Nazis Directed To Kill Crews, Notes Disclose

Japs, Germans Hoped Personnel Shortage Would Hamper US

NUERNBERG, Jan. 14 (AP)—In an effort to render American shipping construction useless by creating a shortage of seamen, Adolf Hitler early in 1942 directed German U-Boats to kill or capture crews of torpedoed vessels, evidence introduced today in the Nazi war crimes trial disclosed.

The fuhrer's orders were disclosed in notes on a conversation between Hitler and Japanese Ambassador Hiroshi Oshima in the presence of Foreign Minister Joachim von Ribbentrop on Jan. 3, 1942. The notes were submitted to the international tribunal.

The memorandum said Hitler told the Japanese ambassador he had recalled the entire Atlantic submarine fleet for reorganization, after which it would be posted outside United States ports.

Later, he continued, they would congregate off Freetown, on the western bulge of Africa, and Capetown, South Africa.

"The fuhrer pointed out that however many ships the United States built, one of their main problems would be the lack of personnel," the memorandum continued. "For that reason even merchant ships would be sunk without warning, with the intention of killing as many of the crew as possible."

"Once it gets around that most of the seamen are lost in the sinkings, the Americans would soon have difficulties in enlisting new people."

Hitler told Oshima the German attitude could not be governed by "any humane feelings" and he therefore gave his order that "in case foreign seamen could not be taken prisoner, which is not always possible on the open sea, U-boats were to surface after torpedoing and shoot up the life-boats."

"Oshima heartily agreed with the fuhrer's comments and said the Japanese, too, are forced to follow these methods," the notes concluded.

China Factions Violate Truce

CHUNGKING, Jan. 14 (AP) — The Chinese Nationalist government and the Communists each charged the other with violations of the truce in their undeclared civil war, which was supposed to have ended at last midnight.

A spokesman for the central government national military council asserted that despite the "cease fire" deadline at Sunday midnight, the communists today increased rather than ceased their military operations.

The Yen'an Red forces were charged with burning villages all along the eastern section of the Lunghai railway, which cuts through northern Kiangsu province to the Yellow Sea and with attacking Nationalist-held Anyang on the Peiping-Hankow railroad in northern Honan.

Meanwhile, Communists in Chungking were reported actively interested in the government's proposal to enlarge the state council, making it an all-party and non-partisan body and investing it with supreme policy making and directive authority.

COP PUTS FOOT IN—GETS NYLONS

SPRINGFIELD, Ill., Jan. 14 (AP)—A long line formed outside a store selling nylon hose, so Policeman John Nolan was assigned to help keep order.

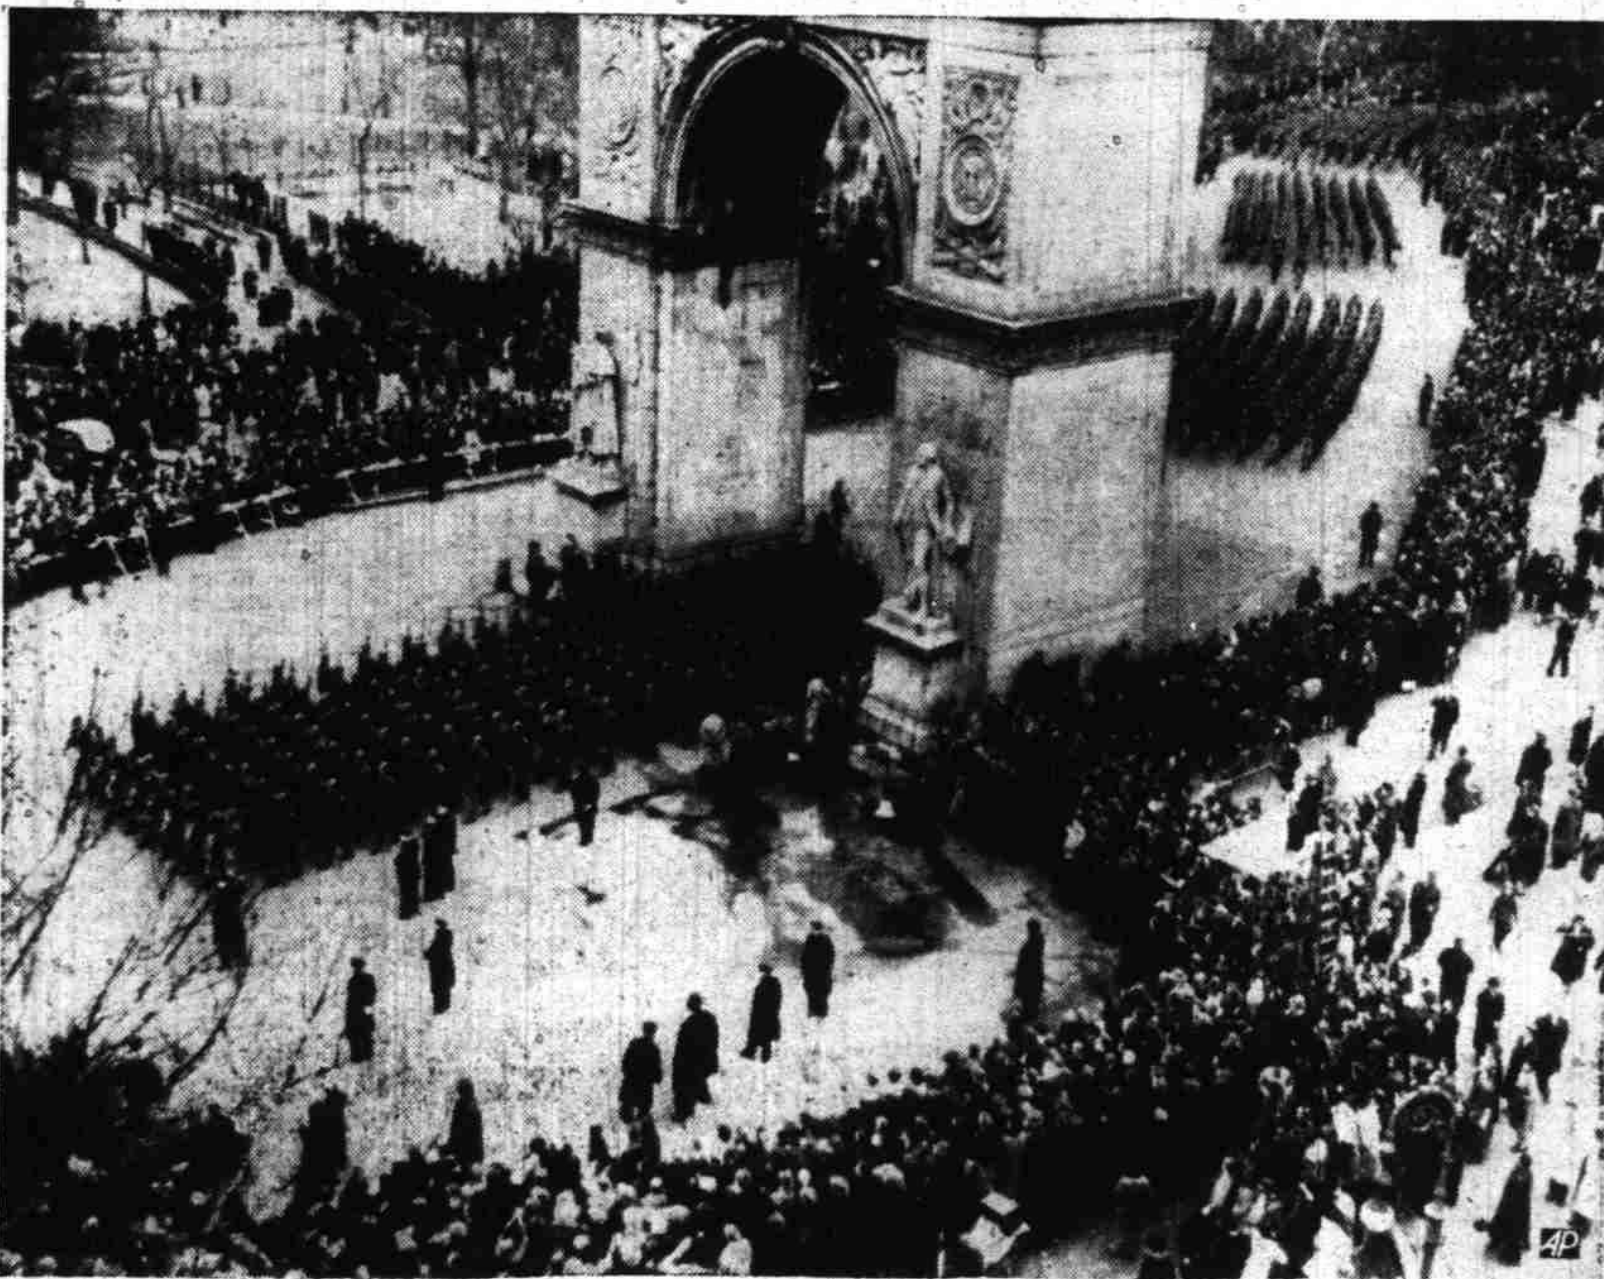

Nolan kept one foot in the line while directing traffic, and bought a pair for his wife.

Yugoslavia Elected To 18th Seat On Unit To Break UNO Deadlock

LONDON, Jan. 14 (AP) — The United Nations General Assembly broke a deadlock over the 18th seat on its economic and social council today and moved toward a broad-scale debate on policy, led off by US Secretary of State James F. Byrnes in a speech expected to raise the issue of atomic energy control.

Yugoslavia was elected to the final vacancy on the economic and social council after New Zealand withdrew.

British sources said Britain probably would offer to place Britain's mandated territories from the first World War — including Palestine — under a new United Nations trusteeship system.

Labor Outlook Brighter, Phone Strike Postponed

Order Oil Increase

Fields Of West Texas Benefit By The Decree

AUSTIN, Jan. 14 (AP)—A state-wide proration order calculated to result in daily production of 2,126,504 barrels of crude oil in Texas during February was issued today by the railroad commission.

The commission said it would make no change in permissive production for the balance of January, but that demand for production of more sweet crudes would be met by increasing the allowable production up to the maximum efficiency rate in certain Gulf Coast fields, and in West Texas areas, said chairman Olin Culberson of the commission.

Under the February order, the average daily allowable will be 2,244,231 barrels daily, but estimated underproduction of 5.25 per cent should reduce the estimated daily flow of crude oil to 2,126,504.

This represents an increase of 236,504 barrels daily over the United States Bureau of Mines estimate of crude oil demand in Texas.

Production of 168,097 barrels daily of natural gasoline and distillates will increase the total liquid petroleum production to 2,294,597 barrels daily over the Bureau of Mines estimate for all petroleum liquids.

LESCOT IN MIAMI MIAMI, Fla., Jan. 14 (AP) — Eli Lescot, president of strife-torn Haiti until last week, arrived unheralded in Miami today by an American clipper.

at the moment so important to the United States, whose chief aim is to make sure it keeps over strategic base areas captured in the Pacific.

US Secretary of State James F. Byrnes said he would open a general discussion on international issues, including atomic energy.

Debate on atomic controls may continue through Friday or Saturday. Other speakers are expected to include British Foreign Secretary Ernest Bevin, French Foreign Minister Georges Bidault and Andrei J. Vishinsky, Russian Vice Commissar for Foreign Affairs.

The Steering Committee also placed on the assembly agenda a British proposal to facilitate the work of the United Nations Relief and Rehabilitation Administration.

Passenger Who Refuses To Leave Plane Fined

A man charged with drunkenness was hauled into justice court Sunday when he refused to be removed from an airliner about to be serviced. According to the law, no plane can be serviced with a passenger aboard.

He was fined \$1 and costs and held in the county jail overnight until he paid the fine, according to Justice of Peace Walter Grice.

UAW Accepts GM Report

WASHINGTON, Jan. 14 (AP)—The threat of a nation-wide telephone strike was put off for at least 30 days today and striking communications equipment workers began returning to their jobs.

The Association of Communications Equipment Workers, which went on strike last week against the Western Electric company, was directed by telegraph today to get all members back on the job by 1 p. m., local time, at each place they have been on strike.

This action was announced by association officials after a telephone poll of their locals on a request of the executive board of the National Federation of Telephone Workers that they defer their strike.

The federation, an independent organization, yesterday ordered a national telephone strike but quickly postponed it for at least 30 days to permit its locals to file strike notices as required under the Smith-Connally act.

Postponement of the threatened nationwide strike of all telephone workers plus CIO acceptance of the government-sponsored wage compromise for General Motors workers had served earlier to brighten the labor picture.

Behind this hope was the feeling that a "breather" in telephones and steel and further pressure on General Motors corporation for settlement of the 55-day old auto strike would improve chances for settling all three disputes.

In Detroit, the CIO-United Auto Workers approved the federal fact-finding board's wage proposal as a basis for settling the strike of 175,000 GM workers. The union gave the corporation until January 21 to reconsider its rejection of the 17 1/2 per cent wage boost which the panel recommended.

Should it fail to do so, the UAW said the union's original 30 per cent demand would be reinstated.

Almost simultaneously the National Labor Relations Board stepped into the GM picture. NLRB announced it would hold hearings on a UAW contention that General Motors had failed to bargain the wage demand in good faith.

Meanwhile, speaking for the CIO-United Electrical Workers, whose 200,000 members are due to strike tomorrow, Neil Brant, Washington representative of the union, said last night the strike would not be postponed.

Soldiers Demand Clear-Cut Policy On Discharges

SHANGHAI, Jan. 14 (AP) — A thousand American soldiers met US Secretary of War Patterson as he stepped from his airplane here today and demanded from him a clear-cut policy on Army discharges.

Pfc. David M. Miller, Gulfport, Miss., school teacher, who has 28 discharge points to his credit, presented the GI petition to Patterson immediately after the secretary had been greeted by Lt. Gen. Albert Wedemeyer.

There were indications Patterson would confer with the soldier committee at an open meeting sometime tomorrow, at the request of General Wedemeyer.

In Traditional Garb

Mrs. Homma In Manila To Testify For Husband

MANILA, Jan. 14 (AP) — Mrs. Masaharu Homma arrived by plane from Japan this morning to testify for her husband, Lt. Gen. Homma, who is on trial for his life as a war criminal.

Clad in the traditional kimono, the 44-year-old aristocrat posed for photographs.

In the courtroom today, her husband heard witnesses testify to atrocities in Camp O'Donnell, where literally thousands of Americans and Filipinos died of beriberi, dysentery, malnutrition and brutal treatment.

Col. John H. Ball said 30 to 40 Americans perished daily for lack of medical treatment. Men died faster than they could be buried, Ball stated.

M/Sgt. James Baldassarre refuted defense inferences the O'Donnell inmates were given similar food to that issued Japanese prison guards. Baldassarre said he had seen chicken, pork, potatoes, coffee, milk, tea, and sugar in the kitchens of the Japanese camp guards. At the time, he said, American and Filipino prisoners were barely existing on rice.

Corp. Humphrey O'Leary, part Filipino soldier, caused a flurry in the courtroom when he testified captured United States medical corps officers and men at O'Donnell sold medicine to their fellow prisoners.

NLRB SCORES GM FOR FAILURE TO DISCUSS WAGES WITH UNION

DETROIT, Jan. 14 (AP)—The National Labor Relations Board, through the regional offices here, today issued a complaint against General Motors Corp. charging it with refusing "to bargain collectively in good faith" with the United Automobile Workers (CIO).

Hearing on the complaint was set for Jan. 28 in Detroit.

The complaint was issued on the basis of charges filed against the corporation by the union on Nov. 8 and Nov. 27. The charges were made while across-the-table conferences were under way between GM and the union on the UAW-CIO demands for a 38 per cent wage rate increase.

At that time the union claimed the company declined to discuss the wage issue with it. The management maintained the union was attempting to inject into the negotiations matters outside the collective bargaining realm.

General Motors had for consideration a once-rejected proposal to settle the 55-day-old CIO United Auto Workers strike for a government-backed wage increase of 17 1/2 per cent.

The compromise, approved by the union's General Motors council Sunday, marked the first time the UAW-CIO had shelved, even temporarily, its 30 per cent wage demands.

The corporation's first reaction last night was to repeat its rejection.

However, the 200-man GM council of the UAW-CIO gave the corporation until Jan. 21 to reconsider, warning that after that date the union will revert to the original 30 per cent demand.

Demobilization Problem Pressing

Congress Slated To Take Action On Truman's Plea

WASHINGTON, Jan. 14 (AP)—The 79th congress began its second session at 11 a. m. (CST) today with a request to its leaders by President Truman to expedite action on his unfinished legislative program.

Acting House Speaker McCormack of Massachusetts told reporters the president declared at a White House conference with congressional leaders he was "very anxious" for early action on his legislative program.

McCormack said the entire program was discussed in a general way, and the strike situation was reviewed.

He quoted the president as believing early action imperative on his proposal for a law setting up fact-finding boards to handle major labor controversies and providing for a 30-day cooling off period before strikes take effect.

Senator Eastland (D-Miss) told reporters he would seek immediate Senate action on the fact-finding legislation asked by the President.

"We've either got to get out some strike legislation or surrender the country to the CIO," he said.

As the lawmakers reconvened, Mr. Truman sent them a recommendation that appropriations and contract authorizations be cut back by \$5,021,887,483.

This would be in addition to \$50,345,409,169 in rescissions approved by Congress near the close of the last session.

Eastland said he planned a discussion of strikes on the Senate floor.

Charles E. Wilson, president of General Motors Corporation, and R. J. Thomas and Walter Reuther, leaders of the CIO Auto Workers Union, had been scheduled to testify on the fact-finding bill before the Senate Labor committee this forenoon.

All three informed the Senate group they were unable to be present because of the negotiations between them. Wilson asked to appear later.

McCormack told reporters the President also is anxious for prompt action on legislation dealing with the United States Employment Service. Congress passed a law last year returning the employment offices to state control in 100 days but the President vetoed it.

A bill to retain federal control until the middle of 1947 as requested by the President, will be considered by the House Labor committee Thursday.

As disclosed by the White House the major proposed reductions include:

- 1. Cutbacks of \$1,480,576,472 in appropriations for the military establishment.
2. A reduction of \$2,826,880,536 in appropriations for the Navy.
3. A reduction of \$383,766,000 in War Shipping Administration appropriations.
4. A reduction of \$260,068,000 in Maritime Commission appropriations.
5. A reduction of \$850,000,000 in Lend Lease appropriations.
6. A reduction of \$3,100,000 in Federal Works Agency appropriations for community facilities in addition to small items.
7. A reduction of \$2,500,000 in Agricultural Department appropriations.
8. A reduction of \$1,391,143 in Interior Department funds made available to provide for civilian defense in the Hawaiian Islands.
9. A reduction of \$1,600,000 in Department of Labor appropriations.

Truman May Ask To Extend Price Control A Year

WASHINGTON, Jan. 14 (AP) — Word went out to the reconvening Congress today that President Truman will ask a full year's extension of price control. That would carry the act to June 30, 1947, and first reaction among returning Senators is that Mr. Truman will get his request, possibly in modified form.

In his fireside chat January 3, the President declared price and rent controls will have to be maintained "for many months to come."

A Senator with White House contacts said a full year's extension would be asked, possibly in Mr. Truman's state of the union message which is to be read next Thursday.

Senator Overton (D-La) commented: "I will support a full year's extension. Actually, it may have to be retained two or three years."

Senator McClellan (D-Ark) said he was "not unalterably opposed" to continuing the controls in modified form for another year, but he added:

CHICAGO, Jan. 14 (AP) — Police investigators were on a cold trail today in their search for the fiend who a week ago kidnaped, killed and dismembered little six year old Suzanne Degnan.

Clues have collapsed one by one and persons picked up for questioning have been cleared and released.

A negro handyman seized Saturday for questioning and who, Chief of Detectives Walter Storms said, has a long police record for sex offenses, was cleared in a lie detector test.

DEGNAN SLAYER STILL UNKNOWN

EL PASO, Jan. 14 (AP) — A strike of bus and street car operators tied up El Paso's public transportation system for the second day today, but taxicabs and private automobiles with union permission carried fare-paying passengers to work.

Bus and street car operators went off the job yesterday following a dispute between the local of the Amalgamated Association of Street and Electric Railway and Motor Coach Employees of America (AFL) and the El Paso lines over wages and hours.

The union, declaring that it wished to disrupt the city's transportation as little as possible, proposed that taxicabs and private cars operate along the regular bus and street car routes. The Taxicab Drivers Union agreed to the proposal.

"We are anxious to disrupt transportation as little as possible," Edward Penn, president of the striking union said. "Mayor Pro Tem Duke has approved our plan to carry traffic in private cars. Members are urged to use their cars for this purpose."

Mayor Pro Tem Daniel Duke told newsmen, "I am authorizing this move because the refusal of the company to arbitrate has resulted in a hardship upon the public."

Probe Of Pearl Harbor Attack May End Soon

WASHINGTON, Jan. 14 (AP) — An end to the Pearl Harbor investigation in February was envisioned by members today with the possibility Gov. Thomas E. Dewey of New York may not be called.

Dewey was one of 48 prospective witnesses listed when hearings began November 15. Of this group, only nine have testified thus far.

During the 1944 presidential campaign Dewey received letters from Gen. George C. Marshall, then Army Chief of Staff, urging him not to reveal that the United States had broken the Japanese code.

Sen. Lucas (D-Ill) has said he wants to know who told Dewey about this highly important military secret.

Lucas and Senator Ferguson (R-Mich) agreed that the committee must clear up evidence about the "winds" message.

Before Dec. 7, 1941, the Japanese set up arrangements, in messages that were intercepted and decoded by this country, to let their diplomatic consuls know when relations with the United States, Great Britain or Russia were at the breaking point.

In the case of a break with the United States, the Tokyo radio was to broadcast in its noon news report the words "east wind rain."

The Senate-House inquiry thus far has received conflicting evidence about whether the signal ever was broadcast, although Mitchell declared his investigation showed there was no such implementing message.

El Paso Transit System Tied Up

CHICAGO, Jan. 14 (AP) — Police investigators were on a cold trail today in their search for the fiend who a week ago kidnaped, killed and dismembered little six year old Suzanne Degnan.

Clues have collapsed one by one and persons picked up for questioning have been cleared and released.

A negro handyman seized Saturday for questioning and who, Chief of Detectives Walter Storms said, has a long police record for sex offenses, was cleared in a lie detector test.

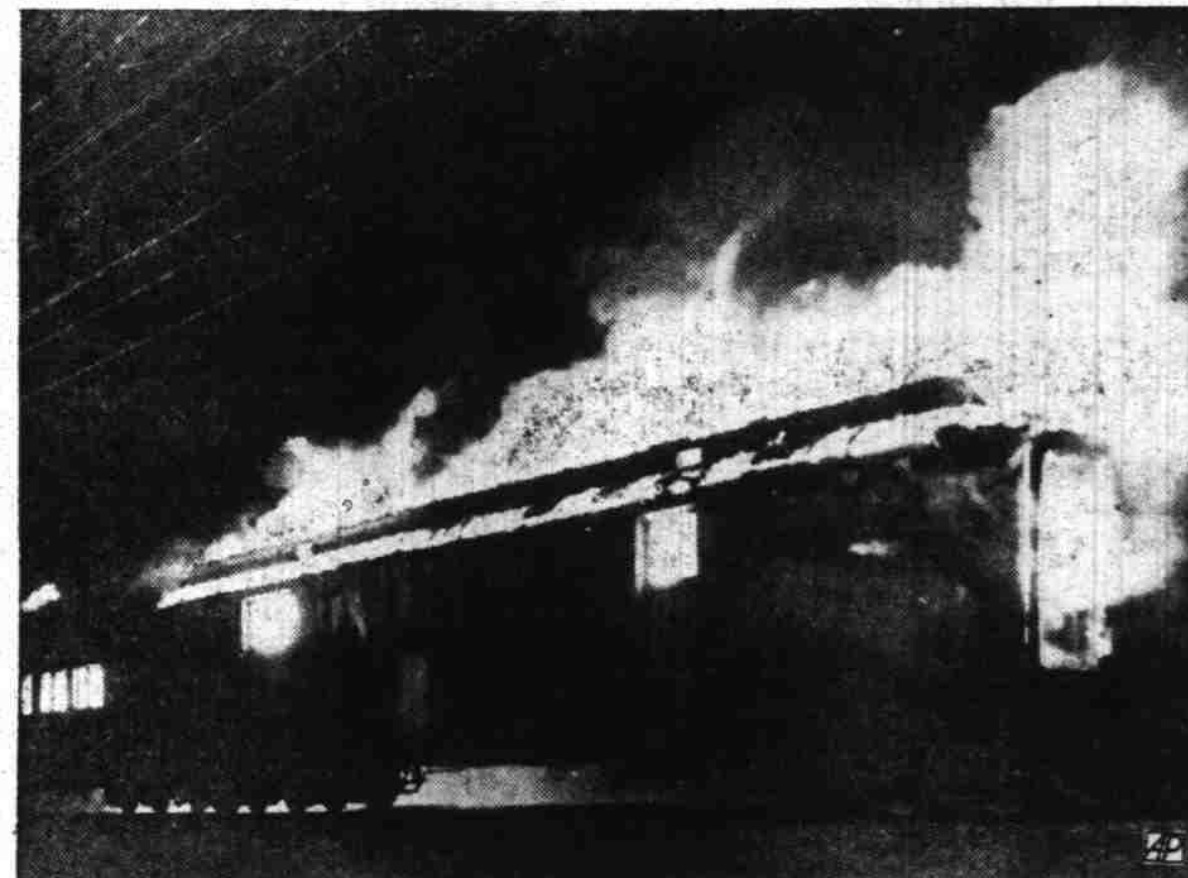

DEGNAN SLAYER STILL UNKNOWN

OSAKA, Jan. 14 (AP) — Pfc. Joseph E. Hicwa, 20, of Wallington, N. J., has been condemned to death by an Army court-martial for the murder of two Japanese, 8th Division officers disclosed today.

Hicwa's death sentence, believed the first to be imposed on an American soldier for a crime against Japanese, must be reviewed by two higher authorities before it can be carried out.

### Education Talks Heard At Club Meeting Saturday

Mrs. J. H. Greene was hostess to the Hyperion club Saturday afternoon for a program on education.

The meeting was opened with the Lord's Prayer and the salute to the flag. Mrs. J. A. Coffee spoke on the "Grade School Child."

During the short business meeting a committee was appointed to obtain funds for the YMCA project.

Mrs. Joe Pond presided at the silver coffee service. The table

was laid with a lace cloth, and an arrangement of winter berries was placed on a reflector.

Attending were Mrs. Grace Mann, Mrs. R. T. Piner, Mrs. Coffee, Mrs. Lee Hanson, Mrs. Shine Phillips, Mrs. Cliff Wiley, Mrs. Obie Bristow, Mrs. Wiley Curry, Mrs. Charles Watson, Mrs. Rogers Hefley, and a guest, Mrs. Emil Fahrenkamp of Fort Worth.

### Kentuckian To Speak

Elder J. W. Fairchild of Kentucky will preach at the Primitive Baptist church at 301 Willow Monday and Tuesday evenings, beginning at 7:45. B. R. Howze is pastor of the church.

### Visits And Visitors

Mr. and Mrs. Bert Brown of Santa Fe, N. M., are visiting his sister, Mrs. Harry Lees. They plan to be here for a few days.

Mr. and Mrs. Emil Fahrenkamp were visitors over the weekend. Former Big Spring residents, they now reside in Fort Worth.

Mrs. W. M. Stoutenburg arrived Sunday morning to visit with her parents, Mr. and Mrs. S. P. Jones. She is the former Myrtle Jones. She is living in Yakima, Wash.

### State Colleges Seek Millions For Building

FORT WORTH, Jan. 14 (AP) — Authority to issue \$15,000,000 in bonds for their post-war building program is to be sought at the next session of the state legislature by Texas University and Texas A.&M. college.

Announcing that they had set up a five-man committee to coordinate their efforts, the regents of the university and directors of the college meeting here yesterday said they would work with "other state-supported institutions of higher learning in Texas" in their respective building programs.

They also created a committee to study and make recommendations on higher education for negroes in Texas.

Named to the five-man policy committee which will coordinate the efforts of the two schools in their campaign to gain legislative approval for their building programs were:

Dudley K. Woodward, chairman of the university board of regents, chairman; Dr. T. S. Painter, acting president of the university; Gib Giehrst, president of A.&M.; and John W. Newton of Beaumont, a director of A.&M.

The fifth member of the committee is to be selected later. He will "not necessarily" be a member of either school.

The committee's first task is to provide for the submission and adoption of a constitutional amendment at the next session of the legislature Woodward said. It authorizes the university to issue \$10,000,000 and A.&M. \$5,000,000 in bonds to run for 20 years for their respective building programs.

A similar proposal for the building proposal was defeated at the last session of the legislature.

### Santone Man Named Leader Of Boatmen

DALLAS, Jan. 14 (AP) — Henry Taubert of San Antonio was elected commodore of the Southwest Boat Racing Association at a meeting of members here over the week-end. George Page of Abilene was elected vice commodore and Frank Middleton of San Antonio, secretary.

Representatives from thirteen cities in Texas, Oklahoma, Louisiana and New Mexico attended the sessions which ended yesterday.

It was decided to hold all races under the rules of the American Power Boat Association, and racing dates for the 1946 season, which will be supplemented with other programs at cities to be announced, include: March 3, Brownsville, Texas; July 4, Lake Texoha, sponsored by the Durant, Okla., boat club; July 14, Abilene, Texas; July 28, Sweetwater, Texas; Sept. 1, Daingerfield, Texas; Sept. 2, Shreveport, La., for the Southern Division championship.

### Ex-GI's Enrolling In Night Schools

AUSTIN, Jan. 14 (AP) — Sam Martin, principal of the Austin public evening school, said that 71 ex-servicemen are enrolled in the night school, representing more than 27 per cent of the 261 students.

Fifty-seven of the total are taking courses toward high school graduation or toward satisfying college entrance requirements, he said.

### Social Calendar Of Events For Week

**TUESDAY**  
EAST FOURTH STREET CHURCH WMU will have Bible study at 3:15 p. m. in the church parlor.  
EASTERN STAR will have a covered dish supper at 6:30 p. m. at the hall and the regular meeting at 7:30 p. m.  
REBEKAH LODGE meets at 7:30 p. m. in the IOOF hall.  
JUNIOR MUSIC STUDY CLUB meets at 7:30 p. m. with Jean Cornellson at 1103 Wood street.  
BUSINESS AND PROFESSIONAL WOMEN meet at 7:30 at the Settles hotel.

**WEDNESDAY**  
SOUTH WARD PTA STUDY GROUP will meet at 1:30 p. m. with Mrs. Joe Blum.  
NORTH WARD PTA bridge and 42 party will be held at 7:30 p. m. at the school.  
FIREMEN LADIES will meet at 3 p. m. at the WOW hall.  
CENTRAL WARD PTA will meet at 3:30 p. m. to hear Rev. James E. Moore speak.

**FRIDAY**  
MERRY WIVES bridge club will meet at 7:30 p. m. with Mrs. James C. Jones.  
EAST WARD PTA will meet at 3:30 p. m.  
CREDIT WOMEN'S CLUB will meet for luncheon at the First Methodist church.  
G.I.A. will meet at the WOW hall at 3 p. m.  
BARBARA REAGAN CLASS meets at 1:30 p. m. with Mrs. H. B. Reagan, 502 E. 14th.

**THURSDAY**  
TRAINMEN LADIES will meet at the WOW hall at 2:30 p. m.  
T.E.L. CLASS of the First Baptist church will meet at 7:30 p. m.

### Murder Victim May Be Saratoga Woman

SARATOGA SPRINGS, N. Y., Jan. 14 (AP) — With a yellow bobby sock their only apparent clue, police sought today to establish the identity of a nude, headless body of a woman—minus both arms and one leg—found partially buried behind a chicken coop seven miles from here.

Police Chief Patrick F. Rox said he had reason to believe that the body, found yesterday, was that of 20-year-old Louise De Chants, missing from her Saratoga Springs home since last Wednesday.

Joseph De Chants, 23, brother of the missing girl, said that "Louise was wearing a yellow sock when she left home."

The sock was on the one leg that was left on the torso.

The dismembered body was found on the Lake Lonely home-site of Mr. and Mrs. Clarence Leggett, Rox said.

Rox said that a routine investigation in the search for the missing De Chants girl had disclosed that she had gone to the Leggett residence last Wednesday.

### Periodical Scores Gambling At Prep Football Games

AUSTIN, Jan. 14 (AP) — The Interscholastic leaguer, official publication of the Texas interscholastic league, today took a crack at gambling on high school football games.

An editorial termed such gambling as "an even worse curse than drinking intoxicants at football games" and said it was becoming organized on the "horse-racing plan."

In referring to the Brooklyn incident involving players on college basketball teams, the editorial said: "Many gamblers are not content to take a chance, but insist on having a sure thing. Then money is put up to hire players to throw the game or hold the score down to make certain gamblers safe. This is the end of sport."

The editorial said it would take only one scandal of this kind to blow up high school football in Texas.

## This Is It Mother!

**Trouble-Saving, Time-Saving Tip From Other Busy Mothers**

Best-known home remedy you can use to relieve miseries of colds—is to rub warming, soothing Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub

Penetrates to cold-irritated upper bronchial tubes with special, soothing medicinal vapors.

Stimulates chest and back surfaces like a warming poultice.

Thin For Hours VapoRub's special action keeps on working. Invites restful sleep. Often by morning most of the misery of the cold is gone!

Only VapoRub gives you this special penetrating-stimulating action. So be sure you get the one and only VICKS VAPORUB.

### RADIO NOTES

How a shaggy, matted colie copped show honors instead of his fullbred rivals will be related by Marvin Miller, Storyteller, on the Home Edition, Tuesday at 10:30 a. m. over KBST. The story is titled "Putting on the Dog."

Soprano Louise Weber and the General Mills Choir will offer "Ave Maria" at 9:30 a. m. Tuesday in the broadcast of Hymns of All Churches over KBST.

The story of a man who was a misfit, and of two women who tried to do his work for him, will be dramatized when My True Story is broadcast over ABC at 9 a. m. Tuesday. Even combat experience in the war fails to rid Morton Ferris of his fantastic schemes for making money overnight, but the program will tell what finally induced him to settle down.

### Head-On Vehicle Crash Kills Four

EL PASO, Jan. 14 (AP) — Four persons were killed and five others injured in a head-on automobile accident 50 miles east of here last night.

All of those killed and two of the injured were members of a family enroute from Highland Park, Mich., to San Diego, Calif., to visit the ensign husband of one of the victims.

Dead were Cecil C. Youngblood, 48, Emilee Youngblood, 14, his daughter; Dewey Youngblood, 47; and Jamie Jay Burton, 2-1-2.

The injured were Mrs. Curtis C. Youngblood, her daughter, Mrs. James K. Burton, and the three youths from Fort Hancock, Texas, who were in the second car.

### FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night". A carefully blended combination of 18 herbs, roots, vegetables, balsams; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people may have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send names and addresses to Department A, Kilmer & Co., Inc., Box 1285, Stamford, Conn. Offer limited. Send at once. All druggists sell Swamp Root.

## THAT TRIP You've Earned...

GO SOON—AND SAVE AS YOU GO GREYHOUND

Right after the busy Holidays is the best time of the year to give yourself a well-earned, much-needed vacation—for many good reasons.

It's the least crowded time of the whole year for transportation... there'll be more room on Greyhound buses bound for almost any part of the U. S. A.

A vacation is most welcome of all in midwinter—when you really need respite from cold weather monotony, and from the piled-up strains of four war years!

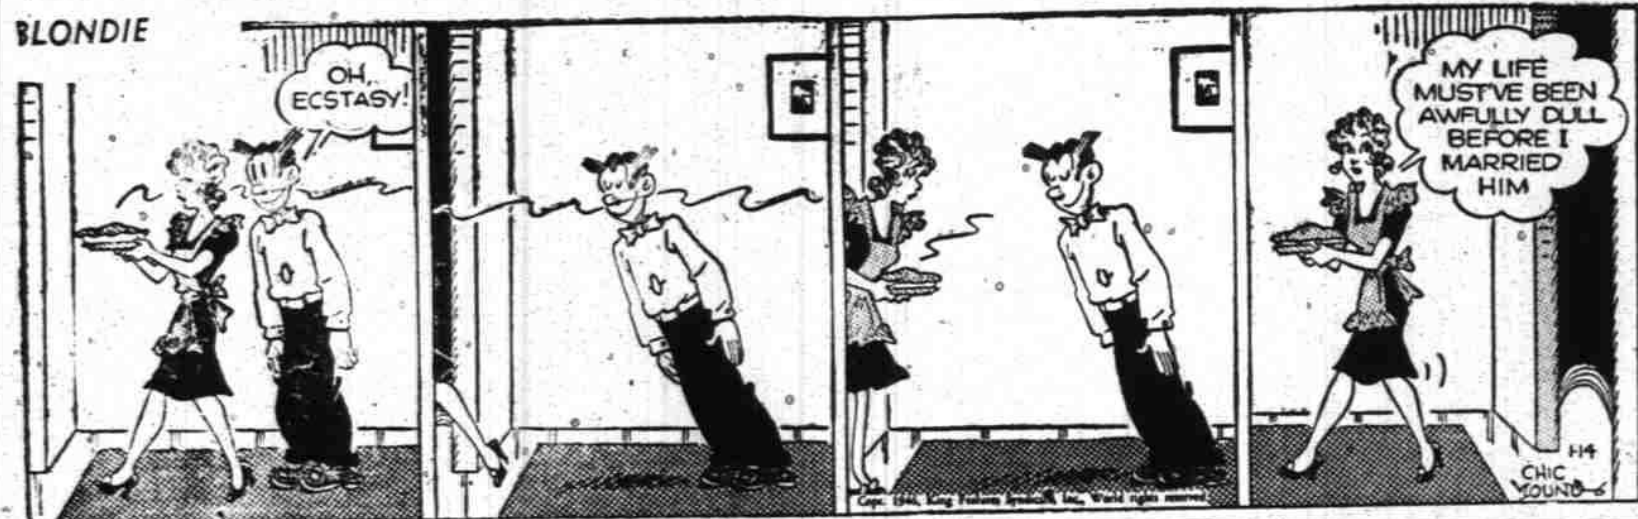

Your winter trip to the sunny South or West—to friends or family in nearby towns—to popular snow-sport resorts—will be warm and comfortable aboard a Greyhound highway coach. Fares, as always, are lowest for any type of transportation.

Go soon and go Greyhound—for a pleasant, relaxing winter trip.

**Embargo Planned For Protection Of Shippers**

FORT WORTH, Jan. 14. (AP) — A formal order today from the Gulf Colorado and Santa Fe railroad forbidding local agents of its lines from shipping any consignment of animals to Fort Worth which cannot be unloaded by midnight of Jan. 15 was forecast by Carl H. Jackson, general livestock agent here for the railroad.

The embargo was necessary because of the impending strike Jan. 16 of 2,500 members of the United Packinghouse Workers of America (CIO), Jackson said. He declared that it had been approved by J. P. Cooley, assistant general manager of the railroad, who would make it public today in Galveston.

**SALE OF PARKER IS ANNOUNCED**

MONTREAL, Jan. 14. (AP) — Sale of second baseman Salty Parker to Shreveport of the Texas league, was announced by the Montreal Royals of the International league. Parker, Akey man on the Royals' championship team last season, will manage the Shreveport club.

**COMMUTE SENTENCE**  
BAD ZWISCHENAHN, Germany, Jan. 14. (AP) — Canadian Third Division headquarters announced today that the death sentence pronounced Dec. 28 on Nazi

Maj. Gen. Kurt Meyer, convicted of responsibility for the killing of Canadian prisoners of war, had been commuted to life imprisonment.

**Fact-Finding Board Neutralizes Most Claims Of Arguing Factions**

By JAMES MARLOW  
WASHINGTON, Jan. 14. (AP) — Buried under a load of words on the labor crisis, people ask: What is a fact-finding board and what does it do?

When a union and an employer start arguing about a wage increase, the union usually asks for more than it expects to get and the boss usually offers less than he expects the union to accept.

If things go right, they agree on some middle figure.

But when a strike starts, both sides deluge the public with what each side insists are the facts.

They may be the same facts and figures, but the two sides interpret them differently. One tries to show that the boss is determined to starve his workers or bust the union. The other tries to show that the union is bent on ruining

the employer.

Knowing big strikes may wreck reconversion, President Truman tried to find a peaceful solution by setting up fact-finding boards.

These boards are three-man affairs. The members are not connected with union or business. This is what a board does:

It simply asks both sides to present their case to the board. The board can't — because there's no law giving it authority to do so — force a company to show its books.

The board listens to the arguments, examines what figures either side is willing to let the board see, and then examines government figures as they may relate to the particular case.

The board decides whether the union should get a raise, or how much of a raise. Then it recommends to the President whether a raise is due, and how much.

That's as far as it can go, or Mr. Truman can go. He can't compel the company or the union to follow the board's recommendation.

Mr. Truman hoped that when the board's findings were made public in a given case, public pressure would force agreement.

**LONG OCCUPATION ASKED**

TOKYO, Jan. 14. (AP) — Allied occupation of Japan for as long as 50 years was advocated today by

Tomas Confesor, chief Philippine delegate to the Far Eastern Commission.

**Maritime Service Issues New Emblem**

The honorable discharge emblem (pictured) for the US Maritime service will be issued to officers, administrative personnel and trainees who have seen service between Dec. 7, 1941, and the termination

of hostilities and those separated from that branch of service under honorable conditions.

The emblem consists of a gold-filled wreath of a size to be inscribed with a circle one-half inch in diameter. A spread-eagle with wing tips three-quarters of an inch across and length of body such that the top of the head is level with the innermost leaves at the top of the wreath. The letters USMS are super-imposed, along with an anchor.

**Iranian Political Disorders Probed**

TEHRAN, Jan. 12. (AP) — Iranian officials investigated political disorders in three northern Iranian towns today after a cabinet member indicated the government would reject a British-American proposal for a tri-power inquiry into the country's troubled internal affairs.

Five persons were killed and nine wounded in Iran's latest disturbances, which took place at Zenjan, 200 miles northwest of Tehran, at the Caspian Sea town of Chalus, 65 miles north of Tehran, and at Karvin, 80 miles northwest of the Iranian capital.

Rejection of the British-American suggestion for an international investigating committee was promised in parliament by Finance Minister Hagir, amid cheers from the deputies. His statement came after two deputies had attacked the proposal, declaring they were opposed to foreign intervention in Iranian affairs.

**High Winds Damage Coast Citrus Crop**

LOS ANGELES, Jan. 14. (AP) — Growers' voiced fears today that damage to citrus from unusually high winds over the week-end might total \$3,000,000.

Official estimates from farm agents or fruit cooperatives were not yet available, but some individuals estimated that up to 20 percent of the crop had either been blown from trees or so badly bruised as to be unmarketable.

There are approximately 1,083 islands in the Philippines.

**Save Money By Mixing Cough Syrup at Home**

It's So Easy! Needs No Cooking. Gives Very Quick Relief.

Even if you're not interested in saving good money, you surely want a really effective relief for coughs due to colds. So try mixing it yourself in your kitchen, and be ready for a surprise.

It's so easy to mix, a child could do it. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed. Or use corn syrup or liquid honey instead of sugar syrup.

Put 2 1/2 cups of Pinex (obtained from any druggist) into a pint bottle.

Then fill up with your syrup. This makes a pint—about four times as much for your money. It tastes good—children really like it. It lasts a family a long time, and never spoils.

But what you'll like most is the way it takes right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases soreness. Let's you sleep. You'll say you've never seen its superior.

Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Try it, and if you're not really delighted your money will be refunded.

**Why we believe that General Electric's wage offer is fair**

**1. IT MEANS HIGHER AVERAGE "TAKE HOME" PAY IN 1946 THAN IN WARTIME**

We have offered the union an increase of 10c an hour for all those making less than \$1.00 an hour, and 10% increase for those who make more. With the overtime that will be necessary to meet consumer demand this year, the average employee would have more "take home" pay than he had during the war.

\*Those making from \$2,000 to \$3,000 in salary would receive 10% increases, and those receiving between \$3,000 and \$5,000 annually would receive increases of \$300.

**2. GENERAL ELECTRIC'S RECORD ASSURES GOOD FUTURE PAY**

The G-E wage policy in normal times assured our workers wage rates equal to, or higher than, comparable industries in every community in which we operate. We expect to continue this policy in the future.

**3. THE MOST WASTEFUL THING THAT CAN HAPPEN NOW IS A STRIKE**

Nothing can be gained by a strike now that could not be gained with men at work. Much can be lost. A million dollars a day in wages alone can be lost. Homes by the hundreds of thousands — and communities across the land — can suffer. That's why we hope that it won't happen.

# Standard Super-Service O'Brien Grocery Coleman Courts Reconverts Works On 21-Hour Day Now Sells Bacon, To Civilian-Filled Cabins Scarce Items

Almost round-the-clock service is offered patrons of the Standard Super-Service station operated by Homer Williams and C. T. Caswell, who recently purchased half interest.

From 6 o'clock in the morning until 3 o'clock in the morning 21 hours later, the Standard Super-Service, located across the street from the city auditorium, fills hundreds of gasoline tanks with Standard's Chevron Supreme. If it's oil the car is needing, the station is supplied with plenty of RPM Motor Oil. And if it's greasing or washing, the station is equipped with a servicing rack manned by skilled mechanics who do a

good job of greasing hard-to-reach places and adding that extra polish which makes a car look like new.

At all times of the 21 hours, the station deals in Atlas tires and batteries. At the present, none of the popular sizes of automobile tires are in stock but a shipment is expected soon. When it comes in, a system of self-rationing has been set up whereby customers may obtain tires according to their needs. However, there is a supply of truck tires on hand, with tractor tires due in any day. Atlas tires and batteries are sold with a good guarantee. Williams reminds customers.

Lawrence Robinson, long-time resident of Big Spring, is an attendant at the station.

Coleman Courts are now filled with civilians, L. E. Coleman, owner, says. The courts, formerly a stopping center for local servicemen, has been filled with non-military families.

The courts have continued to grow, and Coleman has recently put up two new structures. "However, these will be the last for some time," Coleman declared, "since building materials are becoming harder and harder to obtain."

So the two new units will be the last until building supplies become

more plentiful. The Coleman Courts now number 77 units, including the two new houses.

In pre-war days the courts also boasted a grocery store and hardware store in addition to the filling station which is now being operated. War shortages made necessary the closing of the grocery and hardware stores. Nevertheless, Coleman states that he plans to reopen the grocery department very soon, in order to make house-keeping easier for the housewives occupying Coleman housing units.

The owner has had several bids for operators of the food store, and he said that a decision will be made soon. When the hardware department is reopened, plumbing and electrical repairs can be promised readily.

All during the war Coleman Courts provided a "home away from home" for the more or less transient population of Big Spring. Now with the end of the war, the courts cater not only to residential dwellers, but also to the traveling population which passes along the "Broadway of America."

The units in the Courts include a variety of types of dwellings, ranging from one room cabins to a small house with kitchen. All units have garages for the residents' cars.

L. E. Coleman promised that service at the Coleman Courts will always be maintained, and he invited the public to take advantage of the comfortable quarters at 1206 Third street.

### Buffalo All-America Club Seeks Services Of Donelli As Coach

By HUGH FULLERTON, JR.  
NEW YORK, Jan. 14. (AP)—Sam Cordovano, part-owner of the Buffalo All-America conference football club, is confident of landing Buff Donelli as his head coach although Sam's old tutor, Lou Little, wants to keep Buff in the collegiate ranks. . . . At any rate, Sam won't coach the team himself. . . . Speaking of coaches, there's a "triple threat" coach in the market for a job. Billy Bancroft, recently a Red Cross director in Europe, turned out some of the best bas-

ketball teams in the South at Howard College (Birmingham); his 1935 football team was good enough to win the Alabama and he piloted Selma, Ala., into the Southeastern baseball league playoffs. . . . Joe DiMaggio won't be on hand for the opening of the Bob Feller "baseball school, but he'll make it before the end of this month.

**Quote, Unquote**  
George Preston Marshall, Washington Redskins' boss: "The trouble with that All-America league is that since Don Ameche played Alexander Graham Bell in the movies they've done nothing but talk in telephone numbers."

**Monday Matinee**  
The Yankees will stage a special press tour of the stadium tomorrow because the scribes can't believe all they've heard about the changes Larry MacPhail is making. . . . Larry even promises a comfortable football press box. . . . The Southeastern conference, which bars transfer athletes from competition, may insist that "neighboring leagues" bar former SEC athletes. . . . Walker Cooper's batting average at the polo grounds, where he'll play his home games next summer, is .358.

Bobby Hicks, young umpire from the Piedmont league who will get a trial in the American association next summer, spent part of the winter on the Durham, N. C., tobacco market. . . . Wonder if he'll call his decision in the auctioneers' chant.

**Cleaning the Cuff**  
Lefty Gomez would like that job of managing the Newark Bears, but at last report he hadn't put in an application for it. . . . If the tobacco belt baseball league in eastern North Carolina goes through, Dick Herbert of the Raleigh News and Observer will be one of the busiest guys in the sports editing business. He'll have to cover four leagues, including the Carolina, N. C., State and Coastal Plain.

Call JACK at 100 for PRINTING (A&P)

### Hogan Finishes Third Behind Herman Barron

SAN FRANCISCO, Jan. 14 (AP)—Byron Nelson, the US treasury's favorite golfer, had \$5,666.67 in brand new Victory Bonds safely banked today after winning his second straight tournament of the 1946 winter season—the San Francisco Open.

To the \$2,666.67 first prize he won in the Los Angeles Open Nelson yesterday added the \$33,000 top prize offered here. His final 72-hole score of 283 beat the field by nine strokes.

Herman Barron finished with a 292, good for the \$2,000 second place prize, while Benny Hogan took third money—\$1,500—with 293.

Breaking into the big money for the first time was young Armand Farina, who tied for fourth at 295 with Johnny Revolta. Each received \$1,100 in bonds.

Other leading scorers and their bond prizes:

296—E. J. (Dutch) Harrison and Mark Fry, Oakland, Calif., \$850 each.

297—Tony Penna, \$700; and George Schoux, \$100 bond for leading amateur.

298—Jim Ferrier, Chandler Harper, Harry Bassler, and Bob Hamilton, \$500 each.

299—Demard (Jug) McSpaden, and Jim Demore, Houston, Texas, \$325 each.

301—Ellsworth Vines, Vic Ghezzi, New Bassler, Sam Sneed, Sam Byrd, and Willie Goggin, \$290.33 each.

The professional troupe moves across San Francisco Bay this week for the \$100,000-bond Richmond open, starting Thursday.

### Isbell Favors Second League

DALLAS, Jan. 14. (AP)—Cecil Isbell, former star of the Green Bay Packers, says a second major football league would be a healthy thing for the pigskin sport. He can envision a "world series" between champions of the National league and the newly-formed All-America league rivaling the annual big show of baseball.

Isbell, now head coach at Purdue university, was here to address the Dallas Purdue Alumni Association. Texas is Cecil's old stamping grounds. He got his start as a player at Sam Houston high school at Houston, then went to Corpus Christi to star on the College-Academy team there before going to Purdue.

He believes two strong major leagues will serve to stimulate interest in the pro game.

"The All-America league is backed by wealthy men and should be a success," says Isbell. "In my opinion, the National pro league would be wise to work out an agreement whereby the schedules would not conflict and co-operate with, instead of fight, the new circuit."

The Purdue mentor revealed that his school had been approached by the University of Texas for a game in 1947 but explained that it was difficult to bring Big Ten and Southwest conference teams together, particularly to play in the Southwest, because of the difference in climate.

"A Big Ten eleven playing in the Southwest in late September or early October would have to have three teams and work them in shifts," he said. "They would burn up. Since the Southwest conference teams usually meet each other from Mid-October to late November, it leaves no suitable dates to arrange games between representatives of the two conferences."

Southwestern university's Pirates are being touted as the odds-on favorite to capture the Texas Conference basketball title.

One of standouts of the Bucco club is John Uirey, a Big Spring star some years ago. Uirey isn't the only footballer on the Corsair cage squad. There's Dan Davenport, tallest of the gang, and Ted Bare, the big wing who scored the only Southwestern touchdown against Hondo AAF in the grid game played here last Nov. 24.

Look for Hugh Cochran to break into the regular Steer lineup soon.

The durable youngster was handicapped by injuries early in the campaign and by the time he got into playing trim some of the sophomores were working too well with the Malaise system but Hugh's about to get strung out and can't be kept on the bench.

Aggressive to the point of being bellicose, Cochran gives the club a needed punch.

R. C. Thomas, a local casaba official and a former Knott athlete, says he believes Stanton's talented Buffaloes could humble Odessa's cagers, which is saying a lot.

Thomas saw the Buffs sack championship honors in their own tournament last weekend.

### Rule Changes Should Encourage Offense, Aid Deceptive Play

ST. LOUIS, Jan. 14. (AP)—College football teams may show more offensive power next fall if coaches take advantage of changes in the rules made by the National Athletic Association's football rules committee.

William J. Bingham of Harvard, committee chairman, announced the changes yesterday at the close of the three-day meeting.

He explained one revision provides that the quarterback, reaching under the center with his

hands in position to receive the ball, is in a legal position even though less than a yard behind the line of scrimmage when the ball is passed. Previously the quarterback had to either receive the ball or withdraw his hands to a point behind the line of scrimmage.

Adding deception, this rule change aids the T-formation and the single wing and may result in a new "T-wing formation," committee members said.

Other revisions announced include:

1—On an illegal pass by either team the penalty is five yards from the spot of the pass, and also involves the loss of down if made by the team which put the ball into play by scrimmage.

The rule formerly provided that in case of an illegal pass, the ball was brought back to where it originally was put in play for the penalty.

2—The number of time-outs in each half has been increased from three to four but, when the watch is stopped by substitution only sufficient time to complete the substitution will be allowed.

3—The size of numerals on players' jerseys will be increased from six to eight inches in front and from eight to ten inches on the back. Numerals must be single contrasting colors.

4—The penalty for a foul committed on a kicked ball when the foul occurs after the ball has crossed the line of scrimmage and before it has been touched by the receiving team is made from where the ball is put into play. This removes an unduly severe penalty under which the ball went to the offending team at the spot of the foul, committee members said.

### LOOKING 'EM OVER

With ANGUS LECESTER

Having watched the current edition of the Big Spring high school basketball Steers in action and lamented over their lack of offense, Ted Phillips, Jake Morgan and other members of those great Bovine contingents of the 30's would like casting aside the years, re-grouping to play John Malaise's troupe.

"The old attack just isn't there," sings a sympathetic Jake, "and I think we could help them. I can't understand what's happened to offensive play these past few years."

Jake is well qualified to hold a critique. He learned his basketball under Bill Stevens, whose Steer teams were the scourges of West Texas cage circles in the early '30's. That Morgan should believe in sacrificing defense for offense is natural, since Bill was a disciple of high-scoring play and his clubs were rarely topped.

Twice, the maestro carried Big Spring aggregations to the state meet. His charges regularly thrashed such outstanding brigades as Abilene, Breckenridge. Perhaps their greatest hour came in their thrilling triumph over an Athens quintet coached by Jimmy Kitts, which later racked up the state title.

Whether or not Morgan, Phillips et al could still function is another matter. Perhaps time has made too much of an inroad on their ability.

However, that is doubtful, since none of them is ready for the easy chair and slippers. Their endurance may be an ethereal something that vanished in the mists of the long ago but, given any time to practice, they'd come along.

In the service, Morgan played basketball regularly while assigned to an LSD, as a member of one of a dozen teams that operated on the craft.

Phillips, whose nephew, Fred, performs for the present quintet, is a Steer immortal. Despite lack of height—he's less than six feet—Ted captained the great 1936-37 Longhorn contingent, went on to make first team at West Texas Teachers.

It wasn't an open challenge the ex-Steers hurled at Malaise but, should the mentor desire such a test, a representative squad of former Herd regulars could be assembled—and in a hurry.

Lloyd Forrester, for one, could be contacted and would probably welcome the chance to play. He's now in Fort Worth. Buren Edwards is another who'd need no second invitation. Then there's Dave Hopper, Tommy Hutto and Cecil Reed—most of whom would be available.

Southwestern university's Pirates are being touted as the odds-on favorite to capture the Texas Conference basketball title.

One of standouts of the Bucco club is John Uirey, a Big Spring star some years ago. Uirey isn't the only footballer on the Corsair cage squad. There's Dan Davenport, tallest of the gang, and Ted Bare, the big wing who scored the only Southwestern touchdown against Hondo AAF in the grid game played here last Nov. 24.

Look for Hugh Cochran to break into the regular Steer lineup soon.

The durable youngster was handicapped by injuries early in the campaign and by the time he got into playing trim some of the sophomores were working too well with the Malaise system but Hugh's about to get strung out and can't be kept on the bench.

Aggressive to the point of being bellicose, Cochran gives the club a needed punch.

R. C. Thomas, a local casaba official and a former Knott athlete, says he believes Stanton's talented Buffaloes could humble Odessa's cagers, which is saying a lot.

Thomas saw the Buffs sack championship honors in their own tournament last weekend.

### Loops Set For Year

WT-NM Decides On Schedule, Pay Limit

AMARILLO, Jan. 14. (AP)—The West Texas-New Mexico class C baseball league decided on a tentative 140-game schedule for the coming season at their meeting here yesterday and empowered President Milton Price to arrange a series with the East Texas league when that circuit completes its organization.

The league also decided to allow each team 15 players, four of any class, six limited service players and five rookies. A monthly players' salary of \$2,200 was set.

All members—Pampa, Borger, Lubbock, Lamesa, Abilene, Amarillo, Clovis and Albuquerque—were represented.

GREENVILLE, Jan. 14. (AP)—With the opening date just more than three months away, the East Texas baseball league was making its plans today for a six team league.

Representatives met here yesterday and voted Greenville a berth in the circuit which also includes Sherman, Tyler, Lufkin, Henderson and Jacksonville.

A seventh member, Paris, was voted in contingent upon possibility on an eight entry. Texarkana, which had originally put up the money, has surrendered its franchise because at this time it cannot acquire a ball park.

The league representatives also decided on a season from April 23 to Sept. 8 inclusive; \$2,200 limit in salaries per month for players; and a limit of 15 players which may include seven players of any class. Five players of three years experience or less and three rookies.

Rice beat Southern Methodist 55-50 last week to push the Methodist into the cellar while Texas got back into the race by downing Texas A. and M. 46-42.

Five conference games are scheduled this week with SMU and Texas Christian starting the fireworks at Dallas tomorrow night. Wednesday night Rice meets A. and M. at College Station, Thursday night Baylor plays SMU and Saturday night Texas meets Texas Christian at Austin in addition to the Rice-Baylor melee at Houston.

A. and M. has a nonconference game Saturday night with Corpus Christi Naval Air Station at College Station.

### Glovers Launch Drills Tonight

With very little fanfare and the prospect of very hard work ahead of them, local entries in the Golden Gloves boxing tournament open training tonight at 7 o'clock in a newly equipped gym in the basement of the Settles hotel.

The big show is billed for the evenings of Friday and Saturday, Feb. 8-9, which means that the lads have less than a month in which to get in shape. Steady work should give all the contestants that needed trim, however.

Jack Harrison, the local general, will be in charge of preliminary training and will be assisted by several of his fellow cops. Harrison devoted himself to the task of getting training equipment over the weekend.

John Malaise's Big Spring high school basketball Steers try again for their first District 3AA victory Tuesday night in the local fieldhouse when they square off with Midland's Bulldogs.

The Steers triumphed over the home-towners last week in a game at Midland, 25-22.

Both clubs had disastrous week-ends. Midland lost out in a first round game of the Stanton Invitational tournament to the host team while the Big Springers were absorbing a shellacking at the hands of a potent Odessa tribe.

Various types of flowers, such as asters, carnations, azaleas and geraniums, can be treated now with a chemical compound which is absorbed through their roots and makes the plant toxic to insect pests.

good start in the Garden City tournament by blasting Christoval, 18-16, but then were ushered out of championship play by the ultimate champions—Coleman's quintet by a 20-11 count.

Coleman copped the bunting by edging Sterling in the finals, 13-8. Coahoma lost out in the consolation finals to Garden City, 11-10.

Last week, the Buffs made a

### Baylor Advances On Cage Crown

Bruins Split With Hogs To Clear Path For Title Run; Play Twice This Week

By The Associated Press  
What a difference twelve months, a few scouting trips and some service discharges can make!

Last year Baylor's Bears finished the Southwest conference basketball campaign without a sign of victory in 18 games. The puny Bruins averaged a little better than 27 points per contest.

Today you find them leading the field for the season and in a good position to win the championship. They knocked over favored Arkansas 40-28 last week to split the series

Rice, which also had been undefeated, stumbled at Fort Worth and lost to Texas Christian 53-49. The standings now show Arkansas and Rice to have won three and lost one. TCU to have two victories against one defeat and Baylor to have won one out of two. In both conference and nonconference play, Baylor is in front with 11 wins in 13 games.

Baylor this week tries its hand against Rice, the Bears meeting the Owls at Houston Saturday night. Baylor also plays Thursday night, clashing with downtrodden Southern Methodist at Waco. Arkansas has no games.

Baylor presents a much different team from the one that gave up 1115 points in 18 games last year, helping the opposition set all kinds of records. In the first place three former Baylor stars got back from the service. In the second place Bear scouts brought in Jackie Robinson, the Texas schoolboy great, and some other high school stars. It's a good team and has an excellent chance of bringing Baylor its first conference championship in 14 years.

Rice beat Southern Methodist 55-50 last week to push the Methodist into the cellar while Texas got back into the race by downing Texas A. and M. 46-42.

Five conference games are scheduled this week with SMU and Texas Christian starting the fireworks at Dallas tomorrow night. Wednesday night Rice meets A. and M. at College Station, Thursday night Baylor plays SMU and Saturday night Texas meets Texas Christian at Austin in addition to the Rice-Baylor melee at Houston.

A. and M. has a nonconference game Saturday night with Corpus Christi Naval Air Station at College Station.

Talbert Downs Bitsy Grant

TAMPA, Fla., Jan. 14. (AP)—Billy Talbert, nationally ranked No. 2 tennis star from Wilmington, Del., captured the Dixie tournament title yesterday when he downed Bitsy Grant, three-times winner from Atlanta, 6-3, 6-2, 6-1.

Baba Lewis, Los Angeles, won the women's singles by defeating Betty Hulbert of the University of Miami, southern women's champion, 6-4, 6-3.

### Chandler Books Dallas Visit

DALLAS, Jan. 14. (AP)—Baseball Commissioner A. B. (Happy) Chandler is coming to Dallas next weekend to do something besides make a speech.

In the first place they have him down for appearance in a male quartet as a feature of the YMCA sports achievement dinner at which he will make the principal address next Monday night.

Dan D. Rodgers, Dallas banker and head of the Cotton Bowl, will be master of ceremonies and appear with Chandler in the quartet. Both are rated as talented vocalists.

Also, Chandler will receive the emblem of the Dallas Bonehead club and a certificate from the Bonehead College baseball nine.

The commissioner will arrive Sunday and will be honor guest at a dinner by President J. Alvin Gardner of the Texas league that night.

Helps break up cold's local congestion so . . . AWAY GOES COUGH'S TIGHTNESS

Just rub Penetro on child's chest, throat and back and you (1) help break up local congestion, ease chest muscle spasms, (2) relieve pain, (3) loosen phlegm, coughing lessens. # Editorial-- Steady Pressure Needed

Recently, Lawrence Wells, sanitarian for the city-county health unit, told a service club organization of certain results from a survey that the club (Lions) made last summer at the height of a wave of infectious ailments.

Chief among the results was a tabulation of various conditions. Little progress on correcting them has been made, but then we believe that the fact unseemingly conditions have been located and listed is not at all a bad start.

In view of Wells' statement that efforts will be made to correct many of the conditions by May of this year, one can be tolerant of the fact that no whirlwind campaign to erase all insanitation has not been launched.

The fact is that a whirlwind campaign is the least desired thing. This is a matter that requires even, steady and progressive pressure. We were able to accomplish a lot in a short space of time last year when faced with necessity. The fly menace, perhaps the worst in the city's history, was reduced to minor proportions almost overnight. While it did not even reach its earlier level, the fly problem regained some of its strength toward late fall—and it was because we let up on our pressure. Where once, after the DDT was sprayed and business houses required to clean up, there were practically no flies, there came to be swarms again as these premises once more drifted into objects of carelessness.

Thus, there is a lesson for all of us. The battle can't be won by one lick—and it is a battle for us all. It would be undesirable and quite impossible for a representative of the health unit to stand over us to make us be sanitary. It is something, which, in the name of common sense, each person should strive to be consistently and willingly.

As for the statistics revealed by Wells on the basis of the survey, there is plenty to be done. The fact that we have well over 200 places without even semi-satisfactory toilet facilities is a disgrace, a disgrace aggravated by the fact that there were many places without any means of disposing of human excreta at all.

It may be a seeming hardship on some of these families to make corrections, but we venture that in the interest of the entire community that every-one of it is that his whole campaign of concern is concerned in the stock situation, whether for or against, will be interested to know that the number who keep livestock are few. Many, many more keep chickens.

## Concern In Public

Senator Vandenberg of Michigan, one of the ENO delegates from the U.S., recently made much ado about the wording of one phrase in the atomic bomb commission agreement reached in Moscow.

## Washington--

# U. S. HAS OWN PAY PROBLEM

By JACK STINNETT

WASHINGTON—President Truman has been criticized for a number of his important governmental appointments. Some of it certainly is undeserved.

Rarely, if ever, has a new Chief Executive had to sit by while so many executive and advisers have left his staff nor has a President had more difficulty persuading top-notchers to come into the government.

Dollar-a-year men and executives who served for \$10,000 a year or less during the war, when they could make many times that in private industry, now feel free to accept those attractive offers without being accused of lack of patriotism. Also, though it is rarely mentioned, many of these men are certain that a period of inflation is coming when government white-collar salaries will hardly keep the wolf from the door.

(2) President Truman's ideologies, being much more near the middle of the road than President Roosevelt's, don't attract the men who are willing to sacrifice every-

thing for an idea.

More recently and more importantly, scores of capable men have run from the Washington scene since VI-Day. Leo T. Crowley has left a gap in several important jobs. William S. Knudsen has gone. Ralph K. Davies, who did such an outstanding job as executive director of the Petroleum Administration for War, has left. Theodore R. "Ted" Gamble, No. 1 salesman of Uncle Sam's war and victory bonds, has returned to his chain of Oregon movie houses; Adm. Emory S. Land has quit the Maritime Commission for better paying job and his co-worker Adm. H. L. Vickery has retired. Stephen T. Early stayed around as chief White House publicist only long enough to see Truman well seated.

Byron Price, who made the almost impossible task of wartime censor look easy, has quit. So has Daniel W. Bell, whom many here call the greatest undersecretary of the treasury we have ever had. Harry Hopkins, who momentarily served President Truman as indispensably as he ever had Roosevelt, has gone into the higher paying organized labor field. Donald Nelson, war production chief, is representing the independent movie men. His successor, J. A. Krug, has folded his Washington tent. Judge Samuel I. Rosenman, who has been as close to President Truman's speech-writing left elbow as he was to Roosevelt's right, is leaving any day now. Economist Robert Nathan has bowed out. So has Lawyer Oscar Cox, who wrote the Lead Lease Act.

Is it any wonder that President Truman is a little frantic about getting salary hikes for federal executives and Congress?

The area of the republic of Andorra is 191 square miles.

# With The News

By Dewitt Mackenzie  
AP World Traveler

MADRID, Jan. 14.—There's a sense of keen public expectancy here in the Spanish capital in connection with the reports that Don Juan, pretender to the Spanish crown, is negotiating for a return to the throne.

These reports were given a sharp fillip yesterday when Foreign Minister Alberto Martin Artajo, in a conference with the foreign press, confirmed that Don Juan and his wife would journey from Switzerland to visit her aged parents. The latter live in Seville, but are going to Portugal for the meeting.

The foreign minister didn't suggest there was any political significance in this matter. It was natural, however, that such a visit by Don Juan should be couched in the public mind with restoration of the monarchy.

That's the highly interesting situation your correspondent has encountered in Madrid.

Most everybody in Madrid—likely in Spain, for that matter—is talking about the possible restoration. This is true whether they like the idea or whether they don't.

An astonishing aspect of the situation is that this public discussion is based on information circulated by word of mouth, since the press has avoided the subject.

Indeed, much of the news of Spain itself comes from foreign sources.

We had an excellent illustration in connection with the foreign minister's announcement. The Madrid newspapers soon had word of the statement, but because it had been issued officially to only the foreign press they discreetly avoided publication.

I think it's a fair bet the monarchy is involved in the visit. Foreign Minister Martin Artajo is said in well informed quarters to have been negotiating between Don Juan and Gen. Francisco Franco.

Perhaps the senator is sincere, but he is straining at the gnat in this instance. We have an idea that he made the statement to news hungry reporters aboard the boat and they played it generously in absence of other news. In fact it got such a play the senator must have taken a new fancy to his brain child and gave it a new importance which he did not attribute to it in the beginning. The funny part of it is that his whole campaign of concern is carried on in public. He could have previously raised his objection in private and been assured privately. For some reason, he has chosen the reporter route. So be it.

## School Construction Program In Austin Being Considered

AUSTIN, Jan. 14 (AP)—Dr. Russell A. Lewis, city school superintendent, said the school board tonight will consider a city-wide school construction program totaling \$3,000,000 and \$4,000,000, urgently needed to relieve present overcrowding and to care for Austin's future needs.

Lewis said the project includes four new buildings for the immediate future, three others to be built later, additions to several of the present buildings, and general remodeling and renovation of most of the older structures.

## Disagreement Causes Resignation, Says British Laborite

LONDON, Jan. 14 (AP)—Ellis Smith, first high-ranking officer of Britain's Labor government to resign since it was formed last August, explained in a speech yesterday that he quit as parliamentary secretary to the board of trade because of "personal stings" and disagreements with his chief, Sir Stafford Cripps.

Among these disagreements, Smith said, were the failure to nationalize the cotton industry and too much austerity at home while quantities of goods went abroad.

He said his resignation a week ago did not mean a break with the Labor party, and he added that he would continue as a member of Parliament. He will be succeeded, on the board of trade by John W. Belcher, 39, former railway clerk.

## The Timid Soul

# Well-Equipped Correspondents' Club Fast Becoming A Legend

By WALT MASON

TOKYO, Jan. 14 (AP)—The correspondents club at No. 1 Shimbun (newspaper) Alley is a little young yet to be legendary, but give it time.

Regardless of how historians later may look at it, the five-story structure housing 80-odd correspondents already is famous in Tokyo for three reasons:

It is consistently steam-heated warm in a city where biting cold is the rule inside and out; it has the best food outside of the Imperial hotel and it's a place where anything might happen—and sometimes does.

Imagine having a 14-piece Columbia recording orchestra play for a dance without any compensation excepting a dinner; or having a bar where you can buy a martini Manhattan, beer or what have you; not to mention comfortable beds, plenty of service and a bunch of good guys.

The correspondents were quartered in the Dai Ichi hotel, but the space there got scarce, and the correspondents corps got busy. After considerable dickering they finally obtained a building complete with furniture but minus its central heating system.

## Broadway--

# BAD NAUHEIM, GOOD START

By JACK O'BRIAN

NEW YORK—A picture on the desk of Col. J. C. Hyer, Judge Advocate of the 15th Army in Germany during the war criminal trials, led to the signing by RKO Radio Pictures of Martha Hyer, the colonel's daughter.

Ella Logan, the famed Scottish singer who has devoted all her time in the last couple of years to singing for the troops overseas, is the talent scout. While entertaining in Germany, Ella visited Col. Hyer at Bad Nauheim, and saw the youngster's picture. She wrote a Hollywood agent and told him by all means to run like mad to the Pasadena Playhouse and take a look at the girl before he was beat to it by his talent-seeking compatriots.

The agent followed the advice in swift order and the result: Martha Hyer reported to RKO Radio January 7 to begin a long-term contract. The long arm of Hollywood reaches even to Bad Nauheim, and, for "Martha," that wasn't bad. . . . Goering, Hess, Kesselring et al probably won't do nearly so well.

"Marinka," which didn't do very well as a Broadway show, certainly did wonderfully for Luba Malina, who has started a highly-paid Hollywood career because of the slick notices she received in that near-turkey . . . her screen debut will be in "The Strange Adventure of Sinbad," with Douglas Fairbanks, Jr., and Maureen O'Hara. . . . Jane Deering, of the hit musical "Are You With It," also is being screen-tested . . . by Warners. . . . There are three separate record albums being released, by Victor, Columbia and Decca, of the 40-year-old musical "The Red Mill," all propelled to expected big scales by the new revival of that famous Victor Herbert operetta.

More than 4,000 movie fans formed a record-breaking line extending for blocks at Radio City Music Hall the other day. . . . The Bing-Bergman combination thus proved still to be the biggest cinematic duet to play such sweet financial music in years. . . . their "Bells of St. Mary's" is the film

Don Starr of the Chicago Tribune berated the Japanese agent on that one with an indignant, "You take it out to make bullets to shoot at us and now you want us to pay for re-installing it. Nothing doing." The Japanese replaced the radiators.

Hospital beds and mattresses were flown from Manila. Dishes and silverware were scrounged from Japanese warehouses. Food was purchased from the Army. A staff of 80 servants was hired from 2,000 applicants.

Then the stories started accumulating, including literally hundreds about the fabulous Yonkal on the fourth floor, where live most of the cameramen. For entertainment they grow beards, and the first one to shave must throw a geisha party for the others and kick in \$100 besides. Needless to say, no fourth-floor yonkal has yet shaven.

They also tell one about Christmas Eve when an over-exuberant correspondent let loose with a 45 into the steel doors of the elevator. Or the time they rigged a recorder to the women's powder room for a dance, intending to play it back during the party. That was a disappointment. It didn't work.

## which drew such an unprecedented mob.

The line stretched east along 50th Street to Rockefeller Plaza, north to 51st Street, west to The Avenue of the Americas (or Sixth Avenue to you diehards) where police cut the crowd off to permit automobile traffic to go through. . . . Across the street the line doubled back along 51st Street to Fifth Avenue and turned north almost to 52nd Street.

Experts estimated the wait of any individual or group bringing up the rear of this line would be a few minutes more than three hours, or almost as long as it takes for a complete changeover of the capacity of the Music Hall, the largest film house in the world. And it was cold.

At a recent ceremony in Washington, D. C., the Army Air Forces were presented with the billionth gallon of aviation gasoline produced by American refineries. The gasoline will be preserved in a special vault as a permanent aviation exhibit.

## Washington Merry-Go-Round--

# Truman Forgets Days As Senator

By DREW PEARSON

WASHINGTON.—When President Truman was Senator Harry Truman, he sometimes entered the Senate chamber and sat down at his desk grumbling.

"Just got another kick in the pants from the White House," he would tell colleagues. "They've just appointed another Stark man to a good job." "Stark man" referred to supporters of Gov. Lloyd Stark, leader of an anti-Truman Democratic faction in Missouri.

Today, however, Senators wish that the ex-Senator from Missouri think back to those by-gone days. One Senator who especially wishes it is Jim Tunnell of Delaware, who has just received the most resounding kick in the pants recently given by the White House to an alleged friend.

Senator Tunnell has been one of the most loyal of all the Roosevelt-Truman supporters. He has slaved night and day for their program. He is one Senator who can be absolutely depended upon. Partly because of his loyalty he faces a difficult re-election fight this fall, with the DuPont Republicans preparing to put a tough candidate in the field against him.

Until recently, they had been planning to pass over ex-Senator John Townsend, a staunch friend of the DuPonts, but considered a bit out-of-date because of his isolationist record.

However, Townsend will now be their candidate — thanks to Harry Truman. For the President has just appointed Townsend as alternate US delegate to the United Nations. This automatically takes away the taint of isolationism, elevates him to a position of prominence, and remakes his political future.

It was the most crushing blow faithful Jim Tunnell could have received.

At first, politicians blamed Secretary Byrnes for the appointment. He, however, had nothing to do with it. Then they blamed Townsend's son-in-law, Prew Savoy, who was among the group which helped invite Truman to the Jefferson Island party last summer. Replied Savoy:

"I only wish I could plead guilty. It would have put me in right with my father-in-law."

Now, however, President Truman has confessed that he did the job himself. He is the sorriest man in the world — and has said so to Senator Tunnell. But the appointment can't be changed. He did exactly the same thing he once excused Roosevelt for — making an appointment without consulting the Senator concerned.

## European Refugees

Some of Jimmy Byrnes' expeditors have really peeped up old-line State Department diplomats when it comes to admitting European refugees.

When President Truman first proposed filling unused US immigration quotas by admitting homeless refugees from Europe, State Department diplomats said they had neither funds, nor the personnel — nor perhaps even the disposition.

However, some of the South Carolina blood which Byrnes has injected into the State Department (men who drink "Coco-Cola instead of tea") decided that Presidential orders should not be kissed off so airily.

Though no money was available, they finally went to the bureau of the budget and squeezed out enough cash money to hire consular personnel. Already they have started flying supplies to Europe to set up special offices to screen refugees and give them visas. Old-line diplomats are leaning back in amazement. They have never seen so much speed before.

## Does British Agency Slant News?

Last week the State Department and Reuters, the British news agency, engaged in a controversy as to whether or not Reuters slanted its news to favor British interests.

Apocryphal, certain Japanese files, seized since the war, are revealing. In 1939 the Japanese sold their entire salmon catch, partly taken off the shores of Canada and Alaska, to British firms. This was announced in Tokyo and started to cause a furore in the Canadian and English press. However, the Mitsubishi firm in London stepped in and used its influence with Reuters to kill the story.

Here is an interesting Jap letter from the London office of the Mitsubishi firm, telling their head office in Tokyo how they got Reuters in London to lay off the story. Dated June 22, 1939, the letter states:

"It was a great shock to us to learn that such details of business were disclosed in Tokyo; and as we were certain that this would cause a great deal of difficulty in various points if published in our papers, we tried hard to persuade Reuters not to publish same. They first insisted that they always maintained a neutral attitude as regards the handling of news and they were not in a position to create or ignore any news in the interests of the parties concerned.

"We immediately arranged with Mitsui that they would take a similar attitude if approached by Reuters, and in fact, Mitsui were later asked a like question by Reuters, which they handled accordingly.

Our Mr. Kawamura and Mr. Matsumoto, manager of Mitsui, jointly invited Mr. May, commercial editor of Reuters, and Mr. Hasagawa to lunch on the 12th, when a friendly discussion took place and Mr. May fully appreciated our position and agreed that he would first refer to us whenever he received important news on business with Japan, not only salmon but other commodities."

The letter went on to complain, however, that the Sunday dispatch of London did not suppress the news nor did the Daily Express and various other papers.

## FBI Battle

Simmering beneath the surface in Washington is a hot battle of bureaus which concerns one of the most important jobs inside the government — foreign intelligence. Some people use an uglier word — espionage.

Call it what you please. It is an important fact that almost any nation today has to keep its eyes open as to what other nations are doing, specially in these days of atomic bombs, when the nation which gets the first jump may rule the world, it is necessary to know what others are doing. Present controversy revolves

**Texas Workers Back To Jobs**

By The Associated Press

Telephone service in Texas returned to near-normal today as workers trickled back to their jobs in compliance with instructions from their national union leaders.

Service had been curtailed since Friday when telephone company workers began respecting picket lines thrown around exchanges over the state by the Association of Equipment Workers, who went on strike last week against the Western Electric Company.

Austin operators were the first to return to their switchboards.

**Police Aiding Search For Sweetwater Pair**

Big Spring police department was contacted Monday morning to assist the Sweetwater police in locating a man and woman, stockily built, who held up a Sweetwater drugstore between 8 a. m. and 9 a. m. today.

Police stated that around \$500 in cash and checks was taken, also all narcotics available.

**Nickelodeon Burglar Takes Forty Dollars**

Approximately \$40 was missing from a nickelodeon in the Blue room of the Dreamland hotel, police said Monday.

The thief had entered through the front door. Police are investigating.

**easy way to UNCORK STUFFY NOSTRILS**

When nostrils are clogged, and your nose feels raw, membranes swollen, reach for cooling, soothing Mentholatum. Spread it inside nostrils... and snuff will back. Instantly it starts to 1) Help thin out thick mucus; 2) Soothe irritated membranes; 3) Help reduce swelling; 4) Stimulate local blood supply to "suck" area. Every breath brings quick, welcome relief. To open stuffy nostrils, get effective Mentholatum today, the Medicated Nasal-Unguent. Jar, tube 30c.

**Dimes Go Marching In, Drive Officially Open**

The bars are down on contributions to the March of Dimes campaign.

Carl S. Blomshild, chairman of the infantile paralysis fund campaign, Monday announced that the drive was on and appealed to Big Spring and Howard county residents not to forget that experience in 1945 has established a clear-cut need for ample funds.

"We were faced with a bad situation for a time," he said. "Thanks to the cooperation of health, local governmental and medical representatives, the epidemic was combated effectively.

Naturally, this effort created a heavy demand for funds held by the local chapter.

This year the drive will be purely on a contribution basis. There will be no birthday ball as in former years. Since Franklin Roosevelt is no longer living, the committee agreed it would be in keeping with the dignity of the occasion and purpose to eschew the dance in favor of widespread contributions.

V. A. Merrick heads up a committee for placing envelopes in business houses where employees may wish to give as a group. Ira Thurman and J. H. Greene will handle special gifts. Walker Bailey will supervise rural school contributions. Mrs. J. E. Brigham those in town. Under direction of B. J. McDaniel, containers will be placed at various points to facilitate giving. The last week of the drive, March of Dime booths will be operated. Meanwhile, Blomshild urged all people to give liberally in the best manner.

**Enough Moisture For Crops Fallen**

According to reports from several points in the county, rain, snow, and sleet during the past 24 hours has provided enough moisture to be of considerable benefit to winter grain crops and rangeland.

Up to 8 a. m. the experiment farm north of town had recorded .32 inch and a noon reading at the weather bureau showed .36 since 9:30 p. m. Sunday.

Estimates from other communities indicate a heavier fall in some sections of the county than in the immediate Big Spring area. Approximately one inch was reported in the vicinity of Coahoma, while farmers at Fairview and Luther placed their estimates at a quarter of an inch and one inch, respectively.

This moisture, coupled with other precipitation during the past 10 days, is expected to put pasture land in fine condition.

**Weather Forecast**  
Dept. of Commerce Weather Bureau

**BIG SPRING AND VICINITY:** Continued rain or snow this afternoon, tonight and Tuesday. Little change in temperature. High today 38, low tonight 32. High tomorrow 40.

**WEST TEXAS:** cloudy, rain this afternoon, tonight and Tuesday except some snow mixed with rain El Paso area and from upper Pecos valley northward; colder Panhandle, South Plains and upper Pecos valley Tuesday and in Panhandle late tonight. Winds becoming strong northerly Panhandle and South Plains Tuesday.

**EAST TEXAS:** Cloudy, rain in west and south portions this afternoon; cloudy with rain tonight and Tuesday; warmer tonight and in southeast portion Tuesday; colder northwest portion Tuesday afternoon. Fresh northeast and east winds on the coast becoming southerly Tuesday.

**Dime Box Citizens Give 100 Per Cent**

**DIME BOX, Jan. 14 (AP)**—This big-hearted little community of 350 citizens, who have subscribed 100 per cent last year and already again this year in the annual March of Dimes campaign for infantile paralysis, spread a barbecue dinner and beamed Texas rural hospitality yesterday as national and state figures kicked off the 1946 national drive for finances to combat polio.

It was the most excitement Dime Box has had in years—possibly since 1913 when residents picked up and moved to the hamlet's present location from two miles away so it would be on the new railroad then under construction.

Basif O'Connor, president of the National Foundation for Infantile Paralysis, officially opened the 1946 March of Dimes with a national broadcast from the school auditorium which overflowed with citizens and guests.

**FSA Area Official Pays Visit Here**

Martha G. Brent, area home economist for the Farm Security Administration, has just completed a short visit to the local office.

She spent two days assisting Mary W. Jones, economist and associate supervisor here, in work and plans for 1946. Several farm families were visited in Howard county, and Miss Brent attended a committee meeting in Martin county.

Special plans were made for future work with home ownership families in this area.

**In Fraternity**

**LUBBOCK, Jan. 14.** — Ben F. Logan, son of Mr. and Mrs. B. F. Logan of Coahoma, was recently elected to membership in Alpha Chi, national scholarship honorary fraternity, at Texas Technological College. Logan is a senior engineering student.

**Rifle Said Stolen**

A .22 rifle belonging to H. M. Howell, 104 W. 22nd, was stolen Sunday, police said. The house was entered through a window after the screen was torn off, officers stated.
