Monty and Mrs. Sybil Davis and Tammy were in Lubbock Monday. Mrs. Dorothy Washington, Jeffery and Brent visited in Plainview Monday with Mrs. Betty Watson and other relatives. The Junior leaders of the Baptist Church took the juniors skating in Plainview Saturday

afternoon. This party was for the Juniors who promoted into the Intermediate Department, and also for the Primaries who promoted into the Junior class. Those going were: Debbie Matlock, Ann Bearden, Wayne and Deborah Stewart, Flynn Jones, Vicky McClure, Susan Parish, Jenna and Jimma Banks, Donna and Kathy Anderson, Paula Kay Nunn, Janis and Terry Bridge, Steve Sanderson, Frank Steven and Lindel McNamara. Leaders taking them were Dorothy Matlock, Louise Bridge and Betty Parish. Mr. and Mrs. Mac McGowan had as their weekend guests, Mr. and Mrs. Junior Johnson and boys from Floydada, and A. M. McGowan of Portales, N. M. Visiting with them Sunday were their daughters, Mr. and Mrs. Weidon Reed and family of Floyd, N. M. and Mr. and Mrs. Charles Basham from Portales. Mr. and Mrs. Ernest Baker were in Lubbock, Friday. Mr. and Mrs. Loyd Skinner and son, of Dumas, visited over the weekend with Mr. and Mrs. Bud Skinner. Mr. and Mrs. David Starkey of Dalhart spent Monday night with Mr. and Mrs. J. C. Matlock. Ronnie Miller was in Lubbock Monday, on business. Cottage prayer meetings prior to the revival were held Monday night with the Juniors meeting at the First Baptist Church, Intermediates and Young people meeting in the Earl Parish home, and the Adults meeting in the Ernest Baker home. A cordial invitation is given to everyone to attend the revival, October 14-20 beginning at 10 a.m. each morning and at 7:30 each night. Fred Cherry evangelist, will be preaching. He is from Oklahoma City.

Guests in the Ray Kelley home Sunday were Mr. and Mrs. A. M. Sanders, Mr. and Mrs. Clarence Kelley and boys Mr. and Mrs. Bobby D. Green, and boys, Mr. and Mrs. Jerry Kelley, Norma and Kirby, Mrs. Stella Sutton, Mrs. Marvin Sanders, Mr. and Mrs. Barry Lewis and boys, Muleshoe. Mrs. Cecil Parish and Mrs. R. L. Drake were in Lubbock Monday on business. Mrs. Cecil Parish returned home last Tuesday night from several week's stay with her daughter, the Denton Talbert family in Pomona, California. Mr. and Mrs. A. K. Shelley Mr. and Mrs. J. A. Littleton, Sr. returned home Sunday from a weeks fishing trip to Fox Holler on Possum Kingdom.

## NEW ALLIS-CHALMERS RUGGED, QUALITY-BUILT ROTARY MOWERS

Choice of 2 Dependable Models in 2 Popular Sizes... 5 and 6-Foot

**MOWS** Pastures, meadows, grasslands, soil-bank acreage... ideal for weed clipping, grooming municipal grounds, maintaining roadsides.

- Sturdy, heavy-duty construction throughout for toughest growth and ground conditions—Frame sides and deck are 1/2" steel plating welded together for long life. Deck is new ribbed design, reinforced with heavy angle irons for extra strength... none more rugged.

**CUTS** Brush, woody growth, prunings, trimmings... clears land of thick overgrowth... strength and stamina to cut heaviest brush and saplings.

- Quality, precision-built gear box features tapered roller bearings and rugged alloy steel gears... assures smooth running, lasting performance. Rated speed of 750 rpm provides efficient high-speed cutting for all jobs. Box is supported by a pair of heavy-gauge steel plates and secured to deck by 14 special heat-treated bolts... built to last.

**SHREDS** Heavy stands of corn, cotton and sorghum stalks for better mulching, easier plowing... shreds vines and other crop residues.

- Heavy-duty blade support is offset for maximum spindle clearance. Clean-cutting blades—free swinging for added protection—are mounted on tapered spline spindle shaft.
- Multiple-joint power line is fully shielded for operator safety. Heavy-duty needle bearings assure smooth, dependable performance. Tractor, power line and gear box are doubly protected by safety clutch and over-running clutch—both are standard equipment.

Model 172-M "masters" dense weed growth with ease. Shown with new optional 3-point hitch, trail wheel and safety chains.

Year 'round use for Allis-Chalmers rotary mowers—Model 172-T cuts and shreds big field of tall, heavy corn stalks in short order.
