## Taylor's Win Jamaica Cruise

Mr. and Mrs. C. O. Taylor of Taylor Furniture of Earth were notified this week that they were among the winners of the General Electric Dealers Trip Contest again this year. The Taylors have been awarded trips for five consecutive years, since becoming General Electric dealers.

Trips are awarded those dealers selling the highest percent of quota in excess of one hundred per cent set by the General Electric Company.

The Taylors will leave from Lubbock via International Airline to Miami, Florida where they will board the Starward of the Norwegian Caribbean Lines on October 18th for seven glorious days from Miami to Jamaica, returning home October 25th.

This "Carefree Castaways Jamaica Cruise" will include sight-seeing, tours, and various entertainment.

Other trips awarded to the Taylors have been to Europe, Hawaii, Las Vegas, Louisville, Kentucky and Mexico. Also in 1965 they were awarded a trip to Mexico City by Southwestern Public Service Company.

Mr. and Mrs. Taylor were also awarded the Distinguished Merchant Award by General Electric Company in 1967.

Mrs. Alice Martin is in Amarillo visiting her sons and families. Mr. and Mrs. J. B. Martin and Mr. and Mrs. Ralph Martin, and her sister-in-law, Mrs. Ethel Lewallyn.

County Cancer Society will be held in Olton. The date of that meeting will be announced later.

If anyone wishes to make memorial gifts he may send them to the Citizens State Bank of Earth.

## A. C. S. Elects Officers

The Lamb County Cancer Society met on Tuesday, August 12, in the XIT Room of the Security State Bank in Littlefield. Meeting was called to order by Mrs. Edna Mangum, the 1968 Cancer Crusade Chairman for Lamb County.

Officers chosen by representatives of the nominating committee are as follows: Hubert Henry of Littlefield, president; Mrs. C. L. Houchin of Earth, vice-president; Mrs. E. M. Mangum of Littlefield, secretary; Mrs. Gloria Jackson of Littlefield, treasurer; Mrs. Eloise Cox of Littlefield, publicity.

Members of the Board of Directors from Earth include Mrs. Paul Wood, Mrs. Roney Smith and Mrs. R. H. Belew. Ed Lowe of Lubbock, who is the area supervisor, also attended the meeting.

Mrs. Mangum reported to the society on the help which had been given to two cancer patients, one from Amherst and the other from Littlefield.

Mrs. Frances Rachel, surgical supervisor of the West Texas Hospital presented a program on "How We May Better Serve Cancer Patients."

## Nominations For Grain Sorghum Producers Board Being Accepted

Nominations to the Grain Sorghum Producers Board are being accepted by the Grain Sorghum Producers Association, 1212 14th Street, Lubbock, Texas. The twelve man board will be elected in the October Grain Sorghum Referendum. It will have the responsibility of administering the funds collected to promote grain sorghum sale and to initiate and conduct research vital to grain sorghum production.

Elbert Harp, GSPA Executive Director, said, "Any grain sorghum farmer in the referendum area may have his name on the ballot by submitting his nomination signed by himself and ten other grain farmers to the association office by September 4, 1969." The election of this board will be held on the same ballot which the grain farmers decide whether or not they want to expand their market development and research program. Members of this board will not receive pay for their services.

Upon approval of the referendum and election of this commodity board, five cents per ton will be collected at the point of first sale of grain sorghum within a 29 county area of the High Plains and Panhandle. It is a voluntary program and anyone not wanting to sup-

port it may request his money back and it will be refunded promptly without any questions asked.

Mr. and Mrs. B. N. Armstrong and family returned Sunday from a week in Ruidoso, New Mexico. Mrs. Bob Gullett of Duncan, Oklahoma is visiting in Earth with her sister and family Mr. and Mrs. Harold Britton.

## Sunnyside News...

By Tenny Bowder

Mr. and Mrs. Bill Baker and children and Debbie Curtis of San Angelo arrived Saturday for a visit with their parents, Mr. and Mrs. Cecil Curtis. The Bakers are on a ten day vacation and Debbie has until the 22 of September between semesters at San Angelo State University before entering the fall term. She made an A in botany this summer. All of them and the Don Curtis of Earth plan to go see "Texas" in the Palo Duro Canyon Sunday night, and go to Six Flags over Texas this next week.

Mrs. Maggie Seymore came to Dimmitt with Juanelle Conard Saturday from Abilene. Juanelle is home for the between semester vacation and Mrs. Seymore will visit with her sister, Mrs. Pearl Sadler in Dimmitt and with relatives in the community several days. They visited on their way in with Mrs. Ezell Sadler, Mr. and Mrs. L. B. Bowden, Ramona Dones, and M. and Mrs. W. E. Louder at the Louder home. Ramona rode into Dimmitt with them.

Mrs. Gale Sadler taught the mission study book "Which Doctor's Son" to the junior G. A. 's at the church Friday evening. Those attending were Cindy Sadler, Peggy McGowan, Tonya DeBusk and Resa Carson and leader, Mrs. Bill Morgan. Mrs. Johnny Epperson with each girl helping taught the intermediate book to Renee Jones, Myran Elliott, and Lesa Morgan at her home. The WMS provided a supper for both groups at the church and they also had a slumber party afterward. Mrs. Mack Turner stayed until bedtime. Debbie and Denise Morgan came to help sponsor the group.

Jeanne Hofack of Canton, Oklahoma visited Wednesday

afternoon with Mr. and Mrs. Gale Sadler, Cindy and Susan.

Mr. and Mrs. Larry Odum of Dalhart and Brenda Seely of Dimmitt visited Sunday afternoon with Leslie Louder and Mr. and Mrs. W. E. Louder. Mr. and Mrs. L. B. Bowden and Mrs. Ezell Sadler, at the W. E. Louder home.

Mr. and Mrs. Jody Wagley and family of San Angelo visited Tuesday with Mr. and Mrs. Weldon Bradley.

Mrs. Weldon Bradley visited Friday in Farwell with Mr. and Mrs. Vernon Scott and boys, Johnny and Steven.

Mrs. Mack Turner and Mrs. Robert Duke attended a teacher's meeting in Dimmitt Friday.

Ezell Sadler left Saturday with Mr. and Mrs. Ercell Keeler to do some work on their cabin at a private lake near Matador.

Mrs. David Sadler and Melody of Lubbock, visited Sunday evening with Mr. and Mrs. W. E. Louder. Mrs. Ezell Sadler and Alton Louder in the Louder home.

Fifty seven attended Sunday School with 48 in Training Union Sunday night. The Sunbeams put on their Christmas in August program during the worship hour Sunday night. The cloud sent many home after Training Union. A fellowship was also given after the evening services to surprise Mr. and Mrs. Roy Phelan on their 25th wedding anniversary. Mr. and Mrs. Tex Conard and Juanelle of Dimmitt and Mr. and Mrs. Earl Phelan of Fieldton and Mrs. Thelma McClanahan came especially for the fellowship and Sunbeam program. Up to an inch of rain with some hail was received at Sunnyside and in the south part of the community.

About 20 in the north.

The church is looking forward to entertaining Rev. H. R. Earles, pastor of the Calvary Baptist church at Newport, Oregon and his family. He will bring the morning message, and show slides of their work there, in the evening service. There will be a period of fellowship and refreshments to get better acquainted after the evening services. The Sunnyside church has supported this church with 5% of its gross income since 1958.

Mr. and Mrs. L. G. Elkins of Olton and their daughter, Mrs. Donnetta Stockham and children, Twila and Drew of Tucson, Arizona visited in the church service Sunday morning with their son, Mr. and Mrs. Gerald Elkins and Cindy and Chris. The Gerald Elkins went to Olton with them after church for the day.

## Women Still Outlive Men

College Station, -Father probably will leave dependent children when he dies; latest statistics still show that women live longer than men.

Minnie Bell, Extension specialist for aging, explains that loss of a father and widowhood still remain a social problem.

Age is the determining factor, she explains. A husband probably will outlive his wife if she is five years older than he. But if they are the same age, the wife has a 64 per cent chance of becoming a widow.

If parents are both 25 years old, a new baby has a three per cent chance of becoming a maternal orphan and a five per cent chance of becoming a paternal orphan before he reaches 18 years of age.

## Fun Glasses Detrimental To Eye Sight

New York-Fun glasses should not be confused with sunglasses, an official of the Greater New York Safety Council warns.

Usually made of window pane glass, oversized and tinted to match your clothing, fun glasses "have no rhyme or reason except to satisfy faddists' desire for a gimmick," Mrs. Marjorie B. Mays says. And the shape usually interferes with peripheral vision.

Mrs. Mays also condemns clip-on lenses worn over prescription glasses on the grounds that they increase reflections from the face and from the rear.

Even properly-fitted and tinted glasses should only be worn in the sun. Worn at night, sunglasses markedly interfere with vision. Worn indoors, they lessen your eyes' tolerance to light.

Mr. and Mrs. Frank Anderson visited last weekend with Mrs. Anderson's sister and family, M. and Mrs. W. O. Blankenship of Frederick, Oklahoma.

## Jones - West Vows Exchanged

Miss Karen Ann Jones became the bride of Harry G. West, Jr. at 8:09 p. m. Friday, August 22 in a lovely candlelight double-ring ceremony in First United Methodist Church, Earth, Rev. Johnnie Williams, pastor, officiated before the altar flanked by candelabra entwined with maidenhair fern. Vases of snow-white mums adorned the altar tables.

Parents of the couple are Mr. and Mrs. W. O. (Buzzy) Jones, Earth and Mr. and Mrs. Harry G. West, Sr. of 6023 Norfolk, Lubbock.

The bride, given in marriage by her father, wore a formal gown of ivory silk organza over peau de soie, featuring a vertical band of scalloped Alencon lace, centered with tiny covered buttons extending the length of the center front of the A-line gown. The lace also adorned the high ruffled collar and repeated on the ruffled cuffs of the full-sleeved bishop sleeves. A chapel train bordered in scal-

lop Alencon lace completed the decor of the gown. A hatlet of pleated ivory illusion bordered in pearls and re-embroidered Alencon lace held a shoulder length tiered veil of ivory imported illusion. She carried a cascade bouquet of ivory gardenias accented with pearl loops and streamers. A tatted linen handkerchief was borrowed from her sister-in-law, Mrs. Dean Jones for the occasion. She wore a penny in her shoe, given to her by her cousin, Mrs. Bobby Hall, and the traditional blue garter.

Miss Joan Dawson, Lubbock, served as maid of honor. Mrs. Dean Jones, Earth and Mrs. Bobby Hall, Lubbock were matron of honor and bridesmatron, respectively. Junior bridesmaid was Miss Tamara Dawn Jones, Earth, niece of the bride. The attendants were attired in identical formal gowns of frosty pink Jakarta, enhanced by empire waist and puffed sleeves. Soft pleats fell from a self-bow in

the back, forming a train-like effect. The headdresses were large Dior bows of frosty pink. They carried a colonial nose-gay of delicate pink and white mums.

Best man was Travis Howard of Lubbock. Dean Jones brother of the bride, and Bobby Hall of Lubbock served as groomsmen and ushers. Junior groomsmen was Brad Burgess, Otton, cousin of the bride.

Little Miss Martha Howard, Lubbock, flower girl, was attired in a street length dress identical to the attendants. Dressed in a wine linen short suit with white ruffle-front skirt. Master Tony Darren Jones served his aunt as ring bearer.

Wedding music was furnished by Mrs. Bob Belaw, organist and Mrs. Dwane Jones, soloist, who sang "Whither Thou Goest," "Till" and "The Lord's Prayer."

Following the ceremony, a reception was held in the fellowship hall. The bride's table was laid with a white embroidered medallion, floor-length cloth. The traditional three-tiered cake, decorated in the pink with American Beauty roses and topped with a miniature bride and groom, centered the table. A tall white candle was surrounded by the attendants and brides bouquets. Silver and crystal appointments were used.

Assisting with the hospitalities were Miss Sandy Vaughn of Carlsbad N. M., Miss Janita Blackburn and Mrs. Don Curtis. For their wedding trip to Cloud-

## West's Host Rehearsal Supper

Mr. and Mrs. Harry West, Sr. of Lubbock were host to a wedding rehearsal supper held in the Banquet Room of the Crescent House Restaurant in Littlefield in honor of Karen Jones and Harry West, Jr. on Thursday, August 21, at 8:30 p. m.

Table decorations included pink table runners, bud vases of pink roses, and silver candle holders with tall pink tapers. The center piece at the head table featured a bride and groom.

Wedding party and guests were Karen Jones, Harry West Jr., Mr. and Mrs. Wallace O. Jones, Rev. and Mrs. Johnny Williams, Miss Joan Dawson, Mr. and Mrs. Travis Howard, Martha, Lindy, Mr. and Mrs. Dean Jones, Tamara and Tony, Mr. and Mrs. Bobby Hall, Mr. and Mrs. Kenneth Burgess and Brad, Mr. and

Mrs. Bob Belaw, Mr. and Mrs. Dwane Jones, Mrs. Sara Waldrop, Miss LuAnn Waldrop, Mr. and Mrs. Buryle Hamilton and hosts Mr. and Mrs. Harry West Sr.

Guests in the Gerald Inglis home this week are Mr. and Mrs. J. B. Inglis, Mangum, Oklahoma; Dennis Inglis and children; and Mr. and Mrs. Donald R. Inglis and children, Napa, California

croft, N. M., the bride chose a black and ecru, crepe and linen empire waist dress topped with a plaid sleeveless coat. She wore ecru and black accessories. Her corsage was lifted from her bridal bouquet.

Mrs. West is a 1967 honor graduate of Springlake-Earth High School. She is currently attending Texas Tech, majoring in secondary education.

West is a 1966 graduate of Monterrey High School, Lubbock. He is also attending Texas Tech and is a history major. The couple will be at home after August 26 at 1902 26th Street in Lubbock.

Miss Luanne Waldrop of Colorado Springs, Colorado, a cousin of the bridegroom, registered the guests.

Out of town guests attending the wedding were Mrs. Sara Waldrop of Atlanta, Georgia, Miss Luanne Waldrop of Colorado Springs, Colorado, Miss Carol West of Denver, Colorado, Mrs. J. F. Vaughn, Sandra and Judy of Carlsbad, New Mexico, Mr. and Mrs. Billy Welch and James of Amarillo, Mr. and Mrs. Tom Jones of Lubbock, Mrs. Bernia Black, Mrs. Alma Moore and Mrs. Lessie Messamore, all of Amarillo, Mr. and Mrs. Joe Chester of Otton, and Mr. and Mrs. Peel of Abernathy.

## Open House Honors Couple On Golden Wedding Anniversary

Mr. and Mrs. Sidney A. Davis were honored with open house on the occasion of their 50th wedding anniversary, Sunday, August 17, from 2 to 5 p. m. at their home in Caddo, Okla.

Hosts for the event were their daughters, Mrs. H. R. (Colleen) Fetterman and Mrs. Curtis (Juanne) Dawson of Houston, their families and Mrs. Davis' sister, Mrs. Audrey Craig of Nolan.

Mrs. Davis, who was born near Caddo, January 14, 1899, is the former Viola Carey, daughter of Mr. and Mrs. W. L. Carey. Her husband was born in Grayson County near Collinsville, Okla., March 19, 1890, but was reared near Jacksboro.

Both are graduates of North Texas State University, Denton, and both are retired school teachers. The Davises' taught in the Springlake-Earth School from 1931 through 1934 when Mr. Davis served as school superintendent. They have also taught in Wichita, Wilbarger, Brown and Young Counties; and in the Lazbuddie school.

Mrs. Davis is a veteran of World War I, having served in the 345th Field Artillery, 90th Division.

They are members of Caddo United Methodist Church and are active in community affairs. They moved to Caddo

from Iowa Park in 1942. Attending the open house from Earth were Mr. and Mrs. Pat McCord, Mrs. A. C. Barton and Mrs. Minnie Fate.

## Something New

College Station, --Glass, no longer a limited-use material in the building construction industry, now forms a new product--ceramic shingles.

One of the leading glass manufacturers has introduced and is testing currently traditionally shaped shingles of foamed glass, reports Jane Berry, Extension housing specialist who works with Texas A&M University.

Because of the extreme durability of the new foamed glass shingles when handled and installed properly, the manufacturer offers a 30 year guarantee.

The glass provides good insulation, will not deteriorate in the sun and extreme heat, is unharmed by freezing and thawing and resists fire, manufacturer reports.

Color is an integral part of the foamed ceramic, so there is no fading or discoloration even in continuous sunlight, Mrs. Berry adds.

The shingles cast heavy shadow lines much like those on a heavy weight wood shake roof and they appear heavy. But the cellular glass is light weight and easy to handle and install. The wedge-shaped shingles are five inches deep and nine inches wide. Tapered ends are laminated to asphalt sealing strips. They are attached with nails like conventional asphalt shingles.

## Bridal Shower Honors Miss Rantz

Miss JoAnne Rantz of Palo Alto, California, bride elect of Bobby Borum, was honored with a bridal shower in the home of Mrs. Gladys Parish, Wednesday morning, August 20 from 10:00-11:30 a. m. Ruth Borum acted as honoree in JoAnne's absence.

She was presented with a white mum corsage trimmed with green and blue ribbons. Colors of blue and green were chosen for the decorations. The serving table, overlaid with a white cutwork cloth, featured a bride and groom under a flowered archway, nestled in angel hair. Silver table appointments completed the setting.

Mrs. Adria Welch and Mrs. Minnie Parish served coffee and doughnuts.

Other decorations included a large white bell which hung in the archway between the serving area and the den. A wedding candle enhancing a small bride and groom was set on the coffee table near the honoree. A bride doll was standing in the gift room and wedding bows were reflected in the mirror. Blue carnations decorated the other entertainment rooms.

The registration table was adorned with a large arrangement

of blue carnations in a lovely white vase placed near a picture of the bride elect. Guests were registered by Miss Carolyn Kelley.

## Plentiful Foods Can Help Provide After-School Snacks

College Station, --Back to school time calls for refreshing after-school snacks. Many of the foods in plentiful supply this September can "fill the bill" for snacktime, reports the Texas Agricultural Extension Service.

Fresh pears make an ideal afternoon appetite appeaser-without affecting the dinner meal. The plentiful supply of peanut

butter reported by the U. S. Department of Agriculture can provide an all-time snack favorite. Peanuts come in handy for afternoon munching, too. The good supply of fresh limes leads the way to refreshing beverages rich in vitamin C.

## Goodwill Centre Nets \$35

The local Goodwill Centre opened its doors Saturday, August 30 by the Eastern Star. The September schedule for the opening of the Centre is as follows: September 6, Town and Country Study Club; September 13, Home Demonstration Club; September 20, Rebekah Lodge; September 27, First Baptist Church.

## Annuals Are Here

Those who have ordered annuals and do not have children in school, should contact Mrs. Monaral Cummings in order to pick up their annuals. Students who have not yet received their annuals will be contacted by members of the annual staff, and will be given their annuals at school. There are a few extra annuals for sale at \$5.00 each. Anyone wishing to buy one may contact Mrs. Cummings.

## Party Line

Mr. and Mrs. Hugh Alexander visited in Olton Sunday with Mr. Alexander's sister and family Mr. and Mrs. Lloyd Baugh of San Jose, California. Mr. and Mrs. Baugh are staying in the home of Mr. and Mrs. Hugh Alexander, Sr.

## COTTON TALKS

FROM PLAINS COTTON GROWERS INC.

Plains Cotton Growers, Inc., Lubbock is recommending eight specific changes in the Federal Crop Insurance program which the 20-county organization's directors believe will make the program more useful to High Plains cotton producers.

The recommendations were sent to the Federal Crop Insurance Corporation by PCG President L. D. (Don) Anderson of Crosbyton following a recent PCG Board meeting at which directors voted to "Make all possible efforts to get improvements in the Federal Crop Insurance program."

Discussion at the meeting was to the effect that changes in the program are badly needed, with some directors stating it should be either improved or "done away with."

Similar action was taken earlier this year, though without specific recommendations, by the Producer Steering Committee of the National Cotton Council, indicating that dissatisfaction with Federal Crop Insurance is not confined to the High Plains

Anderson's letter to the FCIC outlined the following suggestions.

- (1) Insurance coverage should be increased to cover the increased investment made necessary by rising costs.
- (2) The percentage of benefits available to growers on cotton lost during the "first or second stage" needs to be raised; (PCG contends the present schedule of benefits fail to reflect the high percentage of production cost that is incurred before that crop reaches a stand.)
- (3) Dryland cotton should be included in the FCIC program.
- (4) Personnel should be provided who can prevent costly delays in obtaining clearance to replant substitute crops and to otherwise adequately service policyholders.
- (5) Loss payment regulations should be rewritten to more closely fit available replant options.
- (6) Requirements for proving losses on cotton damaged by weather but not replanted should

ENTERTAINING AT THE LAMB COUNTY PIONEER REUNION are (from left to right): Al Espinoza, Camillo Espinoza, Leldon Phillip, Johnny Williams, Gene Winningham, E. K. Angley, and Mrs. Jean Parkman.

be made less complicated, as should the procedure for cancelling Federal Crop Insurance;

- (7) Producers and/or their commodity organizations should be consulted on program changes made or contemplated, and
- (8) People actually engaged in the growing of crops should be included among the directors or at least the advisors of FCIC.

The current cotton program, with price support payments and acreage diversion payments made on "projected" as opposed to actual yield, has provided farmers with a certain amount of insurance. But Anderson points out that there is a strong possibility that this feature of the present program may soon be phased down or eliminated.

"And if that happens producers will sorely need an effective, workable program of crop insurance which will keep them going through years when disaster strikes," he said.

The six-member Texas Association of Cotton Producer Organizations, meeting in Dallas August 13, adopted resolutions creating a Texas Insect Control Steering Committee, opposing a blanket repeal of the seven percent investment tax credit, and reaffirming its position favoring a modified extension of the current cotton program for

years beyond 1970.

The insect control committee, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. and Secretary-Treasurer of TACPO, will investigate the feasibility of a coordinated, state-wide control program for the cotton boll weevil and possibly for other cotton pests.

Both the Rolling Plains and South Texas areas of the state have already instigated some form of coordinated weevil control based on the success of the diapause control program practiced on the eastern edge of the High Plains since 1964.

Johnson said "if such a program covering the entire state were found to be practical it would be more effective than the measures now being used. And it is the purpose of this committee to investigate that possibility."

Named to the committee were Bob Heard, Executive Vice President of the South Texas Cotton and Grain Association, Chairman; Ed Dean, Director of Field Services for Plains Cotton Growers; Charles Bragg, Executive Vice President of Rolling Plains Cotton Growers; Dan Pustejovsky, President of Blacklands Cotton and Grain, and J. B. Kirklind, Executive Vice President of the Trans-Pecos Cotton Association.

On the investment tax credit repeal measure, adopted by the House and soon to be up for Senate consideration, Johnson said "it was the feeling of that tax break for agriculture and small business is something we can ill afford in view of declining prices and rising costs."

The six-member organizations pledged to work both individually and collectively for retention of the investment tax credit for agriculture.

Johnson also reported there was full agreement that with production costs in the cotton industry well above market prices, some form of government help is required if producers are to continue to supply consumers with needed quantities and quantities of cotton.

"And it was the consensus of those present that the present program, with some changes, is the best system yet proposed for bolstering cotton producer income and assuring a adequate production," Johnson said.

Mrs. Sara Clark returned Saturday from a two week visit in Sea-graves with her daughter and family, Mr. and Mrs. Dinson Dudley.

## Clayton Proposes Joint Committee Party Line... To Look Into Water Situation

Austin--State Representative Bill Clayton of Springlake has taken the first step pointing toward ultimate approval of an overall water plan for Texas, proposing a joint interim study committee to look into all phases of the Texas water situation.

Clayton makes the proposal in a resolution which would set up the committee comprised of three members from the Texas House of Representatives, three members from the Senate, and three members to be named by Governor Preston Smith. The committee would report its findings back to the 62nd State Legislature which convenes in Jan. 1971.

The committee stems from failure of Constitutional Amendment No. 2 at the polls Aug. 5. The proposal, which would have provided the financing for implementation of the Texas Water Plan, was defeated by less than 6,000 votes.

The water plan, proposed by the Texas Water Development Board, would come under the scrutiny of the special interim

committee, and, the committee would look into the ecological effects from implementation of the plan.

As proposed by Clayton, the committee would hold fact-finding hearings throughout the state, explaining the water plan and consider alternate proposals from legislators and from the public.

The resolution calls on the Texas Water Development Board, the Texas Water Quality Board and the Texas Water Rights Commission to cooperate with the committee to the end that a comprehensive picture of the Texas water situation can be obtained.

The committee's work could lead to another statewide vote on the Texas Water Plan or on a similar proposal calling for importation of water into the state, and from areas within the state where surpluses exist to areas which lack adequate water.

**NEW JENEAL FACIAL TREATMENT LIFTS AWAY YEARS FROM YOUR SKIN**

It's the kind of treatment you've been reading about in the fashion magazines. Women all over the world are using it. In Canada and London they call it layering, but in the states we call it Jentle Lift. Leading department stores all over the country, such as L. S. Ayers in Indiana and Dayton's in Minnesota, have several trained technicians to give treatments. It is different from anything you've tried before and it really lifts away years from your appearance. Diminishes enlarged pores; smooths out crow's feet, mouth lines, wrinkles, and fades out discoloration and brown spots. Everyone who has this treatment says the same thing. "It really feels soft and silky and oh so fresh." In young women it brings weather-beaten skin back to life. And it's marvelous for adolescent skin... diminishes blemishes. Come in and see what Jentle Lift can do for you.

In many areas we have specialized treatment centers under the name of Jeneal Cosmétique. Many happy faces in North Dallas are proof enough that we have the "It Thing." Lubbock, Texas, is boasting of having one of the most beautiful-beautifying centers.

## Scientists Give Summary On Why People Eat

New York-The overweight get that way by ignoring their stomachs. Research underpinning this unlikely conclusion is reported in The Sciences, a magazine published by the New York Academy of Sciences. It shows that normal people eat when they get hungry, whereas the overweight react to the sight and smell of food or the sight of a clock. The overweights eat when they have no gastric contractions and continue to eat after their stomachs are full. When scientists fiddled with the clock in a room occupied by volunteers, the overweight volunteers consumed twice as many crackers when they thought it was 6:05 p.m. as when they thought it was 5:20. Normal volunteers often refused to eat any crackers at "6:05," saying they did not want to spoil their dinners. Conversely, unattractive food in unpleasant surroundings repels the overweight while nor-

mal people satisfy their hunger pains as usual. Limited to a dull liquid diet in a stark hospital environment, normal patients consumed about as many calories daily as when they could eat anything. But the obese patients ate little and seldom. Until they left the hospital. Once back in the world of free choice and tantalizing food, all the fat patients returned to their original weights. This inability to ignore irrelevant "food cues" explains why appetite suppressants so seldom keep the overweight away from food. Only by learning to eat for nourishment rather than fun can a chubby slim down. Mr. and Mrs. Jack Hinson, Mr. and Mrs. Kenneth Hinson and sons, Mrs. R.F. Holdren, Glen and Barbara returned recently from Tres Ritos, New Mexico after vacationing there for a week. Mrs. Earl Parish, Susan and Robin also spent part of the week there.

## 52% Of Annual Savings Bond Goal Reached

July 1969 sales of United States Savings Bonds and Freedom Shares in Lamb County totaled \$5,485, according to a report from C. O. Stone, Chairman of the Lamb County Savings Bonds Committee. January thru July sales totaled \$67,998 and this is 52 per cent of the 1969 goal of \$130,000. Bond holders should be aware of two facts and give consideration before redeeming for non-emergency or planned purposes, Chairman Stone stated. "One-accrued interest on bonds must be declared on Federal Income Tax returns in the year Bonds are cashed and, two, The Department of the Treasury has proposed to Congress as new higher rate of 5 per cent on both E and H Bonds retroactive to June 1, 1969. The 5 per cent rate would also apply to all outstanding bonds" Mr. Stone said. "People should remember, too, that Savings Bonds are sold to be redeemed so there's a steady rate of redemptions at all times for emergencies, planned expenditures, and education and retirement purposes. In addition, the unique tax advantages of U.S. Savings Bonds make them especially attractive when fully understood by the bond saver. "The \$52 billion outstanding is a major brake on inflationary forces and represents 23 per cent of the publicly-held portion of the Federal debt," Mr. Stone said. Texas sales during the first seven months of 1969 totaled

\$104,261,845--a decrease of 2.4 per cent from 1968 when sales were \$106,830,122. Sales during the month totaled \$15,862,130 during the same period of 1968. Nationwide, investments of United States Savings Bonds were 3 per cent below a year ago for the first seven months however, July investments set a 13-year record for the month, totaling \$419 million.

## Hot Water Effective Remedy For Itching

New York-Very hot water is probably the most effective remedy for itching caused by such summer hazards as poison ivy and insect bites, according to a publication for physicians. The water, hot enough to be painful, should be applied briefly but repeatedly with a wash cloth. The itchy skin may also be exposed to very hot running water. However, the paper warned that the required temperature-120-130 degrees-is too high to be safely used in a bath or shower. If a large area of skin is involved, it should receive the hot water treatment bit by bit.
