PLASKA WOMAN DIES HERE ON OCTOBER 17TH

Funeral Service For Mrs. Fred Hoggatt Conducted Here

Mrs. Mary Hoggatt, wife of Fred Hoggatt of the Plaska community, died Sunday night, October 17, at 9 o'clock at a local hospital, following an extended illness.

Last rites for Mrs. Hoggatt were conducted Monday afternoon at 2 o'clock at the Memphis Baptist Church with the pastor, Rev. J. William Mason, conducting the services. Burial was made in Fairview Cemetery with King's Mortuary in charge.

Pallbearers were E. A. Thomas, J. A. Hutchins, J. B. Burnett, F. J. Gardenhire, J. D. Morrison, and W. C. Smith. Those in charge of the floral offerings were Mrs. E. E. Foster, Mrs. J. E. Murdock, Mrs. Ladd Hagan, Mrs. John Smith, Mrs. Effie Hutchins, Miss Lena Boswell, Miss Alveretta Boswell, and Miss Pearl Perkins.

The deceased was born Mary Odum on October 10, 1894, at Stowall, Okla., and came with her family to Hall County in 1928. She joined the Missionary Baptist Church at the age of 15 years.

Survivors are the husband, Fred Hoggatt, three daughters, Eula, Allie, and Alice; four sons, Bud, Harrell, Earnest, and Freddie. (Continued on page 4)

PASSION PLAY IS TO SHOW IN CITY

Complete 'Life of Christ' In Motion Pictures, Music, To Be Seen at Local Church

Many hundreds of persons from Memphis and vicinity will attend the First Methodist Church on Friday night, October 29, to see the new and beautiful motion picture film of the "Life of Christ," and the "Passion Play," depicting the story of Jesus, from the Nativity to the Ascension, which is based upon, and patterned after, the world-famous Freiburg and Oberammergau "Passion Plays" of Europe.

The film to be shown here was actually filmed in Europe, the Holy Land, and Egypt, at a large cost.

A complete and appropriate musical score will be played throughout the entire film, on special sound equipment, reproducing some of the world's choicest and most exquisite orchestral, organ, and choral music by famous composers, according to Rev. Orion W. Carter, local pastor.

The music is said to blend in with magnificent scenes, which portray, in authentic and historic fashion, the Life, Crucifixion, and Resurrection of Jesus. The film was produced in Europe, Palestine, and Egypt, and has won the admiration and approval of more than fifteen hundred of the largest churches in the United States and Canada, having been exhibited to more than one-half of a million people during the past two years.

A spiritual and reverent atmosphere will be maintained throughout the entire performance. (Continued on page 4)

Girl Falls From Speeding Car and Sustains Bruises

Billie Lee Williamson, six-year-old daughter of Mrs. Maude Williamson of Memphis, sustained severe bruises in a freak accident last Sunday morning when she fell out of a speeding automobile.

The girl, in company with her mother and her aunt Mrs. W. M. McDonald of Childress, was en route to Quanah to visit her grandmother, Mrs. W. J. Sides, who is ill in a hospital at Quanah.

The car, driven by Mrs. McDonald, was traveling at a speed of about 60 miles per hour between Childress and Quanah when the car door in some manner flew open and the Williamson child fell out of the car onto the pavement, Mrs. Williamson stated.

The girl was rushed to a Quanah hospital, where she remained overnight. It was determined that no bones were broken, but she was bruised severely.

WEST WARD HAS LARGEST NUMBER IN MERIT GROUP

Students Must Make Average Grade of 90 to Be Placed On School's Honor Roll

A total of 101 Memphis public school students were placed on the honor roll for the first six-week period of study, as announced this week by H. J. Gore, Sam S. Cowan, and Mrs. H. B. Estes, school principals.

The West Ward school led in the number on the honor roll, with the Junior High School second, and High school third. Fifty-one made honor grades at West Ward, 26 at Junior High, and 24 at High school.

In order to obtain honor ranking, a student must have an average grade of 90.

Students on the honor roll were:

MRS. T. E. NOEL, LOCAL CITIZEN, DIES OCT. 20TH

Prominent Club And Church Leader In City For Years

Mrs. Frankie May Noel, 45, wife of Thos. E. Noel, prominent Memphis banker, died in a Wichita Falls hospital Wednesday night, October 20, at 8:30 o'clock, following an illness of two months' duration.

The well-known Memphis woman underwent an operation in a Wichita Falls hospital six weeks ago and was brought to Memphis. Her condition became worse and she was taken back to the hospital two weeks ago. She became critically ill Monday, but death did not come until early Wednesday night. Paralysis was given as the cause of death.

Her husband and daughter, Tommy Noel, and her parents, Mr. and Mrs. S. S. Montgomery, were with her at the time of death.

Funeral services for Mrs. Noel will be conducted Friday afternoon, October 22, from the Memphis First Presbyterian Church at 3 o'clock. The final rites will be administered by the Rev. E. C. Cargill, pastor, who will be assisted by the Rev. Orion W. Carter, Memphis First Methodist Church pastor.

Interment will be made in Fairview Cemetery here, directed by King's Mortuary. Active pallbearers are John Deaver, H. J. Gore, C. W. Kinshaw, R. S. Greene, D. L. C. Kinard, T. H. Deaver, Tommie Potts, Hollis Boren. Honorary pallbearers are Maynard Drake, W. C. Dickey, W. C. Milam, H. E. Tarver, O. V. Alexander, F. N. Foxhall, J. H. Smith, B. E. Davenport, H. W. Stringer, Almon Kinard. The floral arrangements will be in charge of the Mizpah Guild, Presbyterian women's organization of which Mrs. Noel was a member.

METHODISTS ASK FOR CONFERENCE

Northwest Texas Conference Last Met Here In 1917; At Quanah This Year

Methodists of Memphis, headed by Rev. Orion W. Carter, local pastor, and Rev. T. S. Barcus, Presiding Elder of this district, and assisted by the Memphis Chamber of Commerce, are making an effort to secure the 1938 meeting of the Northwest Texas Annual Conference of the Methodist Church for Memphis.

A resolution was passed at the Methodist Church supper here Wednesday night of last week asking for the conference to be held in Memphis next year.

The last annual conference held in Memphis was in 1917. The conference is being held at Quanah this year on November 17 to 21. The yearly affair always lasts four days, with 1,000 pastors and laymen in attendance.

The Rev. Mr. Carter stated that he believes the conference will be brought to Memphis next year.

DOCKET IS SET WEDNESDAY IN COUNTY COURT

Busy Cotton Season May Hold Jury To One Week Term

County Court opened here Monday morning for the October term, as scheduled, but because of the absence of County Judge M. O. Goodpasture, the court docket was not called.

The docket was set Wednesday for next week on the return of Judge Goodpasture from Austin. It was announced that an attempt will be made to consume only one week with jury cases, owing to the busy harvest season.

13 Are Arrested Saturday, Sunday

Thirteen persons were arrested here last Saturday night and Sunday, as officers report the best week-end of business this year.

"It's an indication of the return of better times," Sheriff Lindsey Hill stated.

Six persons were lodged in the county and city jails Saturday night and Sunday for drunkenness. Two were jailed for fighting, and five were arrested and thrown in jail for "crashooting."

County-Wide Meeting Will Be Held In City To Discuss Short Staple Cotton

A county-wide cotton meeting has been called for Wednesday, November 3, in Hall County; and farmers, ginners, oil millers, compress men, cotton buyers, bankers, editors, vocational agriculture teachers, and others interested in cotton will attend.

F. E. Lichte, Extension Cotton Gin Specialist; E. A. Miller, Extension Agronomist; and D. T. Killough cotton breeder, Texas Agricultural Experiment Station, will attend the meeting to give talks on cotton.

The county meeting will be held in the district courtroom in Memphis, beginning November 3 at 9:30 a. m. Other county-wide meetings will be held at Clarendon, at Childress, and at Wellington. The Clarendon and Childress meetings will be held on November 2, and the one at Wellington on November 4.

The meeting here has been called at the request of Director Williamson, Vice Director Shelton, and District Agent Parker D. Hanna. Numerous county-wide cotton (Continued on page 4)

GAME PRESERVE IN HALL COUNTY WILL BE FORMED

Committee Is Named; Protect Birds On Farms, Ranches

Three hundred landowners in Hall County, whose holdings cover approximately two-thirds of the county, have signed up to take part in a county-wide demonstration game preserve, according to data compiled by County Agent R. E. L. Pattillo.

A committee has been named to meet in Memphis Wednesday of next week to form a county association to further the preservation of game birds. This committee is composed of T. E. Davis of Brice, Roy Russell of Turkey, R. A. Edleman of Esteline, W. F. Durham of Lakeview, J. M. Ferrel of Parnell, M. M. Lewis of Plaska, Paul McCanne of Lakeview, Earl Duke of Lakeview, C. E. Williams of Memphis, T. H. (Continued on page 4)

Cotton Gathering Is Resumed Following Last Week's Rains

Gathering of cotton was resumed in Hall County and vicinity this week, following a week of forced idleness because of general light rains.

Although the ground has been dry for some time in all sections of the county, it is agreed that the rains, with the high winds, did more damage to cotton and ground than they benefited the field.

Several farmers in the county have wheat drilled, and the rains will help the young wheat materially. Ranch land and late feed were aided by the moisture.

The high wind of Monday whipped a large amount of cotton from the stalks, it was reported.

Almost an inch and a quarter of moisture was received in Memphis from the light rains last week. Eighty-three hundredths of an inch fell the latter part of the week.

The temperature dropped to 38 degrees last Monday night, the lowest mark registered this season.

Schools to Resume Class Work After Cotton Is Gathered

Rural schools of Hall County are resuming their 1937-38 sessions following short vacations for the cotton harvest season.

The Newlin common school, with A. H. White principal, began work last Monday, having turned out for cotton picking two weeks previously.

School will start at Friendship next Monday morning, having turned out there three weeks ago. Mrs. Henry Foster is principal at Friendship.

Most other rural schools in the county—all of which turned out for cotton picking—will resume class work on Monday, November 8. The Lakeview independent school will also resume work on that date, it was stated.

MEMPHIS AND LAKEVIEW FOOTBALL TEAMS WILL CLASH IN 3B CONFERENCE ENCOUNTER HERE FRIDAY NIGHT

What promises to be one of the most interesting games on the football calendar for Hall County fans this year is slated to be played in Memphis Friday night of this week when the Memphis High School Cyclone meets the Lakeview High School Eagles. The conference go starts at 8 p. m.

Both the Memphis and the Lakeview squads are primed for the tilt, and neither of the Hall County teams would like nothing better than to defeat the other.

A Memphis fan will go into the game a slight favorite, having won three and lost two games this year. Lakeview has won one and lost three contests. The Cyclone lost to the McLean Tigers here last Friday night by a count of 21 to 6, while the Lakeview Eagles were upsetting the dope to drub the Wheeler Mustangs 18 and 12.

Both schools will have well balanced teams on the turf here Friday night, and the locals will be battling to remain in the District 3B grid race. A defeat would practically eliminate the Memphis team from the district race. S. The Lakeview independent school, with three conference losses, has no chance at district honors; but a victory by the Eagles over the Cyclone would give them a successful season, Lakeview supporters declare.

Coach Frank Hubbell of Memphis and Coach Bob Clark of Lakeview have given their charges rigorous practice sessions in preparation for the game this week.

The Cyclone and the Eagles will be in top shape for the contest, several Lakeview players having recovered from injuries they received in a school bus crash several weeks ago. Leo Brister, speedy Eagle quarterback, who was injured in the wreck, returned to play against Wheeler last week and played his usual stellar game. He is expected to be a big threat against the Cyclone. Ned Painter, chunky fullback, will be in top form and is expected to get places. The entire Lakeview first string is expected to start the game.

Coach Hubbell reports that his boys are smarting from the defeat handed them by McLean, and that they have determined to take their revenge out on Lakeview and the rest of the teams they play this year.

The success of the Memphis passing attack in the last half of the game last week may mean that the Cyclone will launch an over-head offense against the Eagles. Gordon Hagemeyer, sub back, is expected to get another chance this week, following the good showing he made on the receiving end of passes from Billy Polk Hall last week.

The probable starting line-up: Memphis—James Evans, left end; John Harris, left tackle; Paul Dodson, left guard; Leroy Robertson, center; A. J. Clark, right guard; Dennis Sanders, right tackle; Blackburn Montgomery, right end; Jack Foster, left half; Eugene Lindsey, right half; Billy Polk Hall, fullback; Talmadge Pounds, quarterback.

Lakeview—Bill Martin, left end; Douglass Glass, left tackle; Tommy Moreland, left guard; Winifred Whitefield, center; J. S. Williams, right guard; Edward Walls, right tackle; J. D. Bradley, right end; Arlon Merrill, left half; Leon Watson, right half; Ned Painter, fullback; Leo Brister, quarterback.

Judge, Commissioners Attend State Meeting

County Judge M. O. Goodpasture and County Commissioners Butler Morrison, Burl Bell, and Roy Russell were in Amarillo the latter part of last week attending the annual convention of the Texas County Judges and Commissioners Association.

Five hundred and sixty-one judges and commissioners were in attendance at the meeting and took part in the discussions of state and national problems. The county officials will convene in New Braunfels next year.

Taxes for 1937 Are Due Oct. 1 to Feb. 1

City, school, county, and state taxes for the year 1937 are now due, according to J. M. Ferrel, county tax assessor-collector, and W. V. Coursey, city tax collector.

The taxes became payable October 1, and unless paid, will begin drawing penalty and interest next February 1.

If half of the state and county taxes are paid during October or November, the second half will not begin to draw penalty and interest until after June 30, Assessor-Collector Ferrel stated.

Very little city, school, county, or state taxes have been collected from the 1937 rolls, it was said.

Quail FFA Students Elect Marvin Jones Honorary Member

Marvin Jones, Panhandle congressman, was unanimously elected to honorary membership in the Quail Chapter of the Future Farmers of America by the 49 members present at the October meeting last week in the Quail rural high school.

Jack Lowe and Howard Blevins were the official delegates from Quail to the national convention of the FFA at Kansas City this week.

The Quail chapter of the FFA has been active this year, promoting and holding a community fair, won first in the educational exhibits at the Tri-State Fair, secured 100 per cent membership of agriculture boys, and held a trench silo public demonstration.

COMMUNITY, COUNTY WILDLIFE ASSOCIATIONS ARE ORGANIZED

About 2,000,000 acres of Texas farm and ranch lands have been included in community and county-wide game management associations within the last year, R. F. Callender, wild life extension specialist at Texas A. & M. college, today reported to the Texas Game Fish and Oyster commission.

Farmers joining the associations agree to make efforts to provide adequate food and cover for game species on their land, and to protect the supply so that seed stock may be left after a shooting season. In areas where there is no game or fish, landowners will be supplied seed stock by the game commission if proper habitats can be afforded and to the extent that seed stock is available.

The landowner may be compensated by charging sportsmen for hunting or fishing privileges.

Callender said the program, started a little over a year ago, already is proving of great economic benefit to many farmers, and is being welcomed by sportsmen. The latter, he said, have not

objected to paying for hunting and fishing rights, realizing that if landowners do not produce crops of game and fish there will be virtually no hunting and fishing in some parts of the state.

"We regard the owner of the land as the key man in wildlife conservation," Callender said. He produces the game and he must be paid for it. We were brought up to think it right and proper to hunt and fish on the other fellow's land for nothing, but that attitude is being changed. With free hunting, the supply of game and fish dwindled enormously. When we get the farmers to tend to their game crops like they tend to their other crops, the wildlife supply will increase and the farmer will be better off financially."

The associations are being organized locally by county agents.

Four-H clubs of the state are also joining the conservation movement. Callender predicted that by fall over 40,000 boys would be enlisted as "4-H Wildlife Rangers."

J. A. Kutch, farmer residing near Memphis, believes in the future of sweet potatoes as a cash crop in Hall County. He raised the sweet potato this year for home consumption, but plans to raise them to sell next year. "I believe a person can make more money per acre on sweet potatoes in this section now than he can on cotton," Mr. Kutch stated.

Crowded out last week: A small girl caused considerable excitement at the singing convention here Sunday of last week. She had been playing in the Library Park and had gotten sand in her shoes. Sitting in the church balcony, she calmly took her shoes off and dumped the sand over the balcony rail. It poured on a man's head and down the neck of his coat.

The Memphis girls' quartet, composed of Pauline Longshore, alto; Maxine Richards, soprano; Opal Wills, tenor; Evarene Wills, bass; with Mildred Richards pianist and A. B. Wills manager, has made quite a name for itself. Last week the Paducah Post rated the local singers (who live at Harrell Chapel) as the most outstanding quartet expected to appear at the Cottle-King singing association convention that was held last Sunday at Chalk.

We'd never thought about it, but we suppose that negroes must be vain, the same as white people. The Democrat front office window forms a mirror, with it darker in the office than on the street; and we notice negroes, as well as whites, preening themselves when they pass the office window.

Reports that the cotton and feed crops in the Brice community might prove to be false.

During the school year of 1935-36, when the commercial department was introduced into the curricula of the local high school, there were 37 students taking post-graduate work. Last year there were only 10 post-graduates enrolled, and this year the number has dwindled to five. The decrease is due mainly to the fact that more of the high school graduates have entered college than two years ago, it is said. This is an indication, it is said, of better times.

Wild ducks and geese have been noted in this section the past several days. A few flocks of ducks have been feeding out on lakes of this section and finding an abundance of food. Duck season opens November 24.

Wade Davis, farmer residing south of Estelline, used silage made of short maize and sweet sorghum together with \$1.50 worth of cottonseed meal to change a \$17.50 calf into a \$57.50 yearling this past year. Mr. Davis, who made a large amount of money this year on cattle, says that trench silos are an excellent means of conserving feed.

Hubert Dickson of Plainview arrived Saturday to spend a ten-day vacation in Memphis with his sister, Mrs. Jack Sitton, and his parents, Mr. and Mrs. George R. Dickson at Brice.

Mr. and Mrs. H. H. Newman spent Sunday in Amarillo with their son Henry B. Newman.

Shamrock, McLean, And Wellington in 3B Football Lead

Wellington, Shamrock, and McLean now lead the District 3B grid race, Memphis having been dropped from the undefeated list last Friday night by McLean.

Shamrock defeated Mobeetie 43-0 at Shamrock and Wellington ran over the Paducah Dragons by 47-0 in a non-conference encounter to continue undefeated this season. McLean beat Memphis 21-6.

The Lakeview Eagles finally broke into the win column, defeating Wheeler 18-12. The Clarendon Bronchos continued their losing way by taking a 47-0 drubbing at the hands of the Lefors Pirates.

The standings:

Team	W	L	Pct.
Wellington	4	0	1.000
Shamrock	4	0	1.000
McLean	3	0	1.000
Memphis	3	1	.750

Diagnoscope In Busy 'Clinic' Here

A score of defective radios passed through Norman's Diagnoscope clinic here this week and had their troubles analyzed. In many cases the X-ray showed minor defects, while in some the trouble was pronounced more serious.

Once the trouble is located by Norman's modern equipment, the repair work may be quickly accomplished. In many cases the set only needs rebalancing and in others the trouble calls for small replacements.

In each set the trouble is more efficiently located with the Diagnoscope, the most modern radio repair equipment in Memphis. Once the replacements or adjustments have been made, the machine is used to recheck the set before it is pronounced "in condition." (Adv.)

Marvin Jones Hints at Farm Program Be Taken Up By Congress

With Congress called for special session November 15, farmers of this section are anxiously awaiting action on a new farm program. It has been announced that farm legislation will be the chief topic for study at the special session.

Marvin Jones, congressman from this district and chairman of the House Agriculture Committee, has issued a seven-point program which he believes the new farm measure should include:

It should provide for a continuation, improvement and simplification of the present program of soil conservation.

It should have for its purpose the securing for the farmer a fair division of the national income. He is entitled to this as a matter of right, Mr. Jones says.

Provisions should be made for an ever-normal granary, storage or warehouse program with adjustment or control provisions that will assure the consumer against scarcity and at the same time prevent the excessive surpluses and ruinous prices that inevitably follow. The commodity loan feature should be continued.

The search for new uses and new markets for farm products should be encouraged. We should grow all the market can absorb, both at home and abroad.

Provision should be made for a graduated reduction in payments to large producers so as to encourage individual farming.

A provision should be included which will prevent land owners from receiving the benefits of the program if they reduce the number of tenants without the approval of the local committee, and a proper division between land

Orth Kelly Buys Service Station From F. C. Goyne

F. C. Goyne has sold out the Texas Service Station at 10th and Main streets to Orth Kelly, it has been announced. The deal was closed Wednesday of last week, and Mr. Kelly has assumed charge of the station.

Mr. and Mrs. Goyne and daughter, who came here from Amarillo about 18 months ago, have returned to that city.

The Texas Service Station was opened in August of 1936, and for the first year was operated by H. L. Stewart and Mr. Goyne. Several months ago Mr. Goyne took over the business and managed it until last week, when he sold to Mr. Kelly.

Mr. Kelly has been associated with the business for some time and has been connected with other service stations in the city in the past.

meetings are being held over the state this fall in view of the fact that the quality of Texas cotton has deteriorated to the point where short cotton is hard to sell and that now many spinners in placing their orders for cotton, specify that no cotton from Texas and Oklahoma be included in the sale.

The Texas Extension Service has the responsibility of doing everything possible to correct this situation which concerns the welfare of the state, since most of the farm revenue is derived from cotton. State exports of cotton are still on the down-grade, and according to authorities on the subject, it is necessary for Texans to improve their quality to meet the increased competition of foreign countries, it was stated.

Primary object of the meeting here is to acquaint the people with the serious situation and how it can be remedied by one-variety communities of good quality cotton. After cotton talks are made by the authorities, a discussion

will be held on the subject. Mr. Liehte has recently covered the entire state and contacted practically every ginner at 27 ginners' meetings. He reports that the ginners are ready and anxious to cooperate in every way possible with the cotton quality improvement project.

precinct landowners for two or three years as the state would only furnish maintenance until it was ready to take the road over and improve it.

The routing of a state highway from Memphis to Silverton would give a direct route from this section to the Plains.

Funds have already been allot- ted for a state highway from Highway 4 near the Oklahoma line west to connect with Highway 5 near Memphis. If the Memphis-Silverton road is designated, a route will be opened through Southern Oklahoma west to Clovis and on to the West Coast.

Memphis and Hall County "good roads" men have been working for many months with the com- plete east-west highway in view, one step of which has already been given state support.

Castro and Briscoe counties sent delegations to Austin to as- sist Hall County in urging the road designation. Swisher and Parmer counties had planned to send delegations, but were unable to do so because of conflicting dates.

been working diligently to un- tangle the maze of requirements so that the cotton may be com- pressed and shipped to centraliza- tion points. The wet weather of last week gave the workers time to bring order out of chaos.

L. L. Foreman of Harrell Chapel has been a student of American history all his life, and has always been able to form an opinion as to the outcome of any condition arising in America. But he made a statement Saturday that he has no idea as to the final outcome of the present agricul- tural situation and of the inter- national squabble as well. "Your guess is as good as mine," he said.

Just to make the record clear: Last week The Democrat ran an article concerning the likelihood of less old age pensions being paid after October. The communica- tion was from the Texas Board of Control (which is the Old Age As- sistance Commission) to Hon. Harry Graves, state representa- tive, and was official. The article was run for the purpose of letting the old people, who are drawing pensions, know what they are facing if adequate funds are not pro- vided for the OAA at once. Such state papers as the Fort Worth Star-Telegram carried the same story Sunday.

The Democrat is not given to putting out news that is of doubt- ful source, and certainly does not try to mislead the people whose bread and butter depend upon the OAA Commission.

The above committee was ap- pointed by the county agricultural committee in called session here Monday.

It was pointed out by Mr. Pat- tillo that the individual game pre- serves on farms and ranches in the county would not exclude hunting, but would preserve game birds.

There were formerly numerous game birds in this section, Mr. Pattillo said, but hunters and un- favorable weather conditions in the past several years have caused great losses in their num- bers. We will have to protect our game birds if we are to have any, he said.

Similar community and county game preserves are being organ- ized over the entire state.

New Hepburn Dramatic Triumph Promised

The final scene for "Stage Door" has been filmed, and what looks to be one of the big pictures of the year is now being edited. And in that wind-up footage, Katharine Hepburn, co-starring with Ginger Rogers, is reported to have surpassed her "Morning Glory" performance and to have done about the finest piece of acting of her entire career.

It was an intensely dramatic scene that occupied the time of Director Gregory La Cava on the last day of production—a situation handled by Miss Hepburn and Constance Collier, famous veteran of the theatre. Miss Hepburn, unnerved by the suicide of one of her friends, has to be verbally whipped onto the stage of the play within a play, so the old tradition of the playshops—the show must go on—may be upheld. That Katharine Hepburn does go on the boards and does deliver a brilliant piece of acting will be seen, the studio promises, when the picture is released early in the Fall. She is said to give one of her most vivid performances as a wealthy, ambitious girl who makes good on the stage. "Stage Door," a smash hit on Broadway, has a distinguished cast in RKO Radio's version. Besides Miss Hepburn and her co-star, Ginger Rogers, Adolphe Menjou has a headlined role, and Gail Patrick, Andrea Leeds, Samuel Hinds and Lucille Ball are among the principals. A number of beautiful and talented girls who first faced the camera in "New Faces of 1937" have parts in the picture.

Telegram Chagrins Memphis Grid Fans

Memphis and Lakeview football fans were chagrined this week when the local Chamber of Commerce received a telegram from the McLean Chamber of Commerce inviting football fans of this vicinity to attend the McLean-Wellington football game at McLean Friday night of this week. The local Chamber of Commerce decided to ignore the telegram, in view of the fact that Memphis and Lakeview will play a conference grid tilt here Friday night. Following is the telegram received by the local civic organization: "Citizens of McLean extend your citizenship an invitation to attend Wellington-McLean football game to be played Friday night in McLean. This will be an outstanding regional game."

No Refunds To Be Made on State and County 1937 Taxes

Hall County citizens who pay their 1937 taxes should check their tax receipts at the time of paying to be certain that they have paid their assessments on the proper taxable property, according to J. M. Ferrel, Hall County tax collector-assessor. Attorney-General William McCraw recently issued a ruling to the effect that no refunds on county or state taxes will be made after the taxes have been collected, unless the error is noted at the time the assessments are paid.

If a person pays taxes on the wrong property, the wrong value, or if he does not get homestead exemption if entitled to it, he will not be able to get a refund unless the error is caught at the time the taxes are paid, Mr. Ferrel stated. "So we are urging everyone to examine their receipts and help us keep the tax records straight," Ferrel said.

Operator Licenses Examiner Has Not Arrived In County

Drivers licenses for Hall County automobile operators who have not secured state driving permits, which are required by state law, may still be secured at the county tax assessor-collector's office. Announcement had been made by the state that men would be sent to all county seats in the state to give examinations and issue the driving licenses. However, no information on the matter has been received here. The state examiners were to have been sent out by November 15. More rigid requirements for automobile operators in the state were passed at the last regular session of the state legislature.

paperman is the fall guy. Who else is there to do it? But has a newspaperman got the right to expect a merchant to buy his printing at home just because he happens to buy every dime's worth of everything he uses right here in Shamrock? What do you think?—Albert Cooper in Shamrock Texan.

What Next?

Sooner or later, of course, it was bound to come. There is an inevitability about those things that ought to prompt a fatalistic attitude toward them. Even so, this department was not prepared for the current magazine advertisement announcing that an electric tooth brush is ready for the market. You buy the thing that has the little motor in it, with a separate tooth brush for each member of the household, plug it in, fill your mouth with water, and then let it in the clutch. All very efficient and sanitary and modern. Just why the advertisement should have depressed me, I cannot say, but it did. Maybe it was the haunting fear of what they'll have electricity doing next.—John Gould in Wichita Times.

Two-Faced

R. L. Jumper, Childress County farmer, pulled a bit of novel legal technique in a court trial at Childress last week, according to the Childress Index. Jumper acted as his own lawyer in a civic suit. When he took the stand he asked himself questions and then answered them for the jury.

Everything that goes up must come down—except taxes, says the McLean News.

Duck Bites Dangerous

Floyd County Hesperian: A good many farmers report having ducks so numerous and big on their lakes and in their fields that the landowners are beginning to have to dodge—the ducks are snapping at them. It is undoubtedly bad to have to run from a duck and it should be lawful for a man to get his gun and protect himself. Duck bites are dangerous.

There are still 182,000,000 acres of land in the United States that have never been surveyed and it is likely to take about 30 years more to complete the job.—Croslyton Review.

About Time

It seems that people in Texas have finally decided that taxes are getting too high. Opposition in the state senate to more taxes is the only sign of sanity exhibited by state office holders in years. One successful politician recently told us that economy would come when there was enough pressure brought to bear back home. The home pressure is stronger now than in many years.—Scurry County Times.

America Against War
Thoughtful people of this nation gravely cheer the announcement of President Roosevelt that this nation stands for lasting peace. The President points to the Chinese-Japanese situation, and to the Spanish condition where Italy and Germany are openly sponsoring a war against the loyalists of that unfortunate nation. Americans do not wish to be embroiled in another world war. The citizens of this nation would greatly regret to see the time come when boys and men would be forced to go abroad to fight a foreign foe. Chances are that should such a thing happen again that this nation would be left to pay the bill, as in the case of the world war. War is the most terrible thing in the world; yet most wasteful; the most times forced into war against their own will. If America is forced into another world war, it will most certainly be against the will of most of the people of this nation.—Clyde Warwick in Canyon News.

Trail Dust

Many moons have wasted silver against the ceiling of stars since that mauve twilight in early autumn when a low-headed boy stood beside a shining buggy and held the reins on restless matched sorrels. There was a fragrance of delicate perfume, the rustle of soft fabric and the sound of small feet treading lightly through the gate; a voice like distant, merry bells which kept on ringing. And as icing for life's dank, brown bread, is the memory of an ethereal caress; of fine lips, velvety as two rose petals blown from the meridian of splendor. Golly, what a mess I could have made of a dragon in that hour.—Douglas Meador in Matador Tribune.

Million Dollars

The promoters of the exposition to be held at San Francisco next year are planning a stunt which they believe will be quite popular. It is to have a million dollar package of currency handy, and to allow the customers to hold it for a little while. It is planned to charge a dime for the privilege of having a million dollars in one's hand for a few seconds.—Wichita Times.

The young man who would be smart should get a government job. That is now the most popular method of escaping income

taxes. . . . It's our guess there are two kinds of patriots: those who hate and fear war and those who are too old for service. . . . T. F. Prescott, farmer residing near Heavenly Hurley, figures he is going to be pretty smart this cotton and keep the other half. Then if the market goes up he will be smart for holding half of it, and if the price goes down, he'll be smart for selling half.—Muleshoe Journal.

CHURCHES

FIRST BAPTIST CHURCH

Rev. J. Wm. Mason, Pastor

The pastor will bring a message Sunday morning on "Missions" using the great commission, Matt. 18:19-20 as the text. For the Sunday evening service we are expecting Rev. J. Walton Moore, a returned Missionary from China, to bring us a great missionary message. Beginning on Monday night we're having our annual School of Missions with classes for all ages. Bro. Moore and Mrs. W. D. Howell, of the State W. M. U. department will be our guest teachers.

The Sunday school and B. T. U. are doing a wonderful work. You are missing a great blessing if you are a Baptist or of Baptist preference and are not attending the services. "Come thou with us." You can find plenty of places of service through the medium of our church.

CHURCH OF CHRIST

W. M. Davis, Minister

Our Bible school is divided into twelve classes to accommodate pupils of all ages. Three classes are taught by men and women who understand the Word of God. If you are not enrolled elsewhere, come and study the Bible with us next Sunday morning at 9:45.

The morning worship and preaching will be at 10:45, and the sermon subject will be, "The Foundation and the Building." The evening service will begin at 7:30. The minister will have for his evening subject, "Lifting up

Christ." The Lord's supper will be observed both morning and evening.

At 7 p. m. the young people's meeting, in charge of Howard Yarbrough, will assemble to discuss Bible topics. On Tuesday at 3:30 p. m. the women's Bible class will meet for study in the book of John. The prayer service will be Wednesday evening at 7:45 o'clock.

PRESBYTERIAN CHURCH

We take this plan of expressing to our good friends, Rev. Hayes O. Luna, and his family our sincere appreciation of their fellowship and the faithful service they have given to their congregation, and also to the community life. Our prayers and very best wishes will go with them to their new field in Vernon, Texas. Next Sunday morning and evening we shall rejoice to see our people in their places of worship and a most cordial invitation to strangers and friends who may worship with us. May it be a service of joy and gladness to all. E. C. CARGILL, Pastor.

CHURCH OF CHRIST

THE EYES HAVE IT!

Makeup Turned This Brown-Eyed Carolina Girl into a Modern Cinderella

ATLANTIC CITY: Cinderellas are not obsolete. The very newest American one is Ruth Covington of Charlotte, North Carolina. Ruth surprised herself more than anyone else by winning third place in the Atlantic City Bathing Beauty Contest, and she is quite sure that thousands of girls could wear the glass slipper if they knew how to make the most of themselves.

Sly, unsophisticated Miss North Carolina slipped away from her first appearance at the contest to her hotel room, unnoticed.

"I was awfully scared and blue," she said. "I kept thinking how disappointed my friends would be if they could compare me to the other girls. My knees felt so weak I didn't think I'd be able to perform at all in the talent contest. I had just one consolation—the very first present we all received from the committee, my wonderful beauty kit!"

The next morning, according to Ruth, she watched some of the other girls making up on the beach. One of them urged her to get out her kit and try to make herself up differently, using makeup that matched and was keyed to her own real personality color, her eyes.

Timidly she started. "I haven't used makeup very long," says the seventeen-year-old beauty. "Sometimes I would get my rouge too bright. Or my lipstick did not look right with my powder. Something was wrong. That Wednesday on the beach I suddenly discovered that cosmetics matched to each other made all the difference in the world. I looked right. I looked like me!"

"Miss Texas explained that it was because my makeup was keyed to the color of my eyes, which are brown. I know she had guessed the secret, for the blue-eyed girls looked just as well in matched makeup keyed to blue eyes."

organized the Senior Girls' Club. The sponsor, Miss Joyce Sheats, called the meeting to order, and the following officers were elected: Amilda Thomas, president; Joyce Read, vice president; Martha Jeane Parks, secretary-treasurer; and Katherine Robinson, reporter.

The following committees were appointed: the social committee, posed of Janie Sue McMurry, chairman, Mary Jane Selby, and Jeanne Draper, and the selection committee.

After the business session the members enjoyed humorous readings given by a member of the club.

... "It worked!"

According to Ruth, the knowledge that her makeup was right made a tremendous difference in the way she felt—even the way she carried herself.

"I decided since I'd gotten off to such a bad start I'd just wait and surprise everyone," she said. "Friday was the day of the big Boardwalk parade. I wore my new makeup for the first time that day. 'Well,' she concluded modestly, 'it worked!'"

After the carnival there will be a free program. The public is cordially invited to attend.

"Lucky" Don Ameche Is Star In Ritz Film

There is no need for horse-shoes, rabbits' feet or four-leaf clovers in Don Ameche's life. He claims to have no faith in superstitions and does not believe in luck, and all for the simple reason that he has played in luck all his life and taken it for granted.

All that he has ever had to do was to make a tentative attempt to get whatever he wanted, and it just naturally fell into his lap, the radio-screen star smilingly declared on the set of "You Can't Have Everything," sing-a-long musical, in which he is co-starred with Alice Faye and the Ritz Brothers, opening with Saturday night revue at the Ritz Theatre, and continuing thru Sunday and Monday.

His gay, carefree role in "You Can't Have Everything" presents Ameche amidst a galaxy of entertainment personalities including Charles Winninger, Louis Havick, Rubinoff and his violin, Tony Martin, Arthur Treacher, Phyllis Brooks, Tip, Tap, and Toe, Louis Prima and his band, and Tyler Brooke.

Now is the time to plant bulbs, Hyacinths, Daffodils, Narcissus, and Tulips. Hightower Greenhouse.

McLean Defeats Memphis Grid Team Here Friday Night

was defeated, hardly a murmur of protest went up. McLean had the bigger and better team, but the Cyclone scrapped them to the last. Coach Hubbell's local lads played hard football, but their tackling and blocking was a bit under the heights they reached against the Lefors Pirates a couple of weeks before.

Spinners, Reverses

Memphis' line and secondary could not fathom the dizzy spinners and breath-taking reverses which the McLean aggregation shot at them. The here-to-fore unmatched Cyclone line could not halt the bull rushes of Braxton and Bogan and Humphreys. The Tiger backs outclassed the locals by far in speed.

Although the game was lost, Coach Hubbell unearthed a new backfield star in Gordon Hagemeyer, 135-pound halfback built along the lines of an Arkansas rail. Hagemeyer, who has spent most of his time this season champing at the bits from the sideline, played the bigger part of the game and proved to be the only Cyclone who can catch a pass consistently. Hagemeyer made a

beautiful catch of a short pass from Hall into the left flat for Memphis' only touchdown.

Backfield Stars

Stars of the game were the McLean backfield, with little difference between the players. The McLean secondary held the Memphis passing attack well in hand most of the game, and the Tiger backs looked like college men on reverses through the line. Braxton and Humphreys were especially effective on stabs through the Memphis line. Braxton, too, tackled even more viciously than Memphis' Pounds, line backer-upper.

Overton, 170-pound end, and Wells, 205-pound tackle, were stand-outs in the victors' line.

Hall Passes

Billy Polk Hall had an evening of passing, throwing 35 aerials, 15 of which were completed. Seventeen passes were thrown by Memphis in the first half, three of which were intercepted. Talmadge Pounds, as usual, showed up to advantage in the Memphis backfield, as did Lindsey and Foster and Sanders. Dennis Sanders and James Evans led the line play, with Clark and Harris distinguishing themselves at times. Montgomery, Robertson, and Dodson were also in on many plays.

McLean passed five times, only one of which was completed, and this carrying 55 yards for a touchdown. Memphis held a slight edge over McLean in the number of first downs, running up 11 while the visitors chalked up nine. McLean, however, gained 318 yards from scrimmage to 171 for Memphis.

Tigers Score Safety

McLean scored a safety early in the first quarter to take a two-

point lead. Montgomery took the opening kick-off to the 40, where the Tigers held, and Pounds booted to the McLean 40. There Bogan fumbled when hit and Memphis recovered on the 45. Hall got five at guard before the visitors stiffened to hold, taking Pounds' punt on their 10.

Humphreys slipped around the weak side of the line to the left and scattered for 42 yards before he was bumped out of bounds. There Memphis held for downs and Braxton's kick was killed on the Memphis one-foot-line. Standing behind his own goal line, Pounds attempted to punt, but several McLean tacklers swarmed through the Memphis line to block the punt for a safety.

Make Touchdown

The Tigers shoved the ball across for a counter a few moments later. Pounds kicked out on the Memphis 42 after being held for downs following the safety. From the 42, Braxton, Humphreys, and Bogan lugged the leather on reverses through the line for a touchdown, Humphreys cutting through tackle for the last eight yards. Nicholson missed goal and the score was 8-0.

The remainder of the first quarter and the first few minutes of the second quarter were played in mid-field, with the ball changing hands. About the middle of the second quarter Watson returned a punt to his own 33. Bogan picked up five yards through the line in two attempts, and Humphreys drove through the left side of the line on a reverse for 14 and a first. Bogan made a first down on the Cyclone 45. Braxton then took a reverse through right tackle and outran the Memphis team for 45 yards and a touchdown. Nicholson added the extra point from placement.

The half ended with the score 15 to 0.

Launch Passes

Memphis opened the second half with a passing attack that bogged down before it got started, and McLean took Lindsey's spiral on the Tiger 30. Braxton and Bogan then instituted a series of powerful reverses which carried a sustained drive to the Memphis 15 before the Cyclone forward wall tightened to take the oval on downs.

The Cyclone attack failed when the blockers got in the backs' way, and Lindsey booted out to the visitors' 45. Braxton started on an end sweep to the right and shot a 20-yard pass behind Hagemeyer, who had sucked in, to Norman, end, and the big end lumbered down the field 35 yards for a touchdown. Nicholson's try for conversion failed, and the score stood at 21-0 in favor of McLean.

Hagemeyer Scores

Memphis scored early in the fourth quarter, taking the kick after the touchdown late in the third quarter on the 30-yard line and putting on an air offense which couldn't be stopped. Hagemeyer returned the kick to the 30 and then took a pass from Hall for seven. Hall cracked right guard for four and a first. A pass was incomplete, and then Hall rifled one to Hagemeyer who leaped into the air to make the catch for a nine-yard gain. Hall smashed center for a first.

Memphis got another first down and a gain of one yard because of interference with the receiver. Pounds took Hall's pass for seven yards and then another for six and a first down. Hall shot a bullet pass to Hagemeyer over center which was good for five. An aerial was incomplete, and then Hagemeyer took another toss from Hall for 12 and a first. Hagemeyer then made a beautiful catch of a pass from Hall behind the goal line for a touchdown. Sanders' kick went wide and the score was 21-6, McLean.

Staves Off Threat

The remainder of the game was played on about even terms. McLean, however, worked the ball to the Memphis 15 following a pass interception late in the fourth quarter. Dodson recovered a fumble to break up the threat, and Lindsey punted out of danger after passes had failed to click.

The starting line-up:

Memphis—James Evans, left end; John Harris, left tackle; Paul Dodson, left guard; Leroy Robertson, center; A. J. Clark, right guard; Dennis Sanders, right tackle; Blackburn Montgomery, right end; Eugene Lindsey, left half; J. R. Sanders, right half;

FSCC TO BUY COTTONSEED OIL AND STRENGTHEN SEED PRICES

The Agricultural Adjustment Administration announced this week that the Federal Surplus Commodities Corporation will buy cottonseed oil in a program designed to strengthen cottonseed prices to cotton farmers by diverting cottonseed oil from normal commercial channels.

The announcement was met with favor by representatives of the Memphis Cotton Oil Company and others interested in cottonseed in the county.

Both crude and refined oil will be purchased under the program and manufactured into shortening for distribution by state relief agencies to persons on relief.

Cotton farmers are receiving less for their cottonseed this year than in any year since 1915, with the exception of the depression years 1931 to 1933. The average price received by farmers in September this year was \$19.25 per ton while the average price they received in 1936 was \$35.41 and in 1935 \$31.19. Crude southern mills cash quotations on cottonseed oil have recently been 53-4 cents per pound. This is the lowest since quotations have been recorded beginning in 1920, with the exception of the three depression years.

The estimated cotton crop of 17,573,000 bales this year is expected to yield approximately 7,816,000 tons of cottonseed and approximately 1,886,000,000 lbs. of cottonseed oil. The average production of cottonseed oil during the 10 year period 1927-1936 was 1,486,000,000 pounds.

Prices to be paid and the quantities to be purchased are being considered by AAA and FSCC officials. The FSCC, which will make the purchases, is under the direction of the Secretary of Agriculture and carries out purchase programs prepared by the AAA.

"Through the purchase program we hope to increase returns to producers from their cottonseed," F. R. Wilcox, Director of the Division of Marketing and Marketing Agreements, said today.

"Many cotton farmers depend for their fall cash income almost entirely upon returns from the sale of cottonseed. Although stocks and indicated production of other fats and oils do not appear to be excessive, large marketings of cottonseed, due to the huge cotton crop, have driven prices to very low levels. The program will divert cottonseed oil from regular commercial channels and increase consumption by persons who otherwise probably would not use the products of cottonseed oil."

Memphis Girl Is College Dramatist

Special to The Democrat

DENTON, Oct. 20.—Norma Ruth Cole, daughter of Mr. and Mrs. R. A. Cole of Memphis, is one of twenty-three students who were last week admitted to the membership of the College Players, dramatic group at the North Texas State Teachers College. Miss Cole is a junior in the college.

New members were initiated only after they had successfully passed a practical test of dramatic ability.

Besides presenting a number of one-act plays, the college players usually stage three major productions during the season. Plays under consideration for this season are "Winterset," by Maxwell Anderson; "Post Road," by Wilbur D. Steele; and "Growing Pains," by Aurania Rouverol. All three plays have proved extremely popular, having had extended runs in the professional theatre.

AN ADVERTISING MAN'S IDEA

SEVERAL YEARS AGO an advertising man was employed by The Democrat to help in selling advertisements for a special edition that The Democrat was preparing to publish.

This man was 50 years old or more and had helped to work up special editions in towns and cities all over the United States and even in Canada. He was well educated and made his living by the use of a nimble brain.

We were engaged in writing news stories to "boost" the city for the special edition. Since the advertising man was new here, we asked him what about the city impressed him most. Without glancing down this column, what do you think he said? The large gins? The oil mill? The compress? The schools? The churches?

He stated that the thing which impressed him most was the hospital facilities offered by a town the size of Memphis. We had never thought much about this before, but we could readily see his point, and we wrote a story about the modern hospital facilities which the town boasted.

The thing which reminded us of this incident was a brief editorial in the Floyd County Hesperian last week: "Just a sort of rough estimate on the amount of money that leaves Floyd County monthly for hospital bills, gives figures that are almost astounding and a partial answer to the question of where does all the money go for a big wheat or cotton crop. Floyd County people are sending their broken bones to be mended, their hopelessly ill to die, their operations to be performed by the thousands of dollars worth every month, to Plainview, Lubbock, Amarillo, Dallas, and Fort Worth."

While there are some persons who take their ills to out-of-town specialists, the large majority of persons in this vicinity look to local physicians in time of sickness.

ATTACH DONLEY AND COLLINGSWORTH?

DAVID M. WARREN, Editor and Publisher of the Panhandle Herald, came out recently with a bold editorial showing how a large amount of taxes could be saved through county consolidation. While Memphis and Hall County would probably favor a consolidation such as Editor Warren suggests, there would be other counties who would actively fight such consolidation. And the sole reason that Hall County would probably favor the combining of county governments is that this county would be benefited—

Here is the editorial:
County consolidation is a subject that will be brought up more and more in future years, but it is going to take a long time to get anywhere with the movement.

People are proud of their small units of county government. Consolidation may enable some savings, but it is evident now that the people would rather pay more taxes and have counties about the present size. However, there should be more consolidation of tax units within the counties.

Some of the important cities are at the edge of the counties, and consolidations could be effected, but the counties with smaller population probably would not like to be dominated by the ones with more people.

For instance, Amarillo is at the edge of Potter County and spreads into Randall, but the latter county would not like to be run by Amarillo.

That practically holds true for Dallam and Hartley counties, as Dalhart is on the line.

Borger is in the south part of Hutchinson County, but Carson would not like to be attached to that county. Neither would Carson like to be a part of Gray County with Pampa as the county seat.

Memphis is in a corner and possibly could serve Hall, Donley, and Collingsworth counties. But Memphis would never do it with the consent of Deskins Wells of the Wellington Leader and Sam Braswell of the Clarendon News or J. C. Estlack of the Donley County Leader.

Deaf Smith is a big county and Hereford is at the edge, and could possibly serve Parmer and Castro counties. Or possibly Friona could be made into a county seat to serve both Deaf Smith and Parmer counties. And there is Vega in the southern part of Oldham County that could be made a county seat for Oldom and Deaf Smith counties.

Wheeler and Collingsworth counties could be joined with a court house at Shamrock.

Consolidation will never take place with local votes.

It will take legislative enactment to make this kind of consolidation and tax economy. This paper is not favorable to county consolidation now because it would cause too much ill will among people who should be friends.

STOP FOR SCHOOL BUSES

HALL COUNTY—and every other county in the state—has laws which state that cars must stop when approaching a school bus which is taking on or discharging passengers.

In the past two or three years there have been several persons who were fined for violating that law here in the county. The law, however, is generally observed.

The reason we mention the law in passing is that a seven-year-old youngster was killed near Plainview last week when he stepped from a school bus onto the highway. He was hit by an automobile which failed to stop while the school bus discharged its passengers.

This one incident is evidence enough to show that the law is a just law and one which should be observed.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled. Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)
