McGrath May TRUMAN PLANS Force Race Issue Climax

WASHINGTON, Feb. 9. (AP)—Democratic Chairman McGrath may carry President Truman's civil rights banner itno the heart of Dixie next month for a showdown with balking southerners.

McGrath has been invited to speak at a Jackson-Jefferson day dinner in Atlanta March 5. If he follows present inclinations, the national chairman will make Mr. Truman's 10-point civil rights program the core of his speech. Before he does, however, McGrath is expected to tell

Ice And Snow Cover Large Parts Of Texas

Large sections of Texas early today were glazed over with ice and snow but prospects were bright for a break in the severe weather that has held much of the state in icy tentacles for a month.

Snow covered a wide belt all the way across the top of the state. It fell during Sunday and froze over in many spots, making highway travel hazardous. A number of highway accidents

were attributed to the ice. Amarillo was the coldest spot this morning with a three above zero reading. Two inches of snow was on the ground, but highways were open and buses were running on schedule.

The early morning temperature at Pampa was nine, and there were three inches of snow on the ground. The Rio Grande Valley, the only spot to escape most of the severe weather, again was the warmest section. Brownsville reported a minimum of 41 this morning. (Yes-

terday's high was 74.) Texarkana, blanketed under two inches of snow, had a low of 24 this morning. Other readings were: Wichita Falls 12, Abilene 19, Austin 24, Dallas 21, El Paso 26, Houston 31, San Antonio 26, Waco 23, Corpus Christi 36, Fort Worth 19, Laredo 38, and Galveston 33.

On the brighter side was the

PARIS, Feb. 9. (AP)- Christian Dior, the designer who introduced the look that last year was called new, has crossed up the fashion world again. He's shortened skirts this year. Not much, just enough to trick the Paris experts who had

quite rankly expected him to lengthen them some more. To be exact, the difference this year mounts to only an inch, or from 13 inches above the ground to 14. Aside from that, which didn't appear too world-shaking to the laymen present. Dior's

three-hour show yesterday presented no startling innovations. Except perhaps one little thing - Spats. They looked somewhat like leather stockings, but actually were gaiters which buttoned up the side.

Otherwise, Dior kept the silhouette which was so successful last year. He used waist-restricting corselets, a little hip padding, and very full skirts. Some of them had full-length buckram (it said on the program) petticoats which made the skirts full enough to cover a whole davenport when a lady sits down,

There were bustles on some of the numbers, others were on the hobble variety. He had those last year. The crowd applauded one little number, a pink afternoon dress with a bare back, and it also liked a blue woolen thing with a pocket all across the front like a kangaroo's pouch. There was an-

other one which got applause. It was called "Storm" and was made of steel blue satin that looked just like a threatening cloud. Scout Ranch Drive Underway Shop Feared

And Held At Colorado City Men Escaped From Prison

Two Captured

Farm Saturday

AILENE, Feb. 9. (AP)-Search was widening today for Harvey Lee Glass, 24, escaped convict, who is believed to be traveling in the fifth automobile taken since he and two other convicts escaped from Darrington prison farm early Saturday.

Two of the men were behind bars today after being captured late last night in Colorado City by three West Texans armed with a .22 caliber rifle. A .38 caliber revolver was taken

from one of the men. Held in the Mitchell county fail at Colorado City are John Tom Rawlings, 21, and Cecil Chester

Glass is believed to be in a 1936 model black chevrolet coupe, license No. BL-1877 stolen from Ros-

Recovered today was a new Ford in which Glass escaped while Davis and Rawlings were being captured. Sheriff J. N. Narrell of Colorado City said the trio was believed to have taken cars at Gatesville, Velasco, Snyder and Colorado City and Glass was believed to have stolen the Chevrolet in Roscoe. All three are under 10-year sen-

tences for theft. The trio jumped a guard at the prison farm early Saturday. They took his revolver and left him bound and gagged. Several hours later they stopped a car driven by John Bailey, 22, of Velasco. With Bailey was his 50-year-old mother, Mrs. R. L. Bailey, and a

sister, Lula Frances Bailey, 15. The Bailey family was held captive for more than 12 hours as the convicts circled and doubled back over East Texas roads. They were released near Gatesville, Saturday night when the convicts obtained another car and headed for West Texas.

The Baileys were unharmed. That was the last heard of the convicts until last night in Colorado City, several hundred miles west of Gatesville.

John Z. Kimberlin, 34, and Kemper Kimberlin, 28, Midland brothers had stopped in Colorado City to eat supper with their brother-inlaw, Howe Mayse. During the meal they heard the motor of their cara 1948 model purchased Saturday -start up.

The brothers ran outside just in time to see someone drive off their new car. The three men jumped into Mayse' pickup truck. In the back was a 22 rifle Mayse used for rabbit hunting.

Store Named Dealer For Servi-Cycle

T. B. Atkins announced Saturday that Big Spring Hardware had been named dealer-distributor for the Servi-Cycle, a two-wheeled motor driven cycle suited for farm. personal and commercial second-

ary transportation. The machine can attain a speed of 35 mph, is capable of 100 or more miles per gallon of gasoline, weighs 150 pounds. There is no walting list for the machine may be delivered immediately, said Atkins. Although new to this area, it is by no means an innovation, for it has been in use for 12 years in the New Orleans area where it is manufactured.

Missing Pilot Found

KERMIT, Feb. 9. A. Robert Clyde Parham, 45, was found dead lat Saturday in the wreckage of his small airplane. Parham, manager of the Monahans, Tex., airport, had been missing since he took off from the Hurley, N. M., airport early Thursday night. The wreckage was discovered by an oil crew working in the area, about 15

miles east of here.

slow-moving general tempo.

At first there was a general impression that these unfortunates were political outcasts and social misfits, dregs and undesirables. Much of the American Legion's early opposition was based upon this premise, but the attitude has been reversed and given a humanitarian turn. Fears of glutting a labor market have been dispersed by labor itself.

But the thing which has produced more stimulation for action is a realization that many other countries are out-smarting us on the DPs. Britain has asked for 60,000, plus 20,000 women for domestic service; little Belgium wants 75,000, Australia 12,-000, Canada 25,000, Holland 8,000, Morroco and Tunisia 12,000-and so on. Numbers do not tell the entire story for each of these countries are specifying certain types of laborers - lumbermen, tailors, agricultural workers, miners, and other skilled artisans.

It adds up to this: These countries, in need of some supplemental labor to boost output and recovery, are skimming the cream from the DP crop. We are beginning to awaken for the garment industry in New York has belatedly asked for 10,-000 needle workers. Minnesota and North Dakota have asked for DPs to replace dwindling populations. The need is being accepted, and action from Congress is

Investment In The Country And Boys

Boy Scout week is being used as a springboard for a concerted effort throughout the 15-county Buffalo Trail council to raise sufficient funds for purchase and improvement of a 6,000-acre mountain campsite tract.

The amount sought is \$200,000, which figures down to a modest amount per county but, as usual, a few of the more heavily populated will be expected to bear a good portion of the load.

There are several reasons why the campaign ought to succeed and ought to receive wide support.

In the first place, the program will result in a permanent campsite for the council in the midst of a habitat which will offer a real advantage in scouting. One of the cardinal points of scouting is to stress camping and activity in the great out-of-

Today And Tomorrow—Walter Lippmann

doors, for few lads go wrong out under the stars, and many learn valuable and lasting lessons from nature's handiwork.

Secondly, the tract is picturesque. It combines many of the elements of West Texas flora and fauna; it offers rugged terrain; it has some timber and considerable wild game; it is a spot which is unspoiled by man's encroachment. Such places won't be around for dedication to movemetns such as scouting many more years, hence there is no better time for action than now.

As an investment, pure and simple, the land, together with contemplated improvements, will be sound. Certainly ,it is sound investment in the intangible things. You can give and take it off your tax bill; you can give and know you have perpetuated the good that money

U. S. Neighbors Feel Neglected

There is a widespread feeling among our neighbors in this hemisphere that we have become so interested in European recovery that we have forgotten them. The truth of the matter is that they have not been forgotten; the protection of their vital interests is an integral and a principal part of the Marshall plan.

If they do not realize that, then they have been, though not forgotten, in some measure neglected. The immense significance of the Marhsall plan to the Western Hemisphere could readily have been explained and demonstrated to their representatives here and by other representatives in the capitals of Latin America. If that has not been done it must be due to the fact that Mr. Marshall, Mr. Lovett and Mr. Armour are three men, and not, unfortunately, at least ten men.

The basic figures to the program show that in the first fifteen months 2.6 billion dollars are called for in order to pay for exports to western Europe from Canada and the Latin-American countries. This is a very sizeable part of the whole program, so large a part indeed that Mr. Hoover would like to cut it out. But it is an essential factor in the program. It is essential to the recovery of Europe. It is essential to the recovery of the whole Western Hemisphere.

For Europe must have grain and timber from Canada, grain from Argentina, fats and oils from Brazil, sugar from Cuba, nitrates from Chile. But Europe now lacks the dollars to pay for these commodities. Europe lacks also the manufactured goods which the Latin-American countries need so badly and would like to receive in return for their exports. As things are now Latin America cannot get goods from Europe, and it cannot get dollars from Europe to buy what it needs in the United States.

Therefore, the Western Hemisphere countries urgently need two things: They need dollars for what they can send only to Eu-

and how to find lost articles is

of jamming all the type together

W. G. Vollmer, T&P president,

rope and Europe can obtain only from thém; and they need the revival of the European export industries in order that they may be able to obtain the capital goods they must have if they are to develop and raise their standard of life.

The Marshall plan is designed to do both of these things: To provide them immediately with the most necessary dollars and in the course of the next four years with the means of obtaining capital goods from Europe.

There are Pan-American isolationists both here and in the other American republics who say not forget Europe, and in stead concentrate on financing directly trade and capital investment between the United States and Latin America? The answer to this is that any such policy would destroy the economic independence of Latin America, and inevitably as the consequence much of its political independence.

Texas Today—

Railroad Timetable Is Readable

At last, a railroad timetable laymen can read.

Issued by the Texas and Pacific it eliminates all technical and non-essential data and does away with 90 per cent of those obscure symbols and reference marks that have bogged the brains of travelers for genera-

In the words of Ervin Rehfeldt, chief clerk in the T&P's passenger traffic department, "Here's a timetable that won't scare peo-

Texas beauties decorate the

covers. An industrial map with

pictures shows the route of the How to buy tickets,

The new edition is their inven-"I've been helping to get out boogerbear timetables for 20 years," the pink-faced, 51-yearold Rehfeldt stated, "It was real fun working on this one. Instead

we now have plenty of white what to do with your baggage space that invites reading. We tried to make everything simple -it used to be 'proposed itinerary', now, it's 'your train trip.' "We have taken whistle stops

out of the listings, and done away with those terrible tables for computing rates that no passenger ever read. In other words, all the technical information intended strictly for ticket agents has been left out."

But nothing ever pleases everybody. The T&P has gotten bundles of written applause from passengers. But the letters from ticket agents?-That's right, they are squawking. They liked the old timetable.

In Hollywood—Bob Thomas

New Crooner Getting Film Buildup

HOLLYWOOD, P- You May have thought that the crooner cycle was on the wane, but not so for Gordon McCrea. He is due for a stellar buildup by Warners.

The East Orange, N. J., singer got a movie break in with the "Fighting Terror" in which he doesn't warble a note. He'll play a lead in "Rise Above It," musical version of "Brother Rat" and portray Marilyn Miller's first husband in "Silver Lining" opposite June Haver.

McCrea, who is an expectant father, has started a new air "After nine years of plugging, it's great to have everything coming my way," he said. Joan Bennett, who is working in "Hollow Triumph." expects a fourth child in June. Diana was born of Miss Bennett's first marriage, to John M. Fox, Seattle sportsman. She has two other

daughters.

Barry Fitzgerald's agent denies the Irish star has been set for the Seabiscuit biog, which report came from a Warners source. Get together on your stories, boys...Joan Crawford is tossing a fancy soiree for Noel Coward

this Saturday ... Judy Garland won't be playing Sophie Tucker, as Sophie hoped. The part obviously calls for a bigger (physically) gal... Dick Powell has been mentioned to replace ailing Charles Boyer in Cairo Incident." But Dick thinks he'll turn it down for story rea-

James Stewart will open in "Harvey" in New York March 28, play it for a month and return for "You Gotta Stay Happy" with Joan Fontaine. After that, he'd like to take "Harvey" to London. Incidentally, Jimmy has hired his first press agent. . .

Kay Kyser, who is celebrating the 10th year of his Collgee of Musical Knowledge, still has two films to do at RKO. "But I'd rather deliver a telegram in a good picture than star in a stinker," he says. So he's waiting for the right vehicle. He'd like to emulate Edgar Bergen, who played a straight role in "I Remember Mama."

Bob Hope and Red Skelton can consider themselves warned that Greer Garson is joining their ranks. The actress is eager for a career in comedy.

It's indeed "the new Garson" that one sees at MGM these days. Now making her first comedy, "Julia Misbehaves," she is no longer as aloof as before. She showed me one of those signs for hotel doorknobs.

"I am changing the sign to 'please do disturb.' " she smiled. She was even disappointed to find the "no visitors" sign out during her bubble-bath scene. Greer said she was quite hap-

py to be playing a comedy. "During other pictures, I would come to the studio happy as a lark," she declared. "Then I would be thrown into a scene in

which my husband died or my children were killed." She added that she wasn't the

only one who wanted comedy: "During much of last yearin many ways my 'black year' -I lived at my house at Pebble Beach. I spent most of my evenings at the movies. They are the real down-to-earth movie the-

aters, not the Hollywood kind

with popcorn and previews. I got

to know what kinds of pictures

the people want. "They don't want black tragedy; they like something that entertains them - like 'Perils of Pauline'." (Greer added her support to the rising campaign for an Academy nomination for Betty Hutton's erousing performance.)

Apparently MGM is seeing it her way about comedies. Her next film is slated to be "The Saintly Miss Peters," which is being written by Ken Englund. He's the guy who has penned vehicles for Bob Hope and Danny Kaye, so that gives you the idea. Miss G. realizes that she must forsake academy aspirations if she pursues the comedy field. That's no small sacrifice, since she has been in the award running in all of her Hollywood years except the last two. But then it's better to think more about the public than the academy

"EVERYTHING THE SAME EXCEPT THE CALENDAR, EH?" Broadway-Jack O'Brian

Washington Merry-Go-Round—Drew Pearson

AAF Disregards Order On Gasoline

WASHINGTON. - The Air Forces have carefully posted a notice on the instrument panels of military planes, reminding pilots of the presidents order to conserve gasoline and oil. The President's edict, however, apparently doesn't apply to free flights for certain privileged individuals, such as ex-heavyweight champ Gene Tunney.

An Army C-47, with a threeman crew, recently made a double round trip to New York so that Tunney could deliver a lecture on "sportsmanship" at Bolling field in Washington. In addition to other expenses, the trip cost the taxpayers about 665 gallons of scarce gasoline.

It would have been a simple process for Tunney to have gone to Mitchell field, Long Island, boarded an Army plane for the free ride to Washington, and then return to New York on the same plane after his talk. But the Army doesn't do things sim-

1. Civil injuries 6. Ingredient of

Instead, the C-47 was dispatched all the way from Washington to a small airfield in Westchester county, N. ..Y. where Tunney was picked up and flown to Washington. After regaling the officers and enlisted personnel at Bolling field on the plane returned the former virtues of sportsmanship, the champ to La Guardia Field, N. Y., then deadheaded back to Washington again - thus com-

the sake of exactly 30 minutes of Tunney's talk. The public may be surprised at this, but Bolling field personnel assigned to these V. I. P.'s (very important persons) flights are not surprised at anything any more after the junketing they witnessed during the last

Music With Possibilities NEW YORK-The theme music

played in "The Paradine Case" by Valli, the single-monickered glamor doll brought from Italy by Dave O. Selznick is a sure pop for popularity. 1 can see the same thing happening with it that developed in a Gene Terney film called "Laura."

At the time, the "Laura" piece didn't have lyrics, but the folks who talked about it and wrote letters to Darryl Zanuck sen, the music into the able mitts of Johnny Mercer, who thereupon dashed off the words .. "The Paradine Case" might not be as remantic a title as was "Laura." but who can say?.. Someone managed to get together a respectable song called "Green Dolphin Street" as a musical monument to that picture. So who knows, maybe we'll soon be whistling about the mysterious lady of the Paradine Case Some-how, though, I doubt that anyone could make me sing a lyric with such an unwieldy title. Right now I refuse to try, not even if someone offers me a case of Paradines.

The "Laura" topic reminds me of a matter of private embar-rassment which I hereby drag right out into the open. When that tune had attained a respectable popularity, I was going around undoubtedly boring my iriends with my insistence that here was a ditty to ran't with 'Body and Soul," "You Go To My Head" and "The Man I Love. At about the same time, Mike Toda, the sometime Broadway producer, then not quite so publicly entangled in fiscal affairs, was hunting a song writer for a

I had the temerity to suggest David Raksin, the fellow who wrote "Laura." Here, I said, was a talent which should be given a more resplendent showcase than a mere movie. Broadway, I inaisted was the background the Raksin ditties needed It would only take a show or two to shunt him into the same conversations w.th Rodgers and Hart, Gershwin, Cole Porter, Schwartz and Dietz, Vincent Youmans, I really went to town on Dave, a gent 1'd naver met.

The gentleness of the situation is one that could best be Association of America, was ac- compared to the calm before the storm. At any rate, the cepted as the U. S. entry by the customers will have a chance to get acquainted with their Swiss Olympic committee. The A. neighbors and their surroundings before the two one-man-

With TOMMY HART

Gene Martin, the Sweetwater scribe, notates recently that hopes for a new baseball plant there have gone out the window, which means ration, of which the A. H. A. is a that the Sport crackerbox - built originally for a soft ball area will have to do for at least another year.

Big Spring hurlers used to dread the thought of having to labor against Sweetwater in the Sports park. They could pitch respectable ball for seven innings or so and then Bob Cowsar, Joe Dotlich or another of the boys could cow-tail a high, hard one, ride it out of the park and thereby unseat their equilibrium,

Cowsar almost won the league batting championship last year by playing half his games in the Sweetwater stadium. He did coast into the slugging title without half trying, pacing the circuit hitters in home runs, total bases and runs batted in with yards to spare.

INFIELD SHOULD BE BROUEHT UP TO PAR

If the old plant has to suffice for another season, the least the Sweetwater management can do is improve the playing field proper. Infielders of every team in the league loathed the thought of trying to outguess a bounding ball hit in the park. The pellet had a teasing way of bouncing at the wrong time.

VERNON, RIVERSIDE ADDED TO PONY SCHEDULE

Vernon and Riverside of Fort Worth will replace Wichita Falls and 47. Pampa on the Sweetwater high school football schedule next fall. The Mustangs will play non-conference games with Brownwood and Plain-

view, in addition, along with their six 3AA contests. Big Spring invades the Sweetwater bowl this fall on Thanksgiving extremely rough hurdles ahead. Day, respecting an old committment.

ALL OFFENSE, NO DEFENSE IN EASTERN GAME

Rhode Island State scored 85 points in a basketball game with only one road game out of its re-Villanova last week and still took a trimming. The Wildcats banked 98 maining four. That is its second points - lifting the game's aggregate to an astonishing 183 points.

Radio Station WBAP, Fort Worth, will air the state Golden Gloves boxing tournament, which starts Wednesday night and continues through the following Monday.

Blow by blow descriptions of the action will be handled by Bob Holloran while Larry DuPont will take care of the color.

HCJC Basketball Coach Harold Davis didn't know what to think when a Cisco man approached him following the Jayhawk-Cisco JC game in Cisco Saturday night and said:

"I'll admit the officiating here tonight wasn't good but we didn't get a break when we came to Big Spring so I guess we're

OAKLAND REMAINS ONE OF BEST FIGHT TOWNS

Oakland, Calif., remains one of the best fight towns in the

Even ordinary scraps have always drawn better there than head-line fights have in its sister city, San Francisco.

Recently, an Oakland indoor collision between Jesse Flores and Larry Cisneros, two ordinary fisticuffers, drew 6,500 paid admissions. A bout of equal lusture would not do as well in New York, so-called capital of the fight industry.

Dyer Heads Staff

HOUSTON, Feb. 9. 49- Eddie Dyer, manager of the St. Louis Cardinals of the National baseball league, will head a list of baseball experts to instruct at the second annual Junior Chamber of Commerce-City Recreation department baseball school here Feb. 22-23.

named vice-president of the new cal resident, Bertelli is a member setup and has set about to study of the Chicago Rockets of the Allthe feasibility of fielding a team. If the two communities organize, all games will probably be played at Forsan since that South Howard county town boasts the more modern softball field.

Ten teams, including Forsan-Big Spring, made a definite bid for league entry Sunday and at least two more cities have indicated interest in the circuit. Two teams each from Lubbock and San Angelo and one each from Big Spring-Forsan, Odessa, Abilene, Stamford, Monahans and Crane were committed to the organization. Brownwood and Midland may field teams.

Plans were made Sunday for the league to play through a schedule of 18 weeks plus a post-season playoff for the league title. All league games will be on weekends, probably Saturday nights.

Representatives also adopted a constitution and by-laws. The former will permit sponsors and managess to obtain ball players without reservation until the last month of the season. Only player stipulation will be that after a player has competed with one team for as many as four games, he cannot take part in a game with another
