Red Cross Column—Victims Of Bombings Get Help

Not all Red Cross activities deal directly with the military at home and abroad, but it is interesting to note how even the seemingly prosaic work among the home folks ties into the war program.

Thus, those who give to Red Cross war fund drive starting Monday will be helping to take care of the war front while taking care of the home front—or vice versa. People have preferences in giving, but Red Cross meets both the home and foreign service demand—another good reason for at least doubling your gifts so that a \$15,800 quota can be quickly raised.

Nobody over here can quite know the helpless and hopeless feeling of emerging from a bomb-ruined shelter and seeing what was a home reduced to a mass of smoldering shambles, clothes and everything gone. Nobody over here can quite know the thrill of Red Cross workers coming with wraps, with clothes, with layettes, with covers.

Your Red Cross dollars, plus the unselfish work of women who volunteer their services to Red Cross have made such help possible in the past. The Howard-Glascock chapter has one of the outstanding records of the state in the preparation of hundreds of layettes (each including 34 items), hundreds of boys' overalls, shirts, girls' and women's dresses, slippers, underwear, scores and scores of knitted sweaters for children and women, blouses, pajamas, outing gowns, etc.

Letter after letter in the Howard-Glascock chapter offices testify that these goods were actually delivered to bombed areas in Britain. Now that bombing pressure on England has been practically eliminated, such materials are going into Red Cross warehouses where they will remain until needed at some point here or abroad. That need may be today, it may be tomorrow—but it's coming.

The Howard-Glascock chapter of Red Cross has achieved an unique record in making of covers, having well over 100 quilts to its credit. A large number of these remain here for emergency use. When families are burned out of homes, Red Cross frequently steps in with this welcome aid. Mrs. Ike Eddens, a pioneer woman, has carded practically all of the cotton (donated by local gins) for this work and the Row and Sew club has pieced, tacked and quilted the quilts. Women never get too old to help in this for the late Mother O'Barr turned out several quilts.

That portion of funds which goes to the American Red Cross provides, in part, the heavy bolts of piece goods, the hundreds of pounds of yarn on which an average of 20 women a day work at the Red Cross rooms. This does not include numbers of others who work at home.

In case of emergency these things will be used, and in case of emergency here at home Red Cross unostentatiously goes into action. Considerable used clothing is distributed by the local Red Cross chapter to deserving, emergency cases. Red Cross does its work on an emergency basis, lending prolonged aid to be paid for by properly constituted authorities.

A common occurrence is Red Cross aid in furnishing medicine for cases which require attention and which cannot go to other sources for good reasons. Yet Red Cross does not advertise this because it is not a sustained institution for charity.

Should disaster come—and it did several years ago when heavy rains and tornado winds hit rural sections near here—Red Cross steps in. If more than five families are involved, the national organization goes into action. If less than five families are involved, it is a chapter responsibility. Aid dispensed in either case (and if amounted to several thousand dollars here) is not a loan, but an outright extension of aid to get families back on their feet.

All of this gives the public a better sense of security. It improves morale of the men in service for they know that there is one agency which will fill needs of their people in case of emergency wherever they may be.

Life-Termer Calls Houston Officers To 'Come Get Me'

HOUSTON, Feb. 25 (AP)—Roland C. Tyler, life-termer from Eastham Texas prison was lodged in the county jail here today after terminating more than two months of freedom last night by telephoning officers to "come and get me."

The 31-year-old convict telephoned Sheriff Neal Polk who quoted him as saying: "I'm afraid I'm going to get those people in trouble that I spent the night with last night. It'd be unfair to them, I'm waiting here and I'm unarmed. I'll stay here till you get here."

The sheriff and Deputy Jake Colco drove to the address Tyler gave and took him into custody.

Wooden Gun, Dummy Gunner—Rep. George S. Knapp (R-O) inspected one of the wooden guns and dummy gunners which Rep. Harold W. Cooley (D-NC) disclosed on the house floor at Washington are "anti-aircraft protection" on roofs of congressional office buildings for the nation's lawmakers. This gun and gunner are one of units on the House Office Building.

Soldier Must Hang For The Slaying Of Bastrop Child

SAN ANTONIO, Feb. 25. (AP)—Private George S. Knapp, St. Paul, selectee, will be hanged soon for the slaying of eight-year-old Lucy Rivers Maynard of Bastrop, Oct. 6, Maj. Gen. Harry Twaddle, commander of the 95th Division disclosed today.

General Twaddle said no date or place for the execution had been set. Another source which could not be named said earlier the execution would take place March 26.

Thus the army still had to officially answer the question Knapp, 38 at the time of the slaying, asked when he was sentenced: "When will the hanging take place?"

Final approval of a 95th Division general courtmartial, General Twaddle said, came after review by the judge advocate general's office in Washington.

Lucy Maynard disappeared the afternoon of Oct. 6 while on her way home from school. Hundreds of soldiers and civilians hunted for her. She was found unconscious the next day in a ravine near Bastrop by State Highway Patrolman Trenton Horton. Knapp was arrested in nearby Austin the same day on an auto theft charge. The girl died Oct. 8 and Knapp was charged by military authorities with murder.

The soldier pleaded innocent to violating the articles of war covering murder, rape and theft. Less than two weeks later he was sentenced to hang.

Since then he has been held at Fort Sam Austin here. The court martial was held at Camp Swift, near Bastrop, where Knapp was stationed at the time of the slaying.

The search for the missing child was characterized by State Police Director Homer Garrison, Jr., as the best example of cooperation between military and civil authorities he had ever seen.

Even before it was believed the culprit was a soldier, hundreds of officers and enlisted men had aided in the search for the girl, carefully and methodically combing the woodlands near Bastrop. And when the blue-eyed child's body battered form was found, army doctors joined in the fruitless fight to save her life.

Fierce Counterattack By Allies Pushing Nazis Out Of Vital Pass

Wavell Army Raiders Wreck Jap Village

US Fighter Planes Down Six Of Enemy In Air Battle

By The Associated Press
Boldly stabbing at the enemy rear, commando-like raiders of Field Marshal Sir Archibald P. Wavell's forces were officially reported today to have attacked and wrecked a Japanese-occupied village 60 miles below the key enemy base at Akyab, in Burma.

"Our troops landed from vessels of the Royal Indian navy and remained in possession of the place about five hours," a British communique said.
Buildings were burned, a jetty was blown up, and a 100-foot river steamer was destroyed.
The communique said slight enemy opposition was swiftly overcome. No British casualties were suffered.

It was the first time Gen. Wavell had struck below Akyab since he began his small-scale drive back into Burma from India last Dec. 19. At the end point, British warguards had reached within 25 miles of Akyab from the northeast before they met stiffening Japanese resistance.

AIR VICTORY
NEW DELHI, Feb. 25 (AP)—U. S. fighter planes of the 10th air force, rising to challenge 90 Japanese bombers and fighters which thrust across the Burmese mountains against Assam air fields, shot down six, probably destroyed 12 and damaged others today.

None of the American planes was even damaged and the few bombs which fell exploded harmlessly, a United States headquarters communique said.
The action was one of a series of the and ground operations cutting into Japanese strength in Burma. The raid was the second directed against one major airport in three days, the first also having failed to cause material damage.

Several Hurt In Collision
Two Big Spring residents were injured Wednesday night in a head-on collision which occurred on the highway in Mitchell county, about 22 miles from Big Spring.

Highway patrolmen investigating the wreck said that a car driven by R. N. Sterling of Snyder collided with a car driven by E. H. Snyder of Big Spring about a half mile east of the Mitchell county line.
Snyder received a broken leg and a slight concussion and his son, Bruce Snyder, suffered a broken arm and minor bruises and lacerations. The two were hospitalized in Colorado City where physicians said their injuries were not serious.

The Snyder car traveling west on the highway was returning to Big Spring from Mineral Wells where Snyder had been visiting, it was reported. Sterling suffered a leg injury and shock and bruises, highway patrolmen said. Mrs. Ruel Ryan of Snyder, also a passenger in the Sterling car, was taken to a Snyder hospital for treatment for shock and bruises, the patrolman said. Others in the car were uninjured were Mrs. Sterling, Mr. Ryan and Hugh Moss of Hermligh.

Death Takes Mrs. Miller
Death called unexpectedly during the night Wednesday to take one of Big Spring's long-time residents, Mrs. Sybil Miller, wife of Adolph Miller.

Mrs. Miller, 65, was found dead in bed at her home, 609 Ayford street, about 8:30 Thursday as a daughter, Mrs. T. W. Hammond called to leave her son with his grandmother. Death was attributed to heart failure. Mrs. Miller appeared in good health Wednesday night, relatives said.

She was married here February 8, 1934 to Mr. Miller, and the couple had resided here continuously since 1888. Mr. Miller formerly was a ranch worker and a T&P Railway employe.

Funeral arrangements, under direction of Eberly Funeral home, were incomplete, pending word from relatives. Survivors besides the husband are three sons, Rufus H. Miller of Big Spring and Charles E. and Odus N. Miller of Pecoc; the daughter, Mrs. Hammond; a daughter-in-law, Mrs. Clarence W. Miller, and two grandsons and three granddaughters.

DIES AT AGE 112
DURANT, Okla., Feb. 25 (AP)—Mrs. Bell Airington, who was credited with being Oklahoma's oldest resident, died today at the age of 112 from a broken hip suffered in a fall at her home.

According to her, Mrs. Airington would have been 113 on April 5.

Caught—T. N. Norris, 1 man on the FBI's list of wanted men, was captured near Kenedale, Tex., with two companions after an automobile chase which started at a farm house and ended seven miles away when their car overturned. Norris and a companion ran a short distance from the car and then threw down their guns. A girl who was with them was stunned. FBI records showed Norris escaped from the Texas penitentiary last March while serving sentences totaling more than 400 years.

S. S. Leader Talks Before Baptist Group
Dr. G. S. Hopkins, state Sunday school executive for the Southern Baptist convention, held administrative conferences and was principal speaker at the morning session of the annual eighth district convention of Baptist workers which is being held at the East Fourth Baptist church today and Friday.

Around 300 persons, representing the 12 counties included in the district, attended the morning session which was devoted to conferences for Sunday school leaders and teachers.

Claude Crain of Midland was in charge of the adult conference and John Mathews, educational director of the Midland First Baptist church, directed the young people's parley. Lucille Whitlock of Lamesa was in charge of the intermediate meeting and Mrs. Ray Hyatt of Midland presided at the junior department parley. Mrs. S. E. Nail of Odessa met with leaders of the primary department and Mrs. Yates of Lamesa with the beginners.

The Rev. O. C. Curtis of Seminole delivered the annual convention sermon at 11:30 a. m.

The afternoon program included a talk by the Rev. Dick O'Brien, pastor of the First Baptist church, who spoke on brotherhood work in the church, and Mrs. J. M. White of Midland led W. M. U. discussions.

A pageant, "Christ's Word of Prayer" will be presented by the choir of the First Baptist and East Fourth churches this evening.

Air Activity Stepped Up On Russian Front

Reds Sweeping Forward In Face Of Counterattacks

MOSCOW, Feb. 25. (AP)—Soviet troops are sweeping ahead along the entire front in the face of increasing enemy counterattacks and despite deep snows in Orei and Kurk provinces and thick, sticky mud in the Ukraine and the northern Caucasus, field dispatches said today.

The weather had lifted sufficiently, however, to permit the aviation of both sides to increase activity in the southern districts. It was clear enough to allow accurate bombing and numerous aerial dogfights developed.

The German air force was reported throwing its planes into the support of tank and infantry counterattacks west of Hostov, actions which the Russians said they were repelling with heavy loss to the enemy.

(The Berlin radio declared today that available reports indicated 58 Russian planes were shot down in air duels Wednesday and that six aircraft guns brought down three more. Four German planes failed to return from their missions, the broadcast reported.)

The most spectacular land fighting was reported in the area west of Kharokv where the offensive is aimed in a wide sweep bearing on the entire industrial Donstep river valley, with Poltava and Konepov as the gateway and Kiev, Kremenchuk, Dniepropetrovsk and Zaporozhe as the ultimate goals.

In the last 24 hours two large towns were taken in that sector, the Russians announced, as the Red army smashed through enemy screening forces. The towns were not identified.

Soldiers Not Sent Into Cotton Fields
WASHINGTON, Feb. 25 (AP)—Secretary of War Stimson said today postponement of army plans for soldiers to pick cotton in Arizona resulted from indications that "what appeared to be an emergency" may not be a sufficient emergency.

"Further investigation," he told a press conference, "has tended to show that it may not be necessary to call on the army to help in harvesting the long staple cotton in Arizona."

Conferences are still in progress on the situation, he said, and he expects the matter to be settled "very soon."

Jury Selected To Try Ursula Parrott
MIAMI, Fla., Feb. 25 (AP)—An all-male jury was selected within half an hour today to try Novellet Ursula Parrott on charges growing out of her flight with a soldier friend from an army stockade at Miami Beach.

Wearing a print dress, Mrs. Parrott sat calmly at a table in federal court during the seating of the jury and the brief opening statements of opposing attorneys.

No Change Yet In Gandhi's Condition
BOMBAY, Feb. 25 (AP)—An official bulletin said today that there was no change in the condition of Mohandas K. Gandhi, now in the 16th day of his 21-day fast.

"Mr. Gandhi has made no further progress. There is no appreciable change in his condition."

Early Action Indicated For Canadian Forces
LONDON, Feb. 25 (AP)—War Minister Sir James Grigg told the house of commons today he trusted that impatient Canadian soldiers here "will not have to wait much longer" for a mass attack against the enemy.

His comment came as he introduced a new army appropriation bill.

He said that he noted that the Canadians had been irked by the delay in "engaging themselves in bulk against the enemy."

"We trust that they will not have to wait much longer and, when their chance does come, we know that they will acquire themselves doughtily and that the mother country as well as the cause of civilization generally will have abundant reason to be grateful to them," he said.

These remarks were preceded by a forecast that new fields of endeavor would open for British parachute troops, who participated on a large scale in the North African operations.

Grigg also declared the British were ready to apply to "other possible theaters of operations" the lessons of close army air support and cooperation learned in the Middle East—a cooperation which he described as the most successful of the war.

Grigg's hints of forthcoming new ventures for allied arms coincided with fresh manifestations of impatience at the delay in opening a second front in Europe, highlighted by a demand of Lord Beaverbrook in the House of Lords for attacks upon the continent now from both Britain and Africa.

Grigg disclosed that the invasion of French North Africa—launched jointly from Britain and the United States, required the movement in three weeks of 185,000 men, 20,000 vehicles and 220,000 tons of supplies from British camps to embarkation ports.

It took 440 special troop trains, 680 special freight trains and 15,000 freight cars to do the job, he said.

Rommel Again Is Leaving Italians As A Rearguard

ALLIED HEADQUARTERS IN NORTH AFRICA, Feb. 25. (AP)—Gen. Sir Harold Alexander, British commander of allied ground forces, today swung his American, French and British troops into a fierce counteroffensive in central Tunisia where they were shaking loose the last grip of Marshal Erwin Rommel's crippled columns on strategic Kasserine Pass and renaming two other strong points at Sbeitla and Ousseitla to the northeast.

Combining a three-pronged attack in the north with armored car advances by the British Eighth army into the outpost area of the Mareth line in the south, Alexander had the enemy in trouble on two fronts.

As British and American troops swarmed into the Kasserine Pass near the Algerian border for mopping up operations, their assault deep into the enemy's rear, blasting airmodes, railways, and strafing troops, vehicles and gunposts.

As Rommel retreated he again was leaving Italian infantry behind a rearguard, as he did in Egypt, and hundreds of crack Italian infantry and mountain troops were taken prisoner.

Unable to bring up sufficient reinforcements because of a bristling barrage of bombs and machine-gun fire from the air, the axis chieftain appeared unable to hold the vital Kasserine Pass, 130 miles southwest of Tunis, which he had used to strike northward at the allied communication system.

At last reports there was fighting in the pass itself.
No axis troops are left on the west side of the pass, a competent source said, and he added that overnight an axis salient approximately eight miles long had been wiped out.

French troops, rallying from the mountains on the west side of the Ousseitla valley, about 70 miles northeast of Kasserine, cleaned up one axis pocket after another that had been left by an axis thrust a few days ago, perhaps presaging another determined allied drive in that sector.

Today's allied headquarters communique said a number of Italians, left as rearguards to protect the German withdrawal, were taken prisoners.

Meanwhile, the communique for the first time included mention of ground activity by Gen. Sir Bernard L. Montgomery's Eighth army in the southern sector, and said his armored cars were engaged in active patrol east of the Mareth line.

There was no indication that this activity on the edge of Rommel's southern defense system meant the Eighth army was launching a major attack, but its operations were sufficiently costly and worrisome to the enemy to force him to divide his strength with the northern front.

American twin-motored Marauders with Spitfire escort in the biggest air raid of the day yesterday scorched El Alouina airdrome at Tunis, an enemy fighter base and a southern terminal for the air ferry route from Sicily and Italy.

Other allied planes strafed troops and gun positions near the enemy base of Kalraon, smashed with full bomb loads at roads in the Kasserine, Fertana and Gafsa areas, and attacked the railroad bridge and transport in the vicinity of Faid.

Americans shot down at least eight enemy planes, it was reported, while the allies lost six aircraft.

French bombers also were in action for the first time in this theater.

Registration Starts Off At A Slow Pace
Business was slack at the school houses Thursday as the first day of registration for the War Ration Book Two got underway in the city. Registrars hopefully expressed the thought that residents would not wait until the last day to swear the books.

The majority of applicants for the second War Ration book had few excess goods to declare but those who did stood by manfully while their excess stamps were torn from the books. The highest number in excess of the five cans per person up to noon Thursday was one applicant who with four in the family allowing 20 cans, declared 56 cans in excess.

Another reported was an applicant with two in the family allowing them ten cans, who listed 53 cans in excess.
By and large, registrars reported people were in the swing of rationing and had no complaints to offer. Only one man was reported grumbling and that was not about rationing, but about having to go through another registration.

The teachers, working in pairs, and having sat through mass instructional sessions, were easily handling the registering and the "affording" of the stamps and could well have taken care of others who had not yet shown up.

Registering in the county schools will not get underway until Friday when the process will be handled there only during the two days. City residents will have today, Friday and Saturday for their registration. Hours in both city and county schools are from 9 a. m. to 9 p. m.

Registrars following directions of removing coffee stamps of youths 13 years or under, found to their surprise that quite a few of the applicants had never used their allotted sugar and coffee stamps from their Ration Book. One indicating that the pounds of the two products allotted are more than enough for some families.

Mrs. Echols Dies At Home
Unexpected death came early Thursday to Mrs. Ida Lee Echols, 74-year-old pioneer resident, of Big Spring, at the residence, 704 Abrams street. Mrs. Echols became ill about 4 a. m. and summoned her son, H. E. Echols. She succumbed before a physician could arrive.

Mrs. Echols had resided here for about 40 years.
Although funeral arrangements had not been completed, burial will be made in a local cemetery beside the grave of her husband, Wm. H. Echols, who succumbed five years ago. Eberly Funeral home is in charge.

Survivors are six sons: E. S. and J. E. Echols of Big Spring; W. M. Echols, Midland; S. B. Echols, Ackerly; V. V. Echols, Galveston; and Joe E. Echols of the Garden City route; three daughters, Mrs. Lois Mae Harris, Big Spring; Mrs. J. B. Gullory, and Mrs. J. E. Davis of Los Angeles; and 27 grandchildren and 15 great-grandchildren.

CAP TO MEET
Regular meeting of the Civil Air Patrol will be held in the high school at 8 p. m. today, and members were instructed to attend. Regular course of study as contained in directives from the CAP set up will be followed, said Squadron Commander P. W. Malone.

Meet The Bombardiers— New York Is Home State Of Many In Newest Class

A new class of bombardier cadets has arrived at the Big Spring school—young men who have settled down to the business of intensive training in the art of blasting the axis. New York furnishes a large group of the men, in fact is the first state in point of numbers:

NEW YORK
Nathan J. Noto, Jr., Onida, N. Y., was a silverware buffer in civilian life. At high school he was a letter man in football, manager of the baseball team and an intramural basketball player. His favorite sports are hunting and pistol target shooting, two hobbies that will help in his soon-to-be profession of hunting Jap and German targets. Kenneth Simon, New York City, studied at New York university, was manager of the college football team, was interested in writing and dramatics. He left school to join the cadets. William J. Flantz, Hornell, studied at Oklahoma university, played football and was a member of the track team at Blair Academy where he prepped. School vacations he worked as an oil field man. Alexander Orris, Brooklyn, studied at City college where football, basketball, baseball and tennis were his favorite sports. An accountant before entering the army, he is one of two brothers in the army.

David W. Rome, Dobbs Ferry, N. Y., graduated from Columbia university, was a laboratory at Columbia U. before entering the cadets. A brother is in the navy. Irving Newman, New York City, has a brother, Leonard, who is an aviation cadet. Before entering the army, he was a football and baseball letter man at Evander Childs high in the Bronx. His civilian job was that of a salesman. Joseph A. O'Neill, New Brighton, Staten Island, studied at Brooklyn college, was a tool man at an eastern defense plant. A brother is a cadet in the Naval Air Force. James E. Stolz, Hicksville, Long Island, studied at St. Francis college, was a sales clerk at his father's store. A brother is an U. S. army chaplain, a captain in that force.

Harry R. Hawn, Buffalo, worked at a rubber plant, a banbury mixer for the production line. Baseball and basketball are his favorite sports, baseball his sport in high school where he twice was a member of the varsity. John W. Slevin, New York City, was an office administrative man for a famous gasoline and oil corporation. Bowling is his favorite sport. Theodore Roosevelt high school his place of education.

Steve V. Semenko, Jamaica, studied at the State School of Agriculture, later farmed for himself. His ambition he states, is to wear the insignia of a colonel. His hobbies are hunting, fishing and photography. James E. Shaw, New York, was the manager of a grocery chain in New York. A brother is in pilot training with the navy. He graduated from DeWitt Clinton high school. Arnold E. Frantz, Colden, N. Y., won basketball, football and baseball letters at Griffith Institute, was a plant employee for a large factory. Angelo F. Malerba, Brooklyn, was a factory worker when he decided to get into the fight. Two brothers also serve in the army.

Joseph H. Quencas, Bronx, studied at Brooklyn college, was a sales clerk before entering the army. Swimming and basketball were his favorite sports, he won high school letters in both. John B. O'Bryan, Troy, N. Y., was a baseball, basketball and bowling enthusiast. One of his brothers is in the army, another in the navy. He was a defense plant worker before entering the army. Bruce S. Wright, Jr., Williamsville, studied

The War Today— Hitler, In Desperation, May Make New, Bold Moves Soon

By GLENN BABB
A period of ever deeper horror and suffering is promised Europe by Adolf Hitler. In his proclamation yesterday to his Nazi guard he put into words the threat the world knew was impending, an outline of the tragic times through which his own people and their neighbors must pass before his Baltic career is ended.

It was the declaration of a desperate, cornered man, a deadly dangerous man. That is its first meaning for the powers leagued for his destruction. They must be on guard for something supremely bold, audacious, unscrupulous, something like Rommel's recent lightning stroke in Tunisia magnified ten or fifty fold in scope and significance. Hitler gave expression to his determination that if he must fall he will carry with him as great a part of humanity as he can.

He chooses to call what he proposes to put into effect "the mobilization of the spiritual and material values of Europe such as our continent has not seen in its history of several thousand years." But his satellites, the peoples he has conquered, even the neutrals will know what a regime of compulsory labor, Gestapo rule, firing squads, forced military service this portends.

In his present plight, beset by the Russians on the east, watching the growing strength of the Allies in North Africa, seeking desperately for an opening for a blow that will better his chances of survival, Hitler must be eyeing

that Prime Minister Churchill disclosed had been landed in northwest Africa are engaged in Tunisia.

Kerch Strait, separating the Crimea from the northern Caucasus, is 25 miles long and about eight miles wide.

The first island on the Solomon group to be visited by white men was Santa Isabel, discovered by a Spanish explorer in 1568.

Slight Reduction In Sugar Ration

WASHINGTON, Feb. 25 (AP)—A slight reduction in the next sugar ration will entitle each person to five pounds for the 12-week period beginning March 15. This compares with the former basic ration of one-half pound per person per week. Stamp No. 11, good for three pounds, becomes invalid March 15. In establishing the 5-pound ration for stamp No. 12, OPA said the larger package would save manpower and require less handling.

Japanese residents of Brazil total about 180,000.

Congressman Would Put A Halt To The Use Of 'Decoy' Guns By Army

WASHINGTON, Feb. 25 (AP) — An astounded congress, which has appropriated billions for artillery that speaks with authority, waited with mixed emotions today while one of its members composed a bill or something to outlaw the use of wooden guns and dummy soldiers for its own protection.

Representative Cooley, North Carolina democrat, who ascended to the roof of the house office building and discovered that the anti-aircraft "guns" there was made of wood and manned by rag doll soldiers in dungarees, was determined to do something about it.

Mexicans 'No Sabe' The Freezing Of Their Frijoles

LOS ANGELES, Feb. 25 (AP) — There will be no beans in the "al-most perfect state," said the late author Don Marquis, but don't try to sell that view of Utopia to this city's 400,000 Mexican-Americans.

The OPA, Tony Zaro tells his customers, has frozen beans until Monday. Then they'll be rationed.

Peppers are plentiful. But chili without beans? Bad enough without carne (meat), although there are ood, herring and smelt to cook with macaroni.

For those without much money, the Latin-American diet is somewhat restricted. And impending rationing has affected other things in their limited list of staples.

Club Cafe, J&L, Schlitz Bowling Teams Winners

Teams split three series in the Women's Bowling League Wednesday evening, and in two cases those coming out on top actually had less total pins.

Schlitz Beer, with 1,991 pins, won two out of three games from Billy Simons Lanes, which had 2,007 pins; Club Cafe (1,945) and the same margin over Bill Liquor (1,948); and J. & L. (1,912) rolled over C. E. Anthony (1,845) by the same count.

Nora Richards (Bilas) was high with 177, Lois Eason (Simons) next with 176 and Ines McCleskey (Schlitz) third with 175.

Three tied for high series honors at 436. They were Mary Stagg (Club), Olive Caudle (Anthony), and Wanda Griffith (J&L). Winnie Fessenden (J&L) was close with 434 and Lois Eason was next with 432.

High game was scored by Billy Simons at 736 while Bilas was second at 690, and Schlitz third with 683.

Strong Market At Commission Ring

A strong market continued Wednesday at the Big Spring Livestock Commission Co. weekly sale, and while the dollar volume was off from a week ago when the record was tied, the head total held up well.

Records showed 750 head through the ring in a \$34,000 volume.

Bulls continued up to 12.00, a peak reached last week. Fat cows brought 10.00-11.50 while ordinary butcher cows were worth 8.00-10.00 and canners and cutters 5.00-7.00.

Good butcher yearlings went from 11.50-12.50 and ordinary butchers were 10.00-11.50, both classes showing considerable strength.

Stockers steers continued to soar, going up to 16.50 while stocker heifers were up to 15.00. Stocker cows were bid up to \$100.

Oral Arguments Are Set In Cosden Case

WACO, Feb. 25 (AP)—Federal Judge Charles A. Boynton has set for March 10 oral arguments on an indictment charging the Cosden Petroleum Corporation and other defendants with violation of the Connally hot oil act and conspiracy.

R. I. Tollett, president of the corporation, whose principal office is at Big Spring, yesterday pleaded not contendere for the corporation and not guilty for himself.

Two employees, R. W. Thompson, superintendent of production and pipe line, and H. L. Weeks, district production superintendent, pleaded not contendere to the violation charges and not guilty on the conspiracy count of the indictment.

It's easy to get too much of a bad thing, a man found out Wednesday evening. He was bitten by not one dog but by two. Police helped him to check up and found that one dog had been vaccinated against rabies (but not biting) and the other animal was put under observation.

Joe Davidson, son of Mr. and Mrs. J. A. Davidson, is still in Australia, his parents have learned, but he has transferred into the quartermaster corps and is stationed at a supply depot currently.

Mr. and Mrs. Charles Vines are particularly proud of the big build-up the engineers in New Guinea received at the hands of a commentator, quoting a high army officer, the other day. One of their sons, Sgt. Charles Vines, is with the engineers in New Guinea.

Security Benefits Are Not Subject To Income Tax

Many beneficiaries under the old-age and survivors insurance provisions of the Social Security Act have been calling on Social Security Board offices for information concerning insurance payments. The problem in their minds seems to be whether they should include such payments in their income tax returns.

In response to such inquiries from individuals seeking information as to whether or not payments received from the United States Government under the old-age and survivors insurance system of the Social Security Act are subject to income tax, Elliott W. Adams, manager of the Big Spring office of the Social Security Board stated "such funds are not subject to Federal income tax." This statement was based on information which his office has received from the Bureau of Internal Revenue.

According to Adams, exemptions include cash benefits paid, and in the hands of the recipient, such as primary insurance benefits as set forth in the law; wife's insurance payments; and payments made to children, widows, and parents. These exemptions not only include monthly benefits, but lump-sum death benefits as well.

Kate Smith swaps stories with Mrs. Sherwin

—of Shreveport, La.

Now THAT WAR WORK is causing irregular mealtimes in homes from coast to coast, this letter ought to be a real help!

"My husband is the type that thinks he has to have biscuits at every meal," writes Mrs. Jesse A. Sherwin, of Shreveport, La. "So I make up a nice big pan of biscuits in the afternoon and put them in the icebox until he comes in for supper. And, due to Calumet's double-action, I get grand results every time!"

"SO MANY WOMEN tell me that Calumet batters and doughs can wait!" Kate answers. "Of course, it's because Calumet always waits till it hits the oven before acting a second time. So for light, fluffy hot breads you sure can count on Calumet—even when meals are irregular!"

"Here's a wartime meat-stretcher—Hamburger Pie-wheels. When Ted Collins, my manager, saw these, he said, 'Now there's a real he-man dish, Kate, with all the trimmings!'"

HAMBURGER PINWHEELS

3 tablespoons finely chopped onions	1/4 cup fine soft bread crumbs	2 teaspoons Calumet Baking Powder
1 tablespoon fat	1/4 cup milk	1 teaspoon salt
1 teaspoon salt	1/4 pound ground beef	1/4 cup shortening
Dash of pepper	2 cups sifted flour	1/4 cup milk (about)

Sauté onions in fat until soft. Combine onions, salt, pepper, bread crumbs, milk, and meat; mix thoroughly.

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening. Add milk gradually, stirring until soft dough is formed. Turn out on lightly floured board and knead 15 seconds. Roll into 12 x 9-inch rectangle. Spread with meat mixture and roll lengthwise as for jelly roll, wetting edge to seal. Cut in 12 slices; place on greased baking sheet. Bake in hot oven (450° F.) 25 minutes, or until done. Serve hot with cream sauce to which green peas have been added. Makes 6 servings. Three Fighters From Texas Remain In GG Semi-Finals

CHICAGO, Feb. 25 (AP) — The Golden Gloves tournament has been compressed into the semi-finals—32 fighters representing 16 states in 11 states. The field includes two former champions, a national A.A.U. king and a 16-year-old lad who is going along for more than the ride.

The "kid," as everybody calls him, is curly-headed Tony Janiro of Youngstown, O.—one of the youngest swimmers ever to get this far in the big amateur meet. A first round bye followed by two decisions gave the 126-pound youth a berth in the semi-finals March 5, and a string of 24 victories throughout his brief career.

But he will find the featherweight division about the toughest of the eight weight classes. Two of his opponents are Jackie Graves of Minneapolis, 118-pound champion last year, and Art Emerson of Richmond, Ind., who won his way into the semi-finals on two knockouts and a decision.

The other Golden Gloves champion to get through was Welterweight Morris Corona, a defense specialist who in Fort Worth, Tex., and a member of the Fort Worth team. This 1942 lightweight winner surprised Tony Ancona of the Kansas City club in last night's quarter-finals at Chicago stadium. Ancona won the 126-pound title in 1939 and the 135 the following year. He had opened a school, the welterweight crown this year with a 26-second knockout—shortest time in the tournament thus far.

In the biggest upset, Tom Attra of Fort Worth and Austin, defending light-heavyweight champion, was defeated by Chicago's lightning-fisted Negro, Reddy Evans.

Samson Powell of Cleveland, reigning A.A.U. middleweight king, reached the semi-finals on a bye and two decisions to become heavily backed for the 160-pound title.

None of the former champions, however, came through with a knockout or a technical knockout. During the battling, which reduced the list from 200 to 32 competitors, 26 TKOs were registered and 12 knockouts.

Teams from Fort Worth, Minneapolis, Cleveland and Chicago each sent three boys into the semi-finals for the best representation.

Dunham Table Tennis Champ At AAFBS

Sgt. Flynn Dunham of the 816th squadron could lay claim to being title holder in table tennis at the Big Spring Bomber school. During the battling, which reduced the list from 200 to 32 competitors, 26 TKOs were registered and 12 knockouts.

Teams from Fort Worth, Minneapolis, Cleveland and Chicago each sent three boys into the semi-finals for the best representation.

Another Track Credo Shattered By Dixon's Performance In Mile

By DILLON GRAHAM, Ap Features Sports Editor

NEW YORK—Frank Dixon apparently never heard that a Negro couldn't run a fast mile.

That was the belief in track circles, because a Negro never had, until the 20-year-old New York university freshman came along with a 4:10.6 effort for third in the Wanmaker mile, and a winning 4:11.4 race in Boston's Hunter mile.

But with his fine performances

Frank Dixon of N. Y. U. about to hit the tape just ahead of Indiana's Earl Mitchell in the B. A. A.'s Hunter Mile.

Dixon will have to chop a full five seconds off his best time to threaten the time of Sweden's Gunder Haegg, the world record-holder. But Dixon is young and inexperienced and should improve with every race. It would not be a surprise if he authored the fastest mile of the season.

The Negro race has produced standouts in almost every other track event. There were Jesse Owens, Eddie Tolan, Eunice Peacock, Ralph Metcalfe, Barney Ewell and Ben Johnson in the sprints, Owens in the broad jump, Archie Williams in the 400 meters and John Woodruff in 800 meters, Ed Dugger in the hurdles, Connie Johnson, Mel Walker and Dave Albritton in the high jump, Bill Watson in the decathlon and John Bortolan in the 600, 1000, decathlon and pentathlon. But the white boys could always beat the Negro entrants in the mile.

Bortolan and El Culp of Xavier college were perhaps the two best Negro milers in recent years but neither could go to town in the big mile races. Dixon is the best product and a war call may prevent him from ever demonstrating just how good he might become.

Track writers were warned a year ago to watch Dixon—after he had run the fastest scholastic mile on the books, 4:20. Last fall, he proved his ability at distance running by copping the national

AAU and the ICA cross-country championships. Dixon's tutor is Emil Von Eling, the same N.Y.U. coach who drilled Leslie Mac-Mitchell.

Earl Mitchell, the Indiana flash, probably is today's mile favorite. He has more experience than Dixon and a better finishing kick than either Gil Dodds or Dixon Mitchell won the Wanmaker mile and was only two feet behind Dixon in the Hunter, finishing with a 59 second last quarter.

Dodds, so far, is the year's disappointment. Indoor mile and outdoor 1,500 meter winner in 1942, he was expected to be a big winner and perhaps a threat to the mile record but he ran second in the Wanmaker and a poor fourth in the Hunter.

Dutchy Smith Sent To Chicago Post

ATHENS, Ga., Feb. 25.—Lieut. Comdr. Russell T. (Dutchy) Smith, SNR, former assistant coach at Texas Tech and Louisiana State University, has been transferred from the U.S. Navy Pre-Flight School to the Air Technical Training Center at Chicago, Ill., it was announced today.

Commander Smith, one of the first college athletic leaders to enter the naval aviation physical fitness program inaugurated by Commander Tom Hamilton, was in charge of the competitive sports program at the Pre-Flight School. He supervised athletic competition for more than 2,000 cadets.

A native of Sherman, Tex., Commander Smith was a four-sports athlete in high school there and played football and baseball at the Terrill School, Dallas, Tex., before entering Austin College at Sherman. He was graduated from Austin in 1925 after playing varsity end in football and outfielder in baseball.

He spent five years coaching at Sherman High School and Amarillo, Tex., High School before becoming assistant athletic director and football line coach at Texas Tech in 1930, posts he held until 1942 when he joined the grid staff at Louisiana State University.

STILL IN THERE

SALT LAKE CITY, Feb. 25 (AP)—Parks Commissioner Fred Tedesco who was quite an athlete before his graduation from Utah university in 1932, is still able to be up and around, thanks.

He scored 27 points as his parks department basketball team defeated a navy recruiting station quintet 61 to 50.

Bucky Harris Named Pilot Of Phils

PHILADELPHIA, Feb. 25 (AP)—Stanley (Bucky) Harris, newly appointed manager of the Philadelphia Phils, was assured today of a free hand in all managerial duties—except in spring training.

The Phils' new owner, William D. Cox, announced Harris' appointment yesterday and later said he had "asked" the former Washington Senators' mentor to try "my training system"—which he called "the commando type." Harris commented, "I'm willing to give it a try."

The veteran major league's first official act after his appointment was to confer with 61-year-old Hans Lobert, his predecessor, who late yesterday accepted a coaching job with the Cincinnati Reds.

Harris also officially retained Chuck Klein as player-coach.

Cox meanwhile told reporters that his training system will combine running and calisthenics.

"The baseball trainer today usually means in the accepted sense a slap-stay guy or a rubber," said the 31-year-old former N. Y. U. trackman. "My plans call for a commando-type training that will bring the team up to the first game so tough they can run the bases without drawing a hard breath."

He did not reveal the terms of his contract with Harris, a free agent since he resigned as Washington manager last September 26. Harris, now 46, was called the wonder manager when at 27, he guided the Senators to the world championship in 1924.

Brumbelow Put In Charge Of Navy Athletics

ATHENS, Ga., Feb. 25.—Lieut. Mike Brumbelow, U. S. N. R., former Texas Christian University football line coach, today was placed in charge of the compulsory nine-sport competition program for the 2,400 cadets at the U. S. Navy Pre-Flight school here.

Brumbelow, whose elevation to his new post from that of head football instructor was announced by Lieut. Comdr. Madison (Matty) Bell, athletic director, succeeds Lieut. Comdr. Russel T. (Dutchy) Smith, former line coach at Texas Technological College and Louisiana State University. Lieut. Comdr. Smith has been transferred to another military station.

The magnitude of Brumbelow's new duty is best explained by a few figures: a typical week will produce 12 football games, 54 boxing matches, 48 wrestling matches, 24 to 48 basketball games, and a dozen soccer games, while more than 400 cadets are competing in military track events and another 150 in tumbling and gymnastics routines. All cadets receive instructions in nine sports in their three months course here and must compete regularly in at least two of these as a member of a squadron team.

Phelps' Number Is Put In Retirement

SAN DIEGO, Calif., Feb. 25 (AP)—Milton (Milky) Phelps' basketball number—22—has joined Red Grange's 77 and Tom Harmon's 98, of the gridiron, in permanent retirement.

Phelps, twice achieving national fame in his cage career with San Diego State college, was killed in a plane crash at the Corpus Christi, Tex., naval station last November.

Yesterday the college student council voted to retire the number under which Phelps scored 1,043 points—the college record—in four years.

Little Rock Buys Texas League Men

LITTLE ROCK, Ark., Feb. 25 (AP)—Fifteen players from the abandoned Texas league, including the entire 12-man roster of the Oklahoma City team, have been purchased by Little Rock of the Southern Association.

The Little Rock management announced the acquisition of the Oklahoma City squad last night only a few hours after it bought three players from Fort Worth.

The London tube, opened in 1883, was the world's first subway system.

SPORTS ROUNDUP

By HUGH FULLERTON, JR. NEW YORK, Feb. 25 (AP)—Edman Nolly J. Sams of the Charleston (S.C.) Evening Post suggests that minor league baseball clubs that are disbanding for the duration might donate their uniforms to service teams, which need equipment. . . . They could toss in bats, baseballs and other equipment, too, and earn a routing vote of thanks. . . . Even before they officially decided to fold up, Texas league club owners were considering fast semi-pro clubs or a service league to keep their ball parks busy. . . . A good prospect is the Waco army flying school, where Birdie Tebbetts, now at officer candidates' school, Sid Hudson, Buster Mills, Bruce Campbell and Hook Evers are expected to be on hand this summer.

Harris harassed—

The Senators to Phillies movement For Bucky Harris is no improvement.

Both clubs need players and cash and luck

And Bucky still has a big job to buck.

One-minute sports page—

Tickets for the N.C.A.A. and invitation basketball tournaments at the Garden next month already are selling at a \$600-\$700 a day clip. . . . Eddie Walker, Chalky Wright's manager, spends his spare time sending service men the boxing news. He writes regularly to about 100 of them. . . . Joe Gardner, Georgetown graduate manager, reported that Big John Mahken's induction had been postponed until after the basketball season because he is having some dental work done. Local coaches began inspecting their squads like horse traders trying to learn a nag's age. . . . If Dolf Camilli becomes manager of the Dodgers, he can start teaching the boys how to hit homers in Cincinnati. Dolf socked five there last season while no other Dodger hit even one.

Today's guest star—

Flem R. Hall, Fort Worth Star-Telegram: "The tragedy of the Texas league is that it is giving up without making a fight for life. Its sister Southern association is making a brave effort. So are several of the smaller leagues. All of them know they may never finish the season, but they are going ahead with preparation, avoiding all talk of quitting and doing the best they can."

Volley Ball Grows More Popular

WACO, Feb. 25 (AP)—A sport that has been plodding along for years is quietly growing into one of the major features in the physical training setups of the armed forces.

Basketball has its devotees, softball its dyed-in-the-wool fans and touch football is catching on, but the most popular of all the competitive sports is not any of these three standbys, but the either overlooked or looked down on game of volley ball.

Millard Fires 33 Points As 365th Wins

With the boy they called "Miraculous" Millard continuing his sizzling scoring spree, the 365th boys tucked away another triumph—their seventh straight—in league basketball games at the Bomber school Wednesday night.

The 365th hopped the 816th squadron 54-32. Millard scored enough to win the game alone, rolling in 33 points. That brought his total to 67 in the last two games.

Millard's teammate, "Sensation" Savio, was no slouch at hitting the basket, snagging 13 points. The game was the last here, incidentally, for Savio, since he is leaving for study of aerial gunnery.

In another game for the night the 1047th guard squadron was beaten by the 815th, 61-37. It was the seventh straight loss for the guardsmen. The Cadets forfeited their scheduled match with 2022nd ordnance.

Pal Blades Using Big Ad Campaign

Significant of the tremendous success of Pal Hollow Ground Razor Blades in 1942 is the greatly expanded advertising program planned for 1943. Six of the greatest periodicals in the country are carrying the story of the superiority of Pal hollow grinding. They are Life, the Saturday Evening Post, Collier's, Liberty, Time and Esquire, with a combined circulation exceeding 13,000,000. If it is assumed that there are a minimum of four readers per copy (and surveys have shown this is a highly conservative estimate) the circulation of this list will reach the tremendous total of 54,596,780.

Insertions are planned so that at least one Pal advertisement will appear every week of the year.

In addition to this tremendous magazine job, the largest in the Pal company's history, there is no diminution of newspaper advertising. In over 450 cities, where Pal blades are sold from coast to coast, Pal blade ads are appearing in local newspapers once and twice a week throughout the year. It has been estimated that in 1942 alone, the smiling lathered face of "Little Pal," the famous Pal blade trademark, has appeared in more than 32,400 separate issues of newspapers—or, on a circulation basis, he has actually been printed in newspapers over 73,300,000,000 times!

Plane Crashes Before 35,000 At Race Track

SAN MATEO, Calif., Feb. 25 (AP)—A plane overhead was nothing new. Patrons at Bay Meadows race track had seen aircraft in the vicinity many times. They gave their attention to the start of the sixth race yesterday.

The plane spun through a number of gyrations over the track, then suddenly went into a dive. An estimated 35,000 spectators watched the plane crash outside the track enclosure and burn. The sixth race went on without interruption.

Two bodies were recovered from the wreckage of the training plane from the Alameda Naval Air Station. Names of the victims are to be announced after notification of kin.

Birmingham Players To Have Own Garden

BIRMINGHAM, Ala., Feb. 25 (AP)—Paul Florence, president of Birmingham's Southern Association baseball club took steps today to see that his players have plenty of fresh vegetables during the 1943 season.

A one acre victory garden at Rickwood park, was plowed up and marked off into plots for beans, onions, turnips and other vegetables to suit various individual tastes.

Players themselves will be called upon to do most of the cultivating.

"Players are going to have a lot of time on their hands, with gas rationing, and it will do them good to get out and do some digging," Florence said.

Texas Sports Briefs— Four Members Of Famed Athletic Kimbrough Family Now In Service

NACOGDOCHES, Feb. 25 (AP)—Bryan Schley, coach of Nacogdoches high school, has received his commission as a lieutenant, junior grade, in the United States naval reserve, and will report March 15 at Chapel Hill, N. C.

COLLEGE STATION, Feb. 25 (AP)

The Kimbroughs are certainly doing their share toward winning the war.

Four members of this family, several of whom won athletic fame in the Southwest, are now in the service.

Frank Kimbrough, coach at Baylor University, has just been commissioned a lieutenant in the navy. Ernest, the doctor, is a captain in the medical corps and in charge of the surgical ward at the flying field in Enid, Okla.

Jack is a first lieutenant in the infantry and is an instructor at Texas A. and M. College here.

John, the former all-America football star at A. and M., is a lieutenant at Santa Anna air corps training base.

There are two other sons but they have been unable to get into the service. Both are county agricultural agents. . . .

Life And Compositions Of Bach Studied At Music Club Meeting

New Members Introduced At Session

Mrs. Harry Hurt led a study on the life and compositions of Bach at the Wednesday afternoon meeting of the Music Study club when the program met at the Settles hotel.

The program opened with "To Chorales," "Now Let Every Tongue Adore Thee" and "Jesus Joy of Man's Desiring," sung by Mrs. Bernard Lamun, accompanied by Elsie Willis at the piano.

A duet, Bach's "Bourree" from the Third Cello Suite, was played by Mrs. J. P. Kenney and Miss Roberta Gay.

Myra Hess's piano arrangement of "Jesus, Joy of Man's Desiring" was played by Mrs. Herman Williams.

The program was concluded with "Organ Fugue in G Minor" Bach-Samaroff, played by Elsie Willis.

New members who were introduced at the meeting were Mrs. J. E. Hardesty, Mrs. Roy Green and Mrs. G. T. Tall.

The next club meeting will be held March 10 at the Settles hotel. Others present were Mrs. Harry Hurt, Roberta Gay, Mrs. J. P. Kenney, Mrs. J. H. Kirkpatrick, Mrs. Bernard Lamun, Mrs. Larson Lloyd, Mrs. Robert Middleton and Elsie Willis.

Birthday Party Given Here For Jerry Bob Shive

Mrs. Bert Shive honored her son, Jerry Bob, on his third birthday anniversary with a party in the C. E. Shive home Wednesday afternoon.

A birthday cake, topped with three candles, was served with other refreshments, and balloons were favors.

Games were played and gifts presented to the honored guests. Those present were Tommy Pickle, Rick Rix, James Howard Stevens, Mrs. Howard Stevens, Joyce Edwards, Tony Lynn Thomas, Mrs. George Thomas, Kathleen Thomas, Mrs. Jake Bishop, Mrs. W. C. Bird, Mrs. Arthur Golob, Mrs. Zack Mullins and Mrs. C. E. Shive.

Sending gifts were Jacqueline Smith, Mrs. C. W. Shekane of Shreveport, La., Mrs. Frank Searcy and Mary Louise of Ponca City, Okla., Mrs. C. W. Ricks of Brady and Mrs. Joyce Taylor of Houston.

Child Study Club Entertained In The Currie Home

Mrs. R. W. Currie entertained the Child Study club in her home Wednesday afternoon and Mrs. W. P. Cecil talked on "Childhood as Usual During the War."

Mrs. Hack Wright discussed "Vitamin C" and it was announced that the group would work at the Red Cross surgical dressing room at next club meeting.

Those present were Mrs. Cecil McDonald, Mrs. Hack Wright, Mrs. Jack Smith, Mrs. J. E. Brigham, Mrs. John Collins, Mrs. Bill Wright and Mrs. Harold Bottomley.

Pink Your Doilies

If you have pinkish shears and some odd bits of flower-sprigged lawns or volles, you can make a cocktail party charming by pinking squares for plate doilies and matching napkins. Such gaiety is inexpensive, and after a few washings, squares can be repinked. Use the same technique for dressing table squares.

Make It LAST!

Your Electric Iron
By GLADYS DEGENER
AP Features Writer

Your electric iron is another item that has to last. They're not making 'em any more. The materials are being used to iron out wrinkles on the battlefronts all over the world.

Let's check up to see if you're taking good care of yours. With proper care and use, it should serve you for a long time to come. Do you keep it perfectly clean? You can do this easily by simply wiping it off with a damp cloth—when it's cool. If necessary, remove a starch that might have stuck to the sole of your iron with soap-suds, or a mild abrasive. Then wipe it with a clean damp cloth. Never immerse your iron in water.

How about the cord? If it is detachable, roll the cord up loosely and hang it over a hook. Avoid sharp kinks in the cord. They may break the wires. Always disconnect the cord at the wall outlet first. Take hold of the plug, not the cord, when you remove it. If your iron has a permanently attached cord, cool the iron before you coil the cord around the handle.

Where do you store your iron? Choose a convenient spot so there's no chance of a fall when you take it down. Dropping is more harmful to an iron than any other hazard. Be sure it's cool before you put your iron away.

What about scratches? They can be avoided by not ironing over buttons, hooks zippers and such. Last, but not least, always disconnect your iron when you leave it. Stand it up, or put it on its stand even when you answer the phone. You may talk longer than you expect, in which case the iron may overheat.

Homemade Bread Slicer Invented By Boy And His Neighborhood Pal

By BILL POWELL
AP Features

PADUCAH, Ky.—The contraption pictured here is the 26-cent answer to a \$64 question which has been confronting housekeepers, especially new ones, since the war-bread order was established.

The slicer was constructed from a sketch by Edwin J. Paxton, Sr., Paducah Sun-Democrat editor and publisher. The original contraption was figured out and built by Mr. and Mrs. Paxton's young son, Frank, and a neighborhood pal as a contribution to the home front.

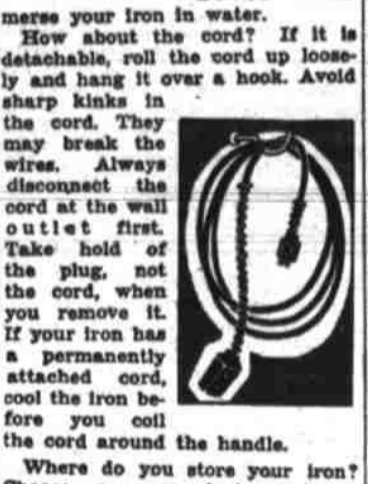

The slicer pictured here is made of cypress.

It is about 14 inches long to accommodate an average length loaf of bread. The base to which the sides are nailed is made of pieces of wood two inches square. The bottom is a board one-half inch thick and five inches wide.

The sides, where sawing skill comes in handy, are constructed of boards eight inches wide and one-half inch thick, sawed with the grain to safeguard against easy breakage.

Slices which guide the bread or ordinary butcher knife are a half inch apart. They can be cut to correspond with the thickness the household owning a device likes its slices.

The half-inch slices, although slightly thicker than those ordinarily provided by automatic cutters, seem favored.

P.D.C. CLUB TO HAVE PARTY FRIDAY NIGHT

Carol Conley entertained the P. D. C. club in her parent's home Wednesday and the group voted to have a party in Mary Nell Cook's home Friday evening.

Refreshments were served and those present were Bobby Jo Dunlap, Betty Alice Nobles, Anna Walters, Mary Nell Cook, Melba Dean Anderson, Joyce Jones, Betty Lou McGinnis, Ann Blankenship, Jean Ellen Chowps and the hostess.

Airplanes have been built that can climb above 50,000 feet and travel more than 7 miles a minute.

A pair of modishly slashed breeches for the 18th century gentleman might require 100 yards of material.

Dance To Be Given At High School

A school dance sponsored by the Junior class at Big Spring high school will be held in the gym Thursday night at 8 o'clock.

The affair will be girls and boys stag and girls and boys tag. Price will be 25 cents for couple or stag. The money is to be used in entertaining the seniors.

A nickelodeon will furnish the music for the first of a series of student nights planned.

Notes
MARY WHALEY

The old timers used to get a kick out of telling the small fry of the good old days when times were tough and money didn't grow on trees and of the hardships they went through that youngsters don't have now. You remember their stories, and they did seem sort of exaggerated.

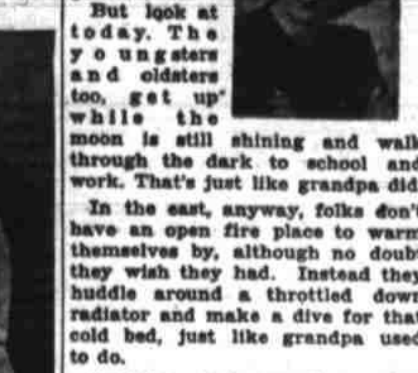

But look at today. The youngsters and oldsters too, get up while the moon is still shining and walk through the dark to school and work. That's just like grandpa did.

In the east, anyway, folks don't have an open fire place to warm themselves by, although no doubt they wish they had. Instead they huddle around a throttled down radiator and make a dive for that cold bed, just like grandpa used to do.

Grandpa and grandma wore hand me downs, they'll always tell you, and looks like the day of the hand me downs is back for the duration. Three pairs of shoes a year doesn't leave room for extravagance in footwear.

The old folks pointed out that an orange was a luxury and nobody ever heard of fruit juices. Youngsters will soon wonder what a home made chocolate cake with thick icing would taste like again and point rationing will take the orange juice off the breakfast table.

The good old days that used to come in for eulogies by the old folks are going to be everyday stuff now for everybody. Wonder if grandpa will mutter his share of grumbling or if he'll be glad his good old days are back again.

Mrs. W. N. Thurston entertained members of the De Luxe club with a bridge party in their home Wednesday evening.

Mr. and Mrs. Ike McGann won high in bridge, and W. N. Thurston and Mrs. J. C. Velvin binged.

Refreshments were served and those present were Mr. and Mrs. Thurston, Mr. and Mrs. McGann, Mrs. J. C. Velvin, Mr. and Mrs. Otis Grafs, Mr. and Mrs. M. E. Allen, Mr. and Mrs. Alvin Thigpen and Mrs. Paul Durot.

Party Given By Mrs. Satterfield, Tommie McCrary

Mrs. T. C. Satterfield and Tommie McCrary entertained with a surprise Mexican supper Wednesday evening in the L. L. Freeman home honoring two brideelects Martha Ehlmann and Mary Elizabeth Glass. Miss Ehlmann is the bride-elect of Lieut. John Eul, and Miss Glass will be married Easter Sunday to Lieut. Lawrence R. Ross IV.

The chosen motif was carried out in table and room decorations, and the dining table, covered with a linen cloth, was centered with glancing yellow and green tapers in pottery holders on an oval reflector.

Favors were miniature knives, forks and spoons in fiesta colors and tied with a white ribbon. The surprise announcement was made to the honored guests on a kitchen notebook.

Those attending the affair were Wanda McQuain, Margie Hudson, Patty Toome, Myrtle Jones, Sara Rely, Kathleen Underwood, Helen Duley, the honored guests and the hostesses.

Pre-Nuptial Parties Given In Colorado

COLORADO CITY, Feb. 25.—Two pre-nuptial parties honoring Shirley Kiker, bride-elect of Lieutenant LeRoy Brown, Jr. of Fort Bliss, were given in Colorado City homes this week.

Mrs. Joe Gunning and Mrs. Jack Alexander entertained with a morning coffee and kitchen shower at the home of Mrs. Gunning.

Guests were Mrs. LeRoy Brown, Sr., San Antonio, Mrs. N. H. White, Jr., Mrs. Ivan Barber, Mrs. Ross Glover, Mrs. Ewing Lee, Ruth Elliott, Mrs. Quinton Hamrick, and Nancy Price.

Wednesday evening in the home of Miss Price, four hostesses entertained eighty-five guests at a gift reception for the bride-to-be. Hostesses were Mrs. L. B. Elliott, Mrs. Esther Grubbs, Mrs. Thomas Pendleton, and Miss Price.

Receiving with the honoree were her mother, Mrs. A. D. Kiker, her sisters, Mrs. White and Mrs. Barber, Mrs. Doyle Kiker, and Mrs. Brown.

A blue and pink party theme was carried out in flower decorations, table appointments and refreshments. Spring flowers, arranged with ivy, and japonica were used in the living room. The lace-laid dining table held pink tapers in a blue blown glass bowl, flanked by pink tapers in matching blue holders. Mrs. Elliott poured tea.

At the registry table Elma Womack was in charge of the bride's book. Nina Laura Smith gave a program of piano numbers during the evening. Others in the house-party were Mrs. Lee, Mrs. Hambrick, Mrs. Glover, Miss Elliott.

Rebecca Smoot, Mrs. Alexander, Aileen Bodine, and Aileen Reese.

The wedding of Miss Kiker and Lieut. Brown will take place Saturday evening in the First Methodist church.

Mrs. Shine Phillips returned Wednesday from a visit in Houston, Dallas, Fort Worth and Abilene.

Mexican Supper Given In Freeman Home For Two Bride-Elects

Party Given By Mrs. Satterfield, Tommie McCrary

Mrs. T. C. Satterfield and Tommie McCrary entertained with a surprise Mexican supper Wednesday evening in the L. L. Freeman home honoring two brideelects Martha Ehlmann and Mary Elizabeth Glass. Miss Ehlmann is the bride-elect of Lieut. John Eul, and Miss Glass will be married Easter Sunday to Lieut. Lawrence R. Ross IV.

The chosen motif was carried out in table and room decorations, and the dining table, covered with a linen cloth, was centered with glancing yellow and green tapers in pottery holders on an oval reflector.

Favors were miniature knives, forks and spoons in fiesta colors and tied with a white ribbon. The surprise announcement was made to the honored guests on a kitchen notebook.

Those attending the affair were Wanda McQuain, Margie Hudson, Patty Toome, Myrtle Jones, Sara Rely, Kathleen Underwood, Helen Duley, the honored guests and the hostesses.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "trying its blazes" because your bowels don't move. It calls for Laxative Senna to pull the trigger on those icky bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking for years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative Senna combined with Syrup Pepsin. See how wonderfully the Laxative Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative Senna combined with Syrup Pepsin, as directed on label or on your doctor's advice, and feel world's better. Get genuine Dr. Caldwell's.

He was dead, of course, when they picked him up. Since he was wearing red tights and had red hair, it was a minute or two before anyone noticed the three bullet holes in his corpse: two through the body, and one through the crown of the head.

ing about their home city.
The kids went, for example, to the airport. The plane's compass led them into explanations of magnetic attraction, its route into weather, its motors into mechanics. The kids saw a reason for knowing things, which was exactly what they never had seen before.
The money for the "Z project" ran out after five semesters. But the lowest I.Q. rise was 3 points, the highest 15. The Jelliffes cared very little about that—the children weren't dumb to begin with. They were drifters who saw no need for knowing anything. Now they saw the need, and saw themselves as part of the world. One Z group boy is in officers' training, one decorated part of Fort Riley, Kas., one is outstanding among his race in war industry.
The Karamu project is wholly based on the idea of giving the so-called underprivileged a chance to develop themselves. The boys and girls (and adults)—2,200 of them—devise their own dances, plot their own lithographs or drawings, produce their own plays, design their own jewelry, find what they can do and do it.

Lack Of Oil Advanced As One Cause Of Nazi Setback

WASHINGTON, Feb. 25 (AP)—Belief that Germany's smashing setback in Russia could be attributed to the lack of oil to keep its hard-driving motorized divisions moving was advanced today by Brucke K. Brown, assistant deputy petroleum administrator.
In testimony made public by the house deficiency appropriations sub-committee, Brown was quoted as saying "our information" is that Germany would have "run out a year or two ago" of the reserve supply of oil which she had laid up before the start of the war.
Sharing in the discussion as members of the committee studied the need for approximately \$1,000,000 additional to carry on the petroleum coordinator's work were Robert E. Allen and E. Degolyer, two other assistant deputy administrators.
From Degolyer came the assertion that this nation's supply of oil was "much, much greater" than that of the enemy; that our supply now amounts to approximately "slightly over 4,000,000 barrels a day."
Allen cautioned the committee that the Office of the Petroleum Coordinator now had the war department's estimate of its requirements which "is naturally somewhat vague as to sufficiency, x x x but if they stand for the next two or three years, very grave doubts will arise as to whether this country, from its domestic sources of petroleum production, will be able to meet them."
"We therefore must," he said, "as part of our operations study and survey the alternative of using the petroleum resources of the entire world, wherever they may be, and plan and arrange for these resources to be available in advance to our military services."
Allen told of the fuel-oil situation on the east coast, saying that "in areas around Boston, Connecticut, New York, Philadelphia and Baltimore, there have been times when we had only 24 hours effective supply ahead of us on a given day."
"That breach," he said, "hasn't been closed by any means yet. It will require completion of the present pipe lines and additional pipe lines x x x to give us any degree of surety for next winter. Coupled with that is the necessity for increasing our stocks during the summer to enable us to enter next winter with something like an adequate supply to get us over the first few months."
RED EYE ASSESSED LESS
SAN JOSE, Cal. (UP)—Superior Court Judge John D. Foley rates a black eye much higher than a red eye. Mrs. Antoinette G. Locker sued Angelo Ghiorzo for \$4,150 for a back-hand blow that gave her a black eye. Testimony showing that the eye was merely a black eye, Judge Foley assessed the damage at \$25, saying a black eye might be worth more, but not merely a red one.

Victory Concert At Colorado Nets \$11,000 In Bonds

COLORADO CITY, Feb. 25.—The first victory concert presented by the combined musical organizations of all Colorado City schools was given before a standing-room-only crowd here Monday evening.
The concert resulted in the sale of \$11,230.40 in war bonds and stamps through the campaign staged by school students for a week before the program. No admission was charged for the concert but stamps and bonds were sold in the entrance of the junior high school auditorium before the patriotic musical.
Numbers featured included a group of six selections by the high school band, directed by R. P. Ross; a tableaux and reading, "I Know For I Was There" with parts taken by Bob Moore, James Hart, Betty Brown, and Carolyn Cline; a group of service songs from World War I and the present war by the choral clubs of Hutchinson and junior high schools; and America read by the high school choral readers, and sung by the combined musical organizations.
