The second regular Pack meeting of the Earth Cub Scouts was held Thursday evening in the local community hall with boys in each Den appearing in Ho-Bo attire.

After the boys made their grand entrance, the parents voted by applause for the boy best dressed to suit the occasion. Jerry Irvine, representing Den 1, won first place and runners-up were Tom Bryant and Don Johnson.

Boys of Den 2 used their newly constructed ovens, made of tin cans, and made a campfire scene. While sitting around this, they sang a campfire song, "The Flame That Got Away" was the skit put on by Den 3. This was used in connection with fire prevention week.

The Yankees, sponsored by Brown-White Equipment Co.—The Earth Nees, opened the Little League season Saturday by defeating the Cardinals 5-2. The Cardinals are sponsored by Dent Farm Supply—Earth Motor Co.

Although losing pitcher Don Layman allowed only three hits during the tilt, he added this season's first home run, the Cardinals were unable to stay on the top end of the score. Winning pitcher Ronnie Dent allowed only two hits.

automatic washer. Even a model shows that lingerie should be washed by hand. I can get away with backtalk to my photographer. I'm married to him. "Smile," Hank said as he snapped the shutter. Then he walked over to my dressing room. "Listen here, Beautiful, for photographic purposes you may be a model housewife but in reality you're living in the past. That RCA Whirlpool Imperial washer launders silks and nylons quite as well as denims and gingham. It's the 2-speed, 2-cycle unit the Whirlpool-Singer people just brought out. Regular fabrics are washed around at regular speed but there's a special low-speed, short-time cycle for delicate fabrics. Eliminates this hand-wash you're pushing." Naturally, Hank was right. Our way home this evening we stopped by our local dealer's store and watched a demonstration. Sure enough, the delicate fabrics cycle is every bit as gentle as hand-washing - and a lot faster.

"Cooking Electrically, I can depend on good results everytime!"

says **MRS. LANDON DONNELL,**
224 N. E. ALPINE DRIVE, PLAINVIEW, TEXAS

Electric cooking — and only electric cooking — with its pre-set, perfectly controlled temperature can guarantee the good results every time demanded by outstanding homemakers like Mrs. Donnell.

And only electric cooking combines perfect results with perfect styling. As Mrs. Donnell says, "Convenience and space-saving features, plus contemporary styling, led us to choose a built-in electric range when we redecorated our kitchen." Mrs. Donnell, incidentally, has used an electric

range for several years. Her new built-ins are just modernizing the modern for her, so to speak.

Mrs. Donnell's new electric surface units fold into the wall when not in use — providing extra counter space. Only super-safe electric cooking could offer this fold-away feature.

Accurate, modern, space-saving and safe. These tests or any other that you might choose can be met best when they're met by an electric range. Try one and see.

**NUPTIALS FOR BARBARA BROCK
AND R. E. McCASKILL READ SAT.**

Mrs. Richard McCaskill

In a quiet but impressive ceremony, Miss Barbara Fay Brock became the bride of Richard McCaskill Saturday evening at 6:30 p. m. in the bride's home.

She is a daughter of Mrs. Almon Whitford of Springlake and he is the son of Mr. and Mrs. R. W. McCaskill of Earth.

Rev. J. T. Williams, pastor of Springlake Baptist Church, performed the double ring ceremony before an arch scene entwined with yellow roses, flanked on either side by white candelabra and palm leaves. Recorded traditional wedding music was played in the background.

Given in marriage by Mr. Whitford, the bride was attired in a street length white satin dress which featured a fitted

bedice and sweetheart neckline, all accented by a bouffant skirt. She carried a white Bible topped with yellow rosebuds.

Miss Jenni V. Brock attended her sister as Maid of Honor. She wore a pale blue dress fashioned after that of the bride.

Dwain Loudder acted as best man.

Immediately following the ceremony, a reception was held in the dining room. The brides table was laid with a lace cloth and centered with an arrangement of cut flowers. A crystal punch service and silver appointments completed the decorations. Miss Barbara McCaskill, sister of the groom and Mrs. A. J. Jones of Hereford, sister of the bride, presided at the refreshment table from which punch and wedding cake were served.

For a wedding trip, the bride chose a pink linen suit with all white accessories.

The couple will be at home at Denver City, Texas, where McCaskill is employed at Bob Wright's Appliance Store.

The bride is a 1956 graduate of Springlake High School and the groom graduated at Springlake in 1955.

Guests in the R. W. McCaskill home over the past weekend were L. A. McCaskill of Dumas, Mr. and Mrs. J. E. Her-ring of Denver City, Texas and Dr. and Mrs. Bradford of Amarillo.

Travis Scott is attending a short wedding course at Texas Tech this week.

Deep In The Heart Of Texas

Texas Longhorn Cavern, the world's third largest cave, is one of the nation's most impressive natural wonders. Over eight miles of its labyrinthian splendor have been explored without an end being reached and the lowest point on the guided tour is an eerie 120 feet below the surface. The cavern is a popular attraction for tourists and sightseers, especially in the summertime, because it is a real cool cave. The temperature inside remains at a comfortable 64 degrees even in the hottest summer weather. Longhorn Cavern is located off U. S. Highway 281 four miles south of Burnet.
