

City's Bookkeeping Methods Are Explored As First Testimony Is Heard In E. W. Lowrimore Trial

The state, opening its case against E. W. Lowrimore on one of eight indictments for embezzlement in connection with alleged shortages in the city water department, sought Tuesday to show that these shortages occurred in a water ledger controlled exclusively by the defendant.

Lowrimore is a former employee of the water department and was indicted by the September grand jury on eight counts of embezzlement and two of false entry.

Although the defense had not yet presented its case since the

state was still introducing testimony, cross examination by Clyde E. Thomas, member of the defense counsel, indicated that this line of testimony would be questioned by the defense as to specifically laying any shortages to the defendant.

After the court had overruled motions for quashing the indictment and for continuance Monday afternoon, the trial got underway with selection of a jury and calling of H. W. Whitney, city secretary, as the first witness.

Most of the testimony dealt

with the system of bookkeeping employed by the city in its fiscal affairs. It was developed that Lowrimore had been in exclusive control of ledger No. 1 and that each of two other clerks likewise had exclusive charge of similar books, ledgers No. 2 and No. 3.

All clerks testified Whitney, were authorized to receive payments, not only for water but other revenues due the city, but that the matter of crediting water receipts and charges to particular accounts was left to the person controlling a particular ledger in which that account was kept.

Whitney, at request of both District Attorney Martelle McDonald and Thomas, outlined the procedure of reconciling receipts with cash and how the daily cash sheet records were compiled and checked. Thomas asked if there was a \$200 petty cash fund kept on hand, queried about its purpose and asked if office employees could get money from it by putting in vouchers for the amount removed.

Whitney said they could.

"Then could you take out \$75 and put in a slip?" asked Thomas.

"No," answered the witness.

"There were no such amounts involved. Only items for \$3, \$4, or \$5."

New Controversy Over Neutrality Shipping Rules

Ireland Protests Being Included In Combat Zone; Ship Transfer Opposed

WASHINGTON, Nov. 14 (AP)—Controversy over shipping restrictions in the neutrality law was stirred anew today by Irish objections to being included in the war zone and by a proposal to prevent transfer of United States vessels to foreign flags.

Another maritime problem—the case of the City of Flint—appeared nearer solution when the German government ordered its warships not to interfere with the American freighter on her way back home.

The action was taken, the state department was informed late yesterday, with the understanding that the ship, captured by Germany

as a contraband carrier and later ordered released by Norway, had landed its cargo at Bergen, Norway.

The Irish complaint was made to the state department yesterday by the country's minister, Robert Brennan. He told Adolf A. Berle, Jr., assistant secretary of state, that Eire had been injured by President Roosevelt's action in putting her in a "combat zone" from which American ships are barred.

Brennan said his country is neutral and will remain so; that she needs American products—particularly cattle feed, fertilizers and wheat, and that the Irish government does not believe American ships would be endangered by visiting her ports.

Berle gave him assurances the matter would receive study. Under the law, the president may redefine the combat zone at any time.

The proposal to prevent changing registry of American ships so that they could continue service to European ports came from Senator Mead (D-N.Y.). Mead suggested legislation to prevent transfers and also:

1. Provide subsidies to encourage the operation of temporary and emergency ship lines in "legal" waters.
2. Provide "adequate" care for seamen furloughed by curtailment of shipping due to neutrality law.

The 275-ton British trawler *Cresswell* was sunk by a submarine and six of the crew were reported missing. The British freighter *Matra*, 3,003 tons, sank in the North Sea after an explosion believed to have been caused by a mine. Two were killed.

Latest German casualties, sunk by British warships, were the 7,892-ton *Mecklenburg* and the 6,039-ton *Parana*. The British admiral did not give the position of either freighter, although first reports of the *Parana* sinking came from Iceland. Crews of both vessels were reported rescued.

No loss of life was incurred in the destruction of the 1,364-ton British merchant craft *Ponzano*, off the southeast coast of England.

Eleven were reported drowned, and nine were missing in the sinking of the British India steamer *U-boat* near Singapore after it struck a mine. The *U-boat*, carrying aboard the 7,745-ton freighter *Escapade*.

The German submarine which sank the *Cresswell* picked up ten of the 12-man crew from a raft and seven hours later put them aboard the *Phyllis*.

Tell Churchill that German U-boat men are not the heroes you are led to believe, the submarine commander instructed the survivors.

Meanwhile Germany hinted at an even stiffer campaign against British shipping by publishing a list of 29 British and five French merchant ships as armed for combat. General comment in Berlin was that since the ships were armed, U-boat men are not the heroes you are led to believe, the submarine commander instructed the survivors.

Belligerents Suffer More Sea Losses

War Toll Goes To 120 Craft; 1,875 Persons Killed Or Drowned

Warfare at sea, where the conflict between Germany and the western allies most intensely today inflicted new casualties on both Britain and Germany.

Destroyer *Leat*

Sinking of five British and two German steamers raised the toll of ships sunk in sea combat to 120 and the total known tonnage destroyed to 498,117.

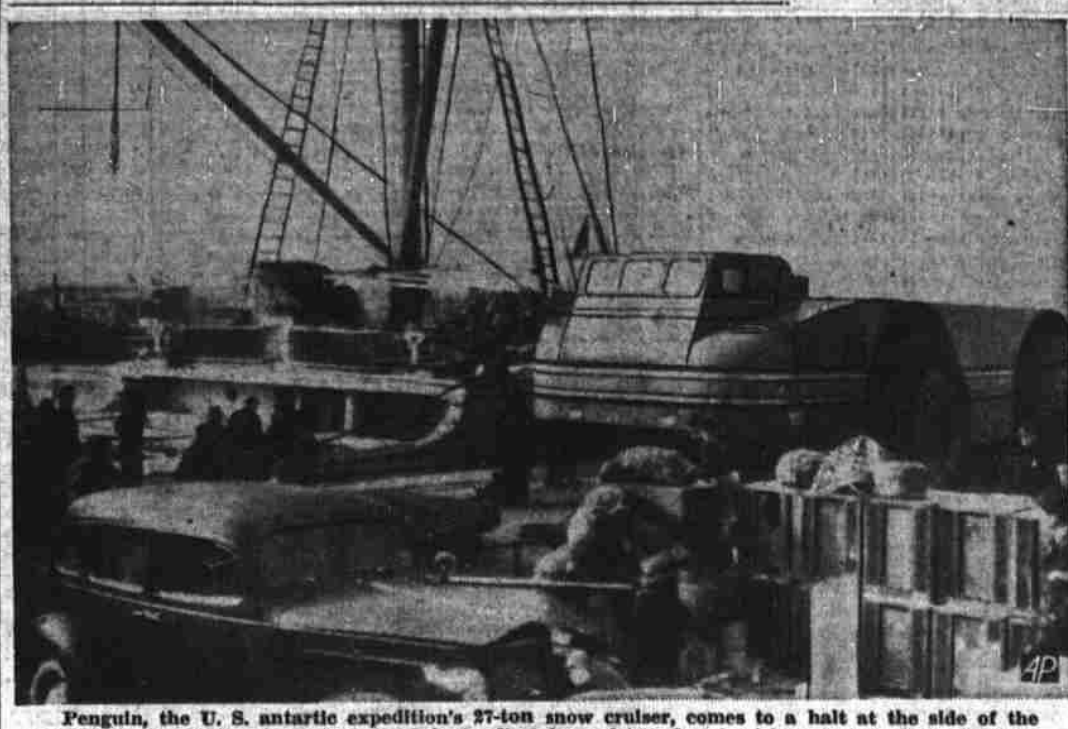

At least 1,875 persons have been killed or drowned and many others were listed as missing.

Great Britain has lost 65 ships, Germany 14, France 7, the Scandinavian countries 24 and other neutrals 10.

Heading the list of the most recent sinkings was an unnamed British destroyer, which the British admiral said was lost after striking a German mine. One member of the crew was listed as dead, six missing and 15 injured.

BYRD SNOW CRUISER FINALLY MAKES IT

Penguin, the U. S. antarctic expedition's 37-ton snow cruiser, comes to a halt at the side of the motor ship, North Star, at Boston army base after days of travel and mishap enroute from Chicago. The big craft will be taken on the trip aboard the North Star. It was put aboard today.

Byrd's Ship To Start Polar Trip Today

BOSTON, Nov. 14 (AP)—Like a motorist parking his car in a cramped space, Dr. Thomas Poulter drove the U. S. Antarctic expedition's immense snowmobile aboard the motorship *North Star* today in preparation for the departure this afternoon for the South Polar region.

A platform had been laid upon upright oil drums stored on the forward deck of the *North Star* and, when the tide had raised the platform to a position level with the army based oak, the huge snow-cruiser was edged carefully aboard, backed off to improve its position, and driven on again. A navy tug braced the 1450-ton *North Star* against the dock.

Two feet of the cruiser's rear end was ailed off with acetylene torches so that the ponderous machine could be stored on deck and fastened securely. The severed part will be reattached in the Antarctic, where the snowmobile is to be used as an igloo on wheels for the government's expeditionary forces covering vast, uncharted areas.

The *North Star*, which has been labeled the "floating icebox" because she carries great quantities of meat for the expedition's food supply, will head for Philadelphia to pick up two airplanes. Byrd said he would join the vessel there or at Panama, possibly flying to catch her.

Mother Still Hopeful Child Will Be Aided; Physicians Doubtful

PHILADELPHIA, Nov. 14 (AP)—Science said "no hope, but a mother prayed today that from a stream of blood offered that come "the one chance in a million that would save my little girl."

Four months ago eight-year-old Kathryn Felt became ill with acute lymphatic leukemia, a disease in which white corpuscles destroy the red. Physicians say no victim of the acute type has lived more than six months.

As her daughter's life drained slowly away, Mrs. Charles Felt went on the radio Sunday night with an appeal for blood donors. She had been told a transfusion of type two blood from a person who had survived the disease might help Kathryn.

Offers poured in until there were nearly 100 today — but science shook its head.

"These people are obviously distressed," said a spokesman for the Philadelphia Society of Medical Society.

"The belief the injection of blood from a person recovered from the disease will cure this little girl is futile, as undoubtedly no such case exists."

Russia Plans More Threats On Finland

MOSCOW, Nov. 14 (AP)—Soviet Russia, hoping the economic strain of counter-mobilization still may bring Finland to terms, probably will continue massing troops along the Finnish border, diplomatic observers said today.

(Finland has been preparing for five weeks against a showdown with Russia, and approximately one-tenth of the 3,007,000 population has been mobilized for defense service.)

There appeared to be a general belief here that the Finnish diplomatic mission which departed for Helsinki last night after steadfastly refusing Soviet demands for certain territorial concessions, would not return.

Russia's principal demands on Finland have been for a naval base on the northern coast of the Gulf of Finland, concessions on Finland's Arctic coast, and a strip of Finnish territory north of Leningrad.

In return, Russia offered Finland a piece of lake-studded Soviet Karelia.

Govt. Annuity Plan Talked

WASHINGTON, Nov. 14 (AP)—A proposed expansion of the social security program under which individuals could buy annuities from the government paying up to \$100 a month at maturity has been submitted to President Roosevelt for consideration.

Senator Wagner (D-N.Y.), sponsor of the social security legislation, was said reliably today to have discussed the annuity proposal with Mr. Roosevelt at a recent White House conference.

Details of the Wagner plan remain to be worked out, but well-informed sources said it would provide:

1. That any citizen could buy an annuity "insurance policy" providing up to \$100 a month from the government at a cost 30 per cent less than he would have to pay a private insurance company.
2. That annuities be sold through postoffices in the same manner that postal savings and baby bonds are handled.

Wagner told reporters he had been advised by one insurance official that such an annuity program would do little harm to the private insurance business. Insurance companies, the senator added, are interested primarily in annuities paying more than \$100 a month.

Wagner is expected to propose the new plan shortly after congress convenes in January.

Letters Open New Clues In 'Gang' Killing

CHICAGO, Nov. 14 (AP)—The discovery of a letter relating that Al Capone voiced threats in Alcatraz prison against Edward J. O'Hare, slain president of Sportsman's park race track, gave an unexpected turn today to the search for the turkmen slayers.

Bearing the signature of "George," the letter was found in a book at O'Hare's secret North Side apartment. The envelope carried a St. Louis postmark dated Oct. 6, 1937.

The letter had been sent from one friend of O'Hare's to another. The writer said he had been told of the threats by two former inmates of Alcatraz prison and urged the recipient to warn O'Hare.

"You know," the letter said in part, "O'Hare and him had many arguments and disputes over them tracks. I think the sore spot is something in connection with Sportsman's park."

The Capone group was the original owner of Sportsman's park. At one time O'Hare managed a Chicago dog track in which Capone had an interest.

Says Demo Policies Leading To War

PITTSBURGH, Nov. 14 (AP)—Senator Robert A. Taft (R-Ohio) says the whole philosophy of the Democratic party leads toward involvement in the European war.

"By 1940, it will be perfectly apparent that if the people wish to remain at peace, they cannot trust the power of peace and war to the Democratic party for four years," the Republican leader told the community forum last night.

"After his election, Wilson did not keep us out of war. Roosevelt cannot be re-elected, and no Democrat; candidates can be elected, on the ground that he kept us out of war. The Republican party is the peace party and it will be the peace party in the election of 1940."

Suspects In Robbery Held

MALVERN, Ark., Nov. 14 (AP)—Three bedraggled fugitives, hunted for five days for the \$3,000 robbery of the Merchants and Planters Bank of Sparkman Nov. 9, surrendered without resistance at dawn today. They had been surrounded near a brick plant on the outskirts of Malvern.

Weak from exposure and hunger, they told state police they were "ready to give up."

Supt. Gray Albright of the state police said \$1,600 in currency, identified as part of the loot from the bank, was recovered.

Taken to state police headquarters at Little Rock, the men gave their names as Otis Ewing, 34, Port Arthur, Texas; Berl Trammel, 22, Beaumont, Texas; and Preston Wautrot, 41, Church Point, La.

Hunger which forced the men to buy food supplies from a small store near Foyen last night led to their capture, state police said.

M.E. Conference Opens Wednesday At Lubbock

LUBBOCK, Nov. 14 (AP)—The 30th annual Northwest Texas conference of the Methodist church, which opens Wednesday, has made its plans for 600 expected delegates and visitors during the five-day gathering.

Opening the conference Wednesday afternoon will be Bishop Ivan Lee Holt of Dallas, chosen last year as a bishop and assigned to Texas conferences. A great communion service is planned for all delegates.

Principal speakers will be Dr. Frederick W. Hannon, D. D., pastor of the Central Methodist Episcopal church, Chicago, and one of the great pulpiteres of the denomination. He is to speak twice Thursday and Friday.

Turkey Price Up To 15 Cts.

AUSTIN, Nov. 14 (AP)—Local wholesale buyers today reported a sharp upturn in movement of turkeys with farmers getting as high as 15 cents per pound after withholding the birds because of low prices.

The 14 and 15-cent level was four to five cents higher than when the market opened nearly two weeks ago. One producer here reported it had bought 7,000 turkeys destined mainly for eastern markets.

District Judge Ralph Yarborough yesterday instructed a grand jury to investigate alleged price fixing among turkey marts along with other inquiries into possible violations of state anti-trust laws.

Attorney General Gerald C. Mann, joined by Agriculture Commissioner J. E. McDonald, last week launched a similar investigation.

ATTORNEY DISBARRED

NEW YORK, Nov. 14 (AP)—Louis S. Levy, prominent attorney was disbarred by Federal Judge John C. Knox from federal court practice today as a result of charges made against him following the conviction of Martin T. Manton, former senior judge of the U. S. circuit court.

Disbarment proceedings against Paul M. Hahn, vice president of the American Tobacco Company, were dismissed.

U. S. Attorney John T. Cahill charged that Levy and Hahn had concealed a loan of \$250,000, made largely for Manton's benefit, to the late James J. Sullivan, a business associate of Manton's, by Lord and Thomas, advertising agents.

ALL QUIET ON THE WESTERN FRONT

PARIS, Nov. 14 (AP)—News of activity on the western front was summed up by the war ministry today in a two-word communique, "quiet night."

Paris, meanwhile, remained quiet following air raid alarms yesterday on the approach of German scouting planes, which were driven off by anti-aircraft fire. Three persons were injured by falling shell fragments.

FAMED RACE DRIVER WINS MAYORALTY

SALT LAKE CITY, Nov. 14 (AP)—A certificate of election presented today to David Abbott (Ab) Jenkins gave conclusive evidence that the widely-known racing car driver, who holds 153 records, would serve as Salt Lake City's next mayor.

The certificate was issued by the city commission after an official canvass put Jenkins 51 votes ahead of Herbert A. Snow, 21,127 to 21,076.

American Airlines Official Here; Trip To Midland Planned

O. M. Mosier, a vice president of American Airlines, was in Big Spring Tuesday conferring with City Manager E. V. Spence on final plans for the city-AA contract on use of the airport, and also working on plans for aiding in Big Spring participation in Midland's airport dedication Saturday of this week.

Mosier said only minor matters were to be adjusted in the contract. American Airlines, joining in the Midland airport ceremonies, will send a special plane out from Fort Worth Saturday morning to pick up a group of Big Spring officials and civic leaders and transport them to Midland. There, Midland notables will be given courtesy flights in the AA ship.

Mosier planned to leave this evening for the west coast, and to return here on Friday evening's plane to join the Big Spring party. He has been in several Texas and Oklahoma points in the interest of new American Airline services.

MUSIC APPRECIATION PROGRAM GETS NATIONAL RECOGNITION

"Newspaper history is being made in Texas and a new source of public service in American Journalism has been opened..." writes Stephen J. Monchak in a full-page article in the November 4 issue of Editor and Publisher, national journalistic organ, describing the state-wide music appreciation program instituted by a score of Texas newspapers.

The campaign to acquaint readers of the newspapers with the opportunity of acquiring at fractional cost phonograph records of the "World's Greatest Music" is characterized in the article as "purely a good will, cultural and educational project... persons who could never get the music otherwise are

HIGHWAY PATROLMEN GETTING EXTRA WORK

AUSTIN, Nov. 14 (AP)—Double duty is in store for state police officers.

Normally patrolmen work double time on holidays because of the traffic crush. This year due to the official Thanksgiving in Texas they will get a double dose of extra-time service.

Orders went out today for expanded patrol duty on November 23 and 24, both named as Thanksgiving days.

ADMINISTRATION WOULD LIKE A QUIET SESSION OF CONGRESS

By W. B. RAGSDALE

WASHINGTON, Nov. 14 (AP)—A short, quiet session of congress is what the administration would like to see this winter.

Several obvious reasons exist. Perhaps the strongest is that the Democratic party peace is of the same touch-me-not variety as a bolt on the nose. Too much jostling would set off leaping pains again.

One factor which helps to build up the hopes of peaceful-minded Democratic leaders is their conviction that President Roosevelt has no legislative bombs to drop into their laps.

A year ago he told them the major phases of his program had been completed.

A desire for peace exists on both

SPURS OFFER OF TAX MONEY

WASHINGTON, Nov. 14 (AP)—Sculptress Adelaide Johnson, faced with eviction from her studio-home, spurred an offer of \$1,000 to pay her taxes today but the movement to help her went forward, nevertheless.

Tiny and elderly, Mrs. Johnson told newsmen she would not accept an unidentified New York woman's \$1,000 offer, made through Representative Bloom (D-N.Y.). Bloom said later he thought she would change her mind.

"A short time ago, \$1,000 would have saved this place," Mrs. Johnson said, gesturing about her studio where several pieces of sculpture showed evidence of her despairing decision to destroy them after her home was sold for \$7,800 under a tax proceeding.

Despite her rejection and a declaration that "relief, welfare and need are words that are not in my vocabulary," Bloom sent the New York headquarters of the American Red Cross a message accepting for her the \$1,000 certified check offered by a nameless registered nurse.

Bloom told reporters offers of various types of assistance for Mrs. Johnson were beginning to come in and said he expected the response would be even greater.

Rep. Bloom (D-N.Y.) heard of the elderly sculptor's plight yesterday and arranged to delay eviction proceedings pending completion of plans to care for her.

Statutory in the place was worth \$100,000 or more, Bloom explained.

Of late years her sales have been few, and storage costs for statutory are high. Her last storage bill was \$4,102, Mrs. Johnson said, adding "Besides, to put these 3700 women in storage again—I refuse to do it."

Formal Reply To Neutrals' Peace Plea

Germany's Answer Based On Those Of Britain, France

BERLIN, Nov. 14 (AP)—Foreign Minister Joachim von Ribbentrop today informed the Belgian and Netherlands envoys that Germany's reply to the joint mediation offer from the lowlands nations would be a polite "no."

Brief Note

The formal reply to the offer made Nov. 7 by the queen of the Netherlands and the king of Belgium will be sent tonight to The Hague and Brussels with introductions to German envoys that it be presented tomorrow, informed sources said.

The note was said to be only a page and a half in length and was drafted by Von Ribbentrop who informed the two small nations of its contents today.

Von Ribbentrop was said to have stated that Germany's reply was based on answers already received by the two sovereigns from Britain and France which he said rendered peace impossible at this time.

(The French reply, delivered Sunday, declared it was up to Germany to repair "the injustices which force has imposed on Austria, Czechoslovakia and Poland" before peace could be discussed.)

(Britain promised consideration of any German proposals which might "afford real prospect of achieving" Britain's avowed aim to halt German "aggression.")

(A German communique meanwhile asserted that Nazi bombing planes shot down two flying boats and scored a "probable hit on an English cruiser" in a raid on the Shetland Islands yesterday.)

(British spokesmen said the Shetland Islands suffered no damage except a few shattered windows.)

Authorized sources indicated a sterner Nazi sea campaign was in the making, involving possible submarine attacks without warning. Berlin newspapers published a list of 29 British and five French

Mrs. McCurdy Honored At Evening Program

All-Day Rally Of Royal Neighbors Ends With Presentation Of Gifts To Supreme Oracle, State, District, Local Officers

A talk by Mrs. Grace McCurdy of Rock Island, Ill., supreme oracle, and drills by the various camps represented at the rally, closed the all-day session of the Royal Neighbors of America held Monday at the Settles hotel.

Mrs. McCurdy, who was making her initial trip to Big Spring, spoke on the magnitude of the Royal Neighbors organization and pointed out that over one half million persons are members. She told something of the home office and its work and the duties discharged from that central office.

She also discussed the home in Iowa for 40 residents that is supported by the Royal Neighbors.

All honors were given to Mrs. McCurdy with gifts presented her by the representatives from the various camps, from state officers, and from local officers.

Mrs. T. J. A. Robinson was in charge of arrangements and was also presented with gifts, as were Mrs. W. M. Gage and Mrs. Shelby Hall. State officers and district deputies also were given gifts.

A banquet was held at 6:45 o'clock at the hotel and decorations used a Western motif. Cactus decorated the tables and a pair of cowboy boots centered the main table and held a bouquet of chrysanthemums of purple and white. The banquet decorations were made by Mrs. R. E. Blount, Mrs. C. L. Henry, and Mrs. Claude Wright. Place cards were made in the form of a booklet in the lodge colors and also carried out a West Texas theme. These were made by the Pecos representatives.

Following the banquet, the Ranger camp put on the opening and the Pecos camp, dressed in cowboy regalia, put on the escort drill. Other drills were given by Wink, Ranger, Graham and Royalty camps.

A stunt by Ranger camp was old-fashioned square dancing with some of the dancers dressed in long full skirted dresses and others dressed as men.

The West Texans, composed of Mrs. Blount, Mrs. H. W. Summerlin and Miss Ruby Bell and accompanied on the piano by Mrs. Ann Gibson Houser, gave several selections of Western music including the number "Riding Down the Canyon."

During the afternoon sessions which were preceded by a luncheon at 12 o'clock for oracles, recorders and deputies, a call to order was given by Mrs. Lillian Burleson. The invocation was given by J. H.

Plans For Orphan Box Discussed By Presbyterians

Articles To Be Collected During The Week

Plans for the orphan box to be sent soon were discussed by the First Presbyterian Auxiliary when it met Monday in circles.

King's Daughters
Mrs. E. C. Boatler was program leader on "What Calvinism Has Given the World" when King's Daughters met at the church for an all-day quilting and covered-dish luncheon. Mrs. J. O. Tansitt was in charge of the devotional on "Let Us Give Thanks."

The quilt for the orphan's box was finished, there present were Mrs. T. S. Currie, Mrs. Albert Davis, Mrs. N. J. Allison, Mrs. A. A. Porter, Mrs. C. W. Cunningham, Mrs. F. H. Talbot, Mrs. C. H. Linecum, Mrs. W. C. Barnett, Mrs. J. N. Rutherford, Mrs. R. V. Tucker, Mrs. L. B. Edwards and Mrs. R. L. Carpenter.

Ruth Circle
Mrs. E. L. Barrick was in charge of the devotional on "Solvency of God and Supremacy of His Word" when Ruth Circle met in the home of Mrs. E. J. Brooks.

Mrs. D. W. Webber was program leader on "The Presbyterian Evangelical Crusade." Plans for the orphan's box were made with articles to be collected next week.

Mrs. A. A. Porter was the only guest and others were Mrs. J. E. Pritchett and Mrs. Nell Hilliard.

Dorcas Circle
Mrs. Raymond Winn was in charge of the business for the Dorcas circle when it met in the home of Mrs. L. S. McDowell. Mrs. McDowell led the program on "Let Us Give Thanks."

Mrs. L. E. Parley gave the devotional on "Solvency of God." Circle prayers were given and refreshments served.

Mrs. Winn reported that sheets, pillow cases, blankets had been bought for the orphan's box.

Methodist Women Hold Silver Tea At Church To Climax Study, Work

To climax six weeks study of the book "Through Tragedy to Triumph," members of the First Methodist Women's Missionary society met Monday at the church for a program and silver tea.

Mrs. Clyde Thomas was in charge. The affair was given to represent in miniature the Madras conference and the stage setting was arranged by Mrs. H. G. Keaton.

Different nations were represented and included Mrs. W. L. Mier as China; Mrs. Foster Gay as Japan; Mrs. J. V. Birdwell as India; Mrs. J. C. Waite, Sr. as Russia; Mrs. M. A. Cook as Germany; Mrs. B. E. Freeman as Great Britain; Mrs. Glen Hancock as Africa; Mrs. Merle Dempsey as South America; Mrs. W. A. Miller as Mexico; and Mrs. Hayes Stripling as United States.

Mrs. King Sides gave a piano solo and Mrs. J. O. Haynes gave the devotional. Mrs. H. H. Flewelling had a solo accompanied by Mrs. Keaton. "Kingdom is Coming" was sung by the group.

Each of the women representing the different countries told of the needs of their country and a candle lighting ceremony was held. A central candle was lighted and each nation lighted her candle from the central flame to signify the light of Christ going around the world.

The hymn "In Christ There Is No East or West" was sung. The tea table, presided over by Mrs. Stripling and Mrs. Dempsey, was laced with white and pink flowers and flanked with white tapers.

Refreshments represented each of the nations with the sandwiches made in the form of an American flag. Mrs. E. D. McDowell presided over the register which was made in the form of the world with a globe of the world on the front.

Registering were Mrs. W. D. McDonald, Mrs. Ella Neal, Mrs. Emma F. Davis, Mrs. Lucille Price, Mrs. Joe M. Fawcett, Mrs. M. L. Musgrove, Mrs. Haley Haynes, Mrs. J. C. Program On Church Given By First Christian Council

"The New Testament church" was the study for the First Christian Council when it met at the church Monday with Mrs. E. L. K. Rice in charge.

Mrs. Rice gave "Ministry of the Church" and Mrs. G. C. Schurman talked on "Ministry of the Sacrament." Mrs. Roy Carter had as her topic "Ministry to the Temple Needs" and Mrs. F. C. Robinson gave "Ministry of Healing" and also the summary.

A doughnut sale for December 8th was planned and details for a dinner were discussed.

Others attending were Mrs. A. E. Wade, Mrs. Ethel Boyle, Mrs. J. R. Crenshaw, Mrs. C. R. Murdock, Mrs. R. J. Michael, Mrs. Tom Ross and Mrs. Harry Lees.

Stanton Missionary Society Hears The Nominating Report

STANTON, Nov. 14, Spl.—The Methodist Missionary Society met in the church parlor Monday afternoon for a business and study program. In the business session, Mrs. Harry Hall presented a report of the nominating committee, for the next year's officers.

Mrs. O. B. Bryan led the study of the afternoon, the first chapter of "Tragedy Through Triumph." Taking part in the program were Mrs. R. M. Deavenport, Mrs. Raymond Van Zandt and Mrs. John Hamblen.

On next Monday afternoon, a social will be held at the home of Mrs. Joe Poindexter, with Mrs. Harry Hall and Mrs. G. W. Alsop joining Mrs. Poindexter as hostesses. The second chapter of the current study will be presented.

Present at the meeting today were Mrs. R. M. Deavenport, Mrs. L. J. Johnson, Mrs. Joe Poindexter, Mrs. Raymond Van Zandt, Mrs. Harry Hall, Mrs. Dan Renfro, Mrs. John Hamblen and Mrs. O. B. Bryan.

Mrs. Joyce Howard Announces Marriage Of Her Daughter

Mrs. Joyce Howard has announced the marriage of her daughter, June, and S. G. Lacy of Crane, Texas, on June 2nd, 1939.

Lacy is the son of Mr. and Mrs. E. G. Lacy of Vernon. Mrs. Lacy was graduated from Big Spring high school in 1937 and has been employed by the telephone company here. Lacy is employed by the Roadway Transport Company. The couple plan to make their home in Big Spring.

East Fourth St. Brotherhood Is Reorganized

Reorganization of the Brotherhood of the East Fourth Street Baptist church was perfected at a meeting of members of the church Monday night. A Mexican supper was served to 56, preceding the business and devotional programs.

Dorman Kinard was elected president of the organization; David Turpin, first vice president; H. C. Burnett, second vice president; and George O'Brien, secretary-treasurer.

Following the devotional by O'Brien, Rev. W. S. Garnett spoke to the group on the cooperative work between pastor and laymen; and Rev. Elmer Dunham, pastor, discussed the church budget for 1939-40.

The group voted to sponsor a Boy Scout troop, and will serve in such capacity for Troop No. 4.

Kid Party Held In Home In Purser

STANTON, Nov. 14, Spl.—Of social interest over the week-end, for the younger set of Stanton, was a Kid Party held Friday evening, at the home of Mrs. B. A. Purser, honoring the Juniors of Stanton High School. Joining Mrs. Purser as hostesses were Mrs. John Pinkston and Mrs. Lynn White.

A variety of kid games added hilarity to the affair, as well as a contest to decide whose costume was the most appropriate. Winners were Miss Nina Holder and Reber Williams.

Favors on the refreshment plate were candy suckers. Those present were Nina Holder, Monette Cox, Juanita Powell, Reba Louise Obitant, Thessa Ruth Hull, Marcelle Pinkston, Lusa-Pae Reynolds, Helen Renfro, Hugh White, Clifton Ledbetter, Beryl Dean Clinton, Doy Egger, Vernon Chandler, Robert Williamson, James Webb, Claddie Shelbourne, Chunkie Blackford, Raymond Weathers and W. Constipation Relief That Also Pepsin-izes Stomach

When constipation brings on acid indigestion, bloating, dizzy spells, gas, coated tongue, sour taste, and bad breath, your stomach is probably loaded up with certain undigested food and your bowels don't move. So you need both Pepsin to help break up that rich undigested food in your stomach, and Laxative Senna to pull the trigger on those lazy bowels. So be sure your laxative also contains Pepsin. Take Dr. Caldwell's Laxative, because its Syrup Pepsin helps you gain that wonderful stomach comfort, while the Laxative Senna moves your bowels. Tests prove the power of Pepsin to dissolve those lumps of undigested protein food which may linger in your stomach, to cause belching, gastric acidity and nausea. This is how pepsinizing your stomach helps relieve it of such distress. At the same time this medicine wakes up lazy nerves and muscles in your bowels to relieve your constipation. So see how much better you feel by taking the laxative that also puts Pepsin to work on that stomach discomfort, too. Even finicky children love to taste this pleasant family laxative. Buy Dr. Caldwell's Laxative-Senna with Syrup Pepsin at your druggist today!

Turkey Price A Bit Lower

CHICAGO, Nov. 14 (AP)—Despite the double blow dealt the 1939 Thanksgiving turkey—two feast dates in one year—the nation may pay a slightly lower price for the delicacy than it did a year ago, market conditions indicated today.

Turkey are slightly cheaper in the big central wholesale market here and ducks and geese also are lower. Merchants said this year's birds, having fattened on a bumper supply of feed, have slightly more rounded curves to please dining table devotees.

A record turkey supply is available to meet America's longest Thanksgiving period—beginning November 23 in some states and ending November 30 in others—but producers are marketing flocks early.

Out of a crop estimated by government census takers at close to 55,000,000 birds they are expected to send 11,500,000 to market during November as against almost 11,000,000 from a crop of about 28,000,000 last year. The previous record crop was 27,725,000 birds in 1936.

Thus, the first Thanksgiving two-timing tom and hen turkey ever have received from their public is expected to call out only about 37 per cent of their population as against almost 81 per cent a year ago. This will leave more birds for the Christmas market and later in the season, in keeping with the trend toward year-round turkey eating.

Dressed turkeys for Thanksgiving have advanced one to two cents a pound since the start of trading here and now are quoted at 17 to 24 1/2 in the wholesale market. Young toms are about three cents lower than a year ago but hens show little change.

In the live market prices ranged from 18 to 18 cents compared with 15 to 19 a year ago. In 1938 dressed turkeys advanced to 22 to 25 1/2 cents just before Thanksgiving day while ducks went to 18 and geese to 16. Turkeys were priced above 30 cents in 1935.

Mrs. Roosevelt Answers Queries With A Smile

NEWARK, N. J., Nov. 14 (AP)—They fired a steady stream of questions at Mrs. Eleanor Roosevelt last night and the first lady met them all with replies as ready as her smile.

Nearing conclusion of her lecture tour, Mrs. Roosevelt finished her prepared talk at the Essex county town hall forum and then the chairman asked if there were any questions.

There were: "Do you believe a change of administration at this time would affect the possibility of retaining peace in America?" was the clearest any one came to the third term issue.

"No, I don't," Mrs. Roosevelt answered. "I believe any administration would do its best to keep this country at peace."

When should the United States act as intermediary for peace was another query.

"At any time it looks as though the United States could act effectively; when a real desire for peace is shown."

Under what conditions should the United States join the Allies?

This brought an instant "I don't know" from Mrs. Roosevelt. "I believe that is something up to the people of the United States to decide."

"Must 'capitalistic influences' be eliminated before an enduring peace can be established?" Mrs. Roosevelt was smiling broadly now.

"I don't think so. However, it is the duty of capital to show its proper interest in the people."

NESSEL WEARS NEW 'BAIT' CAMOUFLAGE

NEW YORK, Nov. 14 (AP)—Wearing a new type of "U-boat bait" camouflage, the British Anchor liner Cameronia arrived today with 98 passengers, including 34 Americans, after a rough but uneventful trans-Atlantic passage.

It was the liner's third trip to New York since the outbreak of the war.

Passengers and crew, denying reports of a German submarine attack, said the ship was protected by a "pillar to post" convoy of British destroyers.

In contrast to the solid horizon grey of its previous voyage, the liner had a grey superstructure with a liver-colored hull and black prow.

"The camouflage was changed so that the enemy won't know us," a crew member explained. "It draws them to the surface to see if we are neutral or not, and then we can let them have it."

Coyle, Chevrolet general manager.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

The Hitlerian-Allied war of sound finally has talked itself into an uncomfortable position from which it would be quite easy to tumble straight into a general European upheaval.

The many small countries, taking courage from each other, are getting over their fright and are sticking to their guns. They are bent on maintaining their neutrality, but just now are showing a sturdy determination not to buckle under further in the matter of their independence and territorial integrity.

The Finns' daring rejection of the Russian territorial demands, the vigorous preparations of Holland and Belgium to defend their neutrality against aggression if necessary, the reported new Balkan agreement tending towards defensive cooperation under Italian sponsorship—all these developments mark a hardening of the political temper of the continent.

It is significant that in all instances this attitude is the outgrowth of fancied or real dangers emanating from Germany or comrades Russia or both. The Anglo-French allies apparently haven't inspired fear thus far among the lesser states.

Thus we find a large number of little nations in southeastern and western Europe which, while not

openly hostile to Germany, are decidedly on the defensive against the Fatherland.

This in effect represents what seems from this distance to be a moral gain for the Allies, who undoubtedly have exploited the situation to the full.

So delicate has become the position of some of these small states that it wouldn't take much bullying to set them to using the arms which they already have ready at hand. And there is indication of a growing tendency among them to support each other.

Indeed, the way things have been framing the past few days it wouldn't be surprising to see development of coalitions which, taken as a whole, would present very formidable military power.

These developments are coincident with bad news for the Dutch, Belgian peace proposals or, so far as that goes, for any other mediation offers in the near future. This lies in the Anglo-French announcement of their war aims, which call for restoration of Poland, Czechoslovakia and Austria.

Since these three conquests represent some of the brightest jewels in the Fuehrer's crown it would take an imagination of very high horsepower to visualize the handing over of the territories without a fight.

Dan Moody May Be Urged To Run For Governorship Again, Is Latest Austin Political Talk

AUSTIN, Nov. 14 (AP)—Latest report to enliven political gossip in Texas' capital is that former Governor Dan Moody may be urged to run for governor.

Whether the tall, red-headed man who once led a successful political crusade against James E. and Miriam A. Ferguson would be friendly to such suggestion is another matter.

Circulation of the report is considered indication of growing interest in the gubernatorial political situation. First term of Governor W. Lee O'Daniel is nearly half over and another election is only eight months distant.

The Dallas speech of Jerry Sadler, railroad commissioner, criticizing O'Daniel and lauding the 56 representatives who blocked "B. J. Crook" at the regular session of the legislature, is another matter out-cropping in discussions of capital hot-stove leaguers.

Some observers now list at least 10 men as possible candidates to succeed O'Daniel. At the same time, they recall that O'Daniel, in the first Democratic primary last year, obtained a majority of votes over 12 opponents.

The Moody story presumably originated with the hopes of elements most eager to find a man who can defeat O'Daniel. It is not the first time the former governor's name has been trotted out by persons who want to see someone beaten.

A year or so ago Moody was mentioned as a possible antagonist for Senator Tom Connors, who also faced election in 1940.

It is not believed Moody as yet has been sounded out on re-entering politics and sources close to him express opinion such thought would be "very foreign" to his mind.

Unquestionably he has shown little interest in politics in recent years, his last filing being in 1932 when he made speeches in the unsuccessful effort to re-elect R. B. Sterling as governor.

When he completed his second term in 1930 he indicated he was "getting out" to practice law and his practice, known to have been lucrative, admittedly has been his greatest professional love.

Nevertheless, some quarters continue to look hopefully in his direction. These opine that with his many friends and dynamic style of campaigning he would be just what the doctor prescribed to effect O'Daniel's return to private life.

Shortage Of Feed Crops In Texas

AUSTIN, Nov. 14 (AP)—Spotted range conditions, poor in northwest central and south central Texas due to lack of rain, caused a shortage of feed crops at the start of this month, the U. S. department of agriculture's marketing service reported today.

The service said, however, the range feed supply was almost sufficient over the balance of the state to furnish winter grazing needs without much supplemental feeding.

Sweetwater Man, Kin Of Big Spring Woman, Succumbs

Word was received here Tuesday of the death at his home in Sweetwater Monday night of A. J. (Boots) Webster, long-time resident of this city, and a brother-in-law of Mrs. Charles Eberley of Big Spring.

Mr. Webster, 35, died unexpectedly of a heart attack, succumbing about midnight before a physician could reach him. He formerly worked for the Texas & Pacific Railway company, and later was associated with the U. S. Gypsum company at Sweetwater.

The funeral service has been scheduled for 4 p. m. Friday. Mrs. Eberley went to Sweetwater Tuesday, and planned to be there for the final rites.

Mr. Webster is survived by his wife, Mrs. Edith Webster; his mother, Mrs. Nora Webster; four sisters and five brothers.

M'ADOO FAVORS A THIRD TERM FOR FD

WASHINGTON, Nov. 14 (AP)—Former Senator McAdoo of California was added today to the group publicly advocating a third term for President Roosevelt.

In a statement issued last night in San Francisco, McAdoo said recent discussions with "a number of outstanding democrats" in Washington had shown "a general consensus" that the president would be re-nominated.

He expressed the opinion that the chief executive, whom he supported throughout his senate term, would be overwhelmingly re-elected. "The third term tradition is mere dogma anyway," McAdoo said. "We don't have to observe it unless we want to."

OIL OUTPUT FOR WEEK INCREASES

TULSA, Okla., Nov. 14 (AP)—The nation's production of oil increased 291,093 barrels daily to 3,789,117 for the week ended November 11, the Oil and Gas Journal said today.

Sharpest increase was in Texas. East Texas production rose 99,101 to 495,193, with the state's total production up 261,949 to 1,546,372.

Oklahoma's flow increased 14,475 to 429,295; California, 22,500 to 623,780; Illinois, 2,379 to 228,989; and Michigan, 1,381 to 64,132.

Louisiana production declined 1,571 to 267,509; Kansas, 8,350 to 164,900; eastern fields, 400 to 103,100; and the Rocky Mountain area, 1,180 to 79,960.

TO DISTRIBUTE 350 MILLION

NEW YORK, Nov. 14 (AP)—An estimated \$350,000,000 will be distributed starting Dec. 4 by banks to more than 7,000,000 Christmas club members.

Herbert F. Rawil, founder and president of the Christmas club, said today about one-third of the total, or approximately \$115,000,000, would be used for Christmas purchases and the rest for permanent savings, year-end bills, taxes, insurance and other purposes.

The saving this year is the largest since 1933.

OLD CONSTELLATION PUT TO USE AGAIN

Planning for homecoming on December 4 when a chili supper and program will be held, members of the Oddfellows met Monday night at the I. O. O. F. hall.

Two visitors included B. F. McFadden of Austin and D. C. Lykins of Midland. Applications were received and it was announced that the December 4 meeting would also be a "chili" night. The group of about 20 persons also planned to attend the bridge and forty-two party sponsored by the Rebekahs to be given Thursday night at the hall.

Plans Homecoming

Stanton Cheesman, 17, acclaimed a hero after rescuing five children from their burning home at Clayton, N. J., was sentenced to an indefinite term in a reformatory on a charge he set the fire. Cheesman is shown in this picture taken the day of the fire, illustrating how he rescued Ellen German, 3, one of the five German children.

SECOND OIL STRIKE IN NEBRASKA AREA

OGALLALA, Neb., Nov. 14 (AP)—The California-Nebraska Oil Co., Ltd., announced today the second oil strike within 10 days in Nebraska.

J. S. Kroh, a partner in the company, said a well estimated to produce 150 to 200 barrels of oil a day and three to five million cubic feet of gas was found 10 miles northeast of here at 1,950 to 2,240 feet.

The state's first well was brought in by another firm near Falls City, several hundred miles southeast near the Kansas-Nebraska border. Its initial production was estimated at 150 barrels a day also.

Kroh said drillers are going deeper to furnish a "thorough test" and the rotary rig is now at 3,156 feet. No announcement was made earlier, he explained, "because we didn't want to ballyhoo it any."

GOVERNOR FLIES

BURLINGTON, Vt., Nov. 14 (AP)—Gov. George D. Aiken disclosed today that he was ready to take his first solo airplane flight, having just received a student's license on the basis of his 14 hours in the air with an instructor.

FRATT, Kos. Nov. 14 (AP)—W. P. Hyde, Winfield, and J. L. Spicer, Hobbs, N. M., were killed last night in a highway accident near Winfield. Their truck, carrying oil drilling equipment, struck a bridge approach on Highway U. S. 84. They were en route to Skellytown, Texas. MOONEY IMPROVED PITTSBURGH, Nov. 14 (AP)—Tom Mooney was reported "greatly improved" today by his physician who said the veteran labor leader probably would leave the hospital within a week. Mooney was stricken by a recurrence of a stomach ailment last month. Pygmies, after begging an elephant, move their villages to the hill, for they find it easier to bring their homes to the elephant than to bring the elephant home.

Wages And Living Costs

President Roosevelt's latest appeal for an A. F. of L.-CIO union peace again focuses the attention of business on the labor problem in general and the wage problem in particular.

More immediate than the prospect of governmental influences on labor union activity is the question of renewed wage demands, for the return of industrial improvement has brought two developments conducive to agitation for increased rates.

The cost of living and the average hourly wage rate have pursued an almost parallel course since '29. Significant however is the fact that wages, on the upturn since '33 have tended to draw away from living costs, with the result that at the end of '38 the index of hourly rates was more than 10 per cent above its '26 norm while the cost of living was almost 20 per cent below the '26 level.

George Tucker Man About Manhattan

NEW YORK—Rouben Mamoulian, the movie director, wandered down Fifth avenue the other night on a sort of busman's holiday and dropped into Rockefeller Center to hear Toscanini broadcast with his symphony orchestra.

But, what made him sit up with a start was when Toscanini began directing an operatic number from "Die Meistersinger." Toscanini's lips were moving with great rapidity all during the performance.

Now let us consider Joan Edwards, who is Paul Whiteman's vocalist, and a very pretty one at that. She likes very much a song in the musical "Too Many Girls," which is known, somewhat appropriately, as "I Like To Recognize the Tune"—which is a slam at orchestras which bury a melody until it is unrecognizable under a heavy drift of fitter-notes.

The Creeping Man

by Frances Shelley Wees

Chapter 31 Up Against Brains "If you think you know who this person is," Michael's father told him, "can you take any measures to guard against trouble?"

"The murderer, you mean?" "Yes. He sent that letter to Mrs. Sturichson, to Chicago. It was enclosed in a larger envelope addressed to Mrs. Sturichson, General Delivery, Chicago. In the corner was typed, if not called for in five days please open envelope and forward enclosure. The inner envelope was addressed here. And that's what happened."

"How did you trace it?" "The commissioner looked at the district attorney. 'Your father figured out how it might have been done,' he said. 'We got the police in Chicago to see whether it could have been done that way. It narrowed down the chances, you see. Someone handled that letter, if it was done that way. They made inquiries until they found out the clerk that tore open the outer envelope and threw it away. The thing was so clever it made a mark on the clerk's mind. He remembered how it might have been done because he wondered at the time why the second address was not written on the outer envelope.'"

Michael was watching him. He made no comment. He straightened his shoulders. "After a moment, he said, 'Don't let those men come up until after dark, will you? And if there's anyone in visiting we'll leave the veranda lights on. If those lights are out they'll know that nobody has any right to be in the yard.' He rubbed at his ear. 'I don't think we'll strike that kind of trouble,' he said. 'This guy knows too much about poisons. You know what gets my goat?'

He grinned at his father. "Never mind, old sock," he said, "I'm going through with blood in my eye. I'm not dead yet, and I'm not going to be." He went out and banged the door, whistling cheerfully. "I guess," said the commissioner, "I guess we better just sit here and whittle, John."

"Where are you going?" she asked sharply. "Nowhere, honey. Just for a walk. I think I'll stroll down to the river. Will there be tea when I get back?"

"Why, it's only Duncan Murchison," Tuck said in surprise. "What do you expect to see, Michael? Someone in a red suit and horns, and a tail? You're as fidgety as a cat."

Michael said nothing, Duncan approached them rapidly, a certain determination evinced in his walk, in the swing of his shoulders. He, too, was pale and tense; his blue eyes had shadows beneath them. He spoke directly to Michael without looking at the others. "I was coming over to see you. There's a something I want to tell you, I have a favor to ask."

Duncan was too preoccupied with his own troubles to notice Michael's strange manner. He was frowning. He drew a deep breath. "Oh, do sit down," said Tuck. "We're all fagged out, I'll ask Charlotte Jean to make us some tea."

"I haven't been quite on the level with you," he said at once to Michael. "I'm sorry now that I haven't. I don't think it was quite all my fault," he said with a little rueful smile.

"I don't want to tell you everything," Duncan went on more slowly, his eyes troubled. "Some of it isn't my secret."

Michael waited. "I'm not going to tell you everything," Duncan went on more slowly, his eyes troubled. "Some of it isn't my secret."

Washington Daybook

WASHINGTON—Steve Early, former associate department correspondent and now secretary to President Roosevelt, has suddenly appeared, like a magic oasis in the desert, as the most productive fountain of foreign news in Washington.

He occupies a ground floor office on the opposite side of the executive wing from that of the president. But in recent weeks he has come closer to being an official Roosevelt spokesman than any of the several members of the Brain club who in the early days of the New Deal spoke, or presumed to speak, the White House mind.

At times he has left the state department puffing in the rear as a purveyor of government information on foreign affairs. Early's direct and sometimes sarcastic press conference statements come in sharp contrast to the meek replies of Secretary of State Hull, who for more than a year has operated far on the side of caution.

Early's conferences with White House correspondents are not new. He has had them almost every morning for years as a means of posting reporters regularly assigned to the president. Six to 10 reporters was the usual attendance. Recently as many as two scores have crowded into his office, for it has fallen to him to deliver big news breaks, along with steaming comment.

Early made the first reply to Premier Molotoff of Russia who had ribbed President Roosevelt about being "unneutral" for speaking out for Finland in its dealings with the Soviet.

Early implied that Premier Molotoff had timed his comment on American neutrality and the disclosure of the demands upon Finland so they would have most effect upon the consideration by the house of arms embargo repeal.

"It would seem to me," said Early, "that he had the embargo in mind when he criticized the president, probably more because of the neutrality issue than of the moral support which he said the president was lending to Finland."

Such words, implying double-bladed dealing by the Russians, are scarcely diplomatic. Doubtless the many cautious minds in the state department, which Early used to cover as an Associated Press reporter, writhed in diplomatic anguish at such goings on.

But the repeated occasions on which Early has spoken out have convinced observers here that President Roosevelt has found a new way of expressing some of his own views—edged up a bit by the adept Early—without the formality of making the statements himself.

Newspaper Ads Help Imperial To Build Up 23-1 Leadership

Independent brand surveys conducted by newspapers among housewives in five leading Texas markets showed Imperial Sugar enjoys a brand preference of 23 to one over the next competitive brand.

The Imperial Sugar Company, Texas' only sugar refinery, credits newspaper advertising with an important part in building this leadership.

For years Imperial Sugar has been consistently advertised in leading Texas newspapers.

Imperial Sugar Company pioneered in the sale of packaged sugar. Years ago Imperial felt that most housewives wanted pure cane sugar.

Realizing Texas housewives' preference for pure cane sugar, Imperial Sugar Company set about to make it easy for them to be certain of getting it. Imperial Sugar is put up in refinery sealed sacks and cartons which carry the familiar Imperial Crown trade-mark and a red block marked "Pure Cane."

This serves as a positive guarantee to the housewife that she is getting the pure cane sugar she wants.

After packaging their sugar and marking the sacks and cartons, Imperial's next job was to tell the housewife about this simple way to be sure of getting 100 per cent pure cane sugar. Newspaper advertising was, and still is, used to carry this message into the home.

The part that newspaper advertising has played in establishing Imperial's dominant sales leadership is certain proof of the powerful sales influence of the powerful sales influence.

Herd Points For Abilene Encounter

The Big Spring high school grid-ers went through an extended passing drill Monday in preparation for their Friday afternoon tussle with the Abilene Eagles in Abilene.

All players reported, including Owen Brummett and Hal Battle, both of whom were injured in last week's tussle with the San Angelo Bobcats. Most of the regulars were bothered with bruises but should be in fair shape for the Eagle fracas.

The Bovines will be out to score the first victory in the history of the school over the War Birds and Mentor Pat Murphy is leaving no stone unturned in guarding against an upset. Other Steer teams in the past have been favored over Eagles have always managed to the Abileneans but somehow the come out with a tie or better.

The Eagles have experienced their worst season in many years. They debuted by losing to Breckenridge, 52-0, since have lost six times, including four conference duels but have been improving steadily and may give the Herd plenty of trouble. The Eagles dropped a 6-0 decision to the Arlington Heights team of Ft. Worth last week but looked to advantage in doing it.

The Abilene line will outweigh the locals' forward wall. Paced by the 200-pound Patton, the Eagle line also boasts Ables, 185 pounds, and Killian, 197 pounds.

The Sports Parade

BY HANK HART

The methods employed by the San Angelo high school coaches in seeking to strengthen the morale of their team for the clash with the Big Spring Steers was outdated, disgusting and figured directly in the smallest "gate" for the traditional clash in many seasons.

From the Angelo camp throughout the week emerged emphatic rumors (which found their way into a San Angelo newspaper) to the effect that neither J. W. Stewart nor Len Cortese, offensive stars, would be allowed to venture onto the playing field for what was hinted to be "insubordination", that the Bobcat cause was "lost."

Whatever means the Angelo coaching system wanted to resort to in disciplining its team was perfectly all right with the local officials but employing that plan simply as a ruse, one that figured directly in keeping customers from the gate is an entirely different thing, something that should be eliminated for once and for all.

The victory-starved Angeloans, deprived of a triumph by the Bovines, proved to be one of the roughest clubs the local outfit has ever met.

Owen Brummett, Steer fullback, lost two teeth when kicked in the mouth. Hal Battle, ace guard, was kayoed and suffered bruises about the nose and face. Others were shaken up.

Russell "Easy" Wilkins, Odessa high's star guard who staged a remarkable comeback this year after having suffered a broken neck in the Odessa-Austin high game last fall, is headed for Texas Christian University.

Wilkins has been given Dutch Meyer's personal o. k.

Jack Hagen, the Shreveport, La., lumberjack who made wrestling history here a couple of seasons ago, is considering a plan to open up a tin-can circus in these parts in the summer of 1940 and may come here, he disclosed in a recent letter.

Jack relates that he can supply the ring with some of the best boys in the business. The game was abandoned here at the termination of the summer season in 1938, never revived.

"Hage", a very popular character here, has been campaigning in Halifax, Nova Scotia, St. John's, (Newfoundland), New York and Boston, losing but six of 50 matches, moves soon to the Toledo and Detroit area. He's been campaigning as a heavy-weight.

GETS A BIRDIE

KANSAS CITY, Nov. 14 (AP)—"Watch me get a birdie," said Bill Creavy, golf pro.

He swung. The ball sailed straight towards a flock of pigeons 145 yards down the fairway.

"Pigeon for dinner, boys," exclaimed Creavy as one of the birds toppled over.

GOOD PUNTING, TOO

CHAPEL HILL, N. C., Nov. 14 (AP)—North Carolina's aerial attack has been boosted as one of the finest in the country—but the Tar Heels also have a pretty fair punting department. Figures released by the college show Harry Dunkle has an average of 46.3 yards, which makes him the best in the nation. He's pressed by Dick McGowan of Auburn, Stan Nyhan of Tulane and Nelson Catlett of V.M.I.

FARMERS GAIN ON WOLFS IN GRID POLL

By BILL BONI
NEW YORK, Nov. 14 (AP)—Texas A. and M., the Southwest's candidate for election as No. 1 football team in the country, cut sharply into Tennessee's first-place margin today while strengthening its own hold on the runner-up spot in the Associated Press national ranking poll.

Winners of eight straight games, in which their rivals have got but 18 points, and only two games away from a perfect record, the Aggies got 23 first-place votes in the season's fifth survey for a total of 877 points to 1,014 for Tennessee. The Volunteers, as usual, commanded a majority of first-place ballots—66 out of 115—but it was an appreciable loss.

A week ago Tennessee was ranked at the top by 31 of 108 experts. Iowa's one-point triumph over Notre Dame; Michigan's second successive licking, this one by Minnesota, and the fact that Duquesne ran its winning streak to seven in a row accounted for all the changes in the lineup of the first ten.

The Irish, on the strength of six previous major victories, remained in the charmed circle, but were dropped from third to ninth. Michigan, tenth last week, disappeared entirely as Duquesne took over tenth place. Southern California, Cornell, Oklahoma, Tulane, North Carolina and Ohio State, which filled the places from fourth to ninth all, moved up one notch while keeping their order intact.

Unmoved on Tennessee and the Aggies, at the head of the list; Cornell, in fourth place, and Duquesne, in tenth, are the only all-winning survivors. Southern Cal., Oklahoma, Tulane and North Carolina have been tied, the last two by each other, while Ohio State and Notre Dame each have been beaten once. The Buckeyes, however, are unbeaten and untied in the Big Ten.

The standings of the teams (points figure on 10-9-8-7-6, etc. basis, first-place votes in parentheses):

1.—Tennessee (66)	1,014
2.—Texas A. and M. (38)	877
3.—Southern Cal. (10)	846
4.—Cornell (3)	645
5.—Oklahoma (3)	631
6.—Tulane (3)	615
7.—North Carolina (1)	457
8.—Ohio State	250
9.—Notre Dame	244
10.—Duquesne	120

Second team: 11.—U. C. L. A., 85; 12.—Missouri, 55; 13.—Duke, 53; 14.—Santa Clara, 48; 15.—Iowa, 37; 16.—Clemson (1), 33; 17.—Southern Methodist, 27; 18.—Holy Cross, 15; 19.—Oregon State; 19; tied for 20.—Minnesota and Dartmouth, 6 each.

Mustang 11 Is Compared To 1932 Outfit

SWEETWATER, Nov. 14 (AP)—The Sweetwater Mustangs, chief hope of the plains country in the Texas schoolboy football race, rolled along toward a district championship today—but take it from Coach Laurence Priddy, this business of being a favorite has woe aplenty.

"You couldn't fire the opposing teams up any more than a red flag aggravates a bull."

The finger was placed on Sweetwater as a district favorite before the season opened.

"Consequently," said the Mustang mentor, "each of the District 3 foes has been primed to 'knock over the favorites.' The result is that the team has taken a terrific pounding week after week, and we are wondering if we will be able to hold out until the final two barriers to the district title—Lamesa and Big Spring—can be hurdled."

But Sweetwater occupies the favorite rank for several very good reasons. One is that the fans believe the team as good as the 1932-33 aggregation which Sammy Baugh, Red Sheridan and Brahma Jones carried into the state quarterfinals against Amarillo.

The team averages 158 pounds—the line showing 174 and the backfield 156. Eddie Freeze, hailed by West Texas sports writers as about the best passer in the state, sparks the offense. Audrey Gill, the leader of line play, is boomed as an all-state guard.

But Coach Priddy and Adrian Clark aver that the success of the team has come from the fact that it does not depend upon individual players but is well balanced.

FROGS, DESPITE BAD SEASON, BOAST TOP PASSING RECORD

Other Circuit Schools Are Awakening

By GAYLE TALBOT
FORT WORTH, Nov. 14 (AP)—Texas Christian University, which had one of the country's greatest football teams only a year ago and has proved the outstanding flop of the current season, with five defeats in seven starts, still has perhaps the most effective passing attack in the land.

That is one of the astonishing things an outside investigator learns in bumping around the Southwest conference, one of the country's least known and strongest football sections.

Despite the loss of Davey O'Brien, the premier passer and all-America quarterback last year, the Horned Frogs have managed to gain well over 1,000 yards by the aerial route since Coach "Dutch" Meyer pulled his remnants together in September.

This represents many more yards than have been gained through the air by any other Southwest conference team. Yet T. C. U. is at the bottom of the sectional standing, along with Rice Institute. This is the same team, at least in name, that chopped Carnegie Tech down in the Sugar Bowl last New Year's Day.

Pass Backfires
Coach Meyer is a little bewildered but he knows what has happened. The forward pass, which was glorified by Southwest conference teams, at last has backfired. It might never be the same again. It is extremely doubtful that another coach in Texas will ever build his attack around the pass alone.

"From now on it's going to be tough," admitted Coach Matty Bell of Southern Methodist, the school that pioneered the pass as a major weapon. "Texas University and Texas A. and M. have quit fooling around. They are going to have big, good teams every year."

This seems to be the tipoff. The Aggies and Texas have become serious, and they are big and exceptionally rich state schools. A. & M. with some 6,300 students, is the biggest men's school in the world. The state university, which is at Austin, has so many students they have quit trying to count them.

For years these two institutions have been more or less taking their football players as they come, figuring the law of averages and good coaching would enable them to keep up with their conference neighbors.

Bill Fletcher's Westbrook youngsters picked themselves from the mat after losing an early season game to Forean to beat out Forean for the north half's title.

The Wolves, led by a grand little back in Junior Oglesby and boasting a backfield that also has Buel Claxton and Red Davenport, will be slightly favored to trip the hard hitting Eagles.

But it didn't work out that way. The good players, possibly by instinct, turned up mostly at Texas Christian, Southern Methodist and Rice.

Famine At School

Now, as though by a miracle, the stars of Texas' far-flung high school football factory have begun reporting at A. & M. and the University of Texas in droves. These boys either are so big or can run so fast that they don't need to fool with the forward pass. Practically all of them either are sophomores or juniors this year. The other schools are feeling the famine. T. C. U., though it's football record is one of the best, is of comparatively modest financial standing, and so is Southern Methodist.

The most important argument in Texas at the moment concerns not the best football team, A. & M. generally is conceded to be the powerhouse, and is expected to win its two remaining games with Rice and Texas without too much exertion.

But what even the highway patrolmen who stop a man for hitting it a trifle too fast want to know is whether John Kimbrough, the Aggie's big fullback, is a better backfielder than Jack Crain, the sensational open-field runner of Texas. One sports writer who expressed the wrong opinion nearly got run in.

District 12 Title Game Is Carded

Championship of the District 12 six-man football conference will be decided Saturday night in Colorado City when Courtney collides with Westbrook.

Courtney swept through its schedule in south half play without a defeat, finishing on top of a field that also included such teams as Garden City, Water Valley and Sterling City.

Rice Owls To Be Ill Prepared For Cadets

With the exception of Rice, Southwest Conference teams were back in the grind today with a minimum of injuries from their gruelling weekend.

The Owls, facing the Texas Aggie powerhouse at Houston Saturday, turned up pretty well battered after their tie game with Arkansas. Ernie Lahn, Ken Whitlow and J. R. Green were regulars not considered in shape to take the field against the Aggies and Captain Ed Singletary is through for the season because of a knee injury.

Texas A. and M. counted a few injuries but they didn't consider any of the hurts serious enough to keep the Cadets out of the Rice tilt.

Jack Wilson, backfield ace, had a hip injury but the other members of Baylor's team were in tip-top shape as the Bears prepared for the tilt with the Centenary Gentlemen Saturday.

Lime burns handicapped the Texas Christian Horned Frogs but all of the first-stringers were expected to be ready to go against Texas at Austin. The Longhorns absorbed their 20-0 licking from Baylor without an injury.

Arkansas, which plays Southern Methodist at Little Rock Friday, had guard Milton Stimpington out with a cold and halfback Walter Hamberg with a knee injury but the remainder of the squad was in good shape. The Mustangs also had a few injuries with only tackle Jack Sanders not in shape for the Arkansas tussle.

POMPOON DIES

HYDE, Mr., Nov. 14 (AP)—Pompoon, five-year-old thoroughbred race horse owned by J. H. Locheim, died today at the Three Cousins' stock farm in Long Green Valley.

The son of Pompey-Oonach was the two-year-old champion in 1936, but in his three-year-old campaign he played second fiddle to Sammie Riddle's War Admiral, who beat him in the Kentucky Derby and the Preakness.

OFFENSIVE LINE

MILWAUKEE, Wis., Nov. 14 (AP)—Marquette university's line has scored more points this season than its backfield. The two ends have tallied four touchdowns, and guard Bob Kemnitz has added eight points via placekicks. All the backs have done is score four touchdowns.

Buffaloes To Play Friday

FORSAN, Nov. 14 (AP)—Brady Nix's Foran Buffaloes and Water Valley will meet in a District 13 six-man grid classic Friday afternoon in Foran.

The Bison, who completed their regular season two weeks ago and lost an encounter with Garden City last week, reported for the week's first drills Monday afternoon.

Shorthorns To Play Saturday

The Shorthorns, reserve eleven of the Big Spring high school football squad, will invade Andrews Saturday for a game with that school's strong Class B eleven.

The local crew last saw action two weeks ago, winning from a strong Sweetwater team, 18-0.

Bob-Tailed Twin Bills May Be Eliminated

DURHAM, N. C., Nov. 14 (AP)—Bob-tailed doubleheaders would be eliminated under an amendment upon which the minor baseball leagues will vote at their convention in Cincinnati December 4.

A list of proposed amendments was made public by William G. Bramham, president of the National Association of Professional Baseball Leagues, yesterday.

Under the doubleheader amendment, the first game of all twin bills and all so-called twilight doubleheaders would have to be nine innings.

Champion Works Overtime To Please Crowd

COLUMBUS, Ohio, Nov. 14 (AP)—Dusky George Pace, new bantam-weight boxing king, aims to please. Last night he knocked out Bobby Docherty, of Toronto, in one minute and 34 seconds.

But Col. Alfred Ballin, chairman of the city boxing commission, suggested to Tom Stanley, Pace's manager, that the fight be resumed to give the customers "a run for their money."

"It ended too quickly," he added. "Certainly," said Stanley, a crowd pleaser.

Docherty was revived and the fight renewed where it had left off in the first round. The Canadian weathered that period, but Pace nailed him flush on the chin after 34 seconds of the second round.

Docherty took the count again and everyone decided that he had had enough and they had had enough.

Pace, a Cleveland, weighed 121 and Docherty 124.

IOWANS LOOK TO WIN OVER MINNESOTA

CHICAGO, Nov. 14 (AP)—Life is just one celebration after another these days out in football-crazy Iowa.

The football faithful who have just completed an hilarious week-end party as the aftermath of Iowa's amazing 7-6 victory over Notre Dame already are planning another wild one.

This one is to be on Minnesota—and there seems to be no reason to doubt there'll be a victory to celebrate than there was last week as the battle with the fighting Irish approached.

After the Hawks upset the Irish, Head Coach Eddie Anderson, who was 39 years old yesterday, said he thought "the boys could beat Notre Dame and they did—I think they can take Minnesota." Captain Edwin Prasse, end and one of the eight regulars who played the full 60 minutes Saturday, summed up the team's attitude toward the Gophers thusly:

"Bring 'em on. It's just another football game for Iowa."

That is the spirit that has carried Iowa to five victories in six games and their most successful season in more than a decade.

CONFERENCE CALLED ON BOLLWORM WAR

WASHINGTON, Nov. 14 (AP)—A conference has been called for December 15 at San Antonio, Texas, to discuss pink boll worm control measures in the Rio Grande valley.

Dr. Lee A. Strong, chief of the bureau of entomology and plant quarantine, said the pink boll worm infestation in that area "threatens the entire cotton belt of the United States" in announcing plans for the conference.

He pointed out that the cost of a program of eliminating all cotton plants from the infested area for a year, and in some cases two years, which he considers the most effective measure, would mean huge outlays of federal and state funds. So, too, would an alternate program of continued clearing of the fields.

Dr. Strong said he hoped to determine at the conference whether such expenditures would be justified or whether individual farmers should be left to carry out such control measures as the might consider advisable.

MURDER TRIAL IS RESET FOR JAN. 15

EDINBURG, Nov. 14 (AP)—Dr. J. L. Montague, charged with murder in the shooting of his wife, Mrs. Velma Montague, will face trial January 15.

The case, scheduled to come up yesterday, was reset when his chief counsel was prevented from attending court because of illness of the latter's wife.

Mrs. Montague was shot to death in her automobile on a highway near here August 20.

Baptists Meet In Santone

SAN ANTONIO, Nov. 14 (AP)—Ten thousand representatives of the Baptist church in Texas were expected here today for the annual general convention at which a budget of more than \$1,000,000 for cooperative orphan's home, missions and pensions for aged and retired Baptists will be submitted.

Group meetings by pastors and laymen and the Baptist Woman's Missionary union were under way with election of officers slated in preparation for the opening of the general convention tonight.

Dr. J. B. Tidwell, head of the Bible department of Baylor university, speaking to the pastors' and laymen's conference yesterday, denounced leaders of movements for unionization of denominations who have charged that Baptist opposition to organic union has been the chief stumbling block of denominational cooperation.

"The movement is not inter-denominational but anti-denominational," he said.

MAKES APPEAL FOR JOB, DROPS DEAD

LOS ANGELES, Nov. 14 (AP)—John H. Mills, 70, retired last July 1 from a school engineer's job as physically unfit, stood before the school board yesterday to plead for his position back.

"I offer you these letters from four physicians," he declared. "I'm as sound and healthy as I ever was, and you've robbed me of the privilege of making a decent livelihood. This news breed an anger to me and my family. You see, it is rather an imperative thing."

His voice choked and he slumped to the floor.

Dr. E. Vincent Askey, a board member, rushed to his side.

"He's dead," the physician said softly.

Counties Funds Show Increase

Record October payments on current taxes boosted the county cash balance for all funds, the approved October report of County Treasurer Ed Collier showed Tuesday.

Not all the October collections were reflected in the report, but it was enough to increase the balance to \$90,826, considerably above the \$81,188 for September and the \$85,404 for October a year ago.

Largest single gain was noted in the general fund, which gets half of the county's 50 cent rate. Payments of \$9,223 against disbursement of \$4,405 left the fund with a balance of \$20,365.

The road and bridge fund, which shares heavily in tax receipts, finished the month with a balance of \$16,776 in the face of disbursements of \$6,998. Receipts totaled \$4,032.

Receipts of \$2,978 against only \$348 in expenditures boosted the jury fund margin to \$3,623. The officers salary fund had revenues totaling \$1,022 and expenses of \$3,426, leaving a balance of \$3,977.

Balance of all funds follows: July \$9,023, road and bridge \$16,776, general \$20,365, road bond \$10,368, good road bond \$2,623, highway \$7,078, permanent improvement \$17,900, courthouse and jail \$1,742, viaduct \$1,071, officers salary \$3,977, total \$90,826.

\$75,000 DAMAGE IN SAN ANTONIO FIRE

SAN ANTONIO, Nov. 14 (AP)—An estimated \$75,000 loss resulted from a fire here last night which destroyed two large warehouses filled with crude oil products and five gasoline tank trucks.

The warehouse and trucks belonged to the Kahan Oil company, Carl Spahr, a fireman, received severe cuts while trying to get at the flames through sheet-iron walls of a warehouse.

MAY USE CARS AGAIN

AMSTERDAM, Nov. 14 (AP)—Hollanders may use their automobiles next Sunday without fear of penalty for the first time in six weeks.

Motorless Sundays are being abandoned due to the arrival of large supplies of gasoline. Rationing of gasoline is expected later.

The Creeping Man

by Frances Shelley Weas
(Continued from Page 6)

When the commissioner had told us he was giving up the chase, it seemed a bit underhanded. Still, I see that all's fair in . . . in war. There was a flush on his cheek.

"Is this war?"

"It seems to be developing into one." His mouth tightened. "I've been followed the last day or two, he went on with a trace of bitterness. "Will you tell me why, Forester? Of what am I suspected?"

"Followed?" Michael asked sharply.

"Yes, I can sense it. Once or twice I've almost caught a glimpse of the pursuer—but not quite."

"I have nothing to do with you being followed," Michael said flatly. Sunny glanced at him queerly. "No, I suppose not," he said bitterly. "However . . . well, I must tell my story. He smoothed back his crisp wavy hair, and went on. "My brother," he said, "he wasn't happy. I don't blame him for leaving. He's been contemplating it for a long time. It's coming to Marie, this business. I think she knew he was going, too, and that's why she moved to Denver as quickly as she did. She's got it all planned out, that there'll be no disgrace attached to her about it. She isn't going to be a wronged, deserted wife. I don't know what she thinks she's going to do when he doesn't come back in the fall," he said bitterly. "You are sure he won't come back, then?"

"Positive. Edgar is a very strong minded person. Once his mind is fully made up nothing can change him. He wouldn't have left her as he had intended to come back."

"You knew he was going? How?"

"He told me, months ago, said he was making his plans. He was just going to drop out without leaving a trace and go away to start over. He somebody else—a wanderer. He didn't care about money and an easy life—he just wanted freedom. He hated this narrow life."

"Scientists rarely have that point of view," Michael murmured.

"I suppose it does sound strange. But his private life had undoubtedly influenced the decision."

Continued tomorrow.

YOUNG AL SMITH WINS COUNCIL SEAT

NEW YORK, Nov. 14 (AP)—Running as an independent, Alfred E. Smith, Jr., son of the man in the brown derby, has won at the age of 38 his first elective office—a post in the New York City council.

A campaign ally was his father, thrice governor of New York and 1924 democratic presidential candidate.

Unofficial returns tabulated last night showed young Smith had edged out a Tammany candidate, Louis de Salvo, son of the Greenwich village night club operator known as "Jimmy Kelly."

INSTRUCTOR, STUDENT DIE IN AIR CRASH

MIAMI, Okla., Nov. 14 (AP)—A light airplane crashed and burned at municipal airport late yesterday killing an instructor and his student.

C. B. White, about 40, was trapped in the wreckage of the plane which caught fire after falling from 1,000 feet. Richard Grayson, 20, was pulled from the ship by airport attendants and died of burns two hours later.

Airport attendants said White was teaching Grayson how to bring a plane out of a spin.

session would be ideal if it could be held to passage of the regular appropriation bills and measures to bolster national defense. Let labor legislation come crowding up, however, and the democrats will start arguing again. Proposals to revise the wage-hour law would have the same effect. Farm and railroad bills are not likely to provoke so much argument. WPA may rest where it is, save for a new appropriation.

Music Offer

women," the article states. The program is being sponsored by the National Committee for Music Appreciation in an effort to give fine music the widest possible circulation and thousands of Texans have already taken advantage of the offer to own a library of symphonic masterpieces in record form and at a nominal cost.

Readers of The Big Spring Herald are among the most enthusiastic of the Texans responding to the music appreciation offer. Under the terms of the music offer, 10 complete symphonies and symphonic compositions by Beethoven, Bach, Brahms, Haydn, Tschal-kowsky, Wagner, Schubert and others, are being made available on 38 12-inch double-faced records. These works have been recorded by the world's greatest symphony orchestras under direction of the greatest conductors. The symphonic masterpieces selected by Samuel Chotzinoff, distinguished music critic and writer on musical subjects.

In addition to the records, the music appreciation offer includes an electrical record-player which, when attached to a radio, plays the records with the tone fidelity of the loudspeaker of the radio. The scores of the orchestras which made the recordings and the names of the conductors—all names well-known in the world of music—cannot be used for advertising purposes in the campaign. The Music Appreciation Offer is the result of a three-sided cooperation—the purpose of which is to make the immortal music of the great masters available to the widest possible audience. America's foremost symphony orchestras and their eminent conductors have joined in this movement by generously waiving their royalties. One of the largest manufacturers of radio equipment has cooperated by foregoing the normal profit. There remained only the problem of distributing the music on a large scale. The Herald and a group of other Texas newspapers are performing this necessary service.

sportsman, saying "certain people know who was driving the car when they got Eddie."

The man, Russell Stoddard, 21, was stabbed superficially last night by one of two men who accosted him with the greeting "Rusty."

"Chicago police said they had no record of Stoddard, whose aliases Sanderson listed as Albert Stoddard and Russell Scroggins. O'Hare was shot to death in gangland fashion last Wednesday.

The letter, airmailed from Little Rock, Ark., Saturday, contained a cryptic warning that "has a few friends out there where you are and we don't want to lose you now."

The missive said in part: "Hello, Russ: Well, I guess you did the right thing about leaving when you did, for if you had stayed you would probably have been taken with Eddie. x x x

"Don't blame anyone though, Russ, for it couldn't be helped. He wouldn't let anyone else go with him after you left..."

"Just lay low and take it easy until we send for you x x x. Just let me give you a little warning, though. Don't try to cross us in any way, Russ, for you are not fooling around with a guy in Dallas now x x x... "Say, Russ, I have an idea the boss will have a pretty nice job for you when you get back. You see, certain people know who was driving the car when they got Eddie. You know what that means, and I think you might be elected. It'll be worth a couple of C's."

TENNESSEE SOLOON CLAIMED BY DEATH

LA FOLLETTE, Tenn., Nov. 14 (AP)—Rep. J. Will Taylor (R-Tenn.) died of a heart ailment at his home here early today. He was 59 years old.

Dr. R. J. Buckman said Taylor was found dead in bed by his wife, who was attending him. He had suffered a heart attack at 10:30 o'clock last night.

ELK AND HORSE

ABERDEEN, Wash., Nov. 14 (AP)—Harry Long killed a big bull elk, then trudged several miles back to camp for a horse to pack out the meat.

While he was dressing the carcass another hunter shot the horse.

Feeding Test Preliminaries Are Underway

Preliminary feeding of 50 calves for the annual feeding tests at the U. S. Experiment farm is now underway, Fred Keating, superintendent, said Tuesday.

The calves, averaging approximately 440 pounds, were secured from the Spade ranch in Mitchell county, source of the calf supply for last season's tests.

An increase of 10 animals is noted in the number purchased for the feeding experiments which are conducted in three year cycles to ascertain certain things about feeding out livestock.

The tests this year will deal primarily with the relative values and importance of minerals. Thus the mineral diet of the steers will be varied by Feeder Jot Symths. In previous years tests have been operated to test the relative merits of ground, threshed and whole heads in feeding and the comparative benefit of a full ration over a limited ration. Individual versus group feeding was an incidental test.

The 50 calves, with one new pen of 10 animals created, will be placed on a 30 day preliminary feeding to accustom them to the change from range to feed pen rations before the actual test begins, said Keating.

Lowrimore

totalled the receipts, said Whitney. After objecting to introduction of a copy of the charter of the City of Big Spring, Thomas took over questioning of the witness.

Thomas drew affirmations to statements that cashier's checks were checked by clerks in charge of ledgers the following day, that after the stubs were kept in filing cabinets where they could be referred to, that all of the water employees had access to cash during the day, that they could remove a stub possibly without knowledge of others in the office.

"If there was a goat in the office, it could be thrown on him," said Thomas. "I don't agree with that," answered the secretary.

"Could Eddie (Lowrimore) have taken out stubs on any water ledger after it had been checked?" "Yes, it could be done," said Whitney.

The handwriting at the top of the tape, introduced as state's Exhibit E, was identified by Whitney as that of the defendant. He said that the \$223 check for which he said the city had received no credit was not shown on the tape of outstanding accounts. Thomas argued that it was not supposed to be shown on the tape of outstanding accounts. Other details of office procedure were discussed.

R. V. Jones, mayor of the city, testified that after Lowrimore left the employ of the city "on or about June 30, 1939," that he saw him later in front of the defendant's home.

"Lowrimore phoned me at my home and asked me if I would come by. He wanted to talk with me. He said he was not acquainted personally with other members of the commission and that he thought I was his friend, and that possibly something could be worked out whereby he could replace this shortage."

"Did he mention the amount," asked McDonald.

"He told me it was approximately \$3,500," said Jones. "Mr. Lowrimore told me he had used approximately \$3,500. This last answer came after McDonald had asked what Lowrimore said the money had been used for. At the request of the defense, the jury retired and long objections were made, overruled, and finally the question withdrawn.

"Do you remember he requested no publicity on the matter," queried Thomas.

"No, not that I recall," replied Jones.

"I didn't say whose fault it was," asked Thomas.

"No, I don't believe that he did," answered the mayor, who said in other testimony that no offer of settlement had been made, but that the city was interested in recovering as much of the shortage as possible. Lowrimore was under \$1,000 bond as bookkeeper.

The last witness of the morning was Merle J. Stewart, public accountant, who said he had been employed to make an audit of city fiscal affairs from April 1, 1938, to June 30, 1939. He said that he found certain cashier's stubs listed on the adding machine tape were missing.

"We will admit he didn't find it (stub on the \$223 item) in the office at the time he made the audit," said Thomas, but he objected to listing other missing stubs. These, said Stewart, totaled \$341, the amount short for the day. They were all found in Water Ledger No. 1, he said.

"Were these items shown on that tape," asked Thomas J. Coffey, city attorney and special state's counsel.

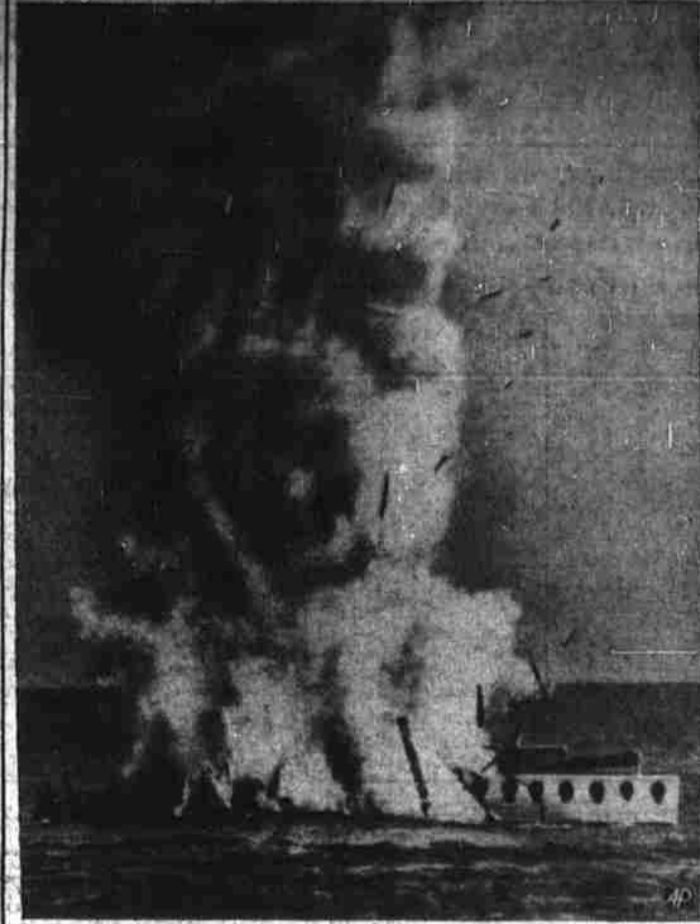

"No cash for credit on the ledger went into the cash drawer," said Stewart.

He also testified that similar shortages, reflected in missing tapes and by the audit, occurred in August, 1938, in the amount of \$661.16.

The trial was interrupted by repeated objections and by the preponderance of technical terms and fiscal explanations. There were no indications of an early termination.

DIES IN GRAVE

OGDENSBURG, N. Y., Nov. 14 (AP)—Edgar M. Pinney, 77, a grave-digger, suffered a fatal heart attack while digging a grave.

THE JOB'S DONE—That plume of spray means that a 40-inch mine, exploded by land control, has hit a "cruiser target"—a dummy two feet high by eight feet long. The dummy was towed through a mine field laid off Old Point Comfort, Va. When this "enemy" was sighted, men at shore controls checked position and pulled a switch, setting off mine charged for that position.

MARKETS Wall Street

WALL STREET
NEW YORK, Nov. 14 (AP)—The stock market today paid little attention to Europe's so-called "sit down war" and not a great deal of home affairs, but selected issues managed to take a few rallying steps.

Favored steels, aircrafts, motors and specialties were pushed up fractions to a point or so after an irregular opening. The buying pace quickened a bit during a brief forenoon interval, then slackened as profit taking came in and cut down top marks.

While many issues were able to keep back advances, minor losses were plentiful. Transfers approximated 800,000 shares, with the ticker tape loafing in the final hour.
