Paul Harvey Speech Great, Proud Of Little Dribblers Program

HELLO, AMERICA, thus be-gan the speech given by na-tionally famous news commen-Championship Tournament in tator, Paul Harvey, guest the South Plains College Texan Dome to approximately 1,500 people present for the first such tourney in the nation, "THIS, THIS, THIS is what I call a campus demon-

stration," rang the words of his speech as he pointed to the well-mannered National Little Dribblers' teams, the dome, and the delighted audience. He continued that this type of gathering would never get na-tional headlines, but that if a group of hippies were parading up and down in front of the building that national magazines and newspapers would

rush reporters to the scene. Harvey's speech, which was the highlight of the National Tournament, received numerous standing ovations from the dazed audience.

Harvey, one of America's leading newsmen and commentators, spoke for approximately 40 minutes on the great country of America, "the only country that people are still standing in line to get into.

"America was founded not by average men, but by excep-tional ones who try to excel instead of being average, Harvey stated in his speech, "Who wants to be average? Average is the best of the lousiest and the lousiest of the

best, " Harvey continued, The Little Dribblers' Program emphasized to Harvey the striving for excellence. He said that the young participants of the program were reaching out for excellence instead of just

being average. The highlight of Harvey's speech came when he said that he would not spend the time then praising the wonderful program, but would save it for metime when the whole nation was eavesdropping. At this

given a standing ovation. After the patriotic speech,

Harvey made the presentation of awards to the National winners, Snyder and Springlake-Earth

Monday, during his daily program on a local Lubbock radio station, Harvey praised the Lit-tle Dribblers' Program "The birth of a new basket-

ball league where all the players are pint size, some half pint size was born. The first season for the Little Dribblers was climaxed Saturday night in Levelland, Texas, when the 1970 tournament finals were Godfather of the Little D:ibcompleted and when fifteen teams had been eliminated one

statement. Harvey was again at a time, the team "rom Snyder, Texas, took home the trophy," Harvey' egan his announcement, "When a boy baby is born in

Level'and, in West Texas, they don't announce its weight, they announce its length, " Harvey continued. He said that at the garage end of most every drive-way in town there is a basketball backboard, "Where more appropriately than here should the new league of Little Drib-blers be founded, " Harvey stated to the delight of the West Texans listening. Harvey went on to say that the

blers, County Judge Hulon

good root system and good blight resistance. It is a new early-maturing single cross with low, uniform ear height, especially welladapted to picker-sheller harvest.

TE CASHMAKER

TE Cashmaker is a new, relatively earlymaturing yellow single cross. Its productivity increases with increased plant populations; it produces excellent yields at populations above 24,000 plants per acre. It is especially adapted to and recommended for narrow-row planting. TE Cashmaker is very short, very stiff-stalked. It has good blight resistance and a good root system which enable it to stand until combine harvest.

Veterans and Families To Receive Increased Educational Allowances

More than 777,000 veterans, wives, widows and children will receive increased educational allowances under a bill signed by the President. All trainees under the GI Bill

and other VA educational programs were assured by Donald E. Johnson, Administrator of Veterans Affairs, that they will receive the increases automa-tically and retroactive to Feb-ruary 1. He stressed that it is not necessary to contact the VA to receive them.

students are \$175, three-quarter time students \$128, and half-time students \$81. Special arrangements are being made to pay those who were intraining on February 1, but who are no longer in training. There is no need to con-

tact the VA to receive checks. Administrator Johnson also said the new law sets up special programs for servicemen with educational handicaps. One, the predischarge education

Johnson said most of those studying under the GI Bill in institutions of higher learning will receive one check about May 10, which will reflect the new regular monthly rate, and include retroactive increases from February through April. Veterans study lege level, including apprentice, on-the-job and cooperative trainees, must certify their attendance to the VA every month to be eligible for education allowance payments. The VA Administrator said this group also will receive one check around May 10, at the new rates, including the retroactive increases, providing their attendance has been certified through April. However, the VA official explained that some trainees below college level will receive pay adjustments in two checks, because the VA will not receive their monthly attendance certifications in time to include the increase in the first check

program, pays for schooling of educationally disadvantaged serviceman before discharge without charge to their earned

basic entitlement. In addition, the law provides for an intensification of VA's "outreach" program to contact and counsel veterans, widows, and children of certian disabled veterans about government educational and training opportunities,

Administrator Johnson urged veterans interested in applying for education or training benefits to contact their nearest VA office now for a certificate of eligibility

THE CENSUS OF AGRICUL-TURE will count about 2,979. 000 farms this year, according to the U.S. Department of Agriculture. This is nearly 28% less than in 1959 and the lowest number since 1870 NEARLY THREE-QUARTERS the nation's agricultural graduates now come from cities, according to New Holland, the farm equipment di-vision of Sperry Rand.

The VA chief said that veterans training under the voca-tional rehabilitation program will receive their increased educational allowances in early June

Information on this group is not computerized and all processing will have to be done individually, requiring more time, he explained.

It increases from \$130 to \$175 a month the rate for single GI Bill veterans studying in an institutional full-time program.

A veteran with one dependent will receive \$205 a month, two dependents \$230, and \$13 for each additional dependent. Rates are scaled down for less than full-time students.

Single GI Bill students going three-quarter time will re-ceive \$128 a month, \$152 with one dependent, \$177 with two dependents, and an additional \$10 a month for each additional dependent. Half-time GI students will

receive \$81 if they have no dependents, \$100 with one dependent, \$114 with two dependents and an extra \$7 for each additional dependent.

The rate for a single veteran under the vocational rehabilitation program was increased from \$110 to \$135 a month for full-time students. A veteran with one dependent will receive \$181 a month, two de-pendents \$210, and \$6 more for each additional dependent. These rates are also scaled downward for less than fulltime students,

Soybean Producers Receive Briefing On Referendum

Soybean producers in Lamb County met Tuesday in the Springlake Community Building for an educational program explaining the provisions of a soybean referendum and to hear a brief rundown of the soybean industry in the area, state and nation

This type of meeting has been required in soybean producing areas prior to a certification by the state commissioners of agriculture for the Texas Soybean Association to conduct such a referendum

Purpose of the referendum is to raise funds with which to conduct programs of educations research, disease and insect control and marketing relating to soybeans. The referendum calls for an assessment of onehalf cent per bushel of soybeans produced, according to County Agricultural Agent, Buddy C. Logsdon,

Less Watson, a soybean producer in Springlake and one who was present at the meeting said, "I think the one -half per bushel to be used in establishing markets, promotion and research was a good idea

to this, the government will match the farmers with an allocation of funds to be used in this capacity.

Watson commented. presently have a surplus of soy-beans because we have been allowed to grow them on the diverted acres, and too, we have planted soybeans in many cases, on cotton and grain acreage after being hailed out. Taking this into consideration new markets are necessary for continued production of soybeans. One-fourth of the money was

to be used in developing a highet yielding soybean. Speakers at the meetings were

B. Tilson of Plainview, president of the Texas Soybean Association and John Stephens, field representative of the American Soybean Association and Ed Garnett of Amarillo, area farm management specialist with the Texas Agricultural Extension service.

BOARD OF TRUSTEES-Of the Springlake-Earth School pose for this photograph shortly after being sworn in. Seated, left to right, Jimmy Craft, P. A. Washington, Gene Templeton and Ardis Barton, Standing are K. B. Parish, Norman Hinchliffe, Supt. Mann and Jerry Kelley.

S-E School Board Sworn In Monday

Members of the Springlake-Earth Board of Trustees were worn in at the regular meeting of the board Monday night. The group was re-organized with the following men named as officers of the board: Norman Hinchliffe, president; Jerry

Kelley, vice president: and K, B, Parish, secretary, The election returns were canvassed and minutes of the previous meeting were approved. The group reviewed the present enrollment and found it to be down by 45 pupils since the beginning of school in Septber, Supt. Bill Mann said

he had no answers for the drop inenrollment. The errollment figures are as follows: elemen-

cold water of the McKenzie River.

Mike was a junior high school plaver. Funeral services will be at

tax roll the group found ap-proximately \$13,000.00 in delinquent taxes, Supt, Mann said letters would be mailed out to those on the delinquent roll and if there was no response within a few days legal action would be taken to clear

these tax accounts. The resignation of Coach Dallas Clynch was accepted and at the same time the group hired Duane Locke of Jaton as head coach for the local school, Coach Locke will move to the campus shortly after the close of school, Mrs. Locke will in

all probability be teaching in junior high. Before the meeting was concluded the group studied local fund assignment and the budget progress report.

Those present were Norman Hinchliffe, Jerry Kelley, K. B. Parish, Jimmy Craft, Ardis Barton, P. A. Washington, Gene Templeton, Supt. Mann and Ross M ddleton.

Susan Receives Further Honors

Former Springlake-Earth All-Stater Susan Britton was recent-ly named to the AAU All-Aericanteam and the National Girls Basketball League All-League team during the Nation-al AAU Tournament at Gallup, New Mexico,

Susan, a 5-8 sophomore guard for the Hutcherson Flying Queens of Wayland Baptist College, was the second leading scorer on the Queens this season with 256 points in 33 games.

The Queens won the AAU Tournament, the Amarillo National Invitational, which is the equivalent of a major college championship, their third straight Iowa Invitational title and the NGBL championship. Susan hit 105 of 271 field goal attempts for 38, 7 percent and 46 of 75 from the line for 61.3 percent and averaged 7.5 points per game

In two seasons she now has, 560 points and if she averages 250 points for the next two years could rank in the top seven on the all-time Queen

scoring list. She was in double figures nine times during the season and had a high game of 17 against John F. Kennedy College of Wahoo, Nebraska, in the semifinal game of the AAU Tournament as the Queens rallied_ from a 15 point halftime deficit to win.

Oddly enough, she 'ad 12 points in the decisive game for the NGBL title, the final game of the Amarillo Tourney and the championship game of the AAU Tourney against Ouachita Baptist.

Susan is majoring in Elementary Education with a minor in P. E. She is a member of the Texas Student Education Association, the Student Senate and

Athletes for Christ. She is the 20-year old daugh-ter of Mr. and Mrs. Harold Britton of Earth,

How can they keep that up all day?"

And In The Farmers Field...

E-944 variety is a late-maturing, special-cross hybrid. It will mature early enough for grain production anywhere in Texas. The stalks are very stiff and erect. The plants stand well for harvesting. It produces a high yield of grain or silage and also has a good resistance to the corn ear-worm and to leaf blights. The recommended planting rate is a stalk every 8 inches in a 40 inch row or approximately 20,000 plants per acre.

E-8244 variety will mature

satisfactorily in all of Northeastern

Nebraska and is an early maturing

hybrid on the Texas Plains. This hybrid has a most excellent yield

at thin planting rates or at high

record in Nebraska, Kansas and Texas.

It has an unusually high yield record

planting rates of 24,000 plants per acre. It is very tolerant to Maize Dwarf Mosiac Virus and one of the few

hybrids that is highly tolerant to the western corn root worm. The stalks are rather short and the standability

of this hybrid is very outstanding. It is

a quick-drying hybrid after it matures.

JENKINS FURNITURE CENTER, 1801 Broadway, Lubbock, has been selected by The Berkline Corporation, nationally known manufacturer of action chairs, as a winner of that firm's National Merchandising Merit Award. The award takes the form of a plaque citing fenkins as "the merchant most outstanding in his community for maintaining consistent excellence in merchandising, displaying impeccable standards of courteous service, and adhering to the highest policies of reputable bus-iness practice. " The plaque was presented at Lubbock to Dick Sydow, (at left) of Jenkins Furniture Center, by Tom Kemp, representing Berkline Corporation.

Vicky Gregory Named To Texas 1970 All -Stars

Vicky Gregory, Springlake-Earth senior, has been named one of 14 first team forwards for the Texas 1970 All-Stars. Vicky was one of the 28 forwards and goards selected as starters for the north and south team that will be pitted against each other in July in connec-tion with a coaches clinic in Brownwood.

The All-Stars were chosen from more than 1,200 players from 753 schools with girls' asketball programs, including The local hard playing forward lettered four years and the local school. and cooperation between the Special guests representing cotton, grain sorghum, soy-beans, cattle, Water Inc. and lic relations for the SURVIVAL

We Have Started A New Decade!

AND, WEARE GOING TO WORK HARDER FOR THE FARMERS THAN

EVER BEFORE

L.K. Anderson, Gin Manager, And The Directors Of The

Earth Co-opGins, Inc.

Invite You To Start This Decade Off Right, By Attending, The

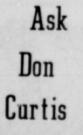

40th ANNUAL **STOCKHOLDERS** MEETING

At The Springlake - Earth School Cafeteria, April 20, 1970

IN ONE HOUR A modern com- THE EARLIEST WRITTEN rebine can harvest enough wheat cord of cheese dates back to to bake 20,000 loaves of bread, 4,000 B. C. The first cheese according to New Holland Div- factory in this country was built ision of Sperry Rand engineers. over a century ago.

Pure Single Cross Grain Sorghum For The Earth Area

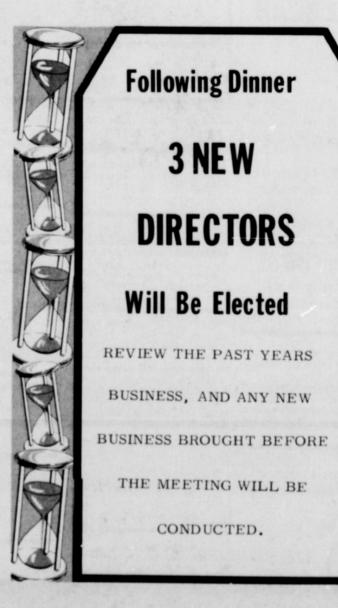

-he knows that Asgrow's Jumbo L is the pure single cross right for you.

Asgrow's amazing pure single cross, Jumbo L was developed particularly for the irrigated Texas High Plains and eastern New Mexico sorghum areas. Producing twoto-three more leaves than ordinary sorghums, Jumbo L has chalked up high yields throughout the sorghum belt. Reserve your Jumbo L early for mid-May, high population plantings. Supply is limited.
