Schools And Citizens Of Hall County Are Praised By Rotary Speakers; Youth Appeals For Boys' Club

A youthful student made an appeal in behalf of the boys of Memphis at the Rotary Club luncheon Tuesday. The speaker was Cordell Bales, member of the Memphis High School student body. He was introduced by his pal, A. G. Callahan.

Bales told the Rotarians that the men of Memphis have their clubs and other men's organizations where men gather and enjoy each other's fellowship, "but the boys of Memphis have no such organization, and we like to have our friends like you men," he said. He stressed the need for a boys' club, and supervised boys' activities.

Following Bales' speech, O. T. Ryan, district vocational agriculture supervisor, and J. L. Beard, deputy state superintendent, devoted time in telling about the many good things they have found in Memphis and Hall County schools. They were here during the week making inspections of the schools.

Mr. Ryan characterized the vocational agriculture program of the Memphis schools as the best supervised program in the nearly "I couldn't ask for a more ideal program set-up as has been furnished the vocational agriculture department of the Memphis schools, and it is the best vocational agriculture department in the Panhandle," he said.

Wellington-Spur Bidistrict Game Called for 2 P. M.

More than 3,000 fans, including a number from Memphis and this immediate territory, are expected to attend the bi-district contest between the Wellington Skyrockets and the Spur Bulldogs at Wellington Friday afternoon at 2 o'clock, according to school officials in the Collingsworth city. The Spur team was declared winner of district 4-B after a Flomot player was proven ineligible.

The Wellington team, winner of district 3-B, will go on the field a slight favorite because of its undefeated record and its wealth of brilliant backfield material. Spur has met with one defeat this season, but still rates as a fast and hard charging team.

The two teams are about evenly matched in weight and experience. Even though Wellington has the odds favoring them on their home field, those who have seen both teams in action predict an interesting and hard fought battle.

CLUB HONORS GRID TEAMS FROM FOUR SCHOOLS

Grid Banquet Is Success

COACH "DUTCH" MEYER, T. C. U., PRINCIPAL SPEAKER

By EARNEST E. HAYLEY Democrat Staff Member

It isn't often that a newspaper reporter becomes sentimental over a public gathering, or anything else, he is called upon to cover in his professional realms. In fact I couldn't get that way if I wanted to. But, if I could I would describe the first annual Sideliners' banquet, held at the American Legion Hall here Monday night, honoring football teams of Hall County, as the most heart-touching, yet enjoyable affair it has ever been my pleasure to attend.

Coach "Dutch" Meyer, head mentor at T. C. U., expressed his sentiments exactly when he began his address with, "This is the finest banquet I have ever attended in my life. The upmost feature, to me, is this bringing together of communities in a spirit that should prevail in football at all times." Never before, as far as is known here, have four rival football teams been brought together in such a fine spirit of friendliness.

Think of it (I have every since Monday night), almost two hundred football players and their coaches from Estelline, Turkey, Lakeview, and Memphis, and members of the Sideliners Club... all bunched together for one big evening of friend-making. Bitter opponents on the field of battle, yet friends with warm heart and glad handshake at this big occasion.

Referee Harry Delaney called a clean and highly interesting game that lasted for more than two hours. Rev. J. William Mason gave the invocation, which was followed by the "kickoff" (introduction of visitors).

Scrimmage, one of the highlights of the evening for a group of healthy football players and hungry fans, consisting of generous helpings of turkey and dressing, cranberry salad, celery, pickles, potatoes, peas, rolls, coffee and pumpkin pie, was served

HEAD COACH L. R. 'DUTCH' MEYER - T. C. U.

by members of the American Legion Auxiliary. Immediately after the scrimmage session, Carroll Smyers was called upon to "Punt" and he greeted, in warm, welcoming

style, the visitors who had packed the legion hall to capacity. "Punt Returns" were made by visiting coaches, namely: Al Dunken, Turkey Turks; Eugene Sunderman, Estelline Cubs; Bob Clark, Lakeview Eagles, and Frank Hubbell, Memphis. Each Coach expressed, in behalf of his team, appreciations to the sponsors of the banquet.

The between halves feature was a most unique animated football game, by dancing pupils of Ann Gilpin. Their interpretation of a football team, with rhythm in their feet, was highly enjoyed by the grid-minded mass. Even the three yell leaders had plenty of rhythm when they led the entire body in three loud (and I mean loud) cheers for Coach L. R. "Dutch" Meyer, the principal speaker of the evening.

For the first time in the lives of many young football players (and me, too, for that matter) the occasion presented one of the best known and best liked university coaches in the United States. "Touchdown" (that was the topic of his address) Coach Meyer was besieged for his highly valued autograph, by admiring football players. In the same spirit that prevailed throughout the scheduled part of the Game, Coach Meyer autographed programs and went about being "just a darn good sport" and one of the boys. "Dutch" Meyer proved himself to those present and left no wonder in their minds as to how he develops such splendid football teams.

In his address (and you could have heard a pin drop any time throughout his speech) he stressed six points regarding the game of football: 1. Association, both with teammates and opponents; 2. teamwork; 3. comeback, after being defeated time and again; 4. body development; 5. fast thinking; 6. loyalty to the cause, loyal (Continued on Page 6)

FORD offers two new cars for 1933—the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance—but built to the same high standard of mechanical excellence—on the same chassis.

Because people liked our 1932 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-8.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around.

De Luxe cars are equipped with the 85-horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors—with a choice of engine sizes—85 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eight-cylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1933 Ford car to fit your needs exactly.

PRICES FOR CARS DETROIT

Texas Farmers Use 'Syrup Pan' Terrace System

AMARILLO, Nov. 30.—On the rolling plains of Texas, farmers are spreading water over fields with a terrace system that operates like an old-fashioned syrup pan, the Soil Conservation Service reports. Essentially the "syrup pan" is a modification of the ordinary terrace system for water conservation on comparatively level areas.

Instead of a series of channels leading across a slope to a protected outlet, the "syrup pan" system is in effect a system of terrace-like structures that gather runoff water from adjacent rough range lands and conduct it over more level cultivated fields. In this way, it spreads water much as cane juice is spread over the bottom of a syrup vat.

Pointing out that this is a highly specialized measure not suited to humid sections of the country, Soil Conservation Service officials state that it has considerable possibilities in semi-arid sections of the Southwest. It represents only one of the many ways in which ordinary erosion control practices are being modified to meet specialized local conditions.

EDITORIALS WON'T DO IT

THIS WEEK the Memphis Chamber of Commerce, through the cooperation of Memphis retail firms, attempted to launch an intense trade-at-home patronage drive. Such a drive is not entirely new in the realms of smaller cities, whose merchants often suffer the loss of their own patrons to near-by cities. Since the beginning of better highway construction such a trend in trading away from home has been active.

Even though such conditions have been existing for many years, and even though merchants, newspapers and civic leaders have preached "Trade at Home," in their most forceful efforts, the practice has never been completely halted . . . and perhaps never will be.

Facts regarding dollars spent in other cities have failed to impress Memphis shoppers. On many occasions local citizens have made purchases in other cities with the belief that they could not obtain the item or article in Memphis. Many times they are entirely innocent of the local merchant's stock because he has failed to advise them that he has the exact article in his store at perhaps even less money.

In part, some merchants have permitted this trade-away-from-home trend to exist, through their failure to encourage local patronage both in advertising and rendering prompt service once the customer has called at the store. To make a drive the success it should be, both the customer and the merchant must work together more than ever before.

Memphis shoppers have been invited to trade in other cities through advertising and have been greeted warmly and encouraged to return again and again. Once the trend has started it will be hard to stop . . . all the editorials in the world will do no good, unless backed up by invitations of merchants.

POULTRY GROOMING IS GOOD

POULTRY RAISERS are grooming their flocks for the annual show to be held in Memphis December 16, 17 and 18th.

Those who are truly interested in poultry, and improving of their flocks, are not busy grooming their birds strictly for the show, but have been planning throughout the year to make their efforts duly rewarded with better and more profitable breeding. This is the purpose of such annual poultry shows. The interested owners become more accomplished in the care of poultry and pride themselves in better stocks, regardless of how their flocks are judged in the show.

Such a show is more than a review of Buff Orpingtons, Dark Cornish Bantams, Jap Silkies or White Leghorns . . . it is the result of time and effort on the part of those desirous of making poultry raising a paying business.

FOR A COMMUNITY CHRISTMAS

NOW IS THE TIME to start planning a merry Christmas for the needy of the Memphis area. Children and entire families who will not otherwise enjoy the gay holiday should be remembered in some form.

It is the annual custom of many cities, no larger than Memphis, to sponsor a Santa Claus Day. The movement will take a little time and a little money, but nothing to compare with the enjoyment it will give those who will otherwise be overlooked by Santa.

The expense of such a community affair will return to those who are considerate enough to co-sponsor it a hundred times. In this day and age, too few remember the promise, " . . . more blessed to give than receive."

A community Christmas tree, with Santa and his sack of candy and nuts, is a worthy cause.

UNEMPLOYED ESTIMATED AT 264,000

IT HAS BEEN PREDICTED that Texas' unemployed total will be approximately 264,000, when the final figures of the Federal census is announced. This estimate will give Texas a ranking of eleventh in the United States. The estimate, computed on a state population of 6,150,000, gives Texas an equivalent of 4.3 of its total population on the unemployed list. Considering the size of Texas as compared with Ohio, Indiana, Michigan and other states with larger unemployed rolls, the estimate places this state exceedingly high in economic revival.

The normally unemployed in Texas is about 18,450.

Ladies of the Jury
Women make the best jurors says a federal judge in New Jersey, addressing prospective women jurors in "what a judge expects of a jury." He says he likes to have as many of them as possible on jury duty, because they are more highminded and less idealistic, pay closer attention to the evidence than men do, and are less cynical. This really seems to be a task for which women are peculiarly fitted. It is an important discovery, in an era when so many women have more leisure than their sex ever had before, and are looking for opportunities for useful public service.—Hamilton Herald-Record.

The Moore County News, after trying its wings for several weeks as a daily under the masthead of The Dumas Evening News, has suspended daily publication and is again a weekly. Said the editor, "We are mighty happy over the

welcome being accorded this weekly publication. We want you to know we are going to make it an all-round Moore County paper."

When a Brooklyn mother threatened to leave home, her young son stopped her by standing on guard with a butcher knife. The young generation may save the American home, after all.—Wellington Leader.

No town can grow unless its local industries prosper. This fact should be remembered when tempted to spend too much money in the bigertown, whether we buy groceries or printing.—McLean News.

The "MUSTS AND MUST NOTS" for the new Methodist preacher, who is due to arrive soon at the First Methodist Church (scribbled Saturday morning): You must be young and work with

the young people of the church . . . You must be old and above all, be a scholar . . . You must not have a family . . . you must have a wife who is a leader in the church, from being president of the Missionary Society to a singer with a swell voice able to sing at all funerals and weddings . . . Your wife must not take any lead whatsoever . . . her place is in the home tending her own business . . . You and your wife must visit every member of the church once a month and then some will object for you might happen along when the bridge party has just started with the usual two-bits on the corner of the table . . . You must have teen-age children that are all leaders in the Sunday School and League work . . . You must not have any kids . . . Honest, when the Methodists fall behind with your salary, you'll find that two can live cheaper than a few more . . . Please, oh, please, never ask a Methodist why he is a Methodist . . . He will try to tell you, but his tongue just becomes paralyzed or his brain just congeals and he just stops . . . You can ask a member of the Church of Christ, or of the Christian Church, or a Presbyterian, a Baptist, and they can give an oration for hours . . . Even Gladstone, were he living, would marvel at their knowledge of their different religious beliefs. But a Methodist just don't seem to know . . . Nothing can be done about it . . . Another thing, after you are here four months, you will be blamed with the "hang-over" debt accumulated several years back . . . But if you want to have a good stand-in with everybody, get in all the names you can, join all civic clubs, be on all drives from Monday morning till Saturday night, and then preach us all a good sermon way over our heads on Sunday morning.—The Scribbler in Childress County News.

WASHINGTON LETTER

Financing New Farm Bill Adds to Worries of Special Session

WASHINGTON, Nov. —The fight in Congress over the farm bill is on. But agriculture officials here do not expect any final action on farm legislation until the regular session which will follow the current or special session. They believe Congress is willing to give the country a new farm law, but that there will be debate and delay before a decision is reached on the point of how the cost of farm legislation shall be met.

When the Senate bill reached the floor, Senator Arthur H. Vandenberg of Michigan, Republican, pointed to the section on appropriations which reads in part: "Beginning with the fiscal year commencing July 1, 1938, there is hereby authorized to be appropriated, for each fiscal year for the administration of this Act and for the making of Soil Conservation Act payments and parity payments under this Act, such sums as are necessary."

Senator Vandenberg protested that the bill as presented to the Senate does not specify how much money is needed or for what purpose it is to be used. Senator Ellison D. Smith of South Carolina, chairman of the Senate Committee on Agriculture, amused his colleagues more than informed them with his answer: "Well, I don't know what the new farm program will cost. It will be on a sort of sliding scale."

Whatever is finally agreed upon as a fair estimate of the cost of the new farm legislation, there will be much difference of opinion over whether it should be paid for by processing taxes or by a general sales tax. Chairman Marvin Jones of the House Agriculture Committee is in favor of a processing tax, while Chairman Ellison D. Smith of the Senate Agriculture Committee is opposed to this method. It is fairly representative of con-

gressional sentiment on the question that one of the secret votes taken in the House Agriculture Committee to decide whether a processing tax on wheat should be recommended was 14 to 8 against that measure.

Secretary of Agriculture Henry Wallace and agriculture officials believe a processing tax is the way out. With the assurance that there will be \$500,000,000 to spend on the farm program and the fore-knowledge that it will cost from \$250,000,000 to \$500,000,000 more to complete the program, they reason that a processing tax would raise the necessary funds by building up the consumer-price of commodities for which the market price is low.

To objections that this is unfair to the consumer their answer is that any price increase is a tax on the consumer, but that it is better for the consumer in the end to be required to pay 1/2 cent more for a loaf of bread because a processing tax on wheat had been imposed, than to pay a sales tax of 1 cent more for every loaf of bread. This widespread tax on sales they insist boosts the price of farm products and manufactured articles alike, and in many cases increases prices which are already unreasonably high.

There is provision in the Senate bill for payments to farmers who cooperate in soil conservation programs, and its authors claim for the law that it will provide an adequate and balanced flow of cotton, wheat, corn, tobacco and rice in interstate and foreign commerce. The methods suggested for achieving that end so closely resemble those employed in the outlawed Agricultural Adjustment Act that the question of its constitutionality is certain to be brought up frequently in the fight ahead.

Comradeship in Christianity

The International Uniform Sunday School Lesson for Dec. 12.
Text: 1 John 1:7; Revelation 21:1-7

UPON the fellowship of Christ and His disciples Christianity had its foundation. Jesus surrounded Himself with earnest men, who were devoted to Him and His teachings. Inspired by His example, these disciples went forth to tell others of the Master and to bring them to Him. He taught these new disciples by example and through living with them from day to day. They met upon a plane of humility. He asked from them no obsequious devotion; only the loyalty of those who responded to the teaching of love and grace. The Christian church never comes nearer to its ideal, no matter how large it may grow, or how extensive and varied its boundaries, than when it fulfills the simple principles of this early fellowship and brings men into relationships of love and comradeship.

This idea of fellowship is not confined to our lesson or to any one interpreter of the life and words of Jesus. John, in his first Epistle, from which part of our lesson is taken, has given the very highest expression of the reality and privileges of Christian love. "If we walk in the light as He is in the light, we have fellowship with another."

Paul interprets the Christian experience in exactly the same way. Its nature and its climax are found in love, which is the theme of Paul's greatest sermon in the brief 13th chapter of 1 Corinthians. Paul lays stress always upon fellowship in the church. The church is a "household of faith." Its members have the close relationship in an

Give Some Thought To The LAXATIVE You Take

Constipation is not to be trifled with. When you need a laxative, you need a good one.

Black-Draught is purely vegetable, reliable. It does not upset the stomach but acts on the lower bowel, relieving constipation.

to the team and the game. His last words came in the form of advice, and coming from Coach Meyer they were as impressive to members of the Sideliners Club as they were to football players. They were, "What ever you do, be a man." Meyer scored more than a touchdown with Hall County fans... he won their admiration and respect for an uplifting and encouraging message. And, I, for one, favor voting the Sideliners Club an expression of congratulations and thanks for obtaining such a man as the principal speaker for their first great annual affair. (I know of approx-

imately 80 football players who will join me.)

The anticlimax was reached when Meyer presented gold footballs, gifts of the sponsoring club, to the outstanding member of each team represented. (This was about enough to break me over into the sentimental column.) Men awarded were graded outstanding on the basis of: scholastic standing, team spirit, training discipline, and ability. The men and the teams they represented were: Adams, Estelline; Brister, Lakeview; Mullins, Turkey, and Dewlen, Memphis.

The final gun, "The Eyes of Texas" by the crowd, ended the first annual Hall County banquet in a gale of shouts, as a happy group of players and fans again besieged Meyer for autographs.

Not to go unmentioned was the music furnished by Milton Pullis and Orchestra throughout the scrimmage session. They added much to the color and the prevailing mood of the evening.

About all I can say now is that if the Sideliners Club's second annual banquet next year is any greater than it was this year they will have to go some. Personally I don't see how they could do better.

1938 Ford Will—

signed de luxe line for owners who desire additional style and appointments. Powered only with the 85 horsepower V-8 engine, the line includes eight body types, the coupe, Tudor and Fordor sedans, as well as the club coupe, convertible cabriolet, club convertible cabriolet, convertible sedan and the phaeton.

Both lines present larger appearance, with newly designed fronts, grille, hood and fenders. The interiors of the two cars are roomy and attractive, styled in keeping with the exteriors. Bodies of both lines are all-steel and safety glass is used throughout in

windshield, doors, and windows. Both the standard and the de luxe will be on display at the local Ford dealer's Saturday and Memphis citizens will have their first opportunity to view the 1938 models on that date. The new model trucks will also be represented in the display, it is understood.

That good old gentleman, Santa Claus, has again requested The Democrat to collect letters written to him by all the boys and girls in this section. The letters mailed to The Democrat will be published in the paper and then sent to old St. Nicholas himself at the North Pole. Santa Claus said, "I want every kiddie in the Memphis vicinity to write to me. Just send your letter to The Democrat and I'll get it."

The sandstorm in this vicinity last Friday night and Saturday morning caused considerable damage to crops, it has been reported. George Sex-a-uer, who farms about ten miles west of Memphis, said the dusty gale damaged his cotton and laid his late feed flat.

In a Thanksgiving Day game at Turkey the Silverton Owls emerged the 29-12 victor over the Turkey Turks, as the result of four sweeping end runs to the goal. However, the Hall County team was conceded by most of the spectators to have far outplayed the invading Briscoe group.

Two or three weeks ago F. M. Gwinn told about Seth Thomas having to climb down out of a pecan tree because the owner came up unexpectedly. Now Seth retaliates by saying that his father-in-law had already gathered about a gallon of pecans, and when he saw the owner (a woman) coming he dropped the pecans and started up the road saying, "I'm going on to see if I can find some black haws—come on with the car when you get ready."

Both Memphis and Turkey are to have lights and decorations on their business streets during the 1937 Christmas season, according to reports. Work on the decorations here is expected to begin in the next few days, it has been said.

And, as to Christmas decorations, Memphis citizens will likely take advantage of the prizes the chamber of commerce is offering for the best decorated houses. However, the aim should not be so much toward receiving a prize as toward making the city more attractive.

The Memphis Whirlwinds, junior teams coached by Bowen Cox and Robert Devin, concluded their first season of pigskin tossing two weeks ago, after playing against teams in Clarendon, Childress, and Lakeview. The eighth grade team, coached by Cox, and the junior high team, coached by Devin, although they failed to put so many marks in the win column, showed great promise, and the continuance of the junior teams will be of aid to the Memphis Cyclone in developing good football material.

The county clerk issued sixteen marriage licenses this month. This was a marked increase over the number issued during the past several months, and is probably the largest number issued any month this year.

That the grid banquet Monday night, sponsored by the Sideliners Club, was a complete success is attested by all who attended—Sideliners, lettermen, coaches and teachers of the four high schools of the county. All praise the feed and the program.

Ray Martin and Jack Boone, president and secretary respectively of the club, have issued a statement as follows:

"In behalf of the Club we wish to thank the ticket sellers, the program committee, the Legion Auxiliary, and officials of the four schools of the county, and all others who in any way had a part in making the affair a success. Without the cooperation of all the Hall County affair would not have been the complete success that it proved to be."

W. P. Dial, local rancher, has placed two carloads of young Hereford cattle on his ranch southeast of town. The cattle were shipped here from Rehlem, near Dalhart.

Mr. and Mrs. T. J. Hampton, Mr. and Mrs. Jess Dennis, and Mrs. Frank Garrett went to Dallas Tuesday where Mrs. Hampton goes for medical observation. Mrs. Joe Allen Ballard and Mrs. Lester Phillips of Estelline were Memphis visitors Wednesday.

Baptists Observe Lottie Moon Week Of Prayer

The Woman's Missionary Society of the First Baptist Church met Monday at the church for an all day meeting in observance of the Lottie Moon week of prayer.

"Looking Unto Jesus" was the theme of the program, and the devotional given by Mrs. J. William Mason, followed with prayer by Mrs. W. L. Wheat. "Chile," a South American mission field, was discussed by Mrs. S. B. Foxhall.

Mrs. R. E. Clark was leader for the afternoon program. Mrs. H. B. Gilmore told in detail what the Lottie Moon Christmas offering was used for. Mrs. Clark brought an appeal from the foreign mission section. Prayer for the offering was led by Mrs. L. O. Dennis. Mrs. John Barber told the story of "Dona Carlotta," a soul winner, and Mrs. J. H. Smith told about "Elisa, a Handmaiden of the Lord." A book review of "Saved to Serve" was given by Mrs. Lloyd Phillips. Mrs. Bill Hood closed the meeting with prayer.

Lottie Moon, one of the first missionaries to China, has been an example of woman's stewardship for Baptist women and this week of prayer has been dedicated to her work.

Those present were: Mrs. J. H. Smith, Mrs. H. B. Gilmore, Mrs. Lloyd Phillips, Mrs. S. B. Foxhall, Mrs. W. L. Wheat, Mrs. John Barber, Mrs. R. E. Clark, Mrs. Bill Hood, Mrs. L. O. Dennis, Mrs. H. C. Crow, and Mrs. L. G. Raseo.

To continue the Lottie Moon week of prayer programs, members of the Baptist Woman's Missionary Society met at the church Tuesday afternoon with the Helen Dozier Circle in charge of a program on foreign missions.

Mrs. E. T. Prater was leader of the program on the subject, "Looking Unto Jesus" in Mexico, Nigeria, and Japan. The meeting was opened with the song, "My Faith Looks Up to Thee," followed with silent meditation. Mrs. L. G. Raseo conducted the devotional. Mrs. T. R. Garrett talked on missionary work on the South Mexico Field. Mrs. Leon Randolph, Mrs. D. A. Grundy, and Mrs. J. W. Mason discussed missionary work in other foreign countries.

A Lottie Moon offering was taken and the song, "He Leadeth Me," closed the program.

At the mid-week prayer service Wednesday evening, the Y. W. A. girls had charge of a program on missionary work in North Manchukuo and China. The Thursday afternoon program was on the work in Europe and Palestine-Syria.

The week's activities will be concluded today (Friday) with a program on "Prayer Around the World."

A good attendance has been present each afternoon.

Wedding Date Is Told At Tea on Saturday

The engagement and approaching marriage of Miss Myldred Bishop, daughter of Mr. and Mrs. John Bishop, to J. B. Webster of Visalia, Calif., son of Mr. and Mrs. Brice Webster of Memphis, was announced Saturday afternoon at a tea given by Mrs. T. J. Dunbar and Mrs. T. M. Harrison at the home of Mrs. Dunbar, 903 South Seventh street.

The entertaining rooms were artistically decorated with autumn flowers and leaves. Garden baskets, vases and bowls were cleverly arranged, combining the autumn shades, chrysanthemums and marigolds predominating. The dining table was centered with a large reflector surrounded with autumn leaves and bearing a crystal bowl in which two shades of marigold had been immersed, giving the effect of a solid crystal globe, further emphasizing the bride-elect's chosen colors. On another table was a huge bowl of fall flowers interspersed with slim white tapers.

The announcement was very cleverly made. Soon after the arrival of the guests, hobbies were discussed, culminating in an intelligence test given by Betty Gibbs, cousin of the bride-elect. Betty let the "cat out of the bag" with her answer to the last question, which concerned the author of our first standard dictionary, and another Webster who is soon to be married. Simultaneously a real cat was let from the bag, and suspended from the neck were gold and silver bells bearing the letters, "M" and "J. B."

The wedding will take place in Cisalia, Calif., on December 15, after which the couple will leave on a wedding trip to San Francisco. Following the announcement a short program was rendered: Mrs. C. L. Sloan sang, "You're the One Rose," and "Always." Mrs. Harrison read "Courtship by Absent Treatment." To add to the enjoyment of the occasion bronze and gold hearts on which had been written interesting details concerning the wedding were cut in halves and given to the guests to match for partners.

Miss Bishop was becomingly dressed in a costume of copper crepe with harmonizing copper and brown accessories. A dainty salad course which further emphasized the bride-elect's chosen color combination was served to the guests. Favors were small silver wedding bells bearing the names "Myldred and J. B." engraved in silver.

The guest list included: Mrs. Troy Broome, Mrs. Carl Periman, Mrs. G. L. Tipton, Mrs. R. E. Clark, Mrs. A. W. Howard, Mrs. W. C. Dickey, Mrs. H. B. Estes, Mrs. Clyde Milan, Mrs. Lon Montgomery, Mrs. Joe DeBerry, Mrs. C. L. Sloan, Mrs. W. B. Kimberlin, Mrs. Claud Johnson, Mrs. Roy Fultz, Mrs. D. J. Morgensen, Mrs. J. S. McMurry, Mrs. Brice Webster, Mrs. John T. Bishop, Miss Eloise Norman, Miss Wilma Jarrell, Miss Maidee Thompson, Miss Frankie Barnes, Miss Nelma Bishop, Betty Gibbs, and the honoree, Miss Myldred Bishop.

Before leaving Pampa last week Miss Bishop was honored with a number of pre-nuptial affairs. The feature entertainment was a luncheon given in her honor by members of the Pampa school faculty at which time she was presented with an electric waffle iron. The presentation was made in the form of a proclamation. An advice written by each teacher furnished the diversion at the luncheon.

CHURCHES

PRESBYTERIAN CHURCH The call of the church through the centuries should be to us today the most vital thing in life. A world wide challenge of the greatest import. A call to personal duty and personal obligation. And thought to such marvelous opportunities, and an ever increasing purpose.

You are most cordially invited to attend both services next Sunday and we are always glad to have strangers and friends attend. Special music, and we trust all sick people in our community may be better by that time.

Using as a text the language of Paul in Col. 1:5, the minister will have for his subject next Sunday morning, "The Hope Which Is Laid Up for Us in Heaven." Hope is the Christian's anchor in all the storms of life, and we too often forget to use it. The evening service will be at 7 o'clock, and the subject of the sermon will be, "Faithful Sayings." The Lord's supper will be observed both morning and evening.

The Bible school will begin at 9:45 a. m. At the young people's meeting a profitable program of study is being conducted in the

We Boys of Memphis

Through A Youth's Eyes

Following is the speech delivered by Cordell Bates, a Memphis youth, at the Rotary Club luncheon Tuesday.

Jacob Riis said "No one can live to himself or die to himself. If you will not grub for your neighbor's weeds, in your own green garden you'll find the seeds."

Again he said "We talk a great deal about city toughs. With better opportunities they might have been heroes."

Where are many of our Memphis young men after they get to be 19? Not in Memphis. The bigger town, that's where! Couldn't Memphis have them a few years longer if our citizens would think of them as business and social assets, and give more time and thought to the natural desires of youth for a greater social life for them?

Boys like pleasures. They want to be in some social life, whether it be good or bad. If not directed very carefully, it is likely to be bad.

We like to hang around together, the same as the men do. It does us good as youths, also as a man, to be alone at certain times, and on certain occasions, but we know also that when we are together, that we create an atmosphere which brings us closer together, in unity and in fellowship, and it helps us to become better acquainted and learn to like each other more.

Thus men of Memphis have such organizations that tend to do these things. For instance, they have the Rotary Club, Country Club, Chamber of Commerce, American Legion, and Masonic Lodge. These various men's organizations and clubs are very active and impressive, and do great work in and for our town and vicinity, but—

What kind of a club where the boys and youths can meet together have we boys of Memphis?

Men have gathered together in associations or groups for hundreds of years. First of all for the protection it gave them from other groups of men. Then they got together for good times. Today they have annual re-unions, conventions, fairs, and even the Indians have had and still do have their pow-wows.

May I say we might go to a picture show, but that takes money, and we do not always have that; or we might even go to a dance, there's not much anything else but to loaf on the square or in the park.

Someone might say "Well, these boys could be at home, instead of being in town," but as you men know from your own experience and adventure. Of course while you men know that home is the best place, to a boy it is a place to sleep, eat, or be when he hasn't any other place to go. Then perhaps there are boys who don't have many things at home to make them happy there, and they go out, somewhere, just to be going. There is no harm in boys gathering in gangs. The harm is in the kind of leadership and the kind of things they do.

A real live red-blooded boy is full of pep, action; he wants to be active. The energy must be used some way. The thing is to give him an opportunity for the right expression of that energy. There are too many don'ts in a boy's life, but to furnish an opportunity for him, is to give him a chance to "do."

The younger boys like to get together with their gang, and the older ones also like to meet together with their friends. A boy has to get away from home some time in his life. He may go to college or he may go to another

town for work or when he gets married.

Clubs of boys can teach a boy many things. They can teach him to be a leader, to be a good sport, to get along with other boys, to make new friends, to think right and to do right things. These things are worth a lot to him when he becomes a man. If the younger boys could meet only once a week for a good time together, and the older ones another night, there are many things they could do to have a good time. There could be indoor and outdoor pleasures.

There are many boys in Memphis who don't go to any church. The law would be glad to have a club for boys, because then they would not be getting into trouble somewhere.

Where could we meet? I am wondering if a place can be provided where boys may go and meet their boy friends and have a good time.

One day, when Jesus was a boy, he was found in the church talking to the wise men. The Bible says "He increased in wisdom and stature, and in favor with God and man." Well, God liked Him because He had learned to be a real Christian, and men liked Him because He was a friend to them. He must have mixed with them in their social life. If He didn't, how could He understand people like He does?

Our great Robert E. Lee one time as he was coming from the chapel of the college of which he was president, seemed much affected. When he was asked why, he replied, "I was thinking of my responsibility to Almighty God for these hundreds of young men."

Have the citizens of Memphis a responsibility to Almighty God for all of the boys and young men of Memphis?

City Is Considered As Site Of Class-B Bidistrict Contest

For a while last week-end Memphis was seriously considered as the proper site for the bi-district football game between Spur and Wellington, after a group of Memphis Chamber of Commerce workers and citizens had extended the two teams an invitation to play on Cyclone field. The Memphis group met with officials of the two schools at Matador Sunday.

Carroll Smyers, manager of the local Chamber of Commerce, acted as spokesman for the Memphis committee and pointed out that this city was more centrally located for districts 3-B and 4-B. He offered the Spur and Wellington schools the facilities of Cyclone Stadium and the hearty cooperation of the City of Memphis should the two teams fail to reach favorable terms between themselves. However, several hours later the officials from Spur accepted a liberal financial offer to play the game in Wellington Friday afternoon.

Spur school officials had previously advised the Memphis committee that should they have to play on neutral ground, Cyclone Stadium would be their choice. Childress was also bidding for the contest.

The Memphis group attending the Matador meeting included, besides Smyers, Zeb. A. Moore, Dr. L. M. Hicks, Coach Wilson Dees, Floyd Springer, and Earnest E. Hayley.

Mrs. G. S. Vineyard, 92, Mother of Local Woman, Dies In Amarillo November 28

(From The Amarillo News)

Mrs. Mildred Caroline Vineyard, 92-year-old pioneer resident of the Panhandle, died at her home here Sunday morning, November 28, at 3:10 o'clock. She had been failing in strength for the past several months.

Funeral services for the aged Armstrong and Potter County citizen were held Monday afternoon at 2 o'clock from the Blackburn-Shaw Funeral Home, with Rev. E. B. Fincher, pastor of the Ellwood Presbyterian Church, officiating. He was assisted by Dr. J. Howard Williams, pastor of the First Baptist Church of Amarillo.

Interment was made in Llano Cemetery. Pallbearers were grandsons of Mrs. Vineyard: Truman, George and Roy L. Jr., and J. O. Vineyard of Amarillo. George Henry Vineyard of Clarendon and Luther Vineyard of Clinton, Okla.

The body lay in state at the family home, 702 Kentucky street, until an hour before the funeral service.

Mildred Caroline Drummond was born April 15, 1845, in Gwinnett County, Ga. She was married in August 24, 1865, to G. S. Vineyard.

Mr. and Mrs. Vineyard moved their family to Texas in 1889, settling in Montague County. From there they moved to Armstrong County in 1891, where they were engaged in farming. In 1924 they moved to Amarillo, and in June, 1926, Mr. Vineyard died.

As a girl in Georgia, Mrs. Vineyard experienced the stress of the Civil War period at her father's plantation, 40 miles south of Atlanta. She took an active part in running the household at her father's plantation during the war, carding, spinning, weaving and making almost every garment her family wore.

She experienced the trying

period of the reconstruction era following the Civil War. She remembered vividly the freeing of the slaves. The novel, "Gone With the Wind," had its setting within a few miles of her early home.

Mrs. Vineyard and her late husband were well known in the Panhandle and were noted for their southern hospitality. She was a member of the Baptist Church for the past 60 years.

Survivors are six children, Dr. G. T. Vineyard, Dr. R. L. Vineyard, James Vineyard, Amarillo; Mrs. Allen J. Baker, Elk City, Okla.; John O. Vineyard, Clarendon; Mrs. J. Claude Wells, Memphis; 15 grandchildren, and 12 great grandchildren.

All of the children, grandchildren and great grandchildren were here for the funeral rites with the exception of three grandchildren.

this life. While she was my mother-in-law, she was in all other ways a real mother.

One may make jokes about mothers-in-law, and some of them may deserve being made the butt of jokes. But not this mother-in-law of mine. For thirty odd years Mother Vineyard treated me as her own son, and not once in all those years did she take me to task for anything, or in the least question any act of mine. How many of my friends who have mothers-in-law can say as much? If so, then such friends are fortunate indeed.

I can pay no higher tribute to Mother Vineyard than to say she lived and died for her family. She had no other ambition than to see her children do well, stay well and be happy. True, she loved her neighbors and friends, of which there were legion. But her children came first.

Where do mothers go after this life? And who is it that doesn't want to have a reunion with his mother in the hereafter.

The DOCTOR says:

the HOME is dangerous

It's a fact little known, that more accidents occur in the home than in streets and factories. Carelessness and lack of knowledge and preparedness contribute to these dangers.

Follow these rules and help us cut down the number of serious avoidable accidents in the home.

1. Always have a plentiful supply of antiseptics and poison antidotes at hand and learn how and when to use them.
2. Treat every little scratch and burn immediately. Don't give infection a chance.
3. Take care with electricity — especially in the lavatory and the laundry.
4. Know the phone number of a nearby physician and call him when there is the slightest bit of doubt in treatment.

Be sure your prescriptions are handled with care and efficiency—bring them here.
