## Friday Is Bank Anniversary, Come One, Come All

### People Do Care....

TWO STUDENTS FROM Springlake-Earth School entered the "Make It Yourself With Wool Contest" held in Lubbock. They are Alayne Slover and Sherry Pittman. Both girls are wearing the outfits they made for the contest.

### Students Enter "Make it Yourself With Wool Contest"

Alayne Slover and Sherry Pittman, students from Springlake-Earth School entered the 26th Annual District 1 "Make It Yourself With Wool Contest" held Saturday, December, 5th on the Texas Tech Campus in Lubbock.

Entered in the sub-deb division, Alayne Slover, a sixth grader and daughter of Mr. and Mrs. Cecil Slover, won honorable mention. Prizes of a sewing book by Coats and Clark and a make-up kit were awarded her. Miss Slover's outfit was knickers made of 100% wool. They were blue with green and plum plaid, with two buttons on the band of each leg. To complete her outfit she wore a plum colored sweater, white boots and white hat.

### Lighting Contest to be judged December 18 & 19

The Annual Christmas Lighting Contest will be judged on the week-end of December 18 and 19, according to W. B. McMillan, Earth Chamber of Commerce President.

A plaque will also be awarded to the best decorated business. Mr. McMillan also reports that the cost of light bulbs to get the decorations for the town in shape, was \$150.00. Anyone wishing to contribute to help with this expense is asked to contact him.

Macky McCarty and Robert Gossett, along with all the personnel of Citizens State Bank, extend a cordial invitation to all Earthites to attend the big Twentieth Anniversary Celebration of Citizens State Bank Friday, December 10, from 1 - 4 p.m.

Twenty years ago, on December 10, 1951, the Citizens State Bank of Earth, Texas, was opened for business in the building now housing the Earth Chamber of Commerce and Earth Insurance Agency.

The first officers were as follows: W.R. Stockard, President; W.R. Stockard Jr., Vice President; E.C. Hudson, Vice President and Patricia Mann, cashier.

The first directors were: A.E. Wheatley, Roy Haberer, E.C. Hudson, Sam Jones, and W.R. Stockard.

Of the five original directors, two are still serving on the board and two of the group are deceased. The other one, Guy Kelley, moved to Lubbock.

Total deposits on that day, December 10, 1951, were \$222,574.42.

The new bank building was completed and the bank moved to its present location in December, 1955.

Current officers of the Citizens State Bank are: Macky McCarty, President; J.W. Smith, Vice President; Mrs. Ann Jones, Vice President and Cashier; Robert Gossett, Assistant Vice President; Mrs. Wayne Rutherford, Assistant Cashier; Mrs. Lynn Glasscock, Assistant Cashier; Miss Helen Gover, Assistant Cashier; Mrs. Leola Randolph, Assistant Cashier; Linda Tunnell, Secretary and Receptionist; and Jackie Freeman, Bookkeeper.

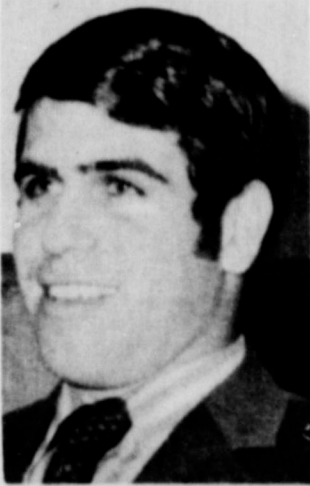

Current directors are: A.A. Parish, Macky McCarty, J.W. Smith, E.C. Hudson, Johnie M. Haberer, A.E. Wheatley, Gene Brown, James A. Littkron, Jr., Dr. Royce C. Lewis, Jr., and Willis A. Hawkins Sr., Advisory Director.

### Wayne Henderson Discharged From Navy

Wayne Henderson arrived home Friday from Birmingham, Washington, where he received his discharge from the Navy after serving for the past two years. Henderson is overseas twice during his two years in the U. S. Navy.

MACKY McCARTY

ROBERT GOSSETT

While visiting Citizens State Bank, Friday, one will enjoy meeting the friendly personnel; be taken on a tour of the bank, if desired; and enjoy refreshments of coffee, punch and cookies.

Mr. McCarty and the bank personnel cordially invite everyone to attend the Twentieth Anniversary Celebration on Friday, December 10, from 1 - 4 p.m. at the Citizens State Bank. Refreshments will be served.

While visiting Citizens State Bank, Friday, one will enjoy meeting the friendly personnel; be taken on a tour of the bank, if desired; and enjoy refreshments of coffee, punch and cookies.

college beginning with the spring semester.

"For fixing things around the house, nothing beats a man who's handy with a checkbook."

Proving that love one for another is still alive in this land, people from Earth-Springlake communities rallied this week to help a Spanish-American lad less fortunate than the general run of people.

Although farmers, businessmen and people in all walks of life residing in this farming area are concerned over the unfavorable weather we're having just at harvest time, which has paralyzed the gathering of the cotton crop, this did not mean they could not look around and see someone else in much more undesirable conditions and offer a helping hand.

It all came about when some ladies in Earth noticed a Latin-American youth out in his yard a few days ago trying to pull himself around on the ground as he has no use of his legs or his left arm which are paralyzed. They reported the condition of the lad to their husbands who were members of the Earth Lions Club and to Mrs. Dorothy Wood, school nurse. Mrs. Wood took the boy to Plainview last Friday to Dr. Mary Bubbitt for an examination. Dr. Bubbitt gave many tests including IQ tests. She further concluded he should be sent to the John Seely Hospital in Galveston to see if there was anything that could be done to help the boy.

Representatives from the Earth Lions Club, Springlake Lions Club, Goodwill Centre and the Salvation Army met at Citizens State Bank Monday morning and made plans to send Polo Rodriguez, the 14 year old youth to John Seely Hospital in Galveston.

The boy is paralyzed in his left arm and he doesn't have the use of either leg.

He is to report to the hospital in Galveston today (Thursday) for examination and possible surgery to determine if there is any possibility of helping him gain at least partial use of his arm and legs.

The clubs voted to each pay a portion of the costs and in so doing, they could provide transportation and a place for his mother and brother and Polostay while in Galveston without any cost to the family.

Not willing that the adult clubs in the S-E community should do these things alone, our youth clubs, unlike perhaps big cities who are staggering under the blow of youth drug addiction, our youth heard what was happening and spoke out "We Want To Help!" Being a community of love and compassion one for another, the Boy Scouts, Honor Society and United Methodist Youth pooled their funds and purchased a wheel chair for the lad.

The Goodwill Centre provided clothing for Steve, Polo's big brother to go along with him and his mother to Galveston, so he could lift and carry him, as the boy is too heavy for his mother to carry. The Goodwill Centre also provided their portion of the financing of the trip.

Polo and his family moved to Earth in September of this year. His mother Pilar Rodriguez is a widow woman, the mother of eight children, three of which are still at home; Steve, Polo and a ten year old sister, who is a second grade student is Springlake-Earth. Steve is 18 years old and is part time employed here. The five other children are married. Polo, although 14 years of age, has never attended school; his handicap prevented his attending. There is seemingly no

MEMBERS OF THE Boy Scouts, Honor Society, and MYF pose with Polo Rodriguez sitting in the wheel chair which they bought for him. Representative members of the three clubs are from left to right: Front row, Kirk O'Hair, Popo Rodriguez, and Steve Green. Back row, Carl Sulser, Karen Hinchliffe, and Chris Brock.

Indication that the lad couldn't learn if given an opportunity. Polo walked when he was eight months old and was in good health until polio struck when he was two, leaving him an invalid. He was attended by a doctor in Morton; where he lived at the age of two. His mother currently receives \$115. monthly from the welfare.

The threesome left Tuesday evening, by bus for Galveston, where Polo will receive examinations to determine whether or not surgery can help him.

The people in Earth and Springlake all hope that Polo will receive good news from the Galveston Hospital. At this time of the year we all feel the spirit of love more strongly, but Earth and Springlake do not have to have the holiday spirit to show love, one for another.

The people in Earth and Springlake all hope that Polo will receive good news from the Galveston Hospital. At this time of the year we all feel the spirit of love more strongly, but Earth and Springlake do not have to have the holiday spirit to show love, one for another.

Springlake all hope that Polo will receive good news from the Galveston Hospital.

At this time of the year we all feel the spirit of love more strongly, but Earth and Springlake do not have to have the holiday spirit to show love, one for another.

### Centre Executive Committee Meets

Three members of the Executive Committee for the Goodwill Centre in Earth met Monday at the Centre to discuss their financial status and to make a decision regarding the transportation for Polo Rodriguez, a 14 year old youth to the John Seely Hospital at Galveston.

Mrs. Alvin O'Hair served as chairman for the meeting attended by Mrs. Kenneth Lowe and Mrs. Doug Parish. The vote was made and carried to pay \$35.00 on the transportation cost to the Medical Center.

The Goodwill Centre has also provided \$125.00 per semester during the four years of college for Margaret Ann Welborn at Texas Women's University at Denton.

Mrs. Parish reported that after writing a check for the \$35. transportation expenses to Galveston, the Goodwill Centre will have a total of \$287.11 left in the treasury.

The Goodwill Centre was opened on January 10, 1966, and has been operated by various clubs and church groups one day a week since that date.

The Centre is stocked by donations of clothing, linens, shoes, furniture, etc.

ter. The Goodwill Centre and four other clubs will be giving aid to the lad, by furnishing \$35.00 each to be used for transportation, housing and other expenses connected with the trip.

During the meeting, the group voted to aid with travel expenses to and from the doctor for any Springlake-Earth student, after being approved for this aid by the school nurse, Mrs. Dorothy Wood.

The Goodwill Centre has also provided \$125.00 per semester during the four years of college for Margaret Ann Welborn at Texas Women's University at Denton.

Mrs. Parish reported that after writing a check for the \$35. transportation expenses to Galveston, the Goodwill Centre will have a total of \$287.11 left in the treasury.

The Goodwill Centre was opened on January 10, 1966, and has been operated by various clubs and church groups one day a week since that date.

The Centre is stocked by donations of clothing, linens, shoes, furniture, etc.

### Electrical Code Remains the Same

Members of the City Council met in a slated meeting Monday night at the City Hall. After a lengthy discussion on the City Electrical Code, the group decided that in the betterment and safety of the general public to enforce the present Electrical Code as it now stands.

The group decided to accept donations of old buildings, that were eyesores to the city and needed to be torn down and removed. The material from these old buildings is to be reused in the Green Thumb program.

Bills for November were reviewed and paid. The Council decided to have the City Hall closed all day December 24. Those present were, Mayor, E.C. Kelley; Aldermen, Larry Tunnell, Doug Parish, Bob Belue, H. S. Hickman and Ross Middleton. Others present included Johnny Enlow, Water Superintendent; Andy Stroebel City Attorney; Alvin Pittman, City Marshall; and Betty Mc Alpine, City Secretary.

### Santa Claus Is Coming

That beloved, white bearded old gentleman from the North Pole, Santa, will be in Earth Christmas Eve, at 2:00. The jolly old fellow will ride into town on the fire truck - due to late date of his visit, his reindeer are waiting for him at the North Pole - and pass out candy to all the boys and girls.

Santa's visit will be sponsored by the Earth Lion's Club.

The local Lion's Club will distribute baskets of holiday goodies to needy families in the community the morning of the 24th. If you know of such a family, please contact Mr. Leonard Harper, minister of the church of Christ, Rev. David Hartman, pastor of the First Baptist Church, or Rev. Charles Dunnam, pastor of the Methodist Church and these families will receive a basket. The Earth Lion's Annual Ladies

Christmas Party will be held Tuesday, December 14, at 7:30 p.m., at the community center.

The Lion's also voted to have a community auction sale. The date hasn't been set for certain, but it will be either in January or February. If you have something to sell, please notify one of the Lion members.

"Please hold your questions until I've finished!"

I'M DREAMING OF A WHITE CHRISTMAS! And surely Christmas can't be too far away with a beautiful scene such as this.

## Littlefield Man Appointed Grand Master of District 97

Senator Jack Hightower of Vernon, installed today as Grand Master of the Masonic Grand Lodge of Texas, has announced the appointment of Wiley L. Roberts of Littlefield Texas as District Deputy Grand Master of Masonic District No. 97.

Mr. Roberts, an active Mason in this area, will serve five lodges as the representative of the Grand Master for a one-year period. The five lodges include Littlefield, Earth, Muleshoe, Petersburg and

Plainview. In making the announcement, Grand Master Hightower stated: "I appreciate the fact that Mr. Roberts has agreed to serve in this important position. His active participation in Masonic and community affairs proves his qualification for this place of service."

TIRE INFLATION pressure should be watched closely as the weather changes. For every 10 degrees variation in temperature, pressure will go up or down approximately one pound.

## Rites Held Tuesday For Grandfather of Local Banker

H. W. Barnett, 86, a Methodist minister who served as pastor of many South Plains churches including Earth, died Saturday in Sterling, Colorado. He was the grandfather of Robert Gossett, vice-president of the Citizens State Bank in Earth.

Services were at 2 p.m. Tuesday in Abernathy's First Methodist Church with the Rev. Mark Williams, pastor of Plainview's First Methodist Church, officiating, assisted by the Rev. Conrad Ryan, pastor of the Abernathy church.

Burial was in the Abernathy Cemetery directed by Chambers Funeral Home.

Barnett, who had pastored the United Methodist Church in Earth in the early forties can be remembered by many of the early day residents of Earth and Springlake.

Prior to moving to Colorado about two years ago to live with his son in Peetz, Colorado, he had pastored several churches in the area including the Methodist Church in Abernathy, Denver City, and Shallwater.

Survivors, other than the son include four daughters, Mrs. Ralph Gossett of Big Spring, Mrs. J. W. Smith of Amarillo and Mrs. Elmer Tarbox and Mrs. Blaine Crawford, both of Lubbock; 19 grandchildren and three great-grandchildren. Grandsons were pallbearers.

## Feedlot Films Now Available

COLLEGE STATION--A new documentary film depicting the cattle feeding industry on the High Plains of Texas is now available from Texas A & M University, through the courtesy of the Texas Cattle Feeders Association.

Titled "A Day with a Cattle Feeder," the 20-minute color film features the activities that take place at a feedlot during a typical day.

"The film features some of the top authorities in the cattle feeding business and provides one of the best views of the feedlot industry other than seeing it in person," says Dr. L. S. Pope, associate dean of agriculture at Texas A&M.

Highlights of the film include the beginning of the day's activities in checking pens, following newly arrived cattle, feeding programs underway, and shipping the finished cattle to market.

"The cattle feeding industry to the High Plains is the largest single dollar earner of any segment of Texas agriculture," points out Pope. "It draws on the resources of cattle, grain, feed supplies and equipment from many areas of the state and is one of the largest users of credit and capital of any of the state's agricultural enterprises."

Last summer Texas forged the lead in numbers of cattle on feed and likely will be first or second during the 1970's, adds Pope.

The film is available for loan from the Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

ATTEND CHURCH SUNDAY

## Voter Registration Moving At Slow Pace

Voter registration certificates and tax payments are coming into the County Tax Assessor-Collector's office in the County Courthouse at Littlefield at a very slow pace, according to a report from the office. However several citizens have completed their registration for 1972 elections and have received discounts on their taxes by

paying them before the year's end.

All who wish to be eligible to vote in 1972 elections are reminded to sign the voter registration cards which are mailed to voters, and return them to the office at the courthouse before the Jan. 31 deadline.

Persons who did not receive a card in the mail, may go by the office and fill out their application forms.

The voting year will begin March 1, 1972 and will end Feb. 28, 1973.

## Shop Wisely for Christmas Trees

Christmas trees will soon be on the market, and you will want to make your selection wisely.

A few simple procedures can assure you of selecting and keeping that perfect tree this season, says Bill Smith, Extension forester at Texas A&M University.

First determine where the tree is to be displayed in your home. With this in mind you will be able to determine the most suitable size and shape. Trees generally appear smaller than they really are. Buying the tree early will enable you to be selective in your choice of a fresh tree. Smith suggests checking for signs of needle shedding and brittleness to indicate excessive drying.

Tree limbs should be strong enough to hold ornaments and strings of electric lights. The tree should have a strong fragrance and good green color for the species.

Texas imports over three million trees annually with some coming from as far away as western Canada, points out Smith. The most popular trees in Texas are the Scotch pine and Douglas fir. Trees are stored in boxcars and undergo extreme temperature changes during their journey southward. "Those undergoing warm temperatures for a period of several weeks may already have dried out by the time they're on Texas markets," says Smith.

Once you purchase your tree, store it outdoors in the shade until you are ready to use it. Spray it frequently with water. When moving the tree indoors, cut the butt end at a diagonal about one inch from the bottom and place it in water. This opens the tree's pores and aids in the absorption of water. Keep the butt end of the tree in water during the entire time it is in the home, advises Smith.

For aid in selecting your Christmas tree, the U. S. Department of Agriculture has prepared a pamphlet, "How to Buy a Christmas Tree," G-187. For a free copy write the Office of Information, USDA, Washington, D. C. 20250.

"Someday, son, all this will be yours--if you work for the government..."

## Troop 101 Elects Officers

New officers for the month were elected when Brownie Troop 101 met Tuesday afternoon at the Fire Hall.

The new officers are: Treasurer, Sheila Jordan; Secretary, Jackie Hood; Point Counter, Delma Gonzales; and Flag Caller, Carla Taylor. New buddies for the month were as follows: Carla - Stephanie, Delma - Jeannie, Jackie - Sharon, Debra - Sheila, Gloria Lisa, and Rhonda.

The troop then had the Brownie Ring, Brownie Promise, and the Smile Song. Replacing the window in the

Fire Hall was one of the projects that the troop completed at this meeting.

The group also completed the pin cushion hats, they had begun at a previous meeting, to be given for Christmas gifts.

Refreshments of Cokes and candy bars were served by Sheila Jordan to Gloria Price, Jackie Hood, Sharon Jackson, Carla Taylor, Stephanie Parish, Lisa Taylor, Debra Hood, Delma Gonzales, Jeanne Hayden, and troop leader, Mrs. June Parish.

## Party Line

Mr. Leon (Tuffy) Dent spent the first part of the week in East Moline, Illinois, picking up some equipment for Dent Farm Supply.

MR. AND MRS. L. T. SMITH

## Couple To Be Honored on Fiftieth Anniversary

Mr. and Mrs. L. T. Smith of Earth will be honored with a reception marking their Fiftieth Wedding Anniversary on Sunday, December 12, in their home three miles east of Earth. The reception hours are from 2 to 5 p.m. Their children, Mrs. Billye Gwynn Davis of Dimmitt and Mr. and Mrs. Roney Smith of Earth will be hosts for the event.

L. T. and Miss Bama J. Sumner met in Estelina, Texas, and were married there December 15, 1921.

Following their marriage, they made their home in Estelina for five years. They left Tires removed for storage should be placed flat in a cool, dry area, away from sunlight and electrical equipment.

Mr. H. S. Sanders returned home Wednesday after being hospitalized several days. He is much improved.

Estelina and moved to Oklahoma, but their stay there was short-lived for they were Texans and wanted to return to their home state. Leaving Oklahoma two months later, they moved to Earth where they have resided since that time.

Mr. Smith, who is a retired farmer, said they just took root here and always felt at home on the hill just east of the schoolhouse road.

They have built two lovely new homes on that same location since living in Earth.

The couple is looking forward to seeing all their friends Sunday. No gifts please.

## Lonnie Neinast Named Denner

Lonnie Neinast was elected denner for the month when Cub Scout Den 3 met Wednesday, December 1.

Glenn Hausmann was chosen assistant denner.

The meeting opened with Lonnie Neinast calling the roll and Glenn Hausmann collecting the dues.

During the meeting the group worked on Christmas presents. The Promise and Pledge of Allegiance was then led and the meeting concluded with the Living Circle.

Refreshments of candy bars, furnished by Greg Geissler, were served to Glenn Hausmann, Keith Locke, Lonnie Neinast, Timmy Robins, Nathan Ingram, Britt Pounds, Kenneth Jones, Mrs. Robert Geissler and Mrs. Phil Neinast scout leaders.

## STUDY CLUB MEETS WITH SENIOR CITIZENS

The Town and Country Study Club met Wednesday, December 1, with the Senior Citizens of Earth.

A delicious luncheon was served at noon after which Bro. David Hartman gave an interesting talk on "Reflections of Christmas."

Next meeting will be January 13, 1972 in the home of Mrs. M. E. Kelley.

## Miss Fudge Weds Larry Rudd

Miss Freeda Genelle Fudge became the bride of Larry Dean Rudd in a double ring wedding ceremony Friday evening, Dec. 3, at the Crescent Park Church of Christ of Littlefield.

Parents of the couple are Mr. and Mrs. I. C. Fudge of Littlefield, and Mrs. Novella Rudd of Earth.

The guests were registered by Miss Charlotte Jennings.

Church decorations featured large red bows adorning two baskets of red carnations and white gladioli, and tall white tapered trees in four candelabras. Large red bows were also placed at the ends of the pews.

Musical selections presented were "Whither Thou Goest" and "Because".

The bride, given in marriage by her father, wore a formal-length gown of silk peau de soie and chantill lace designed with a fitted lace Empire bodice, a sheer yoke, and a jeweled sabinia neckline. Her long sleeves came to petal points over her hands. The skirt of the gown featured lace applique motifs covered with seed pearls, and scalloped lace and pearls outlined the hemline. Her mantilla of silk illusion was bordered with re-embroidered rose point lace and seed pearls, held by a tiers of lace roses. She carried a bridal bouquet of white carnations and baby's breath with a detachable corsage of white carnations and tiny red rosebuds.

Candlelighters were Dewayne Gibson and Damon Gibson of Lubbock.

Attending the bride as maid of honor was Mrs. Billy Fudge of Lubbock. Bridesmaid was Miss Darlene Franklin of Wellman. They wore red floor-length gowns of primo designed with a high crescent waistline, outlined in red peau de sole, and featured short sleeves with self ruffles. Long chiffon trains were to the backs of their dresses by a cluster of cabbage roses.

The bride's mother wore a long sleeved dress of tans to red with a three-quarter length sleeveless coat of dacron knit. The mother of the groom was attired in a one piece light blue dacron knit dress.

A reception followed the ceremony in the fellowship hall of the church. Miss Jennifer Robinson and Miss Annette Harris presided at the serving table.

For a wedding trip to Ruidosa, N.M., the bride wore a black long sleeved blouse and red pleated skirt with a three-quarter length sleeveless coat of black and red plaid.

They will live at 1317 West 5th Street in Littlefield.

## Barlow-Stockard Vows Read Saturday, December 4

Miss Teresa Barlow became the bride of Michael Stockard in a lovely home wedding in the home of the bride's great uncle and aunt, Mr. and Mrs. Chester Kelley in Earth, at 7:30 p. m., Saturday, December 4.

The bride's parents are Mr. and Mrs. T. C. Barlow of Amarillo, and the groom is the son of Mrs. Georgia George of Ruidoso, and the late Bill Stockard.

The double ring ceremony was performed by Rev. Dale C. in of the Lazbuddie Baptist Church.

The bride's chose colors of yellow and white were carried out in decorations, including two large vases of yellow roses flanking the couple.

The bride was attired in a lovely white street length dress designed with an empire waistline and long sleeves. She carried a Bridal Bouquet of white gardenias intermingled with tiny yellow rose buds. Her headpiece was designed of lillies of the valley. For the traditional, something old, new, borrowed and blue, the

bride wore her great grandmother's jade ring. She borrowed a Bible from her cousin, Mrs. Carolyn Bennett. The wedding dress was new, and she wore a blue garter, completing the tradition.

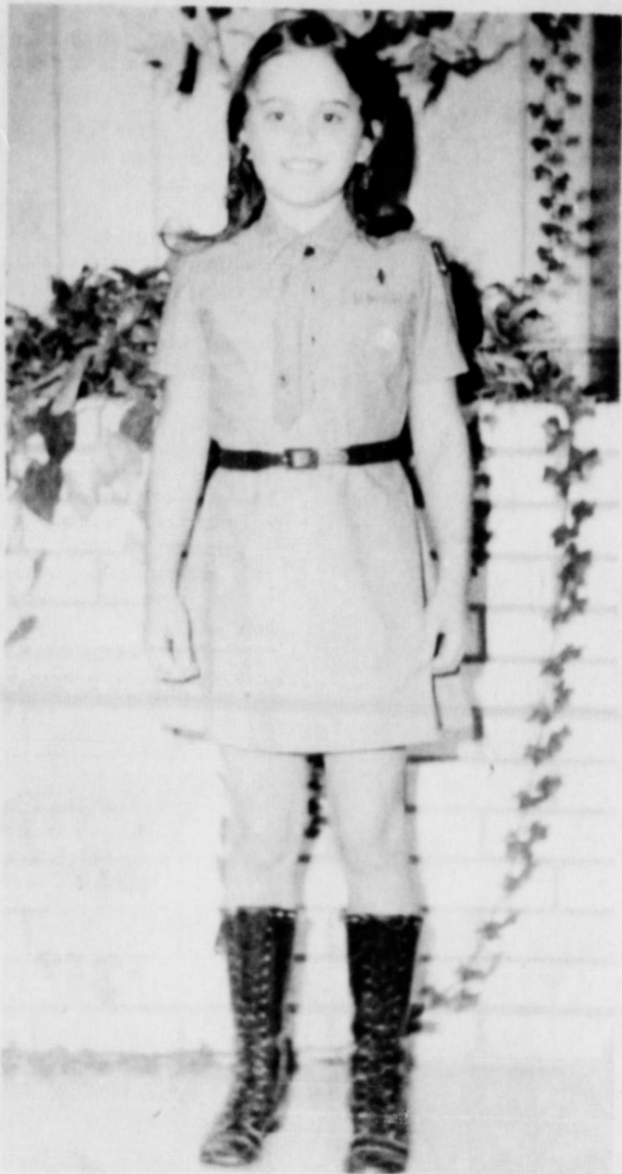

Attendants were Kathy Kelley, cousin of the bride and Wayne Stockard, brother of the groom. Miss Kelley was attired in a street length yellow knit dress designed with an A-line skirt. She carried two longstem yellow roses.

Following the wedding, a reception was held. The three tiered bridal cake iced in white, decorated with yellow roses and topped with a miniature bride and groom under an archway, was served with yellow, fruit punch. Helen Bradley and Sharon Carr served at the reception table.

Teresa is a '70 graduate of Amarillo High School and is currently attending nursing school in Amarillo.

Mike is a graduate of Springlake-Earth High School and is currently engaged in farming near Lazbuddie.

The couple will be at home in Lazbuddie.

JEANNE HAYDON was chosen as Brownie of the Month for November.

## Jeanne Haydon Elected Brownie of the Month

Jeanne Haydon, with 24 points was elected Brownie of the Month when Brownie Troop 101 met Tuesday, Nov. 30th at the Firehall.

Points are earned in the Brownie of the Month contest by wearing uniform, wearing brownie pins, paying dues, sitting by buddies, and completing projects.

Jeanne is the eight year old daughter of Mr. and Mrs. Eddie Haydon. She states that drawing is her favorite pastime, summer is her favorite time of the year, and steak is her favorite food. Jeanne is a third grader and this is her first year in the Brownies.

Runner-up for the title was Delma Gonzales with 22 points. The meeting opened with the Brownie song and Brownie ring. The troop, taught by Mollie

Gonzales, made pin cushion hats to be given for Christmas presents.

Refreshments of hot chocolate were served to Gloria Price, Jackie Hood, Sharon Jackson, Carla Taylor, Stephanie Parish, Lisa Taylor, Rhonda Weaver, Debra Hood, Delma Gonzales, Jeanne Haydon, Mrs. June Parish and Mrs. Mollie Gonzales.

The couple has two other sons Joey and Chris. The new member of the Cornett family has two grandmothers, Mrs. Joe Cornett, of Dickens, and Mrs. C.P. Parish of Earth. Mr. and Mrs. John Cornett are the proud parents of a son Kenneth Lynn, born at 11:30 a. m., Sunday morning. The lad weighed 7 pounds and 3 ounces and measured 19 1/2 inches in height.

## Judy West Honored With Shower

A shower honoring Judy West, bride elect of Gary Kelley was held in the Calvin Wood home Friday, December 3, from 5-5:30 p.m.

Miss Kim Kelley was in charge of registering the guests. The registerable was covered in a beautiful green felt Christmas scarf complimented with lovely red candles.

The serving table was covered in red crushed velvet and trimmed with red balls.

The beautiful centerpiece featured a bride and groom standing under a white archway with small white candles in small candlebras on each side with tiny green Christmas leaves and pine cones placed about completing the centerpiece.

Refreshments of red punch and white cake decorated in red and green were served by Miss Beverly Miller and Mrs. Richard Smith.

White milk glass appointments were used and white napkins with the name of the bride and groom printed in red.

A lovely Christmas tree and other beautiful Christmas decorations were used throughout the house.

The large array of gifts were displayed on tables covered in green.

Hostesses for the occasion were: Mrs. Calvin Wood, Mrs. Pete O'Hair, Mrs. Alfred Dutton, Mrs. Edwin O'Hair, Mrs. Bill Anderson, Mrs. Homer Starkey, Mrs. Hershell Hulley, Mrs. Harold Miller, Mrs. Perry Martin, Mrs. Johnny K. Martin, Mrs. Jerry Kelley, Mrs. I.A. Littleton, Jr., Mrs. Roger Haberer, Mrs. Kenneth B. Parish, Mrs. Macky McCarty, Mrs. Charles Parish, Mrs. Jack Angeley, Mrs. G. Keller, Mrs. Dorothy Chance, Mrs. W.G. Sanderson, Mrs. Marvin Sanders, Mrs. Dwayne Jones, Mrs. N. Ray Kelley,

Mrs. Marshall E. Kelley, Mrs. B. Campbell, Mrs. Othella Fry, Mrs. C.C. Goodwin, Mrs. Bryan Dutton, Mrs. John Laing, Mrs. Phillip Haberer, Mrs. B.T. Hamilton, Mrs. Leon Foster, Mrs. Sketter Brock, Mrs. L.G. Laymon, Mrs. Richard Bills, Mrs. Bill Mann, Mrs. V.J. Sigman, Mrs. Darrel Sawyer, Mrs. Kenneth Sawyer, and Mrs. Norman Sulser.

Laura Ramoz was chosen Brownie Bee, Monday when Springlake Brownie Troop 308 met in the community building in Springlake. Beverly King was named Assistant Brownie Bee.

Laura then called the roll and dues were collected by Beverly.

The troop worked on Christmas presents for their fathers.

Next Monday, they will work on a gift for their mothers.

Refreshments were then served by Karl Neinast.

Those present were: Sheryl Clayton, Twilla Eagle, Beverly King, Laura Ramoz, Debbie Sineror, Kim Locke, Lyn Howell, Barbara Mayes, Karl Neinast, and troop leaders, Mrs. Donald Clayton and Mrs. Phil Neinast.

## Laura Ramoz Chosen Brownie Bee

## Teenage Diets and Nutrition Generally Poor

Pressure from friends is a major reason teenagers have such poor diets, reports Frances Reasonover, Extension foods and nutrition specialist at Texas A&M University.

Ms. Reasonover recently attended the Nutrition Education Conference in Washington, D.C., where youth panels and 25 agencies concerned with youth nutrition, discussed the

diets of teenagers. About 400 representatives probed the question, "Who is responsible for developing the dietary habits of youth?"

Values, life styles and environment all relate to teenage nutrition, the specialist explains. Peer pressure for conformity is strong. Teenagers conform with blue jeans, long hair, a clean complexion and

a slim body, and they conform with their eating habits. So if following a fad diet will mean a slim body, the teen considers it worth a try--at least for a week.

Natural foods are the latest fad, Miss Reasonover says. Teenagers get about one-quarter of their daily intake in snacks.

## Senior Citizens Enjoy Luncheon

The Senior Citizens met on Wednesday Dec. 1, for their monthly 12 o'clock luncheon in spite of a very bad day weather wise.

The tables were made very lovely with Christmas candles and various groupings done by the artistic hand of Judith Jones.

Leonard Harper gave the invocation.

Sitting at the birthday table were Mr. and Mrs. Ray Kelley, Jack Hinson, Mrs. Joe Lee Truelock and Marie Ross.

Crill Bulls, President, conducted a short business session. Volunteers for table duty for January were Mrs. Fanning, Mrs. Allen, Mrs. Coker and Mrs. Truelock.

Town and Country Study Club President, Mrs. Ray Kelley, had charge of the program. A number of Christmas carols were sung, after which Rev. David Hartman reminisced about past Christmases and the real meaning of it all.

After singing Jingle Bells, a white aproned Christmas elf, no other than Judith Jones,

came dancing in with a basket of hankies and scarves which she presented to the men and women present and wished every one a very Merry Christmas.

Present were: Mr. and Mrs. N. Ray Kelley, Mrs. Edith Broquette, Kent Foster, Mrs. John Laing, Mr. Leonard Green, Mr. and Mrs. Dean Jones, Mr. Crill Bulls, Mr. and Mrs. Jack Hinson, Mrs. Almer Barton, Mr. and Mrs. Ruel Fanning, Mrs. Ruby Jones, Mrs. Beula Coker, Mrs. Gladys Goodwin, Mr. and Mrs. Leonard Harper, Mrs. Marie Ross, Mrs. Besse Cearley, Mrs. Ida Allen, Mrs. Estelle Bearden, Mrs. Joe Lee Truelock, Mr. H.S. Hickman, Mrs. M.E. Kelley, and Rev. and Mrs. David Hartman.

## BUILDING BLOCKS

### FOR YOUR LIFE

By  
DAVID HARTMAN

Of what is your life made? A series of time sequences that get more boring by the day? What are you putting into your life? Anything worthwhile? So often life is a one shot deal. Sometimes we get second chances but not always. You can't count on it. Someone has suggested that anything worth doing is worth doing right the first time. If life is worth living at all it is worth living right. As you build your life how are you going about it and what are you using for building material? I read a story about a carpenter who was awarded a contract to build a plush home. In places that could be concealed he used inferior material so his margin of profit would be greater. No one would know the difference except he

and his workmen. When it was finished the owner inspected the house and commended the carpenter for a job well done. He took a piece of paper out of his pocket and handed it to the contractor. The builder opened it and discovered it was a deed, made out in his name, to the plush home he had just completed. He had built his own home and now he must live in it.

Remember you are building a life. Are you going to be able to live comfortable in what you build? Or will there be short-cuts that only you know about? Short-cuts that will make your life less enjoyable and rewarding day by day?

Next week I will consider the first building block.

## Southwestern Exposition, Fat Stock Show Dates Announced

The Southwestern Exposition and Fat Stock Show will host the second annual American Simmental Association Show and Sale during the 1972 Fort Worth Stock Show, Jan. 2 through Feb. 6.

W. R. Watt, Stock Show president-manager, said Simmental cattle will be judged in carcass and breeding classes for heifers and bulls ranging from half blood to purebred.

"Consigned are 160 of the best Simmental breeding stock in North America, including six purebred bull calves born in Canada this year," said Casey Anderson of Lewistown, Mont., president of CA Livestock (International) Inc., and sale manager.

Anticipated gross value of the Simmental sale is expected to exceed \$500,000. This would be an average of \$3,125 per head, making it what is believed to be the richest sale ever held in the Southwest, Anderson said.

Simmentals is a relatively new breed to the United States. The first of the breed imported

into North America was from France. The next cattle were brought in from Switzerland, where this purebred breed was developed more than a thousand years ago.

It is from Switzerland that the Simmental name was derived. In Swiss, Tal means "valley." The cattle are from the Valley of the Simme-thus Simmental.

The sale, billed as "Simmental Saturday Night," will be held at 6 p.m. Feb. 5 under sponsorship of the American Simmental Association. Breeding classes will be judged 1 p.m. Thursday, Feb. 3, on hoof and carcass entries will be placed at 7 p.m. Thursday, Jan. 27.

Watt reminded potential exhibitors that Stock Show entry closing date for cattle, horses, sheep and swine is Dec. 15. Entries for poultry, rabbits and pigeons must be in by Jan. 17. Premium books and entry information are available by writing Southwestern Exposition and Fat Stock Show, P.O. Box 150, Fort Worth, Texas 76101.

## 491 Persons Immunized In November

According to Leonard Mendez, sanitation inspector for the Migrant Health Project in Lamb County, 491 persons received immunizations in November.

Seventy-six sanitation inspec-

tions were made, 41 were referred to hospitals for medical treatment and three were referred to dentist for care.

Nurses from the office made 210 visits, and the sanitation inspector made 256 field visits.

## Returnable Bottles Cause Less Litter

Bottle and can manufacturers, in their efforts to justify the use of non-returnable containers for beverages, have been claiming that a large percentage of returnable bottles are thrown away rather than returned. As evidence to support their contention, they have cited figures from a study of roadside litter conducted by the Highway Research Board in 1968 in cooperation with Keep America Beautiful, Inc., an organization which draws heavy financial support from container manufacturers.

Later surveys by ecology groups have produced results completely different from the survey cited by the defenders of throw-away cans and bottles. Furthermore, the figures from the earlier survey, even if accurate, do not tell the whole story. For example, a frequently used statistic is that of a total of 79 soft drink bottles picked up along a mile of highway, 53 were returnable bottles, and 26 were non-returnable. Not often cited is a statistic from the same survey showing that of the total number of beverage cans and bottles found only 6.4% were returnable bottles. Furthermore, a summary accompanying results of the survey states that prior to the survey, there had never been a systematic pick-up of litter along some of the road-sides included. Since the use of non-returnables is comparatively recent, the returnable bottles found probably represented the accumulation of decades, while the non-returnables probably represented the accumulation of only two or three years.

The greatest doubt about the validity of the figures from the Keep America Beautiful sponsored survey is cast, however, by other more recent surveys. For example, students from the Charles County Community College in a special project under the faculty supervision in February of 1971, collected approximately 3,600 pounds of trash on 1 1/2 miles of roadway. In this trash they found 1,773

**MOST COURTEOUS COUPLE...** Courtesy is always sure to boost one a little higher on the ladder of success. Marian Dawson and Chris Brock were the girl and boy who were elected Most Courteous at S.E.H.S.

beer cans, 730 non-returnable bottles, and only 36 returnable bottles (1.4%). In October, 1970, the Environmental Action Council of Bowie, Maryland, High School conducted a roadside trash collection study in which council members picked up approximately 4,000 cans (mostly beer cans), 225 throw-away bottles, and only 30 returnable bottles (0.7%). According to the "Keep Maine Scenic Committee" a "Mea-

## Can You Spot Deceptive Guarantees?

Do you know how to spot a deceptive guarantee?

The Federal Trade Commission has set up guidelines to help consumers know what to look for in a guarantee and how to know if it is deceptive, reports Doris Myers, Extension home management specialist at Texas A&M University.

According to the guidelines, advertising is deceptive if it fails to state:

up nearly half the litter found and that of these containers, 87 percent were cans, 10 percent non-returnable bottles, and only three percent returnable bottles.

What product or part is guaranteed?

What characteristics of the product are covered?

What the buyer must do before the guarantee will be honored, such as returning the product to a certain location or paying labor costs.

How long the guarantee is effective.

How the guarantee will be carried out-if it promises repair, replacement or a choice.

The company or person responsible for the guarantee. Good advertising will tell you what you need to know about products and services, Mrs. Myers reminds. Remember to

buy from retailers you can trust--those who have an established reputation of standing behind their products. Also remember it pays to have guarantees in writing.

If you are faced with deceptive advertising or a firm that refuses to perform warranty service, the specialist says to report the details to the nearest FTC office or to the Consumer Protection Division of the Texas Attorney General's Office.

A Graphic Arts Industrial Condominium, believed to be the first of its kind in the nation, has been established in New York City.

# SUNNYSIDE NEWS

BY TEENY BOWDEN

Snow which began Tuesday night and continued on and off through Thursday left about 7 inches on the ground with about 3/4 inch of moisture. It was a beneficial snow with no drifting, but would have been more appreciated if the cotton were not still in the fields. Even a few fields of maize and and corn are yet to be gathered. Another inch or more was received Saturday night.

Mrs. J. E. Shirey flew to El Paso Thursday to be with Mary Jane and Dr. and Mrs. W. R. Pollard and family. Dr. Pollard had to go to San Francisco Friday for a three month treatment of a serious illness and Mrs. Pollard accompanied him. Mrs. Shirey will stay in El Paso and keep the children in school while he is ill.

Cliff Brown left Wednesday morning for a Tide Sales Meeting in Edinburg and vacation trip on Padre Island with other company personnel for the rest of the week.

Paula Sue Ivey spent last Wednesday through Sunday in Canyon with her grandparents, the Floyd Kisers. Mr. and Mrs. Mokey Ivey and Edd Waggoner had Thanksgiving dinner with Mr. and Mrs. Floyd Ivey last Thursday.

Mr. and Mrs. Jose Montiel of Portales had dinner with their son, Mr. and Mrs. Ben Montiel and family last Sunday and supper with their son, Mr. and Mrs. Gabriel Montiel and family.

Ben Montiel got his leg in the cotton stripper last Thursday afternoon and was treated at Plains Memorial hospital in Dimmitt and released. Her brother, Mr. and Mrs. Jesse Medrano and family of Hereford, her sister, Mr. and Mrs. Raymond Cantu and family of Hereford and her parents, Mr. and Mr. Garcia and girls of Dimmitt spent the day with them.

Mrs. J. E. Shirey and Mrs. Jimmy Shirey of Earth had Thanksgiving dinner with her parents, Mr. and Mrs. Gene Brown of Earth, and other relatives.

Mr. and Mrs. J. Paul Waggoner returned home from their visit in Kerrville Tuesday night.

The Week of Prayer Program for Foreign Missions was held this week Monday, Tuesday, and Thursday mornings and Wednesday night. The Friday morning program was called due to icy conditions and will be held next Wednesday night. The attendance was poor due to the weather. The goal is \$800.

Mrs. R. J. Lefevere, recently elected as Baptist Young Women's President has had a meeting of several young women to feel out the possibility of an organization. The interest was good and she does plan an organizational meeting in the near future. All young women in the community are invited to be a part of this new organization.

This week I have learned that there are two Baptist churches in Shamrock so I should have said Rev. Murel Rogers will pastor the First Baptist church in Shamrock.

Mr. and Mrs. Dwayne and Randy and Mr. and Mrs. Grady Epperson of Ropesville and Steve and Gary Nutt of Dimmitt were among the house full of guests attending the housewarming for Mr. and Mrs. Hershel Wilson, Lonnie, Debbie, and Daneen Friday night. The Grady Eppersons spent Friday night with them.

Mr. and Mrs. Larry Odum and Lesa of Summerfield spent Saturday night and Sunday with Leslie Louder.

About 41 persons attended the birthday party given in the E. R. Sadler home Saturday afternoon honoring her father, M. H. Fowkes. A family birthday dinner was given for him Sunday. Mr. and Mrs. Myles Sadler and Gregory of Lubbock spent Saturday night with Mr. and Mrs. Gale Sadler, Cindy and Susan.

Mrs. Larry Sadler, Carrie, Stacy, and Laura spent the day Saturday with Mr. and Mrs. Tex Conard, Juanelle and her boyfriend, Chad Winsor. They attended the bridal shower honoring Juanelle in Dimmitt Saturday morning. Larry and

Mr. and Mrs. Ezell Sadler visited with them Saturday night. Mr. and Mrs. Larry Sadler and girls spent Saturday night and Sunday with them.

Mr. and Mrs. J. C. Holbrooks visited with relatives in Weatherford recently. Mr. and Mrs. Johnny Wayne Holbrooks and family of Odessa spent last Wednesday and Thursday with them.

Mr. and Mrs. Marvin Comadelle and children of Amarillo spent the day Sunday with her parents, Mr. and Mrs. Lloyd Blanton and boys. Tyson and Tony Cowley stayed with their grandparents for the coming week.

Mr. and Mrs. Jimmy Curtis, Scott and Clay of Hobbs spent the week-end with her father, Mr. and Mrs. Punk Gilbreath and Mr. and Mrs. John Gilbreath, Coby, Matt and Hal, Mrs. John Gilbreath and Mrs.

Punk Gilbreath helped with the Plains Memorial Hospital Auxiliary's annual Christmas Bazaar at the First United Methodist Church in Dimmitt Friday.

Mr. and Mrs. Arvil Caddill of Miami, Oklahoma stayed with Mr. and Mrs. W. T. Autry until Thursday after attending their 50th Wedding Anniversary last Sunday. He is Mrs. Autry's brother.

Mr. and Mrs. Autry received word this week-end that their son, James had hurt his back and was hospitalized, but they won't know until Wednesday whether or not he will have to undergo surgery.

Thirty four attended Sunday School with 20 in Training Union Sunday. Dan Burnett was a guest Sunday of Mr. and Mrs. Gerald Elkins, Cindy and Chris.

EASY DOES IT! We are very proud of our Christmas decorations put up by the S. W. P. S.

## Rabies Cure Finally Found

Rabies, the always fatal disease, scourge of mankind for thousands of years can now be cured.

Dr. Michael Hattwick, an expert on the disease, at the National Center for Disease Control and a specialist in internal medicine, has written a scientific paper outlining the step-by-step conquest of rabies.

The rabies cure, marking a new milestone in medicine has been wrought by the skillful application of well-known medical techniques, not through the discovery of any new miracle drug, said Hattwick.

Around the clock supportive care, utilizing the latest medical means and the sophisticated medical apparatus found in the intensive care units of most hospitals, can conquer rabies, the 30-year-old physician said.

"In the absence of any specific antiviral agent effective once rabies symptoms have developed, the treatment of clinical rabies must rely on

aggressive supportive care," said Hattwick. "We now know such care can cure."

Hattwick played a major role in saving the life of Matthew Winkler, 6, of Lima, Ohio, the world's only known survivor of rabies, who was bitten by a rabid bat Oct. 10, 1970. Despite a series of rabies vaccine shots, the youngster developed the dread disease several weeks later.

In a talk with the boy's parents and two pediatricians treating him at Lima, Hattwick convinced them his technique, applied unsuccessfully in the past to two California victims of rabies, could work, if applied in time.

DON'T DRIVE ON SNOW tires in warm weather months, the Tire Industry Safety Council warns. There is a very high heat buildup in these deep-tread, extra dry tires, causing tread to wear rapidly.

## New Blood Properties Discovered

New properties of human blood have been discovered by researchers working at the University of Texas in Austin and Galveston which may have profound influence on the diagnosis of certain disease conditions.

Dr. George B. Thurston, a professor of mechanical engineering and physics at UT found that blood possesses an elastic structure which must be disrupted before normal flow can take place.

"It is already known that a close relationship exists between the viscosity (thickness) of blood and coronary heart disease and peripheral arterial diseases," said Thurston. "An exact measurement of the blood elasticity may provide a more precise index to this thickening condition."

Such information is needed to understand the behavior of the distribution of the blood to the circulatory system. It is also necessary for the design of devices used in cardiovascular surgery, including artificial heart valves, circulatory assist pumps and artificial hearts.

"In the artificial pumping of blood, it is well known that the blood becomes damaged," said Thurston. "It is possible that one origin of this damage rests with the sticking between the red blood cells, which form the elastic structures."

The blood studies are being continued to explore further the influence of commonly used additives, such as aspirin, upon the elastic property of the blood.

In other research in Texas, scientists at the UT Medical Branch in Galveston have discovered that snake venom causes, among other reactions, abnormal-looking red blood cells. The cells become spherical and growing spiny projections, or burrs, all over them. No one yet knows why.

Ted Bond and Dr. M. Mason

Guest of UT Galveston undertook the venom-blood research after receiving requests from clinicians across the state for information. It seems some snake-bite patients bleed and continue to bleed, and others don't.

The researchers discovered that some venoms cause clotting. Others completely defibrinate, or destroy all the fibrinogen—the plasma protein necessary for coagulation of normal blood. The cause has not yet been found due to the complex chemistry of snake venom, which contains enzymes and non-enzymic proteins.

## 7th Grade Boys Defeat Sudan 40-36

Proving to Sudan that S-E had power and determination, the local seventh grade boys' team took to the floor at Sudan Monday to win a tough game 40-36.

It was tough every second of the way with the ball moving back and forth from one end of the court to the other. Likewise, the scores remained too close for comfort. At the end of the first quarter S-E had 11 points and Sudan 12. At half time the scores were reversed

with Springlake taking the lead 23-21. As the third quarter ended S-E still retained a small margin 31-28.

Coach Phelps said it was a game either side could have very well taken over at any time, but when the final whistle sounded the score was 43-36 in favor of the local team.

George Flores was high point man for S-E scoring 21 points. Kyle Martea was high point man for the opposing team scoring 16 points.

## 7th Grade Girls Lose 40-10

The seventh grade girls of S-E met Sudan on their home court Monday and lost the game 40-10.

Sudan girls took the lead early in the game and retained it throughout the halgame.

The first quarter ended with the scores 12-4 in Sudan's favor and at the half time they had upped their lead 30-4. The third quarter score totaled 36 to 6 and when the final whistle sounded the score was 40-10.

Coach Phelps saw his team try but they were not quite strong enough to swing a victory.

Elizabeth Jefferson was high point gal for Sudan racking up 16 points.

## 8th Grade Boys Take Sudan 32-15

Springlake-Earth eighth grade boys clashed with Sudan, Monday night on the Sudan court and came out victorious 32-15.

Armando De Leon was high point man for the local team scoring 9 points in the game. D. Williams was high point man for Sudan. He scored 6 points for his team.

The game started out with fast movement, with Johnny Cleavenger scoring the first point in the game. From that time on they never lost the lead. Coach Leaverton stated that the first quarter ended with the local team holding the edge 3-0.

At the half time the score was 16-3 in favor of our team and at the end of the third quarter the local boys had racked up 26-5.

The game ended with a happy local team, proudly smiling as they glanced at the score board to see the final score 32-15 in their favor.

## 8th Grade Girls Win Over Sudan 30-21

The Springlake-Earth eighth grade basketball team met Sudan girls Monday night at Sudan and battled to a 30-21 victory over the Sudan team.

Coach Ramsey saw his girls end the first quarter trailing Sudan 8-4. In the second quarter, the local females still couldn't seem to gain the lead and when the whistle sounded at the half, Sudan was still leading 15-9.

Following half time, the local girls went back into the game with a gleam in their eyes that indicated they meant to play ball like the best 8th grade team in the county. At

the end of the third quarter, Sudan had lost the lead to our local females with the score being 25-17 in favor of S-E.

The local girls continued to keep the lead and when the game ended, the tired but happy team had chalked up the winning score 30-21.

Kathy Winders and Karen Smith are managers for the team.

Peggy Gregory was high point girl for S-E and scored 16 points. Joan Hedges was high point girl for Sudan, scoring 16 points.

**Lamb Countians Buy Many Savings Bonds**

Mr. C. O. Stone, Chairman of the Lamb County Savings Bonds Committee, has announced that United States Savings Bond sales in Lamb county totaled \$7,075,000 during October. Sales for the ten month period were \$97,115,000 with 75 per cent of the 1971 sales goal of \$130,000,000. Bailey County has purchased \$29,010 and Castro County \$40,954.00 in the past ten months.

Series E and H Savings Bond sales in Texas during October were \$15,480,457. Sales for the first ten months of 1971 totaled \$167,863,056 which represents a 10.4 per cent increase over the same period last year. Nationwide, sales were \$407 million during the month, unchanged from the same month a year ago. Redemptions were 10 per cent below last year's and the least for any October since 1962.

### Miss Texas Teen-Ager Applications Being Accepted

Applications are being accepted for the Miss Texas Teen-Ager Pageant to be held in Convention Hall at the St. Anthony Hotel in San Antonio on July 28-29, 1972. On the date of July 29 a Miss Texas Teen-Ager will be named and the young lady who wins the title will be sent to the National Finals in Atlanta, Georgia, with her expenses paid. She will enjoy a 4-day trip, with the actual national finals taking place on Aug. 26, 1972. Girls will be judged, ages 13-17, on their scholastic achievements, civic contributions, poise, personality and appearance. It is not a bathing suit or talent contest. The page-

ant is recognized by civic and political leaders, as well as educational leaders across the country.

Judging will be handled by a panel of outstanding judges from the state of Texas on the dates listed. It is open to all girls ages 13-17 who are residents of the state of Texas, and are United States citizens. There is no entrance fee. The official theme of this year's pageant is "What's Right About America?" Any young ladies desiring to obtain applications may do so by writing the official Certification Headquarters for the State of Texas, 126 Bunn Drive, Rockton, Ill. 61072.

### Texas Teachers Association Largest Organization In The State

The Texas State Teachers Association, largest professional organization in the state, has surpassed its 1971-72 membership goal of 142,000.

L.P. Sturgeon, executive secretary, said the TSTA membership total hit a record 142,000 on Tuesday, November 30. The count may reach 145,000 before the books are closed next summer on 1971-72 memberships, Sturgeon said.

The 142,990 total of active members includes 3,580 life members. It does not include more than 7,000 student teacher members and over 1,000 retired members.

Highest previous membership level for TSTA was the 138,888 recorded last year. TSTA, now in its 92nd year, is composed of classroom teachers and administrators from every county in Texas, college personnel, and other education specialists.

About 96 percent of all teaching and administrative personnel in the public schools are members of TSTA, Sturgeon said. Associate memberships held by non-certified personnel such as secretaries, custodians,

and other supportive staff members are at an all-time high of 6,853.

TSTA members are banded together in 454 local associations and 20 district organizations which blanket the state.

The Texas association was the second largest state teachers association among the 50 states last year, outnumbered in membership only by California.

### Betty Crocker Test Given

Thirteen girls from the senior class at Springlake-Earth High School were given the Betty Crocker examination, Tuesday, December 7, at 9:30 a.m.

This nationwide, one hour, examination is concerned with problems faced by today's young homemaker.

One winner from each school will be selected to compete on a national scale.
