County Agent R. E. L. Pattillo Discusses General Farming Problems

PLAN OF SOIL CONSERVING IS TOLD FARMERS

Meetings At Lesley, Eli, Webster And Brice This Week

County Agricultural Agent R. L. Pattillo has conducted meetings of farmers at Eli, Webster, Brice and Lesley this week for the purpose of discussing the governmental soil conserving program, changes made, practices acceptable to the government and other farm problems in general.

In substance, Mr. Pattillo told the farmers at each gathering that if we will enter into this present farm program and make use of it, we will be better off in four or five years, both individually and collectively, than we are now."

Every Hall County farmer could grow sufficient livestock and livestock products to care for his family needs. If any surplus is made, he can sell it at a reasonable price, Mr. Pattillo stated. Every farmer in the county

'My Home Town'

CONTEST SPEECH

By G. W. Smith

Out where cattlemen and farmers unite their earnest efforts in forwarding the standard of citizenship, and work together for common good, is found Memphis, situated in the northeast corner of Hall County. This fair city, being located in the southeastern portion of the Panhandle of Texas, is the trade center for a large productive area. Stockmen and cotton-farmers for miles around come to Memphis from several counties to carry out business transactions through the hands of competent lawyers, and to include also in their frequent visits to our city, their own personal interests in shopping and in enjoyable social activity.

When I speak to you today, it is not my intention to make myself known as a high school student, appearing before you in supporting and upholding Memphis, but I wish to speak as a native son of one of the most beautiful and pros-

BAPTIST MEET CLOSES SUNDAY

Attendance Is Large, Although Cut By Rainy Weather

A great deal of interest has marked the second week of the early summer revival that is being conducted at the First Baptist Church here; and the large crowds that attended the opening services of the church revival last week continue to attend the sermons, although the size of the crowds is cut some because of the recurrent rains.

The preaching services are held twice daily. The morning sermon

'UNCLE BILLY' THOMPSON IS FOUND DEAD

Aged Memphis Man Lived In County Over 20 Years

William Saunders (Uncle Billy) Thompson, 79 years and 10 months of age, was found dead in his room at the Memphis Hotel here Saturday morning, May 23. It was thought that he had died the day before.

Funeral services were conducted from the home of George M. Thompson, a brother, at 321 North 12th street Sunday afternoon at 4 o'clock. The services were conducted by Rev. O. K. Webb, pastor of the Memphis First Baptist Church, and were directed by King's Mortuary. Interment was in Fairview Cemetery. Members of the Memphis Masonic Lodge assisted in the burial rites.

Pall bearers were Glynn, Edwin and Chauncy Thompson of Memphis; George Thompson of Hedley, Louie Thompson of Clarendon, and Otho Thompson of Amarillo. All were nephews of the deceased.

MERCHANTS TO COOPERATE IN TRADES DAYS

Semi-Monthly Event To Attract Large Buying Crowds

A new series of Memphis Trades Days is to begin here Saturday, patterned along lines similar to the series just completed. That is to say that Memphis merchants will continue their efforts in an attempt to bring throngs of persons from all over this section into Memphis to do their Saturday shopping.

The series of Trades Days which was completed here two weeks ago proved beneficial to both merchants and customers, it was said, as the merchants' volume of business increased notably and the

Varied Numbers Feature Rotary Club's Program

G. W. Smith delivered his address "My Home Town" at the Rotary Club luncheon Tuesday. This was his entry in the West Texas Chamber of Commerce convention speaking contest.

Jimmy Baird gave a classification talk on the development of the gas and oil industry from the crude methods of early days to the present efficient and extensive methods.

Mrs. Maynard Drake sang two numbers, "I Built a Dream" from May Wine, by Romberg, and "Villia" by Lehar. Then dedicated a number "Starlight and Sunshine," to the Rotary Club.

Ralph Cabaness introduced the program.

MEMPHIS GETS FIVE INCHES OF MOISTURE

Two County Bridges Are Damaged From Swollen Streams

Moisture laden clouds have hung low over the entire county for the past week, and have emptied their precious loads of seasoning water to thankful Hall County residents in rain after rain.

This section, once classified as a part of the "dust bowl," has taken on the aspect of East Texas, as intermittent showers and heavy rains have fallen for the entire past week. No remaining trace of a "dust bowl" is now discernible here, and the county looks more like a large morass than anything else.

Rains in some sections of the county have totaled more than six inches, and the farmers are wondering when they will be able to get into their fields to plant their row crops and to quell the millions of weeds which are springing up.

Despite the heavy rains over the county, comparatively small dam-

VERNON EDITOR DIES WEDNESDAY

T. L. Rouse, Former Resident Of Memphis, Flying Ace In World War, Has Stroke

T. L. Rouse, age 41, editor and business manager of The Vernon Times, died Wednesday afternoon at 5 o'clock in Vernon. Editor Rouse was found lying unconscious across a linotype machine in the Times office. He died a short time later in a Vernon hospital. It was thought he had suffered a stroke.

Mr. Rouse was in the aviation department of the United States Army during the World War and became known as a dare-devil flying ace.

Funeral services for Mr. Rouse were conducted Thursday afternoon, May 28, at 4 o'clock from the First Baptist Church. Burial was in the Vernon Cemetery.

Survivors are the wife, the parents, Rev. and Mrs. W. T. Rouse, formerly of Memphis but now of Denton; two brothers, Dr. Milford Rouse of Dallas and W. T. Rouse Jr. of Chicago; and two sisters, Misses Margaret and Elaine Rouse of Dallas. The deceased was a son-in-law of Mr. and Mrs. A. Baldwin of this city.

Those from Memphis who went to Vernon to attend the funeral were Mr. and Mrs. A. Baldwin, Mr. and Mrs. Byron Baldwin and sons, Jack and James, Mrs. Bertha Carter, Mr. and Mrs. R. H. Wherry, Mrs. J. W. Stokes, Mrs. Clyde Milam, Mrs. J. J. Wilson, Mrs. W. C. Dickey, Mr. and Mrs. R. E. L. Pattillo and Mrs. W. B. DeBerry.

Classification Of Schools Is Made By County Board

JAMES COUNTY PAROLE BOARD

A parole board for Hall County has been established by Governor Allred. He appointed T. J. Dunagan chairman, and J. A. Lamb of Estelline and L. R. Russell of Turkey members of the board. The appointment was made public today.

The purpose for which the county parole board is created is that at any time a state prisoner is given a parole he reports to the county board regularly, and it is the duty of the board to see that he is given a fair chance to work and become a good citizen of the community.

Classification of Hall County schools was made Wednesday of this week when the county school board met in the county school superintendent's office in called session, with H. W. Kuhn, president, in charge.

Miss Inez Mason was hired by the board to serve in her present capacity as assistant county school superintendent for the next school year.

The following classifications of the schools in the county were made:

Eli eight grades and three teachers. The Eli school had nine grades and four teachers last year.

Gammage's school was not classified. It had seven grades and two teachers last year.

Webster seven grades and two teachers, the same as for the past year.

Newlin eight grades and three teachers, which is the same as for the past year.

Parnell eight grades and three teachers, the same as for the past year.

War Vets To Get Bonds on June 15 From Post Office

Numerous inquiries have been made at the Post Office here during the past several days by CCC and Hall County World War Veterans concerning the manner in which they will receive their adjusted service bonds.

Postmaster J. Henry Read has announced that he has received only the briefest of information from the United States Post Office Department as to how the bonds will be handled.

He stated, however, that the bonds for Hall County will be dispatched on June 15 from Dallas, and the receipt here will depend on the transit time between Dallas and Memphis.

The registered letters containing the bonds will be marked "For Delivery to Addressee Only," he said. Regardless of the fact that the registered letters may be addressed in care of a person or institution, delivery shall be made to addressee only.

The owner must sign the request for payment exactly as his name appears on the face of the bond

Name It!

By J. CLAUDE WELLS

After so much rain one would think somebody would start grumbling. Not so. They had been wanting a rain so long that it will take a lot of water to make them forget the many dry, drouthy, dusty, hot days that prevailed for several years.

If a good season is an indication of good crops, this country ought to have the greatest yield in its history this year. While most Great farmers received rain too late to get much from their wheat crops, they will get ready to sow their next year's harvest.

The Panhandle is the greatest next-year country in the world. If a farmer fails to raise a crop one year he is not discouraged—but tries it again, hoping that next year he will make a bumper crop. It takes intestinal fortitude to live in the Panhandle year in and year out. That is the reason a six-year drouth does not discourage Panhandle farmers.

'Farming Unit' Is Interpreted By State Board

There has been considerable question locally concerning the definition of the term "farming unit" as applied in the federal Soil Conservation and Domestic Allotment Act, according to attaches at the county agent's office here. A farming unit is defined as "all land which is farmed by an operator in 1936 as a single unit, with work stock, farm machinery, and labor substantially different from that for any other land."

The state farm committee interpreted the above definition to mean that all land farmed from the same headquarters by a landowner or by a share tenant, who furnishes his own machinery, work stock, and labor for a share of the crop, should be considered a separate farming unit.

Each separate block of land farmed by hired labor or by share croppers shall be considered a separate farming unit, unless the hired laborers or share croppers and the farm machinery and work stock are distributed daily from a farm headquarter's to the various separate blocks of a divided farming unit.

Local and county committeemen are urged by the county farm agent to safeguard the interests of all producers by informing them of the above ruling, which must be met for compliance with the current farm program.

The state farm committee desires to call the attention of all local and county committeemen to refrain from certifying compliance on "blown-out" or otherwise destroyed crops of wheat or other small grains which might be plowed under as green manure and claims made for a soil conserving crop or a soil-building practice payment. A reasonable growth and adequate crop sufficient to add to the fertility of the soil when turned under are necessary.

100 Rural Pupils Sign For Trip To Texas Centennial

One hundred Hall County pupils of common schools have been signed up to attend the Centennial Exposition in Dallas on June 13 and to take part in the mass school children sing-song, according to Miss Vera Tops Gilreath, county superintendent of public instruction.

Two hundred and fifty Hall County school students, from both rural and independent schools, will leave Memphis Friday night, June 12, at about 11 o'clock for Dallas. Many of the school children will be taking their first train ride, and they may get to take their first ride on a special.

Plans are under way to run a special train to the Centennial, with adjoining counties sending delegations on the train. However, full details have not been worked out, and the special train is not assured.

Admission tickets to the Centennial grounds are being sent by Dr. L. A. Wood, state school superintendent, to the office of Miss Gilreath here for the county students; and the admission tickets will be given to the pupils free.

Money to send the students to Dallas has been made up in sev-

Honest Man Is Found, Declares Andrew Womack

There is at least one honest man in Memphis, declares Andrew Womack, who tells this story:

"A local man came into my store the other day and paid me twenty-five cents for five packages of chewing gum that he stole in my store back in 1927.

"The man, a person whom I never would have suspected of stealing anything, said that he had been trying to get up courage enough to tell me about the theft for the past two years.

"He finally gained the courage Monday and paid the debt. He asked me to figure interest on the twenty-five cents, but I declined.

"We were both made happy over the incident Monday. The man's conscience is clear now, and I have the quarter besides being assured of his honesty."

Three Are Injured Sunday In Automobile Wreck Here

One person was injured seriously and two others sustained injuries less severe, although painful, in an automobile mishap which occurred about 12 miles southeast of Memphis on State Highway No. 5 last Sunday about noon.

The accident occurred when the automobile which Jack Moody, a McLean automobile salesman, was driving struck a concrete highway culvert just south of Newlin and crashed over into a barrow ditch.

The injured:

Mrs. R. D. Miller of Burkburnett, a broken leg and severe bruises.

Jack Moody of McLean, a badly gashed leg and other cuts and bruises.

Mrs. Daisy Stafford of McLean, severe lacerations. Mrs. Stafford is the former Miss Daisy Watson of Lakeview.

The fourth occupant in the wrecked automobile, Mrs. Miller's eight-months-old baby, escaped unscratched.

The injured persons were rushed to the Memphis Hospital where they received treatment. Moody and Mrs. Stafford were released after receiving medical attention, but Mrs. Miller is still confined to the hospital.

The accident was said to have happened when Moody looked back while rounding the curve south of Newlin on the short strip of caliche paving. The entire front of the light coupe was badly smashed when it hit the concrete and turned over.

An amusing anti-climax occurred when two other vehicles figured in a minor wreck as the two drivers watched Moody's car turn over. A light pick-up, the driver of which was not identified, ran into the rear of an automobile driven by Mrs. John Nichols of near Salisbury, it was said. The rear end of the Nichols car was badly smashed, repairmen said.

WILL ADD CCC MEN IN JULY

Application Should Be Made Now For Enrollment

Tentative plans are being made for a CCC enrollment to take place some time in July, according to A. W. Long, district relief administrator. As the Texas Relief Commission is due to cease functioning the last of June and since no other agency has been set up for the selection of CCC applicants, it is necessary that the selection be made immediately, Mr. Long said.

Applications for CCC enrollments are being taken now by Texas Relief Commission case workers with the assistance of the county welfare workers. Applicants are requested to contact the TRC case worker for their particular county.

Atalantean Study Club Members Have Annual Luncheon With Mrs. Neeley

Mrs. D. A. Neeley was hostess at her country home Thursday, May 21, to members of the Atalantean Study Club when they met for the annual luncheon, closing the year's work.

Bouquets of pink roses were artistically arranged about the rooms, and used to center the small tables.

At 1 o'clock, a delectable three-course luncheon was served buffet style.

Following the luncheon, the president, Mrs. C. W. Broome, called the club to order for the business meeting. After Mrs. Neeley was voted the "best all-around" member for one year, Mrs. Broome presented her the book, "Each in His Own Tongue," by William Herbert Carruth.

Mrs. Frank Phelan received honorable mention for having been present for every club meeting this year.

Immediately preceding the program, recess was called and bottled Coca Colas were served.

Members answered roll call with "Current Events" and the following program on articles taken from leading magazines was given: "United States Commercial Orchids," from Fortune, was given by Mrs. Guy Smith; "He fell in love with a picture," from Reader's Digest, was told by Mrs. Frank Phelan; "Furs," from Fortune, was given by Mrs. Riley W. Gariton.

The history of the club year 1935-36 was read by Mrs. Troy Broome, following which "The Eyes of Texas" was sung as an ensemble number.

Mrs. C. W. Broome, retiring president, in her farewell remarks, expressed appreciation to the club members and committees for their work during the year, and introduced Mrs. D. A. Neeley, president for the coming year, who in a few well-chosen words, accepted the leadership of the club.

Members present were: Mesdames Guy Smith, B. B. Estes, Troy Broome, W. B. Kimberlin, R. W. Carlton, C. W. Broome, W. C. Dickey, R. E. L. Pattillo, S. L. Seago, J. B. Chitwood, Carl Perkins, T. T. Harrison, Frank Phelan, C. W. Kinslow, D. A. Neeley, [illegible] Hightower, and Mrs. Wade Hilliard of Childress, guest.

MILLIONS OF POUNDS HAVE BEEN USED BY OUR GOVERNMENT

Check these 3 VITAL POINTS when you buy *your* refrigerator!

BE SURE IT . . .

★ KEEPS FOOD SAFELY

★ FREEZES PLENTY OF ICE, QUICKLY

★ OPERATES AT LOW COST

• Insist on *all* 3. Demand proof. Only then can you be sure of true economy . . . true value. The new Frigidaire with the "Meter-Miser" provides all 3 basic requirements and gives you proof you can see!

Don't buy your refrigerator blindly. It is an important purchase. You want to be sure to get your money's worth. The only way to be sure is to buy a refrigerator that provides all 3 basic elements of true refrigeration.

Choose your refrigerator this way: First, demand proof that it will keep foods safely at all times. Remember, that is its most important job. If it will not protect your food when the temperature soars, it isn't worth having.

Second, demand proof of fast freezing . . . plenty of ice. You will need such performance in summer. If you do not get it, your refrigerator will be a disappointment . . . one that does not provide full value.

Third, demand proof of low operating cost. But only after you have seen proof of the other two requirements. Low operating cost has no value if it is not combined with complete modern refrigerating performance you are entitled to.

The new Frigidaire with the "Meter-Miser" provides all 3 . . . safety food temperatures . . . faster freezing . . . more ice . . . and low operating cost. We *prove* it in our showroom. Come in and see the proof now!

Jimma Joan Drake Is Honored With Birthday Party

Mrs. Maynard Drake honored her daughter Jimma Joan on the occasion of her seventh birthday with a party Monday afternoon at the Drake home, 708 South Eighth street.

A circus day theme was carried out in the decorations and the games that were played. Each guest was asked to come in costume and a prize was given to the one wearing the most appropriate costume, and Jack Miller was considered the best and was awarded the prize. Each child was to do a circus stunt which furnished much merriment.

To further carry out the circus day idea the birthday cake was made to represent a merry-go-round, decorated with animal crackers and sticks of candy. Ribbon streamers were used from the center pole to the small poles.

In the first part of the afternoon the guests were passed small sacks of pop corn and after the games the birthday cake was served with ice cream. Small horns were given as favors.

Those attending were: J. L. Barnes, Laddie Sloan, Jane Hicks, Patty Lou Sloan, Jack Miller, Mary Lou Lindsey, George Dean Morgensen, Mary Frances Whaley, Sue Anne Roberts, Winifred Jane Tarver, Nell Hagan, Marjorie Davis, Don Q. Tarver and the honoree.

Mrs. Lawson Brown and daughter, Mitzie Darlene, and Mrs. T. E. Noel and daughter, Tommye, assisted Mrs. Drake in entertaining.

Office of Sheriff Is Sought By Jess Jenkins, Turkey

The Memphis Democrat is authorized to announce the candidacy of Jess Jenkins for the office of Sheriff of Hall County, subject to the action of the Democratic primary.

Mr. Jenkins needs no introduction to the voters of Hall County, for he has been a resident of the county for the past 20 years. He came to this county in 1916 and worked for a number of years on the Bob Forbis ranch. Later, he moved to Memphis and engaged in business, working several years for the Greene Dry Goods Co. in Memphis, and in 1925 he was placed in charge of the Greene Dry Goods Co. store at Turkey, which position he held until 1931 when the store was consolidated with the Memphis store.

Mr. Jenkins is an experienced and capable business man, and has also had experience as a peace officer.

In making his announcement, Mr. Jenkins made the following statement: "I have decided to enter the race for Sheriff after being solicited by many friends and acquaintances throughout the county. Due to other business I have been delayed in making the announcement. I am making the race for this office feeling that I am competent in every way to fulfill in a satisfactory manner to all concerned the duties of the office, and I promise the people a good administration impartially administered, if they honor me with this office.

"I will make an effort to see every voter in the county as soon as possible, and assure you that your influence and support will be greatly appreciated. I want to thank my many friends throughout the county for the support and encouragement already accorded me. If elected, I will endeavor to merit a continuation of your good will and support."

MEMPHIS GOLFERS FAIL TO REACH GREEN BELT FINALS

For the second time in the 10-year history of the Green Belt Golf Association, a Memphis golfer did not reach the finals in the annual Green Belt Tournament when the seven entrants from the local country club got no farther than the third round in the tourney play this week at Quanah.

The Memphis team, composed of Thomas Hampton, Frank Foxhall, J. D. Webster, R. S. Greene, Ed Foxhall and Carl Harrison, tied for team honors with the Sayre, Oklahoma, team. Both teams shot a total score of 472.

J. D. Webster, Memphis youthful golfer, created quite a sensation when he defeated Roy Lebus, defending Green Belt Champion from Electra, in the first round of play. Webster and Ed Foxhall of Memphis reached the third rounds, all others being defeated in their initial rounds.

Frank Foxhall, twice tourney champion, tied for second medalist honors in the qualifying round, shooting a 73. Charles Reasor of Electra succeeded Regnal Greenhaw of Memphis as the medalist when he carded a 71.

The entire playing field was studded with star golfers, with only two former champions, Regnal Greenhaw and R. V. West, not competing.

The Memphis player's qualifying scores:

Thomas Hampton, 75; Frank Foxhall, 73; Carl Harrison, 83; J. D. Webster, 79; Ed Foxhall, 80; R. S. Greene, 82; Dr. L. M. Hicks, 102.

Farmers Of Hall County Are Saved $25,600 Interest

Refinancing debts through the Farm Credit Administration has saved Hall County farmers more than $25,600 a year on interest alone, according to figures from the central office of the Farm Credit Administration in Washington.

Over $1,085,000 of farm debts with interest rates that averaged 7.0 per cent a year have been refinanced with long-term mortgage loans carrying interest rates of 5 per cent a year or less.

The figures show that the local National Farm Loan Association has been a big factor in making [illegible] long-term mortgages available at low interest rates. The Association guarantees loans to the Federal land bank.

From May 1933, when the Farm Credit Administration was organized, to the end of last year, 290 Hall County farmers obtained $1,037,400 for the specific purpose of refinancing old debts.

The Federal Land Bank made 185 first mortgage loans and the Land Bank Commissioner 278 loans. Many of the Commissioner's loans were made on second mortgage security to farmers who also obtained first mortgage loans. Most land bank loans are endorsed by associations and advanced from funds obtained by selling farm loan bonds. The Commissioner lends from funds provided by the Federal Government.

M. O. Goodpasture Asks For Office Of County Judge

The Memphis Democrat is authorized to announce the candidacy of M. O. Goodpasture for the office of County Judge of Hall County, subject to the action of the Democratic primary.

No detailed announcement is made here as Mr. Goodpasture will probably set out his platform in full in next week's issue.

HEART ATTACK PROVES FATAL TO E. H. SMALL

Outstanding Citizen Of Collingsworth County 45 Years

Special to The Democrat

WELLINGTON, May 25.—Judge E. H. Small died here early this morning after an illness of a few days' duration. Funeral services were held this afternoon at the First Methodist Church in Shamrock, conducted by Dr. R. Thomsen, Amarillo Presbyterian minister.

Judge Small, a resident of the Panhandle for 45 years, was one of the outstanding pioneers in the development of this section. He was widely known as a public official, breeder of fine stock, a merchant and banker. He was born in Alabama in 1860, moved to the Aberdeen community in Collingsworth County in 1891.

He was the second county judge of Collingsworth County. Later entered the mercantile business at Shamrock, and for the past 15 years was business manager of the Hughes estate.

Survivors are the wife, five daughters, Mrs. Fred Holmes, Mrs. Temple Atkins, Mrs. E. H. Kromer, all of Shamrock; Mrs. Cleo Templeton, Wellington; three sons, Senator Clint Small, Amarillo; Horace Small, Oklahoma City, and Hugh Small, Wellington.

KICKS OUT WINDOY PANE

E. S. Mayfield sustained a badly cut foot the first part of this week when he kicked a window pane out while sleeping during the night. He has been going about on crutches this week. He is having a difficult time convincing people about his accident, he says.

KING ATTENDS STATE DEMOCRATIC MEETING

James E. King, Hall County Democratic Chairman, was Hall County's only delegate at the State Democratic Convention in San Antonio first of the week.

Mr. King reports a very harmonious meeting, with all resolutions passing in favor of the present administration.

WORK SHEETS MAY NOW BE SIGNED HERE

83 Per Cent Of Hall County Farm Men Have Complied

Signing of work sheets to be used in connection with this year's federal soil conservation farm program was officially resumed at the county agricultural agent's office yesterday, and is going forward today. Two other days, Thursday and Friday, June 4 and 5, will bring the signatory work to a close.

Eighty-three per cent of all Hall County farmers have signed the work sheets, and it is thought that the county will be almost solid in the preliminary farm program signing by June 5.

Date for filling out the government work sheet forms was ordered closed by state authorities May 16, but time has been extended in order to give every farmer a chance to align himself with the governmental farm program.

County Farm Agent R. E. L. Pattillo has pointed out that the work sheets are necessary before a cotton producer may take part in the federal soil conserving program and subsequently receive the benefit payments.

Signing of the forms, however, are not binding contracts; and a farmer who fills out a sheet may later withdraw if he so desires.

Capt. Houston's Family Arrives

Mrs. O. P. Houston and three daughters arrived from San Antonio Wednesday to make their home here with Captain Houston of the CCC Camp. The two older girls will leave soon to spend the summer at Camp Arrow near Kerrville.

Captain Houston met them at Lubbock and brought them to Memphis. He said the whole country from Memphis to Lubbock was saturated with water, and that Pease and Red rivers were full to the banks.

The floor show in the German restaurant of the $250,000 Black Forest village of the Texas Centennial Exposition will be performed on ice by the world's most artistic skaters. The $25,000,000 Exposition opens at Dallas June 6.

THREE NEW RULINGS RELEASED BY STATE CONSERVATION COMMITTEE

Three supplementary recommendations of the Texas State Committee of the Soil Conservation program have been approved by the Secretary of Agriculture, it was announced today by A. L. Smith, executive secretary of the State Committee, and Jack Shelton, vice director and state agent of the Texas Extension Service.

The first of the recommendations approved is that the term "soil-conserving crops" has been ruled to mean any crop on crop land upon which an approved soil-building practice is carried out in 1936, and from which no soil-depleting crop is harvested in 1936.

The second recommendation was approved for the State of Texas states that sorghum or millet when seeded on crop land between January 1, 1936, and July 31, 1936, if all the crop is left on the land or plowed under, will be regarded as a soil-conserving crop.

The third approved recommendation is in regard to a soil-building practice which states that any sorghum, sudan grass or millet will receive a soil-building practice payment at the rate of $1.00 per acre when seeded on crop land between January 1, 1936, and July 31, 1936, and all the crop is left on the land or plowed under, providing that all the requirements for grant are complied with.

Finds the Ford Factory Exchange Plan a Big Money and Time Saver

P. E. Northway Co., Ford Dealer
Oklahoma City, Okla.

Gentlemen:

Sometime ago we standardized on FORD V-8 delivery and sales equipment, our reasons being as follows:

Economy of operation is the first factor to be considered, this being outstanding from the day of purchase and after many thousands of miles it is further magnified by the exclusive FORD factory exchange plan, effecting a great saving not found elsewhere.

Service may be obtained readily anywhere, anytime, day or night and naturally this is a great time saver for those who must have their equipment ready at all times.

The appearance of equipment has long been recognized as of good advertising value to any concern and we were among the first to commercialize this, hence FORD 100%.

Very truly,

MEMORIAL DAY

MEMORIAL DAY was originally set apart by custom and later by statute for the purpose of honoring the memory of the soldiers who fought in the War Between the States. The custom of strewing flowers over the soldiers' graves originated with the Southern States, and this idea was adopted by a few states in the North.

In May, 1868, Gen. John A. Logan, then commander-in-chief of the Grand Army of the Republic, issued an order appointing May 30 of that year for Grand Army services in so decorating graves. The day possibly was chosen, it is said, because it was the date of discharge of the last Union volunteer of the war. The states which observe the day have adopted it singly. Now it is observed universally over the entire nation.

The original purpose of Memorial Day was to remind oncoming generations that war is a savage, brutal, barbarous system of adjusting hates and enmities generally with an idea of gaining something of value from the other fellow. It has been claimed that if the profits are removed there will never be another war.

It was not intended that war was to be crowned with a halo, when the first Decoration Day was held. It was intended to pay tribute to the departed soldiers who lost their lives fighting for their country and their principles by decorating their graves with flowers.

Memorial Day should now be so observed. But there are many who would take advantage of the occasion to stir up the patriotism of the people, causing them to want to shoulder their guns and march off to war—any war. The drum retains its ancient power to stir the blood and the notes of the bugle are as profoundly moving as in the days of ancient Rome.

The eternal verities, however, remain. So long as the sun shines and rivers run to the seas; so long as men are men they will honor in their own ways and in the manner of their times, those who have served their country in time of need. So long as the grass grows green on the soldier's grave, special honors will be paid to those who died in battle. That is remembrance and the real purpose of Memorial Day.

Should the day come when Memorial Day is no longer fittingly observed, it will be bad for Americans and America.

Let's pay tribute to the departed soldiers—those who fought in the Revolutionary War, War With Mexico, War Between the States, Spanish-American War and the World War, and while doing so resolve to keep America out of war for all time—a task that is just as patriotic as it is to fight when necessity arises.

MEET THEM WITH A SMILE

SATURDAY the women of Charles R. Simmons Unit of the American Legion Auxiliary will be on the streets with baskets of memorial poppies to be worn in honor of the World War dead. They will work throughout the day, distributing the little red flowers and gathering contributions for the welfare of the disabled war veterans and the families left in need by the death or disability of a veteran. Their unselfish efforts will give every individual in the city an opportunity to pay personal tribute to the men who gave their lives for the country, and to extend a helping hand to those who sacrificed health, strength and happiness on the altar of patriotism.

The Auxiliary women are the wives, mothers, sisters and daughters of men who served in the war. They will do the hard, unaccustomed work of Poppy Day without any recompense except the knowledge that they are helping keep bright the memory of the war dead and helping keep hope in the hearts of those who are bearing the war's burden of suffering and privation. They deserve the thanks and applause of the entire city.

When we meet these women on the streets Saturday, let us all show understanding of the work they are doing. Let us meet them with a smile of appreciation and put on our poppies, glad for the opportunity they are bringing us to honor the nation's heroic dead and aid those still within reach of our help.

IS MEMPHIS AWAKE?

A NUMBER OF CITIZENS and the Gold Medal Band went to Paducah yesterday to take part in the Pioneer Celebration. Paducah's boosting visit to Memphis last week evidently caused some serious thinking.

Eight Enroll In Summer Session Of School Here

Eight students, four from the local high school and four from grade school, enrolled this week in the summer session of school here. The students enrolled are Raymond Powers, Marie Williamson, Lillian Huckaby and Junie Sue McMurry in the high school, eand Billie Merris, Charlotte Courtney, Beth Deason and L. F. Jones in the grade school division.

Sam S. Cowan is instructor for the summer school classes, and he has announced that enrollment for the summer term may be made during the next week.

Tuition is $15 for one high school subject and $10 for a half subject. For junior high and ward subjects the tuition fee is $10.

Summer school here is to continue for a six-week period, with classes being taught each morning. Classes will last for two hours, with instruction being given in those subjects to adjust the students in their grades.

Mrs. Mattie Kennon

Mrs. Mattie Kennon is dead. All that can be earned of Heaven she has earned. The number of years she lived is not so important, as each year she lived was filled with thoughts and deeds of kindness. With her past few years of physical weakness she would accomplish what it was her pleasure to do.

In her youth, at the age of 16 she became a Christian and united with the Baptist Church, and was still a faithful member when God called and said, "It is enough; come up higher." She befriended the friendless, sheltered the shelterless, always encouraged those who needed comfort. Her thoughts were ever less of self than children, church, friends, and home.

Her house was a home permeated with cheerfulness, affection and comradeship. Many of her good deeds are unrecorded save within the chronicles of Heaven. She sorrowed with the sorrowing and mingled her tears with those who wept. A heart so filled with love, pity and benevolence had no place for envy or hate. The world would not have been so well had she not lived.

Mrs. Mattie Lavina Kennon was a daughter of W. C. Alexander, one of Hall County's pioneer settlers coming to the county in 1889. She was born at Cedar Springs, Dallas County, February 19, 1874; moved from there to Tarrant County at the age of three years and resided there until she moved with her parents to Hall County.

At the age of 18 she was united in marriage to Lawrence Kennon. They lived happily together for 21 years when death claimed him in 1913 at Vigo Park, Texas. To his union six children were born, two daughters and four sons, one son passing away in infancy.

Mrs. Kennon departed this life May 9, 1936. Funeral services were conducted May 10 at 4 p. m. from the First Baptist Church, with Rev. O. K. Webb, pastor, officiating. Burial was in Fairview Cemetery with Hodges Funeral Home in charge.

Pallbearers were Andrew Wopack, C. W. Wheeler, George Greenhaw, Ben McElreath, I. W. Thomason and P. O. Young. Honorary pallbearers were R. T. McElreath, George Thompson, Matt Lane, Bob Beckum, Lee Thornton, A. Baldwin, H. C. Crow, R. H. Wherry and Mr. Reed.

Those in charge of flowers were Misses Bonnie and Beulah Black, Mary Beckum, Mona and Edna Reed and Mrs. Tacquard.

Survivors are two daughters, Mrs. Pearl Bradley and Mrs. Mattie Orah Jones, Memphis; three sons, J. J. Kennon, Lon, N. M., Lawrence J. Kennon, Dallas, and R. F. Kennon, Memphis; four sisters, Mrs. Maude Arnold, Memphis; Mrs. Teressa Rogers and Mrs. Emma Charles, Canyon; Mrs. Minnie Derr, Vigo Park, Texas; and twenty grandchildren.

Out of town relatives and friends present for the funeral were: Byron Alexander, Fort Worth; Mr. and Mrs. Buck Wesley and family and Mr. and Mrs. J. A. Derr, Vigo Park; J. J. Kennon and Bill Elliott of Lon, N. M.; Mr. and Mrs. L. J. Kennon and daughter, Dallas; Mrs. Teressa Rogers and Mrs. Emma Charles, Canyon; Marie Fowler, Roaring Springs, Texas.

CHURCH SCHOOL OPENS MONDAY

Officials Of Church Will Instruct In Useful Topics

Children from Memphis and nearby communities will be afforded an opportunity of attending a school which they will enjoy when the Vacation Church School opens at the First Methodist Church here Monday, June 1, according to Orion W. Carter, pastor.

Useful handicraft, songs, the Bible, games and other subjects are to be taught by competent instructors. Classes are to be held each morning from 8:30 to 11:30 o'clock. The entire program is to be an extension of the work done by the Sunday School Department.

Approximately 75 young people are expected to attend the daily classes, which will run for two weeks. Fully 75 children attended the Vacation School conducted by the Methodist Church last year.

The school is to be under the general supervision of Rev. Carter and Miss Margaret McElreath, with each departmental superintendent assisting. Sunday School teachers and other church officials will also assist with the school.

Local Girls Get D. B. C. Diplomas

Miss Mary Ellen Hamilton, daughter of Mr. and Mrs. Sam Hamilton of Memphis, and Miss Lula Faye Oren, daughter of Mr. and Mrs. Charles Oren, received their junior college graduation certificates at the 1936 Commencement Exercises of the Decatur Junior Baptist College Monday evening, May 25.

Both students attended the Memphis high school and were prominent in the school's functions.

Sam Hamilton and Mrs. Charles Oren went to Decatur last Sunday to be present at the graduation exercises. Mrs. Hamilton, who had been visiting relatives in Dublin for three weeks, arrived in Decatur Monday morning to attend the services. The Memphis people returned to their homes here Tuesday.

The $25,000,000 Texas Centennial Exposition at Dallas will use five carloads of flag poles. They range in length from 20 to 82 feet and from 4 1-4 inches to 16 inches in diameter at the base.

CARDUI

Cardui is a purely vegetable medicine for the relief of functional periodic pain, nervousness and weakness due to poor nourishment. It is in successful use by thousands of women.

"I have used Cardui and had good results from its use," writes Mrs. W. E. Barnett, of Taylors, S. C. "I suffered with cramping and headaches and would have a chilly feeling. Sometimes I would feel miserable and have pain more than a day, and I would be nervous. I read of Cardui and decided to use it. After taking six bottles of Cardui, I had less pain and was regulated. I feel much better."

When such suffering can be avoided by taking Cardui, isn't that the common-sense thing to do? Of course, if it does not seem to reach the cause of your trouble, consult a physician.

Something big, new, and important has happened to gasoline . . . something dramatic and exciting . . . an improvement so outstanding that recent estimates indicate 1,000,000 motorists have switched from pepless, low-mileage motor fuels to Phillips 66 Poly Gas.

During May, to add another million drivers to our many millions of satisfied customers, we urge only one trial tankful. We do so because we realize that any statements of ours—no matter how sincere—are merely "claims" to you until Phillips 66 Poly Gas has made good in your motor.

Whether you judge it by the way your car sprints from a traffic light, sweeps up hills, or eats up the straightaway; you will quickly *feel that difference.*

The extra energy units of POLYmerization . . . the accurate monthly re-balance of qualities to match your weather . . . the higher test and higher anti-knock—these combine to give you more power and more miles, snappier pick-up and sweeter running. All without paying a penny extra per gallon.

But these statements hit only the high spots in the story which your own motor will tell you. And it's a *continued* story of top performance and utmost economy for every regular user of the new Phillips 66 Poly Gas.

LOCAL LEGION AUXILIARY TO SELL POPPIES HERE SATURDAY

Members of the local American Legion Auxiliary will honor the World War dead and the disabled war veterans by conducting the annual sale of poppies in the business section of Memphis Saturday, May 30.

Poppy Day is to be observed throughout the nation Saturday, and millions of Americans will wear little red poppies as a contribution toward the welfare of the World War's living victims, the disabled veterans, their families and the families of the dead.

Poppy Day has been advertised here for the past few weeks, and a Poppy Day window has been arranged at the Democrat office by Mrs. Winfred Wilson and Mrs. L. L. Doss. The window is attractive with large dolls serving as soldiers and nurses.

More than 10,000,000 poppies are expected to be distributed throughout the United States Saturday, and approximately one million dollars will be received as contributions in exchange for the flowers. All money received will go to support the relief and rehabilitation work of the Legion and Auxiliary.

Disabled veterans in government hospitals and convalescent workrooms maintained by the Auxiliary have been working for months making the poppies with which America will honor her fallen comrades Saturday. The poppies which will be worn here have been made at Legion, Texas.

'Uncle Billy'—

was known to scores of Memphis and Hall County citizens, was an old-time cowboy. He herded cattle on the LX Ranch near Old Tascosa on the Canadian River for 20 years and came to Hall County 30 years ago. He was a member of the original Thompson Brothers Hardware firm here for 10 years. He sold out in 1916 and bought an interest in the Thompson-Roach Drug Company of Amarillo. He sold his interests in that firm several years ago, and for the last several years has been dividing his residentship between Memphis and Amarillo.

Mr. Thompson was born in Lenenworth, Kansas, in 1856. He was never married. He had been a member of the local Order of the Masonic Lodge for the past 15 years.

Survivors are one sister, Mrs. R. L. Slaton of Washington, D. C.; and four brothers, A. E. and R. L. Thompson of Amarillo, T. J. and George M. Thompson of Memphis. All of the brothers were here for the funeral.

Col. Ernest O. Thompson, State Railroad Commissioner, is a nephew of Mr. Thompson's.

Palace, Mr. Boren has announced that he will open a third motion picture show here about the first of September. The new show is to be named "The Wigwam," and is to be housed in the old Cobb Hotel, which is owned by Mr. Boren.

A feature of the new show, The Wigwam, is that it will be equipped with 290 balcony seats for negroes only. There will be 300 seats on the main floor for whites.

Construction of The Wigwam is to begin as soon as the building crew now at work on the new Palace quarters finishes with its present job.

The Western Electric Sound system now employed at the Palace is to be transferred to the Ritz Theatre, and the Ritz equipment is to be moved to The Wigwam. New equipment is to be placed in the Palace.

The Palace will be closed two or three weeks during July and will have its opening in the new quarters about August 1, Mr. Boren said. When The Wigwam is completed, Mr. Boren will own and operate three picture shows here.

Memphis Woman Attends Funeral Of Father May 3

Mrs. Paul Blevins returned first of last week from Cooper where she had been to attend the funeral of her father, E. O. Wylie, who was fatally injured May 2 while working at an oil mill, dying several hours after the accident.

The funeral was held Sunday, May 3, at the Cooper Baptist Church with the Rev. R. W. Howell conducting the services. Burial was in Oak Lawn Cemetery at Cooper.

Survivors are the wife, three daughters, Mrs. Paul Blevins of Memphis, Sallie and Beatrice, Cooper; three sons, Emmett, Clay and James Wylie, Dallas.

Mrs. Blevins remained with the family until May 18 when she returned to her home in Memphis.

Memphis Gets—

(Continued from page 1)

age has been reported. Part of the bridge over Bitter Creek near Brice washed away. One span of the bridge dropped into the swollen stream, and the remainder was left hanging. The abutment at the "Little Red River" bridge near Oxbow was washed away. Repairmen, however, have repaired the damages; and traffic may now traverse the bridge.

Numerous detours over the county have become necessary, as large holes have worn in some of the country lanes and roads. Traffic in sections has been slowed to a snail's pace, with countless cars "sticking" in mudholes and being drowned out.

Heavy precipitation has been reported from communities over the entire county. Turkey, Estelline, Lakeview and Memphis all had heavy downpours. Perhaps the heaviest rains fell through the Brice, Antelope Flat and Deep Lake sections. Over four inches had fallen in those communities prior to Monday, and reports from there are that the heaviest rains have fallen this week.

Terraces have been broken and dams have been washed out in sections over the county. Listed furrows have stood full of water for almost a week, and some fields resemble lakes. The flat lands between Memphis and Newlin at times this week have been one vast sheet of water. The Prairie Dog Fork of Red River was filled by a stream that reached almost from bank to bank.

Farmers, in most instances, who had their cotton planted prior to the rains, will have to replant; but the thousands of dollars in rain benefits have greatly offset the losses.

Several farmers have reported that their cisterns have been completely filled with rainwater and that their gutters have been disconnected in order to avoid the cisterns being broken at the top of the ground.

The rainfall in Memphis up until six o'clock Thursday morning amounted to 4.77 inches, according to J. J. McMicken, United States Weather Bureau statistician. With additional showers here Thursday morning, it was thought that five inches had been received here yesterday noon, with more in prospect.

Following is the past week's rainfall within the city limits of Memphis, as shown by Mr. McMicken's weather chart:

Thursday, May 21	.35
Friday, May 22	.14
Saturday, May 23	.88
Sunday, May 24	.69
Monday, May 25	.45
Tuesday, May 26	.78
Wednesday, May 27	1.57
Total	4.77

Farmers have thronged the streets of Memphis this week, discussing the rains and their prospects for good cotton and feed crops this fall. As most of them put it: "If we don't have a good season in the ground now, a good season can't be had."

Local merchants, too, are jubilant over the business outlook; and they are already planning for a good fall business.

Roy Russell of Turkey was a business visitor here Tuesday.

Public roads should be kept nice and clean, just like one would want his own front yard to look, for travellers along such roads canot help but see and become disgusted with a littered mess of all kinds of rubbish as they go to and from town. perous little cities found throughout the nation, and to speak in true representation of my home, Memphis, "Queen City of the Upper Red River Valley," and "City of Progress."

The title applied to the attractive town cannot be made to pertain to the past few years or even to the past decade. Long before happy families were living together in a community, Memphis had made an early start, and had begun building the sturdy stepping stones that have led her to the successful township that she is today.

One of humanity's predominant characteristics is a yearning to express its ideals and experiences in visible form. This fundamental impulse was evidenced when our pioneer fore-fathers placed the foundations of church and civic structures on the grounds of a settlement that thrust the spires of those buildings heavenward and labored through the years to make Memphis a community that finds it unnecessary to make vain boasts.

As a direct example of highly fledged progress, Memphis today offers many desirable advantages to her citizenship and to people included in her trade territory. Besides being benefited by a very efficient form of city government, she offers business, religious, and other social and civic opportunities which far exceed those offered by other Texas towns of near the same population.

Memphis accredits the height upon which it rests today to the willing cooperation of all citizens. An early example of unity among our townsmen made it possible for Memphis to become the county seat of Hall County. Joint workmanship among interested business men and civic-minded women attained both State and Federal highways through Memphis, and has been responsible for the construction of 90 blocks of brick paved streets, 18 blocks of boulevard lighting system, and 17 miles of cement side-walks.

The city, at the present, is sponsoring a strong union among merchants and business men, through a program providing for two strong, active Chamber of Commerce organizations. These units play the leading role in cityward development, and take the responsibility of improving the town, and cultivating a progressive spirit. The organizations finance and direct the activities of the Memphis Gold Medal Band, which was the official West Texas Chamber of Commerce Band at the convention this year.

We are also proud of a well equipped Carnegie Library and Park. In line with the library are various other modern public buildings, among which are a new Federal post office and a court house that are as fine as any others in this section of the country. Included also is a public school system meeting the highest educational standards.

Memphis is duly proud of its entertainment houses and amusement features. It boasts three motion picture theatres, modern golf clubs, swimming pools, tennis courts, and a club lake that furnishes swimming and fishing privileges for many people.

In line with courtesy and accommodation that are characteristic of local residents is safety, which is an essential factor in any successful young city's life. Memphis offers its citizens a cheap fire rate, a volunteer fire department that ranks second throughout all Texas cities, a speedy ambulance service, and five modern hospitals and sanatariums, all furnished with highly recommended staffs of doctors and nurses. Memphis is also proud of its protection against crime, through alert police and sheriff's forces that work in the city on both day and night shifts. Other means of safety are offered through a commendable traffic system and through two strong banks. Citizens always look about proudly when they realize that practically all of its 180 wholesale and retail business buildings are of fireproof construction.

Yes, I repeat that Memphis citizens have a great deal to be proud of. It is their duty to carry out the program that has made them what they are today. Memphis, "City of Progress," composed of 4,000 men and women of vision and agressive character who are joining earlier inhabitants whose energies have brought the town thus far on its cityward career. Indeed, it is only appropriate that inhabitants of our growing city should feel as they do, looking forward only to the welfare of a community, which retains enough of the Western free and easy friendliness to give her a distinction peculiarly her own, and retaining the trust in God to lead the growing metropolis to a greater success in the commercial world.

(Editor's Note: The above address was delivered by G. W. Smith, graduate of Memphis high school this year, at Amarillo recently in the W. T. C. C. convention's "My Home Town" contest. G. W. delivered the address at the Rotary Club luncheon Tuesday at the request of the program committee. It is printed in The Democrat in order that all the readers may learn of Memphis' many good qualities.)

Tax Renditions To Be Taken Up June 10 And 11

"Kicker's Day" for tax payers of the Memphis Independent School District and the City of Memphis is to be held at the city hall in the city tax collector's office Wednesday, June 10, and Thursday, June 11.

"Kicker's Day" is so called because it is the day set aside by the city tax authorities for tax payers who think their renditions are unjust to "kick" to the board of equalization about it.

Notices have been sent out this week to all tax payers of the Memphis Independent School District to appear before the board Wednesday, June 10, in the tax collector's office at the city hall, to show cause why the property rendered for taxation should not be changed in valuation.

Notices have also been sent out notifying tax payers that the Board of Equalization of the City of Memphis is to meet in the tax collector's office in the city hall Thursday, June 11. Ten per cent is being taken from the city's 1935 real estate valuation, the notices state.

Both boards will sit from 8 to 12 a. m. and from 1 to 5 p. m. The boards are composed of F. N. Foxhall, S. T. Harrison and H. W. Stringer.

The county tax payers' "kicker's day" is not to be held until some time in August.

and must write his address on each bond in the space provided. For example, if the name appears on the face of the bond "George Washington Jones," the signature should read accordingly, and not "G. W. Jones" or George W. Jones," Postmaster Read pointed out.

Earlier Postmaster Read had received this notice from the Post Office Department, Washington: "In view of the fact that the Post Office Department will be called upon to promptly handle and pay war veterans' adjusted service bonds during the month of June, it will be essential that the maximum number of employees be available for regular and extra duty."

The local post office is preparing to handle the influx of business with the paying of the bonds.

Full instructions as to how the bonds will be handled will appear in next week's issue of The Democrat, Mr. Read said.

Approximately $400,000 in adjusted service bonds is to be received in Hall County.

As quotas are likely to be set according to the number of completed applications on hand, it is desirable that those interested make application as soon as possible.

HAPPY RELIEF FROM PAINFUL BACKACHE
Caused by Tired Kidneys

Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 3 pints a day and so get rid of more than 3 pounds of waste matter.

If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and may become poisonous. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.

Ask your druggist for Doan's Pills used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

MAJOR LETTER OF AWARD WON AT ESTELLINE

Marjetta Ewing Gets Honor For Leading In School Work

Miss Marjetta Ewing, daughter of Mr. and Mrs. G. C. Ewing of Estelline, was presented the Major Letter of Award for being the most outstanding pupil of her class for four years in both literary and extra-curricula activities. J. T. Duncan, superintendent of Estelline High School, made the presentation.

The certificate that was presented stated that she was the class salutatorian, most outstanding musician, and editor-in-chief of the school paper. Her average for the past two years was ninety-four and one-fifteenth, which is an unusual record of literary achievement.

should ask himself this question, the farm agent said: "Would I keep an old cow for 12 months and milk her if there wasn't any profit in it?" Farmers and dairymen should weigh their milk and test it for butterfat, and cut their herds according to the results noted, Pattillo said. This applies also to poultry and every other base of farm life, he declared.

Any farmer or dairyman in the country who is interested in keeping dairy or poultry records can get help as to setting up the books and other general information by applying at the county agent's office.

J. H. Wallace Dies At Childress Home

Julius Harvey Wallace, 51, died at his home in Childress Wednesday, May 20, at 2:30 o'clock, following an illness of one month.

The body was carried overland from Childress to Greenville Thursday of last week by a Hodges Funeral Home ambulance of Memphis. Burial was held May 22.

Mr. Wallace had been in the monument and vault manufacturing business for a number of years, and had resided at Clarendon and in Amarillo within the past few years.

Survivors are the widow, one son, Leamon L. Wallace of Childress; and one daughter, Mrs. Lois Tidwell of Amarillo.

Mrs. Russell Middleton and children went to Vernon the latter part of last week to make their home.

Black-Draught Relief Is Prompt and Refreshing

It's a good idea that so many people have to keep Black-Draught handy so they can take a dose for prompt relief at the first sign of constipation.

"I have used Black-Draught a long time, about as long as I can remember; and have a package on my shelf now," writes Mr. Sherman Sneed, of Evensville, Tenn. "I take Black-Draught for constipation which causes headache, a bad, tired feeling and for biliousness, bad taste in the mouth and sluggish feeling. Black-Draught, taken about two nights, clears up this trouble and I get all right."

Black-Draught is made of medicinal herbs, dried and finely ground, but no other change in their natural condition. It is a laxative that men and women like so well because of the refreshing relief it brings in constipation troubles.

WILL CONDUCT EXPERIMENTS ON CHILDRESS SHELTERBELT LANDS

Special to The Democrat

CHILDRESS, May 28.—The best way to hold the water that falls on shelterbelt strips in Childress and Hall Counties is the purpose of three experiments now being conducted by the United States Forest Service. The tests are expected to bring results within the next few days, as soon as observations can be made after the rains of Saturday and Sunday in Childress County.

Three Childress County farms where shelterbelt strips are planted are the subjects for the experiments. No experimentation is being made at present on Hall County farms.

The best way to make lister furrows, the effect of sloping ground on water run-off, and the way to build lister dams to attain the greatest degree of water conservation are the three questions to be decided in the test.

On all three farms, conditions are different in regard to lister furrows, slope of land, and lister dams. The farm which has the best record of water conservation after the rains will prove the best means of listing and damming shelterbelt strips, according to Donald J. Hodges, shelterbelt assistant.

Forest Service experiments in the past have shown that on land which has more than a five per cent slope, lister dams should be eight feet apart. On slopes of between two and five per cent dams should be 10 feet apart, and 12 feet apart on slopes of two per cent or less.

The purpose of lister damming is to keep the water from rushing down the lister furrows, carrying with it deposits of top-soil. The dams are intended to collect the water in lister furrows and hold it long enough to allow the water to soak into the ground.

PLEASANT VALLEY

By Claudia Vandeventer

A fine rain fell here Saturday and Sunday, giving a fine season for crop planting. The farmers are jubilant, believing the moisture is the forerunner of good crops.

Mr. Weaver of Brice has been farming for his son who is ill.

J. W. Mollow and family and Mary Watson were among those who attended the funeral at Borger Thursday of last week of little Jannie Nolan Sullivan, son of Mr. and Mrs. George Sullivan of Borger.

Mrs. Lucile Foster and Clara Ellis of Plaska visited their mother, Mrs. Charlie Reagan, Friday.

Everett Watson spent the week-end with his sister, Mrs. Mamie Benton.

Mr. and Mrs. H. H. Collie and Hugh spent Friday night in the home of J. W. Molloy.

George Sullivan of Borger spent Saturday night with his sister, Mrs. Mamie Crawford.

Mr. and Mrs. Elmo Gardenhire visited her parents, Mr. and Mrs. Brooks, Sunday.

Mrs. Homer Grant and children spent Sunday with her mother, Mrs. Crawford.

Judge Weaver and family visited Leard Weaver Saturday.

Mr. and Mrs. Elmo Watson visited in the home of Claude Vandeventer Sunday.

VISIT IN KENTUCKY

Judge S. A. Bryant and daughter Elizabeth returned to their home here last Friday afternoon from a three-week visit in Kentucky and in Oklahoma. While in Kentucky, they visited the site of "The Kentucky Home" at Bardstown, which is near Judge Bryant's birth place. Judge Bryant and daughter also visited Lincoln's birthplace in La Rue County, Kentucky. The trip to Kentucky was the second that Judge Bryant had made to his first home since he came in a covered wagon to Texas almost 53 years ago.

Two Local Girls To Get College Degrees June 2

Misses Ruby Lee Stringer and Tommye Mae Boren of Memphis are candidates for B. A. degrees from Hardin-Simmons University, June 2, Mrs. J. A. Beard, university registrar, has announced.

More than 100 seniors will receive degrees at the 44th annual commencement exercises on June 2, in the university's main auditorium. Members of the August graduating class will also be recognized at the June exercises, although diplomas will not be given until August.

Commencement speaker will be Hon. Edward R. McFaddin of Hope, Arkansas, prominent Arkansas lawyer and a former member of the legislature. McFaddin is a Hardin-Simmons alumnus, graduating in 1913.

Both Miss Stringer and Miss Boren attended Memphis High School, and both have been active in college affairs at Hardin-Simmons for the past four years. Miss Boren recently achieved national recognition by her selection to the "Who's Who Among Students in American Universities and Colleges."

ANTELOPE FLAT

ECONOMIC, SOCIAL SECURITY SEEN AS GOAL OF VETERANS

Seventy per cent of the $2,000,000,000 bonus to be paid to veterans the middle of June will be spent toward the attainment of economic and social security for the more than 3,000,000 beneficiaries, it was revealed today with the announcement of the results of a nation-wide survey just completed by The American Magazine.

The detailed analysis of the many and varied estimates of where the money is going, both geographically and by industries, is published in reply to inquiries from businessmen all over the country "who are oiling their cash registers in anticipation of the bonus payment," the magazine stated. The analysis is based on private investigation, following examination of figures supplied by the American Legion, the Department of Commerce and other organizations.

The two largest items, according to estimates based on inquiry among the veterans themselves, will be the payment of back debts, and the purchase or improvement of homes. These alone will account for some $600,000,000 each, or considerably more than half of the entire bonus payment. The third largest item, approximately $165,000,000 will be spent for the purchase of new businesses, business equipment, and on education to increase earning power.

In a geographical division of the bonus, New York tops the list with $221,373,427.96, followed by Pennsylvania with $155,594,459.25 and Illinois with $141,472,589.16. Nevada trails the parade with $1,771,846.11.

The survey revealed that large industrial organizations as a rule do not anticipate any sort of a boom to result from the bonus payment. For example, the statistician for a national organization of automobile manufacturers stated that the $122,000,000 of the bonus money which is expected to go for cars and trucks will be "only a drop in the bucket." Nevertheless, on the Department of Commerce estimate of 500 hours of labor in the creation of an automobile, this would involve 172,500,000 man-hours of work, not merely in the factories but extending back through the sources of material, to the mines, the forests, the wool markets; to railroad lines, steamship companies, etc.

Therefore while no mighty upturn in business is expected when the postmen call at 3,000,000 odd doorsteps with gifts averaging $570, the survey points out that there will be a stimulation of the industrial, commodity and labor markets which should make the cash registers tinkle throughout the land.

And incidentally, the preparations for paying the bonus have provided jobs for 3,000 men and women, and have sent something like $12,000,000 into trade channels, it is stated, even before a bond has been paid.

Mr. and Mrs. George R. Dickson of Brice were Memphis visitors Monday.

Win National Safety Contest with Ford V-8 Truck Fleet

Mr. Fred Jones, Ford Dealer,
Oklahoma City, Oklahoma.
Dear Mr. Jones:

You will be interested to know that with our Ford V-8 trucks, we have substantially increased our loads without increasing our operating costs. Our trucks are traveling more than a half million miles per month between Mexico, Canada and New England. We have every kind of climate to fight, from 40 degrees below zero to 115 above.

The following tells the story of economy, durability and safety:

Average trailer loads (exclude Texas)	17,470 pounds 2,180 miles
Average round trip	
Average operating cost per mile	7.2 cents .7 cents
Repair, labor and materials	
Depreciation and replacement—under $1.60 per day, per unit	

Our drivers won the National Safety test of the American Trucking Association, Incorporated, for last year.

You must have good equipment as well as good drivers to win such a distinction.

Yours very truly,

Clarendon Junior College Asks For Memphis Students

Special to The Democrat

CLARENDON, May 28.—A bus, carrying about 20 students daily from Memphis to the Clarendon Junior College, will boost the enrollment at the Clarendon college well over the 100 mark if plans now under consideration by Memphis citizens and Clarendon College board members materialize, according to R. E. Drennan, dean of the college.

"With the completion of the paving project now under way to Memphis, the trip may easily be made in 15 minutes," Drennan said. "This will enable students of that city to attend college while living at home, thus minimizing expense."

Drennan pointed out that students may obtain the same work in the local college as is offered by the majority of universities the first two years.

John T. Bishop left Sunday for San Antonio, where he attended the State Democratic Convention in session there May 26.

Who can there be who means to me
What Darling Mother meant?
Your name invokes a world of love
Through happy childhood scenes;
The memories of your tender care
Can never more depart;
And in return a last love
Wells up within our hearts.

Card of Thanks

We wish to take this means of expressing our heartfelt thanks to the many friends for their words of consolation, acts of kindness, and beautiful floral offerings, in the illness and death of our beloved wife and mother. May God's richest blessings rest upon each and every one of you.

Prizes Offered For Best Relics

Fifty dollars in prizes are being offered by the Old Relic Committee of the Panhandle Centennial Celebration at Pampa June 2-3-4-5 for the best old relics, F. V. Clark, local relic chairman, has announced.

"Dig deep in the old trunks, attics, and other storage places and bring me all the valuable relics here in Memphis," Mr. Clark asks. "I am thinking many of our people here have relics that will prove very interesting to the 100,000 people of the Panhandle who will inspect the relic exhibits at Pampa June 2-3-4-5, and some of our relics might win one of the three prizes."

"The Celebration at Pampa is the only Panhandle-Wide celebration this year that pays direct tribute to our own pioneers and their widows," Mr. Clark said, "and we should certainly do our part."

Relics turned in immediately will be insured by the committee against loss by fire or theft, and will be eligible for the prizes.

Vernon Williams Jr., formerly of Memphis but now of Chillicothe, spent last week here visiting John Clark, son of Mr. and Mrs. F. V. Clark.

Hawk Brand Work Clothes

Very few Texas manufacturers have as long a continuous record of making good standard work clothes as do the Hawk Brand Co., of Fort Worth. We have sold these garments in Memphis for 27 years, and today we believe that Hawk Brand products are the best they have manufactured in their history of more than 35 years.

Their overalls are cut fuller and give the greatest comfort. Their khaki pants and shirts are completely Sanforized and you can buy your correct size. Their children's play suits and boys' overalls are made to fit the slim southern boys and girls correctly. Hawk Brand Slim shirts fit the tall man properly.
