COUNTY PASSES QUOTA FOR RED CROSS BY \$471

Turkey Also Past Goal in Report Given This Week

If anyone ever had any doubts about Hall County people raising their quota for the Emergency Fund of the American Red Cross, they may now brush them aside like cobwebs. Because Hall County is away past the goal of \$2,300 assigned for the campaign.

Tabulation of contributions reported to D. L. C. Kinard, recently elected Red Cross treasurer, shows a total of \$2,771.12, or \$471.12 in excess of the county's quota, he announced this week. A number of contributions not yet reported will boost the figure higher, he said.

A factor in boosting the fund so far in excess of the goal was this week's splendid report from Turkey, which revealed that city had raised a total of \$474.20, exceeding the assigned quota of \$450 by \$24.50. A detailed report of Turkey contributions follows:

Amount raised to March 1, \$204.62; reported prior to this week, \$34; City Federation, \$63.60; Red Cross defense can, \$5.33; Turkey's share of Memphis Little Theatre play, \$38.85; Theo. Geissler, \$5; Miss Carrie Buchanan for Junior School, \$4; Friday Bridge Club, \$5; Mrs. Jess Meacham from sale of quilt, \$16.30; Turkey Fire boys' box supper, \$97.50.

A check for \$5 from W. M. H. Hughes, pioneer Lakeview farmer, brought the total to the figure listed above.

Office Practice Course May Be Conducted Here

Possibility of a refresher course in office practice to be taught at Memphis High School, was indicated today by R. F. Devin, head of the diversified occupations class, who said a number of local working people have expressed the desire for such a course. Devin urged that anyone interested get in touch with him or with Supt. W. C. Davis.

At least 12 persons are required to be enrolled to secure the business practice course which, it is suggested would run for about 10 weeks. If put on, the course will conform with national vocational educational requirements. Expense to enrollees would consist only of a small registration fee.

Spring, Beautiful Spring Is Almost Here! Or Is It?

Spring, the incorrigible coquette, is just as flirtatious this year as ever and, strictly according to form, seems to delight in keeping people guessing. So cautious has the weather been the past week that Memphis residents have been in a dither each morning whether to appear in shirt sleeves or wear their heaviest coats.

Sunday and Monday brought warm sunshine, Tuesday morning was cloudy and cold but warmer in the p. m., there was a heavy rain Wednesday morning and shirt-sleeve weather after dinner.

However, there are definite signs that spring is on the way. The first delicate green leaves bursting forth, violets peeking cautiously out from their winter beds, sap rising in the trees, and saps running about the streets, and—pardon us—the gals chasing hither and yon bare-legged. Or do they do that in the winter time, too?

Registrants Told They May Be Selected For Factories As Well As Battlefronts As Numbers Are Drawn In New Draft Lottery

3 MEN HURT IN FREIGHT WRECK AT LELIA LAKE

Broken Wheel Piles Up 18 Box Cars of North Bound Train

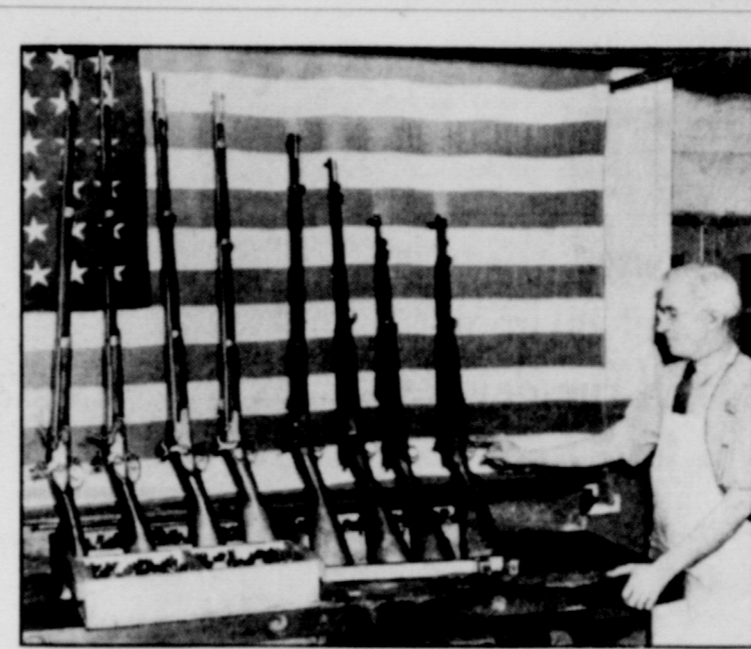

Three men, all transients, were injured when a north-bound Fort Worth and Denver freight was wrecked two miles east of Lelia Lake about 6 o'clock Wednesday afternoon. Injuries to two of the victims are reported to be critical, one suffering a broken back and the other having both legs crushed.

The injured are Harold Martin, Peoria, Ill.; James Christie, Houston, Tex.; and a man named Dine of Dallas. They are being treated in a Clarendon hospital.

A broken wheel is reported to have caused the wreck, in which 18 freight cars were piled up on the right-of-way. The locomotive and the first two cars did not leave the rails and several cars and the caboose at the end of the train also stayed on the track.

Memphis residents received no mail from the south this morning, as the north-bound passenger was routed to Plainview and over Santa Fe tracks to Amarillo. The wreckage was cleared away and traffic between Childress and Amarillo resumed this afternoon.

RIFLES—Having proven its merit with MacArthur's men at Bataan, the Garand rifle goes into full production at Springfield, Mass. Left to right, famous predecessors are the Charleville, 1763 model; the Springfield musket of 1795; first percussion load rifle, made in 1837; the 1842 type percussion load; the 1873 breech loader; the 1898 Krag-Jorgenson; the famous 1903 model Springfield rifle, and the 1936 Garand, newest and best product of the arsenal.

441 FIRST NUMBER FOR HALL COUNTY

Order of Calls Will Not Be Known Until Master List Is Sent from Washington

Unofficial comparison of numbers drawn in the new draft lottery with serial numbers assigned by the local selective service board show that only eight Hall County numbers bobbed up in the first 101 capsules drawn. The fourth number drawn, 441, was the first for this county and is held by Frederick McKinley Julian, Memphis.

Other numbers and their holders are: No. 176, Thomas Marian Page, Estelina; No. 606, Zack Heber Jouett, Parnell; No. 359, William A. Howard, Memphis; No. 129, Walter Moore Whaley, Estelina; No. 537, Leon Randolph, Memphis; No. 244, Morris Robertson, Lakeview. The 101st number drawn was 636 and is held by DeWitt Hotchkiss French, Memphis.

The order in which the numbers were drawn and appear above does not necessarily mean that these men will be called in that order. The county selective service board must adjust their list to fit a master list which will come from Washington before Hall County men will know a great deal about it.

Therefore, publication now of the serial numbers and the order in which they were drawn would (Continued on page 5)

Preparations for Easter Cantata Going Smoothly

Amphitheatre at City Park Expected to Be Filled for Sunrise Service April 5

Preparations for the presentation of the cantata, "The Resurrection Morn," to be given as a sunrise service on Easter morning, April 5, are going forward smoothly, according to Rev. E. L. Yeats, Methodist pastor, who is general chairman. The program is being sponsored by the Memphis Rotary Club.

Scene of this unique service, the only one of its kind to be given in this section, will be the spacious amphitheatre in beautiful City Park, one-half mile south of town. The program will begin at 7:10 o'clock, which will be a few minutes before sunrise, and will be in full progress by the time the sun peeps over the eastern horizon.

Music for "The Resurrection Morn" was written by Lawrence Keating, well known American composer, and the words were written and selected by Elsie Duncan Hale. It is one of the most stirring and impressive cantatas ever written on the Easter theme.

H. D. Delaney, chairman of the cantata committee, today pointed out that time is growing short and insisted that all singers of this and surrounding communities who will take part in this unusual musical event plan to attend all remain.

Two Convictions In Felony Cases In District Court

Pleas of guilty were offered by defendants in two felony cases in the Hall County District Court Friday, March 13, it is reported by Mrs. Isabel Cypert, district clerk.

Arvaul Lipscomb, charged with theft by bailie, involving the borrowing of a friend's car, driving it to El Paso and leaving it in a parking yard, was given a five-year suspended sentence by Judge A. S. Moss. Lipscomb promised to restore the car to its owner, it was said.

Following his plea of guilty, J. H. Ingells was assessed two years in prison for felony theft. Ingells was convicted of stealing batteries and a generator valued at more than \$50. Ingells is said to have a previous prison record in Louisiana.

The current week is the last of the February-March term of district court. Civil cases of no public interest have occupied the court since Monday.

A total of 14 felony indictments were returned by the grand jury during the court term. Convictions were secured on most of these charges.

Funeral Rites Said For Maddox Infant

Funeral rites for Harriett Ann, infant daughter of Mr. and Mrs. Ted Maddox of this city, were conducted from the First Baptist Church Wednesday afternoon at 4 o'clock by Rev. Sid F. Martin, pastor. Interment was in the Fairview Cemetery, with arrangements in charge of King's Mortuary.

The infant, aged one month and ten days, died Tuesday at 11 p. m. She was an only child.

Junior Defense Corps Completes Scrap Iron Drive

\$65.82 for Chinese Children Realized from Sale of Iron Collected by School Boys

More than six and one-half tons—13,185 pounds, to be exact—of scrap iron was collected by the Junior Home Defense Corps, composed of two battalions of 50 Memphis High School boys, in a recently completed and highly successful campaign.

The metal was turned over to M. J. Draper, chairman of the Memphis and Hall County Civilian Defense conservation and salvage committee, and was sold by him for the sum of \$65.82. A check for this amount was turned over to school authorities for transmission to the national headquarters of the "Scrap Iron for Chinese Children" campaign.

Noah Cunningham, leader of the Junior Home Defense Corps, expressed thanks of the members to boys of the west ward, junior (Continued on page 4)

Playground Pieces Added at City Park

Improvements continue to be made at the City Park, south of town, according to C. C. Hodges, chairman of the park board. Recently installed are several additional pieces of playground equipment.

Two of the pieces of equipment were contributed by Ed Foxhall and two by Wm. Cameron and Company. The Foxhall pieces are painted red and the Cameron pieces green.

Young Musicians Show Up Well at Amarillo Festival

Strict Requirements Fail To Hold Down Grades of Piano and Violin Pupils

Eighteen youthful musicians from Memphis and surrounding area were entered in the music festival at Amarillo Thursday, March 12. Included were four pupils from the class of Mrs. Olson Sweet of Salisbury and 14 from classes of Mrs. Conley Ward of Memphis.

These Hall County pupils made a splendid showing, some of them making the highest ratings in their groups. Some of the higher grades were as follows:

Piano—Laura Mai Hightower 97, Gloria Virginia Howard 97.

265 Books Sent From Memphis to Training Camps

Chairman Deaver Expresses Appreciation to All Who Assisted in Local Drive

The first shipment from Memphis in the "Victory Book Campaign" to provide reading matter for Uncle Sam's soldiers, was dispatched Saturday to campaign headquarters in Amarillo, Temple Deaver, local chairman, reports.

This shipment consisted of 265 books, covering a wide range of reading material. Included were two Bibles, several books on religious subjects, classic works and modern novels in a wide variety. "In fact," said Mr. Deaver, "these were books to please every literary taste."

From Amarillo the Memphis shipment will be combined with contributions from other cities, classified and sent to the state headquarters at Austin for distribution to training camps according to need.

While this phase of the book campaign is ended, Mr. Deaver assures that if there are those who intended to donate volumes, but did not get them in, their books (Continued on page 5)

County Boys Get Good Prices for Calves at Amarillo

Good prices were received by those Hall County 4-H Club and FFA boys who exhibited baby beef animals in the Fat Stock Show at Amarillo and then put them up for sale in the auction which followed judging. County Agent Hooser has announced.

Jim Hutchins, whose calves won both grand and reserve champion honors in the Hall County show on March 7, received the highest price at Amarillo. One of his animals brought 20 cents per pound. Three others sold for 16-1-4, 16, and 15-1-2 cents per pound.

Luther Pittman, member of the Brice 4-H Club, sold two calves at 17 and 16-1-4 cents per pound. Hulen Clifton Jr., of Estelina sold two at 16-1-2 and 16 cents per pound. A calf shown by Eddie January of the Weatherly 4-H Club brought 16 cents.

49 Take Examination In First Aid Course

Monday night in the City Hall 49 persons took the examination which marked the end of a course in first aid conducted here for the past five weeks. The examination was conducted by Riley Dunson, highway maintenance engineer from Estelina, who also was instructor for the course.

Those successfully passing Monday night's test will be presented Red Cross certificates of proficiency in administering first aid. The 49 who finished the course were out of an original enrollment of 72 men and women.

Court of Honor For Boy Scouts Is Tuesday Night

Nine Troops in This Area Will Take Part in Ceremony In High School Auditorium

A Court of Honor for Boy Scouts for this area has been set for Tuesday night, March 24, at 8 o'clock and will be held in the high school auditorium, it is announced by Troy Israel of Shamrock, field executive, who was in Memphis Wednesday. Temple Deaver, chairman of advancement, will preside.

Participating in the Court of Honor will be Scouts from troops in Clarendon, Lelia Lake, Hedley, Salisbury school, Lesley school, Estelina, Turkey, and two in Memphis.

The public is invited to attend the Court of Honor and parents of Scouts are especially urged to be present.

A cubbing meeting for parents of boys aged 9 and 10 years is announced by Israel for Monday night, March 23, at the Baptist Church. The field executive hopes to have a large crowd of parents on hand to discuss cubbing activities.

Get Tags Now, Car Owners Are Urged

Car and truck owners of Hall County who have not yet registered their vehicles for 1942 are urged by J. M. Ferrel, tax assessor and collector, to do so at the earliest possible moment.

The deadline for buying license plates is March 31. Owners of motor vehicles will find it much more convenient to get their tags before the last minute rush, Ferrel points out. A requirement this year is that a certificate of title must be presented for each vehicle registered.

Vegetables Add Color and Vigor To Your Repast

BY WINIFRED CLARK

EVER the simplest dish or homeliest menu can be converted into a real treat, when it's dressed up with vegetables. Why not keep farm money at home by using local produce to brighten up your meals. You'll save money and vital shipping space as well.

Here's a suggestion for bean loaf with tomato sauce that's a true taste tickler. To serve 5 or 6, you'll need 1 1/2 cups dried beans, 1 small onion, chopped, 3 tablespoons fat, melted, 1 cup soft bread crumbs, 1 egg, 1 1/2 teaspoons fat, 1 cup evaporated milk.

Wash dried beans, cover with cold water and soak several hours or overnight. Cook beans in this water until tender. Drain, mash, add remaining ingredients and mix well. Shape into loaf and put into well-greased baking dish or bread pan. Bake in moderate oven about 30 minutes. Serve with tomato sauce.

Here's a suggestion for serving string beans appetizingly. Cut string beans, 1/2-inch in length, on bias. Boil in salt water until tender, then dice some bacon and onions and braise them in sauce with butter. Fry until golden brown. After removing from pan, add a little flour and some soup stock until you have creamy consistency. Drain water off boiled string beans, add the creamy rue, and cook for about five minutes.

Vegetables are appetizing, thrifty, and they give you the vitamins you need for busy days.

Bread Recipes Help to Rescue Kitchen Budgets

BY WINIFRED CLARK

BREAD is an important source of diet nutrients, particularly when made of flour with vitamin B. Try this tempting pudding, made with fruit and bread.

For a Deep Dish Betty, to serve from four to six, here are the ingredients you'll need: Four tablespoons butter, 3/4 cup brown sugar, 1 teaspoon cinnamon, 5 slices bread, 2 cups drained stewed apricots, grated rind of 1/2 lemon, 1/4 cup apricot juice.

Cream together the butter, brown sugar and cinnamon. Remove crusts from bread and spread thickly with butter mixture. Cut each slice into eight finger-length strips. Arrange 12 strips clockwise in bottom of buttered baking dish of the deep layer cake style.

Cover with half the apricots and lemon rind. Repeat. Arrange remaining 16 bread strips on top as follows: eight strips radiating from the center, clock fashion, with the eight remaining strips twisted to form a "U" at the outer end of each. Pour over apricot juice. Cover and bake in moderate oven (350° F.) 45 to 50 minutes, or until top is lightly browned. Serve with plain or whipped cream.

CORRECTION

Reading the notes wrong, the new news editor of The Democrat got all mixed up in the lines under J. D. Saunders picture in last week's edition. The straight of the story is that young Saunders had been working on the Normandie, but was in the hospital at the time the big boat burned—with the measles. His clothes were destroyed in the fire, but fortunately he was not in them. The error in stating that he was hospitalized for burns was inexcusable and is much regretted.

Buddies--At Home and Abroad

Somewhere in the New York metropolitan area, a small detachment of British "Tommy's" share the life of U. S. soldiers at an Army post. Britons and Yanks enjoy "all-out" hospitality at the post canteen. Meanwhile, American soldiers in London ask a London Bobby for directions during a sight-seeing tour of the British capital. They're with the AEF in Northern Ireland.

PLANT A VICTORY GARDEN! BULK GARDEN AND FIELD SEED NORMAN'S

Hardly added a quart "since Hector was a pup"

Now this oil that defies "curdling" far out-mileaged
Five other great quality brands... beat their average
More than twice over, in Certified Desert Test

WORDS thickening up milk don't half give you a picture of the blobs of sludge that can foul your oil—and your engine. For mush and "stickum" from that fails under present-day strain can't improve lubrication, nor add to the mileage per quart. But now that you must change oil for Spring—really now in every Car Instruction Book—you can easily switch to Conoco Nth motor oil. And in patented Conoco Nth you get Thialthene inhibitor... man-made... the modern synthetic... mented to restrain stickiness—sluggishness—"simmering down thick"

Conoco Nth gets every chance to flow smoothly fluid; full of life. And another great Conoco synthetic—made as ever—makes Conoco Nth give you an OIL-PLATED engine, with a "plated" you'd say—or "magnetized"—direct to the engine parts. Then OIL-PLATING keeps all draining down fast during parking—or even overnight. Instead, OIL-PLATING can stay up high, to help your engine at every start, before the oil-pump raises up its full stream.

That's how to foil a lot of wear, and not have your engine soon over-eating oil.

Talk about a strict economy diet!... Down in Death Valley's record high heat, battling five other big-name oils—impartially—this same Conoco Nth oil was still up above half when all others tested had burned up their engines and their full 5-quart fills!

That's a certified sample. It makes you realize why you can change to Conoco Nth and keep away from adding quart after quart. Get rid of hazardous Winter oil now, at Your Mileage Merchant's Conoco station. Get economy to the Nth degree. Continental Oil Company

Junior Defense--

Boys of the corps entered into the collection of scrap iron with the same enthusiasm with which they undertake all patriotic tasks in connection with war work. The corps meets at least once each week to drill, take exercises, study first aid and engage in recreation. They are organized as a military group and function as such under the direction of Mr. Cunningham. The aim of the organization is to train its youthful members in patriotism and willing service for their country.

They are willing and ready to help with any civic problem and to render any patriotic service of which they are capable, says their leader.

Canning Expert To Lecture Here

Homemakers of Hall County will learn the latest and best methods of canning fruits and vegetables next week when Miss Margaret Murphy, canning expert, gives a demonstration, Maggie L. Henson, home management supervisor, announced this week.

The demonstration will be given at the high school home economics laboratory at 2 o'clock on Wednesday, March 25, and is open to all who are interested in attending.

Miss Murphy, who will conduct the canning program, is a home economics graduate of the Iowa State College at Ames, who for the past several years has specialized in home canning and is now a staff member of the educational department of a jar manufacturing company. She has traveled widely and her lectures are as interesting as they are instructive, it was reported.

It is expected a large crowd will attend the demonstration, Miss Henson said.

Farmers Sending--

soil, planting and cultivating seed of poor quality.

It is pointed out that all seed sold by dealers must be tagged according to the Texas seed law, showing the germination, purity, and weed content. Careful examination of these tags will help insure farmers of success with their crops.

It is not only a violation of the law for dealers to market untagged seed, but endangers the farmer's crops and impedes the "Food for Victory" part of the national defense effort.

Hooser urges those farmers who have not had germination tests run on their planting seed to bring in samples at their earliest convenience.

Registrants under the Selective Service Act between the ages of 18 and 45 who have been, or are entitled to deferment by reason of dependents, but are otherwise eligible for military service, may volunteer to compete for selection as an officer candidate in the army, according to an announcement by J. Watt Page, state selective service director.

Under a new system just authorized by the secretary of war, Gen. Page said, such registrants volunteering and accepted for officer candidate training will be inducted into the army through the selective service system and given four months training in the ranks at private's pay to determine their potential prospects for commissions. At the end of the training period any not recommended for an officer candidate school may request release from active duty and return to his home, and will not again be subject to call for active duty unless registrants having similar dependency claims are being inducted into military service.

Gen. Page emphasized that class III-A registrants who volunteer to try for a commission must be American citizens with at least four years high school education. Local boards, at their discretion, may reject applications of any who should be deferred as "necessary men" in war production. Volunteers who are under 21 years of age must obtain the written consent of their parents or guardians, he pointed out.

The first step to be taken by a class III-A registrant desiring to volunteer for officer candidate training, according to procedure outlined in a memorandum from national selective service headquarters, is to file with his local board an "application to volunteer and waiver of dependency," which also must be signed by his dependents. After the board has checked his application, together with his citizenship, educational qualifications, and status as a "necessary man" in his civilian activity, the registrant is given a preliminary examination by the local board examining physician.

If the registrant passes his physical test, he is advised that his next step is to present himself at a designated army reception center or army replacement center for qualification examination. All expenses incident to travel to and from the reception or replacement center, Gen. Page pointed out, must be defrayed by the volunteer registrant, himself, including his meals and lodging.

Upon completion of the qualification examination, the registrant returns to his home, regardless of whether or not he has been found qualified as a volunteer officer candidate, and presents the army report to his local board. If the registrant has been rejected for officer candidate training, his application to volunteer is denied by his local board and he is retained in class III-A. If he has been found acceptable by the army, he is placed in class I-A and will be ordered to report for induction as a volunteer at the next call for delivery of men by his local board.

The average period of basic and officer candidate training, Gen. Page said, will be from six to nine months, during which time the registrant will receive the same rate of pay as a private inducted into the army—at the present time \$21 per month for the first four months and \$30 per month for the remainder of the training period, unless his rate of pay is increased by reason of his promotion.

Allied nations was bolstered by the announcement. We may expect reverses, but from now on the war will be an offensive one instead of defensive as in the past three months.

"Gimmes" received mention in the Amarillo News recently. The editorial, in part, said: "We will not get maximum production unless we fully realize our awful peril; and get over the gimmes of recent years. Gimme shorter hours, gimme higher wages, gimme bigger profits, gimme more overtime, gimme less work, gimme more pensions, gimme greater crop benefits, gimme more appropriations and patronage, gimme plants for my Congressional district, gimme fees and dues to work for Uncle Sam, gimme ham'n eggs, gimme share-the-wealth, gimme \$30 every Thursday. France had the gimmes, too, till the Germans were close to Paris. Then everybody went frantically to work—too late. France has no gimmes today—except gimme food for my baby, gimme a place to lay my head, gimme death."

HAPPY BIRTHDAY— Kathryn Hawthorn, March 9. Mrs. Coy Yarbrough, March 16. Mary Smith, March 16. Mrs. F. E. Davis, Lakeport, Calif., March 17. H. H. Lindsey, March 20. Mrs. Arthur Gidden, Plaska, March 20.

CONGRATULATIONS— Mr. and Mrs. Seth Thomason, who were married March 19, 1911. Mr. and Mrs. C. E. Gowan, married 31 years, March 19.

The Democrat Staff Poet

By special request The Democrat Staff poet will again broadcast over station KGNC, Amarillo, Sunday morning, March 22, at 8:15 o'clock, on the Exchange Editor's program. All readers of The Democrat are urged to tune in on this program. Those of you who did not recognize the poet's voice when he radioed a few months ago, may recognize the voice Sunday morning. The poet's broadcast proved so popular that his re-appearance has been requested by the Amarillo station and Lewis T. Nordyke, the Exchange Editor.

TAKE WARNING A maiden lugged a jar of milk to a hermit high on a windy hill. Although the path was steep and rough, never a drop did she spill. He admired her poise and graceful form, and the jar of milk so white and warm; yet no question came from his rugged lips—she closed him mouth so there'd be no slips. And thus a lesson could be learned from the hermit on the hill; No other gal may tread his path, but he's a happy hermit still. Remember Pearl Harbor—

ing rehearsals. Practice sessions are being held each Friday night at 8 o'clock in the First Methodist Church, with Miss Mary Foreman, director, in charge.

Presentation of the cantata is strictly non-denominational. It has been planned as a devotional for people of all creeds and a blanket invitation is extended to all who sing to take part.

Given fair weather, a record crowd is expected to fill the amphitheater to its seating capacity of 2,000 persons. It is pointed out, that should the seats all be filled, a large additional number of persons can be accommodated in cars in the parking space above the tiers of seats.

The "Victory Book Campaign" was sponsored by the American Library Association, the American Red Cross and other United Service Organizations, and met with a tremendous and enthusiastic response throughout the country.

In closing the drive here, Mr. Deaver expressed thanks to all who contributed, helped with the collection of books, or assisted in any way toward the success of the campaign. Especial appreciation was expressed for the action of Jack Boone, manager of Miller and Miller Motor Freight lines in providing transportation for the book shipment to Amarillo without charge.

Office Practice-

(Continued on page 5)

A requirement for commercial education of this type is that all classes must be taught during daylight hours, Devin said. This should offer no obstacle, it is pointed out, because of approaching longer days, combined with daylight saving time. It would be possible to start classes around 7 o'clock and be through before dark.

Superintendent Davis has written the State Department of Education for complete details and requirements for securing the office practice refresher course and expects to have the information at hand within a few days.

Degree Is Awarded Young Musicians— Memphis FFA Boy

(Continued from page 1)

R. B. Phillips, associate member of the Memphis chapter, Future Farmers of America, was notified this week he was awarded the Lone Star Farmer degree at a meeting of the state committee at Fort Worth on March 15. It is reported by Gene Barnett, vocational agriculture instructor, Phillips is the fourth member of the Memphis FFA to receive this degree within the past two years.

To become a Lone Star Farmer, a student must have held the FFA degree one year preceding election to State Farmer degree. He must also have successfully completed two years of vocational agriculture and have in operation an outstanding program of supervised farming, be familiar with the provisions of the constitution of the state association, demonstrate proficiency in parliamentary procedure and be able to lead a group discussion for 40 minutes.

From his projects he must have earned or have invested at least \$250. He must demonstrate leadership and be in the upper 40 percent of his class in scholarship in all school subjects.

CIVILIAN DEFENSE AUXILIARY NOTES

There are so many ways by which we can serve our country today. We can save. America is a wasteful nation, there has always been such an abundance. A year from now we shall probably look back and regret the time, money, clothes, and food we threw away. Eventually we shall be forced to save these things, why not do it now? Each day we waste may mean a greater loss of men and additional hardships for the civilian population later. We should take an inventory, ask ourselves, what am I doing to win this war? We may give a word of cheer to the fathers and mothers who have sons in the service; there are stamps and bonds to be bought, the Red Cross to support, the morale and physical fitness of our families to consider. Each week in our local newspaper appeals come for defense service.

There is another thing we can do, keep silent sometimes. Don't listen to absurd stories, don't repeat flying rumors, don't criticize the government and don't be too complacent. The United States has never lost a war and, by the grace of God, we are not going to lose this one. But we cannot win it by depending on past achievements. A young man in the Pacific wrote to his family in a near by city: "You had better declare war on the Japs too." The spirit of MacArthur's men may well put us to shame. Taking for their slogan, "Bombers for Bataan," each soldier gave one month's salary to buy a bomber. Pity and admiration will not save them, we must do our part.

It is such a lovely time to work in the gardens. The soil is warm and moist and the out doors calls us. It is well to beautify the yards and plan the victory gardens but remember to give some time to the Red Cross sewing room, there is so much to be done.

Mrs. A. Baldwin, chairman of the Civilian Defense Auxiliary, urges every woman to be present at the next meeting, March 24, at the Legion Hall. Very important matters will be discussed.

We are going to call names today, talk about champions. Mrs. Lee Thornton has knitted 13 pairs

of socks, and if you think little of that try knitting one yourself. Mrs. M. E. McNally has reported for duty at the sewing room every day this year with the exception of two. The place does not look right if she is even late. Mrs. Ola G. Oglesby has knit 22 sweaters and is anxious to begin knitting for the soldiers and sailors as soon as yarn is available. Many other women have given many hours of work each week.

Thanks to Judge Goodpasture and J. W. Burk there is a good, substantial hand rail on the stairway at the sewing room. No danger of falling now.

Victory Special From Dallas to Stop in Memphis

Memphis will be congratulated for its wholehearted co-operation in the war effort when the "Victory Special" from Dallas comes to town on Thursday, April 23. On the special train will be 72 Dallas business leaders as well as a band and several entertainers. In normal times this trip was known as the annual Dallas Business Tour, but this year, because of the graveness of the international situation, personal gains will be forgotten and the delegates will devote their time to helping cement the bond of cooperation and patriotism between the towns visited and Uncle Sam.

Twenty-seven Texas cities and two in Oklahoma will be visited on this 41st tour sponsored as usual by the Dallas Chamber of Commerce and Manufacturers and Wholesalers Association. In commenting on the tour, Henry English, general chairman, said: "We are already aware of the fine job Memphis is doing in the war effort and we want to tell the citizens so personally. Texas is carrying a big load in this war and we are all proud of our part in it. There isn't a city or town that isn't giving unstintingly of its manpower, materials, and manufacturing facilities. The sole purpose of this tour is to drop by and say, 'Howdy, neighbor. Keep 'em rolling!'"

NEWLIN By MRS. FRED HEMPHILL

Methodist Revival The Methodist revival started Sunday night with Rev. J. F. Michael of Claude in charge of the services which will continue through the week. Services will be at 11 a. m. and 8:30 p. m. each day. Quarterly conference was held Sunday afternoon with several members from the Hulver Church present. District Superintendent and Mrs. Pearce of Vernon were present.

Newlin's First Draftees Leave Estes (Sonnie) Nelson and Fuller Burnett left Saturday for Fort Sill, Okla., where they will be inducted into the Army. They are the first selectees from this community to go into the service. Sonnie is the son of Mrs. G. E. Nelson and Fuller is the son of Mr. and Mrs. John Burnett. Both young men have lived here all of their lives. A number of parties and suppers honored the young men last week.

Party Honors Young Men Mr. and Mrs. T. E. Davis entertained with a party at their home Tuesday night honoring Sonnie Nelson and Fuller Burnett, before their departure to the Army Saturday. After the arrival of the guests, several tables of games of dominoes and "42" were played. Refreshments of pop corn, cookies, and hot chocolate were served to the following: Mr. and Mrs. Trilton Davis and Don, Joy Lynn, and Benny; Mr. and Mrs. Jack Nelson and Benny Estes; Mr. and Mrs. Jack Tucker and Shirley Ann; Mr. and Mrs. Royce Lee Nelson, R. O. Nelson Jr., Misses Lillian Nelson, Frances Kinard and Wanda Davis; Mr. and Mrs. Wymann Davis, Mr. and Mrs. Thurman Long and Shirley Joy; Mrs. John Burnett, Mrs. G. E. Nelson, Leboye, Laverne, and Ray Shepherd; Billy Diggs, Sonnie Nelson, Fuller Burnett, and the host and hostesses, Mr. and Mrs. Davis and Mary Nell.

Supper Given Mr. and Mrs. Buster Morrison of Memphis honored Sonnie Nelson and Fuller Burnett with a supper at their home in Memphis Wednesday night with 12 guests present. Thursday night a supper was given at the home of Mrs. D. W. Lawrence with the entire community bringing covered dishes for the supper which was served picnic style. Forty-eight guests were present for the occasion. Hostesses for the occasion were: Mrs. Lawrence, Mrs. Manuel Burnett, Mrs. John Rowell, Mrs. Claude Cheves, and Mrs. W. L. Crabtree. Several cartons of cigarettes were presented to the boys.

Newlin Resident's Mother Dies in Mississippi Mrs. L. A. Tarmon, 93, of Fremont, Miss., died at her home there last week following an illness of several weeks. She was the mother of Mrs. E. V. Wheeler of Newlin. Mrs. Wheeler was unable to attend her funeral because of illness.

Killed in Philippines Harold Garrison, 23, of Hamlin, was killed in action in the Philippines with General McArthur's forces in January. A memorial service was held at Hamlin last week for him. He was a nephew of W. H. Messick of Plainview and D. C. Messick of Newlin.

P-T-A Has Citizenship Program Newlin P-T-A met Friday night of last week and presented a program on "Training a Child for Citizenship." At the business session, new officers for next year were elected as follows: Mrs. Sam L. Smith, president; Mrs. D. W. Lawrence, vice president; Mrs. Felix Jarrell, secretary. Delegates were elected to attend the P-T-A convention in April. A playlet entitled "His First Shave" was presented by the seventh and eighth grades. Jewel Smith played a piano solo. Mrs. Sam Smith and Rev. J. P. Cole each made an interesting talk on "Training for Citizenship in the Home."

Mrs. Jim Allison Attends Mother's Funeral Mrs. Jim Allison returned last week from Spar who she attended the funeral of her mother, Mrs. Smith, who has been ill for some time.

Mr. and Mrs. Peter Ballard Celebrate Wedding Anniversary Mr. and Mrs. Peter Ballard held open house at the home of their son, Joe Allen Ballard at Esteline Sunday honoring the occasion of their 40th wedding anniversary. A number of Newlin friends called on the couple during the day.

Mr. and Mrs. Bud Gresham and baby daughter of Wheeler visited Sunday with his parents, Mr. and Mrs. B. L. Gresham. John N. Hoover's sister, Mrs.

Maude Moss and daughter of California, visited here last week. Mr. and Mrs. Jim Nelson and baby son Bobby Darrell spent several days here last week with his mother Mrs. R. O. Nelson, and with Mrs. Nelson's parents, Mr. and Mrs. W. L. Crabtree, and other relatives.

Mrs. O. B. Lawrence and Barbara Sue of Lawton, Okla., came last week to spend several weeks with Mr. and Mrs. D. W. Lawrence. Her son Jimmy has been here for the past two months.

Mrs. Hazel Hudson and Ronnie from Berger are here visiting her parents and attending her mother Mrs. E. V. Wheeler who has been ill for several months.

Mr. and Mrs. J. L. Newton spent the week-end here with their daughter, Mrs. Frank Solomon and family.

Mr. and Mrs. Joe Nelson and son Rayburn of Eli spent Sunday with Mr. and Mrs. J. R. Nelson.

Mr. and Mrs. E. W. Solomon and children of Memphis spent Sunday with Mr. and Mrs. J. F. Solomon.

Mrs. Britton Veteo of Memphis is teaching school here this week in the absence of Mrs. Gordon Gilliam who is visiting in Dallas with her husband.

Mr. and Mrs. Lewis Harper and daughter Jan, Sidney Koeninger and Doc Messick made a business trip to Hale Center Monday of last week.

THE WAR AND ADVERTISING

ALL OF US have had it impressed upon us in no uncertain terms that business, for the duration of this all-out war, will not be "as usual." The extent of curtailments and the outlines of changes that are inevitable are as yet only dimly seen. But we can be assured they will be drastic.

Business men, from the smallest to the largest, are turning attention these days to ways and means of reducing expenses in order to survive the ordeal ahead. Some will think first of all of sharply reducing or entirely eliminating advertising, on the theory that it will be useless, since they are going to be strictly limited on the amount and kinds of goods they can offer for sale. We sincerely believe it will be a mistake to follow such a course.

Two large companies which serve Memphis in the utilities field, the United Gas Corporation and the West Texas Utilities Company, take the view that local advertising should by no means be dispensed with. Both these corporations are continuing their advertising campaigns with undiminished vigor. But with this difference. Their advertising messages are not now so much concerned with their own interests. They are aimed at helping to win the war.

Active support of the Department of Agriculture's wartime food conservation program is the direction taken by the advertising of the United Gas Corporation. "Food," says R. W. Lindsey, district manager, "will be a major factor in winning this war. Our nation must not only supply American needs, but also must be the bread basket for our allies. For our part, the company will prepare newspaper advertising on gardening and canning, make up canning window displays, and prepare canning and preserving recipes for distribution among those who request them. The company's home service advisors will assist in giving canning demonstrations before women's groups and schools."

The West Texas Utilities Company's advertising is aimed at emphasizing the need for speedy building up of the nation's armed forces and the importance of work in defense industries. All their ads urge buying Defense Bonds and Stamps.

The example set by these large companies is, we believe a good one. While doing their part to keep the emergency vividly impressed upon their customers' minds, they are at the same time building good will for themselves.

"The idea of peacetime production is to make something another fellow wants and get it to him when he wants it and expects it. The idea of war production is to make something the other fellow doesn't want and didn't order, and deliver it at the time he least expects it, in a form he doesn't expect either. It is just inverse economics."—Chas. F. Kettering.

ooOoo

Wasteful and bloody business though it is, war is not altogether unmitigated horror. Memphis dry goods merchants tell us that men's trousers will no longer be made in the full-cut style known as slacks, with effeminate pleats at the belt line. This to save materials. Which, we humbly submit, is something to be truly thankful for.

ooOoo

A Wichita Falls man, according to the esteemed Times of that city, remarked ament his first time to pay income tax: "The more cheerfully we render unto our own Caesar, the less likely we are to have to render to an imported one." There are people in France, Belgium, Holland, Norway, Jugoslavia, Denmark, and Greece who could enlarge on that theme.

VICTORY

Excerpts from the Official
OEM Bulletin

At the request of President Roosevelt, War Production Board Chairman Nelson last week opened a great drive to supply our forces with vast quantities of weapons now. He declared that we can produce 25 per cent more on machines we have today. Labor, management and the public immediately responded with pledges of an increase of 25 per cent and better.

Automobile owners should save their anti-freeze this spring instead of throwing it away as many did in previous years, Dan A. West, director of the Consumers Division of OPA, advises. The chemicals used in making anti-freeze compounds are needed to make explosives and for Army and Navy tank and airplane operation.

-V

Rubber will no longer be available for rubber thread for the manufacture of corsets, girdles, brassieres, and foundation garments for general use, it is announced by Arthur Newhall, chief of the rubber branch of WPB. Provision will be made for surgical-type garments to be manufactured according to specifications now being prepared by the textile branch of WPB.

-V

WPB announced emergency specifications for steel to conserve alloys vital to war, and warned manufacturers to make test runs so they could shift to the new steels at a moment's notice.

-V

Pistols, rifles, and shotguns were frozen until it can be determined which kinds will be necessary for the armed forces and essential services.

-V

The beleaguered civilian was not forgotten in activities last week. Price Administrator Henderson gave 20 areas 60 days to bring rents down to specified levels. If they do not, the administrator is empowered to take steps under the Price Control Act.

-V

The elimination of cuffs on men's trousers was the most spectacular of a long list of specifications designed to permit cutting of 26 per cent more men's suits and 10 per cent more overcoats out of the limited amount of cloth that will be available to civilians.

-V

Larger quantities of rayon will be made available to hosiery and weaving industries under an order issued March 5 by the War Production Board.

-V

Authority has been delegated to the Office of Price Administration to ration at both wholesale and retail levels the sale, transfer, or other disposition of used typewriters and limited quantities of new typewriters. With certain exceptions, typewriters were frozen last week under a general limitation order, pending issuance of rationing plans. A large element in the decision to ration typewriters was the fact that the industry is being converted to the manufacture of weapons.

-V

Buyers themselves can do a great deal checking profiteering on rubber products by watching prices and withholding purchases in cases where prices appear excessive or unwarranted, OPA Administrator Henderson declared in a statement issued recently.

-V

Sugar rationing is a week nearer and you'd better get rid of your hoard if you have one. Sell it back to the grocer.

Young Women Are Offered Primary Nurses' Training

Interested Girls May Get Information From Members Local NYA Advisory Board

Applications for preliminary nurses' training for young women will be accepted immediately, Marvin W. Dabbs, area counselor for the National Youth Administration, announced this week. Those interested in making application for this training should write now to the National Youth Administration, Box 1466, Lubbock, Texas, or contact one of the local NYA Advisory Board members, who are C. C. Hodges, Oattie Jones and D. L. C. Kinard, who will arrange an interview.

The nursing school, which is sponsored jointly by the NYA and St. Joseph's Infirmary of Houston, was put into operation recently to give preliminary work experience and training to young women desiring to enter the nurses' training field, Dabbs said.

Girls accepted will be assigned to various work activities by St. Joseph authorities. No work or service will be undertaken which will result in the displacement of personnel regularly employed, or of the regular student nurses.

Applicants for the training must be between the ages of 18 and 24 years, high school graduates with 15 affiliated credits, including two years of history, two years of mathematics and two years of natural science. Preference will be given to students whose academic standing was in the upper half of their classes.

Farm Laborers to Be Barred From WPA Employment

No man or woman who can earn a living as a farm laborer will remain employed on a WPA project in Texas, H. F. Drought, state administrator at San Antonio, declared this week.

"This year, with the inroads which have been made in the farm labor supply by the draft and defense employment, farmers are already anticipating shortages in many parts of Texas. This agency is on the alert more than ever to make every man and woman on our rolls instantly available for farm work."

WPA's Texas employment quota has been reduced this month to 55,500 workers and another 28,600 persons are destitute, unable to find jobs, and awaiting assignment to WPA projects, he reported.

"Every man and woman among these 82,000 persons who is physically able to make a living on a farm is available right now and will continue to be available as long as he or she is registered with WPA."

"All that a farmer has to do to get as many of these workers as he can use is to apply to any WPA administrative or supervisory official in his vicinity or the United States Employment Service representative in his county."

Declaring that it has been a well known policy of the Works Progress Administration since its inception that no person can be given employment by WPA if he refuses a reasonable offer of employment from any other source, Drought pointed out that entire projects have been shut down when necessary to furnish farm workers in the past and that this will be done at any time that the need for such action is demonstrated.

COTTONSEED
TREATMENT
PAYS!**

There's everything to gain, and nothing to lose, when you plant CERESAN-treated cottonseed! Ceresan generally reduces seed rotting, sore-shin and certain other surface-seed-borne diseases; commonly gives stronger stands; usually increases yields, often 10 to 25%. Oklahoma Agricultural Experiment Station, Stillwater, quotes progressive planters as reporting that treated seed often "pays for itself by allowing lower seeding rates, by simplifying the planting operations, and by improving the regularity and quality of the stand." CERESAN costs little, is easily applied. Get it from your dealer to treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

OUR TAX DOLLARS JOIN YOURS
IN GOING TO WAR

Our Company paid more than \$1,100,000 in taxes during 1941, and during 1942 our taxes will be even higher. This avalanche of dollars was used for schools, roads, health, fire and police protection... many of them WENT OFF TO WAR! They helped buy guns and ships and planes, and tanks and other equipment for our boys in the service. They are helping win the war... and we are glad of the part, humble as it is, that we are playing. Like all good Americans, we want to do our share to help keep America free, and bring peace back to a tragic world.

Let's explore the possibilities

IN TIMES OF PEACE the choice was yours. You could decide whether you wanted to trade in your car every year or two... or whether to give it the kind of care which would make it last for many years.

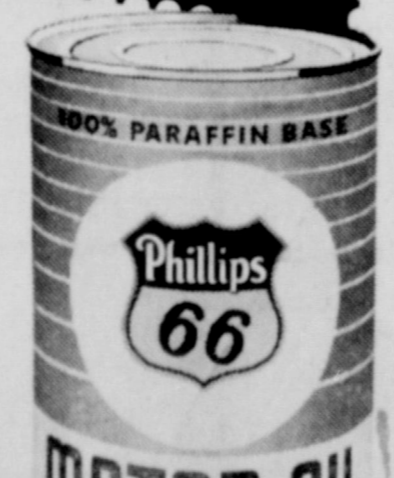

That choice exists no longer. Every patriotic citizen must make his car last longer.

Since no car can ever be any younger than its motor, you must explore every possible way of saving wear and tear. So keep the following facts in mind when you are deciding which oil to use:

Phillips refines many oils, because car owners' requirements vary as much as their cars and their pocketbooks. But if you want our best oil, you need have no doubt, because Phillips frankly tells you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Replacing winter-worn lubricant? Making the regular 1,000-mile change? Specify Phillips 66 Motor Oil.

Psychology Plays Part In Sports Performance

BY ART BRONSON

SOMETIMES psychology plays as big a part as ability in sports. War days are emphasizing the importance of the psychological factor.

Red Sox star Ted Williams, for instance, may be affected by the psychological drawback of his draft deferment. Williams has always been popular, and if he falls into disfavor with Boston fans he may have a hard time trying to maintain last year's .406 batting average.

For psychological reasons, too, Gene Tunney points out that he'd rather have men like Bob Feller as physical instructors and recreation leaders for the Navy than men who hold degrees in physical education.

Mentally, the boys who follow Feller's advice concerning physical fitness will say to themselves that it's wise to do what he tells them to. Knowing that Feller has been successful, they feel that they have a chance to emulate him.

Then there's Lou Novikoff's remark concerning his ambitions to make a serious effort to do big things this year. "After all," the Mad Russian says, "whether it's

Gene Tunney . . . uses psychology.

the minors or majors, there's a guy out there throwing and you have a bat in your hand." That confidence in his own ability to hit is good psychology and should pay off in a better batting average.

The Yankees, Dodgers, and Giants will admit 600,000 men in uniform to their home games this season—which is not only good psychology, but worthy of high praise.

Home Accidents Costly in Both Time and Money

Recent increases in home accident deaths prompt Mrs. Bernice Claytor, Extension Service specialist in home improvement, to urge more accident prevention work in wartime. At a time when every citizen must contribute his maximum to the nation's victory effort, home accidents slow down production, rob the nation of essential manpower, and are costly in money and morale, she says.

Remedies for home accidents are more difficult to effect than remedies for industrial accidents, since there is no direct control over family life. Mrs. Claytor says that means the responsibility for accident prevention lies with every family. She says homemakers can make their homes safer by doing these things:

Use care in waxing floors and placing rugs.

Install handrails or other simple safety devices over bathtubs. Light stairways.

Keep matches and poison out of the reach of children.

Dispose of can-openers which are dull or broken.

Use sharp knives and other pointed instruments in their proper place and teach children to avoid them or to use them carefully.

See that clothing and curtains are hung where they cannot be ignited by an open flame.

Keep a short stepladder handy, and avoid standing on chairs.

Promptly wipe up grease or water spilled on the floor.

Don't allow kettles to boil over, for water will extinguish a gas burner. If you notice a gas leak, extinguish all flames, ventilate the room, and call your gas company.

"The biggest help is to take your time," the specialist says. "Hurrying results in many accidents."

Former Memphis Girl Weds San Antonio Physician at Fort Huachuca, Arizona

The marriage of Miss Billie Sigler of San Antonio, daughter of Mr. and Mrs. G. S. Sigler of Devine, formerly of Memphis, to Dr. S. Braswell Locker of San Antonio, son of Dr. and Mrs. H. L. Locker of Brownwood, took place at 8:30 p. m. Saturday, March 14, at the home of Lt. Col. and Mrs. C. F. Nelson of Fort Huachuca, Ariz. The altar arrangement was before the fireplace. On either side of the mantel were Woodwardia fern, flanked by tall baskets of white gladioli and stock. The house was softly lighted by white tapers in tall candelabra. The staircase, down which the wedding party proceeded, was entwined with greenery. Rev. C. Mills, Episcopalian minister, read the ceremony. Miss Evelyn Tallett of San Antonio, served as maid of honor. She wore an olive green dress with java brown accessories, with a corsage of red carnations. Capt. Clyde Clancy was best man. The bride, given in marriage by Lt. Col. Nelson, wore a turquoise blue frock with black accessories, and a shoulder corsage of pink carnations. Her "something old" was a gold bracelet that had belonged to her great grandmother. The bride's mother wore a dress of black silk crepe, and her corsage was of white carnations. Immediately following the wedding, a reception was held in the officers club at Fort Huachuca. Music for the wedding, and also the reception, was furnished by the post orchestra. The bride is a graduate of Devine High School and Santa Rosa School of Nursing in San Antonio where she was president of the senior class. Dr. Locker is a graduate of the University of Texas and of John Sealy in Galveston, interned at Santa Rosa Hospital in San Antonio, and is now resident doctor at Santa Rosa Hospital. After April 19, following a wedding trip to Tucson, Ariz., the couple will be at home in San Antonio. Mrs. Locker is the niece of Mrs. Chas. Drake, Mrs. Bailey Gilmore, and Oren and Ottilie Jones of Memphis. —Remember Pearl Harbor—
