Cadets and marines will fight a sham battle; and an obscure wilderness road-remade recently by CCC workers, and named "Jackson Trail"-will feel once more the thud of tramping feet as the young men duplicate the march which climaxed the great Stonewall's military career.

We are a long way from the Civil War, now, and events with which every schoolboy used to be familiar have become more or less obscure. This maneuver at Chancellorsville is one of them, and it is worth looking at for a moment or two.

The northern army was beginning another "On to Richmond" push that spring of 1862. Hooker, the and 23, works in a silk mill. She reached the edge of the cliff and, some swell styles in it. If I come Station (NBC). Bookends (CBS). Union general, had a large, battle-tested army, and he PHIL, support their invalid fa- ing against the rocks below. Like the peated three times to accommo-

fog of London, it penetrated into date the crowds. everything. The Panhandle sandstorm, never given its due and fitting recognition in song or literature or by silver tongued orators, was complete master of everything. It was majestic in its dignity, and strenght. It was beautiful in its approach. Its technique of completely mastering the situation left nothing to the imagination. No man, fowl or beast could escape its fell influence, nor avoid Tarver's Pharmacy and Meacham's feeling its inherent and potent Pharmacy. power. Even the fish in the Rita Blanca lake felt the weight of impending suffocation and rose to the surface to churn the silt it deposited on that wonderful body of water.

Let us pay a tribute to our sandstorms. Since we have them, let us recognize their true worth, their real beauty and the dramaie power they exert as a force of
