I am truly glad to be alive. I am truly glad to be an American, and I am truly glad to live so long as to disprove that old theory. "When I am right, no one remembers, and when I am wrong, no one forgets." This theory that no one says a word to you unless they disagree, went down the drain pipe, as far as I am concerned. Thursday, Friday, and Saturday, when my telephone rang almost constantly with folks assuring me that I was not wrong in my thinking, and that I did not "Walk Alone" in my desire to see this nation turn thumbs down on powers that seemingly are intent on turning this great nation into a welfare state.

It was gratifying indeed to realize there were so many others in the vicinity likewise concerned. For instance, Saturday night at the Tech-West Texas game at Ross and I were making our way to our seats high in the stadium. I heard a voice ring out clearly above the rumble of the noises in the stadium, carrying this message, "Hey Polly, I Walk Alone Too," as I realized the contents of the message, brought about by last week's column, I was proud to know that even at a ballgame, people still had this nation's welfare at heart.

Again Sunday night at Church, before services began I had a similar experience. Then Saturday, one of my friends called to say they would defend to death, my right to vote as I choose, however they said they voted differently. So folks, it's still a lovely world. Folks are beginning to realize where Uncle Sam gets all his money, and a lot of thinking is going on pro and con. If this thinking continues, we'll read, we'll listen, and we'll dig for information to keep abreast with what is going on about us, all the way from the Courthouse to the White House.

Once upon a time there was a group of fine people settled on the Little Plains of West Texas, and went about raising their families and performing their daily tasks with a friendly disposition and a love for their neighbors.

These people, the founders of Earth and Springlake, retained through the years, the willingness to help their fellow man.

Last week was a typical expression of love and sympathy for a needy family who had lost a loved one. These two communities without hesitation over race, creed, or color, gave food, clothing, and money in an effort to somehow lessen the pain and grief of this bereaved family. We realize no earthly human can wipe away the sorrow of losing a son. But we are proud to be a part of a community who are willing to give of their material gains to help those who are in need. May God keep this community humble, and ever willing to help those in need.

The retirement years are said to be the "golden years" of one's life. When at last there is time to do all the little things one never seemed to have time for before. Fishing, playing cards, sleeping late, watching T.V., and all those things that add up to fun-time. However one woman gave her brief and to the point, version of retirement. She says it's twice as much husband on half as much income.

I ran by Yvonne's early Tuesday in a frantic hurry to get her to comb my hair, before Ross and I went out to school to have our pictures made for the school annual, as class parents of the Senior class, the Roy Byers are the other Senior Class parents. While I was there, I was just plain mean to Faye Starkey, (sometimes I guess I'd just plain mean to my own mama. If I didn't miss her so much anyway, I told Faye, that both she and I looked just like I felt, and that was rough, because I hadn't spent many hours snoozing that night. I forgot about being so mean, until Yvonne called to say she had to give Faye a permanent that afternoon just because of what I had popped off. I've wracked my dried up pea sized brain to find a way out of this, and the only thing I can come up with is, to tell Faye that Yvonne paid me to be nasty to her, so she could make some money by giving her a permanent. Now I kinda wonder if perhaps I'll pass for a Tarrington Smoker, who'd rather fight than switch after I tell this big one???

A parting thought: Nature gave men two ends, one to sit on and one to think with. Ever since then man's success or failure has depended on the one he used the most.

Prowlers Raid Springlake High School Sunday Night

Prowlers raided the Springlake High School building some time early Monday morning. Clyde Parish, the janitor discovered the shambled offices when he entered the building at 6:30 a. m. Monday to assume the duties of the day. The thieves gained entrance into the High School Gym, through the back door. They apparently proceeded to the High School building, where they ripped a screen from a back window, then pried off the locks of the door to the tax office, using a 1" pinch crow-bar. The raiders, in their search, broke into the offices of the Superintendent, and Secretary, ransacking drawers and files, and peeling a layer of steel from the safe. When they discovered search for money from that source. Breaking into Principal D.H. Koeninger's book room, they stole approximately \$10 in personal pennies from his desk. The vandals also tore the lock from a door at one end of the High School hall, appearing to prepare for a quick get-away.

THE UNRECOGNIZABLE DESK of the principal's office, Springlake High School, as seen on Monday morning, after the school had been broken into Sunday night.

Deputy Sheriff Finley, who investigated the break-in was unavailable Wednesday for information. Bill Mann's theory: "These were not local prowlers, because it appears that they were unfamiliar with the surroundings and the layout of the building. There were footprints outside the window, which indicated that the thieves parked their car down the road, and walked to the buildings." Bill remarked Wednesday, "Nothing was maliciously destroyed except the doors. Repair to the doors and to the vault will require approximately from \$300 to \$350 expense to repair. There were no papers missing. Everything was in a state of chaos, but only the \$10 in personal change belonging to D. H. Koeninger, and approximately \$5 to \$6 in school supply money were all the thieves were able to find. Local Deputy Finley is continuing the investigation, but to date there have been no suspects.

Farm Labor Bulletin Gives Cotton Figures

The Farm Labor Bulletin of the Texas Employment Commission Cotton Control office, Austin states: "In the Littlefield area, 9 general farm hands at \$40-\$50 week are needed; and 100 cotton stemmers at \$1.00 hour." Contact the Littlefield office for referral instructions and transportation arrangements. In Castro County the crop conditions are reported as good, with 59% cotton open, 7% harvested; 74,000 estimated production, 2,050 ginned to date; weighing and hauling 120; pulling \$1.55. In Lamb County, crop conditions are average, with 60% open, 7% harvested, 198,000 estimated production; 11,297 ginned to date; 25 unfiled openings; 11 unfiled order, 33 referrals weighing and hauling 20; and pulling, \$1.55.

SWPS Film Presented On Heart Stoppage

The Earth Fire Department sponsored an interesting film Monday night at the community building. The Southwestern Public Service film, presented by Carroll McDonald, concerned mouth-to-mouth resuscitation, heart massage, closed chest massage, and all types of heart stoppage. Earth Firemen and thirteen persons participated in demonstrations on a manikin. It was a very informative evening, and provided knowledge for future emergencies.

Visiting in the home of Mrs. Floyd Choates Sunday were her niece, Mrs. A. B. King, Devine; and nephew, Kenneth Stinson, Lubbock.

Controversy Arises Over County Fire Call Payments

Trouble has arisen within the county during the past two weeks over the controversial question, as to whether the county is paying its "fair share" of the rural fire fighting expenses. This question was brought about by the Littlefield City Council, Volunteer Fire Department, and the Mayor's economy council of Littlefield and remains still unanswered at the present time. The five commissions met Monday night to discuss the matter and during the meeting, they decided to gather together data, bills and financial statements and have called a meeting to discuss the matter before the 5 county newspapers at 2 p. m. Tuesday in the County Court House. This meeting should clarify many questions concerning the counties' rightful payment per call to all the five fire stations in the county. The matter has been discussed at several meetings recently. At the meeting last Thursday, Mayor B. W. Armistead, Littlefield said that all five members (Sudan, Olton, Springlake, Earth, and Amherst) of the county commissioners court, city officials, and fire department representatives were invited, but only Sudan accepted, along with 75 other interested persons. A Sudan city council member stated that the fire expenses should be more equally distributed.

Class Favorites At High School Chosen

Springlake High School Class Favorites were selected Tuesday, November 3, at a class meeting at the Springlake High School. Each class presented their candidates and voting was done by secret ballot. The following Favorites were chosen: Freshman-Gaye Upchurch and Randy Washington. Sophomore-Debbie Barton and Doug Messer. Juniors-Diana Gregory and Freddie Kelley. Seniors-Beverly Kelley and Phil Middleton.

City Dads Discuss Proposal To Co-Sponsor Dam On Draw

Interest has been keenly rekindled recently within the Earth area over the prospects of sponsoring or co-sponsoring a recreational dam on the Running Water Draw. A meeting in Dimmitt on October 15, headed by Bob Anthony, Castro County Program Building, Committee chairman, produced the spark of interest that set the wheels in motion and sent representatives from Earth, Hart, and Dimmitt back to their respective cities to present the idea, and to inquire as to whether or not they desired to jointly sponsor their multi-purpose structure on the Running Water Draw. The three chamber of commerce representatives selected to present the project were Allan Webb of Dimmitt, O. D. Dinwiddie of Hart and L. K. Anderson of Earth. Financing of this dam would have to be done on a local level. Each town sponsoring or co-sponsoring, which ever the case may be, may obtain the financing for the project through an FHA loan, at a low rate of interest, and with a long term payment. The estimated figure of \$300,000.00 was offered representatives as an approximate figure to use in presenting the project to the three towns bordering the draw, Earth, Hart, and Dimmitt, who have become interested in jointly co-sponsoring the project, but had through the month failed to get the ball rolling. Allen Webb, the Dimmitt representative met with Dimmitt officials on November 2, and as a result secured their agreement to sponsor, or co-sponsor the project with Earth, or with Hart or with both towns, or without the sponsorship of either of the two towns if need be. Earth Chamber of Commerce handed the project over to the City Commission who heard the proposal at their regular meeting night, Monday, November 2. Local officials declined however to make any concrete decision in the matter, until they could meet with the Dimmitt group, in the very near future, and obtain a full detailed report. Their thinking on the matter was very favorable indeed and by no means did they push the project aside, only delayed the time of decision until a complete report could be had. Pete Wright, manager of the soil conservation district office in Dimmitt, told Earth News reporters Tuesday that no word had been received from either Hart or Earth on their intentions. However, he said, "I expect to receive an answer anyday now." Wright explained that the engineer planning party would begin work in January in the vicinity above Bovina, and that they must know not later than January 15 what is planned in this vicinity.

Change In Mail Service Beginning November 14

The operation of the Amarillo Sectional Center will begin November 14th, 1964, and at this time we will have the following changes. Mail will arrive at 8 a. m. and 11:30 a. m. This will bring all our mail. All mail will leave at 4:50 p. m. Monday through Friday VIA of Amarillo, Texas SCF (Sectional Center Facility) Saturday, Sundays and Holidays we will receive mail at 8 a. m. only and dispatch all out going mail at 3 p. m. On Sunday and Holidays any mail for "out of town" delivery will be picked up and taken to Amarillo and dispatched the day it is mailed provided it is mailed in the "Street Letter Box" before 3 p. m. Through these changes you will receive mail from Dallas, Odessa, Wichita Falls, Oklahoma City, San Angelo, Abilene, Albuquerque, and the enclosed area the next morning and they will receive your letters the same. These changes are made to operate upon the ZIP code system. We all live modern and travel modern with modern conveniences, and I believe we all agree this is an improvement over the old way of life, so let's improve our mail system and all cooperate in a better way of life's correspondence by adding ZIP codes on all our mail.

Eight Years of Improvements in Springlake Schools With Supt. Bill Mann at Helm

By: Don Watson

Look at the schools and you can see what kind of community you have. This is one of the many facets of education in which W. L. (Bill) Mann, Superintendent of Springlake Schools believes.

The reader will please condone the triteness, but must say the proof is in the pudding. For the past eight years, Springlake Schools and Bill Mann have been linked in a harmonious synchronism that belies the

statement that all work and no play makes Jack a dull boy. If you want to find Bill, look to the schools.

Born in Collinsville, Texas, Bill received his public school education in Sherman and O'Donnell, earning his H.S. Diploma from the latter in 1942.

After three years in the Army Air Force, serving in the South Pacific as a cryptographer, Bill entered Abilene Christian College where he obtained a Bachelor of Science Degree. In 1948 he began his teaching career at

O'Brian, Texas. His duties were High School Principal and Girl's Basketball Coach. He remained with the O'Brian system until 1951, when he accepted an Elementary Principalship with the Crosbyton School system, coming to Springlake in 1956.

Local citizenry will probably recall that year. The schools had been placed on a warning list by the Texas Education Agency and stood a good chance of losing their accreditation. Putting his shoulder to the wheel, and as Bill puts it, "With a lot of good

help from a good school board," the discrepancies were corrected and the school placed on a good standing basis with the agency. "In a matter of fact," Bill continued, "all improvements of all nature in our schools can be attributed to the wonderful spirit of co-operation displayed by our School Board and the citizens of Springlake and Earth. Without their avid support and understanding, it would have been a difficult, if not impossible, task."

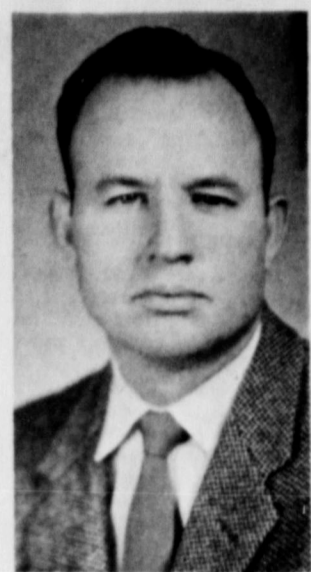

To mention just a few of the improvements, one should recall the squalid condition of the parking area in front of the schools. Mud. General mud as the allies called it during the War. And during rainy weather, students and faculty had a most difficult time of it. Entrances and exits were haphazard to say the least. Community effort and co-operation corrected the situation however, as labor and material was provided and excellent paving and parking facilities were created.

Parking, of course, is not the only area of improvement. All schools buildings have been remodeled, new ones built and the campus beautified beyond measure. Tennis courts now stand where once two houses and a dirt road occupied the space. For a Class A school, the new cafeteria is as large and beautiful as one will find. The lighting system around the school was completed the past year, and new football bleachers and press box completed this fall. Among other new features surrounding the campus, the track, field house and Stadium Sign have all been added since Bill's Superintendency.

Bill advises that the growth of the school is slow but steady. Eight years ago, there were 30 teachers on the faculty; now there are 40. He feels as though the school is getting better every year, and pays much tribute to the wonderful staff of teachers under his supervision.

Bill has not slowed down any since the beginning. With all the tremendous hours spent effectively running the school, he has found time to earn his Master's Degree from Texas Tech, and in addition, has 50 hours toward his Ph. D.

As any teacher will tell you, the classroom is only as effective as the administration. I know for a personal fact that Bill treats his faculty with utmost respect and co-operation. I sincerely believe one can go to Bill with any kind of problem, and will receive a listening ear and excellent advice. I have never been refused assistance nor assistance from Bill in the many times I have visited with him. Look at the schools and you

BILL MANN

will see what kind of community you have. The Earth-Springlake communities and the Springlake School System can be justly proud of their Superintendent and the splendid spirit of co-operation that prevails which is living proof of that statement.

Local Woman Visits Kin In Nebraska

Mrs. Bonnie Haberer recently returned from a visit with her son and family, Mr. and Mrs. Ted Haberer, in Grand Island, Nebraska.

For Sunday dinner, relatives went to North Bend, Nebraska, the former home of Ted's great grandmother, Mrs. Marie Rose, (who immigrated from Germany in 1862.) The home is owned by Herman Haberer's cousin, and is a landmark of distinction.

Ted and Irene Haberer, and sons, John O. and Donnie were former residents of Earth. Local friends will enjoy hearing, through Mrs. Bonnie Haberer, that they are very happy in Nebraska, even though they still cherish fond memories of Earth.

LCC Associates Meet In Martin Home

A summary of accomplishments and future plans of the Associates of Lubbock Christian College was presented Thursday night, November 5 when the local group met in the home of Mrs. Perry Martin.

Visiting from Lubbock were Mrs. E. W. Brown, Mrs. A. C. Tanner, Mrs. L. D. Hines, and Mrs. W. C. Jenkins. Mrs. Brown who is in charge of the annual gift-fair to be held December 3-4 in Lubbock, spoke concerning it. She displayed several gifts and gave patterns to those interested in making them. Mrs. Jenkins and Mrs. Hines reported on the organization's pie booth at the South Plains Fair and Mrs. Tanner, editor of the LCC Cook Book, spoke about this and other projects. She announced that the cook book is now in its eleventh printing, with a thousand being printed each time. These are available in Earth by contacting Mrs. Lewis Faver, Box 404, phone 257-2431 or from any Associates member. They are hard-backed and spiral bound, and make excellent gifts. Total price is \$3.57 which includes tax.

Mrs. Lexie Branscum, program chairman, distributed year books at the meeting. The next meeting will be December 3, and will be a Christmas Party for members and their husbands. It will be held in the Earth Community Building with Mrs. Branscum, Mrs. Norman Ellis, and Mrs. Ronald Cleavinger serving as hostesses.

Refreshments of coffee, tea, and homemade pie were served to those attending. Mrs. Cullen Hay presided at the silver tea service.

attended the Homecoming of Abilene Christian College, visiting in the L. D. Faver home, and attended the presentation of "My Fair Lady" presented by the Abilene Christian College students.

Mr. and Mrs. Carroll Blackwell spent Sunday afternoon fishing in Skeeter Brock's lake, near Earth.

Dinner guests Sunday, in the home of Mrs. E. R. Hawkins were Mr. and Mrs. W. S. Thompson, Amarillo, daughter and family of Mrs. Hawkins.

Mr. and Mrs. M. E. Kelley spent last weekend in Gruver and Perryton.

Local Women Attend Girl Scout Craft Workshop

Several local women attended the Girl Scout Christmas Craft workshop in Plainview Wednesday, November 4. The come and go affair for the Plainview area was held at the Reddy Room of Southwestern Public Service Company.

Christmas craft ideas and decorations were displayed and discussed to aid the Girl Scout workers in assisting the girls with their work for the Christmas season. Approximately twenty area women attended. Local women attending were: Mrs. Agnes Lewis, Mrs. Virginia Barden, Mrs. Nina Messer, Mrs. Ronnie Smith, Mrs. Marion Hodge, Mrs. Ramona McDonald, and Mrs. Iona Martin. The women reported an educational and interesting meeting.

NOTICE

No Cub Scout or Boy Scout news has been reported at press time, however there was not a regular Boy Scout meeting held this week. Please, Scouts, let us have your news, so we may inform the public of your activities.

WOLVERINES TAKE IMPRESSIVE 56-17 WIN

by Eldon Trotter

The Wolverines of Springlake took a giant stride toward a district championship Friday night, downing Silverton 56-17.

All eyes will be on the Wolverine Stadium Friday night when the Wolverines take on the tough squad from Farwell, the Steers. As always they are going to be tough to handle and we can all expect to see a lot of passing to take place.

Friday night at Silverton, the Wolverines wasted no time after they won the flip of the coin. After the kick off the ball was resting on the Wolverine 26 yard line. Doug Messer handed off to Floyd Bennett who hit the left side of the line and found a hole opening up by Danny Byers and politely scampered the 74 yards for a touchdown, that gave the Wolverines the lead they needed to stay out in front the entire game. Jerry Don Sanders' kick was blocked and Springlake had to settle for a 6-0 lead.

After the kickoff, Silverton was held on downs and forced to punt. Moments later, Thomas Gregory hit the middle of the line and carried three would be tacklers with him from 18 yards out, for the second touchdown of the night. Jerry Don Sanders ran the ball over for the 2 points and Springlake had a 14-0 margin.

Silverton took the ball on the 20 yard line because of a touch-back, and on the bullet passing of Greg Towe, the Silverton Quarterback, the Owls slowly worked their way down the field

and sent Howard Tomlin over from the 31 yard line for a Silverton touchdown, the try for extra point failed and Silverton trailed 14-6.

With moments left in the first quarter, Messer sent Thomas Gregory through the center of the line again, for 16 yards and another touchdown. Sanders' kick this time was good and the Wolverines had a nice 21-6 lead.

Early in the second quarter, Gregory intercepted a pass and returned it 30 yards before being brought down by a host of Owls. Bennett trying not to be outdone, found another hole open up by Danny Byers and again went racing in from the 32 yard line for another touchdown. Sanders' kick was blocked and Springlake had to settle for 6 points.

Moments later, Gregory intercepted another pass and raced 20 yards before being dropped. Jerry Don Sanders tried his luck at running and scampered 25 yards for a touchdown. A running play failed and the Wolverines again settled for 6 points.

Mid way through the second quarter, Messer handed off to Thomas Gregory who tried an off tackle run, and went over standing up for another 6 points. This time Sanders' kick was good and the Wolverines had a nice 40-6 lead.

Again the Silverton Owls started clicking and behind the passing of Greg Towe, the Owls started rolling once more. With three minutes left in the second

quarter, Roy Flores recovered a fumble on the Silverton 30 yard line. Messer wasted no time in showing he too could pass the ball and hit the half-back, Terry Parish on a 30 yarder for another Wolverine touchdown.

In a desperate attempt to score the Owls moved all the way to the Wolverines' 11 yard line, and on the fourth down, Monte Smith booted a 11 yard field goal and the first half ended with the Wolverines out in front 46-9.

During the third quarter, neither team scored with the second unit of the Wolverines doing most of the work. Silverton lost the ball on fumbles 3 times and had a blocked punt, during the third quarter. Tommy Barlow recovered one fumble on the 50 yard line, Randy Clayton recovered a fumble on the 35 yard line, and Thomas Gregory re-

covered a fumble on the 50 yard line. Jose Triana blocked a punt and Larry Glasscock recovered the ball on Silverton's 30 yard line.

Early in the fourth quarter, Jerry Don Sanders booted another 26 yard field goal after the second unit could not move the ball any farther.

After the kickoff, the Owls started moving against the second unit and Greg Towe connected on a 43 yard pass to half-back, Max Garrison, for a Silverton touchdown. The try for extra point was good on a power play by No. 41, John Montague.

Logan Armstrong intercepted a Silverton pass late in the fourth quarter and raced the ball back for 25 yards and set up the final touchdown by Thomas Gregory, who went to the outside and went over for a 37 yard scamper and the final touchdown of the night. Sanders kicked the

extra point and the Wolverines went off the field with a hard fought 56-17 victory under their belt.

This week, is the do or die battle with the Steers of Farwell, and here's hoping we can get revenge from the beating we took at Farwell for the District Championship last year, and keep the championship in Springlake. We have the coaching, and we have the boys to do the job, so the only thing left, is for everyone to show up at the ball game and back our Wolverines to victory.

SERVING THE ELDERLY SINCE 1960

EVERY DAY IS OPEN HOUSE

The public is always welcome to visit and inspect our facilities

When we opened our doors in November 1960, we had rooms for only 40 persons with a staff of 8 persons. We have enlarged our facilities to care for 72 people with a staff of 26, including 2 registered nurses, plus relief nurse.

Even though we have the most modern facilities available for the elderly and sick; kindness, cleanliness and constant care are the most important things we have to offer our patients.

WE ARE DEEPLY GRATEFUL

to the churches, service clubs and individuals who have so thoughtfully visited, presented songfests and programs to the elderly at Knight's Rest Home. Local Minister Attends Baptist Convention

Rev. M. B. Baldwin, Pastor of the First Baptist Church, Earth, and Rev. Pantaleon Molina, Pastor of the Earth Mexican Mission, attended the 79th annual Baptist General Convention of Texas, November 3-5 in Corpus Christi.

Texas Baptists were told Tuesday that unless they apply Christianity to the changing social conditions of today, their denomination will "become stuck in yesterday and gradually disappear."

Dr. Abner McCall, president of the Baptist General Convention of Texas and head of Baylor University, Waco, Tex., told nearly 4,000 Baptist that the denomination must critically re-examine traditional procedures and revise and expand their ministries.

During the opening session of the Baptist General Convention of Texas, Dr. McCall said that Baptist have been known for "puritanical opposition" for such issues as gambling, intemperance, and personal immorality.

He identified these issues as the basic social problems of the early days of Texas history, but society has now changed and that in too many cases, such as the race issue, Baptists have been silent on the problems of

modern society, he added. "We cannot afford to limit our concern and action to a few selected provincial issues if we expect to be heard as witnesses for Christ in today's world," McCall said.

"Baptists must be more concerned with the problems of the modern world such as poverty, ignorance, prejudice, bigotry, intolerance, materialism, dishonesty, and cynicism and corruption in business and government," he said.

He added that the problem of justice for minority races, "one of the problems which Baptists have for a long time largely ignored, has exploded in our faces."

McCall warned that Christians must come to grips with the race issue, and other social problems of the day.

"We do not need to lesson our old struggle against immorality, intemperance and gambling," he said. "But we do need to recognize there are other social problems with which we should be concerned."

The Texas Baptist Brotherhood Convention passed a strongly worded resolution against legalized pari-mutual gambling in Texas, citing "a very subtle, crafty and powerful attempt" to legalize gambling in the state.

In a speech before the Brotherhood Convention, the president emeritus of Baylor University, Dr. W. R. White, called gambling "a vicious enemy of sound economics" and "a terrible enemy of installment buying."

The Brotherhood convention re-elected its complete set of officers to a second term, naming

FB Speaker Believes Farmers Don't Want Handouts

A national farm leader said here today that farmers are tired of "stop-gap and patchwork farm programs" and that it is time for Congress to face facts in dealing with agriculture price and income problems.

Demand for a long-range farm program that recognizes the proper role of the market price system was made by Charles B. Shuman, president of the American Farm Bureau Federation, at the annual meeting of the Texas Farm Bureau.

"Agriculture has been too long denied its rightful place in an expanding and relatively prosperous American economy," Shuman said.

"In spite of huge expenditures of federal funds, the parity ratio is the lowest in 25 years. Farmers have not realized equitable financial returns from their dramatically increased production efficiency. Rather, they have been penalized by government price-fixing and control programs that have wrecked market prices."

"Our farm program is a ridiculous patchwork of hasty and ill-conceived remedies drafted under the pressure of political expediency."

"A prime example of bureaucratic bungling is our current cotton program which has piled subsidy upon subsidy and complexity upon complexity. The result thus far is reduced exports rising surplus stocks, lower prices to farmers, increased mill profits, and little if any reduction in retail prices."

"Textile manufacturers represent the only segment of the cotton industry that has profited from the annual subsidy of \$300 million to the mills. Here's what the Wall Street Journal of October 30, 1964

Paul Gates of Lubbock as president Bruno C. Morgan of Corpus Christi as vice president and Roy Akers of San Antonio as secretary.

The Texas Baptist Woman's Missionary Union Convention meanwhile Tuesday elected a new president, Mrs. C. J. Humphrey of Amarillo.

Named as vice presidents of the state-wide Baptist women's group were Mrs. H. C. Hunt of Gregory, Mrs. I. E. Lamberth of Tyler, and Mrs. Joe T. King of Childress.

Both the Brotherhood and Woman's Missionary Union Conventions closed Tuesday afternoon just prior to the opening of the big Baptist General Convention of Texas.

said about the subsidies; "Profits of 13 textile manufacturers in the third quarter were up 46.6 percent from 1963. Officials give a great deal of the credit to government's new cotton price policy. Since mid April, mills have been getting a 6 1/2 cent a pound federal payment designed to make up the difference between the world price of cotton and the higher government supported domestic price. The fourth quarter will also benefit as the subsidy generally has not caused cotton goods prices to fall," Shuman reported.

The Federation president also warned that attempts at a further expansion of compensatory government payments may be expected from the advocates of federal intervention in farm commodity pricing.

"There are those who are more interested in federal power and control than in improving farm income who preach the false doctrine that government compensatory payments would 'let the market set the price.'"

"The real truth is that such programs depress market prices. The payment approach insulates producers from the effects of changing market conditions and impairs the ability of the market to allocate resources. Consequently, a price that is supplemented by a government payment is not a true 'market price.' It is more likely to be a 'government-wrecked' price."

The Federation president pointed out that farmers already are far down the road in their dependence on government payments for their livelihood.

"Of the approximately 12 billion dollars in net farm income this year," he said, "nearly 20 percent, or 2.1 billion dollars is in the form of direct payments from the federal treasury. This does not include the cost of the cotton mill subsidy."

"This places farmers, a minority group, in the role of beggars beseeching politicians for an annual handout in order to stay in business. No self respecting farmer wants to become a member of a permanently subsidized peasantry," Shuman said.

STARS OF THE WEEK

BACKFIELD

Again this week, the honor goes to the hard hitting halfback, Thomas Gregory, who scored four touchdowns, and ran his total to 50 points in the last 2 games against Hale Center and Silverton. Thomas really brought a roar from the crowd Friday night, when he was trapped on the five yard line, but instead of going down, carried three Silverton tacklers the remaining five yards to a Wolverine touchdown. It is fight and courage such as this that really makes champions. It's also the reason Gregory is wearing the only all green helmet on the Wolverine squad. The only way you can get this honor is by an interception of a pass and a runback for a touchdown. Gregory received his green helmet for the 25 yard runback of a pass against Hale Center last week.

LINEMAN

This week the honor goes to a real champion, Danny Byers, who would have thought that Danny could have made it back into the lineup after the knee injury that took him out of action during the Seagraves game. It all goes back to the pride of the school, and the will to win that has brought this senior back to play the final games of his high school career at Springlake. Danny played a fine offensive game and opened up several large holes in the line for the Wolverine backs to make good yardage. Two of these resulted in touchdowns for Floyd Bennett. Here's hoping we see a lot more blocking up front, Friday night against Farwell.

College Preview Day at Wayland November 14

Saturday, November 14 will be College Preview Day at Wayland Baptist College, Plainview. All High School Juniors and Seniors, and parents are invited to attend, and to be guests of Wayland for lunch.

There is no planned group participation from Earth, however some Springlake High School students plan to participate.

The day will give the students a glimpse of college life, so they may plan toward their future through higher education.

There will be auditions and try-outs for High School students who wish to audition for Music Scholarships and/or membership in Music Groups (International Choir, Treble Tones, and Band.) If interested, write to Dr. Wallace C. McKenzie, head of the department of music and art, for a time arrangement. Though advance arrangement is preferred, auditions can be arranged after arrival on campus.

For athletes, Seniors interested in Athletic Scholarships can receive information from Athletic Director, Ed S. Billings. This applies to both men and women.

Also, High School Juniors and Seniors, take advantage of this opportunity, and go to Wayland Baptist College Saturday to get a glimpse of college life, and to be inspired to further your education.

Schedule for College Preview Day:

Registration, 8:30 a. m. -10:00 a. m. Campus Tours, Auditions and interviews as scheduled.

Convocation, 10:00 a. m. -11:15 a. m. Announcements, Recognition, Welcome, Drama; Pioneer Players.

Career Conferences, 11:15 a. m. -11:50 a. m.

Take Your Choice, 12:00-12:30 p. m. Lunch.

Concert, 1:45 p. m. -2:15 p. m. Music Department.

Fellowship and Fun, 2:15 p. m. to 3:00 p. m. Student Government Association, Sponsored.

Mrs. Clay Beavers spent Saturday in the home of Mr. and Mrs. Billy Beavers, Amarillo.

Mr. and Mrs. Clyde Parish spent Sunday in Amarillo.

DR. LEE C. COFFEY, nationally-known grain sorghum seed breeder, has joined the Excel Sorghum Company in Plainview after 20 years with the Texas Extension Service. He worked in the corn and sorghum foundation seed section at the Texas Experiment Station at Bryan from 1950 to summer of 1964, during which time he worked with seed plots in every point of the state. As director for Research and Development with Excel, Dr. Coffey will be in charge of seed breeding.

Lindleys Attend Commissioners Meet in Waco

Rev. and Mrs. Albert Lindley attended the annual meeting of the Methodist Home in Waco, November 6-8.

Rev. Lindley was selected as a Commissioner of the Home for this year, 1964-65. He met with other Commissioners and District Superintendents in Waco.

Attending with them from the Plainview District were Mr. and Mrs. W. B. LeVeque of Muleshoe and Dr. and Mrs. J. E. Shewbert, Plainview District Superintendent, Plainview.

This annual meeting brings together all of the Commissioners from the different Districts of the Methodist Church from

Texas and New Mexico. The program of the Home was outlined and its needs for the coming year were presented. A tour of the Home was among the various activities presented during the two days. The speaker for the first session was Bishop Kenneth Pope, resident Bishop of the Dallas-Ft. Worth Area. Attorney General Waggoner Carr was the speaker for the concluding session.

party line

Mr. and Mrs. Melvin Barton and family, Dimmitt, were Sunday guests of Mr. and Mrs. A. C. Barton.

Ardis Barton and Gene Templeton returned Sunday from several days pheasant hunting in Nebraska. While there they also visited in the home of Mr. and Mrs. Ted Haberer and family, former Earth residents.

Birthday Party November 19 For Wayland Memorial Library

A birthday party for Van Howeling Memorial Library at Wayland Baptist College is the latest project of the newly organized "Women for Wayland," which is headed by Mrs. W. T. Clayton. Springlake, November 19 is the date for the all day party to which friends of the college are invited.

This will mark the seventh anniversary of Van Howeling Library since faculty and students turned out en masse and in only a few hours moved the books and files from the area now occupied by offices of President Roy C. McClung and Dr. W. Neil Record, assistant to the president, to the beautiful new building.

When "Women for Wayland" an organization of friends of the college who wish to aid in promoting Wayland, met in September, Mrs. Clayton opened a treasure chest and invited each member to help herself to a crisp \$1 bill which she was to consider as seed for a money making project for Van Howeling Memorial Library's birthday gift. Some 50 women accepted her challenge, promising to return on November 19 with multiplied "Clayton Dollars."

Mrs. Clayton and her organization think that many other friends of Wayland will want to join them in making a birthday gift. Miss Florrie Conway, librarian, says that the Library Committee prefers gifts of money, though gifts of books are appreciated. When a gift of money is made the Library Committee is then in position to purchase books that are badly needed in a particular area. Another factor is that the Committee's choices can be purchased at greater discounts than purchases made by an individual. This then means that more books or more expensive books can be purchased for a given sum of money.

"Women for Wayland" will be providing coffee and cookies from 10 a. m. to 4 p. m. for donors to the birthday fund. They hope that they will be joined for fellowship by other donors to Van Howeling Memorial Library.

Mrs. C. L. Hamilton and Butch were guests last weekend in the home of Mr. and Mrs. Bo Bryant and family, Muleshoe.

Visiting in the home of Mr. and Mrs. L. K. Anderson Sunday were Mr. and Mrs. Don Kelley, and family, Clovis, and Mr. and Mrs. Gene Anderson and family, Brownfield.

Local Persons To Attend FU Meet in Austin

The delegates from Lamb County Farmers Union who will attend the Austin Convention are: Mr. and Mrs. Preston Sampler, Mr. and Mrs. O. B. La France, Mr. and Mrs. Wilton Bodkin, all of Olton; and Mr. and Mrs. V. D. Coker and Mr. and Mrs. Bruce Higgins, of Earth.

Commemorating the celebration of sixty-two years of service to Texas farmers and ranchers, Governor John Connally has proclaimed the week of November 9 through 15 Texas Farmers Union Week. The sixty-first Annual State Convention of the statewide general farm organization which is an affiliate of the National Farmers Union, will be held in Austin at the Driskill Hotel on November 12 through 14. The National Farmers Union was founded at Point, Texas, in 1902.

Preconvention activities will include a meeting of the Program Committee which compiles resolutions from the county Farmers Union organizations to be written into the state program which will be adopted on Thursday, November 12.

Secretary-Treasurer Tony T. Dechant of the National Farmers Union, Denver, will keynote a preconvention organizational seminar at the Stephen F. Austin Hotel on Wednesday, November 11, which is designed to train county officials for various organizational duties. The participants in the seminar will be honored at a luncheon to be given by the Board of Directors of the state Farmers Union on which all county presidents serve. This Board will hold its annual preconvention meeting on Wednesday, November 11.

To highlight convention activities appealing to the younger members of the farm families attending the convention, Mrs. Flossie Nikkel, Director of Youth Education for National Farmers Union, will speak at a 7:00 a. m. breakfast on Saturday, November 14. Mrs. Nikkel will discuss the organization of youth programs in county Farmers Unions and will counsel youth leaders in undertaking the Farmers Union youth training program. The young people attending the convention will also be entertained with a party follow-

Ag Census To Begin in Lamb County Soon

Plans for taking the 1964 Census of Agriculture in Lamb County were announced today by Marvin Vann, newly-appointed census crew leader for the county.

The banquet on Friday night, November 13.

James G. Patton, president of the National Farmers Union, who was recently awarded the Distinguished Service Award at the National Convention of the Future Farmers of America, will headline the annual convention banquet on Friday night, November 13. Patton will discuss his views on the convention theme which is "The Farm Price, Consumer Costs Gap." The national farm leader has alleged in recent speeches that farm prices are being manipulated and controlled by powerful food chain store interests. The National Farmers Union has strongly supported the investigation for which a National Food Commission has been appointed by President Johnson.

Congressman Jake Pickle of the 10th Congressional District will address the convention at its opening session on Thursday and will welcome the delegates and visitors, many of whom will be constituents from the 10th District. Other speakers scheduled on the program are Senator Ralph Yarborough, President H. S. Hank Brown of the Texas AFL-CIO, and Ray Novak, General Manager of National Farmers Union Insurances.

The job will be done in three stages, the crew leader said. First will come recruitment and training of enumerators to count all farms in the county. About one enumerator for each 150 farms will be needed. Shortly after November 19, the Bureau of the Census, an agency of the U. S. Department of Commerce, will start the second stage by mailing agricultural census questionnaires to all rural boxholders in the county. This will give farm and ranch operators, who are required by law to fill out the forms, a period of time to consult their records and fill in answers to the questions.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may have had difficulty with. Enumerator visits are scheduled to begin in this county on November 23. Enumerators will take about three weeks to complete their work, the crew leader estimates.

The Census of Agriculture is taken every five years in the years ending in 4 and 9 to gather up to date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

Mrs. Nellie Barton left Monday for a three week's visit with relatives in Oklahoma City.

Lazbuddy News...

By Mrs. C. A. Watson

The main attraction at Lazbuddy School Monday, as intruder, was the skunk shuddled in the shrubs by the school building. The unwelcome visitor was underneath the window of the Supt. office. James Mabry and Theron Vaughn, Jr. finally won the battle of getting rid of said skunk but not until the aroma had attracted the attention of about everyone in High School.

The eighth grade class had their banquet Saturday night in the school cafeteria. The master of ceremonies was Fred Wilbanks. The theme for the occasion was football. Bronze footballs and fall foliage decorated the tables elegantly. Many said they had never seen a center piece and the other arrangements so beautiful. The menu was rolls, butter, fried chicken, green peas, salad, and cherry pie, tea or coffee.

The Lazbuddy PTA met Monday night of last week for the regular meeting. Mrs. Wilbanks the 3rd grade won the room count. Mrs. Wilson at the

piano gave the program with approximately 26 singers.

Mr. and Mrs. Arthur Blackburn of Hereford were Sunday visitors in the home of the Claud Blackburns. Arthur and Claud are brothers.

Among those attending the WTSU and Texas Tech football game Saturday night were Mr. and Mrs. E. C. Ketchum, Leon and David Smith, and Don Watson, Mr. and Mrs. Demp Foster, and children were also at the game. They were in Lubbock during the weekend visiting his brother, Tun Foster and family.

Rev. and Mrs. Calvin Beach, Mr. and Mrs. Jim Burgess and Mr. and Mrs. Wesley Barnes attended the Baptist Convention at Corpus through Wednesday last week.

Mr. and Mrs. John Gammon and Marianne from Wilcox, Ariz. were here during the weekend visiting friends and relatives. Marianne was over-night guest of Johnnie Beth Ivy, while she was visiting in the area.

Don McDonald and Dwain Melnece visited the Harrold Wilsons at Wilcox, Arizona the past

weekend.

Delegates named at a recent meeting of the Farmers Union to go to the State Convention in Austin Thursday through Friday are Travis Dyer from Bovina and Leon Smith, Sam Bradley, and Howard Carpenter from Lazbuddy. The resolution adopted by the organization to be presented to the convention is in regard to cotton.

Guest in the Bill Boyce home Sunday were Mr. and Mrs. Raymond Boyce from Borger and Mr. and Mrs. M. T. Boyce from Amarillo.

Mr. and Mrs. Raymond Treider Sr. and his mother, Laura Treider visited Sunday in Friona with Mr. and Mrs. George Treider.

The Lazbuddy Sophomore class is sponsoring a Donkey Ball Game Thursday night, November 13. Admission price for adults is \$1.00 and students 75¢.

Michelle Schumann was absent from school the first of the week with chicken pox.

Special Congratulations to Coach Ellis and his Junior High Football boys on winning the district. The games played are as follows: Lazbuddy over Hart, 14-8; Lazbuddy 26, Vega 0. It was Bovina 0 to Lazbuddies' win of 22. Lazbuddy won over Hart 14-6 the last game with them. Vega won their last game over Lazbuddy at Vega 6-0. The last game score with Bovina

was 20-0 in favor of Lazbuddy and with Amherst it was Lazbuddy 32-8.

Visiting in the M. H. Been home recently were Mr. and Mrs. Frank Miles, Coulterville, Illinois.

Mr. and Mrs. M. H. Been spent the weekend in Ada, Oklahoma, where they visited Jerry Been, and attended the East Central Oklahoma-Highland University
