Mrs. Lucy Moreland - Mrs. Bill Pass Meet Saturday in Democratic Run-Off

BY ANNA
I had been told that if this newspapering and ink ever once got in your blood you always want to go back to the newspaper. Well, I found this to be so. When Polly called me and asked me to come down and work again for a while, I was ready.

—nosin—
We, Mrs. Williamson, Ross and myself got the paper out this week, but it was quite a struggle. Our boy John is at home nursing a finger he cut on the Intertype machine Saturday and Polly is in Oklahoma visiting all her kissing cousins and I'm not sure, but we just imagine she is spinning a few Texas yarns.

—nosin—
So many of our good Earth citizens are away on vacation, and we do miss those smiling faces. One smiling face back in town after a two months tour in Europe is Mrs. Gladys McCaskill. Mrs. McCaskill stated it was the most wonderful experience in her life, and money could not buy from her what she had seen on this tour. Mrs. McCaskill had always dreamed of a tour like this one, but she said, Barbara and Doug being in Germany just helped it on a bit.

—nosin—
We learn more and more each day that our weekly Earth NEWSpaper is being read in lots of places in this big United States. Mrs. R. C. Hyde stopped in our office and proudly showed me a letter of congratulations on their recently celebrated Golden Wedding anniversary, sent to them by our well liked State Representative George Mahon from Washington, D. C. We are sure he read the article in the Earth News-Sun as the clipping was attached to the letter. The Hydies have never had the privilege of meeting the Mahons personally as we have here at the office, but when their son, R. C. Jr. was wounded on Iwo Jima, they received helpful information through Mr. Mahon and he had not forgotten the Hydies.

—nosin—
Another visitor in our office this week was our boy Larry (Red) Kelley now stationed with the U. S. Air Force in Little Rock, Ark. We wondered if it was the smell of ink as he drove down the street, shortly after he arrived in Earth, that brought him into see us or was it to show off his pretty little new wife, Deanna?

OPTOMETRY: The Art and Science of Visual Care

Oh, what a shame!

Jimmy had to put on glasses — and he's so young!
"Yes, Clara, he did. But you know what . . . Dr. Roberts said that such an eye problem as his couldn't have been corrected 25 years ago."
"Back in those days youngsters with Jimmy's eye problem grew up unable to do well enough in school to make passing grades. Then, children's chances of achieving much in life were very poor."
"Now, thanks to optometric science, Jimmy is able to learn and to adjust himself. We're SO grateful that optometry could provide him an equal opportunity to live a good normal life."
A professional optometric examination might mean the difference in your child's future.

"MY ELECTRIC HOME FREEZER MAKES MEAL PLANNING SO Easy!"

SAYS

Mrs. H. S. Hackfield,
2132 56th STREET,
LUBBOCK, TEXAS

"An electric home freezer is the perfect answer to meal planning, especially for working wives," says Mrs. Hackfield. She continues, "There are many advantages of owning a freezer. For example, it's such a convenient appliance and, because we can buy in quantity when prices are lowest, our freezer lets us realize a big savings in food costs. But, getting back to meal planning - when I have odd moments I can prepare complete meals in advance, freeze them, and then when we have dinner guests it's a simple matter just to 'heat 'n serve.'"

The same advantages that Mrs. Hackfield speaks of can be yours just as soon as you get that electric home freezer you've been wanting for so long - why wait - there's never been a better time to buy!

Tips on Touring

By Carol Lane
Women's Travel Authority

None For The Road

Lots of people enjoy a tall, cool one with friends on a summer evening. But, if you're driving, think twice.

According to the National Safety Council, even two cocktails are dangerous if you drive within three hours after drinking them.

The Council claims that the

average person needs "at least three hours to eliminate the alcohol in two cocktails."

Studies show that two cocktails may reduce vision as much as wearing dark glasses at night. Furthermore, coffee does not offset the effect; time alone can eliminate alcohol from the bloodstream. And alcohol—even in small quantities—impairs the critical judgment needed for safe driving.

The National Safety Council also reports that social drinkers are a greater menace than commonly believed. They greatly outnumber the obviously intoxicated driver. The drinking—but not necessarily drunk—driver is a big factor in traffic tolls.

Says the Council, "An analysis of highway fatalities during both summer and winter holidays showed that about half of the drivers involved in fatal accidents had been drinking. And speed was a factor in more than 7 out of 10 fatal holiday traffic accidents."

Make this summer a happy, safe time—for yourself, your family, and fellow motorists. Have fun, sure, but watch yourself. If you drive, don't drink; if you drink, don't drive.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 4, 1958.

HOUSE JOINT RESOLUTION NO. 48 proposing an amendment to the Constitution of the State of Texas providing that a home rule city may provide by charter provision and a general law city operating under the general laws may provide by majority vote of the qualified voters voting at an election called for that purpose, for a longer term of office than two (2) years for its officers, both elective and appointive, but not to exceed four (4) years; provided, however, that tenure under Civil Service shall not be affected hereby; providing for an election, a form of ballot and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XI of the Constitution of the State of Texas be amended by adding thereto a new section, to be known as Section 11 of Article XI and to read as follows:

"Section 11. A Home Rule City may provide by charter or charter amendment, and a city, town or village operating under the general laws may provide by majority vote of the qualified voters voting at an election called for that purpose, for a longer term of office than two (2) years for its officers, either elective or appointive, or both, but not to exceed four (4) years; provided, however, that tenure under Civil Service shall not be affected hereby.

"Provided, however, if any of such officers, elective or appointive, shall announce their candidacy, or shall in fact become a candidate, in any general, special or primary election, for any office of profit or trust under the laws of this State or the United States other than the office then held, at any time when the unexpired term of the office then held shall exceed one (1) year, such announcement or such candidacy shall constitute an automatic resignation of the office then held, and the vacancy thereby created shall be filled pursuant to law in the same manner as other vacancies for such office are filled.

"A municipality so providing a term exceeding two (2) years but not exceeding four (4) years for any of its non-civil service officers must elect all of the members of its governing body by majority vote of the qualified voters in such municipality, and any vacancy occurring in such governing body shall not be filled by appointment but must be filled by a special election."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the General Election to be held on the first Tuesday after the first Monday in November, 1958, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing that a Home Rule City may provide by charter or charter amendment, and a city, town or village operating under the general laws may provide by majority vote of the qualified voters voting at an election called for that purpose, for a longer term of office than two (2) years for its officers, either elective or appointive, or both, but not to exceed four (4) years; provided, however, that tenure under Civil Service shall not be affected hereby. And providing for automatic resignation when such officers become a candidate for election to another office and providing for election of members of the governing body of such municipalities and the filling of vacancies occurring on such governing body by special election."

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.
