The Political Rally and Pie Supper sponsored by the Earth Lions Club and Chamber of Commerce, very successful from many angles. Not only was there a large number of candidates, prospective voters and delicious pies on hand, but also newsmen. Publicity on the event was carried in the Fort Worth, Amarillo, Lubbock and Littlefield papers. to our knowledge. George Dolan, author of the column, This Is West Texas, carried egram, was present and wrote his entire column in the Monday is-

Our town is blessed with a variety of entertainers. There is one group in particular, which we predict will go places (and perhaps sooner than they expect.) We're speaking of the Trail Blazers, as fine a group of five male voices as you will find anywhere (but not singing). They are a versatile group, with a repertoire of num bers ranging from Daisy and Sweet Genevieve right down to their serious (they said) rendtion of the Purple People Eater. After hearing their arrangement of this song at the Lions Ladies nght program Tuesday nght, may we say it is simply out of this world, (It must be, because we have never anything like it,) We are afraid the Angeley's piano will never be the same again after

Senator Andy Rogers Presents Statement Concerning His Candidacy For Re-Election To The Citizens of the 30th

Senatorial District. Although I announced my inten-

tion of becoming a candidate for re-election as your State Senator several weeks ago, I wish to take this opportunity to make the customary full statement in your newspaper.

Naturally, it is not possible to relate here all that I would prefer that you know about myself and my record. I will bit some of the major points, and urge you to contact me or those in a position to know about any question you might have. It is my desire that my personal and political record be an open book to you.

I have served four year (two terms) as State Representative and six years (one and one-half terms) as your State Senator. I an 33 years of age, a farmer, cattleman and business.
