VOLUME NO. 1

EARTH, LAMB COUNTY, TEXAS, FRIDAY, FEBRUARY 4, 1955.

NUMBER 26.

NOSIN'.. WITH POLLY

Children sure are smart now... or at least they think they are their mama's pretty good.

OUR OPINION

We have not been in Earth but a short time, therefore do not know all the details on both sides.

Popes Buy New Home

Mr. and Mrs. Bill Pope of Earth have purchased a new six room ready-built house and moved it into their lot in the Taylor addition Monday.

CONNIE GLASSCOCK IS MUCH IMPROVED

Connie Glasscock small daughter of Mr. and Mrs. Ray Glasscock, is much improved this week.

NOTICE

This notice is to let the public know that the City of Earth does not have anything to do with the dump ground south of Earth, on the Halsell Ranch.

Tulia Man To Give Water Talk on Tuesday

Frank Ham of Tulia will be the guest speaker at the Farmer's Union meeting Tuesday at 7:30 p.m. in the Community building.

JC's Collect \$600 for Drive

The Earth Jaycees had collected around \$600.00 for the March of Dimes drive late Wednesday evening, according to Jaycee president Bill Kisinger.

Brownie Troop Takes Up Health And Safety Study

Brownie Scout Troop 23, met Thursday for their regular meeting to continue their studies on 'Health and Safety', presented by troop leader, Mrs. C. P. Parish.

School Collects \$80,706 In Texas

School Secretary Mrs. Melton Welch reported Wednesday, Feb. 2 that taxes in the amount of \$80,706.39 had been collected.

Ellis Purchases Jewelry Store

Marvin Ellis is now the new owner of the City Jewelry and Floral.

MOVE TO EARTH

Mr. and Mrs. Ed Barton and Eddie have moved to Earth from Montevallo, Missouri. Where they have operated their own dairy for the past three years.

FHA Group Back From Ft. Worth

Travis Scott, vocational agriculture teacher and 25 of his FFA students returned Sunday from Ft. Worth where they attended the Livestock show.

First Aid Is Discussed

The Big Square Home Demonstration club met in the home of Mrs. Lon Booth Friday, Jan. 28. A program on First Aid was given and was enjoyed by all present.

Plans Underway For Clinic Here

Deima McCarty reported Tuesday that plans for the Clinic were well underway. He spent Monday in Lubbock looking over suitable plans.

Firemen's Wives To Take Red Cross Course In First Aid

Firemen's wives met Tuesday night, in the home of Mrs. Lynn Glascock for their regular meeting. A business meeting was held and the group discussed plans to take a Red Cross course in First Aid.

Critical School Vote Begins at 8, Ends At 7

CHURCH CIRCLES

The three circles of the Baptist WMU recently organized, will meet in the home for their program. All ladies are urged to attend.

EAST CIRCLE

The East Circle of Baptist WMU met Tuesday morning at 9:30 in the home of Mrs. Marvin Sanders to organize and elect officers.

Chairmen appointed were: Circle chairman, Mrs. Elton Schaefer; Mission Study, Mrs. J. A. Littleton; Stewardship, Mrs. A. H. Burton; Bible study, Mrs. E. E. Watkins; Yearbook, Mrs. Pete O'Hair; Program, Mrs. Marvin Sanders and Reporter, Mrs. Troy Kirby.

Mrs. Marvin Sanders presented the Bible Study and a general discussion was held by the group. The meeting was adjourned with a prayer by Mrs. T. S. Alair. Refreshments of cake topped with whipped cream and coffee was served to Mrs. Earl Miller, Mrs. E. E. Watkins, Mrs. W. G. Sanderson, Mrs. Earl Parish, Mrs. Kirby, Mrs. Alair, Mrs. Schaefer and Mrs. Sanders.

WEST CIRCLE

The West Circle of the Baptist WMU met Tuesday at 2:30 p.m., in the home of Mrs. George Wuertlein. Chairmen of the new circle appointed were: Circle chairman, Mrs. Wuerlein; Mission study, Mrs. Emert Rose, Community missions, Mrs. Roy Taylor; Stewardship, Mrs. Jarvis Angeley and Co-Circle chairman, Mrs. Doyle Turner.

The Bible Study on "Hindrances to Prayer" was brought by Mrs. Cecil Meadows. Members present were Mrs. Leonard Dutton, Mrs. H. S. Evans, Mrs. Laura Kelly, Mrs. Travis Scott, Mrs. Meadows, Mrs. Rose, Mrs. Taylor, Mrs. Angeley and Mrs. Turner.

CITY CIRCLE

The City Circle of Baptist WMU met Tuesday morning at 9:30 in the Leon Foster home and it was decided that officers be elected at a later meeting.

Mrs. Dora Terry presented the Bible study and refreshments were served to Mrs. Paul Wood, Mrs. Travis Jaquess, Mrs. Travis Scott, Mrs. Bob Adams, Mrs. Terry and Mrs. Foster.

AT CONFERENCE

Bill Burrows and Sandy Sanderson of the Texas Chemical Co., in Springlake and Earth attended the agricultural chemical conference in the Student Union building at Texas Tech Wednesday.

Attend Church every Sunday.

W. S. C. S. MEET AT METHODIST CHURCH

Members of the W. S. C. S. met at the Methodist Church, Monday January 31, for their fifth Monday social.

Mrs. C. B. Landers led in the opening prayer and Mrs. C. P. Parish gave the devotional on 'Stewardship of Gifts'.

During the social period, games were directed by Mrs. Gene Matthews and refreshments of angel food cake, topped with heavenly delight, spiced tea and Valentine candies, were served by Mrs. Matthews and Mrs. Parish.

Members present were: Mrs. J. D. Newton, Mr. Norman Sulser, Mrs. J. D. Truelock, Mrs. Ray Axtell, Mrs. Milton Ott, Mrs. Mrs. C. M. Jamison, Mrs. L. Z. Anglin, Mrs. Hilbert Wislan, Sr., Mrs. R. H. Balew, Mrs. V. D. Coker and Mrs. Landers.

Over 100 Members Attend FB Dinner

More than 100 persons attended the victory party celebrating the successful membership drive held by the Lamb County Farm Bureau in Littlefield's Community Center Monday night.

The Farm Bureau membership was raised from 1042 to an estimated 1275 in this year's drive.

Awarded an orchid for being the woman who signed up the most members was Mrs. F. L. Stone, Sudan. She "enlisted" 30. Jot H. Thompson of Amherst won the top award, a 12-foot deep freeze.

Boots were awarded to Jack Fisher, Friendship; Jarvis Angeley, Earth; Mrs. Henry Gilbert, Pep; Glen Young, Littlefield; R. A. Reed, Fieldton; C. R. Roberts, Sudan; Harry Englekung, Pleasant Valley; W. F. Farrington, Amherst; Austin Neinst, Hart Camp; Bill Struve, Springlake; Jack Hurt, Spade and Mr. Tollett.

NEW RESIDENTS

The Carl Taylor family of Hollis, Oklahoma, has moved to Earth and are residing in the house vacated by the Arnold Shelys. The Taylors have two boys, Robert Carl, age 14 and Jerry Wayne 11. Taylor is now employed as a carpenter. He previously farmed in Hollis.

Tremendous Number of Voters Is Expected At Single Polling Place

Probably the most critical and most controversial elections in the history of the local schools will begin at 8 a.m. Saturday in the Community Building at Earth and end at 7 p.m. The ballot will contain two statements: "For the abolishment of Springlake Independent School District", and "Against the Abolishment of Springlake Independent School District". Each voter will mark out the statement which he opposes and lease the statement he favors.

GA's Finish Brazil Study

The Roberta Cox Edwards, G. A.'s of the Baptist Church met Tuesday afternoon at the Church. Mrs. W. G. Sanderson brought the concluding chapter in the mission study on 'Brazil'.

Refreshments were served to 25 girls and their counselors, Mrs. Earl Miller, Mrs. Carra Morgan, and Mrs. Clifford Bills.

Missionary program for February 8 will be on Cuba.

The Girls Auxiliary of the church has been named after the missionary, Roberta Cox Edwards, who is a doctor in a hospital at Joinkrama, Nigeria in Africa.

Sanders Move To New Home

Mr. and Mrs. Jim Sanders and Tim, moved from their home on Kelley street to the A. M. Sanders farm, 8 and 1/2 miles north north of town Friday.

Sanders was manager of the local White Auto Store during the year of 1954 and prior to that, he taught in the Springlake Schools. The Sanders have resided in Earth since the early part of 1951.

Shower Given For Miss Brown

Miss Patsy Brown, bride elect of Earl Jordan, was the honoree at a bridal shower, Tuesday February 1, at 2:30 p. m. in the home of Mrs. M. O. Carter.

The table was covered with an ecru cutwork cloth and centered with an arrangement of ivy. Refreshments of cake and spiced tea were served by Mrs. Sam Ownby and Mrs. C. P. Parish.

Approximately 50 guests were present and a large number brought gifts. Hostesses for the affair were: Mrs. F. L. Jones, Mrs. J. S. Henderson, Mrs. Parish, Mrs. Ownby and Mrs. Carter.

Miss Brown was also honored with a bridal shower, the early part of the week by residents of the Big Square community.

Southedge H-D Club Holds Meet At Armstrong Home

The Southedge Home Demonstration Club met Thursday evening, January 27, in the home of Mrs. Orbie Armstrong.

The afternoon was spent playing Canasta, with Mrs. George Gable having high score.

Poll tax payments have been very heavy. Some observers are predicting a total vote of nearly 1,000. To vote a person must have lived in the school district six months and the state one year and must show his poll tax receipt.

L. T. Smith, veteran election official, is judge for this special election. He has had considerable difficulty in getting persons to help conduct the balloting and make the count.

Charges and counter-charges and denials have been flying back and forth across the district since the election was announced.

POLLS OPEN AT 8 A.M. The polls will open at 8 a.m. Saturday for the school voting to be held in the community building in Earth. In order to be eligible to vote, poll tax receipts must be shown.

Many friendships of long standing have been ruptured. Some Earth Merchants report being threatened with boycotts.

Some teachers have announced to their students that high school credits for this semester would not meet college entrance requirements if the school district should be dissolved. Proponents of dissolution produced a letter Wednesday from the State Director of Accreditation which states that if a new school district were formed by late March that it could be accredited this semester, if it meets the requirements, or that the students could accomplish the same thing by taking college entrance examinations.

There were reports that if Springlake School District should be abolished, parts of it would attempt to join Muleshoe, Dimmitt and Otton school districts.

Public Service To Open Office

Southwestern Public Service announced Wednesday that on March 1 it will open its own office in Earth. In the past it has operated from the office of the Neal Insurance Agency.

The new office will be in new building on North first recently vacated by Lucille's Beauty Shop. It is next door to the city hall.

Harry Vogt, the company's representative here, will be in charge of the new office. He will have a full time clerk in the office to assist him.

Jaycees Plan Pampa Journey

State Director Ruford Rush of Lubbock, and Marion Williams first president of Littlefield Jaycees were guests at the Monday meeting with the Earth Jaycees.

The group discussed plans to attend the convention held at Pampa this week end.

Plans were made to leave Saturday at 9 a.m. and return late Sunday afternoon.

State President Rocky Ford will meet with the Earth and Muleshoe Jaycees in a combined meeting at Muleshoe. Earth Jaycees plan to attend.

Wrong Pedal

Pop Parish had a slight accident Tuesday afternoon. He drove out to his son Cecil's home and driving into the drive way he thought he was putting his foot on the brake but failed to hit the brake and hit the accelerator, running into the back of Cecil's car that was parked in the garage.

This is 10 year old James Garrett, son of Mr. and Mrs. John Garrett of Earth, as he entertains himself with his much-loved pets, while recovering from a case of mumps. James decided being ill isn't much fun, and after thinking of how long Polio keeps a boy bedfast, he called Jimmy Isaac to see if he could give his 1 1/2 week old, full blood Mexican Chihuahua to be auctioned off in the March of Dimes Telethon over KDUB-TV Lubbock, Saturday night. Isaac gladly accepted the gift, so James pictures with his dog will be sent to Lubbock, and the puppy auctioned off. James meant to sell the three small puppies and use the money to buy a saddle, but after his illness he decided to share with the March of Dimes. (News Photo)

Eight Deputies Voted To Make Property Survey

Announcement of the appointment of eight deputy tax assessors to carry out a reevaluation of county property, was made Tuesday by County Tax Assessor Herbert Dunn.

Several weeks ago the Commissioner's Court ordered a reevaluation of property, the first in about 20 years. Dunn said the survey would probably be finished by May 1. Some 7,500 property taxpayers are affected by the reevaluation survey.

The deputy assessors are Ernest Gaston, Sudan; C. L. Cox; C. B. Jaques, Littlefield; Bob T. Young, Littlefield; Bob Bert, Amherst; Bob Ball, Olton; Alvin Hysinger, Olton, and Bert Dysart, Amherst.

Lamb Farmer Fined \$10,000 On Income Charge

DALLAS — The Associated Press reported Monday that J. Haire, 54, Lamb county farmer, was fined \$10,000 in federal court after pleading no contest to charges of evading \$255.98 in 1947 income taxes. Haire, whose farm is near Littlefield, was given one week to pay the cash. Further charges in a session totaling \$39,896.80 were dismissed.

Don't depend on luck unless you are willing to work hard and bring it your way.

Dancing Courses To Start At Center

Jack Chenault of Lubbock is returning to Littlefield and commencing Saturday will give ballroom dancing lessons to adults and students.

Registration and first lessons will begin at 4 p.m. Saturday in the Community Center. There will be classes for adults, senior high students, junior high students and students under junior high age. Each class will be limited to 50 couples.

The course of instruction will feature six modern dances including the Mambo. Chenault taught dancing here last fall under the auspices of the Arthur Murray Dance Studio.

Brisk Business On Poll Taxes

Tax Collector Herbert Dunn reported a brisk poll tax business Monday with his office—which stayed open until 9 p.m.—selling 382 taxes before the Jan. 31 midnight deadline.

Dunn said he was unable to estimate the number of poll taxes sold throughout the county but that he was confident that it would approach the 4,500 figure of last year.

Considering that this is an off-year election the number sold is good," Dunn commented.

Field counts to determine insect infestation should be the guide for determining whether control measures are needed on insect infested small grains.

BOB WILSON, 205 Cundiff, was one of more than 75 persons who rushed to Tax Collector Herbert Dunn's office Tuesday to buy 1955 motor vehicle license plates during the first day of sale. In case you've forgotten, those 1954 plates expire March 31. Handling Wilson his plates is Angela Cook. First man to secure 1955 plates in the county was Archie Tiller, 613 W. 7th who was at the office when it opened. (Staff Photo)

Amherst Well Represented At Stock Show, Carter Boy Winner

AMHERST—Don Carter, son of Mr. and Mrs. Mike Carter of Amherst was a winner in the Aberdeen Angus steer division at the Southwestern Fat Stock show in Fort Worth last week. His steer weighed 925 pounds. He is a vocational agriculture student of A. T. Hedgpeth.

Amherst was well represented at the stock show. FFA chapter members attending were Bill Adams, Mike Duffey, Dick McDaniel, Donnie Bowman, George Cabrera, Gaylan Cary, Louis Farr, Eugene Griffin, Frankie Gonzales, Gary Johnson, David Sager,

George Thompson, Francis Young, Charles Schroeder, Bill Sotne, E. L. Leathers, Arthur McLellan, Floyd McKinney, Weldon McQueen, Leroy Nuttall, Jerry Palvado, Bobby Pittman, Bob Purdy, Benny Pickrell, Joe Peterman, James Rankin and Bobby Reynolds.

Also Joe Mach Bush, Don Carter and Bobby Joe Pearson, Shirley Purdy, senior chapter FFA Sweetheart and Janice Cantrell, Junior chapter sweetheart.

Others attending were Mr. and Mrs. Hedgpeth, Mr. and Mrs. Mike Carter, Mr. and Mrs. Raymond Cantrell, Mr. and Mrs. Clois Tomes, Mr. and Mrs. Doc Shaver, W. E. McDaniel, Paul D. Bennett and Glenn Batson.

Texas Today

DALLAS, TEX., (AP)—A Dallas department store hit a bonanza in burros. The sad-eyed, lop-eared Mexican donkey turned out to be a publicity-getter and moneymaker to boot.

Store officials, totaling up Christmas sales records, talk fondly of the run on burros.

Ask Raymond Dresslar (cg), divisional merchandise manager, about it and he'll break into a big grin.

"We sold an even 50 head—two truckloads—at \$85 apiece," he says. "I tell you we could have sold 200 to 300 more if we had really gone into it commercially."

Late last fall Dresslar went to store President Henry X. Salzberger.

"You want to hear a crazy idea?" he said.

It wasn't long before one of the shaggy little grayish-brown animals—nicknamed "Cisco"—was set up in the toy department in a cedar-log pen. "Cisco" calmly munched hay while drawing bigger crowds daily.

The store ("Sanger's") first thought of the burro as a promotion—something to draw kids and parents. Just in case somebody wanted to buy one, it ordered 20 burros from J. W. Cranford of Corsicana, who imports them.

Those burros sold like tacos in Juarez.

"After the first 20 were gone we were still getting orders, so Cranford made a special trip to Mexico for 30 more," Dresslar says.

"Christmas came on Saturday, and we got the last bunch in the Wednesday before Christmas. They had all been bought in advance, so we just made it."

Since Christmas, the store has sold three more.

"Cisco," the show burro, got plenty of publicity before he, too, was sold. He was taken all over the city to orphanages, hospitals, schools and other children's institutions.

Burros were shipped to several Texas cities plus Oklahoma City, Atlanta, Indianapolis, and Louisville. Dresslar knows of no other department store selling burros for Christmas presents.

"Sure we made money on them," Dresslar says. He declines to cite the specific profit but adds, "We got our ordinary toy profit on them."

There were a few headaches.

"When they hit the border at

Laredo there was a 10-day quarantine—and the customers that ordered them were getting anxious. The burros had to be given a blood test, which had to be flown to Washington for approval. They had to be dipped, inspected for foot-mouth disease and given shots.

"We carried 'Cisco' until we couldn't carry any more, but he didn't look any less shaggy."

The store delivered the burros to Dallas buyers in trailers, complete with halter and red ribbon. Buyers included a bank president and prominent residential developer.

Dresslar says burros make excellent pets. The store has had no complaints. Most buyers here keep them penned in back yards.

"They're gentle—kids fed candy to 'Cisco' You can ride 'em or hitch 'em to a cart. They bray only when they're lonesome. And they don't bray as loud as a dog barks."

Some men are real sure they are right until the time comes to back their opinion with real money.

Anton Wins 49-35 Over Cotton Center

ANTON—Johnny Bass led Anton to sweet revenge over Cotton Center here Tuesday night to give the school a 49-35 district 4-B victory.

Bass had 27 points and Robert Burdette, six, for Anton. Cotton Center had handed Anton a mid-December defeat.

Cotton Center won the girls game 40-31. Iva Nell Wimberly had 14, and Bobbie Newell, 13, for Anton.

\$5,482 RECEIVED IN OLTON LOTS SALE

The sheriff's sale of 68 Olton lots Tuesday at the Lamb county courthouse resulted in \$5,482. 50, Mayor F. Hollingsworth of Olton reported. The average was \$81.60 per lot. It was the third sale of Olton lots in three months for non-payment of delinquent taxes.

People who talk all the time not only waste a lot of words, but fail to make a good impression.

Home Canvas For Directory Started Tues.

Canvassing Lamb county homes for information to go into the new Lamb County Directory, was begun Tuesday by W. J. Winter Publications of Amarillo.

Winter said a canvass of business establishments in the county was almost complete and that the directory would probably be out in early Spring. It will be given to county residents free of charge and will be self-supporting by advertisements.

The average man can't understand why others can't see him as he sees himself.

Every bad habit acquired by a person actually places a mortgage on his personality. Giving advice is easy — the difficulty is to find people with faith enough to use it.

AMHERST ASC OFFICE GIVES IMPORTANT CROP DATE DEADLINES

AMHERST—The U. S. Agriculture and Stabilization office here has been advised that May 20, will be the final date for releasing cotton allotments, and June 3, will be the final date for re-portioning released cotton acreages.

If the producer does not intend to raise cotton in 1955, he may release all or a part of his allotment and he will receive credit as history for that amount as he has released. In order for farmers to receive those credits, they must raise cotton in one of the past three years.

If a producer DOES NOT raise any cotton in 1955, and he DOES NOT release his allotment he will not receive any history and this could probably cause a reduction in his future allotments.

NEW GROWERS

February 25 is the final date for making applications for a new growers allotment. If farmers do not make applications by the above date, they will be ineligible to receive a new growers allotment even though they meet all other qualifications.

The other qualifications are (a) the producer must be largely dependent on income from the farm for his livelihood, (b) the farm shall be the only farm in the county on which cotton will be planted on either by the owner or operator, (c) both the farm owner and operator shall sign the application.

On or about February 1, the ASC will start measuring wheat in Lamb county and it asked all producers to cooperate in this work.

It is believed that a large number of wheat allotments may not be planted due to the weather conditions over the county. Any wheat producers with an allotment who has not sown and does not intend to sow any part of his allotment, may greatly facilitate

LAFF - A - DAY

Cap. 1954, King Features Syndicate, Inc., World rights reserved.

"Now for the piece of land your uncle left you in his will."

the economy and operation of wheat measurement by dropping by the ASC office BEFORE Feb. 1, with this information:

Producers who have no allotment, but have sown or intend to sow the permitted 15 acres or any portion of it, are also asked to report this to the office before Feb. 1, so that it can be measured while the reporter is in the area.

If the ASC receives this information before Feb. 1, there will not be a reporter to visit your farm.

Borger Wins Over Sudan, 75-60

BORGER—The Borger Bulldogs came back here Tuesday night to avenge an earlier season defeat at the hands of powerful Sudan, and took a 75-60 win.

The Dogs held 22-11 and 41-33 leads at the end of the first and second quarters despite 27 points by Leon "Podd" Hill of Sudan. The closest Sudan got to Borger was six points. Mike Kelley led the scoring for Borger with 22 points.

South Plains Hospital Elects 3 New Directors

AMHERST—Three new directors were added to the South Plains Co-operative hospital board here at a thirteenth annual stockholders meeting Saturday afternoon in the high school auditorium.

They are Roy Black of Spade, J. A. Streeby of Littlefield and Paul Lewis, Star Route 1, Littlefield. They replace C. V. Harmon, S. W. Cowan and Jack Hinson whose terms had expired.

Besides the three new directors, the board is now composed of T. W. Hackler, Olton; W. P. Holland, Amherst; Dan D. Dorsey, Muleshoe; Coleman Terrel, Sudan; V. M. Peterman, Amherst; and Raymond Gage, Circleback.

DEAR VOTERS:

Do you THINK the school district should be ABOLISHED?

It sounds simple. According to promises, in no time at all you would have Earth Ind. Sch. Dist.—a new name, a new board, and some bond money. This last point is highly speculative because no one could safely say how much, if any, of the \$400,000 could be salvaged should the building program be stopped or changed or whether any part of it would be spent at Earth (the best interpretation of State school law available is that it could not be so used legally). But the first points, simple sounding, are even more highly speculative and uncertain than this. There is an easier and less risky way to change the name. There is a sounder, though more gradual, way to change the board. AND WHO CAN SAY WHETHER EARTH INDEPENDENT SCHOOL DISTRICT WILL EVER BE ESTABLISHED?

OR WILL THE DISTRICT BE PERMANENTLY ABOLISHED? If not, it would suffer certain loss of students by transfer or petition to other districts. This, in turn, could mean the eventual abolishment of our district by the State. In his recent publication "Texas Public Schools under the Minimum Foundation Program," an evaluation of the school systems in Texas, 1949-1954, by the Texas Research League, recommendations have been made as to how school districts should be ENLARGED to minimum average daily attendance of 1,000 students, which generally means a total enrollment of 1100 to 1200 students. Our present enrollment is 729. Can we long survive IF WE LOSE any part of our district or its students? There seems little chance the State will re-district us if we are GROWING TOWARD, NOT AWAY FROM, this minimum.

A POSSIBLE CONSEQUENCE of voting this district abolished would be the abandonment of our buildings and the absorption of all our students into neighboring schools. And don't forget the bond-holders mortgages. We'd still be paying for buildings we weren't using, and our property would be worth less (sale value) because of poor access to good schools.

We would have such area-wide reputation that tumble weeds would be growing on the school ground and on a good many lots and streets of Earth as well!

ONE IMMEDIATE BUT SERIOUS CONSEQUENCE of abolishing the district would be the simultaneous loss of its accredited status with the State. This means that seniors graduating under this status could never enter college without passing an entrance exam; other high school students might, when transferring to other districts, have difficulty getting credit for courses completed under non-accredited status. Accreditation, once lost, would be most difficult to re-establish in this district. None of us would stake our individual fortunes where there is so little to gain and so much to lose. WHY GAMBLE ON AN ELECTION WHERE THE ODDS AGAINST OUR SCHOOL CHILDREN AND TAXPAYERS ARE SO OVRWHELMING?

Why are we so concerned about all this? With a first grader this year and three more to follow we see at least 18 school years ahead of us. It doesn't matter to us what the school is called or whether our children go 5 to 10 miles farther to school IF IT BEABETTER SCHOOL! We are not opposed to Earth's having an elementary unit as a branch of the central system. BUT WE DO FEEL ABOLISHING THE DISTRICT WILL NOT ACCOMPLISH THIS.

OURS IS A PROGRESSIVE AND WEALTHY DISTRICT!

WE CAN HAVE ONE OF THE FINEST SCHOOLS IN THIS PART OF THE COUNTRY!

Your VOTE is IMPORTANT but CONSIDER HOW you VOTE!

MR. and MRS. ED DAWSON

Lamb County H. D. Council Appoints 1955 Committee

The Lamb County Home Demonstration Council held its first monthly meeting of the year on Tuesday 19 at 2:30 in the Extension room at Amherst.

Roll call was answered by nineteen members and the Home Demonstration Agent.

The meeting was opened with the singing of "Blest Be The Tie That Binds." Mrs. C. G. Landers, incoming chairman, presided. She announced Soil Fertility Day will be held February 23 at Littlefield. The meeting to begin at ten o'clock.

Mrs. Hazel Hickman, County Home Demonstration Agent, spoke to the group on the duties of club presidents and club council delegates.

The following standing committees for the Council were appointed for this year: Finance, Mrs. J. Taylor (chairman), Mrs. J. Griffin, Mrs. Travis Hopper. Publicity, Mrs. M. A. Bowling (chairman), Mrs. Jack Yarbrough and Mrs. L. B. Elms.

Three E: Mrs. Lee Holtkamp (chairman) and the Three E committee chairmen from each club: Mrs. Bayne McCurtain (chairman) and adult leaders of each girls' 4-H club in the county.

Reporters: Mrs. Joe Prater (chairman) and reporter from each club.

Civil Defense: Mrs. A. F. Wedel (chairman) and the civil defense chairman from each club.

Mrs. Roy Taylor gave the finance committee report and a suggested budget for 1955, which the council adopted.

Friendship Day was discussed and probably will be held on March 31, in the Community Center.

It was decided to ask each club to be responsible for an opening exercise at Council, in alphabetical order.

All council officers and a representative from each club were present for this meeting.

IT'S UP TO YOU
By Howard E. Kershner, L.H.D.

The communist world is striving to eliminate worship, and a belief in God from the hearts and minds of the millions of people under its control. In America our devotion to religion leaves much to be desired. Let our people increasingly recognize the presence and power of God by joining churches and worshipping in greater numbers.

Hereafter, everytime we pledge loyalty to our flag and country, we shall reaffirm our belief in God being higher than the nation itself.

In seeking senate approval of the resolution to add "under God" to the pledge of allegiance Senator Ferguson said:

"We are asking that only two words be added to the pledge of allegiance, but they are very significant words."

"I have felt that the pledge of allegiance to the flag which stands for the U. S. of America should recognize the CREATOR who we believe is in control of the destinies of this great republic of ours."

"We are now living in a world divided by two ideologies, one of which affirms its belief in God. The other does not. One part of the world believes in the inalienable rights of people under the CREATOR. The other part of the world believes in materialism and that the source of all is the state."

"When we ask our Boy Scouts and Girl Scouts and other young people, who take the pledge of allegiance to the flag more than do adults, we should remind them that it is not only a pledge of words but one of belief."

"Let us take this pledge of loyalty to God and country with full dedication of mind and heart that this pledge shall be passed on to our descendants as the citadel of liberty under God."

"... and in Thine hand is there no power and might, so that none is able to withstand Thee." "Be not afraid nor dismayed by reason of this great multitude; for the battle is not yours but God's." (2 Chronicles 30:6-11)

Soil Conservation District Finishes Year In Good Shape

A financial statement on operations of the Lamb County Soil Conservation District was included this week in the annual report prepared by Supervisors Thurlo Branscum, Wallace Gosdin, C. E. Jones, M. V. Kesey and Euel C. Jones.

Soil Conservation district in Texas operate with funds granted by the state several years ago to finance the purchase of materials and equipment needed to carry out a program of soil and water conservation.

An annual audit of district funds is a requirement under state law to safeguard the expenditure of money made available to the district.

"Financially speaking the Lamb county Soil Conservation District is in good condition," Branscum said. Cash on hand at the end of the year totaled \$9,416.30 or an increase of \$1,528.89 since Jan. 1, 1954.

Most of the income of the district is derived from rental payments on machinery owned by the district, under an agreement with the vocational agriculture teachers of the county.

The district furnishes the equipment and the teachers serve as custodians, renting the machinery to farmers for a moderate fee. In return the district gives the teachers a percentage of the rentals which are used to promote FFA work in the school. Rentals are set at a price which will maintain all equipment in good operating condition and allow for usual depreciation.

Smith Elected President Of Lamb County Fair Ass'n.

Skipper Smith, Littlefield real estate man, was elected president of the Lamb County Fair Association Thursday night and the date for the 1955 fair was set for Sept. 22-23-24, just prior to the Lubbock fair.

Smith succeeds V. M. Peterman of Amherst. Roy Gilbert was elected vice president, succeeding Smith; Tom Hilburn was reelected secretary-treasurer and Jesse Everett was reelected executive secretary.

Joe Ferrell, Gilbert and Allen Hodges were elected directors and G. T. Sides was appointed to fill the unexpired term of Hoot Cannon who has moved to Peru. Smith was reelected a director.

Retiring directors are W. H. Cunningham, A. C. Chesher, and A. B. Brown. Peterman told the board that the 1954 fair finished in the financial black for the first time in several years.

ing from a wind storm in 1953, according to Potter & Gowdy, attorneys for the Amherst co.

W. P. Gowdy said the case was settled before trial. He explained that his client had asked for \$12,000 in damages as a result of a wind storm which damaged the gin on Dec. 11, 1953. Defendants were Aviation and General Insurance co. and others.

Counties agents in 128 Texas counties assisted 13,246 operators with range management problems during 1954. More than 43,000 persons attended meetings and field days relating to range management problems. These activities were a part of the Agricultural Extension Service program in the counties.

What Happens To Your Food Dollar?

ONE DOLLAR

45¢ TO THE FARMER
27¢ WAGES AND SALARIES
14¢ MISC. BUSINESS EXPENSES
6¢ TRANSPORTATION
4¢ CORPORATE INCOME TAXES
3¢ NET PROFITS

A question many of us have asked during the past few years is what actually happens to our food dollar. Taking as an example domestically produced foods, the Grocery Manufacturers of America have recently completed an analysis of the 1953 cost of the family "market basket," as reported by the U. S. Department of Agriculture.

Paul S. Willis, President of GMA, tells us that prices are holding firm at present, with no drastic changes... up or down... expected in the grocery basket.

In 1953 the farmer received on an average 45 cents of our food dollar to cover costs and profit of producing raw agricultural products. The remainder, or "spread," of 55 cents covers the many essential services—all along the Life Line of America—in transforming the raw crop into a food in the grocery basket—research, transportation, processing, wholesaling and retailing.

The largest cost among these services was wages and salaries—27% cents of the food dollar (half of the entire spread.) Another 6% cents went for transportation cost, and 4 cents for manufacturer and distributor income taxes. All remaining expenses, including other taxes, packaging materials, rent, depreciation, etc., amounted to 14 cents. This left only 3 cents of the consumer's food dollar as the combined net profits of the processor, the distributor, and the retailer.

Wages, taxes, and transportation add to more than two-thirds of the entire 1953 spread. From 1946 to 1953 the spread for processing, transporting and distributing the annual family market basket rose \$180. Higher cost of wages, business income taxes, and transportation, plus the removal of government subsidies, accounted for 90% of this increase.

Manufacturer and distributor net profits, on the other hand, declined over this period. In 1953 they represented \$9 less of the retail market cost than in 1946.

What Happens To Your Food Dollar?

Soil Conservation District Finishes Year In Good Shape

A financial statement on operations of the Lamb County Soil Conservation District was included this week in the annual report prepared by Supervisors Thurlo Branscum, Wallace Gosdin, C. E. Jones, M. V. Kesey and Euel C. Jones.

TEXAS EDUCATION AGENCY

STATE BOARD OF EDUCATION
STATE COMMISSIONER OF EDUCATION
STATE DEPARTMENT OF EDUCATION
AUSTIN, TEXAS

Mr. E. T. Borum
Mr. A. D. Taylor
Earth, Texas

Dear Sirs:

In reply to the questions raised by you concerning the status of the Spring Lake School District of Lamb County in event the citizens vote to dissolve the district, I submit the following information:

1. If no action is taken to dissolve the district, its accredited status continues as an accredited high school unless at any future time it is found to be violating accreditation standards.
2. If action is taken to dissolve the district and it ceases to be a legal entity, its accreditation would also cease, in as much as it is impossible to continue as an accredited school any district that legally is out of existence.
3. If, at some future time, a new district was created it might then apply to this office for initial accreditation.
4. The deadline for such applications is November 15 each year, but a visit could be made this spring if an official request is received by late March.
5. Accreditation of the new district would depend upon its full compliance with presently adopted accreditation standards.
6. In case the district does not have accreditation at the time of graduation, graduates would be eligible to take college entrance examinations furnished by this Agency covering any units of credit not completed in an accredited school.

Yours very truly,
W. R. Goodson
W. R. Goodson, Director
School Accreditation

We reproduce above the full text of a letter from Dr. W. R. Goodson, Director of School Accreditation for the State of Texas for which we made a special trip to Austin in order to obtain and to talk personally with Dr. Goodson. We felt this trip was necessary in order to bring to all Springlake students the true facts in the case. Dr. Goodson assured us that in making the transition from Springlake to Earth District there would be no loss in time in accrediting the new district so that the seniors can graduate this year with full credits. We refer you to paragraph 4 of Dr. Goodson's letter where he is extending the deadline to the last of March in order that the new district can be accredited before the end of this school year.

Here we would like to say that if Supt. Lumsden will exert one-fourth the effort to secure accreditation of the new school district as he has in interfering in affairs outside of his line of duty, then the schools in the new district will be accredited before the end of this school term. (How about that, Mr. Lumsden?) And also Mr. Lumsden, can you explain why you were so desperate in your attempt to interfere by telephone in our securing this letter from Dr. Goodson who is a fair minded and understanding man thinking only of the welfare of the students of our school? And Mr. Lumsden, what was your statement or question in this conversation with Dr. Goodson when he told you that we were entitled to the facts the same as you are, and that he was mailing you a copy of this letter and you could use it the same as we. And also, Mr. Lumsden, the rumor that the High School students will lose their credits if the District is abolished is untrue. You know that there is no such thing as a student losing their credits.

E. T. BORUM
A. D. TAYLOR

Soil District Made 264 Conservation Plans On 86,435 County Acres in 1954

Soil conservation plans on 264 county farms covering 86,435 acres were approved during 1954, according to the annual report released this week by the Supervisors of the Lamb County Soil Conservation District.

"This makes a total to date of 51 plans covering 326,394 acres or approximately one-half of the area of the District" Thurlio Branscum, chairman of the board of supervisors, said.

Great Interest

"Farmers have shown a greater interest in soil and water conservation than in any year in the past," Branscum said. "For example, James Abbott, work unit conservationist and the staff of Soil Conservation service technician assisted cooperators of the district in carrying out the following conservation practices:"

Soil Conservation surveys, 6,727 acres; Range site and condition surveys, 68,213 acres; Contour farming, 5,799 acres; Cover cropping, 9,791 acres; Stubble mulching, 16,493 acres; and Proper range use, 31,547 acres.

Rotation grazing, 9,500 acres; Deferred grazing, 2,000 acres; Range seeding, 748 acres; Irrigation land leveling, 845 acres; Improved water application, 729 acres; Irrigation water management, 820 acres; and Furrow irrigation, 2,929 acres.

Border irrigation, 887 acres; Irrigation reservoirs, one; Concrete irrigation pipe, 275,876 feet; Ter racing, 3.4 miles; Diversion construction, 2 miles; Waterways, one; and Rotation hay and pasture, 4,485 acres.

Best Salesmen

Branscum said "cooperators like A. J. Commons, Buck Fredrickson, A. F. Wedel and many others, materially assisted the board in getting conservation on the ground. Men of this calibre are the best salesmen in getting their neighbors to apply conservation on their land."

As an example, Branscum cited Thomas E. Alair, who farms five miles north of Springlake and who was nominated outstanding

conservation farmer by the district.

Outstanding Example

"Alair won this award by setting an outstanding example on his farm. He used vetch in his cotton middles to provide a winter cover for his land, as well as provide organic matter and nitrogen. He also used New Era cow peas interplanted with his grain sorghum and this practice saved him water, provided nitrogen at a very cheap rate and increased

his cotton yield," Branscum said. He added that Alair bench leveled his sloping land providing for the maximum of rainfall as well as irrigation water, and produced 53 bales of cotton from 28 acres of land.

Graveside Rites Held Monday For Mrs. John Blair

Graveside funeral services for Mrs. John Blair, 64, of Littlefield, were held Monday at 2 p.m. in Littlefield cemetery under direction of Hammons Funeral home.

Mrs. Blair, resident of Littlefield since 1923, died at 9:30 a.m. Saturday in Medical Arts Clinic Hospital shortly after her admission for a chronic heart ailment she had suffered for two years.

She and her husband owned and operated a Littlefield laundry for several years. She was born at Stillwater, Okla. Conducting the service was Tommy Williams, minister of the Ninth Street Church of Christ, who was assisted by Jack McCormick, church layman.

"The businessmen of this district have done more toward encouraging farmers to use their land as it should be used this year than in the past. They had dinners in several communities and discussed common problems.

They participated in every function on farming with their presence and their money.

"We owe a great deal of this year's success to the efforts of them. Local organizations such as the Littlefield Chamber of Commerce, Littlefield Lions club, Lubbock Nurserymen's association, Olton State bank and Lamb County Fair association were also very helpful in promoting soil and water conservation.

"For the future, every effort should be made to educate young and old alike in the benefits of soil and water conservation. The general public should thoroughly understand the district organization, its values and needs. Business men should be continually aware of the relationship between soil productivity and their business. Soil Conservation is basic to the welfare of all the people in the district and all should participate."

Survivors include the husband; a daughter, Mrs. Clea G. Goodwin, Littlefield; a grandson, Blair Goodwin of San Antonio; two great grandchildren and a sister residing in California.

Funeral services were held at 2 p.m. in Littlefield cemetery under direction of Hammons Funeral home. Burial was in Littlefield cemetery.

Sudan Rotary To Give Wedding

SUDAN—The Womanless Wedding, sponsored by the Sudan Rotary club, will be presented tonight at 8 p.m. in the high school auditorium. Proceeds will be applied to the March of Dimes Drive.

The bride and groom are to be Raymond Nix and Rodney Balko. Mother of the bride will be Herb Potter and mother of the groom will be F. M. Smith.

Proceeding the ceremony, wedding songs will be sung by Kit Carson, Jay Miller and George Lambert will present a vocal duet.

Six "bridesmaids" and six groomsmen will form the bridal party. Four "dainty" flower girls will toss rose buds in the path of the bride.

Admission for the event will be fifty and twenty five cents, plus whatever else the person wants to give for polio campaign.

"Relation of Soils, Rainfall and Grazing Management to Vegetation—Western Edwards Plateau" is the title of a new publication just released by the Texas Agricultural Experiment Station. It is available from the Agricultural Information Office, College Station. Ask for Bulletin 786.

THE EARTH NEWS

Get Out The Tape Measure!

Prince Charming sent his couriers around to fit a slipper to a Cinderella. Today's version is a little different: After locating its long-lost "Baby Reo" in Altoona, Penn., Reo Motors is trying to find a driver to fit the car, built in 1906 by the founder of Reo, Ransom E. Olds. Dimensions: Well, the driver's seat is only nine inches wide. . . ! And there is only 12 inches clearance between the edge of the front seat and the pedals!

After the pretty mechanic gets through putting the car into running condition, Reo plans to take the car and a driver—if one can be located—on a tour of the country to celebrate its 50th Anniversary.

"Smile away 'Washday Blues' with an ELECTRIC Clothes Dryer!"

"I really had the washday blues when I had to hang clothes on the line. Besides the long walk out to the line, and lifting that heavy clothes basket, there was always the uncertainty about whether the clothes would be dried right."

"That's all gone now with an electric clothes dryer, and I have a smile — and time for a coffee break — on washday. What's most important, I know the clothes will be dried perfectly and I've ended the lugging and lifting."

says
Mrs. Bill Bates
3603 37th St.
Lubbock, Texas

Ladies, the lugging out to the clothesline adds up to one-third of a mile every washday, and the lifting, by the end of a year, is the same as picking up a two-ton load.

Be like Mrs. Bates, instead of lifting on washday, get a lift with an electric clothes dryer.

WHO WOULD STOOP SO LOW As To Put Fear Into Children To Gain Their End?

Ask the Superintendent of Springlake Schools who DID start these False and Malicious Rumors.

The Superintendent knows the truth. Why doesn't he stop these Rumors by simply telling the Students and Teachers the Truth?

WE TELL YOU TRUTHFULLY

TAXES WILL NOT BE RAISED

NO MORE BONDS WILL BE VOTED

NO STUDENTS WILL LOSE ANY CREDITS ON GRADES

NO STUDENTS WILL LOSE ONE DAY OF SCHOOL

VOTE FOR ABOLISHING SPRINGLAKE DISTRICT, and

BETTER SCHOOLS. .BETTER ATHLETICS

BETTER EQUIPMENT. BETTER WATER

BETTER HEALTH SAFEGUARDS

BETTER LOCATION FOR MOST OF THE STUDENTS

This is a planned program for the benefit of the students and future students, not for adults.

Go to the Polls Saturday and vote FOR abolishing Springlake District, which is a Vote FOR Better Schools.

Mr. VOTER: ARE YOU READY TO CLEAN HOUSE?

Do you think the old party has been in power too long?

Do you want a new, clean school instead of the disgraceful mess we now have?

IF YOU DO HERE IS THE WAY TO VOTE

SAMPLE BALLOT

**For Abolishment of Springlake
Ind. School District**

**Against abolishment of Springlake
Ind. School District**

*If you want a NEW District
Scratch his Line*

Don't Be Misled -- Be Informed

Are YOU going to vote YOUR school out of its accreditation? You are if you vote for abolishment of the District!

WHAT IS ACCREDITATION AND WHAT DOES IT MEAN TO A SCHOOL?

Accreditation is a standard by which elementary and secondary schools are rated, accepted, or recognized among all other public schools and education agencies of the State.

What would loss of accreditation mean to our Seniors?

Their last semester's work might be non-accredited. Their high school transcript (credit record) might not entitle them to enter colleges without taking entrance exams. **WHY SUBJECT OUR GRADUATES TO SUCH A HANDICAP WHEN THEY HAVE FULFILLED ALL THE ACADEMIC REQUIREMENTS FOR GRADUATION AND COLLEGE ENTRANCE?**

What would it mean to our other high school students?

The credits they should get for this semester's work might not be granted. This would be a particular handicap should they transfer to other districts before graduation or should they graduate in this district before accreditation standards for the new district were met.

How does a new district get accredited?

In Texas Education Agency Bulletin 560 twelve principles are set forth which a school should meet to continue or gain (if a new district) its accreditation or affiliation. Principle 2 is stated: "There are good school-community relations which strengthen and support the work of the school."

IF IT STRIKES YOU THAT THIS RELATIONSHIP IS A CONTRIBUTING FACTOR TO THE CALLING OF THIS ELECTION, WOULD IT NOT ALSO BE THE VERY PRINCIPLE THAT WOULD HOLD BACK ACCREDITATION OF THE SAME DISTRICT UNDER A NEW NAME?

Has this election been called to abolish this district so that two separate districts could be formed? If so, consider these questions and answers!

Q. If the election should carry, and since the present buildings of Springlake County Line Independent School District are now located in the so-called East Half of the District (in the event the district were divided by a Line North and South one mile East of Earth) . . . would the East Half be required to pay the West Half for the value of one-half of the present assets (buildings, etc.) of the District?

A. "This writer does not believe there would have to be an accounting by the East Half to the West Half for buildings constructed or under contract for construction, . . . but there may be an accounting to the West Half of other assets, if any, to be determined by the County Board . . ."

Q. In the event the Independent District, after being abolished, were divided approximately in half as above outlined, what would be the accredited status of the high schools, if any, of the two newly established districts?

A. "In response to question . . . the accreditation of the newly created districts could only be had after filing of an application for accreditation, and the districts meet the standards for accreditation as have been established."

Q. If the election should carry, what would be the status of the outstanding contract in the sum of \$358,000.00, for the building program now in progress?

A. "In reply to question . . . it would be our opinion that the contract for the construction having been entered and being performed, that an election carried to abolish the district would not affect the contract. The bond proceeds realized from bonds voted for the buildings under construction could not be used legally for any other purpose than the construction of the buildings contracted for thereunder and for the equipment of same."

(Quoted statements are excerpts of letter from Mr. Cheste E. Ollison, Appeals Counsellor, Texas Education Agency, in reply to questions written him by local school official.)

IN EFFECT, THE OUTCOME OF THE ELECTION WOULD NOT AFFECT THE CONTRACT NOR CAN THE BOND MONEY LEGALLY BE USED TO BUILD ANY BUILDINGS OTHER THAN THOSE NOW UNDER CONSTRUCTION, NOR ON ANY OTHER SITE OTHER THAN THE PRESENT SITE.

The only way to be sure you have a school district in the future is to vote against abolishment Saturday!

WERE YOU MISLED BY THIS?

News items appearing in one Earth newspaper last week headlined "Appellants Win Round in Court Battle" and under similar wording in the other newspaper may have misled people into thinking the District Court at Austin ruled in favor of the appellants in their attempt to overrule the decision of the state Board of Education, which has upheld the local board's decisions. Actually, the appellants were granted an extension of the case for trial later; otherwise, it would have been removed from the docket and would no longer be pending. The Judge's action in no way ruled on the merit of the case.

SAVE YOUR SCHOOL DISTRICT — VOTE AGAINST ABOLISHMENT

This information compiled by interested citizens of Springlake Independent School District

A Plea For Sanity TO The Citizens of The Springlake-Earth Community

My Fellow Citizens:

I have purchased the following space in this newspaper not to influence you in any way as to how you will vote Saturday, but to speak to you through this medium in regard to matters of the heart. I do not regard myself as a community spokesman, but as one who has in recent weeks felt a growing need for an article of this type. I hoped that some other might come forth and do this, but since no one did I had no recourse, but to choose myself.

For many weeks now I have viewed with growing concern the unhealthy atmosphere of hate, jealousy, and hysteria which has grown up around the issue of our School. We have witnessed the gradual disintegration of community ties and have watched our community literally ripped apart over this vital question.

The question of what to do with our school is of the highest importance. And we would do ourselves an injustice were we to treat it lightly. An issue of this type is worthy of our most careful scrutiny and prayerful consideration. Perhaps it is because the issue is so important to our common-life that we have allowed ourselves to forget even the most elemental virtues of Christian ethics and democratic procedure. It seems that long ago, many of us at least, have allowed the words of co-operation and understanding and even friendliness to elude our thoughts, and unfortunately our actions.

Some of us have become enamoured with our own views and so concerned with protecting those views that they remain intact that we hope forgotten that every man be he learned or unlearned has a right to his own opinion. To be sure we may feel that he is ill-advised or that his opinion is completely forgotten that we are dealing with life-long friends to remember in these days of community disorder that every man must be given the dignity of his convictions

The issue has become so confused that many of us have completely forgotten that we are dealing with life-long friends and neighbors whose friendship in our calmer moments we cherish. We have allowed ourselves to become so insensitive and so hysterical that we have accepted the law of the pack and rushed about carrying rumor and scandal laboring under the misapprehension that we are rendering community service. **WE HAVE SEEN GOOD AND INTELLIGENT MEN HURT. AND WHAT GREATER MISFORTUNE FOR A COMMUNITY THAN THAT HONORABLE MEN SHOULD BE TREATED LIKE CRIMINALS?**

I know of no greater disaster to a community than to have a situation arise in which calm and intelligent discussion from each side is made impossible. So great has been our confusion that we have sponsored no meetings in which the finest and most informed leadership of our community from both sides of the issue could come and present their views for our consideration. As a result there seems to be no well defined and clear cut issue and the future of our school has been left not to well informed people, but to people who are angry.

We must think a moment. Who is that one who is suddenly your enemy? Is he not the man who came to visit when we were sick, or loaned us his tractor or his breaking plow or extended credit in a time of crisis, or teaches the Sunday-school class at church? A good man yes. But suddenly our enemy simply because he dares differ with us on an issue.

Thus we find ourselves engaged in a little "civil war" of our own in which neighbor is pitted against neighbor and family against family and friend against friend. **THE HORROR OF IT ALL IS THAT WE, EVERY ONE OF US, IS THE LOSER.** We have robbed ourselves of intelligent bi-partisan endeavor which alone makes for good school. We are not dealing with something unimportant we are dealing with our **SCHOOL**. We hold the future in our hand and we dare mold it on the whim of anger or emotion

I appeal to you in the name of common decency to create a situation where intelligent people from both sides may exchange a free expression of opinions. **TO LEAVE THE SITUATION BOILING AS IT IS NOT ONLY ROBS OUR CHILDREN OF A SCHOOL BUT MAN OF HIS DIGNITY AND YOU OF YOUR FRIEND.** Conceivably this battle could go on until the entire community is consumed with the cancer of hate, injustice and scandal which it has spawned. **NOTHING CAN BE MORE REPUGNANT TO THE TRUE GENIUS OF FREEDOM THAN THAT THROUGHOUT HYSTERIA WE ROB OURSELVES AND OUR COMMUNITY OF A FREE AND UNINHIBITED EXCHANGE OF OPINION.**

I hope that you will not misunderstand the spirit of this writing. I have steadfastly refused to take sides in this issue I will continue in that position. Neither do I set myself up on authority on the issue involved and I doubt very seriously that there exist such authority. Nor do I set myself up as a religious spokesman for all. For indeed you have your own churches and good pastors.

My only hope is that we may be able to fashion some sort of order out of our present disorder. Furthermore, I hope and pray that we may be able to conduct ourselves in the heat of the issue that come the aftermath we may be able to meet people from both sides and say "my friend and brother."

Respectfully yours,
F. Eugene Matthews, Minister

Lorraine Cody Marries Curtis E. Parker, Jan. 28

Miss Lorraine Cody, daughter of Mr. and Mrs. Carl Cody became the bride of Curtis E. Parker, son of Mr. and Mrs. R. G. Parker of Muleshoe, Friday, January 28 at a ceremony held in Clovis.

Water allowed to form in tractor and auto engines during cold weather can cause corrosion and excessive wear. About a gallon of water forms for each ton of fuel burned and unless passes from the engine through the exhaust, can cause trouble.
