

Grain Takes Lead In New Price Drop

NEW YORK, Feb. 18. (AP)—Grain prices fell again today at Chicago and most other commodities followed suit.

Wheat prices were as much as 4 1/2 cents a bushel below yesterday's close. Corn and oats dropped lesser amounts but soybeans ran contrary to the trend and pushed ahead as much as 2 1/2 cents.

An accumulation of selling orders pushed cotton down \$2 a bale from yesterday's close at New York. When selling let up, however, the price rebounded about \$1 a bale from the low and the market turned quiet.

Cattle prices were higher at Chicago. Sheep were down. Hogs ranged steady to about 25 cents a hundred pounds below yesterday.

Stocks were uneven on the New

York exchange. Changes were narrow and the market was quiet.

Cocoa and hides followed the downward trend in the grains.

Wholesale butter prices, which rose as much as 4 cents a pound yesterday, dropped 1 to 2 cents a pound today at New York.

Storekeepers were complaining that despite retail price reductions business dropped off more than is normal for the Lenten season.

Customer resistance is becoming more intense, retailers said. Day-to-day purchasing is becoming common.

Just two weeks after the big break began with a slump in grains, retail food prices appeared to be steadying.

Price tags in the corner store

weren't reacting as quickly to wholesale fluctuations as they did last week.

But there was no steady tendency in the Chicago commodity markets, where a selling wave started most grains sliding downward again yesterday.

There was an air of uncertainty and a watchful waiting after the seesawing tactics of the commodity markets.

Senator Tobey (R-NH) said in Washington he thought "the edge is off the price problem."

But, he added, his Senate banking committee probably will wait and see what happens before acting on anti-inflation measures.

After a two-day rally Saturday and Monday, wheat and oats fell yesterday in all United States markets.

New Tax Cut Fight Breaks Out In Senate

Argument Is Over Aid Plan Bookkeeping

WASHINGTON, Feb. 18. (AP)—A new tax cut fight broke out in the Senate today over the idea for shuffling Marshall Plan bookkeeping.

Republican fiscal leaders insisted the way is now clear for passage of a tax cutting bill this year.

But they ran into an argument from Senator Byrd (D-Va.) and other lawmakers.

The Republicans based their optimism on the plan approved by the Senate Foreign Relations committee to spread the first-year cost of the European recovery program over two government bookkeeping years.

The committee earlier had figured that cost at \$5,300,000,000 for the 12 months starting April 1.

Briefly, the plan is this: Three billion dollars would be set aside for the Marshall Plan out of the surplus the government expects to have on hand when the present fiscal year ends June 30.

The Administration figures that surplus at \$7,500,000,000. It also figures that the surplus next year, that is, on June 30, 1949, will be only \$4,800,000,000.

So, by charging \$3,000,000,000 against this year's books, Congress can point to that much more in next year's budget for government spending, debt reduction and tax cutting.

The whole is a paper proposition. The actual amount of money involved would be the same.

Senator Millikin (R-Colo.), chairman of the tax-writing Senate Finance committee, sponsored the plan. He said it will improve chances for tax cutting. And he added the Senate will take up a tax cut bill as soon as it gets the Marshall Plan out of the way.

The House already has passed a bill to cut taxes \$6,500,000,000 a year. Millikin's committee plans to start hearings on this bill Monday. It may pare the measure to \$4,500,000,000 or \$4,000,000,000 in a bid for the Democratic support needed to override an expected presidential veto.

Democrats Stunned By Third Party Win

Wallace Candidate Victorious In Bronx

NEW YORK, Feb. 18. (AP)—The smashing, unexpected triumph of a Henry A. Wallace-backed American Labor party candidate in a special Bronx congressional election handed Democratic party leaders a severe jolt today.

Third party strategists, on the other hand, were elated. Wallace himself, in Tampa, Fla., on a speaking tour, declared: "This proves that the so-called third party can become the first party in 1948."

Leo Isacson, the ALP nominee, captured yesterday's 24th district contest easily by rolling up more votes than his three opponents combined.

The victory, and especially its size, was amazing to political observers who had eyed the election closely for a hint as to presidential candidate Wallace's power to win votes in this national campaign year. The Democratic candidate was expected to win handily, since the 24th district has sent members of that party to Congress for years.

Several large labor unions dropped out of the ALP last month after it endorsed Wallace's presidential candidacy. In 1944, the party provided more votes for President Roosevelt than his state-wide margin over Gov. Thomas E. Dewey in the battle for New York's 47 electoral votes.

Isacson, a 38-year-old attorney who will become the second ALP member of Congress, won 22,697 votes. Karl Propper, Democrat, got 12,578; Dean Alfange, Liberal party, 3,840 and Joseph De Nigris, Republican, 1,482.

Wallace campaigned strongly for Isacson in the battle, assailing particularly policies of the Truman administration with respect to Palestine. The Bronx district has a heavy Jewish population.

The district is in the stronghold of Edward J. Flynn, Bronx county Democratic leader and former party chairman, who put his organizations solidly behind Propper.

Mayor William O'Dwyer and Mrs. Franklin D. Roosevelt spoke in the district for the Democratic candidate. O'Dwyer in his talk tendered an olive branch to Wallace, inviting the former vice president back into the Democratic party. Wallace spurned the bid and commented the Democrats were "scared to death."

DOG GUARDS PLAYMATE'S BODY — A dog snaps at G. P. Coppage, Arlington, Va., policeman, as he approaches the body of another dog (left behind snapping dog) struck by an automobile. The dog guarding his playmate earlier had dragged the body from the middle to the side of the street. (AP Wirephoto).

FORCE IS ISSUE

Serious Friction Reported In Palestine Commission

LAKE SUCCESS, Feb. 18. (AP)—Serious friction was reported today by developing in the United Nations Palestine commission.

While U. N. officials stressed the fact that the commission's two reports to the security council were approved unanimously, private sources indicated a growing conflict in the secret meetings.

This was reflected yesterday in statements by Dr. Karel Lisicky of Czechoslovakia, commission chairman, and the Philippine representative, Senator Vicente J. Francisco.

Lisicky told a news conference that he did not feel the commission should express its views on the nature of the international military force needed to carry out the partitioning of the Holy Land.

Francisco did not attend the conference held by the other four members of the commission. He issued a statement later, however, saying the force should be supplied by the five big powers.

Francisco also said he wanted further efforts to be made to settle the dispute between the Jews and Arabs, although the commission's special report on security indicated this was hopeless.

The security council decided to begin debate on the commission's two reports next Tuesday. The delay was agreed on to allow delegates time to get instructions from their governments on the question of setting up an international force.

More than a dozen bomb explosions were heard in the Holy Land today but the only death reported was a sniper casualty, a Jewess.

ference held by the other four members of the commission. He issued a statement later, however, saying the force should be supplied by the five big powers.

Francisco also said he wanted further efforts to be made to settle the dispute between the Jews and Arabs, although the commission's special report on security indicated this was hopeless.

The security council decided to begin debate on the commission's two reports next Tuesday. The delay was agreed on to allow delegates time to get instructions from their governments on the question of setting up an international force.

Texas Opposes Pecos Project

AUSTIN, Feb. 18. (AP)—Texas was sticking to its guns today in opposing the proposed Fort Sumner, New Mexico, irrigation project on the Pecos river.

Charles H. Miller, Pecos river compact commissioner, said here that he has wired Sen. Tom Connally that Texas opposes any further development on the Pecos, pending a final agreement between two states dividing the Pecos waters.

Miller said he told Connally that Texas would "in a sense of fair play" withdraw its objections to a pending congressional bill allotting water to New Mexico for the Fort Sumner project, providing:

1. A proviso be written into the bill that the area to be rehabilitated and developed to 25,518 acre-feet per year, and,
2. The authorization of the project and any appropriation therefor becomes effective only when the two states reach a water-division agreement which "in our opinion" will be acceptable to legislatures of both states.

An engineering advisory committee has completed its findings on the distribution of Pecos waters. Miller said he felt sure that an agreement between the two states, being evolved now by the compact group, could be reached.

Irish Leader May Be Ousted

DUBLIN, Feb. 18. (AP)—Eamon De Valera, the head of Eire's government since 1932, appeared to be through today, as Parliament met to elect a prime minister.

John A. Costello, former attorney general and a leader in the Fine Gael (United Irish) party, is a heavy favorite to be the new prime minister. The 58-year-old Dublin attorney is the choice of a five-party anti-De Valera coalition.

Even De Valera's aides in his own Fianna Fail (government) party privately conceded his defeat.

Fianna Fail is six votes short of the necessary 74-seat Dail (parliament) majority, having lost its margin in the Feb. 4 general elections. De Valera had expected to recoup by getting a half dozen national labor party and independent votes.

But the gaunt, New York born prime minister's hopes were dashed last night when five national labor party deputies suddenly switched to the anti-De Valera coalition.

Truman Asks Aid For China

WASHINGTON, Feb. 18. (AP)—President Truman asked Congress for \$570,000,000 today for aid to China.

In a special message to the legislators, Mr. Truman said that aid would be conditioned on China's taking adequate measures to achieve "economic stability and recovery."

The help would begin when Congress voted it and would continue until June 30, 1949—roughly a one-year program.

Mr. Truman said the economic situation in China now is getting worse in spite of the aid the United States has given the Chinese in the past.

The Chinese government and people, he said, "are still laboring under the double and inter-related burden of civil war and a rapidly deteriorating economy."

FBI Arrests Red Journalist

WASHINGTON, Feb. 18. (AP)—The justice department today announced the arrest for deportation of Beatrice Johnson, described as promotion manager for the New Masses, New York weekly publication.

The department said Mrs. Johnson had long been active in the communist party in this country, and that she lacked citizenship.

She was taken into custody under the immigration laws providing for the exclusion of aliens who belong to groups advocating the violent overthrow of the United States government.

The arrest was made by immigration officers and FBI agents. She was removed to Ellis Island, and the department said it had approved her release on \$1,000 bond pending deportation.

Mrs. Johnson is one of a score of alleged alien communists who have been seized recently for deportation.

The department two days ago took into custody Ferdinand Christafer Smith, native of Jamaica, and national secretary of the National Maritime Union. He is accused of being active in behalf of the communist party without benefit of American citizenship.

Givens Case Is Dismissed

AUSTIN, Feb. 18. (AP)—Dr. Everett H. Givens' suit to force the University of Texas to establish a Negro branch at Austin was thrown out of the Supreme Court today on a technicality.

The appeal court counted 31 days between the date Givens was refused a rehearing in the third court of civil appeals and the date he filed application for writ of error.

The law allows only 30 days.

"The application is accordingly dismissed for want of jurisdiction," the Supreme Court ruled.

The third court of civil appeals had refused to disturb lower court findings which refused Givens, an Austin dentist, a court order to force establishment of the Negro branch.

APPRECIATES CRITICISM

MOSCOW, Feb. 18. (AP)—Serge Prokofieff thanked the communist party today for helping him correct the mistakes he was making in his music, the trade union newspaper Trud reported.

The paper said the Soviet composer, widely known for his "Peter and the Wolf," commented in a letter to the Union of Soviet Composers that the communist party's resolution of Feb. 11 "separated the decayed tissues of musical art from the healthy tissues."

Few C-C Banquet Tickets Are Left

Brisk demand during the first five days of sales left less than 50 tickets available this morning for the annual Big Spring chamber of commerce banquet.

Demand has been unusually heavy during the past two days, chamber officials said, and the ticket supply probably will be exhausted before the end of the week.

Arrangements have been made to accommodate 367 persons at the banquet.

Election Is Not Laughed Off By Demos

WASHINGTON, Feb. 18. (AP)—Henry A. Wallace's successful raid on a Democratic stronghold in New York make grim news for party leaders in the capital today.

Few of them were pretending to laugh off the third party candidate for president any more.

To some Wallace has begun to look like the difference between winning and losing New York's 47 electoral votes next November.

The White House had no comment. Press Sec. Charles Ross was asked if President Truman had "taken note" of the returns and he replied, "No. He added however that the President read the morning papers as usual."

The situation calls for an all out attempt to pull warring Democratic factions together, plus a supreme effort to get out the party vote in the presidential election.

If the news from New York means that Wallace is going to get a big piece of the American Labor party vote it is enough to give any good Democrat the chills.

In 1944 Franklin D. Roosevelt carried New York state over Gov. Thomas E. Dewey by only 300,000-odd votes—with nearly 500,000 ALP members voting for him. What if most of these go to Wallace in 1948?

Democrats in the capital were hard put to find much comfort in the figures from the Bronx election.

Rep. Kirwan of Ohio, chairman of the Democratic congressional campaign committee, admitted that the showing of Isacson was "surprising."

However, he said he was "astounded" by the "absolute disappearance of the Republican party in the district." The GOP nominee got only 4 percent of the vote yesterday against 19 two years ago.

Medal Is Asked For West Texan

WASHINGTON, Feb. 18. (AP)—A Carnegie medal has been asked for the West Texas Rancher who saved several lives in a Texas Panhandle blizzard last week.

"I fell sure x x x that you must agree that this was bravery and heroism far beyond the line of duty," Rep. Worley (D-Tex.) wrote directors of the Carnegie hero fund commission in Pittsburgh, Pa.

The Carnegie agency had already been informed of the details of rescue by Sam Wohlford of Stratford through the Amarillo Globe-News, the Fort Worth Star Telegram and the Stratford Star.

SA Commander Visits Here

Lt. Col. Charles Dodd, state commander for the Salvation Army, was here Wednesday on a tour of inspection.

At 7 p. m. he was to address a dinner meeting for officers and local corps members at the Dora Roberts citadel, touching upon activities and objectives.

Special attention was being given by Col. Dodd to the last quarter reports from 1947. He also was making a general review of all the past year's activities, and a precursory study of the emergency shelters and the youth center. The state commander was finding time to contact key figures in the community regarding Salvation Army work. He was to go to Lubbock after the dinner meeting.

Lawmaker Dies

BARBOURVILLE, Ky., Feb. 18. (AP)—Rep. John M. Robson, 75, long-time Republican lawmaker from Kentucky's ninth congressional district, died unexpectedly here last night.

NORTHWEST HOWARD Seaboard Starts New Exploration

SEABOARD Oil Company of Delaware No. 1 Dora Campbell is a new exploration for the Vealmoor area in northwest Howard county, about 15 miles north of Big Spring, which was recently opened for production from the Pennsylvania by the same company's No. 1-B Caldwell.

The new project is to be 1,980 feet from east and south lines of section 29, block 32, TP survey T-3-N. It is due to start drilling immediately, to go to about 8,000 feet to test the Pennsylvania lime, from which No. 1-B Caldwell completed for 200 barrels of oil and some water flowing natural. The new venture is one quarter of a mile north of the Caldwell discovery.

Seaboard Oil company of Delaware and Southern Minerals corporation are to start drilling at once on an Ellenburger Wildcat in southeast Coke county.

The prospector will be their No. 1 M. G. Reed, and is located 1,980 feet from south and west lines of section 1, HE&WT survey. That puts it nine miles southeast of Roberson Lee, and about the same distance southwest of Bronte. Drilling to around 7,000 feet and possibly deeper will be with rotary tools.

The wildcat is on a block of approximately 8,500 acres, which the two companies have in that area. The project will be operated by Seaboard.

MISFORTUNE AND GAIN

One man's misfortune provided an unexpected treat for several others Monday when an ice cream feast was suddenly presented at the city jail, extending even to prisoners in the city jail.

The ice cream was presented by Eugene Gross, who operates a local ice cream parlor, when mechanical trouble developed in refrigeration units endangering the stock of the popular dessert.

B'Spring Leads Scout Fund Drive

One of the final publicity activities for the Boy Scout Ranch campaign was completed here Tuesday afternoon when Scouts from Troop No. 5 terminated distribution of window cards in the business section advertising the financial drive.

Today, however, local men participating in the campaign focused their attention on the second report meeting scheduled for Thursday. The first report session Monday accounted for more than \$13,000, which placed Big Spring in the lead for the 15-county council area.

Postal, Telegraph Employees Stage Walkout In Italy

ROME, Feb. 18. (AP)—A nationwide, one-hour strike was staged today by 100,000 government postal and telegraph employees to support wage and seniority demands.

The employees are members of the communist-directed Italian labor confederation. They returned to work at 9 a. m. after the government's council of state assured them it would act promptly on their demands.

The council is composed of administrative and judicial officials who are to implement cabinet approval of demands by the workers.

Mexico Abandons Search For Plane

MEXICO CITY, Feb. 18. (AP)—Search for a C-47 cargo plane missing since Feb. 10 on a flight from Brownsville, to the Yucatan peninsula has been abandoned by the Mexican defense department.

The department reported yesterday that two Coast Guard vessels and a seaplane had searched unsuccessfully for the plane's probable route and had been ordered back to their bases.

Railroader Charged With Manslaughter

LILLE, France, Feb. 18. (AP)—Station master Albert DuFour of Thumeries was jailed today on charges of involuntary manslaughter in connection with a train wreck last night which police said cost at least 14 lives.

The accident, caused when a passenger train collided with a freight train, occurred near Thumeries, 15 miles from here, just after the passenger train took aboard a number of factory workers there. It was enroute to Douai, six miles away.

Police said there may be more bodies in the wreckage. They said the number of wounded totaled about 40.

BUYS FUR COAT FOR 49¢ POTATOES — Mrs. Cecil Lineback tries on a \$497 fur coat with the help of Sidney Zlotnick (right), Washington furrier. Meanwhile, Lineback (left) displays the 49¢ potatoes he delivered to Zlotnick in exchange for the coat. Three days before a radio announcer, in a "commercial" for the furrier, remarked that "there is a sheared beaver coat you can get for 49¢ potatoes." Lineback heard the announcement, brought that number of spuds and delivered them to the store. He didn't get the coat on his first try, but later did. (AP Wirephoto)

BOOM

PHOENIX, Ariz., Feb. 18. (AP)—Mrs. Doris Elaine Edwards, 21, of Avondale fell down and went boom.

She was under treatment in a hospital for bruises suffered when she fell into a bass drum while dancing.

Millar Is Named To School Post

John W. Millar has been named assistant co-ordinator of the Howard County Vocational school, E. C. Dodd, co-ordinator and president of the Howard County Junior College, announced Tuesday.

Millar, who has been teaching the Vincent VA class since June 1, succeeds Lawrence Adkins, whose resignation Dodd said he accepted with regret on Feb. 1. Although no plans have been shaped, there is a possibility that additional classes may be started in Big Spring and Coahoma in March.

Gift Shower Honors Mrs. J. M. Ringener

Mrs. J. M. Ringener, formerly Frances Phillips, was honored with a gift shower in the home of Mr. and Mrs. Lester Newton, with Faye Newton, Martha Bearden, Imogene Thomas, Pearl Mae Clanton, Mrs. W. J. Ringener, Jr. and Mrs. Truitt Thomas as hostesses.

with red and white candles in crystal candelabra. Mrs. W. J. Ringener, Jr. attended the crystal punch service and Imogene Thomas cut the cake. The honoree was attired in a winter white dress with a double corsage of blue iris. Members of the house party wore gladioli corsages of pink and yellow.

WEAK NERVOUS

Are you troubled by distress of female functional periodic disturbances? Does this make you feel so tired, high-strung, nervous at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Pinkham's Compound is made especially for women. It also has what doctors call a "soothing" tonic effect. Any drugstore has it. Write for a free booklet.

Reduce Without Dieting

SCIENCE DISCOVERS EASY WAY!
Now, with this doctor's discovery one can reduce without drugs, laxatives, exercise or fasting. No longer need you suffer hunger pangs, give up food you like, ever go hungry. By the scientific AYDS Plan you really enjoy reducing... it is so easy! You just eat one or two pieces of this delicious, special, vitamin and mineral candy, at home or away, as directed. It curbs your appetite—you eat less, lose weight without dieting!

PROOF!
To prove what the AYDS Plan could do, we had clinical tests supervised by medical doctors, and over 100 AYDS users lost 14 to 15 pounds average in a few weeks. Some lost up to 20 pounds in 30 days, others reported losses up to 100 pounds in various longer periods.

Try AYDS now. On the very first box your \$2.89 refunded if you fail to lose weight! Come in, phone or write.

Honest, I Didn't Know USED FATS WERE STILL BADLY NEEDED!

Lady, where have you been? Used fats are needed now more than ever, because the shortage of fats and oils today is the greatest in the world's history. Our government warns us that the supply simply cannot meet today's industrial needs. You can help prevent this supply from getting too low by continuing to turn in your used fats.

You say you re-use them for cooking! Fine! But even the drops left after that are worth salvaging. Then how about melting down fat trimmings, skimming gravies? Those tricks yield plenty!

And come to think of it, what other kitchen waste can you convert into good hard cash? It's a point to remember, these days of high food costs! You know, prices butchers pay for used fats are up, on the average. So please... don't throw your fats away. Save 'em, and turn 'em in!

Keep Turning in Used Fats

Jester Will Receive A Big Welcome From Washington

WASHINGTON, Feb. 18 (AP)—Beauford H. Jester will get a big welcome this weekend on his first visit here since he became governor of Texas.

He is scheduled to testify Monday before the Senate Judiciary committee for a bill to give the state unquestioned ownership of submerged lands.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel mucus from the throat, soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly silences the cough or you are to have your money back.

ble oil reserves off the Texas gulf coast.

President Ralph Pittman of the Texas State Society of Washington telephoned the governor that Texans here expect him to be the honor guest at a dance Saturday night.

"We aren't positive he can make it," Pittman said, "but there will be hundreds of disappointed Texans in Washington if he doesn't."

The governor is to be in Laredo Friday, but may be able to fly here in time for the dance, Pittman explained.

Meanwhile, various Texas congressmen discussed plans for the governor during his visit. Rep. Teague (D-Tex.), who represents his hometown of Corsicana, has offered his services.

House minority leader Sam Rayburn of Bonham, dean of the Texas delegation, said he did not know whether Jester would call on President Truman but that such a visit "certainly could" be arranged.

Question has arisen whether Jester would see the president and discuss Mr. Truman's civil rights program.

The Texas delegation, headed by Rep. George Mahon of Colorado City, plans to have the governor as honor guest at its weekly luncheon next Wednesday if possible.

While no one here knew just how long he would remain, the house judiciary committee is scheduled to open hearings on similar tideland legislation Wednesday.

Besides Jester, several other Texans expected to testify in support of the bill are: Price Daniel, Texas attorney general; Robert Lee Bobbitt of San Antonio, chairman of the tideland committee of the state bar of Texas; and Bascom Giles, Texas land commissioner.

Several other Texas attorneys, including John D. McCall of Dallas, Palmer Hutcheson of Houston, and Curtis Morris of Longview, are expected here to support the measure.

Bobbitt, already here with Daniel, issued a statement yesterday outlining reasons the Texas state bar supports the legislation.

Facsimile Papers Are Demonstrated

NEW YORK, Feb. 18 (AP)—Facsimile newspapers written and edited by the staff of the New York Times were received Monday at 14 New York department stores. The Times said it was the first postwar demonstration of a radio transmitted newspaper on a large scale.

Six editions were sent out at five minutes after each hour between 11 a. m. and 4 p. m. over radio station WZXR-FM. Each edition contained four pages, 11 1/2 inches long and eight inches wide. Demonstrations will continue for four weeks.

Business Failures At Higher Level

NEW YORK, Feb. 18 (AP)—Business failures in the week ended Feb. 12 totaled 128, highest for any week since January, 1943, Dun & Bradstreet reported today. This compares with 97 in the preceding week and 62 in the like week a year ago.

SAYS HIGH PRICE PEAK PASSED — Gen. Charles Tobey (R-N.H.), points to grocery prices advertised in a Washington paper as he discusses his statement that because of price drop Congress will probably delay indefinitely action on bills to control living costs. (AP Wirephoto).

THE AMERICAN STORY

U. S. May Put Out 30 Million To Fight Word War With Reds

WASHINGTON, Feb. 18 (AP)—The state department may get a record \$30,000,000 to fight its world war of words with Russia next year.

The House Appropriations committee has about decided to recommend that much for the 12 months starting July 1, members said privately today.

This is only \$4,378,000 less than President Truman asked. It is well over double the \$12,400,000 Congress gave the department to tell the American story abroad this year.

The money is for the state department's "information and educational exchange" program. This includes the "Voice of America" broadcasts beamed abroad to offset Russian propaganda against the United States.

The appropriations committee has been inclined to hold down spending for such activity in the past. Members said a change of view resulted from tours of Europe by a number of congressmen last summer.

Two U. S. Officers Put Under Arrest In Korean Zone

SEOUL, Feb. 18 (AP)—The U. S. Army reported Tuesday two of its liaison officers were manhandled and placed under temporary arrest at Pyongyang in Soviet occupied North Korea.

They were trying to watch a parade of the newly disclosed North Korea people's army.

They are Major Daniel G. Costello, Imogene, Iowa, and Major Richard C. Biggs, Berkeley, Calif.

A spokesman for U. S. occupation headquarters said the incident occurred Sunday. The same day a radio broadcast from Pyongyang announced establishment, with Russian approval, of a North Korean government with an army.

The spokesman said the Americans were taken in custody of the Korean constabulary while Russian officers looked on. The two were released unharmed—and without explanation—about 30 minutes later. Costello said a civilian pointed a pistol at him. His camera was taken. He protested to Soviet authorities.

Lt. Gen. John R. Hodge, U. S. occupation commander, commented only that Soviet liaison officers in Seoul "have complete freedom of movement," and can take pictures, including those of military parades.

Deaths from syphilis among U. S. physicians are at only one-third the rate found in the general population.

Civic Art Club Shows Progress

Add to the list of fledgling organizations in Big Spring that of the Civic Art club, a unit designed to meet the civic needs of Negro women of the city.

Already safely past the perils of organization, the club has two monthly meetings and a silver tea to its credit. It is a natural development of the Colored Civic League, developed a year ago to take the lead among Negro people in helping to improve material and cultural conditions.

Second monthly meeting of the club was held Tuesday evening in the home of Mrs. Ardis Berry. The first big event for the club was Sunday when the group met at the Charlie Johnson home with Mrs. Dewey Steart, Mrs. E. F. Nelson and Mrs. Charlie Johnson as hosts for the silver tea. They had the table covered with a lace, linen cloth, a center-piece of pink carnations, and a silver service at each end of the table. Mrs. Oliver Reed and Mrs. Walter Green served tea.

Others attending were Mrs. Corine Thomas, Mrs. L. M. Cotton, Mrs. W. T. Thomas, Mrs. W. L. Nichols, Mrs. R. F. Stewart, Mrs. E. L. Dorsey, Mrs. Myrtle Ringgold, Mrs. N. M. Brown, Mrs. W. J. Jones, Mrs. U. G. Labley, Mrs. Louis Patrick, Mrs. Gerald Thomas, Mrs. Louisa Wilson, Mrs. Mary Alice Gregg, Mrs. Artie Berry, Mrs. Inez Brown, Mrs. John McCool, Bessie Langford, Tom Humphrey and the Rev. E. F. Nelson.

East Texas Field Pressure Is Up

AUSTIN, Feb. 18 (AP)—An increase of 3.02 pounds per square inch in the weighted average bottomhole pressure of the East Texas field during January was reported Monday by Railroad Commission Chairman Ernest O. Thompson.

The field operated on a 20-day production schedule during January and continued on 20 days this month. The commission will determine the number of days for March after the statewide oil proration hearing here today.

An average of 500,863 barrels of salt water daily was injected in the East Texas field last month, Thompson said. This was a decrease of 8,666 barrels from the December daily average.

Non-Veterans Eligible For Reserve Corps

Men without prior military service in Uncle Sam's armed forces as well as veterans may qualify themselves for the Enlisted Reserve Corps. Lt. O. L. McFadin, local recruiting officer, has announced.

The age limitations are 17 to 35 except that an applicant possessing technical skills needed by the ERC who has passed his 35th but has not reached his 45th may, when specifically authorized by the Army commander concerned, be accepted for enlistment.

Men without previous service may be enlisted provided they are specifically enlisted for a unit undergoing training and agree in writing for such assignment and training.

Men with active service in the Armed Forces since September 16, 1940, may be enlisted in the grade or equivalent grade (i.e., Navy) held at the time of discharge or relief from active duty providing they enlist prior to the official termination of the present national emergency.

LIBERAL TRADE-IN ALLOWANCE!

Bread Of Brotherhood, Not Contempt

Not everything Mr. Chester Bowles, former OPA head, has to say strikes universal agreement, nor will his latest conclusion, arrived at in connection with his duties as chairman of the International Advisory Council of the United Nations Appeal for Children.

He says that he has found the common people of Europe full of distaste for the "political bread" they must eat. As cases in point, he reminds that France and Italy are surviving on American grain while Poland and Czechoslovakia on Soviet grain. He goes on to observe that political considerations determine who gets what from whom . . . and that the recipients must rise up and be grateful.

There is no gainsaying that the United States has been lax in making the source of its contributions clear, and as a result some people have been deluded into think-

ing aid, which came from America, was at the hands of the Soviets.

There is an equal danger, however, in the thing that Mr. Bowles points out. The Christian Science Monitor puts its finger on the crux of the matter in saying that "Americans reared in a tradition of independence should be the first to understand that (Europeans) must have food at any cost, but they are bitter at having to swallow the hammer and sickle or the eagle to get it." The spontaneous gratitude which has greeted such gifts as they have sent freely, generously and without political strings tells its own story. Contempt offers a bribe; faith holds out nourishment." Perhaps giving aid in a spirit of brotherhood and love will accomplish most, and without resort to undue modesty or ostentatiousness.

Don't Overlook The 'Official' Shrub

A few more days of balmy weather and that urge to get out and put a spade in the dirt will be more than most normal souls can withstand.

It won't happen too soon, either, for the time for getting in best looks for beautification in 1948 is fast drawing to a close. There is perhaps a month of grace left before the growing season starts and the time for fundamental preparation is past.

So far this has been a cold winter—as winters go in this country—and thus trees, shrubs, grass, etc. have been held back. This is fortunate in at least one respect, for it extends the time for effective planting of these items, for dressing or spading a lawn, for turning the ground in the gar-

den plot, for forking flower beds and working in a portion of well rotted manure or commercial fertilizer.

And while there is still time for planting, we would like to put in a plug for the city's "official" shrub—the crape myrtle. This flowering shrub was selected in a contest last year and scores and scores of them planted. Not all lived by any means, and not all of those which survived produced stately plants with a profusion of flowers. But some of them did, and those that did get a foothold are in for a season of beauty from late June until frost. If you are in doubt as to what to plant, may we suggest you make it crape myrtle. Once started, it is rugged and beautiful.

The Nation Today—James Marlow

Step Toward Statehood For Alaska

WASHINGTON, (AP)—In Congress Alaska has been given its first push toward statehood.

That doesn't mean it will become a state this year or next. Alaska, twice the size of Texas, has a population of about 90,000—60,000 whites and 30,000 Eskimos and Indians.

It's 80 times bigger than Hawaii which has a 500,000 population.

A Congressional group, the subcommittee of the House committee on public lands, told the full committee it thinks Alaska should be a state.

Now if the full committee approves, and tells the full House, and if the House approves, then it's up to the Senate.

All that's needed to make Alaska a state is an okay by both houses. But the Senate may not approve. If the House does.

The Senate has a busy year. And, besides, the senators may think twice about this:

Statehood means Alaska's 90,000 people would have two senators in Congress, the same as,

say, New York state's 13,000,000 people.

Since the Senate has only 96 members now, two more would be important in any close vote.

Alaska would be entitled to one representative in the House. But since there are 435 House members, one more wouldn't make much difference.

About one-third of Alaska's voters are against statehood now. The reasons for this will be gone into later in this story.

The territory has a delegate to Congress. He can't vote, but he represents the people of Alaska.

Output of industry runs over \$70,000,000 a year. It's concentrated mainly in three businesses: furs, fishing, mostly salmon, and mining—gold, coal, platinum.

The people pay federal income taxes but Alaska has no income taxes of its own for persons or corporations, and no general property tax.

The territory has one railroad, owned by the U. S. government. Some of the arguments against statehood for Alaska—a number

of Alaskans have protested to Congress—go like this:

The population is too small now for statehood. The majority of the 60,000 white people live in the towns and cities. Alaska, which gets a lot of money help from this government while it's a territory, couldn't afford to run itself as a state.

The House subcommittee listened to those arguments against statehood and brushed them aside. Some arguments for statehood go this way:

Twelve states had smaller populations when they were admitted to statehood. Alaska now is a strategic part of the United States.

As a territory, Alaska is subject to the whims of Congress which can pass any law it wishes about Alaska.

The subcommittee says other territories were able to raise money to pay their way when they became states so there's no reason why Alaska couldn't.

Besides, Alaska has tremendous resources waiting to be developed.

Affairs Of The World—DeWitt MacKenzie

Russia Tightens Her Grip On Korea

A week ago your columnist expressed the view that Russia already had to all intents annexed the northern half of Korea—and we now can say: "I told you so."

A high American official of the southern zone, which is occupied by U. S. forces, says a Russian puppet government has been established in the north. The nature of this regime is made clear in a radio broadcast from Soviet occupation headquarters. This announces creation of a "North Korea people's army," and a constitution which would establish "the democratic peoples republic of Korea."

Now of course there hasn't been any formal annexation. However, the fact remains that Moscow has brought northern Korea under its absolute domination just as has happened to the small countries of eastern Europe.

The establishment of this communist government is purely a unilateral action by Russia. The Russians wouldn't even permit the commission to visit the north, which long has been sealed off by the Reds.

The answer most certainly is that the moment the U. S. troops were withdrawn the new Red Korean army would sweep down from the north and try to compel the southerners to unite with the Soviet government of the north.

Soviet methods run in a groove, and we have had plenty of demonstrations in Europe. Russia clearly intends to rule all Korea if she can.

Korea's geographical position makes it one of the most valuable military bases in the orient, both for defense and offense. It is a "dagger pointed at the heart of Japan"; it lies up against Manchuria, which many observers believe Moscow intends to add to Russia's zone of domination, and it even touches Russian Siberia not far from the big Soviet naval port of Vladivostok.

True Stories Of West Texas—N. H. Kincaid

Trial Of Barbed Wire And Cowhand

Arthur Childs, top cowhand of the Fryng Pan ranch, knew that the recently invented barbed wire was on trial, in this year of 1882, and that his own ranch, here in the Canadian river sector of the Panhandle of Texas, was its testing ground.

But Cow Waddie Childs, pulling his slicker tight about him as he drifted with the herd in the blizzard, wondered about this testing. The way things were looking now it might be he rather than the barbed wire that was on trial. And he wasn't too sure how he would come out.

He knew the story back of that fence, for it was part of the story of the Fryng Pan ranch itself. He knew that Joseph F. Glidden of De Kalb, Ill., inventor of the new wire, had brought pronged barb to the Plains of West Texas for trial. Large blocks of land had been bought by him and his partner, Henry B. Sanborn, and soon 250,000 acres of grass in Potter and Randall counties were under their control. Then the great fencing program had been launched. Crews of men with saws, axes and strong wire pulleys had been sent into the Palo Duro canyon and along the Canadian river for posts. Cedar, walnut, chinaberry and hackberry were used. And then the wire was strung; four strands of it, enclosing 40,000 acres.

"Now, men," the Fryng Pan manager had said, "the inven-

tors—and owners of this ranch—want this wire tested under every normal ranch condition. In the event of a storm the cattle are to be allowed to drift against it; and under no condition is the fence to be out. A wire that will withstand a drifting herd of Longhorns will make a fence that ranchmen can use. In other words, they want this new wire of theirs tested from every angle."

But it remained for Old Man Winter to become the final judge as to the fence's worth. He had buckled a terrific snow storm onto the back of a Texas blizzard and then kicked them loose onto the High Plains.

And Arthur Childs, bent low in his saddle and with his slicker pulled tight about him, had ridden with the storm and the drifting herd. He had watched

through smarting, red-rimmed eyes as the lead steers hit the strong, four-strand fence with its cold, cutting barbs. He had stood by as they packed against it, and had seen the fence emerge the victor.

But the cowhand's eyes were on those poor dumb brutes rather than on the triumphant new invention. He saw them as they hit the fence, test it again, and then stand there with their heads between their legs, eyes blinded with crusted ice and snow. When they finally sank down, frozen, others from the rear crowded onto them; and the story was repeated.

And then it was that Arthur Childs wondered if he, rather than the fence, might not be on trial. He wondered if he could obey orders and let these cattle die. Or would he finally cut those strands and allow his remaining herd to drift with the storm, thus generating enough body heat to remain alive? It would cost him his job if he did.

Quickly he made his decision. The raw ends of the wire dropped to the frozen ground and the cow waddie turned to direct the remaining herd toward the new gap. Seeing them safely through and headed for the breaks, he turned his face into the storm and rode back to the ranch house—to tender his resignation.

The wire had stood its test—and so had the cowhand.

Pure English

SEATTLE (UP)—These two signs were prominently displayed in a local restaurant: "Creamed Chicken on Bacon Powder Biscuits" and "Beef Stew With Dumplings."

Telling Them Off

HARRISBURG, Pa. (U.P.)—Quotation from Mayor Claude R. Robins' announcement of a crackdown on traffic law violators: "Please don't bring me any red tags. We don't fix 'em, we sell 'em."

MAN IN THE STREET

Washington Merry-Go-Round—Drew Pearson

No Big Break Seen In Price Level

WASHINGTON—When news of the stock and commodity market break first reached the White House, President Truman was deeply concerned. He felt it might start wholesale dumping of securities by frenzied investors, which in turn might touch off an economic depression.

However, after the Council of Economic Advisers had surveyed the market and reported to him in detail, Truman told one close adviser:

"I am now glad it happened—for two reasons. First, we scared a lot of speculators out of the grain market, and, second, prices are coming down to a level where they will be governed more by the law of supply and demand. That's where they should be."

The White House economic surveys show several significant things.

Most important to the housewife is that the somewhat hysterical reductions in retail prices are the result of grocers' psychology. Actually, cheaper raw commodities couldn't possibly be passed down the line to bread and meat for several weeks. However, grocers have been scared into price reductions by headlines and the threat of competition. They are gambling on lower prices in their next wholesale shipment. Also the stocks of food on their shelves have increased—due to high prices and the fact that the housewife has simply cut down on her buying.

Another significant factor is that the stock market has remained fairly stable compared with the commodity market. In other words, commodities were price-heavy and toppled.

Presidential economic advisers have reported to Truman that there is little likelihood that the break in commodity prices will spread generally to industrial prices.

FARM INCOME TAXES

One cause for the commodity break was the flood of wheat which farmers sent to market after January 1. They had been holding back (1) for higher prices and (2) for income-tax reductions. Since both Republicans and Democrats have now come out in favor of tax reductions, farmers felt it was safe to let their hoarded wheat go to market. A lot of them let loose at the same time, hence the deluge.

Another reason for the grain-market decline is the law, re-

want it to leak out. And he will be the censor! . . . John Wiley will be the new ambassador to Iran, Monnet Davis the new ambassador to Panama—both key posts . . . Carl Sandburg, famed Abraham Lincoln biographer, may be Henry Wallace's candidate for the Senate in Illinois. . . The United States has agreed to keep the American fleet away from Italy until after the Italian elections.

PARRAN EXIT

The announcement of Dr. Thomas Parran's exit as surgeon general was carefully wrapped in cotton wool so it wouldn't appear that he was being fired. But the inside fact was that he joined the long line of staunch Roosevelt career men whom Truman has recently liquidated.

Not only did Dr. Parran have a good record in the Public Health service, but he had been an intimate, personal friend of FDR, having worked with Roosevelt when he was governor of New York state. It was Parran who had the courage to call a spade a spade when it came to venereal disease and launch a nationwide campaign against it.

He was fired as surgeon general, however, solely on the advice of one politician—Oscar Ewing, former vice-chairman of the Democratic national committee, now chief of the Federal Security agency, of which the Public Health service is a part.

Parran had refused to let Ewing run the Public Health service, and so got the meat-ax.

Note—Republicans are increasingly gleeful and Democrats increasingly sour over the way Truman talks about Roosevelt policies—on paper—then undercuts them when it comes to picking men to carry them out.

MERRY-GO-ROUND

President Truman has been promised that at least one prominent Republican Senator will be a surprise guest at the Democrats' Jefferson day dinner this week. Senator Langer of North Dakota has a ticket. George Meany, shrewd A. F. of L. executive secretary, will run the A. F. of L.'s political action committee now that ex-Sen. Burt Wheeler dropped out. . . Friends of Governor Dewey believe that he claims the solid South. Dewey has just received word that a confidential poll of Alabama's Republicans gives him 42 votes as against only 17 for Taft. . . The Yugoslav government has retained John Peble, ex-aide to Henry Morgenthau, to persuade the Treasury department to turn loose more than \$40,000,000 worth of Yugoslav gold which the Treasury is still holding. . . Counting political chickens before they hatch, Harold Stassen's backers predict he will win Wisconsin in the April Republican primaries—even though MacArthur is rated there as a native son.

Shares Wealth

GREENCASTLE, Ind. (U.P.)—Albert Shuey did his part to relieve the fuel shortage during a cold wave. He advertised "plenty of good, dry timber" to anyone who would go to his farm and cut it.

Buried Treasure Legends

In announcing the scope of this column, RW mentioned the possibility of buried treasure stories. He, of course, used this simply to peg the spread of possibilities. There are, however, a few buried treasure legends, perhaps more than are known to me personally.

Jack (Pobch) Martin used to be the best source for such tales, what time he wasn't fishing rattlesnakes out of a den or enlarging on a wealth of experiences. He absorbed most of his romantic adventures in the country from an early day character named Uncle Billy Davenport, whose likeness the celebrated H. W. Caylor captured on canvass for all to see at the Howard County Memorial Library.

Uncle Billy was before my time, but he must have been fit subject for a frontier piece. At any rate, Pooch took up with him and revelled in the colorful sagas the old free-lancer would spin. Among them was an exciting yarn about a wagon bearing a load of gold. Details were hazy—either some prospectors who had struck it rich or some soldiers bearing pay for troops. It doesn't matter for neither could be authenticated. But to continue the story, the wagon or wagon train presumably was ambushed by hostile Indians somewhere south of the big spring. Owners of the gold managed to bury it, but didn't have the honor of being around for their own burial.

More prolific are the stories of Spanish treasure. Although Colorado's trail does not seem to have come directly to the big spring, there is evidence that some of the Spanish wanderings did bend this way.

Will Knox Edwards once knew a Mexican who was two years younger than Scenic Mountain.

This old fellow remembered having known someone who knew a Mexican lad who stumbled on to a cave beneath Scenic Mountain, and in this cavern were Spanish relics and treasure. CCC boys, working on the park road years ago, thought they had found a cavern and the treasure stock picked up. But nothing came of the treasure or the cave.

Wade Hood and T. M. Moore picked up threads of a yarn about Spanish prospectors who had a cave in the area just south of town. Together they sunk a shaft for more than 100 feet below the brow of a hill in search for the lost mine, at one time reputedly turning up a skull. The search got so warm and participants so enthused that a lawsuit over land title and boundaries ensued, and it looked momentarily as though there would be bloodshed. One thing which stirred the search was an old mound, in the valley, which was supposed to have been ruins of the smelter for the primitive mining operation. If there was treasure there, it is still there. It wasn't uncovered.

But back to Pooch and Uncle Billy. Pooch had a prime story about Spanish treasure buried somewhere south and sort of east of Signal Mountain. The ruins of Spanish structures (fact that there had been structures proved the Spanish origin, Pooch said) gave strength to the legend. Pooch was always going to take me to this spot, but somehow, we never got around to it. Maybe he divulged this top secret to Kenny Barnett or Bob Stripling. If he did, they've kept it well, and if they ever found any treasure, they've been even more secretive than the Spaniards about it.—JOE PICKLE

Hal Boyle's Notebook

Hepcats Are Seeing Red

NEW YORK (AP)—The Russian critic who denounced American jazz as dead and degenerate music has "flipped his lid and ought to come over here and spend a gig at the track."

That was one reaction today along Swing street, the main stem of American jazz, where the hep cats gather to soak up the latest lye.

The Soviet rulers are worried over the type of tunes the Russian masses like. Apparently no one has come along able to set the "communist manifesto" to music.

The central committee of the communist party bawled out Dmitri Shostakovich and six other Soviet composers of advanced classic music for their "bourgeois" music.

This didn't worry the denizens of Swing street as all seven composers are "strictly from long hair."

The man who started 52nd street blowing fresh "riff" and "hot licks" in rebuffs was V. Gorodinsky, a Soviet music critic who came down with both heels on jazz, which he feels corrupts innocent Soviet youth.

Citing a Russian educator who complained that modern jazz was "grinding our will into hamburger," Gorodinsky wrote in a Soviet magazine:

"Modern bourgeois music does not awaken strong joyous feelings. On the contrary, it extinguishes and suppresses them. It does not carry one away with impetuous passion but hypnotizes one with the dead cold mechanics of its rhythm and the poverty of its melody."

Here is swing street's answer: Lionel Hampton, bandleader and a top exponent of "be-bop," the latest trend development of jazz:

"Man, that Mr. Gorodinsky has really flipped his lid and ought to come over here and spend a gig at the track. He's goofed but plenty when he says our music is dead."

(Ed note: One of our office boys who plays a saxophone translates this as follows: "The gentleman must have lost his mind. He would do best to spend an evening at the Savoy ballroom in Harlem where excellent jazz is played. He is mistaken in his views on our music.")

Broadway—Jack O'Brien

A Lot Of Work On Stage

NEW YORK—Here's a brief rundown on John Loder, the handsome gentleman who has been famous for a lot of things, not ignoring his marriage to and divorce from Hedy Lamarr.

Loder leans toward Broadway as an excellent permanent acting center.

Screen acting is fine, he says, but he has been twenty years pointing toward the Broadway stage, and now that he has attained that target with respectable success, he isn't letting go too quickly.

In a spasm of lunchtime candor in Sardi's the other wintry noon he confessed he has learned a lot in his New York engagement in "For Love or Money," one of the season's comedy hits.

"The legitimate stage is about ten times as hard work as anything an actor is ever called upon to do on the screen," he said.

"There's no denying a stage role is good for an actor's morale. Why, in 'For Love or Money,' I've learned how to carry a twenty minute scene again. On the screen you never have to do anything sustained beyond three minutes!"

No matter what sort of front he may care to assume, a screen actor is always envious and respectful of stage players. He may make a hundred times as much and be famous, but he knows damned well that he is an incompetent by comparison with the real article.

This emphatic statement indicated a modest awe for other actors, state attainment. But any suggestion that Loder's touch of self-criticism is justified immediately should be ignored. As one of the folks on hand at the premiere of "For Love or Money," I would like to note that he handled a difficult part masterfully. He received somewhat secondary consideration in the next day's reviews, for the refreshingly smart playing of pert June Lockhart in the ingenue role was really something to rave about.

While he ignores his current success the most exciting experience ever to have happened to him, I must take exception. For here's a big, personable guy who has crammed a heap o' livin' into his youthful lifetime.

SOME men would say they'd

I HOPE WE WON'T BE ARRESTED FOR FLYING WITHOUT A LICENSE

WACO, Feb. 18. — A \$26,500 compromise judgment has been entered in 19th district court here in the suit of Mrs. Virginia Coleman against the Missouri-Kansas-Texas railroad company in the death of her husband, Jack Coleman, who was killed in a train collision near New Braunfels Dec. 10. Mrs. Coleman is to receive \$15,500, her daughter Virginia Frances \$4,500 and another daughter, Julia Ann, \$6,500.

Winter Peas Making A Good Cover Crop

R. A. Merrick, cooperater with the Martin-Howard Soil Conservation District in the Ackerly Soil Conservation Group, has 9 acres of Austrian winter peas which are making a good growth on his farm east of Ackerly. Merrick planted the peas for cover crop and soil building last November. He reports the winter peas are doing good.

Merrick also has about 10 acres of Abruzzi rye and hairy vetch which he is trying out on tight land. Merrick started work on his terraces last week building them wider with a Ford terracing plow.

Floyd Jones, also in the Ackerly group, has plowed his terraces up with a Ford terracing plow to make them larger and wider. Terrace maintenance is important to keep the terraces from working down.

Seeding of Madrid clover for cover crop and soil building started on the farms of two district cooperators this week. Guy N. Moore, manager of the Big Spring State hospital, is planting around 25 acres of clover on the hospital farm and Durwood Zant began seeding 10 acres to clover on his farm in the Gay Hill soil conservation group.

The farmers are using this soil building legume cover crop as a part of a coordinated soil and water conservation program on their land.

W. N. (Bill) and Lee Reed, cooperating with the North Concho River Soil Conservation District, are eradicating more cedar on their ranch at Sterling City.

The Reed brothers started cedar eradication last spring using a bulldozer. Native grasses made good growth during the summer on the land where cedar was removed and a good cover of cured summer grasses was left. Winter grasses have taken advantage of this protective cover and are now occupying the area almost solidly.

Seed production by both summer and winter growing grasses will help reseed the areas left bare in eradicating the cedar.

W. D. Miller has completed the terracing needed on his farm in the Richland soil conservation group. Miller, whose farm is 8 miles north of Big Spring on the Gail road, constructed several miles of new terraces and built up the old terraces on his cropland.

A number of district cooperators are planning to plant their cotton using two rows in and one or two rows out this year. The farmers will plant Dixie Wonder peas in these blank rows next fall for cover crop and soil building. In this way

Sale To Climax Stanton Show

STANTON, Feb. 18. — An open sale, with some out-of-town buyers expected, will climax the annual 4-H boys livestock and capon show here Saturday.

The animals and birds will be on display in the Farmers Gin and Cotton company warehouse on the southside of the tracks. Baby beeves, barrows, lambs will be entered as well as capons.

Cab service started operating here Monday morning. L. E. Keefe, operator, has established offices at the City Drug store.

Beta Sigma Phi chapter of Stanton has presented the Martin County Memorial hospital with funds for purchase of an Oxygen tent. The equipment, now on order, will be delivered as soon as possible.

The sorority had at first considered a campaign to provide funds for an iron lung, but Dr. Virgil Sanders advised the group that an oxygen tent was more of an immediate need for the hospital.

Peruvian Figure Slain

LIMA, Peru, Feb. 18. — The Peruvian government suspended the bill of rights Tuesday in the Department of Pasco as a result of the death of Augustin Tovar, the department prefect (governor). Reliable source said Tovar was killed in Cerro De Pasco, capital of the department, apparently as the result of "serious labor incidents."

The land can be covered with a soil building legume crop in two to three years, which will improve the soil by adding nitrogen and increasing the organic matter in the land.

Dixie Demos Are Hostile To Clark

ATLANTA, Ga., Feb. 18. — The Atlanta Constitution says that Dixie Democrats may demand that a southerner replace Tom Clark of Texas as U. S. attorney general.

The newspaper said that Clark is not regarded as "a real southerner since he has intervened in racial disputes."

The Constitution also said that a southerner may be asked as Democrat vice president nominee to counter President Truman's civil rights program.

The paper suggested Sen. Walter F. George of Georgia as the nominee. It also mentioned Sen. Harry Byrd of Virginia and former secretary of state James F. Byrnes of South Carolina.

A committee from the southern governors conference will go to Washington Monday to discuss the President's civil rights program with Democrat party leaders.

Owls To Play In Lubbock

HOUSTON, Feb. 18. — The Rice Owl football team will play Texas Tech in Lubbock in 1948 for the first time in athletic relations between the two schools, according to announcement from Athletic Director and Head Coach Jess Neely here today.

The game will be played October 30. Its site was decided when Baylor agreed to play Rice here on November 27, instead of in Waco. That means that six home games will be played by the Owls.

The complete Rice football schedule:

- Sept. 25, Sam Houston Teachers, here.
- Oct. 2, LSU, here.
- Oct. 9, Southern California, there.
- Oct. 16, SMU, here.
- Oct. 23, Texas, here.
- Oct. 30, Texas Tech, there.
- Nov. 6, Arkansas, there.
- Nov. 13, Texas A&M, there.
- Nov. 20, TCU, here.
- Nov. 27, Baylor, here.

New Gas Plant Is Set For Carthage

SHREVEPORT, La., Feb. 18. — A new gasoline plant at Carthage, Tex., is included in 1948 plans of the United Gas Pipe Line company.

The United Gas corporation and its subsidiaries in the South and Southwest announced yesterday they would spend about \$26,000,000 this year on extensions of service and development of gas and oil fields.

Falls To Death

DALLAS, Feb. 18. — Josiah W. Preston, 79, retired former telegraph editor of the Dallas News, fell to his death last night from the eighth floor of the Dallas Athletic club.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning! "Rarin'" to Go

The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then you bloat up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any drugstore.

WOMAN CHARGED WITH SERVING LIVERS OF AMERICAN AIRMEN. TOKYO, Feb. 18. (AP)—A woman yesterday was charged with serving American airmen's livers at a Japanese officers mess. She is Shigako Tsutsui, former army nurse and the first Japanese woman slated for trial on war atrocity charges. She and 27 men co-defendants are accused of killing eight B-29 fliers in medical experiments. Five of the men, who allegedly ate the livers served with liquor, are charged with cannibalism. U. S. Eighth army prosecutors said the stolid woman defendant made all arrangements for horrible experiments on the Americans. The charges including cutting open the heart of one—while he still lived—and attempting to stitch it up again. The fliers have not been named. Allied headquarters said the experiments occurred in Kyushu imperial university's medical school at Fukuoka. The prosecution says they began after Tokyo army headquarters ordered local disposition of captive U. S. airmen. It charged that livers of the fliers were served at a special lunch for army officers and hospital surgeons—and that the diners were fully aware of what they were eating.

SEVERAL INJURED IN TRAIN MISHAP. SAN ANTONIO, Feb. 18. (AP)—Several crewmen and passengers on the Missouri Pacific's Sunshine Special were injured when the train collided with an engine in the yards near the Kelly field underpass Tuesday morning. Fireman R. L. Keeton of the Sunshine Special was the most seriously injured. He suffered a broken arm and was taken to a local hospital. Engineer J. C. White was shaken up but left the scene in a car with another railroad man. A few other passengers received minor injuries, railroad officials reported.

SPRINGS CALLS FOR SPECULATION CURB. WASHINGTON, Feb. 18. (AP)—A spokesman for the National Grange urged congress Tuesday to curb "excessive gambling in grain and other food commodities." The plea was made by J. T. Sanders, legislative counsel of the farm organization. He appeared before the senate agriculture committee to endorse a bill giving the government the power to fix margins, or down payments, on commodity market dealings.

PAIR CHARGED. SAN ANTONIO, Feb. 18. (AP)—Earl Majors of San Antonio and Charles E. Mueller of Hollywood, Calif., were charged by United States customs agents here Monday with smuggling 788,000 Mexican sweepstakes tickets valued at \$1,285,000 into the United States.

Sterling Wins First Playoff Tilt, 43-22

LOOKING 'EM OVER

With TOMMY HART

Jose Cindan, who racked up 25 victories for the Big Spring baseball team in Longhorn league wars during 1947, probably won't be back here this year and there is a possibility Orlando Moreno, the Hooses' classy third sacker, will stick with a club in higher classification.

Still and all, Manager Pat Stasey, Claud McAden et al expect to have a 25 per cent stronger club than they fielded last year. They were assured of the fact by Papa Joe Cambria, the Washington scout, with whom they had audience in Sherman last week.

Cambria informed Stasey and McAden that he was sending a pitcher here by the name of Wilfredo Roca, a leftie, who will make the fans forget all about Cindan. Roca, insists Papa Joe, simply strong-arms the ball past the opposition. He possesses the craft and mound poise necessary to make a winner.

BOBBY FERNANDEZ WILL FILL MORENO'S SHOES

If Moreno returns, chances are he'll wind up on second base, as chronicled here before. For one thing, Stasey wants to strengthen that position. For another, he has a potential big leaguer coming in that Cambria says possesses more physical equipment than Moreno and uses it better.

The young man's name is Robert Fernandez. Cambria raves about his throwing arm, his ability to trap a blue darter but says his strong point is his hitting. He connects often and always gives the ball a ride.

SEVERAL OTHER NEWCOMERS ON WAY HERE

Other Cubans coming in who will be new here are Joe Vargas, a shortstop; Jesus Jocomo, another short fielder; Victor Hugo, an outfielder of Italian Spanish blood; Isidoro Jimenez and Juan Izaguirre, both pitchers. Those, in addition to Carlos Cowan and Juan Mendez, players mentioned here before.

Back from last year's team will be Armando "Tony" Traspuesto, a sterling catcher; Gerry Rodriguez and Jimmy Perez, pitchers.

MCCLAIN OR SIFFT TO HOLD DOWN FIRST BASE

At the moment, the local lineup would appear to be Traspuesto behind the plate, Jake McClain or George Siftt at first base, Moreno at second, Vargas at short, Fernandez at third and Mendez, Stasey and either McClain or Siftt in the outer gardens.

Siftt is a leftie who comes in from Bridgeport and has had experience at the initial sack. If he can cut the butter there, then McClain becomes the custodian of the initial sack.

Incidentally, Stasey is looking forward to McClain having the biggest season of his career with the hickory, and Jake hit .360 in 1947.

GAMES BOOKED WITH ABILENE AND LAMESA

Spring drills will get underway here April 1. The Broncs have two exhibition games lined up with Abilene's Blue Sox and will probably play the Lamesa Lobos four times before the Longhorn season is launched on April 21.

Stasey is lined up to serve as an instructor in a Washington school at Sherman March 15 to April 1. Other teachers at the clinic will be Guy Sturdy and Joe Rodriguez, the Sherman pilot.

STEEERS NEED WORK ON PITCHES FROM FOUL LINE

The Big Spring basketball Steers are again being listed the favorites in the District 3AA basketball campaign, which gets underway Friday.

Eddie Houser and Company have the artillery to win. If they use all of their weapons. One of the guns that has been neglected and, apparently, fallen into misuse, is the free pitch. The Steers had a chance to build up an early lead against Midland the other night, simply by using the gratis throw, but couldn't level their sights on the rim. One lad missed nine Annie Oakleys, high for the season.

They must improve their aim from the penalty line if they expect to seep through to the title.

Coahoma Plays Buffs Monday

Coahoma plays Stanton at Stanton and Loop opposes Union at Loop Monday in first round games of the district girls' basketball tournament.

The bracket was drawn up at a special meeting of coaches held yesterday afternoon in Flower Grove. Presiding was Chairman H.

G. Hambrick of Stanton.

The four teams gather at Loop Wednesday, Feb. 25, for second round play, at which time Coahoma squares Loop at 1 p. m. and Stanton squares off with Union at 2 p. m.

Two defeats will be required to eliminate a team from title competition.

The winner qualifies to play in the state tournament at Hillsboro.

Mortality from tuberculosis among U. S. physicians is less than half that of the general population.

Quintets Meet Again Thursday

STERLING CITY, Feb. 18.—Sterling City's Eagles went one up on the Stanton Buffaloes in the playoff for the District 21B basketball championship, defeating Travis Green's club, 43-22 here Tuesday night.

The meeting was the fourth of the season between the two clubs, three of which Sterling has won. In contrast to the other outings, however, tonight's contest was one-sided, especially after the half time period.

With Billy Hudson, Jackie Tweedle, Bobby King and R. T. Smith hitting the basket regularly, the War Birds grasped an early lead and held onto it.

Tweedle collected 12 points. King and Smith each had nine while Hudson came in for eight.

Louis Stallings was outstanding for Stanton, roping nine points.

The two teams play again Thursday night in Stanton. If the Flock wins that one, it will be all over.

Twelve collected 12 points. King and Smith each had nine while Hudson came in for eight.

Williams Will Meet Winner Of Friday Go

NEW YORK, Feb. 18. (AP)—Ike Williams in a title bout is the surprise prize for the Beau Jack-Terry Young winner. Instead of just another show at Madison Square Garden, Friday's Lightweight duel now offers rich promise.

Jack, the former Georgia shoe shine boy who will be making his 26th garden appearance, probably will be at least a 1 to 2 favorite. Twice holder of the World 135-pound championship, the Beau will be scrapping for a third chance.

For Young the bout offers an unexpected opportunity. He was in line for a bout with Williams until he was upset by young Paddy Demarco Jan. 30. He got the Beau Jack match because Demarco's cuts had not healed. Now he has a chance to earn a title show if he can upset Jack's comeback.

All of these possibilities emerged from a conference yesterday between Frank (Blinky) Palermo, Williams' manager, and Sol Strauss, acting promoter of the Twentieth Century Sporting club.

Palermo agreed that Ike would meet the winner in the Garden on one of three spring dates—April 2, May 21 or May 28. The champ already is matched with Kid Gavilana of Havana, Cuba in a non-title go Feb. 27.

Williams became the first undisputed Lightweight ruler in five years when he knocked out Bob Montgomery in Philadelphia last August. He had won the NBA crown in April of 1945 by stopping Juan Zurita in Mexico City. Montgomery, however, had been recognized in New York and several states until he lost to the Trenton, N. J., Negro.

The Beau's career appeared ended last Feb. 22 when he was carried from the ring with a broken knee cap after losing to Tony Janiro. He launched a comeback campaign Nov. 3 and has not lost. Among his victims were Humberto Zavala, Frank Vigeant, Billy Kearns, Jimmy Collins and Johnny Bratton. Only Bratton, whom he stopped Jan. 23 in Chicago, was regarded as a real test.

Harold Davis and his Howard County Junior college basketball Jayhawks hit the road this weekend cap after losing to Tony Janiro. He launched a comeback campaign Nov. 3 and has not lost. Among his victims were Humberto Zavala, Frank Vigeant, Billy Kearns, Jimmy Collins and Johnny Bratton. Only Bratton, whom he stopped Jan. 23 in Chicago, was regarded as a real test.

MAY MOVE TO YALE — Ray Morrison (above), head football coach at Temple University and formerly head football coach at Southern Methodist University, is reported slated to become head football coach and athletic director at Yale University. He denied the report. (AP Wire-photo).

SAFEWAY WINS OVER COAHOMA

COAHOMA, Feb. 18.—Safeaway of Big Spring scored a 23-22 victory over the Coahoma Outsiders in a basketball game played here Tuesday night.

C. A. Tonn of the winners led the scoring with ten points while Hezzie Reed was high for the local club with eight.

In an added attraction, the "Shorts" turned back the "Longs", 7-6.

Proceeds from the double header will go into the Coahoma athletic fund.

Elizondo Loses

HOUSTON, Feb. 18. (AP)—Louis Rousse, 169, New Orleans, took a 10-round decision from former Texas Middleweight boxing champion Tony Elizondo, 171, Corpus Christi, here last night.

The Notre Dame eleven played before 571,527 last season.

Longhorns Take 17-7 Record To Tournament

Herd Lost One Game At Home

The Big Spring Steers will carry a record of 17 wins and seven losses into the District 3AA basketball tournament Friday.

In their 24 games, the Bovines scored 843 points, compared to 681 for the opposition. Their average stands at 35, the enemy's at 28.

Local fans saw their hopefuls lose only one time in nine starts on the Big Spring courts. Only the Lubbock Westerners succeeded in thrashing them here and that outing occurred early in the campaign.

The Steers trounced all three of the other principals in the district tourney on the local hardwoods. They edged Abilene, 22-18; squeezed Odesa, 26-24, and then cruised through San Angelo, 43-33.

The Big Springers experienced much rockier going on the road, however, winning only nine of 15 games. Abilene took them into camp, 29-27, while San Angelo handed them their worst conference licking of the year, 39-24.

A 10-2 record in 3AA play tied the Longhorns for the top spot with the Eagles and made them co-favorites in the coming tournament. They play a first round game at 1:15 p. m. Friday with San Angelo while Abilene faces the task of meeting Odesa at 2:30 o'clock.

The Steer record to date:
Big Spring 42, Snyder 19.
Big Spring 22, Lubbock 19.

Heart Attacks Claim Lives Of Two Here

Heart attacks claimed the lives of two Big Spring men suddenly Tuesday.

Claude H. Hamlin, 57, died at 2 p. m. before he could reach a hospital, and Robert V. Cobb, 46, died at 10 p. m. a few minutes after he was rushed to a hospital.

Rites were to be said today at 3 p. m. in Jayton for Hamlin, who resided at 1800 N. 10th Street. He was stricken while at work north of town. A resident of Big Spring for 11 years, he had been engaged in farming most of the time.

Survivors include his wife, two sons, Joe Hamlin and Eddie Hamlin, Big Spring; three daughters Mrs. P. G. Kelley, Mrs. Lloyd Arnold and Mrs. Charles Huit, Big Spring; five brothers and two sisters. The body was taken overland to Jayton in an Eberley coach Tuesday evening for services and interment.

Cobb was stricken late Tuesday evening at his home at 1902 Scurry and was rushed immediately to a hospital.

For the past 23 years he had resided in Big Spring, following his trade as a carpenter. Arrangements are incomplete and the body was at Eberley Funeral Home.

Survivors include his wife; three sons, Leo Cobb, Vernal, Utah, R. V. Cobb, Jr., Big Spring, Sid Cobb, Phoenix, Ariz.; his parents, Mr. and Mrs. R. H. Cobb, Pickton, Texas; two brothers and a sister, Verne Cobb, Wiley Cobb and Anna Mae McEay, all of Pickton.

AAA Conference
Tim Moore of College Station, Iowa, adjutant for the Federal Crop Insurance Corporation, arrived here this morning for a conference with M. Weaver, local AAA supervisor.

UNDER TREATMENT
Mary Watson Jones, head of the home making department at the Howard County Junior college, is in Lubbock under treatment. She became ill on Monday and was removed to a hospital on Tuesday.

Weather Forecast
Dept. of Commerce Weather Bureau
BIG SPRING AND VICINITY: Partly cloudy and continued warm today, tonight and Thursday.

HIGH today 86, low tonight 50, high tomorrow 80.

ACTIVITIES PLANNED

Collings Named 'Y' President

Cecil C. Collings was elected president of the YMCA at the Tuesday evening board meeting to succeed Dr. R. B. G. Cowper, second president of the organization.

He will be installed, together with Walter Reed, vice-president, Helen Duley, secretary, R. T. Piner, treasurer, at the annual meeting, probably in March.

At the same time, the board approved nominations for places on the directorate, both for regular term and to fill vacancies. Eleven names were submitted, but there will be at least two more vacancies to be filled.

Dr. Cowper urged all persons who are interested in the YMCA program, either through contributions to the Community Chest or due to the objectives and program of the organization, to submit additional nominations by calling or writing the YMCA.

Such nominations and any from the floor will be included with those returned by the nominating committee and voted upon at the annual meeting. Those nominated include Agnes Currie, Cecil Collings, R. T. Piner, Joe Pickle, Mrs. J. Y. Robb, K. H. McGibbon, Arath Phillips, Joe Blum, A. J. Haynes, Mrs. Bernard Lamun, Otis Graf.

The policy recommended by the boys and girls committee was approved by the board in giving organized group activity priority on use of YMCA facilities. Already progress is being made in that direction, said Lee Milling, executive secretary. The Hi-Y unit is being reactivated; the Folk Dance group has organized; Miss Edna McGregor is supervising a Hostess club.

Milling announced that his student group was planning a membership party for Saturday evening, and that only every other Saturday evening will be an open affair for high school boys and girls. Meantime, the Gra-Y units from the sixth grades of College

Library Group Plans Forum

Friends of the Howard County Free Library will undertake the lead in organizing a consolidated forum program.

This was indicated Tuesday afternoon at the regular monthly meeting of the executive board when Mrs. T. C. Thomas, president, also told of plans for a membership of 1,000 friends.

Under the direction of Lee Milling, discussion chairman, and Miss Matilda Maier, contacts will be made with other groups having forum activities. Library friends felt that a consolidated forum might result in one strong activity of the sort.

Hand Of Stalin Is Seen In Accusations

MOSCOW, Feb. 18 (AP)—Experienced observers of the Moscow scene professed today their belief that the hand of Prime Minister Stalin definitely can be detected in authorship of recent Soviet accusations against the western powers.

They said the tone particularly of the fourth and last section of the Soviet information bureau's statement entitled "falsifiers of history" was highly authoritative. This section, they added, seemed to show decided traces of the phraseology usually associated with Stalin.

Undoubtedly, the Soviet government considered the statement, which accused the western powers, among other things, of encouraging Hitler to war on Russia and of trying to make a separate peace with him later, to be of great importance. It would, therefore, hardly be surprising if Stalin himself did write a large part of it.

The statement, issued in four parts over a period of a week—the last one on Monday, constituted the Russian answer to U. S. State department publication of secret Ger-

Water Storage Need Is Seen

ABILENE, Feb. 18 (AP)—West Central Texas has been advised to double or treble its surface water storage capacity in order to safeguard the future growth of its population.

Marvin Nichols, Fort Worth engineer, told a meeting of city engineers here last night that the 39-county West Central Texas area should increase the surface water storage capacity to catch flood waters.

Nichols said the area has at present about 2,500,000 acre feet storage capacity. He said it should have 5,000,000 to 7,500,000 acre feet storage capacity.

Extensive agriculture in the ground water section of West Texas (west of Howard county and north to Oklahoma) is creating a problem of water rights, he said. He said the area must eventually adopt regulations for water use.

Air Route Set To Santa Fe

Big Spring soon will have its first direct airline service to Santa Fe, Roswell, Albuquerque and other cities of New Mexico when Pioneer Air Lines inaugurates new routes, D. R. Lusk, Pioneer local traffic manager announced today.

Lusk's statement followed an announcement by the Civil Aeronautics Board that Pioneer had been granted new routes into Albuquerque and El Paso. Pioneer now serves some 18 Texas cities with three round-trip, daily scheduled flights.

"A completely new field of business and vacation areas will be open to Big Spring with the advent of our new routes," Lusk declared. Clovis will be only two hours from Big Spring, Santa Fe only three hours and 45 minutes, Roswell, two hours and 45 minutes, Alamogordo three hours and a half."

Pioneer, which now employs some 400 persons in Texas, started operations in August, 1945. In 1947 the line carried approximately 63,000 passengers.

Airmen Rescued In Alaskan Waters

SAN FRANCISCO, Feb. 18 (AP)—A Coast Guard buoy tender rescued three airmen forced down in an amphibious plane in the narrow Kashebarot passage, 65 miles south of Ketchikan, Alaska, the Coast Guard reported early today.

The ship, the Hemlock, reached the Coast Guard fliers shortly before midnight. The plane also was taken aboard. It was forced down by an oil leak in one of its two engines.

Names of the rescued men were not available here. They were reported uninjured.

Lackland Aircraft Crashes Into Hilltop

SAN ANTONIO, Feb. 18 (AP)—A Lackland Air Force base pilot was killed near here yesterday when his plane crashed into a hilltop, narrowly missing an automobile on U. S. Highway 281.

The base public information office identified the pilot as Pfc. Jerry Lamar Smith, 19, of South Bend, Ind.

BABY WITHOUT A COUNTRY—Neils Francis Reboltz, 16 months old, is held by Dee Rosner of Chicago at LaGuardia Field, New York City, before taking off on a flight to Copenhagen, Denmark. The child is a technical deportee from the U. S. Born in Rome, Italy, of an American father and a Scandinavian mother, he was admitted to the U. S. a year ago under a 60-day visitor's permit. He will return to this country under the immigrant quota. (AP Wirephoto).

AGE-OLD CUSTOM War Booty Rules Cause Controversy

WASHINGTON—The rules on what a victor nation (like us) can take from a conquered nation (like Germany or Hungary) are pretty foggy. But the things we can take legally are called "booty."

We're talking here about things that fall to armies as they advance—not reparations, which are decided by treaty after the war is over.

The arguments over what is "booty" are many and varied. Just recently a Senate committee decided that we can keep 102 Hungarian horses the Army captured in Germany and shipped over here.

The State department had argued they should go back to Hungary, but the Army wanted to keep them. In international rules of war, booty is anything taken on the field of battle that the enemy could use in war—but that we, having taken it, can also use for war.

The Army said they found the horses in Germany after a battle. Obviously horses can be used in war. So the horses appeared to the Senate committee to be booty under the best laws of war. The State Department at first disagreed, but now it has revised its opinion and thinks the Army should keep the horses.

But consider how difficult it is to decide about booty when it comes to such things as a silver banquet service. The 175th regiment (originally a Maryland national guard outfit) came upon some silver that

Cattle Disease Leaders Are Due In Washington

MEXICO CITY, Feb. 18 (AP)—Leaders of a joint U. S.-Mexico group to stamp out the foot and mouth disease in Mexico were due in Washington today to discuss the progress of the campaign.

The party will be headed by Dr. Maurice S. Shaban and Oscar Flores, co-directors of the drive.

Talks are scheduled with Norris E. Dodd, U. S. under secretary of agriculture, and B. T. Simms, director of the animal industry bureau.

Subjects to be discussed include Mexico's choice of quarantine instead of mass slaughter to fight the infection, the use of vaccines, and future financing.

The commission recently reported that quarantine had proved successful along the northern boundary of the disease area and said quarantine lines could be moved in toward Central Mexico another 50 miles.

Baylor Cinches Tie For Title

NEW YORK, Feb. 18 (AP)—Baylor has joined the Oklahoma Aggies and California as the likely winners of three of the country's major collegiate basketball conferences.

Baylor clinched at least a tie for the Southwest conference by nipping Southern Methodist last night, 51-49.

It was the Bears' 10th straight conference win. They now need to win only one of their remaining two league games to replace Texas as champions.

The Oklahoma Aggies, with two straight victories over St. Louis, virtually have regained the Missouri Valley conference crown. California, already conceded the Pacific Coast southern division title, is favored to whip whoever takes the north division laurels in the playoff for conference blue ribbon.

Baylor's win was a first class thriller.

At one time Southern Methodist trailed by 23-7, but staged a sensational rally in the second half. Doak Walker, of football fame, tied the score at 49-49 in the last minute only to see Odell Preston flip in the winning goal for Baylor a few seconds later.

Truck Rodeo Set For Worth

FORT WORTH, Feb. 18 (AP)—The champion truck driver of Texas will be crowned here May 17 at a truck rodeo.

The ceremony will climax a statewide truck safety campaign to begin March 12 at Port Arthur. The campaign will be sponsored by the Texas Motor Transportation association.
