FARMERS GOING TO WASHINGTON WERE: Johnny Pellham, Kenny Kendrick, Jerle Taylor, Donnie Henderson, Bryan Dutton, Rayburn Ott and David Metcalf.

Attends State TAAA Meet

The Texas Agriculture Aviation Association held their annual state convention last week in San Antonio. Speaker during the awards banquet Thursday night was Texas Agriculture Commissioner Reagan Brown who gave his five points on improving the agriculture situation.

Highlighting the program Friday was Bob Avant of the TDA who spoke at length on the certification and licensing of private and commercial applicators. He stated that a list of restricted chemicals should be published in the very near future with companies given a grace period to change all the labeling. He also emphasized that decals for licensed applicating equipment are being processed and will be mandatory in the near future. He apologized for the delay in people obtaining their certificates but said that some 4,000 private and commercial applicators were tested this year in Texas.

Officers installed for the coming year included Bob Thomas of Cotton Center as president and Glen Cardwell of Sudan to the Board of Directors.

Some 300 applicators and their wives attended the convention. Among those were Mr. and Mrs. Kenneth Lowe of Earth and Mr. and Mrs. Glen Cardwell of Sudan.

Hinchliffe Honored

The Earth Ag Supply, Inc. was honored recently for outstanding sales achievement as a dealer for Pioneer brand seeds. And to mark the occasion, the Earth, Texas company received a specially designed Silver Dollar Award from Pioneer Hi-Bred International, Inc.

"Only 15 to 16 percent of the approximate 800 Pioneer dealers eligible for this award will qualify each year," Jim Lindsey, president of the Plainview, Texas based company, noted in announcing this year's honorees. "And we're particularly proud of Earth Ag Supply because they have qualified in each of the past three years."

"To make this kind of achievement requires considerable individual effort," Lindsey continued. And he noted that the most vital ingredient for the success of Pioneer is people like those at Earth Ag Supply and the approximate 100 other 1977 award winners.

Pioneer markets planting seed in the Southwest for sorghum, corn, cotton, wheat and alfalfa through dealers in Texas, Oklahoma and New Mexico. The Plainview based firm is a division of Pioneer Hi-Bred International, Inc., Des Moines, Iowa.

Farmers To Washington

Springlake-Earth farmers left Sunday, January 15 at 5 a.m. on their way to Washington, D.C.

They left from the Bryan Dutton home in pickups. They also had a camper, trailer house and mobile home.

Those going were Bryan Dutton, Johnny Pellham, Rayburn Ott, Donnie Henderson, Kenny Kendrick, David Metcalf, John Dayton, Jerle Taylor, Phil Neinst and Tommy Wheatley, who left Saturday at 2 p.m.

The men plan to return around the middle of next week.

Mahon No Easy Solutions

By Maxine Short
American farmers will need "dedication, determination, the application of some common sense and some give-and-take" in their fight for fair prices, Congressman George Mahon told an audience of about 500 frustrated farmers at the County Expo Center last Thursday.

Farmers throughout the Panhandle, plains area, virtually all of whom are active in the American Agriculture strike movement were here for some answers. But the Dean of Congress didn't hold out much hope for governmental solutions to their problems. "To get a bill passed, you have to have a favorable vote from 218 members of the House of Representatives," Mahon said. "I would vote for 100% parity, and you might get 80 to 90 other votes. But where would the money come from? It would have to come from the federal treasury. It would cost \$11 billion a year to grant 100% parity. And you just can't get a city congressman to support a program that provides 100% parity."

However, he said, a solution must be found, "because if you have a collapse of agriculture on the High Plains, a collapse of the economy would be imminent." He added, the farmer is about as popular in some areas of the country as the congressman is in the nation as a whole. But they are beginning to take notice of (the strike movement.) We've been getting support from such places as Pittsburgh and other urban areas.

Mahon cautioned far-

mers to "make a favorable impression" in their demonstrations for better farm prices.

While getting recognition you have to make sure that it's a favorable recognition," he said. "You need a favorable vote from 218 members of the House so you want to make sure that you make a favorable impression on them for your cause."

Regarding American Agriculture's planned "swarming" of Washington next week when Congress reconvenes, Mahon suggested, "that you have one group going one week, another group going the next, and so forth. That might work, I don't know. You have to get the support of the members from the urban areas. It's a very tough problem."

He said the current farm bill "came on the heels of a pretty good farm year", and was "tailored pretty much to the programs proposed by the Administration, because the members of the House and Senate Agriculture Committees all knew you couldn't pass a farm bill over the president's veto."

So essentially, what the agriculture committee wrote was a bill that they felt wouldn't be vetoed." President Carter, he said "is doing the best he knows how, but I think he's trying to get too many things accomplished. He has many serious problems with which he has to deal with. Being new to government, he has had trouble sometimes knowing who to see or where to go. But he's coping with the problems as best he knows

Hampton Meets With Community Leaders

Mark Hampton, with the Texas Department of Community Affairs met Thursday morning, January 12 in the library of South Plains Hospital with representatives from Amherst, Sudan and Earth.

The needs of the communities were discussed with Mr. Hampton at this meeting. He then met on Friday, January 13 at Earth, Sudan and Olton with community leaders to discuss their specific needs.

Mr. Hampton gathered information to evaluate the source of assistance to meet this request. He is expected to respond to the individual situations shortly.

Clayton For Re-election

State Representative Bill Clayton of Springlake Thursday (January 12) officially filed for re-election to the office of state representative for District 74.

"I am asking the people of District 74 to return me to the Texas House of Representatives because of the rare chance I have to represent the district in a more effective way."

"The unique opportunity to serve as Speaker of the House for a history-making third term and guide the legislative process can be an asset as we attempt to fully meet the needs of District 74," Clayton said.

Clayton's seven county legislative district includes Bailey, Castro, Cochran, Deaf Smith, Lamb, Oldham and Farmer counties.

Little Dribblers

The boys Little Dribblers Organization met Monday, January 16 at 7 p.m. at the Springlake-Earth cafeteria. Officers and Board of Directors were elected. Elected were President, Kenny Hamilton, Vice President, Dewitt Kelley; Secretary Treasurer, Debbie Dayton; players agent, Doug Lewis; and Reporter, Linda Lowe.

Those elected to the Board of Directors were Kenneth Lowe, Henry Ford, Earl Jordan, LaVerne Vaughn, and Ralford Daniel.

The organization would like to have a concession stand, but need some one to be in charge. Applications will be handed out in school.

Senior Adult Of Week

The First Baptist Church of Earth honored Mr. and Mrs. Ed O'Hair as its "Senior Adults of the Week." Mrs. O'Hair became a Christian in 1943. She was in the field picking cotton at the time. She joined this church in 1972. Mrs. O'Hair's favorite scripture is Matthew 5. Her favorite hymns are "Lord, I'm Coming Home," "Send the Light," "The Nail Scared Hand," and "Higher Ground." Mrs. O'Hair was born at Atkins, Oklahoma and lived there until she was 8. Her family then moved to Mulbury Arkansas. Mrs. O'Hair's father, Tom Fautch, made a living for his family by making cross ties. Her mother and older sister helped by cutting the timber. Their family left Mulbury in 1928; they came to Pauls Valley by covered wagon. Mrs. O'Hair is the 6th child of 13 children, 6 girls and 7 boys. Her father died in May, 1950, and her mother died in May, 1975. Mrs. O'Hair had this comment: "I pray that I can live a good Christian life and meet them in heaven some day." Mrs. O'Hair has 4 grandchildren and 8 grandchildren.

Mr. O'Hair was saved 62 years ago when working in a field; a revival was going on during that week. He has been a member of First Baptist Church of Earth for 34 years. Mr. O'Hair has enjoyed singing in the choir all these years he has been a member. The first Sunday the church met in its present building, Mr. O'Hair led the first song. The song was "Brethren, We Have Come To Worship." His favorite scripture is the 20th chapter of John.

Mr. O'Hair had this comment, "I helped raise two boys and two girls. They all became Christians. Praise God! I also have 11 grandchildren and 4 great grandchildren.

KAREN ROBINSON, TIM CRAFT, and NANCY RAMIREZ

All-Regional Band

This past Saturday, 6 members of the Springlake-Earth High School "Pride of the Wolverines" Band participated in tryouts for the prestigious A-AA North Zone All Region Band. The 120 piece band will perform along with other bands in a major concert to be presented Saturday, January 28 at Lubbock's Monterey High School Auditorium.

Band members placing in the 1978 All Region Band are Tim Craft, junior cornetist; Karen Robinson, junior clarinetist; and Nancy Ramirez, sophomore clarinetist. Those placing as alternate were Josie Jalomo, sophomore clarinetist; and Glen Hausmann, sophomore tubist.

Members were all placed according to a rigid and challenging audition over these four pieces: "Fairest of the Fair" march by John Phillip Sousa; "Joyance" by Claude T. Smith; "Elsa's Procession to the Cathedral" by Richard Wagner, transcribed by Lucien Cailliet; and "Beguine for Band" by Glen Osser.

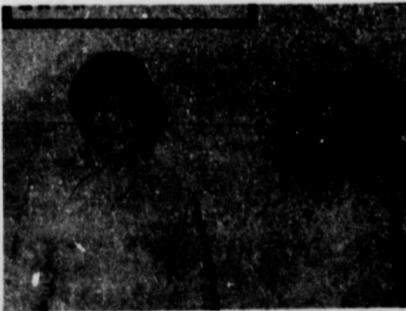

The performance will be sometime around 6 p.m. on Saturday, January 28 at Monterey High School auditorium. This year's guest conductor and clinician will be Claude T. Smith, composer of "Joyance". We hope there will be many members of the Springlake-Earth community there to support these fine, dedicated young musicians.

MELVIN KINNISSON was awarded his official fire persons helmet!!!! at the Annual Fireman's Family Dinner.

Norman Hinchliffe (right), of Earth Ag Supply, Inc., recently received a special Silver Dollar Award for his company's outstanding achievement as a Pioneer seed dealer. Presenting the award at a meeting of Pioneer dealers is Jim Lindsey, president of the Southwestern Division of Pioneer Hi-Bred International, Inc.

ALTERNATE TO ALL-REGIONAL BAND are: Josie Jalomo and Glen Hausmann

The following girls are members of the 7th grade girls basketball team who came home with a 2nd place trophy in the Littlefield tournament are Jennifer Pellham, Michael Field, Darcy Randolph, Carmen Kelley, Tracy Lackey, Vonda Stephens, Lisa Huckabey, Stephanie Herring, Glenda James, Cheryl King, Roan Nix, Joy Parish, Sandy Gonzales, Betty Ellis, Linda Sineros, Jean Smith, Patricia Everett, Cindy Fulenwider, Consuelo Lopez and managers, Teresa Fulenwider, Nancy Kendall, and Dyan Jones.

SLEW Loses

The Slew shot the best percentage of the year but ran into a tremendous shooting Vega club. The difference in the game was the number of shots taken by Vega and the board strength. They shot 40 of 80 and shot 18 of 46 and the rebounding was likewise.

Our kids played well, but the name of the game is score and we were not able to score with them was the coaches comment.

Clint Dawson played real well and had 14 points and 7 rebounds. Ray Van

Banks and Jimmy Randolph had 7 points each. Hoby Matlock had 6 points, Mike Smith and William Flores each had 4 points, Lonnie Nienast had 3 points, Byron Vaughn had 1 point, and Mike G. Smith and Jeff Burk failed to score.

Jim Gonzales, a freshman, played extremely well as he had 4 rebounds, 3 steals and 2 block shots.

The Slew will play Bovina here Friday night so come out and watch them.

only one thing for the night and that was hustle.

The scorers were Dave Cleavinger 6, Alan Clayton, 4, Claude Barlow, Raymond Olvera with 2 points and Lyle Loudder and John Ward each with 1 point.

SLEW JV Drops District Opener

The J.V. held off the charge of the Vega quintet for 3 quarters but finally succumbed by the score of 52-36.

The first quarter saw Vega gain a point advantage by 10-9 margin. At halftime the visitors had a 7 point lead 25-18.

The third quarter saw two more points added to Vega's lead 33-24. The fourth quarter then saw Vega slip from the J.V.'s pressing grasp and take control with the final score being 52-36.

High point for the Slew was Ronnie James with 19 points, followed by Ricky Smith with 6, Biff Belew with 5, Kenny Wright with 4 and Cary Sawyer with 1.

The Slew J.V. will go against Bovina Friday at Wolverine gym.

7th Grade In Littlefield Tourney

The 7th grade came in 2nd with a loss to a strong Littlefield 7th grade at the Littlefield tournament.

The Jr. Slew Crew got to the final game Saturday by beating a good Frenship team by a score of 15-10.

This of course pitted them against the home team in the final. In the Frenship game all players played 18 in all. The high point people in this first game were Jamie Dozal and Lorenzo Monreal both with 6 points each. The rest of the points came from Danny DeLeon with 2 and Joe Oliveras with 1.

During the second game against Littlefield on Saturday night the S-E Jr. High 7th grade were beaten by a good strong Littlefield team, who could have but didn't take advantage of their strengths and S-E weaknesses.

The final score was 36 to 21 and all the players on both teams got to play. Scoring for S-E was as follows Lorenzo Monreal with 8 8 points, James Price with 4, Joe Olivera with 2 Scott Baucum with 2 and Paul Ramon with 5 points.

8th Grade In Bovina Tourney

The young Slew played super as they began by defeating Tulla's red team 39-26 in a real offensive outburst.

The Slew were led by Claude Barlow with 19 points, Dave Cleavinger and Dusty Stovall each

with 6 points, Todd Moore with 4 points, John Ward with 3 and Roy James with 2 points.

The second game was a very tough game against a Bovina team which was ready to play.

The Slew were led by

SLEW Loses To Bovina

The Slew got off to a terrible start as they scored only one shot in the first quarter while Bovina hit 29 points, but they came back to make a great scoring game of it.

The Slew shuffled their lineup 8 entire times in order to fine points and defense. It finished up to be a good effort by all the Slew Crew.

Clint Dawson led all scorers with 21 points, 12 rebounds and shot 60% from the field and 9 of 12 at the Free throw line. Hoby Matlock had 9, Mike E. Smith and Jimmy Randolph had 6 apiece, Ray Van Banks who played with a hit pointer, Lonnie Nienast and Biff had 5.

JV Girls Beat Bovina

Springlake-Earth J.V. girls won their first district opener against Bovina, 53 to 32, Friday the 13th. It didn't seem to be a fluky victory for Coach Gray, and his girls with a 21 point lead at

the final buzzer.

In the first quarter both teams started slow with Bovina taking the lead 6-2. This didn't stop the slow deliberate defense of the S-E J.V. girls which came back to tie 11 all at the end of the first quarter.

The aggressive S-E J.V. defense, a 1-2-1-1 harrassed and pressured turnover but their shooting was still a little cold. They still managed to take the lead out scoring Bovina 12 to 8 in the second quarter giving Springlake-Earth a lead at halftime 23 to 19.

The third and fourth quarter picked up pace with more and more turnovers from Bovina and S-E taking advantage. S-E outscored Bovina 10 to 6 in the 3rd quarter and 20 to 7 in the 4th quarter with the final score being 53 to 32 in Springlake-Earth's J.V. girls first District play. This brings them to 1 & 0 in district play.

High point for S-E was Sharon Jackson with 28 points followed by Jeanne Haydon with 10 points and Carrie Been and Hattie Thomas both with 4 points. Tamara Jones had 3, Lisa Templeton and Shelia Jordan both with 2. Next game for the J.V. girls will be January 17 at Kress at 5:30.

The young Slew suffered their worse loss of the year. The Bovina team shot super. The Slew managed

how."

Mahon added that he had met with President Carter at a recent State dinner at the White House "and I took advantage of the opportunity and told him not to underestimate the importance of the so-called farm strike."

"I refer to it as a so-called strike because it isn't a strike in the usual sense of the word, but is an attempt to get the attention of the public and the government," he added.

Mahon said the factors of overproduction, inflation and foreign trade agreements make the farm problem a "very complex" one and that he can see no easy solution.

"We produce about three times as much wheat as we can use in this country," he said. "If we could ship it overseas, our own market collapses. If the price of our wheat goes too high, we lose our foreign markets. We export about five billion bushels of cotton a year, but we couldn't sell it for \$400 dollars per bale."

From a question from Cleo Connell of Dimmitt, "How have such a great surplus of food, why are we importing it?"

7th SLEW Crew Wins

Monday night the S-E 7th grade boys took on the Bovina 7th grade and won by a score of 17 to 14. Again Coach Gray had an opportunity to put all his players in but was forced at the last to put his starters in when his lead was cut to 3 and seconds left in the halgame. The S-E players were more physical than the Bovina team and led through out the ball game. Shooting from both teams was not the hottest and most points made for S-E were made by fast breaks.

High point for Springlake-Earth was James Price with 8 points followed by Maurice Hood with 4, Lorenzo Monreal with 3 and Clifford James with 1 point.

Final score again was S-E 17 and Bovina 14.

Claude Barlow, 13 points, and Todd Moore with 6 points. Alan Clayton made 3 points, Dave Cleavinger, Dusty Stovall, and Mark Parish all had 2 points. The main asset of this game were the passes the Slew showed as they were down 13 and won it in the last 43 seconds.

The third game was the championship game against Bovina's other team and they are huge. The Slew lost 44-25. The key to this was inability to keep them off the boards and stop the fast breaks.

The Slew fought to stay close but time ran out. The scoring was led by Dave Cleavinger, 10 points, Claude Barlow and Alan Clayton with 6 points, Todd Moore with 3 Rory Jones and Jeff Jones each with one point. The Slew brought home second place and represented Springlake-Earth well. The 8th grade will be in the Littlefield tournament next Thursday through Saturday night.

Byron Vaughn had 3 and Kevin Riley had 2 points, William Flores did not score but he played super defense.

It was a thrilling game and the Slew play Kress Tuesday there and Hart here Friday at 5:30. Come out and back all the Slew Crew teams.

Art Association News

The Muleshoe Art Association met Tuesday in the Studio of Marie Lenau in Muleshoe. The president, Cari Juan Schuster presided the business meeting. Minutes of the December meeting were read and approved. Various committee chairmen gave reports on the work of their committees. Membership in the Association has grown to 77 members.

Louise Alair, program chairman, introduced the guest artist, Marie Lenau who gave the program "The Art of Enamel." She uses copper as her canvas and ground glass as a

medium, making a free hand design on a copper shut and firing it in a kiln at a high degree of heat. The finished object is a beautiful and unusual piece of art. She showed the group several hangings as well as bowls and other objects she has completed.

Mrs. Lenau served coffee and cookies to 20 members and 3 guests. Those from Earth who attended the meeting were members: Mrs. Fred Clayton, Mrs. Tommy Wheatley, Mrs. Swanie Branscum, Mrs. Leon Foster, Mrs. Mac McMillan, Mrs. J.E. Shirey, Mrs. Thomas Alair and a guest, Mrs. Jerry Houchin.

IRS Advises

The Internal Revenue Service has some consumer advice for people shopping around for a tax return preparer.

Whether you seek help from an accountant, an attorney, an enrolled agent, a tax return preparation service, or someone else in the business, shop and select carefully and especially beware of extravagant advertising claims. While most preparers are ethical and honest, there are some who are not.

Avoid the preparer who "guarantees" refunds or demands a percentage of your refund, the IRS says. Likewise, be wary of tax preparers who hint at a special relationship with the IRS, such as having inside knowledge of audit

selection standards or computer processes, and similar claims.

The IRS points out that income tax return preparers are now regulated by disclosure and other rules imposed by the Tax Reform Act of 1976. For example, paid preparers may be penalized for failure to sign income tax returns or claims for refund they prepare, failure to furnish completed copies of returns or claims to their clients, and failure to enter their Social Security number along with their signature on each return or claim.

In addition, preparers have to keep copies of each return prepared for at least three years or maintain a list of taxpayers for whom returns or claims were prepared and their identifying numbers.

Substantial penalties can be imposed against preparers who fraudulently understate tax liabilities on a return or claim for refund filed with the IRS. The IRS may also seek an injunction in court to prohibit the preparer from engaging in certain types of fraudulent or deceptive conduct.

Once you have hired a preparer and received your completed return, along with a copy of the completed return, bear in mind that your job is not finished. Read over the prepared return thoroughly before signing it, and never sign a blank return. Remember, you are still primarily responsible for whatever is contained in your tax return.

To speed up processing of any refund that may be due, make sure you provide the preparer with the peel-off label and coded envelope included with your tax package.

Also remember that a preparer must rely on the figures for income and deductions that you supply. To insure that you receive every tax benefit which you are entitled to, keep good records around and give them to your preparer.

Artichokes have a sharp taste and cause any food taken afterwards to taste sweet.

Naman Blasts Bergland

Texas Farmers Union President Jay Naman of Waco has issued a statement blasting Secretary of Agriculture Bob Bergland, saying Bergland's recent statements concerning parity and government programs for farmers are "preposterous and almost unbelievable."

Bergland's comments came during a speech to the American Farm Bureau Federation convention in Houston in which he said that the government could not protect farmers with programs allowing for 100% of parity because it would amount to a monstrosity of costs and government controls.

Naman says Bergland's speech has "shocked and disappointed farmers to hear the Secretary of Agriculture repudiate the preservation of the family farm system by rejecting the concept of 100% of parity."

Naman continues by accusing Bergland of "playing politics with agricultural policy by telling each farm group with which he meets that he is in agreement with their particular approach to solving problems." He also says that the speech means "Secretary Bergland identified himself with and joined the American Farm Bureau's traditional attack on the family farm and farm programs which could provide 100% parity prices to farmers."

The sentiments of the state farm leader are expected to be echoed when the voting delegates and

members of Texas Farmers Union gather in Austin, January 20 and 21 for their annual convention. At the same time many Farmers Union members will be taking part in a national protest in Washington. National Farmers Union says its Washington office is ready for the fight for amendments and additions to the inadequate farm bill when Congress reconvenes and expects action during February.

"I must remind the Secretary," says Naman, "that farm programs in the past have provided farmers with 100% of parity without the detrimental implications which he described in his speech. I must further remind him that other farmers in the free world are protected by their governments with various programs and pricing mechanisms that guarantee the farmers of those countries a fair return. In fact, this country under this administration is one of the few of the developed countries in the world that is unwilling to protect farm income."

Naman says that essentially Bergland has told the nation's farmers that "they would be better off bankrupt than to have to comply with the restraints of an adequate farm program." While not calling for Bergland's resignation forthright, Naman says that the remarks have "destroyed his effectiveness as Secretary of Agriculture" and that "his continuation in government can serve no constructive purpose."

An Open Letter To Our Farming Friends--

Charges are being made to the effect that Pioneer Hi-Bred International, Inc., is not sympathetic to the financial difficulties you are experiencing. I want to emphatically state that such is not the case. Nothing could be further from the true stand of Pioneer Hi-Bred International, Inc.

No company or organization is more aware of the contribution American farmers make to the economic health of the U.S. and to the survival of the world's population. In fact, Pioneer has spent untold manhours and dollars telling this story to the general public and to economic and governmental leaders...NOT for just the past four or five months, but from our company's earliest beginnings.

No company or organization is more aware of the economic pressures put on you, either. In fact, our success is directly tied to you. You're not just a customer. Many of you participate in the research that develops our products. Others of you help produce our seed. And then many of you also help market Pioneer brand seeds. To understand your problems is as basic to our business as is the research, production and marketing of our planting seed.

The man who founded Pioneer Hi-Bred International, Inc., dedicated his life to the welfare of the American farmer. It was our founder, Henry A. Wallace, who first produced and marketed hybrid seed on a large scale...which may be the greatest individual contribution in the history of agriculture. To suggest that the company he founded does not understand or support you, the farmer, is a serious error and a supreme injustice.

A letter written by an individual of the Garst and Thomas Hybrid Corn Company of Coon Rapids, Iowa--an independent company which distributes Pioneer brand products in Southwestern Iowa, Kansas, Nebraska, Colorado and Missouri--is being circulated among farmers. The comments in that letter do not reflect Pioneer policy and attitudes. The letter was NOT written by an official of Pioneer Hi-Bred International, Inc. It reflects ONLY the views of its writer.

I will not speculate about who is spreading this charge among you...or why it is being done. Farmers who know Pioneer, and the work we've done to support your cause, will know this charge is NOT true. If you don't know already, we hope you'll recognize that, through honest error or malicious intent, you are being misled if told that Pioneer Hi-Bred International, Inc., is not the farmer's friend.

Sincerely,

James W. Lindsey

BATHROOM ETIQUETTE

Ring around the bathtub! At the end of a trying day, the last thing tired moms look forward to is cleaning up the bathroom!

To help make this chore quick and easy, teach your children bathroom etiquette. Here are some suggestions:

- After a hard day at play, most children march into the bathroom and transfer the dirt and grime onto a clean bar of soap. Teach your children to rinse the soap and the basin to avoid leaving any muddy traces of their wash-up routine.
- Towels are usually found everywhere, except where they belong: on the towel rack. Avoid having to con-

stantly pick them up by the sink area, buy an inexpensive hanging individual towel ring. The toothpaste tube roller and assigning each child a specific cut down on waste own hand-towel.

If your youngsters leave globs of toothpaste around the sink, splatters covering the mirror can be minimized by reminding them to brush properly.

"THE KING OF THE CROWD"

This yellow endosperm hybrid has the potential yield factor for tremendous production. Large plump seed carried on big semi-open heads, rapid drying, medium tall plant with very satisfactory standing ability for such high production. A very popular hybrid with livestock feeders. Ideal for the farmer who wants the absolute tops in yield capacity, classed as a full season maturity hybrid in the Northern Texas Panhandle.

GS 66Y Bred for farmers who like the high yields of GS 76Y and the standability of 61Y. Medium in plant height -rich, full yellow berries, highly palatable, sweet forage for grazing or baling. Very responsive to high fertility levels and water supply. A money maker for the good farmer in the medium maturity range. A FAST STARTER IN COLD SOIL.

Visiting Tuesday with

endorse candidates of their choice.

In the five years I have been governor there has been no higher priority in State government than public education. This is amply demonstrated by the fact that the annual level of State funding of the Minimum Foundation Program has increased nearly 122%, average teaching salaries have increased 53%, a new program of equalization aid has been funded at more than \$130 million annually, and many other steps have been taken to improve the quality of education.

My commitment to a better educational system is firm. However, I have not nor will I ever support a specific program of salary increases in return for a political endorsement. The questions raised and responded to during a recent interview I had with members of the TEPAC committee were directed primarily at salaries and fringe benefits. The public promises made by the candidate the committee endorsed certainly un-

derscored a cost far exceeding a billion dollars. To promise a program of this magnitude is to presume one of two things: (Cont'd Page 8)

Cotton Incorporated Annual Meet

Cotton producers of Lamb County will hear reports on the research and marketing progress of their commodity when Cotton Incorporated holds an annual report meeting at 9:30 a.m., Monday, January 23 at Levelland State Bank, Levelland.

The annual report meeting will give producers a first hand look at what Cotton Incorporated is doing for them in production, textile and economic research, Farris said. It also will show the marketing, merchandising and advertising efforts carried out by the company on the behalf of the producer.

County Extension agent said. Farris, said the meeting will center around a specially made color-sound motion picture giving company-wide view of 1977 accomplishments. This will be followed by a brief update by a key member of the Cotton Incorporated staff.

The marketing outlook for 1978 also will be discussed.

There will be ample time for questions and discussion, and producers are encouraged to bring their wives, Farris said. He said the wives will be especially interested in parts of the film dealing with textile and product development.

Cotton Incorporated is the fiber company of American cotton producers, John Farris,

Music Festival

The Sudan Fire Department and Sudan Lions Club are conducting another Music Festival on Saturday, January 28 at 7 p.m. in the Sudan School cafeteria.

Persons wishing to sign up groups are invited to call 2230 or 227-2024. Everyone is invited to attend.

Fashion FORECASTS WHAT TO EXPECT

You Can Take The Clothes Out Of The Country, But...

Country classic menswear this season is as fresh as a clear, crisp country morn. Its unique styling affords today's well-dressed man an informal, yet tailored, look that's right for any casual occasion.

"The new country approach is just one of the ways classic menswear has been updated," according to Burton B. Ruby, president of Jaymar-Ruby, the nation's largest manufacturer of men's quality slacks and a sportswear trendsetter.

(1) sharply reduced state services in 1977 salary increases for one group of public employees or (2) the largest tax cut in Texas history. Otherwise it becomes a mere empty promise for political gain.

I thought it would be both improper and irresponsible for me to make such a promise. Other candidates must make their own decision.

My candidacy is supported by many teachers and administrators individually and in organized groups. One committee, School Administrators for Briscoe, announced its support this week.

4-H - AN OPPORTUNITY FOR LEARNING - "Opportunity" is calling for Texas youth. Whether or not they answer the call can have an important effect on their experiences down the pathway of life. That opportunity is 4-H a youth development program for boys and girls between the ages of 9 and 19 conducted by the Texas Agricultural Extension Service.

4-H provides youngsters an opportunity to learn something that will help them in everyday life, such as health, safety, conservation, leadership, citizenship and nutrition. Then there are learning opportunities that may lead to a fuller and richer life, such as knowing how to tune a small engine, how to cook and sew, and how to raise and train an animal, to name only a few.

And there's a uniqueness about 4-H that makes it a special type of program. 4-H is something different to everybody because of the different backgrounds and experiences of each and every member. Thus, 4-H boys and girls learn from one another by sharing these experiences, plus they have additional experiences on their own through guidance from adult leaders and Extension professionals.

The Extension professional staff to back up the 4-H program offers another unique advantage. In whatever area a youngster's interests lie, there is a knowledgeable specialist to provide the

background and training to guide youth along the way.

The 4-H program also involves the youth's family-it's a family affair. Many 4-H experiences happen at home, and this is where 4-H'ers actually work with their projects. So the youth and their families work and learn together. Hopefully, these experiences will help family members communicate more openly and thus become more close knit.

4-H provides an opportunity for youngsters to 'practice' for the real life experiences they will encounter in the future. Such training can only lead to a more complete and more meaningful life.

Any youth or parents interested in the 4-H program are encouraged to contact the county Extension office or call 385-4004.

Instant market news is a federal-state market news service with offices around the country. They're connected by 23,000 miles of teletype system.

TIPS TO HELP YOU

Fuel Efficiency

You can insulate your budget from some of your fuel bills' assaults, if you know ways to keep inside temperatures in, and outside out.

To keep your heating and cooling efforts from going up the chimney, always be sure the fireplace damper is closed when the fire is not lit. Use bath and kitchen ventilating fans only as needed.

INSULATION AND INGENUITY

INSULATION AND INGENUITY can help you save a cool amount on your fuel bills.

help block out summer sun and keep buildings cooler on the inside, while drawing warm air away from the wall.

In winter, ivy and vines planted on the windward side of a building help block out chilling winds and serve as insulation to keep heat in and cold air out.

The American Association of Nurserymen points out both look and feel better very inexpensively with nature's insulators-ivy and vines. Planted on the walls or on well as more agreeably in trellises near the walls, they insulated.

Revolution Inspires Novel

Largely ignored by historians, the failed insurrection of a group of Frenchmen in the colony of New Orleans back in the 1780's was the first concrete avowal of personal liberty on the North American continent. The blossoming growth and brutal suppression of these gallant romantics is the historical pivot for a new novel from Shoal Creek Publishers in Austin.

After years of cumulative research, teacher and writer, Llanon Moon has finally brought to completion her book "Twilight on the River." Revolving around the fictional character Gaston de la Mignot, a younger son of French nobility, this colorful novel explores the sentiments and events leading to the French colonists' refusal to be ceded to Spain and their subsequent move for self-government.

Besides being a vivid elucidation of a little known incident in history, "Twilight on the River" spins a romantic tale of its

own. Gaston involves himself in the tangled paths of Marie, the wide eyed charmer who dreams of Versailles; Juan Romero, the suave, glittering Spaniard up to his fingertips in intrigue; Lizette, the golden haired daughter of a one time French peasant; and Mesiores, their patient counselor.

These are all inhabitants of the frontier outpost of Natchitoches that guards French rights to the disputed Louisiana-Texas border. It is here that Gaston is exiled-with a land grant and the means for a profitable fur trade with the Orcoquisac and Bidai Indians.

"Twilight on the River" then casts a "fascinating look at wilderness life in colonial Louisiana, at the naive politicalization of raw, bustling New Orleans, and indirectly at the smothering decadence of Versailles. It is a troubling, often gripping tale about men and women pulled, struggling, between the tides of custom and change.

Southwestern Exposition & Fat Stock Show

The 82nd annual Southwestern Exposition and Fat Stock Show will begin on Wednesday, January 25, but the show-sponsored All-Western Parade in downtown Fort Worth will be held at 2 p.m. Friday, January 27.

"We have added two performances to the World's Original Indoor Rodeo and two days to livestock judging," reported W.R. Watt Jr., president-manager, "but our parade will be continued on the traditional Friday."

The parade is the world's largest all western trek, in that motorized vehicles are not allowed to participate. Only horse drawn vehicles, saddle sitting riders and marching units are found in the lineup.

Parade chairman Chuck Shytlies said the parade will assemble at the west parking lot of Dillard's Department Store near the Trinity River. The route will be from the parking lot to the Tarrant County Court House, south on Houston to 7th Street, east to Main and north to the court house.

In all, the parade route is about two miles and

6 points. Saturday the girls played Pep and got beat by 1 point in the last second of the game. The score was 17-18 and Jana Briggs had 9 points for the girls that day.

The boys also beat Lubbock Christian Junior High Thursday. The score was 33-31 and Johnny Gonzales had 15 points. Friday the boys lost to Threeway by a score of 34-22. Johnny Gonzales had 10 points for the Horns. On Saturday the boys played Morton and won by a score of 52-44. Johnny Gonzales was high scorer with 30 points. The boys won 3rd place in the tournament.

Homemade bread, furniture, home-grown tables. These are some elements that make up current nostalgia craze use of natural fibers. It is here that Gaston is exiled-with a land grant and the means for a profitable fur trade with the Orcoquisac and Bidai Indians.

Linen is one of the fibers of the western world. Its texture, strength, slow-to-soil characteristics make it an ideal fiber for tablecloths. Linen is best to laundering in water and detergent. Home experts advise against the use of chlorine bleach because it shortens the useful life of the cloth. Instead they recommend using a bleach substitute like Borax or Fluor. It brightens and whitens washable fabrics and helps remove stains without fading colors, fibers or linings. Package directions say to use 1 cup of Borax to 1 gallon of water. Stains should be pre-treated by rubbing a paste of the product into the stain, waiting 10 minutes and then laundering. There is a booklet that tells more about this product and you can get one by writing to: Team Laundry Booklet, P.O. Box 75128, Sanford Station, Los Angeles, CA 90075
