A Thanksgiving Day program will be held at the First Baptist Church of Springlake, November 23, at 10:00 a. m.

In charge of music will be Jerry Field, Director of Music, Pianist will be George Ann Walden.

As a Prelude, the choir of the church will sing a Thanksgiving Hymn, followed by the congregation's singing, "Come, Ye Thankful People, Come". A trio composed of Sheila Blackwell, Lynn Jones, and Rebecca Parish, will sing "Bless This House". The congregation will sing "America the Beautiful". Jerry Field will sing "I Ask the Lord". The message, "The Impossibility of Thanksgiving" will be given by Don L. Holmes, Pastor.

### THAT THANKSGIVING FEELING

I am thankful, anew, this Thanksgiving Day, 1967, that God gave His son to die that we, through Him, may have eternal life--although I do not always act as though I'm thankful.

I am thankful, this Thanksgiving Day, 1967, that we have churches throughout this land of ours--although I do not always attend regularly.

I am thankful that we have public schools across the nation to educate the masses of our people--although I do not always agree with each member of the educational system.

I am thankful that we have democracy in this country--although I wonder if we really do have sometime.

I am thankful for this "land of the free and the home of the brave"--and yet, at times my faith in both is somewhat shaken, when I observe these freedoms being signed away daily, and note with shame, the draft card burners within our own borders.

I am thankful for the law makers in this country,--but my heart tums sick when I observe so many young men in our land quite capable of doing the job, giving up at seemingly the first obstacle, and becoming another of the multitudes, who "if they can't win, join 'em."

I am thankful for the Earth-Springlake Community, for the love it shows its populus in a time of need--but I can't help but think how nice it would be if we lived each day, showing love and kindness to all.

I am thankful for my family, friends, and loved ones--though, sometimes I wonder why God gave me so very much to enjoy here on earth.

I am thankful for the many fine teenagers and young men and women of this nation, for it seems, in spite of the fact that their parents were too involved in making a living, their children found a way of growing up and making good citizens--yet I sometimes wonder how many children grew up wondering if they played second fiddle to the dollar bill.

I am thankful that the Hippies, the L. S. D. consumers and the marijuana smokers who seem lost to this world are in the minority--and I am glad indeed that most of our youth are upstanding citizens, though reared by a generation of careless parents, who take no blame, blinded to the fact that it is partly our fault. Rather than a model for our children, we lectured, forgetting that even a child can spot synthetic or imitation products.--I am made to wonder how many could have been spared, had my generation of mamas and papas provided more models than lectures.

I am thankful that the memory of those of our loved ones, who have departed this world, still remain with us like a lingering fragrance--but then I am caused to remember those of our community who are presently seeking a way to regain health to live among us longer, and I join in prayer for our sick and also for our boys who are away from home on this Thanksgiving Day, 1967. May God's presence be prominent at every church, home, or adobe hut all across this nation of ours, and reach outward across the world.

Mr. and Mrs. Doug Parish and family will spend Thanksgiving Day in Lubbock in the home of Mr. and Mrs. Jim Gregory.

## Brown - Jordan Appointed New Ford Dealer For Earth

Brown-Jordan Ford Co. in Earth has been appointed the new Ford dealer for the Earth-Springlake area. The new Ford Co., located on West Highway 70, has five new Fords to choose from on the lot, and will have more coming in all the time.

New cars and pickups and parts as well as tractors and implements will be sold at Brown-Jordan's. Service will be given to all Fords sold.

Mr. Brown announced that Jim Williams, who has been partman, is being promoted to Sales Manager. Curtis Ancher will be the new partman, and Jimmy Knox will begin work as a qualified Ford mechanic by December 10.

Gene Brown has been here for

approximately 16 years. He and Earl Jordan have been partners in business for four years. Jordan and Brown have been together in business since 1953.

The public is cordially invited to come in to Brown-Jordan Ford Co. to see the new 1968 Fords.

**SPRINGLAKE LIONS DINNER HAS LARGE ATTENDANCE**  
Approximately 280 attended the Springlake Lions Club fried chicken dinner at the Springlake Community Building Sunday, November 19.

Approximately \$250 was collected, which will be sent to the Crippled Children's Home at Kerrville, Texas.

## Moonlight Sale Brings Swarms of People to Earth

Thursday night the city of Earth, which after 6 p. m. is customarily a dead town, was humming with activity. People from all over the trade area had gathered for the big Moonlight Madness Sale, the first of its kind ever staged in Earth. Business places that had participated in the event found they had a steady stream of customers throughout the three hour period from 6 to 9 p. m.

The Wolverine Drive Inn served folks who were waiting in line for the two specials, hamburgers and malts, had published in The News-Sun. They were cooking hamburgers 12 at a time, in order to fill the demand.

Another firm, Taylor Furniture found they had 106 persons to sign up for the free dishes, during the three hour period. This was an average of one person ever minute and half during the three hour sale. Taylor made many sales during the three hour period, but found he was short on personnel to show their customers the many bargains available to them.

Mrs. Vivian Kelley was the lucky winner of the 42 piece set of dishes, given away free by Taylor Furniture at 9 P. M. In the first 5 minutes of the sale the Earth News-Sun had sold seven subscriptions. These purchases continued steadily throughout the three hour sale.

Many of the towns business folks were attired in their nighties to promote the Moonlight Madness theme. Others found they had no time to make the switch over.

Several stores who had not planned to participate in the sale, found themselves swarmed with potential customers and remained open longer than they had planned as they found customers kept coming in.

Business people throughout the town were pleased with the reception area people gave the sale. Several merchants voiced their desire to the newspaper to have another promotion of this type each month.

A Christmas Shopping Bonanza, or a sale similar to Moonlight Madness will perhaps be staged in Earth in December.

### SMALL ACCIDENT REPORTED MONDAY

A small accident occurred at Springlake Superette Monday at 6:00 p. m., when a 1966 Dodge car driven by Mrs. Freddy D. Kemper was struck by a 1964 Ford driven by Juan Gomez. The sun blinded the Spanish boy as he backed out and started off from the grocery store.

Only slight damages to both car were reported. A ticket was given to Gomez for driving without a license.

NIGHT CLOTHES were in style Thursday evening at Taylor Furniture when Wilma Taylor, left, and Doodle Taylor, right, showed beautiful furniture to Mr. and Mrs. Bill Hurto, of Muleshoe during Moonlight Madness Time in Earth.

## Chamber Meets Friday To Discuss Ideas For Stimulating Business

Eleven members of the Earth Chamber of Commerce gathered at the Wolverine Drive-In Friday afternoon to discuss ideas for the Betterment of Earth, over a cup of coffee.

Neil Pound, President of the local Chamber called the meeting to order and asked for ideas to stimulate business here, such as a monthly promotion. No idea for a monthly promotion was decided on. C. A. Taylor, local Furniture and Appliance man, reported he was real pleased with the Moonlight Madness Sale. He said 105 registered in his store during the three hour Moonlight Madness Sale. He said he and his wife made many sales but could not take care of all those who were

interested in looking. During the meeting various members in the group reported on businessmen who were interested in establishing a business in Earth. The three businesses mentioned were Blacksmith, Optometry, and Real Estate Business.

Phil Raught and Leroy Wilkerson were appointed to seek information on suitable buildings that are available in Earth to house such businesses. Wilkerson was also asked to check his records to determine the member of businesses currently operating in Earth.

The remainder of the time was spent discussing the idea submitted to the group by Phil Raught, using the idea of pro-

moting trade by merchant giving away free tickets to the Sunset Drive-In in connection with purchases. No decision was reached as definite cost of the tickets to local merchants was not available.

There was varied opinions on this subject as to whether the idea was worth the cost. Some merchants voiced the thought that this was not enough to draw an additional promotion was planned.

No concrete ideas were adopted or put into motion as additional information and ideas are sought by the local group. Those attending were Pound, Raught, Wilkerson, Taylor, Ross, Middleton, Henry Lewis, Bill Mann, Rosa Brock, Doug Parish, Polly Middleton, and Dub Chesney.

## 4-H Club Elects Officers

By: Pat Cleavinger-reporter

The following officers were elected: President-Bruce Bridges, Vice-President-Mark Waide, Secretary-Welda Barton, Treasurer-Donald Templeton, Reporter-Mike Cleavinger, Council Delegate-Keith Lewis. Games were led by Frankie Faver. Refreshments were served by Mrs. Keith Jones, Mrs. Weldon Barton, and Mrs. Wesley Clark to 33 members and 20 adults. The next meeting will be held in the Community building on December 18, 1967. Anyone interested in joining is invited to do so.

W. A. McCool of Dalhart visited last week-end in the home of his sister, Mrs. H. S. Hickman.

## Youth Led Revival Scheduled At Springlake First Baptist Church

A Youth-Led Revival will be held at the First Baptist Church of Springlake December 1, 2, and 3 at 7:00 p. m. Youth fellowship will follow each service. Visiting Evangelist will be

James Mitchell, Youth Director of the First Baptist Church of Lockney.

In charge of music will be Jerry Field, Music Director of the First Baptist Church of Springlake.

## 4-H Achievement Awards Presented At Littlefield

John and Lyla Pitts, son and daughter of Mr. and Mrs. Kirk Pitts of Pleasant Valley, were named Gold Star Boy and Gold Star Girl for 1967 at the annual 4-H Achievement Banquet in Littlefield Monday night.

Announcement and presentation of awards were made by County Agent Buddy C. Logsdon.

John has been active in all phases of 4-H Club work the past 8 years and is a member of the Lamb County 4-H Council. His projects through the years have been meat animal demonstrations, gardening, electricity, safety, tractor maintenance, rabbit demonstration and junior leadership.

Last year he served as a junior instructor at Leadership Lab at Levelland. He has served his community by helping landscape the community center and erecting a flag pole.

Last year he and his sister placed fourth at the State 4-H Roundup where they gave a demonstration in Farm & Ranch management.

Lyla has been a club member nine years. She has completed projects in food-nutrition, clothing, canning, frozen foods, electricity, home improvement, gardening, homestead improvement and junior leadership. As result of the food-nutrition project she has prepared 856 dishes, 406 meals, preserved 287 quarts and 340 lbs. frozen foods. She has entered the Food Show five times.

In the home improvement project, she painted inside the entire house, refinished furniture, helped upholster furniture and made draperies.

She has made 236 garments for herself and other members of the family, has entered the Dress Revue Contest eight times

and won seven blue ribbons in county and five blue ribbons in the district contest. She attended the State 4-H Dress Revue this year.

She has held offices in her club as president, secretary, song leader, County Council secretary and District Council secretary and was chairman of the Electric Camp in 1966. She was a member of the Farm & Ranch Management Contest which placed fourth in the state this year. She is active in church, community and school events.

Special awards and their winners included Beef Award, Kevin Hinson, Springlake; Horse Award, Danny Cardwell, Pleasant Valley; Leadership Award, Iva Tanner, of Olton, and John Pitts, Pleasant Valley; Horticulture Award, Connie Hulsey of Olton; Food Show, Rhonda Embry, Pleasant Valley; Bread Group, Vicki Crenshaw of Pleasant Valley; Food Preservation Award, Carol Scribner, Olton; Food Nutrition Award, Kathleen Hulsey of Olton; Clothing Award Renee Clark of Springlake; Achievement, Lyla Pitts, of Pleasant Valley.

In recognizing the work of each of the seven Community 4-H Clubs in the county by awarding certificates, Logsdon explained awards are made on the basis of Red, Blue, and Purple Seals. Awards and club presidents are as follows: Red Award, Littlefield 4-H Club, Vicki Cook; Amber 4-H Club, Stephanie Carter; Spade 4-H Club, Marvin Bowling; Pleasant Valley 4-H Club, Lyla Pitts; Blue 4-H Club, Springlake-Earth 4-H Club, Welda Barton; Sudan 4-H Club, Vickie Ray; Olton 4-H Club, Jimmy Overman; Littlefield Seed and Delinting and Tommy Thrash sponsored the banquet.

## Clayton Ask For End Of DST For Texas

Representative Bill Clayton of Springlake ask Governor Connally in a letter this week to include a Bill to exempt Texas from Daylight-Saving Time in the upcoming special session of the legislature.

Clayton stated that the people of Texas having tried D. S. T. for one year disapprove of the advanced time. A belt poll shows a general disapproval all

across the state and several polls taken in this Area indicates a great majority of the people here do not like Daylight-Saving Time. Rep. Clayton stated that after a fair trial of D. S. T., and after having an expression from the people in the District by polls and by personal contact that he would support any action to exempt Texas from the Time Change.

## Local PTA President Attends State Convention In Fort Worth

Mrs. C. L. Houchin, President of Springlake-Earth P. T. A., attended the 58th annual P. T. A. State Convention in Fort Worth, November 15-17.

Theme of the convention was "Our Changing Neighborhoods". Mrs. L. L. Ledger of the Copperas Cove, Texas P. T. A., president, presided.

Approximately 3,000 delegates gathered for convention meeting in Fort Worth's Will Rogers Auditorium. 60 delegates were present from the 14th district. Guest speakers included Tom C. Clark, retired associate justice of the United States Supreme Court; and Mrs. Bernice Brown McCullar, former director of information for the Georgia Department of Education.

National P. T. A. representative to the convention was Dr. Milton R. Litterer of Peoria, Illinois, a regional vice-

president of National P. T. A. The annual state convention serves as governing body for the Texas P. T. A. The 1968 Convention will be held in Houston. Mrs. Houchin remarked, "It was a marvelous convention, and so much help to encourage P. T. A. leaders. There was a banquet one night honoring Mrs. Jack Strong, Lubbock P. T. A. District president, held at the Farmer's Daughter restaurant in Fort Worth. A skit, "Jack, This Is Your Wife" was given.

Mr. and Mrs. J. H. Angeley left Sunday for Albuquerque, N. M., where Mr. Angeley will be admitted to the Lovelace Clinic for observation. They were accompanied by Mr. and Mrs. E. K. Angeley. The Angeleys recently returned from Temple where Angeley was a patient in the Scott-White Clinic for 10 days.

## Crops Can Be Planted On Diverted Acres

The question keeps coming to Plains Cotton Growers, Inc. as to whether substitute crops can be planted on acres diverted from cotton production in 1968, and if so, which crops would be permissible.

The answer, like most answers to questions on government programs, is conditional.

Producers in 1968 will be able to plant other crops on acres diverted from cotton if they sign up in the beginning to divert less than the maximum 35 per cent.

By signing up to divert say only five per cent of his cotton allotment, the farmer obligates himself to only two things so far as compliance with the cotton program is concerned.

First, he must divert from cotton production and devote to soil conserving practices at least five per cent of his allotment. Second, he must plant and cultivate in a workmanship manner at least 90 per cent of his domestic allotment, which is 65 per cent of his total allotment.

So, assuming it would not put him out of compliance on some other allotment program, he would be permitted to plant ANY other crop on that part of his allotment not planted to cotton. He would not, of course, collect voluntary diversion payments in this case.

If, however, he signs up to divert 35 per cent of his allotment in order to get the additional diversion payments, the use of that 35 per cent will be governed by that part of the law which states "...the secretary may permit all or any part of such diverted acreage to be devoted to the production of guar, sesame, safflower, sunflower, castor beans, mustard seed, crambe, plantago ovata, and flaxseed, if he determines that such production is necessary to produce an adequate supply of such commodities, is not likely to increase the cost of the price support program and will not adversely affect farm income..."

Continuing with "general" prices, Sloan reports 31/32 cotton at 500 points over the loan, 1 inch cotton at 600 points over, 1-1/32 at 700 points over, 1-1/16 at 800 to 850 points above the loan and 1-3/32 and longer cotton at from 1300 to 1500 points above loan rates.

A little over 200,000 bales had been received by the three classing offices at Lubbock, Brownfield and Lamesa through November 16, but the pace is rapidly picking up. With continued good weather, the peak of the harvest season should be reached by about November 27, officials say.

## Cotton Prices Have Advanced Since Season First Started

Cotton producers on the Plains are in a far better mood than has been seen in many years at this stage of the harvest season.

Excepting those unfortunate farmers who were blighted by drought or hail, most have at least an average crop, yield-wise, and prices are exceeding most people's fondest hopes. Such remarks as "It sure is nice to make a little money out of a cotton crop" are being heard over and over.

Last year and for several years past High Plains cotton moved in a buyer's market, with farmers hard pressed to get anything more for their crop than was offered by Commodity Credit Corporation's loan schedule.

This year it's been a seller's market from the beginning. According to Norman Sloan, Market News Director with the Lubbock Cotton Classing Office, prices have advanced an average of from three to four cents a pound in this area since the harvest first got underway a month ago.

will do from here on as the harvest season progresses.

But, like everyone else, Sloan declines to predict what prices. Generally, Sloan reports that high grade short staple cotton, with acceptable micronaire, is selling at around \$3.25 per bale over the loan. High grade, good micronaire cotton stapling 1-3/32 inches and longer is bringing up to \$75.00 per bale above loan values.

Continuing with "general" prices, Sloan reports 31/32 cotton at 500 points over the loan, 1 inch cotton at 600 points over, 1-1/32 at 700 points over, 1-1/16 at 800 to 850 points above the loan and 1-3/32 and longer cotton at from 1300 to 1500 points above loan rates.

A little over 200,000 bales had been received by the three classing offices at Lubbock, Brownfield and Lamesa through November 16, but the pace is rapidly picking up. With continued good weather, the peak of the harvest season should be reached by about November 27, officials say.

### BE THANKFUL

As we Americans sit down to our traditional turkey on this Thanksgiving Day in homes across the nation we have much for which to be thankful. True, there are many disquieting factors giving cause for grave concern, both on the domestic and international scenes, but if we look deep enough, we shall find unmistakable reasons for thanksgiving.

Consider the many liberties we enjoy in this nation and be thankful for their existence. Be thankful for our freedom to achieve, work and advance; for our freedom to worship; for our right to free speech and free elections.

While we are grateful for a special day when we can join with others all over the country in counting our blessings and thanking God for them, we are still challenged to make every day a Thanksgiving Day as we recall the blessings that ever surround us.

Truly there is much for which we can be thankful. And this overflowing of good should daily remind us to pray for peace throughout the world so that all mankind may live in harmony and enjoy the fruits of a better life.

Mrs. Marie Ross, Mrs. Beulah Coker, and Mrs. Naomi Burgess visited Mrs. Hamilton Sunday.

## Grain Sorghum Yields Upped By Row Spacing

Grain sorghum yield increases ranging from 10 to 30 percent have resulted from narrow row and double row spacings in recent trials conducted by the Texas Agricultural Experiment Station.

The project was described by M. J. Norris of the Livestock and Forage Research Center near McGregor, a speaker during the annual meetings of the American Society of Agronomy, Soil Science Society of America and the Crop Science Society of America Nov. 5-10 in Wash-

ington, D.C. Norris, an agronomist at the center, said there were no important differences in grain sorghum yields due to planting rates, but there were highly significant differences due to row spacing.

"Narrow rows and double rows resulted in grain yield increases ranging from 10 to 30 percent," he said.

Row spacings of 10, 20 and 40 inches at planting rates of 4, 6, 8, and 10 pounds per acre were used with grain sorghum during

a three-year period. Other row spacing experiments were made using a uniform planting rate of 7 pounds per acre, including comparisons of single rows on lister beds 40 inches apart; double rows spaced 12 inches on lister beds spaced 40 inches apart; and grain sown on a flat seed bed with a grain drill spacing of 14 inches between drill openings.

Norris said the work was done on dryland, upland soils of the Grand Prairie near McGregor, Texas.

## Water Reporting Forms Are Being Distributed

The Texas Water Rights Commission announced today that it has begun distribution of reporting forms required by the Water Rights Adjudication Act of 1967.

Persons using public surface water in Texas for any purpose other than for domestic or livestock uses without a permit are required by recent legislative action to file a sworn statement with the Texas Water Rights Commission for recognition of their claim. This must be done no later than September 1, 1969.

The Water Rights Adjudication Act, effective August 28, 1967, provides that all claims of water rights must be recorded with the Water Rights Commission. These claims must be valid under existing law and will be limited to actual use. All water rights are to be adjudicated and administered by the Commission to the end that the surface water resources of the State may be put to their greatest beneficial use, to quote the new law.

This Act will not affect users of ground water. Users of surface water for domestic or livestock purposes only also will not be affected. The new law applies to and may limit claims to riparian waters, waters diverted or impounded for use other than for domestic and livestock purposes, and claims to water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims to water rights for which permits or certified filings have not been granted.

Only the maximum volume of water beneficially used by claimants during any one year from 1963 to 1967, inclusive, will be recognized under the new law. If an individual has expanded his water application facilities prior to this Act but has not fully used the facilities, the volume used without waste from 1963 to 1970, inclusive, will be recognized. These individuals will need to file an additional sworn statement on or before July 1, 1971 to include

the additional two years. Water authorities have explained there will never be enough water in Texas for each individual to have an equal share. Therefore, available public waters must be appropriated to individuals based on priority, necessity and legal right. The Water Rights Adjudication Act is designed to protect the rightful users of public waters from waste and unlawful users.

The Act empowers the Commission to adjudicate water rights in the State. Adjudication of a stream may be initiated upon the Commission's own motion, by a petition signed by ten or more claimants of water rights on the same stream, or upon a petition by the Texas Water Development Board.

The new law contains detailed procedures to insure due process and notice. Judicial review of the Commission's final determination is mandatory. The eventual determination in every water right adjudication will be final. The Water Rights Adjudication Act provides, "Except for domestic and livestock purposes or rights subsequently acquired by permit, no water rights shall be recognized in the adjudicated stream or segment unless included in the final decree."

Upon final determination of water rights on a stream, the Commission will issue a certificate of adjudication to each person found to have a water right. All permits for unappropriated water granted after a stream is adjudicated will be administered in the same manner as an adjudicated right.

During drought periods, especially on larger streams, it will be necessary to closely supervise all rights. The Commission will divide the State into water divisions and appoint watermasters to regulate stream flow and water usage. Any person dissatisfied with the actions of a watermaster may appeal to the Commission and then to the courts.

The watermaster and necessary assistants will be paid by the Commission which in turn will

be reimbursed by the holders of water rights.

Water users on non-adjudicated streams may enter into a written agreement with the Commission for administration of the stream flow and a special watermaster will be assigned.

The Water Rights Adjudication Act involves three basic premises. The Act provides for up-to-date recording of all water right claims in the State, for the adjudication of these rights on streams upon filing of necessary petitions, and for the administration of adjudicated rights during times of water shortage to insure that rights and priorities are protected.

The Recording Forms may be obtained free of charge from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

## Walking papers for the Windmill...

An electric pump is cheaper to install than the windmill and it pumps water whether or not the wind blows. With the Bailey County Electric Cooperative offering a dependable low-cost electric service, the modern efficient way to pump water is electrically. You still see friendly windmills over the state but mark them well. Old "High Lonesome" has his walking papers. The day is coming when the only spot for a windmill is where there's no electric power. Such spots are fast disappearing thanks to the member-owned Bailey County Electric Cooperative which is brightening the rural scene while Helping Texas Grow.

## Local Teachers Attend Lamb County Meet in Olton

Approximately 25 local teachers of the Springlake-Earth schools attended the Lamb County Teacher's meeting in Olton Tuesday night. Approximately 250 county teachers were present to enjoy a Thanksgiving dinner with all the trimmings at the Olton cafeteria.

Claude Zevely of West Texas State University at Canyon, was the featured speaker of the evening.

Schools represented were Littlefield, Sudan, Amherst, Spade, Olton, and Springlake-Earth.

The Olton teachers group was in charge of decorations, which carried out the Thanksgiving theme. Mrs. John Campbell is president of the group.

Jim Settle, Elementary Principal of Littlefield, presided over the meeting.

David Howton gave the invocation. Ray Schultz, Supt. of Olton Public Schools gave the "Welcome". Supt. of Amherst Schools gave the "Response". Music was furnished by Mr. and Mrs. Bob Alford. A short business meeting was held. Report from delegates who attended the State Teacher's Convention recently, one of whom was Mrs. Monarae Cummings of Springlake-Earth High School, were given.

The next regular meeting of this group will be in February. Speaker will be Rev. Frank Pollard, pastor of First Baptist Church in Dimmitt.

Sunday dinner guests of Mrs. Bonnie Haberer were Mrs. Zow Wilson, Mrs. Elsea Hawkins, Mrs. Nellie Barton and Mrs. Bonnie Green.

# Thanksgiving

A Day to Remember  
In All Our Prayers

Above all else, on this Thanksgiving Day, we raise our voices in profound thanks for the many joys and blessings that surround our lives: the good health and happiness of our family and friends, the prosperity and vigor of our community, the rich heritage of freedom which is responsible for our country's growth and development, its greatness. In these blessings we take pride, as did our forefathers. And with all our strength we pledge anew, as they did on this day, to preserve and nourish the gifts of liberty.

## County Red Cross Has Tape Recorder

The Lamb County Chapter of the American Red Cross, recently purchased a tape recorder to be used by Lamb County families of servicemen who are serving in Vietnam. Use of the tape recorder is free. The only requirements are that those making tapes to send to the servicemen must pay for the tape (which is less than one dollar). It is necessary to do the recording in the Red Cross Of-

fice located in the basement of the Courthouse in Littlefield. Those wishing to obtain this service will be welcome at the Red Cross Office.

## Five Rural Accidents In Lamb During Month of October

The Texas Highway Patrol investigated five accidents on rural highways in Lamb County during the month of October, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of the area.

These crashes resulted in no persons killed, two persons injured and an estimated property damage of \$4,450.00.

The rural accident summary for this county during the first ten months of 1967 shows a total of 82 accidents resulting in five persons killed, 31 persons

injured, and an estimated property damage of \$85,800.00.

The last two days of October have proved that winter is here. Your vehicle needs winterizing.

Get the jump on bad weather by having your vehicle safety inspected by an authorized garage to help assure safe mechanical performance in the months ahead. Then check to see that antifreeze has been installed in your radiator; also, snow tires or tire chains and ice scrapers are handy, for "Today's inspection is tomorrow's protection."

## Texas Lead Nation In FHA Loans for Water Systems

The Lamb County Office of the FHA made one loan for construction or improvement of water supply systems in fiscal 1967, according to Truman J. Jones, County Supervisor.

About 75,000 Texas farm and other rural people benefited from such loans and grants last year estimates County Supervisor, Truman J. Jones.

Texas led the nation in total activity, advancing, \$23,257,870 in loans and grants to develop or improve 139 water or waste disposal systems during 1967.

The Texas projects, which are spread throughout 97 coun-

ties, were financed with \$22,304,600 in loans and more than \$971,270 in grants.

The rural water and waste disposal systems are organized through local initiative by town governments, other public bodies, or private nonprofit associations formed by prospective users in communities of less than 5,500 population. The loans are repaid from the earnings of the systems during periods of up to 40 years at 5 per cent interest.

These systems are becoming a major force in bringing rural living conditions and economic opportunities up to national

standards", Mr. Jones explained. "Differences will continue to be less noticeable as rural communities offer the same facilities as cities."

Many of the communities helped by FHA were dependent upon wells, cisterns, springs, and water hauled in by truck as their only source of water, and on aged, inadequate septic tanks until FHA made available their financial assistance.

Construction of the water of waste disposal systems provides work situations for engineers, well drillers, heavy equipment operators, surveyors, and day laborers which in turn causes payrolls and the community economic condition to rise.

# Wolverettes Continue Winning Ways, Take Two More Games

In a rematch of the Goliaths, the Springlake-Earth Wolverettes came from behind in the fourth quarter to hand the Wayland College Queen Bee's their second defeat of the season by a score of 64 to 61. Three points again provided the margin of victory as the Wolverettes defeated the Queen Bee's by a score of 68 to 65 in their initial encounter this season.

Paced by Senior Susan Britton and Junior Marsha Dawson, the Wolverettes took an early lead only to see the Bee's play catch-up ball in the second and third quarters. Dawson hit a whopping 33 points for the night while Britton was scoring 25. Sophomore Vicki Gregory hit for six points.

The fourth quarter was the deciding one, as the Bee's held a 53 to 47 advantage going into the final eight minutes of play. The Wolverettes were not to be denied, however, as the seasoned offensive veterans rallied to the task to pull the game out of the fire and remain undefeated this season.

Monday night, the Wolverettes played host to Class AA Floydada, winner of their district last year and gaining a berth in the Regional Tournament at Lubbock. Again, the Wolverettes proved far too strong for Floydada as they defeated their opponents by a score of 66 to 44. Dawson hit for 25 points in this encounter and sophomore Vicki Gregory tallied for 25. Susan Britton scored 14 for the evening and Beverly Britton had two for the Wolverette's total.

In their first four games this season, the Wolverettes have given ample notice to all contenders for their Class A State Championship crown that it is not going to be a simple matter to take it away from them. Not only is the seasoned offense seemingly clicking so good, but the defense, supposedly the weak link in the chain, is proving itself with each game.

Though composed mainly of freshmen and sophomore starters, with the one exception of Linda Gregory, the defensive end has contained each of their four opponents of the year. They are aggressive and unafraid of any challenger and move the ball with a speed and accuracy usually found only in seasoned seniors.

The Wolverettes next opponent is a strong and well-balanced Freshmen team, another Class AA powerhouse. As the Thanksgiving holidays are here, the story of the game and its outcome will appear in the next issue of the Earth News-Sun.

MARSHA DAWSON-Scored 33 points Saturday night against the Queen Bee's to help win the game 64-61. Susan Britton scored 25 points and Vicki Gregory had 6 points.

## Wolverines Win Opener With Floydada 56 - 41

With Randy Washington scoring 17 points and Tim Ray Matthews 14, the Wolverines took the measure of Floydada Monday night in the Wolverine gymnasium by an impressive 56 to 41 victory margin.

Taking off the pads and putting on the trunks is no easy task but the Wolverines proved themselves up to the occasion. The first quarter was played almost on an even keel as the Wolverines hit for 15 points while Floydada was tallying for 12. The second stanza was almost a replica of the first as the Wolverines outscored Floydada again by three, hitting for 14 and holding Floydada to 11.

The third quarter saw the gap widening as Springlake-Earth canned in 21 points, holding Floydada to 11. Floydada managed only one field goal in this period, and it was only through the free throw route that they managed as many points as they did.

The fourth and final period was another evenly matched affair as both teams equalled each other in scores, but the Wolverines had already managed the victory by the final score of 56 to 41.

Scoring, along with Washington and Matthews, were Perry Don O'Hair who tallied 13 points, O.C. Thomas who had six for the evening, Neal Armstrong with four, Eddie Sam Jones with four, Terry Houchin with two and Thomas Mann with two.

The Wolverines play their second game of the season against Class AA Freshmen at Wolforth. The outcome and story will appear in the next issue of the Earth News-Sun.

## Freshman Boys' Team Win Over Dimmitt 44-34

The Freshman Boy's Team of Springlake-Earth High School won 44 to 34 in the game with Dimmitt Thursday, November 16, in Dimmitt.

High point man was Kent Parish, with 16 points. Tony Barton followed a close second, with 15 points, Danny Boone scored 8 points, Jerry Barden, 3 points, and Donnie Galloway, 2 points.

## Boys "B" Team Take Floydada 42 - 40

The Springlake-Earth Boys' "B" Team beat Floydada 42-40 Monday night in the Springlake-Earth gym.

In the first quarter, the score was Springlake-Earth 11, Floydada, 9; in the second quarter, the score was Springlake-Earth 25, Floydada 13. The third quarter score was Springlake-Earth 33, Floydada, 28, and in the fourth quarter the final score was Springlake-Earth 42, Floydada 40.

High point man was Terry Bridge, with 19 points. Next highest was Freddie Helms with 10 points. Other points made were Marsellis Nance 7, and Steve Sanderson 6.

## Earth Lions Have Springlake Lions As Special Dinner Guests

Earth Lions' special guests at a Thanksgiving dinner Tuesday at their regular noon meeting were members of the Springlake Lions Club.

Earth Lion Boss, Norman Hinchliffe called the group together for a business session. A discussion was held concerning the possibilities of helping send the Springlake-Earth Band, which is now No. 1 Class A band in the state, to Dallas to represent the club at the Lions International Convention in June, in case the band is selected to represent District 2T2. One band will be selected to represent the 2T2 District, composed of 50 Lions Clubs. The group asked Clifford Hopping, President of Springlake Lions Club to present the idea to the Springlake Club.

No decisions were made concerning the band trip. More information concerning the total cost etc, is needed. It is mentioned that the band students might have to help raise finance for the trip.

Melvin Bock gave a report of \$224.00 profit collected from the "Turkey Shoot" Saturday. Mrs. Minnie Pate and Mrs. Henderson prepared the Thanksgiving dinner.

Melvin Bock and Leroy Wilkerson secured Floyd Lebo, of Farmer's Exchange in Lubbock who presented a film on fishing.

## Football Banquet Held Saturday

The annual Football Banquet was held Saturday, November 18, at 7:00 p.m. in the Springlake-Earth school cafeteria, with the Pep Club as hosts.

Approximately 130 attended. Guests were the band members, school board members, and High School faculty members. The football theme was used in decorations. The invocation was given by Randy Washington. Mistress of Ceremonies was Linda Packard. The Welcome was given by Becky Parish, and the response was given by David Jacques.

The presentation of gifts of appreciation were made. The football boys presented gifts to the coaches, Danny Smith, Dallas Lynch, Marvin Sanders, Jr., and John Varnell. The cheerleaders, Linda Packard, Becky Parish, Jamie Washington, Brenda Clayton, Jan Hedges and Jenna Banks and the football queen, Billie Kay Kelley, received gifts from the football boys. The Pep Club presented Mrs. Monarae Cummings a gift as sponsor of the club, and gifts to the football captains, David Jacques, Randy Clayton, and Randy Washington.

The menu consisted of chicken fried steak, green beans, crab apple salad, baked potato, hot rolls, cherry pie ala mode, tea and coffee.

The featured speaker, Rev. James McGinley of the College Avenue Baptist Church of Lubbock, was introduced by Superintendent Bill Mann.

Music was furnished by the High School Stage Band. The Springlake-Earth School Song was sung in closing.

# THANKSGIVING

## The Proper Way to Start the Day By

Remembering the blessings of a good life, each family in our community joins in a single voice of prayerful thanks on that day set aside for special Thanksgiving.

It is our privilege to be thankful, too; thankful for the many nice people who come to us for service. We count them all as our blessings and wish them all a very happy and bountiful Thanksgiving Day.

Our Sincere Thanks  
For Your Patronage  
During The Year
