## Extensive Damage County Caused Rain and Wind

High winds, sandstorms, heavy rains and thunder storms furnished Memphis and Hall county last night with a variety of unpleasant weather.

Houses, trees and windmills were blown down by the heavy wind storm that visited Hall county last night.

### Farmhouse Demolished

A near deluge, accompanied by heavy winds, was reported at and near Harrell Chapel. A farmhouse was reported blown down there and considerable other damage to barns and windmills.

Most of the crops were blown and rained out in that section, according to Harrell Chapel farmers.

Heavy rains fell between here and Wellington. At one time in the night the roads were nearly impassable. Cars were drowned out and stalled in the mud.

### 2 inches At Clarendon

Several Memphis residents who were visiting in Wellington had to return to Memphis via Childress.

Two inches of rain fell at Clarendon. Precipitation was light in the west and southwest parts of the county, according to reports from those sections.

A "fair" rain was reported four miles west of Memphis. Forty hundredths of an inch fell within the city limits here. A high wind prevailed here. A number of trees were blown down and considerable other damage reported.

## TRANSPORTATION QUOTA RECEIVED

### Memphis, County Get \$700 For Fourth And Half Of Fifth School Months

Transportation money for one and one-half months of the past school year has been received by the county school superintendent here.

Memphis received \$219 and the county received over \$700. The money was paid by the State Department of Education in Austin for the fourth month of the past school year and the first half of the fifth month.

Money for the last four and one-half months of school will be received in a lump sum. It will likely be received here within the next six months.

This money is a part of the "new deal" in high school education of Texas schools in securing transportation of rural school students into affiliated high schools.

### MARVIN BRYAN TO SPEAK AT BRIDLE BIT TONIGHT

Marvin P. Bryan, district manager of the Memphis Production Credit Loan association, will make an address at Bridle Bit tonight at a school program, which will feature a school play.

Mr. Bryan will explain the workings of the Production Credit Loan association.

## FARMERS OF COUNTY TAKE UP APROXIMATELY 600 CHECKS

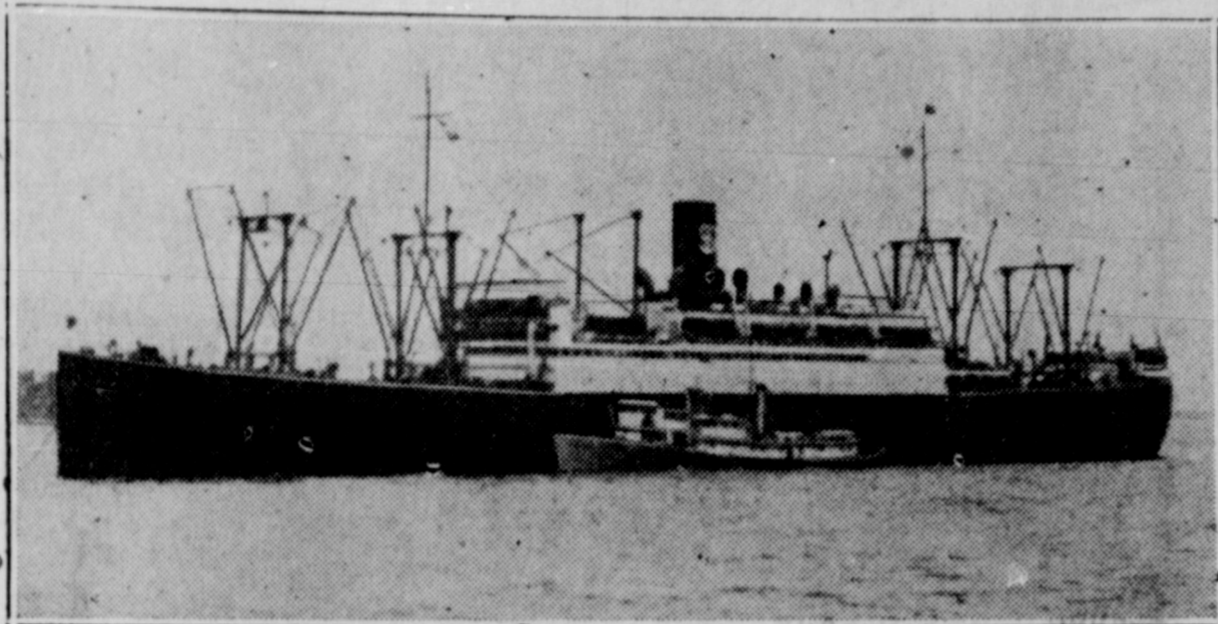

Approximately 600 of the 1,534 checks received from the United States Department of Agriculture here Monday have been handed out to farmers and landlords, according to word from the office of the county agent.

Almost three weeks will be required to distribute the checks, County Agent James A. Jackson stated.

All of the checks will be taken to Turkey Friday, and distribution of the checks will be made from that point. The county agent's office will be closed here Friday.

No additional checks have been received. Their delay in being received here is accredited to the fact that some are held up due to delinquent procedure and some are delayed due to mistakes. It was necessary to refer some of the checks

## Liner In Thrilling Race For Port With Hold Aflame

With flames raging in her hold, the passenger liner President Lincoln, above, flashed distress signals while eight hours out of Honolulu, and four destroyers, a coast guard cutter, and other vessels raced to the rescue. The stricken ship, with a capacity of 200 passengers, meanwhile made at top speed for port, with seamen battling the blaze with streams of live steam. The Lincoln is a Dollar line craft. She left New York May 19 for the Orient.

## County Schools Get \$4,114 Apportionment

### 35 CARS WANTED FOR TRIP TO HEDLEY

### Junior C Of C Will Sponsor Band Trip Friday Night

Thirty-five cars have been set as the quota to make the Junior Chamber of Commerce's good-will and get acquainted journey to Hedley Friday night, according to J. R. Jones, chairman of the Junior boys' trade expansion committee.

Plans for the Hedley booster trip were completed last night at the monthly mass meeting of the Junior Chamber of Commerce.

Members pledged their support to the good-will trip, and Mr. Jones states that he is expecting the Hedley trip to be the largest sponsored by the junior organization this year.

As is the custom, the Memphis Black and Gold band, under the direction of Glenn A. Truax, will play a concert at Hedley. The Black and Gold band, due in part to the booster trips over this section of the country, is fast gaining a reputation as one of the best.

## Theft At Service Station Reported

Constable B. Wilson today was investigating the robbery Monday night of the Wood Service station here.

According to Wilson, the lock on a gas pump was broken sometime during the night and 30 gallons of gasoline were stolen. Three gallons of oil were also taken.

Four thousand, one hundred and 14 dollars was received by the county school superintendent, Mrs. Roy L. Guthrie, here yesterday from the State Department of Education.

The money received was in the form of \$1 per capita of the state apportionment allowed for school children over the entire state.

The state apportionment was set at \$16 per capita, and the money received yesterday makes \$11 per capita received in Hall county.

Of the money received, 1,756 went to the county rural schools. And \$1,076 went to the Memphis public schools, according to Mrs. Guthrie.

If the \$2 is received by September 1, and it seems very likely that it will be received more money apportioned by the state than in the past several years.

A deficiency of \$5 per capita of the state apportionment existed on September 1, 1933. And the schools now have the same deficiency.

If the \$2 are received by September 1, Hall county schools will be better off by several thousand dollars than at the same time last year.

## Known Dead After Hurricane Mounts To 3,000 Persons

By Associated Press  
TEGUCIGALAP, Honduras, June 13.—Stricken Central America received additional reports today of the wholesale destruction of life and property in the hurricane which struck six days ago.

"Ruin, misery, mud" was the graphic description of one observer.

Flights into the interior of Honduras and El Salvador revealed entire villages and many families washed out by devastating floods.

The known dead in the two countries was estimated at 3,000. Observers feared the total is much greater.

### Attend Funeral Of Alf Bond Held In Vernon Yesterday

Mr. and Mrs. D. L. C. Kinard and family and A. A. Kinard of Memphis and Mrs. A. J. Kinard, their mother, of Goodnight, attended the funeral of Mrs. A. J. Kinard's brother, Alf Bond, yesterday at Vernon.

Bond died Monday. Funeral services were held at the First Baptist church in Vernon.

## FIND JAPANESE OFFICIAL IN GRAVEYARD

### Spends Four Days In Attempt To Take Own Life

By Associated Press  
NANKIN, China, June 13.—The strange case of Eimei Kuramoto, Japanese vice-consul who disappeared four days ago, was cleared up today in time to avert threatened difficulties between China and Japan.

Kuramoto was found in a graveyard. He told Chinese authorities he went to the cemetery to commit suicide because he failed to achieve a promotion in the Japanese consular service.

Unkempt and hungry, Kuramoto said "hunger forced me to hold on to life." Japanese authorities refuse to comment on the case.

## House Committee Refuses To Take Up Dinsey Bill

By Associated Press  
WASHINGTON, June 13.—The House Interstate Commerce committee by a vote of 16 to 2 refused today to act immediately on the Disney administration-supported oil production control bill.

Chairman Rayburn announced it would be taken up tomorrow. Speaker Rainey said the oil legislation is one of the objectives holding up adjournment this week.

## Captain, Crew Of 16 Saved; 17 Are Reported Missing

By Associated Press  
NEW YORK, June 13.—The United Fruit lines reported today the receipt of a wireless message from the steamer Zacapa, reporting the rescue of the captain and 16 members of the crew of the Norwegian freighter Knut Hamson, which burned and sank Sunday night 120 miles off the coast of Honduras.

## ENGLAND UNWILLING TO MAKE WAR DEBT PAYMENT 'IN KIND'

By Associated Press  
LONDON, June 13.—England does not intend to make war debt payments "in kind" as suggested in an American note yesterday, authoritative political circles indicated today.

It was understood that Britain believes a payment in goods would complicate the situation.

By Associated Press  
WASHINGTON, June 13.—President Roosevelt is willing to consider the payment in goods by European war-debtor nations only

## Plans for Canning Kitchen Here Are Being Considered

Judge A. C. Hoffman met with the County Commissioners court at the monthly meeting Monday for the purpose of discussing the probable installation of a governmental canning kitchen for Hall County.

No definite action was taken at the Commissioners court meeting, but Judge Hoffman was asked to present further details of the kitchen to the court.

### Gets Data on Cost

Hoffman has written for estimates of costs, blue prints and specifications of the canning kitchen. He will present these at the next meeting of the Commissioners court, at which time definite action will be taken on the matter.

The canning kitchen, in the event that it is installed here, will be in the form of a relief project. Food will be canned for farmers and others by relief workers.

Relief workers would be paid partly with food and partly with money.

Most of the expenses of the kitchen would be paid by the government; however, the Commissioners court would be required to pay for the rent of a building and for the utilities.

Canning kitchens have been installed in counties all over the state, in an effort to give work relief to the unemployed.

## BOARD ARRANGES 'KICKERS' DAY

### July 5 And 6 Set Aside For Discussion Of Renditions On Taxes In County

"Kickers' Day" was set at July 5 and 6 yesterday at a meeting of the Hall County Board of Equalization in the County Commissioners' court room.

Those days have been set by the Board of Equalization for those whose tax renditions on property were changed to appear before the board to discuss the renditions.

All whose renditions have been changed will be notified when to appear before the Board of Equalization.

Taxpayers who reside in Precincts No. 1 and 2 will meet with the board on July 5, and taxpayers in precincts No. 3 and 4 will meet with the board on July 6.

At the meeting of the board yesterday tax assessments were received and adjustments that were necessary were made.

## State Rests Case Against Hamilton

By Associated Press  
HUNTSVILLE, June 13.—The state completed the presentation of its testimony today by which it hopes to send Raymond Hamilton to the electric chair for the slaying of Major Crowson, a guard in the Eastham prison farm break last January.

The state developed additional evidence intended to show that Hamilton, who allegedly plotted the delivery, fired at Crowson with a pistol smuggled into the farm.

Britt Matthews, guard in charge of the squad of prisoners adjacent to Crowson's group, swore he saw Hamilton shoot at Crowson, while Joe Palmer, another of four prisoners freed, shot at Olin Bozeman, a guard.

## ADVANCE WORK ON FOOTBALL LIGHTS

### Junior C Of C Will Sponsor Entry In Beauty Contest

Almost complete assurance that Memphis would have a lighted football field next year resulted from the mass meeting of the Memphis Junior Chamber of Commerce.

Over 40 members attended the monthly meeting in the American Legion Hall, presided over by Horace Tarver, vice-president.

Every member present contracted a number of football season tickets to sell, thereby making the installation of lighting equipment almost assured.

It was also decided at the meeting last night that the Junior Chamber of Commerce would sponsor a donkey baseball game to be played here next Tuesday afternoon, starting at 6 o'clock.

Proceeds of the game will go to the Memphis Black and Gold band.

Joe Chitwood and Harry DeLaney have been named playing captains of the team that will participate in the donkey ball game. The players are not restricted to the Junior organization. Anyone who would like to play is asked to see either Chitwood or DeLaney.

The Junior Chamber of Commerce voted to sponsor a Memphis girl to enter the bathing beauty revue that is to be conducted in Childress on July 4.

Hiram Crawford was named chairman of a committee to select the girl and enter her in the contest. Others on the committee are David Hudgins, Alan Dunbar, Glenn A. Truax and J. R. Jones.

Reports were made from the various committees as to the work that was progressing.

Zeb Moore, chairman of the membership committee, reported that he expected to have 200 members in the organization within a short time. There are now 178 members in the body.

Hubert Dennis, coach of Rockdale High school, was a guest at the meeting and made a talk on installing football lighting equipment.

## Galveston Pair Tries To Escape

By Associated Press  
LUFKIN, June 13.—An apparent plot of Bernard Lacoume and Glenn Warren of Galveston, convicted murderers, to emulate John Dillinger in an escape from the county jail here had been frustrated today.

Sheriff H. C. Billingley removed a black jack, hacksaw, file and dummy pistol from the cells of the two youths, who have been sentenced to death on a conviction for the murder of C. E. Cansler, Sr., of Zavalla.

## 'Fats' And 'Thins' Clash Here Today

Fighting it out for a championship of some description—you name the title—the "fats" and "thins" clash this afternoon in a regular baseball game at Fair Park. The tilt is to start at 6 o'clock. There is no admission charge.

Before the battle, leaders of the two clubs had little to say. The "fats" think it will be a heavy task to beat them, but the "thins" believe they will be lean pickings.

## THE NEW POSTMASTER

**J. HENRY READ** yesterday took over the duties of acting postmaster here, following his appointment day before yesterday by the postoffice department at Washington.

Mr. Read has served the people of this territory well as secretary of the Senior Chamber of Commerce here, and he undoubtedly will keep up his thorough, conscientious work as postmaster.

It might be said that if Memphis were to have a new postmaster the appointment could not have been better placed. His first important step after becoming secretary of the Chamber of Commerce was to work long and diligently on obtaining the fine federal building that we have.

W. M. Owens, the outgoing postmaster, is doing all in his power to aid Read to get the "hang" of the work during the first few days. His first act after hearing of the appointment was to call Mr. Read and congratulate him. He is acting in behalf of the position he has held for the past 11 years and for the good of the service in general.

Although we do congratulate Mr. Read and wish him all the success in the world in his new undertaking, we do this with a mixed feeling of regret, also. Mr. Owens has aided us in a number of ways from time to time, in connection with our own work as well as with postal problems that often confront any business establishment. He has always been willing to do all that he could to promote good will between the people and the government service, which in many cities is lacking.

The hired political "worker" who drops into your home just before election and advises you how to cast your vote is quite as likely to influence you against as for the particular party or person or issue he has been paid to advocate. You didn't know such worker, you didn't invite him to your home and he has no credentials showing mutuality of interests. You only know that for hire he is imposing on your time and that his opinion isn't worth a great deal or it wouldn't be so cheaply peddled around.—J. H. McDevitt in the Durango Herald-Democrat.

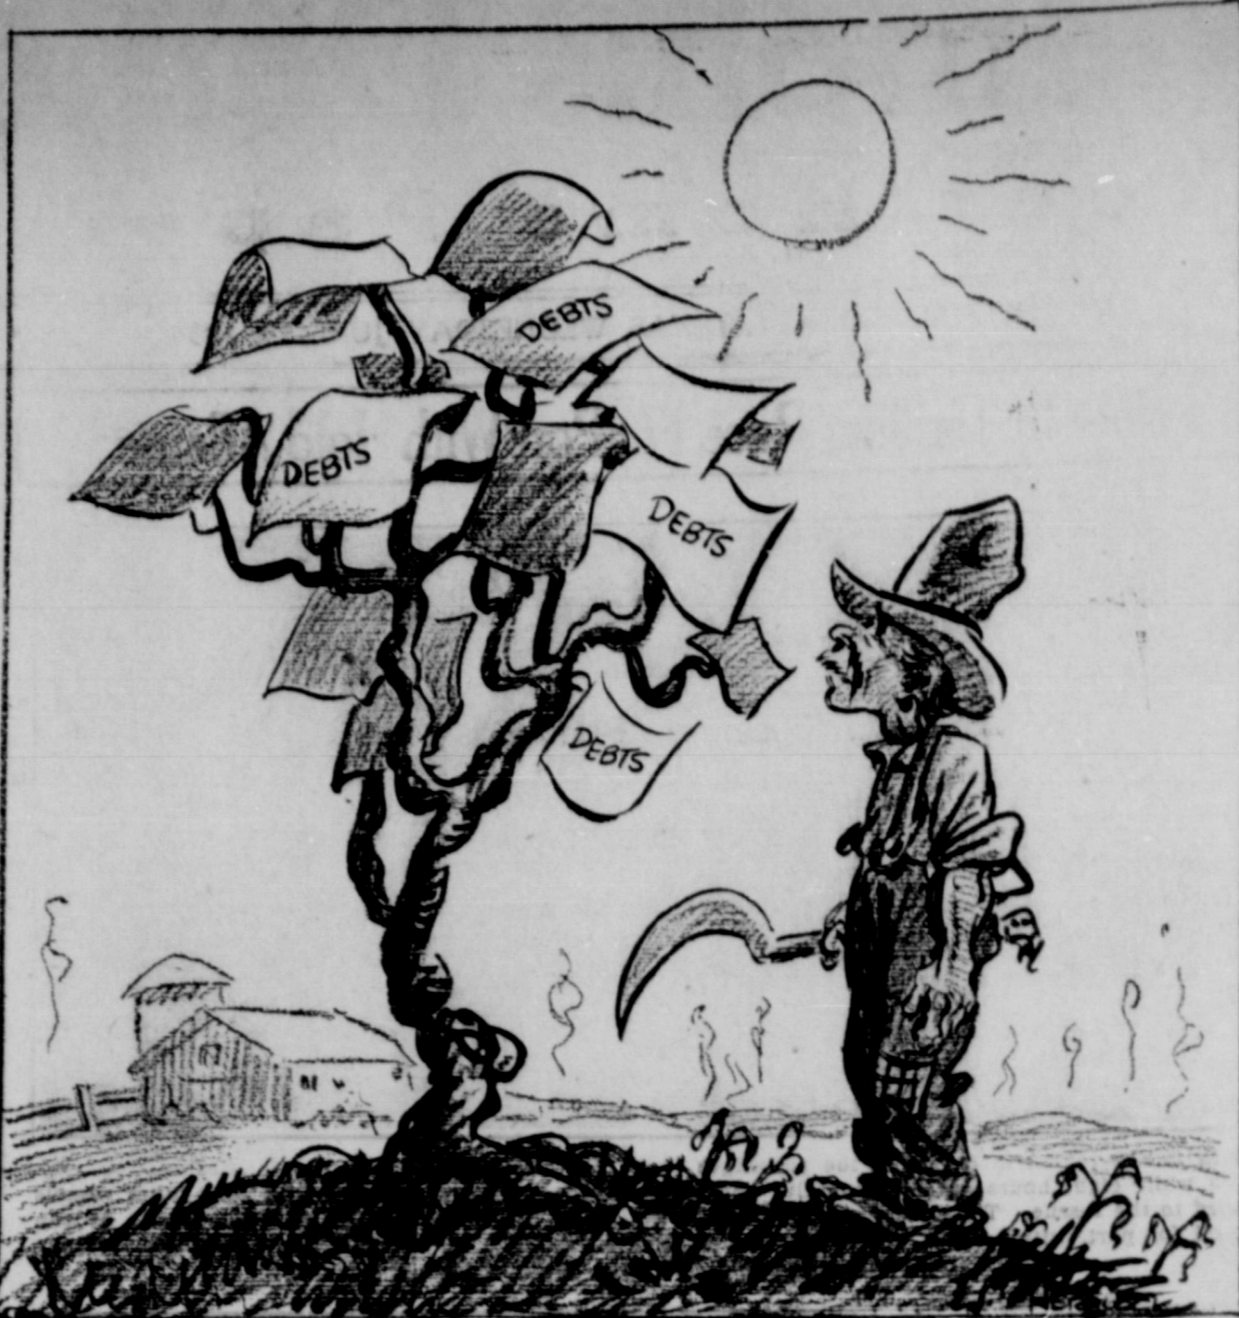

It seems to me that if I were a woman I would build my plans but to one career. For after all there is but one career for a woman and that is a successful marriage. Other things may seem to suffice for a time but even success is dry and splintery to the unwed woman. Happiness is soulless and artificial. Her laughter lacks the ring of sincerity.—Matador Tribune.

## HARDY PERENNIAL

## HEALTH

**BY DR. MORRIS FISHBEIN**  
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine  
For some time it has been known that workers in foundries where brass is made and where zinc is smelted, develop symptoms of diseases which are known to them by common trade names, such as brass ague, spelter shakes, and brass chills.  
Usually, several hours after a worker has been exposed to the fumes in the plant, he begins to feel ill. This seldom occurs in the foundry, but more often when the man has reached home.  
The attacks are more frequent in the winter, perhaps because chilliness of the body may be associated, but also no doubt because the plants are not so well ventilated.

Other metals. One worker was able to produce the same amount of chills by inhaling magnesium oxide, and it is also well established that the inhaling of mercury vapor may be followed by similar symptoms.  
As one who suffers unduly with such symptoms should, of course, avoid the kind of occupation in which these fumes are developed.  
No one could have done better keeping those Canadian quintuplets alive than old Dr. Dafoe, says his brother specialist. Turning down that \$50,000 World Fair contract was a heroic deed in itself.  
Conditions are getting so bad out west that many farmers are beginning to doubt there ever was a flood, even in Biblical times.  
Green will be the most fashionable color for fall, says style leaders who have become sick and tired of Representative Hamilton Fish's red scarves.  
Miss Ella Eoff left this morning for her home in Houston after a visit here with her sister, Mrs. Ben Kimbrough.

## DONNA of the BIG

by BEULAH POYNTER

**BEGIN HERE TODAY**  
When Donna is injured by a fall from the trapeze Madeline arranges for her to be taken to GRANDFATHER SIDDAL'S farm to recuperate. To please her partner Donna pretends to be Madeline. She falls in love with BILL SIDDAL, Madeline's cousin, and though she is ashamed of deceiving Bill and Grandfather she is afraid to tell the truth.  
Meanwhile Madeline marries CON DAVID, circus animal trainer, and takes part in the animal act.

Amos Siddal has a stroke. In New Orleans Madeline goes into the cage alone with the Bengal tiger. The tiger springs and she is killed. Renfroes discharges Con. He is unable to get work and decides to go to the Siddal farm.

**NOW GO ON WITH THE STORY CHAPTER XXIX**  
Day after day Amos Siddal lay on his bed, unable to lift a hand or move the body that had known such strength and agility and endured such hardships.

Donna, sitting beside him, wondered what thoughts could be passing through his mind. There were hours that she was to recall in after life, when she read aloud his favorite passage in the Bible and listened as his feeble lips repeated the words after her. Often before lamplight banished the shadows of the little room she would hold one of his hands in hers while he talked of the struggles he had known as a youth.

Sometimes the girl could almost feel the presence of the young wife he had never ceased to love. Sometimes he spoke of his son and of Madeline as a child.

"A little-tousled red-head," he chuckled, "with freckles. Mighty sweet, but hot-headed. I'm glad she learned to conquer her temper."

When first he spoke of Madeline in the third person Donna's heart missed a beat. Then she realized that to him the woman and the child were not the same.

"But you grew up beautiful, Maddie," he would go on. "I'm sorry I wasn't able to see you. I can feel — or I could — the straightness of your nose. All the Siddals had straight noses. And your little round chin. But I can't see the color of your eyes, nor your hair. Bill says it isn't so red any more."  
"No. It's — it's brownish," she choked.

"Bill says it's like gold with the sunset on it. Woman's crowning glory," he chuckled. "My how disappointed your Grandma was when she saw a red-headed grandbaby! She cried, Yes, sir, she cried. In those days red hair wasn't so popular that women put store stuff on honest brown hair to color it. Times change. Yes, times change."  
Once he asked, "You don't recollect the time you fell down the rain barrel, do you?"  
"No."  
"That was funny. There you were with your feet sticking up in the air and your body caught in the middle and yelling at the top of your lungs. And when I came in from helping old Nell with her calf you — no, that wasn't you. My memory is getting as poorly as my body. That was your Pa. Yes, it must have

# Regnal Greenhaw and Billy Holmes Set Pace in Greenhampton Also Survives in Top Flight

## HAMPTON ALSO SURVIVES IN TOP FLIGHT

### Upsets Erase Hopes Of Several Leading Favorites

Regnal Greenhaw, the defending champion and Thomas Hampton alone of the Memphis contingent survived the first two rounds of play yesterday in the Green Belt golf tournament at Frederick, Okla.

And today the local entry was to be cut to one player, as Greenhaw and Hampton came together in the quarter-final round.

**Greenhaw 'Hits Stride'**  
Billy Holmes of Shamrock, the medalist and a former titleholder, also advanced to the round of eight, as other favorites dropped by the wayside.

Greenhaw, who was "hitting his stride," defeated Boyd Loar of Paducah, 2 and 1, in the first round, and returned in the afternoon for an easier 5 and 3 win over B. F. Holmes of Shamrock.

**Uphill Battle**  
Hampton defeated a teammate, C. L. Sloan, 5 and 4, in the opening encounter and then erased R. D. Oswald, Crowell, 4 and 3.

Billy Holmes fought an uphill battle against Roy Lebus, Electra, finally winning out with a birdie on the 19th hole. He returned for an easier 6 and 4 decision over Hugh King of Altus.

**Frank Foxhall Beaten**  
After advancing through the first round with a 4 and 3 victory over James Dixon of Crowell, Frank Foxhall fell in a second round upset, dropping to Noel Woodley of Shamrock, 4 and 3.

Carl Harrison went out in the first round, dropping a 19th hole decision to Pat Harper of Frederick. Likewise went the bid of R. S. Greene, who fell before B. F. Holmes, who was defeated by Greenhaw in the second round. The score was 2 and 1.

Ed Foxhall survived in the second flight, and O. B. Smith remained in the fourth flight race. L. M. Hicks was awarded two third flight advances by default, but in turn he defaulted to his next opponent.

The first round battles carried another big upset as L. S. (City) Walker of Qanah, three times Green Belt champion, fell before the playing of Clarence Haynes of Frederick, who also turned in a second round victory to remain as a threat. The score by which Walker was eliminated was 1 up.

Pairings for the third round, which also shows the survivors, most of whom are new to championship play in this event, were: Billy Holmes, Shamrock, vs Charles Johnson, Altus. Clarence Haynes, Frederick, vs Whitney Anderson, Vernon. Noel Woodley, Shamrock, vs Jim Smith, Shamrock. Regnal Greenhaw, Memphis, vs Thomas Hampton, Memphis.

Quarter-final and semi-final rounds were scheduled for decision today, with the 36-hole final coming tomorrow. Semi-finals were also due in all other flights today along with the first two rounds of consolation play.

# Dozen Prizes Listed for Net Tournament

## CITY MEET TO START HERE SUNDAY

### 16 Singles And Eight Doubles Teams Expected

A dozen prizes were announced yesterday in the partial list for the city tennis championship tournament that starts at the Memphis tennis club Sunday.

The prizes have not been arranged according to the positions in which they will be offered. However, the list includes the following:

Wright and Ditson All-American tennis racket, The Democrat; cigarette lighter and tray, Tarver Pharmacy; casting rod, Harrison Hardware; pair of socks, J. R. Jones; DiJack minnow, Memphis Hardware; pair of suspenders, Frank's Department store; razor set, Meacham Drug; two suits cleaned and pressed, Bullard's Tailor shop; two ties, Replin's, and military set, Clark Drug company.

The tournament is to open Sunday afternoon with first round matches. Play will continue throughout next week, with play being held only in the late afternoons. The championship match will come the following Sunday.

The deadline for entry falls Friday night. Pairings will be made Saturday and announced Sunday morning. The entry fee is 50 cents for each singles player and 50 cent for each doubles team. The entry proceeds will go to cover the expense of staging the event. Entries should be made at The Democrat office.

Tournament officials expect approximately 16 singles players and eight doubles teams.

The remainder of the prize list and the positions in which these prizes will be offered will be announced as soon as the list is completed. They will go to winners and runners-up of singles, doubles and consolation.

An announcement was made yesterday to the effect that a new softball league, to be known as the Junior City League, is being formed, and that, if conditions are such as to allow it, the schedule for the new league will be announced not later than Monday, June 18.

Three teams are lined up ready for league play, it was made known. These clubs are the Caddies, the Musicians, and the Baptist Young Men.

It is desired that one team or more in addition to the three already named join the loop, to make things more interesting. Any team desiring admission to the league should get in touch with Eb Sittou, Ed Smith, or Winifred Swift sometime before Sunday, June 17.

The teams would play every day, if present plans go through, but the time would be so regulated that the games would not interfere with those of the Sunday School association.

Reasons given for the organization of the new loop are the popularity of the game, with both fans and players, and to allow more young men to participate.

Pank cookery is always interesting. While plank is really a labor saving contrivance because it saves many soring dishes and simplifies serving, it gives a meal a sumptuous air.

Fish is particularly attractive served "planked" during the summer months. Salmon steaks with spinach timbales make an appetizing victure, but other delightful color contrasts can be worked out with other varieties of fish and vegetables with inviting results.

**Salmon**  
The following recipe is for salmon but any variety of fish can be used—small boned, fresh water and deep sea fish as well as deep sea fish cut in steaks and fillets.

Two slices salmon, 3 hard cooked eggs, 1 cup white sauce, 1 lemon.

Brush both sides of salmon with olive oil and brown on both sides in a hot frying pan or under a gas

**Tomorrow's Menu**  
**BREAKFAST:** Fresh apricots, cereal, cream, French toast, maple syrup, milk, coffee.

**LUNCHEON:** Jellied cottage cheese salad, hot buttered rolls, peach cobbler with cream, grape juice.

**DINNER:** Planked white fish with border of spinach timbales, buttered baby beets and mashed potato, cabbage and celery salad in onion and pepper cups, cherry ice, milk, tea.

broiler. Remove to a hot oiled plank, placing one steak on plank. Sprinkle with lemon juice and cover with a layer of eggs cut in slices and moistened with white sauce. Cover with second slice of salmon and sprinkle with lemon juice. Surround with vegetables and put in a hot oven for five or ten min-
