Mortgages Do Not Have to Sell Equity In Loan Cotton

Information in effect of new legislation price adjustment from a press release by the Comptroller General of the United States Department of the Treasury:

Reports have been received by the Federal Reserve Board that some mortgage holders are attempting to sell their equity in loan cotton in order to obtain a cash payment on a loan or transfer of ownership for such a payment which is necessary for the new Farm Loan Act. The act provides that a payment which is made on the 10th day of the month following the maturity date of the loan shall be eligible for adjustment pay- ment on page 10.

Noted Musician To Be Presented Here

Esther Jonsson of Amarillo, world-famous concert pianist especially noted as a Mozart interpreter, who will give a lecture-concert here Tuesday afternoon at 2:30 at the high school auditorium. Miss Jonsson, pictured above in Mozart costume, is being brought to Memphis by the City Council of Parent-Teacher Associations.

Precinct 4—J. O. Adams, presiding judge; Ed Drake, D. C. Hall.

Precinct 5—S. T. Hutchins, presiding judge. (Continued on page 10)

Hall County League Meet Opens at Turkey Friday

Ask North-South Texas Highway

A Texas delegation from 13 counties urged a North-South highway from Perryton to Del Rio linking Canada with Old Mexico at the Texas Highway Commission meeting in Austin Monday, according to a press release.

Sam Braswell, Clarendon newspaper man; Bob Alexander, State Representative of Childress, and A. R. Cauthorn, State Representative of Del Rio, were leaders of the group which included nine county judges.

Leaders pointed out that with the exception of two gaps of about 95 miles between Clarendon and Turkey, and between Pampa and Perryton, and another stretch of about 50 miles, the road is paved all the way. The highway commission took the matter under advisement.

The 1938 Hall County Inter-scholastic League meet opens at the Turkey High School at 8 o'clock this Friday morning. It will continue through Friday and will close with the track and field meet Saturday afternoon.

It is expected that every school in the county will be represented in the literary and athletic events in the high school, rural school, and ward school divisions of the meet. Winners will go to the district meet at Childress two weeks hence. In last year's county meet, Memphis won in the high school and ward school divisions, and Salisbury made the largest number of points in the rural school division.

The program for the two days has been announced by Lee Vardy, director-general of the meet, as follows:

Friday

8:00—Boys' and girls' tennis, all divisions, Room 1.

9:00—Senior declamation, high school division, high school auditorium; rural school division, Baptist Church; rhythm band, all divisions, Methodist Church; sub-junior spelling, all divisions, Room 4.

10:00—Junior declamation, high school division, high school auditorium; rural school division, Baptist Church; ward school division, high school auditorium.

Primary chorus, Methodist Church.

11:00—Typewriting contest, Room 2; sub-junior declamation, rural school division, Baptist Church; ward school division, high school auditorium.

Tiny tot story telling; junior spelling, all divisions, Room 4.

11:30—Shorthand contest. (Continued on page 10)

District Court Concludes Term

The Spring term of the 100th District Court, which opened here February 14, adjourned last Saturday until September.

Trial of a number of criminal cases constituted the principal business of the court this term, although several civil cases were settled or dismissed.

Cases disposed of during the last three days of court included: W. B. Miller vs. John A. Wood et al, for drainage damage; judgment rendered making permanent an injunction against defendant, Allie D. Weaver and C. D. Shevemaker, as per minutes. C. R. Webster vs. M. M. Monzingo, suit for debt and foreclosure attachment lien; judgment for amount of debt and for foreclosure attachment lien.

Motion by the state to dismiss the cases of the State of Texas vs. F. V. Posey and Cleo Tyler was granted.

Penitentiary sentences given Truett Dean, A. V. Dean, and Herman Ellis earlier this term were pronounced to begin March 7, 1938.

LOCAL THEATRE REOPENS; ALL NEW EQUIPMENT

Palace, Destroyed By Fire in January, Reopens Thursday

The new Palace Theatre is open. Remodeling of the film house and installation of new seats and equipment was completed late Thursday afternoon. Finishing touches were made in time for public opening the same night.

The feature attraction for the opening, the popular technicolor production, "Gold is Where You Find It," co-stars Olivia de Havilland and George Brent. The outdoor drama is based on the colorful war between the ranchers and miners of California in the 1870's. It is an adaptation for the screen of Clements Ripley's best selling novel of the same name.

The film, photographed in full color, is said to be even better and more beautiful than "God's Country and the Woman."

The local theatre has been closed since last January when the 18-month old film house was completely destroyed by fire, of unknown origin. Hollis Boren, owner, immediately began the replacement of both the building and contents.

The new Palace now boasts the finest in booth equipment, speech amplifying units, larger screen, cushioned seats and beautifully decorated interior, according to theatre men.

Plan Silverton To Plainview Highway

SILVERTON, March 23.—A committee from the Plainview Board of City Development, composed of R. J. Silverton, Jack Skaggs, Glen Mabry, J. W. Walker, and H. S. Hulburn, met with the commissioners' court here last week in regard to a direct highway from Plainview to Silverton.

The court promised to send a representative to Austin to seek an appropriation for funds for a preliminary survey and to send a representative to meet with a committee from Plainview to discuss the project with Division Engineer Garrett. The counties plan for the road to tie in with the highway to Memphis.

JUDGE M. O. GOODPASTURE HOLDING COUNTY COURT

Judge M. O. Goodpasture opened county court Monday for the first week of the term. Court was dismissed Tuesday after a few civil cases were settled, and dates set for trial of several criminal cases.

County court is being held every two months instead of quarterly as heretofore.

Two Fires Cause Property Damage

Fire caused by the explosion of a coal-oil stove burned out the interior of the servants quarters at the home of H. W. Kuhn on North 12th street about 10 o'clock Sunday morning. The Memphis volunteer fire department reached the blaze in time to prevent the quarters from being demolished. Damage was estimated at \$50. A negro man living in the house received minor injuries.

Monday afternoon an automobile parked near the north end of 13th street and owned by Aaron Bradley was damaged to considerable extent by fire. The fire department prevented the blaze from causing a total loss.

Deskins Wells Is Rotary Speaker

Deskins Wells, publisher of the Wellington Leader, was guest speaker at Rotary luncheon Tuesday, using for the subject of his address, "What is Right with America."

Instead of telling his hearers of all the things that are wrong with the government, the conditions and the people, Deskins told of many good things that exist in America, in comparison with what other nations of the world are having to put up with.

Milton Pullis and his high school orchestra furnished music during the luncheon.

Leon Randolph was introduced as a new Rotarian.

Candidates Will Meet Saturday

The Democrat has been asked to announce that a meeting of the candidates of Hall County will be held in the county court room Saturday afternoon at 2 o'clock.

The meeting will be of interest to all candidates, as an itinerary of speaking dates, and other matters will be arranged at this meeting.

McClendon Paint And Paper Firm Is Opened in Memphis

New Company Will Hold Formal Opening Friday, at 109 North Fifth Street

Memphis' newest retail business establishment, The McClendon Paint and Paper Company, will hold a formal opening Friday evening, Jack McClendon, owner of the firm, has announced. The new store is located at 109 North Fifth street, directly across from the local Western Union office.

The public is invited to visit and inspect the complete stock of the new firm between the hours of 5:30 and 8:30, this Friday evening. Souvenirs, refreshments and cigars will be given all visitors during the hours, the management has announced.

The firm is to specialize in Sherwin-Williams paints and varnishes, for which they are exclusive dealers in this city, picture framing, artist materials, wallpapers, and other decorative supplies.

Cotton Quota Set For Hall County

Cotton quotas for Texas counties in 1938 were announced last Friday by state agricultural adjustment administration headquarters at Texas A. & M. College.

Hall County's quota was set at 92,062 acres. This represents approximately a 40 per cent reduction from the county's base acres in 1937, according to County Agent R. E. L. Pattillo.

Quotas set for counties in this immediate area include: Donley, 43,657; Collingsworth, 77,647; Childress, 65,197; Cottle, 72,564; Motley, 44,926.

Among the 28 counties in District 2, Hall ranks fourth in the amount of its allotted quota, being superseded by Jones, Haskell, and Rannels counties. District 2 extends to and includes Wheeler County on the north; Coleman and Rannels counties on the south; Wichita County on the east; and Borden County on the west.

Baptist Revival To Close Sunday

Rev. C. Y. Dossey, evangelist of Dallas, will conclude the two-week revival services in progress at the First Baptist Church next Sunday night. Well over 50 additions to the church have been made thus far in the campaign, it is reported.

The Friday morning service at 10 o'clock is to be held especially for old people and shut-ins. Friday night will be baptismal night. Services for children will be held Friday and Saturday afternoons at 4 o'clock by Mark Short, song leader at the revival services.

Goal for the Sunday School next Sunday in 600; last Sunday's goal was 525 and 529 were present. The BTU goal is 300.

Rev. Dossey has chosen the following subjects for his sermons during the remainder of the revival meeting:

Thursday night—"The Unpardonable Sin."

Friday night—"The Prodigal Son."

Saturday night—"Salvation by Grace."

Sunday morning—"The Three-Fold Secret of the Great Life of Moses."

Sunday night—"The Two Ways."

Several Memphis Homes Burglarized

During the last ten days a number of local homes have been broken into by prowlers.

Nothing of any great value has been taken from any of the homes, except from that of Mitch Rule on North 11th street, Chief of Police Edd McCreary reports. Several articles of clothing stolen from the Rule home were found soon after in a barrow pit in the north part of town.

Other houses which have been broken into include those of: Joe Vandiver on North 8th; Bob Corley on North 9th; W. B. Kimberlin on North 11th; Dr. R. E. Clark on South 17th; Mrs. J. T. Hicks on South 7th; Mrs. J. J. Wilson on South Ninth; and Camp Alhambra.

No one has been apprehended for the burglaries as yet, Chief McCreary stated.

Premier Pianist to Appear Here in Lecture-Concert on Next Tuesday

Esther Jonsson, acclaimed in Europe and America as one of the greatest Mozart interpreters of all time and considered the premiere pianiste of the Panhandle, will appear in lecture-concert on Mozart at the Memphis High School auditorium Tuesday afternoon, March 29, at 2:30 o'clock. Miss Jonsson is being brought to Memphis under the sponsorship of the City Council of the Parent-Teacher Associations.

Beginning with Wolfgang's first great concert tour when he played for the kings and queens of Europe at the age of six, Miss Jonsson shows colored motion pictures of Salzburg and of Prof. Aicher's famous Salzburg Marionettes in "Wolfgang at the Court of the Empress Maria Theresa." Miss Jonsson plays the different

stages of his journeys and the music of composers he met along the way. She also shows historical pictures of the life of Mozart in colored slides.

To the thousands of children who have crowded the concert halls to hear this concert, Wolfgang Amadeus Mozart has become a living, familiar figure. One of Miss Jonsson's ambitions is to play Mozart for every child in America.

Miss Jonsson has played on Mozart's organ in the room in which he was born. In Salzburg she was chosen as soloist for the Festival celebrating the 175th anniversary of Mozart's birth—the first time Austria had conferred so great an honor on an American. Salzburg christened her Miss Mozart.

Miss Jonsson is offering two prizes to the students who submit to her the best synopsis of the Mozart program. The first prize will be \$2, the second \$1.50.

She has appeared in Memphis once previously, in the Spring of 1936, under the auspices of the Harmony Club. Music lovers paid \$1 to hear Miss Jonsson at that time. In order that no one will have to miss this concert, an admission charge of only 10c to children and 25c to adults is being charged. A section of the auditorium will be reserved for adults.

An autographed picture of Miss Jonsson in her Mozart costume will be given to all children attending the concert.

Big Films to Follow "Gold is Where You Find It"

The opening film at the new Palace, "Gold is Where You Find It," is only one of the many super-colossal screen productions to be offered patrons of the theatre, the Palace management has announced.

Following the Geo. Brent and Olivia de Havilland epic will come the everpopular W. C. Fields in the "Big Broadcast of 1938," which will have continuous showing from 1 p. m. to 11:30 p. m. Saturday. This film has been booked for one day only.

"52nd Street," said to be the grandest romantic comedy in years, opens a two day showing with a prevue Saturday night. This screen romance affords a score of stars headed by Ian Hunter, Pat Paterson, Zasu Pitts, Kenny Baker, and others.

Featured on the Palace screen for three days next week, beginning with Tuesday, will be the powerful heart-drama, "Thoroughbreds Don't Cry." Such stars as Judy Garland, Mickey Rooney, Sophie Tucker and others make this film another standout, it is said.

The re-opening of the Palace again gives theatre patrons of this section three Memphis theatres. The Ritz, Palace, and Texas are all first-run houses with modern equipment and their feature releases are often much earlier than other theatres in neighboring cities.

Harry Delaney spent Saturday and Sunday in Lubbock with his parents, Mr. and Mrs. T. C. Delaney. Mrs. Delaney and daughter Carole Jean, who had been visiting in Lubbock several days, returned home with Mr. Delaney.

Mr. and Mrs. George Cullin and sons, Charles and Raymond, were guests of relatives in Lubbock last week-end.

Opens New Palace

Olivia de Havilland, lovely, young film star, appears in the feature role of "Gold is Where You Find It," which opens the new Palace Thursday night. Miss de Havilland was born in Japan not too many years ago.

In "52nd Street"

Pat Paterson (above) is co-starred with Ian Hunter, Leo Carrillo, Zasu Pitts and others in the Palace film for Sunday and Monday.

LAKEVIEW AGGIES ATTEND FORT WORTH STOCK SHOW

Eleven Lakeview vocational agriculture boys went to the Southwestern Exposition and Fair Stock Show in Fort Worth March 12, which had been designated Future Farmers' Day.

The trip had been planned since the opening of the school year, and was reported to have been very educational and enjoyable to the boys. While in Fort Worth, they stayed at the Texas Hotel.

FAITH IN THE FUTURE OF MEMPHIS

THE DEPRESSION IN MEMPHIS came to an end several months ago and the recession expired before it spread into this section. This is a fact that too few businessmen and citizens of this city have been prone to acknowledge.
For the benefit of those who continue to wail, knash their teeth and cry aloud "depression" and "hard times," The Democrat points to figures and facts that cannot be denied.
At the turn of the new year, bank deposits in Memphis came near to breaking all-time records. Leading business firms made public reports regarding 1937 as the best year in their respective history. The county's cotton yield exceeded any year since 1929. And, during the first three months of the year many other such reports have come to light, including the continued report that much of this section is in the nation's business spotlight.

Such facts have served to give a renewed faith in the future of Memphis. They have been accepted by alert business firms as forerunners of normal and prosperous conditions. Such was the case of the J. C. Penny Company, operators of stores in 109 cities and coming cities throughout Texas. The giant chain recognized a future in Memphis, the very city that many have said would never come back. And, this nationally famous chain never opens in a city until a satisfactory investigation of the future, as well as the present, has been made.

Authoritative sources have it that even a second national chain is making a like investigation with the prospect of opening a store in this city.

If such successful major firms can see enough future here to establish stores, even in th face of the State Chain Store Tax, then conditions couldn't be as bad as many are wont to believe.

ANOTHER HEAVY COTTON ACREAGE?

HALL COUNTY MAY again lead all neighbor counties in total cotton acreage in 1938, according to announcements from the State Agricultural Adjustment Administration headquarters at College Station. This county's quota has been set at 92,062 acres.

Neighboring counties' quota acreage are: Briscoe 23,740, Childress 65,197, Collingsworth 77,647, Cottle 72,654, Donley 43,657, and Motley 44,926.

Should the yield in this county average three-quarters of a bale per acre the total production will exceed the 1937 crop by approximately 20,000 bales. The total number of bales for the seven-county area figured on the same average basis, would approximate 230,000 bales.

There is nothing wrong with these figures, even though they are concrete examples of counting the chicks before they hatch. However, plenty could go wrong with the market price should such a bumper yield result from the 1938 acreage. If this area uses its entire quota for cotton, and other areas do likewise, then the market price will be sure to continue at a low ebb.

The Democrat claims no mystic power for foretelling the future nor does it possess the ability to give out advice. The figures are given here only for the benefit of the producers who must use their better judgment in solving their own problems.

COMPETITION GOOD FOR STUDENTS

THE HALL COUNTY Interscholastic League Meet is in progress at Turkey this week end. Outsiders, and parents too for that matter, sometimes fail to recognize this out-of-school activity as an important period in the lives of the citizens of tomorrow.

All forms of interscholastic meets are mind-building and character developing periods for the students. They need to experience victory and defeat, just as it will be experienced in adult and business life. They need training as debaters and speakers, if they are to fill their places well as leaders of tomorrow.

The student needs to taste competition and know what to expect in future years.

The Hereford Brand reports: With 76 days already gone out of 1938, employees in the County Clerk's office today are beginning to wonder if they are going to issue a marriage license this year.
Until this week they attributed the dull period to general conditions, but when Glenn Hickman, Castro County Clerk, came rushing in this week and frantically asked to borrow all of the licenses they could spare, things took a different trend. Mr. Hickman got the licenses, but they are wondering what Castro County has that Deaf Smith needs to get.

One Church
The time is coming when Protestantism will forget its several creeds and unite in one body. Men everywhere are coming to care less and less for creeds and more for the essential elements of Christ's program. In England a strong movement has been launched to unite all Protestant churches.—The Foard County News.

Trail Dust
Each lamp is turned low in the boudoir of stars after the flimsy veil holding back the wind is broken. The heavens are flooded as fields of silver poppies in the delta of a muddy river and the noon drifts like a lonely ship through the waves of lofty sand clouds. The earth shudders under endless lashings are dry and less slave whose eyes are dry and swollen from the pain that sings a tortured soul. Nature huddles in its barren ramparts and cringes before silence in the vanguard of each gust. The sandstorm is a cold fire which burns away the appointments of hope from the shell of life.—Douglas Meador in Matador Tribune.

Judge Reports On Resources Meeting

Judge M. O. Goodpasture returned late last week from Dallas, where he attended the Institute of Natural Resources at Centennial Park.

One of the principal topics discussed at the institute, he reports, was that Texas has abundant natural resources, but that little remains in the state for manufacture, with the exception of oil. Last year, the discussion pointed out, Texas raised 5,000,000 bales of cotton, while only 200,000 bales remained in the state to be manufactured into textiles and by-products.

HALL COUNTY FARMER FINDS SOIL CONSERVATION PRACTICES PAY

With the outstanding crop yields of last year showing that terraced fields produced from a fourth to a third more cotton and between 150 and 200 pounds of grain sorghums to the acre, more farmers than ever before are giving attention to soil and moisture conservation practices as they prepare for the new crops in this area, the Soil Conservation Service reports.

"Farmers are coming to realize that water conserved by terraces and contour tillage means the difference between success and failure of crops in dry years, and brings increased yields in years of good moisture," says J. T. Reese, superintendent of the Soil Conservation Service demonstration camp in the Memphis area.

Already more than 900 miles

of terraces have been constructed to conserve moisture on more than 16,000 acres in the demonstration area, and the work will continue until planting time, the camp engineer reports. When the spring rains come, the water will be held on the treated fields by these structures and will seep into the soil to become available for crop use instead of running off and causing erosion, it is pointed out.

A typical example of the advantage of terracing in this area may be found on the 160-acre farm of Charles A. Williams, eight miles southeast of Memphis.

When Williams became a co-operator of the Soil Conservation Service, his field, which had been planted in cotton mainly for the last 30 years, was suffering from sheet erosion and gullies were cutting in several spots.

The field was terraced in February, 1937, the structures being placed from 150 to 200 feet apart, depending upon the slope. The terraces held the spring rainfall on the field where it fell and at planting time tests showed that moisture had penetrated from 40 to 50 inches into the soil.

Williams planted Sudan grass on the terraces and strip cropped cotton with grain sorghums. The field produced a bale of cotton to the acre while untreated fields in the same area yielded only three-fourths of a bale to the acre. His grain sorghums yielded was from 150 to 200 pounds to the acre more than on untreated fields.

The fibrous roots of the Sudan, which reached a height of five to six feet, are protecting the terraces against wind and water erosion this spring. The stubble of the grain sorghums strips has not been grazed in order that the field may receive the full benefit of their erosion-resisting ability.

The terraces now have settled and hardened to such an extent that they may be planted in rows this spring if the farmer so desires.

Texas Leads Nation In Payments Made Under '37 Program

Over one-eighth of all payments made so far in the United States under the 1937 Agricultural Conservation Program have been made in Texas, according to Geo. Slaughter, Wharton, chairman of the Texas Agricultural Conservation Committee.

Information received from Washington shows that payments already made in the Nation as a whole total around 72 million dollars, while the Texas AAA office at Texas A and M. College has announced payments of \$9,496,000, Slaughter said.

"Washington announcements indicate that March and April will be the peak months for making payments," Slaughter pointed out, "whereas in Texas it is expected that practically all applications for grant under the 1937 program will be through the state office by the last of March."

"This means that payments in Texas are progressing about a month ahead of the average for the United States."

Slaughter estimated that the payments received by Texas farmers who cooperated in the Agricultural Conservation program in 1937 will total nearly 35 million dollars.

FSA Supervisors Aid Farm Families In Planning Needs

Every business man realizes the importance of considering the future needs of his business and how those needs may be met, and the farm home is no exception to this rule, according to Mrs. Juanita G. Butler, Home Management Supervisor for the Farm Security Administration in Hall County.

At this time of the year Mrs. Butler and Bob Land, supervisors for this agency are busily engaged in helping farm families plan their needs and devising ways to meet them. Each farm family cooperating with the FSA is assisted in determining its needs for the year, which includes the needs for crops, food, clothing, medical attention, schooling, recreation, and similar requirements, not forgetting the amount of money necessary from month to month. After the needs are estimated a budget is outlined and the family is encouraged to live within that budget which is based on thrift.

Home Management Supervisors work with the farm wives in home improvements, family health, production of poultry flocks and gardens to meet needs of the family's balanced diet and also add to the family's annual income through food preservation and sales of surplus commodities.

Farmers are taught the value of balanced rations for their livestock. They are encouraged to improve the care and breeding of livestock to insure maximum production. They are advised to plant field crops in accordance with approved practices for the locality, not forgetting the importance of soil conservation methods. Another important phase of the FSA's planning program is the storage of surplus foods. It is here that trench silos prove their usefulness.

In setting up a farm and home plan the rural and home supervisors for the Department of Agriculture agency know that in order to develop properly balanced plans the family must fully recognize the need for keeping expenditures well within their income. This is why the budgets are so necessary.

The Farm Security Administration makes loans to needy and worthy farm families in order to help them get started on a balanced, live-at-home program.

C. A. Williams and Mr. and Mrs. Lee Thornton spent from Friday until Sunday in Fort Worth at the Fat Stock Show and visiting with Mr. and Mrs. T. A. Paulsel.

Overgrazing May Cause Loss of Turf, SCS Head States

Without early spring grazing and not overgrazed later in the season, the soil is certain to be well protected, says Mr. Reese. Experimental results show that grasses not grazed closely in early spring usually yield more livestock food than do those closely grazed. For this reason, and for the protection given against erosion by not grazing the grasses early, it is recommended that deferred grazing be practiced in this area.

Government Does Not Sanction 'Civil Service Schools'

WASHINGTON, D. C., March 8, 1938—The United States Civil Service Commission today issued the following statement:

The public should not be misled by promises of Government positions by so-called "civil-service schools," their agents or their advertisements. No school is able to fulfill any such promises. The public is also warned against schools or agents that would lead one to believe that they represent the Government or are connected with the Government in any way, or that give assurance of success in passing civil-service examinations on the completion of their courses.

Extravagant claims of this type are bringing some such schools under Government investigation. Recently the Post Office Department issued fraud orders against a number of these schools denying them further use of the mails after evidence had been submitted that they had used the mails to defraud. In one of these cases prosecuted by the Government, the promoters of the school were later tried in criminal court and given jail sentences. The Federal Trade Commission also investigates complaints.

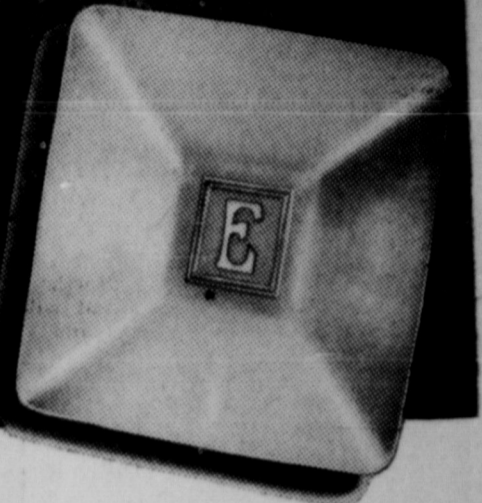

The aim of the Government is to protect the public against misrepresentation by any of these schools. It is of course impossible for the Government to secure aid in securing the refund of money paid into the schools. The public is therefore urged to heed this warning and to cooperate with the Government by making inquiry in every case concerning such claims by civil-service schools or agents before enrolling for courses.

Caution is particularly made against claims by schools that their courses are required in order to take the examinations of the U. S. Civil Service Commission; that they are given advance information regarding civil-service examinations; that they have influence with the Federal Government to procure employment for applicants; that they can secure special advantages for those taking their courses; that they have been authorized by the Federal Government to give exam-

nations. Such claims are false. Anyone can obtain civil-service information free from the Secretary of the U. S. Civil Service Board at any first- or second-class post office or from the office of the U. S. Civil Service Commission at Washington, D. C. Upon request, the Commission will place a person's name upon a mailing list to send him notice, without cost, of the next examination held for any particular position in which he is interested. The Commission will furnish upon request sample announcements of any examination.

CHURCHES

PRESBYTERIAN CHURCH

We rejoice in the reception of new members and the increased interest being shown these days in our church development.

If all goes well, we will be very happy to present to our church from April 6 to April 17, Dr. and Mrs. H. P. Dunlop of Wichita Falls, who have promised to conduct a series of revival services in our church at that time.

Mr. Dunlop is a very fine Bible preacher, and Mrs. Dunlop will be in the music department and work with the young people and children. All the other ministers of the town, and their people are most cordially asked to remember this date of our meeting and attend every service possible.

Next Sunday morning and evening special music, and "Love Offerings" and pledges for the new year beginning April 1. Words fail to express how I have enjoyed the meeting at the Baptist Church these weeks. Great preaching, fine singing, and a splendid spirit of fellowship. E. C. CARGILL, Pastor.

FIRST CHRISTIAN CHURCH

The Sunday School hour at the First Christian Church is 10 a. m. A friendly reception and an hour of fine Christian study await all who will come.

Preaching services are at 11 a. m. and 7:45 p. m. Please note the change in the evening hour and come in time for the first song.

The morning sermon will be on "The Freedom that Comes with Truth." So seldom are our best educated people the happiest. Their knowledge seems to have brought them greater burdens. Yet Jesus says "The truth shall make you free."—not burdened with greater worries. What does Jesus mean by the freedom that comes with truth? Read the 8th chapter of John, and go to some church Sunday. JOE FINDLEY, Minister.

CHURCH OF CHRIST

W. M. Davis, Minister

The subject of the sermon next Sunday morning will be, "Laborers Together with God." The text of this sermon is found in I Cor. 3:9. Some professed Christians do not labor at all, some labor against God, a few labor with him. At the evening service the minister will have for his subject, "The Righteousness Which is by Faith."

The Sunday morning Bible classes will meet for study at 9:45. The young people's meeting will be at 7:30 p. m. The women's Bible class meets every Tuesday at 3:30 p. m. The mid-week service is held on Wednesday evening at 7:45 o'clock.

Dick Watson and W. B. Hamilton of the Foxhall Motor Co. made a business trip to Oklahoma City Saturday.

Mr. and Mrs. H. J. DuVall and son David Horace returned Friday from a few days visit at the Fat Stock Show in Fort Worth. They were accompanied by Mrs. DuVall's father, D. H. Davenport of Lakeview.

NORMAN'S

IN CROWDED TOWNS OR IN WIDE OPEN SPACES...

The cook is at the chuck-box Whistling "Heifers in the Green", Making baking-powder biscuits, boys. While the pot is billing beams. The boys untie their bedding And unroll it on the run. For they are in a monstrous hurry For the supper's almost done.

"Here's your bloody wolf-bait," Cried the cook's familiar voice As he climbed the wagon wheel To watch the cowboys all rejoice...

...This life is not so sumptuous, I'm not longing for a change. For there is no place so homelike As a cow camp on the range.

—from "A COW CAMP ON THE RANGE"

The cowboy on the range and the city dweller in his home share at least one thing in common—a love of Admiration Coffee. Boiled over a camp fire or brewed in the latest coffee-making device, this favorite coffee of Texans everywhere has a tempting deliciousness that cannot be excelled. After all, the TASTE of a coffee is what counts most, and Admiration's sparkling, invigorating flavor appeals alike to the out-door man or to those who work in city offices or live at home. Try a pound today—so many Texans can't be wrong.

This is one of a series of advertisements finding inspiration in the authentic, original cowboy ballads. Selections are from the John A. Lonax collection.

Tech Band Gives Varied Concert Here Last Week

Small but Appreciative Audience Cheers Musicians On Annual Spring Tour

A disappointingly small crowd was on hand at the high school auditorium last Thursday night to hear the concert given by the Texas Tech band. Those who were there enjoyed one of the most entertaining musical programs that has been presented in Memphis in recent years.

From the overture, "Entrance and March of the Peers" from "Iolanthe" by Sullivan, to the climax, a symphonized version of "Deep River," each number received spirited applause.

Diversion was furnished by a parody on "The Three Bears," which was presented in the form of a musical reading. Archie Montgomery and his banjo, listed on the program but who failed to appear, were replaced by Richard Godeke, his cornet, and a trombone trio, in a lively version of the current rage, "The Dipsy Doodle." Repeated applause for an encore by this quartet was of no avail.

Director D. O. Wiley selected "Deep River" to conclude the evening's program.

R. E. Martin Jr., son of Mr. and Mrs. R. E. Martin of Memphis, is first clarinetist in the band. Mr. Wiley and several of the band members were guests of Mr. and Mrs. Martin Thursday night, while other members of the band also stayed in private homes for the night.

The band left Friday morning for Spur, where it gave the concluding concert Friday night of its Annual Concert Tour, which this year was from March 14 to March 18.

The ball team of the Harrell Chapel school defeated Salisbury last Thursday afternoon.

Canyon Conference Draws Large Hall County Attendance

Local School Groups Take Part in Business Meetings And Appear on Program

Teachers from all the schools in the county, with the exception of four, attended the Northwest Texas Conference for Education in Canyon during its two-day session last Friday and Saturday, it is reported. And Memphis schools claim an almost 100 per cent representation. All schools in the county dismissed Friday for the event.

Several thousand teachers from over this region were present at the conference. Prominent Texas and out-of-state educators addressed the assembly in connection with the general theme of the conference, "Adjusting the Teaching Personnel to the Changing Curriculum."

Delegates from the Hall County chapter of the Texas State Teachers Association, J. W. D. Chappell, Lee Vardy, W. C. Davis, and Roy Guthrie, participated in a business meeting while there. Officers were elected and delegates named to attend the state house of delegates at the T. S. T. A. convention in Dallas next November. Lee Vardy of Turkey will represent Hall and Donley counties.

W. C. Davis, superintendent of Memphis schools, appeared on a visual aid program as a feature of a banquet Friday evening. Miss Vera Tops Gilreath, county superintendent, took part in a symposium at a Parent-Teacher Association meeting at Cousins Hall.

Saturday morning at 10:30 the Memphis High School Girls' Choral Club joined nine other clubs from over the Panhandle in a choral concert before the fifth general session of the conference. The ensemble, consisting in all of 200 girls and directed by Miss Nell Parnley, state music director of Austin, sang: "The Call of the Sea" from a Bohemian folk song; "Sailing" by Godfrey Marks; "Bluebonnet Time" by William J. Marsh; and "A Merry Life" by Luigi Denza.

The Memphis club gave a luncheon program Saturday at noon at Cousins Hall, WTSC dormitory for girls.

MEMPHIS MINISTERIAL ASSOCIATION

The Ministerial Association will hold its regular Saturday afternoon service at 2:30 on the courthouse square. Rev. Dossey, the evangelist with the First Baptist Church will again be the speaker. The children's chorus under the direction of Mr. Short will sing. We trust the service will be well attended.

the loan in full before selling the cotton. Any sale attempted while the cotton is subject to the loan would not be a sale of the cotton but only a sale of the right to benefit in whatever proceeds might remain after the loan had been paid in full with all carrying charges. Persons who have been buying such so-called equities cannot obtain any benefit therefrom since the loan agreement provides that any holder of the note is bound to turn over to the producer-borrower a ny amount realized on the sale of the cotton covered by the note remaining after paying the loan and all interest and carrying charges.

Producers desiring to transfer the title to their cotton to the Commodity Credit Corporation in accordance with provisions of Section 381 (b) of the Agricultural Adjustment Act of 1938 should give careful consideration to the manner in which their interests will be affected before actually making such transfers.

This section of the farm bill provides that before July 1, 1938, any producer may transfer his right, title, and interest in loan cotton to the Commodity Credit Corporation and directs the Corporation to accept it and to assume all obligations of the producer with respect to the loan on the cotton transferred. The Corporation is then directed to notify the Secretary of Agriculture of the cotton so transferred to it and the Secretary of Agriculture is directed to pay to producers a sum equal to 2 cents per pound on the cotton they transferred to the Corporation; the amount so paid to be deducted from any price adjustment payment to which they are entitled. Since no appropriation has been provided out of which these payments can be made directly, it follows necessarily that a cotton producer who transfers his loan cotton to the Corporation pursuant to this provision cannot receive the 2 cent payment unless he is entitled to a cotton price adjustment payment pursuant to the provisions of the Third Deficiency Appropriation Act, fiscal year 1937, as amended by Section 381 (a) of the Agricultural Adjustment Act of 1938.

These provisions require a producer to comply with the 1938 cotton program in order to obtain a cotton price adjustment payment. It will, therefore, be impossible for a producer to obtain any cotton price adjustment payment to which he is entitled at an earlier date by surrendering title to his loan cotton and receiving the equivalent of 2 cents per pound on the amount of loan cotton so transferred; nor will a producer be able to obtain any larger payment than he will otherwise receive without such a transfer of the title to his cotton.

On the other hand, producers who transfer the title to their cotton to the Commodity Credit Corporation will lose all opportunity to benefit from an advance in the price of cotton above the loan rate. Furthermore, they will lose any premiums which might otherwise accrue to them by reason of the fact that their cotton may grade out at a higher basis than that established as a basis for loans. Since the cotton loans are made without recourse against the producer if he complies with the provisions of the 1937 loan agreement, a producer will not incur any obligations to the government by reason of his failure to transfer title to loan cotton to the Commodity Credit Corporation.

Farmers Favor AAA Proposal

Farmer John Sutton, of Fulton County, Ga., scratched his head and wondered if he had marked his X in the right square in the cotton marketing quota referendum in which a majority of 2,000,000 farmers voted to apply federal marketing quotas to the cotton and tobacco sales for 1938. The vote was conducted in 29 states by the Agricultural Adjustment Administration.

49,857 Bales Are Ginned In County

There were 49,857 bales of cotton ginned in the 1937 crop in Hall County as of March 1, 1938, according to figures released to C. Lee Rushing, special agent, by the Bureau of the Census.

The total number of bales ginned from the 1936 crop was 18,453 bales.

The number of bales include that ginned to March 1 and an estimate of the number to be ginned after that date, it was stated.

C. D. Denny Injured In Auto Wreck

C. D. Denny suffered a broken collar bone and other injuries Wednesday morning when his car turned over on the highway north of Amarillo, and his car was badly damaged.

He was taken to an Amarillo hospital where he is given treatment. It is believed he will be able to return to his home here today.

Denny's car struck soft dirt as he was meeting another car, causing the accident.
