EARTH  
SPRINGLAKE

"A CONSOLIDATION OF THE EARTH NEWS AND EARTH SUN, OCTOBER 12, 1956"

NUMBER 15      14 PAGES      EARTH, LAMB COUNTY, TEXAS, THURSDAY, NOVEMBER 26, 1964      10 CENTS      VOLUME II

THOMAS GREGORY goes up and over for his second touchdown of the night against Petersburg. Leading the way is No. 70, Ken Dawson. Buffaloes pictured are: No. 72, Mike Shelton, No. 30, Jim Fox, No. 74, Mack Lane, No. 73, Sidney Alford, and No. 80, Lupe Canales.

THE MIGHTY WOLVERINE MARCHING BAND

### Mrs. L. Nutthall Final Winner Of Weekly Contest

Mrs. Lynda Nuttall, Route 1, Amherst, was named first-place winner in the Piggly Wiggly's sponsored football contest, receiving a \$7.50 certificate in merchandise.

Larry Price and Bill Freeman had identical scores, winning second and third prizes, and will divide the total of the two prizes, which will amount to \$3.75 in merchandise each.

Mrs. Nutthall missed the tie-breaker, Texas Tech 14-Arkansas 28.

Price and Freeman missed the New York-Oakland game, and the tie-breaker Texas Tech 7, Arkansas 21.

### Marilyn Coker Wins A First Rating In Twirling Contest

Marilyn Coker, seventeen year old daughter of Mr. and Mrs. J.J. Coker, recently won 1st

Division Rating in Class I Area University Interscholastic League Twirling Contest at Leve-

land. She has won four 1st Division ratings, has been a member of the Wolverine Band for six years, has been a twirler for four years, and has been head twirler during her Junior and Senior years. At present time, she is vice-president of the Band.

### Local Man Home on Leave From Army

Jack Rylant, Spec. 4, Communications, U.S. Army, returned home Saturday from Thailand on a thirty-day leave of absence.

Mr. and Mrs. W.J. Rylant, parents, met him at the Lubbock Airport, after he had traveled 14,000 miles by way of the Philippine and Hawaii Islands. He has served a one-year tour of duty.

seeing his year-old son, (who was born when Jack was away), for the first time. His wife, the former Darlene Rudd, and son will return with him to Ft. Riley, Kansas at the duration of his leave.

Jack remarked, "The people of Thailand are very friendly. The country sort of grows on you." He mentioned that the climate was hot, year around. It was the best birthday he had ever experienced, being enroute home, and the wonderful feeling of returning to Earth, his family, and friends, and seeing the Springlake Wolverines win the bi-district game with the Petersburg Buffaloes.

Yellowstone Park is the world's first national park.

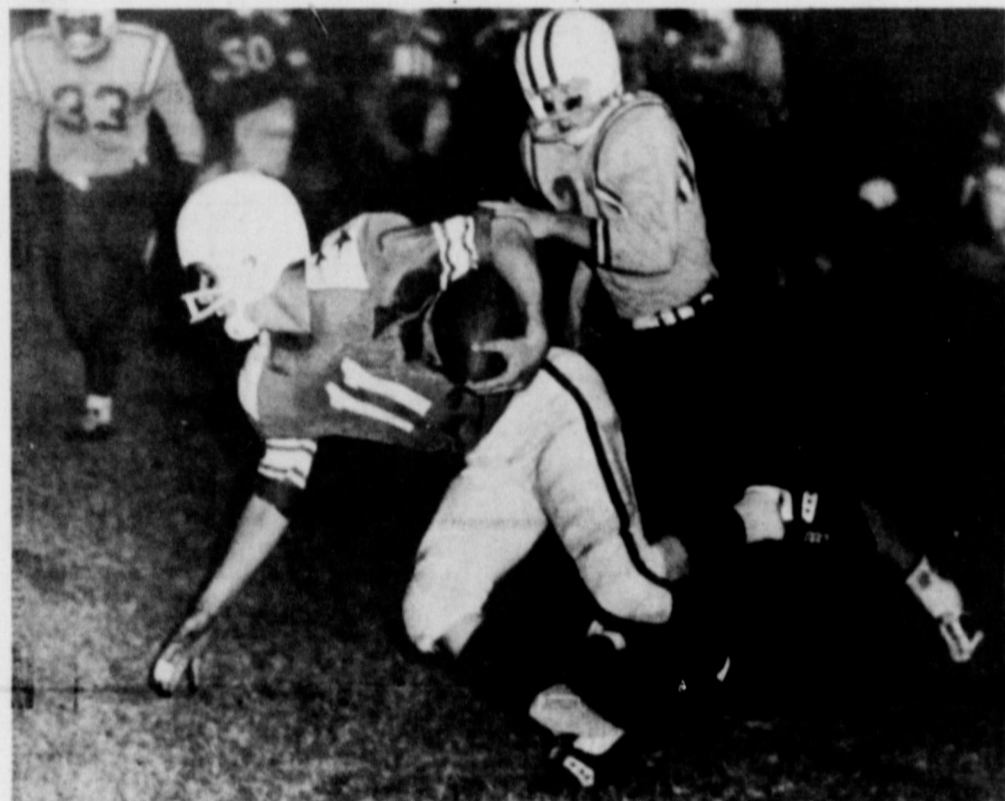

MARILYN COKER

Mr. and Mrs. Jim Robbins of Halfway, visited in the home of Mr. and Mrs. Ray Glasscock Sunday afternoon.

Ross Middleton and Eldon Trotter attended the Texas Tech Arkansas Homecoming game in Lubbock Saturday.

## GO GO GO!!! WOLVERINES Let's Take Regional

HOW LOW CAN YOU GO and still move the way Floyd Bennett is doing? Buddy Duke, Sophomore halfback, No. 21 is trying to catch up with Bennett and No. 33 is Leroy Taylor, the Hair Center Fullback.

We're With You All The Way  
**SUPERETTE SNACK BAR**  
SPRINGLAKE, TEXAS

## Roll On Big Green

TAKE THE ELKS...

LOGAN ARMSTRONG, the speedy little Sophomore half back tries in vain to side step around quarter back, Raymond Oter, and coming up to assist on the tackle is the Junior center of the Idalou team, Eugene Culppeper. Armstrong made a good showing for his debut to the varsity squad. This is one seppister that we will see a lot out of before he graduates from Springlake High School.

SEE YOU AT THE GAME

### B. Glasscock Employed At Earth Elevator

Basil Glasscock is presently employed at Earth Elevator, as mill and mixer operator.

He has formerly been owner and manager of the Earth Texaco Station. Before that time he was employed at the Earth Oil and Gas Co. for several years intermittently.

Mr. and Mrs. Glasscock and family have lived here since 1940. Mrs. Glasscock is employed at Piggly Wiggly's as cashier.

### Littlefield Accepts \$50 Fire Fee

The Littlefield City Council reluctantly voted Thursday to accept payment of \$50 per rural fire call from the County Commissioner's Court, but only under a one-year contract. There was a previous meeting

Tuesday with the County Commissioners. The county said it would increase its fire service payment from \$25 per fire to \$50 for a contract of a two-year period, as of January 1. The city asked the county to pay its rightful debt.

All members of the 26-man Littlefield Volunteer Fire Department attended the regular Thursday council meeting.

# Bi-District Champs Meet Stratford Friday in Amarillo

By: Don Watkins

Coach Jodie Mahan's impressive Wolverines have already made history, as they prepare to meet the Stratford Elks Friday in the first regional contest in the history of Springlake High.

In a game to be sponsored by the Amarillo Chamber of Commerce and played at Dick Bivins Stadium in Amarillo, Friday at 2:30 p. m., the mighty Wolverines stand a chance of adding another page of history to the books by defeating the Stratford eleven.

Stratford, sporting a 7-2-2 record will be all out to defeat the Wolverines to avenge a regional defeat at the hands of Petersburg last year. Fans will recall Petersburg shellacked the Elks in that outing 34-6. But, with Stratford knocking at the door of the quarter-finals for two years running, it simply adds up that the Elks will play with everything they've got.

Neither team has played a mutual opponent. There is no way to compare statistics except the win-loss records of each. The Wolverines go into the game with a 9-1 record in the season against the Elks' 7-2-2. Springlake has scored 358 points while allowing 174 against them. Stratford has tallied for 234 but has allowed only 83 for season.

Springlake has a slight weight advantage, both in the line and backfield. As far as individual speed or ability, there is as yet no way to gauge the situation. Once again, we shall simply list the Stratford personnel, their weight, and position, and let the fans draw their own conclusions. If they are like us, they have already done so. We must once again stick with the ever-improving Wolverines, and plan on watching them dash the hopes of the Stratford Elks Friday afternoon.

- No. 35, Charles Britten, HB, 135.
- No. 40, Jimmy Gupton, End, 140.
- No. 44, Steve Dettle, QB, 135.
- No. 45, Terry Mathews, FB, 160.
- No. 50, Bob Bowen, Center, 160.
- No. 55, Danny Haney, Center, 160.
- No. 60, Lanny Harris, Guard, 160.
- No. 64, Frank James, Tackle, 140.
- No. 65, Bob Pendleton, Guard, 155.
- No. 66, Wesley Wiley, FB, 160.
- No. 70, Kenny Palmer, Guard, 145.
- No. 72, Don Pervin, Center, 220.
- No. 75, Johnny Crownover, G, 155.
- No. 76, Donnie Hawkins, E, 135.
- No. 77, Harry Hamilton, Tackle, 185.
- No. 80, Keith White, End, 160.
- No. 83, Bobby Meeks, T, 160.
- No. 85, Orland Lasley, End, 155.
- No. 87, Walter Lasley, End, 160.
- No. 88, George Williams, T, 160.

As mentioned, the Wolverines have the weight advantage, but weight alone does not insure victory. However, we are certain the Wolverines will continue their winning ways and return home with another trophy for the case.

For fans who do not know the location of Dick Bivins Stadium, it is located on east 10th street, across from the Amarillo fair grounds. If you go east on 10th, you can't miss it. We'll see you all there Friday at 2:30 p. m. to lend loyal support to the mighty Wolverines of Springlake High.

Dinner guests in the home of Mrs. Jane Beavers Sunday were Mr. and Mrs. Ray Axtell, Mrs. Carra Morgan, Mrs. Marjorie White, Mrs. Lena Hite, and the hostess. In the afternoon they attended the flower show at Springlake High School.

The roster for the Stratford Elks is as follows:

- No. 11, Jim Hudson, QB, 140.
- No. 15, Charles Plunk, QB, 150.
- No. 22, Danny Brannon, HB, 140.
- No. 25, Johnny Brannon, HB, 140.
- No. 33, Boyd Spurlock, HB, 150.

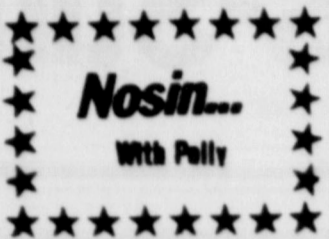

## Wolverine Band Takes Another

The Springlake High School Band won first place in the University Interscholastic League marching, when they competed Tuesday, in Lubbock, with thirteen other Class A bands. There were 46 bands competing in Classes A, B, Junior High, 3A, and 4A divisions. This first place was one step toward sweepstakes, which will be held in Seagraves April 2 and 3, in which Springlake will compete in playing, sight-reading, and performance.

First place winners were Springlake, Ralls, Hale Center, Idalou, and Petersburg. Second places were: Tahoka, Seagraves, Crosbyton, Spur, and Sudan.

Third places were: O'Donnell, Kress, and Plains.

It is with great pride that we heartily congratulate the Springlake High School Band under the supervision of Dean Foshee.

I clearly remember about five or six years ago on a very cold Thursday afternoon in October, several mothers, and a few fathers who were fortunate enough to be off work at that early hour, set huddled together in the Springlake Stadium watching their youthful seventh and eighth grade sons play football in one of the very first games the present varsity team ever played. We all noticed their teamwork, it was remarkable. Even then, one could readily see that they worked together in an all-out team effort to gain a victory.

Not only was team work noticeable, but it was also evident that these lads had an abundance of what is called School Spirit. It was easy to see, that even way-back-then, they gave their all for the old Alma Mater. On that day, years ago, it was decided by all those huddled in the stadium that when this small young team became the varsity team they would, beyond a doubt, be a championship team. . . . Everyone who watched them agreed that this determined little squad would go far. . . . After seeing a tough team like Farwell fall under this determined group of Wolverines, and likewise the hard-hitting Petersburg team fall under the power of our team, one can't help but decide they've truly got what it takes, know-how, guts, school spirit, and determination. . . . That game Saturday night gave spectators every thrill that a football game could hold. . . .

And Friday as they play in Amarillo, I'm sure fans from Earth and Springlake will turn out in large numbers to cheer our favorite team, our favorite sons, our favorite friends' sons, and the pride of our community, "Our Wolverines!"

"nosin"

Our hats are off to the fine Chamber of Commerce of Plainview who did a bang-up job in sponsoring the play-off game between Springlake and Petersburg Saturday, also in making the squad and the fans feel real welcome in their city. . . .

Even though we were all going anyway, Chamber representatives came over last Thursday and personally invited merchants of Earth and Springlake to their fair city. . . . giving each of us a warm feeling toward Plainview, as the bid saying goes. "The little things mean a lot."

Thursday is Thanksgiving and this year the Middletons will not be going to Oklahoma for the Holiday. Instead, our Thanksgiving will be spent somewhere between the household sink, range, and table, with the family joining into cook a turkey, pies, etc. We will miss seeing our families. . . . However, with the Wolverines playing Friday in Amarillo, we feel we've just gotta stick around and watch them beat Stratford. . . . I'm sure our hearts will be filled with thankfulness at home as well as elsewhere. My prayer is that your Thanksgiving Holiday will be filled with peace and contentment, for you and yours. . . .

Students expected home for the Thanksgiving holidays from Hardin Simmons University are: Phil Bearden, Arboth Rylant, Janice Blackburn, and Cheryl Foster.

## FOOTBALL HOLIDAY ???

The Wolverine Booster Club, joined by the Mayors of both cities urge business firms of Earth and Springlake, to close Friday at noon to attend the Springlake-Stratford regional football game in Amarillo at 2:30 p. m., in Dick Bivins' Stadium at the Fair Park.

## Postmaster Gives Tips On Christmas Mailing

A little planning during the Thanksgiving Holiday can help avoid the "Christmas Rush", Postmaster Miller said today.

The Earth postmaster has some tips which will not only put ZIP into Christmas mailing, but help local postal employees move the record-breaking mountain of mail that is expected this Christmas season.

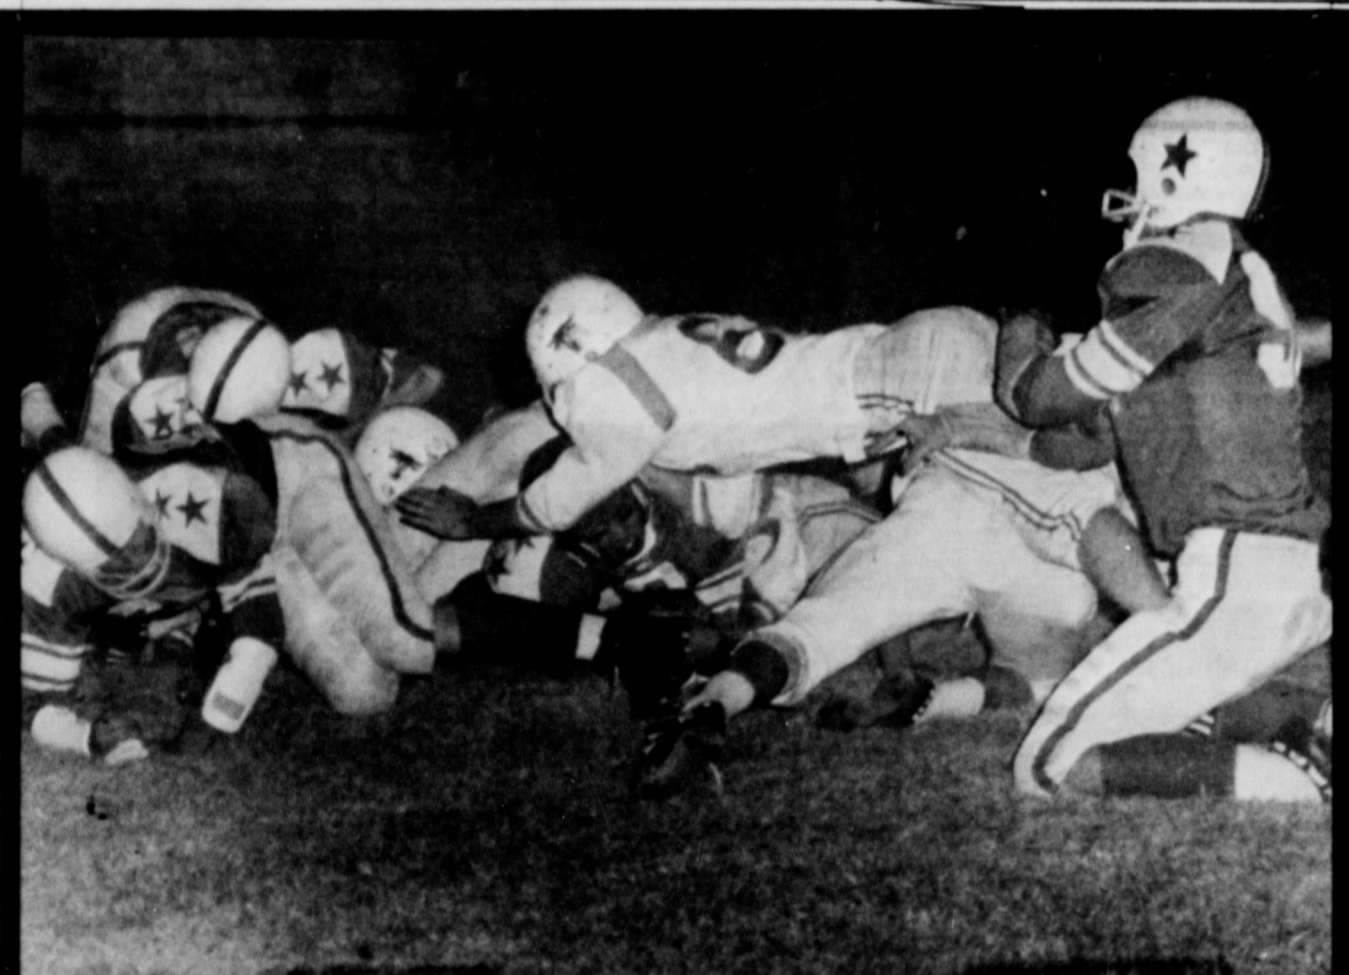

1. Find last year's Christmas mailing list. If you don't find it, or didn't have one, make one up.
2. Check to see that all addresses are correct. The phone book is usually a good source for local addresses.
3. Wherever possible, add the ZIP code to the addresses on the list. Because ZIP Codes speed your mail, always include the code for your area in return addresses. This is the best way to inform friends, relatives, and business associates of the

code number for your area.

4. Determine your list of gift purchases which must be mailed. Such planning allows you to shop early when selections are greatest and you can stock up on mailing materials in advance. Be sure to purchase enough material so that parcels will be packed securely.

The postmaster emphasized that poorly wrapped and loosely packed cartons are the major cause of parcel post damage. He also suggested that the addresses be written on only one side of the exterior wrapping and that a duplicate address be included inside the carton, in case the outer covering is not secure and comes off.

Mr. Miller said that the Post Office Department in Washington is predicting that a record seven billion pieces of mail will move through the postal system during the peak rush just before Christmas.

THOMAS GREGORY SCORES on a 3 yard drive to really put the Wolverines back in the ball game. At this point, Farwell led 20-16, early in the third quarter. Other Wolverines pictured are No. 50, John Patterson, No. 11 Floyd Bennett, and No. 31, Roy Flores.

### Young Homemakers Holiday Flower Show Held Sunday

The Young Homemakers sponsored a flower show featuring Christmas and Holiday arrangements and centerpieces by The Earth Floral and Gift Shop, in the Homemaking Department of Springlake High School, Sunday, from 2:00 to 4:00 p. m. Proceeds of approximately \$25.00 from the show will go to the Young Homemakers for future projects. The Young Homemakers are members of the State Agency and their overall purpose is to provide young women with creative opportunities in maintaining effective family, personal, and community life. Approximately twenty-five guests attended, also Mrs. Cecil

Slover, five girls from the High School Homemaking Department, and Mrs. Phyllis Beavers and Mrs. J. D. Newton from Earth Floral and Gift Shop. Refreshments of strawberry punch, cookies, and coffee were served. Door prizes were given to Mrs. A. M. Sanders and Mrs. Ronnie Johnson.

### GA News

### Senior Girls To Take Betty Crocker Tests

A program which has attracted a total enrollment of more than three and a half million girls during the past decade will find all 23 Springlake girls in high school taking a knowledge and attitude examination on homemaking Tuesday, December 1. Examination questions are confidential until the time of the test. Girls have no prior access to them.

They are among a half million girls in more than 14,000 of the nation's high schools who are participating in the 1965 Betty Crocker Search for the American Homemaker of Tomorrow. At stake are awards ranging from attractive pins to \$110,000 in scholarships. The program is the only national scholarship competition exclusively for high school senior girls. The local winner will be the girl who scores highest in the 50 minute test. She will receive an award pin and her paper will be eligible for state competition. The highest ranking Home-

maker of Tomorrow in each state then will receive a \$1,500 scholarship. Her school will be presented a set of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. Each state runner-up will receive a \$500 scholarship. Next spring, State Betty Crocker Homemakers of Tomorrow, each with a school advisor, will be guests on an expense-paid educational tour to Colonial Williamsburg, Va.; Washington, D.C.; and New York City. The trip will culminate with the naming of the 1965 Betty Crocker All-American Homemaker of Tomorrow. Her scholarship will be raised to \$5,000 with national runners-up receiving scholarships, respectively, raised to \$4,000, \$3,000, and \$2,000.

Judging for national honors is on the basis of original test scores of state winners plus personal observation and interviews during the tour.

General Mills, Inc., launched the Betty Crocker Search in the 1954-55 school year to emphasize the importance of homemaking as a career. More than a million dollars in scholarships has been awarded. The examination each year is prepared by Science Research Associates, Chicago, which also is in charge of scoring papers and judging.

### WE WANT REGIONAL !!!

### Local Children To Appear On

Traveling to Lubbock Thursday afternoon where they filmed a TV program, "Adventures in Bible Land", were a group of youngsters who attend the Earth Church of Christ. They are LaQuinta Clark, daughter of Mr. and Mrs. Wesley Clark; Gay

Ellis, daughter of Mr. and Mrs. Norman Ellis; Francee and Joy Faver, daughters of the Lewis Favers; Cherry Dent, daughter of Mr. and Mrs. Mike Dent; and Terry Blanton, son of Mr. and Mrs. Loyd Blanton. You will be able to see this

program at 8:00 a. m. Sunday, November 29, over KLBK-TV Channel 13. It is a half hour, class-type program in which Mrs. Olive Price tells a story from the Bible to a different group of students each week. Announcer for the program is Jim Bivis, educational director at the Broadway Church of Christ in Lubbock. A regular feature each Sunday is the drawing of a child's name from the Treasure Chest. The person whose name is drawn is sent a Bible story book.

Adventures in Bible Land began last February and after three months of being televised, it was estimated that the program had 100,000 viewers. This estimate was based on a survey conducted by KLBK. That it is popular with all aged "children" is evidenced by a story related by Mrs. Price to the Earth group Thursday. She told of a viewer in his 80's who has called several times to tell her what he particularly likes about the program. A few weeks ago she used a real bird nest to illustrate the story. A lady called to ask if it was genuine. When told that it was, she said, "Oh, well you see, I thought maybe you ordered it from some place."

Perhaps the most fascinating response to the program, according to Mrs. Price, occurred one afternoon in her garage. She had just returned from the TV station when she heard noises in the garage. When she went to investigate she found three small boys looking through props and visual aids she had used on the program. As she approached them, one with a superman scarf flying in back said, "You're that lady, that lady on Television! Why, I thought you lived in New York,

### Masonic Lodge Fellowship Night Held Thursday

Thursday night was Past Master's night at the Earth Masonic Lodge. Beginning with a delicious pleasant supper for all members of the Earth Lodge and their wives and guests, Recognition was given to all the Past Masters of the Lodge and the dates they served.

M. E. Kelley and J. D. Newton, who were the 1st and 2nd Masters of this lodge were given an honorary Life Membership, which are the first and only such memberships that the Earth Masonic lodge has awarded any of its members. Special recognition of visiting Masons from several other towns was given, after which Henry Tubal, Past Master of Tulla Lodge addressed the group on "What Masonry is and what it stands for."

M. E. Kelley and J. D. Newton became the first charter members in 1940, when the Lodge was organized. Kelley became the 1st Master and Newton, the 2nd Master. The two men have been active in the Earth Lodge since that date. Approximately 100 were present.

City. You mean you live right here on this street, in this house? Mrs. Price said she had a time convincing them that she was a real lady just like their mothers and not some actress from far away. She relates that when the boys started for home they said, "We'll look at you Sunday morning."

Shown left to right are Masons of Lodge 1277, who attended the Pheasant Dinner Thursday night at the Masonic Lodge; George Laing, Worshipful Master; Henry Teubel, Tulla Lodge Grand Lodge Committee of Masonic Education and Service; Tulla Lodge; J. D. Newton, Charter member and 2nd Past Master, who received a life membership; M. E. Kelley, charter member, and 1st Past Master, who received a life membership; and Melvin Bock, Secretary and Past Master.

# WOLVERINES TURN ON THE POWER...

THAT HAS BROUGHT US THUS FAR, ON OUR WAY TO STATE CHAMPIONSHIP

With That Power We Can Take Stratford

THIS WAS THE PLAY that put the Wolverines out in front to stay. Gregory had just stiff-armed one Buffalo who is on the ground and No. 66, Duane Greene, the Senior Guard was the second player to get a stiff arm. Gregory went on to cover 57 yards and a touchdown for Springlake late in the first half.

### Couple Honored With Bridal Shower Friday

A bridal shower dance was held Friday, November 20 at the Latin Center Hall in honor of the announcement of the marriage of Louisa Schavarilla and Phillip Munoz.

Refreshments of cake and hot chocolate were served. Also on the same night of the shower, a Farewell Party was given in the Hall in honor of Raul Munoz, who left Monday for Los Angeles to begin his Navy training. Raul was a 1963 graduate of Springlake High

School. At the wedding in the home of the groom's parents, Mr. and Mrs. Vincente Munoz, the bride, Louisa Schavarilla, was given in marriage by her father, Jose Schavarilla, Littlefield.

### NOTICE

A Christmas party and husband's night for the LCC Associates will be held at 7:30 p. m., December 3, at the community building in Earth. Hostesses will be Mrs. Lexie Branscum, Mrs. Norman Ellis, and Mrs. Ronald Cleavinger.

The Altru Junior Study Club has ordered shelled pecans, the proceeds of which will go to the Girl Scouts. Anytime after Thanksgiving, you may call Mrs. Twila Sawyer, Mrs. Judy Robnett, or Mrs. Linda Green for orders.

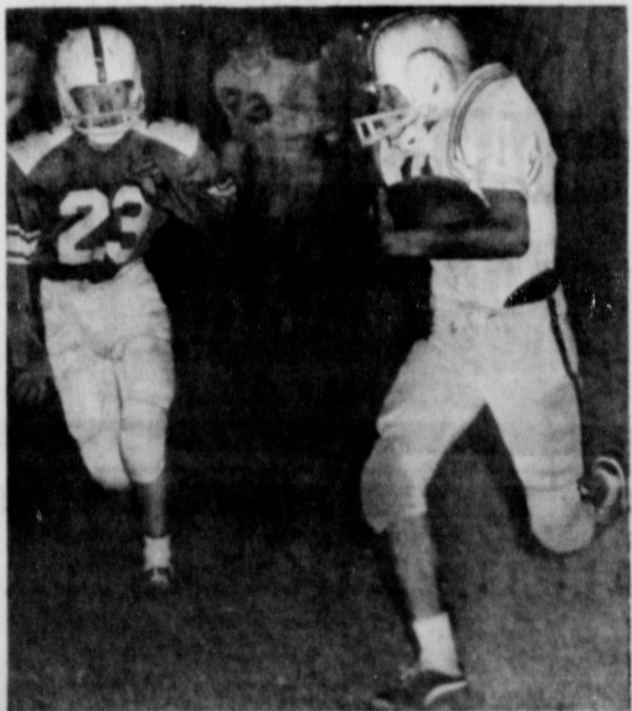

# Go Wolverines Go !!! BEAT STRATFORD

HAPPY WOLVERINES accept the coveted Bi-District trophy immediately following the play-off game, Saturday night at Plainview, while in the stadium, hundreds of cheering Wolverines cheered wildly for this powerful hard-hitting squad who met Petersburg unflinchingly to win this trophy. Pictured holding the trophy are Captains, John Patterson, Thomas Gregory, and Danny Byers.

See You At The Game...

EARTH-SPRING LAKE

HO HO HO The Jolly Green Giant (Thomas Gregory) on the move. Action took place in the third quarter and set up a touchdown that put the Wolverines out in front to stay.

# History Making Wolverines Takes Bi-District 21-15

by Eldon Trotter

The night was chilly but the Wolverine boosters had plenty of school spirit about them, and show it, they did. The action was fast and furious with both teams fired up and giving it all they had. As a lot of fans stated, "if it had been five minutes longer, I would have had a heart attack, for I do not believe I could have taken the excitement another minute longer."

It was a good game from start to finish, with 100% team effort all the way, each player did his job, to bring the Bi-District Championship to Springlake. Petersburg drew first blood early in the second quarter when Mike Shelton broke through to block Jerry Don Sanders' punt on the Wolverine 10 yard line. The speedy, high scoring Fud Robertson, the Junior Fullback of Petersburg had his troubles running against the stubborn Wolverine defense, crashed over from the five, but fumbled.

However, teammate, Duane Green, the Buffalo Senior guard recovered the ball in the end zone for the touchdown. Jim Weathers booted the point and it was 7-0 with 10:53 left in the first half.

Springlake wasted little time in showing the Buffaloes they could move the ball just as well. On the kickoff, Bennett returned the ball to the Wolverine 36 yard line, and Jerry Don Sanders hit the middle of the line and scampered to the 43 yard line. Doug Messer faked a handoff and rolled out and tossed a pass to halfback Floyd Bennett, who was all alone on the twenty yard line, but Bennett was unable to hold on to the ball. On the next play, Thomas Gregory took a lateral from Messer and went to the right side of the field, where he stiff-armed a couple of would be tacklers, breaking clear, he ran to the left and stiff-armed another Buffalo and going back to the sideline

fighting his way to the coffin corner, carrying a Buffalo with him, he scored the first Wolverine touchdown of the night. Floyd Bennett ran the two point conversion and Springlake took the lead 8-7.

Both teams fought to a draw the remaining second quarter, but at the start of the third quarter, the Wolverines wasted little time in letting Petersburg know they intended to keep the lead.

On the kickoff, Mike Loyd, the Buffalo quarterback took the ball and returned it to the Buffalo 33 yard line, where he was met by Patterson, Gregory and Armstrong. The ball rolled from Loyd's hands and was recovered by alert John Patterson.

On the first play, Doug Messer handed off to Floyd Bennett, who hit the left side of the line for 11 yards. On the next play, Messer handed off to Thomas Gregory, who hit the right side of the line and spun his way

clear for a 22 yard gallop and another Springlake touchdown. Doug Messer tried a keeper play to the left side but failed in an attempt for the 2 points.

A fired up Wolverine defense held the Buffaloes on downs, and a short punt gave Springlake the ball on the Petersburg 31 yard line, but this drive died on the 24 yard line. Jerry Don Sanders dropped back to try his luck at a field goal, but missed with the ball going off to the left side of the goal.

The ball was brought out to the 20 yard line and Petersburg took over. On a pass play, Mike Loyd had such pressure put on him by Pete Glasscock, Danny Byers and Floyd Henderson, that he threw the ball directly to the halfback, Thomas Gregory, who ran the ball back to the Petersburg 10 yard line. Jerry Don Sanders hit the middle of the line for 5 yards, and then Gregory hit the right side of the line for 5 yards and his third touchdown of the night. Sanders kicked the point and the score was then 21-7 with 2:35 left in the third period.

Petersburg struck back with some razzle dazzle football handling with Mike Loyd pitching back to halfback Jim Fox, who went to the left side of the field, stopping, he tossed a pass back to Mike Loyd, who had worked his way behind all the Wolverine defenders, and went over without a hand being

laid on him for a beautiful 68 yard run and a touchdown for Petersburg. Loyd then rolled out to the right side on a keeper play and bulled his way in for the 2 point conversion, and at this point the score was Springlake 21, Petersburg 15.

In the third quarter, Springlake took the ball on its 32 yard line used all the time they could in each down, and moved the ball slowly down the field. With only two minutes left to play, Jerry Don Sanders attempted another field goal, from a sharp angle to the left, but the attempt failed and Petersburg took over on their own 20 yard line.

Mike Loyd really brought the crowd to their feet, when he broke into the open from his 40 yard line and scampered all the way to the Springlake 24 yard line before being knocked out of bounds by Logan Armstrong.

Mike Loyd called time for he had lost his right shoe on the tackle by Armstrong, and this proved to be a costly time out for Petersburg, for it was their last for the second half. Loyd tried the same roll out, but gained only two, and the Buffaloes completed two of three passes to put the ball on the Springlake ten yard line. Without going into a huddle, Loyd dropped back to pass, but had the ball booted out of Jim Fox's hands by Thomas Gregory, and the time ran out giving the Wolverines a hard fought 21-15 Bi-

District Championship over the '63 State Champion, Petersburg Buffaloes.

new locations, these houses will be used by the schools for educational purposes.

The Springlake School District applied for one of the houses, and as he remarked, "The ones that cried the biggest tears received the houses." At present time, he has not received official papers, but has been notified by telephone of the placements.

The house will be moved where the Colored school formerly was located, and will be used for a teacherage. A handling fee and \$100.00 were the costs of the house. Also the school put up a performance bond. The project will be financed through the renting of the teacherage.

Bill Mann said that the houses were in good shape. Ground is being cleared at the present time, and the foundation will be moved also. Other arrangements are pending at the present time.

SPRINGLAKE, TEXAS

## Cotton Quotas Up For Vote December 15

The cotton quota vote coming up on December 15 will mark the twelfth consecutive year in which growers have voted on marketing quotas for their upland cotton crop. Harvey D. Vann, Chairman, Agricultural Stabilization and Conservation Lamb Committee, said today, "Beginning with the referendum on marketing quotas for the 1954 crop, growers have approved quotas for each year's cotton crop," he said, "In the vote last year, on quotas for the 1964 upland cotton crop, 94 percent of the growers voting approved to quotas.

By law, quotas must be proclaimed by the Secretary of Agriculture in years when the cotton supply exceeds normal. The estimated 1964-65 total supply of upland cotton exceeds the estimated normal supply by 41 percent.

The carryover of upland cotton on August 1 of this year was 12.1 million bales. With 1964 crop yields indicated at a record high of 522 pounds per acre, domestic usage plus exports during this marketing year is expected to be less than the 1964 crop, and the carryover is expected to increase to about 12.6 million bales by August 1, 1965. A carryover this size has been exceeded only once, in 1956.

The National acreage allotment is 16 million acres (the smallest permitted under law), plus 200,000 acres from the national acreage reserve to take care of minimum farm allotments. Notices of individual farm allotments will be mailed to operators of cotton farm in advance of the December 15 referendum.

If at least two-thirds of the growers voting in the referendum approve quotas for the 1965 upland cotton crop, price support at a level within the range of 65 to 90 percent of parity will be available to growers who do not exceed the farm's acreage allotment. Additional price support in the form of payments will be available to growers who keep their acreage within the farm's domestic allotment, and marketing quota penalties will apply to any excess cotton produced on a farm.

If more than one-third of the voters oppose quotas for the '65 crop, the regular allotment program will remain in effect, and price support will be available to growers who do not exceed their acreage allotments at 50 percent of parity, as provided by law.

All farmers who engaged in the production of upland cotton in 1964 are eligible to vote in the December 15 referendum.

On Tuesday, December 15, 1964, cotton growers will vote in a referendum on whether marketing quotas will be in effect for the 1965 upland cotton crop. That is only a few days away, so don't forget the date. Polls will be open from 8:00 a.m. to 6:00 p.m. at the following places:

- Community A, Earth Co-op Gin, Earth, Texas.
- Community A, Byers Elevator Springlake, Texas.
- Community B, Olton Co-op Gin, Olton, Texas.
- Community C and H, Spade Co-op Gin, Spade, Texas.
- Community D and F, Farmers Co-op Gin, Amherst, Texas.
- Community D, N., B, Embury Gin, North of Littlefield, Tex.
- Community E, Farmers Co-op Gin, Sudan, Texas.
- Community G, Farmers Co-op Gin, Littlefield, Texas.
- Community G, Lamb County ASCS Office, Littlefield, Tex.

## ON THANKSGIVING DAY

We are grateful to you, the residents of this community, for your continued patronage throughout the year. We hope that you and your loved ones have been blessed with such abundance that this holiday will be a day of true thanksgiving for you.

## COUNT YOUR BLESSINGS ON THANKSGIVING DAY

## BROCK MOTOR CO.

MULESHOE, TEXAS

.... LET US ALL GIVE THANKS ....

## THANKSGIVING DAY

In time of plenty and in time of need, let us never forget our many blessings — and let us give thanks for all that we hold so dear in our American way of life.

BEST WISHES TO EVERYONE!

## Cobb's of Muleshoe

THE MOST CONGENIAL PAIR in Springlake School is Alicia Galloway and Ken Dawson. These two were chosen by their classmates to receive this honor.

## "As Seen In Earth"

By: Carolyn Hamilton

What does Thanksgiving mean to you?

Dora Terry: I'm thankful for the day, and every day, that I can live in Earth, and America, and especially for this sunshine!

Harold Miller: "Mostly, I'm thankful for the area and the abundance of earthly blessings God has bestowed on us, typical of the feast of old."

Marshal Kelley: "We, as Americans, and especially the Earth community have more to be thankful for than any other people."

Polly Jean Middleton: "A day off!"

Butch Hamilton: "The first Thanksgiving, when the Pilgrims landed."

U.S. Osborne: "Another blessing of our American way of life. We have come a long way in freedom. We should set aside that day and thank the Lord for our blessings."

Phil Middleton: "Thanksgiving means a day to be thankful for all the many things we have."

Matt Patterson: "Really, every day is Thanksgiving, because we have so much for which to be thankful."

Polly Middleton: "Thanksgiving is a day to be thankful for the many, many blessings, past, present, and future—that we are so prone to take for granted in our fast pace of everyday living. It's a day to search one's soul, and re-establish a finer faith in God."

## Springlake School Faculty Make Plans For Thanksgiving

When asked where they plan to spend Thanksgiving, the following teachers remarked: Mr. and Mrs. Slover-Tell, Texas, after ballgame.

LaDon Herring: "Friends and family, gathered around that big juicy turkey."

Ross Middleton: "Thanksgiving is a day we all should sit down and review the many, many privileges and blessings which are ours, but we should also remember to be thankful for every day for the many things that God has bestowed upon us."

Faye Starkey: "Family relationship, without the extras; not altogether the goodies."

Eldon Trotter: "I'm just thankful to have my health and enthusiasm to do my job, serving the people that enjoy the Earth News-Sun."

Bill Mann: "A time when we can all pause in the busy schedules of the fast lives we live and recognize our Creator, and give Him thanks for the many blessings we enjoy from day to day."

Wayne Rutherford: "Well, I'll tell you, it means a lot to me. I believe we're all supposed to be thankful for rest, and thankful we don't have to work that day."

So—have a happy Thanksgiving Day, enjoy family, turkey, and all the trimmings, but remember, also, to count your blessings.

AN ELEMENTARY SCIENCE SEMINAR was held at Springlake High School, November 10-17. Left-to-right are shown Mrs. Gladys McCaskill, Springlake High School science teacher; Mrs. Mary Dell Osborne, Elementary Science teacher; U.S. Osborne, Intermediate Science teacher; Springlake Colored School, Norman Bryant, Principal of Sudan Colored School; and Bill Mann, Superintendent of Springlake Schools.

### Lazbuddie News...

Birthday Greetings this week to: Katie Dominguez, Lee Ann Harlin, Oscar Vallarreal, Lagay Vandiver, William Waller, Larry Rudd, William Wallace, Wayne Peterson, Darrell Matthews, Ginger Ivy, Connie White, Debbie Kimbrough, and Marilyn Engelking.

Several students from the senior and junior class went to Lubbock Monday night of last week to see the show "The Tempest" by Shakespeare.

The Lazbuddie basketball girls have a 5-1 at the first of the week. Their loss was with Sudan. Mrs. Elma Woods from Stratmore Calif., visited the Dan Cargiles last week. The Cargiles accompanied by Mrs. Woods went to Dickens Sunday to visit the Watt Holly family. Mrs. Holly and Mrs. Woods are sisters of Mr. Cargile.

Myrtle Steinbock attended the Art show held at Muleshoe last week. Myrtle donated one of

her fine paintings as one of the door prizes given.

Mr. and Mrs. Charlie Gustin, Mrs. J.B. Jennings and Elton Page attended the funeral of a relative, Mrs. Nettie Wells, 81 of Jacobsboro Friday of last week. Mrs. Wells passed away in a hospital at Bowie late Wednesday evening.

Special Harvest Festival Services were held at the Lazbuddie Methodist Church Wednesday through Sunday the past week. Guest speakers were Rev. Perry Franz, Hereford, and Rev. Frank Perry, Muleshoe. Rev. Don Davidson brought the message at the Breakfast Wednesday and the regular Sunday morning service. Dinner was served in the Fellowship dining room at noon Sunday.

Congratulations to Judy Koelzer and Dale Blackstone on being Gold Star winners from District 1 at the 4-H banquet held at Amarillo recently.

Mr. and Mrs. C.A. Watson and Leon, and Mr. and Mrs. Harvey Bass, Carola and Vina, Muleshoe, were in Lubbock Sunday for the celebration of Mrs. Watson and Harvey's father's birthday party. The honoree, H.I. Bass was 91 November 25. About 100 friends and relatives were present during the day for the occasion. Mr. Bass makes his home with his son, John Bass and family in Lubbock.

The Watson's also visited his sister and family, the J.B. Nichols while in Lubbock.

Mrs. Claud Blackburn accompanied by her daughter, Mrs. Raymond Lester of Lubbock, left Wednesday for Ft. Hood to visit the Claud Blackburns son, Bob and his wife, Jane Blackburn.

Mr. and Mrs. E.A. Parham and Terry plan to spend Thanksgiving in Merkel with his parents, Mr. and Mrs. W.M. Parham.

A \$235.00 bond issue for a school construction program will go before Lazbuddie voters on December 3 according to Superintendent Albert Fuller. He

### Highway 84 Gets 6.6 Miles Construction in County

A contract for 6.6 miles of construction on U.S. Highway 84 in Lamb County has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

Subject to the Concurrence of the Bureau of Public Roads, Henry L. Stafford, submitted the low bid of \$810,356.66 on the project. Grading, Structures, flexible base and one course surface treatment from 2.7 miles southeast to 2.9 miles northwest of Littlefield is expected to take 300 working days, according to O.L. Crain District

Highway Engineer at Lubbock. Rhea Bradley, Resident Engineer at Littlefield will be in active charge of the project while it is under construction.

#### PARTY LINE

Mr. and Mrs. Ray Glasscock and son visited in Archer City last week in the home of Mr. and Mrs. M.G. Williams. Mr. and Mrs. Charles Jones, of Sunnyside, accompanied them. The men enjoyed a successful deer hunt while there.

Mr. and Mrs. J.D. Nix visited in the home of Mr. and Mrs. Ross Brock Thursday.

### Pleasant Valley News...

Mr. and Mrs. S.K. Flatt were in Lubbock Saturday to attend the Texas Tech-Arkansas football game.

Mrs. Phil Jochim, Yokima, Washington, has been visiting in the E.K. Angeley and Bonnie Haberer homes this past week. Friday morning Mrs. Bonnie Haberer had a 9:00 breakfast honoring Mrs. Jochim. Others attending were Mr. and Mrs. Jarvis Angeley, Mr. and Mrs. E.K. Angeley, Mr. and Mrs. W.E. Angeley, Morton, and Mrs. Annice Crab, Farmington, N.M.

Friday afternoon, Mr. and Mrs. E.K. Angeley went to Clovis

to pick up Mrs. Jochim's son, Stanley, who is stationed in Corpus Christi, Saturday morning the E.K.

# N

Angeleys had a breakfast. Attending were, the Jarvis Angeley family, the Ken Angeley family, Mrs. Bonnie Haberer, and Mrs. Jochim and Stanley. Saturday afternoon Stanley left to return to Corpus Christi where Mrs. Jochim will meet him to see him receive his wings.

Saturday night the E.K. Angeley's had a musical. Attending were, Mr. and Mrs. Claburn Stewart, Eugene Burham, Harold Oscar, Gerald Allison, Dutch LaRue, Gene Wingham, Ben Higginbotham, Bonnie Haberer, Mr. and Mrs. Jarvis Angeley, Mr. and Mrs. Ken Angeley, and Mrs. Jochim.

Mr. and Mrs. Kenneth Walker and children, of Lubbock, plan to spend Thanksgiving in the home of Mrs. Walker's parents, Mr. and Mrs. Ray Glasscock. Other guests expected, also, are Mr. and Mrs. Bobby Smith, and Ricky, of El Paso, and Mr. and Mrs. F.M. Roberts, of Graham, who will visit the Glasscocks and other relatives here.

## Thanksgiving Prayer

Dear Lord, we give Thee thanks this day,  
But not alone for daily bread—  
For all Thy gifts which bless our lives.

We thank Thee for love, that makes life's burdens light,  
For friendships shared, for hope and joy,  
But mostly for the precious right

To think and speak as conscience leads,  
To worship Thee, each in his way,  
To walk in freedom where we will,  
Lord, as we pause to praise and pray.

930.5

## NEVER TRADE A SURE THING FOR A POSSIBILITY

REFF WE ARE WAITING, and at last it is a touchdown. Doug Messer went over from the one yard line on a keeper play. Wolverines shown standing are No. 24, Jerry Don Sanders, No. 70, Ken Dawson, and No. 74, Danny Byers. Kangaroos shown are No. 42, Manuel Ontiveros, No. 62, Jacky Martin, No. 24, James Lockridge, No. 82, Rickey Quisenberry, No. 30, Richard Francis, and No. 12, Tommy Armstrong.

## WE GIN COTTON, BUT THE GRINDING WE'LL LEAVE TO THE POWERFUL WOLVERINES

TURN ON THE POWER AND GRIND THE ELKS

GANG TACKLING SUCH AS THIS kept the Bovina Mustangs from going too many yards Friday night. Scotty Rundell No. 20 of Bovina was brought down on an attempted end run for a big loss by No. 11, Floyd Bennett, No. 81, Roy Flores and No. 40, Jose Triana. The Wolverines won the game 54-14.

The Management and Personnel Invite the Opportunity To Serve You ...

### Three Sons Serves In Armed Forces

Mr. and Mrs. F. E. Cook and family of Springlake are doubtless a patriotic family, as three of their five sons are currently serving in the armed forces of the U. S. A. Their sons are Clifford 26, in the U. S. Navy, Ralph 23, Army, and Leslie 21, Navy. The other two sons have not as yet reached the age to enlist, they are Lloyd 12, and Gene, 10.

Clifford, enlisted in the U. S. Navy in February, 1962. He is at present at Miramar, California and holds a AME2 rating.

Leslie, Boat-swain mate 3rd class, has been in the Navy for three and one-half years. He has made two tours of the Far East, and is present at Viet Nam, where he has been on tour since August 1.

Ralph enlisted March 1964 as a Private in the Army at Ft. Eustis, Virginia. He is now As-

CLIFFORD COOK

LESLIE COOK

RALPH COOK

stant Engineer on a Landing Barge there.

The Cooks recently received a letter from the U. S. Naval Air Station, Miramar, California, of the honor which their son, Clifford, had received, that of "Fighter Squadron One Two Four Man of the Month

for July 1964."

The award is given to the enlisted man, in grade E-6 or below, who is considered outstanding in his performance of the following criteria:

1. Outstanding Performance in rate.
2. Significant Contribution to

the squadron Mission or to Division of Effort.

3. Exemplary Military Conduct and Bearing.

4. Demonstrated Leadership Ability.

Ralph and Clifford are graduates of Springlake High School, Leslie attended Olton High School before joining the Navy.

Earth and Springlake are proud of these local boys who are serving their country in such a fine way.

Mr. and Mrs. Leon Foster, David, and Cheryl plan to spend Thanksgiving holidays in the home of the J. B. Fosters, in Martha, Oklahoma. Also they will visit Mrs. Leon Alexander, and Mr. and Mrs. James Jackson in Altus, Oklahoma.

### Local FFA To Have Entries In Fort Worth Stock Show

Fort Worth (sp)--Springlake Future Farmers of America chapter members have entered the Junior Pig department of the Southwestern Exposition and Fat Stock Show, January 29 thru February 7, 1965.

Entries were submitted by vocational agriculture instructor E. G. Gaston for the FFA members. Exhibiting at the 1965 Fort Worth Stock Show will be: Jerry Anderson, Bill Gover, Randy Kelley, Dwayne Montgomery, and Jimmy Stockstill, Hamphires; Ken Dawson, Berkshire; and Harold Powell, Poland China.

Entries in the 1965 Stock Show close December 20, 1964 for cattle, horses, sheep and swine. Poultry, pigeon and rabbit exhibitors have until January 15, 1965 to submit entries, Stock Show President-Manager, W. R. Watt is cautiously optimistic at the prospect of topping last year's record number of entries.

Watt is enthusiastic, and not cautiously either, over the signing of the Judy Lynn Show as guest stars of the 1965 Stock Show Rodeo, Watt said, "The Judy Lynn troupe will provide our rodeo audiences with real first class entertainment." The Stock Show Boss signed the Judy Lynn Show for the rodeo after a special trip to Las Vegas to hear them. He said, "I was impressed with the group the minute I heard them, they have a wide repertoire which includes all types of music." The Judy

Lynn Show will be coming to the Rodeo direct from extended engagements at the Golden Nugget, Las Vegas; Harrah's Reno, and Lake Tahoe; and The Trade Winds Hotel, Fort Lauderdale.

Copies of the 1965 premium list are available from the South Western Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas. Rodeo tickets are available from the same address and mail orders are now being taken.

### Girl Scout News

Brownie Troop 398 met Tuesday afternoon for their regular meeting. The girls made turkeys, performed a skit, songs, and games. Ruth Street served refreshments.

"Little Elves" Brownie Troop 308 met Thursday November 15 at 4:00 p. m. in the Jaycee Building. Roll call was answered by something each girl was thankful for.

The story of the Health and Safety Brownie was read and

discussed. Four Safety Brownies were colored and taken home by each girl. These Brownies are to be placed in each home where safety measures should be taken by parents.

The game, Magic Tunnel was used for closing the meeting. Present were Leader, Mrs. Carol Smith, Asst. Leader, Mrs. Nina Messer, Terri Carol Smith, Darlene Sulser, Marilyn Eagle, Cindy Knight, Kathleen Anderson, Terri Jan Inglis, Alice Faye Adrian, Melissa Been, Stacy Koeninger, and Mrs. Koeninger, who served refreshments.

Mrs. Clay Beavers attended the funeral of Cecil McGee, in Muleshoe, Friday.

## WOLVERINES Turn On That Power

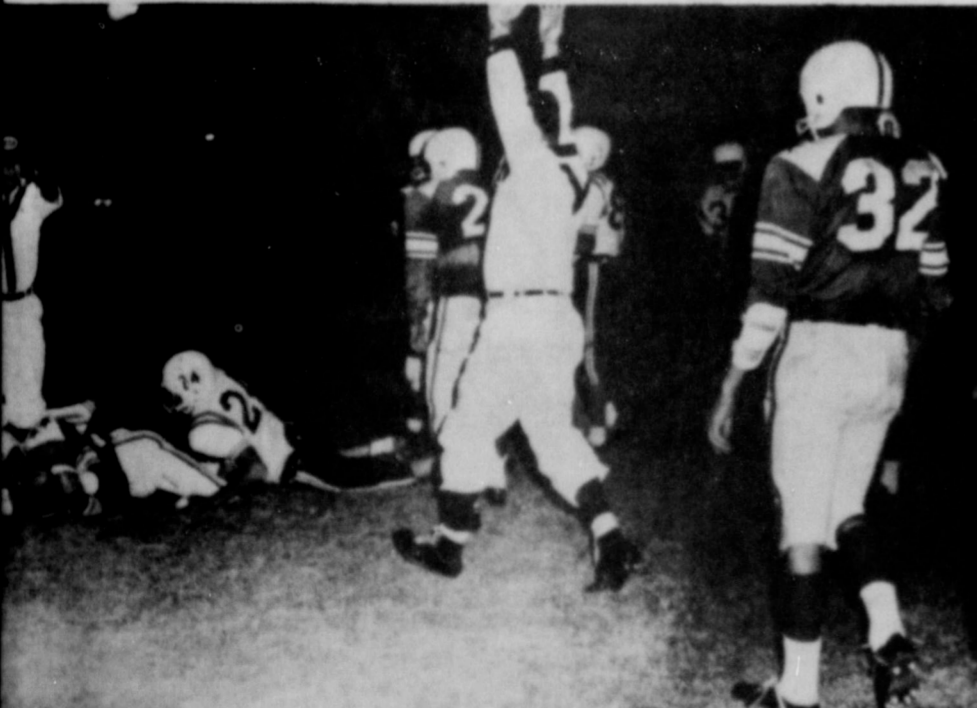

OH, PHIL BOHNER, you are in for a big surprise. You had better look to your left, for Mr. Glasscock is just about to give you a big jolt, and set Jerry Don Sanders loose for 19 yards and a touchdown for Springlake early in the first quarter.

### Traveling Bookmobile Recieves New Books Daily From TSL

Just a note from your traveling Bookmobile to let you know a little about some more of the new books arriving almost daily from the Texas State Library for the use of the patrons in Bailey, Lamb, Farmer, and Cochran Counties.

Exploring Our National Wildlife Refuges by Devereux Butcher is a beautifully illustrated book about our national wildlife refuges, which are among the last remaining unspoiled spots on our continent. It describes in detail more than forty refuges and contains, among others, a chapter on extinct and vanishing species of wildlife. Some of you 4-Hers who are conducting wildlife projects might be interested in this book.

Anyone can tell a joke well, if he knows how, and here, is a book that tells you just that, Jokes and How To Tell Them, by Larry Adler. The jokes cover a broad spectrum of humor, and the lessons, offered in "instruction" sections accompanying each story, are applicable in telling all jokes.

In the book Confidential Secretary, by Harriett H. Carr, written especially for young adults, Joyce Reeves greeted her first day on a new job with mixed emotions. Working in Washington proves to be a stimulating but often hazardous occupation, and Joyce's glamorous career, as well as her romantic interest, makes exciting reading.

Attention Horse Lovers--If anyone thinks there are no working horses left, he's wrong. From Broadway to Texas, plenty of horses are still earning their pay. The Book, Horses and Their Bosses by Bill Ballantine is about them and the men who work them: movie horses and stunt men, rodeo horses and riders, cutting horses and cowboys, rosinbacks and circus performers, Amish farmers and plough horses. To get these stories, Bill Ballantine went to where the action is and talked to the men who talk to the horses. What he heard and saw and learned makes a book that's as lively, varied, and full of surprises as a three-ring circus.

These new books and many more are awaiting you at any of the 44 stops that we make. Do find out when we are to be in your vicinity next and come

and see us--you're so very welcome.

Mr. and Mrs. C. L. Hamilton spent the weekend in Muleshoe in the home of Mr. and Mrs. Bo Bryant.

Mrs. Janice Stephens, Shawn, and Shane left Thursday by plane for Fort Mead, Maryland, to join Gene Stephens, who is stationed there.

Thanks TO OUR LOYAL FRIENDS

Best wishes for a plentiful holiday from our staff and management.

In the thankful spirit of the pilgrim forefathers, let us join together in grateful recognition of the many blessings God has showered upon our land.

# Coleman Heating From E. R. HART CO.

### SINGLE POINT SUSPENSION OF HEAT EXCHANGER

Secured to the main casing at the top only, the heat exchanger is free to expand and contract heat and cool -- noiselessly.

### "COUNTER-SWIRL" DESIGN

Positive control of expansion noises. No internal baffles to squeak and pop! Extracts more useable heat -- saves fuel.

### FLOATING ANCHOR

Base of heat exchanger is precisely aligned with burner, yet free to float. It is isolated by asbestos gaskets that prevent noisy metal-to-metal contact.

### DOUBLE WALL CASING FOR SAFETY

Complete metal interlining, separated by dead air from the sturdy outer casing. Insulates so efficiently that the Coleman Wall Furnace is approved for recessed installation in a combustible wall. Cabinet is safe-cool to touch.

### LONG LIFE BURNER

Heavy-duty cast iron... with sawed slots and raised ports to assure efficient combustion... lint-free... trouble-free... 100% safety "Smoker-type" pilot is self-cleaning -- can't clog.

### AUTOMATIC COMFORT CONTROLS

Choice of two fully automatic controls: "Dial-your-heat" control knob, bulb thermostat operated... or deluxe wall thermostat with heat anticipator that "thinks ahead."

MULESHOE, TEXAS

## Dept. of Labor Hearing Set For December 4

A U.S. Department of Labor public hearing will be held, with one of four sessions scheduled at Dallas, Texas, to consider the criteria for the employment of foreign agricultural workers in the United States. The Dallas session will be held on December 4, 1964 in the North Ballroom of the Sheraton-Dallas Hotel. Other sessions will be held November 30 in the Departmental Auditorium, Washington, D.C.; December 2, at the Bay Front City Auditorium, Miami, Florida; and December 7, at the California State Building, San Francisco, California.

All sessions of the hearing will begin at 10:00 a. m. local time. Interested parties are invited to present their views, either orally or in writing, to Hearing Examiner Clifford P. Grant on such matters as wages, housing, insurance, transportation expenses, and other terms and conditions of employment. With expiration on December 31 of Public Law 78 (Title V of the Agricultural Act of 1949) and the Migrant Labor Agreement of 1951, authority for temporary admission of all foreign agricultural workers will be confined to Section 214 (c) of the Immigration and Nationality Act of 1952, as amended. Under this act, authority rests with the Attorney General to make determinations bearing on the importation of foreign workers. In passing upon employer requests the Attorney General, by regulation, requires certification from the U.S. Employment Service concerning the availability of like labor in this country and observation of U.S., E.S., policies, including those designed to prevent adverse effect to domestic workers similarly employed. The public hearing is for the purpose of assisting the Secretary of Labor in establishing the criteria to be applied in making the necessary certification to the Attorney General. After receiving all the views presented by interested parties, the hearing examiner will certify the record to the Secretary for his determinations.

### PARTY LINE

Mrs. Ed Blair and Mrs. R. L. Drake visited Saturday in the home of Mrs. Charles Ellison, of Plainview. They had lunch at the Congress Inn and shopped in the afternoon.

## Lamb County Cotton Report

Area farmers welcomed a long awaited frost early last Friday. Mechanized harvesting of their multi-million dollar cotton crop should now soon be on the way. The killing frost came two days later than last year's. Sub-freezing temperatures were approximately 28 degrees. Full scale cotton harvesting operations should begin around December 1. When the harvest reaches its peak, the county's 49 gins will begin turning out approximately 6,700 bales of cotton daily. County gins, in spite of the inclement weather last week, reported their largest production week of the season, as reported by the Texas Employment office in Littlefield. A total of 7,230 bales were ginned for the week ending Friday morning, which raised the season's total to 23,112 bales, comparing with the 131,122 bales reported ginned on November 22, 1963. The three South Plains USDA Classing Offices, W.K. Palmer in charge, reported the volume

## "Our Visit To Grand Canyon"

By: Ted Herring

How could there be any evil in the world after a trip to Grand Canyon? This was inscribed in the guest book at Observation Point where special binoculars are fixed to show interesting points, not seen by the naked eye. We made a brief trip to Arizona to visit my father who has lived in the Canyon for the past nine years. Because of the high elevation, chilled breezes, and snow blankets, the majestic country side was most beautiful early in November. During the day, no matter what the hour, beautiful reflections from the Canyon walls send messages from some superior power. Each reflection catches the individual

tourist's eye as if to say, this one's for you, and a safe journey on your long road. The most popular place is Bright Angel Lodge, situated on the South Rim overlooking the most breath-taking view of all. From the lodge one can charter a flight over the Canyon, take rides to the floor, and an overnight stay at Phantom Ranch, seventeen mule-miles below. Many facilities and attractions are made ready by the State of Arizona and the National Park Service. My father is Line's Superintendent for a trucking company that transports Uranium ore from the Canyon to Tuba City, Arizona, and Kabib, Utah for various uses by private enterprises and the Federal Government. Our brief vacation was mostly driving, but the indescribable Canyon, in which we spent two and one-half days was well worth the time and effort. A good time was had by all. Oceans cover almost three-fourths of the world.

## Killing Freeze Hit Plains Friday, Good for Farmers

The hard, cotton-killing freeze which descended on the High Plains November 20 can rightfully be described as a double blessing to farmers in the area. The year's first freeze, which traditionally paves the way for full-throttle harvest operations, this year brought the added benefit of applying the brakes to spraying operations in the area's huge Boll Weevil Control Program. A killing frost spells doom for boll weevils and stops the necessity for further spraying in a diapause control system by destroying the weevil's only food supply. The lateness of the freezing weather, latest on record since 1946, has been a growing source of irritation to officials in the boll weevil control program as they helplessly watched costs mount beyond original estimates. Early-fall guesses on the aggregate number of acres it would be necessary to spray in order to stop weevil migration and reduce the number of weevils going into hibernation before frost ran only to about 750,000 acres, but an exceptionally heavy build-up of the pest population, plus the record-setting late freeze, boosted the final figure to about 1,100,000 acres sprayed. Final cost figures for all phases of the program are not yet complete but observers close to the program feel that the belated weevil-stopping frost has probably halted expenses somewhere near the \$11 million mark. Despite adverse weather conditions in the form of wind, fog and rain which have hampered spraying from the start, officials of the Plant Pest Control Division of the USDA are confident that the 1964 leg of the program has accomplished its major objectives. And, other entomologists who have helped to monitor the program, from the Texas Agricultural Extension Service, Mississippi State College and the Agricultural Research Service's boll weevil laboratory at State College, Mississippi, are all in agreement. Dr. E.P. Lloyd of the State College weevil laboratory, after extensive and scientific field checks in the latter stages of

the program, said: "While exact results cannot be determined until weevils begin to emerge from hibernation next Spring there is every indication that the number of weevils killed before they could leave cotton fields for hibernation sites has been in excess of 90 percent." By reducing the number of hibernating weevils each Fall for three years running, the program is designed to bring weevil control along the eastern edge of the area down to a matter of fighting local outbreaks.

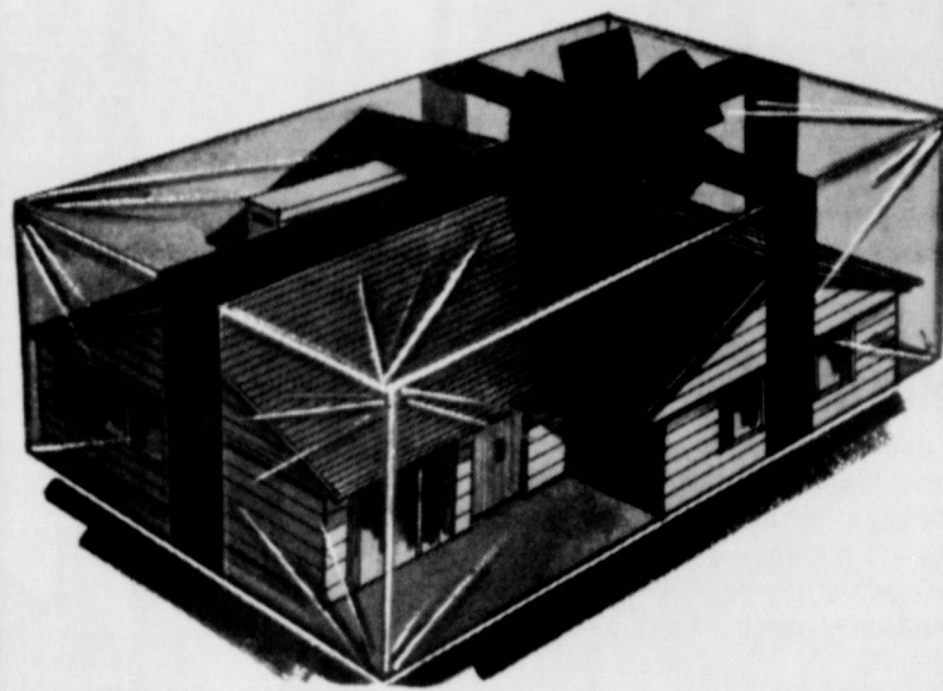

being borne jointly by farmers in the 23 county High Plains territory served by Plains Cotton Growers, the State of Texas and the Federal Government. Federal funds are committed to match State and local expenditures up to \$1 million. Producer contributions are being made at the rate of 50 cents per bale, collected at area compresses with refunds available to those who do not wish to be a part of the program. Funds collected in this manner are kept in a completely separate Boll Weevil Control bank account, and any money from this year's crop which is not used will be carried over to help with the cost of spraying in 1965. Cost of the program next year will be dependent on the degree to which

Don Anderson, Chairman of the Boll Weevil Steering Committee, made up of farmers in the control zone, stated that there can now be no doubt that this year's spraying stopped the tremendous westward migration potential of weevil populations which exploded in late summer and early Fall to levels above any previously seen in the United States. Many feel that such extremely high numbers of the pest would have sparked movement west into many of the now weevil-free counties on the Plains had it not been for the initiation of a spray program this year, and Anderson said that he believed High Plains farmers have "gotten their money's worth" from this migration halt alone. Cost of the control effort is

this Fall's sprayings have succeeded in keeping weevils from entering hibernation and on the extent of in-season control next Spring on the eastern High Plains and just off the Cap Rock. George Pfeiffenberger, Executive Vice President of Plains Cotton Growers, said: "This program is the perfect example of the pull-together attitude which has made the High Plains the most concentrated, and one of the most prosperous, cotton producing areas of the world." He went on to say: "A program of this size and complexity could not have been successful without the highly organized teamwork of all, and in the long run it will save literally thousands of dollars for each individual High Plains cotton farmer. Plains Cotton Growers is proud to be a part of it."

## Sunnyside News...

BY TEENY BOWDEN

Mr. and Mrs. Howard Cummings became new grandparents Friday the 13th when a 6 lb. boy was born to Mr. and Mrs. Buddy Cummings who are stationed in England with the Air Force. The baby was named Greg William.

J. C. Holbrooks was dismissed from Methodist hospital in Lubbock Monday.

Mrs. Ed Townsend was dismissed from the Littlefield hospital Monday.

Mrs. E. R. Sadler and Mrs. L. B. Bowden worked at the information desk and in the library of Plains Memorial Hospital in Dimmitt Monday afternoon.

Alton Loudder, L. B. Bowden and Bob Ott of Dimmitt, Douglass Loudder and Larry Sadler, and Travis Cowell of Dimmitt, returned from their deer hunts Monday evening. Only Alton Loudder got a deer out of these two groups. Eldon Lilley and Dave Patterson of Summerfield returned Tuesday with no success.

Mrs. Clifford Davis of Clyde, Texas visited last Sunday and Monday in Lubbock with Mr. and Mrs. Milton Ott. Mr. Ott was dismissed from Methodist hospital Tuesday morning and Mrs. Davis visited in the community with them and their children until Friday.

Rev. M. D. Durham and Alford Crisp attended the area Brotherhood meeting in Littlefield Tuesday night.

Mr. and Mrs. Ezell Sadler visited in Dimmitt Tuesday

night with Mrs. Pearl Sadler. Mrs. Willie Waggoner of Dimmitt spent Tuesday night with Mr. and Mrs. E. R. Sadler and Mr. and Mrs. M. H. Fowlkes.

A inch of rain was received Tuesday night with killing frost and freeze later in the week.

Ben Derrick and Buford Haydon left last Thursday on a deer hunting trip to near Caddo. Haydon returned with a deer last Sunday night. Derrick stayed until Wednesday night but had no luck.

Floyd Ivey and Mokey returned Tuesday from their deer hunting trip to the YO Ranch near Kerrville. They killed three deer.

The Bill Eller family moved from the community Wednesday. Janita Blackburn, Bobby Cummings, Delbert Cooper, and Steve Jackson participated with the Springlake band in the preparatory marching contest in Clovis last Saturday in which they won sweepstakes and a first place trophy.

The WMS night circle met for Bible study Wednesday night with Mrs. L. B. Bowden in charge of the study.

Mr. and Mrs. Earl Phelan returned home from Weatherford Thursday after a visit with relatives there. They went from Cactus to Weatherford last Friday.

The WMS met for Business meeting Thursday with the president, Mrs. Troy Blackburn in charge. The day circle met before the business meeting Thurs-

day for their circle program from Royal Service. Mrs. Sony Adams is circle chairman. Mrs. Roy Phelan had charge of the program. The Beginner Sunbeams also met with Mrs. Rex Jenkins and Mrs. Houston Carson kept the nursery.

The Intermediate G. A. 's enjoyed the mission book "Help Wanted" at the church after school Friday afternoon. Mrs. Roy Phelan taught the book. Mrs. M. D. Durham, director, Mrs. Hershel Wilton, Counselor and Mrs. Earl Phelan helped with an International supper they enjoyed in connection with the book. Paula Sue Harris, Juanelle Conard, Terry Crisp, Ann Spencer and Treasa and Janet Elliott attended.

Mr. and Mrs. W. E. Kirkpatrick of Dimmitt visited Friday with Mr. and Mrs. E. R. Sadler and Mr. and Mrs. M. H. Fowlkes and those attending the painting class in the afternoon.

Marvlynne Durham was home from Wayland Saturday and Sunday.

FOR LEASE-160 Acres, located four (4) miles north and 1 1/2 miles east of Springlake. See E. E. Buckner.

11/26/t. p.

Francis Implement Co., Your Ford Tractor Dealer Muleshoe, Texas P.O. Ad.

Mr. and Mrs. Alford Loudder visited in Littlefield Saturday with Mr. and Mrs. Lowell Westmoreland and family and helped Gena celebrate her birthday.

Mr. and Mrs. Alford Crisp and Marian attended the Youth Rally at Littlefield Thursday night.

Mrs. Weldon Bradley and Mrs. Tex Conard helped the Band Mothers who sponsored a benefit Band Thanksgiving supper at Dimmitt Saturday night. Several from the community had supper with them.

Mr. and Mrs. M. H. Fowlkes spent Saturday night in Lubbock with Mr. and Mrs. Sid Taylor on their way back to the Coast. Mr. and Mrs. E. R. Sadler joined them Sunday morning to return to the Coast with them for a few days vacation.

Rev. and Mrs. M. D. Durham and Marvlynne honored Keith Myers with a birthday dinner in their home Sunday. He is also a student from Wayland.

The Young People and Intermediates of the church enjoyed a Thanksgiving dinner at the church Sunday. There were 23 attending.

The Adult IV Sunday School class enjoyed a class dinner at the Ezell Sadler home Sunday. Those present were Mr. and Mrs. Sadler, Mr. and Mrs. J. T. Holcomb, and Butch, Mr. and Mrs. Ben Holcomb and Ben Ray of Dimmitt, Mr. and Mrs. Weldon Bradley, Mr. and Mrs. L. B. Bowden, and Mr. and Mrs. Tex Conard.

Mr. and Mrs. Hershel Wilson and family had dinner with Mr. and Mrs. Earl Phelan Sunday to help Mrs. Phelan celebrate her birthday.

Mr. and Mrs. Roy Phelan visited in the Plainview hospital with Mrs. Howell Morris Sunday and in the Hale Center Hospital with Mrs. Bill Dean.

Mr. and Mrs. Tex Conard and Mr. and Mrs. Larry Sadler and Carrie visited in Hart Sunday with Mr. and Mrs. Frank Conard and other relatives.

Molly Bradley, Juanelle Conard, and Jimmy Waggoner went to Dimmitt Sunday afternoon for band practice.

Several from the community attended the Springlake-Petersburg game at Plainview Saturday night. Springlake won the Bi-District game.

One hundred and eight attended Sunday School with 47 in Training Union Sunday. A Baptismal service was held after the evening services with Mrs. Donna Ruth Scott being baptized.

Dr. Roy McClung, president of Wayland College will be the guest speaker next Sunday in behalf of Christian Education.

## Elementary Science Seminar Held at Springlake School

Despite the inclement weather, an elementary science seminar was held November 10 and 17 in the High School Science department from 7:30-9:30 each evening.

Seventeen people attended these sessions.

U. S. Osborne, the sponsor of the seminar attended two institutes during the summers of 1962 and '64. The institutes, five weeks each in length, are to prepare elementary teachers under the auspices of the National Elementary Science Foundation, for our new national trend in Science. Each recipient of the national study grant is strongly requested to return to his school and conduct a seminar to make widespread the enrichment of the institutes.

These institutes serve elementary teachers from many different parts of the United States on an integrated basis. They impart not only theory and experiments but also extensive field trips to observe rocks, minerals, topography, steel mills, and oil phenomena. The institute of '64 covered field trips from Tyler, Texas at Texas College to Van, Grand Saline, Lone Star and Gladewater. Visiting professors from many of our leading Colleges and Universities visit each area institute in the nation.

Aside from the many lists of resource material for elementary school free of charge, Dr. Muerner Harvey, professor of Chemistry, Wayland College, Plainview, Texas, one of the representatives of the American Science Foundation in this area gave two tape recorded lectures

and the heads of the physical and Social Science's departments of Springlake High served as Lecturers and consultants. Mrs. Osborne gave high-lights on the branches of Science expected to be covered, emphasizing that limits in each branch would be caused only by the teacher's preparation or the pupils environment and maturity.

She also said that mathematics is not only our old standby for weights and measures but it was outstanding as a game of chance in the recent presidential election when the pollsters were able to predict practically the exact percentage of winning. Elementary children should be taught to do quick calculations and even from the first grade be familiar with such geometric shapes as circles, squares, rectangles, triangles and diamond shapes.

Then Dr. Harvey's authoritative recorded lecture was introduced as he gave an example of environmental exposure before coming to school. Children with enriched backgrounds and experiences in both social and curiosity development will be more imaginative and observant of things and people, both as to languages and customs, as well as the wonders of nature.

He said that pets in his home serve to broaden his children's knowledge of the care and natural behavior and the phenomena of birth and death. Involved statistics in science formulas, etc. or their conversions should be reserved for high school. Then he gave a list of sources from which free materials may

be obtained in this area. He recommended the minimum reference books for elementary science: Young Peoples Science Encyclopedia (Children's Press) Chicago, and Compton's Illustrated Science Dictionary. He also recommended TV science programs on channel 13 sponsored by "Science in Action". He told us that Miss Agnes Braly, Southwestern Public Service representative of Plainview, Texas, officially handles the American Science Foundation films for this area. Dr. Harvey closed by soliciting questions from the listening audience for his next lecture.

Mrs. Gladys McCaskill, who for fourteen years has headed the Springlake High School Science department said that the atom parts should be stressed in fifth and sixth grade on their unique importance in all matter should be taught. She touched on the runaway neutrons in the outer shells of the atoms and the power released from the smashing of the atom. She also emphasized the parts of insects, bees and ants, and their habits, and how they work together. Her lecture was closed with five or six demonstrations of simple Science experiments that do not require expensive laboratory equipment, but simple items from the kitchen shelf and medicine cabinet at home.

Mr. Charles M. Baldwin, Physics and High School mathematics teacher, a 1964 summer graduate, talked on Physics teaching in the elementary school. Molecular reaction of sulphur and silver, and electricity, heat and light as energy

and simple force created by them to do work. He closed with a demonstration of inertia (centrifugal and centripetal forces). Mr. Osborne summarized and asked questions from the floor to each consultant.

November 17, Dr. Harvey answered the seven questions asked him from the previous meeting. He re-emphasized keeping social science and natural or physical science in the right proportion in elementary school.

He said the adopted text should be the main concern of the teacher. That other material introduced by magazines, newspapers, T V, and radio should be counted as an addition. That this material should be used in the class room especially when some student inquires about it.

If the questions are too broad or the answers are off the subject for the main class, the teacher should answer after class or tell the student where to find it. He also said that advanced pupils should be used to form committees to further studies on subjects and sources approved by the teacher, principal and administrative personnel.

C. L. Hamilton who heads our Social Science department spoke on "The Relationship of the Social Sciences and Natural Sciences in the Elementary School." He said the idea is the vehicle on which all physical science experiments and research ride. People think according to their natural habitats, geography, economic pressure of advancements and social mores' and health. Inventions and Science experiments come from his thinking and needs to improve his condition. He gave us a list of inventors and scientists that all elementary children in grades four through sixth should know. He also ascertained that ethics, certain social behaviors and responsibilities should be taught in elementary school. That hate propaganda is bad for young minds. "If these things are taken under consideration," said the speaker, "a child will be a better student in high school history, economics, and sociology, and become a better citizen." Keeping the social and natural science in the right perspective should increase appropriations for teachers and supplies for the social science department.

Mr. Baldwin discussed the care of the new mathematics in elementary school. "Aside from the thinking in other number systems," said he, "since all laws of mathematics are man made that inquisitiveness and observation will bring young minds not only to challenge accepted laws of mathematics but will make them, in this space age, reach new conclusions on their own." He said, "In deductive reasoning should be increasingly encouraged even in the elementary grades."

Coffee and cookies were served after and during each meeting. Mr. Hamilton was accompanied by his brother, B. T. Hamilton and Michael L. Burgess, a 1969 Springlake graduate, and Junior Texas Tech mathematics major.

Dr. Harvey's recorded lectures, which are now part of our science library can go out on loan to any interested Science teacher in our county. Lists of materials are being mailed to every school in our county where free materials may be obtained as listed. Dr. Donald N. Lukkie, department of Earth Sciences of East Texas State College, Commerce, Texas sent Teacher's guides on rocks and minerals, and Dr. John K. Woods, Professor of Physics of Utah State University sent information on new experiments on teaching shapes in first grade.

The attendants from the longest distances were Prof. Wavely Washington and wife of Looney, Texas, and Joe E. Ellison and wife, Principal of one of the Silverton, Texas schools and Norman Bryant, Principal of one of the Sudan schools, Sudan, Texas.

Others who helped with the dissemination of materials for the seminar were our supervisor, Warren Morton, Jr., High Principal Cecil Slover, Supt. Bill Mann, and his secretary, Mrs. Oletta Sanders of Springlake School; and Dr. E. E. O'Banion, Head Dept. of National Sciences, Prairie View A&M College.

**Letter To The Editor**

Dear Sir,

Our Founders' Day observance at Reese Air Force Base on November 7 was an unqualified success. However, without your kind assistance in getting out "the word" to people in your community, it is doubtful that our open house would have been so successful.

A large number of our visitors came from the area surrounding Lubbock, which attests to your thoughtful cooperation. We want you to know, therefore, that your assistance has been deeply appreciated.

Sincerely,  
Richard W. Kimball  
Captain, USAF  
Chief, Information Division
