Employment Agency Is Opened Wednesday By Department Of Labor

The employment agency at Memphis was re-opened Wednesday by Frank N. Blevins, regional director of the U. S. Department of Labor. The agency was opened in Room 8 of the National Commerce Building and will be open from 9 a. m. to 5 p. m. daily.

MEMPHIS PAIR IS INJURED IN CAR ACCIDENT

Memphis And Turkey Cars Hit As Both Head Into Ditch

Mr. and Mrs. W. M. Walker of Memphis were injured slightly in an automobile accident which occurred a short distance west of Memphis Wednesday morning on the Lakeview highway. The accident occurred about 9:40 o'clock Wednesday morning as Mr. and Mrs. Walker were returning from a trip to their farm near Lakeview.

As the Memphis couple reached the long hill near the J. R. Hanvey farm about a mile west of Memphis, they started around a car. Another car was approaching rapidly, going up the hill, and Mr. Walker cut his car into the barrow ditch on the left side of the road to miss the approaching machine.

As he did so, the driver of the oncoming car also turned into the barrow ditch, and the two automobiles struck almost head-on.

Mrs. Walker received severe bruises, a fractured right shoulder, and a badly cut lip. Mr. Walker received a bruised arm and leg. Occupants of the other car, Walter Lacey and Walter Barker and son, all of Turkey, escaped with minor bruises.

The Walker car, a 1934-Model Ford V-8, and the other auto, a 1928-Model Pontiac and which belonged to J. L. Rivers of Turkey, were damaged considerably.

SCS FIELD TOUR CONDUCTED HERE

Hall, Donley, Collingsworth Men See Soil Conserving Demonstrational Plots

Twenty-five farmers and ranchers from Donley, Collingsworth, and Hall counties, accompanied by directors of the Greenbelt Soil Conservation Association of Hall, Donley, Collingsworth and Childress counties, were conducted on a field tour of the demonstrational projects being worked by the Memphis Soil Conservation Camp last Friday.

Purpose of the field tour was to give farmers and ranchers first-hand information of the type of work being done here by the governmental SCS agency.

E. McBride, superintendent of the Memphis SCS camp, and other soil conservation officials discussed the work done and explained soil conserving and water conserving principles.

Other field tours are being planned, and the date of the next trip will be announced shortly, Mr. McBride said.

BOARD ASKS CAR DRIVERS TO SAFETY SCHOOL BUS LAW

The school board of Memphis Thursday for failing to stop when children were leaving a school bus.

"We do not wish to be forced to fine persons for failure to observe the bus laws, and neither do we wish to have a child hurt or killed; so we are asking the cooperation of every automobile driver in the county," Mr. Kuhn said in behalf of the county board.

Nine hundred children of Hall County are transported daily by the school buses, and the bus drivers are pledged to take the names or license numbers of every child on a coun-

EARLY CITIZEN OF COUNTY IS DEATH VICTIM

Mrs. B. C. Crabb Had Lived In County For 45 Years

Mrs. Sue Alice Crabb of near Lakeview and a pioneer resident of Hall County died in a local hospital Monday, September 21, at 8 p. m., following an illness that lasted over a period of five weeks.

Funeral services for the well known woman were conducted from the First Baptist Church of Lakeview Tuesday afternoon, Sept. 22, at 3 o'clock by Rev. Brister. Interment was in Union Hill Cemetery, Lakeview, with King's Mortuary in charge.

Pallbearers were Lyman Davenport, David Davenport, B. E. Davenport, R. E. Lowe, E. A. Thomas, and Doyle Hall. Flower bearers were Mrs. B. F. Cope, Mrs. J. J. Bishop, Mrs. J. C. Lamb, Mrs. E. A. Thomas, Mrs. Jim Middleton, Mrs. Robert Cannon, Mrs. Dora Phillips, and Miss Beulah Black.

Mrs. Crabb was born on July 18, 1866, in West Virginia. She moved to Hall County when this section was sparsely populated, and during the 45 years which she resided here, she saw cow camps spring into towns and villages and saw the great cattle ranches supplanted by stock farms and the farming industry.

Mrs. Crabb was the wife of B. C. (Bob) Crabb, who is said to be one of the first settlers of Hall County.

She was married to Mr. Crabb on July 18, 1892, and they moved to Hall County that year. To this (Continued on page 6)

SCHOOL LIBRARY GETS NEW BOOKS

County's Circulating Library Now Has 1400 Volumes; 15 Rural Schools Benefit

One hundred and seventy-five new volumes are being added to the Hall County Circulating Library this school year, and the library is scheduled to open in the various rural schools over the county Monday morning.

Some 1,400 volumes are already in the library, which is one of the best-equipped circulating libraries in this section of the state.

Music memory phonograph records, choral club phonograph records, and pictures for picture memory study are also to be added to the library this year, Miss Vera Tops Gilreath, county school superintendent, announced.

The library is maintained by the following schools: Turkey, Eli, Deep Lake, Webster, Newlin, Farnell, Indian Creek, Brice, Pleasant Valley, Salisbury, Weatherly, Buffalo Flat, Bridle Bit, Plaska, and Friendship.

Each of the schools helps maintain the library, as each school is allowed \$10 per teacher for library use by the state department of education. Books in the library are distributed once each six weeks.

Honey From Hall County Sells At Market Premium

J. B. Baker, who resides six miles south of Memphis in the Friendship community, claims that he has a corner on an enterprise in Hall County—the raising of honey bees.

Mr. Baker has two bee hives at his farm, and this week he robbed a hive of 80 pounds of honey, and brought the honey into Memphis to market it.

The honey, Mr. Baker said, is as sweet as East Texas honey, and sold above the market.

The present market is about 17 cents per pound, and Mr. Baker sold his entire stock at 20 cents per pound. "Hall County honey is at a premium, he said.

So far as is known, Mr. Baker has the only bee hives in the county. He has had two hives for the past two years, and next spring he will branch them out into four colonies.

The bees produce about 100 pounds of honey to the hive each year, Mr. Baker said, but with plenty of rain they could easily produce 150 pounds, which is the average produced in East and South Texas.

The bees this year made their honey solely from cotton blooms and watermelons, Mr. Baker stated.

SET CCC QUOTA OF HALL COUNTY

35 White And 3 Negro Youths Will Enlist From Here In Federal Work Camps

Thirty-five white and three negro youths are to be taken from the list of needy young men of the county to join the Civilian Conservation Corps, according to Mrs. F. E. Davis, welfare case worker, who received notice from A. W. Long, district relief supervisor, that Hall County's quota of CCC eligibles had been set.

According to Mrs. Davis, rulings have been changed so that youths who left the CCC service (Continued on page 7)

Hall County Is Given Hike On W. P. A. Quota

With a general elevating of WPA quotas over this entire district, Hall County last Saturday received an increase in the number of men to be worked on WPA projects over the county; and as a result 62 new assignments were made in Commissioners Precinct No. 1 this week and additions were made in each of the three other precincts.

The order to increase the number of men here working on the WPA highway and street graveling projects was received from the district headquarters at Lubbock.

There are at present 149 men employed in Memphis on the WPA graveling project, which calls for the graveling of 100 blocks of the city streets. Eighty-seven men have been employed on the project for a number of weeks, and the quota hike brings the number to 149.

These men are taken from the referral list of the Hall County relief department, and the men now on referral have almost all been transferred to work projects.

There are still a few, however, W. E. Gerlach, WPA supervisor here, stated, who are badly in need of the WPA jobs.

The men work 76 hours per month and draw a monthly salary of \$22.80. Mrs. F. E. Davis, chief referral clerk, stated that in one instance a family of 14 is living on the \$22.80 salary.

Sixteen blocks of city streets here have already been graveled, and with the entire list of 149 men working in two shifts, the work will progress much more rapidly now. Several other trucks are to be added shortly, it is said.

Jess Dennis is foreman of the project. Work has been held up the past week because of rains.

Crews are working in all precincts now. Precinct No. 2 received an increase of 25 men, and the other two precincts received quota hikes of about equal numbers, it was said.

Steady Rains Give County Good Season

6.34 Inches Received In Memphis Since September 1st

Rains which began on Tuesday, Sept. 15, continued every day through Tuesday, Sept. 22, in Memphis and Hall County as the entire county and vicinity received the first thorough soaking since last May.

The rains fell in such a manner as to aid cotton and feedstuff greatly. During the entire week of steady raining, the largest amount of moisture received in a single day was on Wednesday of last week, when 1.60 inches were received. Every day saw steady, slow rains, with almost all of the water soaking into the ground.

Quail Community Fair Has Variety of Exhibits

The Quail Community Fair held at Quail last Friday sponsored by the Quail Rural High School, was undoubtedly the largest rural fair held in this section of the state this year.

Farm, garden, school, and other exhibits including livestock, poultry, machinery, etc., were shown. Owing to the heavy rains the day before many failed to bring exhibits who had previously planned to do so. However, there was a good variety, showing the productiveness of the soil as well as the progressiveness of the citizenship.

Soft ball games were played during the morning, and rodeo, old fiddlers, and other amusements kept the large crowd entertained.

The Memphis Gold Medal Band furnished music for the occasion, playing a concert before noon and another in the afternoon, (Continued on page 6)

AUTO REPAIRMEN REPORT BUSINESS GOOD AS TRAFFIC LANE CONDUCTED

Memphis auto repairmen and automobile accessory dealers reported the best business Tuesday of this week that they have had in months and months.

In keeping with a state-wide program of safety on the highways, members of the Texas Highway Patrol under the supervision of Captain M. L. Berry of the Amarillo district office conducted a Safety Lane test in Memphis Tuesday.

The Safety Lane was established on Noel Street on the south side of the courthouse, and every automobile which traversed that side of the square was run through the lane and tested for faulty brakes, lights, windshield wipers, and horns.

Cars which passed the test all right were given blue windshield markers, but those which did not pass were given pink markers. The driver was requested to make the necessary repairs.

LOCAL STUDES TO VISIT FAIR

Between 70 and 100 Memphis High School boys will attend the Tri-State Fair in Amarillo Saturday, going on a trip by school bus sponsored by the Future Farmers of America chapter of the local high school.

The students will be conducted on a tour of the most educational and entertaining features of the Tri-State exposition. Supervision will be provided by the school.

Two judging teams from the Memphis High School's vocational agriculture department made a trip to the Tri-State Fair Monday of this week, and competed in the poultry judging and dairy judging contests.

Willis Walker Is Turkey Postmaster

TURKEY, Sept. 24. — Willis Walker, editor and publisher of the Turkey Enterprise, received notice last week from W. W. Howes, acting Postmaster General, that he had been appointed acting postmaster at Turkey and had been authorized to assume charge of the office as soon as possible.

Mrs. Marie Cowart, who for the past 16 years has served as postmistress, has resigned her position and has turned the duties of office over to Mr. Walker.

Mr. and Mrs. Lafayette Pounds were visitors in Pampa Friday of last week.

A second group will study control of insects and disease of livestock and plants, caring for livestock and poultry, and feeding livestock and poultry. Boys enrolled are Quentin Adams, Wayne Adams, Jerry Blanchard, A. L. Berry, Ernest Lee Chandler, Ray Gattis, George Helm, Harlan Hood, Morris Leary, Alvin Phillips, Jarrell Rapp, J. S. Solomon, Henry Spradlin, J. L. Simms, Earl Sims, Claude Thomas, E. O. Wright, and C. J. Wynn.

The Estelline vocational agriculture department will be represented by a dairy cattle judging team at the Amarillo Tri-State Fair. Both classes are looking forward to a full year's work, supplemented with field trips. Patrons are invited to visit the department.

DISCUSS Insurance Of Farm Program

"Insurance features of the Agricultural Conservation program are proving of value to farmers in Texas because of unusual weather conditions in 1936," A. L. Smith, executive secretary of the State Agricultural Conservation Committee, pointed out.

"Interest is being manifested in these features by many farmers of this region," he added, "so the recent statement of C. A. Cobb, Director of the Southern Region of the AAA, is particularly appropriate at this time."

Cobb says, "Each producer who meets the requirements of the Agricultural Conservation program is sure of receiving some cash income even though his crops may be destroyed by drought or other causes."

"No program can prevent suffering and hardship if a farmer's labor and cash investment in crops are completely lost because of unfavorable weather conditions. The present program will partly relieve the distress of cooperating producers by making a cash payment to those who have used approved farming practices on their land."

"The soil-conserving crops, grown on land that would otherwise be planted to soil-depleting crops, protect the cooperating producer against losses of plant food and soil caused by leaching and erosion."

"Improved soils mean better stands, fewer crop failures, lower production cost to producers, and over a long period a more staple and less expensive supply of foods, feeds, and fibers for consumers than would be available if soils should continue to be wasted at the present rate."

Mrs. Frances Anthony returned Saturday night from a visit with relatives in Fort Worth and Dallas and a trip to Austin. She accompanied her son Bill to Austin, who will attend State University this year. While in Dallas she attended the Centennial.

DROUGHT LOANS HERE ARE FEW

In All Counties To Receive Aid, Only 125 Loans Made

Although 28 Texas counties of the Resettlement Administration's Region 8 have been designated as eligible for drought relief, there has been no large number of applications for loans and grants as compared with other drought areas, it was stated today by D. P. Trent, regional director for Resettlement. The Eighth Region includes the easternmost tier of Texas Panhandle counties, designated drought counties of the region beginning in the Panhandle and taking in counties to the eastward as far as Montague, Wise, and Parker, and including Hall County.

In these 28 counties, there were less than 125 emergency loans made in the past 60 days, Trent said, and less than 300 grants.

Emergency loans, limited to a maximum of \$400, are being made for feed and seed necessary to provide for maintenance of subsistence livestock and foundation herds. Loans cannot be made for commercial herds, that being the function of regular credit agencies. Loans are secured by a mortgage on livestock or the 1937 crop, or both.

"If the inventory shows that funds needed are more than will be safely secured by livestock and crops, an outright grant, non-repayable, may be made to supplement the secured loan, but this supplemental grant may be used only for subsistence," Trent said.

A total of 13,000 families in all Texas have received non-repayable grants since last January, Trent said, and approximately 33,000 have received loans, averaging about \$350 each. Some 20 per cent of those receiving loans have also received supplementary grants. These figures do not include the 32 counties of West Texas which were withdrawn from this region and allocated to the new Region 12, which covers areas of five states where special long-time drought programs are under way.

Designated drought counties are eligible for special railroad rates, Trent said. These rates cover movement of livestock out of drought counties to pasture or feeding areas, and also, cover inbound shipments of feed.

Resettlement offices are open in 230 counties for making loans and grants, and for distributing information. In some cases, one Resettlement supervisor covers several counties, transacting business in each on stated days in order that all counties may be served.

The Texas drought counties in this region are Roberts, Hemphill, Gray, Wheeler, Collingsworth, Hall, Childress, Cottle, Dickens, King, Kent, Stonewall, Scurry, Fisher, Hardeman, Ford, Knox, Haskell, Wilbarger, Baylor, Throckmorton, Wichita, Archer, Clay, Jack, Montague, Wise, and Parker.

Locals and Personals

Mr. and Mrs. Hume Russell of Morton were visitors in Memphis Monday.

Mrs. Lee Thornton went to Fort Worth Monday where she will spend two weeks with her daughter, Mrs. Tim Paulsel.

A. L. Miller and Mr. and Mrs. C. S. Curry and daughter Samaroo of Chillicothe were guests of Mr. and Mrs. Z. A. Moore here Sunday. Mrs. Miller, who had spent the past two weeks here with her daughter, Mrs. Moore, returned home with them.

Mrs. Hollis Boren, Mrs. C. A. Hightower and Mrs. Bill D. Hart and daughter, Jo Ann, returned Sunday from a visit with relatives at Ballinger.

"Much Relieved," Says Lady After Taking CARDUI

Although they may be very active and apparently in good health, many women, at certain times, will do well to take Cardui. It may relieve some of the nagging symptoms that are so annoying every month.

Mrs. F. T. Foster, of Greensburg, Ky., writes that she has "derived great benefit" from Cardui. "Before taking Cardui, I was weak and extremely nervous, and suffered from sleeplessness. This made me tired and worn in daytime. My back ached continually. Being an active woman, I did not want to continue in this condition. Having heard a great deal about Cardui, I found, after just a few bottles, I was much relieved. I continued taking Cardui and was so much helped."

Of course, if Cardui does not benefit you, consult a physician.

Large Percentage Of Texas And Hall County Crop Land Under Agreement

Seventy per cent of all crop land in Texas is accounted for in the 243,000 work sheets covering about 355,000 of the 501,000 Texas farms and ranches, according to H. H. Williamson, director of the Extension Service, in a summary of the Soil Conservation work of the Extension Service, presented at a meeting of the staff September 4. These figures represent approximately 25,000,000 acres of the 35,000,000 acres of crop land in the state.

Hall county has a better percentage of cooperators than the state taken as a whole. In Hall County some 85 per cent of the farmers have signed the agreements, representing approximately 120,000 acres in the county.

These work sheets include a statement of previous land use on the farms and ranches covered by them as well as plans for shifting land out of soil-erosive crops into soil-conserving crops and practices. Tabulation of the work sheets indicates that at least 3,800,000 acres on Texas farms and ranches are now being devoted to soil rebuilding.

This is the first time in the

history of Texas, Williamson stated, that farmers and ranchmen have made a full analysis of the land use practices prevailing in the state. As a result many farmers and ranchmen are shifting to plans which definitely include soil building. The conservation program offers a chance to make the needed changes with aid from the Government in recognition that soil loss is a national problem.

According to estimates made by workers in the agricultural program there are indications that terracing, contouring, strip cropping, and other such practices to prevent soil losses will be applied to about 3,000,000 acres of Texas crop land in 1936.

Figures taken from annual reports of the Service from 1916, including 1935, show a total of

TARVER'S PHARMACY

100,000 acres of Texas land terraced or contoured, Williamson said. In addition to that 1,703,740 acres of land have lately been contour listed in the wind erosion area of Northwest Texas. In this work the Extension Service had the cooperation of the Soil Conservation Service, the Resettlement Administration, and other agencies, Williamson stated.

Mr. and Mrs. C. E. Bentley, Mr. and Mrs. J. H. Cudd, Z. A. Moore, Owen Fields and Hiram Crawford went to Pampa Thursday of last week to attend a ball game.

Passengers in the smoking compartment on my train were arguing about why railroad business is picking up.

A factory owner said it was because of this new Free pick-up-and-delivery of less than carload freight. This is door-to-door service with no extra charge added to the freight bill.

A traveling salesman said it was because so many passenger and freight trains now run on faster schedules.

There was a school principal in the group and he said it was because train travel is so much cheaper for passengers. He said passenger fares are at the lowest point in history, with substantial reductions if you buy a round-trip ticket—and no more surcharge for riding in sleeping cars.

One man, a farmer, said he liked something he could depend on, that's why he was traveling by train.

Another man, a newspaper reporter, said people were in favor of railroad travel because it is by far the safest. He quoted a lot of statistics from a book called "Live and Let Live."

A banker we all know by name said railroad tax payments mean a lot in this state.

We are proud of railroad achievements, appreciate the public's good will and increased patronage, and pledge continued progress.

318 MILES HERE ARE TERRACED

Increase Yields By Contour Tillage And Terraces

Three hundred and eighteen miles, representing 4,034 acres, have been terraced in the Memphis area by the Soil Conservation Service camp here in the past year, E. McBride, local SCS superintendent, stated.

There have been 7,581 acres contour tilled and 2,920 acres contour furrowed in pasture lands in the Memphis area, Mr. McBride said.

H. H. Finnell, Regional Conservator, reports 34,498 acres of land terraced and 117,406 acres contour tilled during the past year on 26 demonstration areas of Region Six, Soil Conservation Service, which includes the local camp area.

Terracing and contour tillage are the major phases of the water conservation measures put into effect. On the 26 demonstration areas, more than 160,000 acres are yet to be terraced. Within 24 months all terracing should be completed. Terracing machines are operating day and night on land which does not have a growing crop.

Data from experiment stations of this region show that yields of all crops on an average are increased slightly more than one-third by terracing and contour tillage.

TRAINS DELAYED BY HEAVY RAINS

Passengers And Freight Run Late Here As Tracks Are Washed Out at Quanah

Fort Worth and Denver railway passenger and freight trains were running two hours or more behind their schedules Saturday of last week because of track wash-outs.

Heavy rains between Quanah and Chillicothe Saturday morning washed out a section of the Fort Worth & Denver railway track, delaying passenger trains and freights, while high waters of the Pease and Wichita Rivers threatened highway bridges at Vernon and Wichita Falls.

Trains detoured over the Frisco lines while the Fort Worth & Denver line was being repaired. The trains through Memphis Saturday were about two hours late, with some freights running even further behind their schedules.

Mr. and Mrs. J. E. Roper and Mrs. R. S. Greene left Thursday morning for Wichita Falls where Mrs. Roper will go through the Wichita Clinic.

Mr. and Mrs. Fred Gerlach and Mr. and Mrs. Lafayette Pounds and children spent Wednesday in Amarillo attending the Tri-State Fair.

Mr. and Mrs. W. C. Chapman and son Cullen spent yesterday in Amarillo on business and attending the Tri-State Fair.

EX-CITIZEN OF HALL COUNTY DIES SEPT. 13

Funeral Services For Mrs. I. E. Byars At Pampa Tuesday

Mrs. I. E. Byars, of Briscoe, a former resident of Hall County and a sister to Mrs. J. P. Painter of Memphis, died Sunday, Sept. 13, in a hospital at Wheeler, following an illness of several years.

Funeral services for Mrs. Byars, who was 36 years of age, were conducted from the First Baptist Church at Briscoe Tuesday, Sept. 15, at 2:30 o'clock, with Rev. Fields, pastor, officiating at the final rites. He was assisted by Rev. Evans, pastor of the Briscoe Methodist Church. Interment was in the Pampa Cemetery.

Survivors of Mrs. Byars are the husband, I. E. Byars; one son, Donald Ray; the parents, Mr. and Mrs. A. A. Parmley of Durham, Okla.; six sisters, Mrs. J. P. Painter of Memphis; Mrs. J. W. Bland of Hedley, Mrs. F. E. Bull of LeFors, Mrs. W. A. Pierce of Canyon, Mrs. John Crow of Merkel, Mrs. P. H. Smith of Jamestown, Tenn.; and two brothers, W. A. Parmley of Goree and J. W. Parmley of Durham, Okla.

C. H. Messer of Floydada spent yesterday in Memphis in the interest of W. P. A. work.

Memphis Chamber Of Commerce Asks Help For Farmers

The agricultural committee of the Memphis Chamber of Commerce met in called session Tuesday afternoon to look into the matter of securing immediate assistance for the farmers who hold governmental feed and seed loans.

The committee reported its findings to the state and national loan headquarters, in Houston and in Washington, urging a more elastic program for the farmers, in order that the farmers might secure assistance in gathering their crops.

Life Of Florence Nightingale Given In "White Angel"

Every once in a while Hollywood does something to justify its own existence and a motion picture emerges that does more than cater to the public's desire to be amused or entertained.

Historical events have frequently been made the background of screen romances, but it was not until Warner Bros. shattered all motion picture precedents by producing the first authentic film biography "The Story of Louis Pasteur" that the industry really became of age.

It is an open trade secret that Warner Bros. expected to lose a large sum of money with "The Story of Louis Pasteur." So called wisecracks insisted that a picture without a romantic interest, devoted to the faithful telling of a story of scientific achievement would never receive popular support. It is to the credit of the motion picture patrons that they did support the Pasteur film in such numbers as to encourage the producers to bring out a second film biography, this time the life story of Florence Nightingale.

No woman's work has ever meant more to humanity than did that of this gentle bred English girl who raised nursing from a most menial task to a profession of dignity and standing. From her work in the Crimean war grew the great Red Cross of today. She established the first training school for nurses in England. She fought with prejudice, ignorance, apathy and antagonism and conquered them all. She made the nurse the "right arm" of the physician—she made nursing an integral part of the practice of medicine.

The picture which is called "The White Angel" will be shown at the Palace Theatre Saturday night preview, Sunday and Monday. It should be seen by every thinking adult, and certainly by every pupil in the public schools. These youngsters will learn more about the early Victorian era, about the war in Crimea and the founding of the British Empire in an evening than in months of study.

Pictures such as "The White Angel," true to fact in every detail, dramatize history—they make the characters, otherwise simply text book names, actually live and breathe. The spectator knows them, suffers with them, rejoices with them. History becomes not a task, but a joy.

Steady Rains—

(Continued from page 1)

A great part of the county were impassable most of last week. The Brice school building was damaged considerably by the steady rains, as the water soaked through and ruined the plaster work.

Farmers of the county agree that sufficient rains have been received for the present time, and that a good season is in the ground. Farmers and gardeners state that turnips are growing here better than ever before.

Rainfall during September:

Several Hall County citizens were in attendance at the fair.

In the afternoon "Old Tack," Gene Howe of the Amarillo News, and Richard Wischkaemper of Samnorwood were the principal speakers. T. C. Crabtree, president of the Quail school board, was master of ceremonies. Carl Chaudoin, superintendent of the Quail school, made the welcome address.

The Quail school district is said to be the largest rural high school district in the state. A commodious school building has just been completed there and when furnished will be one of the best school plants in this section of the state, Mr. Crabtree said.

tar out of us. Memphis will have a good team by the time they play Wellington and you can bet your last dollar on it."

W. M. Hemphill, sales manager of the Southwestern Telephone Co., is the author of the following ten points in "How to get along with people:"

1. Keep your skid chains on your tongue; always say less than you think. Cultivate a low, persuasive voice. How you say it often counts for more than what you say.
2. Make promises sparingly and keep them faithfully, no matter what it costs you.
3. Never let an opportunity pass to say a kind and encouraging thing to or about somebody. Praise good work done, regardless of who did it. If criticism is merited, criticize helpfully, never spitefully.
4. Be interested in others; interested in their pursuits, their welfare, their homes and families. Let everyone you meet, however humble, feel that you regard him as a person of importance.
5. Be cheerful. Keep the corners of your mouth turned up. Hide your pains, worries, and disappointments under a pleasant smile.
6. Preserve an open mind on all debatable questions. Discuss but don't argue. It is a mark of superior minds to disagree and yet be friendly.
7. Let your virtues, if you have any, speak for themselves, and refuse to talk of another's vices. Discourage gossip, and make it a rule to say nothing of another unless it is something good.
8. Be careful of others' feelings. Wit and humor at the other fellow's expense are rarely worth the effort and may hurt where least expected.
9. Do not pay attention to ill-natured remarks about you. Live your life so nobody will believe them. Disordered nerves and poor digestion are common causes of backbiting.
10. Don't be too anxious about getting just dues. Do your work, be patient, keep your disposition sweet, forget self and you will be respected and rewarded.

Local Studies—

The poultry team, composed of Doyle Crone, Kermit Monzingo, Allan R. Webster, Allard Parker, Billy Thompson, and Doyce George, competed with 12 other teams and placed 6th in the contest. This was the first contest the boys had competed in.

The dairy judging team, composed of George Eller, Ed Johnson, J. D. Evans, with Robert Moss, Glenn Bruce, and Lester Smith as alternates, had stiff competition. Twenty teams were entered in the contest, and several New Mexico teams, which had had three years of practice, carried off most of the prizes.

The same judging teams from Memphis attended the Quail Community Fair on Friday, Sept. 18, and did considerable practice work by helping judge there. Riley W. Carlton is instructor of the vocational agriculture classes at the local high school.

Verbally, the law reads: "When any such 'school bus' vehicle stops, every operator of a motor vehicle approaching the same from any direction shall bring such motor vehicle to a full stop before proceeding in any direction; and in event such 'school bus' vehicle is receiving or discharging passengers, the said operator of such motor vehicle shall not start up or attempt to pass in any direction until the said 'school bus' vehicle has finished receiving or discharging its passengers.

"Any party who violates any of the provisions of this act shall, upon conviction thereof, be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than \$10 nor more than \$500, or confined in the county jail not to exceed 90 days, or both such fine and imprisonment. . . ."

The entire criminal docket was set for Monday of this week, and it will be taken up following the Henry Jordan case.

The only other jury case tried this week was that of the State of Texas versus Troy Bird, charged with chicken theft. Bird pleaded not guilty and asked for a suspended sentence if convicted. He was found guilty and given a year in the penitentiary, not suspended.

J. H. Critzberg, charged with drunk driving, entered a plea of guilty this week in district court and was fined \$50 and costs of court, with his driving privileges revoked for a period of 60 days.

James C. Mahan, former district attorney, is presiding judge of the court in the absence of District Judge A. J. Fires of Ch...

DROUTH INSURANCE VERSUS POWER FARMING

TWO WEEKS AGO The Democrat gave to its readers the five-point drouth insurance program advocated by Dr. W. C. Dickey. The five points being: Three years' supply of feed on hand; three years' supply of canned food in the cellar; salt away the first \$600 that can be spared; hold water where it falls; and build stock tank dams and small lakes on farms.

Some of the readers, while admitting the five-point program is a good one, state there is another side to the picture that will keep many farmers from putting over the program. They point out that the large farm owner-operators are doing their farm work with tractors, dismissing the renters and leaving the rent houses on the farms vacant, thus eliminating the necessity of storing up feed and canned food.

One farmer cites that the rent farmers who are displaced by power machinery will have to move to town and join the army of unemployed to be taken care of by the government. It will finally result in the farm owners having to dig up additional taxes to take care of these unemployed farmers and make the burden so heavy that no farmer will be able to carry out the first three points of the drouth insurance program, he said.

Agriculture is at the cross roads and critical problems of great moment will have to be solved to get the greatest business of the nation—agriculture—on an even keel. All who are connected with agriculture in any way will have to work co-operatively and in perfect union until these problems are solved to the lasting good of the farmers.

The question of the right method to pursue is entirely in the hands of the people, and The Democrat does not attempt to advise in a matter that is puzzling to the best minds of the nation.

ASLEEP AT THE SWITCH

HALL COUNTY is not represented at the Tri-State Fair in the agriculture building. Practically every other county in the Panhandle has a booth in this building with splendid displays of farm and garden products.

People from all over the Panhandle of Texas, Western Oklahoma and Eastern New Mexico, and many other more distant points, are viewing the displays and marveling at the large variety of products that are grown in the Panhandle counties during such an unfavorable year as this, and they are taking note of the counties that are progressive enough to get up such creditable exhibits, even when conditions were so adverse that it took intestinal courage to attempt an exhibit. They probably notice that all the counties of this section are represented except Hall, and will wonder why.

Neighboring counties to Hall, with much less yield promise, have their well arranged displays at the fair, and are to be congratulated for their progressiveness. Hall County, noted as the best crop producing section below the Cap Rock, should have made some sort of attempt to get up an exhibit.

SUDDEN DEATH TO 300

ACCORDING TO preliminary reports, close to 300 people met "sudden death" through accidents over the Labor Day week-end. About 245 of them were victims of recklessly or incompetently driven automobiles.

It would be bad enough if such a shambles only followed a holiday week-end and could be put down to too much merry-making. But every week-end totals almost as great. Every day sees lives unnecessarily snuffed out.

Here is something worth remembering! Today, if the average holds, 100 people will be killed by motor cars. A hundred more will be killed tomorrow, and 100 more on the day after that. Friends of yours, your loved ones, yourself, may be among them. And in addition to the deaths, thousands more will be grievously injured—some made into imbeciles, some destined to spend the rest of their lives in unrelieved pain, some confined to wheel chairs and hospital beds.

A hundred persons killed yesterday—another hundred today—another hundred tomorrow. That is the ghastly record of the dangerous automobile driver.

Two Memphis Dry Goods Firms Close Last Week For Jewish New Year Day

Two Memphis dry goods concerns, Rosenwasser's Dry Goods and The Popular, were closed Thursday of last week in observance of the Jewish New Year, or Rosh Hashanah.

In olden days a festival on Rosh Hashanah marked the beginning of the agricultural and economic year in Palestine. With the destruction of the temple in Jerusalem and the dispersion of the people, new customs were developed in regard to worship. Instead of sacrifices offered on the altar, the holiday has come to mean a time of prayer and meditation, of self scrutiny, and of penitence. This interpretation of the holiday comes from the rabbinical tradition that the New Year commemorates the beginning of creation. Based upon scriptural passages, it has become the judgment day of the Jewish year—the day upon which all people of the world pass in review before their Creator for judgment.

The prayers of the day are filled with the message of justice. The sound of the Shofar calls for remembrance of God's laws and one's obligation to his fellow-men. Encompassing the ideas of divine justice and human responsibility the day begins "The Ten Days of Penitence" which culminate in Yom Kippur or the Day of Atonement. During this period Jews are given the opportunity to reflect on the past year and to repent the wrong done. If the repentance is sincere, forgiveness is attained on Yom Kippur, the solemn festival of the day of Atonement, which closes the penitential season.

Jews from this section attended special New Year services at an Amarillo temple last week.

The two dry goods concerns will be closed Saturday until 6 p. m. in observance of Yom Kippur.

Plaska Negro Boy Has Written 600 Songs In 9 Years

Alvia Dee Jackson, a 17-year-old Plaska negro, has been sent an entry blank from Hollywood of a song-writing contest, R. N. Cox of Plaska has advised The Democrat.

The negro youth has written some 600 songs since he was eight years old. He has had several accepted by song publishing companies, but the contracts were all canceled because the negro was unable to raise the remittance fee of \$50 an author must pay to have the song published.

The prize in the Hollywood contest will be a standard royalty contract, allowing royalties on piano copies sold, orchestration, folios, phonograph recordings, radio transcriptions, talking picture rights, and 25 professional copies of the published number.

Plaska residents are "pulling" for young Jackson to win.

Mr. and Mrs. T. B. Floyd visited in the J. D. Morrison home Sunday.

Mr. and Mrs. D. A. Neeley visited Mr. and Mrs. Frank Ellis near Newlin Sunday.

Mr. and Mrs. Bill Boyd and family of Lela Lake visited with Mr. and Mrs. T. B. Floyd Thursday night of last week.

Mr. and Mrs. Lelon Shira were dinner guests of Mr. and Mrs. Clyde Lee Sunday.

Texas Feldspar deposits are being investigated by eastern manufacturers who have requested information from the Texas Planning Board about the deposits. The present supply of feldspar in Ohio is reported to be nearly exhausted. Feldspar is used in glazing pottery.

Top soil from Central Texas farms which was washed down the Colorado River during the 1934 flood would raise the level of Bastrop County four feet if it was spread evenly over that county, according to estimates made by Texas Planning Board flood control engineers.

AWFUL RHEUMATISM AGONY YIELDS TO DOCTOR'S FORMULA

Do the throbbing pains of Rheumatism make life a torment for you? Are your evenings a nightmare of torture—and is your day's work ruined by the stabbing pains of Neuritis?

FACE THE TRUTH! Your body is probably loaded with corrupting, impure poison—your muscles and points painfully abrased by URIC ACID formed into sharp crystals. Each time you move, these foul, poisonous deposits of needle-like uric acid crystals may be causing you excruciating pain.

Don't try to treat your rheumatic pains from the outside! YOU MUST REACH THE INSIDE. The salicylates in William's R.U.X. Compound are uni-

versally prescribed by doctors for rheumatic pain. Ask any doctor to tell you their soothing, analgesic effect in the agony of rheumatism.

Don't confuse this scientific formula of an Army Doctor with "cure-alls" and "panaceas." YOU MUST BE RELIEVED OF YOUR RHEUMATISM PAINS IN 10 DAYS! If you are not completely—utterly satisfied—no matter how many years you have suffered—simply bring the empty bottle back to your druggist and he will hand you back, without question, every cent you paid for it! Get Williams' R.U.X. Compound today on this money-back guarantee at Tarver's Pharmacy, on the corner.—Adv.

Parnell School Is Recessed for Cotton Picking

The Parnell common school closed Friday afternoon of last week to allow the students to help in the cotton harvest. Although the school closed for an indefinite period, it is thought that classes will be resumed in about six weeks.

Schools of this county are to be checked for standardization and state aid during the latter part of November or the first of December, and it is necessary that all schools be in progress at that time.

The Parnell school opened early this fall in order that classes

Memphis Football Team Plays Paducah Tonight

LAKEVIEW GRIDDERS DROP GAME TO M'LEAN TIGERS FRIDAY, 28-7

The Lakeview Eagles dropped their second football game of the season last Friday night when McLean downed the Lakeview gridsters in a conference tangle by the score of 28 to 7.

Some 800 fans were served a generous helping of thrilling offensive football as the McLean Tigers, district winners last year, took the opening kickoff and marched 60 yards with a hard running attack for the first tally. Braxton, half, carried to pay dirt and Nicholson, end, took a pass from Captain Laswell for the extra point.

The Eagles came back in the second stanza with a passing and running combination to even the count when Brister, the Eagle's scoting quarter who looked good the previous week against Memphis, circled left end for the touchdown and Fuller, fullback, lunged over for the conversion.

In the third frame, the Bengals uncorked a deceptive powerhouse charge to push over three touches and add all the extras via the passing and plunging route. The fourth period saw the Tigers in command of the situation as the Eagles took to the airways with the Fuller to Brister passing setup clicking only occasionally.

The fracas was strictly an offensive battle with both defenses looking bad as the result, and the heavier Eagle line apparently held the advantage in that department.

the Bench Player..

In Childress and other cities in District 2, Class A, a campaign is being waged to suppress drinking at football games.

True to the Bench Player's predictions, Wheeler defeated Wellington last Friday night in Wheeler. The score was 13-7. This is all despite the fact that almost everyone in Collingsworth County, and all over the district, for that matter, had already conceded Wellington the District 3B title.

According to information gleaned from The Wellington Leader, a newspaper, the Sky-rockets each year point for the Memphis and Shamrock games. That was news to the Bench Player, as Memphis always considers the game with Wellington as just another "breather." It is true that the Rockets always put up a good fight, but Memphis concentrates on the Clarendon, the Shamrock, and the McLean games.

The sports editor of the Childress Index last week picked Wellington to defeat Mobeetie on Friday night, Sept. 18, by the score of 27 to 6. It seems that the scribe should have picked closer than that, since the game was played the week before and the score was 37-0.

ZEPHYR SERVICE ON BURLINGTON

Stream-Lined Trains Will Be Put in Operation Between Fort Worth, Houston

Fast Zephyr service between Houston, Dallas and Fort Worth has been announced by General John A. Hulen, president of the Burlington-Rock Island Railroad and Chief Executive Officer of the Joint Texas Division of the Fort Worth & Denver City and the Chicago, Rock Island and Gulf Railways.

One of the world-famous Zephyrs will be placed in daily round trip service between Houston, Dallas and Fort Worth, starting October 1.

This stainless steel, diesel-powered, streamlined train, which will be known as the Sam Houston Zephyr, will trim one hour and twenty minutes from the fastest service now in effect between these points which is made by the Burlington-Rock Island's "Short Line Flyer."

The running schedule, which will have the practical effect of bringing north and south Texas considerably closer together, calls for exactly a mile-a-minute average speed between Houston and Dallas.

Plans for an aerial map of Texas at an estimated cost of \$1,500,000 are being considered by the Texas Planning Board's mapping committee which estimates that such a map would take about ten years to complete.

CARD OF THANKS

Heartfelt thanks and a deep feeling of gratitude are expressed to our many neighbors and friends who aided us during our recent bereavement, the illness and death of our dear husband and father, James W. Burris.

We wish to express our thanks for the many beautiful floral offerings and for the words of condolence. May each of you, in your hours of darkness, find friends equally true.

Mrs. James W. Burris. Virgil Burris.

Estelline Denied Entrance Into 4B Football District

A bid by the Estelline High School for a position in Football District number 4B was denied at a meeting Thursday night of last week in Floydada.

Coach Ed Curnutt and Superintendent of Schools J. T. Duncan conferred with district officials in Floydada, asking that Estelline be permitted to enter District 4B. The officials, however, declined.

Estelline for the past few years has been playing in "C" class football, but has ranked so far above most of the "C" class competition that efforts are being made to re-enter Class "B". Estelline formerly was in a "B" conference with such teams as Turkey and Silverton.

Had Estelline been permitted to enter District 4B, she would have competed against such teams as Floydada, Matador, and Paducah.

Estelline will be admitted to the conference next year, it is said.

Lesley, Salisbury Baseball Nines to Play Here Sunday

Almost an unheard of occurrence took place in Memphis last Sunday afternoon.

The scheduled baseball game that was to have been played between the Salisbury and Lesley baseball teams was rained out.

The game was postponed and will be played on the Memphis CCC Camp baseball diamond Sunday afternoon at 3:30 o'clock. Admission will be 10 cents.

Lesley recently defeated Salisbury two straight games to win the championship of the Hall County Baseball League, and the two teams are now engaging in a post-season series.

ELI

By Mary Ellen Nelson
The P.-T. A. met Friday afternoon with a good number of parents present. A short program was presented by the pupils, which was enjoyed by all.

Mr. and Mrs. Bill Craig and daughter visited Sunday with Mr. Craig's parents, Mr. and Mrs. R. M. Craig.

Mrs. Wade Patrick and daughter Maudie spent Sunday in the home of Mrs. M. L. Smith and daughter Jo Mae.

Rev. J. P. Cole filled his regular appointment here Sunday morning and night.

Jack Norman of Memphis visited in the home of Mr. and Mrs. Bud Gilreath Sunday.

Mr. and Mrs. Clarence Terry and daughter visited with Mr. and Mrs. Hugh Lambert Sunday.

Mr. and Mrs. J. W. Newbrough from near Memphis visited Friday in the home of Mr. and Mrs. Clarence Newbrough.

Rev. and Mrs. J. P. Cole and family, Ruby Lee Coldiron, Margaret Crowder, and Lester Smith spent Sunday in the home of Mr. and Mrs. J. T. Nelson and family.

A number of young married couples from here enjoyed a domino party given at the home of Mr. and Mrs. Murry Dial of Memphis. Mr. and Mrs. Glen Stargel won high score in dominoes. Murry Dial and Mrs. Bud Gilreath won high score in "Easy Money." After the games, refreshments of punch and cookies were served to the following: Mr. and Mrs. Bud Gilreath, Mr. and Mrs. Loy Lewis, Mr. and Mrs. Glen Stargel, Mr. and Mrs. Henry Weatherford, Mr. and Mrs. Shirey Patrick and Mr. and Mrs. O. B. Smith.

E. E. Walker of Memphis was a visitor in Eli last Friday.

Mr. and Mrs. Y. Z. Smith and family spent Sunday in the home of Mr. and Mrs. Odell Newbrough of near Memphis.

Mr. and Mrs. Scott Webster and son Billie, and daughter, Jo Ann, from Littlefield are here visiting Mrs. Webster's father, C. E. Nail, and other relatives.

Mr. and Mrs. J. H. Henry from Foss, Okla., are here visiting Mr. and Mrs. W. B. Landis.

The Black and Gold Memphis High School Cyclone will engage the Paducah Dragons at the Cyclone Stadium here tonight at 8 o'clock in the first non-conference football game of the season for Memphis and the first game of the season for Paducah.

Memphis will be seeking her third straight win of the year, having defeated Lakeview and Mobeetie in conference games to date; and the Dragons will attempt to start their season off with a win and to avenge the defeat suffered at the hands of the Cyclone in Paducah last year when the locals spoiled a stadium dedication there.

Coach Blannard Spearman will bring an experienced squad of huskies to Memphis today for the game, and the fray tonight is expected to be the best and hardest fought thus far here this year. Paducah's game last week was rained out, but the team has put in many weeks of hard work and is said to be a balanced and polished outfit.

Injuries sustained in the Mobeetie game last week by Leroy Robertson, halfback, will hinder the Memphis squad. Robertson, 140-pound blocking wingback, received a broken hand in the Mobeetie fracas; and he will probably see little service the remainder of the season.

This injury has been offset slightly by the returning to the squad of Doyle Dunn, who has been missing from the team because of illness. Dunn will not be ready to go tonight, but he will likely get into action as a backfield man before many more games are played.

Zeb Moore, because of the fine performance he turned in against

the Hornets last week, may be started in the game tonight at a halfback post. Dennis Walker, co-captain, will be at quarter; and Billy Pope Hall, who starred in the Mobeetie game, will start at full. Talmage Pounds, spearhead of the Memphis running and aerial attack, will fill out the backfield.

Regular Line

In the line Co-captain Benjie Estes will be at the pivot position, and A. J. Clark and Paul Dodson will start in the guard slots. John Harris and Dennis Sanders will handle the tackle positions, and Co-captain Horace Malone and James Evans, who has been bothered some with nose injuries, will take care of the wings.

Officials will be Kirby, Texas; Penick, W. T. S. C.; and Matthews, E. T. S. T. C.

The game here tonight will be the last to be played on the local turf until the night of October 16, when Wheeler comes here to do battle.

Memphis journeys to Lefors next Friday for a conference tangle, and the week following will play another conference encounter with the McLean Tigers in the Tigers' lair.

LEAVES FOR FLORIDA

Mrs. Bill Bowerman and Allen Dunbar left Wednesday for Miami, Fla., where Mrs. Bowerman will join Mr. Bowerman to make her home. Mr. Bowerman went to Miami several weeks ago to accept a position with the United States Weather Department as test pilot.

Mr. and Mrs. T. J. Dunbar accompanied them as far as Houston to visit their son, P. J. Dunbar Jr., and wife. Mrs. Bowerman and Allen are making the trip to Miami by auto.

TROUBLED WITH KIDNEYS FOR OVER THIRTY YEARS— QUICK RESULTS WITH S.L.K.

"Feel So Much Better It is Almost Unbelievable," Says Sweetwater Man

Mr. S. E. Huey

Millions of people are sick today because their stomach is not digesting food properly, because their bowels are clogged, fermenting food causes a sour taste. Foul smelling gas distends the stomach and pains the heart. Congested food decays in intestines, spreading poisons through the system.

Such men and women will be thrilled to know that thousands—formerly sick and suffering—are finding wonderful relief with the private prescription of a former army doctor, a prescription called Williams S.L.K. Formula, developed from his experience during the World War and improved in line with modern scientific advances. The results have been so remarkable that many grateful users are writing SWORN TESTIMONIALS and typical of these is the following letter from Mr. S. E. Huey, 510 Avenue D East, Sweetwater, Texas.

Years of Suffering
"For over 30 years I have been troubled with my kidneys. Had to get up nights time and again and recently had pains in my back," says Mr. Huey, a well respected resident here in Sweetwater.

"I tried Williams S.L.K. Formula and am certainly glad to say that it has cut down my getting up nights. My sleep is unbroken, pains in my back have disappeared and I feel so much better that it is almost unbelievable. I have

tried so many medicines the last few years and S. L. K. Formula certainly does the work."

Money-Back Offer

Williams S.L.K. Formula—a private prescription of a former army doctor—was developed from his experience during the World War and improved in line with modern scientific advances has helped thousands of men and women to find new strength and vitality. It has a wonderful action on sluggish Stomach, Liver, Kidneys and Bowels. And to PROVE its results your druggist at Tarver's Pharmacy makes you this amazing offer: Get a bottle of this medicine today—and if you are not completely—utterly—satisfied with its wonderful results in ten days—he will gladly refund every cent of the purchase price. Philatlean Sunday School Class Has Installation of Officers At Banquet

Beautiful cut flowers decorated the banquet table Friday evening, Sept. 17, at the First Baptist Church at which time the Philatlean Class, with Mrs. R. E. L. Pattillo teacher, held their fourth anniversary.

The members found their places at the table by attractively decorated Marshmallow place cards topped with tiny birthday candles.

The president, Mrs. Gladys Gilmore, called the class to order and the class sang, "Somebody Did a Golden Deed," was sung by the group, with Mrs. Margaret Morgan at the piano.

After a short program the installation of officers were held for the coming year, under the direction of Mrs. Pattillo. They are as follows: Mrs. Gladys Gilmore, president; Mrs. Mollie Carlos, second vice president; Mrs. Vida Graham, third vice president; Mrs. Viola Hodges, fourth vice president; Mrs. Frankie Hamilton, secretary-treasurer; Mrs. Margaret Hood, assistant secretary-treasurer and reporter; Mrs. Helen Brown, Mrs. Minnie Ferrel and Mrs. Ferne Boone, group leaders.

Following the business session the evening was concluded with a group of songs and a prayer was offered by Mrs. Pattillo.

Members present were Mrs. Leona Ebersole, Mrs. Helen Brown, Mrs. Cecil Linn, Mrs. Bertha Proffitt, Mrs. Marie Ward, Mrs. Carrie Dennis, Mrs. Ada Sargent, Mrs. Dessie Crouch, Mrs. Frankie Hamilton, Mrs. Vida Graham, Mrs. Minnie Ferrel, Mrs. Margaret Morgan, Mrs. Anna Pattillo, Mrs. Mollie Carlos, Mrs. Florence Fitzjarrald, Mrs. Ferne Boone, Mrs. Thelma McMurry, Mrs. Bell Lamkin, Mrs. Gladys Gilmore, Mrs. Viola Hodges, Mrs. Margaret Hood and Mrs. Mattie Orah Jones.

Applications For NYA Assistance Now Being Taken

The state headquarters of the National Youth Administration has begun examination of applications from secondary schools in Texas for student aid allotments during this school year, Lyndon B. Johnson, state director, announced.

Last year exactly 1,500 Texas secondary schools received allotments which enabled the principals to assign certain needy students to socially desirable work.

The students received a maximum monthly wage of \$6. "This money provided lunches for many students who otherwise might have gone hungry," Mr. Johnson said. "Other students were able to buy school supplies they needed or to have clothing they might not have had. The students were enabled to continue their school work through their own efforts."

Both public and private schools are eligible to receive funds for employing students, but private schools approved are limited to those operating on a non-profit basis and paying no taxes.

Funds for this youth program are allotted through county superintendents' offices, J. C. Kellam, assistant state director, said. Mr. Kellam is in charge of the education program of the National Youth Administration in Texas.

"Each county superintendent is told what allotment of jobs and money his county may expect, calculated on a basis of youth population and need," he explained. "The superintendent is asked to appoint a Placement Committee which recommends quotas of jobs for the schools within the county, again on a basis of youth population and need. The committee recommendations are submitted to the state NYA headquarters, and when approved, become the schedule for the work within the county."

A student seeking employment must apply to the principal of his school, Mr. Kellam said. School officials are responsible for selecting eligible applicants and for placing them on socially desirable work.

A school which wishes to participate in the NYA school program should apply to the county superintendent.

In this column answers will be given to inquiries as to Texas History and other matters pertaining to the State and its people. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to "Will H. Mayes, Austin, Texas."

Q. Can the old age pension law be changed so as to give one person more than another? M. K.
 A. As evidence of good faith inquirers must give their names and addresses, but only their initials will be printed. Address inquiries to "Will H. Mayes, Austin, Texas."

Q. When was the first district court organized at San Augustine and who was the presiding judge? R. B. Tenaha.
 A. September 25, 1837, with R. M. Williamson presiding as special judge to organize the court. Judge Williamson was popularly known as "Three-Legged Willie," a name given him because he wore a wooden leg, due to a white swelling in early life.

Q. How was Santa Anna regarded by the people of Mexico at the time of the Texas Revolution? J. A. C. Edna.
 A. Generally, as an ambitious self-seeker, an inefficient military leader, and ready to betray his country to satisfy his greed for honors. Mexicans did not hesitate to repudiate his treaty with President Burnet, regarding themselves fully justified in such action.

Q. What is the address of Dr. Robert T. Hill, the eminent Texas geologist? R. T. D. Christoval.
 A. Jefferson Hotel, Dallas, Texas.

Q. How was Santa Anna regarded by the people of Mexico at the time of the Texas Revolution? J. A. C. Edna.
 A. Generally, as an ambitious self-seeker, an inefficient military leader, and ready to betray his country to satisfy his greed for honors. Mexicans did not hesitate to repudiate his treaty with President Burnet, regarding themselves fully justified in such action.

Q. What was a "bond marriage" as practiced in Colonial days? T. P. Barstow.
 A. Mexican laws required marriages to be before a priest. Priests' visits were far apart. Colonists wishing to marry appeared before an alcalde and signed a bond or agreement to be married by a priest when one visited the colony and an ad interim marriage was recognized. The priest's marriage fee was \$25 and often the ceremony was not performed. When divorces were desired the bonds were torn up in the presence of the alcalde.

Q. What is the most northerly town in Texas? C. C. Decatur.
 A. Texhoma, Sherman county, is on the Texas-Oklahoma line, population about 1,200 with one-fourth in Texas. The post office is in Oklahoma.

Q. Why has a "Rock Salt Palace" been built at Grand Saline? E. T. Putnam.
 A. Grand Saline is a leading salt producing center and the "Salt Palace" is a novel structure to publicize that fact and to supply tourists with information regarding the town, the State and the Centennial.

Q. When was Anahuac founded? E. B. Cuero.
 A. It was established as a Mexican military post in 1830 near the mouth of the Trinity River, and because of its location, Austin thought it would become an important trading point, commanding the trade of the Trinity River and a considerable portion of the Neches and San Jacinto River territory.

Q. Where does Texas provide for treatment of rabies patients? A. D. Richmond.
 A. At State Pasteur Institute, 410 East Fifth street, Austin.
