View of the Amphitheatre at City Park Where the Sunrise Easter Program Will Be Held.

## Sunrise Easter Service Sunday

For centuries melody has been associated with the observance of Easter, and the resurrection of the Christ has been used as a theme for deathless music by some of the world's greatest composers. Among modern compositions on the Easter theme, the cantata, "The Resurrection Morn," holds high rank.

This cantata, music for which is by Lawrence Keating, well known American composer, and with words written and selected by Elsie Duncan Hale, will be presented next Sunday morn-

At 6:15 o'clock Sunday morning, for the benefit of sound sleepers and those who forget to set their alarm clocks, three long blasts will be sounded by the fire department siren and the bell of the First Christian Church will be rung. As the sunrise Easter cantata is scheduled to begin at 7 o'clock, you will have 45 minutes in which to get ready and get to the city park after the siren and bell wake you up.

ing as a sunrise Easter service by soloists and a chorus of more than 75 voices of Memphis and neighboring communities.

Scene of the service will be the spacious amphitheatre in beautiful City Park, one-half mile south of town. The amphitheatre will comfortably seat 2,000 and accommodations for additional hundreds will be provided in parking space at the top of the tiers of seats. Attendance, swelled by visitors from surrounding communities, is expected to tax the capacity of the park.

Sponsored by the Memphis Rotary Club, this unique service will be under the direction of Miss Mary Foreman, county music supervisor. Soloists are Mrs. Robert Sexauer, soprano; and

### School and City Elections to Be April 4 and 7

No Candidates for Trustee; Four City Councilmen Will Be Named Next Tuesday

No names have been filed so far as candidates for school trustee in the election to be held Saturday, H. D. Delaney, secretary-treasurer of the board of education, stated today. Two trustees are to be elected.

The school election will be held in the city hall, with H. D. McCann as presiding judge.

Four councilmen are to be voted upon in the city election, which will be held on Tuesday, April 7, according to D. L. C. Kinard, city secretary. Candidates for these places are as follows:

Ward No. 1, M. J. Draper; Ward No. 2, H. B. Estes; Ward No. 3, Morgan Baker; Ward No. 4, J. W. Johnson.

Polling places for all four wards will be in the city hall.

SINGER—Sally Maxwell, 10-year-old mascot of the Campus Serenaders, Texas State College for Women dance band, is a daughter of Major and Mrs. F. W. Maxwell of Denton and San Antonio, who lived in Memphis about three years ago when her father, then Capt. Maxwell, was in command at the CCC camp. Petite Sally may be small enough to fit into the curves of the bass fiddle, but she's a big attraction when she travels with the band as a featured singer. Sally loves music of any kind, has been singing since she was 2, plays the violin and piano.

### Pioneer Retired Lakeview Farmer Called by Death

Funeral Services for T. W. loor Are Held March 30 at Lakeview Methodist Church

Scores of people of Lakeview and vicinity gathered Monday afternoon at 3 o'clock to pay their respects to the memory of Thomas Werring loor, retired farmer and pioneer Hall County resident. Funeral rites were conducted from the Lakeview Methodist Church by Rev. Frank Story, pastor, assisted by Rev. J. O. Folkes, Baptist pastor, and Rev. Sid F. Martin of Memphis.

Interment was in the Union Hill Cemetery, with King's Mortuary of Memphis in charge of arrangements.

Flower bearers were H. W. Spear, J. L. Burnett, G. C. Stem, Henry Moore, W. A. Davis, and O. O. Hill. Flower bearers were Mrs. G. C. Stem, Mrs. Henry Moore, Mrs. Ruby Milton, Mrs. Everett Lenter, Miss Oma Lee Davis, and Miss Frances Stanley.

Mr. loor died Saturday at 7:45 a. m. in a hospital in Memphis, having been brought in for treatment the day before. He would have been 82 years old on May 3, of this year.

He was born May 3, 1860, in Miami, Fla., and was married to Miss Cora Thompson December 23, 1880, in Arkansas. He came to Texas in 1893 and to Hall County in 1908, settling where he lived at the time of his death. He united with the Methodist church at an early age.

He is survived by three daugh-

### FUNERAL RITES HELD FOR HAWKINS INFANT

Funeral services for the infant son of Mr. and Mrs. Grady Hawkins of this city were conducted Tuesday afternoon at 2 o'clock from King's Mortuary funeral chapel by Rev. Sid F. Martin, Baptist pastor.

The infant was born Monday night. Burial was in Fairview Cemetery.

### War Catches Clips and Pins

From now on Memphis business men had better keep a small box on their desks to toss paper clips into for re-use. And housewives should be more careful about saving pins of all kinds. Because, effective April 1, the War Production Board ordered sharp curtailment in the use of iron and steel in the manufacture of these items and a variety of other office supplies.

Something else to remember is to save the extra spool when you put on a new typewriter ribbon. In the future ribbons may be wound on plastic spools and will have to be rewound on the steel spools already on the machines.

### TRACTOR TIRES IMMEDIATE NEED

Changes in AAA Plan for 1943 Are Recommended by Hall County Committee

Recommendations for changes in the AAA Farm Program for 1943, the tire rationing situation as related to farm tractors, the Food for Victory program and the impending shortage of agricultural labor were discussed Saturday afternoon in a meeting in Mem- phis of the Hall County Land Use Planning Committee. Arthur Gid- den, chairman, presided over the session, which was held in the AAA office in the basement of the court house.

The committee re-elected Mr. Gidden to serve as chairman and named Paul Montgomery vice chairman. J. B. Smith of Lesley served as vice chairman last year.

### Funeral Monday For J. T. Evans

Funeral services for John Thomas Evans, 41 years of age, were conducted Monday after- noon at 5 o'clock from the First Baptist Church by Rev. Sid F. Martin, pastor. Burial in Fair- view Cemetery was in charge of the Womack Funeral Home.

Mr. Evans, who had been a resi- dent of Memphis for the past three years, passed away Thursday, March 26.

Surviving relatives include his mother, Mrs. Amanda Evans of Lockhart; one daughter, Mrs. Cloma Lee Jackson of Fort Worth; two brothers, George D. Evans of Memphis and Sam N. Evans of Orange; two sisters, Mrs. Ollie Wilson of Corona, N. M., and Mrs. Lucille B. Rodgers of Memphis.

### Driver Injured as Truck Overturns

A. L. Barnes of Shreveport was brought to a hospital in Memphis Saturday after sustaining critical injuries when a trailer truck he was driving overturned on High- way 5 near Hedley. He was reported to be suffering from crushed ribs and possible internal in- juries.

It was said at the hospital today Barnes' condition is improving and he will be taken home as soon as he can be moved. The truck he was driving, a large trailer ma- chine, was loaded with potatoes.

### FARMERS HAVE DOUBLE OBLIGATION OF PRODUCTION AND CONSERVATION

Production of food and feed and conservation of metals, rubber and other materials needed for guns, tanks, ships and planes is the double war responsibility all County farmers have this year, W. B. Hooser, vice chairman of the County USDA War Board, said this week.

Materials used in manufacture of new machinery is being directed at Food for Victory goals, he declared. At the same time output of equipment needed in turning out farm products under 1942 goals is being stepped up, equipment for products less essential to the war program is going down.

For example, Hooser explains, quotas of metal and rubber for use in manufacture of dairy machinery and equipment range up to 213 per cent of the materials used for similar purposes in 1940, since a large increase is being called for in dairy products.

In contrast, materials necessary for making one-horse, single-row corn planters are limited to 35 per cent of the 1940 level. For combination corn and cotton planters of the same type, which can be used in two crops instead of one, the quota is 66 per cent of the 1940 level.

Farmers need not secure priorities on most types of equipment but may purchase up to availability of dealer supplies. Priorities must be established in securing equipment such as crawler-type tractors, large electric motors, bulldozers and drag lines.

Hooser pointed out that in all groups of equipment, attachments and parts, expressed in total weight of all metals and rubber, are considerably above the 1940 level.

Authorities insist: CHANGE OIL FOR SPRING. And you can insist on this oil that outlasted five other big quality brands by far. Not one came nearer than 58% of its mileage!

own where the desert slew gold-hunters—down where 100° heat is "cool"—own in Death Valley six cars streaked. were alike... all ran till wrecked. All started with 5-quart fills of oil—locked in. conditions were alike—certified. Five—five boasted brands of oil—went as and as the cattle skulls in the sands, while the other oil still had quarts to go!

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco N<sup>th</sup> oil—at a popular price—comes to you with Thiadkene inhibitor... the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

That was Conoco N<sup>th</sup> motor oil, which refill your crankcase today with the degree of mileage and engine endurance. Changing from weakened winter covers to Conoco N<sup>th</sup> gives your engine OIL-PLATING for Spring. And OIL-PLATING closely fastened all over inner engine parts as if "magnetized" against all drains back down to the crankcase. Bonded place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

Second Class in Red Cross First Aid Is Proposed

Interested Persons Asked To Enroll With Jack Boone; Instructor Is Available

If a sufficient number of Memphis men and women are interested, it is proposed to form a second class for the standard Red Cross first aid course, according to Jack Boone, who said the services of a competent instructor are available.

The class, if formed, will be limited to 30 persons, as a larger group makes it difficult for the instructor to give the necessary attention to the individual student.

The standard first aid course consists of 20 hours of instruction in 10 two-hour sessions. These are held twice weekly for five weeks. Recently a class of 49 Memphis people completed this instruction.

In order of their importance the range building practices most needed in the county were listed: Building dams, deferred grazing, and contour listing.

The seventh district is comprised of 46 counties in Northwest Texas, and covers all the Panhandle as far southeast as Vernon and south to Brownfield and Tahoka. Judge Bell has practiced law throughout the district for many years, and thus has made a wide acquaintance. He solicits the support of the voters in this area.

While in Memphis Wednesday, Judge Bell said he would later make a more detailed statement of his candidacy.

Aspirants for 1942 Cyclone Squad Show Plenty of Zip In Training, Says Coach

With 42 eager youngsters reporting, the Memphis High School Cyclones started spring football training Monday morning under the watchful eye of Coach C. E. Headstream. Practice sessions are being held each school day from 10 a. m. until noon, and will continue through 30 calendar days.

Of the large group aspiring to positions on the 1942 squad, only seven are letter men, and of these only four were regular performers on last season's eleven. The lettermen are Aldon Huggins, W. H. Butler, Douglas Lawrence and B. F. Jackson, backfield; Ray Bruce, Ed Evans and Perry Stevens, linemen.

In commenting on the prospects for the Cyclone team next season, Coach Headstream said that what the boys lack in experience, they make up for in enthusiasm. They are going through their drills with plenty of ginger and some of them appear to have the makings of grid stars.

Child Welfare To Be Theme of Legion Meeting

Public Is Invited to Hear Lou Roberts of Amarillo Thursday Night, April 9

Child Welfare will be the theme of an open meeting of the Chas. E. Simmons Post, American Legion and Auxiliary, announced for Thursday night, April 9, at 8:30 o'clock, at the Legion Hall on South 6th street.

Lou Roberts of Amarillo will be the principal speaker for this occasion. Roberts has been active for years in Legion work in this district and over the state. He is thoroughly conversant with all phases of the organization's work and is besides an interesting speaker, it was reported.

Legion and auxiliary leaders emphasize that this meeting is open to the public and everyone is not only invited but urged to attend. Welfare of the nation's children is a topic of vital importance to all, and every man and woman who can do so should hear what Mr. Roberts has to say.

There is plenty of yarn available at the Red Cross sewing room for those wishing to knit for the Red Cross.

### War Effort— IN DAIRY PRODUCTS ESSENTIAL

Note: This is the series of articles dealing with the Food-for-Victory prepared from material prepared by County Agent W. This article explains why dairy products are so important in national defense.

Dairy products have been asked for by the War Relocation Authority and the War Relocation Authority. The total 1942 milk production is expected to be 10 per cent over the 1941 figures. Figures available indicate that last year's production of milk was 10 per cent greater than that of 1940.

Present prices of milk and other dairy products are being kept in line with the cost of production. It is estimated that some cows which were culled out of the herd last year will be producing again this year. However, the cost of feed for the production of milk is expected to be higher than last year's.

At the present prices of feed, it is possible for the farmer to produce more milk than he can sell. This is a situation which should be avoided. The farmer should be encouraged to produce more milk than he can sell. This is a situation which should be avoided. The farmer should be encouraged to produce more milk than he can sell.

properly the ration for dairy cows is expensive, since it wastes feed as well as milk capacity of cows. A balanced ration fed according to production is the most economical method of producing milk. On good green pasture, feed three pounds of grain per gallon of milk. With hay and silage as the available roughages, feed up to four pounds of grain per gallon of milk. Although protein supplements have advanced in price, it will still pay to include the proper amount of protein, as it is the part of the feed which stimulates milk production.

Mix grain mixtures thoroughly. This is necessary so that all feeds used will be distributed evenly. Partial mixing of feeds results in a variety of rations being fed from the same grain bin. Supply minerals needed by dairy cattle. Calcium and phosphorus are the two most important minerals needed by dairy cows. Sources of calcium are ground limestone, oyster shell flour, and legume roughages grown on soil rich in calcium. Bone meal contains both calcium and phosphorus. Wheat bran and cottonseed meal are rich in phosphorus.

Calcium and phosphorus must be kept in balance when supplied in the ration. Where the grain mixture contains fair quantities of cottonseed meal and wheat meal, it is not advisable to feed bone meal. Instead, calcium is the element that is needed, at the rate of two pounds of a calcium supplement per 100 pounds of mixture. For dry cows and growing heifers, supply a mixture of three parts of bone meal to one part of salt.

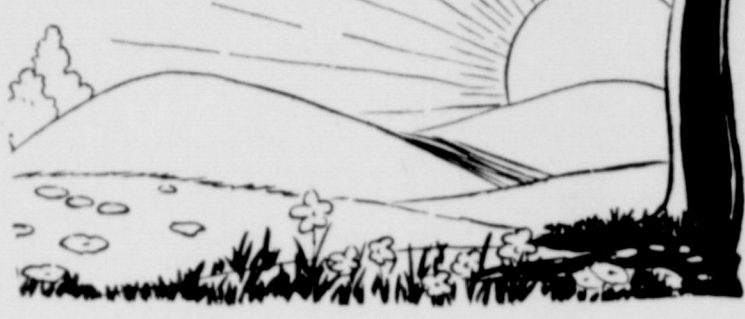

See that dairy cows have plenty of fresh clean water at all times. During cold weather, warm water should be provided, and during the hot summer weather cool water should be supplied. Protect cows from severe weather. Extreme heat or extreme cold will result in decreased milk production. That means protection from cold rains and winds in winter and shade in summer will pay. Milk at regular hours for best production. After milking is started it should be completed without interruption and as rapidly as possible. Give each cow a six week's dry period. Feed grain during this period so that cows will be in shape to give maximum production after freshening. Use a dairy bull that is backed by high producing ancestry. Continuous improvement of Texas dairy cattle must come through improving the milking qualities through breeding.

## EASTER

NEVER see white candles That march in proud parade On altars Easter morning. Or lilies, slim and staid, But I remember Mary Who saw a tall lad die Upon an Eastern hillside One day as Spring came by.

THE high road to Golgotha Held half the crowded town; Long, long before the twilight Strange darkness settled down. Did Mary leave recalling How He who hung so high Once asked for love and stories As April dusk swept by?

NEVER hear glad anthems That tell how He arose, How angels moved the great stones, And loosed the binding clothes, But that I know a gladness Because each grief and loss Must find a gracious fitting, Some Spring will hide the cross!

### ALL CANDIDATES REQUIRED TO FILE AFFIDAVIT WITH STATE SECRETARY

For the first time, all candidates for public office in Texas this year, including those running for precinct, county, and district places, must file an affidavit, pledging loyalty to the government, in the office of the Secretary of State, according to information received by County Clerk Murray Dial.

Form of the affidavit, provided for under the terms of House Bill No. 222 of the 47th Legislature, was prepared by the Attorney General of Texas. A copy is on file in the county clerk's office, from which each candidate must prepare his or her own statement for filing, as blank forms will not be provided for the purpose.

Heretofore, candidates for precinct, county, and district offices have been required to file only with county Democratic executive committees.

The form of the new affidavit follows: "I, (name), of the County of (name of county), State of Texas, being a candidate for the office of (name of office), do solemnly swear that I believe in and approve of our present representative form of government, and if elected, I will support and defend our present representative form of government and will resist any effort or movement from any source which seeks to subvert or destroy the same or any part thereof, and I will support and defend the Constitution and Laws of the United States and of the State of Texas."

Candidates for precinct and county offices are required to make application to the county chairman not later than June 13 for their names to be placed on the ticket. State and district candidates must file not later than June 1.

### Over 50 Studying Office Practice

With more than 50 enrolled in the refresher course in office practice, which was organized last Friday afternoon, it was found necessary at the second session to divide the enrollees into two groups, one for advanced and one for elementary students, according to R. F. Devin, diversified occupations teacher.

Classes are held in the commercial room at the high school, with Miss Audrey Boggs, head of the commercial department, as instructor. The advanced class, composed of persons already grounded in office work, meets from 5 until 7 p. m. on Mondays, Wednesdays, and Fridays. The elementary group meets at the same hours on Tuesday and Thursdays and the remaining two hours will be put in on Saturday, with the time yet to be designated.

### PCA Employees at Paducah Meeting

Officers, directors, and employees of the Memphis Production Credit Association met Friday at Paducah for a training course for employees in the handling of credit operations. Principal speaker for the occasion was Townsend Douglas of Houston, representative of the Production Credit Corporation. Attending from the local PCA office were R. B. McMurry, president; Ralph Howe, secretary; Claude Moore and J. M. Dickson, assistant secretaries; Mrs. Willie Isham, bookkeeper; Miss Mary Helen Lindsey, stenographer; Miss Athalee Hutcherson, clerk.

### Nation Salutes Million and Half 4-H Club Members

Week of April 5-11 Honors Farm Youth Who Are Doing Part in U. S. War Effort

Next week the nation will salute its million and a half 4-H Club members who are doing war service on the rural front. About 75,000 of these boys and girls are Texans, according to figures from the state 4-H headquarters.

National 4-H Club Week, April 5-11, is also a good time to give recognition to the thousands of other people who are contributing to the success of the 4-H movement, in the opinion of H. H. Williamson, director of the Texas A. and M. College Extension Service. He explains that there are 2,386 men who are giving their services as adult leaders for the 1,971 boys' 4-H Clubs in the state plus 2,223 women who are serving as sponsors for the 2,010 girls' clubs. "It's all volunteer work. These local leaders get no financial compensation but the satisfaction of helping build future leaders," Director Williamson explains.

4-H work in Texas is directed by the Texas A. and M. College Extension Service. Working with farm youth is one of the major jobs of the state's 285 county agricultural and assistant agents and 217 county home demonstration and assistant agents. Assisting 4-H Club members and helping county extension agents in their club activities are jobs of Onah Jacks, state girls' club agent; L. L. Johnson, state boys' club agent; and J. W. Potts, assistant state boys' club agent, and of other members of the extension headquarters staff.

M. L. Wilson is director of Extension Work on a national level, and C. E. Potter, R. A. Turner, Gertrude L. Warren, Madge J. Reese, and W. G. Lehman are extension field agents assigned to 4-H Club work.

The road was built about two years ago by the state, but has been maintained by the counties since. In designating it as a state unit, the commission declared the intention of improving it further as soon as possible, but not likely until after the war.

### Advance Men for Dallas Tour Coming

Arrangements for the "Victory Special" to visit Memphis on April 23, were made Wednesday when Bob Bourdene, representing the Dallas Chamber of Commerce and Manufacturers and Wholesalers Association and Paul Jones, publicist for the State Fair of Texas conferred with city and chamber of commerce officials.

The "Victory Special" will be just what the name implies. Plans are being made for the colorful private train to leave Dallas on April 19 and visit 27 Texas towns and two in Oklahoma before its return to Dallas on April 24th. Personnel for the trip will be made up of Dallas business executives who, as a body, will congratulate Memphis on the job it is doing in the war effort.

Towns to be visited on the tour are: Brady, Brownwood, Coleman, Ballinger, San Angelo, Odessa, Midland, Big Spring, Colorado City, Sweetwater, Abilene, Lamesa, O'Donnell, Tahoka, Slaton, Lubbock, Plainview, Memphis, Childress, Quanah, Vernon, Electra, Wichita Falls, Gainesville, Whitesboro, Denison, Durant, Okla., Hugo, Okla., Paris.

## "HE IS NOT HERE: HE IS RISEN"

NEXT SUNDAY Christians throughout the world will celebrate Easter, which is to them the most important date in history. At the birth of Jesus only the three wise men and a handful of shepherds hailed Him; throughout His ministry powerful groups sought to discredit His claims and undermine His mission, and finally brought Him to the Cross; His death plunged His pitifully small following into depths of gloom and sowed doubt among them. It was His glorious resurrection, foretold by Himself, that provided the incontrovertible proof that He was indeed the very Son of God.

This Easter will not be a happy one for Christians anywhere. Their way of living is under assault and their very lives threatened by the most vicious combination of Pagan savagery since mighty Rome sought to stamp out their growing numbers. On many battlefronts, from the sunny South Pacific to the melting snows of Russia, the voice of the risen Savior will be submerged in the thunder of guns, the rumble of tanks and the roar of airplanes, but that voice will be heard nevertheless. Because, if there be little cause for rejoicing on Easter Sunday, there yet remain the Christian's faith and hope.

For if the angels sang at the birth of the Messiah: "on earth peace, good will toward men," Jesus also said: "I bring not peace, but a sword." Christian peoples have taken up that sword to defend their lives and their homes, with faith that in the end, with the help of God they will triumph over the hordes of atheistic Germans and pagan Nipponese.

Easter finds the peoples of many lands—France, Belgium, Holland, Luxemburg, Greece, Norway, Denmark, Yugoslavia—under the grinding heel of the conqueror. It finds Russians and Germans locked in a death struggle so stupendous as to almost defy belief. It finds embattled Americans, British, Australians fighting for their very lives.

But free Christian peoples are armed with more than weapons. They have faith that they will win, as Christ won over death. The enslaved Christian peoples are fortified with the hope their countries again will rise, even as Christ rose from the tomb.

In hoc signo vinces!

## BACK TO CHURCH AND GOD

WE AMERICANS take a great deal of pride in referring to ourselves as a Christian Nation, but it is a moot question whether we actually deserve the name. To be sure, we profess to be followers of the meek and lowly Jesus, to believe in his teachings; we belong to churches and get around to attending occasionally, and open our purses for support of the church, according to our means and degree of generosity. But most of us are open to the charge that our allegiance to the Christ is little more than lip service.

Now comes the opportunity for Memphis people of all creeds and degrees to prove their loyalty to Christ and His church. A movement was launched last Sunday afternoon by laymen of five churches to persuade people to "go back to the Church and God." You will hear a lot about this movement and you should pay heed to what you hear. Because you need the church a great deal more than the church needs you.

The "Back to Church" movement is being sponsored by laymen of the United Churches of Memphis. They are united in the aim to bring more people under the influence of the teachings of the Savior; united in the desire to be of service to their fellow men; united in the will to defend their Christian principles and the right of the individual to worship God according to the dictates of his own conscience. If such a unity doesn't appeal to you, brother, you're a hard case.

Now, it is not argued that the mere act of going to church will make you a Christian. But, like a contagious disease, you'll be a lot more apt to catch Christianity if you are exposed to it.

So, for your own good and for the service you may be able to render others, don't make excuses and don't adopt a cynical attitude when you are invited, as you will be, to join the "Back to Church" movement.

"What shall it profit a man if he gain the whole world and lose his own soul?"

Recently 49 Memphis men and women completed the official Red Cross training course in first aid, which shows a laudable interest on their part and a determination to be prepared in case of wartime emergency. The rush to learn the mechanics of first aid is nationwide. Red Cross headquarters reporting some 40,000 Americans are enrolling daily for instruction. The Red Cross manual of first aid is currently outselling all other books, even the Bible, in this country. Nine million copies have been distributed since the Pearl Harbor debacle, and the books are coming off the presses at the rate of 100,000 a day. This is an indication that the American people are far from "complacent" concerning the war.

ooOoo

One of the changes brought about by the war, while a minor one, will nevertheless affect the pocketbooks of several million Americans. It is the advance to 10 cents in the price of the venerable Saturday Evening Post. For some 85 years that perennial publication has sold on the news stands for a nickel. It is safe to predict that the price advance won't make much difference in circulation. Rabid readers of the magazine won't mind paying a dime and non-readers wouldn't give a plugged penny for it, anyway. You either like the SEP, or you don't.

ooOoo

When you feel inclined to worry about sugar rationing, just remember that our forefathers fought Indians and built a civilization from the wilderness on about one-tenth the sugar the average American consumes today.

ooOoo

With rationing extended to razors and blades, it might not be a bad idea for civilian males to get out the old family album and study up on styles in whiskers.

ooOoo

Which do you think is most worth fighting for, the Bill of Rights or Hitler's "Mein Kampf?"

## VICTORY

Excerpts from the Official OEM Bulletin

"America today is producing weapons of war in large volume," said Donald M. Nelson, chairman of the War Production Board, in his most recent address to the nation. "Recently I spent all one afternoon at the Army proving grounds. There I saw our new tanks and guns tested. I want you to know that I was proud of those weapons. They are making the best in the world and making a lot of them. Since Pearl Harbor, plane production, for example, has gone up more than 50 per cent. But this is no reason for false complacency. We are nowhere near our goals. We need more and more of these weapons, and we need them now. We have got to realize the value of time."

"Here is what time is worth. A machine-gun factory in full swing can equip a whole regiment in a day and a half. Thirty-six hours of work. That's why hours are important. Every minute counts."

\*\*\*-V\*\*\*

WPB has ordered a 25 per cent cut in typewriter production for the big companies in April and May. Later output of machines will be smaller, as guns roll off instead.

\*\*\*-V\*\*\*

Manufacture of household metal furniture has been forbidden after May 31. WPB will take steps to get weapons out of this industry too. Iron and steel to make beds, springs, and mattresses were sharply curtailed.

\*\*\*-V\*\*\*

Automatic phonographs (juke boxes), weighing and amusement machines will stop coming off the production lines May 1 and large quantities of critical metals will thus be released for weapons.

\*\*\*-V\*\*\*

Use of coconut oil, palm kernel oil and several other glycerine producing oils was restricted. The Materials Division announced meanwhile that manufacture of industrial alcohol from grain was moving forward successfully with a large expected saving of sugar-producing molasses.

\*\*\*-V\*\*\*

The War Production Board recently ordered the production of domestic laundry equipment to be discontinued soon. The entire capacity of the industry will be devoted to war production. Domestic laundry equipment includes washing machines and ironers.

\*\*\*-V\*\*\*

Issuance by state or other local governments of metallic license plates except to new licensees and for small "date tabs" to be attached to plates already in existence has been banned by WPB.

\*\*\*-V\*\*\*

Pushing the spring offensive against waste of automobile antifreeze. Price Administrator Henderson has asked filling station attendants to impress on motorists the necessity for draining and saving the contents of their radiators for use next winter.

\*\*\*-V\*\*\*

Some retailers of men's and boys' clothing have asked the War Production Board if the prohibition against trouser cuffs applies to stocks on hand prior to the effective date of the order, March 30, but sold after the order is in effect. The answer is yes, except for a small percentage of trousers that come from the factory finished with cuffs. Even then the cuffs must be removed if alterations in length of trousers are required.

\*\*\*-V\*\*\*

The WPB textile branch has asked shoe manufacturers not to include the heavy brogue type shoe using double soles in their lines now being brought out for late summer and early fall selling.

## Gardens and Home Canning Stressed

For the second year, United Gas corporation has enlisted its full strength in a campaign to promote gardening and canning, according to R. W. Lindsey, district manager. "People are talking everywhere about Victory Gardens. Our country looks to the increased planting of community gardens this year to help solve the wartime food problem."

"Wise families are planning to can all possible fresh vegetables and fruits and other foods for greater security this winter and to help our country in its drive to conserve tin, a vital war material."

The average family, it was said, uses 450 quarts of canned fruits and vegetables a year, according to the United States Department of Agriculture. In wartime, this supply will have to come to a large extent from home gardens and canning, it was said.

"Home canning is another way in which our service can help in the overall war effort. Wherever heat is used in the home our services will be on hand ready to serve."

## NEWLIN

By MRS. FRED HEMPHILL

### Religious Activity

No preaching services were held in Newlin Sunday, it being the fifth Sunday of the month. Rev. J. P. Cole, Methodist pastor, held services in Hulver and Rev. Scott Crawford, Baptist pastor, and family, attended an ordination service at Shamrock Baptist Church, whose pastor is Rev. L. J. Crawford, former pastor here. A large crowd of visitors were present there for the service which included lunch at the church. Mr. and Mrs. John Rowell and son John Alec attended the service from here.

### Weather: Cold and Hot

In spite of the fact that the calendar says "spring is here," the wintry winds continue to blow and bring ice each morning, then the day warms up and the afternoons are like summer. Fruit trees are in full bloom, and vegetation is beginning to show signs of spring. The first rain of the year fell here last Wednesday morning, when about an inch of moisture fell. Would-be gardeners are preparing every available vacant lot and suitable space for defense gardens and the extra hours made possible by the new war time enables school students and townfolk to spend a few hours each day in the yards and gardens.

### Scholastics Increased Here

With a few days remaining for the census enumerator to enroll scholastics, the roll has been increased here with 127 scholastics, which is 8 to 10 over last year's roll. Mrs. Mack Jones, enumerator, states that a number of new families in the district are responsible for the increased roll.

### Two Residences to be Moved

Two more houses are being moved from Newlin this week. The two-room residence in the north part of town built and owned by Mrs. C. L. Johnson and later sold to W. W. Mayo was sold to M. C. Martin and is being torn down and moved to his farm in the Salisbury community. The W. W. Mayo residence, a five-room dwelling formerly owned by W. B. Ballard was sold last week to Mrs. Chas. Kinslow of Memphis and is to be moved to her farm two miles north of town immediately.

### Measles Strike Again

Whether or not you can have measles twice is being discussed pro and con in this vicinity but in the meantime a number of children are having the disease the second time and each time the disease is very decidedly measles, but just which kind is which, has not been decided. A considerable number of children have been ill of some kind of measles in the past few weeks.

# Avoid Replanting! TREAT COTTONSEED WITH CERESAN

Progressive planters of Texas, Oklahoma and every other cotton state have proved how successfully CERESAN seed treatment reduces seed rotting and sore-shin, generally improves stands, saves costly replanting and commonly increases yields—often 10 to 25%. Oklahoma A. & M. College reports: "Trusting the seed with Ceresan is in more general use than any other cottonseed treatment... Temple, Texas, reports some tests in which 'germination was doubled.' Give your seed this protection this year! CERESAN costs only a few cents an acre; is easy to use. Get it from your dealer and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

**Visitors**  
Mrs. W. E. Burnett and children from Cotton Center visited friends and relatives here Saturday and Sunday. Miss Billie Jean Burnett remained for a visit with school friends for a day or two.

Mr. and Mrs. Jack Crawford and daughters Beverly Jane and Jackie are visiting her parents, Mr. and Mrs. W. E. Watson.

Wallace McElrath returned home from Dallas where he has been studying in a mechanics school. He finished a six-weeks course of study in four weeks and four days. He will return there to begin work soon.

Mr. and Mrs. J. A. Elliott are visiting in Denton and prospecting for a new home since they have sold their home to Mr. and Mrs. Claude Fowler of Harrell Chapel.

Aunt Jennie Ballard is visiting this week with her son and family, Mr. and Mrs. Benton Ballard, in Tulsa. She accompanied her son Joe Allen on a visit there Sunday.

Mr. and Mrs. Gus Odom and son Morris were called to Rotan last week by the serious illness of his mother. She is some improved at this time.

Mr. and Mrs. Otto Morgan and sons of Wichita Falls visited her brother Hugh Nelson and family last week. Her father G. F. Nelson returned with them after a few months stay there.

Mrs. Felton Harper of Sudan is spending this week with her parents, Mr. and Mrs. W. R. Glover. W. L. Crabtree and Henry Crow are spending this week in Spade attending to business.

Mrs. Hayden Huckaby of Spade

visited her parents, Mr. George Tucker, here last week. Mrs. Lizzie Baird has been to the home of Mr. and Mrs. Wheeler after spending months at the home of Mrs. Sims in Estelline.

Mr. and Mrs. T. K. W. spent Sunday with Mrs. Mary Nelson of Spade granddaughter, Mrs. A. K.

## To Our Customers

## An Announcement of Our New Service Plan

Your Gas Company, like all good Americans, is cooperating fully in our government's effort to conserve automobile tires and tubes. The only way this can be done is to reduce the miles of operation of our automobiles.

In carrying out such a plan, the frequency with which calls for service on the part of our customers are taken care of must be restricted.

A plan has been devised whereby calls for service will, in the future, be accumulated and taken care of on a zone basis in order that the maximum number of service calls may be taken care of with the minimum use of automobile equipment.

This may lead to some delay in taking care of your call for service, but we are certain that you will be patient and will bear with us in our effort to conform to the nation-wide program of conserving rubber in this emergency.

Letters from Boys in the Service

Following is a very interesting letter from Cpl. Wm. J. Roberts, who is stationed on Angel Island, off the coast from San Francisco, to his mother, Mrs. Roy Mayes, of Memphis:

Dear Mother and Folks:

Got directly off the train and onto boat for seven mile ride to this replacement center on Angel Island, H. McDowell. Got new colonel for commanding officer and 75 new officers. We'll be here until a few days after payday, then sail for parts unknown.

We get six-hour passes once a week and the rest of the time we will be studying and training for field work. We'll go into the combat zone a few days after the first (of April), probably the tenth. This camp is impossible to reach by phone, so don't try; and I wouldn't get to see you if you came out, as you probably couldn't find me. I'll keep you advised by letter as to conditions.

The trip was wonderful and we traveled through some of the most beautiful country you ever saw. This small island is also very pretty and very interesting. Ships going every way from Sunday and lots of interesting things happening.

Tomorrow is Sunday and 15 per cent of the 527 get passes from 9 a. m. until 1 p. m., so we're going to go to town and look over what we can. Going to try some real seafood, etc., and take a "sight-seeing" tour of the city. I'll write you all about it after it's over tomorrow.

We have free shows here every night and as we're going in about 25 minutes, I will close. Hope we're here long enough for me to get around and see the highlights of the town. Our 105 nurses have already sailed and have reached one point of destination.

Tell everyone hello. There are several here from home besides myself, A. W. Jones, James Harper, M. E. McNally, Robert Welch, and Robert Gleason. They are all O. K. too.

## Johnson Urges 4-H Boys Live Up to Motto

The following message to Texas 4-H Club boys is from L. L. Johnson, state club agent of the Texas Extension Service and state leader of 4-H Club boys:

"During 4-H Club Week, April 5 to 11, attention is being called to the work you as 4-H Club members are putting forth in our country's cause. Now as never before you should strive to live up to your motto, 'To Make the Best Better.' Your pledge that has to do with the head, hand, heart, and health should have a deeper meaning than ever before.

"On every hand we hear of our soldiers on the far flung front—in Africa, Asia, Europe, Australia, the Philippines, and on the seven seas—many of them former 4-H Club members. Many men have lost their lives. Many more thousands of homes in our country will be sad because of the loss of sons, brothers, or husbands before this world-wide struggle is over. May God in His wisdom give us strength and courage to carry on until victory is ours.

"As 4-H Club members on the home front you should produce more and better crops and livestock in order to do your part to supply ourselves and our allies with the necessities of life. May it be our purpose to make each 4-H Club meeting an inspiring, patriotic event."

### CIVILIAN DEFENSE AUXILIARY NOTES

We wonder if there could not be more co-ordination between the various women's organizations of Hall County in war work. Perhaps it would be a good idea if a representative were appointed from each organization to plan and work directly with the chairman of the C. D. A. The women want to work but are often at a loss to know just what they can do.

that West Texans are air- found in the report from quarters of the Army re- and induction center at that during the month of 240 qualified young men appointed to the Air preparatory to becoming cadets.

The Easter Bunny twitched his sensitive nose and pondered this for a moment. "We-e-e-ell," he finally replied, "I hear he's a vegetarian, and that's something in his favor. But I'm sure he doesn't eat carrots, or at least, not enough of them. Carrots make folks peaceable, like us rabbits, and carrot-eaters never want to harm anyone. You ought to see if you can't get Adolf to eat more carrots."

The women of Brice are doing their part for Red Cross production. Mrs. George Dickson gives gladly of her time and tires to come for material and return the finished garments.

Thursday seems to be the busiest day at the sewing rooms. It must be because on that day Mrs. Ed Lane loads her car with women and brings them in. Last Thursday her group quilted a lovely quilt. At first there was much talking but on the home stretch silence reigned. All were intent on finishing the work, and finished it was when the bell rang.

"Remember Pearl Harbor and Purl Harder," quotes Mrs. B. Webster, chairman of production. So that is the order of the day. Let's get this shipment of yarn out of the way as quickly as possible, there is more coming. There is also much sewing to be done. Give every hour you can to it so that when other demands come to us we can be ready.

Orchids to Mrs. Joe Merrick, who goes on in her quiet way making relief garments. "I have made only 17 and I am ashamed I have not done more," she said. But since that time she has finished several brown woolen dresses, every stitch perfect.

IT'S NO FUN riding behind a car that is laying a smoke screen, enveloping you in clouds of evil-smelling fumes.

And it's no fun for the owner of the car which is doing the smoking. Every mile he drives is wasting his money and shortening the life of his motor. Any mechanic will tell him that he needs new rings or new pistons.

Chances are the trouble started long ago with imperfect motor lubrication. Good oil would definitely have lengthened the life of the motor.

That is more important than ever in these days of completely curtailed auto production. So keep the following facts always in mind, when deciding which oil to use:

If you want our best oil, you don't have to choose blindly from the many lubricants which Phillips makes, because we frankly point out that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, be sure to ask for Phillips 66 Motor Oil.

Miscellaneous Shower Honors Zoleta Jones, Bride of Corp. J. L. Erwin

Miss Zoleta Jones, bride-elect of Corp. Joseph L. Erwin of New Orleans, was honored with a miscellaneous shower on Thursday afternoon, March 19, at the home of W. L. Nabers. The reception room was decorated with American flags. The refreshment plates, carrying out the red, white, and blue color scheme, had favors of miniature soldiers, representing the different branches of the armed forces. The guests registered in a black and gold leather-bound book, presided over by the bride's sister, Miss Mary Katherine Jones. The honoree wore a dusty rose dress with navy accessories and was seated in a large chair. On either side of Miss Jones was her mother, Mrs. C. W. Jones, and Mrs. E. H. Erwin, mother of Corporal Erwin, both assisted in opening the gifts. Miss Jones and Corporal Erwin of the medical corps, La Garde Hospital, New Orleans, were united in marriage on Wednesday, April 1. Those present were Mesdames Pete Williams, C. C. Cunningham, J. E. Murdock, T. I. McWhorter, R. D. Hall, E. J. Galloway, Edith Dunn, R. E. Lowe, Alvin Molloy, Ed Murdock, John Ragan, K. D.
