Tips on Touring

By Carol Lane -Women's Travel Authority

Book For Budget

Read any good books lately?
If you've just bought a new car,
the answer should be yes, and the
book should be the operator's
manual tucked in the glove com-

It makes good reading because it can save you money. It recommends the oil best for your car and tells how often the front wheel bearings, the transmission and the wipers should be lubricated. It also tells you just how to operate the car and all its auxiliary equip-ment. All this information can mean money in the bank through

preventive maintenance.

And here—from your local
Shell dealer—are some other tips for proper car care that can save

you money: At regular intervals, have the tires rotated. Don't forget the spare. Experts say that this practice will save you at least one new

tire a year. Have filters checked and replaced if necessary. The filter that cleans crankcase oil is important. When clean, it increases efficient engine life. The filters for gasoline and for air entering the carbure-tor also must be replaced when

And finally, how's the condition of your shock absorbers? If you've driven 20,000 miles, it's time to take a look. When worn, they can cause wheel shimmy, broken springs, severe car "chatter," in-creased tire wear or skidding on curves.

For economical, care-free driv-ing, read "the book" - and get advice from the experts.

Wanda Van Dyke and Mrs. Ann McNeil visited Sunday afternoon with Mr. and Mrs. Bennie Van Dyke of the Pleasant Valley community.

1961 FORD FAIRLANE .

Here's how the '61 Ford takes care of itself

Lubricates Itself.—You'll normally go 30,000 miles between chassis lubrications (which cost only about \$4.00 and take about 20 minutes) because ford has replaced conventional grass fittings with a seeled-in lubrication system.

Cleast Its 0 ws 0ii.—You'll go 4,000 miles between oil changes because ford's full-Flow oil filter given you Sitzation through fibres ... trapping more dirt than any other type of fitter made. Adjusts Its 0 ws Brakes.—New Truck Size brakes adjust humanily.

Guards Its Own Muffler—ford mufflers are double-wrapped and aluminized—to last 3 times as long as ordinary mufflers.

Protects Its Own Body.—All vital underbody parts are specially

Millions Suffering Needlessly Can Be Helped By Chiropratic

We shall be glad to discuss your problem of health and to answer any questions you may wish to ask about Chiropractic. We feel certain that when We Explain the common-sense principles upon which this sciense is based, you will understand why it gets results when other methods fail. And when you know WHY Chiropractic can help you - you will want to take alvantage of it . . .

Only Nature Heals ... Chiropractic Proves It

The most any drug can accomplish is to treat the effect of disease. Chiropractic goes directly to the "cause" - removes that cause and clears the way for Nature to do the actual job of healing.

When an acute or chronic condition is due to a misalignment of the spine, or a subluxation, causing an impingement on nerves, the Chiropractor goes to the source of the trouble, corrects it, and gets you started back on the road to health.

Your Chiropractor can save you time and money and free you from pain and suffering.

These People Are Enjoying Renewed Health And Vitality Today Because Of Chiropractic At The Muleshoe Chiropractic Clinic . . .

BACKACHE -

A backache needs the attention of the Chfropractor. Pain in the back is most generally referred to as sciatica, rheumatic neuritis, lumbago, (some even have gone so far as to diagnose it herinated highly inflamed and irritated nerves. Because Chiropractic adjustments remove the cause, they are beneficial in these cases. You need

COLLEGE - BOUND FRESHMEN, NOTICE!

John Lawrence has received the

following communication. The deadline for mailing regis tration forms for February 25 testing date of the American College Testing Program is now past. The next date the test will be given is April 22 with April 1 the dead- MONDAY: line for mailing the registration

I would suggest that all seniors who plan to go to college and have not taken the test, fill out their registration form and mail it immediately, with their three dollar fee, to Mr. Alton B. Lee, State Coordinator, Box 6218; Waco, Texas. This will insure their opportunity of taking the test on April 22, which is the last regularly scheduled test date for this academic year. Please note that the registrat-

ion forms and fees are not mailed to colleges. They are to be sent WEDNESDAY: to Mr. Lee, the state coordinator. If you are short of registration forms or need futher information, contact Mr. Lee.

I am sure you are aware that West Texas State College will require ACT scores for admission beginning Fall, 1961. Nearly 60 THURSDAY: colleges and universities in Texas and more than 500 throughout the United States are utilizing the ACT program to some degree in their admissions program. Do not pen. alize your seniors by not making them aware of this program.
