Quota Of \$642,300 for Hall County's War Loan Drive

O. Goodpasture, chair, of the Third War Loan, advised that the quota for Hall County has been set at \$642,300 for the drive starting August 1 and continuing over the next two weeks period. This is more than double the quota set for the April Bond Drive. The national total of \$15 billion has been assigned to each state. Hall County is to receive a big assignment and to each of us, but I am sure we can be successful in our goal with the cooperation that I believe will give us," stated Judge Goodpasture. The quota is to be met in three installments: the first on September 1, the second on September 15 and the third on September 30. The quota for the first installment is \$214,100, for the second \$214,100 and for the third \$214,100. The quota for the first installment is \$214,100, for the second \$214,100 and for the third \$214,100.

Nazarene Revival Starts Thursday

1943 Cotton Loan Rates HIGHER THAN LAST YEAR Announced by Committee

Hall County farmers will receive higher loan rates on this year's cotton than they did under the 1942 loan program. J. B. Smith, chairman, county AAA committee, announced this week. Based on 90 per cent of parity as of August 1, the county loan rate this year is 19.87 cents per pound compared to 17.75 cents per pound last year. Premiums and discounts for grade and staple will be calculated in relation to the loan rate of 15-16 Middling cotton. As in previous years, loans will be made directly by the Commodity Credit Corporation or through lending agencies approved by the Corporation. Cotton producers' notes will bear interest at the rate of 3 per cent per annum and will mature July 31, 1944, but will be callable on demand. Loans will be available until May 1, 1944. Appointment of clerks to assist county producers in executing loan papers already is underway, the chairman said. Under loan regulations, bona fide employees of Production Credit Associations, banks approved by CCC as lending agencies, warehouses approved for storage and county AAA officers will be designated as clerks. In addition, employees of other groups, such as ginners, cotton buyers or others who have adequate facilities to perform the services of a clerk, also will be appointed. Appointment of clerks are approved upon the recommendation of the county committee to the state AAA committee. Urgent warning was sent to Hall County farmers this morning by J. B. Smith, chairman, AAA committee, to turn in 1943 acreage estimates to the county office as quickly as possible and sign this year's performance report. Emphasizing the importance of filing acreage estimates immediately, the chairman said that producers could not sign 1943 applications for payment or place cotton in he loan until individual reports were complete. At the same time acreage estimates are filed, producers also are being asked to submit their soil-building practices carried out under this year's program. "We expect applications for payment right away and many will be submitted for approval by September 1," the chairman said, and added that cotton loans had been in effect for several weeks. Under the AAA program, revised rates of payment, announced last week, include cotton, one cent per pound; wheat, 8.5 cents per

Pauline Knight Is Chief Clerk Of Local Draft Board

Mrs. Pauline Knight has been appointed chief clerk of the Selective Service Board, following the resignation of W. J. Bragg. Mrs. Knight's appointment as chief clerk went into effect Tuesday. Clarendon College Bus To Be At High School August 30

Interested Young People Be At High School At 10 O'clock Monday Morning. R. E. Drennan and J. R. Gilham of the Clarendon Junior College were in Memphis this week making arrangements for the school bus that will take students to the college each day. The bus will be at the high school at 10 o'clock Monday morning, August 30, to pick up interested young people who would like to attend school in Clarendon and use the bus as a means of transportation to and from classes each day. This is the only day the bus will be at the high school here, but arrangements as to the time and place for meeting the bus will be worked out that day. Plans will be perfected whereby the college bus will meet the regular rural buses, so that students living in rural districts of Memphis may take advantage of this offer. All interested young people be at the high school building at 10 o'clock Monday morning, stated Drennan, president of Clarendon Junior College.

C. R. Cross, Jr. Accompanies Axis Prisoners To U. S.

C. R. Cross Jr., son of Mr. and Mrs. C. R. Cross Sr. of Brice, arrived home Tuesday from the Mediterranean front. He returned to America as one of the guards with a shipment of Axis prisoners. Some three years ago C. R. was a member of the Tucumcari, N. M., State Guard Company which was inducted into the regular army. Most of the members of this company have been together ever since, and saw active duty in North Africa, and other Mediterranean battles since that time. When the shipment of Axis prisoners was about to be made, a large number of guards were selected to accompany the prisoners to America. The Tucumcari outfit, almost a man, was included in the list of guards. The Texas and New Mexico boys will have a 30-day leave before they go back to the war front.

The first bale of 1943 cotton was brought to the Water White gin in Memphis by C. W. Hunter August 20, and was ginned Monday, August 23. Mr. Hunter lives in the southeast part of Hall County. The Hunter bale ginned over 575 pounds of lint from 2015 pounds of snapped cotton, and the seed weighed 1,000 pounds. The cotton graded 13-16 strict middling, and was sold today to M. C. Allen at 19 cents per pound. The second bale of the 1943 crop was ginned Wednesday, August 25 by the Potts gin at Lakeview for Red Hightower of near Lakeview. This bale was bought at 19 cents per pound by M. C. Allen of the Memphis Compress Co. Three bales of cotton have also been ginned at the Purnell gin, it was learned today. This makes a total of five bales ginned this week in Hall County. Due to dry weather, cotton in some sections of the county is maturing rapidly. Farmers believe a good rain right away would slow up the maturing and benefit the yield of both cotton and feed. Last year the first bale was ginned August 24—almost the same date as this year's bale.

Ed McCreary Buys Registered Jersey

A registered Jersey cow has been purchased by Ed McCreary from J. J. Hellman. The name of this animal is China Cup Fair Lillian 1150515.

The whereabouts of all registered Jerseys is known and carefully watched over by the American Jersey Cattle Club, with offices in New York City. This important job is made possible through registrations and transfers made by Jersey Breeders everywhere. Tattoo identification, somewhat similar to fingerprinting, keeps individuals of this dairy breed always known.

Jerseys make up 42 per cent of all dairy cows in the United States. Because they produce the world's richest milk, and because there are more Jerseys than any other breed in America, their role in national defense is an important one.

Dear Mr. Wells: Well, I'm back in the same old place since I came back from my furlough—and believe me, that was the shortest 30 days I ever spent in my life. I really did enjoy myself. The only thing wrong was that I believe I could have used 30 more days, but after all, I guess you can't have an egg in your beer all the time.

write except on myself and I'd rather not tell that so I'll shut up for this time. Here's looking for the Democrat.

Sgt. Roger R. Ellerd Mr. and Mrs. J. H. Powell had their three sons of the armed services all at home last Thursday for the first time since they have been in the service. Seaman I-C J. H. (Barney) Powell, of the Coast Guard, stationed at Louisville, Ky., Cpl. Raymond Powell of the 90th Div. in Abilene, and Pvt. (Instructor) St. Elmo Powell stationed at the Amarillo Air Field, were home last week.

Mrs. H. B. Bennett had a nice gift on her birthday Monday, August 23, when she and Mr. Bennett talked with their son, Guthrie, who is stationed in Hawaii. Recently Sgt. Bennett stepped off a curb and broke his foot, but he told his parents that he was doing fine and really enjoying the rest in his wheel chair.

Winfred Messer, son of Mr. and Mrs. Jesse Messer, has been recently promoted to third class Petty Officer, U. S. Navy. He wrote the following letter to his parents:

San Pedro, Calif. Dear Parents and Brothers: How are you, fine I hope. I am fine. Well, I finally got my rating and I surely am proud of it. I finished with a 94 average, the third highest in the class, I am expecting to get my orders at any time now.

I got a letter from L. D. He was still at sea when he wrote the letter. He was just fine at the time. Well, here's hoping I see you all in a few days, I will close. Lots of love, Jerrell W. Messer

Mr. and Mrs. T. J. Pyle have received this letter from their son, Thomas, who has been in the fighting zone at Sicily. S 2-C Pyle has recently been returned to the U. S. and Mr. and Mrs. Pyle talked with him since his return.

New York City August 13, 1943 Dearest Mom and Dad: I am on my leave now and I have five days which would only be traveling time for me to come home. I did everything I could to get a two day extension but the Captain just couldn't see it my way because he only lives 30 minutes away from where we are docked.

A few of the Texas boys on the ship are going home but they will be over-leave several days and I know you wouldn't want me to do that. Maybe I will have phoned you by the time you get this letter.

Well, I was in the invasion on Sicily. We attacked a few miles down the coast from Gela. I don't like to talk about it so I'll make it brief. It was 02:45 the morning of July 10, 1943. The tracers in the sky were beautiful but deadly looking. The Germans' big searchlights were shined right on us and we helped shoot them out one at a time. The funny thing was that their small calibre guns didn't fire back. Their coastal guns back in hills fired all the time until they were blown sky high by a 10-inch shell from a warship.

One enemy shell hit right off the starboard bow. It threw water all over the forward gun crews. It scared everyone a bit because at night you can see those big shells arching through the sky, and we saw that one coming. I'll tell you some other time about the experience I had on the beach of Sicily when the Germans were two miles away. I'll write more later.

All my love, Son Tech. Sgt. Izador Hardin, who visited the past week with Miss Juanelle Siddle, went to Amarillo Thursday accompanied by Miss Siddle where they visited relatives until Friday afternoon when he left for Rapid City, S. D. Miss Siddle returned home. He is a tail gunner on a B-17.

Pvt. Jim Caviness, son of C. L. Caviness, has been promoted to the grade of corporal technician. He is assigned to Co. C, 56th Battalion at Camp Wolters, Mineral Wells.

Homer Tribble, machinist mate second class, came Saturday for a visit here with his mother, Mrs. Ollie Tribble. He is stationed with the U. S. Navy at Norfolk Va.

Lt. W. E. Ewen, U. S. Marine Corps, and Ensign Frank Novak, U. S. Naval Air Corps, visited here last week with Ewen's sister, Mrs. J. W. McCulloch. Lieutenant Ewen is stationed at Ottumwa, Iowa, and Ensign Novak at Norfolk, Va.

Pvt. and Mrs. Joe Crump of Lubbock visited here from Wednesday until Saturday with their parents, Mr. and Mrs. George Payne and Mrs. Bess Crump. Private Crump recently attended a

propeller school at Randolph Field, San Antonio, and returned Sunday, August 15, to Lubbock Air Field.

Pvt. Grady Phillips returned here Thursday from the hospital at Camp Killner, N. J., after receiving a medical discharge. He was accompanied to the home of his mother, Mrs. Vener Phillips, by Dr. Rasenswigo.

Aviation Cadet Samuel Hammons has been transferred from Keesler Field, Miss., to Peabody College, Nashville, Tenn., according to word received by his mother, Mrs. Myrtle Hammons.

Ensign C. E. Todd, US N. R. son of Mr. and Mrs. A. P. Todd of Hedley, has been selected as one of the instructors at the Indoctrination School at Fort Schuyler, N. Y. He has just completed the Indoctrination and Advanced course at Fort Schuyler and will begin his duty as an instructor, August 28. Ensign Todd was principal of Wilson School, Childress, before enlisting in the Navy over a year ago.

Among the women reservists now on duty with the Navy in the Nation's Capital is Katherine McMurry, Yeoman, third class, daughter of L. M. McMurry of Memphis. Yeoman McMurry is stationed at Naval Communications. She reported aboard on April 27.

Petty Officer McMurry worked as a stenographer before she enlisted in the Navy on Feb. 15, 1943. She received her recruit training at Hunter college, and her specialist training at Milledgeville, Ga.

Pvt. Gwendolyn B. Shearer of Women's Marine Corps Reserve left August 19 for Camp Lejeune, New River, N. C., to report for duty. She is the daughter of Mr. and Mrs. B. B. Brewer of Lakeview. Pvt. Shearer was formerly employed at Consolidated Vultee Aircraft of Fort Worth.

Mrs. Ralph Pavillard and daughter Phyllis Kay of Corvallis, Ore. are here visiting with her parents, Mr. and Mrs. D. W. Lawrence. Mr. and Mrs. C. H. Cheeves of Amarillo visited here last weekend. They took their parents back with them.

Mrs. Wallace of Estelline is visiting with her husband at Norfolk, Va. Fred H. Hemphill and daughter have returned from Canutillo, where they visited with relatives. They also visited in Lubbock with Mrs. Gloca. They attended the funeral of Mrs. Temple D. Mullins of El Paso last Saturday.

Mrs. Roy Roundtree and Mrs. Geraldine Ellis of Marward, Calif. are visiting their parents, Mr. and Mrs. E. Ellis. Mr. and Mrs. Ralph Scott of south plains is visiting with her parents, Mr. and Mrs. M. E. Ellis. M. P. Phillips of Huiver was a Newlin visitor Sunday. Mr. and Mrs. Lloyd Crow of

Altus, Okla., are visiting his parents, Mr. and Mrs. Van Crow. Pfc. Fuller Burnett of Fort Ord, Calif., is here visiting with his parents, Mr. and Mrs. John Burnett for fourteen days. Mr. and Mrs. J. A. Rowell of Newlin have gone to Childress to visit with Mr. and Mrs. B. E. Rushing. Mrs. W. F. Harper of Sudan came Saturday to visit with her parents, Mr. and Mrs. W. R. Glover. Mr. Harper is coming after his wife and Mr. and Mrs. Glover will accompany them home.

The revival meeting will begin at the Baptist Church Sunday with Rev. Moody of Clarendon doing the preaching, assisted by Rev. Milton Evans, pastor. Those visiting in the J. S. Johnson home Saturday night were Mr. and Mrs. Harry Hortzog of Pampa, Katherine Robinson of Dallas, and Freddie Starr Johnson of Memphis.

Mrs. Anna Dickson of Memphis visited her son Boyd Dickson and family Wednesday night and Thursday. The women that made surgical dressings at the Red Cross room in Memphis Wednesday were Mrs. M. L. Pittman, Mrs. Z. L. Salmon, Mrs. W. E. Davis, Mrs. Hope Lemons, and Mrs. Starr Johnson. Mr. and Mrs. George Craft and Bill have returned home after a week's vacation in the mountains of New Mexico. Mr. and Mrs. Elmer Cheek are vacationing in the mountains of New Mexico and Colorado. Mrs. S. D. Churchman of Clarendon visited a few days last week with her daughter, Mrs. Z. L. Salmon and Mrs. O. B. Rumpy. Mr. and Mrs. Cal Holland and Pat Holland visited in Amarillo Sunday with their daughter and sister, Vada Faye. Mr. and Mrs. Frank Cope of Deep Lake visited friends and attended church here Wednesday evening. Mr. Hardie of Childress visited his wife here last week-end. Mrs. Hardie is principal of the school here.

Mr. and Mrs. Granville McAnear of Clarendon visited in the M. L. Pittman home Sunday. Rev. Loftin of Estelline visited this week in the M. O. Evans home. Mrs. Durwood Ray of Arizona is visiting her mother, Mrs. McAnear. Mrs. Bill Bufkin has returned home after an extended visit with Mr. Bufkin's parents in east Texas. Mr. Bufkin is son-where in Alaska with the armed forces. Susie and Dorothy Salmon of Amarillo visited relatives here last week. It is reported that Pat Salmon is improving after an operation in a hospital in Memphis. SAY WHAT YOU THINK!

In Germany, Japan, and Italy you can not say what you think—you never could. In dictator countries, speak the simple truth is often the speaker's own death sentence. And if the Axis wins this war, freedom of speech will remain in memory only, in these United States of America.

Sam, Gabe, and Henry are talking county politics now at the corner store tonight. How American that and how close to our hearts, as Americans, is the freedom, the thrilling sense of liberty it represents!

In America, freedom of speech, the right to say what you think, is one of the things that has made our country great. We cherish it, would fight and die for it.

Yes, freedom of speech is one of the first principles of the American way. It is like freedom of press, freedom of religion, freedom of initiative, and freedom from want and fear. Anything else is unthinkable.

Listen to them: "Why, I wouldn't vote for them unless," says Gabe... Speak your mind, Gabe... and you, Henry... and you, Sam. This is America!

NEWS about boys in the Service

The following letter was written from Sicily by Sgt. C. W. Galloway, U. S. Army, to his parents, Mr. and Mrs. E. J. Galloway.

Dearest Mother and Dad: It looks as though I am getting farther away from home, rather than getting nearer.

Yes, we are having a bit more excitement. The crossing from Africa was very quiet although of course, I got sea sick the second day out, but not half as bad as when we came from New York.

We had an air raid the last day on the boat and I happened to be on the bottom deck. The sailors came through and locked all the doors which left me in a small compartment about six feet by eight feet, and did I do some sweating. Lucky, no bombs were dropped, so it wasn't so bad after all.

The towns we passed through are a sad sight. The people seem friendly enough, and not at all dejected over our being here. As usual, they still ask for sweets and cigarettes. They must have a diet entirely of bread, some milk, and fruits, for that's all that I have seen which they could eat.

Clothes they wear are nothing to talk about, all tatters and patches. Some of them have shoes

but most of them wrap their feet with anything they can find. From what I can gather, the Germans have taken everything worth taking and have left a bitter and dejected people in their wake.

The island itself is one mountain after another. Roads so narrow, it's hard for vehicles to pass in some places and fruits, olives, grapes and almonds all along the hill sides.

Have received only two or three letters from you in the past month. The last was yesterday for the first mail I've had since I left Africa. You don't know how you miss getting mail till you wait and wait and still none comes. You can bet that I was really happy to see some come in.

Glad to know that all is well at home. Sorry to hear about your wrist being in bad condition. Some time when I wake up in the morning, after sleeping on a few rocks and what not, I think I'll never make the day out. Wonder what a soft bed feels like? Have any extra ones you can spare for the night? Really, though, I feel swell, just want to go home.

Tell everyone hello! I'd like very much to see Sue's baby. Have her to take some pictures of the baby and send over. After all, as an uncle, don't you think I should see her. Tell Elden it takes more than the combat units to win the war. These supermen of Germany and Italy look like scared little boys to us.

Keep writing often. I'll be home Love, Cecil.

The following letter was written to J. C. Wells from Pfc. Lester S. Grimes.

Dear Mr. Wells: I have been transferred from Truax Station Houston in Madison, Wis., to the Schick General Hospital in Clinton, Iowa. Please change the address of my paper to Schick General Hospital at Clinton, Iowa.

After keeping me in the hospital at Madison for 165 days, they decided they couldn't help me any there, so they transferred me here to Clinton. This is a much larger and nicer hospital than the one at Madison.

Mr. Wells, I really do enjoy the Memphis Democrat, more so since I have been in the hospital, than ever before. I will read one issue and look forward to the day I will get another issue. Yours truly, Pfc. Lester S. Grimes

Some "Don't Do's" About Rationing

Here are some of the most common "don't do's" with which folks in town need to be familiar:

- 1. Don't try to buy rationed goods with loose stamps.
2. Don't lend your ration book to a friend.
3. Don't swap ration stamps.
4. Don't give your unused stamps to your dealer.
5. Don't try to buy rationed goods without stamps.
6. Don't try to use ration stamps after they have expired.
7. Don't try to use a ration book that doesn't belong to you or that should have been returned to the board.
8. Don't use a ration book that is a duplicate of one you already have in your own name.
9. Don't pay over top legal prices.
10. Don't let any dealer make you buy something you don't want to get something you do want.
11. Don't use your gasoline rations for anything except the purpose for which intended.

Deputy Collector Of Income Tax To Be In Memphis

Will Be At Memphis Hotel September 7, 8 For Consultation

One out of every three taxpayers will be required to file Declaration of their earned income and Victory taxes for the year 1943 on or before September 15, 1943. Farmers, considered to be those persons receiving at least 80 per cent of their gross income from farming operations (as distinguished from agricultural laborers receiving wages or salaries) must file their Declarations on or before December 15, 1943. In order to assist taxpayers in the preparation of these Declarations, Deputy Collector C. T. Powell will be in Memphis at the Memphis Hotel, September 7 and 8. Deputy Collector Powell will be glad to give all possible information on the matter of filing Declarations, but in order to save his time, your time and that of other taxpayers, he urges you to bring the necessary information for estimating your 1943 Income and Victory taxes when you consult with him. Information needed is a copy of your 1942 income tax return; cancelled checks or other evidence of income tax paid on March 15 and June 15, 1943; estimate of Victory Tax deducted from wages January 1, 1943 to June 30, 1943; estimate of withholding tax deductible from wages July 1, 1943, to December 31, 1943; and definite estimate of Net Income (gross income less allowable deductions) from all sources, for the calendar year 1943.

Old Type B And C Coupons Valid Until September 1

Owners With Old Books Should Exchange For New Between Aug. 23 and Sep. 1

Numerous filling station operators have been telling customers that their old type B and C gasoline ration coupons will be invalid after August 23, but instead they are valid until September 1. Regional Mileage Rationing Executive Harold Whitacre, points out. Automobile owners with the old style books should exchange them for the new mileage ration sheets between August 23 and September 1, and the exchange can be made by any local board between these dates. Gasoline dealers can accept them up to September 1, it should be pointed out. The exchange to new type coupons will accomplish three objectives. First, they will tighten the gasoline rationing program by rendering useless stolen, illegally held and counterfeit coupons of the old type now circulating in black markets; second, dealers will have to handle one type of each class of coupons; and third, they provide space on the front for endorsements (license number and state of registration) making the identification of the car for which the ration was issued more readily discernible to dealers for checking.

ANOTHER SCHOOL YEAR

MONDAY will be the start of another school year. The days and months of summer vacation have rolled by and another school year will begin.

For some it will mean college with the thrills that will be the material for memories that will appear throughout life. For others, it will mean starting to school for the first time.

For those who are starting to college, it means that you have grown up. You are more or less on your own. Your parents will not be around to give you the advice that you have always taken for granted. You will need to make your own decisions and these decisions, whether big or small, may influence your life for all the years to come. Remember the things taught to you by your parents.

For those who are about to finish their high school work, it means that in another few months, you too, will be out from under the parental roof—or at least, from under their loving care and watchfulness. Plan what you want to do with your life and stick to that plan.

For the small tots who are just beginning their school life—it is a thrill for most of them. They have finally reached that age that they have envied for some time. They will find that there are things they will be told to do that may be a little more strict than they are used to. And, they will learn that they are one among many and must learn to do things for themselves. In other words, they will begin to grow up.

So many things have been mentioned as the reasons we are fighting this war; but, the public school and the democratic way of teaching and handling students are certainly of the utmost importance in keeping this American way of life. If there was ever a reason for a nation fighting, the children of that nation are sufficient reasons.

Press Paragraphs

SELECTED FROM THE DEMOCRAT'S EXCHANGE

Time has plowed under the fields of habit, customs and conventions where tanned-faced men sat beside their wives or sweethearts in summer public assembly and fanned them with broad-brimmed and sweat-soaked hats.—Matador Tribune.

We are glad that Claude boys are more interested in a nice disposition and common sense in the girl they want to marry, than in the color of her nail polish and lip stick.—The Claude News.

We read with interest of the luxuries which are being planned for Americans after this war ends. We are going to have so many gadgets that life will be one continuous round of pushing buttons. On the other hand we are told by the brain trusters of the administration that there is too much money in the nation, and all of the surplus must be taxed away from the people to stop inflation. So there you are: We are going to have a miracle world after the war with no trouble at all; except you will have no money to buy these luxuries.—The Canyon News.

With no advance notice, it was remarkable that all home-grown food was served at the Worley picnic last Friday evening. As only ice water was served to drink, it made the dinner 100 per cent home-grown.—The McLean News.

There are two good rules that should be written upon every heart. Never believe anything bad about anybody, unless you positively know it is true. Never tell even that, unless you feel that it is absolutely necessary, and that God is listening while you tell it.—The Donley County Leader.

The few who were fortunate enough to be able to get out of the hot weather for a short vacation are returning. All report pleasant trips but from their experiences and their appearance one wonders whether the holidays were worth the effort. Few people

are willing to travel hundreds of miles merely to sit down and rest. Usually a jaunt is made with some particular thing in mind to do and as a result the vacationer works hard to enjoy the diversion to the utmost. A return from a cool climate to the hot weather of this section offers little opportunity for a rest at home.—Quannah Tribune-Chief.

Weeds will flourish in a garden with complete neglect, but it requires constant cultivation and care to produce beautiful flowers. The same thing is true in raising boys and girls. Let them grow up wild and they become human weeds but it takes care and cultivation and oversight and discipline to make social beings and good citizens of them.—Foard County News.

Urges Cut in Labor Day Travel
Stay off trains and inter-city buses over Labor Day week-end—this is the plea of Joseph B. Eastman, director of the O. B. Eastman, in asking the public to spend Labor Day week-end at home, said that failure to follow this advice might result in travel congestion worse than that experienced over the Fourth of July. He pointed out that transportation equipment formerly available for holiday travel is now in troop service or used to handle the greatly expanded military and essential civilian traffic.

Mail Christmas Gifts Early
Christmas gifts to naval and marine personnel overseas should be sent between September 15 and November 1. This period has been designated by the Navy department in cooperation with the postoffice department. Parcels must not exceed five pounds in weight.

New Gasoline Coupons
Car owners who still hold the old type B and C gasoline ration coupon books should exchange them for the new mileage ration sheets of coupons between August 23 and September 1. OPA has announced. Old type B and C coupons become invalid Sept. 1, and gasoline dealers cannot accept them on and after that date. The old type coupons are identified by the words "Permits Delivery of One Unit of Gasoline." The new type say "Mileage Ration" plus a large B or C.

More Nurses Needed
Many American hospitals cannot maintain normal standards of service today because of the lack of nurses, according to reports made to U. S. Public Health Service. A year from now America will need 359,000 nurses—or 100,000 more than are now available. Of this number 66,000 will be needed for military service and 293,000 for civilians. Because of limited facilities, the maximum that can be trained within this period is 65,000.

Seed for Potatoes
To help potato growers get reliable seed for 1944 plantings, a new seed classification—War Approved Seed—has been created, the WFA said recently. War Approved Seed will identify that part of the 1943 late crop that is valuable for seed but that has a higher tolerance of defects than certified seed.

No Workdays Off (till that After-War Car Trip)

Women must work so that we all may win...and the boys coming home all the sooner. Not long after you may wager, plenty of re-united American families will be reviving the great American sport of taking a in the car.

What car? Not even the last pre-war models could be duplicated instantly, and the auto industry will outdo those which will take time. You'll find it hard to wait. But easily you can give your present much-needed car opportunity to outlive the Axis.

First...now...shield your engine from acid. The avoidable product of combustion was formerly safely expelled in regular driving, at normal speeds. But your semi-occasional, slow, short drives days barely heat the engine. Chemists know that it invites strongest acid attacks, yet engines OIL-PLATED CONOCO Nth motor oil have proved able to resist remarkably, and you can see why.

In patented Conoco Nth motor oil, a synthetic apparently "magnet-like" energy joins lubricant to inner engine surfaces, as if to stay—like any fast plating. In not all draining down to the crank even at a standstill, the OIL-PLATING "walls off" inner surfaces from the hungry acid. And so you get a good car that much longer...by OIL-PLATING CONOCO Nth...at Your Mileage Merchant's Concession. Continental Oil Company

Vegetables Given Care
Vegetables on farms, sweet potatoes, should get particular care and attention, says the horticulturist of the A. & M. College Service. Only those that have not been bruised, cut, or otherwise damaged should be marketed. Sweet potatoes should be well matured before being marketed. This can be determined by cutting a potato lengthwise and placing it in the sun. The surface should be bright in color and the interior of the tuber should be firm and white. On the other hand, the sap remains sticky and the surface turns dark green. Sweet potatoes are not ready for storage until the leaves have turned yellow and the tubers are firm. To avoid cutting, place them in the field. In the storage crates in double or triple layers, with an air circulation. An expected to absorb most of the increase.

"Texas farmers are being urged to reserve land for other needed crops such as soybeans, feedstuffs and dry beans and peas when they map out plans for next year's wheat crop," Vance said. He added that they also are being encouraged to continue sound farming practices, which have been in operation for several years.

The 68 million proposed acreage for the nation during 1944 compares with 54 million acres planted this year. The largest acreage ever planted was 80,814,000 acres during 1937.

National increase of wheat is being called for during 1944 since total consumption has increased largely because of its use for feed. Demands for flour and other wheat products are expected to become greater as starving peoples are liberated from Axis domination, the AAA official said.

Plant a Small Grain Pasture In September

A wheat, barley or oat pasture will stretch the available supply of protein feeds, but for best results this small grain grazing should be planted in September.

E. R. Eudaly of the A. & M. extension service says that more protein in the roughage which cattle eat—pasture, silage and hay—means that less will be required in the grain mixture. Small grain planted in September usually furnishes more grazing and withstands more cold than when planted later. But if September is too dry, by all means plant in October. October planted grain often will provide good grazing.

Cotton fields are ideal for small grain for pasture because there usually is about three inches of loose top dirt, which makes preparation unnecessary. If picking isn't finished follow the pickers with the drill. The drill will not hurt unopened cotton nor will the wheat, oats or barley interfere with later picking, or late picking injure the grain, Eudaly says.

Plant three-fourths of a bushel of wheat on good land and one bushel an acre on land not so good. The ratio for oats on good and not so good land is two and one-half bushels an acre. It is a good idea, he suggested, to have one acre of small grain pasture per cow on good land and one and one-half acres on the other types.

Food For Freedom is Produced by Texans

An avalanche of Food for Freedom is being turned out by Texas' 418,000 farmers on the farm front, according to B. F. Vance, chairman state USDA War board.

the Bureau of Agricultural Economics on crop conditions and indicated yields, he said Texas farmers would harvest 7,195,399 acres of sorghum, 92,106,000 bushels of corn, 33,383,000 bushels of wheat, and 14,190,000 bushels of Irish and sweet potatoes.

The acreage of soybeans for beans is placed at 52,000 acres according to July 1 crop conditions while the peanut crop from the same report approximates 1,114,000 acres.

Aggregate crop production for the nation will be about six per cent lower than last year but five percent higher than in any previous year.

Farm Storage Announced By AAA Committee

Some South Texas cotton farmers are losing as much as \$15 per bale because they are unable to get this year's cotton crop in the Government loan, Geo. Slaughter, chairman state AAA committee, said this week.

For that reason, he points out concentrated effort should be made by all cotton producers to secure farm storage facilities for storing a part of the 1943 crop.

Almost all warehouses are already packed and many will be unable to take additional cotton this year he said.

Encouraging farm storage, Slaughter said farmers are permitted to store cotton on the farm provided structures meet requirements specified by the Commodity Credit Corporation. According to CCC, structures must protect the cotton from damage by rain, snow, flood, ground water, poultry and livestock and provide reasonable protection against loss by fire and theft.

A farm-storage allowance of 10 cents per bale per month or fraction of a month will be allowed producers storing cotton on the farm, provided the cotton is delivered to CCC in satisfaction of the loan Slaughter said and added that if the collateral is reposses-

Quotas for New Slaughter Licensing Program

Texas farmers will continue to operate under the slaughter permit system which went into effect August 15.

After explaining the program this week the state USDA War board said that farmers, who are Class 3 slaughterers under the licensing program, will operate before and in September will have a quota basis of 100 per cent of their September 1941 quota.

Other classifications of slaughterers under the new slaughter licensing program are Class 1, or Federally inspected, and Class 2, non-Federally inspected slaughterers.

The new order provides that if a farmer did not slaughter in 1941, he may deliver meat derived from livestock which he slaughtered primarily for home consumption but that quotas for these deliveries would not exceed 400 pounds of meat per family in one calendar year.

Previously, the farm slaughterer was allowed to take his choice between killing three animals for sale, of which only one could be bovine, and 300 pounds of meat. Under the new order, farm slaughterers whose quotas are more than 400 pounds will be issued permits by Food Distribution Area Meat Marketing supervisors or the FDA regional director.

... WHICH will Johnny be?

Without question, no red-blooded, freedom-loving American father or mother would want Johnny to be like that misguided, regimented Nazi lad. America's sons have a priceless heritage of Freedom that no fuhrer-trained, goose-stepping Nazi youth can understand or enjoy.

Next month Americans are being asked to LEND our Government FIFTEEN BILLION DOLLARS. This is the greatest single financial undertaking in the history of any country on earth. People of the Gulf South, as in all America, will have to dig deep into their pockets to put over this Third War Loan Drive. But, we WILL do it, for no sacrifice or effort we must make is too great to make sure that the youth of America shall never be the mere pawn of a tyrant dictator.

letters, even though they are written to individuals. Personal items in the letters will be omitted and only those things of general nature printed. We would especially like to have letters that are descriptive of army life, the country, or the natives, just so long as they do not reveal military facts that might be of aid to the enemy, and they likely won't do that for army censors cut out such before they are mailed.

From the very start of the war The Democrat has published letters and items about the soldier boys, without bragging about how many, for we feel that we owe a lot to those fighting for us. But

along comes a publisher in another town and makes claims to being the first to publish soldier letters and that he publishes more of them than any other paper in the Panhandle. Why brag, Brother?

Last week I requested the Memphis people to come back home from the mountains so they could give us a rest from watching for rain. They came back home right after The Democrat was issued. The first to arrive told fairly believable fish stories, the next ones told just a little bigger stories, and the last to leave up there had them all busted. Why, the big fish didn't start to bite until most of the fishermen had started home.

Anyway, they think the weather is simply awful. The rest of us are tempered to the heat and don't notice it—much.

Old Tack of the Amarillo News is doing his best to bring rain to the Panhandle. Hope he succeeds before too long. If he fails, Hall County will not have a bumper crop. Without rain the feed and cotton yields will be cut short. With a good rain within a few days, the yield will be good, though not nearly as good as last year and year before last. Tack, try to get that rain by Sunday—Monday will be just a little late.

bushel; and rice, 3.2 cents per barrel. Original rates announced earlier in the year placed the cotton payment at 1.1 cents per pound and wheat at 9.2 cents per bushel. Rates of payment on rice and for computing payments earned by carrying out approved production practices are unchanged. Payments for wheat, cotton and rice are also made on the normal production of the allotted acreage. According to AAA records, 85 per cent of the farms in the county have been measured, 1969 out of 1250 farms. —Buy Bonds—Buy Bombs— T. J. Walling of Childress was a business visitor here Tuesday. The Village Grocer

(With Apologies to Longfellow) Author Unknown

Under a spreading web of rules The Village Grocer stands; His brow is all tied up in knots His head is in his hands. There hardly is, from day to day A rule he understands.

His hair is thin, bloodshot his eyes His face is gray or blue; His brow is wet with sweat; His business all askew. His customers are dizzy but The grocer's dizzy too.

Day in, day out, from morn 'til night, You hear the loud disputes, As women fight for sauerkraut And beans and processed fruits. All grocers get are loud Bronx cheers And most discordant hoots.

And children coming home from school Look in the open door; To see just how their elders act In a rationed grocery store. When both sides figure total points And both dispute the score.

He goes on Sunday to church And sees the people meek, And marvels that they are the ones Who fought him all the week; He's glad there are no ration cards When the parson starts to speak.

Toiling, computing, sorrowing, Onward through life he goes; Each morning sees the OPA With new rules to disclose; Each evening sees him totter home A wreck from head to toes.

Thanks, thanks to thee, my grocer friend, The lessons that you teach! Your fight to keep the Home Front firm, The sermon that you preach To help morale from splitting wide You're standing in the breach.

There'll come a day when OPA Will bother you no more, There'll come a day when you can say "I own my grocery store." Fight on, your country needs you now As it never did before.
