Memphis Gridsters Win From Shamrock 37-0

SHAMROCK HELD CYCLONE EVEN TWO PERIODS

West And Leslie Are Local Stars; Irish Back Is Superb

The Memphis High School Cyclone defeated the Shamrock Irishmen here Friday afternoon by a score of 37 to 0, winning the south half of Section "A" and the right to meet the vaunted Clarendon Bronchos for the championship of Section "A." The game, however, was much better than the large one-sided score might indicate.

Throwing up a stubborn defense at all times, the Irish held the Cyclone to even terms during the first period. Both teams were credited with two first downs during that period of play. Shamrock kicked off to the Black and Gold. Flanery, on the first play of the game, raced around right end for 25 yards and a first down on Shamrock's 40 yard line. Two line plays gained slightly and the Cyclone fumbled. Fumbles were numerous on both teams during the first quarter.

Score Three Times

After being held in the first quarter, the Cyclone came back and scored three times in the second period. Long end runs by Buster Leslie were responsible to all three of the scores. George May made several neat gains after the ball was in scoring position.

The Cyclone were again held during the third period but the fourth period proved disastrous again for the Irish.

The outstanding playing of the day was turned in by Allen Shumaker, Shamrock quarterback, and J. W. West, Cyclone end. Besides calling a good game at quarter, Shumaker made numerous gains and was on the throwing end of a number of completed passes. His punting, while blocked several times, proved instrumental in keeping the Cyclone at bay in the first and third periods.

West Stars

West played a bang up defensive game and stood out on the offense. Buster Leslie, half, made many long runs that brought the spectators to their feet. Flanery, Stargel and other backs played commendably well.

Wells, Irish fullback, was on the receiving end of most of Shamrock's passes. He played a great defensive game as did Grady, captain and center. The Irish captain's playing, however, did not surpass that of Curtis Bourland, Cyclone captain.

Two Cyclone second-stringers did their part once they got in the game. Gordon Walker, half, turned in the most spectacular run of the game. He took a pass from Norman and reversed the field and ran some 40 yards for a touchdown. Kenneth Oren lived up to his reputation as "First Down" Oren when he went in the fray at two inter-

Large Pep Rally Held At Legion Hall October 29

Possibly the largest pep rally of the year was held at the Legion Hall last Thursday evening with approximately 80 people present, about 45 of whom were school students. Members of the Cyclone football squad were unable to attend on account of being in strict training for the coming game.

H. J. Gore, principal of the high school, acted as chairman during the program. Every one joined in singing the pep song "When That Memphis Team Falls Right in Line" to open the program, which was followed by the group singing "There'll Be a Hot Time in Memphis Tonight." Supt. H. A. Jackson then made a short pep talk. Several yells were given by members of the pep squad led by the pep leaders. E. E. Walker made a short speech on "Past Victories," which was followed by a talk by C. W. Flanery.

Russell Clark spoke on the support of the business men to the football team. Sam S. Cowan, secretary of the Athletic Council, and Coach Nolan Walker both gave short peppy talks. Elizabeth Champion, head yell leader, Miss Lucille McCanne, pep squad sponsor, Mrs. H. J. Gore and Mrs. Sam West were heard from. The meeting was closed with the group giving several yells and singing the school song, "The Spirit of Memphis High."

Juniors Guest Of Seniors At Picnic

Members of the Senior Class of Memphis High School entertained the Juniors with a Halloween party last Wednesday night at Broome's Park. The students met at the high school at 7:30 o'clock and went in a body to the park.

A bonfire was made and all students gathered around and sang popular songs. Gayle Greene, B. F. Shenherd, Guthrie Bennett, V. L. McGlocklin and Bob Foote sang "The World Is Waiting for the Sunrise."

Two fortune tellers were present and told the fortunes of many. The feature act performed by the fortune tellers was when Gayle Greene's future was revealed from the palm of Sam S. Cowan. Games, such as "Wishin'-Well," and "Snipe Hunting," were enjoyed. Refreshments, consisting of hamburgers and apples, were served.

Ques.-Ans.

Q—What is Samuel S. Cowan's middle name? A—According to Mr. Cowan, himself, it is Simpleton.

Q—What makes a wild cat wild? A—We might suggest that it is the same mysterious power that makes a horse fly and a merry-go-round go round.

Q—Why is Leonard "Jiggs" McMurray's hair so curly? A—Is it not natural for the dashing young heroes of today to have wavy locks?

Q—Why is "Jiggs" so popular with the women? A—After much thought and deliberation, we have come to the conclusion it is because of his gentlemanly manner and charming conversation.

Q—Why is Roy Forkner so very handsome? We believe that it is because of his supreme ability to use the so-called curling irons.

Q—How would our football team like for the pep squad girls to greet them after a game in the same manner that the Shamrock girls used after the game last Friday? A—If you want to know our personal opinion, we are frank in saying that it seems to us that there would soon be more players than there are girls. We suggest that it be tried and see the results.

Q—Is it true that the girls on the side lines really inspire the players when they are on the field? A—If you want to know the answer to this question, just ask Amos Evans how he is inspired to play harder when his lady friend from Hedley is watching him battle on the gridiron.

Q—What is the complete name of A. R. Evans, Jr.? A—To be exact, it is the same as his father's which is Amos Robert. The first name is similar to that of Amos and Andy, and the latter is for the famous general, Robert E. Lee.

Walter, Gore Served Breakfast By Home Ec Girls On Friday

Coach Nolan Walter and Principal H. J. Gore were honor guests at a breakfast given last Friday morning by the first year home economics class. The dining room was beautifully decorated in black and gold colors.

The meal was prepared and served by the class. The menu was as follows: sliced oranges, cream of wheat with dates eggs a la goldenrod, pork sausage postum with yellow cream, and hot toast. After the meal the coach and principal expressed their appreciation for the delightful meal.

HOME EC DEPARTMENT TO SEND GIRLS TO MEETING

Representatives of the Memphis High school home economics department will be chosen this week to attend a meeting of high school home economic departments to be held at Childress Saturday. A similar meeting was held here last year and the Childress meeting is the first of three meetings to be held in schools in this district this year.

Interesting And Unique Pep Rally Is Enjoyed At High School Last Friday

One of the most interesting and unique pep rallies of the year was given in the high school auditorium last Friday morning during the chapel period under the direction of Mrs. Elmer S. Shelley, local music teacher. This was the first rally of its kind to be held this year and the students thoroughly enjoyed it.

The first number on the program was two vocal solos, "Top of the Morning" and "There's a Wee Bit of Love in My Heart" by Iris Hollis. Both of the songs were parodies. Vernadine Jones sang "The Wind Song," also a parody, which was dedicated to the football team. A unique witches dance followed with nine members of the pep squad dressed in "M"

 The pep is attracting attention at Memphis High school. This was found about three weeks ago by W. F. Sittion and kept in the office of Jackson since that time. He added did not mean by this for return the compliment of back, since it was badly out of spirit, but that more spirit manifested both in school activities. We agreed all with Mr. Cowan since high school is very low in this year. Some of the high schools with numerous out-activities despite the hard work. Why cannot we do more?

for the chapel program Friday, October 30, which is probably the largest and best this year, Supt. H. A. Jackson made the statement that the pep was the best he had ever seen in the way of a pep rally in high school. We hope to have like this in the near future as well as benefit to the pep squad and football team as the pep squad.

Memphis Cyclone is the of the south half of section "A" after the drubbing of which was given to the Shamrock Irishmen here last Friday afternoon. This leaves only teams in this section in the race and that is Clarendon and Memphis. These two will meet and settle this sectional honors arms-day. It will be a hard battle every one should journey to witness the local in battle if possible.

The pep squad is to be commended upon the work they put to give the demonstration on halves which was witnessed by the sidelines last Friday. The display was unique and pyramid and camel idea was through the entire pep squad and it was enjoyed by all. In connection with this we might commend the boys have joined the pep squad it is their duty to back their

Child Experiment Proves Successful

The third year home economic class closed its experiment with the under nourished children last Thursday afternoon at four o'clock by giving the children a Halloween party. Games were taught them and delightful refreshments consisting of "witch" cookies, cocoa and apples were served. Each member of the class gave the child, with whom she had performed her experiment, a Halloween favor.

The experiment has proved a real success, according to Miss Vada Crawley, instructor. The under nourished children were found to have gained from three-fourths to six pounds during the experiment of some five weeks duration.

A Word to all Contestants

We sincerely thank you for your interest in the "Hidden Quart" Contest and for your entry. Almost all of you understood that the "hidden quart" of Conoco Germ Processed Oil stays up in the motor, where it clings to, penetrates and combines with metal surfaces—and never drains away. You appreciated the extra advantages of the "hidden quart" to the motorist. And, because so many answers were good, the judges—Dr. Bizzell, Mr. Martin and Dr. Hunter—had a difficult time deciding which were the best.

of this week. It has not been necessary to ship any gravel into the city since the work started, as a large supply was hauled here before paving began.

Using 80 Trucks

Some 80 trucks are now being used in hauling batch. In order to safeguard the truck drivers and pedestrians, a speed limit of 35 miles per hour has been set, Morgan stated, and if this limit is exceeded, action will be taken against the driver.

Make Several Tests

Beams, which are six inches square and 42 inches long, and cylinders, which are six inches in diameter and 12 inches long, are made each day from the paving concrete in order to test its strength. The beams are broken over a period of seven, 14 and 28 days with a hydraulic testing machine.

Church Problems Are Discussed Frankly In Light Of Experience And Observation

As a member of the official board of my church, I take it that the problems that confront it are those common to the official life of the other churches of the community. From experience and observation, it occurs to me that the chief cause from which the church suffers is the failure upon the part of many of its members to render it the financial support that is plainly their obligation and within their power to do.

We are due the church one-tenth of our substance and one-seventh of our time. Less is inadequate, and to deny her sublime mission. It is surprising that the number who attend church regularly and pay nothing or only a small share to its support. And further, it is surprising the number whose names are on the church rolls who fail to attend at all, and in so doing are conscious at all times of being recreant to a sense of duty. From the beginning of time down to the present, the mission of the church has been one of faithful service to all who subscribe to its tenets.

I am convinced that if every member of the church would listen to the small voice of conscience

and do their duty respectively in the matter of its financial support, the church would enter unhampered upon a new era of usefulness in the community and should indeed become the benign influence in the life of the community that it was destined to be.

But instead of this and because of the failure of many of its members to render it the moral and financial aid they should, it falters and is made to eke out a sort of existence, bringing care and problems to the minister and officials, a greater part of which they should be free.

It is a strange anomaly, those who enjoy the blessings of the church without ever paying a penny to its support. As one has aptly said, "They ride the band wagon and drag their feet." We would arouse them to a sense of duty at this the close of the fiscal year of the church and have them resolve that in accord as they can—but without fail—to make their offering each Sunday to the church with a view to its proper support and to liquidating this obligation over a period of fifty-two weeks.

In order to function as it should

and retain its place as the integral and highest part of our community life, it should have at least a seventh day service and one-tenth of the substance of our people, when it will return rewards that are at once commensurate, and will be reflected in the lives of a better people and a better citizenship. In practice, it has been found that there is only one way to adequately and easily support the church and that is Sunday by Sunday for each member to contribute his part.

Estimate what you feel that you can and should pay to your church; divide this into fifty-two installments and pay accordingly. You will by so doing win the approval of your conscience as well as the gratitude upon the part of all that should be yours.

WE CELEBRATE PEACE

This Armistice Day

Regardless of all the forces that seek to undermine the structure of our country, Peace has triumphed since that winter's day in November, 1918, when the armies in the World War ceased firing. That we may continue to be at peace with the nations of the world and each other is the sincere wish that inspires this Armistice Day message.

The Boys in Khaki fought for the security of our homes—that peace might abide in the hearts of men. They did not fight in vain.

Those who made the supreme sacrifice paid a dear price for victory, but the victory they won—a victory of peace will survive through the years and will ever remain a monument to their sacrifice.

"If ye break faith with us who die—we shall not sleep, though poppies blow in Flander's Fields." We have not broken faith.

The home fires are burning as brightly today as when our boys were in France, but they are the fires of peace, of good will and esteem for our neighbors and friends in this land and abroad.

(The Banks of Memphis will remain closed Wednesday, November 11th, Armistice Day.)
