## Scrap Paper Drive Gets 57,379 Pounds

School children of Hall County have proved again that it can be done! This time, the government called on the students to gather scrap paper, and when the deadline came Monday afternoon at 4 o'clock, Memphis students had 57,379 pounds of paper and cardboard.

Over a carload of paper has been sent to Dallas from this county and the school children are to be thanked, stated Supt. W. C. Davis and County Salvage Chairman M. J. Draper.

## Funeral Services For E. J. Paul Held Wednesday

Funeral services for E. J. Paul, 78, were held at the First Baptist church, Wednesday, November 10, with Rev. Jeff Moore, officiating. Mr. Paul suffered a stroke Sunday about noon and was taken to a local hospital where he passed away Tuesday, November 9.

Mr. Paul was born in Kentucky July 2, 1865. He had been a resident of Memphis for 23 years, moving here from Paris, October 24, 1909, he was married to Miss Sallie McMillan of Honey Grove. Two children were born to this union, one son preceding him in death in 1925.

Mr. Paul was well known in Memphis as a kindly and friendly gentleman. Survivors are his wife, Mrs. E. J. Paul, one daughter, Mrs. Marion Long, one half-brother, W. E. Brannoch of Honey Grove, three nieces and two nephews.

In charge of flowers were: Mrs. Aldon Edwards, Mrs. Ben Caraway, Mrs. Bill Kilpatrick, Mrs. Clarence Vickers, Mrs. Robert Lester, Mrs. L. O. Dennis, Mrs. Rollie Kelly, Mrs. Mary Stotts. Pall bearers were: C. T. Jarvis, J. C. Ledford, Ben J. Caraway, C. R. Gowan, Cicero Milam and Aldon Edwards.

## REV. E. L. YEATS RETURNED TO LOCAL CHURCH

First Pastor To Serve Fifth Year In Church Here

The recent session of the Methodist Annual Conference held at Lubbock gave Memphis a new record by returning Rev. E. L. Yeats to the local church for the fifth year.

From the beginning of the Methodist church up to 20 years ago it was a law that no pastor could serve as pastor more than four years in succession. Then the law was removed and it became the policy of the church to allow longer pastorates.

In actual practice, however, the church has been reluctant to leave the four year rule. The local Methodist church is now 54 years old and this is the first time a pastor has received an appointment to this church for the fifth year.

Other than Yeats, only three pastors have stayed the four-year limit. They were Rev. Ben Hardy, 1903 to 1907; Rev. B. W. Dodson, 1910 to 1914; Rev. C. E. Jameson, 1924 to 1928.

During the past four years some worthy things have been accomplished. The grounds about the church have been improved and all of the interior has been refinished including the floors. Two hundred fifty-five members have been received during a time when people were moving out instead of moving in; therefore, most of these joinings have been received on profession of faith and baptism.

A rock garage and apartment has been built, and in recent weeks a fund has been started to erect an educational building. This building when erected will cost between thirty and forty thousand dollars.

Members of the Methodist church and other citizens of Memphis have expressed themselves as being glad of the return of Rev. Yeats as pastor here, and hope that the progress of the church will continue.

## JOE A. MERRICK, EARLY SETTLER, DIES TUESDAY

One Of County's Oldest Settlers Buried Wednesday

Joseph Alexander Merrick, 71, one of the oldest settlers and most honored citizens of Hall County, passed away in a local hospital early Tuesday morning, November 16. Mr. Merrick has been in ill health for several months but was still active until Saturday afternoon when he suffered a heart attack in his office and was taken to the hospital.

Joe Merrick, as he was known, was born in Missouri, May 12, 1872. He came to Hall County in 1895. He had a place offered to him on the Shoe Bar ranch, the country looked suitable to him, so he came here and settled down. Later he took up four sections of land in the Oxbow breaks.

Mr. Merrick is a former sheriff of this county, having served in that office for four years. He was elected to the office of Justice of the Peace in July, 1938, and was serving his third term in that office at the time of his death.

In 1889 he married Miss Dovie Paine of Goodnight. To them were born two daughters. Funeral services for Mr. Merrick were held at the Methodist church Wednesday afternoon with Rev. E. L. Yeats officiating.

Pall bearers were Seth Palmley, Allen C. Grundy, Orville Goodpasture, Sam Gardner, W. W. Wilkerson and T. W. Bell. Interment was in Fairview Cemetery with King's Mortuary in charge.

Surviving Mr. Merrick are his wife, two daughters, Mrs. Kedron Ward of Memphis and Mrs. George Miller of Shamrock, one granddaughter, Mrs. Billy Thompson of Memphis; three brothers, Carmel Merrick and Clarence Merrick of Alliance, Neb., Clay Merrick of Denver, Colo., one sister, Mrs. J. M. Gibson of Paducah.

Armistice Day Is Observed  
"Most appropriate and fitting to the occasion" were among the comments heard concerning the Armistice Day parade and program sponsored by the American Legion and Texas State Guard last Thursday.

One of the highlights of the program was the group of songs offered by Sgt. Robert Harper of the Childress Army Air Field. Sgt. Harper's home is in Colorado and he is now assistant to the chaplain at the CAAF.

Capt. Allen C. Grundy of the Texas State Guard delivered an appropriate address. Post Commander W. C. Davis acted as master of ceremonies.

The parade was led by the American Legion and Texas State Guard. The high school band played during the parade and was followed by members of the State Guard.

## IRISHMEN ARE LEADERS IN 3 A CONFERENCE

Skyrockets Lose Crown In Game Armistice Day

In the grid tilt with the Wellington Skyrockets last Thursday, the powerful Shamrock Irishmen did it again and are now sitting at the head of the conference table, leaving the Skyrockets to take second seat. Both teams still have one conference game to play but will probably hold their conference standings without much opposition.

The Irishmen have a game scheduled with McLean who along with Lefors and Lakeview are fighting for fifth place at the table. It's 10-1 that the Irish will beat them and walk off with the conference crown, but there can be surprises in high school football and Coach Clark will have his boys ready for the last tilt of the season. Since the 7-0 tilt with the highly praised Skyrockets the Irishmen have blood in their eyes and confidence in their hearts, so nothing is going to stop them.

For the second seat in the conference Wellington and Wheeler will have to play. Wheeler has been showing up all the year since they beat the Cyclone at the first of the season by 18 points and they want that runner place in 3-A zone. Wellington is still sore because the Irish got the breaks of the game November 11 and is not going to be beat out of the conference altogether. It should be some game between the Mustangs and the Skyrockets.

Following is the conference standing, and only an upset in some remaining games can change it:  
1—Shamrock.  
2—Wellington.  
3—Wheeler.  
4—Memphis.  
5—Lefors.  
6—McLean.  
7—Lakeview.

Sixth—First alternate to the county convention.  
Seventh—Second alternate to the county convention.

"We have a tough battle to fight on our farms next year and we need our best leaders on the AAA committees to help out. Although County USDA War Boards have done an excellent job of chartering the county's wartime agriculture course, they need the assistance of the county leaders," stated J. B. Smith, chairman, ACA.

The duties of the Community Committee are as follows: Assist the County committee in determining acreage allotment goals and normal yields; inform farmers of the purpose and provisions of the program being administered in the county through the association and assist them in working out a farm plan; assist in arranging for and conducting necessary county meetings; perform other duties as shall be assigned them by the county committee; assist farmers in planning to reach next year's production goals; to assist the War Board in its increasing duties.

## Graham Infant Is Buried Monday

Graveside services were held for the infant daughter of Mr. and Mrs. J. G. Graham November 15 with Rev. E. L. Yeats officiating. The baby was born November 14 in Memphis, and is survived by her parents and two brothers, Hermon Roy and James Henry. Interment was in Fairview Cemetery by Womack Funeral Home.

With approximately \$500 more turned in to the treasurer, George Thompson, Jr., a total of over forty-three hundred dollars has been given to the United War Chest by Hall Countians. The quota is \$5,374 and many communities have not been heard from.

As chairman of the United War Chest of Texas in Hall County, I want to thank every person who has helped in this drive. Many communities have already gone over their quotas, but there are several we have not heard from.

If there is any person who has not been contacted and who feels that he can make a donation, we would appreciate your mailing your check to me or to George Thompson, if it is more convenient than seeing your community leader.

The time has been extended on this drive. Hall County has always done her share, so let's not fall down now.

## Mrs. Pete Fancher Is Boiler Operator At Pantex Plant

Mrs. Pete Fancher, former Memphis resident, has taken her place among the women war workers at Pantex Ordnance Plant near Amarillo by holding a real man-sized job. She and another certain-teed Products Corporation employee of the weaker sex are the only boiler operators on the plantsite.

Having first worked in the lubrication department at the garage, she now pulls levers, watches gauges and fires the two 60 horsepower boilers, with all the finesse of a seasoned operator.

Mrs. Fancher has been on this job for two months and is indirectly releasing her soldier husband to attend to sterner business of war, somewhere in Australia. Her parents, Mr. and Mrs. Elmo Kennedy live at Lakeview. She resides in Amarillo at 516 Jackson.

Mrs. P. L. Vardy of Estelline was a Memphis visitor Monday.

## WOMEN WORK

By INEZ BAKER

Clifford B. Jones, president of Texas Tech, speaks: "If I had a daughter or sister, who motivated by patriotism, desired to enlist in the Women's Army corps, would I give consent? Until Monday of this week, when I had the privilege of a thorough inspection at the Lubbock Army Air Field with its commanding officer, Col. Ralph Holmes, with Col. Fitzjarrald, Capt. Lutterell and Lt. Close, I could not have given a categorical answer to that question. Now I should unhesitatingly respond in the affirmative. There is no deeper confidence I could place in that unit, no higher compliment I could pay.

"On their behalf, I resent the statement that American women are not as brave nor as loyal as the Russian, Chinese or British women. Already in this war the contributions of countless American women have given the lie to that implication; let the sanctity of this homeland of ours be invaded as has that of those countries mentioned, and we should see here a demonstration of feminine bravery that would duplicate the dauntless and unsurpassed courage of the women of the Confederate South and of the pioneer West."

We are literally snowed under with hospital articles, but we can take it, and more. Things have been coming so fast that no accountant could keep track of them. Last Saturday night 431 articles had been turned in by Auxiliaries Eli, Brice, Salisbury, Lakeview, Newlin and Plaska. These include bedside bags, hot water bottle covers, cardtable covers, bedpan covers, triangular bandages, quilts, afghans, housewives and convalescent robes. Plaska was the leading auxiliary, with 150 articles, which included 18 convalescent robes.

Material for all of these things was donated except for the housewives and robes. We also have some cash donations not reported: Mystic Weavers club, \$5.00; Mrs. Frank Monzingo, \$2.00. This money may be used for this purpose.

Now 431 is not 1,000, but the auxiliaries and several Memphis clubs are still working and we feel sure the quota will be met. It could not have been met without the full cooperation of the auxiliaries for the bulk of the surgical dressings naturally falls on the Memphis women.

Surgical dressings is nearing its goal: Completed by December 1. But it will take team work to do it. Some of our women have worked every day for months and it is nothing but right that we all pitch in and help finish the work.

And is your reporter's face red? I told you last week the hospital slippers were not hard to make, in fact very simple. But after studying the pattern with Mrs. C. C. Cunningham of Plaska, I've changed my mind. So the task has been given to Mrs. Cunningham to make a sample, then we can go ahead and make several dozen pairs, we hope. If any one can solve this riddle the Plaska women can, so we are relying on them.

Mrs. Harvey Brown of Greenbelt, Md., is visiting her parents, Mr. and Mrs. B. B. Brewer of Lakeview.

W. D. Stewart of Turkey visited in Memphis Monday.

## Mystic Weaver Club Has Meeting With Mrs. R. C. Walker

The Mystic Weaver club met Wednesday afternoon of last week at the home of Mrs. R. C. Walker. The president, Mrs. J. W. Fitzjarrald, had charge of the business session. Roll call was answered with jokes and current events.

Needle work and conversation furnished entertainment for the afternoon.

Refreshments were served to Mesdames J. L. Barnes, Roy R. Fultz, S. T. Harrison, G. H. Hattenbach, Seth Pallmeyer, L. M. Thornton, J. W. True, R. H. Wherry, J. H. Read, Myrtis Phelan, Brice Webster, A. S. Moss, D. A. Neeley, J. W. Fitzjarrald, and two guests, Mrs. T. Kittinger of Austin, a former member of the club, and Mrs. Anna Dickson.

## Memphis County Men in the Armed Forces

that the natives do the work and do it right. I am studying my work some and I am learning every day quite a bit by experience of course. I am also learning to speak Spanish, right along as the natives are shipped in here to work on the job are from Boranquilla, Colombia. Then too they employ some of their men from Curacao here that speak fair English, Spanish and of course Pablimenta, the native language of the island. The work is very interesting and so are the people. Most of we Americans go without shirts all the time. After we get tanned so we can stand the sun, it seems much cooler. I go without mine all the time. I am sending to the States this week by a Co-pilot friend of mine to get me some camera films. I plan to make some pictures this week of the new house I live in with two other well fellows from Los Angeles, Calif., the sites around the camp and other things that I think will go through the censors O. K. and I will send them to you.

Most all of our foods come from the South American countries, such as Brazil, Peru, Paraguay, Chile, Argentina and Venezuela. Lots of fine spices of all sorts.

Mom, you should have some to cook with.

Oh, yes, by the way, I have your table cloth and I think it is a honey. I know you will like it. Maybe I can send it by someone if anyone goes home Christmas. I am not sending it through the mail as one cannot insure anything and it cost too much to risk not insuring. I would like to send you something for Christmas but I don't think I will try as it is too late now to send anything across the pond by boat.

I guess both of you rejoiced since Sidney has been home. Is he still there? I got his radiogram all right and I had this Co-pilot friend of mine, who flies for K. Z. M. (Dutch Air lines from here to Mirnia) to send you one telegram from Mirnia.

Papa, you wanted to know all about the Island. What they grow, etc.? I really don't think they grow but very little as they have to irrigate most of the little garden patches I see around town and too, most of the island I have been on is around the refinery so nothing much grows here as most of the Island is rock. They have a few hogs, cows and chickens on the island. See, we are only about

40 miles from the mainland of South America and the natives ship everything by sail boats, course lots of the heavier stuff is shipped by steamer. On my way to work I saw a native milking a cow on the wrong side—Papa, now that's something to tell.

When we came down here everyone said that there hadn't been much rainfall in about three or four years. In the last month it's rained some almost every day.

Love to each of you, your son,  
 ROYCE.

his high school. He later graduated from a business college at Abilene. Upon completion of the four months course at Miami Beach, he will be commissioned a second lieutenant in the air corps.

Pvt. Lesley Harrell Calhoun, 27, son of Mrs. Edna Calhoun of Midland, has arrived at the Infantry Replacement Training Center at Camp Wolters to begin his basic training as an infantryman. He has been assigned to a battalion stressing rifle.

T. Sgt. I. F. Hardin, gunner on a B-17, has arrived in North Africa. He is the son of B. F. Hardin of Amarillo.

Aviation Cadet Ronald J. Nash, son of Mr. and Mrs. L. Nash, has been appointed a cadet first sergeant of a squadron of cadets taking their basic training at the Pecos Army Air Field. Prior to his appointment to the cadets, he served in Hawaii.

Pvt. Tom Salem of Camp Ellis, Illinois, came Monday to spend a two-weeks furlough here with his wife. Salem was in the dry goods business in Turkey before his induction in the army last April.

**MASTERTON RECEIVES SIGNAL CORPS COMMISSION**

Second Lieutenant James F. Masterton Jr. was a graduate of Officer Candidate Department of the Eastern Signal Corps School, Fort Monmouth, New Jersey. He successfully completed the course of instruction of Officer Candidate and was commissioned November 1. He is now assigned for duty with the Signal Corps.

Lieutenant Masterton was a former Estelline resident, son of Mr. and Mrs. J. F. Masterton.

S. Sgt. Donah Lee Adams is now stationed in China with the 14th Air Force under Gen. Chennault. His parents, Mr. and Mrs. W. F. Adams of Lesley, received cables and letters from him in England, North Africa, India and China. He is engineer on a B-24.

**C. M. 2-C C. D. SCOTT VISITS PARENTS HERE**

C. M. 2-C C. D. Scott, son of Mr. and Mrs. Bob Scott, reported back to Camp Endicott, Davisville, R. I., Tuesday after a visit here. Scott was in the Canal Zone in civil engineer work for three years and joined the Navy about three months ago.

## IF YOU BAKE BREAD ... why not try this Betty Crocker "Perfect Bread Recipe?"

WISH YOU COULD HEAR what women say about this recipe! It's the result of years of perfection. You'll probably say you never tasted such home baked bread before. Such full, high loaves. Such glorious flavor. Such excellent texture.

**HERE'S THAT BETTY CROCKER "PERFECT" BREAD RECIPE YOU'VE PROBABLY HEARD ABOUT!**

Recipe makes 2 1-lb. loaves. For 4 loaves, double the recipe. For 8 loaves, use 4 times the amounts (and only 2 cakes of yeast). Recipe adapted to Gold Medal "Kitchen-tested" Flour—perfect results assured with this flour only.

1 cake Compressed Yeast (or 1 pkg. fast granular yeast) ... 2 cups lukewarm liquid (water, milk, potato water—or a mixture) ... 2 tsp. Sugar ... 1 tsp. Salt ... about 6 1/4 cups sifted GOLD MEDAL "Kitchen-tested" Enriched Flour ... 2 tsp. Shortening (melted and cooled)

**CRUMBLE** yeast into mixing bowl. Add liquid at lukewarm temperature (80°). Stir in sugar and salt and let stand until thoroughly dissolved (about 5 minutes). Add 1/2 the Gold Medal Flour. Beat with spoon until almost smooth and very elastic (batter will fall from spoon in "sheets").

Beat in melted and cooled shortening. Add most of remaining flour and work it in with the hand (possibly using the maximum amount) until dough is possible to handle. Mix well.

Turn the dough onto a lightly floured bare board, cover, let stand 10 min. to tighten up, then knead until smooth and elastic. Round up and set to rise in a greased bowl (covered with damp cloth) at proper temperature (80°) until double in bulk, about 2 hours. Punch down the dough. Round up and set to rise again until not quite double in bulk, about 45 minutes.

Punch down dough. Divide for loaves. Round up each part, cover, and let rest 15 min. (to make it easy to handle).

Mold into loaves. Put into greased bread loaf pans, 3 1/2" x 7 1/2". In larger pan, use more dough accordingly. The dough should fill pans 2/3 full. Cover with a damp cloth, and let rise at proper temperature (80°) until sides of dough have reached top of pan and center is well rounded above (1 1/2 to 2 hrs.). The dough should feel very light when touched gently with finger.

Bake 35 to 45 minutes ... using a hot oven (450°) for the first 15 minutes; then reduce heat to quick moderate oven (375°) to finish baking. When baked, bread has a hollow sound when tapped and comes away from the sides of the pan.

"To say that I am pleased with the Perfect Bread recipe is putting it mildly. It made an immediate hit with my family. The Betty Crocker recipe is easy to follow, and Gold Medal turns out a product that is a sensation. It's everything one could look for in a flour."

MRS. PAUL N. McCANNE  
 Memphis

Mrs. Frank Ellis, Route 1, writes:

"I am thoroughly sold on Gold Medal. I find its results are always dependable. It's truly an all-purpose flour. With some flours, I have found it necessary to mix in corn starch in making cake ... but not when I use Gold Medal. The Strudel-Filled Coffee Cake is a very practical recipe. I never find it necessary to vary the ingredients when I use a Betty Crocker recipe."

Our experts can quickly detect "flaws" in wheat. Such imperfections as might cause low volume cause our wheat buyers to reject thousands of tons of wheat annually. We refuse to buy any batch of wheat that does not pass our rigid tests.

**BETTY CROCKER** brings you here a bread recipe that will surpass your fondest expectations. Perfected by her staff over a period of years, it well deserves to be called "perfect." It is simple, complete, easy to follow. It will yield golden-crusted loaves of superb quality, fragrant and delicious as any you have ever tasted. You owe it to yourself to try this recipe!

But be sure to use it of course with Gold Medal "Kitchen-tested" Enriched Flour. It is "tailored" to that flour—ad-

justed to its fine baking characteristics. You'll find Gold Medal gives a dough that's easy to handle. Its gluten is not too strong. Whatever you're baking ... Gold Medal "Kitchen-tested" Enriched Flour and the Betty Crocker recipes in the sack will prove the surest, easiest, simplest way to baking success.

Find out why Gold Medal is the most popular brand of flour in America ... by a wide margin! Get a sack today! It's made by GENERAL MILLS, Inc., Minneapolis, Minnesota.

**Funeral services for Alfred Estlack, one hundred years old, were held from the Buntin Funeral Chapel Sunday afternoon in Clarendon. Death came to the colorful character of the Old West Saturday morning at the home of his son, J. E. Estlack, Clarendon postmaster.**

**Mr. Estlack was born on the Ute Indian reservation in Colorado, April 11, 1843, and upon death of his mother was given by his father to a "squaw mother" who wanted the faith and custom of Indians. He was later assigned by the Ute Chieftain Ouray to do scout duty under General Cook with the U. S. Army with whom he served 12 years.**

**Immediately preceding the historical battle of the Little Big Horn Estlack did scout duty for General George Custer. He settled in Old Tascosa in 1883 and spent the rest of his days in Texas.**

## Where Credit Is Due

Civilian flying instructors who pour into United States cities from Air Force Training Detachments, are taking one of the hardest beatings of the war.

With the demand to throw everything into the fight, not tomorrow, but now, civilian instructors who teach Army pilots at primary schools must do more and more work, more and more efficiently in less and less time.

Ironically, they are getting fewer and fewer thanks. Their glamour pales and will continue to pale, as the fires which they are helping to build on the combat fronts grow brighter and make their job seem dull by contrast.

Every civilian instructor knows this. He would rather be in combat than where he is. Rather? He would LOVE to be in combat, flying fast ships, lapping up a little glory for himself. And he well might do just that for he is one of the best pilots in the world.

Just a few things keep him from going to combat: The Air Forces insistence that he stay where he is; his loyalty to the AAF; and the knowledge that he can create 40 to 100 pilots whereas he himself constitutes only one.

That's why his temper and endurance and patience is taxed by the general ignorance and lack of appreciation of his essential war job.

An instructor who can throttle back his temper a hundred times a day as some new cadet bangs him in for a rough landing or dunks him upside down in the ozone 3,000 feet above the earth, is always under a terrific nervous strain. Something snaps and he sees purple when someone asks: "Why aren't you in the Army?" "How do you get by the draft board?" Or, "Why are you on reserve status?"

The questions demand straight, quick answers, and here they are:

The civilian flying instructor has been placed on reserve status and kept at his post because he is doing a more important war job than he possibly could do anywhere else in the world. Civilian primary schools are under Air Forces contact, are producing Air Force fliers. The civilian instructors who work at these schools are doing exactly the same job that Army instructors in uniform are doing at other schools.

Almost the same job. The civilian instructor's job is harder. It is up to him to solo his green students—many of whom have never been in an airplane—within twelve hours; to teach them how to fly with precision in 60. He has an added responsibility since he gets the student from the beginning. He separates the wheat from the chaff, determines who will be eliminated in the first few hours and who will go on to become Air Forces pilots.

The civilian instructor is like an ace jockey, experienced instructor, a psychologist, a salesman in one—and he is.

He, therefore, must be a specialist of the first order. An enough to teach the kid brother how to ride an old nag in preparation for the big race, and patient enough to stand at the edge of the race track and see the kid come in a fast winner. He would rather ride the winner himself. But there are too many races these days with life and death in the balance. As jockey he could win only one race at a time. As trainer he can put winners in all the races at once.

So he stays in the background. It is not enough that the War Department and the draft boards have decided by mutual agreement that the civilian instructor is in his right place. This fact alone will not make him want to stay. He should have the whole hearted backing of the people for doing a tough and thankless assignment.

When the Air Forces is doing a magnificent job—as it has been done to date—certainly the civilians responsible for shaping the pilot's entire career, by starting him down the right track, should rate nothing less than the heartiest congratulations, a good handshake, and a pat on the back.

Attention: Pessimists!

Intuition is that strange instinct that tells a woman she is right, whether she is or not.

Many a woman who can't add can certainly distract.

But all women know enough arithmetic to put two and two together and make a scandal out of it.

We are told that local families who earn their beans in the grocery and meat business now have their Sundays fully occupied. They tell us that the public knows nothing about the troubles of rationing. You should try counting hundreds and thousands of points every Sunday afternoon. It kills the day for the entire family—but it does save gasoline and tires.—Saint Jo Tribune.

Colored folks in Wellington will have none but themselves to blame if this is a short fall. They were arbitrary to say the least early in the season both about the rate of pulling and also about selecting the best fields. Now the cotton growers are building sleds as fast as they can, and a few of the thoughtful colored people are beginning to think that this may be a cold winter. — Wellington Leader.

**Air Raids or Storms**  
That terrible fear we have seen registered by many grown ups when an unusual cloud appeared on the horizon; the mad dash to storm cellars and the apprehension and suspense suffered, while waiting for the storm to strike or abate, must be amplified a thousand times during an air raid. The damage and death left in the wake of the tornado is only a fraction of the total destruction of the bombers. We have missed this in America, but thinking of it and many other trials and sacrifices made by others, should make us all realize in what a small way we have been touched by war.—Qu...

Had a letter from a fairly high up military officer who is stationed in Washington. He says there is no man power shortage up there in military offices, in fact an excess, and that he is convinced there is plenty of water, both in dollars and manpower.—Oehltree County Herald.

An appetizing dish that lingers long in my memory from childhood and which I've been enjoying since rationing is cold bread and cold mashed potatoes. Sprinkled liberally with salt and pepper and sliced from huge bowl of left-over mashed potatoes, this is a dish fit for any good Southerner. Of course, before I married we had this dish with cold biscuits, but since it's been nigh onto forty years since I've seen a biscuit. Since I married I've paid enough for store bought bread to feed the U. S. Army in Ireland.—Dahart Texan.

## Town and Farm In Wartime

(Weekly News Digest prepared by the Rural Press Section, OWI News Bureau)

### Simplify Gas Rationing

All B and C gasoline coupons issued after December 1 will be worth five gallons each, compared with the present value of two gallons for coupons of those types in the east and midwest and three gallons in the far west. This means B and C books will contain fewer coupons than in the past, but each coupon will be good for more gallons than before. No increase in amount of gasoline allowed is involved.

## Farmers to Get Batteries

Approximately 20 per cent of the fourth quarter production of flashlight batteries will be distributed to farmers, according to WPB. This makes enough batteries for about normal rural consumption available through farm outlets.

## More Hosiery for Children

Production of infants' and children's hosiery will be stepped up shortly as a result of priority assistance given to manufacturers for procurement of necessary yarn. The WPB action resulted from a falling supply of infants' and children's stockings.

## Canned Luncheon Meat

Consumers will be able to buy more canned luncheon meat during the coming year, according to the WFA. Canning of this product is encouraged because it prevents waste of good bits and trimmings of meat at packing plants.

## Temporary Food Rations

Service men on leave can get temporary rations without the forms usually furnished by the armed forces, according to OPA. In an emergency, application may be made on forms available at local ration boards.

## Reduce Christmas Lighting

The American people have been asked by the Office of War Utilities to confine Christmas lighting decorations to Christmas trees inside private homes. Saving of electricity will mean direct savings of fuel, manpower, transportation and materials.

Nature designed the kidneys for a marvelous job. Their main function is to filter out of the blood the waste products of the body. When the kidneys fail to do this, nature intended, there is a waste that may cause hopelessness. One may suffer from persistent headache, getting up nights, swelling under the eye-fool tired, worn out.  
Frequent, scanty or burning urination, are sometimes further evidence of kidney trouble.  
The recognized and proper remedy is a diuretic medicinal preparation that gets rid of excess poisons by the kidneys. It is Doan's Pills. They have been used for more than forty years of public approval and endorsement by the country over.

## For Freedom's Right!

FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation conceived in Liberty, and dedicated to the proposition that all men are created equal."

Fourscore years ago this November, Abraham Lincoln began his immortal Gettysburg Address with those words in dedicating the National Cemetery at Gettysburg. Through the years that address has come to be known as one of the greatest documents of the ages, calling every loyal heart to "be here dedicated to the great task remaining before us . . . that these dead shall not have died in vain . . . that this Nation, under God, shall have a new birth of freedom."

FREEDOM . . . that little word that means so much. In this country we see its symbols everywhere. Our churches, our newspapers, our lecture halls, our assemblies, our businesses . . . all represent that one, all-important word. Under the influence of Freedom and what it represents, our country has grown in 150 years from wilderness to the strongest power on earth. Today it is the people who are saving the world. People who will not allow themselves to be conquered!

FREE ENTERPRISE . . . Another word that creates tangible results. Free Enterprise . . . the force that enables private business-operating companies, like ours, to serve the public in their own zealous individual service-giving manner. From them each of us has earned personal benefits—our community has prospered and our country has become the richest in the world. When those who are fighting the battle of freedom return home to America, they expect this ideal to be preserved. It's up to us to do it!

Let us commemorate this, the 80th Anniversary of Lincoln's Gettysburg Address, as "dedication day," an occasion for re-dedicating ourselves "to protect the liberties of American Citizenship and maintain National Honor, Union and Independence."

FRIENDSHIP

News Letter November 20, 1943 To the BOYS in Service:

There were only 27 of us in Sunday School yesterday, but we had a good service. Sometimes when attendance is low we are a little discouraged, but most of us feel that meeting together for worship is the best way in which we can "keep the home fires burning."

Several changes in officers and teachers have been made recently. Those in office now are: J. W. Stewart, supt.; Guy W. Smith, assistant-supt.; Miss Alma Bruce, sec-treas.; Mrs. Frank Ellis, teacher of Adult Bible class; Mrs. Aubrey Martin and Mrs. Guy W. Smith, teachers of Young People's class; Mrs. Barney Burnett, teacher of Junior class; and Mrs. C. H. Basham and Miss Wylene Ellis, teachers of Primary class.

We are looking forward to having Rev. Jeff Moore, pastor of First Baptist church of Memphis, with us November 21. Rev. Moore will preach at 3 o'clock Sunday afternoon. Sunday school will be at 11 a. m. as usual.

Mr. and Mrs. Ballard Coble of Estelline visited in the home of Mr. and Mrs. L. D. McCoy and family Sunday.

Mr. and Mrs. Guy W. Smith and children spent Sunday with Mr. and Mrs. C. G. Smith.

Mrs. B. A. Pyeatt received a letter this week from her grandson, Jack Pyeatt, who is in the Navy and is still stationed at Norman, Okla.

Mrs. Capitola Crowder and Mrs. George Mack Steele and son of Fort Worth visited their parents, Mr. and Mrs. J. W. Stewart Saturday and Sunday.

Roy Carson of Tulsa visited his sister, Mrs. Butler Stewart several days last week.

J. W. Durham returned Saturday from Fort Worth where he visited with his daughter, Mrs. C. P. Nash.

The Friendship Red Cross club will meet Thursday at one o'clock in the home of Mrs. J. W. Stewart. For nearly two years the women of this community have been meeting on the third Thursday in each month to sew for the Red Cross. We have made many garments, pieced and quilted three quilts, and made two wool afghans.

We appreciate every letter we have received from our boys and we hope you find time to write again soon.

Best wishes and good luck. Your Friendship Reporter, VERA SMITH.

IN HIS snug submarine jacket with its protective collar, his heavy woolen trousers and non-skid galoshes, he's dressed for warmth and fighting efficiency.

The clothing our Navy provides for its men is styled for comfort and long wear. Even their underwear. They are issued the right weight for any waters they may cruise.

You can have modern styling and care-free comfort in your underwear, too. For, during the past 40 years, the makers of HANES Underwear have developed the art of converting fluffy cotton into underwear that is both knitted and tailored to correct size.

HANES Union-Suits (shown at right) are one example. A lot of warmth is knitted into their fleecy softness. And they're made to your exact chest width and trunk length—won't pinch when you stretch or bend. Ankle-length legs. Long or short sleeves. You'll like their comfort. P. H. HANES UNDERWEAR FOR MEN AND BOYS FOR EVERY SEASON

If you cannot always get your favorite HANES style, please remember that much of our production is going to our Armed Forces.
