FARM TENANCY TO BE SOLVED

Rural Resettlement Extends Help To Needy Farmers

CAPROCK RELAYS AND TENNIS TOURNAMENT IS TO OPEN IN MEMPHIS SATURDAY MORNING AT 9:30

Hundreds of track and tennis contestants and followers will descend on Memphis Saturday, March 27, for the First Annual Meet of the Cap Rock Relays and Tennis Tournament.

Saturday will be Amarillo, Plainview, Pampa, Childress, and many others. Waurika, Okla., winner of the national mile relay last year, will enter. Wichita Falls has indicated that it will send teams, but may not do so as the Wichita County Meet is being held Saturday.

Presentation of the individual and team awards in both the tennis and track will be made in the Memphis High School Auditorium Saturday night. A program will precede the presentation, starting at 7:30 o'clock. The Memphis High School Band will play a 30-minute concert, and Miss Owen Gilmore of the Memphis High School will be crowned as "Queen of the 1937 Cap Rock Relays and Tennis Tournament."

Car Owners Fail To Comply With Hiway Planning

With approximately 3250 vehicles affected by the registration law, car owners of Hall County have returned to the Highway Planning Survey only 14 of the post cards that were handed to them at the time they paid their 1937 automobile license fees at the office of Mr. J. M. Ferrel County Tax Assessor and Collector. Car owners of Hall County have failed to respond to plans of the Highway Planning Survey to provide information on which

the highway programs of the future will be based, a tabulation of returns received to Wednesday disclosed. The number of car owners sending in information on cards received when they registered their vehicles is insufficient to provide an accurate picture of the road needs of this County.

The information which is being collected will be used by the Highway Department and the U. S. Bureau of Public Roads in planning the future construction and maintenance of roads and highways in this County and in this section of the State. Local motorists should be sufficiently interested in improving the road system of this County to ask for these cards at the time they pay their license fees and should fill in the cards and mail them, because information collected by the Highway Planning Survey will be used in designating federal funds which soon will be spent on improving the secondary road system of Texas.

The cards on which this information is being collected are self-addressed and require no postage. The Highway Department and the U. S. Bureau of Public Roads have gone to considerable trouble in order to offer highway users the opportunity of helping to plan their own roads. Just as citizens were long ago given the right to vote, car owners are now being given a similar right and should take advantage of their opportunity. It is to the advantage of each County to return at least as high a percentage of these post cards to the Highway Department as are returned by its neighboring Counties.

METHODISTS LAY PLANS FOR MEET

State Conference For Laymen And Pastors To Be Held In Fort Worth Next Month

The Methodist Church in Texas will hold its third state-wide, all-Texas Conference for pastors and laymen in Ft. Worth April 12, 13, and 14. The sessions will be held in the new city Memorial Coliseum. The purpose of the Conference is to bring together leaders from every local church and section of Texas for inspiration and fellowship. The Conference theme will be "Methodism and Tomorrow." Missions, evangelism, stewardship, lay responsibility, the minister's task will be discussed.

England's great lay evangelist, Gipsy Smith, Sr., will open the Conference on Monday night of April 12. This will be the evangelist's last message in America prior to his return to England for the coronation of King George VI. The program will feature Bishop Ralph S. Cushman, Denver, Dr. J. Q. Schisler, Miss Barnett Spratt of Nashville as out-of-state speakers; five Texas Methodist bishops, H. A. Boaz, A. Frank Smith, John M. Moore, Arthur J. Moore, Sam R. Hay, and leading laymen, Hon. Gallogay Calhoun of Tyler, Mrs. Nat G. Rollins, Abilene; W. W. Woodson, Waco; W. D. Smith, Fort Worth; and W. W. Jackson, San Antonio. Texas ministers, Dr. Paul Quillian, Houston, Dr. J. W. Mills, Beaumont, Dr. J. Grady Timmons, San Antonio; Dr. Edmund Heinsohn, Austin; Dr. W. C. Martin, and Dr. Marshal Steel, Dallas; Rev. J. O. Haynes, Amarillo; Dr. J. N. R. Score, Fort Worth. The Methodist Home will feature a thirty-minute program Tuesday night.

Sectional meetings for workers with children, young people, adults, and a section for ministers will be featured in all services.

The Conference is being sponsored by the recently appointed Commission on the Future Work of Methodism in Texas, in which all five Texas Annual Conferences are sharing.

Questions That Some Folks Ask About Cardui

BENEFIT FOR MAL-NUTRITION

Thousands of women testify Cardui has helped them to overcome malnutrition and to ease many of the functional pains of menstruation.

"What is meant by 'helping to overcome malnutrition'?"

Cardui contains extracts of two plants which are classed among the 'bitters' in medicine because they are known to increase the flow of digestive juices—

to improve digestion—so there is a craving for sufficient food for the body's needs, and by their action more energy (or strength) is obtained from the food eaten.

The food, of course, brings the additional strength, but Cardui serves as the means to this end by its good influence on the digestive system. (Adv.)

"Scientific tests prove that the world's greatest gas-waster is right on your instrument board. That innocent-looking 'choke' button is the thief that steals your mileage. While the choke is pulled out for starting, or while the motor is warming up, your gas tank is being drained five to fifteen times faster than normal! The simple, easy way to reduce this excessive waste is to use the new Phillips 66 Poly Gas. It needs the least possible choke, because it is extra high test. And it is extra high test without a penny of extra price, because Phillips is the world's largest producer of natural highest test gasoline. The result is that car owners everywhere report records of remarkable gasoline economy... outstandingly fast starting... extra power, pep, and miles... far finer performance on every count. Remember, this great gasoline is now better than ever, since every gallon is enriched with extra energy units by the patented POLYMERIZATION process. Next time you see the Orange and Black 66 Shield, stop for a trial tankful of Phillips 66 Poly Gas... GO EASY ON THE CHOKO... and then just feel that difference!"

PUBLIC INTEREST DEMANDS FAIR PLAY advertisement. Image of a woman with scales. Text: "Texas now has good state laws for the regulation—in the public interest—of all transportation. These laws are helping to stabilize transportation, and all business and industry that has to use transportation. These laws are helping to reduce the terrible accident toll on your highways. They are helping to conserve your investment in your highways. Regulation of transportation in the United States has been developed over a period of fifty years. Reasonable regulation is admitted to be both advisable and necessary in the public interest. Strict regulation of one form of transportation and the lessening of regulation of any other form is unfair and un-American, and can only result in crippling that part of your transportation facilities which is handicapped—without any resulting benefit to the people of Texas. Texas railroads obey the rules of the game,—those imposed by the eyes of government and those taken on unarily in the interest of public good. Texas railroads are spending year, large sums of money for modern equipment—locomotives, and passenger cars, improved roadbed facilities, and are expanding freight and passenger schedules to growing public demands. Texas School Children To See Pan American Exposition This Summer

Every school child in Texas will get to see the Greater Texas and Pan American Exposition next autumn if the education department can make it possible, Dr. L. A. Woods, state superintendent of public instruction has assured Exposition officials.

Ned Blaine, director of special events division, returned from Austin and reported that the state superintendent gave full approval to a plan of school children attendance. Dr. Woods will come to Dallas on March 27 to work out details with Exposition officials.

Blaine said Dr. Woods considered an Exposition visit for a school child highly instructive and not to be missed if there is any way to make it possible to see this year's Pan American Exposition.

Arrangements already have been made for half-cent-a-mile fares effective beginning September 10, for students and for their teacher sponsors. The housing bureau is at work on an economical room plan for the school children, who will come to Dallas on designated days, to fit a schedule for holidays by zones over Texas. Half-admissions for concessions are to be granted all over the Exposition.

Blaine, in a three-day trip, also visited College Station and started work on a schedule with H. H. Williamson, director of the extension service, for special days for 4-H Club boys and girls and Future Farmers of America. Memberships in 4-H Clubs have increased from 25,000 last year to

Old Age Pension Investigation Is Almost Complete

Completion of all original investigations numbering nearly 214,000 has been made by the Texas Old Age Assistance Commission, Jack Little, assistant director of the commission, stated this week; and the pension board has passed into the second phase of its work.

"The purely mechanical process of certifying the investigators' reports will be completed soon, and by April 1 all applicants who have not yet heard from their applications will have been notified whether or not they are eligible to receive assistance," he pointed out.

"We have entered the second phase of our work. We are now ready to turn our attention to re-investigations almost entirely. Of course, about one thousand new applications will come in monthly, but this will be a small matter considering the 18,000 to 20,000 applicants that we investigated each month throughout the past year.

"We have reached the place where we can correct any inequalities that may have been caused by the previous rush of investigating thousands of applications. Now we can go back over our work and determine which grants should be raised and which lowered. We will check to see if any person previously found ineligible for assistance is now eligible," Little said.

"Practically all of those cases removed from the rolls through the deliberalization mandate of the Legislature have been studied, and the worthy ones put back on the list.

"We have had the complete and sincere cooperation of county officials throughout the 254 counties. And I wish to thank them for their interest in the deserving aged of their counties," the assistant director stated.

Mrs. John W. Lynn, who has been visiting her sister, Mrs. C. Lee Rushing, for several weeks left Saturday for her home in Corsicana. Mrs. Rushing accompanied her home for a short visit.

F. E. McGonagill, vice president of the State Reserve Life Insurance Co. of Fort Worth, spent the latter part of last week and Tuesday of this week in Memphis with the local Southwestern Life Insurance agent, C. A. Reynolds. Mr. McGonagill is supervisor of the Southwestern Life.

Mrs. Lillian Mitchell, at the Memphis Hospital, spent Sunday night as the guest of Mrs. Don Wright at Lakeview.

INSIST on MAXIMUM WIRING in Building or Remodeling

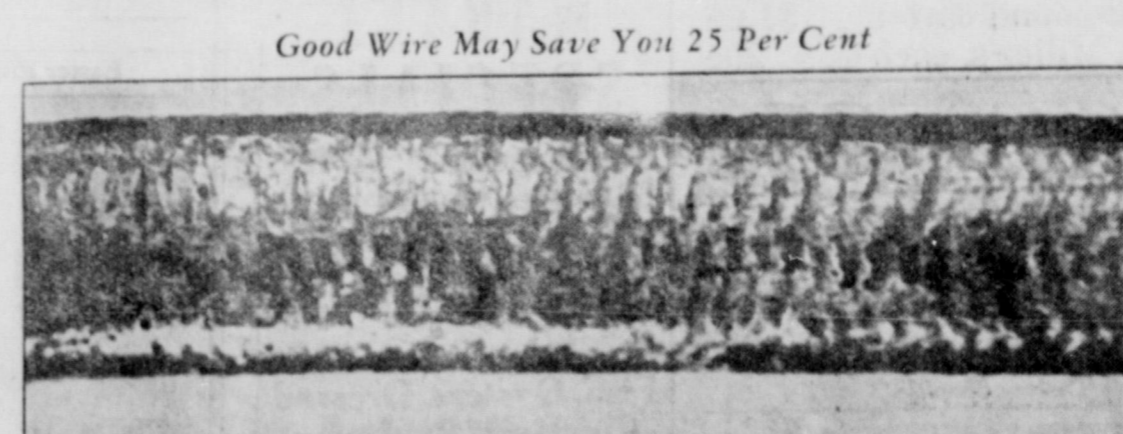

You Couldn't Put A GALLON OF WATER in A HALF-GALLON BUCKET and You Can't Operate A 20th CENTURY HOME on 19th CENTURY WIRING

Here Is What Happens When Wire Is Overloaded

Above: Wire with insulation blistered. Such heating causes energy losses of as much as 25 per cent of light bulb or electric appliance efficiency.

Below: A new section of proper-sized wire. These are actual photographs of the wire removed and the wire used in enlarging the circuit in a West Texas bank when it was re-wired to meet the demands of additional lighting and appliances put in use since the structure was built.

County, Miss., August 27, 1844. He was married in Tishomingo County, Miss., January 17, 1866, to Miss Mary Mauldin. Mr. and Mrs. Wells lived in that county until 1880, when they moved to what was then the Indian Territory, near Thackerville. In 1885 they moved to Wise County, Texas, and remained there until 1901, when they moved to Collingsworth County. They moved to Hall County in 1904 and had resided here since. Mr. Wells was engaged in farming up until his retirement several years ago, and was a vice president of the Hall County National Bank at Memphis in the early days.

Mrs. Wells succumbed on July 10, 1933, after she and Mr. Wells had celebrated their 67th wedding anniversary on January 17. Mr. Wells kept his residence here after his wife's death and continued active in mind and body up until a few days of his death.

Mr. Wells was the son of Colonel Joe Wells, a Methodist preacher, who, when the Civil War broke out, enlisted with four sons in the Confederate Army. J. W. Wells enlisted in the war in 1862 and served until the close of the war in the 23rd regiment, Mississippi Infantry, Adam's brigade, Loren's division of the Army of Tennessee.

Survivors are five children, L. A. Wells of Amarillo, Mrs. R. L. Madden, J. Claude Wells, and Mrs. G. W. Sexauer, all of Memphis, and Percy Wells of Wellington. There are 10 grandchildren and eight great grandchildren.

Among the out-of-town relatives and friends here for the funeral were: Mr. and Mrs. Jodie Bartlett and John Sherbert, Floydada; Mr. and Mrs. L. A. Wells, Mr. and Mrs. Joe L. Wells, Mr. and Mrs. Erwin C. Ochsner, Dr. G. T. Vineyard, Amarillo.

Mr. and Mrs. Percy Wells, Mr. and Mrs. Lowell Wells, Mr. and Mrs. E. A. Wells, Mr. and Mrs. J. W. Wells, Mr. and Mrs. Roy Horn, Mr. and Mrs. Jack Gibson, Mrs. Lucy Wells and Miss Hattie D. part in reconstructing the raped and gutted South, and continued making an active interest in the affairs of his community and nation up until a few hours of his passing. He cast his last vote in the general election last fall. He was mentally alert and well versed in current problems, and kept posted by means of the radio and daily newspapers. He looked after his own business affairs right up to the last.

There never was a question as to where he stood on any question of moral or civic trend, and there never was any wavering on his part.

Modest, self-effacing, friendly, honest, helpful, a loving father, and a true friend he walked and lived among his children and neighbors and his problems were his problems. Up to the very last he wanted to know how different neighbors were getting along, and expressed to all who called upon him love and appreciation for their many kind neighborly deeds. "If I have an enemy in the world I do not know it," was one of his last statements.

For some 50 years Father and Mother insisted upon the children joining in a happy group at the home—a double magnet that continued to draw us. Three years ago a part of the magnet—Mother—was taken away, and since that time the remaining part of the magnet continued to draw us. Now, there is no magnet.

Will the memory of their lives continue to influence the children? It is a beautiful thought in the world of science that when a sound has been uttered it never dies. It is still a truer thought and a more beautiful one that no worth while life ever dies. It possesses within itself the attributes of immortality, and will live through the streaming centuries making better and brighter the world until the river of time mingles its waters in the ocean of eternity.

Many Farmers

(Continued from page 1)

489 checks for \$77,205.75 was received Monday morning. Checks received Tuesday brought the total to \$155,773.68, and a small group of farm checks was received Wednesday to hike the total to \$158,023.92. No checks were received Thursday.

It was announced that the farm checks will be issued at Memphis and at Turkey Friday. Farmers who reside in the Turkey sector may receive their government checks at Turkey Friday if their grants have been received here.

The government cotton money was seen as a boon by farmers and town dwellers alike, as it is felt that the large amount of money will speed up business in general.

Pian Pan American Olympics

Officials of the Greater Texas and Pan American Exposition welcome George Marshall to Dallas where he will stage an international summer sports program to open with the Exposition, June 12.

Washington Promoter Retained by Dallas To Stage Show Units

A Pan American Olympic premier of all athletic meets of 1937 on the North American continent, has been announced by George Marshall, entertainment director for the Greater Texas and Pan American Exposition. Marshall has just been brought to the Exposition from Washington, D. C., on a salary of \$100,000.

Tentative program under way by Marshall includes air and auto races, track meet, football and polo games, a spectacular night show in the auditorium and inter-

national girl shows in the casino and band shell. All athletic events and shows will have Latin American participation, carrying romance and color of the southern republics. Marshall will set up a Washington office to contact Latin American and Canadian legations relative to participation in all events. The Olympics will continue throughout the life of the Exposition from June 12 to October 31.

Exposition officials are shown here greeting Marshall upon his arrival in Dallas. Left to right: Frank L. McNeny, director general; William H. Hitzelberger, chairman of the Exposition's athletic committee; Marshall, and Frank N. Watson, assistant director general

THE PROMISE OF EASTER

ONCE MORE the whole world rejoices in the return of spring and the resurrection of the earth from its winter death. Next Sunday is Easter, and the day marks a special occasion for social and church folk alike. On Easter men, women, and children of this section venture forth in new spring finery to go to church, visit friends or relatives, go to the wonderful Easter pageant at Lawton, or idle the day away.

The ancient festival of Easter, celebrated from the earliest times by all inhabitants of the northern hemisphere, has a special significance for Christians, since the early Church adopted it as the occasion on which to celebrate the resurrection of Christ after His crucifixion. But the same return of spring was the great annual festival of all people for thousands of years before the Christian era. It coincides, too, very closely with the ancient Jewish feast of the Passover, which itself derives from the primitive universal rejoicing over the rebirth of life as evidenced by the return of all green growing things, and the bringing forth of their young by the beasts of the forest and fields.

There is no mention in Scriptures of Easter as a special day of celebration, nor of any other special holy day. But the fathers who built up the church founded upon the teachings of Christ wisely encouraged the pagan peoples whom they sought to win to the new religion to retain their ancient traditional festivals, adding to them a new significance and symbolism.

Thus it came about that the old festival of Easte, the Anglo-Saxon goddess of Spring, came to be, as an early church historian wrote, "observed with the gladness of a new solemnity," and the old name has become the English name for the festival which in other languages has a name derived from the Jewish passover. The Germans call it "Pass," the French "Paques," the Italians "Pasqua," and the Welch "Pasn." But in all languages it signifies the most sacred and the most joyful of Christian festivals.

Christians say the significance of Easter is the hope and promise which the resurrection of the Lord holds for everyone, of eternal life for the human soul and spirit. Just as the return of the sun from its winter hibernation in the South has brought to all peoples in all times promise and evidence that life does not end when grasses wither and trees shed their foliage at the advent of winter, but continues to manifest itself afresh in new forms, so the Resurrection of Christ is a pledge to every faithful believer in Him that they, too, shall not perish but shall have everlasting life.

SPRING CLEANING TIME IS HERE

HOUSEWIVES of this vicinity will begin their annual spring housecleaning in the next few days, if they have not already done so. The accumulation of winter's debris represents a distinct menace to the health of adults and particularly to little children. State health officers are urging everyone to clean his house and yard at this time.

It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lessening of the spread of diseases, especially those affecting infants, is vitally connected with this procedure.

Now is an especially good time for Memphis residents to do their annual spring housecleaning, as hundreds of visitors are expected to be here this week-end for the Annual Cap Rock Relays and Tennis Tournament. A clean city leaves a good impression with visitors, and after the homes and the town in general have been cleaned, they should be kept that way.

THE NEW LONDON SCHOOL TRAGEDY

EVERY CITIZEN of this section has been shocked by the horrors of the New London school blast tragedy, in which 455 students and teachers met their deaths and in which many others were maimed for life. To most it is much worse than the big flood of this year. Had it been that only adults were killed and crippled, it would not have been quite so bad. But 455 little kiddies blasted into smithereens! How can that be? Surely, every community should concentrate its actions on the prevention of similar occurrences.

Idiot's Delight

by A. B. CHAPIN

SIDELIGHTS

By MARVIN JONES
Congressman from Panhandle

I think the President's recommendation that the departments be reorganized is a good one.

A number of the different agencies of government could be merged and their work simplified.

The conditions that prevailed at the time the new program started were so severe that quick action was necessary. The farm problem had been so long neglected and conditions prevailing on the farm and ranch were so desperate that immediate and far-reaching programs were essential in order to prevent wholesale bankruptcy and distress.

It was necessary to approach many things hurriedly. Benefit payments to the farmer as an offset to the tariff, soil conservation and re-building, refinancing farm mortgages, crop production and other activities were begun. Each of these applied to a vital phase of the problem.

In preparing, however, for long-range activities, it seems to me that in the reorganization, provision can be made for a central point in each county where the different phases of these activities can function, either together as one agency or closely linked so as to prevent overlapping and duplication. In some instances the same local personnel can be

used. Where this is not feasible, the various groups can work alongside one another so as to make the entire program harmonize.

The work of the different agencies has meant much to our section of the country. Had it not been for these activities, it is difficult to see how many of our people could have stayed on our ordinarily free and fruitful land during the period when the blight of the drought caused it to lose temporarily a great part of its productivity.

For many years the nation thought about and discussed only water erosion. It now appears that there is an equally great loss from wind erosion.

When thinking people first began to talk about the prevention of wind erosion, many people scoffed. They scoffed again when other thinking people decided there was a way to prevent erosion by wind. Practical, hard-thinking people have found that there is a way.

I feel that in working out our national activities under the President's plan of reorganization, a committee should represent the Great Plains area so that the vital activities that have been directed toward saving our

section of the country shall not be lost and shall not be dominated by people or counties in the flood regions near the final outlets of our major streams.

I think it is important to inerge and to simplify and have united action in a less cumbersome way. However, I also feel it is important that the fine work that has heretofore contributed so much to the welfare of our section and to the preservation of opportunities for its people shall not be allowed to be discontinued.

For this reason I feel that under the plan for reorganization, the problems of the Great Plains should be carefully considered in order to promote in the best possible way the interests of the people who live on the farm and ranch.

House Bill Would Remit \$17, Year of Property Taxes to

Passed in the House by a vote of 84 to 36 last week, House Bill 158 by Representative Fred Mauritz of Jackson County would provide remittance to all counties of the state for a period of five years, starting with 1937, all state ad valorem (property) taxes for general purposes, "not heretofore donated or appropriated to any county, district, city, or other political subdivision."

If the Mauritz bill becomes a law, Hall County will receive annually in tax remissions \$16,768.63. Donley County would receive \$14,542.65, Childress County would receive \$19,200.88, and Collingsworth would receive \$15,668.57.

The bill as passed in the House provides that the electorate of the several counties shall determine for what purposes the ad valorem taxes shall be used, such as drainage, soil erosion, conservation projects, road building, or for retirement of indebtedness. Should the electorate refuse to allot the funds for such projects the Commissioners Court is automatically commanded to apply the remitted taxes toward the reduction of the property tax rate.

All such taxes are now remitted in 33 counties, and in eight others a portion.

To Play At Music Meet At Abilene

Milton Pullis, high school bandmaster, will take 20 members of the Memphis High School Band to Abilene on April 9th to appear in the Annual Music Festival there on April 10, at which event outstanding school bands from over the entire Southwest will play. Only first-class school bands have been sent invitations to attend the festival, it is said. Final selection of the band members to make the trip to Abilene has not been made. The Memphis school band has appeared on a number of programs over this section this year. A concert was given by the band on the Memphis courthouse lawn Saturday.

J. E. 'Shorty' Hughs Feeds Premium Hogs

J. E. "Shorty" Hughs, county stockman and former public official, claims to be one of the city's champion hog raisers. He realized a neat profit from six hogs which he sold to a Turkey man Tuesday morning. On February 8 Mr. Hughs bought six pigs at \$12.40 per head. He fattened them on shorts and ground corn for 43 days, and during that time the hogs gained around two and three-fourths pounds a day. The hogs weighed 202 pounds each at the end of the 43 days. Only \$7 was spent for feed, and the porkers sold for almost \$20 each. They were raised here in town.

Mrs. E. E. Cudd went to Lubbock Wednesday after her daughter Nina, who will spend the Easter holidays here with home folks. Miss Cudd is a student at Texas Tech.

CHURCH OF CHRIST

W. M. Davis, Minister

We urge the entire membership to be present and on time Sunday morning at 9:45 o'clock, to study the Divine Word. The morning worship and preaching will be at 10:45 o'clock. The minister will bring a message at this hour on the all important question, "Where Shall I Spend Eternity?" All of us are answering this question for ourselves with our own lives. There are just two destinies beyond the grave, and each one of us is bound for one or the other.

The evening service will be at 7:45 o'clock. The sermon subject will be, "The Mysteries And Miracles of the Bible." No one should turn away from the Bible because there are some mysteries in it. It makes our duty plain. Communion service both morning and evening.

The Women's Bible Class will meet Tuesday at 3:30 p. m. Men's class Tuesday at 8 p. m. Prayer meeting Wednesday at 7:45 p. m.

PRESBYTERIAN CHURCH

The resurrection of our Lord is a theme of supreme blessing to all who will give it careful thought and study.

Easter service in our church next Sunday, and we will be indeed happy to see you in each service.

Friends in sorrow have our sympathy and prayers these days. Strangers are most cordially invited to attend the service of the day.

E. C. CARGILL, Pastor.

CHURCH OF CHRIST

Lakeview, Texas

C. L. Taylor, Minister. Preaching the first and third Sundays in each month. Bible study each Wednesday evening at 7:30 o'clock.

FIRST BAPTIST CHURCH

Rev. J. Wm. Mason, Pastor

The Pastor's Easter message Sunday morning will be from the subject "The Stone Rolled Away" with Mark 16:1-8 as the scripture background. Jesus arose from the grave triumphant over death. He wants to live in and through our lives. Are we showing forth the living Christ by the way we live day by day?

For Sunday evening the Pastor's subject will be an "Exalted Christ" from Philippians 2:9-16. Since Jesus is the living Christ we should exalt Him and lift Him up before the world. One important question for each of us: "Are we doing anything toward exalting the Christ?"

There will be special Easter music at both services on Sunday, rendered by our splendid choir. If you do not plan to attend services elsewhere the First Baptist Church gives you a hearty invitation to come worship with us Sunday.

Our Sunday school and B. T. U. attendance is kept up nicely. We want Sunday to have an especially large attendance in all of the services of the day. We shall count on you doing your part.

FIRST METHODIST CHURCH

Rev. Orton W. Carter, Pastor

Sunday morning at the beginning of the service the pastor will christen the babies of those who wish to present their babies. The pastor will speak on the subject "Christ's Conquest of Death."

The evening service will consist of a Young People's Rally and an impersonation of Pilate on the night after the Resurrection will be given.

BRIDLE BIT

Elder Grigsby of Quail filled his regular appointment at this place over the week-end. Unusually large crowds attended all the services.

Alice Geisler spent Sunday night with Colleen Young.

Mr. and Mrs. Clifton Harlan and Mr. and Mrs. Bill Lyon visited in the Bush Hanna home Thursday night of last week.

Dicky Young spent Wednesday of last week with Billy Ran Lyon.

E. L. Hill Jr., who underwent an operation recently, is much better and will return to school this week.

Mrs. Alton Johnson spent the week-end with home folks.

Play practice was discontinued last week, but will be resumed this week.

Mr. and Mrs. Bill Lyon took dinner with Mr. and Mrs. Doc Young last Sunday.

The Parent-Teacher Association will enjoy an all-day affair April 1 at the school. Trees will be set out, and lunch will be served by women of the community.

Mr. and Mrs. Lindsey Hoffman of Lubbock and Miss Ruby Hoffman of Plainview will arrive Saturday to spend Easter with their parents, Mr. and Mrs. A. C. Hoffman.

NEWLIN

By Mrs. Fred Hemphill

The Newlin Epworth League was host Thursday night, March 18, to the league union of this district. The following program was presented: Song, "Footsteps of Jesus," song, "He Lives on High," prayer, Rev. Maness of Childress; scripture reading, Annie Margaret Helm; address, "Youth's Problems," Rev. Ancil Lynn of Estelline; song, "God's Tomorrow," Dora Mae Hardie; talk, Rev. Maness of Childress; benediction.

Recreational games were under the direction of Annie Margaret Helm. Refreshments were served by the Women's Missionary Society to about 87 young people, representatives from Childress First Church, Kings Memorial, Tell, Hulver, Estelline, and Newlin.

Newlin school dismissed Friday to allow the students and teachers to attend the county meet at Lakeview, but due to the inclement weather the meet was postponed until Monday. A large representation of pupils and patrons attended the meet and carried away honors of first, second, and third places in various events.

The Newlin Rhythm Band with 25 members, two directors, and pianist was winner of second place. Joan White won first place in tiny toy story-telling. Marjorie Hemphill won third place in sub-junior girls' declamation. Cecil Laverne Solomon won third place in junior girls' declamations, and Ruby Duncan and Billie Jean Burnett won first place in fifth and sixth grade spelling. Athletic events had not been reported late Monday.

The play "He Had a Past," which was presented here last week by local talent under the direction of Mrs. A. H. White, was presented Monday night in McKnight. Proceeds of the play are to go to defray the expenses of the entire cast for a trip to the Easter Pageant near Lawton, Okla.

Mr. and Mrs. J. O. Hemphill, here.

Mrs. J. E. Merry of Canadian and small daughter Ann are spending the week with her sister Mrs. A. H. White.

Mrs. Maggie Harrell has been sick for the past few days but is better at this time.

Aubrey Shelton of the Conchas Dam is spending this week with his family here.

Mrs. J. O. Hemphill had as her guest Saturday night her brother J. L. Meek of Childress. Mr. Meek returned home Sunday.

Rev. L. J. Crawford, Baptist pastor here, returned Saturday from a trip to Little Rock, Ark., where he attended an associational meeting of the Baptist Church and attended to business matters. He was accompanied by his brother Rev. Scott Crawford.

Mr. and Mrs. S. D. Power of Estelline were among Memphis visitors Wednesday.

Mr. and Mrs. A. E. Tidrow and R. T. Tidrow of Naylor were in Memphis Wednesday on business.

Mr. and Mrs. Paul Thompson and son John Luttrell returned to their home in Hollis Wednesday after a visit with her parents, Mr. and Mrs. T. W. Luttrell, at Lakeview.

Rose bushes, No. 1 two-year-old, 25 cents each, 5 for \$1; also some nice evergreens and other shrubbery, at Hightower Greenhouse.

CARD OF THANKS

To our many Memphis friends who came to our assistance when we received the news last week of the tragic death of our brother, we wish to extend our thanks. Your thoughtfulness in words and deeds are gratefully acknowledged and deeply appreciated. We want to also thank those who sent beautiful floral tributes.

Mr. and Mrs. Alvin Massey and Children.

TRY Vitamin-COOKING

ON THE NEW GAS RANGE

• Give the children the best possible start in life . . . let the food they eat have all the necessary vitamins and mineral salts the growing body needs. Cook the "waterless way," because excess water wastes the health-giving qualities of foods. Precision-controlled top cooking on the New Gas Range eliminates the need for large quantities of water, and saves vitamins. See the New Gas Range now on display — ask about vitamin-cooking.

• With the New Gas Range, vitamins and mineral salts can be retained within the food and not poured down the sink with surplus water!
