#### Last Minute Rush For Auto License Tags Predicted

With only one more week remaining in which Hall County motorists may register their cars and buy 1939 license tags, J. M. Ferrel, county tax assessor-collector, estimated Tuesday that less than 25 per cent have bought the new license tags.

Only 400 passenger car licenses, 45 farm, and 50 commercial tags have been issued, and Saturday, April 1, is the deadline for registration. Ferrel announced this week that his office is preparing for a last minute rush, estimating that they will be able to register approximately 400 cars a day.

### Funeral Rites for Mrs. E. M. Ewen Are Held Saturday

#### Pioneer Memphis Woman Dies in Local Hospital Last Friday Morning

Funeral services for Mrs. E. M. Ewen, 65, a pioneer Memphis resident, were conducted Saturday afternoon from the First Baptist Church, with Rev. J. Wm. Mason, local pastor, in charge. Burial was in Fairview Cemetery, under direction of King Mortuary.

Mrs. Ewen died Friday morning at a local hospital following a brief illness. Survivors include her husband and four children, Mrs. Sam J. Hamilton of Memphis, John Ewen of Estelline, E. M. Ewen Jr. of Wichita Falls, and Mrs. Roy Lagow of Marshall. All were present for the services here.

Other survivors are two brothers, T. M. Pyle of Van Horn and Paul Pyle of Hedley, an uncle, Lem Kercheville of Hulver, and the following grandchildren: Mrs. Bomar Horton of San Angelo, Mrs. J. W. McCulloch Jr. of Memphis, Buck, Gene, Bob, Betty, and Patsy Ewen of Estelline, and Barbara Ann Lagow of Marshall. All were present for the services here.

Mrs. Ewen was a daughter of Rev. J. L. Pyle, who was the third pastor of the First Baptist Church in Memphis, serving this charge in 1897. Mary Alberta Pyle was born on September 14, 1873, in this city with her parents in February, 1890.

She was converted and joined the Baptist Church at the age of 16, and was married to E. M. Ewen on December 17, 1891. She has been prominent for many years as a member and active worker in the First Baptist Church here.

Funeral services were held Saturday afternoon were held at the home of Mrs. Ewen, 1111 N. Main, with Rev. J. Wm. Mason, local pastor, in charge. Burial was in Fairview Cemetery, under direction of King Mortuary.

### C. OF C. PLANS ANNUAL DINNER FOR JULY 13

#### Banquet Will Be Served in New School Gymnasium

At a meeting of the board of directors at the city hall last Thursday, the Memphis Chamber of Commerce made plans for the annual banquet which will be staged on July 13 at the new High School Gymnasium, and announced arrangements to sponsor a Memphis entry in the annual Home Town Oratorical Contest of the West Texas Chamber, Carroll Smyers, secretary, revealed Wednesday.

The WPA has approved the project, and will spend approximately \$8,000 in making the necessary improvements. A road will be built from the end of South 6th street into the park site, and south of town and a bridge constructed across the creek at that point.

Steve Powell, WPA project supervisor, will be in charge of the work, and according to Louis G. Bradley, area engineer, approximately 90 men will be employed.

The Memphis City Council last January appropriated \$1,000 for the purchase and improvement of the park site for use as a city recreation park. A 30-acre tract immediately south of the city has been secured.

Hall County commissioners requested the WPA to provide funds and labor for the road and bridge project, since the park is planned as a recreational center for this entire area.

### Allen H. Willborn Dies at Amarillo

Final tribute was paid Tuesday in Amarillo to Allen H. Willborn, 68-year-old pioneer, in funeral services at the First Baptist Church in that city. Dr. J. Howard Williams, Amarillo pastor, was in charge, and burial was in the Llano cemetery.

W. H. Fuqua, who had known Mr. Willborn for 30 years, paid high tribute to the prominent Panhandle pioneer at the services Tuesday. Willborn died Monday night in an Amarillo hospital after suffering a stroke of paralysis.

He had lived in the Texas Panhandle since 1889, and was a former resident of Memphis, moving from this city to Amarillo in 1911. He was well-known among the oil settlers in this section.

Among the friends attending the services Tuesday afternoon were Mrs. Forest Power and Mrs. Byron Baldwin of Memphis.

### County Health Committee Formed Here By Parents and Teachers

Organization of a County Health Committee featured a meeting of Hall County parents, teachers and club representatives at the district courtroom here last Friday evening.

Dr. John Hooper, director of Public Health District 1, and Mrs. George Stephens, district supervisor, both of Floydada, addressed a group of approximately 40 local citizens and assisted in organizing the committee to work with the state department of public health in promoting a health program for school children in this county.

W. C. Davis, superintendent of the Memphis schools, was named president of the committee, with Supt. Lee Vardy of Turkey, vice president; Carroll Smyers, secretary; and Mrs. Stephens, publicity chairman. Byron F. Todd of Farnell, educational chairman; and County Superintendent Vera Tops Gilreath, secretary-treasurer.

Nearly all schools of the county, the Memphis Chamber of Commerce, and county parent-teacher units were represented at the meeting. Committees will be appointed by the president to work on a health survey in each school.

### Memphis Chamber Of Commerce To Elect Officers

Members of the Memphis Chamber of Commerce will hold an election during the first week in April to name officers and directors for the coming year, Carroll Smyers, secretary, announced Wednesday.

In a departure from the usual procedure, there will be no nominating committee this year, Smyers said. The entire membership of the local organization will be listed, and members will make their selections from that list.

Installation of new officers and directors will be held at the annual chamber of commerce banquet on July 13.

Present officers are James E. King, president; George Cullin and O. V. Alexander, vice presidents; Thomas E. Noel, treasurer; and Matthew Allen, O. V. Alexander, Byron Baldwin, George Cullin, W. C. Dickey, F. N. Foxhall, Roy R. Fultz, S. T. Harrison, James E. King, T. M. Potts, E. E. Roberts, and J. Claude Wells, directors.

### VARIED ENTERTAINMENT IS PLANNED FOR VISITORS

Visitors to the annual Hall County Interscholastic League meet here this week-end will be entertained by the merchants of Memphis, who, working through the local Chamber of Commerce, have made arrangements for free admission to the track and field events Saturday, the one-act play contest, and a special matinee at the Palace Theatre Friday afternoon.

Tickets are being given away free of charge by local merchants. The tickets cover 75c in admission charges, as admission without ticket will be 25 cents to each of the three events.

The matinee, which will be presented at the Palace Theatre instead of the Ritz as previously announced, will be "Swing That Cheer," with Andy Devine, Tom Brown, and Constance Moore as stars. The show begins at 1:30 Friday afternoon.

Principals and superintendents of all schools in the county will be entertained by the Chamber of Commerce at a luncheon Saturday noon.

### Cyclone Track Team Defeats Lakeview

Cyclone thinly-clad were victorious Friday in their first track and field meet of the year, a dual meet with the Lakeview squad at Cyclone stadium. The Cyclone team chalked up 75 points to 56 for Lakeview to win by a wide margin.

Co-captain Lindsey of the Memphis squad was high point man of the meet with 153.4 points. Barney Powell, lanky 17-year-old, stepped the 880-yard run in 2 minutes, 16 seconds, in one of the best races on the card; and Lindsey ran his best 220 in fast time of 23.4 seconds.

Friday's trial meet was the first warm-up for the local squad before the county track and field meet here this week-end. The Cyclone warriors are also pointing to the annual running of the Cap Rock Relays here next week.

Winners, time and distance in Friday's events were: 100 yard dash—11 seconds; Lindsey, Memphis, 1st; Srygley of Lakeview, 2nd; Waites of Lakeview, 3rd; and Harold, Memphis, 4th.

220 low hurdles—29.4 seconds; Rice of Memphis, 1st; Pounds, Memphis, 2nd; Cunningham, Lakeview, 3rd; and Young, Lakeview, 4th.

440 yard run—55 seconds; Carmichael, Memphis, 1st; Rice, Memphis, 2nd; and Lawrence, Lakeview, 3rd.

880 yard run—2:16; Powell, Memphis, 1st; Wells, Lakeview, 2nd; McCoy, Lakeview, 3rd; and Hardin, Memphis, 4th.

220 yard dash—23.2 seconds; Lindsey, Memphis, 1st; Powell, Memphis, 2nd; and Waites, Lakeview, 3rd.

1 mile run—5 min. 6 sec.; Moore, Memphis, 1st; Evans, Lakeview, 2nd; Rea, Lakeview, 3rd; and Billington, Memphis, 4th.

Broad jump—17 feet, 8 inches; Cunningham, Memphis, 1st; Lindsey, Memphis, 2nd; Sanders, Lakeview, 3rd; and Dodson, Memphis, 4th.

High Jump—Moore, Memphis, 1st; Pounds, Memphis, 2nd; Pettit and Young of Lakeview, 3rd and 4th.

### ALL SCHOOLS IN COUNTY TO BE REPRESENTED

Literary Events To Begin Friday A. M.; Track Meet Sat.

Memphis completed plans this week to entertain an expected 3,000 or more visitors Friday and Saturday as the annual Hall County Interscholastic League meet is held at the Memphis schools.

W. C. Davis, local superintendent of schools, is director-general for the meet. Four independent schools and thirteen rural schools will be represented by contestants in the various literary and athletic events which make up the Interscholastic League schedule.

Memphis students, who led the county last year in literary events but dropped the League title to Lakeview with a weak showing in athletics, have been working hard to lead the entire field this year.

The Cyclone track team, in a trial meet with Lakeview last week, showed surprising strength in defeating the Eagle thinly-clad, and are expected to give a good account of themselves in the track and field events at Cyclone Stadium Saturday. The local tracksters were especially strong in the races.

The Cyclone team, however, has been seriously weakened by the illness of co-captain Lindsey whose excellent showing last Friday was a big factor in the local win over Lakeview. Coach Frank

### S. L. Seago Dies At Wichita Falls Hospital Friday

Funeral Services Held at First Methodist Church Here Sunday Afternoon

Last rites for S. L. Seago, 54, prominent local business man, were conducted Sunday afternoon at the First Methodist Church, with Rev. Orion W. Carter officiating. Interment was in Fairview cemetery, under direction of King Mortuary.

Mr. Seago died early Friday morning in a Wichita Falls hospital following a brief illness. He was rushed to that city by ambulance last Wednesday night.

Mr. Seago had been a resident of Memphis for the past 25 years. He had served as a steward in the First Methodist Church, a member of the local school board, and a member of the city council.

Survivors include his widow and two children, a son, Norman, of Hamlin, and one daughter, June, a student in Memphis High School; three brothers, George Seago of Temple; Doss Seago of San Diego, Texas; and Joe Seago of Snyder; and two sisters, Mrs. Etta Bax-

(Continued on Page 6)

One county school board member-at-large and one board member from precinct 1 and 2 will be named in an election scheduled for April 1. Two candidates for the member-at-large place, one in precinct 1, and three in precinct 2 have been certified by County Judge M. O. Goodpasture for listing on the official ballot.

Theodore Swift and U. W. Coldiron, both of Memphis, are candidates for board member-at-large. In precinct 1, J. W. Burk of Newlin is the only candidate whose name has been certified for the official ballot.

In precinct No. 2 Arthur Giddens of Plaska, J. O. Adams of Lesley, and W. E. Lawrence of Deep Lake are making a bid for the place.

Two members of the county board, J. M. Eudy of Turkey from precinct 4, and Wade Davis of Baylor from precinct 3, are serving unexpired terms and are not candidates for election this year.

### T. E. L. Class Has Meeting Friday At Ballew Home

The T. E. L. Class of the First Baptist Church met Friday afternoon in the home of Mrs. J. M. Ballew in a business and social meeting. Mrs. E. W. Evans and Mrs. Charles Oren were co-hostesses.

Mrs. Charles Drake, president of the class, was in charge of the business session. Mrs. John Barber brought the devotional on "Prayer" with Luke-11:1-4 as the scripture reading. Mrs. Claude Harris led in prayer, and minutes were read and corrected.

Group captains made their reports, and Mrs. R. W. Carlton offered her resignation as teacher since she is moving to Herford to join Mr. Carlton, who is employed by the SCS in that city. Mrs. J. W. Fitzjarrald was elected to succeed her as teacher of the class.

Mrs. Carlton and Mrs. G. H. Hattenbach directed the games in a social hour, and refreshment plates were served by the hostesses to Mesdames Carlton, J. S. Forkner, Charles Drake, John Barber, W. B. Scott, W. Wilson, C. W. Crawford, J. R. Harrell, J. W. Johnson, Claud Harris, G. H. Hattenbach, R. C. Walker, Joe Weathersbee, T. R. Garrott, Lee Thornton, R. H. Wherry, J. W. Fitzjarrald, and J. H. Smith.

Following the meeting, the class honored their retiring teacher, Mrs. Carlton, with a lovely handkerchief shower.

### Smart Lady

Striking enough for the social register is this beauty in her pork pie hat and Parisian hand-stitched gloves. Capricious treatment of the gloves at the wrist offsets the severity of a spring suit.

Mr. and Mrs. George Scruggs and Mrs. John Starr of Wellington attended the funeral of Mrs. E. M. Ewen here Saturday.

Miss Lula Fay Oren, who is teaching at Rule, sent the week-end here with her parents, Mr. and Mrs. Chas. Oren.

Mrs. Harold Nave and Mrs. Alfred Reck of Claude visited Mrs. H. T. Gregory last Thursday.

### Needle Club Meets At Pleasant Valley

The Pleasant Valley Needle Club met with Mrs. A. Dutton on March 15. The afternoon was spent in quilting.

Guests were Mesdames Tom Pitts, J. W. Boswell, John Ellis, Opal Anderson, Sam Chancey, H. C. Crawford, T. C. Crawford, J. W. Molloy, E. W. Pate, H. Gardinere, and Holland McMurry; Miss Nannie Bell Ellis, and the hostess.

### Womans Culture Club Meets at Howard Home

The Woman's Culture Club met in the home of Mrs. A. W. Howard on March 15. The program for the afternoon was on "Ireland."

Members answered roll call with Irish jokes, and Mrs. D. J. Morgensen gave a "map story" of Ireland.

Mrs. J. H. Norman told the life story of Eamon de Valera, "The Kid from 43rd Street," prime minister and leader of the Irish nation. Mrs. L. B. Maddox played the Irish National Anthem, "The Wearing of the Green," and Mrs. Donald W. May gave a three-minute talk on "Irish Personalities"—O'Neal, Corrigan, and O'Daniel.

The club members joined in singing Irish songs, accompanied at the piano by Mrs. L. B. Maddox.

A lovely salad plate was served to the following members: Mesdames Dean Morgensen, Claud Johnson, W. L. Wheat, Roy R. Fultz, Donald W. May, A. W. Howard, L. E. Madden, Lee Madden, J. H. Norman, C. Z. Stidham, W. C. Davis, and Park L. Chamberlain; and guests, Miss Mary Noel, Mrs. Lesley Calhoun, Miss Martha Perkins, Miss Mazie Perkins, Mrs. H. W. Kuhn, and Mrs. Neal W. Wyatt of El Paso.

Mr. and Mrs. Hunter Lambert visited relatives in Quannah the past week-end.

### County Council of P.-T.A. Meets Here Saturday Noon

The Hall County Council of the Parent-Teacher Association met Saturday noon at the office of the county superintendent in a business and social meeting. Members of the Memphis City P.-T. A. Council met with the county group.

Mrs. W. D. McCool, president of the Hall County council, was in charge of the business session. Plans were made for the annual summer round-up and for entertainment for the District Parent-Teacher Association convention which will be held in Memphis next year.

Each Hall County unit agreed to send a representative to the District P.-T. A. convention at Borger April 19-20.

A covered lunch luncheon was served at noon to representatives of P.-T. A. units from Memphis, Newlin, Lakewood, Webster, Ell Weatherly, Friendship, Pleasant Valley, and Salisbury.

### Methodist W.M.S. Circles in Joint Session Monday

Circle groups of the Woman's Missionary Society of the First Methodist Church met in joint session Monday afternoon in the ladies parlor at the church, with Mrs. Angus Huckaby as leader for the afternoon.

The program was opened with a song by the group, followed by sentence prayers. Mrs. Orion W. Carter gave the devotional on "Brotherhood," choosing as her text the 10th chapter of the Book of Luke.

The theme of the program was "Parade of Brotherhood," which was outlined in a talk by Mrs. Sid Baker. Mrs. Lloyd Byars closed the program with a poem, "Around the Corner," by Charles Hanson Towne.

The president, Mrs. Charles Webster, was in charge of a short business session.

Members present for the meeting were Mesdames W. C. Dickey, A. C. Hoffman, O. W. Carter, Sid Baker, L. M. Hicks, E. S. Foote, Frank Phelan, Edwin Hutcherson, Lloyd Byars, Frank Foxhall, Angus Huckaby, Darrell Hannon, J. A. Shriver, and Charles Webster.

### Mystic Weavers In Meet Wednesday

The Mystic Weavers met Wednesday afternoon with Mrs. W. L. Barnes. Mrs. Frank Phelan, president of the society, was in charge of the business meeting.

Members answered roll call with jokes and current events. Mrs. Charles Oren was welcomed as a new member.

Delightful refreshments were served to Mesdames W. B. DeBerry, R. H. Wherry, L. M. Thornton, G. H. Hattenbach, C. R. Webster, Frank Phelan, T. R. Garrott, J. S. McMurry, M. J. Draper, J. W. True, S. S. Montgomery, R. C. Walker, Seth B. Fallmeyer, and a guest, Mrs. A. S. Moss.

### PERSONALS

Joyce Cargill of Houston was here from Saturday to Monday for a visit with his parents, Rev. and Mrs. E. C. Cargill.

Miss Ruby Lee Stringer of this city, who has been teaching in the Childress schools, resigned last week to accept a position as supervisor for one of the governmental departments at Pampa. She went to Pampa Sunday to be ready for work in her new position Monday.

### Book Review to be Given Next Monday

The Senior Parent-Teacher Association will sponsor a book review, "And Tell of Time," by Laura Krey, given by Mrs. John Lofland on Monday, March 27, at 3:30 o'clock p. m., at the High School auditorium.

See Mrs. Angus Huckaby, Mrs. Roy R. Fultz, Mrs. Henderson Smith, or Mrs. W. D. McCool for tickets. Admission 10 and 15 cents.

### De Loyce Fuller Becomes Bride of Robert Taylor

Miss De Loyce Fuller of Memphis and Robert Taylor of Childress were married Friday evening, March 17, at the home of the minister of the Church of Christ in Hollis, Okla.

The bride is the daughter of Mrs. M. C. Fuller of Eli, and has been employed here for the past two years by the Cafe 15 on West Noel street. She attended Lakeview High School.

Mr. Taylor is the son of Irey Taylor of Caldwell. He is now employed in that city, but will return to Childress next month to accept a position with a service station in that city. The young couple will make their home in Childress.

At the ceremony Friday night, the bride was attractively gowned in blue, with black accessories. The young couple were accompanied by Opal Fox and Earl Slidge of Hollis.

### Wimple on Top

In line with the current wimple craze is this Persian print which swings down from a bottle-green felt hat. The wimple is detachable and may be worn hanging at one side, as pictured, or draped under the chin.

### Delphian Club Has Meeting Tuesday At True Home

The Delphian Club met in regular session Tuesday afternoon at the home of Mrs. J. W. True. Mrs. W. C. Davis was leader of the program, introducing the topic for discussion, "Adventures in Aviation."

### Frame Gardens Are Popular With Hall County Farm Families Says FSA Head

Frame-gardens are proving popular among Hall County farm families, Miss Lois Waggoner, local Farm Security Administration supervisor, said this week.

Families in this section, facing difficulties or early spring gardening imposed by uncertain weather conditions and high winds during March and April, are finding the frame gardens useful, not only for starting young plants, but for providing the family with early greens and other vegetables.

An especially interesting experiment with frame gardening is the project started this spring by Joubert Baker, local farmer, who is growing strawberries by the frame-garden method. Robert M. Holcomb is another whose frame garden is devoted to the immediate purpose of supplying the family with early greenstuffs.

"It is possible to have fresh vegetables in the frame gardens much earlier than in outdoor gardens," Miss Waggoner said, explaining the reason for the popularity of the novel method of gardening. The "frame garden" is a boxed-in plot which can be par-

### Lakeview Farmers Plan Discussion Of Shelterbelts

A meeting of farmers and other interested parties will be held at Lakeview at the high school auditorium next Tuesday evening, March 28, at 7:30 p. m. I. Frank Pearce, in charge of the sub-district offices of the Prairie States Shelterbelt Service, announced this week.

A discussion of the policies and benefits of the Prairie States Forestry Program will feature the meeting, Pearce said. The public is invited to be present.

## IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body More Non-Skid Mileage

Plus FAMOUS TRIPLE-SAFE CONSTRUCTION

FIRESTONE triumphs again! The new Firestone Champion, that sets the safety standards for 1939, provides a combination of safety never before built into a tire. It is a new achievement in safety engineering.

From the experience gained at speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly strength. This outstanding achievement makes possible the use of a thicker, tougher tread which assures much greater non-skid mileage. Because of this new Safety-Lock body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in the history of tire building has there been such a triple-safe combination to protect against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

### Free Service

When you get your new license tags, come by our store or station and we'll put them on for you and adjust your headlights absolutely FREE!

## "We Drove 2,916,919 Miles In 1938 To Serve You"

For its record of safe-and-sane driving in the course of duty, the West Texas Utilities Company and the drivers of its 184 cars and trucks were awarded the Safety Trophy seen above. George Harris, a typical driver for this company, flashes a smile that is characteristic of the men and women representing Your Electric Servant... men and women who serve you every day in the year.

Almost 120 Times Around the World — and Involved in Only 24 Accidents

None Fatal — Few Serious

DRIVING all those miles, nearly 120 times around the world, is part of our job... a duty we assume in the obligation to bring you good, dependable Electric Service at all hours of day or night. By driving them safely, avoiding accidents, we reduce highway hazards and lessen the danger of mishaps to both ourselves and the public.

Another fact highlighted by this achievement is that 184 cars and trucks are maintained by this company in serving you. The cost of their purchase and upkeep is proportionately divided among the towns and cities served. Business is created... a boost to this West Texas region.

This motorized army of men construct and maintain transmission and distribution lines, answer your calls for service, and supervise the efficient operation of a \$45,000,000 investment. All their driving is motivated by the desire to render good service at low cost.

Apropos our "oldest joke" contest, someone sends in this rhyme:

Whatever trouble Adam had,  
No man in days of yore  
Could say, when Adam cracked  
a joke,  
"I've heard that one before."

Among the most ancient is the story of the negro who was about to be hanged. Thousands were assembled about the scaffold.

"Have you got anything you want to say?", the sheriff asked. And the condemned man replied, "Jest this, white folks; this shorn am gwine to be a lesson to me."

Do you know where Hickory Grove is? If not, Jerry Sadler will be glad to describe the exact location of the town in which he was born. The Railroad Commissioner says, "Hickory Grove is south of Denson Springs, north of Red Prairie, east of Stuckback and west of Blackjack—to be exact, it's 21 miles due east of the depot at Palestine."

Abou ben Adem said, "Write me down as one who loves his fellow man." Because E. C. Stovall or Graham likewise is one who loves humanity, a modern health resort has sprung up near the little town of South Bend in Young County. When an oil gusher on his land changed overnight into a sulphur water gusher, Stovall found that the water had remarkable curative qualities and he built a bathhouse for his own use. Noticing one morning that tracked led from the building, he saw that others were making use of the water so he erected a larger bathhouse and, making no charge, gave two boys the towel concession in return for running the place.

From that modest beginning, a resort hotel costing perhaps \$50,000 has been constructed and, last year, there were 30,000 who bathed in the hot, curative waters. Feeling that the waters are God-given, the philanthropist has not sought to profit and, where a person is too poor to pay even the nominal charge, he is welcome to bathe without cost. Visitors came last year from almost every state and from several foreign countries.

With perhaps 75 per cent of the newspapers, big and little, opposed to the fair trades and anti-discrimination bills, sentiment against the measures is growing in both Houses as citizens from small towns and rural communities write in. A small group of legislators actively for the bills were pledged early by merchants

who thought the measures would benefit them but some of those business men now are becoming doubtful that it would be advantageous to place in the hands of manufacturers the power to dictate the price that housewives of Texas must pay. Those out-of-state manufacturers might take it into their heads to jump prices on their products 10 or 20 per cent overnight and thereby levy a tribute on Texas running into millions of dollars annually. A valiant fight against the price-fixing measures is being waged in the House by three representatives from widely-separated points—Abe Mayes of Atlanta, Harold Hankamer of El Paso and Jim Taylor of Kerens.

**Black and Gold Band Marches In Irish Day Parade**

**Shamrock Celebrates Saint Patrick's Day With Huge Festival**

The Memphis high school band, under the direction of G. W. Johnson, was one of the feature attractions at the annual St. Patrick's Day festival and "Marchiesty" held at Shamrock last Friday. Marching in the parade with 27 other bands from all over the Panhandle and Western Oklahoma, the local band preceded a float bearing Miss Florine Scott, Memphis' colleen, who was presented to the crowds assembled at Denver field for the afternoon activities.

During the afternoon ceremonies Miss Lee Fender of Pampa was accorded the honor of Irish Rose and crowned queen of the festival. Herman B. Hill Jr., court reporter of Memphis, presided over the proceedings at Denver field and presented the colleen. Mr. Hill placed a gold crown on the head of Miss Fender to signify her state of honor during the festival.

The 1,500 or more high school band members assembled on the field during the forepart of the program and formed the letters "St. Patrick's Day, 1939" while the Shamrock high school band, wearing green uniforms, formed a huge shamrock. Following the coronation the entire group of musicians massed in close formation on the field and played a "Jam-session" under the direction of Glen A. Traux, Shamrock band director, and former director of the Memphis high school band.

Approximately 30,000 persons were present in Shamrock for the day's festivities and witnessed the 5-mile long parade.

Harry Tyler Jr. left Saturday morning for a few days' visit in Fort Worth, with his grandparents, Mr. and Mrs. H. T. Hudgins, and other relatives and friends.

W. E. Hill was a business visitor in Wellington Wednesday.

**Chemurgy Fights Surplus Problem With Research**

Chemurgy will plow up new ideas for the farmer—a few samples of which are illustrated above.

CHEMURGY is a rapidly growing term in the rural field. It's an odd word, but it may have a lot to do with the elimination of one of farming's most frequent problems—surpluses.

The term is derived from the Egyptian "chemi" (chemistry) and the Greek "ergon" (work). In plain American, it means a marriage of science and agriculture to develop new markets for the farmer in the industrial field.

Under the government farm program, laboratories to find new uses for surplus farm products are being set up at New Orleans, La.; Philadelphia, Pa.; Peoria, Ill.; and San Francisco, Calif. Investigation may also pry into the discovery of new crops to fit industrial needs.

Beneath the whole thing is a fundamental plan for agricultural recovery. Farmer Jones and Farmer Brown may sell those extra acres of whatever it may be to industry or they may devote those acres to a different crop which will sell.

Soy beans, chemurgists have found, produce oil which makes an excellent element for paint. Several years ago, Henry Ford showed practical results of his soy bean growing hobby by exhibiting gear shift handles and automobile lacquers made from the product.

Nearly a half billion pounds of starch have been imported into the United States each year. But, down in Mississippi, sweet potatoes have been found to yield exceptionally high quality starch and by-products.

Drying oils, now largely imported, are essential in many

industrial processes. By dehydration, in which water molecules are removed, castor oil, which comes from the common castor bean, can be converted into a drying oil.

Southern slash pine, which grows faster than the ordinary wood pulp tree, has been found adaptable to manufacture of newsprint, on which newspapers are printed. The tree is useful up to the age of 10 years. A large newsprint mill, now under construction at Lufkin, Tex., will put the discovery to work.

But this is but a sample of the results chemurgy has obtained. Cotton now paves airports and serves as "padding" for modern highways. Pyrethrum, now grown domestically, serves as a base for insecticides. Blending of grain alcohol with motor fuel may restore profit in 30,000,000 acres formerly used to grow feed for horses.

Active sponsor of the movement is the National Farm Chemurgic Council, a non-political group with headquarters at Columbus, O. The council was organized as a national activity at a conference in Dearborn, Mich., in 1935, attended by agricultural leaders, businessmen, and eminent scientists.

The group does not maintain its own laboratories, but endeavors to activate research through co-operation of universities, experiment stations, the federal government, and private industry. Local chemurgic councils have been organized in 28 states. Operating funds are entirely derived from membership. Wheeler McMillen serves as president of the council.

in the junior boys division. Valle Jean Veteto won first place in story telling, and Juanita Ann Shafer won second place. Mrs. Myres represented the Friendship P. T. A. at the county council meeting and luncheon in Miss Gilreath's office Saturday.

The baseball girls went to Eli Friday to play ball. Eli won by a high score. The seventh graders are working diligently on a play, "The First Shave," to get money for

their trip to Carlsbad. Mr. and Mrs. Myers attended the meeting for the organization of a county health committee. The district courtroom in Memphis Friday night.

Mrs. M. E. West and children of Lubbock spent the week-end with her parents, Mr. and Mrs. C. A. Powell.

# FIX-UP PAINT-UP for Spring!

## Memphis Citizens Prepare for Spring Cleaning Next Week

### New Paint, Paper, And Repairing To Feature Season

Memphis Homes Will Be Dressed Up For Spring Both Inside and Out

Memphis' city clean-up campaign, which has been carried on each month, will be revived with new vigor next week as the annual spring clean-up gets in full swing.

The city trucks will cruise through all the alleys of the city to pick up tin cans, trash, and other refuse placed there in readiness for hauling. Every resident of the city is urged to take advantage of this free service, and at this particular time, to make the clean-up particularly effective.

Spring is the season for cleaning house—and local citizens are expected to do their bit toward making Memphis a clean and beautiful city by cleaning house and yards, streets and alleys, in and out.

In cooperation with the city clean-up campaign, a number of local merchants whose advertisements appear on this page, are offering special opportunities to home-owners to improve the appearance and comfort of their houses and grounds.

"Clean-Up and Paint-Up for Spring" is the slogan adopted by all of Memphis for the coming week.

Spring is the traditional building and repairing season, and this year, while costs are still low, stocks complete, and FHA loans available to make building and repairing easier, cheaper, and more convenient than ever before, a large number of property owners are expected to take advantage of the season to make long-neglected repairs.

The business section of the city, too, should come in for its share of retouching. Building-owners are urged to paint awnings and store-fronts and give Memphis' front door a better, brighter appearance. Awnings and venetian blinds will make many Memphis homes more attractive to the eye and more livable for the residents this summer—serving to ward off the hot rays of a West Texas sun when summer temperatures shoot skyward.

New insulating wall-board, too, may be employed by local home-owners to make their houses more comfortable during the summer months, and, with an eye to the future, to keep them warmer next winter.

New wall-paper is always a trend during the spring as home-

### Eudaly Predicts Filling of 10,000 New Trench Silos

From Total of 12 Silos In Texas in '32, Last Year Showed 17,019

Texas farmers and ranchmen will dig and fill around 10,000 new trench silos during 1939, E. R. Eudaly, dairyman of the A. and M. College Extension Service, and Texas' No. 1 trench silo apostle, has predicted.

"We filled 7,536 new trenches in 1938, and we'll do that much or better again this year. The AAA sweet sorghum ruling will be a big factor," Eudaly said. Under the 1939 AAA program, sweet sorghum can be planted on neutral acres for use as silage. This has not been the case in programs of the past.

If the dairyman's prediction comes true, Texas may see upwards to 20,000 trench silos filled this year as compared with 1938's 17,019. There were only 12 trench silos in the state in 1932.

On the basis of value per ton of silage, Eudaly lists corn, grain sorghums, sweet sorghums, and sudan and johnson grass, in that order, as the best silage crops. He points out, however, that the farmer is interested in the percent return, and that on this basis sweet sorghum, because of its tonnage, is frequently the crop to plant.

With the AAA sweet sorghum ruling, which does not apply to

corn and grain sorghums, as an extra inducement, Eudaly expects thousands of farmers and ranchmen to turn to sweet and other sweet sorghums for their silage crop in 1939.

Miss Kathryn Reynolds returned Saturday from Fort Worth, where she visited Miss Inez Morrison and Mr. and Mrs. J. B. Chapman. She also attended the Fat Stock Show.

## Survey of Shelterbelt Planting Shows Need for 425 Miles More in Hall

A summary of the applications for shelterbelt plantings received by the Forest Service shows that approximately 750 applications requesting 450 miles of protective tree belts have been received to date in the various district offices of the Texas Shelterbelt Project, reported Mr. Webb, state director.

A recent survey of the 1,200 miles of Texas tree belts established since the first few in 1935 indicates that some counties have large concentration areas where 200 to 300 miles of trees are rapidly building up their protective zone of influence. Webb spoke with great pleasure of the shelterbelt concentrations around Paducah, Turkey and Shamrock. Numerous cases have already been reported from the field where 2 and 3 year old shelterbelts are protecting sand areas from blowing and actually resulting in increased crop yields. Webb was emphatic that those instances were noted principally of those farms where the farmer cultivated his tree belt religiously and kept the rows free of weed, Johnson grass and other competing vegetation.

In spite of the heavy concentrations of shelterbelts in certain areas, there are still numerous other areas urgently in need of tree belt protection. District Officer Edgar H. Kemp of the Childress district estimates conservatively that there are at least 300 miles of basic and 600 miles of intermediate shelterbelts that should be planted on the farms in Childress County alone. In Hall and Motley counties, there is room for the establishment of 425 and 225 miles respectively of basic tree belts. Approximately 90 miles are to be planted in the latter two counties this year and approximately 30 miles in Childress County. In Cottle County,

with over 190 miles of shelterbelts approved and planted, there is room for at least 175 miles additional of basic shelterbelts.

District Officer Kemp stated that he is making every possible effort to have every application for a planting examined and the desired belts planted before the close of the planting season, which comes shortly after April 1. Applications received after that time will have to be held for planting next year.

## GRIDIRON PERSONALITY

Boyce Bruce, the big quiet blond, is the most aggressive man on the squad. A quality that is a definite asset in competitive sports. Boyce is having noticeable off the field because of his quietness, but when he dons his moleskins he becomes a different character—one who is rough and ready for action. A tackle last fall, he has been shifted to guard for the coming season. "Instill that aggressiveness into you, team mates, Boyce, and let's go to town."

## SCHOOL NEWS

### Sandstorm Is Sent To Publishers

As a result of the steady work by the annual staff, the "Sandstorm" will be sent to the publishing company the latter part of this week. Half of the book has been sent in, and the last fifty or more pages are almost completed.

The staff wishes to take this opportunity to thank the faculty and the entire student body for their cooperation in making the 1939 Sandstorm a success. The cooperation that the businessmen of Memphis have shown is highly appreciated by the staff and students of Memphis High School.

### Track Meet Will Be At Cyclone Stadium

The new Cyclone Stadium will be the scene of the County Track Meet. Only the contestants will be allowed on the field for there is ample room in the grandstand for the spectators.

The public address system will be used to announce the events and winners of each event.

### Wholesome Milk Important on Farm

"Good, clean, wholesome milk is one of the best foods known for promoting health. Milk supplies proteins, fats, minerals, and vitamins in forms which are easily digested and unequalled in other foods," W. V. Maddox, dairyman of the Texas A. and M. College Extension Service, points out in a circular, "Wholesome Milk on Texas Farms," just off the press.

Almost one-fourth, or 121,000 of Texas' farm families, have no milk cows. This means that the state needs an additional quarter million dairy cows if farm families are to have enough milk for home needs, and also that dairy production for home use can expand considerably in the state without competing with commercial dairy areas.

Maddox says Texas farm families not only need more cows, but that the cows now on hand need to be cared for in a more efficient way and that more care would produce more and cleaner milk. His circular lists in brief, concise form the precautions to be observed in keeping milks clean.

The publication, one of a series in the Extension Service' campaign for increased home production of quality foods, is available for free distribution at the offices of county agricultural and home demonstration agents.

### Mineral Use Aids Cattle Raisers

Use of mineral supplements under range conditions continues to show favorable results, Geo. W. Barnes animal husbandman of the Texas A. and M. College Extension Service, reports.

Bone meal and salt in the proportion of two parts of salt to one of bone meal, or in equal amounts of each, have brought the best results, Barnes said.

Reports of county agricultural agents show mineral supplement demonstrations returned many times the cost of the material in increased calf crops and general vigor of the cattle.

Lon McClellan, operator of the Circle Bar Ranch in Estar and Andrews counties had a calf crop of better than 92 per cent in 1938. McClellan has been using the bone meal-salt mixture for several years and has often had a 90 per cent calf crop in years when similar ranches with comparable cattle, but not using minerals, had calf crops running around 50 per cent.

Ben Huseman, Tob Babb, and H. W. Hillman, all of Jackson County, have been able to put more and better calves on the market as a result of keeping minerals before their cattle. Babb

### They Learn from Southern Women

Touring Reporters, now conducting a Query among women of the South and West, report remarkable agreement as to the benefits secured by users of CARDUI.

Of the 1297 users who were asked: "Were you helped by CARDUI?" 1296—or 93 out of every 100—answered "Yes."

The word of users everywhere is given to show how CARDUI helps to improve appetite and digestion, and thus build up physical resistance. In this way it also works to relieve the headaches, nervousness, depression, that attend functional dysmenorrhea due to malnutrition. Have you tried CARDUI?

### New Books Added To H. S. Library

Books acquired recently by the High School library are bound volumes of the National Geographic Magazine for the years 1936-1938 inclusive.

Four sets of the World Book Encyclopedia, 1938, each consisting of nineteen volumes, have been added to the library. One set of World Books is in the open face bookcase in the office.

Officials of the Metropolitan Opera in New York were touched by the story of a Toronto newsboy who wanted to hear the company but lacked the funds. They sent him money and tickets. ### 4-County Singing Convention Set

A four-county singing convention will be held at the high school auditorium in Turkey on the fifth Sunday in April, according to announcement made here this week. Singers from Hall, Briscoe, Floyd, and Dickens counties will meet for an all-day session.

O. R. Browning of Turkey is chairman of the association, and F. M. Casey of White Flat is vice chairman. Later announcement will be made in regard to special features and events.

NEWLIN

By MRS. FRED HEMPHILL

Early Morning Visitor

Housewives all over town were summoned to their back doors early Monday morning by a Mexican tramp who carried his worldly possessions in a sack, twice his size, on his back, the load of which caused him to stoop half double. Some were a bit "leery" of him and refused to answer his knock. Neighbors say he had eaten several times when he called at my door and asked for a sandwich, which he tucked in his sack. Politely refusing a glass of milk, but thanking me kindly for the sandwich he trudged off with his burden on his back. He resembled the refugees, whose pictures appear so frequently in the papers.

Flu Epidemic Gains

With several new cases of flu in the community, the epidemic seems to be gaining headway. Mrs. Cora Bice and R. O. Nelson Jr. were both taken to Memphis hospitals with the "strep" throat infection. Rev. Franklin Ivic has been confined to his bed for the past three days with pneumonia. He had been called to come to home in Florida by the illness of his father, and had reached Wichita Falls, when he became so sick he had to return home. Rev. David Calhoun of Lexington, Kentucky is visiting with him, and preached in his absence here Sunday.

P.-T. A. Program Postponed

The monthly meet of the P.-T. A. was postponed due to sickness, but will be presented at an early date.

Attend Stock Show

Mr. and Mrs. J. O. Cobb and son Louis, Mrs. A. M. Sims and son Don and Mrs. Chas. Read and sons Terrell and Paul Edward spent the week-end at the Fort Worth Exposition and Stock Show. They visited with Miss Lorraine Sims while there, and Miss Florence Loky, who is ill in the Cooks Memorial Hospital. Miss Loky is still very ill.

The spring shower Sunday afternoon, followed by the balmy spring morning Monday, brought forth the first barefoot boy of the season on our street, and one our neighbors even went so far as to plant an early patch of corn. Surely Spring is Here!

Mrs. Bill Ross of Childress spent Sunday at the home of her mother, Mrs. G. W. Helm.

Mr. and Mrs. C. H. Cheves and Miss Rebecca McCamne, and Mrs. D. W. Lawrence attended the Health Meeting which was held in the district courtroom Friday night.

Miss Jerry Lawrence spent the week-end with home folks. She is attending business college in Wichita Falls.

Preparations for a good representation of the Newlin school at the county meet, have been made and entries are prepared for all divisions.
