

Mrs. Roberts Makes Million Dollar Gift

Grant Split Between TWC And McMurry

Endowment Is Incorporated In Foundation

Mrs. Dora Roberts Saturday divided a gift of one million dollars equally between two Methodist colleges—Texas Wesleyan of Fort Worth and McMurry of Abilene.

The two \$500,000 endowment gifts were incorporated in the terms of the Dora Roberts Foundation. The perpetual foundation's income will be derived from valuable oil lands owned by Mrs. Roberts in Howard and Yoakum counties.

A major portion of the oil lands in this county and all of her oil lands in Yoakum county are involved. Endowment of the two institutions will come from the income of the foundation.

Mrs. Roberts said it was her purpose to contribute in a manner calculated to be of the greatest assistance to young people of the southwest through the advancement of Christian education.

After careful consideration, she had chosen McMurry and Texas Wesleyan as the avenues through which this contribution be best made. She expressed the belief that democracy and the social order of this nation must depend for their vigor and survival upon a citizenship Christian in its outlook and standards.

Presidents Law Sone of TWC and Harold G. Cooke of McMurry hailed the gifts as ushering in a new day of growth and progress for the two institutions. Appreciation of the boards of trustees was expressed by Rev. Warren Johnston of the Fort Worth college and S. M. Jay of the Abilene college. Jay said this is a "magnificent gift to the cause of Christian education."

Mrs. Roberts had, on other occasions, been a benefactor to McMurry college, having set up a \$200,000 scholarship fund as well as contributing to the building and operational expenses from time to time, and helping materially with the McMurry building program after the war. She also had had a part in helping many deserving youths through school, college officials said.

The Fort Worth National Bank was named trustee of the foundation. An advisory committee of seven was named, consisting of Mrs. Roberts, her two daughters, Mrs. Dochia Garrett, Fort Worth, and Mrs. Eloise Waters, Houston; Dr. Cooke; Dr. Sone; G. H. Hayward, Big Spring businessman and business manager for Mrs. Roberts; and Robert T. Piner, president of the First National bank in Big Spring.

Mrs. Roberts has been a resident of Howard county for more than three score years. She and her first husband, Andy Griffin, left Brown county in the 1880's soon after their marriage to investigate glowing reports of Howard county. They staked their spread in the southeastern corner, but he did not live long to enjoy it. A horse fell on him during a round-up, and he died a few days later.

One of his friends, John Roberts, helped to break the news to the young widow, and then did what he could to assist her and two small daughters in becoming securely established on their ranch. This neighborliness ripened subsequently into romance, and they were married.

She had disposed of her interest and they set up their home in his Rock House headquarters. When the two girls—Dochia and Mittie—became of school age, they built a house in town. When Mr. Roberts had died, and the girls were out of school, she returned to the ranch.

Although she had a foreman, Mrs. Roberts superintended most of its operation herself. She was such an astute manager that she was in no hurry to lease her land when oil exploration began to warm in 1925 and grew red-hot with the discovery of oil in the Hyer No. 1 Chalk in April 1926.

Ranching was—as it has continued to be—her main interest, and she was probably least excited of anyone when Magnolia brought in a 3,300-barrel well on her place on her 29-section ranch, then the largest in Howard county, on Oct. 24, 1927.

There followed an intense drilling campaign that multiplied her fortunes, for Mrs. Roberts had never sold an acre of royalty. However, this wave of income had little effect on her habits. She did have the ranch house rebuilt and established a home in Big Spring. Otherwise, Mrs. Roberts continued her usual, vigorous schedule of work.

When the two girls—Dochia and Mittie—became of school age, they built a house in town. When Mr. Roberts had died, and the girls were out of school, she returned to the ranch.

Although she had a foreman, Mrs. Roberts superintended most of its operation herself. She was such an astute manager that she was in no hurry to lease her land when oil exploration began to warm in 1925 and grew red-hot

with the discovery of oil in the Hyer No. 1 Chalk in April 1926. Ranching was—as it has continued to be—her main interest, and she was probably least excited of anyone when Magnolia brought in a 3,300-barrel well on her place on her 29-section ranch, then the largest in Howard county, on Oct. 24, 1927.

There followed an intense drilling campaign that multiplied her fortunes, for Mrs. Roberts had never sold an acre of royalty. However, this wave of income had little effect on her habits. She did have the ranch house rebuilt and established a home in Big Spring.

Otherwise, Mrs. Roberts continued her usual, vigorous schedule of work. Two policemen drew their pistols and fired, wounding the assassin. Moutsoyanis then threw a second bomb which failed to explode.

The third grenade wounded himself, killed one of the policemen and wounded the civilian and child. Police said bystanders attempted to lynch the bomb thrower but he was taken away by officers.

"LUNG" SPEEDED TO SAN ANTONIO Big Spring's iron lung was speeding toward San Antonio via truck Saturday night after the National Infantile Paralysis Foundation requested that the apparatus be forwarded there for emergency service.

Assassination Causes Martial Law In Greece

Greek Leaders Claim Red Plot Kills Minister

ATHENS, May 1. (AP)—Greek Minister of Justice Christos Ladas was assassinated today in what the government said was part of a Communist May Day plot to kill three members of the cabinet.

The government has established martial law in Athens. A secretary to Premier Themistokles Sophoulis said a letter had been received recently from a "repentant Communist" saying the party had planned to kill Sophoulis, Ladas, and Minister of Public Order Constantine Rentis.

Sophoulis and Rentis were not attacked today, however. Ladas died 13 hours after a 22-year-old factory worker threw three grenades at him. Police said the assassin, who was seriously injured himself by one of the grenades, had admitted he was a member of the Opla, Communist executive squad, and was under orders to kill Ladas.

The bombs also killed a policeman and wounded another civilian and a child. Sophoulis said the sternest measures would be taken to meet the situation arising from the assassination. The proclamation of martial law was approved by the cabinet, and army and police chiefs.

Plans for the national midnight mass were not changed. Tomorrow is the Greek Easter, which is recognized as the nation's greatest holiday, transcending over Christmas. Offices are closed from Friday through Monday. The king, premier and members of the cabinet will attend the mass to chant "Christ is Risen."

Ladas was attacked a few minutes after he had prayed in church this morning. Police said the assailant, identified as Elestratos Moutsoyanis, threw the first grenade through the rear window of Ladas' car, wounding the minister of justice about the head.

Two policemen drew their pistols and fired, wounding the assassin. Moutsoyanis then threw a second bomb which failed to explode. The third grenade wounded himself, killed one of the policemen and wounded the civilian and child.

Police said bystanders attempted to lynch the bomb thrower but he was taken away by officers. "LUNG" SPEEDED TO SAN ANTONIO Big Spring's iron lung was speeding toward San Antonio via truck Saturday night after the National Infantile Paralysis Foundation requested that the apparatus be forwarded there for emergency service.

Personnel at the city fire station here, where the iron lung is stored when not in use, said it was to be used at the Robert Green City-County hospital in San Antonio where 35 cases of poliomyelitis are under treatment. According to reports reaching here, most of the cases developed in Hidalgo county in the Rio Grande Valley and the patients were transferred to the San Antonio hospital for treatment.

Union Votes Strike Against Sinclair FORT WORTH, May 1. (AP)—The oil workers' International Union (CIO) announced this morning that workers had voted to strike against Sinclair Refining Company. The strike, if called by union officials, would take place after the present contract expires July 1, O. A. Knight, union president, said.

For goods, boosted still further by the European Recovery Program and larger defense measures. Either of these factors could bring on a major break in the line, if an important industry or corporation granted a widely-publicized wage boost. The unions are in there battling, with special emphasis on their members' needs to meet increased living costs.

If it is true that big employers simultaneously have decided to end the wage-price chase which began V-J Day, the key battle may be joined about July 1, when John L. Lewis and the coal operators come to their contract crisis. In the coal industry are two strong foes across the bargaining table, both weakened by a six-week strike just ended. Lewis says the operators' resistance to his pension plan was fanned by other industrialists, fearing similar de-

mands from their own workers. The bargaining will begin May 18, at Lewis' invitation. In a way, it was Lewis who headed off a possible industry-labor pitched battle last summer. Right after the Taft-Hartley Act was approved by Congress June 23, Lewis' chances for getting a good contract from the coal operators looked slim indeed.

But U. S. Steel's President Benjamin F. Fairless and George M. Humphrey, head of the world's biggest commercial coal producer, Pittsburgh Consolidation Coal Co., met Lewis quietly and handed him the best contract he ever had. They needed coal. This year, both Fairless and Humphrey have refused to step into the role of negotiator. Some believe they may have led Lewis to bring on the long, coal-consuming strike over pensions.

MANAGEMENT ECONOMIC TURNING POINT? Signs Indicate Management May Fight Wage Increases WASHINGTON, May 1. (AP)—Has management generally decided to fight labor's demand for a third round of postwar wage increases? There are signs indicating this might be true—that big corporations like U. S. Steel, General Electric and Westinghouse really mean to call a halt to the upward movement of wages.

Forces Of Moslems Invade Palestine

Pincers Thrusts Are Simultaneous

JERUSALEM, May 1. (AP)—Arabs and Jews reported the invasion of Palestine started today in simultaneous pincers thrusts.

Syria and Lebanon were reported striking from the north and an unofficial Cairo source said Egyptian troops crossed the border in the South, to be joined by Saudi Arabian troops. From Damascus AP Correspondent Joseph C. Goodwin telegraphed that Syria apparently threw half her army's strength into the invasion in a lightning move. In Haifa, Jewish sources said armored units attacking across the Syrian frontier struck at two Jewish settlements in upper Galilee.

Tel Aviv headquarters of Haganah, the Jewish militia, said the Syrian-Lebanese invasion in the North began at dawn with tanks, armored cars, mortars and machineguns. Haganah reported a fierce engagement at outposts of three Jewish settlements. The Haifa sources located fighting at Daphne and Dan, northern limit in the Biblical description of the Holy Land.

About 6,000 Syrian army regulars and a few hundred volunteers had been based at Camp Katana, near Damascus. The camp suddenly was emptied. Residents of the area said the troops and guns had "gone to Palestine." The Damascus dispatch said a gasoline shortage, credited with slowing Syrian preparations, appeared to have been relieved with the arrival of some 15,000 gallons in trucks bearing Palestine license plates.

Sources in Cairo who wished to be described as unofficial said the Egyptian Army struck across the Southern Palestine border into the desert at Friday midnight. While the invasion reports were without official confirmation, the feeling was evident in Cairo and other cities that something was in the air. Arab dispatches to Damascus said King Abdullah of Trans-Jordan had ordered the simultaneous invasion of the Holy Land by the armies of the six Arab countries.

Members of the county court said they felt the tax post, left vacant by the death Wednesday of Mr. Wolcott, should be filled promptly, since until a qualified assessor-collector was commissioned. Rosson is to take the oath of office as soon as his bond is perfected and approved. County Judge Walton Morrison said that detail would probably be arranged by Monday.

There are currently two candidates for the tax office, subject to action of the summer's Democratic primaries—R. B. Hood and Bernie Freeman. Delegates from three precincts to the county democratic conventions were chosen in precinct sessions conducted at the court house Saturday afternoon, and one box—No. 3, will go instructed for the administration.

Three persons from Precinct Four, whose meeting was scheduled to be held at the court house, were in attendance but S. P. Jones, precinct chairman, was not present and no action was taken to ward the naming of representatives to the county convention, which takes place at 2 p. m. Tuesday.

G. C. Broughton and B. F. Logan will represent Precinct One at the county conclave. Nine delegates were chosen from Precinct Two. They are Mr. and Mrs. J. T. Anderson, Mr. and Mrs. W. H. Powers, Mrs. T. A. Underhill, Mrs. H. W. McCandless, Mrs. L. N. Brooks, Mrs. J. T. Allen and C. Spears. W. L. McColister, chairman of the precinct convention, said several resolutions passed by the gathering would be presented for approval at the county party. These included one expressing unalterable opposition to either a state or federal sales tax; another condemning legislation which would take away rights of either labor or management; and a third which would call for parity prices to insure farmers a fair price for products and workers fair price for food, and to freeze out "profiteers who have grown fat on human needs."

Named as delegates from Precinct Three were George Mims, J. B. Pickle, Mrs. Albert Smith, F. W. Jarrett, Mrs. Ada Arnold, W. B. Berry, George White, Mrs. Jewell Williams and J. W. Williams. Five of the six resolutions introduced were adopted. These were similar to No. 2 resolutions, but whereas No. 2 delegates go to the No. 3 bloc will be committed to vote for a pro-administration slate to the state convention. Both No. 2 and No. 3 will vote as units.

Most of the early reporting state democratic precinct conventions last night (Saturday) showed uninstructed delegations being sent to next Tuesday's county meetings. Delegates from three precincts to the county democratic conventions were chosen in precinct sessions conducted at the court house Saturday afternoon, and one box—No. 3, will go instructed for the administration.

Three persons from Precinct Four, whose meeting was scheduled to be held at the court house, were in attendance but S. P. Jones, precinct chairman, was not present and no action was taken to ward the naming of representatives to the county convention, which takes place at 2 p. m. Tuesday.

G. C. Broughton and B. F. Logan will represent Precinct One at the county conclave. Nine delegates were chosen from Precinct Two. They are Mr. and Mrs. J. T. Anderson, Mr. and Mrs. W. H. Powers, Mrs. T. A. Underhill, Mrs. H. W. McCandless, Mrs. L. N. Brooks, Mrs. J. T. Allen and C. Spears. W. L. McColister, chairman of the precinct convention, said several resolutions passed by the gathering would be presented for approval at the county party. These included one expressing unalterable opposition to either a state or federal sales tax; another condemning legislation which would take away rights of either labor or management; and a third which would call for parity prices to insure farmers a fair price for products and workers fair price for food, and to freeze out "profiteers who have grown fat on human needs."

Both No. 2 and No. 3 will vote as units.

TOOTS MANSFIELD

EVERETT SHAW

BATTLE OF CHAMPS

Fans Pouring In For Roping Match

Devotees of the rodeo sports already were trekking into town Saturday, and others were expected today from points as distant as 200 miles, to witness what they regard as a real battle of champions. That's the steer roping match to be unreeled in Big Spring this afternoon between Toots Mansfield and Everett Shaw of Stonewall, Okla.

The fast-moving show is to get under way at 2:30 p. m., at the new Sheriff's Posse arena southwest of the airport. The Posse is sponsoring the event as its first major undertaking, and members are looking for a 5,000 crowd. Mansfield and Shaw will contest with ten wild Mexican steers each, with the low-time man in roping, tripping, tying and branding taking a \$5,000 purse.

Added attraction for the afternoon will be a calf roping match with Sonny Edwards of Big Spring and Walton Poage of Rankin as the contestants. Special bleacher seat accommodations have been completed at the arena, and the field was being well sprinkled to hold down the dust. Sheriff's Possemen said Saturday that everything is in readiness for a quality show.

They're having a difficult time in picking a favorite in the Mansfield-Shaw contest. Toots holds the honor of having been either national champion, or runner-up in calf roping every year for the past ten years. Shaw, in turn, has dominated the steer roping field, having held the national title in 1944, '45, and '46. He also has been runner-up in calf roping events for three years. Shaw has hung up a time of 16 seconds in roping a steer, a mark he made in Cheyenne in 1945. Toots whose specialty until fairly recently has been in calf roping, has a record of 10 seconds in that field, but he has done all right with the heavier steers, too. Last year, in a matched contest at Clovis, he averaged 20.5 seconds on five steers, a remarkable time. Shaw has recorded an average of 22.5 on ten head.

Shaw has three time horses—Ponnuts, Tom and Brownie—for use in this afternoon's match; while Toots will be out of the barrier on Joker and Roan. Tornadoes Hit Kansas-Oklahoma VINITA, Okla., May 1. (AP)—Tornadoes struck in both Kansas and Oklahoma tonight, killing several persons and injuring others, the highway patrol said.

Reviewing The Big Spring -Week-

Joe Pickle

Today's piece de resistance in entertainment is the celebrated steer roping match between our own Toots Mansfield and Everett Shaw, Stonewall, Okla. Without a peer in the calf roping field, Toots goes up against a man with almost the same sort of record in steer roping. It ought to be exciting as well as a novel experience for local fans.

There was no extensive activity in precinct conventions Saturday. No. 3, the largest box, goes to the county convention instructed for the administration; No. 2 is uninstructed but possibly with leanings in that direction among its delegates. These two probably will possess sufficient strength to swing the county convention Tuesday.

Republicans held precinct conventions Saturday, too, and their county convention is set for 2 p. m. Tuesday at the Crawford hotel. Grapevine has it that some steam for Taft might be generated for the GOP state party.

Although there were no serious fires, there were several small blazes during the week. The rate is the point of worry, for if you have enough fires, one of them is bound to be a bad one some day.

When the current 27-block paving project is completed, the contractors Brown & Root, pack up for another West Texas job. They may be back however. The difficulty here, however is maintaining interest, for out of sight may be out of mind.

Aside from whatever mineral obtained on relation of minerals to feed lot problems, the U. S. Experiment Farm feeding test should see THE WEEK, Pg. 5, Col. 7

LATEST COMPROMISE UMT Plan Would Draft 18 Year-Olds

WASHINGTON, May 1. (AP)—Only 18 year olds would be subject to the one-year training under the latest version of the compromise plan for universal military training, announced today by Sen. Gurney (R-SD).

At the same time Gurney said the age limits on the two-year temporary draft plan in the Senate bill would be 19 years through 25 instead of 19 1/2 through 25. "We learn there is not enough available manpower between 19 1/2 and 25 to fill expected needs of the two-year draft plan," the Senate Armed Services Committee chairman told a reporter. "Too many of them are veterans, married or exempt as members of the National Guard or other Class A reserve units."

Originally senators wanted to apply the one-year training in the regular forces to youths between 18 and 19 1/2 with two year draft terms on men from 19 1/2 through 25. Both President Truman and Secretary of Defense Forrestal have backed the Senate compromise as a substitute for their original long-range separate UMT program. Gurney said a complete draft of the new manpower bill will be ready for committee action Tuesday morning.

He said the overall totals remain unchanged. These call for one year training of 161,000 of the 18 year olds for one year. Of these the Army would get 110,000, the Navy 30,000, the Marines 6,000 and the Air Forces 15,000. The Senate bill also carries these top manpower limits, which do not include the one-year trainees, for the regular services: Army 790,000; Navy and Marines 352,000 and Air force 453,000. These total 1,795,000.

Crash Kills Rancher DALHART, May 1. (AP)—Azel Clifton, 55, Dalhart rancher, was killed last night in a collision of his pickup truck and a heavy truck 17 miles west of here.

**WEST TEXAS OIL**

**Sterling Final Is Highlight**

By JOHN B. BREWER  
**SAN ANGELO, May 1**—Completion of a Wichita-Albany discovery in southeastern Sterling county was among leading West Texas oil developments last week.  
 Anderson-Fritchard & Vickers No. 1 Miss Marvin Frances Foster in Sterling county established a daily flowing potential of 846 barrels of 26.5 gravity oil and gas-oil ratio of 154-1. The rating was based on an eight-hour flow through a 3-4 inch tubing choke and casing perforations at 4,252-4,306 feet. The Wichita-Albany has been treated with 1,000 gallons of acid. The test is five miles south of Sterling City and is in the C SW SW 12-15, H&TC, General American No. 1 A. F. Byrd, Pennsylvania discovery in southeastern Hale county, pumped 118 barrels of 40.5 gravity oil plus 52 per cent water in 23 hours for completion. It had been acidized with 7,500 gallons through casing perforations at 5,835-95 feet. Humble abandoned the wildcat at 6,756 feet in 1941 feet and General American reworked it. Location is in the C SE NE 17-K-D&SE, General American has staked four outposts, three of them in Floyd county.  
 Seaboard spotted No. 1 E. M. Hinson, slated 12,000-foot wildcat in central Terry county, C NW NW 21-4X-EL&RR, 9 1/2 miles northeast of Brownfield. The test will be on a ranch formerly owned by Dan Auld of San Antonio, who retained most of the minerals.  
 Seaboard was rigging rotary for No. 1 F. O. Maston, proposed 5,500-foot wildcat in Cochran county, 600 feet out of the northwest cor-

**WEEK'S BUSINESS**

**City Building Figures Up By \$120,685**

A total of \$120,685 was added to the city's 1948 building figures during April, which levelled off the aggregate for the first four months at \$6,082,638. April also is the heaviest month on current records for residential construction and repair work, with \$78,790 accounted for by new building, \$15,375 by additions, \$18,700 for moving and \$6,850 for remodeling. During the past week 23 permits were issued for building to cost an estimated \$21,200.

The week produced a substantial increase in volume of real estate transactions, according to warranty deeds filed in the county clerk's office. Twenty-seven instruments were recorded, with transaction figure totalling \$78,802. The year's total for warranty deeds is \$948,938.  
 New passenger automobiles accounted for all but one of the new motor vehicle registrations for the week. The county tax assessor-collector's office issued licenses for 14 cars and one truck.  
**Mrs. Pierson Morgan Is Surprised At Party**  
 Mrs. Pierson Morgan was surprised recently with a birthday party in her home.  
 Attending were Mr. and Mrs. John Cardwell, Mr. and Jack Lamb, Mr. and Mrs. Wally Heidman, Mr. and Mrs. Wes Robertson, Betty Jo, Robert Lee and Davie, and Mr. and Mrs. Odie Griffith and son, Arlen, all of Forsan.

**WEEKLY OIL**

**Vacationers Must Watch Gas Tank**

By MAX B. SKELTON  
**HOUSTON, May 1** (AP)—Vacation motorists this summer will have to watch their gasoline tanks closely.  
 Oil industry spokesmen have repeated earlier warnings there may be temporary and localized shortages with individual service stations at time finding their tanks empty.  
 Predictions of demand and supply all but balance each other but even minor transportation bottlenecks, strikes or changes in government demands could throw the entire picture haywire.  
 Russell E. Singer, executive vice-president of the American Automobile Association, predicts the nation's \$1,545,000 passenger car owners this year will need 7.5 percent more gasoline than in 1947.  
 Eugene Holman, president of Standard Oil Company of New Jersey, estimates the industry can meet an increase not exceeding 8 percent.  
 Singer said American motorists this year will travel 315 billion miles and will want over 21 billion gallons of gasoline. Next year, with gasoline demands 17.6 percent over 1947, it will be 350 billion miles and 22 or 23 billion gallons.  
 An industry survey of 50 representatives cities last week placed the current average sale price of gasoline at 25.78 cents per gallon, including taxes.  
 This is the highest price since 1921 when the average was 26.31 cents.  
 The report carefully pointed out, however, that the average gasoline tax over the nation has increased from two tenths cent per gallon to 6.28 cents since 1921.  
 Continental Oil Company last Wednesday announced a three-tenths of a cent per gallon increase on gasoline, kerosene, tractor fuel, diesel fuel and furnace oils at its bulk stations in Oklahoma, effective Monday.  
 There was no indication other companies would follow the move immediately.  
 Continental attributed the hike to increases in intrastate freight rates.

2,090 (89 wildcats) as compared with 1,903 (73 wildcats) the same period last year.  
 Oklahoma's corporation commission has set a May crude oil production allowable of 410,000 barrels daily, an increase of 5,000 over April but 10,000 below the bureau of mines forecast.  
 Governor Thomas J. Herbert of Ohio has named a state committee to study possibility of recovering oil and liquid fuel from Ohio shale and low grade coal.  
 W. M. Vaughney, Mississippi oil man, predicts at least 25 wildcats will be drilled in that state during the last half of 1948.  
 Two new fields were indicated for Texas last week.  
 In Brazoria County a wildcat drilled four miles northeast of the sandy point field showed 33.6 gravity pipe line oil and no water during a drill stem test at 9095-9116 feet. The operators estimate the well capable of making from 800 to 800 barrels of crude daily.

**4-H Club Council Selects Officers**

Officers for the 4-H club council were elected Saturday morning with Peggy Crow named chairman. Connie Crow was selected as secretary and Billie Jean Walker as reporter.  
 Ten girls over 14 years of age will attend the District 4-H club camp at Fort Stockton June 1, 2 and 3 with the two sponsors and Miss Margaret Christie, Home Demonstration agent. They will return to hold a county club camp on June 7 and 8.  
 Plans were completed for the 4-H Club book review and tea on May 11. Awards will be given to all those girls who entered the 'style show' last summer. These awards will be sterling silver thimbles given by the Business and Professional Women's club. Two girls, Jamie Massengill of Vealmoor and Rose Mary Rice of Centerpoint, will receive birthstone rings on their bedrooms. Miss Rice will also receive the gold star for achievement.  
 Attending were Marilyn Guitler, Joyce Choate, Connie Crow, Billie Jean Walker, Peggy Crow, Mary Louise Rucker, Mrs. O. R. Crow, Mrs. L. J. Davidson, Mrs. Frank Thieme, Mrs. Melvin Choate and Margaret Christie.

**Mrs. A. Barnett Dies In Hospital**

Word was received here Saturday of the death of Mrs. A. A. Barnett, former Big Spring resident, who had been receiving treatment in a San Francisco, Cal., hospital.  
 Mrs. Barnett is survived by three sons, Julian Barnett of Hillsboro, N. M., Alvin Barnett of Fair Acres, N. M., and Brian Barnett of Pittsburg, Cal., and two daughters, Mrs. Cornelia Deliplane, Brentwood, Cal. and Mrs. Wallace Butcher of Stanton.  
 One grand daughter and five grandsons also survive.  
 The body will be shipped here

for funeral rites and burial. Arrangements, which probably will be in charge of Eberley Funeral home, are pending.

**AMAZED AT QUICK ACTION OF MERTOX**

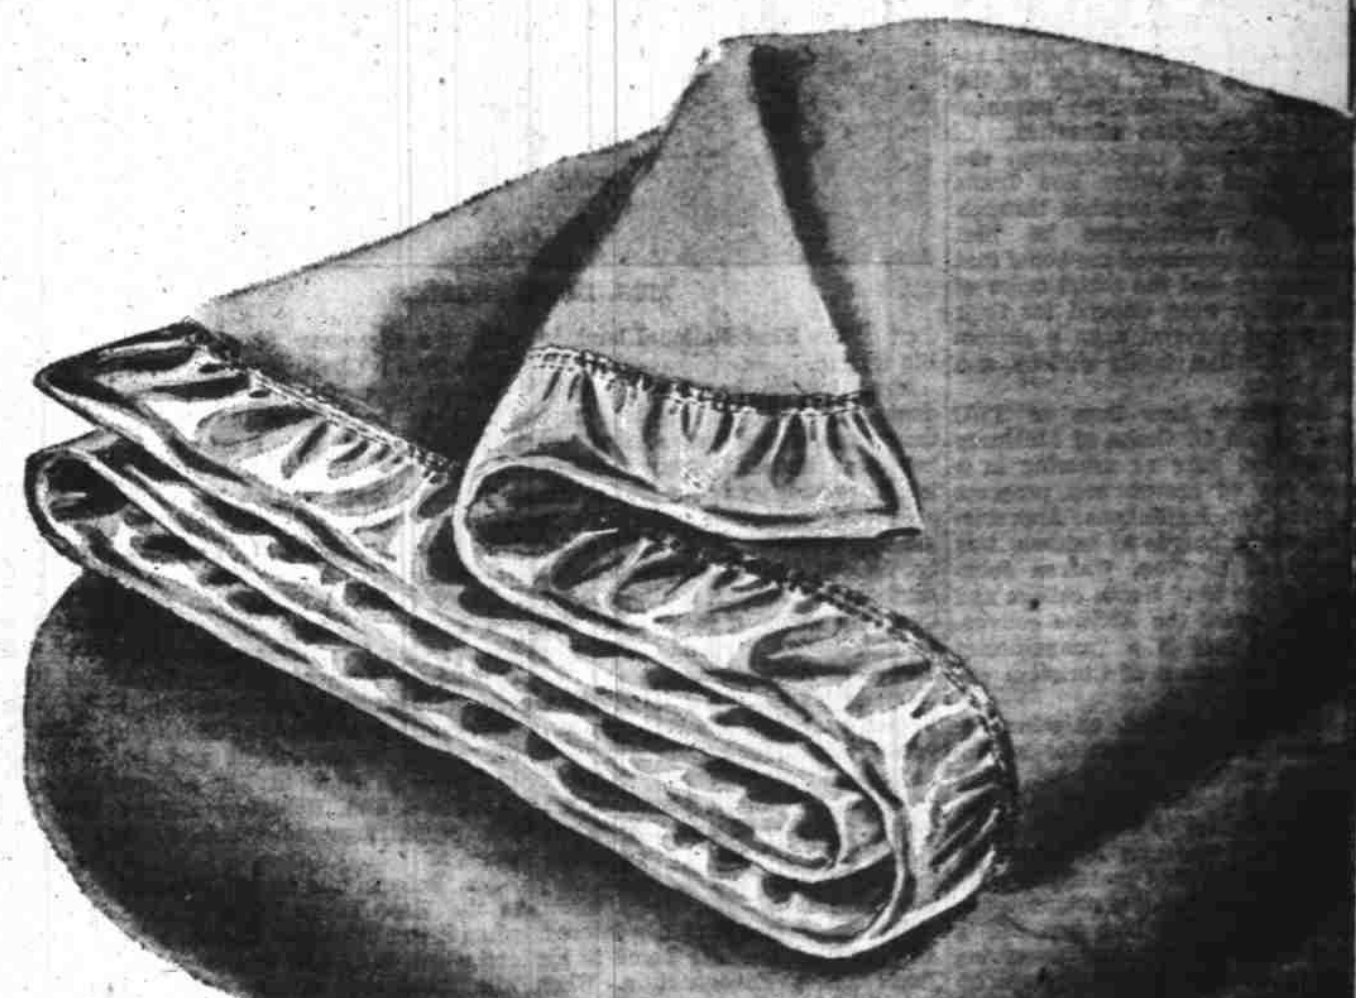

"For the past ten years I have been troubled with severe gas pains which seemed to penetrate my heart and made it difficult to breathe. I had a pain under my heart that was almost unbearable at times," writes Mrs. Alma Cummings of Waco.  
 "My food would not digest and I would lose my appetite. I had had many spells and was now out of things that I couldn't eat before taking MERTOX. I certainly will not stop taking this wonderful medicine. It certainly is wonderful to get up in the morning and do a day's work, without the morning and evening gas pains. You can get MERTOX from any drug store at the new REDUCED price."

115 E. SECOND

Daily gasoline production for the week ending April 24 was reported by American Petroleum Institute as 16,515,000 gallons, 73,000 below the previous week.  
 Crude runs to stills dropped 4,000 barrels daily to 5,517,000.  
 Crude production, however, established its second all-time high within two weeks, reaching 5,415,400 barrels daily as compared with 5,390,650 for the week of April 17 and 4,929,900 a year ago.  
 The supply and demand committee of the Independent Petroleum Association of America last week said demand forecasts show crude oil production over the nation must be increased 150,000 barrels daily by late summer.

**Tidelands:**  
 State Senator George Moffett of Chillicothe says proponents of state ownership of submerged tidelands are talking too much about royalties and not enough about taxation.  
 He says Texas, on the basis of estimates of 10 billion barrels in oil reserves being beneath waters adjacent to the Texas coast, stands to gain more than a billion dollars in Texas.  
 The senator points out that royalty income goes into the state's permanent school fund while three fourths of oil tax receipts are earmarked for the general fund.  
 Meanwhile, Texas Land Commissioner Bascom Giles has announced bids for a mineral lease sale on an additional 160,314 acres of submerged lands will be accepted by the state school land board June 1.  
 In Washington a Senate committee on Tuesday is to begin additional hearings on outright state ownership proposals.

**State notes:**  
 Louisiana drilling permits since the first was issued in 1934 have passed the 25,000 mark.  
 Pipe is being delivered for a line from the Rangely field in Northwestern Colorado, to Salt Lake City. Oilmen predict the line's completion will permit production in the field to jump at least 60 percent above its current 35,700 barrels daily.  
 Texas oil well completions last week totaled 129 to bring the state's producing well total to 107,606. New wells this year total

**U.S. Bond Sales Increase Slightly**  
 Sale of bonds increased slightly during the past week, but not enough to give encouragement in the Security Loan campaign.  
 The total sales amounted to \$5,537,500, about \$2,000 more than the previous week, but only sufficient to bring the aggregate to \$29,112,500. Of this amount, \$21,112,500 has been in E bonds.  
 This left nearly \$300,000 to go on the \$326,000 quota for April and May. Ira Thurman, county bond chairman, urged those with surplus cash to invest now in bonds, and for others who can manage to plan for systematic savings through a bond purchase program.

**Houston Catholics Pray For Russians**

HOUSTON, May 1. (P)— Fifty-two Catholic priests and a bishop prayed in unison here today for return of Christian principles to Russia.

Over 12,000 Houston Catholics participated in the sunrise celebration of Holy Mass to Our Lady of Fatima at the St. Thomas High School stadium.

Large assortment of House Plants at Estah's. (Adv.)

**Home Construction Awards Are Lagging**

AUSTIN, May 1. (P)— Construction awards for home buildings continued to lag behind non-residential contracts this week.

Non-residential lettings totaled \$10,341,968. Residential, including home dwellings, apartments and duplexes, amounted to \$6,520,500 the Texas Contractor, building trade journal, reported.

Engineering awards added \$1,440,443 to bring the total for all contracts to \$18,302,811 compared to \$21,573,191 last week.

**LOCAL OIL**

**Seaboard Rating Tops Play Here**

Seaboard Oil company of Delaware has asked the railroad commission for a discovery allowable on its No. 1 Dora Campbell, completed Friday for 1,162 barrels per day.

The gauge was recorded on a 24-hour flowing test through three-eighths inch choke and through 23 perforations from 7,810-35 feet, and open hole from bottom of the seven-inch string at 7,846 to total depth of 7,877 feet. The zone is 123 feet of Pennsylvanian lime, at least 92 feet of it soft and saturated.

Some sources credited it with being the heaviest producer from the Pennsylvanian series in the Permian basin. Whether the section is the Strawn has not been

confirmed. This is the zone which produces in the Page field of Schleicher county; the Jameson field of northwest Coke produces from the crinoidal reef.

The commission has set June 23 as a hearing for the allowable, and to hear the request for establishment of a maximum rate of production for the Vealmoor pool. No. 1 Campbell is the second well, being located in the SE quarter of section 29-32-3n, T&P, a quarter of a mile north of the discovery Seaboard No. 1-B Caldwell. The operator is moving in for No. 1 W. C. Campbell, one quarter of a mile

north of its second well. Atha (and Rouse) No. 1 M. L. Musgrove, north central Howard wildcat, drilled ahead at about 2,500-feet Saturday, it was rumored, after picking up the Yates reportedly 37 feet high in relation to nearby abandoned tests. Should it pick up the San Andres within the next 300 feet it would be considered definitely high in structure. Location for the test is in section 9-31-1n, T&P.

Cities Service indicated it would stake an 8,500-foot venture near the C SW SE of section 143-97, H&TC near Shallow wells on the western side of the Sharon Ridge pool. D. & H. Oil company has the shallow rights, Cities Service the deep rights.

Sun No. 1 Ellwood, south-central Mitchell county prospector for 8,000 feet, located 17 1/2 miles south of Colorado City and in the southeast quarter of section 26-16, SPRR, was making hole at 6,190 feet in lime and shale, presumably the Pennsylvanian. A core from 6,157-62 returned five feet of hard sand and lime, with some porosity but with no signs of oil.

John Camp No. 1 Wm. B. Currie, northern Glasscock exploration projected for 4,200 feet, was reportedly shut down for orders at 3,500 feet. Some reports had this test structurally high but there was no confirmation. Location was in section 27-33-2n, T&P.

Stanolind No. 1 Mabee, in tract 87, league 258 Briscoe county school lands, northwest Martin county, continued to make hole in the Ellenburger at 13,199 feet. Sun No. 1 Schattel, Scurry deep test in section 186-97, H&TC, was below 3,535 feet.

There continued to be rumors—but nothing more than this—of another wildcat in northern Howard county and possible revival of an abandoned test.

Telegraph Service anywhere from Estah's. (Adv.)

**May Day Causes No More Trouble**

By The Associated Press

May Day celebrations in Europe, America and Asia produced noise and fury but no major explosions. Berlin, Trieste, Prague, Rome and a dozen other of Europe's danger spots observed labor's holiday Saturday in an atmosphere of tenseness. But thoroughly alerted police everywhere prevented serious clashes between Communist and anti-Communist factions of labor organizations.

Chile and Brazil, where authorities feared Communists plotted "another Bogota" uprising on labor's holiday, reported no disturbances but much parading and speechmaking.

Along the 38th parallel in Korea, dividing line between American and Soviet-occupied territory, there was fist-shaking by Korean Communists who shouted across the boundary at American troops and South Koreans: "You'll have trouble soon."

**Cochran Wildcat Is Announced**

Anderson-Prichard Oil corporation No. 1 Dorothy L. Slaughter, et al, is to be a 5,000-foot rotary wildcat in South-Central Cochran county, four and one half miles south of Lehman.

It is now rigging up rotary. The location is 440 feet from south and west lines of the northeast 888.8 acres of league 114, Potter County School lands. It is to test into the San Andres.

Anderson-Prichard No. 1 Ford Hawkins, another wildcat in Central Cochran county, and in tract 17, sub-division 2, of league 131, Carson county school lands, was swabbing to test, after re-treating the open hole at 4,838-4,956 feet, with 2,000 gallons of acid.

The project failed to show much free oil after the initial injection of 2,000 gallons of acid.

## Negroes Denied A Meeting Date

BIRMINGHAM, Ala., May 1. (AP)—The Southern Negro Youth Congress was looking for a place to meet today after an encounter with Birmingham's segregation laws.

The first general session of the conference scheduled for last night was cancelled, and Congress Executive Director Louis E. Burnham blamed Public Safety Commissioner Eugene Connor's "attitude toward the meeting."

Connor has said the congress must respect the city's laws prohibiting Negro and white persons from sitting mixed in an auditorium.

Burnham said last night's cancellation would have no bearing on what the convention might do today to carry on its business.

Senator Glen Taylor (Idaho), vice presidential candidate of Henry Wallace's third party ticket, is scheduled to address a session tonight.

An English statute of 1236 has been interpreted to fix Feb. 28, in the years when February has no extra day, as the proper date to celebrate birthdays of those born Feb. 29.

A TEMPLE BEGINS.—J. R. (Jim) Sales, senior deacon of the First Baptist church in Stanton, digs the first spade of dirt in a groundbreaking service marking the start on construction of a new \$60,000 plant for the church. The service was held a week ago following the morning worship. The new building, a frame and brick-veneer type, will provide for 25 Sunday departmentalized Sunday school rooms and other auxiliary offices, plus a spacious auditorium with balcony. Shown left to right are the Rev. Truett R. Hawkins, pastor, L. H. White, Guy Eiland, Clyde White, Emmett Pittman, L. D. Watson, Albert Louder, Grady Cross (partially obscured by Mr. Sale), Clark Hamilton and B. F. White, chairman of the building committee. Mrs. J. O. Hardin, president of the W.M.S., is between Hamilton and White. Clyde White is BTU director and Pittman is Sunday school superintendent. Not present for the picture are Ben Carpenter, John Pinkston, and J. C. Scott, board of building-committee members. (Jack M. Haynes Photo.)

## TEXAS POLL

### Leading Politicians Better Known Than Top Educators

AUSTIN, May 1.—Give the people of Texas a quiz and you'll find more can identify the leading politicians than the top educators.

Only one out of every four adults can identify the heads of A. & M. College and the University of Texas, according to a statewide quiz by the Texas Poll. By way of contrast, leading politicians are known by one out of every four to nine out of every ten of their fellow Texans.

Better known to the public than Dr. T. S. Painter, president of the University of Texas, and Gibb Gilchrist, president of A. & M. College, are Dr. Homer P. Rainey and Dr. J. Frank Doble, former Texas University staff members who have received considerable publicity for their political as well as educational activities.

In quizzing a scientific cross-section of the adult population, the Texas Poll finds that 60 per cent can identify Rainey; 44 per cent, Doble; 27 per cent, Gilchrist; and 24 per cent, Painter.

Using the same test, the poll finds that 90 per cent can identify Governor Beauford H. Jester and U. S. Senator W. Lee O'Daniel; 84 per cent, former Governor Coke R. Stevenson; 69 per cent, U. S. Senator Tom Connally; 56 per cent, Congressman Sam Rayburn, who is former speaker of the U. S. House of Representatives; 29 per cent, Lieutenant Governor Allen Shivers; and 27 per cent, Attorney General Price Daniel.

How well the public knows these men depends, in each case, upon the publicity they have received and the contacts they have made.

Rayney was highly publicized in 1944 when he was fired as head of the University of Texas and in

1946 when he ran against Jester for governor. Today he is president of Stephens College in Missouri. Doble, author of several books and many articles on southwestern folklore, recently lost his job as professor of English at the University of Texas. In 1946, he campaigned for Rainey for governor.

In identification quizzes, Texas Poll interviewers ask adults of all classes to look over a list of names and pick out the ones they can identify. They ask: "Will you tell me who each one is or what he does?"

Results show that persons in the upper educational levels consistently make better grades on these tests than persons in the lower levels. Here are the correct identification scores for (1) persons with some college education, (2) persons with only some high school education, and (3) persons with grade school training or no formal schooling:

IDENTIFIED:	Col. High School	Grade or No School
Painter	49%	14%
Gilchrist	47%	22%
Rainey	47%	22%
Doble	41%	13%
O'Daniel	93%	83%
Jester	93%	78%
Stevenson	93%	67%
Connally	69%	42%

Rayburn ..... 80  
Shivers ..... 87  
Daniel ..... 48

## Close Check Needed On Oil Promotions

WASHINGTON, MAY 1. (AP)—A nationwide boom in oil promotions has kicked up in the wake of higher crude oil prices, oil shortages and talk of war.

So say the men who should know—the staff of the oil and gas division of the Securities and Exchange Commission.

Their job is to keep track of oil promoters and their securities and the general state of the oil industry. Companies issuing securities in amounts over \$300,000 must report the fact of their promotions to SEC. They are required by law to submit financial statements and they must submit their "literature."

The SEC staff combs over every comma. Its three geological experts compare the reports with maps, sometimes go into the field. The staff's lawyers sniff for evidence of fraud.

In the past four months, say these lawyers there has been a marked increase in "actionable stuff" crossing their desks. Actionable stuff means questionable

oil ventures which may land promoters in jail. The lawyers' work in tracking down questionable promoters "is secret, so they refuse figures and other specific information on the increase of these promotions. Many oil promotions are in no way dishonest. Yet the experts get headaches trying to pin down the facts.

The commission is forbidden by law to pass on the merits of securities. Its main job is to see that all the facts are honestly stated. This is the rub.

As one lawyer says: "We tear our hair out trying to get at the facts because most of the material they file with us always has a semblance of fact running through it. They label their literature carefully. They don't promise a dime's return. And they frankly point out the risk."

"Some of them are pretty good little deals. But most of them are long shots. Generally, the whole field of oil promotions is pretty hazardous."

"What many of them try to do is milk the buyer without running afoul of the law. They really own land and drill wells. But they have to pay themselves a salary. Most of their literature is directed at people with not much money. They will even offer small amounts on the installment plan. They won't hesitate to take as little as \$5 from a schoolteacher.

Bauxite, an important ingredient of aluminum, was originally discovered at Les Beaux, France, from whence it derives its name.

# Bogota Pact Welds Western Hemisphere

BOGOTA, Colombia, May 1. (AP)—A footnote to history was written in a modest Bogota villa last night. There, where Simon Bolivar dreamed of South America's independence 118 years ago, delegates of 21 American nations signed pacts welding them together.

It was the formal closing of the ninth Pan American Conference, but for many it also was a tribute to South America's hero. The delegates were reminded that peace and order can be precarious. Outside the dining room where they met, armored

cars rumbled and troops in battle gear clumped the streets around the villa. It was an aftermath of Bogota's revolutionary uprising of April 9. Tension still exists here, and it was impressed on the delegates by the absence of President Mariano Ospina Perez. He is trying to put Bogota back on an even keel.

But the signing of the pacts turned back a page of history for the South Americans. A lone electric light shone over the table where more than a century ago Bolivar and his followers planned for a free South America. Bolivar fought for the same guarantees of liberty, freedom and human rights which the delegates set forth in their pacts. He led Colombia, Venezuela, Ecuador, Peru and Bolivia to independence.

As the Chilean and Uruguayan delegates prepared to sign, the light went out. Somebody lighted a candle and during the Bolivian era. The ceremonies were brief. Former President Romulo Betancourt of Venezuela spoke and then the signing began.

The delegates signed a charter giving concrete form to American cooperation; one pledging American republics to settle disputes among themselves; a resolution condemning international communism and another urging peaceful abolition of foreign colonies in the hemisphere, among others.

They also signed one which had the flavor of old Simon Bolivar. It was a declaration of the rights and duties of man.

TO VISIT HERE — Lt. Commissioner Albert E. Chasham, above, new Southern Territorial commander of the Salvation Army, will visit here Wednesday on his tour of West Texas with Lt. Co. Charles Dodd, Texas division commander. Abilene and Fort Worth are also on his schedule for the same day. This will be his first visit in to this section since he assumed command recently of 15 southern states. He has been an officer of the Salvation Army for 41 years and before his recent promotion was chief secretary in the Midwest territory at Chicago.

## Harris Officials To Study Polio

HOUSTON, May 1. (AP)—Harris County health officials and physicians are to meet here Monday to study poliomyelitis cases reported in the county the past two weeks.

Seven cases have been reported by health officials within 14 days after an absence of the disease since Dec. 8. Dr. L. D. Farragut, county health director, said the outbreak "certainly has not reached epidemic proportions" but that it is necessary that officials discuss the problem thoroughly.

## Too Suggestive

SALEM, Ore. (U.P.)—One of the 50 books given to the Marion County jail library by the Salem Lions

Club was rejected by Sheriff Denver Young as "too suggestive." Its title: "Saws, Knives and Files." The book was published by a Fitchburg, Mass., steel firm.

Between 1929 and 1941, U. S. money spent on gambling machines increased about 1,000 per cent; horse and dog racing about 700 per cent; stamp and coin collecting 300 per cent.

## LET US - - -

### DO YOU A FAVOR!

A short explanation on how the Servel aGs Refrigerator operates:

You have probably heard about the remarkable GAS refrigerator that has no moving parts in its freezing system, this assures you of a longer life refrigerator. Different from all others — what seems to be an almost magical transformation is really an ingenious application of some simple laws of nature. Stays Silent — Lasts Longer because it freezes with No Moving Parts.

It is a known fact that this Gas Refrigerator has the lowest operating cost of all refrigerators on the market. Now or after fifteen years of use.

We have several refrigerators in stock — Butane and Natural Gas. For further information call or come in and see them.

### AIR CONTITIONING TIME

Our engineers will be glad to call on you and help figure out your requirements.

### WE HAVE:

Chrysler Airtemp Refrigeration Conditioning. Also several kinds of Washed Air Conditioning. We feel we can supply your need.

**FLYING 150-200 FEET ABOVE GROUND**

**Ben Funk's Pipeline Patrols Net Enough Distance For A Round Trip To Moon**

Ben Funk could have circled the moon had his pipeline patrols of the past seven years been laid end to end—and straight up.

Since he began flying for Shell Pipeline Corp. in 1941, Funk has put in 6,583 hours on this assignment and has skipped over 592,470 miles of assorted country at the rate of nearly 85,000 miles per year. That would put him around the moon and return, and well over half way there again—provided of course his plane had been pointed upward instead of flitting barely 150 to 200 feet above the ground.

Funk, like other aerial line patrolers, flies under a waiver from the Civil Aeronautics Administration which permits the low altitude. His eagle eye scans the right-of-way for possible leaks, wash-outs, and any unusual activity such as unauthorized digging or building over the lines.

He looks, too, for broken wire, insulators or birdnests on the Shell telephone line and is on the watch for cattle which might have quaffed a slug of oil from a broken pipeline. He reports suspicious movements of livestock a boon to ranchers.

As if this were not enough, Funk is a regular messenger boy up and down the vast stretches of the Shell network. For instance, he often picks up word from a pump station (these have large orange and black boards for code messages) to inform crews to call the station, or to progress to a line break, or any number of other pos-

sibilities. These he delivers by dropping a two-ounce sandbag, with colored paper trailer, through a special chute in the floor. The message is neatly included inside. Funk relays his observations from the air by the same means, then makes a detailed report at the end of his run. He is put on notice, too, of approaching planes or to continue patrol simply by noting station codes.

Stations are informed of his take-off time each day and report his arrival to the next station. Were he to be overdue for many minutes, searching parties would be put out in the area. Only twice has he been forced down, once near Hermleigh when the butterfly came loose in the carburetor and the other near Patricia, when an exhaust broke off. Temporary repairs were effected in both cases and the patrol was continued. His only mishaps, both minor, occurred on regular airports.

On a typical week, Funk climbs into his Luscombe (he has piloted it 1,433 hours and flew a Monocoupe 5,150 hours in the preceding five and a half years) at the Muny port, where he is headquartered, picks up the pipeline at Cosden and patrols it 599 miles to Wasson pool in Gaines county, thence to Hobbs, N. M. Hendricks, Monahans, Wheeler, Bedford, Goldsmith, Barnsley, Crane, McCamey, Westbrook and back to Big Spring. Tuesday he begins the patrol (478 miles) again at Cosden, flying to Westbrook, Scurry, Hamlin, Haskel, Baylor and Archer counties in Texas, Ryan, Healdton and Ardmore, Okla., thence cross country to Kilgore, Texas.

His Wednesday's patrol (374 miles) is from Kilgore over the piney woods to Houston and then to Austin. Thursday he patrols (433 miles) from Austin to McCamey

**CONGRATULATIONS**—Jack Cook, manager of the Municipal Airport, congratulates Ben Funk, Shell Pipeline patrol pilot, Wednesday on completion of seven years of flying for his company. During that time Funk has covered something like 592,470 miles in 6,583 hours of actual flying—seldom over 150 feet from the ground. He has had only two forced landings, never a serious mishap. (Jack M. Haynes Photo).

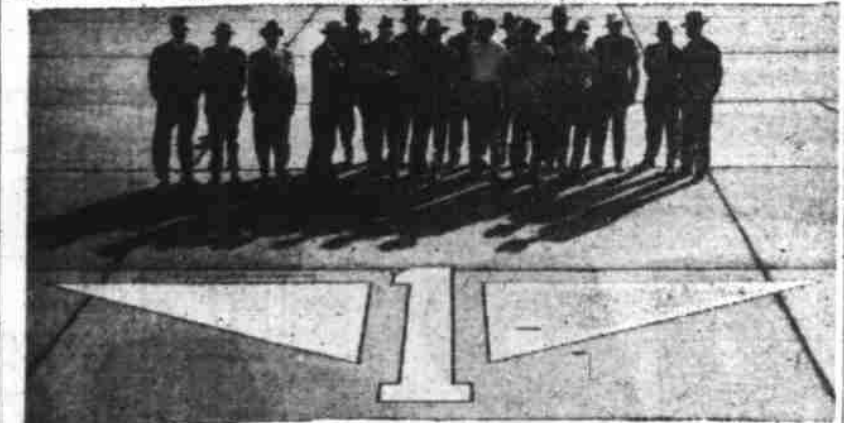

to Westbrook and back to Big Spring. Friday is his day off and Saturday and Sunday he is subject to emergency calls.

Funk, now 46, learned to fly in 1929 at Universal Flying school, St. Louis, Mo. He has barnstormed a year, then was elected constable of Me-

raanee township, St. Louis county and after two years was appointed deputy sheriff in the same county for four years under Sheriff P. G. Deuser. In the fall of 1937 he left off being a peace officer to work for Douglas Aircraft at Santa Monica, Calif for two years, switching late in 1939 to trading in used planes. One of his trades was for a Piper cub seaplane which he operated off the Missouri and Mississippi rivers and Ozark lakes.

His first connection with Shell was operating out of Tulsa, Okla. to St. Louis, Mo., Columbus, Ohio, and East Chicago, Indiana and return in one week, and Tulsa to Ardmore, Houston, Austin, McCamey, Wink, Big Spring and return the next. On June 16, 1945 he shifted operations to Big Spring.

Flying through all kinds of weather—rain, fog, snow, sand, dust, high winds and thunderstorms—he sees all sort of things, including numerous deer, wild turkey, and antelope. He also has built up a strange friendship with many people along his patrol. Frequently they stand outside, waving as he flies over. Funk rocks his plane in a friendly "howdy" and continues right on in what he considers "the best job in flying."

**SKYWAY NO. 1**—Big Spring is officially on Skyway No. 1, the first route to be marked for private flier transcontinental traffic. Elmo Wasson, chamber of commerce president, presents Mayor Habney a certificate marking inauguration of the route a week ago while the chamber of commerce aviation committee and city officials look on. One of the identifying markers may be seen painted on the ramp in front of the group. (Jack M. Haynes Photo.)

**WINGS OVER BIG SPRING**

**Pair Is Becoming  
Globe Trotters**

Clyde E. Thomas, Sr. and J. D. Church, district CAA airport engineer, are getting to be regular globe trotters—or rather hoppers. Today they are on the last leg of a weekend excursion which began Thursday and will terminate Monday.

In that short space of time they will have visited points in Mexico, including Mexico City, Cuba and Key West, Fla. The jump from the Mexico coastline to Cuba is the longest for the two over-water, but by no means the first. Not so long ago they made a tour of western Mexico and jumped across the border to lower California. They have made other tours in Mexico.

Pioneer Airlines announced a new service, effective Saturday. This makes possible a connection with Albuquerque, N. M., leaving at 7:42 a. m. Arrival would be set for 12:22 p. m. with stops having been made in Clovis, Tucumcari, Las Vegas, Santa Fe enroute.

American Airlines has been operating under a schedule change for the past week. The new slate calls for westbound departures at 9:50 a. m. and 8:05 p. m. and east-bound departures at 10:05 a. m. and 7:50 p. m.

Figures indicated that airline carriers are steadily making a bid for major shares of the passenger dollar. American Airlines moved up to third place among all carriers in 1947, only the Pennsylvania and New York Central railroads ranking ahead of it in passenger revenue.

One new student was reported at Big Spring Flying Service. He is Billy Roberts, a CAA controller who signed up to start his commercial pilots course.

W. R. Newsom, who operates a W. 3rd street grocery, made his solo flight Wednesday at Hamilton Field. With Fitzhugh Lee, instructor, C. H. Forgas, county maintenance operator, made a dual cross-country. Two new students enrolled at the field were Robert Patterson and M. J. Fox.

When Lee came from Sweetwater to join the staff of Cecil Hamilton at Hamilton Field, he left off instructing Cecil Kinert in an instrument course. Unable to find a successor instructor, Kinert has been commuting here early each day for two-hours of instruction in his B-13. Lee estimated that it will require another week before the course is completed.

Boy Scout court of honor Tuesday night, Scout officials reported Saturday.

The court will be held at 7 p. m. in the Big Spring High school gymnasium.

In addition to the regular awards and advancements, several competitive events will be conducted. A fire building contest will be featured, with a Scout knife offered as first prize.

### Power Company To Be Sold At Brownwood

BROWNWOOD, May 1. (AP)—The Brownwood Public Service Co. today had permission from the city's voters to sell its assets to the Texas Power and Light Co.

Residents voted 668 to 35 Friday in favor of a contract by R. A. Weller and R. L. Drummond, owners of the Brownwood Co., to sell it to Texas Power and Light. The voters had to approve the contract for it to be completed.

### SEES HELP FOR STARVING

## Texan Is Living On Diet Of Grass

AUSTIN, May 1. (AP)—Elmore R. Torn, a tall, well-built Texan, is living on grass.

He began his eighth week on a grass diet April 22. This is not to say that Torn eats grass because of any great love for green sprouts. He likes a steak as much as the next man.

Some people, hearing that he is getting along by munching the green stuff, raise a questioning eyebrow.

"Maybe he wants to run against Citation at the Kentucky Derby," suggests a man who is known to be willing to place two dollars on the nose of any long shot—maybe even on Torn's nose if he runs. But Torn is not a 2-year-old; therefore, not eligible for the derby in the blue grass country. He is a 42-year-old who prefers dehydrated cereal grasses from the wheat, rye, oats and barley country.

Purpose of his experiment: to point up overeating in the United States, find out the scientific value of grass as a food for humans, and express his individual support of the Marshall plan and China and Greek food aid programs.

If you have a mental vision of Torn polishing off a platter of grass fresh from the backyard, throw it out. He doesn't believe in tearing up his yard that way.

He eats his grass in the form of tablets. They are grass in concentrated form, commercially produced but little known to the general public.

He takes two types of tablets. One is a straight concentrate of dehydrated cereal grasses, known as cerophyll. "Cerophyll" represents a combination of the words cereal of chlorophyll.

Remember your grade school course in science? The teacher explained that green stuff in plants was what it took to make them grow. The green plasma was chlorophyll, which in some strange way is able to drain energy from sunlight and manufacture food from water and air.

The other tablet also contains grass, plus a shot of vitamins—enough to give Torn the 10 vitamins required by the human body.

Torn lives in Taylor, works in Austin and tours the state as executive secretary of the Texas

Chemurgic Council. The council is an outfit which promotes the idea of converting raw materials into industrial products by chemical processes (like making dresses out of coal, and buttons out of soy beans.)

"His family has taken a lot of ribbing—some of it unkind—about Torn's new diet. Taylor folks have nicknamed him "Mr. Grass."

"And my wife had some qualms about the experiment at first," Torn recalls. "She thought I might awake up dead some morning, particularly when I started out on a diet containing only 100 calories per day."

He took only grass and water the first seven days. He added one-fourth pound of celery per day to his grass tablet breakfasts, lunches and dinners to keep the digestive tract working.

In the fourth week he further supplemented his fare with small quantities of grapefruit or orange juice or skimmed milk. He raised his calory level to 200 per day the second and third weeks, 300 the fourth and fifth, 400 the sixth, 450 the seventh. The average American diet figures around 3,400 calories per day, Torn says.

During the entire time, Torn has carried on his regular business and personal activities and has averaged seven hours sleep per day.

Results thus far, according to Torn:

1. A 21-pound loss in weight. He started at 200 pounds, dropped to 177 in six weeks, then gained two pounds the seventh week.
2. A reduction of his waistline from 39 to 36 inches.
3. More basic energy and resistance.
4. Better eyesight.
5. Better general health.

### Increase Is Noted In Postal Receipts

Postal receipts for the first four months have shown a 20 per cent increase over the same period last year.

This was disclosed in the regular monthly report from Postmaster Nat Shick, which showed the April receipts at \$10,430.51, compared with \$8,793.09 for the same month in 1947.

The total for the first four months of 1948 stands at \$42,155.22, or \$7,280.51 over the \$34,874.71 for the same period of last year.

### President Speaks To Health Meet

WASHINGTON, May 1. (AP)—President Truman speaks tonight before 800 national health assembly delegates meeting here to draft a 10-year health program for the nation.

## Camping Plans Are Being Laid At Scout Ranch

Preparations are being made for record-breaking attendance of Boy Scouts in camping this summer at the new 6,000-acre Buffalo Trail Council Scout Ranch in the Davis Mountains.

Work already has been started on the ranch house, which is being remodelled into a mess hall and kitchen, and water and sanitation facilities are being installed.

Rex Palmer, field executive at Pecos, will serve as camp director. He will be assisted by H. D. Norris, Big Spring; S. G. Painter, Odessa; and J. K. Polk, Sweetwater, who are other field executives in the Council. Dugan Longbotham of Monahans will serve as commissary director and Pete Harde-man will be chief cook. A wrangler will be employed to manage the burro pack trips.

C. S. Blomshield, Big Spring, chairman of the council's camping committee, said that between 700 and 800 Scouts are expected at the ranch during the summer. Some 1,500 Scouts already have visited the ranch on short term and overnight camps.

Camping at the ranch under supervision of the council will open officially with the first period on May 24. Seven one-week periods have been scheduled.

### Four Postoffice Positions Filled

Four of five regular authorized positions were filled Saturday at the postoffice. Postmaster Nat Shick announced.

He said Thomas L. South, C. E. Sandridge, E. A. Nance, Sr., and William A. Cook had been made regular clerks. They recently submitted to civil service examinations and thus were under civil service in their new status. The fifth place authorized, said Shick, would be filled soon.

Cook and Nance have been serving as substitute clerks since pre-war days, while both South and Sandridge have been serving in substitute roles since the war.

### Cancer Fund Gifts Still Being Received

Contributions are still being received to the American Cancer Society fund. A \$20 gift came in Saturday from the Coahoma Study club, Ira Thurman, treasurer said.

### Ripps Transferred

Mr. and Mrs. A. M. Ripps have received word of a promotion and change in assignment for James L. Ripps, their son, with the U. S. weather bureau. Ripps has been stationed in Lander, Wyo. since the end of the war and now will be transferred to Kansas City, Mo. During the war he did observation work in the North Atlantic with the U. S. Coast Guard.

## Experiment Steers Dress At 63 Percent

Forty-eight steers marketed in Fort Worth Wednesday by the Big Spring Experiment Farm dressed at approximately 63 percent, F. E. Keating, superintendent of the Experiment Farm, reported.

Keating, who returned here from Fort Worth Friday night, said purchasers paid \$30.50 cwt. across the board for the animals and they were well pleased when the carcasses were inspected.

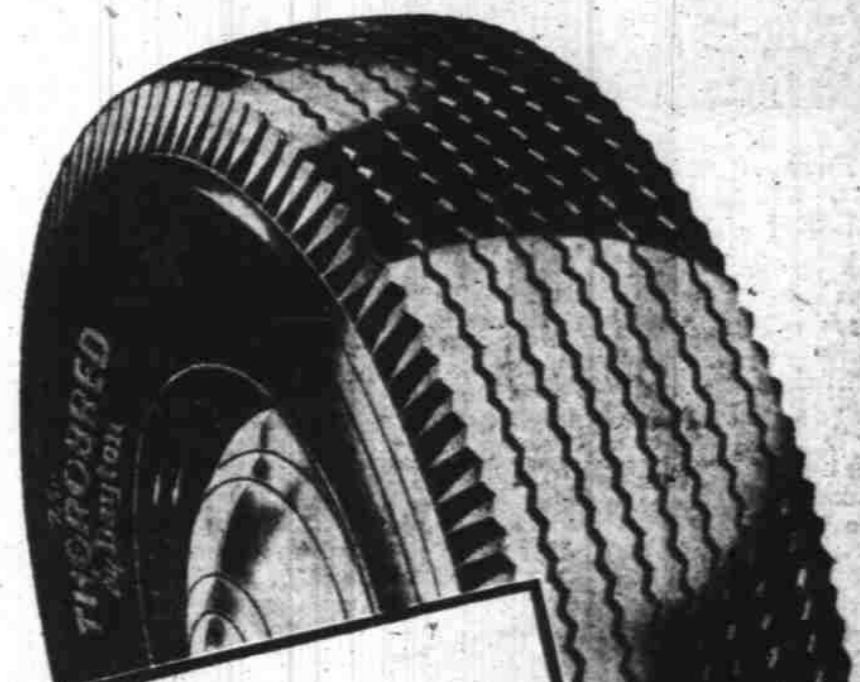

The steers had been used there in a 182-day special feeding demonstration. Their average weight at beginning of the feeding period was 425 pounds per head, while at the market in Fort Worth they averaged slightly under 800 pounds.

Keating and other extension service and USDA officials remained in Fort Worth until the animals were slaughtered to check the carcasses for urinary calculi. Objective of the feeding test was to determine the effects on calculi development of various mineral supplements in daily rations.

Edward "The Confessor," King of England who died in 1066, was so called because of his reputation for sanctity.

HERALD WANT-ADS GET RESULTS

## Looked at and looked up to

This is the one, of course, that you spot at a glance.

This is the one that sends a string of facts racing through your mind — if you know automobiles — the instant you see the name ROADMASTER spelled out on its fender.

Up to one hundred and fifty Fireball horsepower. Eighteen feet big — and spring-coil lively.

Gorgeously finished. Coil-spring cradled on all four wheels. Shod with oversize tires that take extra low pressures for added comfort.

Convenient too — with push-button controls not only for the top, but for door windows and the front-seat adjustment as well.

This, too, is the only passenger car in this country where the power plant does what gears used to do.

Here's the one place you'll find Dynaflo Drive,\* in which liquid replaces not only the clutch and manually operated low, second and high, but mechanical gear-changers as well.

In short — here's liquid ease and smoothness in delightful new degree, through a sort of "magic muscle" that lets you forget about gear-changing practically entirely.

No wonder, then, this car is looked up to.

Looked up to for impressive appearance — looked up to for superlative ability.

Looked up to for what's newest in engineering advances.

If your standards call for a real performer — and for quality a cut above the ordinarily good — specify ROADMASTER when you see your dealer (with or without a car to trade) about getting an order in.

BUICK alone has all these features

- \* DYNAFLO DRIVE (Optional, Roadmaster Series)
- \* TAPER-THRU STYLING (Super and Roadmaster)
- \* VIBRA-SHIELDED RIDE \* SAFETY-RIDE RIMS
- \* HI-POISED FIREBALL POWER
- \* ROAD-RITE BALANCE \* RIGID TORQUE-TUBE
- \* QUADRIFLEX COIL SPRINGING
- \* SOUND-SORBER TOP LINING (Super and Roadmaster)
- \* DYNAMATIC SPARK ADVANCE \* FLEX-FIT OIL RINGS
- \* TEN SMART MODELS \* BODY BY FISHER

WHAT'S DIFFERENT ABOUT DYNAFLO DRIVE? To an efficient new pump (left above), Buick engineers have added a new turbine (right) and an ingenious new supercharging assembly (in front) which produces a turbo-charging action in starting and accelerating. The result is the first drive on any American passenger car which employs liquid to do the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and \*Optional at extra cost. Roadmaster and Super.

When better automobiles are built BUICK will build them

**ATTRACTIVE SYSTEM** — Pictured at top is the network of settling tanks and aerators at the Big Spring sewage treatment plant which won the state Health Department's 1947 award for the most attractive facility of its kind in the state. The tanks are surrounded by a thick carpet of thriving bent grass. The middle picture shows a close-up view of the aerators where six pounds of air per gallon is forced through the sewage. Below is the earthen tank where treated water is collected, with the plant's large digester in the background. The pump at the edge of the tank belongs to the Cosden Refinery, which uses about 500,000 gallons of the treated water per day in boilers and other equipment. (Jack M. Haynes Photos)

**Low Income**

NEW YORK (U.P.)—State Supreme Court Justice Louis A. Valente ruled that a family with an income of \$4,500 a year is in the low income group now. He made the decision in dismissing a taxpayer's suit to bar the city from building 6,000 apartments for rental at \$12.50 a month to families in

**STRANGE CONTRAST**

**Sewage Plant Is Place Of Beauty**

Attractive appearance is not ordinarily associated with facilities for processing materials that are subject to contamination of virtually all types, yet one of the bright green spots in this area (and the entire state, for that matter) is the Big Spring sewage treatment and disposal plant located about two miles southeast of town just off the old Lovers Lane road. Practically all cities and towns have sewage treatment and disposal problems, except in cases where nature furnished ready-made facilities, but Big Spring has a plant that solves its problem efficiently and with minimum disadvantage and expense.

**Now Los Angeles Weather Report Is On The Level**

LOS ANGELES, May 1. (AP)—The official Los Angeles temperature as of today is really on the level, ground level, that is.

For years other sections of the nation have kidded the city because the Weather Bureau's official thermometer was on the Federal Building roof. The folks said the Chamber of Commerce must have fixed that so it'd appear to be a little cooler on extremely hot days and a little warmer when it's chilly.

Now, said H. W. Douglas meteorologist in charge, a new ground recording station has been established, on the federal building parking lot.

**Transportation Workers To Strike**

BEAUMONT, May 1. (AP)—City transportation workers voted today to strike on May 10 or thereafter if it becomes apparent that their demands for a 25-cent per hour wage raise and working conditions change will not be met.

Art Steele, international vice president of the Amalgamated Association of Street and Electric Railway and Motor Coach Employees of America, said the union would ask for arbitration.

The Beaumont City Lines, operators of the Transportation system, offered a wage hike of two cents per hour to regular operators. (MORE)

In the tomb of King Tutankhamen were found jars of cold cream still fragrant after 3,000 years.

**METHODIST EDITOR SPEAKS**

**Says Principles Needn't Be Sacrificed To Keep Peace**

BOSTON, May 1. (AP)—A Methodist editor says "it is not necessary to sacrifice principles in making every effort to avoid conflict with Russia."

The Rev. Dr. Roy I. Smith of Chicago, editor of "The Christ Advocate," official Methodist publication, urged the government last night to make "one more effort" to negotiate with Russia.

He spoke at the third night session of the Methodist General Conference.

"I am perfectly sure," he said, "that every American mother whose son would be in uniform would add her prayer to the diplomats' effort to reach an understanding."

He said that lack of American frontiers has been a contributing

factor in many of the world's problems.

Dr. Smith criticized "high pressure efforts" to influence Congress in behalf of defense appropriations. "It is impossible for high officials to give out word of the appearance of 'enemy submarines off the American coast,' he said, "without the people being alarmed."

"Then when it is given out a few days or weeks afterward that the evidence was highly circumstantial it is apt to be buried on the back pages x x x."

More than 200 New England Protestant churches will turn over their pulpits tomorrow to Methodist bishops and delegates attending the great law-making conference.

**State Stamps Bring In \$2,956,725 Total**

AUSTIN, May 1. (AP)—Sale of cigarette, liquor, wine, and beer stamps totaled \$2,956,725 in April, State Treasurer Jesse James reported today. Revenue was higher than in March and was also above that of April 1947.

Cigarette stamp sales netted the state \$1,919,874; liquor, \$613,509; wine, \$31,807; and beer \$371,534.

**Texas City Has Big Celebration**

TEXAS CITY, May 1. (AP)—Texas City celebrates its recovery from a series of disastrous explosions and fires April 16 and 17, 1947, with an industrial festival today.

An explosion aboard the SS Grandcamp, French freighter, touched off the series of blasts and fires. More than 500 were killed or missing.

## DEEP HOLE

# Eastern Midland County Due Test

MIDLAND, Texas, May 1.—Tex Harvey Oil company, of Dallas, is credited with planning to start a 13,000-foot Ellenburger wildcat in East Midland county, in the near future.

The project is slated to be Harvey's No. 1 L. B. Floyd, and the drill site is to be about 15 miles southeast of Midland.

The location is due to be at the center of the northwest quarter of the southwest quarter of section 15, block 37, TP survey, T-3-S.

That puts the venture in the same section with a dry hole drilled about two years ago by Humble Oil & Refining company as its No. 1 L. B. Floyd, which went to 5,285 feet. That project was in the northwest corner of the section.

Humble also drilled its No. 1 Mabel Floyd, at the center of the northwest quarter of the northeast quarter of section 16, immediately to the east, to 11,322 feet, and it was another failure.

Humble No. 1 Hugh Dixon, at the center of the southeast quarter of section 9, to the northwest, went to 6,150 feet, and was plugged, after failing to develop any oil or gas production.

After finishing the dry holes, Humble released the leases on which those ventures were located—along with considerable other acreage in the adjacent areas.

Some of those leases were later taken by Ted Welner, of Fort Worth, and associates. It is understood that Tex Harvey Oil company has acquired some of those tracts and the new wildcat will be on one of these pieces of acreage.

R. L. York of Midland, is reported to have sold spreads of oil and gas leases in south and southeast Midland county, to a group of Illinois and Indiana independent operators for a rumored \$200,000 cash payment, plus a \$3,500,000 payment to be made out of oil—and when the leases involved produced.

The leases are said to be in

blocks 39, TP survey, T-3-S, and 39, TP survey, T-4-S. Detailed description of the properties included in the trades were not available, and York could not be contacted for further information.

Gulf Oil corporation, No. 1 L-E Wilson Bryant, slated 12,500-foot prospector to try to find and test the Ellenburger, in Central Midland county, 14 miles south of Midland, and in northwest quarter of section 36, block 39, TP survey, T-3-S, had reached 7,351 feet in lime and shale, and was making more hole. It has not logged any indications of possible petroleum production.

The Texas company No. 1 Scharbauer, in West Midland county, one mile south of Midland Air Terminal, and in southwest corner of section 20, block 40, TP survey, T-2-S; had reached 2,475 feet, and was drilling ahead past 2,475 feet in salt and anhydrite. It is contracted to 5,000 feet to test the upper Permian lime.

McDaniel Will Head Dairy Association

C. H. (Hank) McDaniel, Jr. was elected president Saturday at the Howard County Dairy association was organized.

Nineteen producers were represented at the organizational meeting. Other officers named were J. H. Rogth, vice-president; Mrs. G. W. Webb, secretary.

The group plans to meet semi-monthly and time and place likely will be fixed at a session Monday morning.

Among those attending the first meeting were McDaniel, Rogth, C. W. White, Jack Johnson, D. P. White, Wayne Johnson, Mrs. E. E. McDaniel, F. W. White, Joe Hamby, Wilford White, H. L. West, W. H. Norwood, W. S. Christie, W. C. Carroll, Randall L. Sherwood, Fred Ison.

Jimmie Parkhill Sustains Injuries

Jimmy Parkhill, small son of Mr. and Mrs. M. D. Parkhill, sustained minor injuries when struck by a car on East Third street near the Benton street intersection late Saturday afternoon.

At Malone & Hogan hospital, where he received emergency treatment, it was reported he sustained a hip abrasion and a head bruise. He was released after treatment.

Flames Destroy House and Barn

A small two-room house and a dairy barn at 1800 West 8th street were destroyed by a fire which was discovered at about noon Saturday, the fire department reported.

Cause of the blaze was not determined.

Loan Insurance Powers Given Blow

WASHINGTON, May 1.—The government's power to insure home loans lapsed today—victim of a hot Senate battle over housing.

Senators on both sides of the scrap agreed the Federal Housing administration's insurance program is certain to be revived, probably next week.

The question still to be answered: How long, at this time, should it be continued?

# 'Immorality' Charges Probed At Houston U.

HOUSTON, May 1.—The president of the University of Houston today said an investigation is to be made of charges the school's annual Frontier Fiesta was "immoral."

Dr. E. E. Oberholzer said he attended the Fiesta, which concluded on the campus last Saturday night, and saw nothing objectionable.

"But we shall have a careful investigation of the charges because the university doesn't want any immorality in any of its activities," the university president said.

J. E. Williamson, director of student activities, yesterday told Oberholzer all but two of the shows on the fiesta's Frontier Midway were "immoral in one way or another."

Williamson recommended future shows be censored by a committee of faculty wives.

Williamson's charges brought support and objections from various student leaders.

Court Will Hear School Tax Case

The supreme court will hear oral arguments Wednesday in the Big Spring school tax case.

Votes of "overs" who cast ballots without exemption certificates were challenged and the trial (70th) court ordered them voided. This changed results of an election, and the school board adopted a tax rate of \$1.50 the new limit authorized in the election.

Defending the legality of the election and the votes, County Attorney George Thomas appealed. The court of civil appeals at Eastland upheld the trial court decision. Then the Supreme Court agreed to hear the case when it was once more appealed.

State Education Official Is Dead

CLARKSVILLE, May 1.—R. M. White, deputy state superintendent of instruction, died here this afternoon. He became ill 10 days ago while at Longview.

Prior to joining the state department of education three years ago, he was superintendent of Clarksville schools for 29 years.

Survivors include his wife, a son, Robert, of California, and one grandchild.

LEGAL NOTICE

CITATION BY PUBLICATION THE STATE OF TEXAS TO: W. R. Miller, and the unknown heirs of C. W. Sink. Deceased, their heirs and legal representatives.

You are hereby commanded to appear before the District Court of Howard County, Texas, at the Court House in Howard County, Texas, in the City of Big Spring, Texas, at or before 10 o'clock a. m. on the 10th day of June, 1949, for the purpose of hearing and determining the validity of a certain will, to-wit: the will of C. W. Sink, deceased, dated the 14th day of June, 1948, then and there in full force and effect.

Plaintiffs allege that ownership of Tract No. 1 and 2 below described is as follows:

(a) That Tract No. 1, hereinafter described, was acquired by C. W. Sink on August 1928, and was the community property of C. W. Sink and his wife, Inger Sink, at the time of his death in that C. W. Sink during the month of January, 1928, left his home and family in Howard County, Texas, and disappeared; that neither his family nor anyone in the locality of his last known residence nor anyone known to the plaintiffs herein, has heard from or concerning C. W. Sink since January, 1928; that by reason of said facts, C. W. Sink is presumed to be dead, having presumably died in the year 1933, and there has been no administration had or necessary upon his estate; that C. W. Sink was married to Inger Sink, his wife, on or about the 10th day of May, 1928, and that Inger Sink is the owner of the following described lands and premises situated in Howard County, Texas, subject to the mineral royalty interest and the easement for public road purposes hereinabove described, to-wit:

TRACT NO. 1 - All of the Southeast quarter (SE-1/4) and all of the East half (E-1/2) of the Southwest Quarter (SW-1/4) of Section 26, Block 33, Township 3 North, T. 3 N., R. 3 E., Co. Survey, Howard County, Texas, containing 257.1 acres, more or less.

(b) That Tract No. 2, hereinafter described, is separate property of the Plaintiff, Inger Sink, subject to the mineral royalty interest, same being an undivided one-half interest in free royalty interest in the gross production of all minerals as reserved by the grantor in a certain deed, dated April 1929, executed by Lone Star Land Company, Inc. in favor of Inger Sink, a widow, recorded in Volume 75, Page 30, Deed Records of Howard County, Texas, and subject to a right-of-way for a public road twenty feet in width off the West and South sides of said Tract No. 2. That Plaintiff Inger Sink is the owner of the following described lands and premises situated in Howard County, Texas, subject to the mineral royalty interest and the easement for public road purposes hereinabove described, to-wit:

TRACT NO. 2 - All of the West One-half (W-1/2) of the Southeast Quarter (SE-1/4) of Section 26, Block 33, Township 3 North, T. 3 N., R. 3 E., Co. Survey, Howard County, Texas, containing 88.55 acres, more or less.

Such action is a suit in trespass to try title brought by Plaintiff for title and possession of their respective tracts of land above described. Plaintiff alleges both record title and title in themselves through peaceable continuous and adverse possession under the ten (10) year Statute of Limitation.

Plaintiffs pray in said petition for recovery of title and possession to and of specifically described, and further for their respective tracts of land above such findings of fact as the Court deems proper, for costs of suit and for further relief, general and special, at law or in equity.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unexecuted. Issued this 30th day of April, 1949.

GEO. C. CHOATE, Clerk. District Court of Howard County, Texas (SEAL) OF SAID COURT at office in Big Spring, Texas, this 30th day of April, 1949.

GEO. C. CHOATE, Clerk. District Court of Howard County, Texas (SEAL)

# Forsan's Residents Have A Busy Week

FORSAN, May 1 (Sp)—Guests of Mr. and Mrs. T. D. Weaver and Mrs. J. L. Johnson were guests of Mrs. J. W. Brock of San Antonio and Mr. and Mrs. Johnny Metcalf from Phoenix, Ariz., en route to an Army Base in Florida.

Mr. and Mrs. L. W. Longshore and Roy were Saturday visitors with his mother in Sterling City. Mrs. Sammy Porter has been visiting friends and relatives in Canyon for several days.

Jan Livingston, student at San Marcos Academy, was home the past weekend with her father, A. B. Livingston.

Mr. and Mrs. E. B. Prescott were in Hobbs, N. M. Thursday visiting their daughter-in-law, Mrs. Leroy Prescott who is ill in the hospital there.

Glenda Prescott of Hobbs, N. M. is a guest in the home of Mr. and Mrs. E. B. Prescott.

Mr. and Mrs. L. M. Duffer and family were recent visitors in Brownwood with his relatives.

Mr. and Mrs. James Thompson of Lubbock were here the past weekend with his father, Mr. and Mrs. Earl Thompson.

Guests in the C. L. Draper home are his brother and family, Mr. and Mrs. Doyle Draper and children from California.

Mr. and Mrs. Cecil Amoson and children have been transferred from Midland by the Sun Ray Oil corporation.

Mr. and Mrs. John Griffith and Sandra have been visiting in Desdemonia for several days.

Dottie Dibrell of Odessa is a weekend guest of Mr. and Mrs. A. D. Barton.

C. C. Long will return Sunday from a short visit to Cross Plains.

Mr. and Mrs. Bryant Averett visited Friday in Colorado City with Mrs. Averett's grandmother, Mrs. Rosa Ayers.

Mr. and Mrs. Sam Berger were visitors in Odessa Saturday.

Mr. and Mrs. Lewis Huevel and Linda Kay left Friday night for vacations in Houston, Washington and Brenham.

Mrs. Ora Duffer of New Boston has been a guest here in the home of her son, L. M. Duffer and family.

Mrs. Ray Cumly and children have been in Stephenville this week with her parents.

Mr. and Mrs. John R. Long of Fort Worth were here on business earlier this week.

Mr. and Mrs. C. V. Wash and Dannie and Mrs. E. N. Baker were visitors to Abilene, Albany and Breckenridge this week.

Mr. and Mrs. L. W. Moore, Phil and Cheryl left Friday for Charleston, S. C. They were accompanied by Mr. and Mrs. M. H. Cox, of Sweetwater. They will be gone two weeks.

Fishing Friday night on Nasworthy Lake, San Angelo, were Mr. and Mrs. A. O. Bassinger and Mr. and Mrs. Robert Mitchell and Jerry Don.

Mrs. Arthur Talliferro has returned to her home in Cross Plains after being in Forsan for several weeks.

Mr. and Mrs. E. W. Holcomb of Stanton were visitors here Thursday in the home of their son and wife, Mr. and Mrs. Horace Holcomb.

G. D. Kennedy was a business visitor to Munday last Friday.

Mr. and Mrs. E. K. Sawdy are in Lubbock this week.

Mr. and Mrs. Fred Green are in Westbrook for a few days.

Mrs. John C. Adams, Jerene and Randy of College Station have been here for several days with Mr. and Mrs. C. M. Adams.

Mr. and Mrs. C. E. Chaffin plan to leave Tuesday for Woodville, Okla. on a vacation. They will visit Mrs. Chaffin's mother, Mrs. Amelia Steele.

Mr. and Mrs. H. L. Tienrand were in Westbrook on business Thursday.

# Lamesans Approve Building Program

LAMESA, May 1.—Three issues, including a million dollar building program, carried in a school election here Saturday.

The bond proposal, which was for financing construction of a modern high school plant, carried by better than 2-1. Some 1200 votes were cast but exact figures were not available immediately.

While the vote was lighter, the ratio was the same on proposals to raise the tax rate limit from \$1 to \$1.50 (the board announced it would set the rate no higher than \$1.25); and the assumption of bonded indebtedness (approximately \$183,000) of the nine districts which recently consolidated with the Lamesa rural high school district.

The consolidation gives the district little better than one third of the county's area.

A 10-acre site for the high school has been purchased on North 10th street. Across the street another 10-acre spot has been purchased as possible future location of the high school athletic plant.

High frequency sound can be fatal to animals.

# Sweetwater Man Is Found Dead

FORT WORTH, MAY 1.—T. P. Johnson, 45, district manager at Sweetwater for the Texas Electric Service Co., was found dead of a heart attack about noon Saturday in his room at Hotel Texas.

Mr. Johnson, who was in Fort Worth to attend a sales meeting and the Texas Electric show Friday, was believed to have died about 8 o'clock Saturday morning, according to an examining physician's report.

A native of Canyon, Mr. Johnson was a graduate of Texas A&M College. He lived in Fort Worth from 1930 when he first joined Texas Electric, until 1937.

The Week

have been a financial success this year. The steers, averaging about 800 pounds (or 375 pounds net gain), sold at \$30.50 cwt across the board. On top of that, they caught a rise of eight and a half cents in the market from time of purchase to time of sale.

Children of the Kate Morrison school staged an interesting open house program last week. There is not a school in the city's system that draws as much interest from its patrons as does this one. Because teachers often have to start from scratch—that is by teaching youngsters English—their work is doubly challenging.

If April has brought a prelude on water consumption for the year, water department officials are ready to hold their heads. Last week one day turned up a 4,210,000 gallon draw, the largest ever on record for April and second largest on record for any day of any month.

The thing that will keep it going is this pesky west wind which seems to be doing nothing but churning up some tornadoes in the mid-west. It maintains a drought that has put ranching in the critical stage and driven farmers to chewing their nails.

Death of John Wolcott last week removed one of the most unusual characters in public office. When he went into office, he took his pioneer habit of frankness and outspokenness with him. No one ever doubted what Uncle John meant or where he stood.

Weather Forecast

BIRMINGHAM, Ala., May 1.—Sen. Glen Taylor (D-Idaho), vice presidential candidate on Henry Wallace's third party ticket, was arrested tonight when he attempted to enter a meeting of the Southern Negro Youth Congress.

# Blount Hits Cosmopolitan For Buildup

Always good for a quote, Peppy Blount hits the publicity jackpot again in the current issue of Cosmopolitan.

Ralph G. Martin devotes an entire page, including a spread with Peppy and other University of Texas as legislative members and Governor Jester, to Blount in his piece on the University.

Among the stories retold is how Peppy, as the youngest member of the legislature, offered a resolution—with his tongue in his cheek—against "fall-shapes, forms and types of sin." The House overwhelmingly defeated the resolution and suddenly realized that in so doing it had gone on record for sin. In confusion, the whole matter was expunged from the record.

There is more of the same sort of banter from Peppy in reference to his extra-curricula activities on the football field, where Martin observed "he's all-American Bobby Layne's best receiver."

When he dropped his first pass at this year's Sugar Bowl game, Martin quotes Blount as jokingly alleging:

"Heretofore, I have been having to reach high, or jump high, balance the ball on my finger tips before being able to bring it down. I have been an art of that, but down here in the Sugar Bowl, imagine my embarrassment when two passes came straight to my hands, waist high! They surprised me, I forgot to drop my hands in time."

North Carolina Man Heads Cotton Group

DALLAS, May 1.—Ellison H. Peel of Charlotte, N. C., was elected president of the American Cotton Shippers Association here today as the association ended its annual convention.

Everett R. Cook, Memphis, Tenn., was elected vice-president. R. C. Dickerson was re-elected executive vice president and secretary and C. L. Andrews, Memphis, was re-elected treasurer.

U. S. production of pianos reached a peak of 350,000 in 1923.

# NOTICE

We, the undersigned, would like to present to you for your careful consideration a problem confronting the local milk producers. During the past several months there has been an outside milk distributor operating in Big Spring which is causing a gradual surplus of milk in this area. This surplus in time will cause the local dairymen to have to sell our milk at a surplus price which we cannot possibly do and keep operating our dairies.

We feel that we should be given first consideration for a market at home for our products due to the fact that we make our homes here, we pay taxes here and do all our buying locally. We feel that the slogan that you merchants sometime use "KEEP YOUR DOLLARS AT HOME, PATRONIZE YOUR HOME MERCHANT", is a very wise one and we ask that you support it so that we may continue the production of milk in this area.

We ask that you give careful thought to what would have happened if Big Spring citizens should have had to depend on an outside milk supply during the war emergency. We have no assurance that this emergency won't face us again in the near future.

# HCJC, Coahoma Skirmish On Bulldog Field Today

## Winner Goes Into TC Lead

Spotlight attraction in Tri-County baseball league play today is the Howard County Junior college-Coahoma Bulldog outing, which takes place in Coahoma. Starting time is 2 o'clock.

Each team boasts a perfect record in league play. The Jayhawks have handled Knott's Billies, Colorado City and the Big Spring Westerners in that order.

Coahoma has bowled over Forsan, Knott and Colorado City.

Both teams boast a lot of power and fair pitching staffs. Most of the mound strength on the Coahoma team is centered around Bill "Windmill" Brown, slungated right-hander who has gained credit for all three Coahoma victories.

Brown also hits a long ball and is apt to be a thorn in the Hawks' side.

Harold Davis, JayCee skipper, will probably start Don Clark in the box. A. J. Cain and Don Henry will also be available for mound duty.

Other league games pit Colorado City against Forsan and Knott against the Big Spring Westerners here.

Forsan must win to retain its title chances for a first half title. A victory by Colorado City would pull them back to .500 in the standings.

Neither Knott nor the Westerners have won a circuit decision. The winner, of course, departs the cellar.

TEAM	W	L	Pct.
Coahoma	3	0	1.000
Knott	3	0	1.000
Forsan	2	1	.667
Colorado City	2	1	.667
Knott	0	3	.000
Westerners	0	3	.000

# LOOKING 'EM OVER

With TOMMY HART

Jake McClain, the Big Spring baseball Broncs' second sacker, who stole 11 sacks throughout the 1947 season, pilfered five his first nine games this year. . . Jacob is taking advantage both of the pitchers and the circuit's scatter arm catchers. . . The backstops who have worked here to date do not appear to be on a par with the receivers the league had in 1947. . . In all, the Hosses purloined 14 sacks the first nine games. . . In 139 contests last season, they had 148 steals to their credit. . . Bert Baez, the Steeds' veteran flinger, considers it a handicap to work when the wind is acting up. . . If he could order his weather, he'd demand a damp, cool evening. . . His dippy-do works to perfection then. . . George Lopez, the Big Springers' short stop, reminds the local fans of Dick Hobson, who played the short field for Charley Barnabe here back in 1938. . . Dick is now a cop in Los Angeles. . . Hubie Sheppard, who labored several innings in spring exhibition games here, has been sent back to Sherman. . . He was here on option. . . He's apt to wind up in the Lone Star (Class C) league. . . Manager Pat Stasey has been advised he has an infliender and a lefthanded pitcher on the way here. . . The infliender's name is Joe Varguez, the pitcher's Lefty Elba. . . Bob Coward, the Sweetwater outfielder, plays only part time because he complains he can't get along on 4-hours sleep at night. . . He's trying to go to college and play ball, too. . . LeRay Jones, Sweetwater's leading flinger last year, is with Kilgore in the Lone Star circuit. . . No Kansas City Blue hurler went the distance in the club's first 18 games.

## Houser Ignored By Casaba Committee

Joe Arencibia, the Big Springers' third sacker, hails from Oriente, the Cuban state furthestest from the United States. . . He's part Indian. . . Ray Sanders, the regular catcher for Sweetwater last year, is performing sensationally for Clovis in the WT-NM league this season. . . They say Shadow Ensey, the Odessa club's general manager, almost swallowed his tongue when he was told Harvel Jakes, a former Oiler, hit three doubles in a game against Big Spring here last week. . . The truth of the matter was, Jakes drove out three pop flies that never left the infield. . . The wind caught them and blew them to safety. . . Burl Cramer, the Coahoma baseball skipper, says Bill Henry, his third sacker, is the best player in the Tri-County independent league.

## Charley Parlier Lauds Local Spirit

From the mail-box: A good friend of mine sent me a clipping of a recent column of yours. I'd like to take this opportunity to thank you and all my friends in Big Spring for the loyal support and interest you've taken in me. . . As a rookie last year, I didn't have the stuff to win in your league or any other league. But, as I promised before I left Texas, it's a different story this year. I think I finally found what it takes to win, but if it hadn't been for friends like I found in Texas and Big Spring in particular, I doubt if I'd ever have made a go of it. . . No matter what leagues I may play in in the future, I don't expect to find two finer men to work for than Pat Stasey and Claude McAden, or any finer fans than there are in Big Spring. . . Even though the record books don't show it, I'll always remember last season as my most successful, because of the friends I made there, and in my record book they're tops. . . CHARLEY PARLIER, 327 W. Main St., Danville, Fla.

## Clements Coming To Town Monday For AC Match With Masked Man

Wrestling Promoter Pat O'Dowdy is bringing in Big Train Clements, the Lubbock operative, to see what can be done about stop-

BIG TRAIN CLEMENTS . . . Opposes Hood

ping that fast freight from no where. The Masked Marvel, Pat's Sportorium Monday night and will engage in a best two-of-three fall match unless the ring posts fall about them. . . The Marvel won no new friends last week when he slipped a mickey to popular Eddie Gideon. Gideon landed on his head on the concrete outside the ring following an ill-

# Longhorns Win In Triangular Track Contest

AUSTIN, May 1 (AP)—The Texas Longhorns track team piled up 113 points to overwhelm Baylor university and Rice institute in a triangular meet here today.

Robert Walters of Texas was a surprise victor in the high jump over Verne McGrew of Rice. Walters cleared 6 feet 6 1/2 inches on his last jump to win the event. Ken Boren of Texas upset Augie Erfurth in the 320-yard low hurdles by six feet earlier. Erfurth was timed at 14.2 seconds in the highs, and Boren won the lows in 23.8 seconds.

Frank Guess of Texas was the high point man in the meet with 14 points. He captured the javelin throw and shot put and placed third in the discus throw and pole vault.

Other double winners were Charles Parker of Texas in the 100 and 220-yard dashes; Jerry Thompson in the mile and two-mile; and Walters, who won the pole vault in addition to the high jump.

Parker nipped teammate Perry Samuels in the 100 with a great closing in 9.7 seconds.

Don Sparks ran away from Jim Hoff of Rice in the last 300 yards of the 880-yard to win in 1:54.3.

Rice upset Texas in the mile relay, when Tom Cox, the Rice anchor, overtook Desmond Kidd in the stretch. A dropped baton on the third leg cut down a huge Texas lead.

## Tigers To Play In Pecos Today

The Big Spring Tigers, unbeaten this season, will oppose an independent baseball club in Pecos this afternoon. . . Isa Mendosa probably will go to the mound in quest of the local aggregation's fourth successive victory. The game will get underway around 3 p. m.

## Texas A&M Outlasts Horned Frogs, 11-10

SPORTS — TEXAS A&M 14 COLLEGE STATION, May 1 (AP)—The Texas Aggies outlasted Texas Christian, 11-10, in a Southwest Conference baseball game here today to cling to their second place position a notch behind Texas.

## Mustangs Lose 1

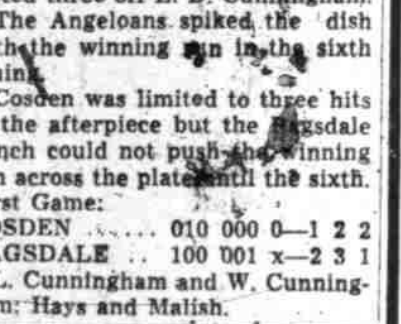

HOUSTON, May 1 (AP)—A ninth inning rally fell one run short for Southern Methodist here today as the Mustangs bowed to the Rice Owls, 11 to 10.

## Ragsdale Softball Nine Nips Cosden

SAN ANGELO, May 1. — Ragsdale of San Angelo nipped Cosden's Pipelings of Forsan-Big Spring in two close Texas softball league games here Saturday night, 2-1 and 4-3.

Curly Hays limited the Howard county team to two hits in the opening game while his mates collected three off L. D. Cunningham. . . The Angelenos spiked the dish with the winning run in the sixth inning. . . Cosden was limited to three hits in the afterpiece but the Ragsdale bunch could not push the winning run across the plate until the sixth. First Game: COSDEN . . . 010 000 0-1 2 2 RAGSDALE . . . 100 001 x-2 3 1 L. Cunningham and W. Cunningham; Hays and Malish.

## RANGE POPULAR

## Youngsters Help Golfing Business At Munny Links

Golf play, which has increased steadily since the war, is still gaining in popularity. . . The month of April set a new all-time high at the Munny course for rounds compared to the corresponding month in other years. . . This is particularly accounted for by the addition of large numbers of youngsters who have taken to the game. . . Where there were only four or five teen age players two years ago, the register at the course now shows over 50 who practice regularly. . . Pro Foy Fanning, who manages the Munny driving range, says that facility is becoming more popular with local linksmen. He predicts it will do even better once that section of the park is made into a family recreational center, which is planned in the not too distant future. . . Weekly putting tournaments will be staged on the new putting green, which is almost ready for use. (New cup markers and lights have already been installed). . . The putting meets will include ladies' nights, children's nights, juniors' nights as well as open tournaments. . . Fanning also plans on keeping the swimming pool open until 10:30 p. m. nightly, starting the first of June. . . Other facilities at the park, such as the croquet courts, tennis courts and picnic grounds, which may be used free of charge, will also accept a capacity business most of the summer. . . Much work has been done toward beautifying the swimming pool. The interior was recently

## Series Final Is Booked For 4:30 Today

Del Rio's Cowhands wind up their local stay in a Longhorn league game with the resident Broncs at Steer park this afternoon. The same goes on at 4:30 p. m., having been moved back because of the matched roping contest.

Gerry Rodriguez, who has won two victories for the Big Springers, may go to the rubber for the Hosses. He would be seeking his third win of the campaign.

An infield single by Armando Traspuesto, his fourth blow of the evening, enabled Joe Arencibia to score from second base and gave the Big Spring Broncs a 9-8 triumph over Del Rio before something like 1,000 fans here Saturday night.

Traspuesto's blow bounced off the glove of Servando Capitulo at short stop, who quickly picked it up and shot it to first. Tony was there half a stride and Arencibia beat the follow-up throw to the plate.

Arencibia, who had dropped a single into center field, set up the run by stealing second base. Joe came through after Jim Mills had retired Jake McClain and Pat Stasey on strikes.

The Hosses held on just long enough to win. The Waddies had them on the ropes in the sixth, seventh and eighth rounds. The guests shelled Larry Shaw from the hill in the seventh and then continued their work on Bert Baez.

Baez, after giving up two hits, settled in the ninth to retire three men in a row and gain credit for the victory, his second of the campaign.

Pat Stasey's troops rapped out four triples, a round tripper and a two-baser. Justo Aspiasu collected a triple and a double. Jake McClain, Stasey and Bobby Fernandez also hit for three.

George Calo continued his scintillating work for the visitors. His three blows paced their 11-hit assault.

DIAMOND DUST—Bobby Rodriguez, who set Vernon down with but four hits in his last start, is but 16 years of age. . . Billy Lacy, the explosive Del Rio skipper, was tossed out of the game in the second inning for protesting a decision. . . He demanded to know why Servando Capitulo shouldn't be given an extra base when ground rules limited him to a double. . . The ball he hit went through the gap in right-center

STATE EVALUATION MADE HERE

Educator Thinks Elementary Teachers Doing A Good Job

Big Spring elementary schools port to a teachers meeting last week, included some notations about definite weaknesses she found in the system. Teachers, under the direction of Dean Bennett, elementary supervisor, had been working through first self evaluation of the system by teachers. Miss Wilson said that she felt that "on the whole a very good job is being done."

YMCA To Launch Membership Drive

An active week — including a membership enlistment campaign — is in store at the YMCA this week. The membership effort gets underway formally at 7:45 a. m. with a kick-off breakfast at the Crawford corral room. Directors and others will visit friends of the YMCA during the week, but should anyone be overlooked, Cecil Cillings, YMCA president, urged them to call the office. Wednesday at 5 p. m. the first report meeting will be held at the Y headquarters and the final report meeting will be combined with the monthly directors session on May 11.

Havers, 605 Hillside Drive and East Central Circle at the church. All four Circles will meet at 3 p. m.

Cleanup Trucks Finish Pickups

City trucking crews have completed pickup work for the spring cleanup campaign, after carting away a record volume of trash and rubbish, city officials reported Saturday. Volume for the campaign reached 194 truck loads, by far the greatest number collected during such a drive in Big Spring. Estimates were that the total amount of more than 1,150 square yards. The pickup service, which was originally scheduled to be completed in one week, required an extra day period for completion, as trash was collected in virtually all sections of the city in amounts substantially larger than in previous years.

Directors Named For Royalty Association

Eighteen directors for District No. 8 of the Texas Independent Producers and Royalty Owners association have been named to serve for the 1948-49 term. C. V. Lyman, Midland, vice president of the association for district No. 8, announced Saturday. E. G. Rodman, Odessa, was named executive committee man. The directors follow: Clyde Barton, Kermit; Roy Charlesworth, Kermit; J. Gordon Bird, R. S. Brennan, Jr., Russell C. Conking, Reese Cleveland, Fred Fuhrmann, E. H. Griswold, R. R. Herrall, Ralph Lowe, John I. Moore, K. M. Regan, T. N. Sloan, Arthur Yeager, J. Ed Warren, H. W. Hull, all of Midland.

with Mrs. Omar Pittman, 1411 Rannels, with Mrs. Omar Jones and Mrs. Lee-Wright as co-hostesses. LADIES GOLF ASSOCIATION will meet at the Country club with Mrs. Dous Orma, Mrs. Bill French, Mrs. C. J. Staples, Mrs. E. D. Doster and Mrs. J. D. Robertson as co-hostesses at 1 p. m. SUNDAY WESLEY CLASS will meet at the First Methodist church at noon for a covered dish luncheon. FRIENDSHIP BRIDGE CLUB meets with Mrs. R. V. Crocker, 1707 Benton, at 2:30 p. m. SUNBEAMS of the First Baptist church will meet at the church at 3 p. m.

COSDEN CHATTER

Officials Will Inspect Kansas Co-Op Refinery

By PERSONNEL DEPARTMENT George Grimes and L. E. Maddux are leaving Tuesday to visit the National Cooperative Refinery association at McPherson, Kansas. Jack Smith and C. M. Phelan spent Thursday and Friday in Abilene on company business. Mr. and Mrs. Felton Underwood of Cisco, former employes of the company, spent the weekend in Big Spring visiting Mr. and Mrs. Billy Smith.

Mrs. Tommie Dorrill and young son, and Mrs. Janice Hurst and daughter, both former employes, were visitors in the office Thursday. Charles Towery with the DuPont Chemical Division was a visitor in the office Thursday and Friday.

The following Cosden jobbers were visitors this week: R. S. Allred, Odessa, Monday; W. H. Fulkerson, Tahoka, Monday; and Horace Blocker, Stanton, Thursday. Jim Irvine of Fort Worth, with the Fargo Oil and Grease company was also a visitor here this week.

The following railroad officials were visitors this week: George Slak of Kansas City, general agent for the Chicago, North Shore and Milwaukee railroad, Saturday; R. A. LaBeau of St. Louis, representative for the Chicago Railway Equipment company, Monday; and Earl Drake of Abilene, general agent for the Wichita Valley railroad; Jack Aldredge of Fort Worth, traveling freight agent for the Frisco Lines, and W. A. Hotman of Fort Worth, general agent for the R. S. & P. railway, the latter part of the week.

Mrs. Peggy Kraer and daughter, Sharon Kaye, and mother Mrs. Hazel King are spending this week in Shreveport visiting relatives. Carl Smith spent Thursday of the past week in Abilene on company business.

C. M. Phelan and family are spending this week in Fort Worth. Neil Bumgarner returned to the office Monday after recovering from surgery. Joe E. Adams, Jr. underwent a tonsillectomy this past week.

W. E. Pate's son, Dexter, suffered a side injury in a fall at his home Wednesday, but is recovering. Joe B. Thurman entered the hospital Monday. H. F. Merrill, Jr., spent Monday and Tuesday in the hospital.

Paving Assessment Rolls Will Be Prepared For Contracts

Assessment rolls for all prospective paving outlined for future contracts will be prepared and a single public hearing will be held for the entire project, city commissioners decided Friday afternoon. Such a procedure, they explained, will enable the city to complete all preliminary work with minimum confusion and at the same time it will permit the contractor to service a project in Monahans which is due to start this month. Brown and Root Construction Co. expects to move mechanical equipment and personnel to Monahans, probably within the next three or four weeks, but the company will maintain an office here and contact personnel will be assigned here throughout the summer. The Monahans project is scheduled to be completed in four to five months, after which actual paving work will be resumed here.

The procedure will not affect Big Spring's contract with Brown and Root, since the contract states that if the city determines plans for any additional paving improvements at least 30 days before completion of current work the contractor will accept them at the same terms. The assessment rolls are being prepared for approximately 66 where property-owner petitions requesting paving have been submitted and other key thoroughfares selected by the commission.

### Housewarming Is Given For Wilsons

A housewarming was given for Mr. and Mrs. Jack Wilson in their new home at 800 Settles Friday evening.

Hostesses for the affair were Mrs. Tom McAdams, Mrs. Fred Coleman, Sonora Murphy and Mrs. Earl Wilson.

Guests were received by Mr. and Mrs. Jack Wilson, Mrs. Fred Coleman displayed the gifts and Mrs. Tom McAdams registered the guests.

Sonora Murphy and Mrs. Earl Wilson presided at the refreshment table which was decorated with red roses.

Those present were Lucille Petty, Billie Barton, Nannie Adkins, Jean King, Mrs. Charlie Peterson, Mrs. R. V. Foreyth, Eula Pond, Thelma Braune, Happy Hickman, Mrs. Jean Crenshaw, Lucille Penkett, Mrs. A. D. Bryan, Mrs. W. P. Hughes, Mrs. Tracy Thompson, Mrs. Minnie Murphy, Mr. and Mrs. Arthur Caywood, Mr. and Mrs. Jim Harper and Mr. and Mrs. J. H. Coats.

Mr. and Mrs. L. E. Burks, Mr. and Mrs. Ulysses Hull, Mr. and Mrs. Paul Scherer, Mrs. W. P. Mims, Mrs. W. D. Miller, Mr. and Mrs. Charles Wilson, Mrs. Lillie Wilson, Mr. and Mrs. J. D. Cauble, Mr. and Mrs. T. H. Amerson, Mr. and Mrs. Ira Norrell, Mr. and Mrs. Eugene Wilson, Mr. and Mrs. Roy Wilson, Mr. and Mrs. Garrett Patton, Mr. and Mrs. A. C. Wilkerson, Mr. and Mrs. Lewis Parker and Mr. and Mrs. Earl Wilson.

### Pink And Blue Are Colors At Shower

Pink and blue colors predominated in decorations for a gift tea and shower for Mrs. Herman Taylor in the home of Mrs. Gene Haston Friday evening.

Hostesses were Mrs. Haston, Mrs. Buck Tyree, Mrs. R. M. Stroup and Mrs. H. E. Fisher.

The lace laid table was adorned with a bouquet of pink rosebuds as the centerpiece. Pink and white tapers completed the decorations.

Mrs. Jack Hanson registered guests.

Attending were Mrs. Burnard Mayo, Mrs. John Couch, Mrs. Tommy Malone, Mrs. Milton Kirby, Mrs. Garland Sanders, Mrs. H. T. Moore, Mrs. Jimmy Medford, Mrs. C. B. Sullivan, Mrs. R. E. Porter, Mrs. Weldon McClanahan, Mrs. Miller Russell, Mrs. Jeff Chapman and Janice, Edna Sanders, Mrs. Ruth Crain, Mrs. Lealand Edwards, Mrs. Gene Wilson, Mrs. Roy Wilson, Mrs. Bill Steagald, Mrs. Monroe Gafford, Mrs. John Rudeseal, Mrs. Tom Buckner, the honoree and the hostesses.

### Joyce Cleavenger, Billy Rogers Wed

Joyce Cleavenger, daughter of Mr. and Mrs. J. W. Snelling of Forsan, and Billy Bob Rogers, son of Mr. and Mrs. R. W. Rogers were united in marriage in the home of Mr. and Mrs. Doyal Grice Wednesday evening.

Walter Grice, Justice of the peace, performed the double ring informal ceremony.

The bride was attired in a white eyelet embroidered dress, with a bustle effect and sweetheart neckline. She carried pink rosebuds and her accessories were white.

In the traditional something borrowed and blue, she wore a garter belonging to Mrs. Doyal Grice and for something new, she wore her wedding dress.

Mr. and Mrs. Doyal Grice attended the couple.

The bride is a graduate of Forsan high school and is employed by the Bell Telephone company.

The bridegroom attended Big Spring high school and served in the Navy for some time. He is now employed by the Cosden Petroleum company.

The couple will be at home in Big Spring.

A reception was held immediately following the ceremony in the Grice home.

LaVerne Casey presided at the punch service and Mrs. Grice cut the cake.

Guests attending were Mr. and Mrs. Billy Casey, Stella Turk, Roy Reed and Jerry Rogers.

Mrs. Ina Monteith is in Fort Wayne, Ind., to spend the summer with her son-in-law and daughter, Mr. and Mrs. J. L. Reinhart.

Mrs. Nora Lee Walters is visiting friends and relatives in Anderson, Ind., and will spend May and June in the home of her daughter and family.

KEYS made at Johnny Griffin's.

### Demonstration Club Plans For National HD Week

Plans for National Home Demonstration Week were made at the HD Club council Saturday afternoon at the County agent's office.

The council is sponsoring a series of radio programs this week beginning Monday from 4:30 to 4:45 p. m. with the topic, "History of Home Demonstration Work" by the Fairview and Luther clubs. Tuesday, the R-Bar and Overton clubs will present a program on "Marketing"; Wednesday's topic will be "Home Improvement", by the Centerpoint and Forsan clubs; "Furniture Arrangements" will be presented Thursday by the Coahoma club and Friday's program will be "Clothing" by the Knott club.

On May 4, at the First Methodist church, the council will entertain with a book review and tea. Mrs. I. H. Severance will review, "Green Grass of Wyoming" by Mary O'Hara.

Announcements concerning the Fun Night sponsored by the Knott club on May 14, and the 42 party on May 7, by the Centerpoint club were made. The Fairview club is to have charge of the exhibits in June at the council meeting.

Those persons who want to buy pineapple and strawberries cooperatively are asked to contact the Home Demonstration office by Saturday, May 8.

Those present were Mrs. Edward Simpson and Mrs. Claude Self of Luther; Mrs. Pearl Cauble, and Mrs. B. J. Petty of Overton; Mrs. Allen Hull and Mrs. Albert Davis of Centerpoint; Mrs. I. H. Severance, Mrs. Sam Armstrong and Mrs. Ray Swann of Coahoma; Mrs. L. B. McElrath, Mrs. H. L. Tienerand and Mrs. J. M. Craig of Forsan; Mrs. W. H. Ward, Mrs. Frank Wilson, Mrs. G. W. Webb and Mrs. Shirley Fryar of Fairview; Mrs. W. A. Burchell, Mrs. J. T. Gross and Mrs. P. P. Coker of Knott; Mrs. Earl Hull from R-Bar; Mrs. Frank Thieme of Forsan and Miss Margaret Christie and Mrs. Dale Puckett.

### Fight Accidents

NEW YORK (U.P.)—The American Trucking Association is considering a national drive to enlist 6,500,000 truck drivers in a highway safety movement. Edward J. Buhner, president of the eastern region, warned that the volume of road accidents would increase greatly this year unless immediate action is taken.

**Cadillac**

INDIVIDUALITY

Just as the 1948 Cadillac differs from all other cars in the character of its quality and performance—so does it differ in individuality of appearance. More than ever before, Cadillac's inner goodness is now being mirrored in its outward beauty. You can actually see the degree of Cadillac leadership as the car flashes past on the highway. As a result, thousands who have not previously aspired to Cadillac ownership are deciding to make Cadillac their next motor car. Orders placed with dealers in the past few months have broken all records in Cadillac's long history of public approval. Have you seen the new Cadillac? If not, you are welcome to call at our showrooms at any time.

## Concordia Ladies Aid Society Will Host Zone Rally At Lutheran Church

The Concordia Ladies Aid Society of the St. Paul's Lutheran church will be host to the members of the West Texas Lutheran Women's Missionary League societies on May 4.

Mrs. Albert Hohertz of Big Spring will preside at the meeting of the LWML zone rally four as chairman. Mrs. Hohertz was elected to this position at the meeting of the league last spring in Brady.

The meeting will open at 10:30 a. m. with a round table discussion for all officers of the ten leagues represented in west Texas. At 11 a. m. the Rev. Ad H. Hoyer, pastor of St. Paul's Lutheran church will open the meeting with a devotional and address. Mrs. John Foster will welcome the guests.

The assembly will hear three addresses and discuss them in the afternoon. The first address will be given by the Rev. C. F. Juergensen of Brady, a former pastor of the local St. Paul's Lutheran church during the years of 1926 to 1928. His topic will be "Lord, What Will Thou Have Me To Do". The second address by the Rev. V. Buving-

hausen of San Angelo, will present the topic, "Bible Study in the LWML Society Meetings." The third, "The Profitable Use of the LWML Quarterly" will be given by the Rev. Gilbert C. Becker of Midland. A business session will follow the program.

The meeting on May 4th will be the first the local Concordia Ladies Aid has undertaken towards entertaining the zone rally. The program and hospitality for the day has been in charge of the officers of the local society. Mrs. M. H. Carroll, president; Mrs. Henry Fehler, secretary; and Mrs. W. F. Pachall, treasurer, assisted by other members serving as committees.

The noon lunch will be served to all guests in the Presbyterian church by the members of the Presbyterian Auxiliary.

The Lutheran Women's Missionary League is a national federation of Lutheran women with a membership of 80,000 affiliated with the Lutheran church with headquarters in St. Louis, Mo. The league was organized on Feb. 19,

1932 for the purpose of enlisting and uniting the women of the Lutheran church and their organizations for consecrated service to the church and home for all Christian endeavors. The endeavors sponsored are student welfare, Christian entertainment, literature, missions, music, Valparaiso University, benevolent and welfare work for home and child.

Among the latter projects the league has, during the past war years sponsored the establishment of orphanages for children in war torn countries. Working closely with the Relief organizations of the Lutheran church they have also sponsored the program of adopting families in Europe and supplying these with the necessities of life.

In Texas, the league has supplied funds, through the monthly mite-box collections which represent the "pennies a day saved for the Lord" for the purchase of the organ and furnishing the chapel at the Austin Lutheran college and building of several chapels for the Lutheran Latin American Missions.

### Roses Are Decorations At Modern Bridge Club

Roses were decorations at the Modern Bridge Club Thursday afternoon in the home of Mrs. Escol Compton.

Mrs. R. W. Holbrook won high score, Mrs. John C. Compton, guest high; Mrs. L. B. Edwards and Mrs. John Brinner the bingo scores.

Mrs. L. B. Edwards will be the hostess May 13.

Refreshments were served to two guests, Mrs. John C. Compton and Mrs. Arthur Caywood, Mrs. Frankie Nobles, Mrs. Elvis McCrary, Mrs. R. W. Holbrook, Mrs. L. B. Edwards, Mrs. John Brinner and Mrs. Compton.

## Girl Scouts' May Fete

Scenes of the third annual May Fete as sponsored by the Big Spring Girl Scouts Council are today's pictures. This fete will be held at the city park amphitheatre beginning at 7:30 p. m. May 4 and features all of the troops of Girl Scouts from the Brownies to the Senior troop in Big Spring. Music during the ceremonies will be furnished by the High school band under the direction of J. W. King.

UPPER LEFT is Troop 17 under the direction of Mrs. G. R. French as the members will appear in Spanish costumes to enact a Spanish custom of breaking the pinata.

LEFT CENTER is Brownie Troop 14 under Mrs. Charles Holderbaum and Troop 22 directed by Mrs. Lee Harris. They are dressed to portray the "gâteau de rois" or cake of the king's feast, Belgium custom, which has as its theme the cutting of the cake which has a bean in it; the person who finds the bean is crowned as queen of the festival.

LOWER LEFT in Chinese costumes, members of Troop 16 and 19 under the sponsorship of Mrs. K. H. McGibbon and Yvette Watkins, respectively, prepare for the feast of the lanterns, the ritual that welcomes the lengthening of days and the return of Spring as the Chinese festival.

UPPER RIGHT is the May Queen on the pedestal, Wanda Lou Petty, and her court. These girls are from the Senior troop eight under the sponsorship of Arah Phillips and Anna Smith.

CENTER RIGHT portrays the flag bearers who will carry the national and international flags. It is composed of Troop one under the direction of Mrs. Joe Burtell and Troop four directed by Mrs. Joe Woods.

LOWER RIGHT Troop 21 with Mrs. Dub Rowland as leader is shown as the members prepare for the Christmas feast according to the Norwegian folk myth. The small elf in the foreground is the main character in the myth.

Those not shown who will participate in the fete are Troop 10 and 11 under the direction of Mrs. Harold Steck and Mrs. Bill Early, as they portray the Czechoslovakian feast at the return of spring; Troop seven with Mrs. M. F. Ray as sponsor, doing the promise ceremony; Troops five and six directed by Mrs. J. A. Fisher and Mickie Boyvey, and Mrs. L. E. Phillips and Mrs. R. C. Thomas as they enact the celebrations in Austria; the customs of Switzerland as shown by Mrs. Floyd White's Troop two; Mrs. Paul Darrow and Mrs. James O'Neal's Troop nine, Mrs. Marion Beam's Troop three and Mrs. R. R. McEwen, Jr.'s Troop 18. The main event in this celebration is the burning in effigy of Bogg, who characterizes Winter.

The American customs will be enacted as the Negro spirituals by Troop 12 and 13 under the leadership of Willie Jean Jones and Inez Brown. They will sing a number of these spirituals. The theme for the fete is "Girl Scouts United By Ideals", which is also the international theme. (Photos by Jack M. Haynes).

## Jake Bruton Is Father's Night Speaker At Central Ward P-T-A Meet

Jake Bruton spoke on "Juvenile Delinquency" at the Father's Night program of the Central Ward Parent-Teacher association at the school Thursday evening.

Bruton stated that, "Juvenile delinquency is decreasing in Big Spring," and he further said, "all delinquents are not from broken homes, but many are from homes where parents have an indifferent and negligent attitude toward their child."

Mrs. J. T. Baird gave the devotional, "Christian Home," and W. C. Blankenship led in prayer.

Mrs. A. E. Underwood, new president for 1948-49, was introduced to the Association, followed by the presentation of all other officers.

Mrs. C. C. Williamson presided during the business session and appointed an auditing committee composed of Mrs. Arthur Caywood, chairman, and Mrs. Luke McClelland and Theola Sullivan as her assistants.

A cowboy movie and several comedies were projected for approximately 55 children by Mrs. Yvette Watkins, Mrs. Ruth Burnam and Mrs. Katherine Russ.

This movie was the club's project for the past year.

Miss Theola Sullivan's class won the room count.

Following the business session, a social was held, with Mrs. E. E. Reynolds, Mrs. Albert McGehee and Mrs. Doris Cole as co-hostesses.

Mrs. C. C. Williamson and Mrs. A. E. Underwood presided at the punch service, symbolizing the outgoing and incoming presidents respectively.

The lace-laid table was centered with an arrangement of yellow and blue Dutch iris, with table appointments of crystal and silver. Bowls of ivy and candles on the buffet completed the decorations.

Those attending were Mrs. Julian T. Baird, Mrs. Luther Coleman, Mrs. Morris Madden, Mr. and Mrs.

Roy Brown, Grace Mann, Mrs. T. A. Stephens, Mrs. Lonnie Morris, Mrs. Douglas Boyd, Mrs. Gladine Cox, Mrs. Elvis McCrary, Mrs. D. T. Arnold, Mr. and Mrs. J. A. Coffman, Mrs. E. H. Hinkley, Mrs. R. M. Parks, Mrs. J. B. Bruton, Mr. and Mrs. L. M. Brooks.

Luther Coleman, Mr. and Mrs. James Wilcox, Theola Sullivan, Dorothy Sue Rowe, Mrs. Roy Tidwell, Mr. and Mrs. T. A. Underhill, Mr. and Mrs. H. C. McNabb, Mrs. Earl Reynolds, Mr. and Mrs. C. C. Williamson, Mrs. J. C. Lane, Mr. and Mrs. Ernest W. Richardson, W. C. Blankenship, Mrs. Alton Underwood, Mr. and Mrs. Albert McGehee, Catherine Russ, Ruth Burnam, Mrs. Doris Cole and Mrs. Yvette Watkins.

### Mrs. Raymond Stallings Is Bridal Shower Honoree

Mrs. Raymond Stallings, the former Fay Newton, was named honoree at a bridal shower recently in the home of Mrs. Edgar Phillips. Hostesses were Mrs. E. L. Roman, Mrs. J. M. Ringener, Mrs. Ray Anderson, Mrs. Carl Hammack, Mrs. Truett Thomas, Mrs. Frank Fryar and Martha Bearden. Approximately 75 called during the afternoon.

Mrs. Clyde Thomas, Jr., returned Friday evening from Houston where she visited her father, H. T. Lucas.

Pvt. Marion E. Morgan, son of Mr. and Mrs. Pierson Morgan, has been stationed at Lackland Field with the Air Force in San Antonio.

# Ritual Of Jewels, Banquet And Dance Are Held By Members Of Beta Sigma Phi Friday Evening

The ritual of jewels, the pledge rituals and the exemplar chapter's rituals were given at the meeting of Beta Sigma Phi members Friday evening at the First Methodist church preceding the banquet and dance.

The ritual of jewels was presented by Marcella Childers of the Exemplar chapter assisted by Kathaleen Freeman, incoming president of the Omicron chapter Emma Mae Carleton, outgoing president of the Omicron chapter and Mattie Bell Tompkins and Lorraine Talbot. This was given to Nettie Jean McEwen, Faye Morgan, Lola Nell, Kate Irons, Joy Phillips, Margaret Brown, Gladys Mattingly, Mary Ruth Robertson, Gladine Cox and Janet O'Brien. These pledges were made members of Beta Sigma Phi.

Those initiated as pledges in the pledge ritual given by Marguerette Wooten, president of the Exemplar chapter, with the assistance of Mrs. Carleton, Mrs. Freeman, Mrs. Tompkins and Mrs. Talbot were Dorothy Sue Rowe, Billie Jean Rowe, Joyce Jones, Christine Jaguers and Patti McDonald.

Anna Darrow read the ritual for Beatrice Stacey and Carolyn Smith of Midland who are going into the Exemplar chapter.

The banquet room was decorated with maypoles festooned with pastel streamers and one large maypole formed the background. Candy maypoles were favors.

Barbara Gage, mistress of ceremonies gave a welcome to the pledges to begin the banquet program. Patti McDonald responded. Marie Christoffer gave a talk on "The Seventeenth Anniversary of Beta Sigma Phi". A message from Mr. Ross, founder of Beta Sigma Phi, was given by Tooka Reinwald. Cosaree Walker gave the toast. Emma Mae Carleton was presented with the gavel by Mrs. Gage.

The contest winning song, "It's My Beta Sigma Phi" was sung by Lorraine Talbot accompanied by Mattie Bell Tompkins.

The dance was held in the American Legion hut and decorations were baskets of roses with roses entwined in the lattice work and on the trellis. Yellow roses formed a large Beta Sigma Phi emblem. Music was by Pat Williams and his orchestra.

Those attending were Marguerette Wooten, Anna Darrow, Marcella Childers, Pat Dobbins, Elizabeth Murdock, Evelyn Merrill, Nell Rhea McCrary and Clarinda Harris of the Exemplar chapter.

Alta Mae Bettie, Emma Mae Carleton, Margaret Brown, Maurine Crane, Marie Christoffer, Gladine Cox, Theresa Crabtree, Kathaleen Freeman, Barbara Gage, Marjorie Graves, Dorothy Hall, Dolores Keith, Freda Hoover, Kate Irons, Clarice McCasland, Lola Nell, Gladys Mattingly, Junia Mizell, Faye Morgan and Nettie Jean McEwen.

Frankie Nobles, Janet O'Brien, Patsy O'Neal, Joy Phillips, Juanita Pool, Dottie Puckett, Tooka Reinwald, Mary Ruth Robertson, Corrine South, Beatrice Stacey, Helen Steck, Lorraine Talbot, Harriett Talbot, Mattie Bell Tompkins, Jonanna Underwood, Cosaree Walker, Edna Womack, Erma Lee Young, Patti McDonald, Christine Jaguers, Dorothy Sue Rowe, Billie Jean Rowe, Joyce Jones and Caroline Smith of Midland.

## Mrs. Ray Griffin Is High Scorer At Bridge

Mrs. Ray Griffin won high score of the Afternoon Bridge club Friday in the home of Mrs. Roy Lassiter.

Other winners were Mrs. J. O. McCrary, second high, and Mrs. Elvis McCrary, bingo.

The next meeting will be with Mrs. Elvis McCrary.

Refreshments were served to Mrs. Griffin, Mrs. J. O. McCrary, Mrs. Elvis McCrary, Mrs. Carlson Hamilton, Mrs. Jimmy Jennings, Mrs. J. E. Dillard and Mrs. Ollie Anderson by the hostess, Mrs. Lassiter.

## Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regain Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduce the red-blood strength—and starved, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Beta Sigma Phi Pledges—Christine Jaguers, Dorothy Sue Rowe and Joyce Jones, seated, and Patti McDonald and Billie Jean Rowe, standing. (Jack M. Haynes, photo.)

### Bridge Tournament

A bridge and 42 tournament will be held Thursday afternoon beginning at 2 at the Crawford hotel under the sponsorship of the College Heights Parent-Teacher Association. Members of the committee for the ticket sales are Mrs. Howard Stephens, Mrs. Clyde Johnston, Mrs. Ralph Wyatt and Mrs. Haley Haynes.

### Life Of Rachel

A discussion of the life of Rachel will be given by the Rev. J. R. Maceo at the Woman's Auxiliary of the St. Mary's Episcopal church Monday afternoon in the series of study of the lives of the women of the Bible. Everyone is urged to attend.

## Mrs. Ben LeFever Gives Book Review

"Pere Antoine" by Edward F. Murphy was reviewed by Mrs. Ben LeFever Thursday afternoon in the home of Mrs. G. W. Webb.

The book review and tea was sponsored by the Fairview Home Demonstration club.

Mrs. O. D. Engle presided at the register. Mrs. W. H. Ward and Mrs. Roy Green greeted guests while Mrs. L. Z. Shafer and Mrs. G. W. Webb presided at the table which was laid with white linen. A maypole placed on the reflector served as the centerpiece, with the crystal punch service completing the table appointments. Carnations and roses were placed throughout the house.

Those present were Mrs. Webb, Mrs. Ward, Mrs. Carl Hammack, Mrs. B. L. LeFever, Mrs. Allen Hull, Mrs. Ira Rice, Mrs. G. W. Grigance, Mrs. W. A. Langley, Mrs. O. D. Engle, Mrs. G. B. Hale, Mrs.

# Mother LOVES JEWELRY

Whether she's in her thirties or seventies—and whether she admits it or not—Mother loves that "dressed-up" feeling. Nothing could please her more than a brilliant gift of jewelry. We've 24 years of know-how in pleasing mothers, so why not ask us for suggestions? We've wonderful gifts in every price range to fit every budget.

**Miss Wynelle Franklin, Clifford Hale, Jr. Wed**

Miss Wynelle Franklin, daughter of Mr. and Mrs. A. D. Franklin, became the bride of Clifford Hale, Jr., son of Mrs. Bob Spence of Corpus Christi and Clifford Hale, Sr. of Big Spring in a formal candlelight service Saturday evening in the First Methodist church.

The grandfather of the bride, the Rev. O. S. McIver, assisted by the Rev. C. A. Long, read the double ring ceremony.

The altar of the church was decorated with palms, calla lilies and cathedral tapers. Candles were placed in the windows also. They were lighted by Mrs. Grady Hodnett and Ellen McLaughlin. Mrs. Hodnett wore a formal dress of pink net and Miss McLaughlin was dressed in bluesorgandy.

Preceding the ceremony, Mrs. Champ Rainwater, organist, played several selections. Miss Joyce Howard, attired in pink marquisette sang "I Love You Truly" and Arnold Marshall sang "O Promise Me." Mendelssohn's "Wedding March" was used as the processional and recessional, and the "Bridal Chorus" from Lohengrin was also used. During the ceremony, "Traumerel" by Schumann was played softly.

The bride, given in marriage by her father, wore a white dress fashioned of organdy with a deep lace yoke, long lace sleeves coming to a point over the hand, and lace insets in the full circular skirt. Her finger tip veil of illusion was held with a halo of stephanotis. She carried a white Bible topped with an orchid.

The bride's attendants wore dresses of identical design in pastel shades of organdy with low round necks, puffed sleeves and circular skirts. Mrs. Bill Teague, matron of honor, wore green or ANDY. Misses Oneta Chapman and Dorothy Day, the bridesmaids, wore dresses in blue and orchid organdy respectively. Sue McMurtry, junior bridesmaid, was dressed in pink

organdy. They carried colonial bouquets of gladioli.

Lee Smith attended the bridegroom as best man. Groomsmen were Arthur Wendell Franklin, brother of the bride, and Lowell Hoggins; John K. Mitchell was junior groomsmen. Ushers were G. C. Broughton, Barze Fletcher, Grady Hodnett, Dick Harp, Roy Osborne and Jack Haines.

Mrs. A. D. Franklin, mother of the bride, was attired in a formal dress of gray crepe and wore a corsage of rose carnations. Mrs. Bob Spence, mother of the bridegroom, was wearing a formal dress of aqua crepe with a corsage of pink carnations.

Following the ceremony a reception was held in the parlor of the church. Members of the wedding party were included in the receiving line. The bouquets of the bride's attendants formed the centerpiece of the lace covered tea table. Mrs. Fred McGowan served punch from a crystal punchbowl and Mrs. Bernard Lamun cut the wedding cake. Mrs. G. H. Wood presided at the bride's book.

After a short wedding trip, the couple will be at home in Big Spring. Out-of-town guests were the Rev. and Mrs. O. S. McIver, Mrs. Jeff McMurtry, Larry and Sue of Archer City; Mrs. James K. Mitchell, John K. Mary Louise and Richard of Lubbock; Mrs. Jeff Dobbs of Tishomingo, Okla.; Mrs. John McIver of Hereford; Mrs. Thad Edkins, Lou, Jeff, June and Jean Edkins of Odessa; Mr. and Mrs. Bob Spence of Corpus Christi; Mr. and Mrs. F. E. Jolly, Eunice, N. M.; Mr. and Mrs. Everett Lamb, Abilene; Mr. and Mrs. G. B. Mayfield, and Darlene of Lamesa; Mrs. W. E. Guinn, Robstown; Mrs. Carl Matthews and Mr. and Mrs. O. T. Anderson of Abilene.

**Attends Convention**

Mrs. W. L. Meier is leaving today as a delegate from the Modern Woman's Forum to the State Federation of Women's clubs convention in Austin. She will join Mrs. R. A. Eubank, who is already there. Mrs. Eubank is registration chairman of District Eight. The convention will last from May 3 to May 6.

MRS. CLIFFORD HALE, JR.

**Ackerly P-TA To Sponsor May Day Fete Tuesday**

ACKERLY, May 1. (Sp) The Parent-Teacher Association is sponsoring a "May Day Fete" Tuesday at 8 p. m. May 4 in the school gym. All the students of grade school will participate in the program and a portion of the high school students. Mrs. Carl Albert is directing the program which will feature folk dances of several nations, songs and the crowning of the May queen. Everyone is invited to attend.

### Jones Home Is Scene Of Alathean Social

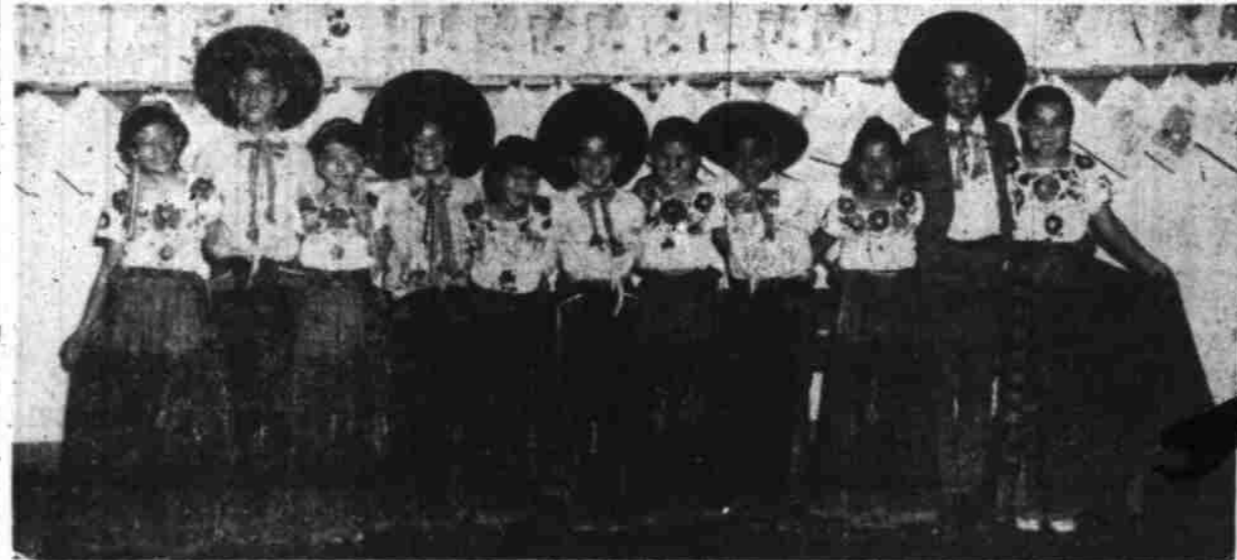

Mrs. Relerce Jones and Mrs. M. F. Summer were hostesses to members of the Alathean Class of the First Baptist church Thursday evening in the Jones home. Mrs. Charles Tompkins, class president, conducted the session. Mrs. Tracy Smith gave the invocation. Reports were given by the officers. The meeting closed with the repetition of Psalms 119:11.

Refreshments were served to Mrs. Reuben Creighton, Mrs. C. W. Mahoney, Mrs. Charles Tompkins, Mrs. James T. Grantham, Mrs. Jack Irons, Mrs. Ross Boykin, Mrs. Loy House, Mrs. Theo Isabell, Mrs. Relerce Jones, Mrs. M. F. Summer, Mrs. Paul Sledge, Mrs. Tracy Smith and Mrs. Merrill Smith.

Robert Gray discovered the Columbia River in 1782.

**FIRST GRADE STUDENTS** at the Kate Morrison School entertained at "Open House" held at the school Tuesday evening. They will do a second appearance at the school on May 6 at the close of the school year. Pictured are, top row, Carmen Vila, Rosa Hinojos, Beatrice Lopez, Adelita Flores, Enequina Fierro, Margarita Salazar, Francisca Rodriguez and Belen Holguin; second row, Martina Robles, Bobby Pineda; Refugia Salazar, Olga Deanda, Rosa Trevino, Gloria Sosa, Herlinda Gonzales and Betty Bessler. The group is composed of six and seven-year-old girls under the direction of Mrs. M. J. Fields. (Photo by Jack M. Haynes).

**CHINAS Y CHARROS** pictured above, are students of the Kate Morrison school who have filled 19 engagements doing Mexican folk dances for clubs, Parent-Teacher Associations and various other clubs since its formation in November. The next engagement will be May 3, when they will entertain in connection with "Cinco de Mayo" celebration. They are Mary Lou Garcia, Rafael Gonzales, Marcela Gonzales, Apolinario Garcia, Adelinda Sosa, Alvin Marin, Elisa Hernandez, Olivia Sanchez, Edward Mendez, Angelita Zubiate, Mrs. Dorothy Wilson, principal, brought their native costumes from Mexico. (Photo by Jack M. Haynes).

### P-TA Unit To Honor All Past Presidents

A tea honoring all past presidents will be given by the membership of the High School Parent-Teacher association Tuesday. The affair will be at the high school cafeteria, beginning at 3:45. Principal among the honorees will be Mrs. B. Reagan, who assisted in organization of the P-T-A and who served as its first president 24 years ago. There have been 18 other presidents. Currently serving is Mrs. W. D. Willbanks.

Mrs. Willbanks has called an executive meeting of the group, to be held preceding the tea, at 3 p. m., also at the cafeteria.

### Mrs. W. W. Lepard Is Honored At Shower

Mrs. W. W. Lepard was honored with a shower recently in the home of Mrs. Bill Barber assisted by Mrs. Doyle Turney.

Those attending were Mrs. Doris Henderson, Mrs. Ira Rice, Mrs. John Wolf, Mrs. C. R. Laudermlk, Jr., Mrs. J. C. Noack, Mrs. W. J. Johnston, Mrs. W. P. Rice, Mrs. W. M. Spears, Mrs. J. W. Barber, Mrs. M. L. Nowland, Mrs. C. E. Laudermlk, Mrs. W. C. Lepard, Mrs. Tex Thurman, Mrs. Doyle Turney, Lois Fay Laudermlk, Mrs. Romana McCullough, Mrs. Bill Barber and Mrs. Caradine Burckett.

Mrs. Lee Laudermlk, Mrs. Jack King, Mrs. Mayme Creath, Mrs. C. R. Laudermlk, Mrs. Alton Rogers, Margaret Laudermlk, Mrs. J. B. Moseley and Mrs. Earl Robinson.

### Alterations

It's not what you wear, it's how you wear it. Your best clothes can look cheap if they don't fit. Your cheapest clothes can look more expensive if they do fit. Let me prove it.

### WHAT GIVES 'ROUND TOWN

By Leatrice Rosa

It would appear that we have all but rejoined the days of soap box "lecturizing"—on every street corner and in every hallway stand persons ready to pounce upon you with speech at hand—and also tickets. Or so we find it. The freshman class at Howard County Junior college is making a door to door canvass soliciting an audience for its play, "Meet My Wives," scheduled for May 10. There are also tickets, those to Bill Inkman's review of "The Bishop's Mantle," at the Settles Hotel Tuesday afternoon.

Disa. and data: Lynn Jeffcoat.

who has been away from the town something like a year and a half, is home again—recuperating from a fall with a horse. Lynn was taking on a job in Los Angeles; previously he had been working in San Francisco. And California has changed the lad not a bit. Joy Barnaby tells us that following graduation she will accept a position as receptionist at a local hospital.

Cpl. J. T. Ervin will leave about Tuesday for Seattle, Wash., after a 10-day furlough here. Formerly stationed at Fort Ord, Calif. J. T. will be up for dispatch to Japan shortly. Sonny Watts left Wednesday for Van Horn where he expects to investigate land tracts, possibly buying. Adrian Cates, Bud Purser, John Ray and Tom Underwood spent Saturday fishing on the Concho.

Bobby Horne, former resident, came into town from Fort Worth for a couple of days this week. Lobby is a freshman at NTAC, Arlington. Penny Bowers returned Tuesday from Dallas where she participated in the Women's International Bowling tournament. Bill Inkman, Sue Rowe and Gerald Anderson departed Saturday bound for a weekend in Fort Worth. Martha Lee Frazer, Robbie Piner and Murray Patterson were to have joined them in Cisco.

Twenty-Thirtians and their dates who attended a picnic-dance at Scenic pavilion Wednesday night: Bob Hatcher, Jackie King (Odesa); G. C. Broughton, Cody Selirik; Russ Shannon, Patsy Spikes; Bill Crank, Rhoda Miller; Arthur Franklin, Betty Baker; Bill Beauchamp, Penny Bowers; Duaine and Betty Williams; Morris and Jimmie Lou Robertson; Don and Jean Burnam; Bud Purser, Betty Smith; Hugh Mathis, Juanita Sewell; Fletch Coffee, Claire Yates; Junior Gay, Peggy Uthoff.

News with the sororities: Epsilon Sigma Alpha entertains this afternoon with a Founder's Day program and seated tea. Mothers of the members will attend as special guests. Beta Sigma Phi had scheduled its Ritual of Jewels and banquet for Friday night at the First Methodist church, followed by a dance at the Legion Hut. Five pledges became members at that time.

Couples attending the annual high school Junior-Senior prom held at Hotel Settles: Jane Stripling, Wesley Strahan; Patti McCormick, Doyle Jenkins; Dot Caudle, Billy Satterwhite; Betty Lou Hewitt, Jim Bill Little; Jerry Bankson, Bob Carlisle; Babs Douglas, George Choate; Jean Conley, wood, Carol Choate, Jean Conley, Tommy Hubbard, Tommie Hill, Cuin Grigsby; Rebecca Lloyd, Dickie Cloud; Faye Russell, Donnie Reeves; Patsy Young, Billy Wozencraft; Joy Barnaby, Alvin Shroyer; Nancy Hooper, Ike Robb; Mary Beth Morgan, Bob Craig; Marilyn Carmack, Wiley Stewart; Jo Barnaby, Jerry Don Rogers, Dot Wasson, Eddie Houser; Scooter Terry, Sandy Edwards.

Don Woods, student at Draughn's Business college, Abilene, arrived Thursday to spend the weekend here. Billy Maxwell of Abilene was in town Wednesday night. Don Freeman left Thursday for Georgia to be with his father who is seriously ill. This week's announcement: Wanda Forest and Jack Dugham have a wedding coming up.

### Spanish Studies Visit Mexico On Bus Trip

A chartered Texas, New Mexico & Oklahoma bus Saturday morning transported some 42 students of Spanish classes in Big Spring high school to Eagle Pass, where they were to spend their annual class trip.

To return Sunday night, the group expected to attend a bull fight, visit numerous missions and market places, attend church services and engage in activities such as swimming offered by Eagle Pass and Piedras Negras, Mexico. Making the trip were Edward Boatman, Frankie Boyd, June Cook, Hazel Corning, Bob Craig, Billie Graham, Jo Ann Kilgore, Delores Kinsey, Billie King, Clarence Long, Delores Rhoton, Norma Rose, Doris Stevens, Elva Thames, Syble Weatherman, Marcellus Weaver, Oleta Williams, Donald

Wren, Marilyn Carpenter, Mervil Click, Frances Crabtree, Betty Dalton, G. G. Hayward. Also Geraldine McGinnis, Sue Nell Nall, Harold Odom, Rebecca Rogers, Gorman Rainey, Carline Smith, Johnny Swindell, Delores Franklin, Barbara Olson, Jane Brookshier, Beverly Campbell, Neeta Betterton, Richard Deats, Robert Reed, Charlie Seydler, Faye Russell, Tommy Hubbard, Mary Hobbs, Diamantina Sanchez and faculty members J. W. King, Flossy Lowe, Mrs. Erma Steward, Marguerite Wood, Jo Hestand and Mr. Boyd.

### Catherine Bowles, William Henry Approaching Marriage Is Revealed

Mrs. Viloa Bowles is announcing the engagement and approaching marriage of her daughter, Catherine to William J. Henry, son of Mrs. Bernardine Henry of Mineola.

The formal ceremony will be solemnized in the First Baptist church on Friday evening, June 4 by Dr. P. D. O'Brien, pastor of the First Baptist church.

Attending the bride will be Mrs. Earl D. Miller of Riverside, Calif. as matron of honor; Freda Haner of Dallas and Pauline Henry, sister of the bridegroom of Mineola as bridesmaids.

The bridegroom's attendants will be Rex D. Humphries of Mineola as best man, David Massey of Lubbock and Lawrence Vandergrieff of Grand Saline as groomsmen.

Miss Bowles graduated from Big Spring high school in 1943 and is presently employed by Southwestern Bell Telephone company. Henry is a graduate of Mineola high school in 1944 and served in the Navy for two years and is now attending Texas Technological college in Lubbock.

Catherine Bowles

### Come As You Are Breakfast Is Given For HHS Club

The three tables were laid with white cloths and featured bouquets of floating roses as the centerpieces.

Attending were Mary Robbins, Nancy Whitney, Nancy Hooper, Nancy Lovelace, Judy Beene, Janelle Beene, Billie O'Neal, Jean Robinson, Earlynn Wright, Patsy Young, Lyndell Gross, Rita Faye Wright, Susan Houser, Dot Pursler, Curtisteen McCauley, the sponsor, Clarinda Harris, and the hostess.

Mrs. Denver Yates hosts Eager Beaver Club

Mrs. Denver Yates hosted the Eager Beaver Club Thursday afternoon at a session of handwork.

Mrs. Harve Bruton will be the next hostess.

Refreshments were served to Mrs. R. I. Findley, Mrs. Harve Bruton, Mrs. R. G. Burnett, Mrs. Clarence Proctor, Mrs. Felton Johnson, Mrs. W. L. Clayton and Mrs. Neal Bryant.

### Thirteen Families Are Welcomed This Week By Hostess

Thirteen families have been listed as newcomers to Big Spring during the week by Mrs. Jimmie Mason, community hostess, as she called on them to extend the welcome from the residents of the city.

At 1212 Sycamore live Mr. and Mrs. Ray Westbrook former residents of Fort Worth. He is employed as yardman for the Texas and Pacific railway company.

Mr. and Mrs. Rayburn H. Whitt moved to 1623 E. 3rd from Sioux Falls, S. D. He is with the Western Seismograph.

Also employed with the Western Seismograph is Jimmy Jordan who lives with his wife at 1623 E. 3rd. They moved to Big Spring from Laurel, Miss.

Mr. and Mrs. Wallace W. Wilson and children, Sheryl 2, and Wallace, Jr., 9 months, live at Ellis Homes. He is employed by the CAA, having been transferred from Abilene.

Other residents of Ellis Homes are Mr. and Mrs. Elbert Coburn, who moved from Brady. He is with the Lett Construction company. They have three children, Julia Faye and Corky 10, and Shirley 12.

Mr. and Mrs. Keith Johnson are from Snyder. They live at El Nito Courts and he is the observer for the Western Seismograph.

Also an employee of the Western Seismograph, Kenneth Marsh and wife and daughter, Judy, 19 months, live at the Coleman Courts. They are from Cisco.

Mr. and Mrs. George Darragh and daughter, Justine 11, residents of 603 George, are from Marble Falls. He is working for the Brown and Root Construction company.

The newcomers at 205 Owen are Mr. and Mrs. Luke Huffstetter and Sherry, 5, of San Antonio. He is employed by Pabst Blue Ribbon beer company.

Also at 205 Owen, are Mr. and Mrs. W. M. Eddins and children, Diana, 18 months and Bill, 3. They are also from San Antonio and he is with the Tret-O-Lite company.

Lewis B. Adams is with the Veteran's hospital. He and his wife came from Harvard, Neb., and now live at 605 Main.

Mr. and Mrs. R. E. Nixon and Nicky, 7 months, live at 106 E. 17th and came from Oklahoma City, Okla. He is with the Western Stove company.

Mr. and Mrs. Larry Mallaran, and daughter Christie, 19 months old, former residents of Lubbock live at 803 Johnson. He is the geological observer for the Standard oil company.

**Junior And Senior Bands To Play Concert**

Both the junior and senior bands will be presented in concert Thursday at 8 p. m. in the city auditorium. Students from the fifth, sixth and seventh grades of Central, West, East and South Ward and College Heights elementary schools comprise the junior band. The senior band, of course, is made up of high school students. The band makes its first appearance of the week, however, Monday when it plays for the Girl Scout May fete, and plays its final concert, an open air event, Friday at 3:30 p. m. at the Big Spring State hospital. It has been arranged by Mr. and Mrs. Jerry Knowles of the recreation department of the hospital in connection with J. W. King, director of the band.

**Sew-Sew Club Meets In Richardson Home**

Mrs. C. E. Richardson was hostess to the Sew-Sew Club in her home Friday afternoon. Those attending were Mrs. V. W. Fuglar, Mrs. Cecil Richardson, Jr., Mrs. Roy Brown, Mrs. Alfred Weese, Mrs. H. W. Rogers, Mrs. Burt Haynie, Mrs. H. B. Stansland and the hostess, Mrs. Richardson.

**Two-Piano Recital Will Be Given By Laverne And Howard Orr Today**

A two-piano recital will be given at the First Baptist church this afternoon at 3:30 p. m. by LaVerne and Howard Orr of Midland under the auspices of the Music Study Club.

HOWARD AND LAVERNE ORR

This is the first program in the series in observation of National Music week as planned by the club.

LaVerne Orr is a pupil of Silvio Scionti and Howard Orr. She received a Bachelor's degree from Southwest Texas State College and was later instructor of piano there, also teacher of church and recital organ. She has been a professional accompanist.

Howard Orr is a pupil of Moriz Rosenthal, Josef Lhevinne, and Wiktor Labunski. He has a bachelor and master of music degrees from the Kansas City Conservatory of Music. He is an associate professor of music at Southwest Texas State College at San Marcos and has formerly had private piano studios in Garden City, Kansas and in Denver, Colo. He played 250 recitals in concert tours before the war in thirteen states.

**Seven Babies Are Born At Hospitals**

The births of seven babies have been reported by the local hospitals this week with a ratio of three girls to four boys.

At the Cowper-Sanders Hospital, Terry Stanley Fields was born May 1 to Mr. and Mrs. T. R. Fields. The infant weighed nine pounds, four ounces.

Mr. and Mrs. J. E. Boyette, Jr., are the parents of a son, Thomas Michael who was born April 29 at a weight of seven and one-half pounds.

Judy Lynn Cato, weighing six pounds, 12 ounces was born April 29 to Mr. and Mrs. E. E. Cato.

The Malone Hogan Hospital reports the birth of Richard Earl Lawson to Mr. and Mrs. E. Lawson on April 26. He weighed seven pounds and eight ounces.

Robert Layne Adams was born to Mr. and Mrs. R. L. Adams on April 28.

A daughter, Beverley Diane was born to Mr. and Mrs. Rufus E. Fowler at the Big Spring hospital on May 1. She weighed eight pounds and eight ounces.

Mr. and Mrs. Henry Patterson are the parents of a daughter, Vicki Lynn who was born on April 26.

**HCJC Will Present Three Act Comedy**

Rehearsals are underway now for the first stage production promoted by the Howard County Junior college. Entitled "Meet My Wives," a full three-act comedy consisting of five boys and six girls will be given at the city auditorium May 10 under sponsorship of the college freshman class.

Proceeds from the play will go toward the freshman-sophomore class prom scheduled for May 31.

In charge of ticket sales are the following students: Rex Voyles, Dan Lewis, David Guinn, Bill Black, Leroy Christoffer, Walter Arnold, T. D. Weaver, Bob Blum, Adrian Cate, Bud Purser, Henry Thames, Lewis Maneely, Betty Stuteville, Barbara Lytle, Kenneth Barnes, Alton Ledbetter, Nuel Holleman, Cecil Chambers, Ray Echols, Jenny Miller and Evelyn Hudleston.

The cast will present excerpts from the scripts before high school and junior college assemblies and possibly at other audiences during the week. Publicity committee includes Darrell Hickman, Leatrice Ross, Dick Clifton and A. J. Cain. Members of the cast are Jimmy Talbot, Ladd Smith, Juanita Anderson, Betty Stuteville, Pete Cook, Audna Neely, Mille Balch, Betty Gutte, Don Clark, Ray Nell Hale and Zack Gray.

"Meet My Wives," is a rapidly moving sketch of a belittled husband who tries to keep things straight with his wife and his two buddies who live with them. The other four women in the cast are on the prowl for husbands and the plot is built about the antics they employ. All characters are amusing.

**MAYOR PROCLAIMS NAT'L MUSIC WEEK**

Mayor G. W. Dabney Saturday proclaimed the week of May 2-9 as National Music Week in Big Spring, and called upon the community to participate in functions during the period.

"Under the sponsorship of the Music Study club an appropriate program of activities has been planned for Music Week," he said. "There will be variety as well as real artistry."

"In setting aside this week for special observance, it is my hope that we will become more conscious of the place of music in the maturing culture of our community."

Baylor students home for the week end are Jean Cornelson, daughter of Mr. and Mrs. Roy Cornelson; Billie Jean Younger, daughter of Mr. and Mrs. Bill Younger; Pat Phillips, daughter of Mr. and Mrs. Roy Phillips and Betty Jean Underwood, daughter of Mr. and Mrs. A. E. Underwood. Accompanying the local girls home as week end guests were Shorty Arnold and Mary Ann Evans of Houston, Margaret Weedon of Bryan, Ann Wasson of Homer, La., and LaLita Ackers of Longview.

**Parent-Teacher Group To Install Officers**

The Big Spring City Council of the Parent-Teacher Association will have its final business meeting of the year, and installation of officers followed by a school of instruction at the High school gymnasium Wednesday.

The session will begin at 10 a. m. at which time reports will be given

by council chairmen and local presidents. This session will last until 12:30 p. m. Luncheon will be served in the school cafeteria at noon for thirty-five cents. Installation of council officers and all unit officers will be held beginning at 1:30 p. m. A school of instruction follows as led by Mrs. Jimmie Mason, out-going president. A special invitation has been extended to all tri-county council officers and members.

**Bubble Sewing Club Meets With Mrs. Amerson**

Sewing was entertainment for members of the Bubble club in the home of Mrs. Lenora Amerson Friday afternoon.

Refreshments were served to Mrs. Charles Neefe, Mrs. Gordon Hickman, Mrs. Walter Braun, Mrs. Lois Foresyth, Mrs. Peggy Ratliff and three visitors, Mrs. Billie Parker, Mrs. Paul Bradley and Mrs. Irene Clifton.

BETTY JEAN UNDERWOOD, daughter of Mr. and Mrs. A. E. Underwood, was elected most beautiful girl in the Freshman class at Baylor University and will compete for Campus Queen in an election May 5. Miss Underwood, an art major, entered Baylor in March. She formerly attended Howard County Junior College, where she was chosen Freshman favorite. She is a member of the West Texas club.

### Handmade Gifts Exchanged At Club

Handmade Mother's day gifts were exchanged by members of the Happy Go Lucky Sewing club following the covered dish luncheon in the home of Mrs. A. J. Allen Friday afternoon.

Mrs. Allen Wiggins was co-hostess. Secret pal gifts were also exchanged.

The lace-laid table was centered with an arrangement of roses and various bouquets of roses completed the decorations in the party rooms.

Those attending were Mrs. Curtis Reynolds, Mrs. Garland Sanders, Mrs. Sam Bennett, Mrs. Bob Kehley, Mrs. J. B. Riddle, Mrs. F. W. White, Mrs. Henry Robinson, Mrs. Marvin Sewell, Mrs. J. W. Croan, Mrs. Clayton McCarty and Mrs. Harvey Wooten.

Mrs. W. O. Graham will entertain the club at the next meeting, May 13.

About 21 per cent of American homes which were wired for electricity had vacuum cleaners in 1925 and about 51 per cent had them in 1942.

The English Channel is about 350 miles long and 100 miles wide at its broadest point and 22 miles at its narrowest.

### Ruth Circle Has Family Picnic

The Ruth Circle of the First Christian church entertained with a family picnic at the City Park Friday evening.

Attending were Mr. and Mrs. G. B. Farrar and Gerald, Mr. and Mrs. Arthur Caywood and Lawrence, Bobby and Jerry, Mr. and Mrs. J. D. Allen, Charlotte and Ruth Ann, Mr. and Mrs. W. D. McNair and Larry, Mr. and Mrs. H. C. Douglass and Mike, Mr. and Mrs. A. A. Marchant, Jackie and Charles.

Mr. and Mrs. James Petroff, Nicki and Bobby, Mr. and Mrs. A. L. de Graffenreid and Adrian, Mr. and Mrs. Hack Hudgens and Jodel, Mrs. O. C. Lewis, Sharon and Shelby, the Rev. and Mrs. Lloyd Thompson and Archie, Mr. and Mrs. Vellie Sorrels and Betty, Mrs. A. L. Tamplin and Jane, Mr. and Mrs. Roger Hurt and Betsy, Mr. and Mrs. Russ Mouglin, Mrs. Edison Taylor, Mrs. Cliff Wiley, Mrs. F. C. Robinson, Henry Holmes, C. A. Murdock, Jr., and Virginia Wood.

Mrs. W. B. Hilgers and son, David of Boston, Mass., left Sunday after visiting with her father, Bernard Lamun.

### Bernard Harmon Home Is Scene Of Shower

FORSAN, May 1. (Spl) — Mrs. H. N. Holcomb was honored Thursday afternoon with a pink and blue party in the home of Mrs. Bernard Harmon in the Amerada Camp Co-hostesses were Mrs. Paul Gordon, Mrs. Lidge Blankenship and Mrs. Johnny Griffith.

Bouquets of roses were placed in the entertaining rooms and the

table was covered with a hand crocheted white cloth centered with a bowl of mixed garden flowers. Guests registered were Mrs. H. E. Johnson, Mrs. Fred Andrews, Mrs. E. W. Holcomb, Mrs. C. W. Howard, Mrs. R. C. Bowden, Mrs. Johnnie Soules, Mrs. J. C. Pye, Mrs. H. N. Yeaden, Mrs. J. P. Kubecka, Mrs. P. R. Stroud, Mrs. Ed Wilkerson and the hostesses.

A fur trading post established by John Jacob Astor in 1805 at Astoria, Oregon, was the first U. S. foothold in the Pacific Northwest.

**Mrs. Micky McGuire Is Complimented At Shower**

Mrs. Micky McGuire was honored with a layette shower in the home of Mrs. John A. Carlson recently.

Hostesses for the entertainment were Mrs. J. C. Parker, Mrs. John Truly and Mrs. John A. Carlson. Refreshments were served to Mrs. Micky McGuire, Mrs. J. L. Lambright, Mrs. Ray Ramsey, Mrs. Del Williams, Mrs. Wayne Williams, Mrs. Dorothy Hubbard, Mrs. Helen Lovett, Mrs. James Tyra and Mrs. H. J. Land.

Government estimates indicate that the U. S. food supply is sufficient to provide 3,400 calories per capita at the retail level.

**WHY STARVE TO TAKE OFF FAT?**

When you buy Barcontrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcontrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcontrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcontrate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barcontrate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away—almost like melting fat. At the same time you feel better, more peppy, more alive, but never starved or hungry.

**Lost 22 Pounds**

"I lost 22 pounds taking Barcontrate and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Gertrude Billings, Route 1, Devine, Texas.

**15 Pounds Lost**

"I lost 15 pounds taking Barcontrate and can now control my weight. I feel much better in every way and I gladly say, 'It's Barcontrate to control the weight!'"—Mrs. Gayle Matthews, 923 Threadneedle Street, Beaumont, Texas.

## Progress In Music Arts

This week, with the Music Study club taking the lead, National Music Week will be observed in Big Spring. We cannot remember when a more complete series of observances has been arranged.

This is one evidence, it seems to us, of progress being made in the developing of public acceptance of good musical entertainment in Big Spring. At times it has seemed an uphill battle to those women—and men—who have labored so long and faithfully in the cause, and the battle is by no means won as yet. But we are beginning to get some place.

For one thing, Big Spring is not nearly so devoid of accomplishments in this fine art as some would have you think. Some of the region's outstanding young vocal and instrumental artists received their fundamental training right here. Their promising talent is enough to quicken the pulse.

Gradually, we are branching into new adventures. Our instrumental program in the high school is definitely on the upgrade and someday we may have an orchestra. The choral groups are coming along. A start is to be made this autumn in a system-wide elementary school musical program.

Big Spring has an unusually fine group of private teachers as well as amateur musicians who are devotedly enthusiastic for the development of this culture.

We hope that the public will join in this week by good attendance to demonstrate its appreciation for the work. A National Music Week salute is richly deserved by these who are enriching our community life.

## Storehouse Of Facts

By FRANK GRIMES  
Herald Staff Writer

George Stimpson is the Washington newspaperman and fact-complier extraordinary we most like to quote, not only because George is a lovable person but also because every time he publishes a new book, he smartens us up.

First, it was "A Book About a Thousand Things," then "A Book About the Bible." The first was a Book-of-the-Month selection, and the latter also made the best-seller lists.

George Stimpson has rung the bell again, this time with "Information Roundup," described by the publishers, Harper & Brothers, as "a new treasury of odd and fascinating knowledge." The publishers' blurb says, correctly we believe, that George is "the man who made information exciting reading."

All his adult life George Stimpson has been stashing away interesting information, like a squirrel stows nuts, though of course there is nothing personal in the simile. His office in the National Press Club Building in Washington is filled from floor to ceiling with filing cabinets crammed to bursting with indexed and cross-indexed odds and ends of information on questions people are continually asking, such as did Charles Darwin originate the theory of evolution. (No; ancient Greek philosophers toyed with the idea.)

One almost needs a shoe-horn to get into the Stimpson office, so crowded is it with filing cabinets stuffed with the fruits of George's incessant search after the interesting and researched. Example: The longest, legitimately formed word in the English language is antidisestablishmentarianism, with 28 letters. Stimpson points out that Wm. E. Gladstone used this word in a Commons speech, whereupon the witty Disraeli characterized Gladstone as a "sophisticated rhetorician, inebriated with the exuberance of his own verbosity, and gifted with an egotistical imagination that can at all times command an interminable and inconsistent series of arguments to malign an opponent and to glorify himself." Whew!

How long do mosquitoes live? Well, we know the answer to that without consulting "Information Roundup." Our answer would be, far too long. George says they live several months.

In what war did cavalry capture a fleet? The usual answer is the French revolutionary war, when a French cavalry unit rode out upon the ice and took charge of the Dutch fleet.

But Stimpson shows that it happened not once in history, but several times. Jeb Stuart's cavalry once chased a federal gunboat down the Pamunkey River for several miles, but failed to capture it.

Is the tomato a fruit or a vegetable? Well, it's a berry. The book points out that botanists classify the tomato technically as a berry, which means a simple fruit which is nearly all edible, like the banana, grapes and currants. But the U. S. Department of Agriculture, our author notes with crossed fingers, classifies the tomato as a vegetable.

Is corned beef so-called because the animal was fed on corn? Nope. It's because corned beef was originally prepared with coarse grains of salt. Corn means a hard, small particle, like various seeds—or like grains of salt.

The latest book from George Stimpson's workshop contains 387 pages and is fully indexed. The price is \$3.95. A few sessions with it and one may astonish the neighbors with the depth of his learning, or make a nuisance of himself showing off.

## Tarts, Darts And Dashes

Side-stepping only gets you farther away from where you hope you are going.

When your sins find you out, it's just about as bad as when the collectors find you in.

If you doubt that women are wearing fewer clothes, just take a look at the figures.

Regardless of your walk in life, smooth running gets you there a lot quicker.

## Today And Tomorrow—

## Military Guesswork

In a valiant effort to make intelligible what the "Army and Navy Register" has called a "welter of confused recommendations," Mr. Hanson W. Baldwin mentioned uncertainty as to whether the emergency, which Mr. Truman described in his St. Patrick's Day message, is "short term or long term." This is, I think, the chief explanation of the Forrestal-Symington, the Air Force-U. M. T. draft controversy and confusion.

The Pentagon, having received no clear directive from the President as to whether to prepare for a near or a distant military showdown, finds itself trying to guess what the Russians intend to do. But since the Pentagon cannot be sure that it is guessing right, it is but natural that it should be divided and confused.

So Mr. Symington and his constituents in the House of Representatives want to prepare for war in 1952, the theoretical date when they have decided to think the Russians will have atomic bombs. The orthodox sponsors of the U. M. T. are also trying to get ready for a theoretical war several years hence. Mr. Forrestal is trying to "balance" the conflicting pressures (so far as one can judge) on the theory that we ought to prepare a little for all the different possibilities.

But if we ask ourselves why we have been discussing extra military measures since the middle of March, the answer must surely be that in the judgment of the Administration there has been a change in the international situation since the events in Czechoslovakia, Finland, Berlin and Vienna. This was also the judgment of the Western powers of Europe; otherwise they would not so hastily have signed the Brussels alliance.

What does this all add up to? It adds up to the judgment that the emergency is now and near—that this is the critical period, that if there is to be a showdown it will not be when Mr. Symington has the perfect jet-propelled air force of 1952, and when the U. M. T. enthusiasts have a great trained reserve some years hence, and when Great Britain and France have recovered under the Marshall plan and are rearmed in the distant future.

If all the governments of western Europe and our own have not been having an unnecessary fit of nerves this is in truth the critical period. What will count is the military power which can be mobilized at once, and deployed at once, so that there may be a force in being.

## Affairs Of The World—

## Britain Has Big Cleanup

By DEWITT MACKENZIE  
Hostility to communism's ruthless aggression continues to grow apace in the democracies, and among the many striking evidences of this is the British Socialist party's purge of extreme leftist members in the House of Commons.

John Bull's Socialists are, on the whole, middle-of-the-road politically but until recently had regarded their left wing with considerable tolerance. The Bolsheviks' brutal rape of Czechoslovakia, however, produced a tremendous reaction against the red ism throughout Western Europe. This was intensified by Communist threats of taking over the Italian government by force if the national elections went against them.

Small wonder then that the leadership of the British Labor (Socialist) Party should have "seen red" when left-wing members in parliament sent a telegram to Pietro Nenni, leader of pro-Communist Italian Socialists, wishing them success in the elections. The aggravation was doubly severe since the message was counter to the British party policy of supporting anti-Communists in the election.

John Platts-Mills, regarded as ringleader in sending the message, has been expelled from the party. This doesn't deprive him of his seat in Commons, but excludes him from caucuses and deprives him of party support if he is a candidate again. Twenty-one other members whose names appeared on the message were warned to affirm their loyalty to the party by May 6 or face further action. Another 15 have already retracted or have denied signing the telegram.

That is the most sensational house-cleaning which the Socialists have undertaken since they came to power in '45. It's a fair example of the position being taken by the Socialist countries of Western Europe as a whole. And here it should be noted that there is small relationship between the ordinary or garden variety of socialism and the Soviet brand of totalitarian dictatorship maintained by force.

British socialism isn't by any means alone in striking at the Bolshevism which hangs on the left wings of Socialist parties in general. In Italy the Loyal Socialists are dissociating themselves from those who call themselves Socialists but take their orders from Moscow. The same is true in France, and in numerous other countries.

## HEAT WAVE

## Washington Merry-Go-Round—

## Battle Over Anderson Successor

By DREW PEARSON  
WASHINGTON. — Democrats are churning up a hot, backstage fight over who should succeed Clinton Anderson as secretary of agriculture. There are two candidates:

1. Assistant Secretary Charles Brannan of Denver, who has worked his way up the ladder, has a fine record, plus the backing of his boss Secretary Anderson.

2. Congressman John Flannagan of Virginia, long chairman of the House Agriculture Committee and for some years the lone New Deal congressman in Virginia.

Both groups are tugging hard at President Truman's coat-tails for their man. Democratic members of the House Agriculture Committee even tried to persuade Anderson to shift to Flannagan, but he stopped them cold.

"Why in the hell," he exploded, "do you come to me and ask me to use my influence with the President to appoint somebody from a state that won't even let him on the ballot?"

He referred to Virginia's recent move to prevent President Truman's name from appearing on the ticket as a result of his civil-rights message.

"I think it would be a good appointment in spite of that," shot back North Carolina's Harold Cooley.

"Have you read the record of Flannagan's speeches?" demanded Anderson, still fuming. This was an obvious dig at Flannagan's accusations on the house floor last year that the Agriculture Department had sold out to the sugar trust.

After running into a blank wall with retiring Secretary Anderson, the congressmen called at the White House. The interview was cut-and-dried. Cooley told Truman of Flannagan's 18-year record in Congress and pointed out that he was responsible for much of the present farm program.

Utah's Walter Granger broke in with the comment that Flannagan was a "rebel of the South" and had deserted the South in many of their traditional stands. On the other hand, he has been a loyal supporter of the administration, pleaded Granger.

BYRD'S BLESSING BACKFIRES  
In spite of this, Cooley added quickly, Flannagan has the support of Virginia's Senator Harry Byrd.

Truman was noncommittal. Perhaps the congressman didn't know that Senator Byrd's endorsement didn't mean much to a President who had described Byrd as "the best Republican in the Democratic party."

"I know Flannagan personally and he has a good record as far as I am concerned," was Truman's sole comment.

The House group had passed a petition for Flannagan signed by about 30 of the most prominent Democratic congressmen. But the President's chilly reception made them decide not to present it. They feared he would consider it high-pressure tactics.

Incidentally, two Democrats were approached who refused to sign the paper—John Carroll of Colorado and Henry Jackson of Washington who said they favored Brannan.

Meanwhile, Brannan has the vigorous support of Senators Murray of Montana, Kilgore of West Virginia, Elbert-Thomas of Utah, and Chaver of New Mexico.

BIG BILL KNUDSEN  
I was sorry to hear about the death of Big Bill Knudsen, the former head of General Motors. It meant that a piece of the old-time, hectic, hurrying, wartime Washington was gone.

It doesn't seem so very long ago that Bill came here from Detroit to coordinate the nation's war production. Those were the days when the Army was changing airplane models every other hour, when admirals and generals were fighting over whether steel was to go into guns or battle-ships, and when Washington exuded patriotism, red tape, lobbyists, and not too much efficiency.

Into this imbroglio was pumped Bill Knudsen, a Danish immigrant boy, who had made a great name for himself in the automobile world and who wanted to do something for his country.

His co-defense-coordinator was another immigrant boy, Sidney Hillman, head of the Amalgamated Clothing Workers. The idea was to get labor and business working together. Both are dead now. Both were criticized for one thing or another. Both were eased out of the defense picture—in my opinion, because the brass hats couldn't control them. They were too tough.

Hillman was given the gate without much ceremony. But Knudsen, perhaps because he ranked high in the industrial world, was made a lieutenant general.

I called on him once at his home after he had put on his soldier suit and had started his innocuous new job of inspecting airplane factories. It was obvious that he didn't like it much. But he was a good soldier and a real patriot. You almost never talked to Knudsen but what he recalled how he had come to this country as an immigrant boy, and how this country had done great things for him and he wanted to do something in return.

You could see that he meant it. Bill Knudsen was a man who didn't talk much, but meant what he said.

I couldn't help thinking about all this when Bill died the other day—just after the Daughters of the American Revolution went on record in favor of closing the immigration gates on all future Bill Knudsens.

I hope that Bill was too sick to read their resolution; for if he had, it would have given him an unhappy moment just before he left the country which had done so much for him and for which he tried to do so much in return.

CONSCIENTIOUS SENATOR  
Members of congress who place their private, political interests above the interests of their country could profit from an example in selfless statesmanship set by young Senator John Sparkman of Alabama during the recent Senate battle over the T-E-W long-range housing bill.

Sparkman, a pioneer supporter of this vital legislation to lick the housing shortage, left a hot Alabama campaign for renomination and flew back to Washington in order to vote for the bill and against the real-estate lobby.

Democratic Leader Alben Barkley of Kentucky interrupted the floor discussion to compliment Sparkman for "abandoning his personal interest in Alabama" and for his "devotion to public service for which he is noted not only in the committee but here in the Senate."

The Indians withdrew temporarily and Webster and his companions began retracing their steps, heading back toward Travis County.

All night they traveled, and at sunrise they emerged from timbered land into an open prairie about two miles south of what is now Leander, Williamson County. "At this point," Griffith said, "they discovered the Indians following their trail. The party was quickly surrounded. They placed the wagons in a position side by side and here the party made their final defense."

The odds were overwhelming. Webster and the 12 men were killed. Mrs. Webster and her two children, a boy and girl, were taken captive. The Indians took the three to their camp in San Saba county. After four months of inhuman treatment, the woman and her children managed to escape. Living on berries and wild pecans they traveled 80 miles through wild country to a point near Round Rock. At that point, the mother saw some men on horseback. They were dressed in civilized garb. She made no attempt of concealment and when the men rode up, she saw to her horror they were Kiowa Indians.

The Indians took the three captive, proceeded westward and ran into a band of Comanches. The Comanches bought the prisoners for two ponies and a mule. The mother and girl were sent to one Comanche camp and the boy to another.

Again the mother managed to escape and after several days, when her strength was almost gone she reached San Antonio. As the result of a treaty with the Indians she regained her child.

## Notebook—

## The Atomic Pyramid

By JAMES MARLOW  
WASHINGTON. — President Truman speaks of this country's "gigantic" atomic energy program. He did this Friday in a statement urging the Senate to keep the five members of the Atomic Energy Commission in their jobs for up to five years.

But what is so "gigantic" about the program which is under their direction?

That can't be answered fully by an ordinary citizen, since a great deal of atomic work is secret. But some idea of the program's size can be given.

In the first place, this country so far has spent about \$3 billion in developing atomic weapons and other uses of the atom.

To get a wide view, think of a pyramid. On the peak sit the five atomic energy commissioners. They're the big boys.

The pyramid has four sides: Medicine, biology, farming, industry. Atomic work is going on in all four of those fields.

And deep within the pyramid, highly secret work is being done on atomic weapons.

The five commissioners have a staff of about 5,000 people, directly employed by them. They're the administrative group, or overseers, to keep the whole show running.

About 300 companies—including some of the biggest, like general electric—have been given contracts by the commission to carry out and develop various parts of the program.

These big contractors have about 60,000 people working on atomic problems.

In turn, the contractors parcel out bits of their jobs to several thousand sub-contractors, who employ thousands of people.

In addition to all this, 53 American universities are directly taking part in atomic work. Others are taking part indirectly, which means a great many scientists working.

The big centers for atomic work are at:  
Oak Ridge, Tenn.; Hanford, Wash.; Los Alamos, N. M.; the Argonne National Laboratory, Chicago; the Brookhaven National Laboratory, Patchogue, L. I., N. Y.

## Dog Walking Is High

PHILADELPHIA (U.P.)—It cost Mr. and Mrs. David B. Richardson \$3,400 to take their dog for a walk. The couple told police that during the stroll thieves broke into their home and stole three diamond rings valued at \$3,000 and two watches worth \$400.

## Jailer Jailed

MONROE, Pa. (U.P.)—Constable O. Mott Fessenben did such a good job of locking up prisoners in the county jail that he locked himself in, too. He stayed there several hours until his shouts attracted a passerby who summoned police.

## No-Place To Sleep

ROCK ISLAND, Ill. (U.P.)—Rock Island police feel that the town's City Hall lobby is no place for a person to take his afternoon siesta. They arrested a man on charges of vagrancy for his little nap. He was sentenced to six months in a state prison.

## All Caesarian

BOSTON (U.P.)—Mrs. Edward Madden of Dorchester is the mother of seven children ranging from one to 11 years, all born by Caesarian section.

Mrs. Webster returned to Virginia and soon died. The son, Booker Webster, grew to manhood in Virginia, fought with Gen. Winfield Scott's army in Mexico and died of yellow fever in Veracruz.

And the daughter, Patsy Webster. She stayed with relatives in Virginia until 1851 and then returned to Texas!

She married a man named Marmaduke Strickling.

They moved to Burnet County and settled on the very land her father had given his life to reach.

Their descendants still live in Burnet County, in Texas today.

## Around The Rim—By The Herald Staff

## Some Thoughts Over Coffee Cup

Random thoughts over a Sunday morning coffee cup:

There are "smooth" salesmen in all lines of commerce, but it seems to be that the No. 1 glib-tongue boys always are those that hook up as advance men for that type of traveling show which depends upon local sponsorship for success in extracting dough from the citizens' pocketbooks.

The typical advance man blows into town, does a little research on which are the "live-wire" organizations, then gets hold of the executive committee of one of those groups. Here he turns on the oil, and before the first session is completed, he has convinced the committee-men that all they have to do is to stick their club's name on as sponsor of "The Passing Parade of Shooting Stars" and the organization can't help but rake in a thousand bucks.

He has 'em so stary-eyed over the treasury prospects that by the time they have signed the contract, they have neglected to read the fine print, where it says that the show troupe is going to take 98 per cent of the receipts, and that out of the other two per cent the local club pays all the expenses.

Oh, well, it's always exciting while the ticket sale promotion is going on.

Minor annoyances:  
To dressing in a hurry, and find that the one shirt you wanted to wear has popped its collar button; to cut a nick in your lip while shaving; to want to contact somebody by phone and have the line busy for about four or five straight tries; to have a fountain pen that is always inkless.

Noticed that some young folks had a "Corrigan" party the other night, and wondered if they knew the significance of the name. What ever happened to wrong-way Doug? Suppose he's backed into anonymity?

And by the way, where's Charles Augustus Lindbergh these days? And what do you suppose Greta Garbo is going to?

Speaking of movie stars, somebody ought to tell Lana Turner that all the spurge over that fourth wedding strikes a lot of people as being in extremely poor taste.

While passing out advice, I want to ask my colleague T. Hart of the spts. dept. to send to all the radio announcers in the Longhorn League area a pronunciation list for the Big Spring ball players' names. Any mike man who can master the names of music composers ought to be able to call a Cuban by his right monicker.

More advice, more sports: There are industrial designers who streamline trains, autos, etc., appliance designers who devise new refrigerators, stoves, and even chinaware; there are even typographical designers who devise the "new look" for newspapers. Why can't this great nation of ours produce a designer who could get some sense into the type of uniform worn by sports officials? Always struck me as funny that a baseball arbiter, working in the scorching summer, had to wear a blue serge outfit complete with coat, while football officials, in the wintry wind, must deck out in those thin, striped shirts.—BOB WHIPKEY.

## Broadway—

## Movies Cannot Take Offensive

By BOB THOMAS  
HOLLYWOOD. — The movie industry is able to get together to protect itself against outside attacks such as censorship and anti-film legislation. But when it comes to taking offensive action, that's another matter.

Recently, theater men became aroused by their poor business and asked for an industry-wide short to tell the public of the wonders of forthcoming pictures. The idea was to put clips of 34 future films in a one-reel subject. Producers thought the idea was fine, then complications arose.

Independent studios want to get their films into the act. Who was going to select the 34 films? How could color and black-and-white be combined in one reel? Who was going to pick up the tab for the reel's cost?

So the idea was dropped. Meanwhile, theater business gets worse.

Lawrence Tierney, looking nervous but determined, is working in the movies again and the eyes of Hollywood are on him.

The young actor, subject of many a headline because of his Sunset Strip shenanigans, has been given the lead in WRKO's "Bodyguard" and he swears he's on the wagon. He isn't talking much. "Anything I say, somebody twists it so it sounds nasty," says he. Here's a favorable sign: "I'm playing a nice guy for a change."

# Technicolor Story Of Rural Life Is Current Ritz Film

Twentieth Century Fox is responsible for the latest Technicolor offering at the Ritz, "Scudda-Hoo Scudda-Hay." This story of farm life opens today.

To make "Scudda-Hoo! Scudda-Hay!" the studio has united June Haver and Lon McCallister, who first starred in "Home in Indiana," a three-time Academy Award winner, and Walter Brennan, another "Indiana" alumnus, in on hand, too, leading a top-notch supporting cast that includes veteran character actress Anne Revere, child star Natalie Wood, Robert Karnes, Henry Hull and Tom Tully.

As most know, "Scudda-Hoo! Scudda-Hay!" is based on George Agnew Chamberlain's widely-read story of young love, conflict and drama. It is the story of a young boy who, left by his father to shift for himself in the shadow of a bitter stepmother and intensely jealous stepbrother, battles to stake a place for himself in the sun, and in the heart of the girl he loves. The boy is "Snug Dominy," and the girl is "Rad McGill," and it is her story too; the story of a well-meaning flirt for whom it takes near-tragedy to distinguish between a good man and a bad one. Snug's purchase of the rebellious mule team; Tony Maule's philosophical approach to the beasts; Rad's flirtations with the boys; her father's revengeful plot to "break" Snug; Snug's showdown fight with his brutish stepbrother; Rad's awakening to true love; and the film's exciting climax—all provide scenes you'll enjoy.

**Flowers Pour In For Funeral Of Breneman**

GLENDALE, Calif., May 1.—Orchids and other flowers from fans arrived hours ahead of funeral services scheduled for Tom Breneman, nationally-popular radio master of ceremonies.

Breneman made it a custom to award an orchid daily to the eldest guest at his "Breakfast in Hollywood" broadcast—usually a woman in her 80's.

Breneman, 47, died Wednesday at his Encino home. The fans' floral tributes came from as far as Memphis, Tenn., and Augusta, Ga.

An outpouring of movie and radio stars was expected for the rites in the Church of the Resurrection at Forest Lawn Memorial Park.

Garry Moore will take over as master of ceremonies on Monday, the American Broadcasting Company announced. Moore also will retain his job as master of ceremonies on the "Take It or Leave It" Sunday broadcast.

Breneman left an estate of about \$250,000, his lawyer disclosed.

The Kings Men quartet was asked to sing at the funeral, with Dr. Louis H. Evans, pastor of the Hollywood Presbyterian church, giving the oration.

**Proves Poor Bank**

MINNEAPOLIS (U.P.)—H. S. D. Stocking had socked his money away in his stocking instead of in the bank of his hat, he would be \$150 richer. While eating in a cafe, Stocking picked up the wrong hat.

**Finds Coal**

SAN FRANCISCO (U.P.)—A vast deposit of soft coal or black shale has been discovered in western Australia, Radio Australia reports.

**Free Beer Week Days At Yell's Inn**

**TRIO STARRED**—Lon McCallister, Walter Brennan and June Haver (above) are starred in the latest Ritz showing, "Scudda-Hoo Scudda-Hay." The Technicolor film is a story of rural life.

## 'Slave Girl' Gives A Tongue-In-Cheek Portrayal Of Drama

The tongue-in-cheek treatment is given to an action plot in the new attraction at the Terrace, the Technicolor "Slave Girl."

Yvonne De Carlo is photographed as the Venetian dancer, enslaved by an Arab sheik but freed by a band of pistol-packing Americans. George Brent, a United States envoy, leads the band of Americans.

## ABC Initiates Four Members

Four new members were initiated into the American Business Club at the noon meeting Friday.

Douglas Orme, acted as initiation officer in the ceremony instating Tabor Rowe, John Knox, Pete Harmonson and E. K. Johnston.

After the American Business Club's traditional three stations, Roy Reeder, listed Station A as the symbol of friendship and high standards; Jake Morgan, in Station B, outlined work of the club, its aims, purposes and organization of the club; in Station C, Eugene Thomas sketched briefly, history of the local chapter, chartered in 1935 and its accomplishments since that time. In closing, Orme urged pledges to assume full status and responsibilities as a member of ABC. Lee Harris, president, introduced officers of the club and led the oral pledge.

In business matters, the club voted to handle rentals on rodeo flags for decorating local business establishments during the August rodeo. L. D. Chrane was appointed chairman.

The club was presented with a check for \$30, first place winner in the Red Cross Drive.

**Early Flag Found**

LEXINGTON, Ky. (U.P.)—Workmen tearing down an old building found a flag that probably dates back to the fight for independence. The flag was badly faded, but still discernible were 12 stars in a circle and one star in the center of the circle, and two red and one white stripes.
