Snow-Good Deeds Dominates News

NOSIN.....
WITH POLLY

The snow seemed to be refresh-
ing to all. The YOUNG felt
YOUNGER and those of us on
the BORDER LINE were surpris-
ed that we could still run from
a fast flying snowball.

This weather proved to be a lit-
tle rough for Cecil Lemmons. He
hadn't equipped his motor scooter
with a snow plow, (and he had to
hoof it like the rest of his poor
neighbors.)

Saturday I was enjoying feeling
pretty frisky until the LAW of
GRAVITY CAUGHT UP WITH
ME. (Then I decided even though
MY MIND HAD REFUSED TO
GROW UP, it sure had kept its
SECRET FROM MY POOR LIMP-
ING OLD BODY.) So I limped in
acting my age and went to work.

We here in Earth not only brag
about having "bigger and better"
we can say "bigger, better and
wetter," cause we're not just DIG-
GING OUT from under our snow,
we're SWIMMING OUT, with the
drainage problems we have here,
(somehow I find it hard to for-
get for a minute our highway.)

Although we are wading hip
deep in what looks like the tide
come in on the Pacific Ocean, (I
doubt that you can find anyone
here ungrateful enough to actual-
ly complain.) Because this moist-
ure is what we have longed for,
and after all joking is laid aside,
we'll all admit readily we are truly
thankful for God's gift of snow
to us.

I did not have the opportunity
of hearing Mr. Ronald Davis as
he spoke to the Lions Club Tues-
day noon, but I was deeply im-
pressed by the visit we had with
Mr. Davis when he visited the
News office Tuesday after his talk
at the Lions Club.

The possibilities Davis has seen
for bringing commercial vegeta-
ble production to this irrigated
Plains area on a large scale has
kept him working on this idea,
presenting it to groups all over
the Plains until at last he has
tipped up enthusiasm for his plan
all over the area.

His enthusiasm for forming a
large corporation on the irrigated
High Plains that will include pro-
ducing, processing and marketing
vegetables could easily be seen
throughout his conversation, and
the time he has spent in stirring
up interest and studying the
feasibility of large vegetable pro-
duction for the High Plains will
in all probability mark the begin-
ning of a profitable venture for
every community on the Plains.

As he discussed the plans in
detail I who have been interested
in learning how he and the advi-
sory board planned to go about
it, found myself real enthused as
he pointed out that before any
production would begin a survey
would be made to determine what
the Plains soil and climate could
best produce, in quality and quan-
tity.

This survey will take time and
money, but will remove the gam-
ble of what we can raise in quan-
tity, and also discover the time in-
volved in its production, enabling
farmers to grow something that
either comes off at a different
time from our competitors, Cali-
fornia and the Valley. Or perhaps
this survey will prove we can grow
a vegetable that other areas have
been unable to produce succes-
fully. The need for a survey to
remove the gamble and guess
work of which vegetables to con-
centrate on was well established in
my mind after he had pointed out
the need for all this informa-
tion before producing vegetable.

He pointed out that no actual
vegetable production could begin
until '57 or '58. Due to the im-
portance of waiting for this de-
tailed survey and experiment.

When production begins he said
quality would top anything else
in importance. He said if we could
produce quality a market would
not be hard to find and he also
pointed out that we were some
1400 miles closer to large markets
than California, which was defin-
ately an advantage to us.

Another advantage to consid-
(Please turn to page 5 col. 1)

We could not begin to thank everyone who assisted during the three day snow storm, but
Clarence Kelley pictured above spent Saturday, Monday and Tuesday scraping the streets
of Earth and cleaning out driveways, making possible more safety in driving and more con-
venience for all. He also pulled many of the motorist out of the snow banks.
Saturday the Implement Dealers of Earth had tractors ready to assist motorists.

Charles H. Smith Dies of Heart Attack Sat. P. M.

Charles H. Smith 66, died of a
heart attack at midnight Saturday
night at his home southeast of
Springlake.

Smith who was at home with
his wife, had been in ill health
several years. Mrs. Smith report-
ed the death to a relative, but no
one was able to get to the home
until 4:00 p.m. Sunday afternoon.

National Guardsmen from Plain-
view were able to get to the home
to pick up the body. Enroute
back to Plainview the Guardsmen
became stranded in the snow and
did not arrive at Plainview until
a late hour.

Funeral services were held Tues-
day in the Lemmons Funeral Home
Chapel. Burial was in the Lit-
tlefield Cemetery.

Survivors are his wife, three
sons, Wayne, W. M. and Fred all
of Olton and a daughter, Mrs. J.
E. Huekabee of Olton and six
grandchildren.

Bryants Almost Overcome By Gas Fumes

Mr. and Mrs. Bill Bryant was
almost overcome by gas fumes at
their home last Thursday night.

Windows in their home were
stuck from ice and snow and could
not be raised for fresh air. There-
fore using up the supply of oxy-
gen in the house.

The Bryants had stayed up and
watched television sign off. Mrs.
Bryant had been suffering with a
severe headache all evening, short-
ly after retiring a headache al-
so struck Mr. Bryant and they
both became to uncomfortable for
sleep, but both decided it was
something they had eaten.

Around 3:00 a.m. and unable to
sleep Mrs. Bryant remembered
that a friend recently had told
her about the symptoms of being
gassed. She immediately ran to
the door and threw it open, let-
ting in the fresh air in time to
save their own lives as well as
the lives of their two children.
Mr. Bryant stressed the import-
ance of warning people of the
danger of tightly closed houses
and explained how quickly they
can be overcome by fumes and
not realize what is wrong.

Springlake Schools Must Furnish Equal Facilities For Negroes

Inspection teams responsible
for accreditation of Texas schools
have warned Springlake district
that they must give their negro
students equal educational facili-
ties next year or lose their ac-
creditation.

Springlake has 28 negro stu-
dents, all in grade school. They
meet in a one room frame build-
ing in Earth. All grades are taught
by one teacher.

Until this year they were
brought to school in a special bus,
but now they are picked up by the
regular buses. No difficulties from
the integrated transportation sys-
tem have been reported.

The school board has not as
yet made any decision on what
it will do about the situation, but
most observers seem to be of the
opinion that they have no alterna-
tive but to integrate, since the cost
of equal facilities would not only
be prohibitive, but would not meet
the requirements of last year's su-
preme court decision.

Principal disadvantage from loss
of accreditation seems to be that
graduates of non accredited
schools must take and pass en-
trance examinations before they
are allowed to enroll in most col-
leges.

Pictured above is Jo Ann Parrack office secretary and Jack
Wattenbarger, Service Agent for the Lamb County Farm
Bureau admiring the boots and the electric fry pan to be
given away on the 21st of February at a party for those par-
ticipating in the annual membership drive on the 15th.

Earth March Of Dimes Fund Totals \$792.77

The March of Dimes Campaign
ended last Tuesday night after 19
Earth ladies made a canvass of
the residential area of town. The
total raised by Earth was \$792.77.
Listed below are the amounts of
donations contributed by each cam-
paign according to Mrs. Mildred
Knight, March of Dimes Chair-
man.

- Sale of Crutches — \$151.88.
- Coffee days at Cafes, \$51.22.
- Door to door business, \$123.36.
- Mothers door to door, \$166.96.
- School, \$97.75.
- Coin Containers, \$44.05.
- March of Dimes Dance, \$19.00.
- Construction Clubs and etc., \$138.85.

Milk and Bread Reaches Earth After 3-Day Storm

Many Earth citizens have ex-
pressed their sincerest thanks to
Borden Milk Co. and Baldrige
Bakery and the two fine men, Wes-
ley and Leon, who made an effort
to reach Earth with bread and
Milk Sunday after a three day
storm which paralyzed traffic wi-
th the deep impossible snowdrifts.

Milk, bread and mail had not
reached Earth since Thursday.

T. L. (Buddy) Free of the Mar-
ket Basket put through an SOS
telephone call asking for bread
and milk since most of us in
these modern days don't milk cows
things were beginning to look bad
for the small fries.

Leon and Wesley left Lubbock
at 10:30 a.m. Sunday and arrived
in Earth at 5:30 p.m. that after-
noon. They were greeted like chil-
dren great Santa, with people rush-
ing up to get milk and bread in-
stead of fruit, nuts and TAON
stead of packages of fruit, nuts
and candy. These boys did not
arrive back in Lubbock until 10:30
p.m. Sunday night.

Call were made to those who
had left word they were out of
milk and the babies were given
milk. Milk and bread was carried
to those who were snowed in by
some of the fortunate ones who
had chains for their automobiles.

Showing again that friendly
warmth and hospitality of the Tex-
as people, though isolated from
the outside world like many oth-
er cities over the South Plains,
they remembered to help one an-
other.

Deputy J. Ebeling Reaches Hospital Safely With Child

When the little 10 year old
daughter of Mr. and Mrs. W. J.
Garner became critically ill Sat-
urday, Deputy Sheriff Joe Ebeling
was called to assist in getting the
child to the Medical Arts Hospi-
tal in Littlefield.

Ebeling drove his car through
snow banks, was pulled out of
snowdrifts but continued on
through blowing snow and reach-
ed the hospital at 1:00 p.m., hav-
ing left Earth at 9:00 a.m. and did not
arrive back in Earth until 5:00
p.m.

The child was suffering with pneu-
monia but is steadily improving.
Ebeling told the Earth News re-
porters, he felt it was his duty to
carry them through if at all pos-
sible. This marks another fine
person who believes in doing his
duty for his fellowmen.

Garner is employed at Dent
Farm Supply.

Farm Bureau Membership Drive Begins Soon

The Farm Bureau membership
drive will begin next week.

Farm Bureau chairman in the
District II area are Jarvis Ang-
ley of Earth, George Wuerlein of
Pleasant Valley and Billy Clay-
ton of Springlake.

These three communities will
hold a meeting tonight, Thursday,
February 9 at 7:00 p.m. in the
Springlake community building to
make plans for the membership
drive.

Guest speakers will be O. K.
Hoyle of Waco, Head of State
Field Representative and Joe Sul-
livan of Morton, District, State
Field Representative.

A kick-off barbecue dinner will
be held at Littlefield in the school
cafeteria at 7:30 p.m., Tuesday,
February 14. H. L. King District
Director will be the principal
speaker. A goal for each commu-
nity will be set at this time.

The Lamb County Farm Bureau
office will be open the night of
Wednesday, February 15. Lamb
County Farm Bureau Chairman,
Herman Neuschwander will be
on hand to answer calls for mem-
bership drive reports.

A party will be held February
21, at which time a drawing will
be held for Farm Bureau mem-
bers and participants. A pair of
men's Nocona Boots or a Stel-
son hat will be given to a man
worker and a Sunbeam Electric
Fry Pan will be given to the lucky
lady winner in each community.
Merchants in Earth are giving the
prizes for this membership drive
for Lamb County. Last year Jarvis
Angeley won the boots for selling
15 memberships.

Springlake March of Dimes Drive Still in Progress

The Springlake March of Dimes
Campaign is still in progress ac-
cording to Frank Bozeman, Mar-
ch of Dimes chairman.

Ways and means to boost Spring-
lake March of Dimes Fund sched-
ule last week end was cancelled
due to the 3 day snow storm.

The fund is approximately
\$300.00 and will probably be
near to \$400.00 at the end of this
week.

Last year Springlake raised o-
ver \$700.00 for the fund.

Struve; Dr. Faust Race With Stork In Snow Storm

Another story of the kindness
and hospitality of the Springlake
and Earth people was shown by
Bill Struve of Springlake during
the Plains worst snowstorm short-
ly after 6:00 a.m. Saturday morn-
ing.

Jesus Aguire, a Latin American
car stalled in a snow drift near
the Struve home. Aguire knock-
ed on the Struve's door and ask-
ed if they would help get his wife
to Dr. Faust at Earth. Struve
drove his pick-up through the blin-
ging snow storm but arrived safe-
ly at Dr. Faust's home where an
annex for examinations adjoins
his living quarters. A seven and
one half lb boy was delivered to
Jesus and Andrea Aguire at 7:30
a.m. shortly upon arrival, by Dr.
Faust and Mrs. Faust.

The mother and baby have been
sheltered and cared for by big
hearted, kind people like the
Faust's. Mrs. Aguire returned
home when roads were cleared.

Aguire is a farm laborer on the
Bill Clayton farm at Springlake.

Dent Farm Supply Gives \$25 Monday

Twenty five dollars will be giv-
ing to local Civic Clubs Monday
in fifty cent donations for each
of the first fifty ladies registering
at 2:00 p.m. Monday and attending
the one hour program.

Dent said the first fifty ladies
present would be given a card to
register and on this card they
could specify which club they
preferred their fifty cents to be
donated to, in order to swell the
funds of their club.

The one hour program will be
presented by a representative of
the "All" manufacturing Company
who will demonstrate the new
'56 model Whirlpool Washer and
Dryer.

Dent said everyone was invited
to attend this program, and that
each one present would receive a
free box of "All".

Pictured is the Golden Green residence east of town. Mr. Green stands observing the beauty of the scenery. Their only outside exit is through the garage at the east end of the house.

Rutherford - Fuller Wedding Vows Read In Earth First Baptist Church

In a double ring ceremony, Miss Glenna Fern Rutherford, daughter of Mr. and Mrs. Wayne Rutherford became the bride of Joe Lee Fuller of Dimmitt, at 6:30 p. m., Friday in the First Baptist Church.

The Rev. C. T. Jordan read the

Drs. Woods & Armistead

ceremony before an arch of greenery flanked by basket arrangements of white gladioli accented with white tapers.

Traditional nuptial music was played by Mrs. Zou Wilson at the organ, accompanied by Mrs. Lexie Branscum of Farwell, soloist, who sang, "Because," "Oh Promise Me" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a ballerina length dress of white crystaletta acetate. Designed with a high neckline and three quarter length sleeves, the fitted torso bodice was complimented by a pearl collar. She carried an orchid centered in stephanotis atop a white Bible. Mrs. Dwayne Louder of Dimmitt attended her sister as matron of honor. Bridesmaid was Miss Wayne Mae Rutherford, sister of the bride. Their dresses

were of turquoise crystaletta and styled similar to that of the bride and Doug Shelby.

Lloyd Skinner of Springlake was best man.

Ushers were Doyle Wooley and Loyd Ray Goodwin, cousins of the bride and Doug Shelby.

Following the ceremony a reception was held in the church dining room. White tulle covered the bridal table which was centered with a wedding cake flanked by tapers. Miss Lois Lewis and Mrs. Thurmond Lewis registered guests and assisted with hospitalities.

For a wedding trip, the bride chose a turquoise suit with brown accessories.

The bride is a graduate of the Springlake High School and attended Texas Tech two years, where she was a member of Phi Gamma Nu, honorary business sorority. The bridegroom is a graduate of the Randolph High School and served two years with the U. S. Marine Corp. He is presently employed by the Castro County Lumber Company in Dimmitt.

Party Line.....

Visitors in the home of Mr. and Mrs. John Garrett Sunday afternoon were Mr. and Mrs. David Johnson, Bonnie and Don, Mr. and Mrs. Pat Montgomery, Dale and Dwayne.

—PL—

Sunday dinner guests in the home of Mr. and Mrs. Bill Beasley were Mr. and Mrs. Edward Jones, Laura, Nancy and Beth, Mr. and Mrs. Bud Irvine, Stanley, Jerry and Nancy.

AMONG THOSE WHO ARE ILL

Mr. Leon Foster returned home Hospital Wednesday. Mr. Foster is steadily improving after having surgery.

Mrs. Bonnie Haberer has been spending several days at the home of her son, Mr. and Mrs. Ted Haberer.

Mrs. Haberer was dismissed last week from the Medical Arts Hospital in Littlefield where she had been suffering from pneumonia. Her condition is reported to be good.

Marta Matthews, daughter of Rev. and Mrs. Gene Matthews was admitted to Medical Arts Clinic in Littlefield Friday for treatment for a throat infection. Marta was dismissed Sunday afternoon much improved.

Mrs. Bob O'Hair has been ill at the home of her daughter, Mrs. Walter Stout. Mrs. O'Hair returned to her home Monday.

A C C Speech Tourney To Be Held Feb. 10-11

ABILENE. (Spl.) — Delegates from an estimated 25 colleges in four states will attend the 23rd annual Abilene Christian College Speech Tournament to be held February 10-11.

Rex Kyker, director, expects 250 to 300 college students to come from New Mexico, Oklahoma, Arkansas and Texas. Central State College of Edmond, Oklahoma, is defending champion of the ACC meet, which is divided into four contests — debate, oratory, extemporaneous speaking and poetry.

IT'S THE LAW in TEXAS

COURTS APPLY STRICT TESTS FOR TRUTH, RELEVANCY

The tests of truth and relevancy which courts apply are stricter than those which we use in daily life. As a rule we don't put a man under oath. We don't cross-examine him if his story fails to hang together. We don't jail or fine him if he lies to us. But we do these things in court.

Why is that? Because we think everything that takes place in a courtroom is important. Your property, your personal or civil rights — even your family's welfare or your life or liberty — may rest upon the truth of testimony in court.

Eager as the courts are for facts, their tests fall short of those of science. When a scientist doubts the outcome of an experiment, he need not rely upon somebody else's word. He just repeats the experiment in question.

But not so in court. The acts told of in courts cannot be lived over again, for the court to see first hand. For example, you cannot bring back and ask a dead man whether he signed a will or whether the accused killed a man, we cannot re-do a murder; we can only get the witnesses to tell what they know first hand.

To protect each party, there are a number of safeguards. One of these is that we put the witness under oath on pain of penalties for lying. Another is that we cross-examine the witness.

The relevancy test is still another example. Evidence which does not meet the test may be excluded from consideration in

"AND THE SNOWS CAME." And with it came a strong desire to stay at home by the fire. Earth has always been able to boast of more activity than any small West Texas town. (Not so Saturday the streets were deserted.)

Party Line...

Mrs. Bill Bryant returned home last week after spending a week at the bedside of her mother, Mrs. Katherine Buckner of Denver, Colorado. Mrs. Buckner is slowly improving.

—PL—

Mrs. Mike Dent and two children returned home Monday from Safford, Arizona, where she had spent six weeks. Little Kathie Dent remained in Arizona, where

she will stay indefinitely due to an asthmatic condition.

"BRIGHTEN THE CORNER"

FURNITURE MART

EARTH, TEXAS

PHONE 4111

Almost completely buried in the snow is an automobile parked on Earth's Main Street in front of the Furniture Mart. This was taken Saturday morning and snow continued to fall all day. It took some digging to get to this auto.

This multi million dollar snow which covered the Plains seemed to be enjoyed by everyone in Earth, especially Carroll Blackwell, manager of the Earth Elevator and Mr. and Mrs. Cecil Lemmons, managers of Brighten The Corner Furniture Mart, who were snowballing the photographer — when this picture was taken all business men in town might as well have been playing out in the snow as no shoppers were in town. This picture was snapped in front of the old Post Office.

Scenes from the Multi Million Dollar snow which covered the High Plains area last week end paralyzing traffic and isolating cities during the three day snow storm.

This former "Oakie," Nosy Pol is convinced now that Texans are really just modest people when they say that Texas has everything bigger and better. HERE'S PROOF.

The snowfall in this area was estimated to be about 20 inches, with drifts up to 9 ft. deep. The moisture from the snow was welcomed by Plains people.

The snow showed no respect for the Plains Highways, drifts piled up as much as nine feet high in some places across the highways. Earth was completely isolated. All roads out of Earth were blocked. This shot was taken immediately east of Gattis Battery and Electric where motorists found it impossible to go further east.

"Snow, Snow and more Snow" but even so folks have to eat we thought. But apparently Saturday the kiddies talked their parents into dining on snow ice cream, giving the employees of Paul's Super Market time to view the winter wonderland, or maybe Dennis Simmons is just hunting a customer.

NOSIN...

(Continued from Page 1)

er was that our new soil here on the Plains would probably be free from diseases that infest old soil that had been used year after year.

Our talk ended with the summing up of these important points: Quality, Quantity, Survey and finding a market, meeting the quantity needed to supply markets. To me it seemed every detail is being taken into consideration, and it seems to be the best thing that has ever begun in the High Plains area.

With the election scheduled for February 18 to decide whether or not we want to change our form of City government, it is best that we all stop to think of what type is best for our town.

I having never been a mayor, and may not be qualified to say, but I have made it a point to talk with our previous mayors on the subject. Pat McCord pointed out he felt certain there were advantages to be gained by the Alderman - Mayor type of government, where the duties can be departmentized among the five Aldermen.

Hershel Patterson stated that he could have used help during his administration, that if the duties of the mayor could be departmentized among five aldermen it would not demand so much of the mayor's time. A. D. Taylor stated he did not see any use in changing our form of government that for a small town there were not enough things to come up to justify a change of government. Added voices in government made it harder to settle a problem, and if a mayor saw anything that needed doing he should do it then without so much involved. Ted Borum said I am definitely for a change of city government as it gives a better representation of the people.

Though our town is small it is rapidly growing and I believe we need a better representation.

Our present Mayor, Bill Pope, says the Alderman type would give a better representation of the people with a better cross section of thought.

It would allow more people to

town government, and would also allow a greater representation of the people, with a greater cross section of thought.

Another advantage of having this change in government is the more to shoulder the load the sooner the goal can be attained. The change of government would enable the mayor to divide the responsibilities among the aldermen, and allow each alderman to be responsible for his department.

To me it looks like a good deal the mayors have here before had so many responsibilities, plus the fact that most of them have had a business of their own to look after. Thus overloading each of our past mayors with responsibilities that if departmentized among five aldermen that could certainly help carry the load.

Though we were all so close, yet so far apart during the recent snow storm. Seems the people of Earth and surrounding areas became one big family.

Some families were lucky enough to be together, only by accident they just couldn't make it home. Others were near, yet could not be together.

One new grandfather (Fred Clayton) made his way out, by work and effort to supply the new grandbaby with milk. One family, the Pat Montgomerys knew they had good neighbors, but realized it more since the storm, when they were lucky caught in Earth 4 days and a good neighbor fed the chickens, rabbits and a horse for them, seeing they were not at home.

Matt Patterson, said they wished someone could have been ma- roomed at their house, so they could have at least had a game of "42".

We were told by a number of people that the old dominoes were drug out and a few games of dominoes and "42" were played.

The groceryman's popcorn and flour business took a rise as mom made biscuits due to bread shortage.

Seriously, we have never seen any place in this big United States where each one cooperated like the people here did. Men who used their tractors to clear streets at their own expense, those who helped shovel a neighbor out, or helped someone who became stuck in the snow. Also widows and elderly couples were remembered by these good Earth people.

Mrs. Bob O'Hair has been visiting her children the past two weeks. Mr. and Mrs. Virgil Woodson of Farwell, Mr. and Mrs. Robert O'Hair and Mr. and Mrs. Walter Stout.

Mr. and Mrs. J. D. Phipps and family were Monday night dinner guests in the home of Mr. and Mrs. Marvin Sanders.

"According to my diagnosis, you're suffering from combat fatigue."

Funeral Services Held For Father Of R. L. Roach

Mr. J. A. Roach, 84, of Altus, Oklahoma died in a Lawton Hospital, Tuesday after a two weeks illness. Funeral services were held Wednesday, at the Altus Church of Christ of which he was a member. Burial was in the Altus Cemetery.

He is survived by a son, R. L. Roach of Springlake, two other sons and four daughters.

Mr. Roach had been at his father's bedside two weeks and returned home Thursday.

New Arrivals

DAUGHTER BORN TO MR. AND MRS. GERALD INGLIS

A daughter was born to Mr. and Mrs. Gerald Inglis at 10:45 a. m., Wednesday, February 8 in the Farmer County Community Hospital at Friona.

She weighed 7 lbs. and 8 oz. and has been named Teri Jan.

The maternal grandparents are Mr. and Mrs. Nat Bearden of Paducah. The paternal grandparents are Mr. and Mrs. J. B. Inglis of Earth and a great grandparent, Mrs. G. C. Bearden of Springlake.

Inglis is owner of Gerald's Barber Shop. Mrs. Inglis was formerly employed at The Earth News.

Mr. and Mrs. George Hurd of Dimmitt are the parents of a daughter, born Thursday at the Littlefield Hospital.

She has been named Vicky Denise and weighed 6 lbs. and 8 oz.

The maternal grandparents are Mr. and Mrs. Carroll Blackwell of Earth. The paternal grandparents are Mr. and Mrs. Dan Hurd of Littlefield.

The Hurds have one other daughter, Rhonda Sharon, 1 1/2 yrs. old.

A daughter was born to Mr. and Mrs. Guy Kelley Jr., Thursday, February 3 at the Littlefield Hospital.

The little lady has been named Hazel Kim. The Kelleys have two sons, Gary and Johnny.

The maternal grandparents are Mr. and Mrs. V. T. Gooch and the paternal grandparents are Mr. and Mrs. Guy Kelley.

Mr. and Mrs. Alton Taylor are the proud parents of a girl, born February 2 at the West Texas Hospital in Lubbock.

She weighed 6 lbs 15 1/2 oz. and has been named Beverly Gail.

Regular Church Services Held

With most people being snowed in from a 3 day storm that blocked streets and roads with drifts as much as 9 feet high, the Baptist church held regular services Sunday morning with 12 members present.

Although some of the other church activities have been cancelled for the week.

Many of the Baptist churches were closed in other nearby towns but not so with the members of the Earth Baptist Church.

"The Challenge of the Cross," a religious drama to have been presented at 7:30 p.m. Sunday night was cancelled as some of the players could not get to town due to roads being blocked by snow drifts.

Farm Bureau Chairmen Meet At Lubbock

Texas Farm Bureau chairman and membership officials and wives from 25 counties met Tuesday at the Lubbock Hotel.

Harry Bryson, director of field services for American Farm Bureau Federation, gave a "pep talk" to membership officials and touched many problems now facing the nations farmers and steps being taken by Farm Bureau Federation toward solving them.

Problems ET ET SH CM CM A goal of "375,000 members or Bust" to boost the 65,000 members now for the state.

All Lamb County Farm Bureau chairmen attended the meeting.

Mr. and Mrs. J. L. Walker have been visiting their daughter Angie in Amarillo the past week, they were unable to return home due to the 3 day snow storm.

Harry Kendrick, son of Mr. and Mrs. H. W. Kendrick was snow bound at the Floyd Bills home for several days.

Church Door Open Though Streets Roads Blocked

Though roads and streets were hazardous and blocked during the recent three day storms members of the Church of Christ opened their church doors and held their Sunday morning worship.

Several members of the church, among which were Bill Beasley, David Johnson and Carlis Bills drove through deep snow and shoveled paths to provide transportation for those who could not reach a passable street to attend church services. Some walked through deep snow quite a distance in order to attend services.

Members were out early shoveling paths up to the church. Fifty three met to worship, though a majority of the members lived in rural areas where roads were impassable, showing the spirit of Christianity in Earth.

Other members walked and shoveled into homes to see to the needs of elderly couples who did not have children living in this area.

Five Candidates For Alderman Election Feb. 18

Election for Aldermen will be held Saturday, February 18, to decide whether or not the people want to change their form of city government.

Gene Brown had filed as a candidate for alderman. Others who have filed are John Welch, Carroll Blackwell, Clarence Kelley and Harvey Hickman.

W. M. U. Meets In Meadow Home

The W. M. U. of the First Baptist Church, met Tuesday at 2:30 p.m. in the home of Mrs. Cecil Meadows.

Mrs. Tommie Gattis taught the Bible Lesson.

Those present were Mesdames Reed Vandell, Tommie Gattis, Travis Scott, Delma McCarty and Cecil Meadows.

City Officials And Business Men Meet

The City Commission met with a group of business men in regards to a nightwatchman. The City feels that an additional charge on monthly bills to residents and business establishments to pay the salary of a nightwatchman is unwise at this time. It is also agreed that an unfavorable feeling would arise from the practice of including a nominal charge on the water and sewer for a nightwatchman salary. It was suggested to the business men by the Mayor that they contact interested parties and possibly formulate a more concrete plan to take care of this situation.

EDITOR'S NOTE: The plan the business men proposed was, that they would sign a form that the City be authorized to place the watchman's fee on the water bill as it was done in the past. On a voluntary basis only.

Attends Funeral Services For Mrs. Lou Waggoner

Funeral services for Mrs. Lou Waggoner was held Wednesday in the McLellan Chapel at Fredrick, Oklahoma. Mrs. Waggoner was an aunt of Mrs. David Johnson, Mrs. Doug Black and Pat Montgomery.

Mrs. Waggoner, 87, died at her home in Hunting Park, California. She is the wife of the late Rufus Waggoner of Dimmitt. Burial was in the Frederick Cemetery.

Survivors include six daughters, three sons, 12 grandchildren, 20 great grandchildren and two great, great grandchildren and four sisters, Mrs. Juel Montgomery and Mrs. Ida Hall of Amherst, Mrs. Leroy G. Harris of Harlingen and Mrs. Jimmie Jones of Fredrick, Oklahoma.

Mr. and Mrs. Pat Montgomery, Dale and Dwayne, Mr. and Mrs. David Johnson, Ronnie and Don, Mrs. Ida Hall and Mrs. Juel Montgomery attended funeral services and returned home Thursday.

Mr. and Mrs. Clifford Bills visited in the home of Mr. and Mrs. Alton Taylor, Wednesday.

June Gregory spent the week end at the Carl McCaskill home, due to snow storm.

NOTICE...

The Good Earth Garden Club meeting which was to be held February 7, was postponed until Monday, February 13. The meeting will be held in the home of Mrs. A. E. Wheatley.

The Good Earth Garden Club will meet February 21 in the home of Mrs. E. C. Hudson instead of the Lions Hall.

Gus Parish Re-elected To Board of Water Conservation District

Gus Parish of Springlake, was re-elected to the High Plains Water Conservation District Board of Directors by voters in the January 10th Water District elections. He will represent Precinct No. 2, which serve a two year term.

Price Hamilton, Earth; and J. Davis, Amherst, were elected to the Lamb County Committee and will serve three year terms. They replace L. Z. Anglin, Earth and V. M. Peterman of Amherst.

Church of Christ Meet Postponed

The Gospel meeting at the Church of Christ scheduled to be held, February 5 - 12 has been postponed until February 12 - 19.

Due to road and weather conditions Mr. Wilbur C. Dennis of Hamilton, Texas, minister scheduled to hold the meeting was unable to arrive in Earth.

The public is invited to attend these services.

County Water Table Down 9% Since 1938

The portion of Lamb County within the boundary of the High Plains Underground Water Conservation District covers about 560,000 acres of land. (The total area of the county is about 654,000 acres.) The underground reservoir in the Ogallala formation beneath the area within the district contained approximately 11,700,000 acre feet of ground water storage available for pumping in January 1955. The above maps were prepared from data compiled from a study of about 900 logs of water wells and about 300 measurements of water levels in wells.

The map in plate 1 shows the thickness of the water bearing strata between the water table and the redbeds in 1938 before an appreciable amount of water had been pumped from the reservoir. The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1955.

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

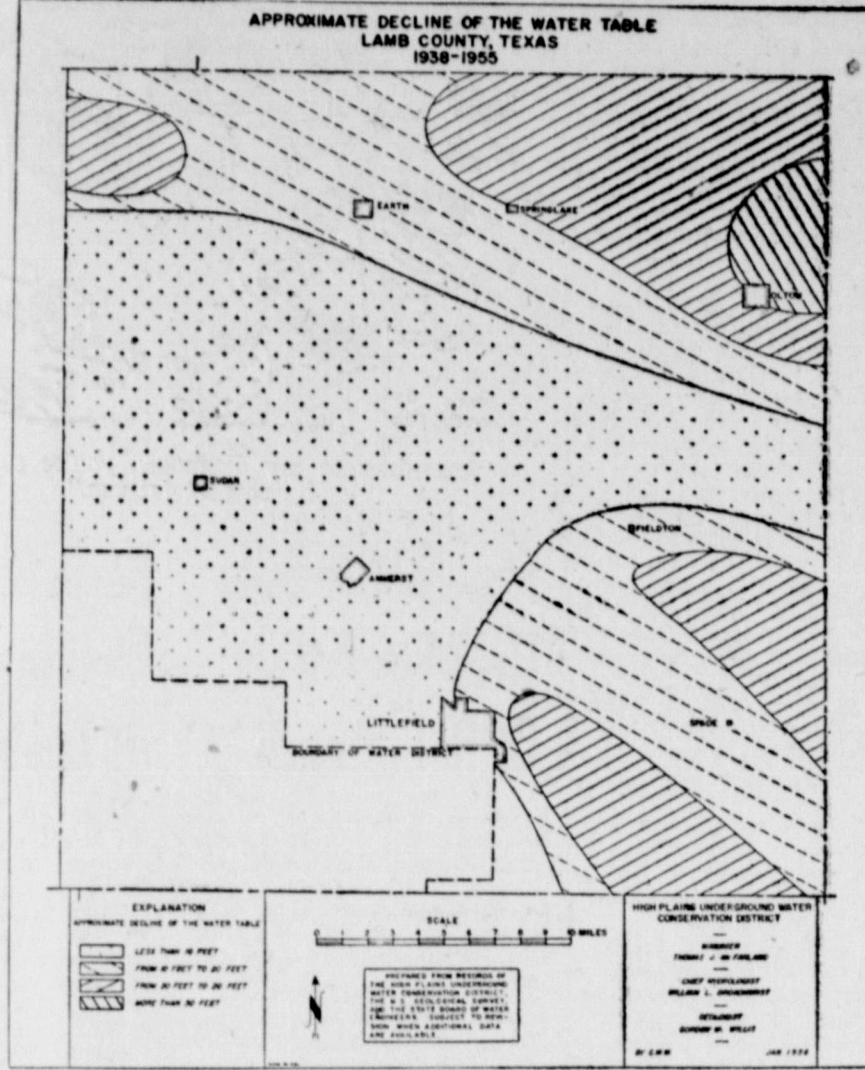

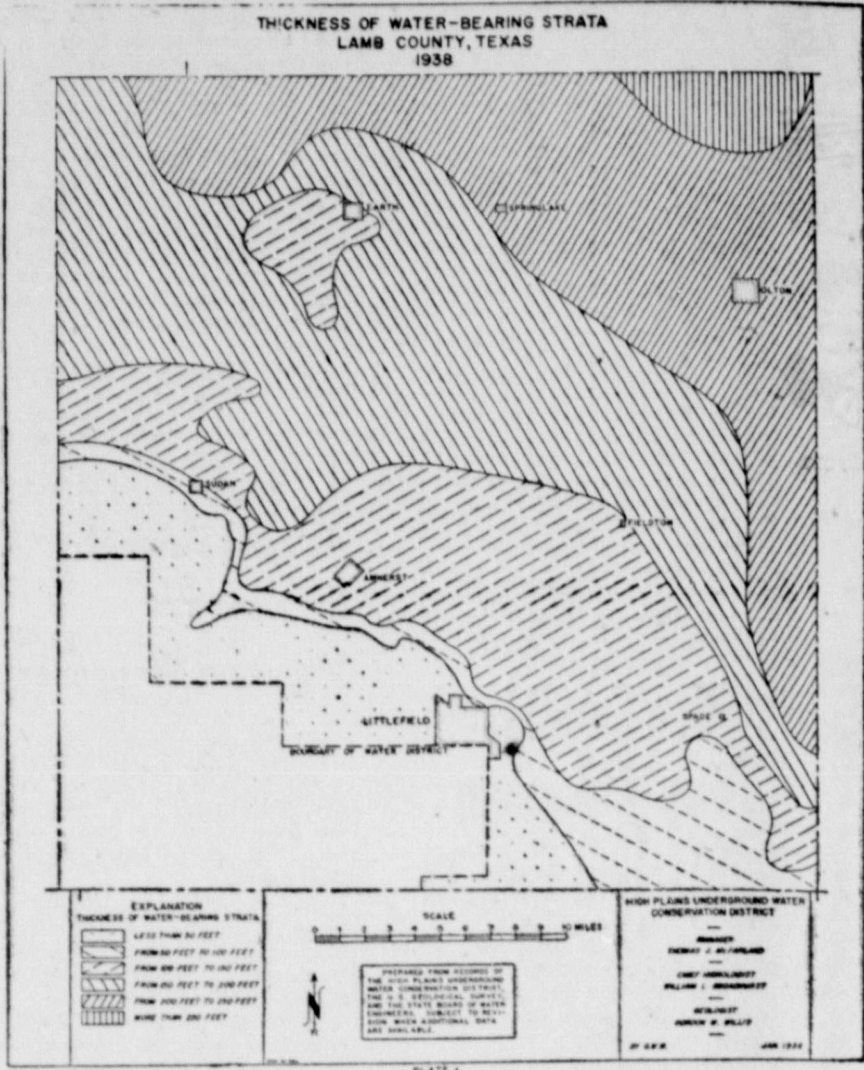

These data show that 12,800,000 acre feet of water was in storage available for pumping in 1938, and that the net decrease in storage from 1938 to 1955 was 1,100,000 acre feet. In other words, the net decrease in storage is about 9 percent of the quantity available in 1938.

The approximate quantity of underground water storage available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water bearing strata underlying the farm and then multiplying the result by the coefficient of storage of 15 percent. Suppose the farm consists of 320 acres and has 200 feet of water bearing strata underlying it, then 320 acres x 200 feet x 0.15 equals 9,600 acre feet of water available for pumping. An acre foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the

quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes, of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by similar maps and information will be prepared as rapidly as practicable for all the counties within the Water District. Maps of Deaf Smith, Parmer, Castro, Potter, Randall, Armstrong, Floyd, Bailey and Lamb Counties are now available.

AUSAIN, Tex. — An Austin district court has cleared the way for liquidation of the assets of US Trust and Guaranty Co. This means that creditors may get back at least a part of their investments from the defunct concern.

Judge Charles O. Betts ordered the company and two subsidiaries, US Automobile Service and Arkansas Fire and Marine Insurance Co., into permanent receivership. What exact percentage creditors will recover is not known. Rep. Bert McDaniel of Waco, US Trust attorney, filed

petition for certified draft holders asking that they be given priority. If the petition is granted, said an insurance commission attorney, they will get all their money back. Some 5,600 draft holders put in an estimated \$5,800,000.

State testimony on US Trust operations cited many examples of unorthodox bookkeeping, annual statements bolstered by borrowing blown up real estate values, and minutes of board meetings never held.

Judge Betts released personal assets of six company directors from an injunction banning disposal. But he made it clear they were not dismissed as defendants or freed from liability as directors.

Refund of attorney's fees by members of the Texas Legislature is helping to increase the assets of the defunct US Trust and Guaranty Co. Two state senators started the ball rolling by announcing they were sending to the liquidator all legal fees received from US Trust — to be divided by creditors. Senators William Shireman of Corpus Christi and Carlos Ashley of Llano said they had not been given an opportunity to earn their retainers. Shireman received \$3,000; Ashley, \$10,000. Both were paid in cash.

A four - pronged investigation is under way by committees from

both the House and the Senate to: (1) check functions of the Insurance Commission, (2) study circumstances surrounding operation and collapse of US Trust and Guaranty Co., (3) determine if remedial legislation is needed, and (4) investigate lobbying practices.

A. B. Shoemaker, US Trust president who shot himself through the head January 7, was moved from a private hospital in Waco to the Veterans Administration Hospital in McKinney. Family spokesmen said they were no longer able to pay heavy hospital bills. Doctors would not comment on whether they thought Shoe-

make, apparently the only person who knows, or ever knew, the ins and outs of US Trust, would ever recover sufficiently to testify.

Insurance Commissioner Garland A. Smith, hospitalized with a stomach ailment two weeks ago has resigned. His doctor recommended indefinite rest. Smith said he felt he had been made the "whipping boy" in the current controversy. Critics of the administration had sought to strike at the governor through him, he said.

Gov. Allan Shivers and Com. Chmn. J. Byron Saunders refuted "scandal" charges in luncheon speeches last week. "Whenever there is a violation of the law and the commission takes action against a company, there seems to be a 'scandal,'" said Saunders. He predicted results of the "solventy call" due by May 31 will reveal only about 5 percent of Texas 1,400 companies to be unsound.

Taking a similar tack, the governor said that in the past six years only 15 out of 29,000 state employees had been fired, suspended or indicted for dishonesty. It is unfair, he contended, to smear the honest majority because of the actions of a few.

Every day brings with it evidence of the commission's new get tough policy.

Hearing was set for April 3 to consider revising credit insurance rates. These have come in for sharp criticism recently as providing a legal means of greatly increasing charges on small loans.

Blunt warnings were issued to persons violating the new securities law. "Although bona fide personal investments are not subject to registration," said a letter to insurance company executives, "securities owned by officers, directors or salesmen cannot be sold unless registered."

LAND INSURANCE TRIALS SET

Trials involving two statewide issues, insurance and veterans lands, are scheduled for Austin district courts.

B. R. Sheffield, Brady land dealer, is to be tried March 5 on nine indictments charging felonies in connection with the veterans land program.

Paul and Leslie Lowry and D. H. O'Neil of Beaumont will come to trial April 2 on charges of committing perjury in sworn statements to the Insurance Commission. They were connected with three companies placed in receivership in late 1953.

Army Plans All - Out Effort For Reservists on February 22

AUSTIN, Tex. — A one day, all out recruiting effort will be made by U. S. Army Reserves in Texas on February 22.

Aimed at increasing the strength of the Army Reserve Forces in the Lone Star State, teams composed of Reservists and Regular Army Advisory personnel will take personal calls on prospective enlistees in the 70 cities and towns in Texas where Reserve units are located.

Gov. Allan Shivers has signed a proclamation designating Washington's birthday — Wednesday, February 22 — as U. S. Army Reserve Day in Texas, in honor of the Father of Our Country and the Commander in Chief of the Continental Army.

The Governor's Proclamation not only praises the contribution made to the national defense effort by the Reservists but also urges young men to seriously consider doing their part by joining a U. S. Army Reserve Unit.

February 22 also is the final day of National Defense Week. In this connection President Dwight D. Eisenhower said, "Our Reserve strength is more important today than ever before. It is therefore gratifying to learn of the plans for National Defense Week — under the slogan 'Reserve Power is National Defense.' I am delighted to endorse this undertaking, which I hope will receive the greatest possible measure of citizen cooperation and support."

In an effort to build up the re-

Official Memorandum

BY
ALLAN SHIVERS
Governor of Texas

AUSTIN, TEXAS

GREETINGS

Preparation through improved is vital to the defense of our country -- at home and abroad. Months, even years, are required to properly train men for the armed services. New methods of warfare, new and more powerful weapons, and new defensive procedures -- all call for the constant training of army personnel.

February 12 to 22, inclusive, has been designated by the President of the United States as National Defense Week. In connection with this national event, it is only fitting and proper that we in Texas honor the Minute Men of Today -- our U. S. Army Reserves.

WHEREFORE, I, as Governor of Texas, do hereby designate February 22, 1956, as

U. S. ARMY RESERVE DAY IN TEXAS

and urge all Texas citizens to recognize the contributions our Modern Minute Men are making to the defense of Texas and these United States. I further urge Texans, who face a military obligation, to consider seriously doing their part with the U. S. Army Reserve.

In official recognition whereof, I hereby affix my signature this 8th day of January, 1956

Allan Shivers
Governor of Texas

Business and Industrial Review

Lubbock Housewife Author Of Abilene Christian College Golden Pageant

ABILENE, (Spl.) — A Lubbock housewife is the author of Abilene Christian College's golden anniversary pageant which will be presented February 16 — 18 and 20 — 23.

Mrs. James Bearden of Lubbock 1942 ACC graduate, wrote "A City Set on a Hill," the musical drama depicting the college's 50-year history. The pageant will highlight the current year-long observance of the school's 50th Anniversary Celebration.

Mrs. Bearden co-authored the 1942 senior class play at ACC, "She Runs While She Walks." The play was used for two productions on the ACC stage and several road shows, with the proceeds used to purchase the first of two large neon signs for the ACC Administration Building.

She received her B. A. degree in speech, and as an ACC faculty member she wrote a 20-minute chapel program, also entitled "A City Set on a Hill."

In 1946 she enrolled in the University of Texas, where she studied playwriting for three semesters.

The Beardens have three children, Jim, 11; Michael, 8; and Julie, 6. Her husband is an attorney.

ey for the Veterans Administration in Lubbock.

Mrs. Bearden began working on the script for the ACC pageant in November, 1954, finishing up in the fall of 1955.

Annual Meeting Of Highway 70 Assoc. Feb. 13

The annual meeting of the Texas US Highway 70 Association, will be held at Matador, Texas, February 13, at 7:00 p.m. in the basement of the First Methodist Church.

This meeting has been called to notify Ted Borum or Cecil for the purpose of electing officers for the ensuing year and to transact any other business that may come before this body.

Olin Wason Jr., manager of the Poydada Chamber of Commerce, will be the principal speaker.

Those who can attend are urged Lemmons in order that Mr. Par-nell Powell, president of Texas US Highway 70 Association may notify the food committee at Matador.

Over 21 million children in the United States are junior members of the American Red Cross. They carry out a year round variety of community, national, and international projects.

Shown above is the Cline Studio in Muleshoe owned and operated by Mr. and Mrs. R. C. Cline. This studio does all types of photography including portraits, commercial and Kodak work.

high grade work of all types in that city.

R. C. Cline, owner and manager of this business has had many years experience in photography. Before coming to Muleshoe he did that type of work in Fort Worth, Tyler and Oklahoma City. He is ably assisted by his wife who does retouching with oil and water colors.

This studio specializes in child photography and also does all types of commercial work including photographing of buildings, machinery, pictures and documents. They also handle kodak pictures and give fast service on this type of photography. Mr. Cline takes pictures of weddings, banquets and parties and is an expert retoucher. He can take an old photograph and make it look like a new one.

Photographs of babies and children are expertly done at this studio where they have the proper equipment and the "know how" to do the job right. Parents of this area are well pleased with the work of this studio and treasure the pictures he has made of their children.

Mr. Cline has built up a prosperous business since locating in Muleshoe and has made many hundreds of friends in this vicinity. He is a West Texas booster and declares he will serve in this area from "now on."

The Cline Studio is doing the photographic work for the Business and Industrial Review Section in the Earth News and is turning out excellent work.
