

Two Day Open House Scheduled By Four Participating Firms

"If I'd known you were coming, I'd have baked a cake... How'd you do, how'd you do, how'd you do..."

These four firms may not have baked cakes, but there'll be lots of "How'd you do's", as they are expecting a tremendous crowd, both Friday and Saturday. They have rolled out the red carpets of welcome and have staged Open House to ac-

quaint folks with their new facilities, merchandise, and plan to spend some time just getting acquainted.

The firms participating include White Stores, Inc., Earth Floral, Jackson Ford, Inc., and the Earth News-Sun.

Doug Avery, owner-manager of White's said hospitality hours

would be from 8 a. m. - 8 p. m., both Friday and Saturday. He invites everyone to stop in for refreshments, and to tour the new store, look over the new merchandise, and register for the three Grand Prizes to be given away Saturday night. The first place prize is a White's Plastic Glass Battery, guaranteed for 48 months, and valued at \$24.95; second prize is a

"DeepSleep" electric blanket, valued at \$17.95; for a third prize, Avery has selected a child's tricycle, valued at \$9.95. The Earth Floral in its pleasant new surroundings on Main Street has set hospitality hours from 8:30 a. m. - 6:00 p. m., and will be serving refreshments both Friday and Saturday. Mrs. Phyllis Beavers, owner, and Mrs. Beulah Newton, invite everyone

to come by and inspect the new facilities, and register for the free gifts to be given away Saturday afternoon. The prizes are as follows: First prize, an artificial arrangement; second prize, a lovely potted plant; and a corsage will be given as third prize.

Doyle Jackson, co-owner and manager of the local Ford firm

here, invites everyone to stop by and see the brand new, powerful, '66 Fords, and enjoy refreshments. Hospitality hours are from 8 a. m. - 7 p. m. Useful door prizes will be given to everyone who attends. Jackson invites those interested in a new Ford to test-drive one of the new cars.

Ross Middleton, publisher of

the Earth News-Sun, gave the hours of open house for this firm from 12:00 noon to 5:00 p. m. on Friday, and 9:00 a. m. - 4:00 p. m. on Saturday. Refreshments will be served during these hours. Middleton invites everyone to stop in, tour the plant, and register for the five prizes to be given away. First prize is a 7 year subscription; second prize, a 5 year subscription; third prize,

a three year subscription; fourth prize, a two year subscription; and fifth prize, a one-year subscription.

A capacity crowd is expected to attend the 4-Way Open House and enjoy the two days of visitation and hospitality. It is not compulsory to be present to win any of the free gifts.

See you at Open House.

NOSIN... With Polly

Seems every columnist who tours the area has something to say about Earth's wealth. Actually it's no wonder, after viewing the beautiful crops and the lavish ramblin' brick homes in and around the town of Earth.

Seems when they return to their homes and their duties on the various metropolitan daily papers, they can't easily erase that scene of (God's country), our little 'ole Earth, Texas.

The following item, taken from Wednesday's Dallas morning News, was brought in by Bill Bryant of Earth, and also mailed in by Mrs. Jessie Watson of Dallas, a former Springlake-Earth resident, written by Frank X. Talbert, entitled "Talbert's Texas"...

EARTHMEN LIVE WELL ON THE STAKED PLAIN

The City of Earth, between Muleshoe and Plainview in Lamb County, is a colony of farmers or super-farmers. Any way, most of them live in rambling, new masonry dwellings which resemble the headquarters of country clubs, complete with clipped lawns and, to dull the temper of prevailing Staked Plain winds, stockade fences and thick hedges and trees, the last planted in close ranks.

The lush, irrigated fields around Earth are a joy to see, sheer beauty to the eyes of a farmer or a rancher in need of cattle feed. The fields are golden brown from the ripening heads of maize and other feed crops or green and white from tall cotton with bursting bolls.

Even the sand hills near Earth, which were Sahara-like when it was a child on El Llano Estacado, are now tamed, grown over with tall grasses and shrubs and stunted trees. Many of the rich Earthmen, though, remember the days when there were no gushing irrigation wells, no trees, and Earth was in The Dust Bowl.

Earth town was carved out of the old Halsell Ranch in the mid-1920's and named by General Storekeeper and Postmaster C. H. Reeves on a day in 1925 when a sand storm was in progress and, as Mr. Reeves phrased it, "the earth was flying by."

"nosin"

The Taylors officially came down to Earth Sunday when their plane landed at the Lubbock Airport. But unofficially and off the record... they're still "up in the air" and seemingly on cloud 9 reliving all those exciting moments of their wonderful tour of London, Paris, and Amsterdam.

The Taylors, as well as all the General Electric Dealers on the tour saw so many exciting places and ate so much of so many kinds of fancy foods... that had someone come up with a pot full of good ole red beans, they could have flat made a fortune from that group of Americans. Taylor's companion remarked, "He was so tired of all that good fancy stuff, he'd gladly pay 25 bucks for an old can of Vienna sausage."

I guess fast living working couples of America just can't take all that European culture and fancy fixins'... apparently Americans have gotta have their red beans and an occasional hot dog and hamburger, as well as the traditionally American apple pie.

"nosin"

A RECIPE FOR A DAY

Take a little dash of water cold
And a little leaven of prayer
And a little bit of morning gold
Dissolved in the morning air.
(Continued on Page 6)

KEN DAWSON

Ken Dawson Elected District F F A President

At a meeting of the District FFA, Thursday, in Littlefield, Ken Dawson was elected President of the organization, according to Gene Gaston, Vocational Agriculture instructor at Springlake-Earth High School.

Delegates voted to have the District FFA Banquet in Earth, on December 6.

All District FFA officers (approximately 100) will meet here also for a Leadership Training School, on November 15.

"Quittin' time!"

Public Meeting To Discuss Baseball Parks Called For Friday

The public is urged to attend a public meeting, Friday, October 1, at 7:30 p. m., at the Earth Community Building, to plan the proposed baseball parks and the coming season.

During the past summer, we had three Pee-Wee teams, five Freshman League teams, one Babe Ruth team, and one Men's team, which proves the great

Farmers To Meet October 4

A meeting of the Young Farmers will be held Monday, October 4, at 8:00 p. m., in the High School Cafeteria to discuss current farm legislation and the national farm program for the coming year. Lamar Aten of the A. S. C., Office of Littlefield, will be in charge. He will cover the farm program as it affects farmers in Lamb County in 1966.

At this meeting, a new soil Conservation Director of Lamb County will be elected to replace Thurlo Branscum, whose term expires this year.

This meeting will be open to all adult farmers and young farmers, and all are urged to attend.

The meeting will be sponsored by Young Farmers of Springlake and Earth in conjunction with the extension service of Lamb County according to Gene Gaston, Vocational Agriculture instructor at Springlake-Earth High School.

Baptist Choir Officers Elected Plans Given

Duane Harris, Minister of Music of the First Baptist Church of Earth announces the officers of the Chapel Choir of the Church for the 1966-67 year as follows: President, Kathy Richardson; Vice-President, Jessie Cole; Secretary, Kathy Clayton; and Social Chairmen, David Jaquess and Randy Clayton.

The Chapel Choir, combined with the Youth Choir from the First Baptist Church of Hart, will sing in the Sunday evening services, October 3, here.

The Church Choir and the Chapel Choir of the church are now preparing the Christmas Cantata, entitled, "Dawn of Redeeming Grace."

Wolverine Band Places Second In Lubbock's Parade Of Bands

Traditionally the "Parade of Bands" launched the gala week at the South Plains Fair in Lubbock, Monday, September 27, at 10:00 a. m., when 29 area high school aggregations and six high units from Lubbock marched through the heart of the city.

Visiting bands assembled on the parking lot at Municipal Coliseum before boarding buses to Broadway and Ave. Q, where the parade formed. Led by Lubbock Shriners Khiva motorcycle patrol, the parade moved east on Broadway from the Ave. Q area to the fairgrounds.

First place winners in the parade of bands were Muleshoe, Abemathy, Hale Center, and Whiteface. Placing second in class were AAA, AA, A, and B, respectively, were bands from Littlefield, Denver City, Springlake, and Sundown.

Third place winners were Floyddada, Petersburg, and Jayton,

interest in summer baseball.

It is necessary that we meet, discuss the program, make plans, get the baseball diamonds ready, prepare for planting grass, having a fence, etc.

All directors, officers, and the general public are needed to be present at this meeting Friday night.

Cash awards of \$100, \$75, and \$50 were presented to the top three bands in classes A, AA, AAA, AAAA, and B. In addition, all participating units received an engraved trophy.

Russell L. Wiley, director of bands at the University of Kansas at Lawrence for 31 years, judged the parade. He is a brother of Dr. D. O. Wiley, former long-time director of bands at Texas Tech, who retired in 1959.

Other bands that were scheduled to participate in the colorful formation in addition to the Lubbock bands were: Abemathy, Anton, Crosbyton, Denver City, Farwell, Floyddada, Hale Center, Idalou, Jayton, Krebs, Lockney, Loreno, Muleshoe, O'Donnell, Petersburg, Plains, Shallowater, Slaton, Spur, Sundown, Texico, N. M., Whiteface, Whittarrel, Wilson, Friendship, Borden High, of Gall and Smyer, and Littlefield.

CHECK AND TROPHY are displayed by Dwala Boone, signifying the Wolverine's second-place win in Class A at the Parade of Bands in Lubbock Monday at the beginning of the South Plains Fair.

Donna Street Receives Commendation in NMSQT

One student at Springlake-Earth High School has been honored with Letters of Commendation for her high performance on the National Merit Scholarship Qualifying Test given last spring. She is among 38,000 students across the nation recognized for scoring in the top two percent of students who will complete high school in 1966. The Commended students rank just below the 14,000 semifinalists announced last month.

D. H. Koeninger, the school's principal, has announced that the Commended student is Donna Street, daughter of Mr. and Mrs. Donald Street.

John M. Stainaker, president of the National Merit Scholarship Corporation said, "These students are being recognized for their outstanding performance on the qualifying test. There is a notable academic achievement."

DONNA STREET

PUNT, PASS AND KICK CONTEST SET FOR OCTOBER 8

Registration for Ford's Punt, Pass, and Kick Contest, held annually, is now underway at Jackson Ford Sales. Sign-up will be continued through October 8.

The contest will be held at the Springlake-Earth School football field, October 9. Contestants will compete against other athletes of their own age. There are six age brackets, from eight through thirteen years of age. Local winners will receive gifts to be announced later.

Be sure to go by the Ford Co. and register now.

Furche, Robert Riley Bring In First Bale To Springlake

Furche and Robert Riley brought in the first bale of cotton, Wednesday, September 22, to the Farmer's Co-op Gin in Springlake, raised four miles north, two miles east, and one-half mile north of Springlake.

The cotton, which was hand-picked, weighed 2,200 pounds and had 1,050 pounds of seed, ginned out at 517 lbs. The cotton was pulled off of three acres. The Rileys were paid 50¢ a

Montgomery, Phipps Receive Top FFA Honors At Fair

Dwayne Montgomery, a junior student at Springlake-Earth High School, and in his third year of FFA, had the Champion Hampshire barrow at the Livestock Show at the South Plains 48th Annual Fair which opened a six-day run in Lubbock. He also placed first in the Yorkshire single barrow, Monday.

Bob Phipps, who is a senior, and a fourth year member of FFA, placed second in Poland China Junior Spring Sow Pig; first in Junior Yearling boar; and senior champion boar.

A record 516 swine and 236 cattle were registered for competition.

Judging began in both divisions Monday with Berkshire and Duroc hogs which went into the arena at 9:00 a. m. Holstein cattle judging was held at 1:00 p. m., with Chester White-Yorkshire swine breeds evaluated at 7:00 p. m.

Springlake Receives H E W Grant

Springlake has recently received a grant of \$10,500 from the U. S. Department of Health, and Welfare, according to Senator Ralph W. Yarborough. The grant will be used for construction of a sewage plant and outfall sewer system. The total cost of the project is estimated at \$36,500.

A recent town meeting at Springlake was held. We were unable to contact Mayor Crawford, but according to Jim Stephens, Alderman, bonds have been sold, and within the next thirty days will be released. Meeting with the group were Ralph Douglas, of Littlefield, Engineer, and H. L. Shaeffer, bondsman.

Mt. Zion Baptist Church To Hold Drawing

The Mt. Zion Baptist Mission Church in south Earth will sponsor a fund-raising project to pay for choir robes for the church choir, at a drawing, Friday, October 15, at 8:00 p. m.

Tickets may be purchased from any member of the church for \$2 each. A box of groceries, valued at \$15.00 will be given away to some lucky person. You do not have to be present to win.

Pastor of the church is Rev. E. Evans.

Mrs. W. T. Clayton, Mrs. Donald Kelley, and Anita, Donna, and Connie were in Lubbock Saturday.

Jr. Roping Club To Sponsor Playday Friday

RONNIE MALONE

Ronnie Malone Purchases Piggly Wiggly

Effective as of Monday, September 27, Ronnie Malone, of Geronimo, Oklahoma, became owner of the Earth Piggly-Wiggly. The former owner was A. West, of Friona.

Coming here directly from Haskell, Texas, he was an independent owner of the Super-Save Grocery, since January 1, 1965. Previously, he had been manager of Piggly Wiggly Stores for three years, and employee for an additional five years. He has been in the grocery business since graduating from school.

He and his wife, Eva, were born, raised, and educated in Geronimo. They have three daughters, Rhonda Sue, aged 5, Rachel, 4, and Renee, 17 months. The family are members of the Baptist Church. Malone is a Lions and a Jaycee.

The personnel will remain the same at the store, according to Malone, but some minor improvements and restocking will be made. He invites your patronage.

Mr. and Mrs. Malone have purchased and moved to the Warren Morton house on 2nd Place here in Earth.

Springlake-Earth Homecoming Scheduled October 15

The Annual Springlake-Earth School Homecoming, which is scheduled for October 15, promises to be one of the outstanding events of the school year.

Mrs. Charlene Riley, Publicity Chairman, states that plans are well underway to make the annual affair one of great interest. Activities begin with a barbecue at 5:00 p. m., held in the school cafeteria, with tickets at \$1.25. The Wolverines will play Sudan following the barbecue.

The Homecoming Queen will

The Earth Jr. Riding Club is sponsoring a Play Day at 7:00 p. m., Friday, October 1, at the Earth Rodeo Arena.

All members of the club are invited to participate in the barrel race, flag race, boat race, pole bending, western pleasure, and steer riding. Any children within a reasonable age are invited to participate in the calf scramble.

Each event of the night will be divided into two age groups. Pleasure classes and steer riding will be judged by qualified judges. Other events will be timed. There will be no entry fee, but only members who have their dues paid are eligible to participate. Everyone is invited to ride in the Grand Entry.

There will be no admission charge, and everyone is invited to attend.

Those planning to participate are asked to please enter early as books will close at 6:30 p. m.

Local SWPS Employees To Be Honored

William H. Hulcy and Clinton C. Green of Earth are among 54 Plains Division employees of the Southwestern Public Service Company who will be honored Wednesday night at the division's 17th annual service awards dinner at Plainview.

Roy Tolks, executive vice-president of the electric company, will present a 10 year service award to Hulcy and a five year emblem to Green.

The top honor, for 40 years of service, will go to Roy Holland of Portales and Lee Westhoff of Plainview.

292 employees with a combined service of 3775 years are being honored at awards dinners this year throughout the Southwestern Public Service Company's 45,000 square mile service area.

Sponsors, Student Council Officers, Representatives Chosen

Class Sponsors for the Classes of Springlake-Earth High School for the 1965-66 school year are: Senior Class, Bill Anderson, Mrs. Gladys McCaskill; Junior Class, Miss Margaret Womble, E. G. Gaston; Sophomore Class, Mrs. Velma Dean Jaquess, Milt Fitts; Freshmen, Clarence Hamilton, Bill Lattimore; FFA Sponsor, Mrs. Cecil Slover; Young Homemaker's Sponsor, Mrs. Evelyn Maxey; FFA and Young Farmer's Sponsor, E. G. Gaston; FTA Sponsor, Harold Fields;

and Band, Dean Foshee. Student Council officers are as follows: President, Ken Dawson; Vice-President, Logan Armstrong; Secretary-Treasurer, Debbie Barton.

Representatives to the Student Council from the various classes are: Seniors, Diana Gregory, Floyd Bennett; Juniors, Danny Kelley, Ruby Buckner; Sophomores, Billie Kay Kelley, Randy Washington; and Freshman, Neal Armstrong.

OUR SURRENDER TO GOVERNMENT

"Quite probably our age will go down in history as the age that tried to legislate righteousness and that tries to legislate, via collectivism, the needed public virtue lacking in the individual. . . We have succeeded only in levying the yoke of high taxation and rigid regulation in return for a promise of physical ease."

Those are hard words, but the record proves them. Every new power and authority that is given to government takes away one more bit of individual liberty. Every obligation and responsibility that is surrendered to government deprives the individual of qualities of self-reliance and independence that constitute the real strength of the nation.

Ralph Moore--Oregon Voter

POLICE BRUTALITY???

Abuse of authority is deeply repugnant to Americans. Their forebears fled Europe to escape tyranny. A primary concern of the founding fathers of our republic was to protect citizens against tyrannical authority. So it is not surprising that there is considerable sensitivity to the recent charges of "police brutality" that have been sweeping the country as an aftermath of riots in major cities. Many wonder if the police have been guilty.

Because of the cry of brutality that has been raised against the police instead of the rioters, searching inquiries have been conducted in the most notorious trouble spots. U. S. News & World Report recently made a diligent study of the problem and has come up with highly significant findings--findings that indicate an organized technique to discredit law and order across the nation. The U. S. News study showed no evidence of any "wave" of brutality on the part of police toward citizens in the cities of the United States. On the contrary, "What research does reveal is that civilian brutality against the police is being practiced rather widely." For example, the riot in Los Angeles of a few weeks ago was touched off because of an officer's arrest of a man on a drunk driving charge, yet the cry went up of police brutality to justify an orgy of looting, arson and mayhem.

There have undoubtedly been cases of brutality, but verified instances are being lost in a sea of inaccurate or trivial accounts of mishandling by police. Senate Democrat leader Mike Mansfield has decried the "loose charge of police brutality", and added, "The police are not privileged to

STATE CAPITAL Highlights AND Sidelights by News Sanford

Battle lines are forming! In the political arena, that is. Big gloves already have been laced on the champ vote-getter, Gov. John Connally. He's in the ring and squared away ready to battle any challenger. Question now is--will he win by default? It's possible. He has a record few will challenge. Very likely there will be a

free-for-all in most other races. Texas' second highest state office could be an exception. There Preston Smith holds forth in rather firm command as Lt. Governor. Popular young Waggoner Carr already has proclaimed his interest in becoming U. S. Senator and is agilely dancing around the ring readying for the first

take sides or discriminate as among laws. Their job is to uphold all laws and, on the whole, they do an excellent job of it. The question is what is brutality? As defined by some of the rioters, it becomes a grotesque insult to the intelligence of law-abiding citizens. One case cited by U. S. News tells of a brutality complaint to the Department of Justice from a Negro woman in the South who said her son had been abused for merely stealing a bag of peanuts. Inquiries showed that what her son stole was a huge burlap bag full of peanuts in a trailer truck--and that he had stolen the truck too. Then there was a stout lady who, with demonstrators, lay down in the street to resist arrest. Her complaint: "Police had not picked her up 'gracefully' in taking her to the van."

Then there are also charges of "verbal brutality" in which police officers are accused of using rough language. In Berkeley, California, in 1964, student demonstrators at the University of California staged disorders in defiance of university authorities and police. A student "Police Brutality Committee" began grinding out propaganda before the first arrest, and students were primed to start chanting brutality as soon as the police appeared on the scene. Berkeley police captain William Beall said: "Brutality is the first thing that occurs to people to yell when they are trying to undermine authority. . . A policeman draws the moment when someone will yell 'brutality'. That charge robs him of his dignity. It takes away everything he's trying to do--what he believes in."

An official of the International Association of Chiefs of Police, Charles E. Moore, told the Senate Internal Security Subcommittee that the demonstrations at Berkeley were a classic example of techniques used by communists to "destroy the public confidence in the police--when you destroy the symbol of authority and of the laws you bring about anarchy."

The career of a policeman is hazardous at best. Unless he has the support of all law-abiding citizens, his job becomes virtually impossible as well as hazardous. FBI figures on police brutality cases that come into federal courts tell a story in themselves. Between mid-1964 and mid-1965, 1,700 complaints of police brutality were referred to the Federal Bureau of Investigation. Forty seven such cases were presented to federal grand juries. Five cases led to conviction in federal courts. On the other hand, the FBI records, as published by U. S. News, indicated that 57 policemen were murdered by criminals in 1964 alone. 197 in the last four years. The number of policemen murdered annually in the line of duty has doubled since 1960. There were 18,000 police officers assaulted in 1964. That was one out of every 10 policemen in the country. In 1964, 7,738 were injured in assaults, or one out of every 24. These are figures for city, county, and state police.

The trained, legally constituted police officer is our first line of defense against crime and violence. In many ways, the police force provides a rewarding career for young dedicated officers. But it is no sinecure and as U. S. News concludes, "Prospects are that conditions for the policeman are not likely to show much improvement in times ahead."

--Industrial News Review--

BACKFIRE!

sign of Democratic opposition to Republican John Tower's post. This may come from Congressman Jim Wright who is skipping rope to get in shape for something bigger. But so far he hasn't entered the ring.

Secretary of State Crawford Martin has set up his training camp for Carr's to-be-vacated post as Attorney General of Texas. Most likely he will have Connally's blessing, since he was the Governor's appointee as Secretary.

State Sen. Franklin Spears of San Antonio is trying to decide whether he wants to take on Martin. Other possible candidates for Attorney General are Former Sen. Frank Owen of El Paso, Sen. Galloway Calhoun of Tyler, and Harris County District Atty. Frank Briscoe.

U. S. Sen. John Tower told Austin reporters that Texas Republicans will concentrate their statewide efforts on the senate race in 1966, and will field no active candidate for governor. In reference to his own race and local legislative and congressional contests, Tower predicted a good year for the GOP.

Announcements this early could mean one of two things: a burned out field by 66--or several Battles of the Century. As opponents warm up, only time will tell.

From the Capitol Dome and the focal point of all races--

gelo, Poteet, Lipan, Fannin-dale, Paducah, Longview, Dimmitt, Del Valle, Crystal City, Taft, Gonzales, Rochester County Line, Dickinson, St. Jo, East Lamar, Cunningham Rural High School, Deparr, Laneville, Graham, Jasper, Bandera, Giddings, and Witharrall.

Redistricting Row Goes On--Attorney General Carr and the Republicans still are swapping legal broadsides over congressional redistricting.

Carr, in a new brief filed with the Houston federal court, urged judges to give lawmakers another chance at reapportionment in 1967 if the 1965 redistricting act is invalidated. He repeated his earlier opinion that the law adopted this year meets the court's specifications, however, since population variance among the 23 districts is below 15 percent.

A new GOP brief chides that the redistricting act borders on "sheer lunacy" and demands that it be redone by electrical computers rather than politically-minded legislators.

Tourist Conference Called--Some 500 Texans are expected to attend a tourist development conference in Austin on October 14. Purpose is to insure better cooperation between state and community efforts to promote travel.

Governor Connally will keynote the sessions. Other speakers will include Jon McCarty, chairman of Texas Tourist Development Agency advisory board; pollster Joe Belden; Kern Tips, TDA advertising account executive; Tom Taylor, State Highway Department travel and information division head; J. Weldon Watson, Parks and Wildlife Department director; John Ben Sheppard, president of Texas State Historical Survey Committee; and Don Epperson, Texas Tourist council executive director.

Meetings are open to the public, says TTDA Director Frank Hildebrand.

Ag Opinions--Attorney General Carr has ruled that either parent may consent to the marriage of a minor, and a County Clerk may issue a marriage license.

However, if both parents are alive, the mother's consent is sufficient upon a written affidavit subscribed and sworn to by her that she and the minor have lived in the county more than a year, and the father has been out of the county for more than six months, or that the mother and father are divorced and she has had custody of the minor more than six months.

In other official opinions, he ruled that:

A college student who takes and passes an advanced standing examination in the field of American History, or Texas His-

tory, does not fulfill specified requirements by merely passing the examination.

Commissioners Court of Jefferson County is not authorized to grant salary increases of the Criminal District Attorney, the Judge of the County Court at Law, or the Judge of County Court at Law, Number 2.

Joint Hearings Proposed--Legislative budget writers are considering joint hearings by House and Senate committees as a method of abolishing controversial riders to spending bills.

Budget Board staff reviewed for members a long list of governmental studies it has been called on to undertake.

Education Leap--A major characteristic of the Texas government's budget this year is a leap forward on education.

Texas spent 40.8 percent of the state tax dollar on education during the last two years, but it will spend 44.5 percent for the next two-year period.

Highway spending will drop from 27.8 to 23.5 percent.

Welfare and assistance will rise from 15.6 to 16.6 percent; health and hospitals will decline from 4.9 to 4.6 percent. Other state activities are expected to hold even.

Party Line

Phil Bearden and Wiley Kimbell, students at South Plains College, were dinner guests Friday night in the Middleton home, along with Phil Middleton who spent the weekend visiting his parents.

Public Health Like Other Conveniences Taken For Granted

Public health, like electricity and modern conveniences, is something we take for granted--until a disaster strikes and we no longer have their benefits.

Take a hurricane, call it Carla or Betty, and visualize the destruction, devastation of these day-to-day benefits we enjoy. Often, only through tragedy and deprivation do we appreciate fully the bounty and advantages we have.

Suddenly, as people who have survived such a disaster can testify, the good healthy living conditions we enjoy daily are uprooted, destroyed. Water supplies, for example, are contaminated.

Under normal circumstances, health workers constantly monitor water systems--and the majority of our citizens drink from the State Health Department approved supplies.

Both proposed and existing water supply systems are reviewed and surveyed by Health Department engineers. The water supplies of common carriers--that is, planes, trains, ships, etc.--are checked bacteriologically as a minimum each month, and the physical plant is surveyed at least once a year.

And then, after water is used by a community, another team of experts go to work. Sewage workers, as well as water work supervisors, are trained through the State Health Department's certification program.

Another continuing program, vector control, is also upset by a disaster. Standing water, caused by hurricanes or flood, which the public health personnel and communities have been working so hard to eliminate because they furnish excellent breeding places for mosquitoes, creates a mammoth problem.

Trash, rubbish and other debris is swept about and deposited as well, furnishing excellent nest-

ing and hiding places for rats, snakes, and insects.

These are just a few of the continuing public health guards which are completely upset in the event of a disaster.

Make notes of these projects, enjoy the benefits and comforts they furnish you day-to-day, and cooperate with the public health and your community officials during peaceful times as well as during a disaster for your best safety.

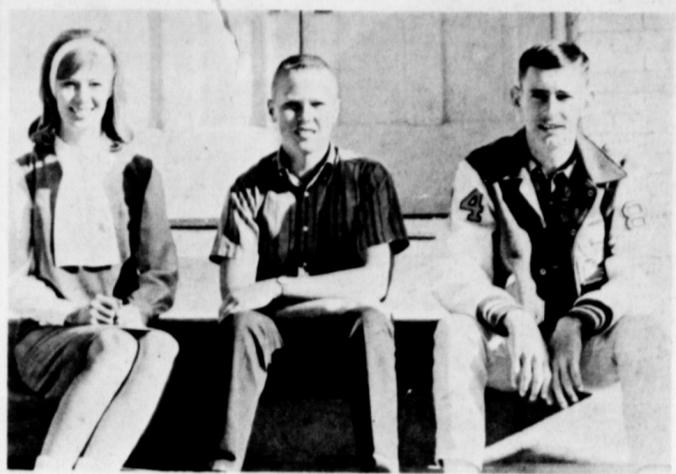

Bow-Arrow Beats Guns To Target

Bow and arrow hunters will have an expanded opportunity to stalk big game in Texas this fall, but the complete schedule has not yet been worked out because of assorted differences as to location and species to be hunted.

Generally, there will be an archery season opening October 1, yet there are so many variations as to targets and bag limits that J. B. Phillips, law enforcement coordinator for the Texas Parks and Wildlife Department, suggested that the bow folks consult their local game wardens.

And he may not yet have been fully informed since deliberations ranging up to the Department level are pending to determine details.

For the first time, through action of the 59th Legislature, landowners with overpopulations of deer in one nine-county Edwards Plateau group will be issued antlerless deer permits on September 27 for use during their special archery

SOPHOMORE CLASS OFFICERS of Springlake-Earth High School, Class of 1965-66 are left to right, Linda Packard, secretary-treasurer, Gary Kelley, president, and Randy Clayton, vice-president.

season. These counties are: Blanco, Burnet, Gillespie, Kendall, Llano, Mason, McCulloch, San Saba and Travis. Landowners will receive permits at county courthouses on September 27 only.

The thirty-day archery season in that area will include as legal game wild buck deer and also antlerless deer by permit, wild bear, wild turkey gobblers and collared peccary or javelina. In the other areas, antlerless deer will not be legal game.

In some counties having the archery seasons, dates will be thirty days directly preceding the regular big game harvest and in other counties the dates are October 1 through October 31. There are some variations from these two major dates.

Disabled Vets Have Additional Ten Years Of Rehabilitation

Veterans with severe, service-connected disabilities will have an additional ten years to complete needed training as a result of a new law enacted by the 89th Congress and approved by the President.

Jack Coker, Manager of the Veterans Administration Regional Office in Waco, said the new law is of particular importance to seriously disabled veterans of World War II who have had long periods of hospitalization and have only recently reached the point where the program of training is possible.

Other veterans who were not considered seriously disabled, and originally did not feel in need of rehabilitation, have now become unemployable because their service-connected disabilities have worsened. The VA Manager added, These veterans now will have an opportunity under the new law to enter planned vocational rehabilitation.

Even though seriously disabled, many veterans can be made employable by carefully-planned occupational training, Coker said.

Feed Grain Outlook Explained By Economist

If present estimates are realized, the nation's feed grain production--corn, oats, barley, and sorghum grains--for 1965 will set a new record. John G. McHaney, Extension economist at Texas A&M University, said the production of about 157 million tons will be due entirely to higher per acre yields; up 15 per cent from last year and 8 per cent above the 1963 record. The acreage planted to feed grains in 1965 totaled 119 million acres, four million acres less than in 1964 and 32 million below the acreages for 1959 and 1960.

Despite the smallest carryover of feed grains since 1957, McHaney said the total supply for the 1965-66 grain marketing year is now estimated at 215 million tons, nearly 6 million tons above last year, but 10 million tons below the 1959-63 average. The expected 1965 bumper crop, he added, should be large enough to meet feed grain demands for the 1965-66 marketing year and perhaps add a small amount to the carryover at the end of the year.

The sorghum grain crop in 1965 is now expected to total 624 million bushels, up 27 per cent from 1964. The total supply, carryover plus the '65 production, for the 1965-66 marketing year is estimated at 1,214 million bushels--42 million bushels above the 1959-63 average and 7 per cent larger than last year's total supply. McHaney said heavier domestic consumption and exports are in prospect for the year ahead as compared to the past year.

In commenting upon prices, the economist said the prospective increase in production plus lower loan rates in 1965 may result in slightly lower prices this fall and winter compared

with a year ago. He expects prices to farmers for corn and grain sorghum to average nearer the loan rates than was the case in 1964-65. This is due, he said, because the 1965 crop probably will meet total requirements for feed grain, whereas the 1964 crop probably will meet total requirements for feed grain, whereas the 1964 crop was well below total consumption needs.

All indications point to a continuation of heavy exports, he said. A new record may be set this year, and may exceed the 1964-65 exports by 5 to 10 per cent, he said. A larger share of exports are now moving through commercial channels without government assistance, about 90 per cent of the 1964-65 fiscal year exports were commercial transactions.

Texas Border To Close Against Mexican Cotton

The imminent threat of renewed and heavy insect infestations from Mexico has resulted in an order that the Texas border be closed to free movement of Mexican cotton, beginning September 15th.

Agriculture Commissioner John C. White announced the necessity of the border clampdown after learning of late summer planting of cotton in Mexico for winter harvest.

"For twelve years, Mexico has worked closely with us in cotton cultural practices which keep down the pink bollworm and boll weevil infestations," said Commissioner White. "Suddenly, they have abandoned these practices set by international agreement. Late cotton in Mexico will provide feeding and breeding grounds for a host of insects which can destroy a Texas cotton crop in a matter of days."

White recalled that our original infestations of the weevil and pink bollworm came into the U. S. from Mexico several decades ago. By 1952, the pink bollworm alone was costing Texas cotton farmers some 40 million dollars annually in

ruined crops. "Mexico and Texas jointly agreed on early planting and plow-up of cotton crops as a measure to keep the insects under control," White said. "Without these constant controls, the population of insects can build up on late cotton, destroy the remaining crop and winter over in alarming proportions for the next season."

"The abandonment by Mexico of these cultural controls can wipe out our cotton industry in short order," White pointed out.

"Mexico might make good profitable crops this winter but insects multiply at such a rate that next year's crops in South Texas and elsewhere would face almost certain disaster. Such a 'one-shot' action by Mexico for the sake of quick profits is irresponsible in the extreme."

Commissioner White is working with U. S. and Mexican officials to seek a mutual solution to the action. Closing the border seals off some important shipping points for Mexican cotton destined for the East Coast and world markets.

"I am hoping we can get our good cotton cultural practices re-instated by Mexico."

FRESHMAN CLASS LEADERS of Springlake-Earth High School for the 1965-66 school year are shown above. They are left to right, Brenda Clayton, Treasurer; Cecil Henderson, President; Rickey Byers, Vice President; and Perry Don O'Hair, Secretary.

ANNOUNCING THE '66s FROM FORD!

FORDS: new quiet, ultra-luxurious LTD's, new high-performance 7-Litre models with 428-cu.in. V-8. FAIRLANES: lively new XL's, GT's, convertibles. FALCONS: new flair for the economy champ. MUSTANGS: more fun-filled than ever. FEATURES: from a new stereo tape player option...to a new Magic Doorgate for wagons (swings out for people and down for cargo).

7 New Falcons

3 New Mustangs

13 New Fairlanes

19 New Fords

LETTERS TO THE EDITOR

The Weslaco News
Weslaco, Texas

September 23, 1965

Mrs. Polly Middleton
Earth News-Sun
Earth, Texas

Dear Mrs. Middleton:

Our editor, Burnis Lawrence, told me the other day that he had heard numerous fine comments on your newspaper in Earth.

I am sure that you have found, just as I have, that many, many times you can pick up good money making ideas from other aggressive, quality newspapers.

For this reason, I am eager to arrange an exchange of papers with you. I am sending you a few of our papers under separate cover. You might be interested in seeing some of the things we are doing here in the Rio Grande Valley.

If, for any reason, you are unable to exchange at this time, I will certainly appreciate your forwarding any copies that you might feel would be advantageous to us.

I hope we can assist each other in this small way.

Sincerely,

C. C. Phillips II
Adv. Mgr.

Dallas, Texas

Mr. Ross Middleton
Publisher
The Earth News-Sun
Earth, Texas

Dear Mr. Middleton:

Just a note to let you know (OUR) Town of Earth is well known. Enclosing an article from the Dallas Morning News about Earth, Texas. We like so well to hear Earth is doing

so good.

We love Earth and Springlake and refer to it as home. With two grandsons, a daughter and husband there, keeps us very interested in the Towns of Earth and Springlake.

We miss all our wonderful friends and relatives who live at Springlake and Earth, and we are always glad to receive the Earth News-Sun with all the news from home.

Sincerely your friend,

Mrs. Jesse G. Watson
2724 Barnes Bridge Rd.
Dallas, Texas

The Attorney General of Texas
Austin II, Texas
September 16, 1965

Mr. Ross Middleton
Earth News-Sun
Earth, Texas

Dear Ross:

I just want you to know of my deep gratitude for the support which your outstanding newspaper gave to our recent Attorney General's Youth Conference on Crime.

As you know, more than 1,600 young people from all over Texas came to Austin to study the problem of juvenile crime in this State, and to recommend ways in which this alarming rise could be halted. Their behavior while in Austin was completely beyond reproach, and they rendered valuable service to their State in carrying out these important responsibilities.

Your local delegation played a large role in these proceedings, and it was a great honor to meet and become associated with them. I hope that all of your area citizens will continue to support these delegates as they begin to implement

"CROP" Week Set for October 24-31

A memorandum from Governor John Connally designating October 24-31 as Texas CROP Week was received by Joe T. Salem of Sudan, Chairman of the Texas CROP-CWS Board, during the Board's meeting Tuesday at the Condolier Hotel in Austin.

The document describes the community appeal of Church World Service in Texas and urges participation as follows: "CROP is the only community-wide church food appeal in our State for overseas programs of the churches. As a program of the Texas Council of Churches, CROP is the program of 20 denominational units of our State through the Division of Christian Mission with its local appeals organized, planned, and conducted by local volunteer workers.

"CROP also receives designations for other overseas church relief agencies such as American Friends Service Committee, Catholic Relief Services, Lutheran World Relief, and Menno Central Committee.

"Texas is blessed with abundance, and most of its residents are capable of rendering a helping hand to others. Through CROP we have the opportunity to express our gratitude to God by way of gifts to the needy in other lands.

"Therefore, I, as Governor of Texas, do hereby designate the week of October 24-31, 1965, as Texas CROP Week and urge widest participation in community CROP appeals."

Mr. Salem said, in presenting the document to the board, "With this encouragement, I am confident that the people of our State will help us reach our goal of \$100,000 in cash and commodities."

These ideas, gained at the State Conference, at the local level. Again, my thanks to you for your help.

Yours very truly,

Waggoner Carr

FHA SALAD SUPPER, Friday night, at the school cafeteria, preceding the Springlake-Earth-Roosevelt game, was well attended and enjoyed. The delicious food was prepared by the Homemaking Girls.

Peace Corps To Test At Littlefield, October 9

An opportunity for Earth-Springlake area residents to offer their abilities to the Peace Corps will come at 9 A. M., Saturday, October 9, at the Littlefield Post Office.

The opportunity is the Peace Corps Placement Test, which is not passed or failed and you can't study for it. It measures general aptitude and the ability to learn a language. If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an English-speaking area. The test is used by the Peace Corps only as a tool in the matching of Volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps service. It must be filled out and brought to the exam unless previously submitted.

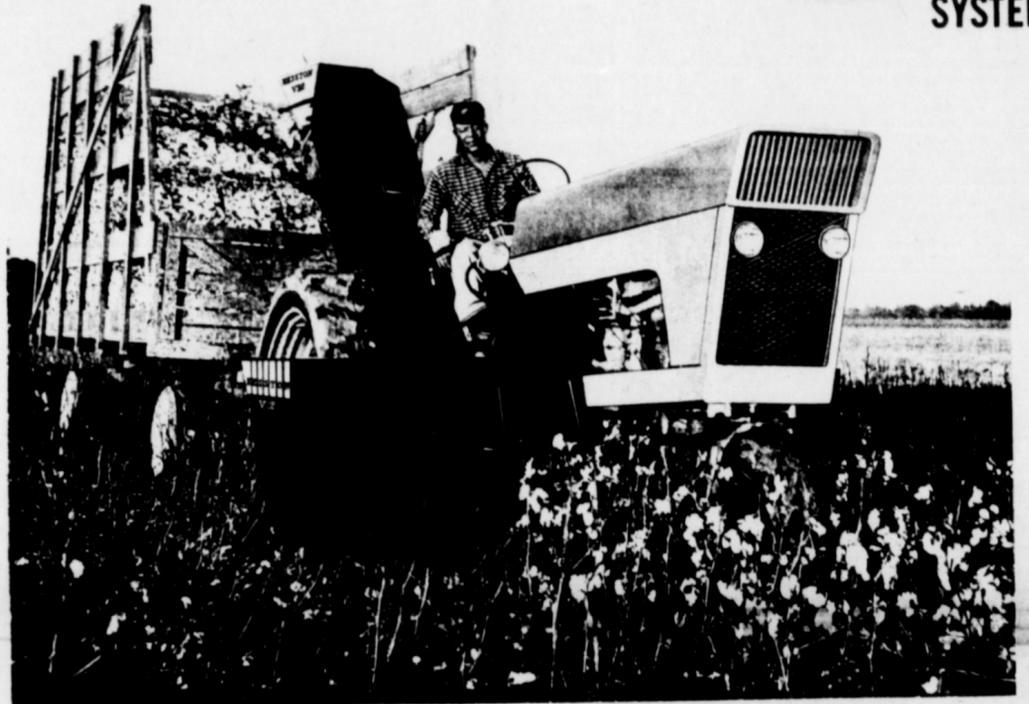

Applicants should plan on about one and a half hours at the testing centers unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

YOU'RE IN THE ARMY NOW

"WE RAN OUT OF GAS SARGE!"

HESSTON V-22 COTTON HARVESTER

JUST 3 V-22 TRAILER TYPE COTTON HARVESTERS LEFT AT A DISCOUNT PRICE....

FLAGSHIP OF THE GREAT SILVER FLEET

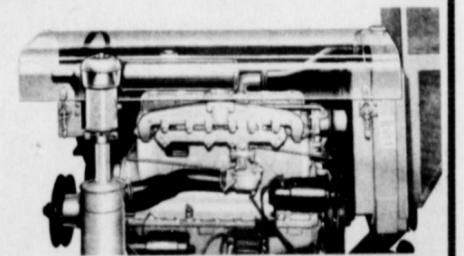

LOW SILHOUETTE — Transport height 9 ft. 2 1/2 in. because of the low elevator, center-fill wing type bin and easily removable radiator screen.

QUALITY CONSTRUCTION

GLEANER Combines have earned the reputation of being lower cost machines to operate and maintain. GLEANER durability begins with the heaviest main frame in the industry... built up from 7" x 1/4" pressed channel steel. There is a solid foundation to hold all shafts, bearings, sprockets and sheaves in perfect alignment. The combine runs lighter, lasts longer, performs better.

The separator framework is welded to and becomes a part of the main frame to provide exceptional top-side strength. There's no twisting of the separator body.

Choose the GLEANER from the GREAT SILVER FLEET that best matches your needs and enjoy the dependable quality that holds cost down, keeps combine value high.

POWERFUL, DEPENDABLE ENGINES

From the very first minute you take the controls of this versatile and dependable performer, you know you've got hold of something special.

This silver giant has been taking over as the combine wherever it is sold. Owners the world over praise it for many and the same reasons: Top performance that saves more grain... easy to handle and adjust... costs less to operate... works in more kinds of crops and conditions... easy to transport... plenty of power... built to last. The Model A II is familiar in every section of the country as more and more farmers come to recognize that this is the one to handle all of their grain, bean and seed crops... faster, at lower cost.

The new A II has a new wing type grain bin with 55-bushel capacity... increased capacity in both the clean grain and tailings elevator to match the added separator capacity.

Now start up the engine and get the feel of the power as you move out to the field. This power will really "talk" when you start into a tough, heavy crop.

You are on your way to a more profitable harvest.

The big, six-cylinder, 230-cu. in. Allis-Chalmers gasoline engine develops 76 hp. It has plenty of smooth-flowing power to handle the toughest of harvesting conditions with ease. It is valve-in-head type, has push-button starting... replaceable wet cylinder sleeves... 12-volt battery ignition... full pressure lubrication... impeller-type cooling system. Large, oval-shaped fuel tank holds 41 gallons, enough for a normal day's run. Top-side location makes servicing easier. Engine cover is standard equipment. Diesel and LP gas engines available at the factory at extra cost.

New Non-Stick Utensils Are Easy To Use

The newest cookware utensils on the market have a slippery, non-stick plastic surface which makes them a joy for the home-maker to use and wash, says Mrs. Elsie P. Short, Extension home management specialist, Texas A&M University.

Except for the tubed cake pan, all non-stick utensils should be conditioned the first time they are used by wiping with cooking oil or shortening. An occasional oiling thereafter will improve their use when they appear dry.

The use of fat in cooking is optional in top-of-range utensils. Eggs will cook without the addition of fat, but the appear-

ance and favor is improved when the non-stick skillet is very lightly greased.

Most meat has enough fat in itself for flavor and browning and requires no additional fat when it is cooked in a non-stick pan. Muffins lift right out of non-stick muffin cups. With cupcakes, however, it is necessary to grease the cups first.

Tender products with high sugar content, such as butter cakes, have a tendency to stick and tear unless the pans are greased first. Yeast breads and quick breads release from an ungreased non-stick pan, but the pan has to be greased to bake a butter cake or a layer cake.

Angel food, sponge and chiffon cakes bake to the same light volume in a non-stick pan as in an uncoated one. The cake is inverted to cool and has to be loosened with a rubber spatula in the same way as an ordinary pan.

Do not grease the pan for cookies which contain shortening,

but grease will be needed for meringue cookies which contain no shortening. The egg poacher cups have to be greased lightly to insure easy removal of the eggs.

The non-stick coated casseroles, waffle and grid irons offer great advantages when it comes to cleaning. Hot foods seem to release better from non-stick pans than cold ones.

Remember to use nylon coated, rubber, wood, all non-stick and plastic coated metal spoons and spatulas with your non-stick coated cookware.

PARTY LINE

Recent visitors in the home of Mrs. H. H. Hamilton were Mrs. Dora Terry, Mrs. Naomi Burgess, Miss Ruby Jones, Mrs. Rita Richardson, and Mrs. Jane Beavers.

Mrs. Betty Sulser and Mrs. Mary Kate Belew presented the program, "A Study of Acts" to the WSG of the First Methodist Church in Muleshoe this week.

Visiting in the Bud Jones home last weekend were Mr. and Mrs. A. J. Phillips, of Muleshoe, Mr. and Mrs. Carey Latham, Mr. and Mrs. Dewitt Kelley, and children of Holly, Colorado, and Mr. and Mrs. John Bridges and family.

H. F. Bridge, of Weatherford, visited last week in the John Bridge home.

Mrs. Lucille Price and Larry Price took Monty, Micky, and Max to the South Plains Fair in Lubbock Monday.

Mona Price, daughter of Mr. and Mrs. Larry Price returned home Tuesday from Medical Arts Hospital.

Johnny Garrett, son of Mr. and Mrs. John Garrett, left Wednesday for service with the Army.

Mr. and Mrs. Curtis Sterling and daughters of Lubbock, and Mr. and Mrs. Tommy Thomas, of Oklahoma City, spent the weekend in Earth visiting their mother, Mrs. R. E. Barton. They also visited Mrs. Thomas' daughter and family, Mr. and Mrs. Richard Stockstill and children.

Mrs. Claude Davis and family of Lovington, N. M., visited in the R. S. Cole home last week.

Mr. and Mrs. Dean Foshee were in Lubbock Saturday.

Mrs. John Garrett spent Monday in Lubbock at the Fair.

Johnnie Anderson, son of Mr. and Mrs. Ervin Anderson, left Ft. Riley, Kansas, September 19, with the 1st Infantry Division of the Army, for oversea's duty.

Mr. and Mrs. Paul Woods spent Sunday in Quanah.

NOSIN...

(Continued from Page 1)

Add to your meal some meritment
And a thought for kitch and kin;
And then as your prime ingredient
A plenty of work thrown in,
And a little whiff of play,
Let a wise ole book and a glance
Above complete the well made day.

"nosin"

It's true. Civilization is a system under which a man pays a quarter to park his car so he won't be fined a dollar while spending a dime for a nicker cup of coffee...

"nosin"

Parting Thought: So seldom in our prayers do we ask for a change of character, but always a change of circumstances...

"nosin"

A busy life is a contented life... So they say... And if that be true, I'm probably as contented as the old contented cow herself... Only just haven't had time to take stock of my deep contentment...

You see, we are trying to get this 16 page paper out, while at the same time trying to get ready for open house Friday and Saturday... LaDon is moving... Joan is ill and can't come back to work... Carolyn's health is poor, and she's going to retire to the status of house-wife and mother... So we're short, short, short, handed...

Now May I suggest that some of you poor discontented gals, who can type at the speed of a rocket... apply for a job on this idle IBM typewriter... and share this busy life, you might scoop up some of my contentment... I'm just overcome with all this down right contentment...

To add to my busy contented life, I've gotta go to Oklahoma, my sister is ill, my mother is ill... and I've gotta go down and at least cheer them up... Huh?

Mrs. Johnnie Fox, Mrs. Roxie Fox, and Mrs. Muriel Riley, all of Longview, Washington, recently visited in the Tommy Wheatley home.

C. L. Hamilton and Butch were in Lubbock Monday for the South Plains Fair and the Parade of Bands.

Mr. and Mrs. Fisher Foster were in Lubbock Monday where they attended the Parade of Bands and also visited with Mrs. Hobart Howard.

Care Of Non Stick Cooking Utensils

The new non-stick utensils are a joy to clean and use, says Mrs. Elsie P. Short, home management specialist, Texas A&M University.

All non-stick utensils should be conditioned the first time they are used by applying thin coats of cooking oil or shortening. If they appear dry from repeated use, an occasional oiling will improve them.

Non-stick utensils may become stained if high heat is used to fry foods. This causes fat splatters to burn on the surface of the pan. These stains can be easily removed by boiling one cup of water, one half cup of liquid laundry bleach, and two tablespoons of baking soda in the pan.

Mrs. Short says to wash the pan and treat it with cooking oil to recondition. This formula removes the stain and eliminates sticking, a common complaint after food has burned in the pan. Avoid extreme heat, as this may crack the non-stick coating. And, Mrs. Short says, remember to use nylon coated, rubber, wood, all non-stick and plastic coated metal spoons and spatulas with non-stick coated cookware.

Boy Scout News

Forty Boy Scouts met at the Scout Building Tuesday night to study compass reading and following maps through the use of same. Directing the studies were Travis Jaquess, Jack Rylant, and Jim Glasscock, of Littlefield. Special Agent Leland Stephens (an FBI representative) from Lubbock, will be here Tuesday, October 12, from 6-8 p.m. to speak on "Fingerprinting" in conjunction with the fingerprinting merit badges. Boy Scouts are urged to attend. Their parents are also invited.

Mr. and Mrs. A. E. Patterson spent Saturday in Portales with John, who is a student at Eastern New Mexico College.

Mr. and Mrs. C. R. Harmon and children, of Sacramento, California, were recent visitors in the Tommy Wheatley home.

Sunday afternoon visitors in the M. B. Baldwin home were Sid West and David Barnes, Wayland students.

SPRINGLAKE'S FIRST COTTON BALE, grown by Robert and Purche Riley, was brought in to the Farmer's Co-op Gin in Springlake, Wednesday, September 22, at 3:30 p.m.

SS Amendments of '65 Change Laws Applying to Women

What do you know about social security and how it affects you, the modern American woman?

The Social Security Amendments of 1965, recently signed into law by President Johnson, make several changes in the social security law as it applies to women. John G. Hutton, manager of the Lubbock Social Security office says, here are the most important changes and what they can mean to you.

A WIDOW may now elect to receive social security benefits as early as the age of 60. These benefits will be reduced to take account of the longer time they will be paid. Previously, the widow of an insured worker had to wait until she reached 62 before she could get widow's benefits.

A DIVORCED woman may now receive wife's or widow's benefits under the following conditions: If she was married to her former husband for at least 20 years; if she has been receiving at least one half of her support from her former husband (or there is in effect a written agreement or court order for substantial contributions) and if her former husband had worked long enough under social security.

A son or daughter of a retired, disabled, or deceased worker may now receive child's benefits up to the age of 22, if he or she is unmarried and a full-time student. The MOTHER of such a student, however, will stop receiving mother's benefits, just as before, when her dependent child reaches 18 (unless he has been disabled since before age 18) or marries.

A WIDOW 60 or over whose benefits has stopped because she remarried may now receive benefits on her deceased husband's account (in the amount of 50 percent of his benefit) even though she is married again. If she is entitled to benefits on her new husband's account, she will receive an amount equal to the higher of the two benefits. And if the second marriage ends, she may receive her original widow's benefit again.

Area Masons To Meet In Sudan

A Workshop has been scheduled for officers and members of Masonic Lodges in this area at 8 p.m., September 30. The meeting will be held in the Masonic Hall in Sudan. Officers of Littlefield, Muleshoe, Olton, Earth and Sudan Lodges are especially invited.

The Workshop is part of a statewide, semi-annual program authorized by the Grand Master of Masons in Texas, J. Carroll Hinsley of Austin. The program is conducted for nearly 1,000 Texas Masonic Lodges with a membership of 250,000 men. The Masonic Order is the state's largest fraternal organization.

The purpose of the Workshop is to enable Masons to study common problems of Masonic Lodges and their operations. The Workshop will be conducted by L. B. Montgomery of Littlefield, who is chairman of Masonic Workshop Area E-7.

Grand Master Hinsley stressed the importance of attendance by all Lodge officers and emphasized that other Masons are welcome.

be in Littlefield on October 5 and again October 12 in the County Courthouse at 9:00 a.m.

Littlefield ASCS Moves To New Location

Lamar Aten, Lamb County office manager for the Agricultural Stabilization and Conservation Service announced last Friday that the offices will move to their new location this coming Friday afternoon.

The ASCS will be located in the building formerly occupied by Lane Furniture at 215 Phelps Avenue.

"We will be open for business at our present location in the basement of the Lamb County Courthouse most of Friday except to close early so that we can get everything moved and set up for business in the new location bright and early Monday morning October 4," Aten stated.

"A need for more space prompted the move," Aten stated. There is a probability that the ASCS office will have an expansion program in the near future based on the possible additional work load if farm

ills now in Congress pass. "The present quarters were not sufficient to satisfactorily meet even our present needs and there was no room in the courthouse for expansion," explained Aten. "In addition, the new location will provide much more accessibility for our four to five thousand customers a year. The new location will make it much easier in many respects for the farmer who has business with us," continued Aten.

The new building space has been completely remodeled and has been divided into many more offices than our former location.

Mr. and Mrs. C. O. Taylor returned Sunday night after a week's vacation in London, Paris, and Amsterdam.

Mrs. Billy H. Hodge and Mrs. Beatrice Hahn returned Friday from Ardmore, Oklahoma.

Mrs. C. L. Hamilton and Mrs. Carol Bryant of Dimmitt spent Saturday in Lubbock.

Mrs. Tommy Wheatley and children attended a family reunion in Longview last weekend, and also visited in Dallas and Ft. Worth.

Lazbuddie News...

By Mrs. C. A. Watson

Twelve members of the Lazbuddie H. D. Club met Monday afternoon September 20, in the home of Mrs. Dennis Nelson. Mrs. Adrian Weir gave the program on cleaning aids for tile, porcelain and enamel. She also handed out folders pertaining to the cleaning aids. Refreshments of homemade ice cream and cake was served to Mrs. Elton Riley, Mrs. Jimmie Briggs, Mrs. Dalton Mimms, Mrs. Roy Max Miller, Mrs. Adrian Weir, Mrs. Bill Rodgers, Mrs. Marlon Green, Mrs. Joe Don Gallman, Mrs. Harvey Blackstone, and Mrs. Nelson. The next meeting will be in the home of Mrs. Dalton Mimms. The program will be on accessories to clothing.

A Farm tour was made in the Lazbuddie area last week by the Farmers Home Administration. The home of D. J. Gallman was inspected and the farms of Andy Fuqua and Lynn Cox were observed. The crops were inspected which were good by the use of new practices carried out. The Cox and Fuqua farms are on the FHA operators load program. The boys were congratulated on their proper management.

The Midway H. D. Club met Tuesday afternoon of last week in the home of Mrs. M. C. Mason. Members voted to disband the club and organize a new club, called the Mid-Way Variety Club. This will be a variety of work the members will do including craft, needlework and etc. At present some of the members have completed beautiful swans made of bleach bottles and net.

The same officers were retained for the new club until January 1, 1966 that were in the H. D. Club. They are Lora Brown, President; Mrs. Dee Brown, Vice-President; Mrs. Loyd Williams, Secretary; and Mrs. M. C. Mason, Reporter. The Club will meet in the home of members each 1st and 3rd Tuesday in each month. The next meeting will be at 2:00 p. m., Tuesday, October 5, in the home of Mrs. Lee Mason. The new club promises to be exciting and a lot more interesting than the other club was. Members plan to help the needy with ideas they will create and sell. They will use scraps of material and other things that may be used as useful gifts and novelties. The meeting closed with refreshments served then the women just visited for a while. The fellowship was really enjoyed as one member put it.

Raymond Webb, 26, employed on the Charlie Glover farm was badly burned Thursday a. m. of last week when he lit a match to light a cigarette that caused a minor explosion in the farm house in which he lived. It is thought fumes from a leak in a butane pipe caused the flash fire. Webb was burned over his body, feet, legs, and arms with first and second degree burns. He is recuperating in the West Plains Hospital in Muleshoe and is expected to be dismissed soon. Congratulations to Mr. and Mrs. Jerry Gleason on the birth of a son born September 18. The baby was born in the Clovis Memorial Hospital. He has been named Jerry Lance Gleason. The boy weighed 6 lbs. 11 oz. Grandparents are Mr. and Mrs. James Mabry and Mr. and Mrs. T. L. Gleason, all of Lazbuddie. In the Lazbuddie High School Auditorium Monday evening at 8:30 the Lazbuddie FHA girls met for a tour, going to some of the homes of the girls and being served refreshments by

the girls' mothers. Their first stop was at Mrs. Alford Steinbock's where they were served the appetizers. In the home of Mrs. R. B. Seaton they were served salad, meat at Mrs. J. B. Jennings and the dessert at Mrs. W. G. Garland. Other mothers assisting with the meals on the tour were: Mrs. Don Schumann, Mrs. Garland Ramage, Mrs. Freeman Davis, Mrs. James Robinson, and Mrs. Lee Mason. The girls met back at the auditorium for a business meeting, initiation of the freshmen, which concluded their first social meeting of the 1965-66 school year. Present for the FHA meeting were: Marsha Schumann, Sheila Vaughn, Connie Harlan, Janice Miller, Marilyn Barnes, Nedda Foster, Vickie Broyles, Jackie Seaton, Jennie Steinbock, Charlotte Davis, Debbie Bullock, Tonie Smith, Marquitta Seaton, Aleene Embry, Joy Williams, Linda Ashford, Jan Mason, Tammie Jennings, Cynthia Walli, Jeannie Beach, Carolyn Morris, Myra Morris, Ramona Espinosa, Marsha Addudel, Terri Sue Embry, Cynthia Harvey, Carol Miller, Sherry Robinson, Jill Mimms and Cheryl Ramage and Christine Espinosa. Also attending were: Mrs. Myrtle Steinbock, Mrs. Alton Morris, Mrs. Sam Barnes, and the FHA sponsor, Mrs. Earl Ellis.

Several students from the Lazbuddie school attended the Fair at Lubbock Monday as it was Lazbuddie Day at the Fair. Birthday Greetings this week go to: Robert Flores, Bonnie Harden, and Jesse Mendoza. Mr. and Mrs. Rufus Carter returned Friday from visiting relatives in Mangum, Oklahoma. Sunday guests in the Rufus Carter home were the L. H. Bradshaw family, Mr. and Mrs. Jerry Bradshaw and Mrs. Jacque Williams.

Party Line

Mr. and Mrs. J. A. Littleton Sr. attended the Prince Street Baptist Church in Clovis, Sunday, where Earl Landtroupe, formerly of Earth, is pastor. Following church services, Mr. and Mrs. Littleton and Rev. and Mrs. Landtroupe dined at the Silver Grill.

Among those attending the South Plains Fair in Lubbock Monday were Mrs. W. D. Martens and Mrs. Gene Brown.

Recent visitors in the home of Mrs. Lois Moore were her daughter, Mrs. Ted Walker and daughters, of Dallas, and her son and daughter-in-law, Mr. and Mrs. Mike Moore, of Durant, Oklahoma.

Miss Eva Ray Hawkins spent last weekend in Decatur.

Miss Lanell Lovett visited in Lovington and Artesia, N. M., last weekend.

AFTER THE SALE ... THEN WHAT?

ALL I SAID TO JOE WAS HOW'S YOUR TRACTOR WORKING?

Maybe you won't believe it, but Joe's usually a pretty even-tempered guy. Honest! Lately, though, he's been having some troubles with that tractor of his. He bought it on strictly "price"—a long way from home—from a fellow who couldn't—or wouldn't—provide needed service and adjustment. Now the tractor won't budge... and as you can see, Joe is a "trifle upset."

With us, after-sale service (as well as pre-delivery service) is mighty important and we stand behind every deal we make. We maintain an adequate stock of genuine parts, with experienced mechanics to properly service your tractors and equipment. Come in for a visit. Give us a chance to prove that we mean business—good business for you!

Our Continental Caper To London, Paris, And Amsterdam

By Wilma Taylor

It was just like departing from a large family reunion when 150 General Electric dealers, wives and representatives parted Sunday at Love Field, Dallas for their respective homes, after eight days as one big happy family, celebrating one of the most memorable times of our life. Next year we hope to meet for another "Caper" to see another part of the world. These trips are awarded to top General Electric dealers annually.

Many of the dealers making this trip had made one or more previous trips together and were acquainted, as for those making one for the first time, by the time we had reached New York, everyone was just part of the family.

We left Lubbock via Continental Airline Sunday, Sept. 19th to meet our chartered Air France Jet flight at Dallas. We departed Dallas at 5:30 p. m., with our Air France French crew, soon to be looking down on Little Rock, Memphis and Charleston and in three hours landed at J. F. Kennedy Airport, New York for a brief stop and refueling. New York was "fogged in" so we were unable to view the City.

Few slept during the overnight overseas flight and we watched as we passed over Nova Scotia, New Scotland, Ireland and England. The first thing I noticed at daylight over Ireland was the difference in the land as seen from the air. Where we see definite lines and borders, theirs were all shapes and sizes but nothing of a straight borderline. (A surveyor's nightmare.)

Shortly after breakfast in flight, we landed at Heathrow Airport, London. Customs didn't bother with an inspection. We went directly to the three touring buses and guides awaiting us and who were to be at our disposal all during our stay in London. We left the airport for our Europa Hotel and the bus rides were something else! First, we started off down the wrong side of the street and everyone was dodging everyone else. Of course the right side is their wrong side but it seemed they never heard of a traffic rule (just first come, first serve.) However, we saw few, if any, dented cars. Our drive to the hotel took us through residential districts where the housing consisted mostly of two story duplex apartments all built alike. We wondered how their distinguished theirs from their neighbors but found that each family paints their color so that the duplex is one half one color, one half another.

After a buffet luncheon at the Europa hotel (where the water tasted like Oklahoma cistern water) we departed quickly for a panoramic tour of the London West End, City of Westminster. We saw many, many beautiful parks and flowers, the parks overflowing with Londoners, relaxing. We later learned that our three-day stay in London was three of the five days of sunshine they had had this year. We toured the shopping district, Harrod's, one of London's largest department stores was most impressive, in fact, when we shopped there later there wasn't a thing you could think of that they didn't sell.

The United States Embassy was the newest, most modern building standing among the old historic ones, many smoked and black from bomb damage. One-third of London was bombed in World War II and much original damage has been left, probably

for tourist attraction. We toured Westminster Abbey, where all the Kings and Queens have their coronations, Princess Margaret was married here, Queen Elizabeth had been here the day before and unveiled a monument to Winston Churchill. (See, we just barely missed her!) From here we went on to view Big Ben and the Houses of Parliament, Buckingham Palace, (the Queen's London home.)

We returned to our hotel at 5:00 p. m., unpacked and prepared for our evening. At 7:30 p. m. we gathered in the ballroom for our reception and dinner. The menu consisted of Roast Duck in Orange Sauce, shrimp boats, asparagus soup, cheese-cake, dinner wine, and demitasse coffee. Little did we realize then that the Roast Duck and dinner wine was going to greet us at mealtime almost constantly for eight days. These people are insured if you do not like their cuisine and if you couldn't water, however, they could not outdo 150 Texans. After about three days of this menu, I would have given \$20.00 for a can of Vienna sausage. The London water was plentiful out of the tap, however, in Paris we ordered bottled distilled water.

After our hotel reception and dinner, we went to Churchill's of Bond Street, a London club noted for its shows and atmosphere. We called "King of the Road" our theme song as one of our group, Mrs. Pate, was sister of Roger Miller who wrote the song. We were greeted with it everywhere in the clubs, among many other good Texas musical arrangements. Tuesday already, and after an early breakfast the group of three touring buses and most informative guides took us for a view of the Tower of London and a Boat Trip on the Thames River. This afternoon, we were free for personal excursions so we did a little shopping and rode the London subway to Piccadilly Circus, returning to the Hotel in time to prepare for the evening at Soho (London's Latin Quarter) where we had refreshments, dinner and entertainment.

Wednesday, again shortly after early breakfast, the touring buses took us for an excursion of Windsor. We toured the Windsor Castle, in part, the flag was down on the Castle meaning the Queen was not in residence today. She was on vacation in Scotland. On our trip out to Windsor Castle we caught a glimpse of the John F. Kennedy Memorial at Runnymede and saw the Queen's farmland, sheep herds, race horse stables, and track. We were greeted at the Castle Hotel for a luncheon. (mutton, this time). After this, we returned to Hotel Europa to prepare for the evening. This evening's entertainment was planned at London's "Talk of the Town", where we had a reception, dinner, dancing, and entertainment.

We were soon leaving London. Other attractions which we had seen, but only skimmed, by our guides as time was so limited were the Horseguards, in Whitehall, New Scotland Yard, The Roosevelt Memorial, Grosvenor Square, Hampton Court Palace, and Downing Street. There were others I am sure we will remember only when we have viewed our films.

Thursday - Sometime between scheduled events we had found time to pack bags for our 7:00 a. m. departure on our chartered Air France Jet to Paris. We arrived at Orly Airport, Paris at 9:00 a. m. Once more, touring buses, this time with French

guides, were waiting to take us to our Le Grand Hotel. This hotel is strictly Old Country and being over two hundred years old, was occupied by the German troops in World War II. The rooms had balconies from the bedroom and bathroom. The view was marvelous and the elevators and decor, quite quaint.

After a hotel luncheon, (still roast duck), we departed for a panoramic tour of Paris where we viewed the Paris Opera House. (This was directly across from our hotel room balcony.) We visited Notre Dame Cathedral, (The Hunchback of Notre Dame was actually filmed here), the fabulous museum, the Louvre, (inside is the original Mona Lisa, crown jewels, etc.) This is actually six museums in one and we could spend weeks inside, however, we weren't allowed time for an inside tour.

We saw the shopping area of Paris, all the famous shops. Here the streets are so crowded that at least they drive on the right side of the street. A pedestrian is always in danger, and in case of accident is always at fault. We toured the area famous for Parisian night life. The Moulin Rouge, Lido, etc. Actually, reminds us somewhat of Las Vegas.

We returned to our hotel for our evening reception, dinner, and entertainment. Then it was Friday. We and others winning the extra trip to Amsterdam, Holland were up early for our KIM flight and at 10:00 a. m. we arrived in Am-

sterdam. This was a very exciting day for us as we were met at the Airport by the family of Mrs. Jerle Taylor who were to accompany us on our tour this day. Having just returned from Texas two weeks before, they were as excited as we were having the opportunity to show us their homeland. The tour buses and Dutch guides met us here and we visited the Amsterdam Diamond Factory where the stones are cut and set in their mountings. Here, Doodle brought my birthday present... a diamond ring with an unusual setting. Gee, am I proud we went to this place!

After a tour of the city we had a canal boat ride in a deluxe glass-topped motor launch. We saw homes built during the Golden Centuries of Holland, when this small country was the world's leading nation in shipping and trade. We proceeded to Monnickendam for lunch in a typical old Dutch restaurant. Here the proprietor showed and demonstrated some of his large collection of ancient music boxes and antiques.

After lunch, we made a visit to the old fishing village of Volendam, where people still wear the old costumes of wide trousers and wooden shoes you remember from school books.

After this, we had to say goodbye to the Dannenburgs, the mother and sisters of Mrs. Jerle Taylor. From here we proceeded to the Hague, where a visit to the in-

ner court of the House of Parliament was followed by a city excursion ending with a visit to the Pier in Scheveningen. After a walk on the pier and boulevard the party was served a delicious Indonesian rijkstafel (rice table) consisting of boiled rice with many side dishes containing various kinds of meat, fish, and other tropical ingredients.

After the meal, we were off to Schiphol Airport and our KLM flight back to Paris, arriving at the hotel at midnight. Saturday was our last day in Paris. After breakfast, we left on the tour buses for our excursion to Versailles. The Palace of Versailles contains 2,000 rooms, about 20 which we toured. (By this time, we would thought we had toured all 2,000 of them.) The Kennedy's had been received in the "Hall of Mirrors" of this palace, on one of their visits to Paris. The beauty of all the furnishings in this palace are unbelievable.

We proceeded from the Palace to luncheon at Le Lido, Versailles, then returned to the hotel with three hours free, which we spent doing a small amount of shopping, packing for our return home and preparing for the evening's Gala dinner party at the famous Lido where our last night in Paris and Europe was spent with dinner and marvelous entertainment. We returned to the Le Grande Hotel for the last time.

Then came Sunday, the last day of our vacation, and we will arrive home, thinking we have had a dream. We left Paris via our chartered Air France Jet at 8:30 a. m. Paris time, arrived

at JFK Airport, New York at 11:30 a. m. and Dallas at 2:30 p. m. We saw twenty hours of daylight today. The parting of our group was with mixed emotions and everyone is looking forward to next year's General Electric trip.

PARTY LINE
Cheryl Foster, of Plainview, spent the weekend in the home of her parents, Mr. and Mrs. Leon Foster.

Filling the pulpit Sunday in the First Baptist Church, in the absence of M. B. Baldwin, pastor, were Rev. John Silvey and Sidney West, Wayland students.

BAND FAVORITES at Springlake-Earth High School for the 1965-66 school year are Floyd Bennett, left, and Carolyn Kelley, right.

Girl Scout Mother Of The Week

Mrs. Wilson Lewis (Agnes) is beginning her second year as assistant Brownie Leader for Troop 398, Mrs. Sam Barden is leader.

Mrs. Lewis has attended several Girl Scout Workshops and Training Courses for Brownie Leaders.

Prior to serving as a Girl Scout Leader, she served as a Den Mother and assistant Den Mother for the Cub Scouts for three years, and served as Cub Scout Reporter for four years.

Other interests in which Mrs. Lewis is active are: Bible Class for Spanish children at the Church of Christ, PTA Membership chairman, Mother's Auxiliary for Boy Scouts, and is currently assisting Clarence Hazlett in teaching fingerprinting to the Boy Scouts.

Mr. and Mrs. Lewis have four children: Michael and Sam, who are both Life Scouts; and Quincy and Neshia, who are both Brownie Girl Scouts. Mr. Lewis is a farmer, and is serving as a Committeeman for the Boy Scouts.

Where Scouts gather, there you will always find Agnes Lewis, ready and willing to work. She may be seen, marching with Scouts in Memorial Services, Rodeo Parades, building floats, using her home for a workshop and mother's meetings, accompanying groups to Scout Camp, Scout Circus, etc. She is truly a great leader of Girl Scouts and Boy Scouts, and the Earth community is indeed fortunate to have Agnes Lewis, guiding and directing our youth.

Quoting Mrs. Lewis, "Working with both Girl and Boy Scouts pays off in large dividends through the happy faces seen in accomplishment; the sheer joy of a child doing something that he could not otherwise do for various reasons; the new and lasting friendships made during Scouting days and also because my children are interested in being members of these organizations. These benefits outweigh, by far, the time and effort put out in preparation for Scout meetings."

W. S. G. Study Held In Hamilton Home

The Wesleyan Service Guild met in the home of Mrs. Ann Hamilton, September 27. Vice-President, Ann Hamilton, presided over the business meeting, with Mrs. Naomi Burgess giving the opening prayer.

Mrs. Beulah Newton presented an interesting and informative program on, "Living in The Space Age; Automation and Leisure." Mrs. Ann Hamilton gave the benediction.

Refreshments of cake, fruit salad, nuts, and coffee, were served to the seven members and guest.

Those present were Mrs. Rita Richardson, Miss Ruby Jones, Mrs. Marilyn Hamilton, Mrs. Beulah Newton, Mrs. Naomi Burgess, Mrs. Mae Hamilton, Aurelia Sanders, and the hostess.

W. B. Smith, father of L. T. Smith, is a patient in the Amherst Hospital.

CALLING ALL HOME MAKERS

By Wilma Taylor

YOU CAN BREAK THE RULES

More and more during the last few years, it has become a trend among decorators, both professional and amateur, to break all the so-called "rules".

Everyone remembers, a few years back, when we were told never to use blues and greens together, but now we all know that the right shades of blues and greens blend beautifully.

As a matter of fact, blue and green mixtures in the same fabric are extremely popular in both draperies and upholstery. This is an example that many of the previous rules have been thrown out of the window.

Today, you can also do more mixing of woods, periods, finishes and colors in the same room. There is a much greater trend towards mixing than matching.

The idea is that each piece of furniture should have individuality and personality of its own. Yes, you can break the so-called "old" "rules" -- provided the whole effect creates a harmonious picture.

And, what makes a "harmonious picture" in your home? We invite you to come in, talk it over with us. We are confident you will find exactly what you need. We'll be looking forward to seeing you.

Taylor Furniture, Phone 257-3231, Earth, Texas.

SCOUT MOTHER OF THE WEEK
MRS. AGNES LEWIS

Alair Home Scene Of XIT Study Club Meet

The XIT Study Club met in the home of Mrs. Louise Alair Tuesday night.

A very interesting program was presented by Nadine Foley of Littlefield. Mrs. Foley is the president of TOPS. Mrs. Foley brought ideas on how to take off pounds sensibly. Mrs. Foley also had three ladies of the TOPS Club as her guests.

During the business meeting the XIT Study Club voted to send a donation to the Guide Dog for the Blind.

Refreshments of chocolate cake, watermelon balls, coffee and Cokes were served to the following members and guests: Mrs. Velma Baker, Mrs. Marvel Canithen, Mrs. Mary Clayton, Mrs. Gayle Jones, Mrs. Doris Winder, Mrs. Myrtle Clayton, Mrs. Ethel Drake, Mrs. Wanda Neinat, Mrs. Louise Alair, Mrs. Marie Slover, Mrs. Dorothy Washington, and Mrs. Foley and her guests.

Everyone is invited to attend the next meeting of the XIT Study Club which will be held in the Springlake Community Building, October 5, at 8:00 p. m. The program will be given by Mrs. Florence Reilly of the McKnight State Tuberculosis Hospital.

Scout Mother's Auxiliary Meeting Held

The Mother's Auxiliary met Tuesday night in the home of Mrs. Gale Littleton.

Officers were elected for the coming year. They were: President, Mrs. Gale Littleton; Vice-President, Mrs. Fern Bock; Secretary-Treasurer, Mrs. Donald Street; Finance Chairman, Mrs. Mary Jones; her finance committee, Mrs. Alma Ott, Mrs. Vivian Parish, Mrs. Jane Kelley, Mrs. Helen Templeton, and Mrs. Margaret Hardwick; Reporters, Mrs. Jane Kelley and Mrs. Beth Kelley.

It was decided to pay for the fingerprinting supplies for the Boy Scouts, who are working on fingerprinting merit badges.

As October is the only month that they raise funds for the Boy Scouts, the mothers will hold the Annual Bake Sale October 12 and 13 in the Earth grocery stores.

Mothers responsible for calling patrols are: Rattle Snake Patrol, Mrs. LaJuana O'Hair; Bat Patrol, Mrs. Janette O'Hair; Buffalo Patrol, Mrs. Lorene Perkins; Raven Patrol, Mrs. Beth Kelley; Panther Patrol, Mrs. Lucille Sheller; Alligator Patrol, Mrs. Fern Bock and Mrs. Lucy Brock. These patrols are responsible at Court of Honor meetings, bake sales, etc.

This year the Scout Mothers have helped to pay to move the Scout building to the park, painted it, made window shades for the building, and bought cooking equipment for camping.

Anyone who has seedling trees that they don't need, please let us know, as the boys would like to plant them around the Scout building at the park.

Please call Travis Jaques, Agnes Lewis, or Gale Littleton on this matter.

Present at the meeting were: Mrs. Lomen Perkins, Mrs. Pat Glasscock, Mrs. Agnes Lewis, Mrs. Donald Street, Mrs. Helen Templeton, Mrs. Mary Jones, Mrs. Fern Bock, Mrs. Jan O'Hair, Mrs. Beth Kelley, and Mrs. Gale Littleton.

NOTICE

Friends are invited to a party honoring the foster children of Mr. and Mrs. Lexie Branscum, at the Earth Community Building, Sunday, October 3, at 7:00 p. m. There will be a money tree.

Rainbow Installation will be held Friday, October 1, at 7:00 p. m. It will be an open installation. Sharon McAlpine will be installed as Worthy Advisor.

Bridal Tea Honors Miss Susan Green

A bridal tea, honoring Miss Susan Green, bride-elect of Ronnie Stewart, of Alexandria, Virginia, was given Saturday, September 25, in the home of Mrs. Price Hamilton.

Guests registered in a bride's book of white satin, which was at an entry table, featuring the bride's chosen colors of white and pink.

The dining table was covered with an imported cut work cloth, and featured an artistic centerpiece of pink dahlias.

Refreshments of dainty sandwiches, mints, nuts, cookies, and pink fruit punch were served by Mrs. La Juana O'Hair and Mrs. Loy Jean Green.

Stereophonic wedding selections were played. Many miscellaneous gifts were received by the honoree.

Hostesses were Mrs. Lucile Price, Mrs. Dora Belle Angeley, Mrs. Ida Mae Haberer, Mrs. Elaine Davis, Mrs. Loy Jean Green, Mrs. Bonnie Haberer, Mrs. Zada Anglin, Mrs. Dorothy Woods, and Mrs. Lillian Hamilton.

The bride-elect, Miss Green, will become the bride of Ronnie Stewart on October 9, in Houston. The couple will reside in that city, where the groom-elect is a student at the University of Houston.

WACs View Roosevelt Film

The WACs met Tuesday night in the High School. Coach Smith gave interesting comments on the football program, and showed the Springlake-Roosevelt film.

Refreshments were served to Coach Smith, Coach McKinley, and twelve members.

The next meeting will be Tuesday, October 5, at 7:30 p. m. At the meeting Ed Haley will discuss football rules and officiating.

All interested ladies are invited to enjoy this meeting with the WAC's.

Sigma Phi Meeting Held

The Beta Sigma Phi members met September 28, at the Earth Community Building, for an interesting program, "Self-Analysis", presented by Mrs. Charles Parish.

Members attending were: Mrs. Charlie Jones, Mrs. Rayburn Ott, Mrs. Jim Williams, Mrs. Jerle Taylor, Mrs. Robert Taylor, Mrs. Richard Bills, Mrs. Mike Simmons, Mrs. Sawnee Branscum, Mrs. Charles Parish, and Mrs. George Taylor, and a guest, Myra Dell Metcalf.

The sorority will have a rummage sale Saturday, October 6, at the C&G Builders.

BAND OFFICERS of Springlake-Earth Wolverine Band for the 1965-66 school year are left to right, Diane Gregory, President; Anita O'Hair, Vice-President; and Joan Dawson, Secretary.

Mrs. W. T. Clayton, Speaker At T. and C. Study Club

The Town and Country Study Club met Thursday, September 23, in the home of Mrs. Carra Morgan.

Mrs. John Laing, president, was in charge of a business and program session. Mrs. Marie Parish Ross became a new member. The Club Collect was led by Mrs. C. T. Richardson.

Roll call was answered by "My Travel Dream."

The guest speaker, Mrs. Myrtle Clayton, of Springlake, was introduced by Mrs. Wayne Rutherford, who presented the program topic, "Knowledge Through Travel". In a clever and unique manner, Mrs. Clayton invited the group to accompany her on

her recent tour of Central America. She presented colored pictures to assist her in describing the beauty, and displayed keepsakes in addition to show the handiwork of the people.

Stories of parakeets, cock and bull fights, beautiful gardens and islands were fascinating. It was a lovely trip for all attending.

Breakfast Honors Mrs. Terry Green

A surprise "Going Away" Breakfast honoring Mrs. Terry Green was given Friday, at 6:00 a. m. in her home.

Friends called, with doughnuts and coffee. Those attending were Mrs. Carl Sanderson, Mrs. Robert Taylor, Mrs. Mike Simmons, Mrs. Richard Bills, Mrs. Rayburn Ott, Mrs. Charlie Jones, Mrs. Charles Parish, and Mrs. John Laing, Jr.

Mr. and Mrs. Green and boys will soon be moving to Lubbock, Tex.

As guests arrived, they were served fruited sandwiches, assorted Shishkebab, Lemon Snow, and fruit punch.

A beautiful floral arrangement of Pom-Poms and Chrysanthemums in fall hues adorned the dining table.

Attending were Mrs. B. Campbell, Mrs. H. S. Sanders, Mrs. Sam Cearley, Mrs. Roy Neal, Mrs. B. T. Hamilton, Mrs. Ray Kelley, Mrs. L. Z. Anglin, Mrs. Lottie Orteg, Mrs. Dora Terry, Mrs. Jane Beavers, Mrs. M. E. Kelley, Aurelia Sanders, Mrs. John Laing, Mrs. C. T. Richardson, Mrs. Wayne Rutherford, the featured speaker, Mrs. Clayton, a guest, Mrs. J. L. Stewart, and the hostess, Mrs. Morgan.

you're invited to our

F.H.A. Salad Supper Has Good Turnout

An F.H.A. Salad Supper was held Friday, September 24, at Springlake-Earth School Cafeteria, preceding the football game. Considering the weather, a good crowd was present. The F.H.A. Chapter collected approximately \$100.00, however some expenses will be deducted, and profits will be used for the year's projects.

Delicious salads, chicken rice casserole, baked ham, desserts, and drinks were prepared and served by the F.H.A. girls.

Mrs. Marie Slover wishes to express appreciation for the public's participation.

Among Those Who Are Ill...

Adrian Sparks, of Lubbock, father of Mrs. Ted Borum, who has been ill for some time, is improving somewhat.

Mrs. Betty Matlock returned to Dallas for additional treatments last week. She is a patient in the Bristol Hospital.

Mrs. Glenn Bullis is a patient in the Littlefield Hospital.

Mona Price, daughter of Mr. and Mrs. Larry Price, is a patient in Medical Arts Hospital, following a tonsilectomy operation.

Mrs. H.H. Hamilton returned home Friday from the Amherst Hospital, where she was a patient.

Allen Gover returned home Tuesday from the Methodist Hospital, in Lubbock, where he has been a patient. His condition is reported as satisfactory.

Charles Dixon, who was in a recent car wreck in Lubbock, and was critically ill in intensive care in the Methodist Hospital of Lubbock, is now convalescing in the home of his parents, Mr. and Mrs. Jim Robbins. His condition remains serious, but he is doing as well as can be expected, and will return to Lubbock for treatments.

Mrs. George W. Clark is a patient in the University Hospital, in Lubbock.

Gene Tunnell, who has been a patient in the Green Hospital in Muleshoe, is reported to be greatly improved.

"As Seen In Earth"

By: Carolyn Hamilton

And here 'tis October, almost. Harvest seems on the way, with combines cutting grain, and a few bales of cotton rolling in. The new look in fall clothes is very glamorous... So many lovely ladies have been seen recently, attired in the striking new colors... No place for the dull and drab, this fall... A tribute to all the brave moms of those college youths who are away for the first time... And I do mean you, each and everyone of you... Doodle Taylors returned from Europe... physically, that is! Secretly, I believe they are still on Cloud 9!

A kind word for all of the mothers who so willingly give their time to the Girl Scouts and Boy Scouts!

Many, many Earth people were seen departing early Monday for the South Plains Fair! How proud we are of that wonderful Wolverine Band, bringing home a second place in the Parade of Bands competition...

Judith Jones' Kindergarten is a very pleasant, interesting place... My granddaughter, Belinda Bryant, of Dimmitt, visited Friday, and I was amazed how advanced they all seemed! Such good training and a sweet teacher...

The week-old daughter of the George Laing's now has a name, Mary Elisabeth... Incidentally, her grandmother, Mrs. James Stewart, of Savannah, Ga. just called her "dahling" and "delectable" last week when we talked with her... Know Grandmother Laing feels the same way...

Mrs. Lois Moore's son, who recently was sent to England, saw the Queen during his first week of Army duty, and Mrs. Moore remarked, she "wasn't the least bit surprised; he's just the type."

Get well soon, Joan Bullis! We miss you!!!

A kind word for the many Senior citizens in our little city, who go about their daily activities... We think you're wonderful... As Victor Hugo wrote, "When grace is joined with wrinkles, it is adorable; There is an unspeakable dawn in happy old age"...

READY FOR THE GAME, Guests, having just finished a lovely meal prepared by the F.H.A. girls Friday night at a Salad Supper at the school cafeteria, were seen having a last cup of coffee before strolling out to the Wolverine Stadium to watch Roosevelt be defeated.

West Texas Buffs Meet Arizona State, October 2

The odds makers will look at comparative scores and say West Texas State is the heavy favorite in this Saturday night's clash against Arizona State in Buffalo Bowl.

However, Buffalo head coach Joe Kerbel is looking past comparative scores to the fact that he has beaten the Sun Devils only once in five tries and that ASU is improving steadily even though its record is 0-2.

West Texas State blanked two Mid-American Conference powerhouses in its first two games. The Buffaloes nipped Ohio University, 7-0, and stunned Bowling Green, 34-0, last Saturday in Canyon, Meanwhile, Arizona State has dropped a 24-6 decision to Brigham Young and fallen before Utah State 13-0 for its first shutout in the past 85

games.

Regardless of their record, Kerbel and the Buffaloes are not taking the Sun Devils lightly by any means. "Arizona State is an improving football team and, as usual, has probably more overall speed than any team we will play which makes them especially hard to defend," said the Buff head man, "Ben Hawkins is a fine football player. He does many things very well," continued Joe.

Hawkins, the Sun Devils' All-America candidate, has played all but six minutes of his teams' two games to date. In last Saturday's loss to Utah State, Hawkins was double-teamed most of the game, but still set the school record of 10 pass receptions. The Buffs expect to give him the same coverage, but hope for better results.

Texas Tech-A & M Game Slated Saturday, In Lubbock

Texas A&M and Texas Tech renew their rivalry for the 24th time at 7:30 p.m. Saturday in Jones Stadium in Lubbock.

Began with a 47-6 Aggie win at Lubbock in 1927, the series stands at 15-7-1 in A&M's favor. In Southwest Conference con-

tests the rivalry is knotted at 2-2-1. Tech has won the last two meetings, by 10-0 and 16-12.

Each is .500 for the season. A&M bounced back from a 10-0 loss to Louisiana State with a stunning 14-10 victory over Geo-

DIMMITT FLOWER SHOW TO BE HELD OCTOBER 2

According to Mrs. Sid Sheffy, of Dimmitt, a Flower Show will be presented Saturday, October 2, in Fellowship Hall of the First Methodist Church of Dimmitt (located in the north wing). It is a Table Arrangement Show. Everyone is cordially invited to attend and see the beautiful fall arrangements.

Card Of Thanks

I wish to thank all the friends and neighbors for all the flowers, cards, and visits during my lengthy stay at the hospital. Also for the kind deeds they did for my family. Your thoughtfulness and consideration will always be remembered.

Dorothy Chance

Mrs. M. W. Messer and Marianne were in Lubbock Monday,

Friday, and were in the last five minutes.

Texas Tech was beaten 33-7 by University of Texas last week after opening with a 26-7 triumph over University of Kansas. A sell-out crowd of 65,000 saw the game at Austin.

Despite the score, the Red Raiders amassed the most passing yardage they have ever attained in SWC play--225 yards. Early arrivals will be able to see a professional basketball game between St. Louis and Will Chamberlain's Philadelphia team. Set for 3 p.m. Saturday, it is promoted by C. R. (Choc) Hutcheson.

TRACTOR TIRE SALE

BITNER TIRE & SUPPLY

NYLON Power-Grip Rear Tractor Tire

-Wider tread design gives longer, more uniform service

-Knife-action cleats slice into soil easily, bite deeper for power pull

-Open center tread and open channels assure complete natural cleaning

-Power-Grip shoulders stand rigid as they bite into soil for positive traction

-Nylon construction gives added years of service

-Maximum flotation means faster work in all types of soil

SUPERIOR DESIGN FEATURES ASSURE SUPERB PERFORMANCE

QUIET.....DEPENDABLE.....AUTOMATIC

SINGLE POINT SUSPENSION OF HEAT EXCHANGER

Secured to the main casing at the top only, the heat exchanger is free to expand and contract-heat and cool-noiselessly.

CERAMIC COATED WITH A-19 (jet-engine type)

Provides lifetime protection against rust-out or burn-out for heat exchanger surfaces inside and outside. Backed by 10-year warranty.

"COUNTER-SWIRL" DESIGN

Positive control of expansion noises. No internal baffles to squeak and pop. Extracts more useable heat-saves time.

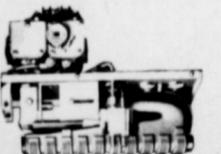

FLOATING ANCHOR

Base of heat exchanger is precisely aligned with burner, yet free to float. It is isolated by asbestos gaskets that prevent noisy metal to metal contact.

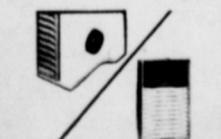

DOUBLE WALL CASING FOR SAFETY

Complete metal interlining, separated by dead air from the sturdy outer casing, insulates so efficiently that the Coleman Wall Furnace is approved for recessed installation in a combustible wall. Cabinet is safe-cool to touch.

LONG LIFE BURNER

Heavy-duty cast iron, with sawed slots and raised ports to assure efficient combustion. Anti-freeze... trouble-free, 100% safety "Snorkel-type" pilot is self-cleaning can't clog.

AUTOMATIC COMFORT CONTROLS

Choice of two fully automatic controls "Dial-your-heat" control knob, bulb thermostat operated. Or deluxe wall thermostat with heat anticipator that "thinks ahead."

ROOSEVELT FALLS VICTIM TO WOLVERINES 69-0

FINALLY MADE 6 YARDS around end, before getting dropped by No. 11, Floyd Bennett. Coming up to assist Bennett is No. 24, Jerry Don Sanders, Nicky Hopking, No. 10 is the quarterback for Roosevelt, who played a real good game.

HEY, LOOK COACH, I run like a fullback, James Thomas, the Wolverine guard returned a Roosevelt punt back 17 yards before getting knocked out of bounds by Jerome Chaney, a safety man for the Eagles.

Doug Messer Selected Amarillo News Back of Week

Editor's Note: Tommy Bryant, of the Sports Staff of the Amarillo Daily News, in his column Wednesday, September 29, wrote:

"A quartet of backs earned Player of the Week honors for their performances in high school football games last week. Among the group was Springlake's Doug Messer, in Class A. Messer chucked four touchdown passes in Springlake's 69-0 romp over Roosevelt. He connected on 13 of 23 attempts for 323 yards, including scoring passes of 43, 26, 68, and 48 yards."

"The talented left-hander threw several passes out of bounds

when intended receivers were covered because he had orders not to run. His ribs had been injured the week before and coach Danny Smith told the 5-10, 155 pound junior not to run. Despite this, he rolled out once and ran for a 10 yard gain."

"Messer didn't play his regular safety position on defense because of his injury."

Mr. and Mrs. Roy Reynolds, of Ada, Oklahoma, were weekend guests in the home of their daughter, Carolyn Reynolds.

Mrs. Carra Morgan and her sister from Hart spent Sunday in Lubbock with their mother.

BACK OF THE WEEK-DOUG MESSER

DOUG MESSER, the Wolverine Quarterback was chosen the "Back of the Week". Doug thrilled the crowd with his professional-type ball handling and his pin-point passing. The Junior Quarterback accumulated a total of 323 yards passing, with four passes of 43-26-68-48 yards good for touchdowns. Doug threw 23 passes and connected 13 times. Who said number 13 is unlucky? Wolverine fans can be mighty proud of this lad, and we hope to see many more good plays from this Wolverine Quarterback.

LINEMAN OF THE WEEK-FLOYD HENDERSON

This week's "Lineman of the Week" honor goes to the Senior End, Floyd Henderson. The coaches selected Floyd for this honor following his outstanding performance on offense, catching three touchdown passes of 43-26 and 68 yards. Early in the second quarter, Henderson playing heads up football, remained in the end zone on point after touchdown, while the entire Roosevelt team chased Jerry Don Sanders back to the 40 yard line. Jerry Don, seeing an opportunity, tossed a pass to Floyd for 2 more points. We know this play is not in the book, but it sure looked good when it worked.

Scoring came fast and furious Friday night, as every member of the Wolverines had an opportunity to show what they could really do. It was just one of those nights when everything seemed to go right. The Wolverines used just about every method in the book to score, and racked up 20 points the first quarter, 20 the second, 23 the third, and 6 in the fourth quarter.

The Wolverines had an amazing total of 524 yards, with quarterback Doug Messer hitting 13 of 23 passing tries for 323 yards and four touchdowns.

Early in the second quarter an unusual play took place on a try for the extra point, when Ken Dawson centered the ball over Sanders head, Sanders retrieved the ball and outran tacklers back to the 40 yard line, then spotting Floyd Henderson open in the end zone, he passed the ball to him for the 2 point conversion.

Floyd Henderson took scoring passes of 43, 26, and 68 yards from Messer to rank as one of the outstanding players of the night. Messer also tossed to Logan Armstrong for a 48 yard tally.

Floyd Bennett started the scoring spree off with an 11 yard run off tackle with Sanders kicking the extra point.

Jerry Don Sanders followed shortly afterwards with a 20 yard run around end, but failed to kick the extra point.

Late in the first quarter, Doug Messer tossed a 43 yard pass to Floyd Henderson for another touchdown, and Sanders' kick was good, with the first quarter ending 20-0.

Just to show it was no mistake, Messer wasted no time, early in the second quarter and connected with Floyd Henderson on a beautiful 26 yard pass and another Wolverine touchdown. Then came the unusual play with Sanders passing from the 40 yard line to Henderson and 2 points.

Floyd Bennett scampered 8 yards for the next T.D., and had it called back for a 5 yard penalty, but did not let that bother him, and came right back with the same play over right tackle and went in for the touchdown. Sanders' kick was no good and the Wolverines led 34-0.

Moments later, Henderson caught a pass, considered one of the best of the night, over the shoulders, running away, that covered 68 yards; a pass on point after failed and the half ended 40-0. Logan Armstrong started things

rolling early in the third quarter, when he took a 48 yard pass from Messer and went in standing up. Sanders' kick was good. Jerry Don sent the ball out of the playing field on the kickoff and moments later Sanders, red dogging through the line caught quarterback Nicky Hopkins behind the goal for a 2 point touchdown.

On the kickoff by the Eagles, Jerry Don took the ball on the Wolverine 40 yard line and returned it all the way to score. The try for extra point failed, but moments later, Randy Washington broke through the center of the line and scampered 54 yards and another touchdown for the Wolverines. A pass for

the extra point failed and the third quarter ended with the Springlake-Earth Eleven leading 63-0. The entire fourth quarter was played with wholesale substitutions taking place, giving every member of the Wolverine squad a chance to play.

The smallest member of the squad, 110 pound Bill Gover really played a good game in the halfback position, making good yardage on every play.

Jimmy Stockstill, made the final touchdown of the night when the ball was blocked on a punt attempt, and Jimmy took it in the air and returned it 20 yards for pay dirt. A pass to Bill Gover failed to give enough

yardage for the extra point and the game ended with the Wolverines keeping their undefeated record, now 4 wins and 0 losses.

This week the local eleven has the weekend off and will probably take in the game of their choice somewhere throughout the area. Be a good sport and see a game this weekend. See you in Amherst, October 8 when the Wolverines tangle with the high flying Bulldogs.

Mr. and Mrs. E. G. Gaston and family spent the weekend in Cowles, N. M.

"People who have an hour or so to spare usually look up someone who hasn't."

Mr. and Mrs. Arthur Miller are visiting relatives in Erick, Oklahoma.

SHOW TIME FOR THE
1966 MODELS
CHRYSLER
IMPERIAL
DODGE
PLYMOUTH
TODAY --- SEPTEMBER 30

TOPPING THE DODGE LINE—For 1966, is a series of six elegant new Monaco models, topped by the Monaco 500 2-door Hardtop shown above (top photo). Monaco offers comfort, convenience and style unmatched in a medium-price car. Below is the popular Polara 4-door Hardtop, one of seven Polara models.

DART FOR 1966—Dodge offers 20 models for 1966 in the Dart line, largest of the compacts. Featuring bold new styling and a number of safety and convenience innovations, choices include station wagons, sedans, hardtops and the sporty Dart GT Convertible, shown above. Front wheel disc brakes are an option on the 1966 Dart.

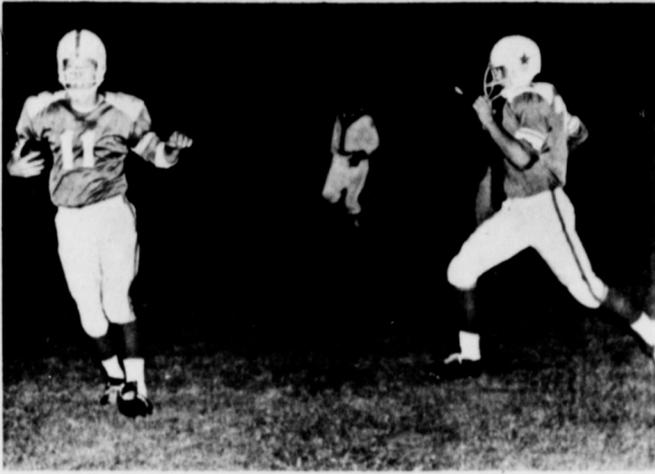

DODGE HARDTOP—The 1966 Coronet is a completely new car with fresh, clean styling and many new safety, comfort and convenience features. Coronet is offered in four series: Coronet, Coronet Deluxe, 440 and 500. The top-of-the-line Coronet 500 is shown above. A wide range of engine options is available in the Coronet.

GARLAND MOTOR COMPANY

LITTLEFIELD, TEXAS

SAME OLD STORY. Wolverines broke through the line to drop Nicky Hopkins, the Roosevelt Quarterback, for large losses all night. No. 24, Jerry Don Sanders, is standing by to make sure Nicky comes down.

TOUCHDOWN FOR BENNETT, all alone in the end zone, for his second touchdown of the night. Bobby Cummings, No. 71, the sophomore tackle was standing by to make sure no one stopped Bennett.

Plymouth, Dodge, Chrysler To Be Shown Thursday At Garland Motor Co. In Littlefield

Garland Motor Company, located at 710-720 East 1st Street in Littlefield is expecting a capacity crowd of the triple premier showing of the beautiful Chrysler Products, the new '66 models in Plymouth, Dodge and Chrysler. The handsome threesome will be shown for the first time Thursday (today) September 30.

Mr. Garland and his personnel invite everyone in the area to stop in and look the new automobiles over.

Dodge revealed six new elegant Monaco models, the most deluxe of its 1966 line of cars, today.

At the top of the line is the Monaco 500, a 2-door sports hardtop offering comfort, convenience and style that is unusual in a medium-priced car.

The Monaco series includes a 4-door sedan, 2- and 4-door hardtop and 6- and 9-passenger station wagons. The wagons feature the popular wood-grain side applique.

Along with the Dart, Comet and Polara, the Monaco goes on sale at Dodge dealerships across the country on September 30.

"The Monaco models are for the motorist who wants the extra prestige and pride that comes with the ownership of a car with the finest of design, craftsmanship, and performance," Dodge General Manager, Byron J. Nichols said.

The Monaco are easily distinguished from the rest by almost truck-wide taillights. Between them, in the center of the trunk lid, is the "Monaco" nameplate. A deep-dish wheelcover with die-cast spinner is standard on the Monaco 500.

The 500 features front bucket seats and console. The seats are luxuriously pleated and deep in comfort. The rear seats are styled to resemble the bucket seats, but provide room for three.

Seat backs are covered with a durable and unique wicker material, which is also used in the door panels.

The Monaco 500 may be purchased with either automatic or four-speed manual transmissions, and both have the gear-selector levers mounted in the console. Lockout devices on both transmissions prevent error shifts. An optional tachometer is mounted on a swivel base in the front section of the console.

A 383-cubic-inch V-8 with four-barrel carburetor is standard in the Monaco 500 and optional in other Monaco models. The standard Monaco engine is a two-barrel version of the 383 which uses regular grades of gasoline.

An extra-performance option for all Monacos is a new 440-cubic-inch V-8 with four-barrel carburetor. The engine is rated as 350 horsepower.

Luxury-comfort options for Monaco models include a tilt-and-telescoping steering wheel that allows the driver to select the position of greater comfort and convenience to him, or vary it during a long trip. It may also be put in "high" to facilitate entry and exit.

Six-way power seats, with a newly designed adjuster that provides increased stability and quietness, offer tailored comfort to drivers of all sizes.

A new inside door handle, easy and convenient to operate but substantially safer than previous designs, is standard. The handle is shaped like the buckle of a seat belt and is pulled inward to unlatch the door.

Auto-Pilot, a dial-a-speed safety device that allows the

driver to cruise at a pre-selected speed with his foot off the accelerator pedal, is also available.

A master electric lock system, which can be operated from either front door, permits all doors to be locked by pushing one button.

Engineering improvements for 1966 include more efficient and quieter automatic and four-speed manual transmissions; more accurate speedometer and odometer; new engine mounts that more effectively dampen road noise and vibrations; and modified power brakes that are most responsive to changes in pedal effort.

"The Monaco models are well-engineered cars with the highest level of elegance, comfort, and performance," Nichols said.

Simple Rules Could Save Many From Death by Fire

Many of the more than 11,000 Americans who died last year in fires could have been saved had they known what to do before and during a fire, a local safety expert said.

"There's no denying that it's frightening to smell smoke and realize the house or apartment is on fire," said F. P. Mims, Regional Manager of the Allstate Safety Crusade. "The first impulse is to open the door and run. But that door could save your life."

Heat generated by flames spreads rapidly, carrying with it deadly carbon monoxide and other gases. If the door feels hot, don't open it. A killing dose of gas may be waiting on the other side. If the door feels cool, stay close to the floor as you leave. If possible, apply a wet cloth to your face to block fumes.

"Everyone in the family should know at least two routes to safety," the Allstate representative advised. "This is especially important if there are elderly persons or children in the building."

Parents should teach fire safety to their children. Teaching children how to react calmly in case of fire is vital in view of the annual fire statistics. In 1964, more than 90 per cent of the persons killed in multiple death dwelling fires were children aged 13 and under.

"Fire in one's home found many young fire victims huddled under beds or in closets,"

said Mims. "Many could have escaped had they been taught how in home fire drills."

"Many deaths last year occurred between the hours of 9 p. m. and 7 a. m. Home fire alarms could have warned these victims in time," said Mims. "But few people have ever bothered to protect themselves with this device. People should check into the possibility of obtaining a dependable home fire alarm."

Fire extinguishers may be enough to control a home fire, but anyone using them should know how to use them properly, what kind of extinguishers to use on a particular fire, and how to maintain an extinguisher.

"Above all, don't try to be a hero," cautioned Mims. "Fire fighting is a professional job, so if the fire spreads, get out and call the fire department. Close doors behind you and make sure everyone else is out. Never go back into a burning building after some precious belonging. It probably can be replaced. But your life can't."

New Stretch Treatment For Cotton Lace

Stretch cotton lace can be made by a simple, inexpensive treatment that makes it especially suitable for fitted slips, foundation garments and lounging or sleeping apparel, says Mrs. Lynn Parks Stiles, Texas A&M University Extension Service consumer education specialist.

The appearance of most treated laces is greatly improved. Richness and depth are added to inexpensive laces for dresses, wraps and other garments.

The treatment, called slack mercerization, consists of soaking woven lace in a solution of sodium hydroxide. This causes the fibers to swell and crimp, which in turn gives the fabric stretchability.

Helen M. Robinson and A. S. Cooper Jr., of the Southern Utilization Research Laboratory New Orleans, have used the treatment with good results on a variety of laces, including inexpensive, lightweight flat lace, Cluny, a medium-price lace, and heavy Venice lace. The greatest improvement in appearance occurs in the least expensive and difficult to weave with stretch yarns.

Slack mercerization was developed earlier at the New Orleans laboratory and is now used by a number of commercial finishers to give stretch to woven and knit cotton fabrics.

Soil Management Practices Cause Zinc Shortage

Zinc deficiency, an increasing problem in greenhouse tomato production, can often be brought on by certain soil management practices.

Dr. John E. Larsen, Extension horticulturist at Texas A&M University, lists six practices which can cause the trouble as cited by the American Zinc Institute of New York:

"Phosphate fertilizers—Heavy applications or prolonged use of phosphates can reduce zinc uptake by the crop. Larsen says the effect may arise either from the zinc-depressing trait of calcium in the phosphate, or by fixing the metal in unavailable form.

nitrate decreased zinc uptake while ammonium nitrate and sulfate increased it.

Manure—Frequent use of large amounts of poultry manure may induce zinc deficiency, probably by increasing total organic matter in the soil.

Crop Rotation—Zinc shortage in field crops is more common after a high zinc uptake crop like sugar beets than after such crops as sorghum or potatoes.

The horticulturist added that studies of effect of phosphate on zinc are contradictory, probably because of zinc content difference in the fertilizer.

Liming—Zinc is most available in soils that are acid and low in calcareous materials. Liming decreases acidity and might boost zinc-fixing capacity of the soil, especially soils high in natural phosphate.

Land Leveling—This practice is fine for irrigation and other purposes, but it sometimes turns under the topsoil and exposes subsoil. Total zinc is apt to be short in subsoils.

In land leveling experience in North Dakota, two-thirds of available zinc in the top 4 feet of soil was found in the uppermost foot, Larsen said. Also, land leveling operations may bring the zone of lime accumulation to the surface. Calcareous materials in this zone may fix zinc in unavailable form.

Nitrogen Fertilizers—High nitrogen fertilizers sometimes raise zinc requirements beyond the available supply by increasing total crop growth. Larsen says form of nitrogen is important. In one study, sodium

nitrate decreased zinc uptake while ammonium nitrate and sulfate increased it.

Manure—Frequent use of large amounts of poultry manure may induce zinc deficiency, probably by increasing total organic matter in the soil.

Crop Rotation—Zinc shortage in field crops is more common after a high zinc uptake crop like sugar beets than after such crops as sorghum or potatoes.

Purdy & Son Gin Gets First Cotton In Muleshoe

The first load of 1965 cotton to be ginned in Muleshoe was brought into the Purdy and Son Gin at 1:45 p. m. Monday, September 27.

Grower of the first load of cotton was Steve Bass, 18 year old son of Mr. and Mrs. E. W. Bass. Steve is a senior in Muleshoe High School and is farming a 31 acre plot of cotton for his first time to farm.

The load of cotton was gathered from a 2 acre plot in his field located 10 miles West of Muleshoe on the John Thomson place.

The load of cotton weighed 1800 pounds, and ginned out at 505 pounds, yielding 780 pounds of seed.

The Ricot 90 seed was planted May 1, and was irrigated only once. He fertilized with 16-20-9, using 250 pounds of fertilizer an acre.

Ginner for the Purdy and Son Gin is former Earth resident, H. F. Vandiver, with 20 years of experience. Others on the Gin personnel include co-owner John Purdy with 40 years of ginning experience, his son, Johnny, with 20 years of ginning know-how, and Hugh Freeman, with 15 years of experience.

Bureau Warns Of Home Re-Siding Racket

The Lubbock Better Business Bureau warned today that the "modern home" racket continues to be used to defraud the public in the sale of aluminum and steel siding.

Tom V. Watson, Manager of the Bureau, said fast-talking salesmen dangle the lure of "something for nothing" to induce homeowners to sign installment sales contracts covering exorbitantly priced aluminum or steel siding jobs.

According to the National Better Business Bureau, with which the local Bureau is affiliated through membership, the California Attorney General has reported that homeowners in that state alone are bilked of more than \$7 million annually by fraudulent aluminum and steel siding sales schemes.

Even a conservative projection of these findings, NBBB said, would mean a huge annual toll nationwide.

The California official said more than 4,700 contracts, ranging from \$2,500 to \$6,000 were sold during an eighteen-month period. Salesmen's commissions on a single contract often were as high as \$1,000.

The BBB said that while most siding applicators are responsible businessmen, a minority in the industry perpetrates the re-siding racket despite repeated public warnings by Better Business Bureaus over the years. It works this way:

The scheme relies on the typical "model home" pitch. The salesman, posing as a representative of a nationally-known aluminum or steel company, tells the homeowner his company has selected her home for "before-and-after" advertising of siding.

He says the company will not only reimburse her for use of the home but will give a cash commission for each homeowner in the area who subsequently buys aluminum or steel siding from his company. He may offer a cash advance on these prospective commissions as an inducement.

In reality the salesman, usually an itinerant, does not represent a well-known company and has no intention of using the home as a model. The homeowner, who had been induced to sign various papers, actually is charged many hundred dollars more than the competitive price for aluminum or steel siding.

The Lubbock Bureau offered this advice to homeowners: Don't RUSH into any important home improvement project. Don't enter into any home improvement deal with the expectation of having promised commissions pay for its costs.

Deal only with firms whose dependability is known to you or has been established through inquiry. Read and understand any contract BEFORE you sign and keep a copy of it.

Call the Bureau for a report on the firm and for a free copy of "27 Questions for Home Owners regarding Home Improvements."

EARTH CO-OP GINS, INC. RECEIVES FIRST COTTON

C. P. Gamblin, Dodd, brought in the first bale of cotton which the Earth Co-op received, Thursday, September 23. The bale ginned out at 525 pounds, 2,200 pounds seed cotton, and 950 pounds seed. The cotton was ginned free. Gamblin received 50¢ a pound for his cotton, and \$5.00 a ton for his seed.

This was Gamblin's fourth bale.

PARTY LINE

Weekend visitors in the L. T. Smith home were M. and Mrs. O. E. Summer, of Carlsbad, N. M., and W. H. Smith, of Lubbock.

Girl Scout News

The Junior Girl Scouts met on September 23 from 4:00 to 5:00 p. m. at the Scout House.

They were led by Lajuana Marshall in a salute to the Flag and the Star Spangled Banner.

The troop held their patrol elections. Busy Bees include: Patrol leader: Francee Favor; Asst. Patrol leader: Gay Ellis; Treasurers: Kim Stockstill, Marianne Messer, Lajuana Marshall, Darlene Sulser, and Rancee Clark.

Eager Beavers are: Patrol leader, Debra Schellars; Asst. Patrol leader: Kim Kelley; Treasurers, Laquinta Clark, Nacola Conner, Dubra Merck, Terri Inglis, and Marilyn Eagle.

Troop Scribe, (Secretary), is Darlene Sulser.

The 14 girls, one guest, Vickie McClure, and leaders, Mrs. Joan Stockstill and Mrs. Nina Messer were served refreshments by Mrs. Conner.

Brownie Troop 398 met for their regular Tuesday meeting, September 28, with fifteen girls present.

Cindy McAlpine led a game; Terry Smith led a song. Other games and songs were enjoyed. Refreshments were served by Kelley Haydon.

Benefit Dinner Sunday Swells Building Fund For Catholic Church

A Benefit Dinner to swell the Building Fund of the new Catholic Church, currently under construction, was held Sunday noon in the former Assembly of God Church.

The dinner, which was well attended, netted a total of \$111.15. To this, the Sunday morning Mass collection of \$17.42, plus a \$20.00 donation sent in by Bill and Donnie Clayton, made the total rise to \$148.57 to add to the fund.

The Mexican style dinner was prepared by wives of the Catholic Church Building Committee members. They were Mrs. Valentin Garcia, Mrs. Paul De La Cerda, Mrs. Armando Flores, Mrs. Antonio Marquez, and Mrs. Mike Acevedo.

Assisting in serving the food were Betty and Francis Padilla, Mary Lou and Alice Acevedo, Mary Lou and Maggie De La Cerda, and Anita.

Several games of bingo were played, with cakes and pastries of samples given as prizes.

Party Line

Mrs. Bo Bryant, and children, of Dimmitt, were weekend guests in the C. L. Hamilton home.

Weekend house guests in the Sam Cearley home were Mr. and Mrs. Mervin Cearley and family of Lovington, N. M.

Attending the South Plains Fair Monday were Mrs. Billy H. Hodge, Diane, and Annette.

Mr. and Mrs. Preston Sampier visited in the C. L. Hamilton home Sunday afternoon.

Mrs. Frank Jackson returned Tuesday from an Amarillo Hospital, where she has been a patient.

My Neighbors

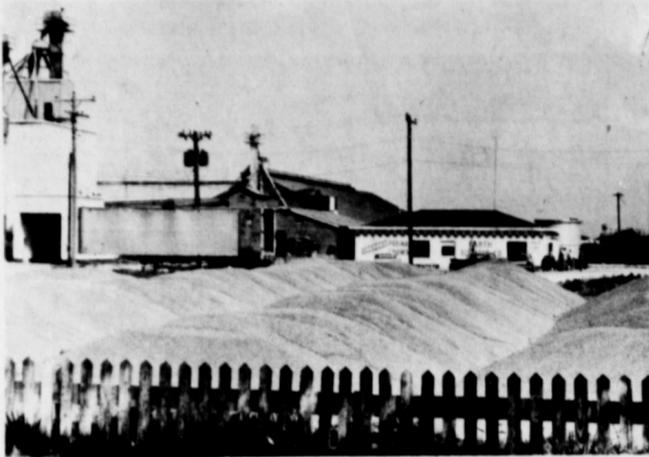

"Yes—They're right here with me—No they're no trouble at all—"

For ye, brethren, were called for freedom.

—(Gal. 5:13)

We have certain freedoms within our possession that have power and use in our everyday life. We are free to pray at any time, to bring love into life, into our work, to our fellow workers and all humanity. Let's give thanks that each person can use these freedoms and share them with all mankind.

PROOF OF A BOUNTIFUL GRAIN CROP can be noted, as loads of grain stack high on the Earth Elevator lots.

GRAIN MOUNTAINS dot the area as harvest again resumes following a few days of damp weather. This grain belongs to the Farm Chemical Company of Earth.

Keep Historic Landmarks For Future Generations

By 1972, much of America worth seeing will be gone for good. The 41,000-mile interstate highway system will be complete coast to coast. The opportunity then to see America first with hardly a light to slow

you may be too late. "The bulldozers building the highways are plowing under much of the country's ties to its past," says the editors of Changing Times, the Kiplinger magazine. They urge efforts now

to keep historic landmarks and suggest widespread action before bulldozers threaten.

The fight to preserve historic landmarks and the integrity of towns is being echoed across the country. Forty-two states and territories have some form of historical preservation program, and 70 cities and towns have ordinances protecting valued landmarks. In many other communities, preservation efforts are voluntary and unofficial.

"Keep your town's historic landmarks," advises Changing Times. "With so much early America gone, preservationists are trying to hang onto the best that's left, to give future generations a living legacy instead of having to recreate one."

Recognizing that not a preservation effort deserves to succeed, the magazine urges looking around. It suggests that even an area which may not seem to have any historical significance

or even any particular beauty, probably has something worth beating the bulldozers to.

In the forefront of the preservation movement and ready to give advice and assistance is The National Trust for Historic Preservation, 815 Seventeenth Street, N. W., Washington, D. C. It's a nonprofit organization founded in 1947 and chartered by Congress in 1950 as a clearinghouse for such matters.

PARTY LINE

Mrs. Ted Herring, Tod, Mrs. Norene Olds, and Johnnie, attended the South Plains Fair in Lubbock Monday.

Mrs. Cecil Stover and Mrs. Pat McCord were in Lubbock Saturday.

Mrs. J. O. Penley and Mrs. George Runyon visited Sunday afternoon in the home of Mrs. M. O. Carter.

Sunnyside News

By TEENY BOWDEN

Mrs. Bill Matlock and Hoby of Alba, Texas, arrived by plane Monday evening to visit with Mr. and Mrs. Bud Matlock and family and Mrs. Thelma McClanahan several days. Mrs. McClanahan and Mrs. Doug Avery of Earth met her plane at Lubbock. Because of a failure to respond to the last treatments and the complications of a blood clot in her leg and intestinal disturbances, Mrs. Bud Matlock was flown back to Dallas Friday. Mrs. Doug Avery accompanied Mr. and Mrs. Matlock on the plane. Mr. Avery, Mrs. McClanahan, and Mrs. Bill Matlock and Hoby went by car to Dallas also. At last report, she was better. Sammy and Debbie spent Friday night and Saturday with Mr. and Mrs. Troy Blackburn, Janita, and Jan, and will stay with other friends and with relatives while their parents are in Dallas.

Mr. and Mrs. Larry Sadler and Carrie were dinner guests last Sunday of Mrs. Leslie Louder, Paula, and Sandy in Plainview. Sandy and Treva Howard of Dimmitt spent last weekend in Plainview. They came home with the Sadlers.

Mrs. E. R. Sadler worked at the Plains Memorial Hospital in Dimmitt Monday afternoon at the information desk and gift shop.

Rev. and Mrs. M. D. Durham and Mr. and Mrs. Roy Phelan attended the Association of Workers' Conference at the First Baptist Church in Muleshoe Monday evening.

Ten WMU members attended the WMU Leadership Workshop at the First Baptist Church in Lubbock Tuesday. Mrs. Odell James, who will be Sunbeam Director another year, and Mrs. Larry Sadler and Mrs. Jerry James, who will be Beginner and Primary Leaders attended the Sunbeam conference. Mrs. M. D. Durham, the G. A. Director for the local WMU as well as the Associational G. A. Director attended the G. A. Conference. Mrs. Troy Blackburn, the local YWA Director as well as the Associational YWA Director, and Mrs. E. R. Sadler, the YWA counselor attended the YWA conference. Mrs. L. B. Bowden, local president for next year attended the President's Conference. Mrs. Milburn Haydon attended the mission study conference. Mrs. Alton Louder attended the enrollment conference, and Mrs. Raymond Lilley the prayer conference.

Mrs. Ollie Boyet of Falls arrived Tuesday to visit while with her daughter, Mr. and Mrs. Troy Jones, and Mrs. Wanda Newberry and James. The Jones' were in Texline with their son, Mr. and Mrs. Curtis Jones and family most of the time until this week since he suffered a heart attack about two weeks ago. He was hospitalized in Clayton the first four days. Jimmy Shirey was elected as

Vice-President of the Senior Class of Springlake-Earth High School this week. Gene Carson was chosen Bobcat of the week at Dimmitt High School, and Molly Bradley was named the Dimmitt High School Senior of the week. Her parents, Mr. and Mrs. Weldon Bradley were named as Senior Class parents. Evalyne Waggoner was elected as the most beautiful senior. She was also crowned Homecoming Queen last Friday.

Ezell Sadler was honored with a birthday supper in his home by his family Tuesday night. Those present were Mr. and Mrs. James Powell, Randy, Tresa Demae, and Cheryl, Mr. and Mrs. Larry Sadler and Carrie, Mr. and Mrs. Ezell Sadler, and David, Gay King of Hereford, and Mrs. Pearl Sadler of Dimmitt. Mrs. Sadler spent the night with them.

Mr. and Mrs. Edwin Bolinger and family of Hereford moved into the community Wednesday. He will be employed by the Robert Bridge Shop, and will live in a trailer house on the shop property. He is taking the place of Arden Fields of Springlake who will put in a shop at Springlake.

Mrs. E. R. Sadler received a broken bone in the end of a finger and a deep cut on it requiring several stitches Wednesday in a lawn mower accident.

Howard Bridges and Raymond Haydon of Weatherford visited in the community from Tuesday until Friday with friends and Mr. and Mrs. Eddie Haydon and children. Mr. and Mrs. John Bridges and boys of Earth, Mr. and Mrs. Larry Sadler and Carrie visited Wednesday night with Mr. and Mrs. Tex Conard and Juanelle in Dimmitt.

The WMS night circle met for Bible study Wednesday night with Mrs. Roy Phelan in charge of the study.

Mrs. J. Paul Waggoner was admitted to the Plainview Hospital Thursday. She underwent minor surgery Friday morning and came home Saturday morning.

The WMU monthly business meeting was held at the church Thursday with Mrs. Troy Black-

burn presiding. Those elected to serve in the WMU another year who did not attend the meeting in Lubbock on Tuesday are Mrs. Ezell Sadler, Secretary, Treasurer; Mrs. Roy Phelan, Program Chairman; Mrs. J. Paul Waggoner, Community Missions Chairman; Mrs. Alford Crisp, Stewardship Chairman; Mrs. Bill Morgan, Junior G. A. Counselor; Mrs. Noah Spencer, her assistant; Mrs. Hershel Wilson, Intermediate G. A. Counselor and Mrs. Rex Jenkins, her assistant.

Hubert Lilley escaped injury Friday evening when he was involved in a two car accident north of Dimmitt Friday night. He was hit from behind as he attempted to make a left turn.

The WMS met at the church Friday afternoon for special prayer in behalf of Mrs. Bud Matlock. Rev. M. D. Durham was also present.

Mrs. Irving King was honored with a birthday party in her home Friday afternoon by the birthday club. Those present were Mrs. King, Mrs. Ray AxteLL, Mrs. Cecil Curtis, Mrs. J. E. Shirey, Mrs. Milton Ott, and Mrs. Roy Phelan.

Mr. and Mrs. Ben Louder of Canyon visited Friday afternoon with Mr. and Mrs. Ezell Sadler, Mrs. W. E. Louder, and Leslie Louder.

Mr. and Mrs. Ezell Sadler left for Abilene and Wingate Friday evening to visit over the weekend with relatives and to attend the Caps Community reunion. J. B. Hensley of Hale Center visited Friday and spent Friday night with Mr. and Mrs. E. R. Sadler.

Ivey Jean Carr was home from Lubbock for the weekend. Sharon Gowdy and Janet King of Dimmitt and Dolores Waggoner came home with Sandy Louder from school Friday and spent Friday night with her to help her celebrate her 12th birthday.

Mr. and Mrs. Roy Phelan visited with A. J. Morris in the Heritage Home in Plainview Saturday.

Rev. and Mrs. M. D. Durham visited in Plainview Saturday afternoon with Marvalynne Durham.

Rev. M. D. Durham attended a special prayer meeting at Northside Baptist Mission in Dimmitt Saturday night in behalf of their revival. He will be the evangelist.

Tommy Lewis of Olton spent Saturday night and Sunday with

his grandparents, Mr. and Mrs. Raymond Lewis, Karen came for him Sunday afternoon.

Mr. and Mrs. Johnnie Wayne Holbrooks and Karamae of Lubbock visited Sunday with Mr. and Mrs. J. C. Holbrooks, Mr. and Mrs. C. J. Fowlkes arrived from Akron, Ohio Sunday to visit several days with his sister, Mr. and Mrs. E. R. Sadler and her brother, Mr. and Mrs. Eulless Waggoner and their family. They are enroute to their home at Rockport after spending the summer months with their daughter in Ohio.

Mrs. Pearl Sadler of Dimmitt visited Sunday afternoon with Mr. and Mrs. E. R. Sadler and Mr. and Mrs. C. J. Fowlkes.

Mrs. Hazel Rigdon of Hart visited in the Sunday morning worship service and spent the day with Rev. and Mrs. M. D. Durham. The Durhams also entertained the Intermediate Sunday School Class with a class dinner. Those present were Mr. and Mrs. Roy Phelan, Sunday School Superintendent, Terry Crisp, Ann Spencer, Debbie Morgan, Janet Elliott, Janita

Blackburn, and Paula Sue Harris. Visitors in the Sunday night services included Mrs. Ben Talley of Lovington, N.M., who was on her way to Hart. She is a teacher in the Hart School, and Mr. and Mrs. Audie Davidson of Tulla who were on their way home from Littlefield. They are friends of the Houston Carsons.

Mr. and Mrs. L. B. Bowden

visited in Dimmitt Sunday afternoon with Mr. and Mrs. Louie Allen.

One hundred and six attended Sunday School with 59 in Training Union Sunday. Tom Reynolds of the Northside Baptist Mission in Dimmitt filled the pulpit Sunday night for Rev. M. D. Durham who was in Dimmitt to begin the revival services.
