

never choose to go back into history and dig up ex-graduates as far back as Methusalem... However, after losing four days' work, two night's sleep, and wearing herself and the paper out, she finally identi-fied everyone...but declares she will not be here to try next year, if she didn't learn to sleep without all those faces running through her mind She says now when she tries counting sheep, she ends up counting ex-grads.

NOSIN'

I . think bank drive in windows are absolutely ideal and most convenient,.. It gives the little spouse an opportunity to withdraw money from the back seat while the hus-band makes deposits from the front. . .

NOS IN'

I feel I must clarify a few things...contrary to what some believe, I did not re-ceive a black corsage, not even a crying towel following the Oklahoma-Texas game ... However, it's been a long time now, and there are a few fclks who just refuse to allow me to forget it ... Now, we Okies are quite different. We're quick to forget anything we choose not to remember (That is, if you folks would let us). Heaven forbid...If you Texans are as slow to forgive as you are to forget, it probably won't take more'n a split second to take count of the Texans in Heaven, as they probably will be in the minority, outvoted, outnumbered, and out done by sweet forgiving Okies.

Doubtless, you've guessed I'm in quite a bargaining modd. I'm ready to forgive you Texans if you'll only promise to FORGET IT !!

NOSIN

Parting thought..., a promise is most given when the least' is said.

THE SUPREME MASTER WAS DOUBTLESS ON DUTY when this accident took place Saturday at 3 a.m.... The lucky lad, Gene Chaney, was thrown from the car, receiving only a brok-en limb, bruises and the loss of a tooth... The car was nothing but a tangled mass of steel...

Mrs. Cummings Initiated **Into Honor Society**

Mrs. Monorea Cummings was initeated into Alpha Chi Honor Society Sunday, Oct. 27, in initiation ceremonies held in the Fine Arts Building, Room 157 at 3 P. M. on the West Texas State Campus in Canyon.

Mrs. Cummings was chosen for membership on her high scholarship and good character. Mrs. Cummings is a gradua-te of Abilene High School aud attended McMurry College 2 years, prior to her marriage. She is presently working on her B. S. Degree in Business Education at West Texas State University and will receive her

degree in the spring. She is teaching Business in High School in Amherst this

Mrs. Cummings has also received an inviatiton to join the Iota Theta Chapter of the Kappa Delta Pi, of National Honor society of Education. Present Sunday to see Mrs.

Cummings initiation was her

District 3A Representatives Met Wednesday

Superintendents, principals and coaches of the 3-A school District met at Springlake Sc-hool Wednesday night for an athletic meeting. Schools represented were:

Springlake, Sudan, Farwell, Hale Center, Kress and Silverton. Silverton School is a new member in the district, beginning with the 64-65 school term as a result of realinement to the football district for next year.

those with a high school enr-ollment of 115 students to 215, Springlake High School enrollment now stands at 182. At the Wednesday night me-

eting, members of the district electedW. M. Rober of Farwell football chairman of the district for the 64-65 school term.

The district schedule was also drawn up at the meeting. Springlake will play in Sudan, Hale Center, and Silverton

Farwell palying here.

Gene Chaney **Injured** In **Auto Accident**

Gene Chaney, 17, miracul-ously escaped death about 3 a.m. Saturday, when he was thrown from his automobile after losing control, hitting a telphone pole, and overturning several times before finally coming to a halt several yards away. The mishap occurred east on

Highway 70, in front of the Norman Sulser residence, as Chaney, traveling alone, was driving west toward Earth in a 63 Plymouth 2 door sedan. The car was completely demolished. Chaney was rushed to a Dim-

mitt hospital by a Parson Fun-eral Home ambulance of Oltón, and was transferred to Saint Mary's Hospital in Lubbock, Monday.

He is reported to be suffering from a broken left leg, num-erous cuts and bruises and had a front tooth knocked out by the impact.

Chaney is the son of Mr. and Mrs. Shirley Chaney. Highway Patrolman Bill An-gel and City Marshal Clarence

Hazlett investigated the acci-

Sloans File Damage Suit In Son's Death

Mr. and Mrs. L. E. Sloan have filed a damage suit, in district court in connection with the death of their son, Bobby Gene Sloan, who was accidentally electrocuted July 6. The suit styled, "L.E. Sloan,

individually and on behalf of his wife, Lola Sloan, vs. Southwestern Public Service Comp-

The plainti ffs allege negli-gence and carelessness on the part of the defendant in conection with the Sloan youth's death.

The suit states that their son was working on a pole owned the defendant when he

DAVID JAQUESS proudly displays his Eagle Scout award, as his father, Travis, pins on the badge that David received at the South Plains Council, Eagle Court of Honor, held in Lubbock at the First Baptist Church, Sunday,

David Jaquess Receives Scout Award Sunday

At the South Plains Council, Eagle Courts of Honor, held in the First Baptist Church Sunday, David Jaquess, son of the Travis Jaquess' received his Eagle Scout Award, in a very impressive ceremony.

Each group was called by their district to receive the award with boys from Earth, Levelland, Muleshoe and Littlefield receiving awards. Other districts were Lubbock, Plainview, Dimmitt, Crosbyton, Ralls, Seminole, Lamesa Brownfield and Denver City. A total of 30 boys received Eagle Scout badges Sunday. During the ceremony as the

boy's name was called, his parents and leaders went to stand with him. The leader pinned the badge on the scout as the father presented the certificate and each scout pinned a lovely red rose on his mother. The presentation of awards

was made by Jack Fritts, Long-horn District Adv, Chairman of Lubbock. Those attending the Court of Honor Sunday were Mr. and Mrs. Travis Jaquess and David, Mrs. Margie White, Mr. and Mrs. Pete O'Hair and children, Mrs. Guy F. Kelley and children, Mr. and Mrs. Jim Glass-cock and children, and Gerald Inglis.

ught fifty-two years of rugged

training, hiking Scouting tra-

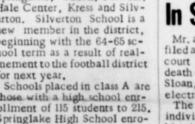

ils, camping and swimming.

Wolverine To Be Closed On Mondays

The Wolverine Drive In will be closed on Mondays according to Mr. and Mrs. Glen Mc-

Geath, owners. The McGeaths stated that closing one day a week became necessary, due to the fact that employees each had a day off each week, making help short=handed. It was decided that by closing on Mondays, employees would have that day to take care of any business that might arise, as all business places are open.

For the last three and one half years, since the McGeaths opened the Drive In, it has been open seven days a week.

night, November will be the last drawing for free gasoline to be given away at the Earth Gulf Station.

To take place of the weekly gasoline drawing a gift certi-ficate drawing will begin the following Saturday night, at 9 p.m. with a similar drawing taking place each Saturday night at 9 pm. during the month of October.

At these weekly drawings, three tickets will be drawn. Winners of these tickets will receive an \$8.75 gift certificate for first place: \$4. 75 for second and \$3, 50 for the third ticket drawn. These gift certificates can be presented to Paul Poynor at Poynor's White store in Earth for any merchandise of the bearer's choice. Jackson, manager of the Earth Gulf, decided to change the prizes, as Christmas is drawing near, and he felt some of his customers might enjoy Christmas shopping with gift certificates from the Earth Gulf Station. Mr. Jackson says the more tickets a customer has in the pot, the greater his chances are at becoming a winner.

Seventeen Members Present For WAC Meeting

The WAC met Tuesday evening in the Springlake School Home Economics department with 17 members present.

Coach Mahan opened the session with comments on the 1964 football schedule and discussed the teams involved. Various plays of the Springlake Kress game were mentioned b Mahan, followed by a film of the game. Also shown was a film of the Hale Center-Cro-

sbyton game. Coach Lynn commented on the Jr. High and Freshmen tearm and pointed out players on the injured list.

It was announced that parents night will be Friday, preceding the Hale Center game here at Wolverine Stadium. Parents will be escorted onto the field by their Wolverine sons, Parents are asked to be present at the Field House by 6:45 P. M. A business meeting follo-wed with president Gayle Jones in charge. Refreshments of hot chocalate and cookies were served.

The Boy Scout Movement is to be found in all free nations of the world.

Meeting of Teen Town Board Held Monday Night

The adult Board of Directors of the Earth Teen-Town met with the Youth Representatives on Tuesday night at the Teen Town Building.

The business session dealt with some additional regulations and future plans which are to help with the furthering the project with the Youth of the Springlake School District.

A committee of three were chosen by the Board to serve as a Clearing Committee for those who may desire to use the Teen-Town Building. Those chosen were Ruybe Anderson, Fay Starkey and LaMoune

Lee. Several suggestions were made to the committee for an effective basis upon which the building may be used. Some of the more outstanding

suggestions for the Clearing Committee to follow were these; 1)People desiring to use the building are to make res-ervations with the committee. 2) All events are to be Adult

Sponsored, 3) All events are to be for those 19 years of age or younger, 4) A fee of \$2.00 is to be paid for the use of the building and is to be paid to the Teen-Town, 5) The building is not to be used for private money raising parties such as products parties, etc. 6) Those using the building will

having it cleaned.

The youth Council is planning a Teen Council for the purpose of being the authority of disciplinary actions for youth members. Also discussed were refreshment and Special Events Committees. Teen-Town will be opened

after the game Friday night and will remain open until 11:30 P. M. On Saturday night it will be open from 6:30 to 11:00. The response has been won-

derful and certainly apprecia-tive by the Board of Directors and the Youth of the School District. It is still hoped that there may be more who would desire to give trading stamps for more equipment or would like to help by providing nee-

ded chairs, tables, games, ect. The Teen-Town is open each Friday night after the games when there home games but is not open when the games are out of town. It is open every

Saturday night. Youth and aduits are urged to join just as soon as possible. The Adults join as Sponsoring Adults with service as their only fee. The youth join as Participating Members at a cost of 50¢ a month or \$5.00 a year.

Nine Winners Named In **Ad Contest**

Nine winners have been selected in the News-Sun Name the Graduate contest, that appeared in advertisements of the homecoming issue of the Earth paper.

Winners were slower to be picked this year, due to the fact that it was so hard to identify the ex-graduates correctly and the year they grad-uated as some were used from classes as far back as 1931.

Winners are as follows: Mrs. Leta Kelley, first place, 7 year subscription; Mrs. Marvin Huff, second, a five year sub-scription; Mrs. Ralph Rudd, a three year subscription; those winning one year subscriptions were Mrs. Bazel Glasscock, Mrs. A.C. Barton, Mrs. Ed Haley, Mrs. Marvin Been, Mrs. Alma Stockstill and Mrs. Ada Rudd. There is still a one year subscription yet to be given to the person submitting their entry. So, readers, get busy, today is the last day of the contest, and you could win a one year free subscription.

> **John Deere** Demonstration **Big Success**

The John Deerd domonstration held Saturday sponsored by Dent Farm Supply was very successful, with a good crowd from the trade territory present to see the demonstration of the new John Deere tractors on the Perry Martin farm. Those present were eager to drive and try the new 4020 Diesel with the 404 cubic inch motor, and all its power features and the 4020 John Deere with power shift equipped with butane.

The new John Deere tractor have been keyed to deliver more power, more efficiently with greater economy for the farmers this year. Also demonstrated Saturday

was the No. 825 breaking plow with three 16 inch bottoms a 13 foot tandem disk, a deep

chisel and pan breaker. Chubby Dent owner of the firm and all the employees express their appreciation to all for attending the demonstration Saturday to see these new John Deere tractors in action.

Dent stated that anytime the farmer would like a demonstration of these tractors on their farms to contact Dent Farm Supply and they would by ha-ppy to bring these tractors out for a free demonstration any time.

Mr. and Mrs. Ross Middleton and Eldon Trotter visited Mr. and Mrs. Bob Hamilton and children in Plainview Friday night after the Kress-Springlake game. The Hamiltons are pu-blishers of the Kress paper and the Plains Farmer, published in Plainview.

Mr, and Mrs. Gerald Inglis and girls visited briefly with her sister, Mr. and Mrs. James Dempsey and children in Lubbock Sunday afternoon.

Kickoff Breakfast Starts Boy Scout Drive Thursday

Portable Cotton Suction For Use At Kimbell Gin

Kimbell Gin has an added Mr. and Mrs. Buryl Hamilton service to the firm, for all and Bonnie Green attended their customers, that is called the Chamber of Commerce dinner in Lubbock last week. a portable cotton suction.

The suction is mounted on wheels and can be easily transported to the field to pick up cotton piles, that have been piled up by the farmer.

Usually each year a lot of time and effort is spent, foly. lowing cotton harvesting by boll machines when the farmers have to pick up their cot-ton by hand. This machine will enable them to do a much better and faster job.

Mr. Kimbell, owner of the gin, stated that his customer may use this portable cotton suction, free of charge, to show his appreciation for their shoulders." business,

Friday Is **Football Boy's Parent's Night** Parents of the Wolverine Fo-It is fitting that all adults in communities where Scout Units are to be found, contrib-

otball Squad will be honored with "Parents night," Friday night at the game between Hale Center and Springlake at Wolverine Staduim.

Members of the team and their coaches cordially invite all parents to the pancake supper, sponsored by the Sprin-glake Lions Club, starting at 5:30 P. M. Friday in the school cafeteria,

Parents of the football boys will meet at the field house at 6:45 P. M. From there, they will be escorted and presented on the field by their son where they will be seated for the game.

Team members of the Wolverines will be playing the game Friday night, especially for their parents,

Bock Youth Injured In **Fall From Tree**

Kem Bock, 9 year old son of Mr. and Mrs. Melvin Bock was injured Thursday afternoon when he fell from a tree at the Bock home around 5:30. Kem was playing in a tree when he fell out of it, landing flat on his stomach. When h got up he complained of his

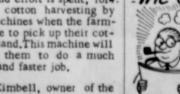

shoulder hurting, his parents took him to the Littlefield Hospital where it was revealed his spleen was ruptured and had

to be removed. Surgery was performed on the lad at 10:45 that night, which took approximately one and one-half hours. It was also discovered that he was bleeding internally and he was given two blood transfusions during

surgery. It is reported that he is also able to be up and walking around the hospital and should be released, sometime this week,

"Those sitting on top of Eldon Trottervisited his parthe world should think of ents, Mr. and Mrs. C.D. Trotter in Littlefield Sunday those carrying it on their afternoon.

always invited places."

from the facts. On the other hand, only "experts" can give the court their opinions. Aren't most people expert in some things? Most people are qualified to give opinions on such everyday things as speed, time, sound, and the like. Some times where impressions are

hard to describe, a witness may have to talk in terms of opinions about such things as the three of a blow, distance of a sound, the amount of light, the degree of cold or heat weight, size, health, temper,

fear; and the like. We can express the opinion that Jones "looks like the man" who did a crime, or that his footfalls or his voice were those of Jones. Courts will admit such evidence. So too, one can testify about his friends' sanity or handwriting and som-times your own motives.

IT'S THE LAW

But most often the court must rely on certain skilled persons like physicians or engincers for "expert opinions" especially in complex or technical cases.

Problems in using experts: They may not agree. They may give opinions on the "ul-timate" fact which the jury itself must decide (the extent of injuries, who is the father, what caused the explosion.)

First Soy Bean Variety Developed By Hi Plains Station

History in the making has been the theme for soybeans at the High Plains Research Foundation at Halfway. The Fou-ndation, under the direction of Dr. Earl H. Collister, has bred the first soybean for West Texas. This bean, designated the name HINN, is expected to revolut-ionize soybean farming in West Texas.

The HINN Soybean is a fullseason soybean yielding from five to ten bushels per acre more than the other varieties currently being grown in West Texas. The beans are about one third larger than Hill and Lee, the two beans previously grown in this area. Production of the HINN bean

has been under the supervision of Barry Love, Associate Agronomist at the Foundation. Barry states that he feels the HINN bean will be a producer that farmers can use to increase thier farm income. Along with the other qualities of the HINN bean, a gigh degree of shatter resistance is indicated as well

ner than nearly all of the beans on each plany may be harve-sted. The eye of the HINN soybean is light in color, wh-ich food processors say give desirable flavor in food products.

Soybean farming gives not only a good yield in income to the farmer, but also due to the rooting system, leaves the land in very good shape

Plains Cotton Growers State Improve **Host Thailand Representatives** Farm to ant at Texas Technological

Market Roads

The Texas Highway Commission today announced approval of an \$18,144,500 program to improve the safety factor and protect the state's investment on 3,056 miles of farm to market roads. The action spotlights one of the most extensive farm to market construction and im-

provement programs in many years. At the same time it emphasizes the Commission's concern with reducing driving hazards in the farm to market road complex as well as on multi-lane arterial systems. Although the dollar value of the program is not greatly in excess of the \$18 million-plus spent a year ago, more of the funds allocated will be used

for reconstruction and reconditioning of existing roads and upgrading the safety factor. Some 67 per cent of the total allocation will go for this pu-The Commission stressed the need for meeting the demands of greater traffic volume and heavier load requirements of

College. The invitation to visit the High Plains and learn more about how our cotton is grown and prepared for export was

extended earlier this year by George Pfeiffenberger, Executive Vice President of Plains Cotton Growers, when he visited Thailand and 14 other foreign countries. Textile men form several of the countries have already been to the area as a result of Pferffenberger's trip and others plan to

come later. Tang, who speaks very good English, said" We want to learn more about the High Plains and its cotton as well as how we can use that cotton better and more economically." Thailand's textile industry

has grown in the last three years from almost nothing to 100,000 spindles and 120,000 are expected to be in operation by next year according to Yang, who went on to say that they are currently using from 70 to 80 thousand bales of cotton annully. Since Thailand only produces from 30 to 35 thousand bales locally, their cotton imports come to 40 or 45

thousand bales, of which about 80% is from the High Plains. Tang and Yang arrived in Lubbock from Houston, Texas, and it was here that they saw their first" cotton plantations" in the U.S. Both said they were impressed with the size and mechanization of cotton farming in this area. In thailand the average size cotton farm is only two or three acres cultivated and harvested alm-

JOHNNY K. MARTIN. stands in his soy bean field that is ready for harvest. Martin had his cotton hailed out June and planted soy beans to take place of cotton, as he thought it was too late to plant cotton at that time. Martin has 60 acres of the beans and expects a yield of 30 to 35 bushels per acre. Thirty five bushels of soy beans will compare to the profit derived from maize. There is an excess of beans in the area, more than there's been in a long time and the mills are all asking for them. There is approximately 500 acres of beans in the area, ready for harvesting.

Future Teachers of America Organization Elect Officers

The Future Teachers of America organization, directed by Mrs. John Lawrence, recently elected officers and co-mmittemen for this school

Officers elected were, Diana Glasscock, President, Carla Glasscock, Vice--President, Marian Crisp, Secretary, Ray Tom Packard, Treasurer, Alice Jaquess, Historian, Wiley Kimbell, Parlimintarian and Phil Middleton, Reporter.

Program Chairman is Carla Glasscock and on the committee will be Alice Jaquess, F1oydedd Crawford, Patte Robins Alicia Galloway and Arboth Rylant

Jill McCord is yearbook chairman and on the committee will be Bobbie Smith, Joan Dawson, Donna Street, Judy Perkins, Karen Barton and Phil Middleton.

The social Chairman is Pam Beasley and working with her on the committee will be Linda Blanton, Helen Philips, Marilyn Coker, Donna Rudd, and Phil Bearden.

Meeting Of Band Boosters Held Thursday

Approximately 10 people were present Thursday night for the Band Boosters Meeting at 7:30 in the band hall. The attendance was low, due to other school engagements.

Several items of business was discussed. The club voted to serve at the Twirling Contest that will be held at Springlake Schools on Satruday Nov. 9. Over 200 entries from schools in the district will participate.

The band boosters have had charge of the concession stand at all the home games this ye-ar. Friday night will be the last home game. Chairman of the stand for that night will be Mrs. Earl Parish. Mr

others things.

Everyone Urged To Hear Freeman Speak Monday In Lubbock

Mrs. Zou Wilson, chamber of Commerce secretary, rec-eived a letter last week from Gene Garrison, Littlefield C. of C. manager, giving a rep-ort on a recent meeting in Lubbock to discuss a specific program of work. It was decided at the meeting that the most effective thing, farmers and businessmen could

do immediately, would be to fill the Lubbock Municial auditorium at 2 P. M. Monday, Nov. 4 to hear Secretary of agriculture, Orville Freeman. The group also decided that whether Lamb Countians agree with Mr. Freeman's policies and those of the administration, or not, that we should

attend and let him know we tural area, are interested in cotton and are anxious to see some spec. ific action taken by the administration and by the congress. The first step to impress Mr. Freeman, is to be there in quanity. The second impressive step would be to submit questions and comments during the question period. Mr. Freeman will make a 20 minute opening address and

then spend the remainder of the two hour period answering questions and responding to statements from the floor. The Lubbock meeting is the eleventh such open session held by Mr. Freeman since August throughout the Naion's agricul-

Elbert Harp, President of the Grain Sorghum Producers Association, in urging all grain farmers to attend said that, This could will be the most important farm meeting ever held on the Plains. "New concepts of production and marketing are being implemented daily by farmers. To keep pace new concepts in farm policy are taking shape also as we move toward international influences on our local ope. ations. How well the

producers of grain sorghum and other area crops fare in future farm policy decisions may well depend on how forceful they present thier views or

the Secretary during his area visit." Harp went on to say that, "I deem it highly important that every area farmer regardless of personal views or organizational ties attend the November 4 meeting and express his personal convictions and show by his attendance that he is interested in the future of Plains farming."

Spray of dust all hogs and their sleeping quarters for lice be-fore winter sets in.

Springlake Bands To Present Combined Show Friday Night

All band members of the Springlake School will present a combined show at half time ceremonies of the Hale-Center Springlake game, Friday night. The bands are composed of the Wolverine Band, Cub Band

and Sixth Grade Bands. Lovely Miss Alice Jaquess. band sweetheart will be pres-ented to the crowd before the game begins. Alice is the da-ughter of Mr. and Mrs. Travis Jaquess and is a junior in Springlake High School.

The Wolverine Band Twilers, Marilyn Coker. Gwen Smith, will enjoy their performance. Alicia Galloway and Cynthia

Busby will perform as the co-mbined bands play" Drums and -Bugles" The show will consist of

diagonal drills, pin wheels, countermarches, and a series called to the rear, and is the spectators look closely they can see the Wolverine Band marching backward four steps as these drills are performed. All the bands have been

working diligently the past week, preparing for the half time show, and the band me-moers hope the Wolverine fans

The Earth News-Sun, Thursday, October 31, 1963-Page 7 WOLVERINES TIE KANGAROOS DOWN 49-7

NO STRIPPING PLEASE!!! It looked as though Manuel Ontireros No. 42 was trying to pull Jerry Been's pants off instead of tackeling. This play set up the touchdown plurge by Mitchell from the one yard line. Other players holding Jerry are No. 30. Richard Francis, and No. 80, Ronnie Vineyard. Wolverines that are too late to help Been are No. 50, "Reddy" Paterson, No. 30, Richard Mitchell, No. 70, Ken Dawson, and 81 Lonnie English.

THOMAS GREGORY NO. 10 gets set to stiffon Manuel Ontineras No. 42 early in the second quarter. Thomas picked up good yardage on this play and scored one touchdown on a double handoff around right end early in the first quarter to start Springlake moving on their way to a 49-7 victory over the Kress Kangaroos.

By Eldon Trotter

The Wolverines struck like lightening, fast and furious Friday night at Kress. From the starting whistle to the end of the game, there was plenty to cheer about, that is, if you were a Wolverine fan.

The opening kick off was from Kress to Springlake, with end Ray Tom Packard taking a short kick and returning the ball to the 47 yard line of Springlake.

Jerry Been did a nice job fakeing the ball and handing off to his half backs and full back, moving the ball to the Kress 21 yard line. Then lightening struck with a hand off to Jerry Don Sanders, who handed it off to Thomas Gregory, leaving Gregory to go 21 yards untouched for the first score of the evening. Jerry Been kicked the extra point and the Wolverines were off to an early lead 7-0.

Unable to move the ball, Kress was forced to punt to Springlake, who once again started marching up the field yard by yard. Just one yard closer to the goal than before Jerry Been connected with Jerry Don Sanders on a nice 20 yard pass to rock up six more points for Springlake. Once more Been split the uprights to put Springlake out in front 14-0.

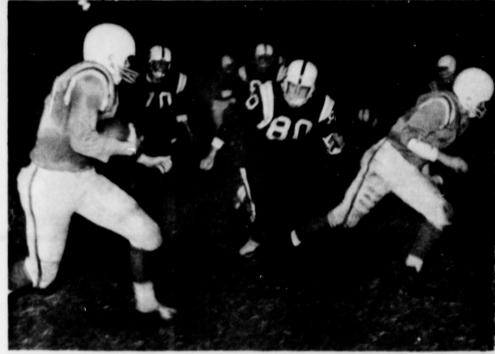

Kress failing to move the ball once more, and Springlake took over to move the ball with speed. With only 17 seconds left in the first quarter, Jerry Don Sanders broke loose on a sitchout around left end and worked his way 39 yards to the 6 yard line of Kress before being run out of bounds. From the six yard line Jerry Been on a keeper tried the left side and went in standing up for the third conclude the For the third time Been's kick was good and the Wolverines realy moved out in front 21-0. Lightening struck Kress once again with Davey Haberer re-covering a fumble on the 19 yard line. The Wolverines moved slowly but surely and Richard Mitchell dove over from the one yard line for the fourth touchdown. At this point every player in the backfiled has scored once, and Been added his fourth extra point of the evening.

At half time Springlake took a 28-0 back to the dressing room but seemed to cool the mselves off a little. Kress tried to battle back in the third quarter and managed to pick up two first downs and eventually connected on a pass frquarterback Larry Fields to Billy Golden the little 127 pound end. The kick by Mike rner was good and the score at this point was 28-7. Late in the third quarter, Springlake started moving and on a pitchout from Been to Sanders moved the ball 60 yards for a touchdown but had the play called back on a clipping penality. It was early in the fourth quarter before Springlake finally picked up speed and scored on a 3 yard plunge by full back Richard Michell. Been's kick was perfect and the Wolverines moved out in front Kress ran out of steam and was forced to give up the ball on their own 46 yard line. On two plays that netted nine yards Been really mixed up the Ka-ngaroos by faking a hand off Mitchell in the center of the line but, instead tossed a long pass to Jerry Don Sanders who took the ball on the run and picked up 35 yards and another touchdown for Springlake. This time Been's kick went off to the right side and was no good. This however didn't worry the squad for Sp-ringlake was leading 41-0. With only 15 seconds left to play a lot of excitement really took place. With the entire forward wall of the Wolverines bearing sown on Tommy Armstrong the freshman quarter back of Kress who threw a pass that was intercepted by the defensive linebacker, "Reddog" Patterson who make like a

and a second second and a second to second to second to second to second a second a second a second a second a

JERRY DON SANDERS ON THE MOVE!! Jerry was forced out of bounds on the six yard line, after making a nice 39 yard run to set up the third touchdown. At this point, Springlake was leading 14 to 0 with seventeen seconds left in the first quarter. Kangaroos shown trying to stop Jerry are No. 80, Ronnie Vineyard and No. 70, Larry Carter.

speedy halfback up the sidellines and went over untouched for the final touchdown for Springlake. On the try foe ex-tra point, Been tossed a pass to Lonnie English for 2 points and the Wolverines captured their second district game 49-7

This week the Owl's of Hale Center invade the Wolverine Staduim to try to break into their first district win so lct's all turn out and back the Wolverines who will be closing out their regular home stand the nest and final Steers at Farwell. Two down and two more to go boys, so lets go!! go!! go!! Friday night!!!!!!

Varsity Team **Feted At Been Home**

Members of the Varsity football squad and Coach Jodie Mahan were feted with a hamburger supper in the Dutch Been home last Thursday night by members of the Womens

Athletic Club. The group enjoyed delicious hamburgers and all the tr immings cake and ice cream, prepared by the WAC mothers. Mrs. Faye Washington presented several piano selections and Mahan showed football films to the group.

Those present were Jerry Be-

en, Lonnie English, Arboth Rylant, Wylie Kimbell, Ray

FHA Meeting Held Monday In Auditorium

Members of the FHA Chapter of Springlake Schools, met Monday night at 6:30 for their regular meeting with 73 members and their instructor, Mrs. Marie Slover, present. Several items of business

were on the agenda for the evening. The group discussed their "call for order bake sale" for

Thanksgiving. Deliveries will be made on November 26. Members of the FHA will call

residents in the community for their bake orders. If anyone fails to be contacted and desires to place an order, they

Rutherford & Co.

Earth, Texas

may call any FHA member or Mrs. Slover, All orders are urged to be in by November 22. The girls will also send Christmas cards to mental institutions, so the patients may send cards to whom they choose. It was also decided at the meeting for the girls to submit names for the Triple Trip program. The names will be announced later.

Following the meeting, refreshments were served in the homemaking department. The next FHA meeting will

be held Monday, November 25 at 6:30 p.m. in the auditorium, A panel discussion, "Marriage Calls for Preparation," will be presented by several FHA members. Everyone is invited to attend this meeting.

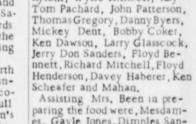

Churches, schools, P.T.A., civic clubs, fraternal organizations, and other groups serve as sponsoring institutions for the Scout Units in this area.

You will be proud you brought it to

Large Group Tours **WestTexasFeedLots**

Appriximately 182 persons from seven states made a three day tour of West Texas Feed lots, sponsored by the West Texas Chamber of Commerce. The tour began ⁴Monday in Lubbock,

The group begin the tour at Lewter's Feed Lot in Lubbock, stopping in Littlefield for lunch at noon and touring the Sudan Livestock and Feeding Co, the second largest feed lot in the state, during the alter-noon enroute to Clovis where they spent the night.

Tuesday the group visited feeding centers near Farwell, Friona and Herford with an overnight stop in Amarillo. Tours were make Wednesday of feed lots in Happy, Tulia, Plainview and Hale Center arras, before returning to Lubbock where the tour ended.

Lamb County has a lot to offer in the way of feed lots with about 38 commercial feed lots with more that 89,000 head of cattle fed out each year in these lots, plus around 6, 780 head of pigs and 3, 750

sheep. Sudan Livestock and Feeding turned out approximately 46, 000 head of finished cattle, last year, starting them as calves and feeding them through careful schedule to red beef animals

There is an increasing inte-rst shown in the Earth area for growing and finishing cattle. Most of the interest began following a feeding lot tour of the Western States, California and Arizona, approximately eight months ago.

West Texaus began to ponder the questions that arose, after they throughly studed the summarys of these tours.

The question came "Why can't we do it here in Texas?We have an abundance of Grain Sorguin, water, Cattle, climate and know how. Since the feedlots of the We-

stern states had proven a profit even after paying freight on cattle and milo from Texas to Arizona and California then shipping the finished beef back to us in Texas to consume.

Seven Districts make up the South Plains Council and each District has a full time Destriet Scout Executive to work with Get-out-the-vote campaigus, boys and volunteers.

The Council Service Center of the South Plains Council employs five full time ladies to handle the records, advancement, training and office

So the cattle feeding program begin here, not on the large scale as some of the Western feeders are doing, but all ar-

Earth they are doing it. Some of the folks in the Earth area that are finishing cattle are: T.V. Murrell with 130 head, 60 head ate on feed at present 70 on parture to co present 70 on pasture to go into feed lot at a later date. The Faver Cattle Co. HAVE 300 on pasture, to be fed out and finished later. Jerrell Haberer has 165 head on feed now. Gordon Duncan has 100 being fed in the feed lot. Va-nce Wagnor has 153 head now on feed. The Wagnor Brothers have 37 head now on feed and John Gunter with 63 head in feed lots. These cattle are being fed by self feeder me-thod of "Built in Roughages" These feeders are serviced by the Earth Elevetor Co.

There are also various people in the area using a diffe-rent type of operation. They are growing calves on pasture until they reach a certain weight, when they will be sold to feeders to be finished out in the feeding lots. Some of these cattle will doubtless end up in the feed lots of Arizona and California. Among those following this method of operation are: Walter Gray with 126 head, Mike Dent, 120 head, C.P. Parish, 100 head, James Herriage, 98 Head, Cleo Wh-itmore, 500 head and Muleshoe Angus Ranch with 600 head.

The above cattle are running on Improved pasture with access to a self feeder using a 100% concentrate ration with salt added to control their feed intake.

According to cattlemen the U.S. are not producing enougli beef to supply the demand. Each month ships deck at ports in New York, California and others dock with beef from Austrailia.

The trend is leaning in the direction to feed at home in Texas where feed and water is avalible. Plus a wonderful chimate and all the first hand know how.

The Boy Scouts of America have participated in three National Good Turns in the

MY NEWSPAPER?

When a newspaper is missing, more often than not, a man will say, "Where's my newspaper?" "My," not "the"! You've heard him say many times: "Now, my newspaper said . . ." "I read in my paper . . ."

A man's possessive about his newspaper. He takes pride in it. He gloats when his newspaper praises his favorite political candidate or sports team. Or, he groans when his newspaper differs with his choice of personalities or issues. He'll even write the editor when he feels strongly about a difference of opinion.

And, his wife feels just about the same. She looks forward to reading her pet features. Missing out on some ad or choice item of local news could "ruin" her shopping trip or leave her feeling left out during the chitchat over the bridge table.

Both men and women want their newspaper. In fact, they insist on it. They are sorely disappointed and disturbed when their newspaper isn't on the front step when they want it. Ask any carrier boy. He can tell you, because he hears about it if a delivery is late or missed.

This loyalty to a favorite newspaper didn't just happen. It came about because the newspaper is localized to meet a particular want and fill a definite need.

And, because the newspaper is viewed as a necessary companion and source of information, it makes a big difference in the lives of people of all ages, of all faiths and political preferences, of all levels of income and education.

Show Pig Sale Termed Big Success

last week in Earth sponsered by the FFA Chapter was very successful and it will be made an annual affair, according to reports.

The show, held last Tuesday Oct. 22, started at 6:30 P. M. in the FFA show barn on the rodeo grounds,

Approximately 100 out of town buyers were present for the sale with 166 show pigs on sale from the local FFA Chapter, Lazbuddie, Stennett, and Nazareth FFA Chapters.

Charles Axtell sold the Ch-ampion pig, (Berkshire)weighing approximately 50 pounds for \$105.00

Bob Phipps sold the Reserve Champion Poland China Pig for \$65.00 weighing around 50 lbs.

Jerry Jones sold the second highest selling pig, a Ham-pshire for \$100, 00.

Eight boys in the local Chaptersold their pigs at an ave-rage of three and one-half times more than market price. Jerry Jones sold 29 pigs at an average of \$33, 55 each for a

total of \$974.00. Bob Phipps sold 5 pigs for an average of \$42,50 each for total amount \$212,50. Charles Axtell sold 25 head of pigs for \$928,50 for an average of \$37,10 each Ken Dawson sold 15 pigs at an average cost of \$35, 93, tota-ling \$539, 00. Dale Montgo-mery's herd of 10 pigs sold at an average cost of \$16, 45 each for a total of \$164,50, 10 of Bobby Coker's pigs sold for an average of \$28,00 for a total of \$280.00. Otis Ray King sold 4 pigs for \$25.25 average totaling \$102.50 and Gene Jones sold one pig for \$22.75.

Calvin Horn, Ölton Agriculture teacher judged the pigs at the sale. He sould that there were more good quality pigs at the Earth sale, than at any sale he had ever attended.

Total gross proceeds from the show pig sale was \$4,549.80. The local FFA Chapter received \$200.00 from the sale for the FFA fund, with a good portion to be spent to buy back animals the chapter sold in the show.

Local instructor, E.G. Gaston and members of the FFA express their thanks and appreciation to the 3D auction Co. composed of Tuffy and Mike Dent and Doug Lewis, to the clerks, Norman Hinchliffe and Perk Lee and Curtis Smith, doorman for their time and effort in helping with the sale. Also the FFA boys that were

BOBBY COKER, SPRINGLAKE FFA MEMBER shows a pig from one of his herd to approximately 100 area buyers at the first show pig sale to ever be held in Earth, last Tuesday afternoon beg-inning at 6 o'clock. The sale frew a large crowd over the area. Plans are to make the sale an annual affair.

Farmers May Get Head Start On Mother Nature

Farmers may soon be able to keep two steps ahead of mother nature by accurately predicting the growth rates of their crops, says the U.S. Depart-ment of Agriculture.

By the use of a formula de-veloped by the Department. plant responses to specific environmental influences can be measured. The formula is based on the relationship between leaf development and environmental factors.

It is applicable to any plant species and could be used with equal success to calulate the importance of any environmental influence on any crop. The scientists have already measured four influences known to have a strong effect on plany development. They are temperature, moisture, light intensity and day length, according to the Department.

State Commission To Construct Boat Ramp

In its second annual program to provide free boating facilities on Texas waterways, the Texas Highway Commission, today authorized construction of an additional 29 boat ramp

to you and asking for stamps. If you do not have one you must give two the next day. These stamps will be sent to the sons of Norway and they in turn sell them to stampcollecters and give the money to the Childrens Tuberculosis Foundation. The girls will get points for every stamp thedonate.

Birthday Greetings to: Way-land Beavers, Gilvert Langeris, Belinda Hartley, Shirley Put-man, Rickie Hardage, Ofelia Mendoza, Tommie Recha and Regana Treider. complex throughout the state. The Texas Highway Department will build the launching ramps and collateral facilities at an estimated cost of \$184,800 in coming months. Under the previous program the Depart-ment already has 27 ramp projects completed, underway,

aptability to the various gowing areas of the U.S.

or programmed. Boat ramps offer water enthusiasts year-around laundhing spots at no charge. Each site includes not only a launching ramp but also a parking area, access road, incinerator, sighs and landscaping. Locations of the total of 56

ramps now built or programmed were chosen on a basis of the water area to be served and the number of boat registration fees. In 1959 the Texas Legislature passed the Wathr Safety Act and designated the Highway Department as administering agency to collect boat registration fees. The act stipulated that surplus funds remaining from the programs administration would be used to build boat ramps.

The boat ramp program for water recreation enthusiasts is one of a number of travel rel-.ated efforts of the Texas Hig -. hway Department, whose pri ncipal junction is engineering Francis Implement Co.

THIS & BELIEVE

I Believe In The Things I Am Handing Out, In The Firm I Am Working For, And In My Ability To Get Results.

I Believe That Honest Things Can Be Pass ed Out To Honest Men By Honest Methods,

I Believe That A Man Gets What He Goes After; That One Deed Done Today Is Worth Two Deeds Tomorrow, And That No Man Is Down And Out Until He Has Lost Faith In Himself.

I Believe In Working, Not Weeping; In Boosting, Not Knocking; And In The Pleasure Of My Job.

I Believe In Today And The Work I Am Doing, In Tomorrow And The Work I Hope To Do., And In The Sure Reward Which The Future Holds.

1 Believe In Courtesy, In Kindness, In Generosity, In Good Cheer, In Friendship, And In Honest Competition.

1 Believe There Is Something Doing, Somewhere, For Every Man Ready To Do It.

I Believe I'm Ready --- Rightnow --- How About You ?

> ELDON TROTTER ADVERTISING SALESMAN EARTH NEWS-SUN

The Clayton Brothers, Bill and Don, inset above, are proud of their two brand new powerful IHC 806 tractors purchased last week from Brownd-White Equipment Company... It is important to have IHC High Speed tractors when busy men farm many acres..... Pictured with the tractor is Barney Scheller, employee of the Clayton brothers.

TOMATO SOUP

'One of the most successfu anglers I know," writes a gentleman in Colorado, "makes a point of belittling his fishing abilities. Yet his experiences are amazing

This letter was sent to the fishing authorities at Mercury outboards, who felt it contained mussage that might be of help to many of us.

It seems that this fisherman had an uncanny knack of discovering outstanding fishing wherever he went, and in some

ew town, he would visit the local sporting goods store. "Hear you fellas have good fishin' hereabouts," he'd in-quire, even if the map failed to show a body of water large enough to hold goldfish for miles around. Someone would

I'll show you some real fishin'. Many times he'd end up at a farm pond, once a stock waterbut always there ing tank was adventure and another

portant things: (1) give others a chance to demonstrate their skills and knowledge, and (2) tarry long enough at every crossroad to investigate its

fully carried his share of the trip's expenses, provided his own tackle, took his turn at the motor, and kept his mouth shut about how great "fishin' was back home.

these tactics, an astounding number of new fishing opportunities would unfold.

Mr. and Mrs. E.C. Hudson
